

RANDALL COUNTY NEWS

THURSDAY, MAY 29, 1919.

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, MAY 29, 1919.

NUMBER 9

CITY REQUESTS THAT WEEDS BE CUT AT ONCE

WEEDS ARE GROWING RAPIDLY AND FLIES MULTIPLYING BY THE MILLIONS

The heavy and continued rains this spring have caused the weeds to get a headway which only united and determined effort on the part of the citizens of Canyon will check. Much trash, also, has accumulated in certain sections since the last clean-up and this has furnished feeding grounds for the flies. They are becoming much more numerous and pesky than they should be allowed. Therefore, the town people should arise as a unit and swat the fly out of existence. The following notice has been issued by the mayor concerning the course of action to be taken:

On next Monday evening, June 2nd, every business house in Canyon is required and expected to close its doors promptly at 5 o'clock, for the purpose of cutting every weed and piling all rubbish on the entire block where said house is situated. As organizers, managers and foremen for the block on the west side is appointed Homer Powell, and A. N. Henson. For the North side, S. V. Wirt and Jim Vetsick; for the East side, Clifton Jarrett and Clarence Thompson; for the South side, John Weine and Bob Foster.

On Tuesday evening at the same hour with the same managers and crews we will clean the key blocks. The east side taking the block south of it; the South side taking the block on the East; and east side the block on the North and the North side the block on the West.

By this it is not intended that the business men alone shall do this work, but every citizen who has energy, civic pride and time will show up promptly with hoe or rake. Let everybody get busy on their own private property.

The Normal re-opens next week, so LETS CLEAN UP. Cut the weeds just under the ground, rake and pile and let's clean what we clean. CLEAN! J. D. GAMBLE, Mayor.

KILL THEM.

The chief cause of disease and death in the United States every year is the common house fly. Flies are so common that we sometimes forget their serious effects. The body and legs of the fly are covered with small hairs making it capable of carrying thousands of germs constantly. Flies breed in filth, the open privy house, manure pile and garbage. They carry disease germs from their breeding places to all kinds of food. And you eat the food.

This summer Canyon will be crowded with students. If the West Texas Normal College is to gain in power each summer, there must never again be such an epidemic of typhoid as there was here last year. Typhoid germs can only come from human excreta. The chief carriers of typhoid germs are common house flies, and contaminated water and milk.

Let the citizens of this city see to it immediately that every house not having sewer connection has either a sanitary septic tank, or a privy house that is absolutely fly tight and has a dump box instead of an earth pit. Our safety demands this. Swat the fly.

F. H. IVES.

LAMAR CITIZENS HANG SLAYER OF SHERIFF HARLOW.

Lamar, Mo., May 28.—Jay Lynch confessed slayer of Sheriff John Harlow of Barton county, and the sheriff's son was hanged today by a mob which took him from the hands of officers in the court house and lynched him in the yard of the building; Lynch has pleaded guilty to the charge and had been given a sentence of life imprisonment by Judge B. G. Thurman. The murder of which he was convicted took place on March 3.

Johnnie Asher, of Happy, the popular constable of Beat No. Two was through Canyon the first of the week en route to points down the Denver. While gone he expects to visit a tin shop in Fbri Worth and get his measure taken for a new star. Don't let the weeds take Canyon.

DR. GARTH GIVES INDIANS MENTAL FATIGUE TESTS.

Dr. T. R. Garth, Professor and head of the Department of Education of the West Texas State Normal College, has returned from the annual meeting of the Southern Society for Philosophy and Psychology at Nashville, Tennessee.

Dr. Garth appeared on the program for a paper on "Mental Fatigue", a scientific presentation of the child's ability for sustained effort. He has given much study to this part of the psychological field and received many compliments on his paper.

He was elected to the Executive Council of the organization and will have as his co-laborers Professor Knight Dunlap of John Hopkins, Professor J. M. Fletcher of Tulane, Pres. H. W. Chase of the University of North Carolina, and Professor S. C. Garrison of Peabody.

On his return journey Dr. Garth spent one day at Chillico, Oklahoma. While at this place he made mental tests of 194 Indians. He has already given similar tests to a large number of whites and a few negroes. He is making a careful study of racial differences as revealed by their comparative ability for sustained effort.

DAIRY CATTLE VALUES

The auction price of \$25,000 for a two months' old Guernsey bull reflects the demand for pure bred dairy animals and the growing appreciation of the Guernsey as the family cow par excellence.

Some figures from the recent auction sale under the auspices of the American Guernsey Cattle Club, where this price of \$25,000 was paid, will help to explain.

A total of \$180,275 was paid for 83 animals, an average of \$2,172.

The bull calf, Florham Leader, sold for \$25,000; an aged bull brought \$5,500 and another bull calf sold for \$5,400.

A 5-year old cow, Follyland Nancy, sold for \$12,500. She is a half-sister to the \$25,000 bull calf. Another cow sold for \$6,000. The 10 cows selling for \$3,000 and above, brought a total of \$49,300, and an average of \$4,930.

Prior to this sale, the record price for a Guernsey bull was \$14,500, which was paid recently for a half-brother of the \$25,000 calf. The previous record price for a Guernsey cow was \$7,500, which was paid six months ago for a 10-year old cow who is the dam of both the cow.

This aged cow, Langwater Nancy, was bred by F. L. Ames of North Easton, Mass., universally recognized as the foremost constructive breeder of Guernseys. A superbly bred cow herself, by her record of 1,011 pounds of butter fat in a year, equivalent to over 1,250 pounds of butter, she stands the fourth cow of the breed in production record.

The Oaks Farm of Cohasset, Mass., which purchased Florham Leader for \$25,000 has a breeding herd of over 200 of the choicest selected Guernseys. As a measure of the rapid increase in value of Guernsey cattle, four years ago the Oaks Farm paid \$4,600 for their present senior herd sire, who it is expected that Florham Leader will replace. That was the highest price that had then been paid for any Guernsey animal.

IDENTITY OF THE POOR MAN

It was a Kansas minister, of course, who asked the question of his congregation: "I would ask everyone who is still able to pay his debts to rise from his seat?"

The whole congregation arose with the exception of one man. The parson asked that all who were unable to meet their bills should rise. Thereupon the aforementioned solitary individual got up; a hungry looking, poorly clad man, whose features revealed the terrific struggle of one fighting hopelessly against the vicissitudes of the world.

"How is it, my friend, that you are the only one among all these people who cannot pay your debts?" "Sir," answered the man, hesitatingly, "I am a publisher of a newspaper, and those who arose just now are my subscribers; and—" But the minister interrupted hastily by saying, "Let us pray."—Capper's Weekly.

Reverend B. F. Fronabarger left for Slaton on Sunday morning where he addressed the graduating class of the Slaton High School, returning Sunday evening.

Edwin Jones, whose home is near Happy returned Sunday morning from service in France. He is glad to get back and says the Plains never looked better to him.

Panhandle C. of C. To Meet in Amarillo Tuesday, June 3rd

There will be a meeting of delegates from the different towns of the Panhandle and Plains in Amarillo on next Tuesday, June 3rd for the purpose of organizing a Panhandle and Plains Chamber of Commerce. The interests of the different towns of the Plains are closely allied and different than those of other sections of the state and so it is believed that great good can be accomplished in developing this section from working in a united body. Particularly can this organization be of benefit in advertising the Plains and refuting misleading publicity given this section by prejudiced newspapers of East Texas. Canyon should have a good representation at this meeting, and probably will have.

The program follows: 10:00 a. m.—Convention Called to Order.

Invocation—Rev. E. C. Mobley. Election Temporary President and Temporary Secretary.

Address—The Object of This Meeting—A. S. Stinnett.

Address—Opportunity Knocks—F. R. Jamison, Canadian. General Discussion.

Appointment of Committees on: Constitution and By-Laws; Nominations; Resolutions.

Afternoon Session, 2:00 p. m. Report of Committees on Constitution and By-Laws (Talks of 10 minutes each).

Address—Man's Dependence Upon His Fellows—Jas. D. Hamlin, Farwell.

Address—Plain and Fancy Boosting—R. T. Correll, Ochiltree.

Address—Trans-Canadian Plains—A. E. Townsend, Hansford.

Address—My Town's Interest in the Panhandle and Plains Chamber of Commerce—R. B. Morgan, Memphis.

Address—True Cooperation—W. C. Long, Plainview.

Address—Getting Together and Staying There—George W. Briggs, Lubbock.

Report of Committees. Evening Session, 7:30 to 11:00 p. m. Banquet.

Toastmaster—Judge Walker Hall. Readings, Instrumental and vocal numbers, and Two-minute talks. Music by Orchestra.

ARKANSAS SENATOR DEFENDS LEAGUE OF NATIONS

Washington, May 28.—Supporting the League of Nations as a practical step towards the prevention of war Senator Robinson, democrat of Arkansas, replied in the senate today to many of the objections that have been brought forward by senators against proposal.

Far from creating a super-government, the speaker declared, the League would be "our agent" not "our master." It would not be inconsistent with American traditions, he asserted, and could not involve the United States against its will in foreign quarrels. He denied the validity of constitutional points raised by Senators Sherman, Illinois; Knox, Pennsylvania, and others on the republican side and replied at length to the contention of Senator Reed, democrat of Missouri, that the League would endanger the destinies of the white race.

