FLOYDADA AND SANDHILL WINNERS IN COUNTY INTERSCHOLASTIC LEAGUE MEET HELD IN LOCKNEY LAST WEEK END, MUCH INTEREST SHOWN

Final summary of points, exclusive of the baseball games held in Lockney Wednesday of this week, revealed that Floydada and Sandhill were winners in Floyd County Annual Interscholastic League meet held in Lockney Friday and Saturday of last week.

A total of points as received by Superintendent A. D. Cummings of Floydada from Superintendent J. W. Jones, of Lockney, this week, showed Floydada to have won 225 points and Lockney to have accounted 175 points. These totals, however, did not include the baseball games in Lockney yesterday. Floydada ward school had a total of 147 1-2 points and Lockney ward 117 1-2 points in the school division.

Regal of the outcome of the baseball games Floydada High School was winner of the Class A Schools divisions and Andrews Ward School would tie, if defeated in both boys and girls baseball, with the Lockney ward school as otherwise would be winners.

Have Ideal Meet
The league meet this year was ideal as far as weather condition and attendance, with plenty of competition in both the athletic and literary events. All events in the meet went forward with regularity and were quickly disposed of. Floydada schools seemed to 'have the edge' on the Lockney schools in all events, both athletic and literary.

Sandhill school won the Class B championship cup over South Plains school by an easy margin. In the class B High School Division Sandhill won 175 points, South Plains 140. In the Class B Ward School Sandhill won 150 points and South Plains 115.

Aiken Leads Rural Schools
In the rural schools division the Aiken school has a total of 144 points to the credit. Erick is second with 130 points and Sterley is third with 120. These points do not include the baseball games.

The general baseball meet is to be held in Lockney, starting Saturday morning at 9 o'clock. Results may be radically changed following these eliminations Director General J. W. Jones said. A meeting of the directors of the league was held in Lockney Tuesday night when points were summarized for each school.

Points of other rural schools are: Lakeview 65, Baker 25, Liberty 110, Starkey 42 1-2, Harmony 35, Cedar Hill 37 1-2, Lone Star 97, Fairview 60, McCoy 55, Center 60.

Choral Singing Thursday
Choral singing Thursday night at the Lockney Ward School auditorium started the meet. Floydada High School won first for class A high school and Lockney won second. Sandhill won first place in class B, with South Plains second.

Friday was given over to literary events with Saturday designated as athletic day with finals in literary events in the morning.

Billy Ray Robison, Died Tuesday Morning, Services In Afternoon

Billy Ray Robison, aged 2 years 8 months and 2 days, died Tuesday morning at 6 o'clock at the home of the parents, Mr. and Mrs. L. E. Robison of this city. Acute laryngitis was the cause of his death.

The child was born July 31, 1931 in Floydada. Surviving are the parents, Mr. and Mrs. L. E. Robison and one brother, L. E. Jr. This was the second death in the family within a period of little over two weeks. Another child, Richard Keith, aged 6, died Sunday, March 18.

Funeral services were held Tuesday afternoon at 5 o'clock from the Floydada cemetery chapel conducted by Rev. I. A. Smith, pastor of the First Methodist Church.

Pallbearers were: Earl Young, H. C. Stanley, W. J. Lester, Russell Tucker. Flower assistants were: Mrs. R. T. Young, Mrs. Elva Bailey, Mrs. Mabel Fawver, Miss Betty L. Becker.

Interment was in the Floydada cemetery, following services. Arrangements were in charge of F. C. Harmon.

Glen A. Lindsey, county agent, left Wednesday for Houston where he is attending to business. He is expected to return Saturday or Monday.

Floydada Fire Department To Practice Tuesday Evenings, Is New Plan

The members of the Floydada Fire Department, in a meeting Monday night of this week voted to change the practice time from Sunday morning to 7:30 o'clock on Tuesday evenings.

Announcement is made of this change so that the people who have been in the habit of going 'to the fire' on Sunday mornings can sleep for a while longer.

Geo. Sherrill, fire department member, was elected to manage the fire department's team in the Floydada Twi-Light soft ball league.

Hog Committeemen Check Over 1934 Hog Control Contracts Wednesday

Members of the County Committee of the Hog Production Control Association met Wednesday morning of this week and checked over the 1934 contracts for hog production control in Floyd County.

A meeting of the wheat committee was also held.

Committee and Board Directors Elected For County Hog Ass'n

A permanent committee and a board of directors for the Corn-Hog Production Control Association of Floyd County was elected in a meeting held Saturday afternoon in the district court room, starting at 2:30 o'clock.

