

PETITION BEING CIRCULATED ASKING FOR CONSOLIDATION OF SCHOOL DISTRICTS 2 AND 18 WITH CANYON SCHOOL

Petitions are being circulated in the Canyon Independent School District, and in Common School Districts Nos. 2 and 18 for a consolidation of these three districts into the Canyon Independent School District. The petition asks that the County Judge call an election for the purpose of voting upon this proposition of consolidation.

A very harmonious meeting of the trustees of the Canyon districts was attended Friday night by representatives from both of the common school districts. All present agreed that it was for the best interest of all to form this large Independent District, which will comprise the present district, and the territory of the two common districts.

This consolidation will take place under a provision passed by the Thirty-Seventh session of the legislature. Previous to that time, it was impossible to enlarge an independent

school districts without an act of the legislature.

A sufficient number of voters in Canyon were secured within a few minutes. When the petition bears the names of a majority of the voters in the two districts, the petition will be presented to Judge Worth A. Jennings who will call an election under the provisions of the law.

A sufficient number of signers in day night, the Canyon Independent School trustees agreed that transportation will be furnished for the children in the two districts as soon as a provision could be made to house the children in the Canyon schools.

All present at the meeting Friday night were highly pleased at the outcome and believe that the consolidation will carry without doubt, and that all parties will be greatly benefited by the provisions of the enlarged district.

SHORT COURSE TO BE GIVEN IN CITY ON MARCH 9th-10th

BIGGEST AGRICULTURAL MEETING EVER HELD IN CITY.

Two Noted Speakers Will Bring Messages of Great Benefit—Farmers Are Urged to Come Two Days

G. W. Anstrand, of Chicago, a representative of the Agricultural Extension Department of the International Harvester Company, was here Monday to assist in making the preliminary arrangements for an Agricultural Short Course to be held here.

The speakers and demonstrators who will come here to assist in conducting the short course will be people of exceptional ability and broad experience.

The sole purpose of the short course will be to assist the people, so far as possible, in solving the many problems of the farm, the farm home and the community.

There will be demonstrations and discussions of topics pertaining to the farm and to them home and the short course will be entirely different from anything ever held in this community. In fact, it will be in the nature of a farmers' and housewives' Chautauqua. All the lectures will be illustrated with large charts or lantern slides, and at the evening sessions educational moving pictures will form the most of the program.

These pictures will consist of what has been declared to be the best agricultural reels ever produced.

The short course will be for everybody—men, women and children—and will be equally interesting and instructive to those living in town as to those living in the country.

The public will be invited to attend all sessions and no admission price will be charged.

The date of the Short Course will be March 9-10.

The following committees have been appointed:

Executive chairman—Fred H. Ives and T. C. Thompson.

Publicity Committee—C. W. Warwick, H. Prichard, Rev. Ted P. Hollifield, Mrs. D. A. Park, Mrs. R. O. Allison, George Frank, Henry F. Miller, C. W. Bryan, I. W. Scott, W. D. McGehee, Wm F. Miller, Mrs. Otto Rahlf's Reception Committee—W. J. Flesher, A. B. Haynes, Mrs. R. O. Allison, Mrs. C. W. Warwick.

Program Committee—Frank R. Phillips, C. L. Sone, H. C. Roffey, C. F. Walker.

Exhibits—C. F. Walker, Forrest Burton, A. B. Haynes.

Woman's Committee—Miss Georgia Watkins, Mrs. E. E. Adams, Miss Viola Vetek, Mrs. A. N. Burgan, Mrs. H. C. Roffey, Mrs. C. L. Grounds, Mrs. Pete Meyers, Mrs. F. P. Guenther.

School Committee—C. L. Sone, M. B. Johnson, Worth A. Jennings.

Finance Committee—T. C. Thompson, J. D. Gamble, E. H. Powell.

CIVIC IMPROVEMENT MEETING TO BE HELD THIS AFTERNOON

A very important meeting will be held at the court house this afternoon at three o'clock, which will be attended by representatives of the various clubs and organizations of Canyon.

The Woman's Book Club sponsor the meeting, in an effort to make arrangements to start some definite civic improvement work in Canyon during 1922.

President Hill Returns From Conference Called by Gov. Neff

Upon his return from Austin this morning from the Governor's "Think-Out-Loud" Conference, J. A. Hill, President of the West Texas State Normal College gave out the following interview:

"Newspaper correspondents were not admitted to the Conference and therefore it would not be becoming in me to discuss the proceedings of the meeting. I may say, however, that the Governor seems to have the three major purposes in mind in calling this meeting.

"In the first place he wished to bring together in friendly counsel those most responsible for the educational development of the state, to the end, no doubt, that a better understanding might promote co-operation.

"In the second place, he desired that the newly appointed educational Survey committee created by the last legislature should have the benefit of the experience and information of those who are administering the whole system of public education in Texas.

"In the third place, he realized that such a conference would give him much valuable information about our schools, give him a better acquaintance with our educational problems, and, perchance, help him to formulate, and put over a constructive educational program.

"If these were his purposes I think the schools need every reason to be satisfied with the meeting, for there can be no doubt that most, if not all, of these results were accomplished.

"It is plain, however, that the schools need not look to this conference for any great good before the fall of 1923. Whatever ills befall the schools between now and that time will have to be endured, or cured by local measures. And, there will be ills in plenty. For example, the state apportionment will almost surely be reduced to something like \$10.00, possibly less. This means a lopping off of 20 percent in state support. Unless relieved from some other source this means a reduction of teachers' salaries or a shortening of the terms, or both. This spells poorer teaching and an other decline in the quality of our schools. It would seem, therefore, that every community ought to begin now to protect itself against a misfortune of this kind. School districts that have not levied the maximum tax-rate must do so at once or pay the penalty next year in the form of debilitated schools."

The doctors were in charge of the program of the Randall County Commercial League weekly luncheon Tuesday, and with thirty four members present, discussed ways and means of cleaner and more sanitary city.

Dr. F. M. Stewart, county health officer was leader for the day. He had invited two speakers who were unable to be present. Dr. Stewart stated that Canyon was generally referred to as one of the cleanest towns on the Plains and one of the healthiest. It was the desire of the medical profession that it maintain this reputation.

C. F. Walker was asked to tell of the need of dairy inspection in Canyon. Mr. Walker stated that this had been discussed a number of times within the past two years and nothing had yet been done. He stated that last year he brought a government inspector into the county to test the registered herds, which are usually conceded to be free of tuberculosis than the ordinary run of cows, but in spite of this ten reactors were found. Every dairy cow should be tested. Every person who sells milk should be inspected and his methods of handling milk made known. Mr. Walker believed that action was needed on the part of the city officials and that this work be taken up at once. In Amarillo regular tests are made, and reactors among the dairy cows are generally found. He urged that the citizens demand that some action be taken to protect the people against the possibilities of using milk of tuberculosis cows, and to see that milk for sale is properly handled.

Dr. F. M. Wilson, city health officer, was introduced, and discussed sanitation from the standpoint of the individual, the home, school, moral and public. The Doctor urged that all of us be more careful in personal sanitation, whether we be merchant, clerk, mechanic, or professional man. Personal cleanliness is at the foundation of all sanitation. He urged care be taken in coughing and sneezing. The average person will throw germs eight to ten feet through the air in coughing or sneezing. It is not possible in some trades and professions to wear a white shirt or good clothes, but at home and on Sundays, every man owes it to his family to clean up.

Before there can be a sanitary home, there must be personal sanitation. Most men leave the question of home sanitation to their wives. There is necessity of cooperation being established.

