A New Bird Comes Home

This is the Northrop T-38 Talon, first supersonic trainer adopted by the Air Force, and first operational craft of the type to be delivered to Webb Air Force Base, the first base in the Air Training Command to phase into its use. The Talon arrived Saturday morning, to be greeted by a crowd. It will be followed by others at the rate of about 12 a month, until Webb goes into full T-38 training

in March. The Talon will replace the T-33 in the Air Force training mission, and is designed to help ease the pilot transition into the Century series fighter-interceptors. It will fly at 1.2 times the speed of sound. (USAF Photo - A full page of pictures on the T-38 arrival ceremonies on Page 6-A).

Hundreds Welcome Arrival Of First T-38

U. S. Air Force aircraft No. TF 588 slipped out of the Saturday morning autumn haze, zipped over Webb Air Force Base at nearly the speed of sound.

Then a crowd of several hundred watched it climb breath-takingly from 3,500 to 25,000 feet in a few seconds, circle, drift onto the runway and taxi up to Base Operations.

Out of the cockpit climbed Major Ed Herschok and Capt. Bob Daley. They had just completed a routine hour's hop from Williams AFB, Ariz.

And they started a new chap-

Reviewing The Big Spring Week

With Joe Pickle

It takes a strong heart to sweat out these cliff-hangers that the Big Spring Steers deal out, but then it's a stout heart that has carried the team to seven victories including Friday evening's conquest of Midland. The football gods smiled at the right time, but then the audacity of the Steers may have tickled the gods. Anyhow, they won, and the Herald and the Quarterback Club are sponsoring a special train to Abilene to back the Steers all the way.

Before leaving this subject entirely, mention should be made of the extravaganza the bands staged at halftime. The Runnels and Goliad Junior High Bands put on pleasing performances, followed by the Senior High's usual sparkling maneuvers. The three then combined for a massive show and got a great hand from the fans for a bang up job.

One of the big items of news Saturday was the arrival of the first T-38 twin-engine jet trainer to be assigned to the Webb AFB flock. This sleek craft can do anything the fastest of the Century series can do, and starting in April of next year Webb-trained pilots can step without delay into the fastest jet that the Air Force has to offer.

Hearts of several hundred youngsters, as well as adults, were saddened by the unexpected death of Mr. Mac - Harold Macomber - who kept the "basket room" at the Y. He was a wonderfully warm-hearted man who made a unique contribution to the Y long after most men would have retired.

The Dora Roberts Foundation made another series of grants last week, the second of the year. Included in the \$89,000 distribution were the Lakeview branch Y with \$4,000 to put with \$15,000 previously given and enable a conversion project to be realized; \$5,000 to the crippled children's center for plant or equipment; \$50,000 to Scott & White Hospital in Temple, \$20,000 to St. Mark's Orphan's Home in Houston. Since establishment by the late Mrs. Dora Roberts in 1948, the foundation has distributed nearly \$1,000,000.

We had our share of weather

Liberal Demo Wins In Record Voter Turnout

SAN ANTONIO (AP)—State Sen. Henry B. Gonzalez, a liberal Democrat, won San Antonio's congressional seat as this city turned out a record special election vote Saturday.

Gonzalez, campaigning with the endorsement of President Kennedy and on-the-spot support of Vice President Johnson, pulled away from Republican John Goode Jr. with virtually all returns.

Complete returns from all 170 precincts gave Gonzalez 52,836 votes and Goode 42,486.

Goode conceded the race at 9:20 p.m., half an hour after veteran GOP state committeeman Joe Sheldon said Gonzalez had won.

Gonzalez must seek the Democratic nomination again in a primary next May and presumably will face Republican opposition in the general election in November of 1962.

Vice President Lyndon Johnson spent most of the last three days here campaigning for Gonzalez, who also was endorsed by President Kennedy last month by letter.

Former President Eisenhower also entered the campaign, coming here Monday to stump for Goode.

Dr. G. H. Allen, 78, a retired veterinarian; Norman Brock, 63, a rare books dealer, and Ernest Cude, 54, a printer, were the other candidates. All are Democrats.

Officials of both parties watched the outcome closely for indications of two things:

1. Whether Texas became a two-party state when Republican John Tower was elected to the Senate in May.

2. And whether the vote would give any indication how other congressional races might go next year.

Texas has 20 Democrats and 1 Republican in the House.

The one-county district has 140,000 potential voters among its 600,000 residents.

Mrs. Johnson also spoke in behalf of Gonzalez before the vice president flew in Thursday night for a round of public and television appearances.

The acting House majority leader, Rep. Carl Albert of Oklahoma, also spoke at a Gonzalez rally. President Kennedy and Gov. Price Daniel endorsed Gonzalez.

Eisenhower campaigned last Monday for Goode, who also was endorsed by Tower.

Cold Front Moves In, Gulf Storm Brews

By The Associated Press

A new cold front barreled into Northwest Texas Saturday while a tropical storm packing winds up to 55 miles per hour developed in the extreme southwest Gulf of Mexico.

The frost line pushed deep into Central Texas before dawn, ending the growth of much tender vegetation.

The Weather Bureau said the tropical storm, called Inga, was centered about 150 miles northeast of Vera Cruz, Mexico.

Indications were that Inga would move little during the night. The Weather Bureau said conditions "at present do not appear favorable for intensification."

Shipping interests in the southwest Gulf of Mexico were warned to remain alert.

In Southeast Texas fog banks persisted most of the day over Beaumont and Lufkin and a lot of the intervening Big Thicket. Skies along the coast were cloudy to partly cloudy and the cloud banks extended over much of East Texas and the Panhandle. Brownsville had rain during the day.

Otherwise Texas skies mostly were clear. Afternoon temperatures generally were in the 60s and 70s.

The mercury slid to 29 degrees Friday night at Dalhart, but generally temperatures were more moderate than the Weather Bureau had expected. Lows down to 30 were forecast for the upper Panhandle during the night. The cooler weather was due to slide over the Panhandle, South Plains, North Central and part of Southwest Texas Friday.

No rain fell at Weather Bureau reporting stations in the 24-hours ending at 6 p.m. Saturday.

The high temperature was 78 and the low was a freezing 29 at Dalhart. The low maximum was 63 at Wichita Falls.

United Fund Is Almost Home

The United Fund campaign was just a skip and a jump away from its \$105,000 goal Saturday morning. Leaders were optimistic that the drive would reach the goal when outstanding cards are turned in the first part of the week.

Angy Glenn, office manager, said another \$2,762.18 was turned in late Friday and early Saturday morning.

At the latest count, the campaign could add up \$99,408.45 in cash and pledges.

Glenn said there are still some cards out that are sure to come in this week and he said volunteers are pushing to clean up the drive at the earliest possible moment.

This latest report was a bright ray of hope to 12 welfare agencies who share in the annual gift effort of the city and county.

These include the Air Force Aid Society, Red Cross, Salvation Army, Howard County Rehabilitation Center, Summer Recreation Center, Texas United Fund, YMCA, Westside Recreation Center, Boy Scouts, Girl Scouts, and Milk and Ice Fund.

Meanwhile, persons who were missed in the regular solicitation were encouraged to drop their gifts off at United Fund Headquarters, on the ground floor of the Petroleum Building.

HERE'S SOMETHING FOR FOOTBALL FANS Special Train To Abilene

Here's something special for a bunch of specially enthused football fans. It's a special football train to Abilene Friday.

The Herald, joined by the Big Spring Quarterback Club, is sponsoring the train, the first in many years to operate from here. Texas & Pacific Railway officials are already sending equipment here to handle the crowd.

