Services were held Saturday at 1:30 p.m. in the River Chapel for Perry Dawson, 50, who died in a hospital Thursday afternoon after an altercation Wednesday evening at a downtown cafe.

Justice of the Peace Walter Grice said Saturday an autopsy showed Mr. Dawson died of a blood clot on the brain.

Police were trying to locate Jerry Shelton Saturday to give him an emergency message. Shelton is thought to have moved here last Sunday. He is an oil field worker.

SEATTLE, Jan. 7 (AP)—The Navy transport Gen. Freeman's arrival from the Far East has been delayed until tomorrow.

Nall Announces For Precinct 3 Commissioner

Announcement of his candidacy for County Commissioner for Precinct 3 was made Saturday by R. L. (Poncho) Nall. He authorized The Herald to list his name, subject to the Democratic primary in July.

Nall, a resident of Howard County for 50 years, is seeking to be returned to the post he formerly held for a total of 10 years. He was Precinct 3 commissioner from 1941 to 1947, and again for the 1949-51 term.

Nall, who has operated his own business here for the past eight years, said that he will bid for the support of the voters on a pledge of "straightforward business administration of county affairs."

Nall said he had concluded to see the office after a number of people had contacted him on the matter. "I hope to see most of the voters in my precinct before the primary," he said.

Following his discharge, he worked for the Texas & Pacific Railway Company until 1924, then engaged in oil field work, operating a drilling rig, until 1940. He has operated a news and magazine sales stand since 1948.

Upper respiratory trouble affected the largest number of persons during the last week, according to the weekly report of the city-county health unit, with the infection striking 100.

Charges that he raped a 14-year-old Negro girl were filed Friday in Justice Court against Arthur Wright Jones, 18-year-old Negro salesman from Webb AFB.

Veteran Texas Newsman Dies

GALVESTON, Jan. 7 (AP)—Dean Wesson, 64, veteran Texas newspaper man, died today after a heart attack.

He had worked on the Galveston News, the Dallas News, the Houston Chronicle and the San Antonio News.

After World War I, he was publisher of the San Benito Light. He owned and published the Texas Capitol News Service in Austin. He wrote a number of pamphlets on Texas history, one of which is still distributed to visitors at the San Jacinto Battleground.

Shortly before his death, Wesson was an editorial writer on the Galveston News.

He is survived by his widow of Galveston; a foster son, Walter Talbot of Fort Worth; and a half-brother, Hal Wesson of Corpus Christi.

Services will be held here tomorrow.

Grace Won't Have Same Problems Gloria Faced

By STAN SWINTON ROME, Jan. 7 (AP)—Gloria Swanson, who pioneered mating of Hollywood and European blueblood more than 30 years ago, doesn't believe Grace Kelly and Prince Rainier face any special problems.

Times and social codes have changed since her Jan. 28, 1925, wedding in Paris to the Marquis de la Falaise et de la Courduy of France, the veteran screen actress explained today when a reporter asked her opinion.

The marquis was the third of her five husbands and the marriage ended, as did the others, in divorce.

Was she among the first or the first Hollywood star to marry into an aristocratic family?

"Not among the first—the first," she replied. "I was a lot of firsts. I was the first star to have a child when everyone said the public didn't want their stars to be mothers. Lots has changed."

Miss Swanson has changed less than most of the rest. Admitting to 56 years, she still is making pictures. She is in Rome for a lead opposite Vittorio de Sica in "Nero's Big Weekend" (Italian title: Nerone), produced by Titanus Film.

"I recall it, my new mother-in-law never did speak to me," Miss Swanson said. "Being an actress was a mark against you in some countries. Those were days when you would see signs saying 'No dogs or actors permitted'."

Those also were days when Miss Swanson was as bright a star in the film firmament as Miss Kelly is today. Pioneer producer-director Cecil B. de Mille picked the pretty Chicago girl out of Keystone and Mack Sennett comedies and

starred her in such famous films as "Male and Female."

She went on to become Paramount's top star and then founded her own company. But even that didn't reverse the aristocratic social scale in the roaring twenties. An actress like Miss Swanson earning \$25,000 a week still was an actress and unacceptable.

"That attitude has modified a great deal," Miss Swanson commented. "The problems are not the same. Now it depends on the person, on the individual. I do not know Miss Kelly but I can't see why there should be any special problems. No more than for any other couple."

Brownell's View Opens New Talk That Ike Will Run Again

By JACK BELU
WASHINGTON, Jan. 7 (AP)—A reported prediction by Atty. Gen. Brownell that President Eisenhower will "come back and lead us for a long time" was interpreted by some Republicans today as opening the door for a second term race.

Brownell was represented in some quarters as having told the Republican Finance Committee in a closed session here yesterday that he "assumes" Eisenhower will run again.

On the other hand, some of those present at the session of GOP money raisers said Brownell gave no such personal expression.

There was general agreement, however, that the attorney general—who is one of the administration's chief political strategists—

did tell the committeemen in a brief talk something like this: "I can tell you the President is making a wonderful and complete recovery and he is on the eve of resuming the full load of the presidency. I can bring you assurance that the President will come back and lead us for a long time."

Eisenhower, who has been vacationing in Florida, will give his own report on the condition of his health at a news conference tomorrow.

Brownell's reported statements were made at a time when some members of the committee were hinting they need some definite sign of the President's intentions if they are to succeed in money raising efforts.

More than one of the members is said to have made it clear that

is said to have made it clear that there would be less enthusiasm in raising money to finance the campaign of some other—and as yet unknown—candidate.

Brownell's reported prediction that the President will "lead us for a long time" was interpreted by some of those present as indicating that he had some information on a second term he didn't feel free to disclose.

On the other hand, others who heard his remarks said they could mean only that the President intends to take a leading role in the campaign, even if he isn't a candidate himself.

Eisenhower promised in a Dec. 1 message to the Republican National Committee to "do everything in my power next year to help you report the (Republican) record accurately and fully to the country."

Brownell was said to have told the finance committeemen, headed by investment banker Clifford Folger, that he believes 1955 will be a year in which all of the party's expectations will be fulfilled.

One of those who listened said that, while Brownell didn't make any direct reference to a second term bid, "he certainly didn't lean away from it all."

Hudson Landers Is Candidate In Precinct No. 3

HUDSON LANDERS

Hudson Landers Saturday announced his candidacy for county commissioner from Precinct 3. He said he is filing officially for a place on the ticket in the July Democratic primary.

Landers, who made a bid for the same post two years ago, operates farming and ranching interests in the Elbow-Lomax community. He has resided in Howard County practically all his life, and is a graduate of Big Spring High School.

Landers said he felt that his background and experience in dealing with the public would be useful in his services as a commissioner. He also said that his long residence in the county made him familiar with many of its problems, and that he would put this experience to use "in doing the best I can for a more progressive and efficient operation of county affairs."

"I respectfully ask consideration of the voters of Precinct 3 on my promise to meet every problem of county administration on the basis of what good can come to the county and its citizens, and on how

efficiently and economically we can meet any problem."

Landers was for approximately three years manager of the Big Spring Municipal Airport, before World War II. From that position, he went to Amarillo to head the aviation department of the Amarillo Junior College, then he spent four years with the United States government, with the C.A.A., in administrative work, serving as supervisor of flying schools.

He also has been associated in private business in Big Spring, as well as in the operation of farm and ranch properties.

Criminal Trial Set In Stanton

STANTON, Jan. 7, (SC)—Judge Charlie Sullivan will call both civil and criminal dockets for trial settings when 118th District Court convenes here at 10 a.m. Monday.

Two criminal cases already have been set for trial Monday and Tuesday. Matilde Valles, charged with burglary of the Neal Falls Grocery on July 23, is scheduled to go on trial after the calling of dockets Monday morning. Howard B. Manning, charged with drunken driving, second offense, is to go on trial at 9 a.m. Tuesday.

A jury panel is to report at 10 a.m. Monday to start hearing the week's cases. After trial of the two criminal cases, both civil and criminal suits will be tried during the remainder of the week. Another panel of jurors will report Jan. 16 for another week of trials.

Virginia To Vote On Private School Plan

RICHMOND, Va., Jan. 7 (AP)—Virginia voters will decide Monday whether they want to use tax funds for a child's private schooling in an effort to avoid compulsory racial integration in public schools.

Vigorous and spirited campaigning developed after passage of emergency legislation four weeks ago providing for the referendum on a proposed constitutional change. It would clear the way for public tuition grants for children refusing to attend integrated schools or living in localities which refuse to operate mixed schools.

A large number of ministerial groups have attacked the proposal as inconsistent with Christian principles. Some clergymen, speaking individually, have disagreed with this view.

Labor also is divided. State heads of the AFL and CIO federations are on record against the proposal, but some labor spokesmen have sided with the proponents.

Negro teachers of the state came out publicly against the proposed change; the white teachers' state-wide organization took no stand.

Overshadowing the questions of race involved in the referendum debate has been the fight to preserve Virginia's public school system. Opponents have challenged the proposal as a threat to the

schools; proponents have said it is a step to preserve the schools.

The question is whether a limited constitutional convention shall be held to amend Section 141 to remove a barrier to the use of public funds for a child's private schooling. The referendum was called by Gov. Thomas B. Stanley after the General Assembly, meeting in special session, enacted legislation Dec. 4 recommended by the Governor's Commission on Public Education.

Spearing opposition to the proposal has been the Virginia Society for the Preservation of Public Schools, a newly incorporated group whose campaign has been headed by State Sen.-elect Armistead L. Boothe of Alexandria.

This group has attacked the amendment plan as a threat to the public schools and as certain to result in higher taxes and costly litigation. Further, it has contended the proposal, if carried out, would impede Virginia's industrial growth and would be a hasty and unnecessary constitutional change.

Opponents generally have fought the tuition grants proposal requiring the constitutional change but have gone along with the other phase of the commission's package plan. This involves assignment of pupils to schools for any of numerous reasons excepting race.

City Commissioner Faces Arraignment For Burglary

ARDMORE, Okla., Jan. 7 (AP)—Ardmore City Commissioner Joe Taylor was taken to Pauls Valley under guard today to face five burglaries charges there, even though no court decision was handed down on his bid to remain free under \$4,000 bond.

Two state agents took Taylor from the Carter County courthouse and placed him in a Garvin County sheriff's car, while a Garvin deputy stood guard with a shotgun.

A Pauls Valley Taylor presumably will be arraigned.

