BAIRD, CALLAHAN COUNTY TEXAS, FRIDAY, JULY 14, 1933

NUMBER 31

Bodies of Rutherford and Sturdivant Found In Trinity River

Fort Worth, July, 12—The bodies of three men, slain Saturday night, officers said in a dispute over division of \$72,000 loot taken in a depot mail robbery here last Feb. 21, were found east of Riverside section.

The discovery climaxed a four day mystery marked by the charging of four men with murder, the solving of the mail robbery, and the finding of \$100,000 worth of bootleg narcotics in the palatial home of O. D. Stevens, principal suspect, northeast of Handley.

The slain men were Jack Sturdivant, 23, Eula, Harry (Hy) Rutherford, 28, Abilene, and J. B. (Beefy) Rutherford, 30, Dallas, Harry's brother.

The bodies were bound together in meshed fence wire.

Charged with their deaths are Stevens, W. D. May, M. D. Howard, alias Pettijohn and M. T. Howard, alias Pettijohn, all of whom are in the county jail in lieu of \$30,000 bond each. The four murder suspects, and Claude Hill and Weldon Rount, the latter in jail in Dallas, also face federal charges in the mail robbery. Bonds of \$50,000 each have been set in federal court.

Deputy Sheriff H. W. Rhodes, on his way home after sheriff's deputies had ended a search of Big Fossil creek near Birdville, discovered the bodies after a stench and the appearance of oil on the surface of the river had attracted his attention.

The bodies were removed to a funeral home where examination for bullet wounds and other marks of violence was begun.

Sheriff Wright and his deputies hastened to a bridge over Big Fossil creek after Wright, District Attorney Jesse Martin and Postal Inspector J. W. Adamson of Fort Worth had drawn information from Rount in Dallas in a four hour grilling during the afternoon.

They had abandoned their search for the night, intending to return early tomorrow morning to drag the creek to Trinity river and to probe deep holes in nearby sand pits.

Rhodes, descending the bank of the river to view the grisly bundle more closely, discovered fresh shoe prints, he said, leading to the edge of the river where the bodies lay. He notified the sheriff's and district attorney's office immediately.

The mystery was precipitated early Sunday night after E. M. Bilger, Jr., 7, pointed excitedly to a bulky object under the bridge leading from the Ederville road to Birdville, crying to his father, E. M. Bilger, Bedford:

"Look, daddy, there's a fish trap." Bilger and T. W. Mumford also of Bedford, dragged the objects from the river, finding it to be a crude, rock-weighted wire basket containing the clothes of three men. The clothing had been slashed and torn as it was removed from the bodies. A belt hole was found in the collar of a dark blue shirt, that of J. B. Rutherford.

Bilger and Mumford notified authorities who arrested more than a half score of suspects within the next few hours in Dallas, in Fort Worth and near Handley. A search of the clothing had revealed identification cards, rings, watches and money. From one small card, officers took a Dallas address where officers found the wives of Sturdivant and J. B. Rutherford. It was from the two women Monday that state authorities elicited information leading to charges against the four men. The women revealed the association of the three missing men with the suspects in the mail robbery.

It was never doubted by investigators from the beginning that the three men were killed just before they were to have been paid \$9,000 for their part in the robbery. It was believed that the men were slain when suspecting they were to be cheated of their share in the loot, they threatened exposure of the robbery. Still another theory, gives less credence by authorities, was that the three men had been paid and then had been slain and robbed by the others.

Deputy Sheriff Rimmer saw the three slain men conversing late Saturday night—the last time they were seen alive—on a Handley street corner with other men.

Reconstructing the events leading

F. E. Ford Honored On Birthday

F. E. Ford, of Denton passed his 75th birthday last Saturday, July 8th and on Sunday his children honored him with a picnic dinner at the home of his daughter, Mrs. R. V. Gotcher the picnic being held on Pecan Bayou near her home.

The day was pleasantly spent. In the afternoon they enjoyed a swimming party, after which ice cream and cake was served.