Geo. Fawver, of Baker, Sam E. Brewer, of Blanco, G. F. West, of South Plains, and Herman R. King, of Liberty, were named as a permanent committee and a board of directors for the organization.

This committee in a session following the association meeting selected Mr. Fawver as president, S. E. Brewer as vice president and Mrs. Dona Covington, of Floydada, as secretary and treasurer. Mr. King and Mr. West will serve as members of the allotment committee.

The association had been a temporary organization for recent months for the 1934 Corn-Hog control program, and it was decided to make it a permanent organization. More than 200 farmers were in attendance.

H. A. C. Brummett Announces Candidacy For 110th Judicial Dist. Judge

To the Voters of the 110th Judicial District:

I hereby announce for the office of District Judge of this District. I made the race four years ago, and while I failed of election by a very small majority, I carried 3 out of 4 counties in the district. I appreciate deeply this high tribute of confidence, and now desire to express to you my sincere thanks. Since that time I have continued in the active private practice of the law, holding no office, and I feel that I am now better qualified to serve you as your District Judge. If chosen by you it shall be my purpose to serve you to the very best of such ability as I may possess, to at all times be fair, and to give the poorest citizen the same careful consideration that I would give the largest tax payer in the district. I intend to conduct my campaign on a high and honorable plane, and will not stoop to any campaign of whispering. I shall at all times be fair and honorable with my opponents, as I value their respect and friendship higher than I value the office we each now seek.

If elected I will give you a strong court and a NEW DEAL. When I come to the other counties to hold court I will come and remain with you a full week at a time, and put in full and honest time holding court, and get through and stop the expense to the tax payers. For the benefit of the new comers into the district I will state that I was reared on a farm down in Jack County, came to Dickens County 20 years ago, where I have taught school 7 years, served as County Judge and School Superintendent 6 years, and am now engaged in the practice of law. I am 46 years old, have a wife and 4 children. I solicit the consideration and support of every person in the district. During the campaign I will endeavor to see each voter personally and solicit your support.

Respectfully,
H. A. C. BRUMMETT,
Dickens County,

C. W. A. Discontinued, New System to be Relief On Basis Of Needs

The new system, instituted to take the place of the Civil Works Administration, will be conducted on a plan and basis of relief on the basis needs of the party. This new system, conducted on a budgetary, system was effective in Floyd County this week.

At the present time direct relief is effective. Work relief, in the form of work projects, will be started about April 16, Burl Bedford, local relief administrator said yesterday.

Under the new plan, only those deserving relief will be helped. Direct relief will be in the way of food and clothing. On work relief projects the workers will be paid one third in cash and the other two thirds in commodities, groceries and clothing.

The new work relief program was not supposed to benefit any political sub-division, that is a city or county, but to give aid to needy individuals.

Attend District Institute
Members of the local relief administration board attended a district institute on the new relief plan, held in Lubbock Tuesday at the Hilton Hotel.

F. M. Grazer, field representative of the Texas Relief Commission, was in attendance as was P. M. Helms, auditor of this district and C. S. Gordon, district engineer. Case supervision, accounting system and conducting of the new set-up was the basis of most of the discussion.

Jeff D. Ayres, county chairman of the relief committee, C. C. Huckabee, certifying officer; Clifford Rhoades, Case Supervisor; Burl Bedford, county relief administrator; and Charlie Whitener, project engineer for Floyd County, attended from this county. Miss Eddie Mae Gilliland, county health nurse, attended the afternoon session.

Outlines New Plan
Chas. Whitener, county engineer, outlined the plan and discussed preparations for work projects with a group of Lockney and Floydada men and women Wednesday afternoon in the county court room in Floydada. Members of the relief administration were also in attendance.

Election Of Trustees In Common and Independent Districts to be Saturday

School trustees for both common and independent school districts and for Floyd County as a whole will be elected in the election to be held Saturday of this week.

In every district in Floyd County there will be one or more trustees elected. "We should lend our best thought and best effort to secure competent men for this position," County Superintendent Price Scott stresses.

Three school trustees, each of whom will serve three years, will be elected in the Floydada Independent School District. The election will be held in the county court room with E. C. Nelson, Mrs. T. M. Cox and Mrs. Lillie Britton as election judges.

In this school district the terms of W. Edd Brown, J. C. Wester and Mal Jarboe expire.

On the county school board the term of E. C. Nelson, trustee at large, expires as do the terms of the following: J. H. Upton, Precinct 3, Olin S. Miller in Precinct 4, G. L. Snodgrass in Precinct 1, and J. F. Dollar in Precinct 2 are holdover trustees.

Attention of the judges is called to the fact that results of the election must be filed within 5 days with the county clerk or county judge to be approved by the commissioners' court.