The action came at the close of a habeas corpus hearing before Judge John Caldwell, Caldwell continued the hearing until 9 a.m. Monday, stating that before giving a decision on whether Taylor should be allowed to remain free under bond, he wanted to determine exactly how many warrants were being considered at the hear-

ing.

Taylor's attorneys contended he was illegally charged and put four witnesses on the stand testifying the city commissioner, 31, was at his supermarket Nov. 27, 1955, the day he is accused of participating in six burglaries at Stratford.

Taylor faces 10 similar charges in Wichita Falls for a series of burglaries in North Texas.

Uncle Ray: Newspaper Comics Read By 100 Million People!

By RAMON COFFMAN
Are people still reading the funnies? According to a recent bulletin from the newly formed Newspaper Comics Council, about 100 million Americans turn to the comic pages of their newspapers every day.

Children under ten still account for a large part of this newspaper comic audience, with nearly 90 percent of them listed as regular followers according to surveys. But it may be surprising to note that Mother and Dad are more likely than not to be reading the funnies right along with them, since four out of five adults also find time every day for the funnies.

Although newspaper comic strips as we know them today are almost entirely American in origin, they do have "ancestors" going back as far as any other form of popular art. We know, for example, that cave dwellers scrawled cartoons of their histories upon walls with charcoal. Later, stories were told in picture form on papyrus, mosaic, tapestry, murals, bas-relief and pottery before the time of printing.

Comic page historians agree generally that the first modern strip appeared in 1822. It was James Swinerton's "Little Bears and Ti-

gers," which was followed in 1896 by R. F. Outcault's "Yellow Kid." However, the cartoon style of humor was used earlier by the famous English satirist, William Hogarth in the Eighteenth Century, and somewhat later in Germany by Wilhelm Busch who created cartoon books called "Max and Moritz."

Shortly after the turn of the century, comics began to appear in the forms they are published today—with words and pictures, and with "balloons" over the various characters. At this time there are 161 individual comic-page features, of which newspapers will usually print between 12 and 36 strips every day. There is only one metropolitan daily newspaper in the country that publishes no comics.

At this time there are two main types of comics—those that are "funny" as were the pioneer strips, and the newer kind that tell continuing stories. Outstanding creators of the "funny type funny" include Chic Young, Al Capp and Walt Kelly. In the ranks of the serious comic-page story tellers are Milton Caniff, Frank King, and Allen Saunders, to name only a few.

Death Claims Ida Mae Oldham, Ranchwoman Of The Frontier

Mrs. Ida Mae Oldham, who had ranged along the frontier from Indian Territory to West Texas, died in a hospital here Friday afternoon at the age of 85.

Eleven months ago she fell and broke her hip. Although she did rally, she never completely recovered. Until she was hurt, she had led an active and rugged life.

The Shericks had bought a small ranch in Taylor County in 1911 and after his death she moved to Abilene, Minor Chandler, who later became foreman of the Howard County ranch first worked for her on that ranch. She married D. M. Oldham Jr., referee in bankruptcy but subsequently was separated and then divorced from him. In 1918 she bought the 6 1/2-section ranch on the upper reaches of Morgan Creek in Howard County from W. W. Lamer and Elmer Lay, and in 1923 Chandler came here as foreman. Mrs. Oldham came out four years later.

as anyone in addition to keeping the house and cooking. Until she was 70 years of age she rode the range, and Chandler said she had a lot of get up and go. She could walk a mile before I could get started."

Mrs. Oldham had an attachment for her cattle that almost bordered on love. She actually named a majority of the individuals in her herd—and what's more she could call them by name on sight.

She was possessed of a legendary sharpness in business dealings. Her foreman, himself an expert judge of cattle and no slouch in a trade, admitted that "she always could

seem to get a better price than I could." Her accuracy in bookkeeping would have amazed accountants.

In addition to her ranch in Howard County, Mrs. Oldham had four sections in Midland County, but so frugal and unostentatious was she, and so austere in her dress, that none would have taken her for a wealthy woman. Virtually all her interest was confined to the ranch and her only membership in an organization was the Coahoma Methodist Church.

Mrs. Oldham was one of eight children, and only one brother, J. H. Grogan of Shamrock, survives. She also leaves nieces and nephews.

Local Scouters To Attend Kermit Meet

At least a score of people from Big Spring will be among those taking part in the annual membership meeting of the Buffalo Trail Boy Scout Council in Kermit on Friday.

John Taylor, vice chairman of the Lone Star district, said all the 20 tickets sent out by the council office to this district had been taken. It is problematical whether others will be available.

Annual business meeting of the council will be held at 4:30 p.m. at the Kermit High School, followed at 6:30 p.m. by the banquet in the high school cafeteria. Principal speaker will be Louie E. Throgmorton, Dallas, vice president and director of public relations for the Republic National Life Insurance Company of Dallas.

Reports to be laid before the meeting will reflect a 31 per cent increase in units (Cub packs, Boy Scout troops, and Explorer posts) during the year and a 25 per cent gain in boy membership. Dr. Glenn E. Stone, Pecos, chairman of the council organization and extension committee, said that membership now had passed the 7,000 mark. The 308 units at the end of the year compared with 228 a year ago (and included 10 transferred in from the Yucca council).

At the business session, execu-

tive board and council members will be elected as well as a review conducted of past activities. The banquet will feature special music, presentation of awards to adult leaders for service of exceptional nature.

The speaker for the occasion has been active in civic affairs as well as for his (Christian) church in Dallas. He averages more than 300 addresses per year.

MILLER HARRIS

Miller Harris Announces For Sheriff's Post

Miller Harris announced Saturday that he would seek the Democratic nomination for sheriff of Howard County.

A resident of Howard County for three decades except for short intervals, Harris said he asked for consideration on the basis of experience in the field as well as his record individually. He came to Big Spring in 1926 from Abilene, where he had lettered in both football and baseball at Abilene High and Simmons University, to play on the T&P baseball team.

He was married to Janice Pickle, daughter of Mr. and Mrs. J. B. Pickle, in 1927 and she currently is high school librarian. They have one son, Jimmy, who resides with his family in Long Beach, Calif. Harris is a member of the Masonic Lodge, the VFW and the First Baptist Church.

After separation from the U. S. Navy following three years' service, Harris ranched in Tom Green County before returning here. Subsequently he served three years as a deputy sheriff.

"I am asking for the office because I believe that I know the fundamental duties of the office and what people of Howard County expect of their chief law enforcement officer. If voters honor me with the office, I will cooperate with other county officials, officers and city police; will have a full time salaried; welcome constructive suggestions from responsible citizens and agencies; follow recommended business principles in handling the affairs of the office; try my best to enforce the law fairly and squarely and keep a staff which has the same objectives."

Stanton Starts Scholastic Census

STANTON, Jan. 7—January is census month for the Stanton Independent School District, and efforts will be made to enroll every scholastic, said School Superintendent L. M. Hays.

Mrs. Olen Holland has been appointed census trustee, and will supervise the survey. Hays urged parents with six-year-old children for the 1956-57 term, who do not have older brothers or sisters in school, to contact Mrs. Holland, or High School Principal Olen Holland. Those who have not been contacted by Jan. 31 are asked to call 4-3366 for proper enumeration.

TIME HAS RUN OUT!

IT'S OUR FINAL WEEK IN BIG SPRING

We have now come down to the final closeout when we must close out, get out and say goodbye to the good people of the Big Spring area . . . During the 27 years we have been in business here you have been good to us by favoring us with your patronage . . . during this final week in your city we are going to show our appreciation by cutting prices so low they will be like going away presents from us to you!

Prices Slashed!

We have regrouped all merchandise remaining to the front of the store for more convenient shopping . . . We have also slashed prices to the very core throughout the store!

What Bargains! . . . BUT NEVER AGAIN!

That's right we don't believe you'll ever be offered such bargains again as long as you live . . . But we don't want to move any of this stock if we can help it. The surest way we know to do this is to mark prices so low you simply can't turn them down!

What Savings!

If you don't want to buy, you better not visit our store during this final week for we have our orders to dispose of this stock this week, regardless of what it brings. We've cut the prices so low it almost scares us to think of how much we are losing . . . BUT IT'S LOSE IT OR MOVE IT . . . AND WE DON'T INTEND TO MOVE IT!

Thousands of Dollars Worth of Stock Remains To Be Sold!

What Values!

It would be impossible to list all of the final reductions we have made . . . so we ask you to come in and see for yourself . . . and you'll find this is not just balahoo but is genuinely the greatest bargain event since the depression . . . But come in tomorrow, for next Sunday night, January 15 we close our doors in Big Spring for the final time and say goodbye.

She's Done It Again!

Lucky, the 9-year-old dog belonging to the Don Anderson family, 1505 Kentucky Way, has littered for the umpteenth time, bringing to 81 the number of pups she has presented the Anderson household. Here Jan Anderson exclaims over the "cuteness" of the pups rather than Lucky's more than somewhat prolific record. Lucky, who is just plain dog, was given her name because Anderson found her with other puppies in a vacant house after the tenants had moved and taken the mother dog with them. Over the years she has increased her tribe religiously at least twice a year, ranging from nine to three in the litter. When she was a year old she got dumber and a veterinarian said Lucky would be lucky to live two years. She's lived nine and apparently lived it up. (Photo by Keith McMillin.)

Lamesa Rocked By Two Nitro Blasts

LAMESA, Jan. 7.—The explosions that jarred scores of Lamesans out of bed about 3 a.m. Friday were caused by jellied nitroglycerine, authorities have concluded. Two blasts in quick succession rocked the city. Jack Lee, an explosives expert with the Atlas Powder Company, said he believed the exploding substance was nitroglycerine jelly. A hole the size of a large wash-tub was discovered in Sulphur Draw, just west of town. Automobile skid marks were found nearby, indicating someone had left the scene in a hurry. Sheriff's officers and police concluded the explosives were set-off by some youngsters "for the kicks." They also are of the opinion that the kids "don't know what they're fooling with." The officers warned that the nitroglycerine jelly is extremely dangerous. A check with all explosives dealers and owners disclosed that ap-

parently none was missing. Officers said the substance probably was taken from a "doodlebug crew" which uses it in seismograph work. Some of the young men employed by one of the companies may have "hid out" some of the jelly, authorities said.

