

RANDALL COUNTY NEWS

VOL. XXIII.

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, FEBRUARY 12, 1920.

NUMBER 46

EPIDEMIC OF FLU TAKES MANY LIVES

Thirteen Deaths in Canyon During the Last Eight Days—All Are Young People.

The epidemic of flu, followed by pneumonia, has probably been more fatal in Canyon than any town on the Plains. Last week it looked as if the epidemic would run its course without disaster, but beginning with the two deaths recorded in our issue of last week, there has been a total of thirteen within eight days.

This morning doctors report to the News there are a few very dangerous cases still in the city. They report that the disease seems to be under control as few new cases have been reported during the past few days, and for the most part the dangerous cases are improving.

Some deaths have occurred when the sufferers of the flu have been allowed to leave their homes too early, and once a relapse with pneumonia sets in, the case is hopeless. All health boards have insisted that the patients not leave their beds for days after the fever has passed, and in no case should the patient be subjected to undue exercise until many days after having recovered from the case of the flu.

FAY WINNONA TERRY

Miss Fay Winnona Terry died at three o'clock Thursday afternoon at the home of her parents, Mr. and Mrs. C. S. Terry. She was a student of the Normal, moving here with the family last summer on account of the school. The body was shipped Friday morning to White Deer where it was laid to rest.

PAT TERRY

Pat Terry, the 17 year old son of Mr. and Mrs. C. S. Terry died Sunday and was shipped Tuesday to the old home at White Deer. The death of this boy marked the second death in the Terry home during the past week. The many friends of the family extend sympathy.

JESSIE LEE JOHNSON

Jessie Lee Johnson, aged 19, and a daughter of Mrs. C. R. Johnson of Tulsa died Saturday and was taken to Tulsa Sunday for burial. She was a student in the Normal. Mrs. Johnson was called to the bedside of her daughter Thursday. While she was in Canyon her husband was taken ill and died at the family home Friday.

ERNESTEEN HEME

Ernesteen Heme the three year old son of Mr. and Mrs. E. W. Heme living southeast of the city died Tuesday and was buried at Dreamland cemetery.

ELLA PEARL LUST

Ella Pearl Lust, aged 19, of Dimmitt, died Tuesday noon at her rooming house in the southeast part of town. She was a student at the Normal. Miss Lust was a sister of Earl Lust who made such a great record in the Normal as an athlete. The body was shipped to Hereford yesterday morning.

LOIS LAWLER

Miss Lois Lawler, a roommate of Pearl Lust, died Tuesday night. She was 21 years of age and a daughter of J. E. Lawler of Lamesa. The body was taken yesterday morning to the family home at Lamesa.

LAYMAN BABY

The nine months old baby of Mr. and Mrs. M. G. Layman died Thursday. The funeral was held Friday afternoon at the cemetery conducted by Rev. J. T. Burnett.

FLOYD BLAIR

Floyd Blair died yesterday morning at the home of his parents northwest of the city. He is the son of Mr. and Mrs. J. W. Blair, aged 15 years. The Blair family are well known in Randall county having lived in the Costley community for a number of years.

H. V. PARKER

H. V. Parker, aged 28 years, died last night at the home of his father-in-law, J. L. Steen. Mr. Parker has been living with his wife and baby on the Bradford place west of town for the past two years. He came here from Young county. The funeral will be held this afternoon at 2:30 o'clock conducted by Rev. B. F. Fronbarger of the Baptist church of which church he was a member.

MRS. KATHERINE McCORMICK

Mrs. Katherine McCormick, wife of J. S. McCormick died Thursday night at the family home at 9 o'clock. She was 41 years of age. It will be remembered that two children of Mr. and Mrs. McCormick were burned to death at their ranch near Dimmitt during last year when a can of gasoline exploded. The family had moved here in September on account of the schools. The funeral was held at the cemetery Friday afternoon at 1 o'clock conducted by Father Goderris of Amarillo.

M. E. MARTIN

M. E. Martin, aged 18 years, and living one mile north of town on the Stewart place, died Thursday afternoon at 2 o'clock. He is the son of Mr. and Mrs. W. P. Martin who have lived here for some time. The funeral services were held at 2:30 Friday afternoon at the cemetery, conducted by Rev. B. F. Fronbarger. All of the members of the Martin family were very ill from the flu, but all are now recovering nicely.

The funeral of Miss Nona Baker was held Friday afternoon at 3 o'clock. She died Wednesday night as reported last week in the News.

Pres. Hill Entertained At Austin.

During President Hill's recent visit to Austin he was entertained at a banquet given him by the Panhandle Club of the University of Texas. This organization is made up of members of the University student body from the Panhandle, many of whom are former students of the West Texas State Normal College. An account of the banquet as given by a member present follows:

Saturday evening at seven o'clock twenty-three former students of the West Texas State Normal College and three guests, President Hill, Dr. Garth, and Miss Walker, the latter two being former members of the Normal faculty, met at the old Cactus Tea Room near the Campus and enjoyed meeting each other again, a social hour, and a five course luncheon. But best of all was a summary of old Alma Mater news from President Hill's own person.

Those present were Misses Lucile Abraham, Edith Cousins, Virginia Davis, Marcelete Hall, Armine Park, Lera Twitchel, Mabel Rogers, Ruth Wakefield, Celia Whit and Messrs. E. B. Brown, Earl Black, Robert Crudginton, Frank Day, William Gatewood, William Gibson, Charles Keffer, Ira Allen, Herbert Ralls, Bert Mathews, Russell Strutton, and Maurice Wells.

Normal Notes.

Word comes from Austin that Ira Allen, Bain Leacke, Newton Harrell and Lucile Gill, former students of ours were on the honor roll of the university last quarter.

At a recent meeting of the Inter-Normal debaters the following plan was worked out by the boys themselves: Kenneth Burns and Grady Hazlewood, with Lem Sone as alternate, go to San Marcos; Wyatt Hester and A. E. Hunt, with Ethridge Dockery as alternate, debate Denton here. The home team will take the affirmative; the other, the negative. Resolved, That all immigration of the industrial and commercial classes into the U. S. should be prohibited for a period of five years.

Former Student a Candidate.

Word comes from Plainview that Bert Mathes, a former student and a graduate of the Normal, has become a candidate for the legislature from this district. At present he is a student in the law department of the State University. He is a son of the late Judge Mathes, and is a splendid young man. During his college days he was active in athletics.

This gives Plainview two candidates, Editor J. M. Adams having announced a week ago.

Gypsy Trail Pleases.

The last show of the course being brought to Canyon by Chas. F. Horner was presented last night at the Normal auditorium. The Gypsy Trail was an excellent production and seemed to please much better than any of the other three shows of the course.

Picture Show Closed Two Nights

On account of the flu situation the Olympic was closed Saturday and Monday nights. The health authorities allowed the show to open again Tuesday night.

Come to Canyon to live.

Federal Grain Demonstration Canyon, Texas, Saturday, February 28

Learn to Grade Your Wheat.

An official of the U. S. Dept. of Agriculture, Federal Grain Supervision will give demonstrations of grain grading in Canyon on the above date. The federal methods of testing wheat and oats will be thoroughly explained, samples of all market grades exhibited, and advice given concerning the improvement of marketing methods. Any one may bring samples of grain to be graded, free of charge, by this expert.

Practically all wheat is sold on the U. S. standard grades in all central markets in this country. The grade

is determined by the percent of dockage and moisture, the test weight per bushel, the percent of damage and foreign material. The price is determined by the grade.

No farmer or grain buyer can know what wheat is worth unless he knows what grade it is. Surely it is foolish to spend money and labor in producing a crop, then not know what you have to sell. Any man can learn to understand market grades. See this demonstration on Feb. 28th. Then study the bulletins provided enough to know what your grain is worth.

FRED H. IVES, Director of Agriculture, W. T. S. N. C.

REASONABLE RENT PRICES AS CHARGED IN LITTLE OLD N. Y.