Officers For Floydada Twi-Light Soft Ball League Named, Plans Made

Officers for the 1934 Floydada Twi-Light Soft Ball League were named in a meeting of baseball enthusiasts and committees held in the county court room Tuesday night of this week.

Walter Collins was selected as president of the league. Other officers are: Vice president, Maj. Horton; Secretary, Herwin Strickland; Board of Directors, V. Williams, Charles Bedford and O. P. Rutledge.

A report of the organization committee, W. G. Collins, T. W. Quirk and Jay Mitchell, was read and approved. The report provided for the naming of the club, election and qualifications and duties of officers, and other plans.

Six clubs will be represented in the league, and each will have a manager and captain as officers. Clubs to be represented are, Drug Stores, Grocery and Dry Goods Stores, Rotary Club, Oil Dealers and Garages, Fire Department and Methodist Sunday School. A staff of umpires to consist of six regular umpires will be used to call the games.

Geo. Sherrill, of the grounds committee, reported that the Floydada cotton yard had been secured as grounds for the game and that the cotton would be moved in time for each game. A committee consisting of Roy Snodgrass, Bob Medlin and J. C. Gilliam, was appointed to investigate the probability and feasibility, including cost, of lighting the grounds for night play.

By a vote of the club it was decided to use the large, out seam ball for games.

Managers of the teams or sponsors shall register players of their vocation with board of directors and notice then will be given the men that they have been registered as players. After players have been registered in each classification and are members of that team, and if the number does not reach a set number, then the board of directors will give men to each team, from the miscellaneous list, as they deem fit.

A definite date for the first game in the Floydada Twi-Light Baseball League has not been set as yet.

An Opinion From J. C. Dolley, University of Texas Economist

Austin, April 3.—Developments at Washington continue to dominate the financial news, Dr. J. C. Dolley, University of Texas economist, pointed out in his analysis of recent financial developments in the Texas Business Review, published by the University of Texas Bureau of Business Research.

"Important financial measures now being considered by Congress include a bill providing for drastic regulation of the security exchanges, a bill creating a new system of Federal capital loan banks, various measures designed to raise the market price of silver, and the perennial proposal to pay the soldiers' bonus," he explained.

"The avowed purpose of the stock exchange bill is to provide regulation of security trading such as will tend to protect the trading public from unfair practices employed by professional speculators.

"The measure creating a new system of Federal capital loan banks represents a direct attempt on the part of the Federal government to expand bank credit. The new banks would extend loans direct to industrial borrowers and indirectly through other leading agencies for periods ranging up to five years. Most of these loans clearly would be capital loans and high risk loans.

"Silver purchase proposals range all the way from the mild and comparatively harmless Dies bill to the absurd Feisinger bill, which would require the Treasury to buy 1,500,000 ounces of silver at prices ranging up to \$2.18 an ounce. The administration apparently frowns upon the latter measure but may find its hand forced by a rebellious Congress.

"Despite administration pressure favoring a looser credit policy on the part of commercial banks, the loan and discount portfolio of the banking system continues to contract. Yet the volume of new bank credit which could be called into reaches almost unbelievable figures. Indeed, were bank credit to be rapidly expanded to the full limit of the existing reserves, a sensational price rise of from 100 per cent to 200 per cent would almost certainly result."

Willingness to Accept Bonds Will Help Farm and Ranch Loan Business

Albert C. Williams, president of the Federal Land Bank and General Agent of the Farm Credit Administration of Houston, stated Friday that he has received messages from a number of institutions holding farm and ranch loans signifying their willingness to accept bonds of the Federal Farm Mortgage Corporation in payment of loans refinanced by the Land Bank and Commlioner.

"The ready acceptance of these bonds means that the Federal Land Bank for itself and as agent of the Land Bank Commissioner will be slowed down only a few days in the refinancing of farms and ranches," Mr. Williams said. "We will continue to expedite the closing of eligible loans to stockmen and farmers."

The bonds of the Federal Farm Mortgage Corporation are unconditionally guaranteed, both as to principal and interest, by the United States Government, and such guaranty is expressed thereon. These bonds are issued in denominations of \$100, \$500, \$1,000, \$5,000 and \$10,000, and are exempt from all Federal, State, Municipal, and local taxation (except surtaxes, and estate, inheritance, and gift taxes). The first issue of the Federal Farm Mortgage Corporation bonds is dated March 15, 1934, callable in not less than ten years from date of issue, matures in thirty years and bears interest at the rate of 3 1/4 per cent per annum.

"All records for loans closed in one day by the Federal Land Bank of Houston as such and as agent for the Land Bank Commissioner were broken Saturday, March 24, when 719 loans totaling \$1,802,100 were closed," Mr. Williams said.