John Knight Imports Thorobred Duroc Boar Is a Fine Individual

John Knight, a prominent swine breeder of this city has purchased and received Monday a registered Duroc boar from the Enoch Farms of Fernwood, Miss. The boar is a March yearling, and is an Orion-Protection and Colonel bred individual. The local hog men who have inspected him state that he is a fine individual and will do credit to Mr. Knight's herd. In a letter to Mr. Knight the manager of the Enoch farms stated: "We are enclosing herewith a copy of his pedigree, and as you see he is sired by Col. Jack No. 92953 out of Orion's King Girl by Orion Cherry King. We don't believe there is a better bred pig in America than this fellow. He is smooth, has good head and ear, good coat and color, good bone and feet and is the real type of today. In his veins flow the blood of over 75 per cent of all the National Swine Show Champions for the last three years." This boar is a full brother to Jack's Friend 7th that Ira Jackson refused \$3,000 for.

Mr. Knight has been building up a swine herd for several years, and started a News representative that he had come to the point of development where it was necessary for him to go into the registered business in a large way or quit altogether. He decided to court the purple in the swine industry.

It has been demonstrated year after year that the Plains is an ideal hog raising country, and particularly is this true of Randall county with its fine alfalfa fields. Many fine herds in the country are being built up in the way Mr. Knight is doing with his herd. Next year Canyon will have the pleasure of entertaining the Panhandle Swine Breeders' Association and the visitors are going to find wonderful development here in the hog business.

CONGRESSMAN JONES ASKS APPROPRIATION

Washington, May 28.—Congressman Marvin Jones today introduced a bill asking that one million five hundred thousand be provided for a public health service hospital at Amarillo for discharged service men.

SUMMER NORMAL WILL OPEN THURSDAY, JUNE 5TH

The quietness of the past two weeks is beginning to be broken by the arrival of early students coming to attend the summer normal which opens Thursday, June 5. These students have been forewarned that rooms will probably be scarce and have come early to be sure of getting good quarters. But students will find that they have been prepared for. Committees from the faculty have been busy the past week or two lining up available rooms and will probably be able to take care of 1,500 or 2,000 students. It is thought the enrollment will run well over one thousand. There will be many new students who have never been in Canyon before. The people should give these students a warm welcome.

Charles Thomas arrived home from Odessa the first of the week and was immediately called to Amarillo where his father, W. J. Thomas is seriously ill.

DEMOCRATS READY FOR CAMPAIGN IN NINETEEN TWENTY

Chicago, May 28.—Describing the Republican party as an organization which "complains and moves backward" and the peace treaty and the league of nations covenant as "the greatest document of human liberty ever prepared" Chairman Homer S. Cummins of the Democratic national committee today sounded the keynote for an aggressive presidential campaign in 1920.

Party leaders declared they welcomed the opportunity to make the peace treaty and the league of nations covenant the issue in the forthcoming fight an expressed confidence of victory.

Until President Wilson definitely announces his attitude toward a third term party chieftains say there will be no serious discussion of candidates.

The committee adopted a resolution congratulating President Wilson on his peace and the league of nations covenant and calling on the United States senate to ratify the documents promptly.

TIMELY ADVICE ON PULLING A MUD HOLE

A resourceful motorist whose car has been stuck in the mud does not always have to fall back on a pair of mules to get free. For such an emergency the United States Tire Company offers some suggestions that have proved valuable.

The first calls for having stored away somewhere in the car a stack of old newspapers. When the car gets stuck and the wheels refuse to take hold, feed in some of the old papers between the tires and the mud. Usually only a few will have to be worked in before the wheels will begin to grip and the car start forward. This method of handling a difficult situation is so simple and so uniformly successful, that every motorist should know of it and carry a pile of old newspapers, unless he is equipped with some other apparatus for such a contingency.

Here is the other method suggested by the United States Tire Company: Put the car in low, and if you cannot feed the gas with your foot evenly, so that the wheels will revolve slowly, put your emergency brake on. Do not put it on so that the wheels will not revolve at all, but tightly enough to keep them from revolving rapidly. With the wheels turning slowly, the maximum pull is delivered to them by having the car in low gear, and so long as they turn slowly they can get the benefit of the tremendous power.

It is not always wise to fill the hole with stones or bricks, for their rough edges are hard on tires. Small branches of trees are better, as they offer much better tractive space. Should this method fail, quite often a slight push that would not much more than move a baby buggy will furnish just the added amount of power necessary to get the car going.

THEY LIKE IT.

Here is a sample of the many letters we have received during this past week: "You will find enclosed money order. Continue the News. I like it very much." Another, "We can't do without The News."

WOMAN SUFFRAGE IS DEFEATED IN TEXAS

ONLY 228 VOTES WERE CAST IN RANDALL COUNTY—LIGHT OVER STATE

The vote in Saturday's election on proposed constitutional amendments was very light throughout the state, particularly so in this section. From the latest information that can be had it appears that the prohibition amendment won, equal suffrage lost, the governor's salary increase lost and the land amendment carried. However, the vote is not complete and the result will be close in the prohibition and suffrage amendment vote. In Randall county all the amendments carried with the exception of the Governor's salary increase amendment. A total of 228 votes were polled exclusive of the Costley schoolhouse box which has not been heard from.

The vote by boxes was as follows: Canyon — For prohibition 100, against 49; for suffrage 104, against 57; for governor's salary increase 85, against 71; for home owning land amendment 105, against 49.

Jewell—For prohibition 0, against 5; for suffrage 2, against 4; for governor's salary increase 1, against 5; for land amendment 3, against 3.

Ralph—For prohibition 3, against 14; for suffrage 4, against 11; for governor's salary increase 3, against 12; for land amendment 17, against 0.

Fairview — For prohibition 5, against 4; for suffrage 2, against 7; for governor's salary increase 1, against 8; for land amendment 4, against 6.

Park—For prohibition 14, against 0; for suffrage 14, against 1; for governor's salary increase 12, against 3; for land amendment 15, against 0.

Highland — For prohibition 5, against 2; for suffrage 4, against 3; for governor's salary increase 1, against 6; for land amendment 4, against 3.

Umbarger — For prohibition 5, against 13; for suffrage 5 against 13; for governor's salary increase 5, against 13; for suffrage 5, against 13; for governor's salary increase 5, against 14; for land amendment 5, against 14.

Total—For prohibition 132, against 87; for suffrage 132, against 96; for Governor's salary increase 105, against 119; for land amendment 153, against 75.

CHILD KILLED.

Clovis, N. M., May 26.—Phyllis Duckworth, five years old, was instantly killed today when an automobile truck backed over her, crushing her skull. The child was hanging on to the rear end of the truck and the driver, not knowing of her presence, started to back the machine. The sudden jar in starting shook her hold loose and she fell beneath the wheels.

VICTORY LOAN TOTAL

Washington—Total subscriptions to the Victory Liberty Loan were announced by the treasury department as \$5,249,908,300, an over subscription of nearly \$750,000,000. The Atlanta and Dallas districts failed to obtain their quotas. Atlanta by less than one per cent and Dallas by slightly less than 8 per cent.