Canyon residents aren't the only ones having trouble with the landlords. In fact, rentals here, high as they may be in the estimation of those who have to meet them, pale into insignificance besides those prevailing in New York. How would a three-room apartment at from \$12,000 to \$18,000 a year strike you? Or say, a five room one at from \$20,000 to \$30,000? These are some of the prices which the new Ambassador Hotel, to be opened next Fall will ask for its choice suites. Some of them will be rented "as low" as \$3,500 per room a year, but the average annual rent will be from \$4,000 to \$6,000 per room, the management announces.

Shortage of servant labor, resulting in a strong demand for living quarters in hotels, is resulting in a sharp advance in the prices asked for permanent suites everywhere, the hotel asserts. A large increase in the number of hotels and apartment houses constructed during the next few years is also predicted.

TRIAL OF MRS. REYNOLDS SET MONDAY IN LUBBOCK

The fourth trial of Mrs. Florence Reynolds under the indictment of killing her husband east of the city three years ago, has been set for trial in the Lubbock district court next Monday.

The case was sent back by the court of criminal appeals for retrial a few weeks ago.

CHURCHES CLOSED FRIDAY BY HEALTH AUTHORITIES OF CITY

The health authorities of Canyon Friday afternoon forbid any public meetings in the city, and consequently all church services in the Canyon churches were suspended Sunday.

The regular weekly services will resume in most of the churches of Canyon next Sunday morning.

RAIN OF EIGHTH INCH MONDAY MORNING—MISTY AND COLD

Rain amounting to one-eighth of an inch fell Monday morning in the vicinity of Canyon. The fall was not so great in the north part of the county.

Tuesday remained misty most of the day, but the wind turned to the north yesterday with increased cold during the day.

AMERICAN LEGION MEETING IS POSTPONED FOR A WEEK

The regular meeting of the Palo Duro Post of the American Legion was scheduled to be held tonight, but owing to so much sickness, it has been postponed for another week.

Scouts' Hike Called Off.

On account of the rain Monday, the hike of the Boy Scouts could not be pulled off and was postponed for more favorable weather.

Stork Special.

Born to Mr. and Mrs. B. B. Cluck Friday a girl.

W. S. Amend of Sherman county is here visiting with Mrs. Amend and children for a few days. Mrs. Amend came here something over a year ago to place her children in the Normal.

If you'd aspire to vamp and knock men cold with your peeps; you'll surely be told as Miss Talmage unfolds the saucy new way in Two Weeks. At the Olympic.

Miss Tenny Thompson is visiting at the B. C. Taylor home this week. The Joel school where Miss Thompson is teaching is dismissed on account of the "flu".

TEACHERS RAISING FUNDS FOR BETTER SCHOOLS CAMPAIGN

As a preliminary to a state-wide tag day to raise funds for a great campaign for better schools, the teachers of the state are raising a campaign fund. One-half of the amount contributed by teachers will constitute a state campaign fund, the remainder going to the Salaria Committee of the State Teachers' Association, for work in charge of that committee.

Each county and district is assigned a quota. Grade teachers are requested to contribute fifty cents each; high-school teachers, seventy-five cents; superintendents, principals, and college teachers \$1.00 each. Contributions are sent to the treasurer, Dr. Frederick Eby, Austin, Texas. Several hundred contributions were announced this week by the treasurer from all parts of the state.

SEVENTEEN BOYS DRAW PIGS MONDAY FOR PIG CLUB WORK

C. F. Walker, County Agent, had seventeen pigs Monday for the boys of the Pig Club, but there were more boys here after pigs than he had pigs to go around. Pigs will be furnished other boys who want to get into the Pig Club as early as possible.

The following boys drew pigs Monday: Poland China pigs—Robert S. Stratton, John Votek.

Duroc Jersey pigs—A. N. Burgan, Ernest and Clyde Covington, Clinton Oldham, Roy Tate, Billie and Chas. Boone McClure, Ishmael Hill, Delbert Forayth, Wilmont H. Bellamy, Joe Goode, Marvin Reid, Haynes Moore, Park Lewis, J. C. Sharp.

TIME ZONE INVESTIGATION IN AMARILLO NEXT TUESDAY

The News has word from the Panhandle-Plains Chamber of Commerce asking that a delegation of business men and farmers come to the Time Zone Investigation which will be held next Tuesday in Amarillo before an examiner of the Interstate Commerce Commission.

There was a movement started in this section during the summer to have the Panhandle returned to the Central Time Zone. The Interstate Commerce Commission placed this section in the Mountain Zone about a year ago without asking the advice of any of the citizens.

E. R. Jamison, Secretary-Manager of the Panhandle-Plains Chamber of Commerce, points out the necessity of having a committee from each and every district of this section if we are to be put back into the Central Zone.

Will Open Store Saturday.

Joe Foster stated yesterday that his new grocery store will be opened Saturday for business. His stock is coming in rapidly, and he hopes to have all of the stock ready by that time.

The building is being remodeled. The City Market was moved to the back part of the store, and will remain permanently in the building.

Mr. Foster bought the bakery business last week and has been in charge for the past ten days.

367 Autos Registered This Rear

There are 367 automobiles in Randall County according to the registration in the office of the Tax Collector. Last year there were 339 cars registered in the county.

The 1920 seal is given when the registration fees are paid, and every car owner who does have his machine registered and get a 1920 seal is laying himself liable to a fine.

Park Quitting Bank This Week.

D. A. Park is closing his connections with the First State Bank, as stated in the News a few weeks ago. He is at the Park ranch this week assisting with the work, as there is so much sickness. So far the bank officials have elected no one to take his place on the board of directors. Lee Foster has accepted a position with the bank.

Training School Out.

There has been no school in the Normal Training School this week owing to the sickness. Work will probably be resumed next week.

C. O. Keiser Improving.

Word came from Denver this morning that C. O. Keiser, who had an operation last Wednesday for appendicitis, is improving as rapidly as could be expected.

LEAGUE DINNER IS AGAIN POSTPONED

Owing to Sickness Will Not be Held Monday Night—Election of Officers at First Meeting.

Owing to the prevailing sickness, the dinner of the Randall County Commercial League has been postponed indefinitely.

A full attendance is desired when this dinner is held, and under prevailing conditions, it would be impossible to get any way near a full number of the members.

A date will be announced as soon as the prevailing epidemic subsides.

TRADES DAY NEARLY RAINED OUT MONDAY—BOYS GET PIGS

On account of a light rain falling a greater part of Monday morning, there was not a large crowd in Canyon for the monthly Trades Day.

There was a very enthusiastic bunch of Pig Club Boys here to draw their pigs. Fifteen pigs were taken out Monday, and it was not nearly enough to go to the boys who were after them.

The auction sales Trades Day was one of the best small sales ever held. There was not a great deal of stuff sold, but everything was strictly high grade and brought a good price.

C. F. Walker suggests that all those having something to sell in the next Trades Day sale to list the same with him a week prior to the sale in order that it may be advertised in the News. This plan was adopted once and brought splendid results if the people will only list their articles the week previous. It will mean much money to those who want to take advantage of the sale as it will bring a much bigger crowd to the sale.

Mr. Walker is giving his time to the Randall County Commercial League during the time of year he cannot do much with the County Agent work. In fact, both have the same objects in view and his efforts are highly appreciated. He is in position to help much toward making a great Trades Day, and at the present time is also looking after the finances of the League, without any salary from the organization. A little cooperation on the part of the public with Mr. Walker will add much to Canyon's Trades Day.

NEWS WILL RAISE RATE OF SUBSCRIPTION MARCH 8

As announced last week the subscription rate of the Randall County News goes to \$2.00 per year on March 8.

A large number of people immediately took advantage of the month given before the time for the raise to be made and are renewing their subscription for one, two or three years. The News is not anxious to have the subscriptions paid in advance at the \$1.50 rate, but each subscriber is entitled to do so if he pleases.

The raise will go into effect after March 8—March Trades Day.

\$73,350 Taxes Are Collected.

According to the report Tax Collector Worth A. Jennings has filed with the County Commissioners Court for the quarter, a total of \$73,350 in taxes has been collected by his office since the tax rolls were opened the first of October.

The following was the collection by months:

October	\$4569
November	\$3310
December	\$23251
January	41229
Poll taxes	1000

There are yet two months before the unpaid taxes are taken to the delinquent rolls, and much of the tax remaining unpaid at this time will be paid before that time.