Normal First in State to be Classes as a Texas Senior College

President Hill of the West Texas State Normal College has received a letter from Miss Emma Mitchell, Chairman of the Board of Examiners, stating that the State Board of Examiners have recommended to Miss Blanton, State Superintendent of Public Instruction, that the West Texas State Normal College be placed on the list of Texas Senior Colleges.

It will be recalled that the Legislature authorized the State Normal Colleges to add to their course of study the work of the junior and senior college years. For several years students completing the four years' college course have been granted a Bachelor's degree. For the most part their work has been accepted by other institutions both in Texas and in other states, but it is not until that official recognition of the work done has been formally given by the State Department of Education.

In a personal letter to President Hill, Miss Mitchell makes the following statements: "I recognize the fact that the Normal Colleges are meeting a special need and are, therefore, doing an unusually valuable work in the field of education, and for this reason I feel a keen interest in their success. Permit me to congratulate you on being the first of the Normal Colleges to receive this recognition and to wish for you an increased usefulness in future years."

Buffaloes Take Two Games from Wayland Games With Clarendon

The Buffalo caging crew ran true to form in the two games with Wayland College Friday and Saturday afternoons, winning both games by a very handsome score.

The games Friday was taken by the Normal boys by the big end of the 33 to 19 score.

The game Saturday was likewise annexed by the Buffaloes with a score of 58 to 28.

The quintet goes to Clarendon for the closing games of the season on Friday and Saturday.

The Normal team is safe in the lead of all colleges in this section, and it looks like a safe bet with the Clarendon crew as the Buffaloes won both of the games played on the local floor.

Coach Burton is getting his track and baseball men lined up and will start practice at once in both of these lines.

Two Pigs Given to Boys and Girls for Best Guesses Saturday

The boys and girls of Randall county will be given an excellent opportunity to win a pig Saturday at the auction sale to be held by the Randall County Swine Breeders Association at the sales pavilion.

Two pigs are being offered by the swine breeders of Randall County, and will be disposed of in the following manner:

Each boy and girl of the pig club will be allowed a guess as to the weight of the pigs on exhibition. These guesses must be written on a piece of paper together with the name of the one submitting the guess and the paper handed to C. F. Walker before the sale starts. The boy or girl guessing closest to the weight of each pig will be given the pig free.

REEVES FOR CLERK

I hereby announce my candidacy for the office of County and District Clerk of Randall County, subject to the Democratic Primary, July 22, 1922.

I shall endeavor to see all voters individually and place my case before each of them; your support will be appreciated.

FOY BUILDING NEW HOUSE.

E. E. Foy is building a temporary business house on East Honston street just west of the Helzer Feed Store and will re-establish his tailoring business there until he gets into a brick building on the square.

He will have associated with him in the new business Ralph Baker, who served five years' apprenticeship in this business in England.

WHITTENBURG BABY DIES

Joe Billie Whittenburg, the six month old son of Mr. and Mrs. George Whittenburg, died yesterday evening at 7 o'clock after an illness of several days with pneumonia.

The funeral will be held this afternoon at the family home at five o'clock, conducted by Rev. J. H. Hicks, pastor of the Methodist church.

The many friends of the Whittenburg family in this city are grieved to hear of the death of the baby.

FARM BUREAU MEETING.

A. B. Haynes has called a very important meeting of the Randall County Farm Bureau for Saturday afternoon, March 25 at 1:30 o'clock.

All members and others interested are urged to be present in order to perfect the organization.

Governor Neff Will Visit Normal With the Board of Regents

Governor Neff and the Board of Normal College Regents will visit the West Texas State Normal College the second week in April. This visit on the part of the Regents is in compliance with the law that requires the Regents to visit each of the Normals once a year. Governor Neff will join the Regents on this visit for the purpose of acquainting himself with the work of the West Texas State Normal College. Governor Neff is the first governor of Texas who has undertaken this personal inspection of schools and deserves to be commended for taking this important step.

President Hill says with reference to this visit of Governor Neff that in his opinion "the greatest obstruction of educational progress in Texas today is the lack of first hand information about our schools on the part of those who direct the policies of this state. If governors and legislators had more direct personal knowledge about our public schools and institutions of higher learning, our educational problems would be quickly solved."

COMMISSIONERS RECESS.

The Commissioners Court was in session Monday for the regular quarterly session. Owing to the report of the Tax Collector not being completed, a recess was taken until tomorrow when the court will meet again and completed the session's business.

COVINGTON TRADES LAND.

D. E. Covington has traded his land south of Canyon for a section near Alameda, possession to be given in the spring. Mr. Covington received \$35 per acre for his Randall county land, getting the Alameda land at \$20 per acre. He will probably move to his new land some time in the spring.

WANT EGGS FOR CLUB WORK.

C. F. Walker states that he has a number of boys and girls who have taken up poultry in their club work, and want eggs for setting on the share. Any person who has eggs that he will give the boys and girls to hatch for one-half of the chickens will please confer with Mr. Walker.

NOTICE RURAL SCHOOLS

Plan to meet with other rural schools in Declamation and Reading at the Interscholastic League meet at Canyon High School, Monday, March 27, 1922.

You have material with which to work and material which you should develop.

Boys speak any pieces on "Americanization." Girls any short standard poem.

Your pupils are to be benefited by such exercises. This is for rural schools only.

SUED ON ACCOUNT OF PURCHASE OF CAR CLAIMED TO BE STOLEN

R. McGee bought a car in December from a man from Colorado, the deal being made through Amarillo parties well known to Mr. McGee. The papers in the case looked to be genuine and authentic.

It is now claimed that the car was a stolen one and the owner seeks to obtain possession of the same.

The case has caused considerable interest, and may develop information which may not cause Mr. McGee to loose the money he paid out for the car.

The man from whom Mr. McGee bought the car is under arrest and in the Amarillo jail.

JENNINGS ASKS RE-ELECTION

To the Voters and others of Randall County:

In announcing myself as a candidate for re-election to the office of County Judge, subject to the Democratic Primary to be held in July, I desire to state that since entering upon the duties of the office, I have given the office my undivided attention and have endeavored at all times to look after the interest of the County.

If you feel that I am qualified for the position and am worthy of your confidence, your support will be deeply appreciated. Thanking you for past favors, I am,

Yours very truly,
WORTH A. JENNINGS.

HIGH SCHOOL GAMES HERE.

The big district meet of high school basketball teams will be held in Canyon Friday and Saturday of this week. There will be six high school teams here to decide the championship of this district of the Interscholastic League.

NATIONAL PARK MEETING IS CALLED FOR AMARILLO MAR. 2

A very important meeting has been called for Amarillo on Thursday afternoon, March 2 for the purpose of formulating plans to make a National Park of the Palo Duro Canyon.

This question has been discussed in this section many times, and now representative citizens of the Panhandle-Plains country are meeting for the purpose of drawing up plans in order to push the matter in congress.

The people of Randall county are taxed liberally for the support of the schools of the state. This money is sent to Austin, and there the state department of education is custodian of the funds. A big clerical force is maintained to handle Randall county's school money and the money of the other counties of the state. The west Texas counties are not receiving back from the state any way nearly as much money as we send to the state, while east Texas counties are drawing more from the state treasury for school purposes than we draw out. East Texas keeps school valuations and tax rates low, while West Texas makes school valuations and tax rates high. There is no sense in such a program. Why should the school money of Randall county have to go to Austin and be returned to us in small amounts which is a very costly operation? Why should not the school trustees of Randall county and the trustees of the independent school district handle their own funds, and save this useless expense? Why should west Texas support the schools of east Texas? All common and high schools should be supported alone by direct taxation upon the people of the local districts, and this business of sending money to Austin be dispensed with. We refer this matter to our legislators. If they can start such a program in the next session, they will have accomplished a wonderful good for each and every school district in west Texas.

