

## PETITION ASKS FOR \$40,000 COUNTY HOSPITAL

### FAIR ASSOCIATION WILL BE FORMED

Committee Will Select Site—Permanent Buildings Will be Erected for Big County Fair.

At the meeting of the Randall County Commercial League Tuesday night, the first steps toward a permanent Randall County Fair Association were taken in the appointment of a committee to find suitable grounds for the purpose of leasing for a period of ten years.

The question of a location will be threshed out carefully by the committee. The best place available will be selected, both with a view of making the best mile race track, and accessibility for the people of the town and county. The committee has asked several land owners and have expressed a willingness to lease for a period of ten years.

It was the sense of the meeting that it would be better to lease rather than buy the land. The original cost of the investment in a straight buy would be more than the committee could handle for the first year, with the building of permanent buildings and putting on a first class fair.

It is an assured fact that permanent buildings will be erected for next year if a lease may be entered into. The cost of temporary equipment is too much and the amount of work under temporary buildings is more than those in charge wish to assume.

When the lease is completed the race track will be constructed. Sheds for the exhibits will be contracted for to be ready by the opening date of the fair, superintendents of the various departments appointed for next year, and general arrangements made for the biggest fair ever held in the Panhandle.

Those who attended the meeting were highly enthusiastic over the prospects of a great exhibit next year.

The location committee consists of J. W. Kleinschmidt, M. A. Henson, Fred H. Ives, H. C. Roffey and W. J. Flesher.

### BUILDING DAIRY BARN AT NORMAL, HOUSING 15 HEAD

The frame work is up for a 30x72 dairy barn at the Normal, which is being constructed under the direction of the Agricultural department. Fred H. Ives, head of the department, states that the barn will house 14 cows and calves together with the necessary feed.

In connection there will be a pit silo, two chicken houses and creamery.

The products from the dairy will be used at Cousins Hall.

**Added to Music Faculty**  
Miss Carmen Brewer of Perryton has been selected student-assistant in the Music department of the Normal, taking a part of Miss Brigham's piano students.

Miss Brewer was a student in the Normal two years ago, and is counted to be one of the best musicians the school has ever had in the student body. She has started her work.

Wallace R. Clark, head of the Music department, states that his department is exceptionally large this year. He is now making arrangements for another teacher to take care of the work.

**Land Sales Made**  
Paul Flugel has bought the east half of section 37 of W. H. Bush. Consideration \$40 per acre.

W. R. Foster has bought the half section of the Mary E. McNeil place southeast of the city.

R. E. Prewitt has sold a quarter section to W. E. Armstrong and a half section to P. J. Neff.

**Building New House**  
Rev. J. T. Burnett has started a new house on Chestnut street, two blocks southwest of the square. This makes the third house Mr. Burnett has built in Canyon this year.

**Morning Lights Monday.**  
Beginning Monday morning the electric light plant will run from 5 o'clock in the morning until a half hour after sunup.

### MEN WHO STOLE CAR ESCAPE FROM THE AMARILLO JAIL

The two men who stole J. E. Rogers' car a few weeks ago and were captured at Galup, N. M., escaped from the jail in Amarillo last Thursday evening. They sawed out, held up a Ford truck, telling the driver that they were going to Canyon. The supposition is that they came back after Mr. Rogers' Speedster, but he was away from home looking for them at the time. No trace was found until the car was discovered Saturday morning setting in front of the Methodist church. It was noticed to have been there all day Friday, but the Amarillo officials had given a wrong description of the truck and therefore it was not identified until John Guthrie came along and looked at the engine number after carefully noting that the car did not belong in Canyon.

The officers in every direction were notified. A man who boarded the Plainview train Thursday night stated he saw two men corresponding in description get onto the blind baggage at the Canyon station, and the conductor states he saw the men leave the train at Plainview. This is the last trace that has been found of the men.

The truck which was held up was owned by a plumber who had valuable tools in the car. He states that the men were armed when they ordered him to turn over the truck.

The officers believe that they have confederates who are very anxious that they escape. The fact that they procured saws and fire arms leads the officers to believe these men are a part of a gang who are working in this section.

### BIG EXHIBIT WILL GO FRIDAY BY FAST FREIGHT

C. F. Walker is busy this week getting the Randall County exhibit ready for the state fair at Dallas.

The exhibit will leave Saturday morning. Mr. Walker has gotten special permission from the Santa Fe for the use of an exclusive car to take the exhibit to the fair. He will be allowed to load the car as he sees fit and will be given Red Ball service on the trip to Dallas. He was given special permission to go with the train in order to see that there were no delays in transit. Mr. Walker must have the exhibit in place at the fair grounds by Saturday morning, October 9th.

Mr. Walker stated yesterday that he was well pleased with the exhibit that he had been able to get together. Although very few farmers had brought anything in for the exhibit, he trusts that all who have promised anything for the exhibit will have the stuff at his office early Friday. He will need a lot of assistance Friday to get the exhibit packed and loaded into a car at the depot.

**Thompson Buys Gouddy Business**  
The Thompson Hardware Company bought the business of Gouddy Furniture and Undertaking Monday. The invoice was completed Tuesday and the store opened yesterday under the new management. Mark Foster, who has been a valued member of the Thompson force for a number of years, will have charge of the store, but all of the business will be transacted through the office in the Thompson Hardware store.

Mr. Gouddy will leave soon for Oklahoma where he will be interested in a large furniture business. He came to Canyon a year ago and started this business. He has made a great success of the business in Canyon and carries one of the best stocks to be found in any furniture store in the Panhandle.

The people of Canyon regret very much that Mr. and Mrs. Gouddy are to leave the city, but wish them great success in their new home.

**Canyon Needs a Laundry**  
The need of a laundry in Canyon was discussed Tuesday night at the meeting of the Randall County Commercial League. All of the citizens present expressed the belief that a small laundry would be a very paying investment in Canyon.