Schools Close Friday—Open Tuesday

The Canyon Public Schools were closed Friday, but the trustees deemed the flu situation well enough in hand to open Tuesday morning. The attendance this week has been better than last week.

Baptist Services.

There will be Sunday School and preaching services Sunday morning at the Baptist Church. There will be no night services.

In the census even those who don't count will be interviewed by those who do.—Philadelphia Public Ledger.

Happy Happenings.
(Too late for last week)

Mr. and Mrs. E. J. Smith went to Canyon to visit their son Earl and family who have recently moved from Amarillo. They found them all down with the flu.

Louis and Ludwig Irlbeck were business callers in Tulia Thursday.

There was a box supper at the school auditorium Friday night. Only a few were present on account of sickness. \$46 was taken in which will be used to pay Miss Toles the music teacher.

Mr. Money, Mr. and Mrs. Jeff McElroy accompanied Mrs. Walter Fogerson and son to Tulia Thursday, when she returned to her home at Silvertown.

J. B. Greenfield was in Tulia Thursday on business.

Harvey Likes returned home yesterday from Gasoline where he has been for some time.

There will be Institution of League Officers Sunday night, Feb. 8, following the Epworth League service every one invited to attend.

Mrs. Gaten and Eldon were Canyon callers Thursday. Miss Vivian returned home with them to stay till the flu dies out.

Friday the Love basketball team came up to play our teams. The Happy girls won by 11 scores and the boys lost. We were unable to learn the scores. Saturday both teams went to Lakeview to play. The girls game stood 8 to 16 in favor of Happy and the boys got beat again. We did not learn the score. Friday, Feb. 20 the girls will play both Love and Lakeview here. Everyone go and cheer the girls up. Help them win.

Mrs. W. S. Cook happened to a serious accident Friday evening when she caught her foot causing her to fall

down stairs. No one was in the house so she had to crawl to the door and call to her son, George who was at the barn. It was some time before she could make him hear. On a rib was broken and she was considerably bruised. She is doing nicely at present able to sit up.

Miss Nellie Francy came in Saturday from Canyon with the flu.

Jess Miller returned the first of the week from Big Spring where he has been on business for some two weeks.

J. F. White and Ernest White were business callers in Tulia Thursday.

Mrs. J. A. Currie and Joe came in Saturday from Arkansas where they have been visiting Mr. and Mrs. O. M. Dalton. Through an error recently, it was stated that they had gone to make their home. Mrs. Currie said she did not see any thing that looked as good to her as the plains. Mr. Currie will return later from Mineral Wells, where he is a present.

S. C. Whitman was a business caller in Amarillo and Canyon Saturday.

Mrs. Stone and Miss Bohmer, two of our teachers are on the sick list. Misses Mildred Zoeller and Vivian Gaten are teaching this week in their places. Miss Mildred's school in the country has been closed this week.

What came near being a serious accident happened last Friday night when Dick Whitley was having his car filled with gas at Mr. Fowler's. He struck a match to see if the gas tank was full. What kept it from exploding, I don't know, but the top and one cushion was burned up. Every one began carrying water and the fire was soon extinguished.

Elzo Guest was a business caller in Tulia Monday.

Mrs. Henderson left Friday for Seminole where she will visit the A.

J. Gasaway family for some time.

W. H. Bellas and Clifford were in Tulia Thursday on business.

J. W. McCrerey and D. L. Adams returned Tuesday from Childress where they have been attending the hog sale.

Mr. and Mrs. E. A. Logan and children went to Lakeview Saturday to attend the basket ball game.

C. L. Grounds is moving this week to the John Logan place which he recently purchased. John Logan is moving to the old Greer place.

E. M. Shenefelt and son Coyal were Canyon callers Saturday.

Mrs. Ora Innis came in Sunday from California where she has been some time. She also visited in Nebraska.

Mr. and Mrs. Miller Currie and Mr. and Mrs. Lester Dillon motored to Canyon Sunday where they spent the day with their mother, Mrs. R. L. Dillon.

The Course of True Love.

Rating—The female of the species beholds a commendable man.

Baiting—The serpenty, enticing ways are set in action.

Fating—The natural results come—cabs, flowers, dances, theatres.

Prating—No explanation needed. Both sides do it.

Relating—Such as: "You are the very, very first, and only."

Grating—This comes when the true natures are found out.

Hating—The "other woman" and another man rent ties asunder.

Re-Fating—But hark! His footsteps seek the old front porch again.

Skating—This is put in for euphony. (It must be winter time)

Stating—The old gag, "Amo te",

Ich liebe dich, et cetera.

Waiting—He cannot sleep; digestion fails him. His tread is feeble, heavy is his heart.

Alleviating—She doctors his condition by a short "you bet!"

Machinating—She immediately grabs his pin.

Mating—The parson gets his due. Here endeth true love.

—Sour Owl.

How It Came About.

A Virginia lad unexpectedly distinguished himself in a recent history examination.

"How and when" was the question put to him, "was slavery introduced into America?"

His reply was: "To the early Virginia colony no woman had come over, but the planters wanted wives to help them with the work. In the year 1619 the London Company sent over a shipload of girls. The planters gladly married them, and slavery was introduced into America."

—Country Gentleman.

F. H. BAUER RETURNS FROM ADVANCE RUMLEY DEALERS' SCHOOL IN LaPORTE, INDIANA

F. H. Bauer has just returned from the Advance-Rumley Thresher company's dealer school at LaPorte. He states that he spent a most profitable and pleasant two weeks as the guest of the Oil Pull company. We will let him tell his own story.

On arriving at LaPorte, we registered and were assigned to rooms with private families in town giving a little touch of home life which only a stranger in a strange land knows how to appreciate.

The school was run much like a large university with regular lectures and laboratory classes running from 8:00 in the morning until 5:00 at night. Lectures were given by some of the best engineers in the automotive industry. After the lectures we would put on our "overalls" and go into the laboratory and work on the machines. There was an enthusiastic group of men working on motors, transmissions, running tractors, etc. We had, altogether, some 250 dealers from all over the United States and Canada.

One man, a Mr. Rosenius, came all the way from Stockholm, Sweden, to attend the school. He represents a company in Stockholm which handles the Rumley Line in Scandinavia, Russia and Poland.

We made a trip through the entire plant, spending a half day in the Oil-Pull and the same amount of time in the Separator factory. Believe me, it is a whale of a plant. The factory alone covers 85 acres and employ, over 2,000 men. Everything is well organized and things sure do run through in a systematic, thorough way.

The spirit within the Advance-Rumley organization is another thing that impressed us. There is a strong sense of loyalty prevailing throughout the whole works which makes the organization seem like one big family. Another instance of this spirit is shown in the Advance-Rumley club which is made up of the Rumley workers. They have a two-story brick building, which they turned over to the dealers. We spent many pleasant hours in the writing room, reading room and billiard rooms, which were so kindly put at our disposal.

This club room was fitted up with a regular stage and everything. We had some great entertainments brought down from Chicago. One night we had the Imperial Quartette which makes records for the Victor company.

Another night we had a boxing entertainment. A regular vaudeville show from the best circuits in Chicago made a big hit. There was a cabaret girl who came down off the stage and kidded us. We will remember that quite a while.

The climax of the entertainment was the banquet given at the Masonic hall by the Rumley company as sort of a farewell party. Some "feed" I claim. During the meal we were entertained by more cabaret—this time by a Hawaiian Hula dancer and an Hawaiian orchestra.

Mr. Bauer is more enthusiastic than ever about the company and its product and states that he is now in a position to give a personal service to his customers that can't be beat.

J. J. Bauer has the agency of the Oil-Pull of Canyon and Happy vicinities.

Of course, your baby is worthy of the best, the most comfortable, carriage to be had.

Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

IT COSTS YOU MONEY

Every day you delay placing your goods before the public is costing you money.

True, everyone may know you are in business—know where your store is, but they do not have the time to run to your store to find out about the new things you are offering and the hundred and one other things that make your store an interesting place to visit.

Many people may be going past your store every day to buy something you could sell them at a lower price than they are paying—and why? The other fellow invited them to buy—that's all. You didn't.