Fare for the special train will be \$3.75 per person, tax included. Tickets will go on sale Monday at the Herald, the Chamber of Commerce, Senior High School, and the school business office, where game tickets also will be available (season ticket holders on Monday and others Tuesday to Friday noon).

The Big Spring Band Boosters will set up shop on the train to offer sandwiches and cold drinks en route, thus solving the meal problem. Quarterback Club members, said Jimmy Felts, a co-captain, will serve as sponsors on the train. Local school officials and the city police are cooperating.

Minimum for the train is 300 passengers, but Felts and other backers are confident the number will substantially ex-

ceed that because of the fun and excitement of a football special train.

Abilene school authorities are supporting the venture in a neighborly way. They have pledged a fleet of school buses, sufficient to handle up to 600 people, to meet the train and ferry passengers to and from the football stadium.

The schedule calls for departure from Big Spring at 4:45 p.m. Friday and arrival in Abilene between 6:45 p.m. and 7 p.m. Passengers will be taken immediately to the stadium, arriving there around 7:30 p.m., half an hour before kick-off of the Big Spring Steer-Abilene Eagle game. Buses will be conveniently parked so that fans can reload right after the game to return to the depot for departure about 10:45 p.m. Arrival home will be two hours later—without any worries about traffic.

Score and scores of high school students, as well as adult and other out-of-school fans have indicated that they want to join in this gala event. Hence, it may be a good idea to obtain your fare as soon as possible because after mid-week the amount of train equipment available will have to be settled definitely.

Grassroots Acid Test Due Tuesday In N. J. Election

By D. HAROLD OLIVER
WASHINGTON (AP)—A significant and perhaps close race for governor in New Jersey, where a "battle of the presidents" sparked an otherwise dull campaign, holds the spotlight in Tuesday's state and city elections in a handful of states.

Before the voters decide this big one in the Garden State, Texas voters Saturday chose a liberal Democrat as a new Congress member in a special election also deemed close. The decision in the San Antonio district, Democratic since 1932, had been considered an indication whether the upturn in Republican conservative strength in Texas is continuing or whether a liberal Democrat can throw a block in its path.

The Texas contest was between Henry B. Gonzalez, 45, Democratic state senator with a liberal record, and John E. Goode, 38, Republican lawyer, a conservative. It was for the seat vacated by Democratic Rep. Paul Kilday who resigned to become a federal judge.

Former President Dwight D. Eisenhower went to San Antonio last Monday to campaign for Goode. Eisenhower injected national issues by hitting at what he called "big government" and "spendthrift programs" while condemning one-party rule in the South.

President Kennedy wrote Gonzalez, an avowed integrationist who endorses the Kennedy New Frontier, wishing him well. Republicans had a good chance, political experts had agreed, if the vote were big—say over 90,000. Early returns indicated a record turnout at the polls.

Kennedy and Eisenhower tested their influence in the New Jersey governor's race by personal visits into the state to speak, respectively, for Democrat Richard J. Hughes, 52, former state judge, and Republican James P. Mitchell, 61, who was secretary of labor under Eisenhower.

Eisenhower said a victory for

pendent. The split in Democratic ranks was brought out in the open again Wednesday when the Democratic state chairman Michael H. Prendergast, endorsed Gerosa. Outgoing Tammany leader Carmine De Sapio also said he would not vote for Wagner.

If any indicators for 1962 and 1964 turn up in Tuesday's elections they most likely will be seen in New Jersey, a swing state in the last 10 years. The voting there and elsewhere will be the first simultaneous test of sentiment in more than one state since the 1960 general elections.

Four vacancies have been filled in the House and one in the Senate since Kennedy's election, with one party overturn resulting. That was in the special Senate race in Texas last May won by Republican John Tower.

Only one other state is electing a governor Tuesday. Virginia is choosing between Democrat Albert S. Harrison, 53, former attorney general, backed by the Democratic organization led by Sen. Harry F. Byrd, and Republican H. Clyde Pearson, 36-year-old Roanoke attorney. Political observers say Harrison will win by at least a 3-2 margin.

Other elections Tuesday involve a statewide judgeship race in

Pennsylvania in which the Democratic entrant is a woman; a Michigan first district congressional race where the Democratic contender is heavily favored to win; state legislators in New Jersey, Virginia and Kentucky, and contests for mayor in scores of cities, including Buffalo, Cleveland, Pittsburgh, Detroit, Louisville and Houston.

Poppy Sales Over \$600 Saturday

Red flowers blossomed out in the city Saturday as salespeople literally blanketed the city in the annual Poppy Day sale.

A slight increase was reported in proceeds from the sale, according to Mrs. Roscoe Cone, chairman of the American Legion Auxiliary committee, which sponsors the annual effort.

The total was \$602.43.

The auxiliary was assisted by the Eleventh Grade Hi-Y, Tenth Grade economics class, and some ninth grade students from Runnels Junior High School.

The salesmen set up shop in the downtown area, the shopping centers, and in five grocery stores. Mrs. Cone expressed thanks to all of the stores cooperating with her committee and pointed out the successful campaign would not have been possible without their help.

The poppies have a double purpose, she reminded. Veterans in VA Hospitals make them and receive an income for their efforts. The remaining proceeds help in the Auxiliary's welfare budget which is used at the Big Spring VA Hospital.

Congo Admits Forces Beaten

LEOPOLDVILLE, the Congo (AP)—The Congo's central government conceded Saturday its invading forces had been beaten in northern Katanga and were in full retreat after suffering heavy losses near the frontier.

Airman Killed

SAN ANGELO (AP)—Airman David Livingston of nearby Goodfellow Air Force Base died Friday night in a one-car crash two miles south of San Angelo. Three airmen suffered minor hurts.

Bombs Exploded In Ghana Capital

ACCRA, Ghana (AP)—Bombs exploded in this capital Saturday in an apparent demonstration against the strong man rule of President Kwame Nkrumah. The government blamed terrorists and implicated the opposition United party.

'Voice' Will Tell Russian People Of Nuclear Tests

WASHINGTON (AP)—The Voice of America will tell the Russian people Sunday that "the testing of nuclear weapons by your government has been taking place under conditions which have exposed you—and all who will come after you—to grave danger."

"Have you been told?" the VOA will ask insistently and repeatedly as it bombards the Soviet Union for eight hours with the story of Russian nuclear testing and pollution of the atmosphere.

The Russian people, for the most part, are still in the dark about the more than 30 nuclear explosions their government has carried out since resuming nuclear testing Sept. 1. Moscow radio has reported underground explosions by the United States, but has kept silent on the Russian tests.

In an all-out effort to tell the ordinary Russian what his own government won't tell him, the VOA will mass 52 transmitters—all its effective facilities, nearly 80 different frequencies and speak in eight languages—Russian, English, Ukrainian, Georgian, Armenian, Lithuanian, Estonian, and Latvian.

"Have you been told what fall-

Adenauer Post Virtually Assured

BONN, Germany (AP)—The re-election of Chancellor Konrad Adenauer, 55, was virtually assured Saturday and he announced plans to visit Washington as soon as he forms a new government.

The iron-willed chancellor's election to a fourth term became all but certain when his Christian Democrats in Parliament voted to accept a compromise agreement with Erich Mende's Free Democrats to form a coalition government. The smaller party, like its senior partner, is conservative.