Canyon Independent School District will soon have an election of school trustees. Four of the seven trustees are to be elected. Last year there were twenty votes cast in the election. During the coming two years, the Canyon schools must undergo a big building program. The district will have other important work during the coming two years. In fact, it may safely be said that Canyon public school has bigger work to be accomplished during the coming two years than any other two years in its history. The best men of the district should be elected. Not men who have some interest to serve, but men who have a great interest in the schools and are willing to devote time from their business that the program may be put over. It is now time to think about this school election.

The hog is a wonderful institution and has meant much to the farmers of Randall county. In fact, the hog has been about the only institution which has produced good American dollars for the Randall county farmer this year. However, this does not mean that Canyon should be turned into a hog lot, and that hogs be allowed in the back yard of every home. Canyon has a hog ordinance, forbidding the keeping of more than one hog by a family within the city limits. If this is a good ordinance, the city officials should see that it is enforced. If it is not a good law, why not get it off the ordinance book of the city. Constant infringement upon the laws and ordinances breeds contempt for all law and authority.

The fellow who complains that the Commercial League does nothing but talk is the fellow who will not attend the meetings and try to put over some of the items on the program. The fellow who thinks the Commercial League ought to dig up big sums for every little enterprise which comes along is the fellow who is giving nothing to the support of the League. Come in fellows. The water is fine. Sign up your membership this week and try to help Canyon be a better place in which to live.

HEMSTITCHING AND
PECOTING
MONTGOMERY BROS.
AMARILLO, TEXAS

The Santa Fe railway has refused to pay their taxes in about half of the New Mexico counties, claiming that it had been unjustly taxed, its property having been taken at rates twice as high as other property of the state. The News has no information regarding the squabble, and trusts that an agreement may be reached. However, we offer the suggestion that it is too often the sentiment of tax boards to stick the big corporations and let the little home fellow go free. We know of no particular trouble that has been experienced in Texas with the Santa Fe, and tax boards in Canyon have always found the railroad very liberal in tax matters.

W. A. Johnson of Memphis has announced as a candidate for lieutenant governor. Johnson was defeated for this office two years ago, and is coming back for more. He was for a number of years our state senator, and did a good work for this section in the upper house. While personally we don't see why he wants the job, as we would prefer running a good country newspaper like the Hall County Herald to messing around in politics, yet we are strong for Johnson and hope he is elected. He was defeated two years ago because West Texas did not stay with him in the race.

The bonus bill is to be passed, but as the time draws nearer, trouble ahead is being sighted by the republican leaders. It was thought at first that the bonus money could be painlessly extracted from the pockets of the tax payers. As the bill advances in congress, it is more and more becoming apparent that the bonus money has to be extracted from the American pocket, and the average American is not very keen for more extractions after the continuous operations which were performed upon him during the war by the government and other agencies.

Those farmers and business men of Randall county who have stuck here during the past fifteen or twenty years have no kick with the country, and what it has done for them. They are well satisfied that there is no place in America quite so good as Randall county. There have been "lean" years during that time, but the fellow who has persistently stayed on the job has been well repaid for his labors—perhaps just as great or more so than had he lived in any other country.

Go to church Sunday. The pastors of Canyon have been urging that all of the people of the city affiliate themselves with some church and go to work for the Kingdom of God. The Lord certainly has no respect for a lazy Christian. A good Christian will not constantly refrain from doing his duty toward his church.

The News now sells at only \$1.50 per year—not because the cost of production has been materially decreased, but because we are keeping ahead of the declining prices in everything we have to sell.

Garland, a little city a few miles north of Dallas has long been regarded as having the best set of advertising merchants in any town of its size in Texas. Right under the shadow of the skyscrapers of Dallas those wide-awake Garland merchants have industriously and persistently used the columns of their home paper with the result that Garland has enjoyed an immense volume of business and has a record of scarcely any failures in the past fifteen years. Nothing amazing about that. It is just the logical conclusion that follows such a course, but here comes the noteworthy feature. The other day the merchants of Garland met and decided to spend larger advertising appropriations in 1922. Those merchants had read Roger Babson's forecast for 1922 and resolved that with the rising tide of business certain to come this year, they did not propose to be left behind. Garland merchants deserve the success that is coming to them.—Clarendon News.

PANHANDLE-PLAINS HISTORICAL SOCIETY BUSINESS MEETING

The annual business meeting of the Panhandle-Plains Historical Society is to be held at the Normal on Friday afternoon, February 24 for the purpose of electing officers for the coming year.

A nominating committee of Miss Hattie Anderson, Mody C. Boatright and C. W. Warwick will present a list to the members for their approval as officers for the coming year.

IF THE SHOE FITS, WEAR IT

A town that has never had community meetings or anything to do in a public way is on its way to the cemetery. Those of its citizens who will do nothing for the good of the town

are helping the town to dig its grave. Those who knock and cuss the town furnish the coffin. Those who are so selfish as to have no time to give to community affairs are making the shroud. The business man who will not advertise is driving the hearse. Those who trade away from home are the toll bearers. Those who are always pulling back from every public enterprise are throwing bouquets on the grave. Those who are so stingy as to be always howling hard times preach the funeral and sing the doxology. And thus the town lies buried from all the sorrow and turmoil of the world.—Sweetwater Reporter.

We had a very interesting program in the literary society this week and was liked by everyone. The following program was given:
Debate. Resolved, that it is better to have school on Saturday than on Monday. Aff. Sue Smith, J. D. Gamble, and Chesly Crosson. Neg. Ruby Lyons, Claude Harrison and Nell Hood.
Reading—J. A. Edwards.
Talk on the Benefits of an Organized Class—Era Baggett.
Class Prophecy—Margene Smith.
Jokes—Boone McClure.
The president of the society being ill his place was filled by the vice president.

A special meeting was called Saturday to act on the reports of the committees. The following motto was selected:
"Summa Summarum" The Top of Tops.

The honor roll for Jan. 15, in order: Sue Smith, Boone McClure, Era Baggett, Claude Harrison, J. D. Gamble and Ruby Lyons tied for fifth place.

Sophomore Report

Frances Reid
Our literary society has been invited to the Junior program this week so we will not have a program of our own. Every one was very much surprised when on coming to school Monday they found the arrangements of their desks changed and the shift is very agreeable.

The English class has just finished studying from two very interesting authors, Emerson and Wordsworth. We are now studying Browning, whom we find very interesting.

We were very pleased at the return of one of the classes most valued members, May Hollifield, who came back Tuesday noon. She has been away for over a month and she is gladly welcomed by the entire class.

Junior Report

Walter Black
The Junior Honor roll for January is: Alice Smith, Ida Mae Hastings, Ed Gerald, Jr., Frances Hicks and Florence Neal.

On last Thursday evening the Senior Literary Society invited the Junior Literary Society to their meeting. The program was very pleasing and entertaining, including choice selections of both vocal and instrumental music, and several excellent readings. The Juniors appreciate the favor and hope to be able to return it in the near future.

Senior Report

Lillie Mae Fogarty
Thursday afternoon the Palo Duro Literary Society invited the Juniors to their program which was:

Song by Assembly—"Love's Old Sweet Song."

Reading—Lillie Mae Fogarty.
Mandolin Duet—Edith Harrison and Myrtle Lou Biggers.

Jokes—Ruth Burnette.
Sextette—"Pucker up and Whistle"—Lexie Pierce, Gladys Campbell, Robert McGee, Amelia Hazelwood, Leslie Key and Hazel Findlay.

Talk: Advantages of Society Work—Mr. Sone.