It's the newest Constance Talmage play—TWO WEEKS—At the Olympic Feb. 13-14. Admission 15-35c. 1t.

Gray Dean Foster is home from his school work at Colorado this week, the school having been closed on account of sickness.

Mrs. John Begrin is here from Ft. Worth this week looking after business. She states that Mr. Begrin's health is so much better in Ft. Worth that they have decided to make that city their home and not return to Canyon in the spring as was their intention on leaving last fall.

Rev. M. E. Hawkins and family of Claude spent Sunday at the D. A. Park home.

Rev. Burnett has a new Maxwell Sedan.

Mrs. Geo. W. Masters rode over to Hereford Monday with her parents who were on their way from their home in Panhandle to California to spend the winter.

Miss Ola Lewis was taken to Amarillo Monday for an operation for appendicitis.

THE NEW SPRING SUITS
ARE A DELIGHT TO SEE AND ARE
PLEASING WOMEN PERFECTLY

There is so much latitude for a choice in style, fabric and price—beginning at \$29.50 an all wool blue serge—which is nicely tailored, divided and buttoned—surely an exceptional and satisfactory value under these trying times.

Choosing at \$29.50 to \$59.50 show a wonderful range of practical and serviceable models and some of these are quite Dressy affairs.

SUITS AT \$62.50 TO \$150.00

gives one a wide range of choice models—many of them elaborately braided—beautifully flared in new ways. Altogether by far the prettiest styles we have seen in a long time.

THE NEW HATS AT \$5.00 TO \$10.00

are charming and variety is the keynote. We have large or small shapes and the trimming arrangements are new unique. Other hats \$12.50 to \$29.50.

THE FINEST DRESSES GO FROM \$55.00 TO \$150.00

and are wonderful creations of the finest materials, and exclusive style arrangements.

Tho these are elaborate, they are most wearable and with prove a most pleasant surprise when you come to look at them and try them on.—Welcome!

THE WHOLE STYLE SHOW

holds many pleasant surprises in Dresses, Suits, Shirt Waists and Pretty Millinery—all of which you will want to see and we invite you here to see them.

The Randall County News

Incorporated under the laws of Texas

C. W. WARWICK, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

General Pershing is receiving great honor and applause during his tour of inspection of the camps of this country. The applause is not too great and the honors bestowed are well placed. Several Posts of American Legion have passed resolutions endorsing him for president—some difference between the words of a short year ago, and the actions of today. As a leader of military force Pershing is equal to any man in the world. As a leader of the greatest nation in the world, tangled in economic problems and confronted with business disaster, Pershing might be a failure, which would mean disaster to America. America needs and must have the biggest business man in America for president this year. Its no time for professional politicians, military heroes or literary geniuses. The party which selects a business man with brains enough to run the biggest business in America and nerve enough to tell the politicians and agitators where to head in, will land its man in the White House. If the democrats have sense enough to nominate such a man they can redeem themselves from the blunders of the war; if not, it will be a long while before there is another democratic president.

Texas has done much bragging about its permanent school fund, but Miss Blanton pointed out in the state meeting last week that while Texas spends \$7.50 per capita on education, California spends \$17.50. Texas and Virginia are the only states in the union which prohibit a tax of more than 50c on the \$100 valuation; half of the states have no limit while the other states allow from \$1.00 to \$2.25 on the \$100 valuation. The average salary paid, according to Miss Blanton, is the lowest in Texas. Either Texas is not spending enough money judiciously upon education, or the other states of the union are wasting their appropriations. By the number of teacherless schools in Texas, it may be reasoned that the state will have to spend more money on education, or the state will suffer in the next generation when its boys and girls have to meet and combat the better educated boys and girls from other states.

Joe Bailey is going to make a grand effort to control the state convention in May which will send delegates to the national convention. If he controls the state convention, bitter resolutions will be adopted condemning Wilson and the administration for everything progressive done during the past eight years. The delegation to San Francisco will be composed of men opposed to the democratic administration and in this convention they will vote for the restoration of the old order of things. Of course Bailey cannot put over such a program, but there is a fighting change that he might unless every progressive democrat in Texas attends the precinct and county conventions and see that the right kind of men go to the state convention.

Viscount Grey's letter caused a great sensation in Washington. Like great public letters, it is possible for varied interpretation, and the politicians have their interpreters at work. To the man opposed to the treaty the letter is a slap at Wilson and the text of the treaty; to those upholding the treaty it is an endorsement. It is a great deal like the war Germany has bragged about just winning. But when Lloyd George spoke out in meeting he let it be known that it was not the voice of the English government condemning America, and paid a great tribute to the deeds of this country during the war. And perhaps his suggestion that England was not going to meddle with American internal questions might be accepted as a gentle hint by those in America who are just determined to make Ireland a sister republic.

The casket makers of America are opposed to the removal of the bodies of American soldiers from France to America. The American Legion Posts are passing resolutions against it. The idea is very, very bad, and is opposed by a majority of the parents of the fallen heroes.

J. M. Adams editor of the Plainview News, has announced as a candidate for the legislature from this district. Jesse's friends accused him of getting a political bug last summer when he went to Austin as a clerk in the house. He loudly proclaimed that he never had been a candidate and never would, but the bee stung so deep while he was in Austin that the patient never recovered, and today we have him with us as a candidate.

Nine hundred Germans are wanted by England, France and the other allies. The United States is asking for the punishment of no Germans. We hope the allies will be more successful with their demands than they have been in hanging the kaiser.

Trades Day was spoiled by the bad weather and much sickness. Begin now to make your plans to attend the big one Canyon is going to pull off next month, and each month following during 1926.

Editor Smith of the Clayton News got the stuffin' beat out of him last week for exposing a local profiteer. This up-lift business always did have poor rewards.

Hon. A. B. Davidson is dead. He will be remembered in Canyon as the man who did more than any other man to bring to this city the West Texas State Normal College.

The French franc is getting almost as useless in buying American dollars as the American dollar is in buying something to eat and wear.

If April showers bring May flowers, Panhandle February rains may be counted on bringing big wheat crops.

Wayside Items.

Weather is pleasant. Light shower early Monday morning. Clouds soon passed and sunshine again.

Threshers are running, much yet to be done, probably be spring before the row crops are finished.

Many cases of flu; a number are improving, some just taking it. No fatalities in these parts that we are aware of.

Misses Pixler and Schweizer have closed their meetings on the plains for the present and expect to leave Happy for Lampasas Monday the 9th. They were good helpers in taking care of the flu sufferers. Neither were

quite well when they left.

Martha Elizabeth Baker was born at a hunters camp called Cedar Spring but now called Cedar Avenue in Dallas Texas, March 18, 1846, and died in Armstrong county February 2 at 3:40 a. m. She was married to R. B. Rogers Feb. 28, 1866. She has been afflicted for some years. Her last trouble was paralysis, suffering a severe stroke on Thursday before passing away on Tuesday. Aunt Mattie professed religion at 13 years of age and joined the M. E. Church South and remained a member till her death. She was tenderly laid to rest in Wayside Cemetery Tuesday afternoon. Funeral services were conducted by Miss Cora Pixler. She leaves a devoted husband and six living children (three dead). The living are Wm. Rogers, Guymon, Okla.; Chas. Rogers, Wayside; Silvester Rogers, Truesdale, Okla.; Mrs. Mary Elkins, Clay county, Texas; Jesse Rogers, Vernon, Texas; and Mrs. Lizzie Wesley, Wayside. Uncle Reuben Rogers has the sympathy of every one in his deep bereavement. For five months he nursed his sick wife with untiring fidelity. He says home will never be the same any more. He visited some days with his good friends, Mr. and Mrs. Jim Wesley before going to Guymon, Okla. to visit with his son and grand children there.

J. S. Sluder carried his mother, Mrs. Ida Sluder to Amarillo to visit with her daughter, Mrs. W. R. Franklin. They have all had the flu. Mr. Franklin and Roy are better, Mrs. Franklin still quite indisposed.

M. C. Sluder and Lowe McGehee made a trip to Amarillo Friday.

W. J. Sluder and Marshall Butler visited friends in Amarillo Sunday.

Card of Thanks.