Herald Staffer At Seminar

A Big Spring newspaperman will be among those attending a seminar for city editors to be held at the University of Texas the first three days of this week. Wayland Yates, city editor of The Herald, was to leave for the seminar today. The seminar is one of a series sponsored by the Texas Daily Newspaper Association in cooperation with the university's school of journalism. Harry Montgomery, assistant publisher of the Phoenix, Ariz., Republic and Gazette, and formerly with the Associated Press at Amarillo, will be banquet speaker Monday at 7 p.m. in the Driskill Hotel. He also will be moderator for the seminar's opening session Monday at 9 a.m. Session topics will include "Producing a Newspaper for This Competitive Age," "Development of Local News," "Newspaper Libel," "Organization and Operation of City Room," "Planning and Editing for the Best in Photos" and "Writing and Editing for Clarity." Others who will serve as moderators or discussion leaders during the seminar include Mason Walsh, Dallas Times-Herald managing editor; John B. Anderson, Corpus Christi Caller-Times city editor; Millard Cope, Marshall News-Messenger publisher; Louis Hamlett, Wichita Daily Times city editor; Fred Williams, Austin American-Statesman city editor; Dick Tarpley, Abilene Reporter-News news editor; John Bunta, Waco News-Tribune night city editor; William A. Payne, Dallas Morning News assistant city editor, and Kemper Diehl, San Antonio Light assistant city editor.

10 Big Springers In Hardin-Simmons

ABILENE — Approximately one student in each 150 enrolled at Hardin-Simmons University is from Big Spring, according to Dr. Freeman Beets, registrar. Ten students of H-SU's 1,521 are from Big Spring. They are John William Birdwell, Lane Bond, Jackie Fryar, R. B. Hall Jr., Delmar Hartin, Billy Frank Martin Jr., Cecil Rhodes, Doris Ann Smith, James Otis Smith, and Evelyn Wilson. Registration for the university's spring semester begins Jan. 30. Classes start Feb. 1, the registrar announced.

Navy To Dredge Out Mud-Stuck Vessel

NORFOLK, Va. (AP) — Navy salvage officers moved a dredge into position today to cut a channel for destroyer escort Baslone after a third attempt to dislodge the 3,000-ton vessel from the mud failed early today. The ship is aground in 10-foot water off Cape Henry. She was blown from her anchorage by high winds Thursday.

Show Group Starts Membership Drive

LAMESA, Jan. 7.—A membership drive for the Dawson-Borden Junior Livestock Show Association has been started here. Memberships in the association may be acquired for \$5. Leaders of the organization are to push the drive as a means of financing the annual livestock show Feb. 16-18. He said that school construction "is another issue which must be faced if our country is to plan intelligently for the future." Johnson said that so far as the Democratic leadership is concerned, every bill will be handled "without resort to personalities or bitter debate." He said that the controversial bill to exempt natural gas producers from federal regulations, scheduled as the Senate's first major business, "will be discussed thoroughly and vigorously as it should be." "But intelligent and prudent men can go through vigorous discussion and accept the final verdict realistically," he said.

Johnson Hopes Constructive Program Can Be Completed

By JACK BELL. WASHINGTON, Jan. 7 (AP)—Sen. Lyndon B. Johnson (D-Tex.) predicted today a "businesslike" Congress will not permit election year politics to stall a constructive legislative program. Johnson, the Senate majority leader, told newsmen it will be his policy to urge prompt Senate action on major bills. He listed farm and social measures as among the first of these.

The Senate Agriculture Committee has before it a House bill which would restore high, rigid price supports on major field crops. President Eisenhower is expected to recommend an expanded farm program in a special message to Congress Monday calling for retention of present flexible price supports. Johnson said the problem created by falling farm prices "is unquestionably the most desperate" one before Congress. But he added "there are others of great magnitude."

"Even though this is an election year," he said, "members of Congress have the sobering realization that actions on these problems is essential. Therefore it is likely that politics will not interfere with work that the Congress will hammer out a program that meets the needs of the nation." In this category, he listed disaster relief, aid for areas with unemployment problems, water conservation measures, a long-range highway program and federal aid for school construction. He said the Senate had not had "much encouragement" from the Eisenhower administration to act last year on a House bill liberalizing Social Security coverage for women and handicapped persons. "Action on Social Security cannot be postponed much longer," he added. He said Congress' failure to enact a highway bill last year "did not do much harm."

Dawson County Registers Year's First Traffic Death

LAMESA, Jan. 7.—Dawson County chalked up its first 1956 traffic fatality Friday in less than a week of the new year. Uriah Carroll Raines of Tahoka was killed about 6:30 p.m. when his car skidded and turned over on a curve about four miles west of Welch on State Highway 328. Highway Patrolman Henry Crump said Raines apparently went to sleep, awoke when he hit the curve and went into the skid when he attempted to whip the car back onto the roadway. The auto skidded across the pavement and overturned in the borrow ditch. An accident south of Lamesa about 90 minutes later hospitalized Robert Self of Coahoma.

Crump said Self's car turned over in the middle of Highway 87 about six miles south of here at 4 p.m. Self suffered bruises and lacerations about his head and neck. A Higginbotham ambulance carried him to Lamesa General Hospital where his condition was described as good Saturday. Raines was pronounced dead when his body arrived at the Lamesa hospital Friday night. The remains were transferred from Higginbotham Funeral Home to Stanley Funeral Home in Tahoka for funeral arrangements.

New Hearings Denied In Two Howard Cases

The Court of Civil Appeals at Eastland has denied motions for rehearings in two Howard County cases in which it previously reversed trial court decisions. The appeals court Friday announced it has set for submission on Jan. 20 the Malone & Hogan Clinic-Hospital Foundation appeal of a trial court verdict. Rehearings were denied in the cases of Neville Alfrey versus E. O. Ellington and Kyle Miller versus Kirby Miller and others. The appeals court recently reversed the trial court's declaratory judgment and entered judgment for Alfrey in the former case. The decision held that Ellington conveyed to Alfrey certain production payments when he executed a mineral deed conveying a 1-32nd interest in the north half of Section 22, Block A-46, PSL Survey of Andrews County. In the Miller case, the appeals judges ruled that purported carbon copies of some wills should have been admitted as evidence in 118th District Court here. The district court case was an appeal of a county court judgment refusing acceptance of the copies for probate. The clinic-hospital foundation is appealing a district court verdict holding that it is not entitled to tax exemption on grounds that it is a charitable institution.

Cadillac

Not Wealthy... Just Wise!

Most people think that the gentleman who owns and drives a new Cadillac must necessarily be blessed with an abundance of this world's goods. But the truth of the matter is that a great many motorists of relatively modest means—like the happy man you see here—at the wheel of the "car of cars."

For wisdom and practicality lead to Cadillac—just as surely as prominence and prosperity! Listen, for a moment, to this remarkable assembly of facts—and see if you don't agree.

The Series Sixty-Two Coupe... the beautiful and inspiring motor car pictured above... costs just a few dollars more than many cars in the "medium-price" bracket.

Cadillac's dependability is so extraordinary that the car is virtually free from all but the purely routine requirements of service.

A Cadillac stretches a gallon of gasoline over so many miles that it is actually the rival of much smaller, lighter cars in this regard.

And a Cadillac will retain its value over the years better than any other automobile in the land.

The conclusion is, we think, self-evident: Cadillac ownership is not only wonderful and thrilling—but sound and sensible as well.

Why not stop in soon for a look and a ride? You'll discover the most beautiful Cadillac ever built... the finest-performing Cadillac of all time... and the greatest value in Cadillac history.

That's Cadillac's magical combination for 1956—and it's waiting for you now in our showroom.

Hawks Win Temple Meet Again, 66-59

TEMPLE, Jan. 7 (SC) — Howard County Junior College repeated as champion of the Temple Basketball Tournament by defeating the Southwest Texas B team of San Marcos, 66-59, here Saturday night. The Hawks, who evened their season's record at 8-8 with the victory, boasted a 42-26 lead at half time. However, the Bobcats pulled to within two points of the Big Springers early in the second half. Ray Crooks missed in 22 points to lead the Hawks, 18 of which he scored in the first half. HCJC jumped into an early lead but the Cats rolled to tie it at 24-24 eight minutes deep in the game. The Hawks then went into their "whistling zone defense" and SW Texas managed only two points during the remainder of the half to 18 for HC.

Coahoma And Knott Tournery Winners

COAHOMA, Jan. 7 (SC) — The Coahoma girls and Knott's boys reigned as champions in the Coahoma Basketball Tournament, concluded here Saturday night. Coahoma trounced Colorado City, 45-38, in the finals of the girls' bracket. Patty Francis led Coahoma with 25 points. Merritt had 14 for Colorado City. Knott upended Loraine, 49-41, in the finals of the boys' division. Woody Long had 16 points for Knott but yielded high scoring honors to Ray Coldway of Loraine, who had 27. Knott won the girls' consolation round with a 49-28 triumph over the Coahoma B team. Mary Lancaster bucketed 21 points for Knott. Jeanne

PLAINSMEN TURN BACK LOCAL CAGERS, 82-52

A tall, well balanced Monterey High School basketball team of Lubbock buried the Big Spring Steers under an 82-52 score in a District 1-AAA contest here Saturday night. The loss was the third in 1-AAA competition in a row for the Longhorns, who were never in contention after the first five minutes of play. The Plainsmen, heading the Bovines as bad a licking as did Palo Duro earlier in the season, clicked with just about any kind of combination they had on the floor. Erratic passing and shoddy defensive work by the Longhorns helped the Monterey cause. Carroll Stephens tossed in 29 points to lead the way for the Plainsmen. James Wiley also enjoyed a productive night, tossing in 17 while Preston Davis wound up with ten for the invaders. Jimmy Bice kept the game from

College Series Due At Omaha

LOS ANGELES, Jan. 7 (AP) — The 1956 National Collegiate Baseball championships will be played at Omaha, Neb., June 9 through 13, it was announced today. Opening-round pairings for the event, known as the "College World Series," were announced also by the National Collegiate Athletic Assn. (NCAA) and the American Assn. of College Baseball Coaches. The pairings: District 2 (Middle Atlantic area) vs. District 6 (Southwest); District 4 (Big 10 area) vs. District 7 (Rocky Mountain area); District 3 (South) vs. District 1 (New England); and District 5 (Missouri Valley) vs. District 8 (Pacific Coast).

McKeehan Hits 40 Points In Win

VERNON, Jan. 7 (SC) — Sweetwater's Dale McKeehan, bucketed almost as many points as the entire Vernon team here tonight, as the visitors hacked out a District 1-AAA victory, 83-49. McKeehan hit 40 points in the contest.