After Mr. Sone's talk, Hilda Biggers of the Junior Society played some of the popular "bits" which were greatly enjoyed.

Athletics

Canyon High "Rattlesnakes" and Tullia High basketball teams, both boys girls mixed it in two fast games at the Normal gymnasium Saturday night and the results were a vigorous reminder of the "Rattlesnakes" last football game of the season. To say that Tullia beat us would be a mild statement but we will let it pass at that. The score of the boys game was 36-27, (Tullia's favor as a matter of fact) and the girls game also ended in Tullia's favor. Tullia has had the good luck to trim us this year, which by the way does not happen often but undismayed the Rattlesnakes again sound their warning: "Beware the baseball season." We are going after this and nothing resembling Tullia's good luck and excellent playing will cause us to lose. At least we are sure of the best baseball team Canyon High has ever produced.

The basketball season having ended with the Tullia game much interest is manifest in athletics of the future. The club decided that it being too cold to start the baseball work out, the entire bunch would take up track work and prepare to represent the school with a fall track team at the district meet next spring.

Monday afternoon a good sized squad reported for business and under the expert direction of John McCarty had a splendid work out.

Leslie Key bids fair to make our best sprint man, but he has much stiff opposition, with the late entrants, many of whom have proven that they possess a fast pair of heels.

O'Keefe and Faust are showing up well in pole vault and will continue to improve with hard work.

Donald Campbell still holds the high jump but he is going to have a close

keeping the lead as there are some other entrants whose feet simply can't stay on the ground.

The mile run event has developed many contestants who are doing good work. However, John Vetesk promises to make a wonderful miler, and is expected to continue leading this group.

Leslie Key holds the shot put, but his position is very shaky as the new men are showing up exceedingly well.

W. J. Wooten, the local theatre owner has very kindly offered to give the proceeds of a two nights show to the high school athletic fund and plans are being made to insure capacity houses. This is a very opportune offer and will be exceedingly beneficial to the boys as they need further equipment.

Letters will be issued to the boys making the track team and hot competition for these prizes is assured.

The boys have an able coach in McCarty who is a man of much experience. He holds the Hale County record four years in the one mile run, and in the 440 yard dash, three years in the 880 yard dash, and the shot put for two years. While a member of the Arroyo Sico Athletic Club of Los Angeles, Cal., in 1920, he held the 880, 440, and 100 yard dash events, and has had one year's experience as a coach at the Abernathy High School, and has a record of 50 seconds flat for the 440 yard dash. Thus you see we have a man who has been through the mill and is surely capable of starting our budding track team towards the paths of victory. He is heartily and gladly welcomed by the boys.

The following are prospective members of the team which will be composed of about thirteen men:

Cecil Foust, Ed Gerald, Jr., Birch Campbell, John Burgan, Leslie Key, Lexie Pierce, Donald Campbell, Doyle Gregory, Sydney Todd, Wayne O'Keefe, Horace Wooten, Robert McGee, Paul Martin, Alton Key, B. F. Turner, Jack Foster, Billie McClure, Harold Jackson, Fred Williams, Felix Pierce, John Vetesk, Tracy Service, and Edmund Otis.

Mr. Sone's Comments

The basketball season is closed so far as the Canyon Rattlesnakes are concerned. We played the season with the loss of one conference game having a 66.23 percent record. Our team played clean games, winning and losing fairly and we are proud of our record. Our football season was a little more successful, showing a net 83.13 percent standing.

Our boys are developing good sportsmanship and many qualities that should be set in all physical contests. More than thirty of our older boys have played throughout the season and are physically and mentally benefited.

Physical training will be continued among the boys on the line of running, jumping, hurdling and other exercises as outlined by the University authorities. This work will be connected with baseball practice and will be engaged in by every boy who can be induced to take part.

All games played away from home have been played on Mondays or on holidays, thus avoiding the loss of school time. Care is taken to follow this policy as much as possible.

Parties

Parents will please co-operate with the teachers in discouraging the giving of parties for pupils during school-day nights. All our pupils need home study.

Coming

"Black Beauty," the beautiful story of Anna Sewall's, will be presented at the Olympic soon. The profits will be shared with the high school athletes in the purchasing of needed equipment for track and baseball. Canyon High School has been entirely self-supporting in its athletic activities through the patronage of the citizens and it will appreciate large houses when "Black Beauty" is shown. The High School Orchestra will furnish the music.

OUR OWN COLLEGE

BY PHEBE K. WARNER in Star-Telegram

Last Fall when the new Seventh District of the Texas Federation was sliced off the old First District it naturally created many new and interesting problems. The First District was always recognized for its push and progress and especially for its size. It included sixty-nine counties stretching from Fort Worth on the southeast to Texline on the northwest, north to Higgins and south to Snyder. This was a wonderful section of country larger than several of the Eastern States put together.

There was not a member in the First District who was not proud of their part of Texas. Yes, and there was a lot of sentiment felt down deep in the hearts of the women when it became necessary to divide the district. The one motive was for better work. The district was without question TOO BIG for any one set of club workers to reach. There were many possibilities going to waste for lack of somebody to take advantage of them.

No one knew and felt this keener than the women of the Panhandle and the South Plains. It was not because the West Texas women wanted to pull away from the mother district, but because the women of West Texas felt their work belonged nearer home. They knew there were thousands of women capable of doing the work that had nothing to do. They needed a new district to develop. And they needed a district to develop themselves into more useful citizens of Texas. They needed a president of their own, and a corps of officers all their own to

represent history that Mrs. Powell finds it a task at times to successfully compete with it in teaching the more ancient. She is succeeding however and making a record in her department.

Miss Wiggins reports the work in English among her students more satisfactory than last year.

It will be remembered that this department was highly praised by the State Department last term.

PRESBYTERIAN CHURCH

On next Sunday morning at 11 o'clock the sermon-subject will be: "The Eternal Security of the Believer in Christ Jesus."

You have made your public confession of faith in the Lord Jesus Christ and received Him as your personal Saviour and in your heart you are convinced that God for Christ's sake pardoned your sins and received you. Since that time you have been assailed by doubts over this question? If so, this discussion may help you. Come and see.

On Sunday night at 7:30 the pastor will have as his subject: "What is a Christian?" This will be an endeavor to rescue the word "Christian" from the fog that has gathered about it through the years, almost obscuring its true meaning to the modern mind.

Think these two subjects over during the remaining days of this week, read up on them in the Bible, and come to the Presbyterian Church and hear them discussed next Sunday.

The Christian Endeavor Society will meet at this church at 6:30 p. m.

The Sunday School meets at 9:45 a. m.

You are cordially invited to attend these services.

TED P. HOLLIFIELD, Pastor.

MISS O'CONNELL IN RECITAL

Miss Sadie O'Connell of the Public Speaking Department of the Normal presented in reading Friday night at Normal Auditorium, "The Mollusc."

The reading was most highly appreciated by the large audience, those hearing the reading feeling that they are better prepared to enjoy the play which will be presented Saturday night of this week as one of the numbers of the Lyceum course.

Come to Canyon to live.

work out the social and economical and educational problems of their particular part of the State. And like a wise, brave mother the First District saw and appreciated this condition and with many regrets for the division and many good wishes for the new district the West Texas delegates bid farewell to their mother at the Fort Worth meeting and went back to their homes to work out their own salvation, to reorganize their new district and go to work to be an honor and a glory to their mother and the State.

It was a hard proposition to divide such a stretch of country, because most of the people and most of the club workers were condensed in the least space, the counties adjacent to Fort Worth. But after careful calculations and consideration by the Executive Board, fifty-two counties in the Panhandle and South Plains were marked off for the NEW Seventh District, and seventeen in the First District. Still there were almost as many clubs left in the first as in the seventh and they were the larger clubs because they represented all the cities in the First District. Naturally most of the State and district workers were on the side of the First District. But that did not discourage the new district. Everything must have a beginning and it must begin at the beginning. Why was the old district so large it had to be divided? Simply because it had grown. And that is what the new district went home to do.