As it would be impossible to thank each of our many friends individually for their many kind deeds and words in our sad bereavement and loss of our daughter and sister, Nona, we take this method to thank all our friends for their acts of kindness during her illness and death for the beautiful floral tokens as their last words of love for her. Especially do we wish to express our appreciation for the untiring efforts of Mr. and Mrs. J. D. Key, who did all that was possible to keep her with us. With these few words we wish to thank one and all.

MR. and MRS. E. S. BAKER and CHILDREN.

What Strikes Cost You.

We would have had 2,000,000 more pairs of shoes during 1919 if it were not for one thing.

We would have had nearly 3,000,000 more tons of coal—were it not for the same thing.

We would have had nearly 16,000,000 more shirts, 19,000,000 more pairs of overalls, 8,000,000 more board feet of lumber and a great deal more of a great many other things—were it not for the same thing.

Because of this one thing we have had less of most things and we have paid more for the things we have had.

And that one thing was STRIKES! This is disclosed by an article in the February number of the American Magazine on "What Strikes Cost You in Money", by Rogr W. Babson.

NOT THE ONLY ONE.

There Are Other Canyon People Similarly Situated.

Can there be any stronger proof offered than the evidence of Canyon residents? After you have read the following, quietly answer the question.

J. A. Carr, county road Supt., Canyon, says: "For six or eight months I had some trouble with my back and kidneys. My back was sore and stiff a great deal of the time and mornings when I first got up it was especially so. My kidneys were very weak and acted entirely too often. I saw Doan's Kidney Pills advertised with such good results that I began using them. Right from the start I was relieved and they seemed to fix my kidneys up and relieve me of all the soreness in my back."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carr had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

PLAINS-PANHANDLE STAGED "COME-BACK"

Wonderful Season Closing and New One Starting—Abundant Water Greatest Asset.

—Frank A. Briggs in Dallas News.

The Plains and Panhandle, and, in fact, all of West Texas, have staged a "come-back" not excelled in point of time or in completeness of rejuvenation by any section of the United States. The drought of unexampled severity and duration is already history. The debts contracted by banks, merchants and individuals are paid; there is flour in the bin, coal in the cellar, grain and feed in store and money in the bank. There's a happy and prosperous people with backs turned to the past and faces to the future—predicting wonderful growth and development in all lines of endeavor.

The Plains and the Panhandle, or that portion of Texas west of the cap rock, with its altitude ranging from 3000 to 4000 feet; its vast sweeps of prairie; its break and canyons and its most wonderful supply of shallow water, cold and clear, is prosperous. Prosperity is sticking out everywhere. It is plainly in sight and you run into it around every corner and on every country road. It sticks to every citizen of average intelligence and industry unless he has been greased with the oil found in other sections and it slips off.

Experienced in the cultivation of a large acreage for normal rainfall, the farmers in this section reduced the area in cultivation only in cases where the scarcity of farm labor made it necessary. It is much easier to prepare, plant and cultivate a large acreage in the Panhandle-Plains country than it is in other portions of the State, but when it comes to harvesting and caring for the matured crop it takes about as much labor here as anywhere else, and this labor was not available. This shortage of farm labor in connection with much wet weather made the gathering of crops a problem difficult of solution. It was not solved satisfactorily and while a larger quantity of grain and feedstuffs than ever before raised has been saved, there yet remain thousands of acres unharvested which is deteriorating with each passing day.

Throughout this entire country threshers are as busy in February as they are in most countries during the fall months. The various kinds of maize has stood in shock all winter and the weather has changed the outside of these shocks to a dirty, mouldy color. Inside of the shocks, however, the grain has been fairly well preserved, and each day sees thousands of bushels of kafir corn, milo maize, sorghum and Sudan seed saved. A continuation of dry weather for three weeks longer will permit the threshing of most of this grain.

Most of the wheat has been threshed, but only a portion of it has been moved. It is estimated that it will take from 12,000 to 15,000 cars to move the grain in the Plains and Panhandle that is now ready for the market. The amount that has spoiled is very large. The deterioration in grade and consequently in price will amount to many thousands of dollars. The absence of cars and a volume of business beyond the capacity of the transportation companies is largely responsible for this loss.

Earlier in the season the town people, anxious to see the farmers save as much of the fruits of their labor as possible, voluntarily closed their places of business and went to the fields. Preachers, teachers, pupils, merchants and professional men of all classes joined the army of laborers, and in this way much cotton and grain was saved. There is yet much to be done in the way of harvesting and saving crops before the farmers can prepare the land for the 1920 season.

The Plains-Panhandle section has not yet outgrown the big ranch. It is true that attractive prices for farm lands has induced many to sell their large pastures for agricultural purposes. The development of cities and the work of colonization agents have brought about the transformation of the pastures located convenient to the cities. Without free ranges and with greatly reduced acreage in pastures, the ranchers have, in turn, become farmers and cultivate many acres. Yet the cowboy is not extinct, though he may live in town and drive a big car. His interests continue with the ranch and his bunch of cattle—mostly thoroughbreds of good grades.

The few adverse years greatly reduced the number of cattle on the ranches and almost depleted this country of hogs, but, like other lines of industry, they are "coming back". All live stock is in excellent condition and grass as well as feed is plentiful. The number of cattle has been increased by purchases and the calf crop a promising feature. Hogs are being imported and within another

year the live stock interest will again take its old rank.

The greatest and most valuable of all resources of that part of Texas lying above the cap rock is its abundance of soft water at a shallow depth. In the region of Amarillo and north this water is found at depths ranging from 180 to 225 feet. It is known as sheet water, the origin of which has not been definitely established. It is called sheet water because it apparently does not make any difference where a location is made, water is always found. It is soft water with a minimum of mineral matter.

Miss Mary Wooten is the guest of her brother, W. J. Wooten and family for a few days.

Misses Era Wall and Leona Sears of Hale Center are the guests of Miss Lydia Battenfield this week.

Mr. and Mrs. J. Grady Holland and Misses Carl Hensley and Susie Stewart motored to Amarillo to spend a few hours with friends.

Making Hams and Bacon at Home.

Anyone who is fortunate enough to have hogs to butcher can have meat at home that is superior to any packer's product, hams and bacon of fine flavor and color well marbled and juicy.

Meat can be cured more easily if the butchering is done at a time when the weather is not extremely cold, just barely freezing at night. When the carcass has cooled, trim the joints and sides and lay them on a table or salt down in a box. On the flesh side of each ham or strip of bacon sprinkle about a teaspoonful of saltpeter, or until the surface appears as if lightly frosted. Large hams will require more than a spoonful. Cover the surface well with salt and brown sugar, in the proportion of three pounds of salt to one of sugar. This covering of salt and sugar should be about a quarter of an inch thick. Molasses may be used instead of sugar. The object is to improve the flavor and retain the natural juices. Pack the meat closely, and allow it to remain thus for a week, when it should be taken up and resalted with the sugar and salt.

The length of time meat should remain in salt will depend on the weather. If mild weather prevails so that the meat is not frozen nor the salt caked, it should take salt in about twenty days or less if the pieces are not exceptionally large. When it has lain in salt long enough, dip each piece in boiling water for thirty seconds in order to quickly dissolve the salt as well as to sear the surface slightly. Hang up, and begin to smoke with hardwood chips or corn-cobs. Paint the surface of each ham with molasses to which has been added finely ground black pepper.

The old-fashioned smokehouse was not always a success—it was too large. Much better is a large box or hoghead in which the meat can be hung closely. A stove should be placed at some distance, with the pipe running in at the bottom of the smokehouse. Thus you will get all the smoke without the heat from the stove. The smoke escapes slowly through holes in the top. Smoke for two hours every day for ten days or two weeks, when the meat may be packed away or left hanging. It is much safer to pack meat in some way so that insects cannot reach it. If the smoking has been done after insects have begun to fly in the spring, the meat should be dipped in boiling water to destroy eggs that may possibly have been deposited, then each piece wrapped in paper, and packed in a box with dry ashes, straw, or other absorbent material. It may also be put in sacks and hung where it is dry and cool. Never store meat in a damp cellar, and always, when packed, have some absorbent material about it.—H. F. Grinstead in Farm and Fireside.—The Swine World.