It was reported that local citizens were interested in a laundry and had been considering putting in a laundry. These progressive citizens will be encouraged in every way to put in the plant.

### CITIZENS OF RANDALL COUNTY WILL PETITION COMMISSIONERS COURT FOR SPECIAL ELECTION TO FLOAT BONDS FOR HOSPITAL PURPOSE.

At the meeting of the Randall County Commercial League Tuesday night the machinery was set in motion to locate in Canyon a County Hospital, costing about \$30,000 together with necessary equipment amounting to about \$10,000.00.

A committee is now circulating a petition which will be presented to the Commissioners Court at the meeting on October 11, asking that a special election be called for the purpose of voting bonds to build this hospital.

The legislature passed an act two years ago giving counties the right to build and equip hospitals through bond issues. A large number of counties have taken advantage of this act and all are most highly pleased with the results.

That Randall County needs a hospital, none will deny.

That Randall County ought to have one established at once is a fact the physicians and leading citizens have long recognized.

That Randall County will have a hospital may almost be conceded as witnessed by the eagerness with which the tax payers signed the petition yesterday when it was first presented.

Under the terms of the law there must be the names of ten per cent of the tax paying voters on the petition when it is presented. Almost that number was procured yesterday. But the committee will not stop at the ten per cent. The petition will be presented to every citizen possible between now and the meeting of the Commissioners Court on October 11th.

### LARGER ENROLLMENT THAN LAST YEAR

478 Students in Normal Up to Last Night as Compared With 456 This Time Last Year.

Nearly 150 new students enrolled in the Normal from Thursday morning until last night, and Secretary Travis Shaw states this morning a number are in the city who have not yet enrolled.

The total enrollment up to this morning is 478. This number is 22 larger than that of last year at the end of the second week of school. Just how many additional students will enroll in the school during the next few days is hard to estimate. There have been 170 enrolled in the training school, with quite a number yet to come in this week.

**Byars Baby Hurt**  
The three year old son of Albert Byars was badly hurt Monday when he pulled a heavy pulley from an engine, the weight of the pulley badly bruising the child. It is feared that internal injuries may have resulted from the accident.

**Will Build Home**  
P. V. Winstead is starting a new house on West Evelyn street, west of the W. L. Garner home.

**The Methodist Church**  
Rev. Simeon Shaw, Sr., Pastor. 9:30 a. m. Sunday School. Rally Day sets 6:00 present. 10:45 a. m. Preaching by the pastor "The Greatest School in the World." 3:00 p. m. Preaching at Park's School House. 6:45 p. m. Revival Services. Conclusion of last Sunday night's sermon. Chalk pictures. Good Music. 7:00 p. m. Tuesday. Stewards meeting. 7:00 p. m. Wednesday. Prayer meeting. 7:00 p. m. Friday. Choir practice.

The initial mistake was made in the Irish problem when Ireland was located so near England.—Columbia Record.

### J. M. G. DAVIS DIED TUESDAY AT HOME OF MRS. J. A. HILL

J. M. G. Davis died Tuesday evening at the home of his daughter, Mrs. J. A. Hill, after a lingering and serious illness of the cancer. Mr. Davis has been confined to his bed for the past year and has suffered very greatly until death came to relieve his agony.

Mr. Davis was born July 8, 1849, at Cowke, Alabama. He came to Texas as a pioneer and possessed the sturdy character that was necessary to settle and develop this western country. For a greater part of his life he engaged in the mercantile business. In 1912 he sold his store and came to Canyon to make his home with his daughter.

Mr. Davis and Miss Alice Cade were united in marriage on January 3, 1875 at Spring Hill, Alabama. They came directly to Texas, settling at Salado, Bell county. At this place they lived for thirty-five years, then removing to Hamlin, and later to Canyon. To this union three daughters were born, Mrs. J. A. Hill of this city, Mrs. J. M. Shinn of Taylor, Texas, and Mrs. J. W. Shanklin of Porto Rico. Neither Mrs. Shinn nor Mrs. Shanklin were able to be with their father during his illness and death.

Mr. Davis possessed all of those sterling qualities which make a truly Christian gentleman, a devoted husband and father, and a most dependable citizen. For several months he knew that his days were numbered. During the past year he suffered untold agony from his uncurable disease, yet he never did complain, trusting implicitly in the religion which had been his guide through life, and assuring the members of his family that the Savior whom he had trusted for so many years was sustaining him in the hour of death. He was conscious up to the last minute of his death.

The funeral services were held at the home yesterday afternoon at four o'clock, attended by a large number of close friends of the family. Rev. B. F. Fronabarger of the Baptist Church, of which church Mr. Davis has been a member for many years, conducted the services, paying a very beautiful tribute to the memory of the deceased and speaking words of cheer and comfort to those of the family who were left to mourn. The body was tenderly laid to rest in Dreamland Cemetery. The pall bearers were: H. W. Morelock, M. B. Johnson, L. G. Allen, F. P. Guenther, R. P. Jarrett and C. L. Smith of Amarillo.

**Buys City Property**  
J. M. Vetsch has bought the G. S. Ballard home on West Houston street. Mr. Ballard will continue to occupy the house until January first when he expects to build.

T. C. Simms sold his place in the northeast part of town Monday to Ed Baird, who will move to town from his ranch.

Mrs. M. C. DeGraffenreid has sold her residence in the west end to Rev. Geo. Wyatt, a former preacher in the Methodist church who has now retired.

Jim Green has bought the Guy Murry residence in the southwest part of town.

D. E. Covington has bought the P. V. Winstead home in the northeast part of town and has moved into a part of the house.

### MISS BOTSAL ANNOUNCES OFFICE HOURS OF RED CROSS

Miss Botsal, the Red Cross Nurse, has announced the following office hours in the old Red Cross room in the court house as follows:

Monday, Wednesday, Friday 9 to 4:30.  
Tuesday, Thursday, Saturday 9 to 11:30.