Children and grand children present were: Mr. and Mrs. R. V. Gotcher, Bobbie Lou Gotcher, Mr. and Mrs. F. A. Ford, Mr. and Mrs. P. C. Ford, Gordon Ford, Marie Ford, Fayola Ford Mr. and Mrs. Walter Connell, all of Denton; Mr. and Mrs. Bryan B. Ford of Baird; Mr. and Mrs. Jim Harris of Oplin. Others present were Maron Freel, Mrs. Murrell and Mr. Gotcher.

Every member of Mr. Ford's family was present on this occasion except one grandson, W. C. Ford, who is with the reforestation army at Alpine, Arizona.

Masonic Lodge Elects Officers

J. P. (Pat) Bounds was elected Worshipful Master of Baird Lodge, No. 522, A. F. & A. M. for the fiscal year beginning July 1st.

Other officers are: W. E. Melton, Jr., S. W. Olaf South, J. W. T. E. Powell, Treasurer. Martin Barnhill, Secretary. W. H. Green, S. D. George Nitschke, J. D. E. B. Mullican, Chaplain. John Asbury, Marshal. John Simons, S. S. Elmer B. Smith, J. S. D. S. McGee, Tiler.

There was no change made in the personnel of the office of the Chaplain.

to the killing, investigators believe that, shortly after this conversation the group of men boarded automobiles and went either to the home of May or that of Stevens, about three miles northeast of Handley.

Shots were heard by neighbors in that vicinity at about 10 p. m. Saturday. They said the shots were in the direction of the May and Stevens homes, which are only a few hundred yards apart on the sandstone hill. It is believed that the victims were either shot or struck death blows on the head. Working hastily, the slayers apparently stripped the bodies of clothing at once, bundled the clothing into one length of fence wire and the bodies in another.

J. B. and Harry Rutherford were former residents of Callahan county, residing in Clyde and the Eula community for many years.

Their father, the late Jacob M. Rutherford operated a livery stable and feed barn at Clyde in the early days. Mr. Rutherford died in Clyde some years ago after which the family moved away and Mrs. Nettie Rutherford, mother of the slain men, now lives in Abilene where her son, Harry Rutherford, also lived, Jack Sturdivant lived at Eula.

Mrs. Jack Sturdivant is a daughter of Marvin Rutherford, of Eula and she and Sturdivant were married three months ago and have only recently completed the construction of a beautiful bungalow home at Eula. Mr. and Mrs. Sturdivant went to Dallas last Friday driving their car a large black Chrysler coupe in which the three men left the home of J. B. Rutherford in Dallas Saturday and which has not been found.

The bodies of J. B. and Harry Rutherford were carried to the home of their mother in Abilene yesterday evening. Funeral services will be held there probably today and the bodies brought back to Clyde for burial besides their father in the family lot in the Clyde cemetery.

The body of Jack Sturdivant was carried to Snyder where his parents, Mr. and Mrs. John E. turdivant lives, for burial.

Mrs. C. W. Riley of Eula is an only sister of the slain men. Three brothers Murray, Newt and Gib Rutherford also live at Eula. Their eldest brother, William Rutherford lives at San Angelo.

New Board Appointed In County Relief Work

Under the revised regulations for relief of destitute in Texas a change has been made in the personnel of the county relief committee. The committee as appointed and approved by the Commissioners Court in session Monday is:

Dr. W. S. Hamlett, Baird, County Chairman.
Dr. B. F. Brittain, Putnam.
Roy Kendrick, Denton.
T. D. Little, Cross Plains.
Ezra Cook, Clyde.

This work has heretofore been done by County Judge J. H. Carpenter and County Commissioners, J. W. Hammons, S. S. Harville, C. E. Bray and G. H. Clifton, assisted by Judge B. L. Russell and B. L. Russell, Jr., Harry Tom King of Abilene has been appointed as a director for West Texas by Gov. Miram A. Ferguson, State Chairman of the Texas Rehabilitation Relief Commission, as a director and will supervise the work in this section.

County Relief Committees have been changed in many counties in the state under the new relief plan.

During the past eight months approximately \$22,500.00 has been spent for relief work in Callahan county. Application has been made for the county's quota for July and August.