HENSTITCHING AND PICOOT EDGING

carefully done. On or about the 15th I will have a hemstitching machine and will be glad to do your hemstitching. Include some in your spring wardrobe and give me a trial order. If not convenient to bring to the house, leave it with Mrs. C. M. Hunt, the dressmaker. Prompt attention given to all orders.

My Dog.

I keep my dog behind the barn—
Under the old tool shelf;
He was such a little fellow,
An' he came to me all by himself.

I made a little bed for him,
'Cause he uz thes one big sore
From people throwin' rocks an' things
So he wouldn't come no more.

I all'us had to keep him tied
So he wouldn't make no noise,
'Cause Ma she never understands
That dogs is so like boys.

He must 'a knowed I hided him,
For he never made a sound,
And them sores they hurted dreadful,
They was on him all around.

I'd had him most a month or more,
An' he was growin' fine—
'Ceptin that in both his eyes
That he was purt' nigh' blind.

One day when I got home from school
An' went to hunt him up,
I found his little rope untied,
But I couldn't find my pup.

And Mag, our cook, she told me
That when my dog Ma found,
She took a stick and chased him off
While I was not around.

I found him by the railroad bridge,
An' he thes looked at me an' sighed,
But when I took him in my arms,
My little dog—he died.

—Lizzie Kate Smith.

—From The Prairie.

A Little Child Shall Lead Them.

The train had stopped in a small village. Interested in all new passengers, I glanced up to see those who entered the car. A woman with a baby in her arms was trying to persuade a fair haired little lassie to "wait a while" for a drink. When they were seated, the little girl questioned her mother frequently. She talked of mysterious "Santie" and about when she would hang her stocking up. "Why doesn't Santie come now?" she asked. Her mother explained that Santie would have to come down a chimney. The little girl seemed to be worried about something. "But what will the poor people on the train do?" she asked. Her mother's repeated assurance that we should get home sometime that night did not satisfy the child. She still seemed sorry for us because she thought we would have no visit from Santie that night. All at once, however, she smiled and whispered her decision to her mother, who opened a worn suit-case. She gave the child a small silver star, which bore prints of the child's fingers that had made it. Laughing with glee, she tied it to the shade. She seemed satisfied then and waved her tiny hand at it when she and her mother left the train. It was now about sunset. The gaily colored skies were decked with their Christmas robes. The star of the child shone brightly, harmonizing with the Christmas skies. An old man looked across the aisle at it and smiled. A woman worn with care found comfort in the star. A little child reached out his hand for it. Out of the corner of his eyes, "Seventeen" saw it and self-consciously shuffled his feet. And I also caught a ray from that star—a star made by the hands of a little child.

—Mary Clark, English 35.

—From The Prairie.

Somebody could make a fortune by going into business to sell those moderate-priced goods which dealers say the people do not want. — Albany Journal.

LITTLE WANT ADS BRING RESULTS

Mighty Good Hog Sale.

That it is entirely unnecessary for any person desiring first class, pure bred hogs, to go outside of the Panhandle to get them, is manifest from the following account of a pure bred hog sale held in Childress, last week, taken from the Childress Post:

When the registered Duroc sow sale of Alexander, Michie & Jones was first advertised everybody expected it to be one of the best ever held in Childress county but it is unlikely that even the most optimistic member of the firm anticipated that they would set new records for the entire Southwest in three important particulars, viz: number of hogs sold, quality of individuals sold, and average price obtained. However, this is the strong claim now made by those posted on the subject and there are probably none to contest the honors.

The enterprising proprietors of this famous hog farm spread a fine barbecued dinner of bread, meat, pickles and coffee for their guests promptly at the noon hour and after everybody had eaten heartily there was much left untouched. This free feed is considered a good business stroke, for it is no doubt true that a man who has just eaten a big meal, entirely without cost to himself, is usually in a good humor with the world and not at all inimical to buying a fine pig and paying a good price for same.

The sale opened with plenty of snap and not many pigs had been passed through the ring until the figures were running around \$750 and \$800. The climax was reached when the great champion sow was ushered in. Almost before the spectators realized what was going on, bids were up to \$1500 and continued to soar until she was knocked off on Geo. P. Lillard & Sons of Arlington, Texas, for the handsome price of \$1,750.

Mr. Lillard proved the highest bidder at the sale but R. E. Prewitt of Happy, Texas, showed his mettle by taking off some of the best stuff offered. Next to him in buying stood W. D. Wright of this city. He is rapidly building up a fine herd and annexed a number of fine individuals at this sale.

After the auction was over the proprietors of this farm made several good boar sales, refusing some fancy prices for individuals they had selected for their show herd.

The total amount of the sale runs above \$16,000, which is thought to set a new record in this state and the entire Southwest.

Many visitors were present from Oklahoma and distant parts of Texas. Among these were Secretary A. L. Ward of the Texas Swinebreeders Association and Joe Haaga, assistant secretary of the National Record Association.

The visitors all went home highly pleased with the sale and it is apt to

be the talk among hog men of the country for many days.

Below will be found a list of sales:

The Bolshevik movement in America is assuming the guise of a Back Home Movement.—Columbia Record.

Notice.

STATE OF TEXAS.
To the Sheriff or any Constable of Randall County, Texas—Greeting:
YOU ARE HEREBY COMMANDED to summon H. L. Tracy, Nellie C. Brewington, C. G. Jackson, W. C. Randall, and wife, Allie E. Randall, and Joseph C. Baker, and the unknown heirs, their heirs and legal representatives of the said H. L. Tracy, Nellie C. Brewington; C. G. Jackson, W. C. Randall, and wife, Allie E. Randall, and Joseph C. Baker, deceased, by making publication of this citation in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Randall County, to be holden at the Court House thereof, in Canyon, Texas, on the fourth Monday in February, 1926, the same being the 23rd day of February, 1926, then and there to answer a petition filed in said court on the 20th day of January, 1926, in a suit number on the docket of said court, No. 893, wherein Wilford Taylor is plaintiff, and H. L. Tracy, Nellie C. Brewington, C. G. Jackson, W. C. Randall, and wife, Allie E. Randall, and Joseph C. Baker, and the unknown heirs, their heirs and legal representatives of the said H. L. Tracy, Nellie C. Brewington, C. G. Jackson, W. C. Randall, and wife, Allie E. Randall, and Joseph C. Baker, deceased, are defendants, said petition alleging that plaintiff is the legal and equitable owner in fee simple title to and in possession of the following described lands and premises situated in Randall County, Texas, to-wit: All of the southeast quarter of Section or Survey No. 131, in Block B-5, located by virtue of Certificate No. 15-3605 issued to the Holston & Great Northern Railroad Company, and patented by the State of Texas, to the Texas Land Company, assignee, by patent No. 323 Volume 61, and containing 160 acres of land, more or less; and that his title thereto is clouded by reason of the following: Said land was conveyed to Nellie C. Brewington, and by Walter Brewington, and wife, C. Nellie Brewington, to O. P. Slack, and it is alleged that Nellie C. Brewington and C. Nellie Brewington is one and the same person; that said land was con-

veyed to H. L. Tracy, and there is no conveyance from him to any one, but same was conveyed by his father, George H. Tracy, as sole heir at law, there being no legal proof of heirship, and plaintiff alleges that any title vested in said H. L. Tracy is now owned by him; that said land was conveyed to C. G. Jackson and by Charles G. Jackson to W. C. Randall, and by W. C. Randall and wife, Allie E. Randall to Joseph C. Baker, and said Baker later conveyed said land, but that the acknowledgments to the deeds of Jackson, Randall and wife, and Baker are defective; that by reason of the facts aforesaid it appears that the defendants may have some claim, right, title or interest therein, but said matters are only apparent and not real. Plaintiff prays for judgment for the title and possession of said land, and removal of clouds from his title against defendants and each of them.

HEREIN FAIL NOT, But have before said Court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

WITNESS, O. W. Gano, Clerk of the District Court of Randall County, Texas.

Given under my hand and seal of said Court, in Canyon, Texas, this 20th day of January, A. D. 1926. (SEAL) O. W. GANO,

Clerk of the District Court of Randall County, Texas.