Bouncing Yo-Yo May Be Revived

By SAM BLACKBURN
Remember the Yo-Yo? How once upon a time it was positively dangerous to walk up and down the streets because everyone—but everyone—was armed with Yo-Yos and so engrossed in making the gadgets spin up and down their strings that pedestrian collisions were commonplace? Are those days to come again? Word has it that the Yo-Yo fad, now perhaps four decades old, is being revived. There is a possibility that before very long every kid (and a lot of adults) that you see on the streets will be solemnly bouncing one of these fantastic toys up and down.

AMPLE SUPPLY
And if the fad does move to the Southwest (it hasn't hit here yet) its followers will find ample supplies of tops on hand. And the Yo-Yo they will buy in their favorite toy store will be the one and only genuine article—a Duncan Yo-Yo.

Way back in the late '20s, Donald F. Duncan Sr., a Chicagoan, began manufacturing these toys. He tried to patent the Yo-Yo and was refused the patent rights. Records showed that as far back as Egyptian times, kids played with toys very much like today's model of the Yo-Yo. And in Merrie Old England, in the early nineteenth century, British lads were Yo-Yo-ing all over Piccadilly.

Duncan did obtain a registered trademark, however, and now, nearly 40 years later, the Yo-Yo is still the product of the Duncan company, and two of the founder's sons are still operating the company. The factory has been moved from Chicago, and all of the genuine Yo-Yos which now grace toy counters from coast to coast are produced in Laek, Wis.

Although the Yo-Yo may appear at first thought to be almost out of the toy picture, the company expects to sell around 25 million

of them this year. And even in the dullest year in the history of the toy, the sales were around 5,000,000.

PRICES
Yo-Yos are priced from 29 cents to \$1 and you can buy one of any quality you may want at local toy counters. Bulk of the stocks on hand is in the 29- and 49-cent group, however.

Duncan no longer makes diamond studded Yo-Yos as he once did. And you can't buy the kind which had a battery and an electric light for playing at night. The company has also discontinued the suede covered models which had been designed for formal dinner parties and debuts.

But if you really want to go in style, the better stores stock a solid walnut model with sterling silver initials.

Local stores say that Yo-Yo sales are fairly steady the year around but are more in evidence in the spring.

"Yo-Yos have taken their place as standard toys along with jacks and marbles," said Orman Gregory, manager of the Wacker Store.

"Kids buy them the year around and we always keep some on hand."

H. Bauer, manager of Woolworth's, demonstrated that he had once been adept with the standard Yo-Yo, as he discussed the popularity of the toy.

"Sure," he said, "we keep a stock of Yo-Yos on hand the year around. It's one of the toys where there's no way of telling just when a kid will want one. Further, it's the type of toy that once the child has tired of it, his mother usually throws it in the ascan. As a result, when her youngster wants another, he gets a new one."

Meantime, word comes down that the Yo-Yo cycle is on the upswing. The Duncan brothers are getting rigged to meet it. And they are helping things along, too—they have six Filipino Yo-Yo ex-

perts now touring the country. These demonstrators stop in towns and whet the interest of youngsters by their uncanny skill. Complicated tricks they do include the Butterfly, Double Reverse, Three Leaf Clover, Buzz Saw and "Rocking the Baby."

There is also a national contest under way to determine the champion Yo-Yoer. The winner gets a trip to Disneyland. As one writer observed, the Disneyland prize is posted "because Yo-Yo experts are usually young, like chess masters and nuclear physicists."

NOT BY WORKS

By T. H. Verbeke, preacher, Church of Christ, 1200 West Highway 80, P. O. Box 1283.

"Not by works of righteousness which we have done, but according to His mercy He saved us..." (Paul in Titus 3:5; also Eph. 2:8, 9; Rom. 3:27, 28; and 4:1-8). This we must accept. We must also accept James when he says, "Ye see then how that by works a man is justified, and not by faith only" (Jas. 2:24).

Harmony between these writers exists; and we must find it. It is not hard to find when we consider all that is said in connection with these statements. A word has more than one meaning. What is meant by the word always depends on how it is used.

It will be seen that Paul used the word "works" in the sense of "works of merit" (that which gives one the right to boast) and in some places, "the works of the law." These do not save.

It will also be seen that James speaks of the works of obedience; that which is the expression of one's faith. These save.

Welcome to our services today. Sermons: "The New Testament Church vs. A Denomination" (10:30 a.m.); "It Takes No Less Than 25 Things To Save Us" (7 p.m.)

Canine Wins Over Apartment

MIAMI, Fla. (AP)—A wealthy widow thinks more of her Chihuahua than her plush oceanfront apartment.

"I'm just going to put the place up for sale and move out," Josephine Bennett said after the management filed suit last week claiming the little brown dog is a nuisance and violates a no-pet clause in the purchase contract.

"Ch-Chi isn't either a nuisance," said Mrs. Bennett, who paid \$37,500 cash for her cooperative apartment in 1954.

"Goodness gracious. Why, Ch-Chi never even barks unless someone comes right to the door. She only goes out on a leash and we never even let her walk on the grass."

Crane Hunting Season Open

Season opened Saturday on sandhill cranes in this area and there were numerous eager nimrods who were ready to test their skill against the long-legged visitors from the Arctic Circle.

There have been representatives of the state wildlife agency in the county this past week looking over the sandhill crane population.

Experts estimate there are from 35,000 to 45,000 of the big birds in the area.

The representatives spent considerable time on the Wilkinson Ranch west of town where there is a big shallow lake. Around this lake, observers noted, most of the cranes in this county spend their nights. The daylight hours they devote to grain fields in the southwest quarter of the county.

Local observers, pointing out that the hunters will be restricted to the use of shotguns, do not look for any serious decrease of the crane population during the one month that hunting is allowed.

These observers, familiar with the habits of the birds, point out that it is a difficult thing to get close enough to a flock to even score a hit with a rifle. They do not believe there will be many cranes killed with shotguns.

Ranchers where the cranes are found were busy Friday posting no hunting notices on the fences and gates. Farmers will probably look with questioning eye on the hunters, too, and it was emphasized that the permission of the landowner should be obtained before any hunting is done.

This will be the first season in half a century that shooting cranes has been permitted.

Phones Aren't Radioactive

PALESTINE, Tex. (AP)—"Our telephones are as safe as they ever were," the manager of the Palestine Telephone Co. assures customers.

Manager Albert Rucker said pranksters started a rumor that magnets in the telephone receivers had attracted radioactivity from recent fallout and were dangerous.

Rucker said one telephone was taken from a home and buried three feet deep in a yard and several persons returned their telephones to the company.

"There is nothing to the radioactivity report," Rucker said.

K Runs Into Trouble Abroad But Home Grip Is Stronger

Editor's Note — Preston Grover, chief of The Associated Press Bureau in Moscow, announces results of the 22nd Soviet Communist party congress that ended in the Russian capital last week.

By PRESTON GROVER
MOSCOW (AP) — Premier Khrushchev has run into fresh troubles abroad but has strengthened his grip on the Communist party and is comfortably in the saddle at home.

This is the widely held view of Moscow's diplomatic colony, assessing events connected with the 22nd Soviet party congress that closed last week.

The angry wave of world indignation at Russia's superbomb tests has rolled up to the shores of the Soviet Union and put it on the defensive. Strict censorship and heavy jamming of foreign radio broadcasts has prevented this criticism from getting behind the Iron Curtain.

MILDER TONE
Khrushchev also appears to have been placed somewhat on the defensive by the Communist wall in Berlin. On the opening day of the party congress, Khrushchev withdrew his Dec. 31 deadline for a German-Berlin settlement. He also took a milder tone in talking of negotiations.