SIXTEEN THOUSAND KILLED IN VOLCANIC ERUPTION

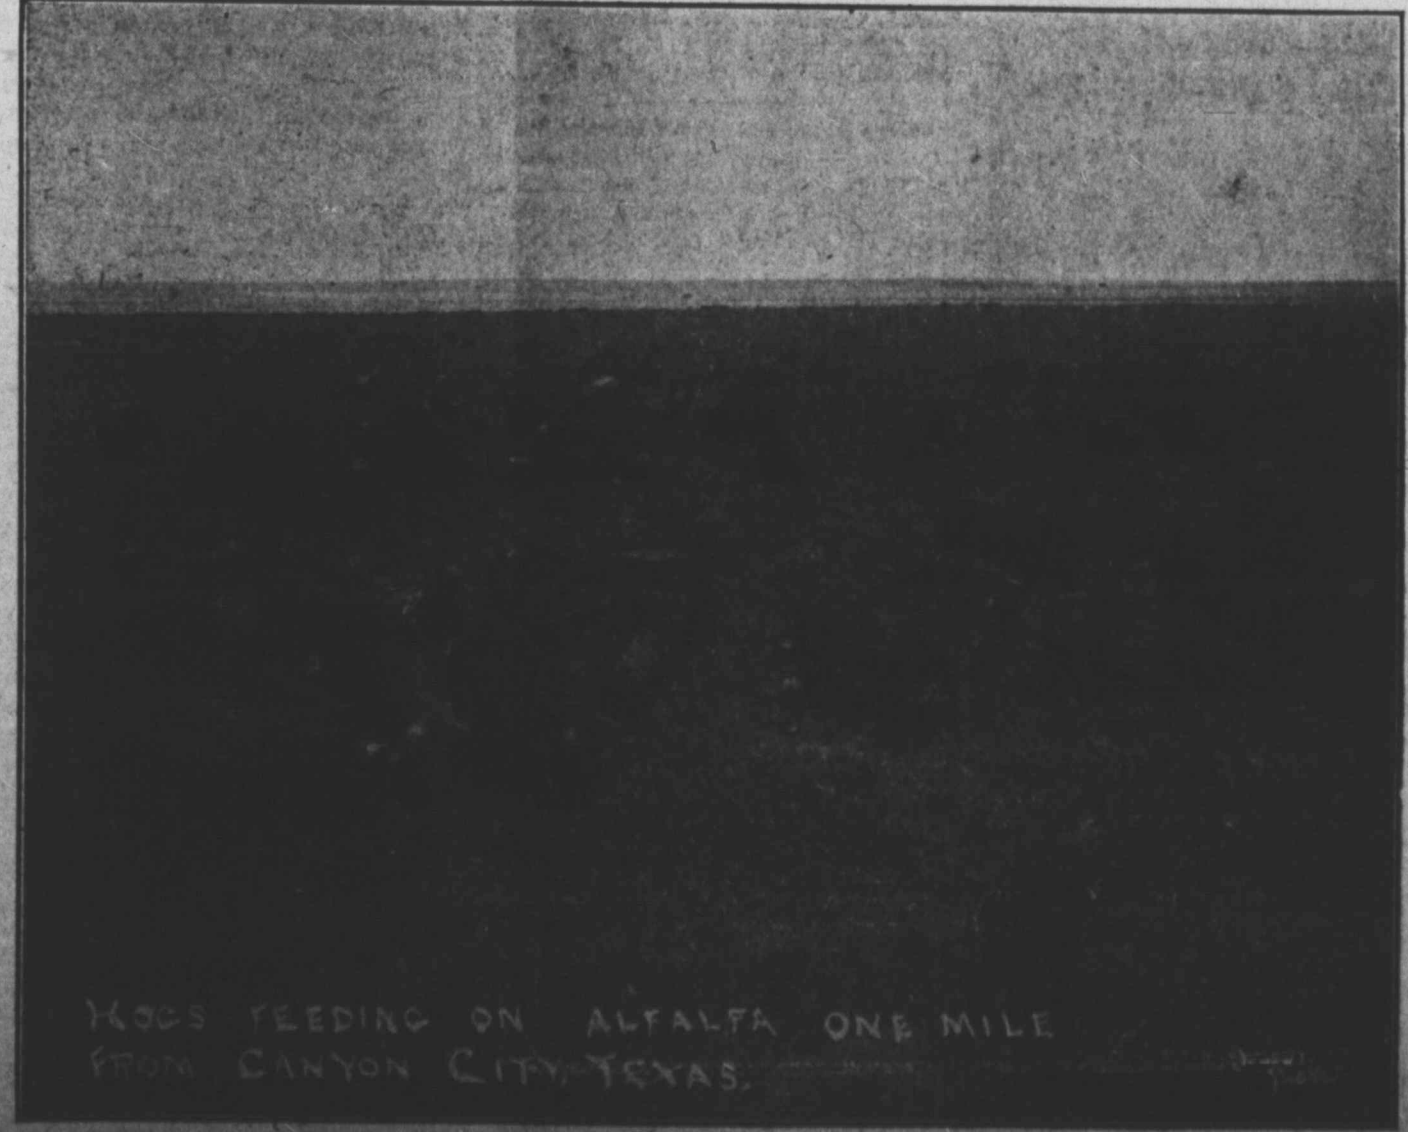

Tokio, May 26.—Sixteen thousand persons were killed or injured in a volcanic eruption in central Java, May 20, according to official advices from Bolivia.

Keep on chopping those weeds until the last stalk has been hewn down. Mrs. J. A. Guthrie has been ill the past ten days, but is now recovering. Miss Erma Bentley was in Amarillo last week attending the Chautauqua.

John A. Wallace returned Tuesday evening from Snyder, Texas, where he went to the bedside of Mrs. Wallace's brother-in-law. The relative died soon after Mr. Wallace arrived in Snyder.

Mrs. C. W. Warwick left Friday for Montzuma, Iowa, where she will meet her husband, who has been in the Y. M. C. A. work in France the past year. They will soon return to Canyon.

The following were registered at the Palace this week: V. P. Wimm, Muleshoe; W. W. Kuehn, Happy; G. F. Cannon, Hereford; Mrs. Rahlfs, Happy; M. A. Miller, Sweetwater; G. Gass, Lubbock; L. D. Heysler and wife of Abilene; T. E. Burnside and son, Deming, N. M.; Mrs. W. H. Gilbreath, Hereford; H. H. Jones, Abilene.

EXTEND GERMANY'S TIME SEVEN DAYS

HEAD OF GERMAN DELEGATES SAYS MORE TIME IS NEEDED TO FRAME NOTES.

Paris.—The German peace delegates have been granted an extension of seven days, or until May 29, in which to reply in full to the peace terms, according to an official announcement.

Count von Brockdorff-Rantzau, head of the German peace delegation, asked an extension of time for Germany to present her reply regarding the peace terms.

The German reply to the allied peace terms will be in five sections, dealing with political and economic questions.

German Criminals to be Punished.
Paris.—The council of four has delivered its reply to the German note on prisoners of war. The reply indicates that the allies differentiate between ordinary prisoners and those guilty of crime, and that the latter will be held and punished.

Will Aid Street Railways.
Washington.—President Wilson has cabled his approval of a plan submitted by Secretaries Redfield and Wilson for the relief of the electric railway systems of the country now in the hands of receivers or threatened with insolvency. The lines affected are those in New York, Providence, Buffalo, New Orleans, Denver, St. Louis, Birmingham, Montgomery, Pittsburgh, Des Moines, Memphis, Fort Wayne, St. Paul, Spokane and Chattanooga.

Blue Ridge Farm Deal Investigated.
Austin, Texas.—It has developed in the investigation of the Blue Ridge farm transaction by the joint legislative committee that Bassett Blakely, owner of the farm, has leased practically every acre of the land for oil prospecting. If the state is able to buy the land under the option it would not acquire title to the oil, but its interest, Mr. Blakely said, would be restricted to the usual one-eighth royalty on any oil produced thereon.

Fear Result of Holy War
Paris.—The English delegates are urging that the sultan be allowed to remain in Constantinople and are anxious that the United States accept the position as mandatory of that city as well as Armenia. The danger of a holy war is influencing the council which has advised that radical changes are inadvisable without more foreign troops at strategic points to steady the situation.

Pershing's England Visit Postponed
London.—The proposed visit to England of Gen. Pershing, the American commander in chief, has been indefinitely postponed. It is inferred here that this postponement is due to the official view that it would be inadvisable for the commander to leave the Rhine until the Germans had signed the peace treaty.

Not Hurrying With Pro Repeal Bills.
Washington.—Notwithstanding President Wilson's recommendation for repeal of war-time prohibition in so far as it relates to wines and beers, the opinion seemed to gain ground at the capitol that all repeal measures would be kept in committee until after July 1.

Starvation Among Armenians.
Constantinople.—Starvation and misery prevail among Armenian refugees in the Caucasus region, according to a telegram sent to Herbert Hoover in Paris by Howard Heinz, American food commissioner for the near East.

Dallas Wine Convention.
Cincinnati, Ohio.—Dallas, Texas, was chosen over six other cities as the place for holding the next triennial convention of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees.

Young People's Camp at Lake Worth.
Dallas.—The annual summer conference of the Presbyterian young people in the southwest will be held at Lake Worth July 15-23. This announcement was made by the Rev. H. M. Frank, associate pastor of the City Temple.

Jewelers Protest Against Luxury Tax.
Dallas.—Resolutions protesting against the "luxury tax" on jewelry were adopted at a session of the Texas Retail Jewelers' association held in this city.

Texan Will Breed Buffalo.
Stamford, Texas.—T. R. Colbert has arrived in Stamford with a shipment of a carload of buffalo, which will be placed on the R. V. Colbert ranch on the river.

Texas Elks' Association.
Houston, Texas.—Charles J. Kirk, president, has announced that the Texas Elks' association will meet in Galveston on June 4, 5 and 6.

Express Business Greatest Per Capita.
Dallas.—There is more railway express business transacted in Dallas per capita than in any other city in the United States, regardless of size, importance of location.

Accepts Post as Health Director.
Dallas.—Leslie C. Frank of the United States public health service has accepted the appointment of director of health for Dallas and will arrive in that city June 5 to assume his duties.

WAR RISK BUREAU APPROPRIATION MADE

HOUSE PASSES \$45,044,500 BILL IN RECORD TIME DESPITE PARTISAN POLITICS.

Washington.—The passage by the house of a deficiency bill providing urgent appropriation of \$45,044,500 for war risk allowances to soldiers' and sailors' families and civil war pensioners made another speed record for the new house. The first sharp partisan clashes of the session between republicans and democrats occurred during discussion of the deficiency bill.

The measure, hastily reported by the appropriations committee, authorizes appropriations of \$39,615,000 for allowances due May 1 and June 1 to about 700,000 families of soldiers, sailors and marines, \$3,000,000 for delayed civil war pensions and \$2,429,500 for administration of the war risk insurance bureau. It was passed without a dissenting vote after considerable partisan discussion, republicans and democrats making counter-charges of responsibility for delay in payment of the family allowances.

Passes Suffrage Amendment.
Washington.—National suffrage for women has been indorsed by the house of representatives for the second time. The Susan B. Anthony amendment resolution was adopted by a vote of 304 to 89. Supporters of the measure immediately arranged to carry their fight to the senate, where, although twice defeated at the last session, they are confident of obtaining the necessary two-thirds vote.