A true copy I certify.
WORTH A. JENNINGS,
Sheriff Randall County, Texas.

INTERNATIONAL TRACTOR DISC HARROW

LEVERLESS—NOT A LEVER ON THE HARROW—AUTOMATICALLY OPERATED FROM TRACTOR

The first thing you will notice about the International leverless tractor-disc harrow is that it has no levers. In that respect it differs from any other tractor disc now being marketed. The entire operation—setting the gangs, changing the angle, straightening up and turning corners—is handled by the man on the tractor, and for the most part without stopping.

Back Into Angle.

To secure the proper angle, the driver backs his tractor four or five feet. This determines the amount of angle that the gangs will assume on both front and rear harrows when he goes forward. It is done with a sliding hitch held in the stub tongue. There are four notches in this hitch, thus giving four degrees of angle to the gangs. The driver can take little or much angle, as desired. The same operation applies to the rear section. Having backed up, he goes forward, and as the harrow starts, the gangs automatically assumes whatever angle was given them. Nothing could be simpler or easier to handle.

Back Up Any Time.

If you run too far into a fence corner, or for any other reason wish to back up a few feet—you can do so by reversing your tractor. The harrow will take care of itself by automatically straightening the gangs as the tractor comes back.

No Stop For Wet Spots.

Wet ground should not be disced because of the danger of drying in hard lumps, but if there is a wet spot in your field you need not go around. Simply pull on the ropes which hang from the tractor seat and the disc gangs straighten up automatically, rolling through the wet ground without turning the soil.

You do not stop nor leave your seat. The action is automatic. After you are through the soft spot you again get your angle and resume work. A real tractor disc.

Strong Durable Construction.

A tractor harrow must be stronger than a horse harrow because it gets rougher treatment. It must be built to stand the strain of the powerful tractor pull. The International leverless tractor disc harrow has been designated solely for use with tractors and has been constructed accordingly. Heavy angle steel is used for the frame, and the backbone of the rear harrow is a single piece of high-grade bar steel formed into an arch that extends from one gang to the other. The effect of the soil resistance is offset in this way. The front section does the heaviest work and is, therefore, built extremely simple and strong.

Turning Corners Is Easy

When turning around, you need pay no attention to the harrow. It automatically takes care of itself. The hitch between the front and rear sections consists of two strong draft arms that pull outward from the front corners of the rear frame. When making a turn these draft arms slide backward through the rear frame to permit both sections to circle sharply without twisting or cramping the harrow. The International tractor harrow will safely turn as sharp as the tractor can turn. When working, the diverging draft arms hold the rear harrow rigidly in line on rough ground so that the disc blades cannot track those of the front harrow.

Large Roomy Weight Boxes.

Both front and rear sections are regularly provided with large size angle steel weight boxes.

THOMPSON HARDWARE CO.

UNITED STATES ARMY CONTEST FOR SCHOOLS

A TRIP TO WASHINGTON; ALL EXPENSES PAID; FEBRUARY 20, 1920.

Here is the plan:

On April 19 next, a board of judges consisting of Secretary of War Baker, General Peyton C. March and General John J. Pershing, will announce to the awaiting juvenile world the names of three boys or girls who on February 20, 1920, wrote the best essays on the subject: "What are the benefits of an enlistment in the U. S. Army?"

Then on May 5, 1920, these three boys and girls, accompanied by parents or guardians (railroad fares and all expenses paid to Washington and return for both winners and parents), will be presented with medals by Secretary Baker himself.

Gold medal, suitably engraved, to the winner of the first prize.

Silver medal, suitably engraved, to the winner of the second prize.

Bronze medal, suitably engraved, to the winner of the third prize.

In addition, three beautiful silver cups, suitably engraved, will be presented to the winners by Secretary Baker to be carried back home by them as prizes for the schools they attend.

The contest is under the auspices of the War Department, but the newspaper, "Come Back", the official organ of the Walter Reed Hospital in Washington, asked permission to purchase the prizes. This permission was granted and the school children are really competing for prizes that were provided by maimed and injured soldiers now at Walter Reed Hospital.

There is no age limit in this contest and the little seven-year-old girl in Santa Barbara, California, has the same chance of winning a prize as has the nineteen-year-old high school boy of Baltimore.

New York state has many times the number of school pupils that Nevada has, yet the chance of producing winners in each of these states is exactly the same.

Essays will be written in the classrooms Friday, February 20, 1920, from notes if desired.

No essay will be more than four

hundred words in length.

Pencil, or pen and ink, may be used, but the essay will be written on only one side of the sheet.

Essays will be judged strictly on a basis of (1) originality, (2) expression, (3) sincerity.

Each school will be the judge of its own product. The principal of each school will appoint a board of three judges to select one essay as the entry from his school. He will then forward the entry, not later than February 27, 1920, to the army recruiting station nearest his school.

The District recruiting officer will appoint a board of three judges to pass on the essays submitted by the schools of his district. One will be selected as the best and will be forwarded to Washington as the District's entry.

From the entries of the fifty-six districts Secretary Baker and General Pershing and March will select three national winners. These winners may be boys or girls, of any color, of any age.

Ask your father or your brother to tell you something about our new, democratic peace time army. If they do not know, write to the nearest recruiting station for literature.

It may mean a free trip to Washington for your mother and you, with a medal for yourself and a beautiful cup for your school and you'll be envied by millions of children. It's the chance of a lifetime!

The headquarters of the El Paso Recruiting District is 218 West Franklin Street, El Paso, Texas.

The local Army Recruiting Station is room 348, Federal Building, Amarillo, Texas.

Mabelle (a late Texas citizen): I'm drawn on the grand jury.

Vivian (gravely): So am I.

Mabelle: Our responsibility will be heavy.

Vivian: I realize it. What shall we wear?

Wants Government Park.

A movement is on foot to establish a Game Preserve for big game in Northwest Cimarron County, Oklahoma where the state now owns 25,000 acres of grazing land, which is segregated for oil and gas. This magnificent tract of land is all in one block, and is specially adapted for the propagation and protection of wild game. The scenery is good, the tract is watered thruout by the Cimarron river, and there are abundant sites, where dams can be put in which will make ideal fishing resorts. This tract of land would make an ideal breeding ground for buffalo, elk, deer, antelope, and the smaller game animals. In a few years it would make a second Yellowstone Park, and would be a delightful place for the people of the plains to take an outing. Such a park would attract a nation of tourists, who would leave behind them a stream of gold.

It is hundreds of miles to the nearest game preserve, and northwest Oklahoma is entitled to such an institution.—Stratford Star.

No Failure Here.

"If we farm right, we need not fear a failure on a dry-ranch," says one of my good neighbors. He plows nine inches deep in the fall, right after harvesting and then discs, and harrows in the spring. Tillage is kept up all summer and wheat is drilled in the first of September. Last year he had seventy acres of Turkey Red wheat and ten acres of spring barley, the wheat running 34 bushels to the acre and the barley fifteen bushels. Other neighbors raised eighteen bushels of wheat and ten bushels of barley to the acre, but they did not farm

as this man did. He used the mold-board plow, disc harrow, smoothing harrow and press drill. The drouth did not effect his crops in quality and very little in quantity.—Field and Farm.

Did the Shoe Men Sing "Lover of My Soul"?

Groups of tradespeople who attended a revival meeting being held in Pratt, Kans., at a special business men's meeting were invited to choose their own hymns, each group standing and singing its choice.

The grocers started off with "Help Somebody Today". Then followed: "Think on Thy Way", by the automobile men;

"Sweeter and Dearer", by the restaurant, hotel, and bakery folks;

"Yield Not to Temptation", by the lawyers;

"Wash Me Whiter Than the Snow", by the laundrymen and dry cleaners;

"The Great Physician", by the doctors;

"Does it Pay?", by the bankers;

"The Home Over There", by the real estate dealers;

And the services closed with "I Love to Tell the Story", by the newspaper men present.—Ft. Worth Star Telegram.

Happy Happenings

Mr. and Mrs. P. J. Neff, Mr. and Mrs. Wm. F. Miller attended the show "Pollyanna" in Canyon Wednesday night.