But he kept up pressure on the West, calling on Finland for consultations about mutual defense against West Germany. The move is designed to put heat on neutral Sweden and two northern North Atlantic Treaty Organization members, Norway and Denmark. All were accused of helping West German militarists prepare for war.

Khrushchev also aggravated the split with Red China by his attack on the Communists of Albania. Red China has taken Albania under its wing, and Premier Chou En-lai scolded Khrushchev for bringing the quarrel into the open.

BASIC CONFLICTS
Khrushchev's criticism of Albania was simply a reflection of basic conflicts with Peiping over ideology. The Chinese fundamentally are Stalinist in ideology — which means adherence to his tendency to isolation, restrictions on relations with non-Communist states, and constant preparation for the military showdown with capitalism that old Stalinists believed inevitable.

The Khrushchev policy — now the official policy of most Communist parties — is for broader contacts with other nations, particularly states emerging into independence. His idea is that a snowballing economic and industrial growth eventually will overwhelm the capitalist world without war.

On the home front, Khrushchev has had to deal with a residue of Stalinist influence remaining in the Soviet party ever since 1957 when he shoved ex-Foreign Minister V. M. Molotov and his group into obscurity.

NO ANSWER
There is no agreed answer whether Khrushchev only now felt strong enough to break with Stalin, completely, or renewed his attack just to see how far he could go.

At any rate, it seems the attack has led easily to removal of the chief Stalinists from the party and to the ostracism of Stalin's body from its honored tomb beside Lenin.

The general belief is that Khrushchev has won additional strong support from old timers who remember the terrors under Stalin. Youngsters know about it too.

As an example, an animated dispute on the subject between two girls in a shop ended with one girl saying:

"Ten years ago if I talked to you like this I would disappear."

CARD OF THANKS

With grateful hearts we give thanks for the many dear friends who have extended their sympathy and assistance in so many ways during our recent bereavement. God bless and keep you all.
Mr. and Mrs. Bill Lansing

Rayburn's Home Town Folks Suffer With Him

BONHAM (AP) — Bonham is Sam Rayburn's town.

Much has been said about how the people in this small North Texas farm community regard the House speaker.

Here you see women cry because Rayburn has cancer. Old men walk to Risser Hospital from their homes to find out how Rayburn is doing.

A Negro preacher drove from Sherman to Bonham one day. He knew they wouldn't let visitors see Rayburn but he wanted to leave his name so Rayburn would know he'd come to see him.

These are not people for whom Rayburn, 78, has done personal favors. They are not people who hold well-paying jobs that Rayburn got for them.

They are farmers, and Rayburn long ago was a farmer. They are men who hunt in the rolling fields surrounding this town, and Rayburn has hunted with some of them. They are people who love the giant elms and the black soil of the cotton fields as much as Rayburn does.

Rayburn, who spent 48 years in Washington, is close to the people in this town.

It was Rayburn's wish, his family said, that he end his days among "those friends and neighbors who for so long have given me a love and loyalty unsurpassed in any annals."

Instead of returning to his two-story home on the western outskirts of this city he was taken to an old, brown brick former residence that has been converted into a 15-bed hospital.

What do the people think of Rayburn?

"I can only say that I love him very dearly," says Mrs. Bernice Newman, a hostess at the Sam Rayburn Library. She has known him since 1912. "He is the greatest statesman in United States history."

"Now that Sam is sick not only Bonham but all of Fannin County is suffering with him," says Beth Wishard, a secretary.

Thad Finley, a school principal, said the first time he saw Rayburn "he was sitting on a bale of hay

at a county fair talking to some farmers."

Finley says Rayburn "already is a legend to children."
"I wouldn't want to see him now. I want to remember him as

Birth Control Clinic Opens In Test Of Law

NEW HAVEN, Conn. (AP)—City police are investigating the birth control clinic recently opened by the Connecticut Planned Parenthood League in defiance of state laws.

Julius Maretz, New Haven Circuit Court prosecutor, said Friday he had called for the investigation and that he would decide on a course of action once it had been completed.

Should local law enforcement officials decide to close down the clinic, their action would be welcomed by league officials, who want a conclusive court test of the state's 82-year-old anti-contraceptive law.

The U. S. Supreme Court said last June the statute was invalid because it was violated widely and no attempt has been made to enforce it.

For this reason the high court refused to rule on the law's constitutionality.

The state law bans the use of drugs or devices to prevent conception.

The clinic was formally opened here Thursday with considerable publicity. The first indication law enforcement officials were taking any action came when two detectives visited it Friday.

Estelle T. Griswold, executive director of the league in Connecticut, said she and her staff cooperated with the detectives, outlining for them the various services that are provided.

he used to be," says Mrs. Wilson Tarpley, a teacher.

D. B. Hardeman, a former state representative who is writing a biography of Rayburn, spends hours every day sitting with the sick speaker. He says Rayburn owns about 1,000 acres of land near Bonham which he bought dozens of years ago and owns some government bonds. But Hardeman says he has no stocks or bonds or interests in private industry, fearing that someone might attach to his public actions a desire for personal profit.

Rayburn forced a secretary to return a photograph of the Alamo—a photograph which Hardeman says anyone could get by writing a railroad—because he felt it might obligate him to the railroad.

Hardeman says there are people who don't like Rayburn, who hold a grudge against him.

"A man can't be in politics 48 years, without making enemies," he said.

Enemies of Rayburn are hard to find in this town.

Governor Urges Liberty Defense

VICKSBURG, Miss. (AP)—Gov. Price Daniel of Texas said Friday Americans must unite against enemies from abroad and those who seek to destroy constitutional government from within.

Daniel spoke at the laying of the cornerstone for a Texas monument at the Vicksburg National Military Park.

"In the peaceful arena of politics and government, we must prevail against the dangers of over-centralization of rights and responsibilities which were retained to the states and the people," Daniel said.

'Blue Law' Goes Into Effect Tuesday

By JERRY PILLARD
AUSTIN (AP)—A law goes into effect Tuesday which virtually ends Sunday shopping for 42 items.

It is the Saturday or Sunday closing law, commonly known as "blue law."

The law by Sen. Bill Moore of Bryan is aimed at discount stores, many owned by out of state interests. It says simply the 42 items cannot be offered for sale more than six days a week. A store operator may choose either Saturday or Sunday to withhold those items.

Although it is not aimed at drug stores and supermarkets, the list of prohibited goods presents a problem to such stores that open seven days a week.

For instance, stores can sell camera film on Sunday, but cannot sell cameras. They can sell lipstick and makeup, but not a mirror. A comic book can be sold, but not a toy. A person can sell his own car on Saturday or Sunday, but a used or new car dealer could not make the sale on both of those days.

Business sources say drug stores and grocery stores handling the prohibited merchandise probably will cover these wares on Sunday.

Some of Texas' blue laws trace back to 1883. The present penalty for a large state-owned plant in Zagreb, was arrested Thursday in a Munich hotel while on a business trip.

The Yugoslav consulate general announced that a sharp protest was lodged with the West German government through the Swedish Embassy in Bonn. A consulate spokesman said the arrest was based on a warrant issued by Nazi occupation authorities in Yugoslavia in 1941.

Dr. Heinrich Gulden, chief prosecutor, said that Vracaric and others are suspected of having "insidiously murdered" a group of German soldiers in an ambush in October 1941. He said the warrant was made out some time ago.

The Yugoslav spokesman said the consulate general's demand for Vracaric's release was declined by a Munich court because it felt not competent to issue a ruling.

Then, the Swedish Embassy — which represents Yugoslav interests in the Bonn capital — was asked to relay a protest in the "sharpest possible terms," the spokesman said.