Gail, Grady Teams Triumph In Gay Hill Cage Tourney

GAY HILL, Jan. 7 (SC) — Grady's girls and Gail's boys teams won championships of the Gay Hill basketball tournament here tonight. In the final games, Grady girls slipped by Greenwood, 23-21, and in the boys' bracket, Gail downed Flower Grove, 38-24. Larry Doyle led his Gail team to victory, scoring 13 points. But Harvey Everhart topped the scoring column with 14, playing for Flower Grove. In the consolation game in the boys' tourney, Midway defeated Union, 30-16. Ellis Smith of Midway was the high scorer in the contest, counting 13 points. Grady used the 14 points by Janice Glaze to edge by Greenwood in the girls' finals. LaJean Berryhill led the losers with 13 tallies. Consolation winner in the girls' bracket was Coahoma. The Coahoma team trounced Westbrook, 54-31. Coahoma's Finley scored 30 of the team total. The boys' all-tournament team consisted of Harvey Everhart, Flower Grove; Larry Doyle, Gail; Sonny Anderson, Gay Hill; Dan Pollock, Grady; and Bob Jones, Centerpoint. On the girls' all-tournament team were forwards LaJean Berryhill, Greenwood; Janice Glaze, Grady; and Betty Clayton, Vealmoor; and guards Alice Day, Knott; Janice

Outlook Bright

One reason the outlook in basketball looks so bright at Big Spring High School is the fact that Jesse McElreath (above) is only a junior. McElreath has an amazing eye for the basket and is being counted upon to play a lot next year.

COAHOMA, Jan. 7 (SC) — The Big Spring B team lost two straight games in the Coahoma Basketball Tournament Friday and Saturday. The Dogies dropped a championship round game to Knott, 49-45, Friday and then yielded to Ackerly in consolation Saturday, 61-51.

Lobos Slam Lamesa

LEVELLAND, Jan. 7 (SC) — The host Levelland boys picked up a 1-AAA district cage win here tonight, downing the Lamesa Lobos, 60-42. The Lobos defeated the Big Spring Steers, 59-56, Friday night, in another conference basket.

Bobby Mills Leads SMU To Victory Over Texas

AUSTIN, Jan. 7 (AP) — Blanked for 18 1/2 minutes in the second half, little Bobby Mills drove down the middle for a tie-breaking basket which provided SMU the crucial points to defeat Texas 66 to 63 in Southwest Conference basketball tonight. Mills not only put SMU ahead 63 to 61 but cashed a foul by Bill Grogan on the play to give the Mustangs a 64 to 61 margin. In the hectic minute and a half that followed, Norman Hooten missed two free throws for the Longhorns; SMU's Joel Krog drove in for a game-clinching layup with 35 seconds left and Grogan hit a set shot to narrow the score to 66-63 with 10 seconds remaining. HOUSTON, Jan. 7 (AP) — The Rice Owls broke loose from a tight Texas A&M zone defense tonight to defeat the Aggies, 89-77, in a Southwest Conference basketball game. The lead changed several times before Rice moved ahead to stay after nine minutes, 15-14. The Owls moved on to compile their largest lead of 22 points early in the second half.

Stanton Buffaloes Defeat Bearcats

GARDEN CITY, Jan. 7 (SC) — Stanton decked Garden City, 41-31, in an exhibition basketball game played here Friday night. Stanton led at the end of the half, 24-20, and each team counted six points in the third period. Corky Blocker helped keep the Buffs out front with a 16-point effort. Jimmy Nelson was Garden City's top scorer with 10. Stanton also won the girls' game, 61-33. Alice Clark scored 22 points for Garden City. Garden City goes to Knott for its conference (19-B) opener Tuesday night. Lineups, with points each player scored: GARDEN CITY (21)—Kagle (5); Jones (4); Nelson (10); Mow (5); McDowell (6); Stanton (41)—Koutina (7); Foreman (2); House (3); Donaldson (3); Myrick (6); Blocker (16); Chesser (3); DeNove (2).

The car says 60 and the price won't stop you! Invest in Dependability... get a Bonus in Go!

You can buy it on its name alone—this big, high-powered '56 Pontiac—and be safe in the knowledge that you couldn't make a better investment in dependable, carefree motoring. The good things you've been hearing about Pontiac for years assure you that. But "go" is the word for '56! Performance so new and dramatic it must be experienced to be believed! A short spell behind the wheel will nail that down. Come along for a drive and see. Waiting for the light to change, you can't hear the engine. But touch your toe to the accelerator and there's a torrent of power, sparked by the most advanced engine of them all—the blazing 227-h.p. Strato-Streak V-8. Team this terrific power plant with Pontiac's all-new Strato-Flight Hydra-Matic* and you've got the smoothest take-off that ever brightened a highway. And remember—this easy handling dream is actually among the biggest, huskiest cars built! Now for the final test—head for the open road and some landmarks you can challenge. Wipe out a hill. Straighten a curve. Smooth a stretch of rough road that's bothered you! Now see why they're calling this the greatest "go" on wheels? More than that—it's the greatest buy on wheels! And that too, is easy to prove. Look at the price tag—check our deal—nothing will stop it from being yours! *An extra-cost option.

You can actually have a big, glamorous Pontiac 860 for less than you would pay for 14 models of the low-priced three. PONTIAC MARVIN WOOD PONTIAC 504 E. 3rd Big Spring, Texas Dial 4-5535

Old Rivals Meet Again

Ben Hogan (right) inspects a new putter being used by U.S. Open champion Jack Fleck (left) during a meeting of the pair in Los Angeles, Calif., on the eve of the Los Angeles Open. Fleck beat Hogan in a playoff for the U.S. Open championship in San Francisco last summer, primarily because of his smacking hot putter. Now Fleck confesses that he's switched to a putter "that feels a little better." (AP Wirephoto.)

Mangrum Leads At Los Angeles

By BOB MYERS
LOS ANGELES, Jan. 7 (AP)—Tommy Bolt fired a fantastic eight-under-par 63 but it wasn't good enough to overtake the rousing sub-par playing of Lloyd Mangrum as they hit the midway mark of the \$30,000 Los Angeles Open Golf Tournament today.

Two strokes back of Bolt, and four behind Mangrum, was long John Barnum of Belmont, Mich., who added a 69 to his first-round 67 for 136.

Wants Farm Policy Kept Out Of Politics

WASHINGTON, Jan. 7 (U.S.—Sen. Ellender (D-La.) today challenged President Eisenhower and Secretary of Agriculture Benson to "keep the new farm legislation out of partisan politics."

Ellender, Democratic chairman of the Senate Agriculture Committee, said he made his proposal at a conference with Secretary Benson and Sen. Aiken (R-Vt.), senior GOP member of the Senate farm group.

"If they will accept a bill that includes the best recommendations of farmers, farm organizations, the Department of Agriculture and Congress, I think we can act quickly," Ellender said in an interview.

"If they come up here with an administration bill and say 'It's that or nothing', then I will take that as a signal they want a political advantage rather than a real solution to our farm problems."

Eisenhower will detail his farm program recommendations in a special message to Congress Monday.

In his broad State of the Union outline last Thursday, Eisenhower urged that farm problems be kept out of partisan politics.

"Our national farm policy, so vital to the welfare of farm people and all of us, must not become a field for political warfare," he said. "Too much is at stake."

Ellender said today he agrees with the President that efforts to solve the drop in farm prices and incomes should be kept out of this year's election campaign.

Ellender said he asked Benson to include these four major points in the program the President sends to Congress:

1. Effective methods for disposal of the more than seven billion dollars worth of accumulated farm surpluses.
2. A "soil bank" plan that would give farmers payments in either commodities or cash if they agreed to retire acreages producing surplus crops.
3. Revision of farm price supports so that cotton, wheat and other crops would get quality rating values. Critics say much of the surplus wheat and cotton now in government hands are of inferior grades.
4. Trial of a two-price plan on rice, one of the six basic crops—rice needed for domestic food purposes would get high-level government supports while that for export or other uses would sell for whatever it brings.

Pretty Dense Fog, Fisherman Finds

BLACKPOOL, England (U.S.—Britain's three-day fog got so dense along the sea front that angler Harry Willacy snagged a woman.

Curious whether fish would strike in the blinding fog, the 29-year-old fisherman started casting. On the third cast, he caught something.

Unable to haul in his catch, Willacy walked through the water as he reeled in his line. He discovered he'd hooked a woman who was standing up to her waist in the water.

An ambulance hurried her to the hospital where doctors said she was too weak to identify herself or to say how she got into the sea. Police speculated she became lost in the fog.

Malaya To Announce Independence In '56

BOMBAY, India, Jan. 7 (U.S.—Malaya will proclaim its independence Aug. 31 next year, Prince Abdul Rahman, chief minister of the rubber and tin-rich British protectorate, announced today.

Prince Abdul made the disclosure while en route to London to negotiate long-coveted independence. He did not say whether Malaya would proclaim its freedom within the British Commonwealth, like India, or pull out entirely on its own, as Burma did.

The only hint he gave was in his expressed admiration for the way India won freedom from Britain in 1947. Three years later India declared itself a sovereign republic but remained in the Commonwealth.

"The lessons of the Indian independence movement stand us in good stead in wresting power from the British," he said. "Our freedom fight is smooth and methodical, and we are trying to emulate the example of India."

Britain, which has used Imperial as well as Malayan troops to wage an increasingly successful war against Communist guerrillas in the steamy Malayan jungles, is not likely to oppose the independence move, Malcolm McDonald, Britain's retiring commissioner general for Southeast Asia, said last August that if Malaya and Singapore did not get self-government soon, they would "come under the influence of the forces of evil and chaos."

Independence for former colonial territories is the fashion these days. Only last Sunday the Sudan, which had been administered for more than half a century as a condominium by Britain and Egypt, became a free country with the blessing of London and Cairo.

New Staff Chief For ATC Is Gen. Spicer

Brig. Gen. Henry R. Spicer is the new chief of staff of the Air Training Command, having taken over duties of the post at Scott AFB, Ill., last week.

Gen. Spicer is familiar to many at Webb AFB either through previous service connections or from his appearance here as speaker for a graduation class at Webb AFB two years ago. At that time, his fatherly advice to graduates was that work and brains were greater assets than a big convertible automobile and a stack of unpaid bills.

Gen. Spicer once was sentenced to death in a German prison camp during World War II because a new riot in a camp followed his "pep talk." Nazis tossed him into solitary for six months and then prepared to kill him.

Less than 15 months before, he had arrived in England as a P-51 Mustang fighter. Three weeks later, after he had flown 14 missions and shot down three enemy planes, his own craft had to be ditched in the English Channel when crippled by ground fire. After two days of bobbing around on the channel on a rubber dinghy with both feet

Commissioners To Set Salaries

Salaries for county and precinct officials are to be formally set for 1956 by county commissioners Monday morning.