The victory of the suffrage forces was by 42 votes more than the required two-thirds. On the previous ballot on the resolution, cast Jan. 10, 1918, exactly the necessary number of affirmative votes was recorded.

House leaders of both parties in the brief debate preceding the vote urged favorable action, but many southern democrats opposed the measure, as did several New England republicans. The favorable vote was more by 14 than would have been necessary had all members of house been present. The political division of the vote showed that 200 republicans, 102 democrats, one independent and one prohibitionist voted for the adoption, while the negative poll showed 70 democrats and 19 republicans. Speaker Gillette, who voted against the resolution on previous ballots, did not vote.

24 Cotton Classing Stations Announced.
Dallas.—The list of 24 Texas points where cotton classing bureaus will be maintained this year has been announced by Walton Petzet, state director of this service, in which the federal bureau of markets and Texas A. & M. college extension service are co-operating. Main offices will be at Dallas and Houston. Following is the list of remaining points: Vernon, Ballinger, Honey Grove, Marshall, Tyler, Hillsboro, Ennis, Taylor, Waco, Marlin, Georgetown, Navasota, Bay City, Granger, Fort Lavaca, Austwell and Tivoli, a joint office: Sinton, Beeville, Round Rock, Weatherford, and Cameron and Hidalgo counties, in which counties the site for the offices have not been designated.

Dallas to Boston Flyers Change Route.
Kansas City, Mo.—Changes in the route of the Dallas to Boston flight of six army airplanes which arrived here early in the week in the interest of recruiting for the army air service is announced. Instead of flying direct St. Louis Sunday, the squadron will go to St. Joseph, Mo., give an exhibition there and return here Sunday night. As announced the squadron will fly to Springfield, Mo., Monday and from there to Scott field, Belleville, Ill.

Kerensky Heads Peace Union.
Paris.—A. F. Kerensky, former premier of Russia, and seven other members of the Russian constituent assembly, and members of the Parisian union for the regeneration of Russia, have issued an appeal to the democracies of the world for prompt action with a view to helping Russia out of her present chaotic condition.

Army Flyers Arrive in Washington.
Washington.—Colonel Gerald C. Brant and Lieutenant Howard Brikett have completed a flight from Houston, Texas, to Washington, via Dayton, Ohio, in an army airplane, their actual flying time for the 1,506 miles being 910 minutes.

Food Prices Advance 5 Per Cent.
Dallas.—While the war is over, food prices seem not to know it. Striking a general average, the retail cost of all food products in Dallas is at least 5 per cent higher than it was at this season last year.

Seek Cotton to Supply Mills.
New Orleans, La.—The Russian soviet government desires to purchase 600,000 bales of American cotton to start operations in the Moscow mills.

Highway Commission Closes Session.
Austin, Texas.—The May session of the state highway commission has been concluded. The total and granted was \$1,824,381, of which \$1,734,631 was federal and \$89,750 state.

Small Contributions for G. O. P.
Washington.—Chairman Hays, of the republican national committee has announced no contribution of more than \$1,000 would be received from any one for the financing of the coming republican campaign.

"There's a good Farmer!"

As you drive through the country it's easy to pick out the farmers who are progressive and prosperous. A shiftless man allows his buildings to become shabby and weather-beaten. The thrifty farmer keeps everything painted with

DEVOE *The Guaranteed* Lead and Zinc Paint *Fewer Gallons—Wears Longer*

Of course, any paint you put on is better than no paint. But for long and satisfactory service we always recommend Devoe Lead and Zinc Paint because we can guarantee it to be absolutely pure. It contains no whitening, no silica, or any other worthless adulterants. That's why Devoe paint goes so much farther and lasts so much longer than ordinary paint.

Come in and let us show you why it's real economy for you to paint Devoe paint now. Ask for free booklet on painting—"Keep Appearances Up and Expenses Down."

Too Bad!
It's too bad that so many women suffer day after day from nervous troubles when they can get relief so easily. For 30 years DR. MILES' NERVINE has been helping people suffering from nervous disorders to regain their health and happiness.
Mrs. W. S. Allison, Glendale, Calif., writes—
"I suffered severely from female weakness and catarrh brought on by nervous exhaustion. My nerves were a complete wreck. Dr. Miles' Nervine was the only medicine that helped me. It restored me to health and happiness."
It is a wonderful nerve soother and nerve restorer. It is non-alcoholic and contains no harmful habit-forming drugs. Your druggist can tell you of its great popularity and effectiveness—ask him about it.
DR. MILES' NERVINE

The Thrice-a-Week Edition of the
New York World In 1919 and 1920
Practically a Daily at the price of a Weekly. No other Newspaper in the world gives so much at so low a price
The forces are already lining up for the Presidential campaign of 1920. The Thrice-a-week World which is the greatest example of tabloid journalism in America will give you all the news of it. It will keep you as thoroughly informed as a daily at five or six times the price. Besides, the news from Europe for a long time to come will be of overwhelming interest, and we are deeply and vitally concerned in it. The Thrice-a-Week World will furnish you an accurate and comprehensive report of everything that happens
THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and **The Randall County News** together for one year for \$2.00. The regular subscription price of the two papers is \$2.50.

PLAINS OIL NEWS.

Work at the oil well south of town is progressing nicely and the indications are that Tahoka and Lynn county can soon boast of a gusher. The formation coming from the well consisting of a blue shale dirt is proof enough that the oil sand is not far off, not over a few hundred feet at the most. The company has had a force of men at work changing the steam boiler to an oil burner and drilling operations have been suspended until this work is done. At present they are waiting for the flues for the boiler, and we are authorized to announce that drilling will commence again about Monday and maybe before.—Tahoka News.

A contract has been let to Messrs. H. F. Harter and W. E. Lenix of Ponca, Okla., for sinking a well on

No Worries in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

the Landerger Brothers' extensive cattle ranch in Oldham County, Texas. The well will be located about five miles north of Boise, a station a few miles east of Glenrio. The contract was signed May 16th and placed in escrow. Work will be commenced within ninety days from date of contract. The well will be sunk to a depth of 3,500 feet, or until oil and gas encountered, in commercial quantities.—Glenrio (N. M.) Tribune.

The Illinois Producing & Refining Co., will begin another well near Dayton this week. The well here which is more than 2000 feet deep is still shut down awaiting fishing tools.—Lakewood correspondent in Carlsbad (N. M.) Current.

Considerable interest is being taken in the Texas Northwestern Petroleum Company's operations six miles northwest of town. They have their derrick up and the rig is under construction, which goes to show that they mean business. They expect to begin drilling within two weeks. Dr. J. W. Holmes, president of the company, announces that the machinery is on the ground, and that he expects

everything to be in good shape for drilling within the next two weeks.—Shamrock Texan.

Mrs. Eugene Keltz and a group of Vernon business men are promoting an oil company on territory adjacent to the Aetna holdings near Harrold. The organization was perfected yesterday and a deal is being consummated today for the acreage. About 200 acres will be put into the company. Mrs. Keltz says, though it is possible that more will be secured and the amount owned by the company increased.

The American Eagle Oil & Gas Company is the name of a company just formed to drill for oil on Sam Kelly's farm about 2 1/2 miles north of Harrold. Mr. Kelly, and J. D. Smith of the American Eagle Company, were in Vernon Saturday.—Vernon Record.

Prof. O. R. Gable has just returned from Clovis, where he has been the past few days in the interest of the Great Western Oil & Refinery Co. He reports the prospects at Kenna most promising. A standard rig is now on the ground and an excellent string of standard drop tools are now in transit. As soon as the machinery can be installed drilling will continue night and day till oil is struck or a depth of at least 3,000 feet shall have been reached. There are determined to bring in the first oil well in New Mexico.—Hagerman (N. M.) Message.

The Buck Creek Oil Co., has let the contract for a deep test well to be drilled on the T. R. Moreman farm, eight miles northeast of Hedley. The derrick timbers have arrived and are being hauled out. They have bought their own machinery, a new heavy California Standard deep well outfit complete, which will arrive as quickly as transportation facilities will allow.—Hedley Informer.

High Priced Guernseys.

The record high price for a bull in this country is held in Chicago. A few years ago, Spencer Otis and a group of friends, with fine farms at Barrington, paid \$20,000 for one which they subsequently designated the "golden calf." The other day, Anderson T. Heard bought Clarence H. Mackay's Guernsey cow, Nivolette II, for \$16,500, the second highest price ever paid for a Guernsey. In four years, she has given \$16,045 pounds of milk and 758.49 pounds of butter fat.—Chicago Economist.

ANOTHER SHIPMENT OF FIFTY YOUNG MEN'S SUITS
Just Arrived Yesterday

They are just the latest models in Waist Seams; in all the desired colors and mixed tweeds. They ordinarily would sell for \$30.00 or \$35.00, but owing to the late shipment we will sell them out at—

Happy Has a Champion Ball Team

Happy's Own Section of The Randall County News Edited by Miss Grace White

The Happy White Sox went to Solen Friday to play the Vigo Paris boys but the Vigo team failed to show up so they just played themselves an ended in another victory for the "Sox". Saturday the Kress team came up to play ball but got here just before the rain so the game was called off and Monday the "Sox" went down to Kress where they had an easy victory, the score standing 6 to 2 in favor of the White Sox.

Mr. and Mrs. M. B. McManigal and children were in Tullia Friday on business.