West Germany severed diplomatic relations with Yugoslavia after President Tito's government recognized Communist East Germany three years ago. Consular relations were retained.

business done by such stores is debatable. Within a year, three large discount houses have opened in Austin and another will open within a week. Growth in other cities is similar.

The articles which must not be sold one day of the weekend are clothing, clothing accessories, wearing apparel, footwear, headwear, kitchen utensils, china, home appliances, stoves, refrigerators, air conditioners, electric fans, radios, television sets, washing machines, driers, jewelry, precious or semiprecious stones, silverware, watches, clocks, luggage, motor vehicles, musical instruments, toys (Excluding items customarily sold as novelties, cameras, hardware, tools (excluding non-power-driven hand tools), bed coverings, household linens, floor coverings, lamps, draperies, blinds, curtains, mirrors, lawn mowers, cloth piece goods, kitchenware and home, business, office or outdoor furniture.

Turnabout: Germans Hold Slav For 'War Crimes'

MUNICH, Germany (AP) — Police said today they are holding a Yugoslav official suspected of complicity in the slaying of several German soldiers by Yugoslav anti-Nazi partisans in World War II.

It is the first time in West Germany that an Allied World War II resistance fighter had been accused of war crimes against German soldiers.

Lazar Vracaric, 44, executive of a large state-owned plant in Zagreb, was arrested Thursday in a Munich hotel while on a business trip.

The Yugoslav consulate general announced that a sharp protest was lodged with the West German government through the Swedish Embassy in Bonn. A consulate spokesman said the arrest was based on a warrant issued by Nazi occupation authorities in Yugoslavia in 1941.

Dr. Heinrich Gulden, chief prosecutor, said that Vracaric and others are suspected of having "insidiously murdered" a group of German soldiers in an ambush in October 1941. He said the warrant was made out some time ago.

The Yugoslav spokesman said the consulate general's demand for Vracaric's release was declined by a Munich court because it felt not competent to issue a ruling.

Then, the Swedish Embassy — which represents Yugoslav interests in the Bonn capital — was asked to relay a protest in the "sharpest possible terms," the spokesman said.

West Germany severed diplomatic relations with Yugoslavia after President Tito's government recognized Communist East Germany three years ago. Consular relations were retained.

Speed Record Attempt Delayed

EDWARDS AIR FORCE BASE, Calif. (AP)—Mechanical difficulties have caused cancellation of a planned attempt to set a speed record—4,000-plus m.p.h.—in the X15 rocket plane.

The flight won't be attempted until at least Tuesday.

Water Meeting

MALLEN (AP)—The annual meeting of the Texas Water Conservation Association opens here Sunday with 150 farmers, ranchers, businessmen and others expected to attend.

Hearings Resume In Rail Dispute

SAN FRANCISCO (AP)—Hearings resume Monday in the battle between Southern Pacific and Santa Fe for control of Western Pacific.

John Slater, a New York consulting engineer testifying for Southern Pacific, said Friday a survey of 31 California, Nevada and Utah cities showed that 14 with only one railroad reported more growth during the past 10 years than 17 served by two or more lines.

Slater admitted under cross examination, however, that: "You could get almost anything out of these figures if you take them individually."

Richard Campbell, Nevada public service commission lawyer, was overruled three times as he tried to bar introduction of Slater's surveys.

Sworn In

ATHENS, Greece (AP)—Premier Constantine Caramanlis was sworn in today to head the Greek government for another four years.

A Cracker-Jack Job

This safe was taken into a rest room at the Reeder-Huff-Estes Agency offices at 506 E. 4th, the door-peeled, fire clay chipped out, and the lock mechanism pushed in, to open the door. Nearly \$600 in cash and checks were taken.

Professional-Type Burglary Leaves Office Safe Empty

A professional-type job was done on burglarizing the safe at the Reeder-Huff-Estes Agency office, 506 E. 4th, some time Thursday night or early Friday morning. Money totaling \$555.72 and a check for \$40 were taken from the safe, and its contents scattered over the floor.

The safe was moved from the office into a rest room and laid on its back, according to police reports. The burglars went to work on the door and peeled the

covering back from the upper left corner exposing and digging out the fire clay and the lock mechanism. The mechanism was then pushed in to release the tumblers in the door. After raising the door the burglars propped it up with a prop handle and rifled the contents.

Papers, letters, and books were scattered around the rest room floor.

Police, called to investigate, found the safe wiped clean of all fingerprints, and the cloth used for wiping on top of a tire in a small closet adjoining the rest room.

No leads had been found through Saturday on the burglary. This was the second safe-cracking job pulled in Big Spring within a week. The safe at Walker Bros. Implement Co. on the La-

mesa Highway was cracked and \$129.39 in cash and \$640 in checks taken last Friday night.

Entry was gained to the insurance firm building through the west side door. A piece of thin, spring-like material was apparently used, police said, to push back the bolt on the lock. A light pry mark was found on the door, but was not considered heavy enough to force open the door.