The first thing was to get to work. But before that could happen a whole new army of workers must be discovered and organized. With the appointment of the new officers came the question, where shall we begin and what shall we do first to build up the greatest district in the State? Looking round, the different communities saw they had ONE STATE COLLEGE left in their district. And they at once resolved to seek the co-operation of that school to help develop the great natural and human resources of their district. The most natural thing to do, then, was to hold the first official meeting of the new Seventh District of the Texas Federation of Women's Clubs, at the West Texas State Normal College, at Canyon. This meeting was called for Feb. 3 and 4 of last week by the president, Mrs. Carl Goodman, on the invitation of the faculty of the West Texas State Normal College.

The meeting was two fold. First to get acquainted with our own college; second, to plan and decide upon a plan of work for the entire district. The first day was spent visiting the college and enjoying its work. The committee visited every department from the kindergarten to the faculty meetings and were the guests of the college at the annual musical recital given Friday night by Prof. Clark and his pupils in honor of the visitors.

Most everybody knows there is a West Texas State Normal College, but very few people even in the territory surrounding it know what the West Texas State Normal College is, the work it is doing, the standards of work the extent of the work and the wonderful equipment it represents. A State college, still in its "teens" in age, having once been entirely destroyed by fire, it stands today as one of the most complete and best equipped State Normals in the whole United States. With an enrollment of over 800 young men and women with a ratio of nearly two-fifths men and three-fifths women it is doing a work that no other institution could or would do. Sitting alone far out on the Western Plains, like a great picture framed by the walls of the Palo Duro Canyon, in less than fifteen years it has drawn into its wonderful influence more than 8,000 Panhandle and Plains boys and girls, many of whom never would have drifted far enough away from home to have reached any other State Institution.

LOCAL NEWS

Paul Faulkner and family of Whitehat visited this week at the G. M. Goode home.

G. R. Kitchen is moving to Canyon from Oklahoma on account of the schools of the city.

Dr. H. A. Brown was in Dallas during the past two weeks, taking the state board examinations, and passed all of the same.

In this issue of the News is found the political announcement of R. L. Lester as a candidate for the office of County Judge. Mr. Lester is now serving the county as County Attorney, having filled this office for two terms. Mr. Lester is well acquainted with the business affairs of the county. He has practiced law here for a number of years and has been successful. If chosen by the voters for the office of County Judge, he is capable of giving the county good service in the various phases of the county's business.

In this issue of the News will be found the political announcement of Worth A. Jennings as a candidate for re-election to the office of County Judge. Mr. Jennings has been an official of Randall county for the past few years, first serving as Sheriff and Tax Collector, and was honored by the voters in 1920 by being elected to the office of County Judge. In all of his official relations, Judge Jennings has given his entire time to the business of the county and given his best efforts that the interests of the tax payers might be served. If re-elected he will conduct the affairs of the office as he has in the past.

T. V. Reeves announces in this issue of the News that he is a candidate for the office of County and District Clerk. Mr. Reeves retired from this office four years ago, after having served the county faithfully for two terms. His record during his terms of office stand as a testimony of his ability to fill the office, and those who had business in the Clerk's office during that time always found Mr. Reeves to be most courteous and obliging, and willing to look after the interests of the tax payers of the county. If honored by being re-elected to this office, Mr. Reeves will conduct the affairs of the office as he did in the past.

J. A. Logan of Happy was a business caller in the city yesterday, and a very pleasant caller at the News office.

Mrs. Millard Word and daughter of Dumas are guests at the parental S. L. Ingham home.

Order your cut flowers and pot plants from Thompson Hardware Co. We represent two agencies. Same prices as your will pay in Amarillo. Orders left in the morning may be delivered same day.

Rev. and Mrs. Ted F. Holfield and daughter returned this week from Clovis where they have been since the death of Mrs. Holfield's father two weeks ago yesterday.

A three-act play entitled "When a Man's Single," will be presented at the Keenan School on Friday evening, February 24. The program will begin at 7:45, and an admission of 25 cents for adults will be charged. All children free.

The News reported two weeks ago the death of T. B. Falls at Ira, Texas. This was a mistake. His son, Wm. T. Falls was called home by the serious illness of his father, but Mr. Falls is on the road to recovery, and his son is now back at his work in the Normal.

The members of the Methodist church were entertained last night at the church by the members of the Board of Stewarts. After a social hour, a program with musical numbers by Misses Brigham and Clark, a solo by Mrs. Sheffy and reading by Miss Whitaker was given. Rev. Hicks and W. J. Fleisher made short talks on the state of the church. Refreshments were served by the men of the Board of Stewarts.

I AM YOUR TOWN

I am your town. Make of me what you will—I shall reflect you as clearly as a mirror throws back a candle beam.

If I am pleasing to the eye of the stranger within my gates; if I am such a sight as, having seen me, he will remember me all the days as a thing of beauty, the credit is yours.

Ambition and opportunity call some of my sons and daughters to high tasks and mighty privileges, to my greater honor and to my good repute in far places, but it is not chiefly these who are my strength. My strength is in those who remain, who are content with what I can offer them, and with what they can offer me. It was the greatest of all Romans who said: "Better be first in a little Iberian village than be second in Rome."

I am more than wood and brick and stone, more even than flesh and blood—I am the composite soul of all who call me Home.

I am your town.—American Legion Weekly.

Happy Happenings

The Semi-monthly Commercial Club banquet was given at Miller's Cake Wednesday at one o'clock. About 35 members of the Chamber of Commerce were present. Professor Nusbaum and Captain Nusbaum, who were in Tulla at that time, attended the banquet.

Miss Vivian Gatten of Canyon spent the week end with her brother on his farm east of Happy.

Mr. and Mrs. A. A. Fonken and Oscar, and Mr. and Mrs. A. J. Konken spent Sunday with C. F. Zoeller.

Flake Montgomery of Amarillo spent the week end in Happy.

M. B. McManigal was called to the deathbed of his mother in Nebraska Sunday afternoon.

A baby boy was born to Mr. and Mrs. Tom Kirk, Sunday.

Sunday School attendance at the M. E. church Sunday was very good. We are going to make next Sunday a "Go to Sunday School Sunday!" We wish to have 125 present. We go to Vigo Park for the Institute, Feb. 26 and we are working to bring our Sunday School Banner back with us. Rev. Wilkins delivered a very good sermon. His subject for Sunday evening was: "The One Sufficient Refuge."

The W. M. U. met with Mrs. A. L. Harrison last Thursday and will meet there again next Thursday.

John Moore and W. C. Woodburn attended the Community Day service in Tulla Saturday.

Mrs. Colton of Tulla is visiting her mother, Mrs. Cook, this week.

Ela and Roy Aikman went to Canyon Sunday to meet their mother who has been with her brother in Texico.

Mr. and Mrs. Olney Newberry spent the week end with Mrs. Newberry's parents, Mr. and Mrs. C. E. Grounds.

PLEASANT VIEW ITEMS

The Redell children started to school at Pleasantview the 14th. This makes 23 in our school.

C. J. Crawford made a trip to Mexico this week.

Mr. Ball has been sick for a few days.

The Philo Literary Society was well attended Saturday night. We had a very good program and a Valentine Box. The contest between the "Reds" and the "Blues" is getting very interesting which lasts until March 25. After the program we played various valentine games.