The telephone number in her office is 329.

Miss Botsal states that her classes are doing fine work. A series of fifteen lessons are given, and as soon as one class completes the work, another class starts.

The classes in the Block and at Umbarger started Tuesday with a very good attendance. Other communities of the county will be reached just as soon as possible.

Mrs. Edgar Irland and family of Dimmitt visited over Sunday at the Harvey Cash home.

### WAYNE McCORKLE IS NEW FOOTBALL COACH

Graduate of Oklahoma University and Athletic Officer in 15th Division in the Army.

Wayne McCorkle has accepted the position as head of the Physical Education Department of the Normal and will arrive this week to take up his work in the school.

Mr. McCorkle is a graduate of the University of Oklahoma and has letters in football, basketball and track. He was athletic officer in the 15th Division during the war, and also served as athletic officer at Camp Logan. He was a member of the football team in both the 15th and 90th divisions.

D. A. Shirley has charge of the football team until Mr. McCorkle arrives to take up his work. Mr. Shirley states that forty men reported for work Tuesday, among them being some of the best men that have ever played on a Normal team. He states Mr. McCorkle will have good material for his team.

The first game of the season is scheduled for October 23 with Wayland College at Plainview. The other games so far scheduled are as follows:

Oct. 30—New Mexico Military Institute at Canyon.  
Nov. 6—Clarendon College, place to be decided.  
Nov. 13—Wayland College at Canyon.

Thanksgiving—Clarendon College, place to be decided.

Other games will probably be arranged with high schools.

### TRADES DAY COMES MONDAY OCT. 30—BIG DAY IN CITY

The regular monthly Trades Day will be held during the month of October. At the meeting of the Commercial League Tuesday night plans were made to make the October Trades day a big day in Canyon.

Owing to the rush work of the season no trades trip will be made this month.

**Will Advertise Randall County**  
At the meeting of the Randall County Commercial League Tuesday night an order was placed with the News for 8,000 folders which will be used in advertising Randall county at the various fairs this fall. C. F. Walker will take a large per cent of these folders to Dallas where they will be distributed from the Randall county booth. An allotment will be taken to Wichita, Kansas, to the big wheat show by Frank R. Jamison, who is taking an exhibit from the Panhandle-Plains Chamber of Commerce.

**Sending Wheat to Wichita**  
Frank R. Jamison, secretary-manager of the Panhandle-Plains Chamber of Commerce, has requested that Randall county get up a wheat exhibit for him to take to the big wheat show at Wichita, Kansas, next week. J. C. Dixon and C. F. Walker prepared some splendid samples yesterday which are being forwarded to Mr. Jamison for the show. Advertising matter from Randall county is also being sent to the show.

**Indict Election Better**  
The Hale County grand jury has indicted a number of Plainview men for betting on the July and August primaries.  
Judge Henry Bishop has instructed the Potter county grand jury to investigate the betting on ball games in Amarillo.

**Hand Badly Cut**  
While boxing the large plate glass from the Palmer Grocery front Tuesday morning, the glass crumbled, badly cutting the hand of Theodore Palmer between the thumb and first finger. Three stitches were necessary to close the wound.

**Taking Straw Vote**  
The Rexall Stores are taking a straw vote upon the presidential situation, reports from the 8,000 stores to be announced daily very soon. The City Pharmacy is one of the Rexall Stores taking this vote.

### CHARTER MEMBER AMARILLO CHURCH THIRTY YEARS AGO

W. F. HELLER

The 30th anniversary of the Amarillo Presbyterian church was celebrated in that city Tuesday night. A large delegation from all over the Panhandle country was present.

There were thirteen charter members of this church. W. F. Heller and Mrs. Cyrus Eakman of this city were in the original thirteen, and Mr. Heller was the first deacon selected by the congregation. Dr. M. N. Cunningham, of Amarillo, is another of the charter members.

Mr. Heller has been closely connected with the growth and development of the Panhandle country, in which he has been a citizen for many years.

**Livingston-Rusk Wedding**  
J. P. Rusk and Miss Ruth Livingston were married Thursday evening at the court house. The groom is the son of Mr. and Mrs. R. M. Rusk and the bride is the daughter of Mr. and Mrs. B. S. Livingston. Both have many friends in the county who are extending congratulations.

**Build New Section House**  
The Santa Fe is laying the foundation for a new house for the foreman of the section gang. There are already three such houses in the city, and there had been need of this additional one for some time.

**The Olympic Games**  
American athletes have won the track and field games at another Olympic Festival. It has become their habit to do so; indeed, no other nation has ever won the crown since the games were reestablished at Athens in 1896.  
Our athletic superiority is not to be wondered at, for no other country has so great a population, an athletic enthusiasm so diffused among its people, and the spirit of winning so deeply ingrained in its athletes. We take athletics pretty seriously in the United States, and we train and refine our abilities more thoroughly, no doubt, than any other people.  
It is worth noticing, however, that, although Americans are supreme in the dashes and hurdles, in jumping and pole vaulting, and although they are well represented among the victors in weight-throwing contests, they are rarely successful in the long distance runs. That used to be the case in the past when Britain and American teams met, and it seems to be a fact that the distance men of almost any of the European nations can beat our runners. In explanation it has been said with some show of reason that the American climate

produces a more nervous type of athlete, capable of extraordinary bursts of energy but not remarkable for endurance. That may be the truth, we are not sure that it is the whole truth.  
It is said at Antwerp that the Englishmen are thinking of withdrawing from the games. They say that the programme is too long and that it includes a great many events that are not universally practiced. They believe, too, that the organization of national teams has become too expensive and elaborate and that the spirit of professional sport is creeping into the games. Very likely there is foundation for their criticisms. But we hope the British athletes will decide to stay in and try by their influence with the Olympic organization to bring about the changes they would like to see.  
It may be that the influence of the Olympic games in causing an increased acquaintance and friendliness among the nations is not so great as it was hoped it would be. But that it does have some influence of the sort can hardly be denied, and in the present situation of the world no such influence can be spared.