J. C. Jones Dies Suddenly At Alvarado

J. C. Jones, former resident and business man of Baird died suddenly at his home in Alvarado Saturday morning from a heart attack. Mr. Jones had not been right well for a week or more, but was feeling quite a bit better Saturday morning and went out in his garden for a short walk and when he returned to the house he told his wife he did not feel so well. She hastily summoned a physician but Mr. Jones expired before the arrival of the doctor.

J. C. Jones, 62 years of age, was the eldest son of the late Mr. and Mrs. J. C. Jones, of Admiral. He came to Baird in 1905 and entered the grocery business in which he was engaged for several years. He later retired to Alvarado.

Mr. Jones was married twice, his first wife being Miss Winnie Stout, of Alvarado, who died while the family resided there. His second wife was Miss Mae Mitchell of Kentucky to whom he was married while living here and who survives him. He is also survived by two daughters, Mrs. Bonnie Bell Reed, wife of Bill Reed of Alvarado and Mrs. Annie Mae Willbourn, wife of James Willbourn and an only son, Billie Fred Jones, 19 years of age and two grandsons; Bobby and James Winn, sons of Mrs. Reed. He is also survived by four brothers and two sisters, Olin Jones of Baird; Joe, Walter and Erwin Jones and Mrs. Ed Davis, of Admiral and Mrs. J. C. Trulove of Alvarado.

Funeral services were held at the family home in Alvarado Sunday afternoon. Relatives from this county who attended the funeral were: Mr. and Mrs. Ed Davis and daughter, Eddie Louise, Joe Jones, Mr. and Mrs. Walter Jones and family, Erwin Jones and daughter Emogene, all of Admiral and Olin Jones of Baird.

EPISCOPAL SERVICES

Rev. Willis P. Gerhart, of Abilene will hold services at the Episcopal church Sunday evening at 8 o'clock. Everybody cordially invited to attend the service.

BIRTHDAY PARTIES

On Wednesday afternoon, July 5th from 5 to 7 Mrs. C. B. Holmes entertained with a birthday party for her little son C. B. Jr., It was his 9th birthday and quite a number of his little friends were present to share the joy of the occasion with him. Ice cream and cake was served to the children.

Mrs. Arthur Johnson entertained a party of little folks Monday afternoon, July 10th, honoring her little daughter, Gollie Charline on her 7th birthday. The hours were spent in play and games after which refreshments of ice cream and cake was served.

Dr. Carroll McGowen Will Open Dental Office Here

Dr. Carrol McGowen will open his dental office in the First State Bank building where he is fitting up an office. The building has been refinished inside and partitioned so as to give a vestibule at the corner entrance; next is the reception room, which leads in to the business office. The operating room opens into the south of this. The laboratory is to the west of the operating room and the room for developing of x-ray pictures is to the east.

Dr. McGowen is installing his equipment this week and when completed he will have a modern and fully equipped office—one of the best this side of Fort Worth.

Dr. McGowen has recently completed his work in the Baylor Dental College at Dallas, where he received his diploma in dentistry. He is the second son of Mr. and Mrs. J. H. McGowen of Baird and the second son in the family to engage in the practice of dentistry; his older brother, Henry, who is also a graduate of Baylor Dental College, has been practicing dentistry at Cross Plains for several years.

Will Baird Be Represented?

Baird has an opportunity through the West Texas Chamber of Commerce to have direct representation at a Century of Progress with literature, a miniature exhibit, and its name on a large relief map of West Texas—all at a very nominal cost.

B. L. Russell, local W. T. C. C. director, has received from Spencer A. Wells, vice-president of the regional chamber the details of the offer to the affiliated towns, and has been urged to get Baird's subscription to the plan at once.

The West Texas Chamber of Commerce has secured space in the Texas exhibit for a West Texas display providing a sufficient number of cities cooperate in the plan which calls for the regional chamber putting up half the cost of the exhibit and literature, affiliated towns putting up the other half. An immediate answer is necessary if the regional chamber is to proceed with its plan.

Wells points out that towns affiliated with the regional chamber are the only towns in Texas that will be given direct representation in the Texas exhibit, and that it is available at a ridiculously low price. He is urging directors to secure immediately the necessary funds either from the local chambers of commerce, or from direct solicitation and send them in that the West Texas exhibit may be ready to go when the Texas exhibit opens on July 25. He must hear from all towns before July 20.