The League is growing in interest each Sunday and is a benefit to the neighborhood. Rev. Marvin Brotherton will preach Sunday night. We welcome all who come.

Jacob Dinkle has leased the southeast quarter section 125 for 5 years, and will do some improvements and move on it soon.

John Veteck hauled a load of coal for the school this week.

The voters in District No. 2 will have a chance soon to sign a petition asking for an election to see whether we want to consolidate with Canyon. We are anxious for this to go through as it will mean something to all of us. We are working to the truck transfer for the district and must have it. With a bus line to school, equal taxation with the present Canyon district, we can well afford to help build a fine school building in Canyon which will improve our district as well as Canyon. We will keep our school building for gatherings of all kinds.

Wayside Items.

C. A. Brooks gave us a good sermon Sunday. He was accompanied by his family. They took dinner and spent the afternoon with Mrs. L. J. McGehee.

Mrs. Mable Kennon and children returned from visiting her parents at Hereford last Tuesday.

Be Careful and Systematic

People who pay their bills by check get a reputation for being careful and systematic in their business dealings. Such a reputation means much in the establishment of credit. It costs no more to pay your money out by check than it does to use the hard cash, and you have the advantage of having it in a place that is absolutely safe.

To have money in the bank is of itself a valuable asset in the establishment of credit.

We invite you to open a checking account with us. We will help you to make your account a real convenience.

"CHICKEN MONEY"
For many years the term "chicken money" was used to denote a small amount, and in small pieces of coin of the realm, but the term is no longer thought of in this way, as the "chicken money" of this great Plains section. Chickens and the kindred products of the poultry yard is one of the big dividend producers of the Plains farmers. There has for a number of years been a ready market for all the poultry that has been offered for sale, and it has brought a mighty good price, and we have noticed the people who have poultry to sell are the people who are always able to have a bank account and subscribe for their county paper and a good daily, as well as supply their families with several good magazines to read, and have mighty good eats at home. More poultry will put money in the banks quicker than an oil well, and the investment is absolutely safe. More chickens, turkeys, etc., on the Plains for 1922, and more prosperity will abound.—Lubbock Avalanche.

Experiment Station Offers Fine Trees at Very Low Prices

The Experiment Station at Lubbock announces that it has a large number of trees for sale at a very low price in comparison with the prices asked by commercial nurseries. The station has experimented with various kinds of trees for this section of the state and is offering for sale only those which have been found to be best adapted for West Texas conditions.

The list includes the American Elm, Sycamore, Black Locust, Osage Orange, Hackberry, Honey Locust, Russian Mulberry, Varnish.

The prices run from 10c to \$1.00 each. Orders may be sent direct, or left with County Agent C. F. Walker. No shipments will be made after April 1st.

Planting Trees

Tree lovers in the western part of Texas should realize that the chance of success in growing trees is very greatly increased by planting small ones. The danger of transplanting increases as the trees age. It is well in planting young trees to plant more thickly than the trees are to stand when grown, either in clumps or in rows. The cost of young trees is so small in comparison with their value that it is poor economy not to plant an abundance to have some choice as the trees mature.

Dig good large holes. The hole should not be dug in the spring and left open. If holes are dug before trees arrive fill the dirt back in, otherwise the ground dries out badly. Set trees slightly deeper than they were in nursery row. Care should be taken not to put rocks, grass, clods or chunks of sod in the holes, but put the best, fine, moist dirt in direct contact with the roots and firm the soil well when planting.

Cultivation is essential for satisfactory growth of trees in West Texas. It must be remembered that moisture is the limiting factor in tree growth in this section. Keep the ground free from weeds and grass.

The tops of deciduous trees should be cut back about one-third at planting time, but evergreens should not be pruned.

TAX THEM OUT OF EXISTENCE

Irresponsible street salesmen drop into our towns once in a while and take out hundreds of dollars that ought to go into the tills of the local tradesmen. These fly-by-nights pay only a small occupation tax, sell their goods of doubtful merit, like their wares hot cakes, and then they are gone. They pay no taxes to support schools and city institutions and you can't find one when you need a donation for some worthy public cause. Why is it that so many men will dig up good money and pay over to these fakirs when they can't even pay their local merchants who have befriended them in time of need? The City Council ought to make the peddler's tax so high that it would drive out all such questionable competition and thus save many a dollar, both for the merchants and the patrons of these quick-fire artists.—Plainview News.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Randall County, Greeting:
You are hereby commanded to summon R. A. Parvin, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Randall County, Texas, to be held at the Court House thereof, in Canyon, Texas, on the 4th Monday in February A. D. 1922, the same being the 27th day of February A. D. 1922, then and there to answer a petition filed in said Court on the 15th day of August, A. D. 1921, in a suit numbered on the docket of said Court, No. 921, wherein Minnie Parvin, is Plaintiff, and R. A. Parvin, Defendant; the nature of plaintiff's demand being as follows:

That plaintiff and defendant were duly and legally married March 17th, 1912, and continued to live together until about June 25th, 1920. That plaintiff has been an actual bona fide inhabitant of Texas for the past twelve months, and has resided in Randall County for over six months next preceding the filing hereof. That at all times, during their marriage, this plaintiff has conducted herself with propriety, doing her duty as a wife, has at all times treated defendant with kindness and forbearance, and has been guilty of no act bringing about or causing the hereinafter described acts, omissions and conditions on defendant's part. That defendant, disregarding the solemnity of his marriage vow, and his obligation to treat plaintiff with kindness and attention, within about a year after their said marriage, commenced a course of unkind, harsh and tyrannical conduct towards her, which continued, with very slight intermission, until she finally separated from him on or about the 25th day of June, 1920. That on divers occasions, while plaintiff lived with defendant as aforesaid, he was guilty of excesses, cruel treatment and outrages toward her, of such a nature as to render their living together insupportable. That the defendant would never take plaintiff to church or other social gatherings, that he threatened to kill her, do not provide her with a home, but they were forced to live with plaintiff's mother, that he would curse and abuse plaintiff's mother for the purpose of annoying and harassing plaintiff. That defendant had on divers occasions accused plaintiff of being untrue to him; and thinking more of other men than she did of him which were all false, as she had always been true and faithful to defendant. That there were borned to plaintiff and defendant, three sons, Robert Arthur Parvin, John Painter Parvin and James Franklin Parvin, who are now living with plaintiff in Randall County. That plaintiff is able and willing to raise and educate said children properly. That defendant would not be a proper person to raise said children, because he has no home, and does not believe in schools, churches or education of any kind, he himself not being able to read and write. That plaintiff will and does give said children a good education and keep them in good moral surroundings. Wherefore plaintiff prays that citation issue, and on final hearing she be divorced, and have the custody and care of said children.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Randall County, Greeting:
You are hereby commanded to summon H. Charley Hedge, by making publication of this Citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Randall County, Texas, to be held at the Court House thereof, in Canyon, Texas, on the 4th Monday in February, A. D. 1922, the same being the 27th day of February, A. D. 1922, then and there to answer a petition filed in said Court on the 30th day of January, A. D. 1922, in a suit numbered on the docket of said Court, No. 937, wherein Lula Hedge, is plaintiff and H. Charley Hedge, is defendant; the nature of plaintiff's demand being as follows:

That Plaintiff and Defendant were lawfully married in Texas, about February 3rd, 1916, and that on or about October 15th, 1916, defendant left and abandoned plaintiff, and left with the intention of abandonment and has never lived with her since said date, that defendant has never supported, lived with or aided her in making a support since said date. That after defendant abandoned plaintiff, there was born to plaintiff, a baby girl, who was four years old her last birthday. That her name is Frances Gaynell Hedge, and that this defendant has never furnished said child any means of support, whatsoever. That plaintiff is able and willing to care for, educate and maintain said child.