The best provider is not the man who provides lavishly for the moment, but he who also provides for old age and a rainy day.

Be careful what you hate and what you praise. The son learns from his father what to admire and what to despise.

## Our Experienced Building Advice

IS YOURS FOR THE ASKING

In formulating your building plans our experience may save you money and help you to a better result.

We want every individual in this community to come to us freely for advice in our lines.

We are here for that purpose and you are welcome at any time.

## What a Fordson Owner is Doing

D. E. Covington is one of the farmers of Randall County who has motorized his farm with the latest machinery which will do the most work in the least possible time.

After careful investigating the values of different tractors, as to their price and the volume of work they would do for him, he decided that the FORDSON was the tractor for his farm.

On February 8th he bought a FORDSON and put it to work. He stated last Saturday that since that time he had had the tractor at work one hundred days on his place. He had used it to break sod; he had pulled plows on old land; he had used it to disc; during threshing he had run his separator with the tractor; he had used it to pull the grain wagons to market; in fact, he had made a thorough and trying test of the FORDSON for every possible farm work.

Mr. Covington was asked what his repair bill had been during those 100 days of hard usage of the FORDSON. He smilingly admitted that he had put in one new connecting, which was damaged while running in the dark. **Not even had the cylinder head been removed during those 100 days of hard usage.** Not another penny had been expended for repairs of any kind. The FORDSON runs today on the Covington farm northwest of Canyon as smoothly as it did the day it was taken from the KUEHN & WISE GARAGE in February.

Mr. Covington has a Dodge car. On cold mornings it does not easily start. His boys crank up the Fordson and pull the Dodge under such condition until the engine starts. Mr. Covington believes there is no other tractor made which starts as easily as does the Fordson.

Not all men will get such remarkable service from the Fordson as does Mr. Covington because they will not take such good care of their machine. Mr. Covington believes in giving his machinery the same good treatment as he does his teams, and is confident that any farmer who will do the same will get the same remarkable results as he has from his Fordson.

Is it any wonder that Mr. Covington is a booster for the FORDSON?

Foreign Advertising Representative  
 THE AMERICAN PRESS ASSOCIATION

The reduction in price of Ford and Franklin cars has demoralized the business of the other makes of automobiles. There has been a suspicion among the people that manufacturers of all lines have been making an excessive profit. The voluntary reduction of these two firms is accepted as a confession that these two factories have been making a big profit, some of which they can afford to lop off. Other companies may not have been making such big profit, but they are now under suspicion, and every man who can wait for a car will do so for several months rather than pay the present high prices. He may not buy cheaper cars than the one he wants, but he will wait. The automobile men have realized that the revolution was coming. It hit quicker than they suspected. Just recently the people of this country began to realize that the quicker way to get back to a pre-war basis was to go in a straight line. A general reduction in prices is the thing.

We are truly sorry that Henry Ford is not manufacturing paper instead of jitneys. The day Henry announced a general reduction, notice came of a general raise in paper prices. Of all the grafters and profiteers in America, the paper monopoly seems to be the worse.

Canyon will vote on the bond issue for street paving on October 30th. There is no doubt about this. The people of Canyon want the paving and the only way to get it is through the bond issue. Don't overlook voting upon that day.

Trades Day will come October 11th. Don't miss it. It will be a great day in Canyon.

There are a lot of weels in Canyon that ought to be cut and burned before they scatter their seeds for next year's crop.

**The "Flu" Situation**

A very able discussion of the flu situation was read before the medical association at Wichita Falls last week. The paper was too technical for the laymen to fully understand, and the News asked a local physician to state his impression of the discussion, which is as follows:  
**Some Questions About Flu Answered**  
 1. Will an individual have a second attack?  
 2. Will there be another epidemic?  
 3. Why is it worse in one locality than in another and why is it worse in the same locality on succeeding years?  
 4. Will vaccines (erroneously some times called serums) prevent "Flu?"  
 In the first question the consensus of opinion of most medical men is

no.  
 There are a number of diseases which confer a life time immunity with one attack. Influenza is probably one of them. There are individuals who assert that they have had two or more attacks. They usually affirm however, that one attack was light. The light attack was probably not the Flu. Of course of all these diseases which confer life time immunity with one attack, sometimes, but rarely an individual will have them. That may be so of Flu but more than one attack of one but undoubtedly it is rare.

(2. Will there be a second epidemic?)  
 The answer to the second question, is probably yes. It is, thought by eminent medical authority that the epidemic will continue until this generation is immune. There are, no doubt, enough individuals who have not yet had the disease to carry on another epidemic.

(3. Why is it worse in one locality than in another and why is it worse in the same locality on succeeding years?)

The answer to the third question has been the hardest to answer, but it is believed that a reasonable answer can be given. In the communities where the disease is so severe, there is probably already a well disseminated epidemic of sore throat. In this sore throat is frequently found the germ that would cause pneumonia if the patient's resistance happens to become lowered to such a degree as to give them a chance to do so. There is no disease that can do that very thing more readily than the Flu. If there is a well disseminated epidemic of sore throat in a community, and at the same time an

in playing havoc. This explains why it is worse in some communities than others the same year, and worse in the same community on successive years.

In Canyon last January, just before the "Flu" epidemic came, there was noticed a wide-spread sore throat epidemic. This explains why we had so much pneumonia here at that time.

(4. Will vaccines (erroneously some times called serums) prevent "Flu?")

In answer to the fourth question we must acknowledge that as yet the infecting organism has not been found. Various workers have announced a probable germ, but no germ has yet proved to be the causative factor.