For forty dollars, an affiliated town will get a fourth page write-up in the one hundred fifty thousand West Texas booklets to be distributed at the fair, and will have its name prominently shown on the thirteen foot relief map of West Texas which will form the main part of the West Texas display. For an additional sum, the towns may have individual folders distributed at the exhibit. For a hundred dollars additional, the towns may have individual miniature exhibits on display. Towns may purchase more than scater page spaces in the West Texas folder at proportionately higher rates. All subscribing towns will receive a supply of West Texas poster stamp for their local use.

The big relief map has been constructed by students in the engineering department of Texas Technological College, and it is the first of its kind ever made. It shows the exact topography of West Texas and Eastern New Mexico, the production of the various sections, and the location of affiliated towns. Over twelve hundred working hours were consumed in its construction. Following its display at Chicago, it will become a permanent exhibit of the organization and be on display at the annual conventions and other places.

DAUGHTER BORN TO DERRYBERRYS

A daughter was born Thursday afternoon to Mrs. L. E. Derryberry, wife of Abilene's distinguished flier and manager of the municipal air terminal. The mother and babe are at the West Texas Baptist sanitarium

Road Construction For Callahan County

At a meeting of the Highway Commission held in Austin Monday, designating of Highway 36 from Cross Plains northwestward through Callahan county to Abilene was granted.

Highway 36 starts at Freepoint on the Gulf Coast and extends through Cameron, Temple, Comanche, Rising Star to Cross Plains to which point it has been designated for more than a year. The action of the highway commission extends the road about 40 miles which when completed will connect with highway 80 at Abilene.

Carl Hensley of Baird, is now surveying this route through Callahan and Taylor county, the expenses of the work being paid jointly by the two counties.

The Commission also recommended improvement of highway 191 in Callahan, Coleman and Shackelford counties. This also includes 15 miles of road south of Baird. This route is now being surveyed through Callahan county and this road will connect with highway 36 out of Cross Plains at a point near the Hill ranch south of Baird it is said.

The Highway Commission in session Monday, said, they would submit projects to the Federal Bureau of Public Roads for approval within the next few days calling for approximately \$15,000,000 of the \$25,000,000 apportioned Texas for emergency relief work.

All projects must be approved by the federal bureau. The commission hoped to have this requirement out of the way in time to advertise for bids on many of the projects by the end of July. Ten days notice of the letting must be made.

School Transfers

All transfers of school children must be made by August 1st. None will be accepted after that date.

All necessary blanks for transfers may be had by calling at my office.

A. L. JOHNSON,
County Superintendent.

Deputy Sheriff Tollett Arrests Hi Jackers

Deputy Sheriff, Bob Tollett arrested two young men here Tuesday, charged with hi-jacking. It seems that several 'tourists' were waiting from a freight train at Pyote when one of the party, Willis Thompson, of Burger, Okla., was hi-jacked by two men and \$10 in money taken from him when the two hastily boarded the east bound train. Thompson also boarded the train and crowded them so close that one of them jumped from the train this side of Big Spring. When the train stopped here Tuesday Thompson notified the sheriff's department and Deputy Tollett arrested one of the men and later—some time Tuesday night after another train had come in from the west Tollett was on the lookout as was also Thompson, who spied the man among fifty or more men who got off the train. Tollett arrested him and lodged him in jail with the other one arrested some hours before.

The two hi-jackers are said to be brothers. The sheriff of Ward county will come for the men.

GRIGGS HOSPITAL

Eldred Bill, son of Mr. and Mrs. Aaron Bell who underwent an emergency operation Saturday night is doing well and was to leave the hospital last night.

Mayor H. Schwartz was able to leave the hospital Monday morning after several days medical treatment.

W. A. Canafax of Roscoe, a Texas and Pacific employee was a patient, suffering from a heart attack.

Miss Naorna Fordson of Clyde was a medical patient for a day this week.