Whether the law will curtail

Greetings To The Talon

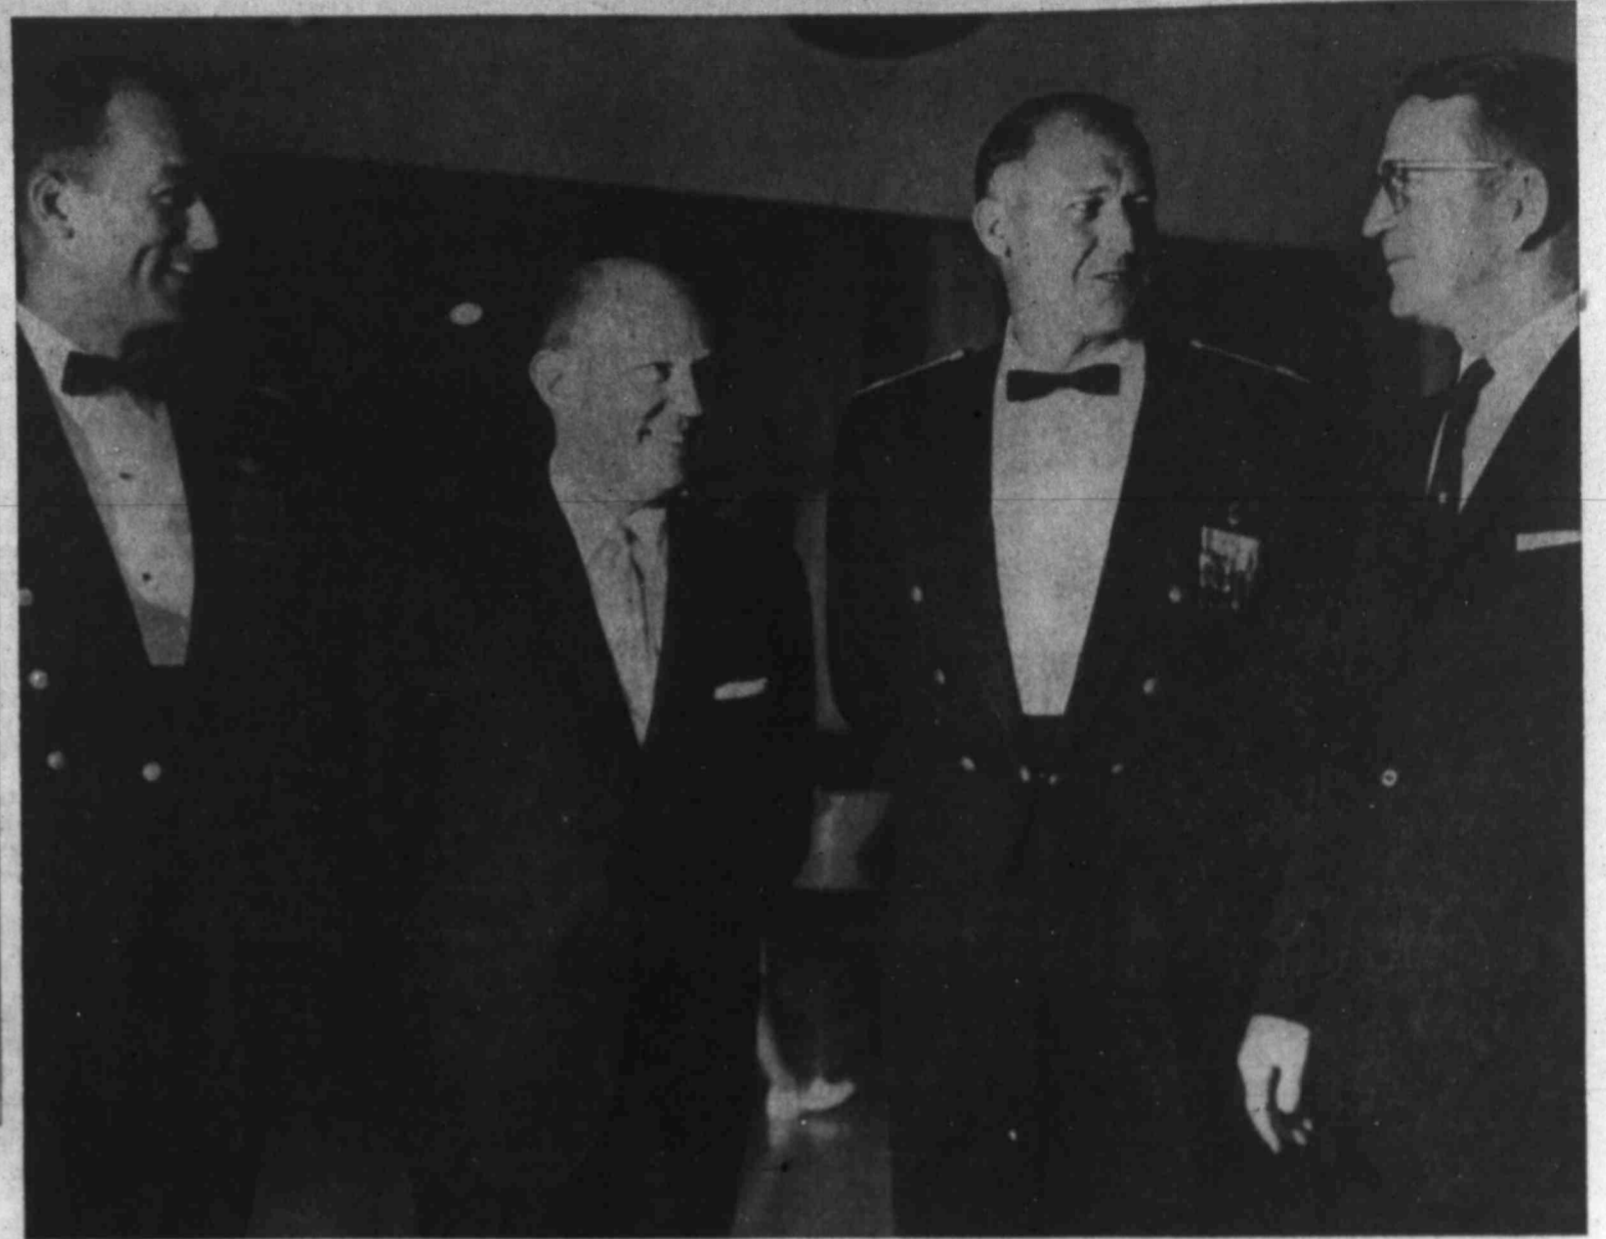

T-38 ON CLOUD NINE? — Focal point of decorations at the Big Spring Country Club Friday night was a replica of the T-38 Talon. Here it is depicted over a soaring white cloud, made up of huge chrysanthe-

mums. The young lady gazing at the scene is Judi Simpson, who, on behalf of Northrop, handed souvenir cigaret lighters to all guests.

Military and civilian people joined Friday night and Saturday in occasions to welcome to Webb Air Force Base the Training Command's new supersonic trainer, Northrop's T-38 Talon. Northrop officials were hosts at a reception at the Big Spring Country Club Friday night, and some of the

pictures on this page were made there. Then, a large crowd was on hand at the Base Saturday morning to see the first T-38 come in from Williams AFB, Ariz., and other pictures reflect that activity.

CIVILIAN, MILITARY — Training Command officers chat at the Big Spring Country Club with two Northrop officials. Left to right, Col. Stanton T. Smith, deputy chief of staff for flying training, with Air Training Command, San Antonio; John R. Allison, vice president of marketing for Norair, plane manufacturing division of Northrop; Col. Wilson H. Banks, commander of Webb Air Force Base, and Richard R. Nolan, vice president and general manager of Norair.

AT COUNTRY CLUB PARTY — The Country Club ballroom was filled with people in one of the most gala parties of the year as Northrop officials Friday night entertained

military and civilians in marking the arrival of the T-38 here. A Northrop official, John Allison (back to camera) chats with Champ Rainwater, and Carroll Davidson.

HOST AND GUESTS — In photo at left are (left to right) Alan C. Morgan, a vice president of marketing for Norair; Obie Bristow and Marvin Miller. Morgan was one of the hosts for the Friday party, Bristow and Miller among the hundreds of guests from Big Spring and neighboring cities.

A CONGRESSIONAL LOOK — Among the many area guests here Saturday to see the first T-38 arrive at Webb was Congressman J. T. Rutherford, Odessa, representative from the 16th District. In photo at right, the congressman (in hat) peers into the Talon's cockpit, and gets a few words of explanation from Northrop Vice President Nolan.

TAKE A GOOD LOOK — Young people and adults, all were curious to see the "inside" of the sleek new Talon, a training plane which will fly at 1.2 times the speed of sound. After the T-38 came in Saturday morning, steps were provided so that all interested persons could have a close inspection, as shown in photo below.

A WELCOME FOR PILOTS — Webb pilots who brought the first Talon into the Base Saturday morning — Major Ed Hershock and Capt. Bob Daley — are welcomed by Richard R. Nolan, of Northrop, and Webb Comman-

der Wilson H. Banks. Major Hershock is chief of maintenance at Webb, Captain Daley heads the pilot training standardization board. Left to right, Nolan, Colonel Banks, Major Hershock, Captain Daley.

Lloyd Curtis, A Long-Time Resident, Dies

LLOYD LON CURTIS

Lloyd Lon Curtis, 75, a resident of Big Spring and the Fairview Community for 40 years, died Friday night in a local hospital after a long illness.

He came to Big Spring from Fisher County in 1921 and farmed in the Fairview Community until he retired from farming. He also operated a produce business in Big Spring until 1950 when he retired. He was a member of the Methodist Church.

Funeral services are set for 3 p.m. today at the Nalley-Pickle Chapel. The Rev. Joe Leatherwood, assistant pastor of the First Methodist Church, will officiate. Burial will be in the City Cemetery with Nalley-Pickle Funeral Home in charge.