Other than raises for two peace justices, no changes in the 1955 salary schedule are contemplated, commissioners said Saturday. Only routine business is on the agenda for the first regular meeting of 1956.

Walter Grice, justice of the peace for Precinct 1, Place 1, and A.M. Sullivan, Place 2 justice, are the two to receive salary hikes this year. Commissioners recently authorized raising the pay for the two from \$2,400 to \$3,300 per year.

Aly Khan Planning To Marry Bettina

NICE, France (U.S.—Aly Khan is planning to marry Bettina, well-known Paris fashion model, one of the Moslem prince's lawyers said today.

The informant said the marriage awaits only recognition by a French court of Aly's divorce from actress Rita Hayworth in Las Vegas, Nev. A Paris court is expected to hand down a decision in a few days.

More Military Men Returning

SAN FRANCISCO, Jan. 7 (U.S.—The transport Gen. Anderson is due Wednesday from Inchon, Yokohama and Okinawa with 1,755 military personnel. The vessel is bringing home 861 Army men, 661 Marines, 181 Air Force and 52 Navy.

On the day scheduled for his execution, Allied troops liberated the camp where he was held.

Gen. Spicer was a pioneer in jet flying. He still finds time to fly almost daily despite heavy administrative duties. He has flown practically every type of craft which the Air Force possesses.

MARCH OF MOTHERS — is planned by Mrs. E. P. Driver, Mrs. Clifford Fisher and Mrs. Elvis McCrary, (left to right). As one of the activities of the March of Dimes, the local mothers will make house to house calls on Jan. 31 in an effort to raise funds for the battle against polio.

ANY SPARE COINS IN YOUR POCKET? — If there, these little boxes are the very places to drop them. Distributed to various business houses, they will help collect money for the March of Dimes, which is to continue through this month. Mrs. Rube McNew and her son, Gary, in Scout uniform, and David Wilson are shown here as they make their rounds in placing the little containers.

THAT CRUTCHES MAY BE DISCARDED — the Lions Club started the March of Dimes with the sale of tiny blue crutches. L. T. King, chairman of the crutch sale, gets a donation from J. H. Greene in return for one of the small emblems. Mr. Greene has been a member of the Lions Club for 34 years.

NOW I CAN WALK — exclaims eight-year-old Donald Ray Mathews as Jewell Barton, county health nurse, fastens his leg braces. The son of Mr. and Mrs. G. O. Mathews, 505 NW 11th, had polio when he was two years old. (Photos by Keith McMillin)

AN EVER PRESENT HELP — is the iron lung being inspected by Jewell Barton, county health nurse. Bought by the Veterans of Foreign Wars, it is kept at the fire station and is readily available when needed. Hopes are that, in the near future, these appliances will not be necessary because of polio.

The Big Spring Herald

Sec. II Big Spring Herald, Sunday, January 8, 1956 Society

Budding Majorette

The other four members of the R. J. Darnell family are a good audience for Deborah as she performs with her new baton. Left to right, they are Deborah, Robert Alan, sitting in father's lap, Lt. Darnell, Mrs. Darnell and Denise. The newcomers reside at 906 Main.

Newcomers For Week Are West Virginians

Lt. and Mrs. R. J. Darnell call West Virginia their home, but they came to Big Spring by the way of San Antonio. The newcomers for the week are the parents of three children, Deborah, 5, Denise, 3 1/2, and Robert Alan, 10 months.

The couple said that they like to dance and play cards as a means of entertainment. The man of the house enjoys hunting and fishing.

CAMPUS CHATTER

The first Homecoming of HCJC proved to be a successful and eventful one. A great many exes were present Saturday for the program, which was held in the auditorium, and the barbecue supper. Of course, there was also a big turn-out for the Len Morris-HCJC ball game that night.

As he has joined the Navy. Other boys who also joined the Navy are Junior Carter, Charlie Rose, and Clifford Draper. Robert Broughton joined the Army. We regret the loss of these students as all of them will be leaving sometime during the month of January.

MRS. J. F. SPRINGER

Miss Pierce Becomes Bride Of Mr. Springer

A sunburst of white gladioli, flanked by white tapers, formed the background for the exchange of wedding vows between Lara Lou Pierce and J. F. Springer, both of Tarzan. They were married in the Tarzan Baptist Church Saturday evening, with the Rev. Ira McGlothlin, pastor, officiating.

Mrs. Woody Smith, pianist, played the traditional wedding music for the informal, double ring rites. The bride was given in marriage by her father. Attired in a gown of white Chantilly lace over satin, the bride carried a white Bible, topped with a crescent-shaped bouquet centered with an orchid.

Her fitted bodice featured a v-neckline and long sleeves coming to points over the hands. A wide, flared skirt was worn over crinoline, and her wedding veil was attached to a bandeau of lace over satin, edged with a tiny ruffle of tulle.

The bride wore the something old and new, borrowed and blue. She had a penny in her shoe and wore a blue garter.

Mrs. Perry Guerin of Lenorah, attended her sister as matron of honor. Mrs. Don Hightower of Stanton was brides matron, and a cousin of the bride, Margaret Pierce of Big Spring, was bridesmaid.

All the attendants were dressed in pale blue taffeta made in the same fashion as the bride's dress. They wore blue taffeta bandeaux, trimmed with white lace, and carried pink and white nosegays of Reed daisies.

Serving as best man was Denver Springer of Lenorah, a brother of the bridegroom. Marlin Springer, a nephew of the bridegroom, and Lonnie Dee Pierce, brother of the bride, were ushers.

Jennifer Guerin of Lenorah, the bride's niece, was flower girl, and the altar tapers were lighted by the bride's sister, Lynda Pierce.

Following the wedding ceremony,

New Officers Entertain At Luncheon

New officers of the Ladies Golf Association of the Big Spring Country Club were hostesses Friday for a covered dish luncheon at the club.

Mrs. Fred Lurting heads the group; Mrs. Tom Ashley is vice president; Mrs. Jack Irons is secretary, and Mrs. George Peacock is treasurer.

Luncheon was served buffet style from a table laid with a charcoal cloth and decorated with an arrangement of jonquils and Dutch iris. The flower arrangement was given as a prize at the end of the luncheon and was awarded to Mrs. E. B. McCormick, a guest.

Members of committees were announced by Mrs. Lurting. On the ways and means committee will be Mrs. Toots Mansfield, Mrs. Bill Neal, Mrs. Jack Cook and Mrs. Truman Jones.

The luncheon committee is made up of Mrs. Ed Swift and Mrs. Charles Race; those serving on the committee for family dinners are Mrs. Kent Morgan and Mrs. Earl Reynolds.

Mrs. C. A. DeWees is chairman of the golf committee. She will be assisted by Mrs. A. K. Turner Jr., Mrs. Bernie Coughlin and Mrs. Rayford Liles. Mrs. Oble Britow will be in charge of bridge arrangements.

The telephone committee will be headed by Mrs. Bennett Brooke, while Mrs. Fred Kasch will serve as chairman of the swimming pool committee. Members of the house committee are Mrs. Ashley, Mrs. Jack Woodall and Mrs. Pete Harmonson Jones.

About 30 attended the meeting, with bridge games the diversion of the afternoon.

HI-TALK

By Mary Sue Hale

JULIE RAINWATER

Holding the position of senior-of-the-week is Julie Rainwater. Outstanding and active in numerous activities in High School, Julie was selected this year as Senior Favorite. She was musical director of the Follies of 1955, and she will hold the same position for that musical this year, also.

Serving as student director of the school plays in the fall of 1955, Julie had a part in "One Foot In Heaven" in the spring of 1955. She is serving as volley ball manager, and has been a runner-up for vice-president of her junior and senior classes.

She occupied a position on the Corral staff her junior year, and is serving as parliamentarian in Tri-Hi-Y this year. An FHA member for four years, Julie is now president of her class. She is also a member of the Rainbow Organization and the Organ Guild.

The six senior and four junior members of Who's Who were named this week. Those ten students selected by the faculty for leadership, scholarship, character, and service are: Tom Guin, Rodney Sheppard, J. T. Baird, Sally Cowper, China Carroll, and Kenda McGibbon, senior members. Junior members are: Walter Dickinson, Sue Boykin, Janet Hogan, and Johnny Janak. This is one of the highest honors that may be bestowed upon a student in Big Spring Senior High School.

Mariene Mann, Margaret Fryar and Tommie Jo Williamson gave a devotion entitled "The High Road" to a training conference at the YMCA Wednesday night. Sponsors and adult advisors composed the audience.

The FFA members are selling 50 cent bars of chocolate candy to help finance the annual trip to Denton for the Future Teachers of America State conference. Candy can be purchased from any member of the club.

The local chapter of the Future Farmers of America was represented at the Odessa Stock Show by the judging team, composed of Lanny Hamby, Bruce Moore, Dave Montgomery, Ben Lockhart, and Mr. Travis Vines, sponsor. Two lambs from Big Spring, owned by Tommy Buckner and Ronnie Burks, placed in the judging. Students attended a carnival at Odessa before the return to Big Spring.

The FFA is making advance plans for the El Paso Stock Show to be held in February. The Big Spring group will probably take three or four pigs and about six sheep.

Mr. Sidney Montague, noted author, adventurer, and a former member of the Canadian Royal Mounted Police, was the speaker for an assembly Thursday morning. "The Adventure of Living" was the chosen topic, with a few choice tales of his experiences in Alaska.

His philosophy, "to live, to give, to learn, to create, and to love," was defined. A poem written by him, "This Moment Is My Life,"

A poem written by him, "This Moment Is My Life,"

has won eleven International awards, and books written by him include, "Conquest of Space," "I Lived With The Eskimos," "The Cat Came Back," and "Riders In Scarlet."

Officers of the Senior Hi-Y met Friday with their sponsor, George Oldham, at the Chamber of Commerce. The purpose of the conference was to discuss programs that will be given the coming semester and ways and means of improvement for the remainder of the year.

The new year was brought in last Saturday night at Annette Boykin's home, as a number of girls gathered there for that purpose with a slumber party.

Lou Ann White, Sue Boykin, Sue Barnes, Janet Hogan, Pudge Gray, Carol Rogers, Cecelia McDonald, Kathy McRee, Londa Coker, Julie Rainwater, Barbara Shields, Jackie Johnson, and Danne Green made up the number who attended.

A concert by the BSMS band will be given this month to residents at the State Hospital. A variety of selections will be played by the band, with Mr. Clyde Rowe directing.