Dr. R. L. Griggs left Sunday for Chicago where he will take a post graduate course in surgery. Dr. W. V. Ramsey of Abilene, Dr. Webster of Clyde and Dr. W. S. Hamlett of Baird are looking after patients in the hospital during Dr. Griggs' absence.

Seven Hundred Farmers Sign Up For Cotton Reduction

Up to Wednesday night seven hundred Callahan county farmers had signed up for a reduction of the cotton acreage of the county—a total of approximately 11,000 acres. Four hundred and sixty-six of these applications have been approved. Near three hundred applications are now in the hands of the committee who are working today to check them and send them in for approval.

Mr. Ross B. Jenkins, government representative in charge of this work has his headquarters in the Jackson Abstract Company office, where he is being assisted in the checking and filing of reports by J. Rupert Jackson, Rupert Jackson, Jr., Bernice Andrews and Mrs. J. H. Rhodes.

Mr. Jenkins expresses himself as being highly pleased with his work in Callahan county where he says he has found the farmers wide awake to their interest as well as the county as a whole and willing to cooperate with them in the work.

Taylor County Old Settlers Reunion

The annual Old Settlers Reunion and Home Coming for Taylor county will be held at Buffalo Gap Friday, July 21st. T. A. Bledsoe, president of the organization, says that many former residents now living in other places, some in other states have advised that they will attend the reunion.

A program appropriate for the occasion has been prepared. There will be speaking and music by the Abilene High School Eagle Band; old time singing; old fiddlers contest and they are all invited to come.

This will be a basket affair. An abundance of free ice water, coffee, bread, pickles and onions will be furnished.

Every old Settler and ex-old Settler is invited to come. Badges will be furnished to all old settlers who are requested to register with the secretary, W. F. Jones. No dues will be collected.

Radical Changes Made In Banking Laws

The "New Deal" as applied to banks has made more radical changes than has been made in twenty years, or since the creation of the Federal Reserve System. The new law is called the banking act of 1933 and is popularly known as the Glass-Steagall Banking Bill.

The laws relating to the larger banks has more to do with divorcing the banks from their affiliates. Under the new law for the first time since the creation of the National Banks they can issue preferred stock.

The new law effects the Postal Savings System in that Postal Saving depositors must give 60 days notice or loose interest on withdrawals.

The new law effects all banks in that it forbids payment of interest on demand deposits in the following language: "No member bank shall, directly or indirectly by any device whatsoever, pay any interest on any deposit which is payable on demand." However, banks are allowed to pay interest on certificates of deposit and on savings accounts subject to regulations of the Federal Reserve Board.

By the new law, there is to be created the Federal Deposit Insurance Corporation, the membership of which will be composed of the members of the Federal Reserve System and approved State Banks. However, State Banks must join the Federal Reserve System by July 1, 1936.

All the provisions of this new law is intended to strengthen and unify the banking system.

Most All Grain Is Threshed

Most all of the grain crop in Callahan county has been threshed. One week more and it will all be in the graineries or sold. A number of threshers are running in the county.

Wheat was selling at 90 cents per bushel and oats at 38 cents per bushel yesterday.

The grain crop is usually light in the county this year.

The Job Ahead of Texans

The job immediately ahead of all Texans whether they be producers or consumers, remarks the Oak Cliff Tribune in an editorial headed, "Texans, Let's Know Texas," "is to do their own thinking and their own investigating about whether or not Texas-made things are as good as or better than things from elsewhere."

Texas manufactures today producing articles that find ready sale throughout the United States, some of them, indeed, throughout the world, on a purely competitive basis. And yet there are Texans, suffering from an industrial inferiority complex, who believe that only from a distance can come the best of things and that the father they are shipped the better they are.

Progressive Texans, Inc., seeks to build no brick wall about Texas. It merely seeks to aid the development of the industries of the State on a simple basis of quality, price and service, and it believes that where price, quality and service are equal, the Texan is unwise to his own advancement who fails to give consideration to Texas-made wares.

The list of first-class Texas-made articles is long. It includes many articles that find ready acceptance in other sections as proof of their quality. Texas manufactures are furnishing markets for scores of Texas raw materials; they would furnish more if there were a general recognition on the part of Texas of the fact that the future advancement of their State is indissolubly bound up in its development along industrial lines.