Survivors include the widow, 402 State, Big Spring; two daughters, Mrs. L. J. Davidson, Big Spring, and Mrs. O. C. Thrasher, Lacombe, La.; two step-sons, Claude J. Horn, Big Spring, and P. M. Horn,

Monahans; eight grandchildren and three great-grandchildren; six brothers, E. E. Curtis and J. B. Curtis, Seagraves, Clarence Curtis and J. W. Curtis, Wink, Byrum Curtis, Plains, and Garland Curtis, Dallas; several nieces and nephews.

Pallbearers will be John Davis, Harvey Wooten, Jarvis Carlile, R. Davidson, Alvin Walker, Carl Merrick, E. A. Nance Sr., and Jim Smith.

Three Cases Are Appealed

One hundred and six fines were assessed in corporation court this week and three were appealed.

Fines assessed for drunkenness were out in front with \$2. Speeding fines were assessed on eight, and seven paid off for having no drivers licenses. Total amount of fines assessed was \$1,902.

A breakdown of the offenses for which the judge levied fines were as follows: \$15, four disturbances \$40, \$2 for drunkenness \$1,304, seven with no driver's licenses \$120, improper right turn \$10, seven parking on wrong side of street \$14, parking in alley \$2, three for excessive noise \$20, two failure to yield right of way \$20 (one appealed for \$10), three running stop sign \$15, four parking in prohibited zone \$8, eight speeding \$118, four for vagrancy \$30, blocking crosswalk \$2, two parking on walkway \$4, two for violation of driver's license restrictions \$25 (one appealed for \$20), following too closely \$10 (appealed), exceeding safe and prudent speed \$25.

Harvest Was Delayed But Moisture Up

continued above that of last year.

Ranges and livestock conditions are generally good except in far West Texas and along the coast.

Up to half of the Panhandle grain sorghum has been harvested in some counties. Cattle and range conditions are good. Cotton picking is beginning.

Rain and fog moved into the South Plains Monday and stopped all harvesting. Cotton stripping was starting and reports indicate bumper yields of cotton and sorghums.

Wheat made good growth in most Rolling Plains (Vernon) counties and grazing of early planted fields was increasing. Machine harvesting of cotton increased.

In North Central Texas, the cotton harvest neared completion and stalk destruction and the planting of small grains continued. Some early grain was being grazed.

Livestock, pastures and ranges were in good condition.

Cotton, corn and sorghum harvests are about complete in North-Central Texas. Oats are coming up, some are still being planted, while some early fields are large enough to graze. Pastures are average.

The cotton and sorghum harvests are on in far West Texas with good yields. Grains are providing grazing and livestock conditions are good. Most lambs and calves have been marketed; some land is being plowed and the pecan harvest has started with yields spotted.

Moisture is adequate in all Central West Texas. Gins ran at capacity. Grains are making good growth. Some early fields being grazed. Pecan yields range from poor to good with prices considerably below last year. Lambing and calving has started. Livestock and pastures were in good to excellent condition.

Big Spring (Texas) Herald, Sunday, Nov. 5, 1961 7-A

Texas. The cotton harvest is about over and yields had been poor to good depending upon insect control and cultural methods. The peanut harvest is near the peak and yields have been good. Grains are furnishing some grazing; grasses are mature but winter weeds and cool season grasses have started growth.

East Texas pastures were average; livestock good and marketings normal. Footrot and screw-worm trouble was reported. The harvest of major crops is near completion.

Beans and carrots are being harvested and strawberries are doing fine in South Central Texas. Farmers are bedding land and applying fertilizer. Livestock generally are in good condition except in coastal and southern counties. Salt water - damaged pastures made no recovery on the upper

Gulf Coast. Other pastures had been overgrazed. The harvest was over.

Good rains improved pasture and grain prospects in Frio, Medina and Uvalde counties, Coastal and Valley counties in far South Texas also received rain. Oats are looking good where rain fell. Citrus, peas, beans and peppers are being harvested.

China's Ready

TAIPEI, Formosa (AP) — The independent English language China Post said today Communist China has assigned three field armies, totaling about 100,000 troops, to serve as vanguards for an invasion of South Viet Nam when an opportune time comes.

WINGS OVER BIG SPRING

Local Pilots To Attend C-City's Field Dedication

By M. A. WEBB

Several airplanes, pilots, and pilot prospects will fly from Big Spring to Colorado City Sunday for the dedication of that city's new airstrip northeast of town.

"We will take four airplanes," Ted McClung, Howard County Airport Manager, "and several others have indicated that they would fly over for the festivities. Those who have said they would attend are James W. McClendon, Cosen pilot; Dr. B. Broadrick, Bill Largent, Roy Merworth, and a Cosen light plane."

The neighbor to the east has built the new packed-caliche strip as a starter on an up-to-date airport. No buildings have been constructed as yet.

Beginning at 11:30 a.m., aircraft will begin flying in, depending on the weather. McClung said. At noon a barbecue will be served to those flying in to the strip. A few short speeches will be made, and then airplane rides will be available to those attending the dedication.

Wednesday night's stormy and rainy weather made several pilots ride out the storm at the Howard County airport. A lot of traffic was held up when pilots

going from here to there had to hunt available landing strips.

McClung said business had not been so rushing for several days because of inclement weather.

"We did sell a lot of gasoline and service following the Wednesday night rain though," he said. "Of course the business was appreciated but more than that we were thankful to have an airport to which pilots will come when they need to get down."

Midland Terminal is getting some improvements in lengthened and strengthened runways. Seems that they are anticipating future flights by jet commercial craft and are getting ready to handle it.

Transient craft coming in for the night or for service during the past week included: A DC-3, with a crew of three gassed up with over 600 gallons on their way from Bedford, Mass., to Tucson, Ariz.

Ohio Oil Co. D-18 on a business trip rode out the storm Wednesday night.

Others were Lubbock Machine and Supply, Capt. Ronnie R. Rish from Mt. Clemens, Mich.; A. E. Jordan, Phoenix, Ariz.; Kimbell Grocery Co., plane, Fort Worth; A. M. Guley, Fort Worth; Wil-

liam Bernie, Lamesa; B. J. Simpson, Rio Hondo; Jack W. Henderson with Thomson Partnership, Abilene.

Most of the distance trips last week out of the airport were made by Paul and Fred Kasch in their Comanche and Aztec, and by Cosen airplanes.

Attending the three day regional conference of Girl Scout adults in Dallas which ended Friday were Mrs. Ralph McLaughlin, Big Spring, Yucca District chairman; Mrs. D. M. Costlow, district advisor and Mrs. H. P. Morrison, neighborhood chairman of Stanton.

Area Women At 3-State Girl Scout Leaders Meet

Nearly a thousand adult Girl Scout leaders from Texas, Oklahoma and New Mexico attended the Girl Scout Region 9 Conference in Dallas which ended Friday. Dr. John Furbay, director of the Global Education Program of Trans-World Airlines, keynoted the three-day meeting by outlining four human dreams for which the systems of the Free and Communist worlds are competing. Thursday, the adults, conference participants, including nearly 100 selected Senior Girl Scouts, discussed the way scouting looks to them, and how it looks to others in the communities which they serve. The conference ended Friday on a note of major effort and major change: effort to extend Girl Scouting to larger numbers of girls in the three state region and plans for change in the Girl Scout program. Reporting to the nearly 1,000 adult leaders, Mrs. Clayton Malone, regional chairman, said that by October, 1963, Girl Scout councils in the region including Texas, Oklahoma, and New Mexico, have pledged a growth of 20,411 girls.

