VOLUME 74-NUMBER 42

SWEET N' SOUR By A. Dill

The F.F.A.-4H Club Calf program came to a climax last Sat-day and you can be sure there are some mighty happy children in Callahan County this week. The yougsters have some fifteen hundred semolians jingling around in the bank and al-though it may not be enough to complete the building they plan complete the building they plain its a healthy start for it. More money-making campaigns are planned for the immediate fu-ture so watch for their announcements.

The combined opinion of old John Q Public seems to point that the kids are doing a jam up job of financing their live-stock barn. You like the Saturday programs and you enjoy the country - style get togethers you've been having. In a world where Sophistication is the key note its good that country folk, note its good that could y out such as we are, can hold to our traditions and our customs. There may be circles where a street auction like the one we had Saturday would be termed "quaint and rustic" but we en joyed it, and it brought cool cash on the barrel head for about the worthlest cause that ever asked your support. The Auction was a success because you merchants chipped in so generously to help out the kids and because you folks dug deep to bid. Some very beartfelt thanks go out to Law-rence Drug, A and P Store, Boydstun's Hardware, Caldwell Boydstun's Hardware, Caldweit Furniture, Black's Food Store, Bill Works Dept. Store, Thomp-mons Variety, McElroys, Will Boydstun, Harold's Specialty Shop, Brashears Grocery, Lowell Boyd's Grocery, McCleary's Ser-vice Station, Blondle's Drive In vice Station, Blondle's Drive In Cafe, Pontiac Place, Mayfield's City Pharmacy, White's Auto Store, Pattersons Cafe, Balrd Star, Texaco Station, Medford Walker, Premier Station, Gulf Station, Ringhoffer's Humble Station, Gien Rockeys Ford House. Bob Joy's Drive In, Har-old Miller's Grocery, M. L. Hughes Service Station, and Roscoe Shelnutt's Drive In. Spe-cial thank yous are given to vice Station, Blondle's Drive In

cial thank yous are given to Randall Jackson for his master of ceremonies work — a labor which he gives graclously and generously, and to Mack Cald-well for handling the auction. Wonderful news from Corpus

Wonderful news from Corpus Christi is that your friend Fred Heyser is just too tough a cus-tomer for any illness and he's the one that's coming out on top after a terrible bout with a heart attack. The illness struck while the Heyser's, Fred and Na-omi, were on vacation at Rockport and from Steptember 28th Fred has been a patient in the Spahn Hospital in Corpus Christi. Betty Gay Wilson flew down to be with her parents and they have had the comfort of a dear and precious friend, Margurite Boydstun Stokes who lives in Corpus. Naomi writes that old friends are the richest treasures this world has to of-fer and that in times of strees hearts turn home—we want the Heysers to know that here at home we think of them too, and rejoice that recovery is now written with a period and not a question mark. Fred Heyser's address is Room 211, Spahn Hos-

In Community Center The Ladies Auxiliary of the Clyde Volunteer Fire Department will sponsor a Bar-B-Que Supper at Clyde Community Center Friday, October 17. Meals will be served from 5:00 to 7:30 p, m

**Bar-B-Que Supper** 

Plates will be \$1.00 each, drink included. Sandwiches, or-ders "To Go", pie cake and drinks will also be served.

Everyone is urged to come and bring the family. Give "Mom" a break before the football

### Mrs. Ira Williams **Funeral at Clyde**

Funeral for Mrs. Ira Williams, 76, was held at 10 a.m. Saturday in the Clyde Methodist Church. Burial was in Clyde Cemetery with Bailey Funeral Home in charge.

Mrs. Williams died Thursday evening at Sunny Dale nursing home in Abilene, where she had been a patient since July 1. Born Ida Mae Slater, Jan. 25, 1882, at Canton in Van Zandt County, she married Ira Williams in 1900 at Myrtle Springs.

The couple moved to Clyde in 1907, where she had lived ever since except for a few years at Taft. Mr. Williams died in 1947. Mrs. Williams was an active member of the Methodist Church, the Sunday school dept. and the Woman's Society of Christian Service.

Rev. Lee Crouch, pastor of-ficiated, assisted by A. L. Har-bin, minister of the Clyde Church of Christ.