This Week In Washington

(Autocaster Service)

Washington, July 10—Two new wares are coming into use as a result of the new laws now in effect. They are NIRA and FRA. So far they have been printed only in capital letters, but sooner or later they seem bound to become regularly recognized words that will not need capitalization.

NIRA is composed of the initials of National Industrial Recovery Act and FRA stands for Farm Relief Act. The practice of coining words out of initials is new to Washington although it has been the custom in Europe for many years. Every Englishman knows what is meant by 'Dora'. It is the Defense of the Realm Act, passed early in the war and still in effect. It is 'Dora', for example, which makes it illegal for saloons in England to be open during certain hours of the day.

We are going to hear a lot about 'Nira' and 'Fara'. When they are in full operation they will bring about such radical changes in methods of doing business, in industry and agriculture, that many are speaking of the New Deal as a Revolution. In a very real sense, that is what it is; a revolution in the bloodless American

way. As Otto Kahn pointed out before the Senate Investigating Committee, about every thirty years the United States changes its attitude toward business and makes a complete about-face.

Two Roosevelts and Theories

The last previous change was in the administration of Theodore Roosevelt, when the anti-Trust laws were enacted. The theory the new was that what the nation needed most was unrestricted competition, war to the death between business organizations unrestricted freedom of everybody to get into the fight for wealth and either win or be licked.

The theory of the Franklin Roosevelt Administration in that unrestricted competition, formerly encouraged in the supposed interest of the ultimate consumer who would benefit by low prices, is a ruinous policy when competition destroys the buying power of the consumer by closing factories and throwing men out of work. Under free competition in industry there is always an irresponsible minority in every line to take advantage of every excuse to reduce wages and lengthen working hours, and by price cutting to bring the whole industry to ruin.

Wage-Earner the Consumer

That the wage-earner is the principal consumer is a lesson the economic world has learned only in the past twenty years or so. Therefore, the approach of the New Deal to the economic situation is not from the point of view that the consumer must be protected against high prices, but that the consumer must be enabled to buy goods at whatever price is high enough to insure profits to the producer, the consumer being, primarily the wage-earner who must have a job at good wages if he is to be able to buy anything more than bare necessities.

That economic theory is not new with the present Administration. It is the theory held and strongly advocated by President Hoover and many leaders of political and economic thought for a good many years. What stood in the way of constructive action was mainly politics; partly the opposition of Congress to anything which Mr. Hoover was believed to desire, and partly the reluctance of most old-line politicians to advocate or support any important change in the statutory especially in the 'sacred' anti-trust laws.

It took a genuine 'New Deal', a complete sweeping out of the old crowd and an overwhelming majority of public sentiment and Congressional votes behind the new President, to make it possible to try to do anything about it.

Now NIRA and FRA

The result so far is NIRA and FRA. The purpose behind these two radical laws is to raise prices of manufactured and agricultural commodities and to insure that there shall be no undermining price-cutting, no ruthless overproduction to force prices down, nothing none to shake the stability of industry or agriculture.

Under NIRA minimum wages and maximum working hours are provided by agreement within the industry,

with the Government ready and able to step in and force producers who won't cooperate to live up to the provisions of the code agreed upon, Production control, price maintenance and other conditions calculated to insure steady work at good pay to all workers are included, and the anti-trust laws are repealed.

The first industry to submit a satisfactory code is the cotton textile industry, which has agreed on \$12 a week in the South and 13 in the North as the minimum wage, 40 hours as the maximum work week, and not more than two shifts a day for factory workers, while there is to be no selling below production cost and other means to prevent unfair competition are provided. Every other industry in America is organizing under NIRA, though not fast enough to suit General Hugh Johnson, the Administrator of NIRA, who would like to see ten million workers re-employed before cold weather comes.

Farmer as Consumer

Under FRA the problem is not identical for farmers have never tended to work together and never will to any extent. But by dealing with each individual producer of the basic agricultural commodities and making it worth their while, by funds derived from taxes on the processing of their products, to reduce their output, the way is open to keep farm prices up to a point of profit for the farmer, thus enabling him to become once more the consumer of practically half of the nation's manufactured products at prices profitable to the manufacturer. And that, in turn, help keep men at work at good wages to consume the farm and factory products.