S. C. Whitman was quite badly bruised up Wednesday, when the horse he was riding fell with him, so it is supposed, as he was unconscious and as yet, doesn't know what happened. His right shoulder was bruised and knees skinned and the cartilage on the right elbow was cut and his eye bruised and was shook up considerably.

Having fine showers that are fine for the grain—ground was getting baked on top where it had not been worked.

Miss Nellie and J. A. Edwards of Canyon were down last week visiting at the S. T. and S. C. Whitman homes.

Mrs. Charles Innis and Miss Gladys Neff entertained their Sunday School classes and friends Wednesday night at the P. J. Neff home. Fruit punch and cake were served to a large crowd and all report a nice time and hope to have another in the near future.

Sergeant James Gurley came in Thursday from Camp Travis, he having received a discharge.

Mr. and Mrs. A. J. Gasaway and children motored to Canyon where they got caught in the rain and A. J. came home on the train, the rest staying till they could bring the car home.

Chas. Dison was a business caller in Amarillo last week.

Miss Hanna Swearingen who is attending the Normal came in last week and will spend two weeks with home folks and go back to Canyon to enter the summer school.

Rev. Gordon Barnette, pastor of the Baptist church of Tullia will fill the pulpit here at the evening hour next Sunday.

Mrs. J. W. Flesher and daughter Miss Lorraine returned Wednesday from Canyon where they were visiting for several days.

Ed Jones came in Sunday from Camp Travis. He is late from over sea, having arrived in Long Island two weeks ago and was sent to Camp Travis for discharge.

Mrs. John Sadler and daughter of Canyon came down Tuesday to visit at the A. J. Garrison home for a few days.

Misses Jimmie and Rosie Knox made a trip to Canyon Tuesday, making the trip on horse back.

Mr. and Mrs. Holmes and children of Pampa are here prospecting and visiting at the E. F. Arnold home.

Miss Vellie Dison has accepted a position in the Harvey James Grocery.

A subscription was taken here last week for the Salvation Army and \$76 was raised.

Grandma Hoge died at her home near Arney Tuesday afternoon at 4 o'clock, of heart trouble. The funeral will be held Thursday evening at 4 o'clock, conducted by Rev. W. C. Rose.

Mrs. Dallis Long of Amarillo and Miss Dimple Cox of Garden City came in Thursday to visit the C. H. Cox home for some time.

Martin Burks of Arney was in Happy on business Tuesday.

Claude Fox and sister, Mrs. Dol Fancher, of Amarillo spent the night here Wednesday on their way to Lockney to visit their parents. They returned Friday.

Mrs. Barkhurst returned Friday from visiting points in Colorado and Oklahoma.

M. T. Bailey, C. L. Goad, Roy Cool, all of Arney were in town on business Monday.

Eugene Henderson turned to his work in Little Rock, Arkansas, Monday after visiting the Robinson home here.

Mrs. C. L. Grounds went to Amarillo Monday to visit the H. H. Grounds home for a few days.

Mrs. C. H. Cox and daughters, Lyda and Bulah of Arney were shopping here Friday.

Mr. and Mrs. Guy Stone and son, left Wednesday for their home in Iowa. Mrs. Stone and Grenville have been here for some time. Guy came in Monday.

J. T. Hutson gave an ice cream supper Monday night. There were 99 present, and all report a fine time. It was the League of Arney giving the social.

Mrs. R. O. Willis and Miss Maggie Simms of Dallas visited J. P. Simms of Ira, Texas a few days and were accompanied here by J. P., Johnnie and Lera Simms to visit for some time at the Stephenson home.

Tom Bandy was in Amarillo Tuesday shopping.

Miss Auta Bragg returned Tuesday from Lockney where she has been visiting the past two weeks.

Felix Neff was in Amarillo Tuesday to attend the show.

Mrs. Mable Pirkle and daughter, Murrill spent the night Tuesday at the C. L. Goad home. She left on Wednesday to visit Mrs. Roice Stewart at Cleburn.

Miss Odessa Evans returned Monday to Amarillo to resume her school work. She was accompanied by her sister, Miss Eugena who will visit there for some time.

Mr. and Mrs. P. J. Neff left Wednesday for Greeley, Colo., to visit Mr. Neff's brother for several days.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

EDUCATION

is the key word to success in the life of every young man and young woman in Texas. If it were not true before the war, it certainly is true now.

The West Texas State Normal College, though primarily a teachers' school, offers every advantage from the Kindergarten to the College Degree to the boys and girls of the Plains and Panhandle.

Courses as follows are offered:

- Agriculture
- Band
- Bookkeeping
- Bacteriology
- Botany
- Business Law
- Chemistry
- Chorus
- Domestic Art
- Domestic Science
- Drawing
- Economics
- Education
- English
- Expression
- French
- Geography
- Government

- History
- Latin
- Library Economy
- Manual Training
- Mathematics
- Orchestra
- Physical Education
- Piano
- Physics
- Playgrounds
- Primary Methods
- Psychology
- School Administration
- Sociology
- Spanish
- Stenography
- Typewriting

Summer Term from June 5, 1919, to Aug. 21, 1919.

The Randall County News

Incorporated under the laws of Texas

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

Don't forget to chop weeds next Monday and Tuesday evening if you haven't chopped them before that time.

Canyon's Chautauqua will soon be here again, although we are not able to give the exact dates yet. The White & Myers company will be here again as last year. Everyone was well pleased with the program rendered last summer.

The Plainview District Conference of the Episcopal Church will meet on the 3rd and 4th of June in Floydada.

The pastor of the M. E. Church announces that the church building which has recently been moved and remodelled will be ready for services the 8th of June. The services have been held in the school building for the past several weeks.

The past week practically every spot on the Plains has received a thorough drenching. In some places, Canyon included, the deluge has been a daily event. The News man was over the south Plains last week and beautiful crops were to be seen on every hand. There will be many patches of wheat which will exceed 40 bushels. And the crops around Canyon are as good as the best.

The people of Canyon are invited to be guests of the city at a weed chopping and general clean-up next Monday and Tuesday evenings between the hours of 5 o'clock and dark. It is not to be any formal dress occasion. Overalls and rolled up sleeves will be the most appropriate dress, but this should not deter anyone from participating if they do not have the overalls. Weedless vacant lots and clean alleys will be favors. We feel sure no one will slight the kind hosts.

The News is gratified at the number of prompt replies it has received to the notices it has mailed out to subscribers whose subscriptions are expiring. Practically all open with the words which are music to our ears "Enclosed Find Check". This shows The News is a popular paper, and we believe we have a list of the best subscribers any paper could wish for. In mailing out several hundred notices every month or so we invariably send one or two which should not have been sent. If the subscriber is not in arrears or has recently paid, he should pay no attention to the notice, or call our attention to the matter so it may be corrected.

THE SUMMER NORMAL.

The summer session of the West Texas State Normal College will begin next Thursday, June 5. Already many students are beginning to arrive. It is estimated that over one thousand students will be in Canyon for the Normal. It is necessary, if

these students are to be properly housed, that all homes having spare rooms take as many students as possible. The town should be thoroughly cleaned up also, to safeguard the health of these students. The weeds have got an early start and the flies are becoming very numerous. If there is to be no sickness, these two evils must be eliminated. Let us have a clean town for our guests of the summer.

THE HARVEST LABOR SITUATION

There has been much discussion among the farmers of this county the past week concerning the details of the meeting of wheat growers in Amarillo last week under the direction of District Labor Examiner Dickson and County Agent Walker. There are doubts as to the practicability of the scale arranged for at this meeting. Many of these details were discussed at this meeting which the papers did not publish. One of the fears expressed is of the section being flooded with an undesirable class of laborers who will not produce a day's work. It was taken for granted at the meeting that the price offered was for efficient help and a full day's work. No man may expect to draw wages at any price who will soldier on the job.

The harvest fields call for as experienced help as any other line of work and it is not fair to expect that inexperienced help will receive the same wages as hands who understand harvest work. The price quoted is for actual working time and does not include prolonged breakdowns. Also it is not to be expected that a farmer will board a crew of men through a period of inclement weather when it is impossible to work. With all the scale setting that can be done the problem can only be handled satisfactorily where both the employer and employees are fair minded, and determined to give each other a square deal.

ON ERRORS.

One of our exchanges recently made comment to the effect that one of the pleasures of being a newspaper man was in having people remind him of mistakes appearing in his paper. We have noticed other papers reveling in this joy from time to time. And we, too, get our share of the pleasure. It would seem that the newspaper editor is supposed to be a super-human sort of person who never makes mistakes, and it is the duty of the public to see that he is reminded of every little typographical and grammatical error. We should like to take the reader into the mathematics of the editor's delinquencies. In the average country weekly the size of The News, there appears weekly something like 4,800 lines and probably 100,000 separate letters which have to be composed into words, lines and sentences, all properly spelled, constructed and placed in the paper in the right order. There are over 100,000 chances every week for the printer to make a mistake and the printer who can pass an errorless paper on to the readers is indeed a

super-human woose. But we presume the able self-appointed critics found in every community, of the home publication they "wittily" style "The Gimlet", could turn the trick.

A MECCA FOR TOURISTS.