That the residence and whereabouts of defendant is unknown to plaintiff and has been unknown to her for four years next before the filing of this suit.

Wherefore plaintiff prays that citation issue in terms of the law, and on final trial hereof she be granted a divorce, dissolving the bonds of matrimony existing between her and defendant, and a decree of your Court giving and granting to her the exclusive possession, control, care, custody, education, raising and maintaining her said child to the exclusion of the defendant. To all legal, equitable, general and special relief which she may show herself entitled and for costs.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

ELECTION NOTICE

THE STATE OF TEXAS,
City of Canyon,
County of Randall.

On this the 6th day of February, 1922, the City Council of the City of Canyon, Texas, convened in regular session at its regular meeting place in the city hall, all members thereof, to-wit: J. D. Gamble, the mayor, and Aldermen J. W. Reid, C. D. Lester, T. C. Thompson, G. G. Foster, Grady Oldham and C. N. Harrison, being present, among other proceedings had was the following:

It was moved by Alderman J. W. Reid, and seconded by Alderman C. D.

Lester, that there be submitted to the qualified voters of the said city, who are property taxpayers therein, the proposition for the issuance of the bonds of the said city in the sum of \$20,000, for the purpose of street improvements, the election to be held on the 11th day of March, 1922; the motion carried by the following vote:

Aldermen J. W. Reid, C. D. Lester, T. C. Thompson, G. G. Foster, Grady Oldham and C. N. Harrison, voting AYE; and none voting NO.

Thereupon the following Election Order was adopted:

Whereas, the City Council of the City of Canyon deems it advisable to issue bonds of the said city for the purpose hereinafter mentioned:

Therefore, Be It Ordered By The City Council of the City of Canyon, Texas, that an election be held on the 11th day of March, 1922, at which election the following proposition shall be submitted:

"Shall the City Council of the City of Canyon, Texas, be authorized to issue the bonds of the City of Canyon, in the sum of Twenty Thousand (\$20,000) Dollars, payable twenty years from the date thereof, with option of redemption at any time after ten years from their date, bearing interest at the rate of five per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of street improvements in the City of Canyon, as authorized by Chapter 1, Title 18, R. S. 1911, and Chapter 9, General Laws passed at the Regular Session of the 37th Legislature, 1921, and the Constitution and laws of the State of Texas."

The said election shall be held at the Court House in the City of Canyon, and the following named person is hereby appointed manager of said election, to-wit: A. M. Smith.

The said election shall be held under the provisions of Chapter 1, Title 18, R. S. 1911, and the Constitution and laws of the State of Texas, and only qualified voters, who are property taxpayers of said city, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed upon their ballots the words:

"For the Issuance of Street Improvement Bonds."

And those opposed shall have written or printed upon their ballots the words:

"Against the Issuance of Street Improvement Bonds."

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections.

It is further ordered that if the proposition for the issuance of the bonds herein described receives a favorable vote of the qualified property taxpayers of said city, voting at the election hereby ordered, then the City Council shall issue such bonds in lieu of an issue of \$20,000 of street improvement bonds authorized at an election held in said City of Canyon on October 30, 1920, and which have not been issued and sold, it being the intent hereof that the proposed bonds shall be the same in every respect as the bonds authorized at the election held October 30, 1920, except they shall mature twenty years from the date thereof with option of redemption at

any time after ten years from their date, and shall be dated on a date subsequent to the date of the election hereby ordered.

A copy of this order, signed by the mayor of the City of Canyon, attested by the city secretary of the said city, shall serve as a proper notice of said election.

The mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said city, and which notice shall be published once each week for five weeks, the date of the first publication being not less than thirty full days prior to the date of the election.

CANT DO THE WORK
 It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor!

Mrs. Clouch, Canyon, says: "Some time ago my back and kidneys began to cause me a lot of misery. There was just a dull, ache through the small of my back and it was also so sore and lame I could hardly bend over or do my work. When I did manage to stoop over, such a sharp, stinging pain would catch me, making it hard for me to straighten up. I was all worn out and could scarcely get around at times. I became dizzy and had headaches and my kidneys didn't act right at all. I saw Doan's Kidney Pills so highly advertised that I bought some and three boxes cured me entirely."

 Lesson for Feb. 22, Oliver Wendell Holmes: "The Autocrat."
 Leaders—Mrs. Oscar Hunt, Mrs. B. A. Stafford, Miss Agnes Meyers.
 Questions pertaining to the lesson are as follows: 1. What is the "Autocrat's opinion of puns?" Do you think Holmes entirely agrees with this opinion? 2. Under what ruse is "The Chambered Nautilus" introduced here? 3. Would you classify the papers

CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Randall County, Greeting:
 You are hereby commanded to summon David McBride and Mrs. D. M. McBride, and the unknown heirs, their heirs and legal representatives, respectively, of the said David McBride and Mrs. D. M. McBride, Deceased, by making publication of this citation in some newspaper published in your County, if there be a newspaper published therein, but if not then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Randall County, to be holden at the Court House thereof, in Canyon, Texas, on the fourth Monday in February, A. D. 1922, the same being the 27th day of February, A. D. 1922, then and there to answer petition filed in said Court on the 31st day of January, A. D. 1922, in a suit numbered on the docket of said Court No. 938, wherein J. M. Vetek is Plaintiff and David McBride and Mrs. D. M. McBride, and the unknown heirs, their heirs and legal representatives, respectively, of the said David McBride and Mrs. D. M. McBride, Deceased, are defendants. The petition alleges that the plaintiff is in possession and the owner of the fee simple title to the following described lot, tract or parcel of land situated in Randall County, Texas, to-wit:

All of Lot Fourteen (14), in Block No. 29, in Canyon City, Texas, according to the map or plat of said town as it appears on file and of Record in the Office of the County Clerk of Randall County, Texas, being a subdivision of survey 34, Block B-5, certificate 15-3536, H. & G. N. R. Co., patented to L. G. Conner, December 9, 1898, patent No. 282, Volume 17, containing 640 acres.

Plaintiff sets out his chain of title to said land and pleads the five and ten years Statutes of Limitation, and prays for title and possession and removal of clouds upon his title against Defendants and each of them.
 Herein fail not, but have you before said Court on the 1st day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Witness, O. W. Gano, Clerk of the District Court of Randall County.
 Given under my hand and Seal of said Court, in Canyon, Texas, this 31st day of January, A. D. 1922.
 (Seal) O. W. GANO, Clerk, District Court, Randall County, Texas.
 A true copy I certify.

which make up the "Autocrat" as essays? Is there any other book in our literature exactly like this one? 4. What explanation or excuse does Holmes offer for the lack of logical sequence in the topics discussed in the various papers? 5. What is your estimate of Holmes' power of character portrayal as illustrated in this book? 6. Is the little love affair made prominent enough to usurp the main interest of the reader at any point in the body of the book? 7. Explain the Autocrat's method of proposing. Do you like it? Is the "Deacon's Masterpiece" a yelled satire on Jonathan Edwards and Calvinism? (Consult Wendell) 8. What, in your opinion, is the most delightful thing in this book? 9. Give five of the brightest epigrams in the book.

Y. M. C. A. AND Y. W. C. A. BENEFIT PICTURE SHOW

The Young Men and Young Women Christian Associations at the Normal College are in need of funds to support their program for the remainder of the school year. These young people have

been doing excellent work in strengthening the moral and religious interests of the student body as a whole. They are to be commended especially for the fine quality and value of the series of addresses now being given each Wednesday afternoon at 4:00 on the subject of Vocational Guidance. Also for the spiritual and social value of the meetings for young women.