It's Worth More Than It Costs - -

THE customer should derive some profit from everything he buys. If the article purchased is not worth more to the buyer than to the seller, the customer has no reason to buy it. The article's value to the customer is determined readily by comparing its cost to that of substitutes. The difference between the value of a product and its purchase price is the customer's profit.

Natural gas is worth \$3 per 1000 cubic feet for refrigeration, \$2.50 for cooking and \$1.25 for water heating—compared to the cost of performing these services with the next least expensive form of fuel. The difference between these values and price of gas represents a 76-percent saving on refrigeration, 70-percent saving on cooking fuel and a 40-percent saving on the fuel cost for water heating. What other articles of general household use can be bought on such a bargain counter basis?

"Wild Horses Are Responsible For Many Deaths In Texas"

Austin, April 3.—A herd of wild horses was responsible for approximately one thousand deaths in Texas last year, according to Dr. John W. Brown, State Health Officer. Under the hood of the automobile are from 40 to 100 horses. Whether these are tame or wild and dangerous to human life depends to a large extent upon the drivers. Pedestrians, also, must be "safety minded," if the number of lives lost in fatal automobile accidents is reduced.

In cities, hundreds of thousands of people in the aggregate deliberately and habitually throw caution to the winds by jay walking, by crossing streets at all points but at intersections, by dodging around street cars and even by deliberately disregarding traffic signals. And highway walkers also are more likely to move with, rather than against traffic, which of course results in greater risk, especially at night.

The automobile driver himself, intoxicated by the joy of effortlessly stepping up his machine to an excessive speed, and in hundred of other ways violating the rules and the ethics of the road, makes of this magnificent invention the Frankenstein it has so sadly turned out to be.

It needs to be more emphasized upon the average brain that it is today, that all the healthful living in the world is of no avail when one either as a driver or as a pedestrian takes chances with the automobile and loses. Moreover, proper water and milk control, as well as the many other safeguards to health and life, mean absolutely nothing to a dead man killed by his or another's automobile.

Tech Summer Session Begins June 7, Announces Dean J. M. Gordon

Lubbock, April 3.—"The largest number of instructors and courses of all summer school sessions will be offered at Texas Technological College for this summer session which begins June 7," announced Dean J. M. Gordon of the division of arts and sciences. "This will not only be the largest number of courses, but also the most diversified. Vocation of certificates in agriculture and home economics, and a general science teachers in high schools, are among the courses offered."

The annual Texas Tech coaching school, July 30-August 11, and the Curriculum Conference, July 23, 24, 25, will be held at the college.

Artist course numbers include "Mr. Pim Passes By," presented by the Chicago Art Institute under the personal direction of Dr. Green, and the Brownell - Kalayjian number which was here last year.

Carlsbad Caverns will be visited July 7, with special bus rates and free admission to students making the trip. Picture show and theatre concessions will be made for the students, as well as special golfing rates. Fees amount to \$15.50 each session. This includes the uniform state fee of \$10.00, medical fee of \$150, recreational fee of \$1.00, and the general deposit fund of \$3.00, which is returnable.

MARTHA TURNER COSMETICS
Mrs. Alice Bingham

Famous Beauty Authority and direct representative of the Martha Turner Laboratories, Chicago, will be in our store through this week, beginning Monday, conducting a school of instruction on Beauty Culture.

Mrs. Bingham will give lectures on the care of the complexion, hair and hands—also facials and personal advice.

Classes will be held each day at 9 a. m. and 2 p. m. Mrs. Bingham says: Perhaps it's the food you eat—the amount of water you drink—the exercise you take or the way you use cosmetics that is responsible for the lack of a beautiful skin. Why moan about your bad complexion when it's so easy to have a good one with correct treatment?

We are extending to the ladies a most cordial invitation to make an appointment for one of Martha Turner's famous skin