Ann Herndon of Odessa has been a recent visitor of Laura Rhoton. One of the student body, Charlene Eudy, will be moving at the end of the semester.

Quite a number of new engagement rings are on view since the opening of school Monday. Included in the group of newly engaged couples are Joyce Horne, Dickie Milam; LaRue Casey, Jerry Barron; Charlene Eudy, Don Brasher; and Ernie Kennedy, Pattie Gregory.

Two marriages have occurred, also. Linda Rutledge and Clarence Thompson were married Christmas Day, and Larue Hayworth and A-3C Ronald Hasler of Indianapolis, Ind., were married January 1 in Stanton.

Linda Hefflin and Lynn McMahan played host for a recent party held at Linda's home. The attending kids included Brenda Barr, Brenda Gordon, Sammie McComb, Sandra Sloan, Prissy Pond, Barbara Coffey, Betty Guthrie, Donald Lovelady, Don Anderson, Phil Puckett, Kelsey Meek, Ronnie Phillips. Others were Preston Bridges, Dennis Jones, Tommy Pickle, Jerry McMahan, Susan Landers, Bruce Moore, Lynda Mason and Charles Mills. Valjean La-Croix, Bobby McCarty, Nita Beth Farquhar and Guineette Gibbs, Luce Thompson and Paschall Odom.

The Roy Worleys boasted more time spent away from home during the holidays than was spent at home; Ballinger claimed a large portion of their time, while Mr. Worley hunted some at Harper. They returned from Lovington, N. M., just a few days before the starting of school.

Alan Sneed of Snyder visited Bessie Compton on New Year's Day.

The track team, coached by Harold Bentley, has been showing quite a bit of progress. Bobby Fuller is training especially for the mile, while chief sprinters are Johnny Janak and Bessie Compton. Jerry Barron is doing the hurdles, while Milton Davis is quartermaster.

The track team consists of weight men, Gary Cagle, McCoy Gilliland, Randal Hamby, Gerald Lackey, and Kirk Jackson. Tracksters include Bobby Fuller, Milton Davis, Bessie Compton, Jerry Barron, Derrill Sanders, Alton McCarty, Clyde McMahon, Richard Engle, Jerry Janak, and David Dibrell.

The two mile relay, besides other relays, is in sight for the team. Jo Katherine Elliott, formerly of Midland, joined the ranks of the student body this week. Jo, who is a junior, chooses art and crafts for her hobbies and is also very much interested in volleyball, since she played on the Midland volleyball team while in high school there.

Ten students from BSMS will go to Midland on Jan. 14 to take a college entrance exam, which will perhaps qualify them for a four year college scholarship offered by General Motors. The test is open to everyone, and Margaret Fryar, Dorothy Smith, J. T. Baird, Mariene Mann, C. D. Downing, Sally Cowper, Kenda McGibbon, Tommie Jo Williamson, David Dibrell and Richard Engle compose the list of applicants from Big Spring.

Ackerly P-TA Has Musical Program

ACKERLY — High school girls presented a musical program for the Ackerly P-TA when they met at the school Thursday. Those on the program were Bessie Smith, Dorothy and Wanda Williams, Jeanine Cable, Joyce Franks, Patricia Iden, Sandra Adams and Zenobia Crain. Mr. Joe Lemon presided during the business session. The room count was won by Mrs. Ethel Johnson's room. Homemaking girls served refreshments to approximately 30. Superintendent Johnny Clark left Wednesday for Austin to attend an educational meeting. Mrs. Jim McCurtis of Midland has been visiting her parents and family this week. Mr. and Mrs. Buck Baker and family went to Lubbock Friday where their son, E. B., underwent surgery. Recent visitors here with her sister and family, Mr. and Mrs. A. H. Smith and Ronnie, have been Mr. and Mrs. K. L. Hance of Dimmitt. George Rhes is visiting his sister, Mrs. Maude Wood and family in Caddo Mills.

Foundation Of A Good Road Program

Howard County Commissioners Court announced plans last week for at least 22 miles of paving of important lateral roads — provided the people to be served by these roads want them enough to provide right-of-way. The program is a sound one, and the proviso for the roadway is reasonable. Property owners will be benefited in every instance and not damaged. Inside the corporate limits people pay heavily for the privilege of getting paving; the least property owners in rural areas could do for roads which do not traverse or otherwise cut up tracts is to give what small amounts of right-of-way which may be required.

Center Point to the Snyder road is a busy lateral. The road from Bethel Church to Gay Hill and back to the Gail road will serve considerable traffic. So will the road from Ingram's Corner on the Snyder Highway to intersect with the Luther-Vincent Road, and a road in the Moore area. The court also indicated plans for opening Birdwell Lane from U. S. 80 north across the T&P tracks. We hope that the next step in this venture is to take it right on north to the Snyder Highway thus providing what would become a very vital bypass to the north and furnish a north leg for a loop around the east side of town to the south.

Norman Vincent Peale
What Inspiration Can Do For You

Lowell Thomas, my friend and neighbor at my country home recently published a new book, "Great True Adventures," in which he tells the story of an advertisement placed in the London newspapers in 1900 by Sir Ernest Shackleton, the polar explorer. It read: "MEN WANTED for hazardous journey. Small wages, bitter cold, long months of complete darkness, constant danger, safe return doubtful. Honor and recognition in case of success. — Sir Ernest Shackleton."

Over a period of time the minister was able to help the man in the manner suggested. The doctor telephoned to the minister again to comment on the man's rejuvenation. "Now," he said, "the patient tells me he feels good. He seems a well man. It just shows what a good shot of inspiration will do."

Battle Opens For Political Credit

By THOMAS L. STOKES
(Substituting for Marquis Childs)
WASHINGTON — Anybody who figured Congress would be slow getting under way failed to appreciate the fever and intensity that developed at this session's outset in the battle for political credit that will be fought out in the Capitol.

The area of price supports, with the Administration sticking by flexible supports and Democrats seeking to restore rigid supports at 90 per cent of parity and even above that in some cases. In other respects the programs are similar in principle, including advocacy of a "soil bank" to ease the surplus dilemma by paying subsidies to take land out of cultivation and help for hard-hit low income farmers who are growing fewer and poorer, and are leaving the land.

Terror Of Washington, D.C.

J. A. Livingston
Ike's Viewpoint—Unpretentious And Businesslike

WASHINGTON — When President Eisenhower delivered his State of the Union message last year — in person, in contrast to this year — he was able to report that "business activity now surges with new strength. The economic outlook is good."

Washington, D.C. — Here is a new way to figure out the political score in respect to presidential possibilities. The method might be described as the measurement of political strength through admitted weakness.

in four years. Is this enough to reverse the downturn in housing and autos? The 1955 upsurge in autos, electrical appliances, and homebuilding fattered this year's upsurge in plant and equipment outlays. Business men had underestimated their markets. They needed more facilities, more capacity.

Around The Rim
Bruxism Is Bad For The Country

Just as I had settled down in my new Christmas house shoes to enjoy a comparatively untroubled new year, here comes a new "ism" to give me a rude shock. Already I had made allowances in 1956 for such things as elections, when socialism, communism, conservatism, liberalism and all the rest will be waving their flags. These are not new, and can be taken, as the saying goes, in stride.

I send 'em to have 'em cleaned. The footman man hasn't fitted me with a comfortable pair of shoes in I don't know when. For some months I have waged the battle of the bifocals. Now comes the matter of the choppers causing more pain than pleasure. Grits replace sirloin, apple jelly has to be chosen rather than blackberry jam, and all that sort of thing. Funny thing about teeth, they hurt more at night than they do in the daytime.

Bible Words
for Today

ISAIAH 44:16-17—"Half of it he burns in the fire... he roasts meat and is satisfied; also he warms himself... And the rest of it he makes into a god." (RSV)

These verses, and those which precede them, give a devastating picture of a man who has many followers today. Out he goes and cuts down the finest tree he can find in the forest. Half of it he chops into proper lengths, kindles a fire, prepares his supper, eats his fill, and warms himself before the glowing embers. Out of the piece of wood that is left he then fashions an idol, falls down, and worships it.

Self Service Law

SOUTH CHARLESTON, W. Va. (AP)—Law and order, drive-in style: The state policemen didn't even look up when a car moved slowly into the driveway of Company B headquarters and came to a stop at the curb. Out popped a 16-year-old youth, who strode over to the first trooper he saw and announced: "I stole that car two days ago and I want to turn myself in."

Burnt Offering

UHRRICHVILLE, Ohio (AP)—Firemen dashed to the home of Helen Arbogast and charged into the smoke-filled interior. The embarrassed Mrs. Arbogast admitted she had burned a steak.

Bandit's Threat

HAGERMAN, N. M. (AP)—A bandit with no hard feelings treated officers after they had cornered him on a roof-top and arrested him for armed robbery. He had \$21 of his own and generously ordered drinks for everybody in city jail. Police got malted milk.

Business Mirror
Oh, This Brave New World!

NEW YORK (AP)—All this prosperity everyone is talking about today means that America keeps hoisting its standard of living with new gadgets and more and better goods. And each time it does, seems like, it creates a new problem. Jet planes go faster. But they call for new techniques in metal-working and new alloys — or they melt. And they have created the problem of how to cut down on the noise and what to do about the old smaller airports.

HOLLYWOOD Elizabeth Taylor... Advice from actress-daughter interview with... The NEED! crochets, 150¢... Order as you terms Only 25

Follows Her Father

Advice from father and daughter — Robert Montgomery and his actress-daughter, Elizabeth, talk about beauty in an exclusive interview with Lydia Lane.

HOLLYWOOD BEAUTY

Elizabeth Montgomery Follows Dad's Advice

By LYDIA LANE
HOLLYWOOD — Talent seems to be an inherited trait in the Robert Montgomery family. Daughter Elizabeth is following in her famous father's footsteps and is trying her wings these days in both the movie and television media.

When I met Liz for lunch at Warner Bros. Green Room, she appeared in a formless black dress. She quickly apologized for her appearance.

"Please don't judge me by this outfit," she explained. "It's my courtroom costume." Liz is making her movie debut in "The Court Martial of Billy Mitchell" and she was full of talk about the thrill of doing her first movie.

"I'm sure other girls love their fathers as much as I do mine but I doubt if they enjoy them as much as I enjoy Dad," she said. "He's incredible really," she continued. "He's never thrown his authority around like some fathers do. As soon as I was old enough to understand, he stopped telling me what to do. He feels being dictatorial builds up resistance."