Any vaccine is made from the germs that causes the disease for which the vaccine is intended. If the germ cannot be had, the vaccine cannot be had. Therefore the answer is

no.  
 But, the germs of epidemic sore throat are known, although any of several varieties may be the cause. It is hard to tell whether we have one or all of these varieties, and which variety is in preponderance, but we know that it can be only so many. A mixed vaccine is made of these varieties which theoretically will prevent the sore throat, especially if it is of the epidemic type. Of course it doesn't always work. It frequently does, however, and offers some protection in that respect. As far as the writer knows, this has not been recommended by the medical profession as a precaution against the complication, but if it appeals to the best judgment of the individual, it is an inexpensive trial and can do no harm. Of course this is not the only precaution against sore throat. There are others as valuable and probably more so than the vaccines. It stands to reason that every one should try to be free from sore throat by whatever means he or his physician may see fit when the Flu epidemic comes.

The hair- tonic consumers must be the fellows who used to boast that they could either drink it or let it alone.—Detroit Journal.

**ANNOUNCEMENT**

We wish to make the announcement that the Thompson Hardware Company has bought the business of the Gouldy Furniture and Undertaking business, and are now in charge of the business.

The furniture and undertaking business will not be run as a separate institution, but simply a branch of the Thompson Hardware, all of the business matters of these lines being handled in our office of the Thompson Hardware store.

Mr. Mark Foster, who has been with us for a number of years, will have charge of the furniture and undertaking business. He is somewhat experienced in both lines and will devote his entire time to a study of the business in order to look after the interests of the people of Canyon in this line.

The Thompson Hardware Company is buying this business with a view of giving better service to the people of Canyon and Randall County. We trust that we shall be able to give to the former patrons of the store the same efficient service as has always characterized the business methods during the management of Mr. Gouldy. We hope that the former patrons of the business will continue to give us their patronage and we trust that at all time the same service that has always characterized this store will be given in our new furniture and undertaking department.

I wish to state to the patrons of the Gouldy Furniture and Undertaking Company that this business has been sold to the Thompson Hardware Company, and this company is now in charge of the store.

In making this announcement, I wish to thank the people of this county for the excellent business that this store has enjoyed since we opened last year. Through your hearty co-operation we have built up one of the best furniture businesses in the Panhandle. Were it not for the opportunities of going into a larger field, I would not have considered selling the business.

I trust that the patrons and friends of the business will continue to give their full support to the Thompson Hardware Company. They will give you the same efficient service as I have tried to maintain, and the same quality of service that you are so well acquainted with in their hardware and implement business.

I wish to extend a personal word of thanks to all who have been instrumental in building up this business and an assurance that I shall always bear towards the people of Canyon and Randall County a most kindly feeling.

H. W. GOULDY.

Among those who attended the fair Wednesday were M. B. McManigal and family, Mr. and Mrs. Ernest White, W. C. White and family and J. F. White.

Miss Ethel Sanford came in Sunday from Clyde where she has been visiting the past month.

Miss Mary Mayhew and Guy Lane attended the fair at Plainview Tuesday.

**Wayside Items**  
The weatherman has been giving us different kinds of weather lately. Sometimes quite windy, then so calm the windmills don't run.

Threshers are still busy threshing wheat. Only a short wait before the row crop will be ready to thresh.

Epworth League was reorganized Sunday night by H. H. Gillham at the church. Miss Naason was elected president; Miss May, vice president; Henry Long, secretary; Henry Potter Superintendent of social and program committees. We hope to see each member come out and take an interest in the work.

Edward Washington Carter was born at Pauls Valley, Okla., August 25, 1896, and died Sept. 23, 1920, in Armstrong county, Texas. Accidental discharge of a pistol in his own hands was the verdict of the coroner at the inquest. Edward Carter and Allen Snipes were running a Fordson tractor for H. R. Stone. Edward took his turn at night, carrying a pistol to

shoot wolves, as they came near attracted by the lights. It will never be known just how it happened but he was found cold in death some time after sunup. He had made eleven rounds and was lying a short distance from the tractor face down with a bullet hole in his body ranging up.

He is survived by sorrowing parents, grand parents, brothers and sisters and hosts of friends who mourn his untimely death. His father, brothers Guy and Clyde and sisters Mrs. Kate Myers and husband, C. H. Myers and Flora, came from Oklahoma to be present at the funeral.

Mrs. Ruby Aycock and children moved to her new home in Wayside last Wednesday. Out teachers, Misses May and Naason stay with her and do light house keeping. Mrs. Aycock is expecting to keep the Wayside switchboard soon.

Miss Hazel Kuyers, Red Cross Nurse of Claude came to Wayside Friday afternoon, remaining in the neighborhood till Monday, when she examined the pupils of the school. She reported some needing glasses, quite a few should have their tonsils removed. She was unable to finish her work here, being called to Claude by the State Inspector. She expects to return the last of October and complete the work.

Even the most unmilitary can readily grasp what a strong barrier can be made of a combination of barbed wire and Poles.—Philadelphia North American.

**Presbyterian Church**  
"The Lost Christ" will be the sermon-subject for next Sunday morning at 11 o'clock.

At 7 o'clock in the evening the subject to be discussed is: "God-touched Hearts."

Sunday school meets at 9:45 a. m. Let us begin the new quarter with renewed interest.

Young People's Christian Endeavor meets at 8 o'clock Sunday night immediately following the evening worship. An excellent beginning was made last Sunday. We hope all our young people will enter heartily on this work.

All the services on last Sunday were well attended. Let us not only sustain that record, but strive to make it better.

A cordial welcome attends all who may worship with us.

TED P. HOLIFIELD, Pastor.

**Daniel's School House**  
Religious services will be held in the Daniel's School House on next Sunday afternoon at 3 o'clock. Rev. Ted P. Holifield will preach.

The Russian invaders of Poland have eclipsed "Babe" Ruth's home-run record.—Greenville (S. C.) Piedmont.

**A Good Bank**

What constitutes a good bank? We think we know. It is a bank that is at all times helpful to the community in which it is located.