When You Press A Button

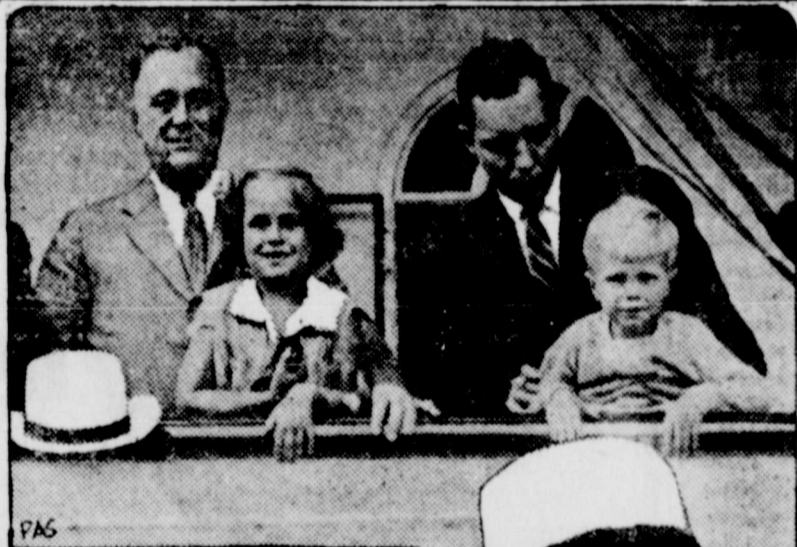

How easy things have been made for you within the last generation. If you want light, heat, cold, power or if you want them to stop . . . Press a Button.

Your gesture places an order for enough electricity to do your bidding . . . and it is available and at work—at once.

And yet, remember, that electricity must be manufactured after you press the button. Hardly a fraction of it is wasted after you cancel the order by again pressing the button . . . because it does not exist . . . and even that waste is so small it does not register on your meter.

President on Vacation Off Florida Coast

JACKSONVILLE . . . Again at the rail aboard Vincent Astor's steam yacht "Nourmahal", President Roosevelt waved a happy goodbye as he set sail on a hard-earned 10-day vacation trip. He will fish off the Florida coast. Photo shows the President and Vincent Astor, his host, aboard the Nourmahal last September when the President returned to Washington from the summer White House at Poughkeepsie, N. Y. With them then were the President's grandchildren, Sistine and Buzzie Dall. Insert, the typical and happy Roosevelt smile.

A Gandhi Verdict

NEW YORK . . . Iowa-born Nita Cook (above), with young son, is home again and glad. She was a Mahatma Gandhi disciple in far off India, known as the "Blue Serpent Goddess." Her Greek husband remained abroad. Young son said of Gandhi . . . "Gandhi is a grumpy old bear with elephant ears . . . and mummy doesn't love him any more."

Says He Was "Hexed"

PHILADELPHIA . . . Albert Shinsky (above), believed that he had been "hexed" by 64-year old, Mrs. Susan Mummy, reputed "witch of Ringtown Valley". So he shot her. He now faces a murder charge but says, "Now I am a man again. I can face anything. Thank God."

"Most Beautiful"

NEW YORK . . . Twenty-eight famous screen stars received votes but Irene Dunn (above), was the choice of 10,000 women who voted her the "most beautiful woman on the screen" in a contest conducted by Frances Ingram, radio broadcaster.

THE GOAT COLUMN

"We'd like to see it rain all over the panhandle country until everybody loved the gas company and felt kindly toward the telephone corporations," says the Temple of Truth in the Dooley County Leader.

Brother, why not include your electric company also? Over here in Floydada the Texas Utilities Company comes in for as much "cussin'" as any of the utilities, and we naturally feel that it might be the same way in your community, and that perhaps you should apologize to them for your negligence in overlooking their name.

We are more thoroughly convinced than ever that a goat column is a paying proposition for a newspaper. Last week we referred to being able to eat occasionally, and by the way, it was not twenty-four hours until Mr. and Mrs. J. F. Fuller, who live south of town, sent us enough nice fresh veal steak to last for a week. Just as long as the goat column proves to be a paying proposition we shall carry on with it. We thank you very much Mr. and Mrs. Fuller, the meat was delicious.

Speaking of paying propositions, we would like to gently drop the hint that we relish fresh spinach and collard greens.

As we entered the court house one day this week the odor of fresh paint attracted our attention. We began looking around in an effort to ascertain from whence it came, and were simply thrilled with the thought of when we were a kid and was assigned the job of painting the old cook stove. The court house is painted from one end to the other in many brilliant colors, just like a toy balloon, and gosh, what a cook-stove odor that building has.

The fellow who is responsible for that coat of paint simply has some imagination. If you don't believe us, you should make a visit to your county court house.

Speaking of paint, the goat column artist would prefer most any color to yellow, if our neighbors should decide to give us a fresh coat. We merely make mention of this fact in advance, in case any one is thinking of giving us a coat of paint.

Paint has a wonderful reaction on buildings and animal-life alike. We remember when as a kid, the bunch painted our neighbor's white horse red. This, however, almost caused a riot, as our neighbor had rode his horse to town and left him anchored to the old hitching post while he was partaking of two much spirits. It was the two much spirits which brought about the riot with our neighbor. Any way we have never helped with horse painting since. To us, it is simply 'horse radish'.