Later, when I talked with Montgomery, I told him what a fine job he'd done in bringing up his daughter.

"The only thing you can do with children," he explained, "is try to train their instincts and hope they will respond. I feel that little is ever accomplished by getting on a parental throne and demanding things. I've tried to make my children capable of being decisive and not regretting their decisions."

Montgomery has traveled widely and I asked him if he agreed with so many cosmopolitans who feel that American women are less feminine than women in foreign countries.

"No," he replied vigorously. "The American woman is every bit as feminine, but she is a great deal more independent and to a European this may cloud her femininity."

"Personally, I like independence in a woman. I think women who are too submissive can easily become dull," he chuckled. "The American girl today is so capable it's rough on a man, but instead of resenting it, it should just make us realize we've got to be on our toes."

At this point I formed my own private cheering section for Montgomery. Having had such encouraging answers to my previous questions, I couldn't resist asking him what attracted him most to a woman—beauty, brains or character?

Forum Has Program On Oveta Hobby

The life of Oveta Culp Hobby was presented by Mrs. Gullford Jones to the members of the Woman's Forum Friday afternoon. The group met in the home of Mrs. Clyde Johnston, with Mrs. Max Fitzhugh as cohostess.

"Mrs. Hobby has been a busy woman since 1925," Mrs. Jones explained. She told how she had attended the University of Texas law school and was parliamentary in the Texas House of Representatives at the age of 20.

In 1930, Mrs. Hobby was an assistant to an attorney in Houston. She has written a book, "Mr. Chairman." She also married the former Texas governor, W. P. Hobby. Recently, she was named to the list of best dressed women in the United States.

Mrs. J. D. Jones told the group about fashion designers in Texas. "Dallas has been the fashion center of the Southwest since 1931," Mrs. Jones said.

Mrs. Charles Sweeney was named chairman of the State Hospital project. Eight members were present. The next program will be about Women in Mission Fields.

Dale, on Jan. 3 at 8:22 a.m., weighing 7 pounds 7 ounces.

CHICKEN FARMER

G. W. Neill's 'Second Career' Involves Lots Of Hard Work

G. W. Neill has had two careers since he came to Big Spring in 1907. The first was railroading, at which he spent more than 40 years. The last few years since his retirement he has been a chicken farmer.

At present he keeps about 400 laying hens at his home and small acreage between East Second and Third Street just outside the city limits. He is not making big money with his hens, but says they provide a nice sideline income to supplement his railroad pension. And they do give him something to do.

He has three houses in which the hens are kept—two for laying hens and a third for culls, replacements and a few fryers. He has been experimenting with different breeds the last few years and now keeps Austria Whites, Hamp Leghorns and Australorps. The last is a coal black chicken that is rather expensive to buy.

His last batch of replacements cost 40 cents apiece and he bought 300 of them.

"That's a steep price for a little chick," he said, "but you can't stay in business with low quality chickens. I've tried all kinds and never made money with any but the highest-priced ones."

Of the 400 hens, 100 have been kept over for a second year's production. Ordinarily he says it doesn't pay to keep a hen more than one year, but he wanted to see what these would do if held over a second year.

Mr. and Mrs. Neill spend quite a lot of time with the hens. He usually goes out in the morning and cleans the houses, puts out feed and water enough for the day and gathers the eggs. He checks closely on the water and never lets the waterers go dry. Also there is the extra work of spraying for flies and giving medication

to prevent worms and diseases.

At present they are getting around 200 eggs a day, which is 30 less than they got a few weeks ago. Mr. Neill said the hens stopped laying for no apparent reason and are just now getting back to full production.

After he gathers the eggs, which in hot weather may be as many as five times a day, Mrs. Neill takes charge of them. She cleans and puts them in the refrigerator, except in extremely cold weather when they are kept in an unheated room.

She also does all the selling. She has eliminated one marketing problem that besets most producers, and that is the fluctuating egg price. Her eggs bring 60 cents a dozen the year around unless the regular market is extremely high or low.

She makes two big deliveries during the week and several small ones. These are to restaurants, boarding houses and a few residents. Also about a half dozen women come to the house regularly to buy eggs.

Mrs. Neill has developed an outlet for the culls. These are sold quite often because Mr. Neill doesn't become as attached to his hens as some kids do to the Thanksgiving turkey. When a hen stops laying, she also stops eating.

To determine this, he keeps traps. No one, he says, not even an expert, can tell exactly when a hen is not laying regularly. When he suspects he has some free boarders, he puts them where they must lay an egg in the trapnet then hop out on the other side into a special pen. If he finds a certain hen is never in that pen, her next stop will be in someone's deep freeze or stewpot.

Mr. and Mrs. Neill came to Big Spring in 1907 when he took a job as brakeman. Two years later he became a conductor and stayed with it until 1925 when he went into the yard as a switchman. He retired in 1943 and spent a year or two on the family farm just north of Big Spring. Later they moved to their present home and began to expand their chicken business.

"It started out as a hobby," he said. "I didn't want to retire completely, and now I guess I never will as long as I can get about. But the chicken business has plenty of headaches."

"Right now feed costs over \$60 a day, so you see our margin of profit is not very large. By close management hens will pay off, but it takes a lot of work and staying close to home. If a fellow doesn't want to work, he better leave chickens alone. Unless they are tended to right, they'll lose you more money than they will make."

Diaper Changing Sends Baby Sitter Around The World

HOLLYWOOD (AP)—Diapers and safety pins sent Mrs. Letizia Holloway around the world.

Life was humdrum, she said, for 75 of her 76 years. Then, a year ago, she told the Baby Sitters Guild of Hollywood she was going away.

"It was fun, but oh, it fatigued me when I think how many diapers I changed to earn the money for my trip," she recalled last night.

She left San Francisco on a freighter for Japan. Thereafter she traveled by other ships, trains, planes, buses and taxis to Hong Kong, Singapore, Bangkok. And then to Burma, India, Egypt, Syria, Turkey, France, Germany and Spain.

She was describing a riot in Istanbul when her phone rang. "Got to run," she announced when she had answered the call. "An assignment."

Yep, Mrs. Holloway is baby-sitting again. But she has a lot more to think about.

Lady Eden Denounced For Taking Female Prerogative

LONDON (AP)—A London fashion expert has denounced the mistress of No. 10 Downing St. for not being able to make up her mind about hats.

Singing out pretty Lady Eden, 34-year-old wife of the Prime Minister, stylist Eileen Ashcroft, writing in the Evening Standard, said: "Some of her hats are too old, some are too young, some too fussy, some too hard."

Stylist Ashcroft said she couldn't remember Lady Eden, former debutante Clarissa Spencer-Churchill, even wearing a hat before she married handsome Sir Anthony in 1952.

"But — since she has become the wife of the Prime Minister she has tried a dozen different shapes. Almost without exception they have been unflattering."

Lady Eden, niece of Sir Winston Churchill, is elegant, slim, shy and a onetime writer for a fashion magazine — British edition of Vogue — and her hats are as varied as a politician's promises.

Within the last year she has shown up in public wearing every sort of gear from a fur Russian cosack model to a pert abbreviation of a baseball cap. Often she looks charming in them. Sometimes not.

Lady Eden's features are unusually strong, despite the fact she was voted London's most beautiful debutante in 1938. Her chin is pointed, her forehead prominent and her longish nose slightly tilted.

Leaping to her rescue a style artist named Rix drew a picture of the perfect hat to grace Lady Eden's classical features and the Standard published it. The artist called it the "Clarissa cloche."

Lady Eden has made no reply. Oddly, while she has started going in for hats, the Prime Minister has practically abandoned them. The man who made the black Homberg so famous people all over the world called it an "Anthony Eden" recently confided to a friend he now prefers going bareheaded.

Fire Truck Stolen

BOSTON (AP)—While firefighters were battling a night club blaze in the theatrical district early today, someone stole one of their big fire trucks.

The thief abandoned the ladder truck when it crashed against a fence at the Boston Common. He couldn't make a full swing around the corner without a tiller man to steer the rear end.

'The African Lion'

Walt Disney's latest true life feature will play at the State starting Wednesday. These are three scenes taken from the picture which is in color. It will play through Saturday.

Walt Disney's New Film Is At State

'The African Lion' is the most recent in Walt Disney's series of 'true life' features. Filmed in Technicolor, the picture required three years to get on film. A husband and wife team, Al and Elma Milotte, made the picture on a camera tour of equatorial Africa. The footage was obtained on the great plains in the shadow of Kilimanjaro. However, lions are not the only creatures pictured in the film. It is King Lion that happens to be the star. The lion's home life and habits are carefully portrayed to give the moviegoer an idea of the average day in the lion's life. Other animals are the rhinoceros, elephant, baboon, cheeta, wildbeest, impala, ostrich, jackal, and monkeys. No animals in the picture are tame and no scenes were rehearsed. The picture is a true life picture of how the animals live and carry on their daily affairs.

Guthrie McClintic Tells Of Life With Katharine Cornell

ME AND KIT By Guthrie McClintic The big year was 1921. On Sept. 8 McClintic and Katharine Cornell were married; on Oct. 19 'Kit' Cornell became an star in 'Bill of Divorcement'; and on Dec. 23 the 'me' of the title made his successful debut as producer and director of 'The Dover Road.'

A diploma was an open sesame to nothing much, it seemed; he got several \$25 a week jobs in show that would open miles away and promptly fold up, still miles away; and agencies were always telling him to 'keep in touch' though that did little, for a while, except acquaint him with receptionists and telephone girls. After some acting, he stage-managed, and it was Winthrop Ames who gave him his start. He had hurdles, which ranged from empty pockets to the temperamental Mrs. Leslie Carter; but he was a hurdler, and no one now needs to be reminded how many medals he won.

Gloria Vanderbilt Also Writes Poetry

LOVE POEMS By Gloria Vanderbilt Some of these 27 poems have titles — 'Dream,' 'Childs Song,' 'Fairy Tale,' 'Winters Eve Story,' 'The Aloe'; and others just get along modestly under the name of the first line — 'My heart is a wild wave.' 'His smile released in me,' 'the snow outside my window,' 'love quietly comes,' 'I would choose a summer dawn,' 'The peace of the nest.'

The title he explains satisfactorily — though the 'me' has a popular usage which doesn't excuse the case of several other pronouns in the text. The pages are studded with stars; Grace George, Tallulah Bankhead, Judith Anderson, Minnie Maddern Fiske, Margaret Sullivan, George Arliss; and McClintic is a spirited and witty autobiographer.