When the people of Plains want a fishing trip and a little vacation in the summer time they usually visit the Palo Duro canyons near Canyon. Every summer they catch many fish in the streams near this place and admire the wondrous scenery down in the deep, cool canyon. They comb here because they know they may find scenery unequalled anywhere and cool days and nights. If the people of other sections of the country knew, they would also come here for their vacation. But they do not know this. The fact has never been advertised. Canyon should place bill boards bearing painted Canyon scenes along the auto-highways and inaugurate an advertising campaign in the newspapers of the east, and should prepare to handle a large number of summer tourists. When it comes to finding a delightful and prosperous community in which to live, we could show the people of the east that the rainbow's end is in Randall county.

The Hun has been vanquished but not the fly. It is not an enemy across the seas but a vehicle of sickness and death ever hovering every man, woman and child here at home. Swat the fly now and with all your might before it gets you.

"ASH BARREL JIMMIE" FIRST S. A. CONVERT

According to the official figures 42,846 men and women professed their conversion at Salvation Army meetings last year. Of these the vast majority were the battered wrecks from poverty lanes, where the Salvation Army always has and always will concentrate its efforts. The annual report of the Army just off the press shows an ever increasing total for the years work and the ever changing grand total has been mounting steadily into the millions.

This announcement comes just before the opening of the Salvation Army Home Service Campaign which opens in this city.

It was thirty-nine years ago that the Salvation Army gained its first convert in the United States. The story of that conversion is a tale the veteran members of the Army delight in spinning. The convert died about fifteen years ago—in the service of the Salvation Army and was buried in the uniform he had worn for years. It is doubtful, in the long experience of the Army if a more hopeless problem was ever presented than that of this one man. It is doubtful if a more earnest and sincere worker ever wore the Salvation Army uniform.

The first convert was "Ash Barrel Jimmie" Kemp and the scene of his conversion was a dive on the Bowery, in New York City, where the first band of Salvation Army lassies were holding their meetings.

Kemp was a figure on the Bowery

in those "good old days" when to stand out from his fellow derelicts a man had to be mired deeper in the mire than they. Kemp's one controlling ambition was to drink all the "third rail" whiskey in New York. He was not having much success, although his efforts and persistence put him, and kept him, in the gutter. His meals—on the rare occasions when he ate were gathered from refuse and ash barrels. Because of this he gained the name of "Ash Barrel Jimmie".

On the night of his conversion, Jimmie was just recovering from one of his sprees. Still half intoxicated stumbled along the wind swept Bowery. Although it was winter and bitterly cold he was without an overcoat. Noticing a barrel on the curb he went over to search for a scrap of food. Unsteady on his feet he lost his balance and fell into the barrel.

A half hour later a patrolman noticed Jimmie's shoes protruding from the barrel. He investigated and was unable to pull him out. Following the next best plan he dragged Jimmie and his barrel to the station house.

Inspector Alexander Williams, then a Captain, was in the station house when the patrolman arrived with his barrel of burden. They finally took Jimmie away from the barrel. At the Captain's suggestion Jimmie, now fairly sober, went around to the concert hall where the Salvation Army lassies were holding their meeting. His first visit prompted a second and it was on that occasion that he decided to mend his ways.

Unlike many others, "Ash Barrel Jimmie" clung fast to his new found faith. He was never a backslider. He soon joined the Salvation Army and from that time until his final illness toured the country, conducting meetings and telling his "experience." Every penny of the money raised by the Army in its approaching campaign will be used in the enlargement of the work in the United States.

Colic Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

TROUBLES OF THE REVENUE OFFICER.

That the life of a revenue officer is not all roses was plainly shown at the Frisco station one day last week.

A well known former Snyder man who now resides in Wichita Falls, got off the motor car with a suitcase and was walking toward the Oklahoma City train when a local peace officer spied him, and, thinking his actions suspicious, engaged him in conversation. While they were talking the spotter noticed that the suitcase was leaking, and accused the Wichita Falls man of having brought whiskey into the state. He denied it and the officer dipped his finger into the puddle and smelled of it—it smelled like whiskey. He made another dip and tasted it—and it tasted like whiskey.

He placed the Wichita Falls man under arrest for bringing whiskey into Oklahoma and ordered him to come along. "You better open the suitcase," said the Wichita Falls man, "before you cause me to miss my train." The officer did so. Out

rolled a brindle pup.—Snyder (Okla.) Democrat.

A Mother's Happiness Made Perfect

Of Utmost Importance That She Have Every Care.

The excellent mother's physical comfort should be our first thought, and all we should see to it that her preparation for baby's coming be complete.

There is a most splendid remedy to give women for the greatest time in their lives, known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerves, veins and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the pains at the time are fewer, and pain and danger at the crisis is naturally avoided.

Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which more often than otherwise accompany such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly lubricated. Discomfort during the period is counteracted, and the skin, after the crisis, is left smooth and natural.

Write to the Bradford Regulator Company, Dept. B, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store today without fail.

COUNTY CORRESPONDENCE

PERSONAL MENTION

Judge Bule went to Amarillo yesterday on legal business.

Joe M. Warren and family of Clarendon were in Canyon Friday.

Mrs. Sam Gregory was here this week visiting F. F. Gregory and family.

Jewell Sullenger of Amarillo was here last week visiting Mrs. C. M. Thomas.

An eight and one-half pound girl was born to Mr. and Mrs. T. V. Slack last Thursday.

Earl Bentley of Wichita, Kans., has been here the past week, visiting Miss Alma Fogerson.

Clean up your premises and keep them clean. There must be no more fever epidemics in Canyon.

Henry Moore who has been doing relief operating for the Santa Fe in Canadian has returned to Canyon.

Jack Figh is here this week visiting Parker Hanna. He is a soldier stationed at Camp Bowie at present and is off on a furlough.

Mrs. Chas. Harter has returned from a two weeks visit with relatives in Tahoka and other points in the south Plains.

B. Longstreth and family of Spring Valley, Wyoming, and Van W. Longstreth, of Cheyenne, Wyoming, were in Canyon the first of the week.

Ernest Sluder of Kress was here last week visiting his parents, Mr. and Mrs. S. E. Williams and J. S. Pool and family. He has just been discharged from the army.

WAYSIDE WARBLINGS.

More rain still cloudy and threatening. Comparatively speaking, but little row crops planted. Some farmers have none planted.

Wheat is rusting, some falling, much anxiety is felt as to the odd come of the crop.

Mr. and Mrs. D. Williams and grand-daughter, Alta, Mrs. Nettie Poole of Canyon, accompanied by Ernest Sluder of Kress visited with W. J. Sluder and family, Friday, Ernest has lately returned from overseas service with 2,900 other soldiers on the battleship Mentor. He will remain a few days with his relatives at Wayside.

An ice cream social at W. J. Sluders Monday night in honor of Ernest Sluder, lately returned from Brest, France.

The Track Meet billed for Wayside May 24 was a disappointment on account of the rain. Basket and baseball games both expected to play. Rain began to fall soon after noon, crowd soon dispersed for the greater part. Everett Key and Taylor Myers of Canyon were out expecting to participate.

No services at the church Sunday on account of the inclement weather. M. L. McGehee, Campaign Director, Wm. Payne, and W. C. McGehee, Captains of the Centenary Drive are busy raising their quota of \$700 for Wayside.

CAMPBELL NOTES.

W. B. Campbell and family have moved out on their ranch for the summer.

Mrs. B. A. Dowlen of Walter, Okla., arrived in Canyon Tuesday and will visit her children.

Ollie Steen and family, Miss Annie Smith and Misses Ruth and Minnie Jarret, Mr. and Mrs. Parker, took an outing on the Terra Blanco canyon.

The farmers of the Campbell district met at the school house Tuesday at 2 o'clock P. M. in order to make arrangements to harvest their wheat, oats and barley, there was a good attendance, and a mutual aid was formed, each one agreeing to help the other till the end of harvest. Jack Ricks will do the threshing.

Emmett Belles, son of Mr. and Mrs. Grant Belles will be in New York on the 29th, on his way from France.

Mrs. Olin Arnold of Long Beach, California, is visiting her parents, Mr. and Mrs. Gus Thomas.

Following is the acreage of wheat in the Campbell District: Gus Thomas 250, O. Keiser 160, W. B. Campbell 320, C. L. Gordon-Cumming 90, Vernon Parker 150, Will Foster 180, R. A. Stratton 135, N. S. Burgan 150, T. A. Dowlen 140, Grant Belles 100, J. P. Hix 50, J. A. Price 150, O. S. Brown 150, S. M. Snider 75, Henry Kramer 100. Total 2,200 acres.

Jack Ricks has completed the job of plowing on the J. P. Hix farm. Charlie Stratton is visiting his brother, R. A. Stratton.

Grove's Tasteless Chill Tonic destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 50c.

Backache?

Rheumatism?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Anuric," is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c. trial package.

MADERA, CAL.—"I recommend Doctor Pierce's Anuric very highly. I have suffered for the last three years with catarrh of the bladder, having tried every remedy I heard of but without relief. I saw Anuric advertised in the paper, and like a drowning man grabbing at a straw I thought I would try it also, which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately sent to the drug store and bought a full-size package. I can say to all suffering from any disease of the kidneys or uric acid troubles, try this remedy and suffer no longer. I have great faith in Dr. Pierce's remedy."—S. T. HINSLEY.

CHURCHES

METHODIST CHURCH

We will have our Sunday School at High School at 9:45 next Sunday.