Survivors include two Gilmer of Paint Rock and Fred of Taft; two daughters, Mrs. Charles Green of Monahans and Mrs. Cal Walker of Boulder City, Nev., a brother, Earl Slater of Clyde; four grand-children and 12 great grand-

children. Pallbearers were Hal Broad-foot, John Estes, S. L. Freeman, A. C. Forester, P. L. Poole and R. M. Pyeatt

# **Clyde Bulldogs Rap Aspermont**

The 10-A Clyde Bulldogs outlasted the 10-B Aspermont Hor-nets 56-28 at Aspermont Friday picked up four extra points for Clyde.

Jerry King and Arthur Mancille each scored two Asper-mont touchdowns and two ex-tra points, Mancille scored on passes from Arvel Wilson.

Bill K Ford and L. C. Cash attended the annual meeting of School Administrators in Austin Sunday and Monday.

Mrs. Dale Glasson visited her husband in the Veteran's hospital in Big Spring during weekend. Dale is recuperatthe

**Baird Edges** Wylie, 14-12

The pinpoint passing of quar-terback Terry Joy gave the Baird Bears a narrow 14-12 victory over the Wylie Bulldogs in non-district high school football action here Friday night.

The home team quarterback passed for both touchdowns and the winning extra points for in-dividual hero honors as Baird came from behind in the fourth

quarter to earn the victory. Wylie took a 6-0 lead in the first quarter on a pass from first quarter on a pass from quarterback Ronnle Beyer to end Vernon Allen, good for 30 yards, then Joy put the host eleven back in th game with a 30-yard-er to Tabor Bearden to make the half-time score read 6-6. The visitors took a six-point

Laymen's Day will be observed at Baird Methodist Church Sunday, October 19, at 11 a. m. Randall Jackson will preside. The visitors took a six-point bulge in the third on a 20-yard run by halfback Ronnie Green. Baird, trailing 12-6 in the final stanza, started its drive which was climaxed by a 30-yard pass play from Joy to end Gary Gilli-land, knotting the count at 12follows: Voluntary, instrumental, or a Men's Chorus. The Call to Worship—said or sung. Nos. 589-595.

The Affirmation of Faith-Page ll. Joy tossed a pass for the extra points, hitting Harvey Chris-tenson in the end zone for the 512 victory, 14-12, Hymn 255: "True - Hearted, Whole-Hearted."

### **Humble To Telecast Baylor-Texas Tech**

A live state-wide telecast of the Baylor-Texas Tech game will highlight The Humble Com-

pany's coverage of Southwest Conference football Saturday. In addition there will be broadcasts of four Conference games. The Baylor-Texas Tech game will be telecast from Lubbock Texas, beginning at 1:45 p. m. (CST). Kern Tips and Alec Chesser will describe the action

and color. The Baylor-Texas Tech game wil also be broadcast from Lub-bock. Dave Russell and Jack Dale will describe the action and color beginings at 1:45 p.m. The Texas A&M-TCU game will be broadcast from College Station by Eddie Barker and John Smith. Radio time will be 1:45 p.m. and color.

1:45 p. m. The Texas-Arkansas game will be broadcast from Austin by Bob Walker and Dave Smith.

# We Make Oil to Your Order!

Whatever product you need-from gasoline to asphalt-we refine it to order. We heat, crack, chill and squeeze crude oil into many different products.

You can't spend a day in this land of ours without seeing or using something made from oil. Refineries like ours make many different products from crude oil. When America needs heating oil for winter warmth-we make heating oil. When you need gasoline for summer travel -we make gasoline.

And America changes every day. Every day something new is needed . . . something new is discovered. America's future growth-in prosperity, population and products-will be so great that we must start today to design and build new and better refineries to meet the demands of tomorrow.

Your needs are our commands. And your needs will grow as your family gets larger ... grows older. That's why we're getting ready today for the biggest tomorrow America ever had.

IT'S THE LAW In Texas . . .