It is highly essential that delegates be sent each year to the great training schools or summer conferences for leaders, to bring back new vision and enthusiasm for the local work. This and other interests call for money. The young people have voted to raise this money by selling a service. Instead of asking for donations. They have secured the film play

"A Man's Home" to be shown at the Olympic Theatre on Wednesday and Thursday, Feb. 22 and 23. This play is similar in quality to the widely advertised "The Old Nest" recently shown here to a very appreciative audience. It has a strong moral tone, and will be enjoyed by the most critical.

The Christian Association members will sell tickets, which may be used either night. You are invited to attend this play and assist the young people in their work.

Goodbye Boils!

Are you "up to the neck" in blood impurities? S. S. S. is one of the greatest blood-purifiers known.

S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano—your blood is so clogged full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood-purifiers known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Right off, it clears the skin of pimples, boils, blotches, blackheads, acne, sebum, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause rheumatism, makes the blood rich and pure, builds up lost flesh. It helps to manufacture new blood cells—that's one of its secrets. S. S. S. is sold at all drug stores, in two sizes. The larger size is more economical.

PREPARE NOW for Baby's Coming

THE expectant mother owes it not only to herself to prepare for an easier delivery, but to her child who should be stronger, healthier and more robust thru her care and intelligence.

What is one of the most important things a mother-to-be should do?

The universal answer from thousands of experienced mothers is this: The mother-to-be should massage the muscles and nerves involved in the function of child-bearing, daily, with an application of Mother's Friend. *Because—*

Three generations of mothers record the virtue of Mother's Friend for not only allaying distress in advance, but for assisting nature in assuring a speedy recovery for the mother.

So thoroughly has Mother's Friend proven its wonderful efficiency in thousands of cases, that any expectant mother who does not employ its use as directed deprives herself of a powerful agent for her relief and well-being, during the period of pending maternity, and of her prospects for an easier delivery when the eventful hour arrives.

The women who appreciate Mother's Friend the most, and who arc

loudest in their praise of it, are those who unfortunately did not use it with their first baby and who, thru its use with the second one, were able to fully realize the almost unbelievable relief it gave.

Mrs. Olive Vanden, 10 Grape St., Gallipolis, Ohio, says: "Before using Mother's Friend I suffered from Wednesday 'till Sunday. With my next child I used Mother's Friend and was sick only about three hours."

Many doctors and nurses recommend Mother's Friend. For external use—it is perfectly harmless. Begin its use at once. Sold by all druggists.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

DOCTORS DISCUSS SANITARY CONDITIONS IN THE CITY

(Continued from first page)
 Hated between wife, husband and children.

We cannot have school sanitation without home and personal sanitation. School sanitation today is one of the biggest subjects we have.

Dr. Wilson urged that we all observe moral sanitation. Care can be taken in the language we use. He called attention to the senselessness of the average oath and vulgarity of slang expressions.

Public sanitation covers the field of sewers and water systems. He stated there were still some people in Canyon not connected with the sewer. The officials had listened to pitiable stories ever since the sewer system had been installed, and some still maintained open closets. The alleys of the town were used by some as public dumping grounds and were usually littered up.

Dr. Wilson urged that the stores be kept clean and tidy. He liked the system of inspection we had in Canyon a few years ago, and the good effect it had upon the stores which handled foods. The barbers have a new law, which seems almost impossible to comply with, but if carried out to the best of their ability will be of great benefit. There are ample regulations governing hotels and cafes if observed.

Canyon needs a system of dairy inspection and of testing of all cows.

All of this leads up to civic attractiveness—beautiful homes, lawns and clean premises, all of which elevate the citizenship of the community. Unsanitary persons will not live in a clean town.

Dr. Stewart urged that people be more careful with their trash. Do not throw papers or envelopes down in a public building, on the street or in the alleys. He also urged people knowing of violations of health ordinances to report them to the proper authorities. Too often complaints come to health officers and the person bringing it refuses to let their name be used. Complaints are almost valueless unless the one filing it will allow his name used against the guilty party.

Fred H. Ives called attention to the practice of keeping a lot of hogs in the city limits and a number of open closets, and urged that something be done about it.

A committee was appointed from the Commercial League to attend the civic improvement meeting at the court house today as follows: D. A. Shirley, J. M. Vetsak, A. W. Blough.

Fred H. Ives stated that he had been requested by President Hill to look after employment of students wanting to work their way through school. Mr. Ives would like for any person needing help to let him know, and he will send some one.

The danger at the crossing on the highway west of the Normal was discussed, and the belief expressed that some child would be killed here before many months if something was not done to stop the speeding cars on the highway. It was urged that the city council put in a new crossing at this point as the old one is covered more than a foot under the highway, and that the new crossing be high enough so force the cars to slow down for the crossing. L. G. Allen, C. D. Lester and D. A. Shirley were appointed to present this to the city council at the next meeting.

C. F. Walker reported that the Duron National Record Association was anxious to place \$250 in the futurity show and boys club work for the Randall County Fair this fall, if some organization in Canyon would put up an equal amount. The League voted to assume this amount.

A committee was appointed to see the city council about having the rubbish moved from the scene of the recent fire on the south side of the square. G. G. Foster, J. M. Vetsak and T. C. Thompson were appointed on this committee.

Luncheon Next Week.
 The luncheon next week will be held at the Canyon Cafe. Mr. Bennett, representing the West Texas Chamber of Commerce will be here to address the meeting.

VOCATIONAL AGRICULTURAL TEAM TO BE PICKED THIS WEEK

The team to represent the Normal Training School in the Stock Judging contest to be held in Canyon, February 24, 1922, is to be picked the last of this week. This contest has aroused considerable interest because of the fact that the high teams at Canyon will be sent to Fort Worth in March to take part in the Texas Wide High School Judging contest.

MERRILL LECTURES ENJOYED.

The lectures of Rev. Paul J. Merrill at the Normal auditorium on the Brotherhood of Man were highly enjoyed by the student body and citizens who were fortunate enough to attend the chapel periods Tuesday and Wednesday mornings.

Mr. Merrill is an advanced thinker, and has a clear vision of the present day problems.

THE MOTTO OF THE Y. W. C. A.

The Young Woman's Christian Association of the West Texas State Normal College has no motto which could be phrased in words adequate to its purpose. Its chief work is the building of Christian character, and whatever functions in this end it presumes to undertake. During their college days students are so prone to forget their spiritual life; attracted by the inherent interest of intellectual pursuits or driven by the compelling pressure of a set task, they bend all their energies to one end—a high grade in class or a certificate at the end of the year. The time of life which most students spend in college is for them a formative period. Besides, a college that is worth while will have certain influences which stir students profoundly. If during this period students neglect their spiritual welfare, the loss to them is not purely a loss of time; they have failed to make spiritual tendencies a telling factor in their life-habits. The whole responsibility of making people Christ-like in their character does not rest upon the Church. Christianity has no limitations of place, time, or circumstances; to act as the embodiment of its virtues should "be the natural way of living."

The doctrines which we hear from the pulpit must find issue in the conduct of people in their daily life with all its trying problems.

The Y. W. C. A. of this institution desires that all its young women be pure in thought and pure in act; that they discourage all appearances of evil with aggressive opposition. To this end they are organized; to this end they work. To feel that those who sit beside us in the class room are honest, are pure, and are gifted in virtues of the hearts reacts upon our own natures and tends to make us better. Christian virtues practiced in our daily relations induce the belief that Christianity is not merely a creed arbitrarily adopted by the churches, but that its virtues will make us happier and better.

If I should select a motto for the Y. W. C. A., it would be something like this: "Our mission is to make the lives of all students brighter and better; to this end we would have them not forget God during their college days."