The Consumer, as somebody apart from the producer, no longer figures in the politico-economic picture. There's 'no sich anime' as a consumer who is not also a producer, or very few of them. Keep the producers prosperous, farmers, wage-earners, manufacture, for they are the real consumers of each other's products. That is the whole theory of the New Deal as represented by NIRA and FRA.

CHURCH OF CHRIST

Attendance Sunday was fine. There were 123 for Bible study, but many more for the preaching hour. We had 43 for prayer meeting last night.

Next Sunday morning Bro. Will Wall will preach to the congregation, and Bro. Hugh Smith will bring the message Sunday night. These men will have something to say. If you don't believe it come and see.

THOS. McDONALD.

Modern Electric Refrigeration Will Plug These Budget Leaks!

You're throwing away 20 per cent of your food bill—if your home lacks modern refrigeration equipment—through losses in wasted food . . . spoiled food . . . and small-quantity high-price buying! This substantial sum will make the payments on a modern, efficient, money-saving Electric Refrigerator!

Food experts agree that in the average home an Electric Refrigerator will save at least one-fifth on the cost of your food. Half of that sum will be saved through the elimination of spoilage and the safe preservation of valuable left-overs. The other half will be realized through quantity buying at "week-end bargains" offered by your grocer. These important savings are possible with a modern Electric Refrigerator, because this invaluable "Electrical Servant" provides the proper temperatures for safe and healthful refrigeration . . . automatically!

Let a new Frigidaire earn its way in your home. You can pay as it saves—then bank the balance. Ask for a demonstration—and about present low prices and easy terms . . . TODAY!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

Get the best that Operates on Electricity—That Old Ordinary Lamp Glass!

HERE'S MY GAS—GULF TRAFFIC!

He knows his low-priced gasoline!

THAT GOOD GULF FOR ME!

She's a shrewd shopper!

I'M SOLD ON NO-NOX ETHYL!

He'll pay more and get more!

3 kinds of gasoline for 3 kinds of buyers!

PERHAPS you want a good low-priced gas. Perhaps you want a medium priced gas that's packed with power. Or perhaps you want only the highest-test premium gasoline.

Whichever one of the three it is—you can come to Gulf and get it!

For Gulf offers you your choice of 3 fine gasolines and 4 fine motor oils. Each is the best of its kind. Each offers amazing quality for the price. Try them! Drive in—and take your pick!

★ THEY'RE FREE! ★

Every Gulf station gladly cleans your windshield, fills your radiator, inflates your tires and checks your oil . . . FREE.

3 GREAT GASOLINES

Gulf Traffic—A dependable, white anti-knock gas	LOW PRICE
That Good Gulf—The famous FRESH gas—now lubricated. No extra cost.	MEDIUM PRICE
No-Nox Ethyl—As fine gasoline as money can buy, plus Ethyl.	PREMIUM PRICE

4 GREAT MOTOR OILS

Gulf Traffic . . . Safe! A dependable low-priced oil.	15¢ a quart (plus tax)
Gulf-lube . . . Gulf's sensational new "high-mileage" motor oil (or Gulf Supreme, "The 100-mile-an-hour oil.")	25¢ a quart (plus tax)
Gulfpride . . . No finer motor oil in the world.	35¢ a quart (plus tax)

**We Present...
A PRIZE-WINNING AD**

The advertisement of your Gas Company reproduced below, which ran several months ago in this paper, was awarded first prize for gas companies in the *Better Copy Contest* of the Public Utilities Advertising Association at the recent national convention in Grand Rapids. This is the third consecutive year that first award has been given this company. We again present this ad for your attention in the light of the judges' decision that it tells the plain truth about natural gas service in a simple, straightforward manner.