Without the idea of agency, business as we know it would stop. Practically all business transactions of every kind de-pend upon the services of agents

of one kind or another. Your insurance man is an agent and so is the man who sells you real estate, or delivers your groceries, or drives your bus. These are just a few examples and each under the law of agency, are somewhat differ-

ent. But each have in common the idea that, in some way or an-other, they represent or act for someone else. The person or corporation for which they act is known as the principal.

is known as the principal. Generally speaking, there are itwo broad classes of agents-special agents and general agents. For example, suppose you wish to sell your house and you engage a real sestate man to handle it for you. He is a spe-cial agent who represents you in this transaction alone. On the other hand it you

On the other hand, if you were to be absent from the city for a long period of time and have business affairs to be cared for, you might grant a power of attorney to your lawyer or a close associate of yours, to act

close associate of yours, to act in your stead as fully as if you were present. He would be your general agent and could use his own judgment and discretion in con-ducing your affairs without consulting you as to what should be done with any old or new problems that might arise. However, the principal is re-sponsible for the conduct of his agent, either general or special, if the agent is in the process of doing what he has been hired to do.

do, Thus, if the agent is acting within his "scope of authority," and someone is injured through the agent's negligence, the prin-cipal is liable. Very often difficult legal ques-

### **PETROLEUM** – basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers ... Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, avail-able for production beyond immediate need, are necessary to the national security. An obvious example is the gasoline that

owers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, whether jet or propeller driven, factory power plants, farm mechanization, and the revolution since World War II in home heating devices. Oil provides the energy that moves the trucks, airplanes, ships and tanks of our Armed Forces.

But petroleum as a source of energy is only But petroleum as a source of energy is only part of the story. In the past two decades, the vigorous new industry: already most of our rubber is made from petrochemicals . . . the ubiquitous plastics derive from petroleum products . . . paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern

living. Thus, oil's progress has made other progress front of American industry. possible all along the front of American industry ... Petroleum is the American resource that is basic to the needs of our time . . . that is essential to our national security.

\* \* \* The Humble Company, established in 1917, has developed with the industry. Humble's exploration activities extend the Florida around the rim of the country to call-

fornia, Oregon and Washington, and beyond to the new State of Alaska... The Company is a leader in the production of oil and gas in the United States . . . Humble Pipe Line Company is a public carrier transporting not only Humble's oil but that of many other companies and independent producers to Gulf Coast terminals . . . Baytown refinery is one of the nation's great manufacturing plants . . . And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations. The Humble Company believes strongly in

research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity . . . Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.

#SOIL CONSERVATION # DISTRICT NEWS

Permanent grasses make out standing growth on old fields. Weldon Edwards, a rancher southwest of Baird, planted southwest about 110 acres of his soil bank land to a grass mixture of Buf-falo grass, King Ranch blueatem and Sideoats grama. He conditioned his soil with vetch and rye for four years before planting the grass in April of 1957. Seedbed preparation con-sisted of plowing the land with a tandum disc, drilling the grass with a grass drill, then following the drill with a cultipacker. This left a good firm seedbed which is desirable in grass seed-ing. The grass grew off well and made a seed crop last summer. It will make two seed crops this It will make two seed crops this

Edwards stated that this field had been in cultivation for fifty years. It was badly eroded and the soil was in poor condition before seeding to vetch and rye. Had it been turned out and no soll conditioning crop been planted or grasses seed on it, twenty five to thiry years would have lapsed before the better grasses would have come in

from natural sources. Edwards says, "Soll condi-tioning is the most important

Most of the grass seeding in this area is liimted to our most depleted upland soils. If these soils are conditioned properly and seeded to permanent grasses, the income from the grass seed would pay as much as the income from our better. farm lands.

The soil conservation district supervisors urge the farmers and ranchers those fields that

through a change in the work requirements. It is no longer necessary that the worker have at least 1 1-2 years of social security credit out of the 3 years before he became disabled. The standards for determining dis-ability remain the same. A person must still be unable to per-form substantial, gainful work. The new requirement is that the worker be fully insured and have 20 quarters of coverage out of the 40 calendar quarters before he became disabled.

# AWARDED THE GOLD MEDAL ité Français de l'Elég Brussels World's Fair Styled, powered and priced for today's driving!

There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Elégance at the Brussels World's Fairl With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines-Six or Thunderbird V-8-thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new alumi-nized muffler that normally will last twice as long as conventional mufflers used on other cars . . . full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended . . . new Tyrex cord tires for greater economy and safety . . . a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever ... and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8-at a price that puts automatic