J. H. Garrison and Boyd Bates were Tulla callers Thursday.

Tom Mitchell has been laid up again with rheumatism.

The flu is getting better here now. Only few new cases reported the past week. There has been no deaths resulting from it. Several are still having the mumps.

M. B. McManigal and son Ervin were business callers in Canyon last Thursday.

J. A. Currie came in Saturday from Mineral Wells where he was taking treatment.

Mrs. Miller Currie and Miss Grace White attended "Pollyanna" in Canyon Thursday. It was well worth attending.

Charlie Mitchell died Saturday night at the home of his father at Tulla from stomach trouble. He has suffered from the disease for several years, having had six operations. He has resided on the plains a number of years and was well known. At the present he was running a garage.

Mr. Mitchell leaves a wife, father and mother and several brothers besides other relatives to mourn his death. We commend the sorrowing loved ones to Jesus who alone is able to heal the broken hearted. The bereaved have the sympathy of the entire community. He was buried at Tulla.

S. C. Whitman and C. R. Strong were Canyon callers Thursday and Friday. They were having some dental work done.

J. R. Franey took Miss Nellie back to school Wednesday. She came home last week with the flu.

Mrs. Stone and Miss Bomer were able to resume their school work Monday.

Miss Mildred Zoeller opened her school Monday after being closed last week.

Mrs. Miller Currie was called to Canyon Friday by the illness of her mother, Mrs. R. L. Dillon. She was better and Mrs. Currie was able to return home Saturday night.

Mrs. Charlie Mitchell came home Monday evening from Tulla, accompanied by her sister, Mrs. Spears. Mrs. Mitchell will dispose of her property here and make her home in Tulla.

Little Miss Dorothy Loe made her arrival at the home of Mr. and Mrs. George Lash Saturday, Feb. 7.

Charlie Burgess came in Wednesday morning from Georgetown where he has been with a car of mules.

Following is the Epworth League program for Sunday, Feb. 15, 1926, at 6 o'clock:

Leader—Elmer Wallberg.

Songs.

Prayer—concluding with the Lord's Prayer.

Subject—What Prayer will accomplish.

Scripture Lesson—Ps. 34, 1-22.

Address—By Leader.

Song, short talks.

Prayer affords a vent for the distresses of God's people.—Cecil Sanford.

Prayer will revive memories of past mercies and thus strengthen faith.—Ural Banard.

Prayer will bring about an understanding with God.—Willie Grounds.

Prayer will bring a spiritual glow and serenity of our mind that others will become aware of.—Elli Aikman.

Prayer develops faith from small beginnings.—Ethel Sanford.

Sentence prayers by several Leaguers.

Prayer brings a strengthening for doing the will of God or suffering it to the full measure.—Lois Whitley.

Prayer enables us to intercede for the salvation of others.—Gladys Franey.

Prayer for the forgiveness of sin when made by the sinner is answered.—Erwin McManigal.

Prayer will procure temporal blessings and the healing of our diseases.—Claire Miller.

Prayer for growth in holiness both for ourselves and others will accomplish our sanctification.—Emmitt Grounds.

Special Song.

Prayer in the hymns of the church.—Grace White.

How I know that prayer is answered.—Lois Wallberg.

Song; Announcements; Benediction.

Back To France

Corpus Christi Times: M. E. Leonard of the Times mechanical force received a letter from Monsieur Viellard and family today, from Chinon (Indre-et-Lore), France, inclosing several pictures of the family and Mr. Leonard and his soldier companion, taken while these American men were in France last winter. Cordial greetings and good wishes were sent from the two small sons, who were great favorites with the American soldiers.

State Press in Dallas News.—We bet M. E. Leonard would like to go back to France for a few days, in regular clothes and on his own account. We bet he would like to visit again the house of M. Viellard and family, and stroll over the fields and roads he once knew under very trying conditions. We bet every American whose conception of France was founded upon mud and rain and toil-some marches and barbed wire and irregular eats would like to go back there for a little while and see the country and the people with the eye and sympathies of an American citizen paying his way and taking his time, without a pack on his back and guns to tote. He would like to see the French men and women and children as they are, in contrast with what they were under the circumstances of war. If State Press ever goes to Congress he will introduce a measure providing for a free round-trip ticket from America to a French port for every American soldier who served in France.

Just as every mature man longs at times for a sight of the home which was his in childhood, so must every doughboy yearn at times for another sight of the terrian (we had almost forgotten that word) over which he struggled in the Big Push.

Where The Profits Go

Joseph Pulitzer has made the St. Louis Post-Dispatch a great newspaper and the New York World a greater newspaper. "The woolen trust is making \$12,000,000 and \$15,000,000 a year, instead of the \$2,770,000 (on a capitalization of \$22,000,000) it made in the last year prior to the war. The price of leather trust stock has doubled. The cotton, the lumber, the coal men are coining money at a rate that can only be explained as a robbery of the public; and the sugar men are playing the greatest get-rich-quick game in America", is the indictment returned by the Post-Dispatch. This is another indictment by the same paper: "Mr. Palmer at the time he spoke before the National Chamber of Commerce in this city three months ago was going to put down the profiteer right away. Something seems to have happened to divert his attention. Since then the average price of twenty-two necessities has gone up 2.6 per cent." The Post-Dispatch is a Democratic paper. Its publishers and editors are Democrats.—Ft. Worth Record.

Card of Thanks

I wish to thank the people of Canyon for their many kindnesses during the illness and death of my wife. Words cannot express my gratitude for the assistance they gave. I am under special obligations to the members of the I. O. O. F. lodge for the assistance they gave me.

J. S. McCORMICK.

A Joke-Writer to a Misanthrope.

You say that there is Nothing left To joke about,

The funny things Have long ago Been spoke about:

Weird Irishmen, Dutch Cheeses, And the Fat Policeman wheezes— All the subjects that Hired humorists Still croak about.

You think we should Proceed to draw A cloak about

All topics you've Begun to fume And smoke about: Spooney folk, rubes and chickens, Once as funny as the dickens, Are old enough

To make you feel Heart-broke about.

You tell us to Be sensibly— Awoke about

This threadbare stuff You scold us Writer-folk about,

And we don't (we must confess it) Laugh so very much, unless it Be at you who think

There's nothing left To joke about!

—T. R. L., Delineator.

FARM WOMAN LABOR.

It is as difficult for farm women to secure hired help as it is for the farm man. And no one will deny that help is needed as badly within most farm homes as it is on the farm.

The one unfair condition that has existed too long is that which relates to household drudgery in too many farm homes. According to reliable statistics the average housewife on the farm works 11 hours every day and holidays and Sundays are not excepted. Farm surveys, too, indicate that labor-saving devices exist in far less degree in farm homes than on farms. It is common knowledge that many farmers will buy every improved machine while the housewife continues to use the old fashioned washboard or old style washing machine.

It is time for a change. Inventive geniuses have devised means whereby housewives can perform the duties of the household and yet have time to spare, during which they can enjoy the automobile and ride to town or to visit with some distant neighbor.

There is no need any more for the old fashioned pure air destroyer, the coal oil lamp. The modern farm lighting system lights, the farm home with a radiance equal to that of the city store and with the system comes the electric sweeper, the electric washer, the electric iron, the electric mangle, the electric refrigerator, the electric toaster and many other conveniences—all electric—that add to the joy of living on a farm.

If improved machinery will make the farm more efficient, then improved machinery will also make the home more efficient, and if the household labor is not as important as the farm labor, then our ideas of farm life need to be made over.

We live in an age of improved machinery—an age when light from gas and from the electric wheel can be had with little cost when cost is considered from the viewpoint of convenience. Surely the home is entitled to consideration when improvements are to be made.—The Dairyman,

He Was There.

Our Louisville Optimist club held a quiz and two newspaper reporters, informed that they were members of the fourth estate, were asked, "What are the other three estates?"

"I don't know", replied one Poor Fish.

"First, second and third", triumphantly replied the other bright young historian of current events.—Chicago Tribune.

"Say, what's the matter with that fellow?"

"Gray matter, as close as I can figger."

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips of Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure—from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be

reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.