Natural GAS
Is Your Lowest Priced Domestic Servant

1 cent

- Will cook a good dinner for 3 people
- Will operate a bathroom heater for 2 hours
- Will heat enough water for 2 baths
- Will operate a living room heater 45 minutes
- Will make 33 cups of coffee
- Will heat enough water for 14 morning showers
- Will operate a laundry dryer 45 minutes
- Will operate an incinerator 15 minutes
- Will run a gas refrigerator from 8 to 10 hours.

J. Rupert Jackson, Notary Public.

Lone Star Gas Ad Wins First Award For Third Year

For the third consecutive year, the Lone Star Gas System has won first prize in a national advertising copy contest among the major gas companies of the country. The winning ad, entitled "Natural Gas Is Your Lowest Priced Domestic Servant," was judged the best piece of copy among all advertising placed in newspapers by gas companies of the United States in the year 1932. Public Utilities Advertising Association, which conducts the contest, announced the award at its annual meeting held in Grand Rapids, Mich.

The prize ad appeared in this newspaper and more than 200 other Texas and Oklahoma papers in February last year. Copy was prepared by Willard C. Wiegand, assistant advertising manager of the Lone Star Gas System. Will C. Grant is manager of the advertising department. Western Newspaper Union set the type and made the stereotype plates and mats for the ad. Lone Star also won first prize last year in the same contest with an ad written by Mr. Wiegand and received first honors again in 1931.

The nation's best gas advertisement was a simple, direct statement of how much gas service a penny will buy. It stated that one cent's worth of natural gas service will cook a good dinner for three people, operate a bath room heater for two hours, heat enough water for two baths, operate a living room heater for 45 minutes, make 33 cups of coffee, heat enough water for 14 shaves or run a refrigerator for eight hours.

ONE DOSE GERMAN REMEDY ENDS GAS

"I was sick and nervous with indigestion and stomach gas. One dose of Adlerika helped. I eat anything now and sleep good."—Henry Dodd.

You can't get rid of indigestion or gas by just doctoring the stomach. For gas stays in the UPPER bowel, Adlerika reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness and bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect of this German Doctor's remedy. City Pharmacy, Baird, Texas; Y. A. Orr, Putnam, Texas.

WITH BAIRD BAPTIST

We closed the Dudley meeting Sunday night with a record crowd. The meeting was fine; 3 additions to the church and a lot of good fellowship and bible study that will just make it better.

The people kindly remembered the preacher with some nice produce and a little money and he is thankful for it all.

We are now in the meeting at Midway and it is going fine so far; the singing school is needing some help and we are looking for a mighty good time.

We will have our services Sunday morning at the church here in town and some one will preach. We are to have an all day service at Midway and likely I will have to be out there for the morning service; but there will be a preacher for the Baird church so let everyone be right there and help out. We will have no Sunday night service at our church because of the Midway meeting and we are inviting all of the Baird members to the Midway service.

Our building plans are progressing nicely and if everyone will just help a little now, we soon will have a new brick church all paid for and one which every member of the church and every citizen in town will be proud of. We must, we can, and by the help of the Mighty, we will build. JOE R. MAYES.

SERVICE AT DEEP CREEK CAMP

On Wednesday night, July 19th there will be service at Deep Creek

Flowers

For all occasions. Special Attention given to orders for flowers for funerals.

ORDERS DELIVERED

Mrs. A. R. Kelton

STEEL ALONE IS NOT ENOUGH!

—neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like

CHEVROLET

CHEVROLET Why is it that every 12-cylinder and 16-cylinder car in America has bodies of steel reinforced by hardwood? Why is it that every make of car selling for over \$4000 uses bodies of exactly the same type? Why? For the same reason that Chevrolet uses it exclusively. Because every test and every experiment have definitely proved: **STEEL ALONE IS NOT ENOUGH!**

The trouble with steel alone is that it stands just so much shock and punishment. Steel alone is also inclined to rumble and rattle. BUT—when you put the two together—a heavy, staunch steel body over tough, solid hardwood—then the hardwood reinforces the steel—and vice versa! And the result: the strongest, safest type of body, such as Fisher builds for Chevrolet. CHEVROLET MOTOR CO., DETROIT, MICH.

All prices f. o. b. Flint, Michigan. Special equipment extra. Low delivered prices and easy G. M. A. C. terms. A General Motors Value.