How can a bank be helpful? By being a strong, reliable, public-spirited institution. By guarding carefully the depositor's money. By loaning money to assist legitimate business enterprises. By giving sound advice on financial matters to its customers. By having competent and accommodating employes. By furnishing every modern banking facility for its patrons, in fact by giving prompt, faithful, dependable service in every possible way.

We believe our Bank is a GOOD Bank; and we want you to know that we are just as glad to have you call when you need a loan as when you wish to make a deposit.

JOE FOSTER, Owner

**WARNING**

Many people are being made to believe that in holding off as long as possible to buy their Fall and Winter Dry Goods they will be able to buy them at greatly reduced prices. This may be the case in some instances where the local merchants are overloaded, but there is one thing you may be sure of and that is when he gets unloaded he will not load himself again immediately. We advocate conservative buying. We try to practice this ourselves and we urge it upon our patronage. Our prices are always as low as can be made on the class of merchandise which we offer and readjustments in prices are being made from day to day in our stock as demanded by the market condition.

Do not wait until the ground is covered with snow to buy your warm clothing, as the fellow who is now overloaded may have shook his load and the conservative ones may have been too conservative. Buy what you need when you need it. PAY CASH FOR IT. Buy it with a positive guarantee of satisfaction or money back, and your troubles will be less.

**LET US CARE FOR YOUR CAR**

In the end it is much cheaper and more satisfactory to let us care for your Car, if you take account of the many clothes you spoil, the labor you must do, and the difficulty of doing work you are not prepared to handle.

The next time drive down here. We will do your repairing promptly and economically.

**Wm. Schmitz**

**Why Not?**

It would be difficult to find a community where there is no fault-finding, or back biting, or criticism, or covert sneers, for human nature is peculiar, and indulging in such questionable pastimes is one of its peculiarities.

But suppose human nature in this town should reverse itself for once—for an entire month.

Instead of saying or thinking unkind things of others, suppose each of us considered only the good in our friends and acquaintances and neighbors.

Suppose we were generous in our praises and lavish in our commendations, and each had something good to say about each person.

What a revolution we would see! We would behold the unheard-of spectacle of every man and woman gradually outliving and forgetting the petty weaknesses of life.

We would each be filled with pride at the good things said of us, with no unkind word to mar our pleasure.

We would be striving to live up to and deserve the plaudits of others.

In time we would become in fact what others saw in us in fancy.

Close to the millennium, yes, but—Why not?

**Managing Everbearing Strawberries**

Probably the best way to manage the Progressive and others of the everbearing strawberries is to treat them purely as annuals. Set the plants in the spring and feed heavily, and let them begin ripening after the other varieties are done in June. Grow plants in abundance for the next spring and then turn the old ones under, for they seem to become stunted and yield little the second season. Treated in this way, they will continue the strawberry season very satisfactorily. One thing in regard to these late berries is that they are far sweeter than any of the spring sorts, which is quite a natural

conclusion considering how much the perfection of any fruit depends upon a long continuous season of warmth and sunshine.—Field and Farm.

Religion should be a strength, guide, and comfort; not a source of intellectual anxiety or angry argument.—Sir John Lubbock.

**City Election Order**

Whereas, the City Council of the City of Canyon deems it advisable to issue Bonds of the said city for the purpose hereinafter mentioned.

Therefore, be it ordered by the City Council of the City of Canyon, Texas, that an election be held on the 30th day of October, 1920, at which election the following proposition shall be submitted:

"Shall the City Council of the City of Canyon, Texas, be authorized to issue the bonds of the city of Canyon in the sum of Twenty Thousand (\$20,000.00) Dollars, payable Forty (40) years from the date thereof, with option of redemption at any time after 20 years from their date, bearing interest at the rate of Five (5) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of Street Improvements as authorized by Chapter 1, Title 18, R. S., 1911, and Article 882, R. S., 1911, and the Constitution and Laws of the State of Texas.

The said election shall be held at the Court House in the City of Canyon, and the following named person is hereby appointed manager of said election, to-wit: G. G. Foster.

The said election shall be held under the Provisions of Chapter 1, Title 18, R. S., 1911, and Article 882, R. S., 1911; and the Constitution and Laws of the State of Texas, and only qualified voters who are property tax payers of said city shall be allowed to vote.

All voters who favor the proposition to issue the Bonds shall have written or printed upon their ballots the words:

"For the Issuance of Bonds." And those opposed shall have written or printed upon their ballots the words:

"Against the Issuance of Bonds." The manner of holding said elec-

tion shall be governed by the Laws of the State regulating general elections. A Copy of this order signed by the Mayor of the City of Canyon, and attested by the City Secretary of the said City shall serve as a proper notice of said election.

The Mayor is hereby authorized and directed to cause said Notice of Election to be posted up at the Court House and at one public place in each of the voting places of the City of Canyon for at least Thirty full days prior to the date of said

election. The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation, published in said City, and which notice shall be published once each week for Four (4) weeks, the date of first publication being not less than thirty full days prior to the date of the election. J. D. GAMBLE, Mayor. City of Canyon, Texas. Attest: Pearl Jenkins, City Secretary.

**Keep Your Blood Pure  
Nature Will Do the Rest**

Did you know that ninety per cent of all human ailments depend upon the condition of your blood?

Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seri-

ously affected. You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

Get a bottle of S. S. S. at your drugstore to day, and note how promptly it builds up the appetite and gives new strength and vitality. Write for free literature and medical advice to Chief Medical Adviser, 153 Swift Laboratory, Atlanta, Ga.

**Morning Electrical Service**

In addition to the present hours of operation, Electrical Current will be available for all purposes from five a. m. until one half hour after sunrise.

This service to start on Monday, Oct. 4th. On Tuesday of each week power will be on continuously from five a. m. until midnight.