Will call off our preaching services at both 11 o'clock and at evening hour on account of the Baptist Meeting. We urge all our people to go to these services and the remaining services of the meeting.

We expect to get into our church the 2nd Sunday in June and so announce at this time, unless we meet with unforeseen difficulties, we will have all our services in our own church Sunday, June 8th.

R. A. STEWART, Pastor

TENT MEETING.

The Church of Christ will open a revival meeting the first Sunday in June in a tent adjoining their church one block east and one-half block north of the square. The services will be conducted by Elder G. F. Mickey of Clovis, N. M. The public is cordially invited.

PRESBYTERIAN CHURCH

Sunday School at 9:45.
Preaching at 11:00 a. m.
There will be no services at night.
A. B. HAYNES.

CARD OF THANKS.

We wish to thank the many friends who so kindly administered to us in our recent bereavement, in the loss of our wife and mother.

J. C. DOWD and FAMILY.

FOR SERVICE—CALL 197

I now have two good buses and can answer all calls promptly. H. L. Long, Bus and Transfer.

The Lockney Produce Company shipped Tuesday eggs to the value and cost in money paid out of the sum of \$2,015.82. This was only a few days accumulation. — Lockney Beacon.

Piles Cured in 6 to 14 Days

The Crop Outlook.

The Plains country has come back! In fact, it has rather overcome the "come back" business.

Most emphatically, this is no longer a "dry" country. It's wet—most awful wet—and the erstwhile "dry farmers" are wondering what—in the dickens—to do with so much water.

For one week previous to Thursday of last week, there was no rain here at Amarillo, though there were local showers all about. Then, just as the last notes of the last act of the Chautauqua were dying away, the crowd became aware of a gentle patter on the tent. That was the beginning and it has rained and rained and rained, ever since.

Up on the north Plains, the farmers are about discouraged about ever being able to plant their row crops. The ground was just getting in shape to work, last week, when on Thursday, and Friday, the country was deluged with 6 inches of rain.

As a consequence of so much wet weather, the wheat is rusting pretty badly all over the Plains but it is thought that it will not seriously damage it in the southern Panhandle as it is so nearly mature, in fact, harvest is on now down in Childress county.

Up to the present, few Plains farmers are estimating their yields at less than 20 bushels and many of them expect 30, 40 and even 60 bushels per acre. The straw is unusually rank and the heads large and filling well. On May 1st, the Bureau of Crop Estimates placed the condition of Texas wheat at 89 per cent and Oklahoma wheat at 102 per cent, with an abandonment of 3 per cent in Texas and 1 per cent in Oklahoma. The December estimate of acreage in Texas was 2,045,342 acres and in Oklahoma, 3,554,000 acres. According to these figures, Oklahoma is due to produce 53,631,000 bushels of wheat this year and Texas should have 33,208,173 bushels—enough to feed quite a number of starving Belgians but not a bushel for the Germans or the Turks.

Over in Wilbarger county and in some parts of western Oklahoma, the army worm has made its appearance and the government is sending out warnings to the farmers to look out for these pests. They may be headed off when starting in a field by plowing a deep furrow directly in their path and dragging a log through the furrow when they have fallen into it. Where the insects are already in the grain, it should be moved and straw spread over it and turned or the area should be marked off with stakes and sprayed heavily with paris green at the rate of 1 pound to 50 gallons of water.

Gardens are backward because of the cool, wet weather and many of them as well as a good deal of cotton and other row crops, have been washed out by the heavy rains and had to be replanted.

What everybody would like to see right now, is a real warm, dry spell. We aren't used to this Missouri brand of weather and it doesn't suit us.

By the way, the weatherman says "probable showers" for this week.

The man who invented near beer was a poor judge of distance.—Ft. Sumner (N. M.) Review.

After-War Hog Prices.

Hog breeders and feeders, as well as all other business interests, are discussing the probability of a return to pre-war prices of farm products. This discussion, of course, includes the possibility of lower values for pork and beef. Many of these breeders and feeders have written they are sure lower prices will prevail and for that reason felt a hesitancy about entering the hog breeding and feeding business. These expressions have been made in reporting the spring pig crop.

We frankly say we do not hold these views. As a matter of fact it is our opinion the price of pork will not return to a pre-war basis for several years to come; if ever it is reached within the life time of any of the present-day breeders. In the first place there is a shortage in the pig crop this spring which will be felt seriously in 1920. This is true especially among the herds in farmers' hands. Breeders and feeders already are being urged to feed out their hogs to the highest weights possible before marketing them. But there is another and far more important reason why pork values will not return to a pre-war basis for some time to come, if ever. It is found in the economic condition of the United States and other leading countries of the world.

Compared with a year ago, there is today \$600,000,000 more money in circulation in the United States. The last monthly report showed a gain for March of \$94,000,000 and the increase for April, figures on which are now being compiled, promise to be as great. The aggregate amount of money in circulation in the United States is now in excess of \$5,850,000,000, the greatest volume in history. The per capita circulation is \$54.56, an increase of \$4.86, compared with the same time in 1918.

Now, consider the world as a whole. Authoritative complications show that prior to the European war the total amount of paper money in circulation was \$15,000,000,000. Today the amount of paper money in circulation, secured of course by reserves of gold, is \$45,000,000,000 in the world. The total has trebled since the European war began. In addition, the principal countries of the world have increased governmental debts to \$220,000,000,000, a gain of \$180,000,000,000 over the pre-war days. Bank deposits of the world have increased to \$75,000,000,000, an increase of \$48,000,000,000 over the days prior to the European war.

Economists of the highest repute have repeatedly asserted that a return to pre-war prices is not possible so long as the supply of money shows a vast increase. The treasuries of the principal governments of the world have affected an increase in the amount of money in circulation in a healthy manner. In other words, there was never more confidence in the world's money structure. It is on a different basis, and everything else must follow it. In addition to the greater supply of money, the huge outpouring of government bonds, serves often as a medium of exchange. These are the

factors the economists have in mind in asserting that the new level of prices must prevail in view of the enlarged money and credit supply.

In our opinion the man who is waiting to enter the hog business, or any other line of industry, for a return of pre-war prices and standards of value will be without occupation for a long time to come. Hog men should be among the first to realize the fact that the world has been remade since 1914 and that the old order of things has passed away.—Pland China Journal.

Farmers Will Build Elevator.

Pursuant to the call issued quite a number of farmers of Swisher county, as well as many from Nazareth, and some from Briscoe county, met last Saturday afternoon in the district court room in Tulia.

The matter of the farmers buying or building an elevator in Tulia, was the principal object of the meeting. The matter was freely discussed by many of the farmers.

After some discussion, a motion was carried that the name of company be, "The Farmers' Grain Company of Tulia." It was also decided to capitalize the company at \$40,000; each share of stock to be of the value of \$50.00 and no one man to own more than twenty shares of stock. It was also decided to incorporate the company under the laws of the State of Texas, and Messrs. Tom Parker, V. L. Harmon and Joe Lee White were named as the trustees.—Tulia Herald.

Organized Farm Bureau.

Last Saturday night about twenty-five progressive farmers gathered at the Rogers school house where, together with the County Agent, they organized for better farming under the Farm Bureau plan.—Portales (N. M.) Valley News.

Contract Let For New Court House.

The contract was let Monday, May 20, by the Commissioners Court of Gaines county to Dan Cobb, a local contractor and builder, for the erection of a modern fire proof court house and jail at Seminole.

The building complete to cost \$84,000.00.—Seminole Sentinel.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Plows With Tractor in Armenia.

Paul Snyder of Plainview has the honor of having plowed the first furrow ever plowed with a tractor in Asia Minor. Paul is with the American Red Cross relief expedition distributing supplies in Armenia; to the war sufferers, and in the shipment were farming tools and implements including a tractor. Paul, being a farmer, set up the tractor and put it to work. His father, P. B. Snyder, has just received a letter from Paul telling of interesting affairs in that far-away and ancient country, under the shadow of Mt. Arrarat, where Noah's Ark is said to have rested during the flood.—Plainview News.

Small Cyclone Visits Meadow.

Last Saturday afternoon several Tahoka people noticed a small cloud hanging back in the northwest and after close watch it was soon discovered to be a small tornado. A rush was made for nearby storm houses. It has since been learned that the cloud was a twister and struck earth near Meadow, in Terry county. No damage is reported by the storm except tearing up the ground considerably wherever it came in contact with the earth.—Tahoka News.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it!—Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

Looking Into Dairy Plans.
Mr. Curtis and Mr. Farnsworth, both Agricultural agents of the San-to Fe will be in Kim Wednesday, May 14, with our County Agent, C. E. Smith. Also members of the Trinidad Chamber of Commerce will be here. They are interested in the dairy cows that have been leased by several of our citizens. — Kim (Colo.) Dry-Land Record.

This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

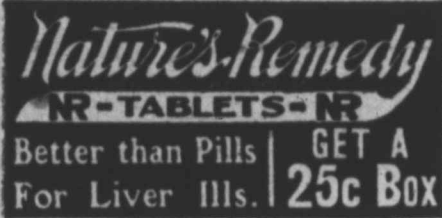

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

HOLLAND DRUG CO.

MAN WANTED TO SELL GROCERIES.