BOOKS·MUSIC·ART·DRAMA CRITIQUE By Glenn Coates

Jan. 16 is the date set for the second in the Big Spring Concert Association's schedule this season. 'Pygmalion' will be presented here in the city auditorium by the famous Dublin Players. It is one of George Bernard Shaw's best plays.

It is a modern version of an old Greek play. In the original, Pygmalion was a sculptor who fell in love with a statue he had created. The statue, of course, came to life, etc. In Shaw's play, 'Pygmalion' is a gallant who tries to transform a barmaid into a fine lady. He falls for her, etc. The play will be presented, for concert ticket holders only. No tickets will be sold, if you are one of the lucky ones with a season pass, I know you will enjoy the production.

Two more programs will be offered to balance out the season. They are a ballet and a string concert to be offered in February and March. The first program, which played to a capacity audience, was here in October. It was Fiesta Mexicana.

Another bright spot on the Big Spring cultural frontier is the budding Big Spring Civic Theatre. This 'little theatre' is cutting its teeth on a one-act play now. It will not be presented to the public however.

Plans are to present the play at the State Hospital and then the VA Hospital. It is primarily for practice purposes.

The public will get their first look at these players sometime in March or April. A three-act play will be presented then. Well over 50 persons have joined this group and it has gotten off to a good start.

I still think it would be a good idea for the cultural organizations and clubs to get together in some sort of combined effort. Ticket-wise it would 'get all the begs in one askit.' And there are plenty of other advantages.

The National Book Awards will be announced Feb. 7. The American Book Publishers Council, the American Booksellers Association, and the Book Manufacturer's Institute sponsor the annual event.

This award is given to one book in each of three categories: fiction non-fiction, and poetry. Twenty-four books have been nominated, nine each in the first two categories and six in the poetry division.

The fiction nominees are: Andersonville by MacKinlay Kantor. Band of Angels by Robert Penn

'Arts' Have Hard Time Paying Way

By W. G. ROGERS NEW YORK, Jan. 8 (AP)—It's the 'pig's squeal,' a publisher claims, that pays for books. A book agent tells me: 'Do I make money? Certainly, but not on books. The money is in subsidiary rights sales to magazines or sales of entire books to the movies.'

An editor says: 'Look at this anthology.' It was the work of one of this country's most distinguished and honored poets. 'My house is printing about 2,500 copies. Can you guess what will pay a big share of the cost?' He answers his question: 'Reprint rights. I think it's likely that just one poem in these pages—he named it—by being sold over and over again for magazines and anthologies will keep us out of the red with this volume.'

Still another publisher is certain that the squeal makes all the difference; if you can sell it,

"The Naked Street" Is Ritz Feature
"The Naked Street" plays at the Ritz Wednesday and Thursday. It stars Farley Granger, Anthony Quinn, and Anne Bancroft. Quinn plays an underworld leader who has a deep devotion to his mother and sister, Anne Bancroft. Farley Granger is a cheap grifter who is trying to break into the big time in the racket. Granger kills a man and is convicted of murder, scheduled to go to the electric chair. Quinn gets him out of the prison, however, and forces him to marry Miss Bancroft. Granger then gets a job as a truck driver and goes straight for awhile. Then he starts running around with other women. When Quinn finds out, he has Granger framed for a murder. Then Quinn is killed when he tries to flee from police. Peter Graves plays the reporter who cracks the case open.

'The Second Greatest Sex'

At the Ritz Friday and Saturday, "The Second Greatest Sex" is a musical starring Jeanne Crain and George Nader. The film is in Technicolor and CinemaScope.

'The Second Greatest Sex' Is Musical Comedy At Ritz

"The Second Greatest Sex" is a musical comedy set for the Ritz Friday and Saturday. Starring in the CinemaScope and Technicolor hit are Jeanne Crain, George Nader, Kitty Kallen, Bert Lahr, Marnie Van Doren, and Paul Gilbert. Set in the 1850's, this picture uses an idea taken from a play of Aristophanes. The Greek poet wrote a play about a group of women that barricaded themselves away from their men because the men were always fighting instead of making love to them.

The girls in this picture use the same idea to get their men to forget the fighting over a place for the county seat. Comedy and music supply most of the plot that wasn't taken from the ancient Greek play. Music in the production includes "The Second Greatest Sex," "Lystrata," "Send Us A Miracle," "Traveling Man," "My Love Is Yours," "What Good Is A Woman Without A Man," "There's Gonna Be A Wedding," and "How Lonely Can I Get."

Like "Seven Brides For Seven Brothers," this one has plenty of dance routines in it too. A square dance ballet is one of the attractions.

'The Neanderthal Man'

Richard Shayne and Doris Merrick discuss the problem of an ancient man who has come to life in this scene from "The Neanderthal Man." This thriller is scheduled for a midnight show at the Ritz Friday the 13th.

CINEMA COMMENT

By GLENN COOTES

A major change in policy has been effected at the Terrace and Jet Drive-in theatres. The two outdoor movies will be playing double features from now on.

A look at the playbill will show the fare to be offered this week. Most of the titles should be familiar to you as they recently were shown at the other theatres. However, I would like to point out a few you may have missed.

"The Beachcomber" at the Terrace is a very good picture. It is adapted from a story of Somerset Maugham. The rehabilitation of an alcoholic is made to appear very amusing especially with the superb acting ability of Glynis Johns and Robert Newton.

"Knock On Wood" with Danny Kaye and "Living It Up" with Martin and Lewis are good comedy presentations. Both will be at the Terrace during the week.

"To Hell And Back" is the offering at the Jet tonight. This biographical story of Audie Murphy had the largest boxoffice take of any picture in Big Spring in 1955. It would certainly win the "Big Spring Academy Award," if there were such a thing.

If you haven't looked at your calendar recently, Friday is also Jan. 13th. And Friday the 13th means a midnight show at the Jet. Hollywood's latest horror release, "The Neanderthal Man" will be the feature.

As you perhaps know, the Neanderthal Man is sometimes called the "missing link." He was supposed to have been half man and half ape. With a little imagination, you can picture what Hollywood has come up with in the way of a monster.

Changes Name To Glamour Girl

LONDON (AP)—Glamour Girl revealed today that her name really is Glamour Girl now.

The girl said that she was Dorothy Hartland before she changed her name through the courts. "It cost me 5 pounds (\$14) in solicitor's fee and 10 shillings (\$1.40) in stamp fees," explained the 25-year-old blonde.

She made the change, she said, "because people always called me Glamour Girl." And has it caused any difficulties? "Only when I bought a dog license for my Alsatian named Beauty. The post office thought I was pulling their leg."

'The Rains Of Ranchipur'

Richard Burton and Lana Turner engage in an illicit love affair in the current offering at the Ritz. This picture is filmed in color and CinemaScope. It is taken from the best selling novel, "The Rains Came," by Louis Bromfield.

Lana Turner Is Starred At Ritz

Louis Bromfield's famous best-selling novel, "The Rains Came," comes to the screen again at the Ritz starting today. The new screen adaptation is called "The Rains Of Ranchipur" and stars Lana Turner, Richard Burton, Joan Caulfield, Fred MacMurray, and Michael Rennie.

This book was screened once before in 1939. The film kept the original title. This time, however, the picture has been modernized and includes the advantages of CinemaScope and color.

The story remains the same. Lana Turner plays Edwina, a rich American heiress, who is married to an Englishman, Michael Rennie, in order to get his title. Rennie, (Alan Esketh), married her for her money. The two arrive in Ranchipur to purchase an Arabian horse.

There they meet Tom Ransome, (Fred MacMurray), who is a disillusioned engineer turned to alcoholism. Fern Simon, (Joan Caulfield), is trying vainly to make Tom love her and give up drink. But most disconcerting, Edwina meets Dr. Sati, played by Richard Burton, who happens to be the court favorite.

Edwina sets her sights on him and begins to make advances. When Alan and Sati go out on a tiger hunt, Alan is injured. While he is laid up in bed, Edwina and Sati carry on an affair. The ruler of the country disapproves of the courtship.

She tells Edwina that she has raised Sati from a boy to be the leader of his people and that Edwina can only hurt him. Finally, the ruler plays her last card and orders Edwina out of the country. Then the monsoon breaks bringing earthquakes and flood waters to the country.

Edwina is forced to remain in the country as is Tom, who planned to leave to get away from Fern. Sati is very busy caring for the sick and homeless due to the inclement weather. He fails to come look after Edwina even when she catches the fever.

The floodwaters finally recede when Tom, with unaccustomed bravery, dynamites the dam letting the water move on. The love affairs are quickly wound up then, Edwina leaving the country with her husband, and Tom with Fern.

DO IT YOURSELF Modern Table Simple; You Can Build Several

By BILL BAKER

Construction details on my modern sectional table have been so greatly simplified that no special woodworking ability is required for you to build several for your home.

A complete material list and easy-to-follow directions are included in the sectional table pattern package that you'll use to build the unit. You'll also receive an exact-size duplication in heavy-weight paper of each section of the table, making it an easy task, trace and cut job in your home workshop.

Each step of the construction project is also carefully illustrated in the pattern package.

Your finished table will be 36 inches by 22 inches, and it will stand 16 inches high.

One sectional table on each side of your couch will make ideal end tables. Three or four, in any number of arrangements, will make a perfect coffee table.

You'll be on the way toward

Medics Urged To Ignore Quiz Sheet On Ike's Health

CHICAGO (AP)—The Journal of the American Medical Assn. today urged the nation's heart specialists to ignore a questionnaire asking their opinion on President Eisenhower's physical ability to serve a second term.

The Journal said the questionnaire was mailed by the American Research Foundation, Princeton, N.J., to all 400 heart specialists listed in the Directory of Medical Specialists.

The medical magazine said no hint was given as to how the information is to be used. It added:

"This type of questionnaire, whatever the source, is to be discouraged, and, to prevent the hysteria that such information could foment, the questionnaire should be tossed into the wastebasket."

In Princeton, Lawrence Benson, president of the American Research Foundation, said the survey was being conducted for a client whom he declined to name. He said he had not seen the editorial and did not wish to comment on it.

No More Branx Cheers For Medics

LONDON (AP)—Dr. Irvine Loudon told the medical profession today that doctors are wasting their time by asking patients to stick out their tongues.

Writing in the British Medical Journal, he said he had examined 700 patients with coated tongues and discovered:

Almost all heavy smokers have furred tongues.

Many nonsmokers with upset stomachs do not have coated tongues.

Some perfectly healthy people can have a furred tongue even if they do not smoke.