**CANYON LIGHT AND POWER CO.  
A. J. ARNOLD**

**When You Want  
RELIEF  
Come Here**

Whether your trouble is indigestion, a tired feeling of just a cold, whether you want complexion helps, dentrifices or anything known to high-class drug service, you will find it here.

It is our aim that our drug service be entirely adequate to your needs at all times.

We invite you to this store in the certainty of being able to please and satisfy you.

**Men Will Admire the  
Fall Styles of  
Clothing**

Men! You will like the Fall styles in our Clothing. No longer will you be worried with tight uniform styles—they now are much more comfortable.

We, being agents in Canyon for the Born hand tailored clothing, will be glad to have you come in and look over the Fall samples and styles. If you want a really serviceable suit of neat appearing clothes we can order it for you.

We operate the most Modern Cleaning Establishment in Canyon.

We have discontinued handling laundry in order to better look after our tailoring business.

**FOY'S TAILOR SHOP  
PHONE 299**

**The Latest and Best**

We offer the Case 15-27 Kerosene Tractor as the king of them all. It is creating a sensation all over the country. It is the result of 77 years of experience of the famous J. I. Case Threshing Machine Company.

It pulls three plows in hard plowing—four plows under favorable conditions. It has abundant reserve power. It burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and belt work. It drives a 26x46 Case Thresher with Feeder and Wind Stacker. Its pulley is properly placed for convenient "lining up."

It is small and compact and built for accessibility. No tractor is finer. You should become acquainted with its many superiorities, which we will be glad to explain. Don't buy before you see this better tractor.

J. C. DOWD, Agent

**WARNING**

**BUY YOUR COAL EARLY**

Last winter you suffered some inconvenience—perhaps discomfort—thru inability to secure coal.

All the elements contributing to this which existed last year still exist, only more so:

**The Great Man of Germany**  
It is now two years since the defeat of Germany in the field and almost two years since the fall and the flight of William II. That is time enough for the conditions that followed the revolution to "show results"; for the men to appear whom those conditions are to make the masters of Germany.

The most conspicuous and the most influential man in Germany today is Hugo Stinnes. He has been called the German Napoleon, because he is the first really strong and masterful man to emerge from the confusion of the German revolution. But he is not all like Napoleon. He is not a soldier, and not a statesman; he is a politician only so far as he finds it necessary to be one in order to protect his wealth. He is a leader of big business—what we used to call in the United States a captain of industry. His fortune is founded on coal mines; he was already rich before the war, when he had begun to add iron mines to his coal mines and steel mills to his mining properties. He was one of William's financial and economic advisors during the war and he used his position to add immensely to his wealth. He is accused

of having urged and carried through—if he did not indeed originate—the policy of stripping the French and Belgian workshops of their machinery, and the deportation of Belgian workers for the benefit of himself and other German manufacturers. He has lately become a great builder and owner of ships and controls a great part of the island water transportation system. He owns some seventy newspapers in Germany and a number of hotels. His hand is on almost every important branch of commerce. Through his newspapers he sways public opinion. He is the leader of the People's party, the political organization of the "business men" of Germany and the strongest anti-socialistic party in the country. At Spa, where he went as economic advisor to the German negotiators, he was the central figure; a sturdy, dominating man, who said what he liked to the Allied premiers and gave the impression of meaning to put

Germany on a business basis at once and of expecting to restore German preeminence by commercial rather than by militaristic means.

It is not yet certain that Germany is going on to a business basis, in spite of Herr Stinnes. Eastern Europe and western Asia may still prove able to flood it with the kind of revolution that flourishes in those regions. But if Germany swings toward conservatism, Herr Stinnes, already the richest man and the most powerful personality in the nation, will be the organizer of its new industrial empire. Whatever form of government is adopted, he means to be—and very likely will be—the real ruler.

**Runaway Car Burned Up**  
While out hunting Friday afternoon, Duke Connally left his Stutz touring car on the side hill near a canyon near the J. A. ranch headquarters. Soon after he heard a noise

and spied his car making for the cliff, the brakes having given way. Run as he might, he just got near enough to see it land head on over fifty feet below. The gas tank exploded and the wreck took fire. All that now remains of the artistic product of the car producer's skill is a frame and one wheel. We understand that some four thousand insurance will help to relieve the loss.—Clarendon News.

'Tis true, 'tis certain: man tho' dead retains Part of himself; the immortal mind remains—Homer.

Immortality will come to such as great soul in the future must be are fit for it; and he who would be a great soul now.—Emerson.

## Adams & McCreery

Livestock Auctioneers  
Wayside, Texas

# CLOSING OUT SALE

I will sell at my place 15 miles southeast of Canyon, and 9 miles northeast of Happy, on

## Thursday, Oct. 7

Commencing at 10:30 a. m., the following property:

### Notice of Application for Letters of Guardianship

No. 146.  
THE STATE OF TEXAS.  
To the Sheriff or any Constable of Randall County—Greeting:  
You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has continuously and regularly published for a period of not less than one year preceding the date of this notice in the County of Randall, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

### Notice of Application for Letters—Guardianship

THE STATE OF TEXAS.  
To all persons interested in the welfare of Elsie Saltzman, John Saltzman, Maylena Saltzman, minors, Fritz Saltzman has filed in the County Court of Randall County, an application for letters of Guardianship upon the estate of said minors.

Estate of said minors being an undivided three-fourteenths (3-14) interest in and to Survey number sixty two (62) in Block K-14, in Randall County, Texas.

Petitioner alleges that the father of said minors is dead, that the mother of said minors is a non-resident of the State of Texas, and that petitioner is not disqualified from receiving Letters of Guardianship, which said application will be heard at the next term of Court, commencing on the first Monday in October, A. D. 1920, the same being the 4th day of October, A. D. 1920, at the Court House thereof, in Canyon, Randall County, Texas, at which time all persons interested in the welfare of said minors may appear and contest said application, if they see proper to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Canyon, Texas, this the 23rd day of September, A. D. 1920.