Selling Experience Not Necessary.
One of World's Largest Grocers, (Capital over \$1,000,000.00) wants ambitious man in this locality to sell direct to consumer nationally known brand of groceries, teas, coffees, spices, paints, oils, stock foods, etc. Big line, easy sales. Values beat any competition. Earn big money. No experience or capital required. Complete sample outfit and free selling instructions start you. Long established reliable house. Write today. John Sexton & Co., 352 W. Illinois St., Chicago, Ill. 8-p2

Bank To Buy Brood Sows.

In conversation one day this week Mr. O. T. Halley, cashier of the local bank informed us that he was busy with the organization of a hog club, and if he could succeed in getting a car load, he would go to the hog country and buy a car and let the farmers of the Brownfield trade territory have them at cost. He asked us to help him get the matter advertised, and he never struck more willing help in his life.—Brownfield Herald.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Agricultural Trade Commissioner.

The first agricultural trade commissioner to work in foreign lands for the interests of American food producers has been named by the United States Department of Agriculture. He is Edward A. Foley, of San Francisco, California, who has been appointed to represent the Department's Bureau of Markets in the United Kingdom. Mr. Foley will investigate conditions in the United Kingdom, and study the marketing and distribution of farm products with a view to the development and improvement of foreign trade in American agricultural products.

Upon the entrance of the United States into the war, he came to Washington as solicitor of the enforcement division of the Food Administration, and was in charge of the enforcement of regulations governing perishable fruits and produce. During his service with the Food Administration Mr. Foley investigated methods of handling and marketing foodstuffs, including canned goods, and also of cottonseed products. He was a representative of the Food Administration in joint hearings of the Federal Trade Commission and the Food Administration, and also represented that body in joint hearings with the Shipping Board Emergency Fleet Corporation in investigations relative to profiteering in foodstuffs by ship chandlers.

GROWING HOGS.

For a hog to be profitable he must be kept growing from birth to marketing age. He cannot be profitable unless he is healthy. He can always be in a profit-producing condition if he is fed B. A. Thomas' Hog Powder. We positively tell you that this remedy prevents cholera, removes worms and cures thumps. If the powder does not make good, we will.

W. H. HICKS.

"Our Passion is Men"

"Some men's passion is gold, some men's passion is art, some men's passion is fame, but my passion is for men." That was the creed of General William Ballington Booth, founder of the Salvation Army, and his daughter, Evangeline Booth, commander of the army in the United States today, has added her own new slogan, "A Man May Be Down But He's Never Out."

SALVATION ARMY MISSION IS OF THE POOR AND FOR THE POOR

(By EVANGELINE BOOTH)

I would like to correct the very natural and now widespread idea that the Salvation Army "accidentally" hit upon a new and novel method of making itself useful in the great war just ended, and in consequence stumbled headlong into a pool of popularity. The Salvation Army did an old thing in an old way, and simply came into the red glare of a war that riveted the attention of men upon one field of endeavor.

For half a century we have been wiping the blood from the faces of men who fought—not in the fight that military rule countenances but in the still more deadly and insidious contest that rages in all communities among the poor and lowly where desperation, resulting from sheer privation, drives men and women to extremes. Before the American armies in France were born the Salvation Army was scraping the caked mud from the feet of faltering women who had fallen in the fight of life, and was carrying food and milk to starving families just beyond the cold gray walls of society's financial ramparts in the great cities.

It did not need a war to create the establishment of the rescue homes, the day nurseries, the lodging houses for down and outers, and orphanages. To us the term popularity means responsibility for us to live up to in the work we have been doing for nearly sixty years—work of the same type and character of that we did in France.

us away from the poor, for we are of the poor, and our mission and service is that of the poor, for the poor.

We are going to reach further into the dark alleys. We are going still deeper into the slums. We are going to comfort more of the lonely. We are going to throw a longer and stronger arm around the young women who make a misstep. We are going to do more prison work, and stand behind the down and outer just a little more firmly than ever. We are going to expand our nurseries and take more stified little children out of the fetid city slums in summer to our fresh air camps. We are going to cheer more men who are out of work and who are struggling to support their families.

We are going to make our free employment bureau, now thirty years in service, bulge with new energy and efficiency. We are going to stick with the ex-service man, who treated us so nobly in France, until the end of all time, and we are going to stand ready to serve his mother and his sister and his brother, if he but gives us the nod and opens the door of opportunity.

The public is generally endorsing and praising the Salvation Army, and the public is now prepared to help the officers of the Salvation Army apply themselves to their works of mercy steadily and without distraction. The Salvation Army is now prepared to do greater things and to do them more efficiently, but our policy remains the same. We will go on doing the old things in pretty much the old way, except where we change our methods to those of greater efficiency as in the Home Service Fund of \$13,000,000 which is to relieve our workers from the responsibility of collecting funds in the old way—the way of the tambourine—and to give them more time for greater efficiency in their works of mercy.

White Scours in Calves.

White scours in calves cause serious trouble. Once they attack a herd it is difficult indeed to get rid of them. The first thing to do is to thoroughly clean, wash and disinfect and whitewash the quarters occupied by calves. Sunshine and fresh air being the best disinfectants, provision should be made for abundant admittance of these. As soon as a calf is born, the naval cord should be thoroughly disinfected and a disinfected string tied tautly around it, close to the body. The cow's udder and teats should be thoroughly cleansed and disinfected prior to nursing, or the calf should be taken away immediately and fed the milk from the dam, care being taken to secure the milk without permitting it to become infected with the germs that cause white scours.

The amount of milk given the calf should be limited, for it is better to underfeed than to overfeed the youngster. It goes without saying that the milk should be fed warm—at the same temperature each time—sweet, and from thoroughly cleansed and thoroughly sterilized utensils. An excellent precaution is to mix a teaspoonful of a mixture, made by adding one-half ounce of formaldehyde to 15 ounces of water, in each pint of milk fed. It is also well to place a teaspoonful of blood meal in each feed of milk given the calf. These remedies will serve to correct white scours, but where such are prevalent in a herd, it is even better to use them as preventives.—Kimball's Dairy Farmer.

Has 300 Young Chickens.

Mrs. E. H. Liles, who lives about two miles north of Vernon, has about 300 little chickens ranging in age from four to eight weeks. They are all incubator chicks and Mrs. Liles has had splendid luck in raising them, notwithstanding the unfavorable weather conditions.—Vernon Record.

THE PROPER COURSE

Information of Priceless Value to Every Canyon Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Canyon citizen who used them and who publicly tells of the benefit derived.

Mrs. M. E. Rowan, W. Houston St. says, "I used Doan's Kidney Pills, procured at the Holland Drug Co. and two boxes cured me of kidney complaint. I gladly advise their use to any one troubled by weak kidneys." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rowan had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

This is the package with the moisture-proof jacket

that keeps Chesterfield's original flavor and freshness intact. Your Chesterfields never become either soggy or dry. They always reach you in prime shape for smoking.

And, Chesterfields do something for your smoke-hunger that you've always wished a cigarette would do — they "touch the smoke-spot" — they let you know you're smoking — they satisfy right down to the ground!

It's the blend that does it, and the blend can't be copied.

Contractor to be required in addition to usual box delivery and collection service to sell stamp supplies, deliver registered matter, accept and give receipt for applications for money orders and the money therefor, also for matter presented for registration, or for insurance and C. O. D. parcels.

Bond required with bid \$2,800.00.

SUMMER TERM TRAINING SCHOOL

The Training School will begin on Tuesday, June 10th, at 8:30. Enrollment will take place on Saturday, June 7th.

All parents who desire to place children in school should make written request to me, stating the grade and giving name of student. It is expected that the Training School will have a large enrollment, but those who make application first will be accommodated until all seats are taken.

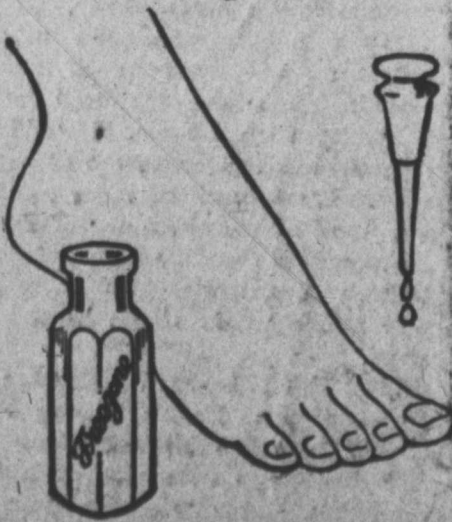

T. R. GARTH, Director of Training School.

FREE TRIP TO PICTURESQUE SAN ANTONIO

The owner of a beautiful addition to San Antonio will give free, round trip ticket, including sight-seeing tours of city, to limited number of men and women in your community, to acquaint them with the wonderful development now taking place, and thus extensively advertise the resort, industrial and other highly attractive features of the addition. No obligation to invest. Post card will bring full information. Address: Manager, 428 Bunter Bldg., San Antonio, Texas.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!
A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

Grove's Tasteless chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

NOTICE

A meeting of the share holders of the First State Bank of Canyon, Canyon, Texas, will be held at its banking house in Canyon, Texas, on Monday the 30th day of June, 1919, at 3:00 o'clock p. m., for the purpose of voting on increasing the capital stock of said bank by at least 25 per cent thereof.

GRADY OLDHAM, D. A. PARK, J. W. REID, Directors. 5-9tc

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bowels. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.