(Seal) O. W. GANO, Clerk, County Court Randall County, Texas.

A true copy I certify.  
WORTH A. JENNINGS, Sheriff, Randall County, Texas.

Obituary Poems Are as Welcome as the Smallpox

**School Notes**

School for the third week opened with a few new pupils in the grades. It is believed perhaps that we have now about our maximum attendance for this year.

Most all the subjects required in first term have been taken up, and the pupils are making very good progress in them.

The teachers are making the work attractive and the pupils show their interest and appreciation by their eagerness to be on hand and to bring up their work in good condition. Note books are especially neat.

The sixth and seventh grades each are to go on a short hike and picnic under the care of their respective teachers, Miss Lancaster and Miss Wiggins.

Our band and orchestra are getting back-into practice again. The school will raise a fund to purchase a bass horn and a snare drum. We are sure our patrons will encourage this move.

The history courses as outlined by the state require a weekly study of current history and this is to be found in the Literary Digest for the ninth and tenth and the Current Events for the seventh and eighth grades. The pupils will be asked to buy these.

The first game of football between the high school and training school is to be played today.

Last week the superintendent and his family were pounded to the point of suffering at the hands of the other faculty members.

At about 8 o'clock this fine group of loyalists came loaded with water-melons of the largest and finest variety. With music and good cheer a pleasant hour was passed and then the feast and then the happy good nights. This thoughtfulness and consideration will not be forgotten. The spirit of unity and co-operation so necessary for successful school progress continues to grow.

**MERCHANTS AND BANKERS AGREE GENERAL SLUMP DUE**

Chicago, Sept. 23.—John Wanamaker started something when he urged a general reduction in prices of all articles in his great store a few months ago and that movement is still bearing fruit. Now Henry Ford jumps in with another formidable swat at old H. C. L. and his sensational action is bound to affect many other things than Ford automobiles and tractors.

Bankers and merchants here agree that prices are coming down. They do not say that the action of Ford in cutting the prices of his machines to prewar figures is causing reductions in necessities of life, but that it is a prominent sign in the trend of the times.

Leather has taken a marked slump; silks in many instances are being sold at prices lower than the retailer paid for them because raw silk has dropped in price.

The same condition prevails in cotton goods. As for woolens, though there has been a ten per cent reduction since last Fall, the real effect of the reduction in the cost of raw material will not be felt until Spring when the cheaper material will be made into clothing. Sugar is down to 12 and 13 cents a pound with an unlimited supply. Eggs, butter and meat show but slight declines. Potatoes are selling at less than one-third the price they brought six weeks ago.

George M. Reynolds, president of the Continental and Commercial National Bank, blames the rate of foreign exchange for most of the high prices and adds:

"Manufacturers have had a large quantity of their goods made up. Now they must liquidate to re-establish their credit. This brings prices down."

He also said the passing of the excess profits tax along with the ultimate consumer is one of the chief causes of high prices.

"Once that is removed we will get back to normal progress, production and prices."

**Hot and Cold Water**

Habit is a curious thing. One man takes a drink of ice water before he goes to bed. Another swallows a glass of hot water. Both are after comfort.

The ice water paralyzes all stomach action for half an hour or longer. The hot water stimulates stomach action and draws the blood from the brain, thereby inducing sleep.

It is worth while to learn to like hot water. It is more satisfying than cold. The former jolts the digestive processes, the latter pleasantly promotes them. And many a time, the doctors say, when a person craves very cold water what he really needs is hot water.

Reclamation is the key to the high cost of living, declares Mr. Roosevelt, thus adding another to a sizable bunch of keys. But none of them seems to fit.—Chicago Tribune.

According to reports the Bolsheviks ran out of ammunition and Poland.—Brooklyn Eagle.

Politics this year is about the only thing you can get a stomach full of at the old rates.—Manila Bulletin.

**Holland Drug Company**

**As It Was in Golden Days**

A man living in a New England village recently came across an old account book kept by his father between 1814 and 1841:

January 1, 1827—Four bushels of potatoes, 24 cents.

January 1, 1828—Seven and three-fourths pounds of codfish at 3 cts., 23 cents.

August 25, 1829—One gallon vinegar 17 cents.

August 13, 1830—Thirteen and one-half pounds of cheese at 6 cts., 81 cents.

April 30, 1830—One and one-half bushel sweet potatoes, 37 cents.

October 12, 1829—Jeck of turnips, 6 cents.

July 2, 1825—Gallon molasses, 34 cents.

November 6, 1830—Three bushels fall apples, 37 cents.

The rate of wages is recorded as follows:

July 16, 1822—Two days shingling house, \$2.

January 4, 1840—Cutting wood, 30 cents.

April 16, 1828—One day making wall, 50 cents.

January 17, 1828—Carting lumber 60 cents.

November 1824—Making eight logs and finding stuff, 32 cents.

Come to Canyon to live.

**Bailey to Establish Paper**

A weekly newspaper edited and published by Joseph W. Bailey will be established in Texas November 1, according to announcement by Bob Barker, business and circulation manager of the new publication, today.

The paper will be known as the Democratic Review, according to Barker, and will be published "in the interest of the true democracy and devoted to the cause of returning the younger generation to the principles expounded by Jefferson and Jackson. The paper will be published in Fort Worth and headquarters will be established there.

Senator Bailey is now in Washington, but will return about October 1, and will reside in Dallas where he will practice law.

'Tis a sad state of affairs, really, those suffragettes who have been orating over the country must be terribly lonesome now that they are out of a job—and the limelight of publicity.

Come to Cayor to live.

**"Gold in the Head"**

is an acute attack of Nasal Catarrh. Persons who are subject to frequent "gold in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. ALL DRUGGISTS Sell Testimonials Free. Write for any case of catarrh that HALL'S CATARRH MEDICINE will not cure. F. J. Cheney & Co., Toledo, Ohio.