Girls who want to belong," she said. In order to reach this basic goal, local councils are being asked to increase the size of present Scout troops. Catherine Hammett, national staff member, outlined the major changes proposed in troop program. This new program had been developed and planned following a comprehensive survey of the interests and needs of adolescent girls, conducted by the University of Michigan for the Girl Scouts. Extensive revision of materials is in progress. Miss Hammett said, and new leaders notebooks, guides and handbooks will be available to coincide with local councils' preparation for the change. The closing session of the triennial conference included an address by Mrs. Herbert C. Schuck, member of the Girl Scout National Board of Directors, and the introduction of a new song "On My Honor," sung to the words of the Girl Scout Promise. The regional conference is held every three years and is devoted to program topics of immediate concern to adult Scout leadership. The next conference will be held at El Paso in 1964. Attending the conference from Big Spring were Mrs. Ralph McLaughlin, from Stanton were Mrs. D. M. Costlow and Mrs. H. P. Morrison.

Army Accepts Walker Resignation

WASHINGTON (AP) — The Army accepted Saturday the resignation of Maj. Gen. Edwin A. Walker, who has said he wants to carry on as a civilian his campaign against communism. Walker announced two days ago he was resigning the Army commission he has held for 30 years

because "my career has been destroyed in its usefulness to my country." Walker had been removed from command of the 24th Division in Germany and officially admonished after an investigation in which the Army found he had violated regulations. The Army said he had made "inflammatory and derogatory statements" about former President Harry S. Truman and other well-known persons and had attempted to influence the voting of his troops and their families in the 1960 congressional elections. The Army received Walker's formal resignation Friday after a routine check to make sure the general's record met all the requirements for resignation.

2 Men Killed In Plane Crash

REDFORD, Tex. (AP) — Two men who attended the dedication of a new road along the Rio Grande died Saturday when their small plane crashed into the river. They were Les B. Martin, superintendent of schools at Presidio, and M.O. Swafford, who owned motels at Fort Stockton and Ballinger. Martin was for many years football coach and principal of the high school at Marfa.

WEATHER

Table with weather forecasts for various regions including North Central Texas, Southwest Texas, and Southeast Texas, listing conditions like cloudy, sunny, and temperatures.

Advertisement for NALLEY PICKLE Funeral Home, located at 906 Gregg, Dial AM 4-6331.

THE WEEK

(Continued from Page One)

last week — first a tenacious southwest wind, then a blinding rain that dumped two or more inches in a crescent from Lomax through Big Spring and Forsan to Vincent, and an inch and a half elsewhere in the county. There was some damage (in grade) to cotton, but small grain and winter forage prospects will be enhanced. We also got our first frost, but not a real killing variety.

Walter Lowe Jr. of Garden City, active in Glasscock County 4-H work, was announced last week as one of two state winners in the range management contest. Walter has done an outstanding bit of work with his club and is equally active in other school and community affairs.

Louis Underwood and E. W. Murphy did a courageous thing when they went into a burning tenant house on the Delbert Stanley farm and rescued the one-year-old baby of Mr. and Mrs. Steve Gonzales. The house was lost, but they saved that counts.

Instead of leveling out as early as last year, school enrollment continues to climb up. There were 14 more listed, making 7,176 on the roll and pushing near the expected peak of 7,200.

Texaco No. 1 E. P. McDougal appeared to be a Pennsylvanian in southeast Dawson County last week. Howard County got a Fusselman wildcat location in the Bell Petroleum No. 1 Lowe-Read, 18 miles northeast of Big Spring, and Dawson County got a Devonian prospector 20 miles southwest of Lamesa as the Pan-American No. 1 Floyd McGee.

The heater-plaster machine engaged by the City of Big Spring has been gnawing away at some rougher paving in the downtown area. There are still plenty of bad places left to occupy it for awhile.

Building permits at the end of October amounted to \$4,464,000 (\$3,398,000 of it residential), or \$1,336,973 more than for all last year. A five million dollar year is not improbable. Postal receipts of \$32,812 in October were \$10,925 higher than a year ago; the year's total so far is \$308,428 as against the comparable \$299,731 last year.

Bids are being invited for the flight simulator building at Webb AFB (to accommodate parallel training for the T-38). Estimated price is \$136,000. Contracts aggregating \$55,000 were let for concrete aprons, air conditioning renovations, and re-roofing.

School trustees last week called off the consultant agreement with Floyd W. Parsons, former superintendent, when a legal opinion held that the work schedule would not qualify under the teacher retirement program.

When Webb AFB turned off water temporarily, the city was reminded of a pipeline loop contingency in the master plan. It had been overlooked in contracts but is being added, assuring Wright and Avion additions of better water service.

When Webb AFB turned off water temporarily, the city was reminded of a pipeline loop contingency in the master plan. It had been overlooked in contracts but is being added, assuring Wright and Avion additions of better water service.

City Water Pipe Getting Treatment

Some 3,000 feet of 12-inch cast iron pipe, owned by the city of Big Spring is getting a lining of concrete this week to prevent corrosion by minerals after being laid.

Inplace Linings, Inc., of Fort Worth, is doing the job. The pipe will be used in the extension of the 12-inch water line north, along the route of U. S. 87, to a point opposite the State Hospital gate. This pipe was acquired by the City of Big Spring several years ago at a lump price of less than half the cost of new pipe today. The lining will still make the pipe cost well under the present cost of the same quality pipe.

Bid Sale Planned Of AF Surplus

Over \$175,000 worth of aircraft maintenance equipment and parts are offered on a sealed bid sale by the Fort Worth Consolidated Surplus Sales Office. This sale, No. 62-29, will be publicly opened at 1 p.m., Nov. 20, 1961 at the sales office, 4900 Hemphill, Fort Worth.

The material is located at military installations located at Wichita Falls, Mineral Wells, Dallas, Amarillo, Fort Worth, Killeen, Big Spring, Sherman and Abilene. Inspection of the items may be made daily except Saturdays, Sundays and holidays until time for the sale. For more information contact Consolidated Surplus Sales Office, Fort Worth General Depot, P.O. Box 6882, Fort Worth 15, Texas.

Advertisement for MEN IN SERVICE, Army Pfc. Felix J. Riggs arrived on Okinawa in October and is now a member of the 503rd Infantry Combat Team.

Kennedy Ruling Expected On Action In Viet Nam

WASHINGTON (AP) — President Kennedy is expected to make basic decisions this week on expanding U. S. military assistance to South Viet Nam in an intensified effort to prevent Communist guerrilla forces from taking over the country. Gen. Maxwell D. Taylor, Kennedy's military adviser who is just back from a first-hand study of the Southeast Asian country, worked with State and Defense Department and White House officials Saturday to get a program of detailed recommendations on paper.

Guardsman Home On 3-Day Pass

Spec. 4 Frank R. Long, with the Big Spring National Guard Unit stationed at Camp Polk, La., was home Thursday morning. He became a new father Thursday afternoon. Lisa Anne, weight seven pounds, 13 ounces, was born to the Longs. "I got a three-day pass to come home," he said. "When our first daughter was born four years ago I was at Fort Chaffee, Ark., and couldn't get home. This time, all of us are happy." Long said conditions at Camp Polk are generally good. He said he had not much had been done more than getting the units set up and ready for training. "We have not done too much up to now," he said. "Classes were started last Monday, and we have been going through a stiff physical program and doing some marching. Things will pick up in a few days and we'll know we are being trained." Long said the weather had been cool and without much rain. He left Big Spring Saturday night to return to Camp Polk.

Federal Loans Baptist Issue

AUSTIN (AP) — Whether Baptist schools and hospitals may accept federal loans without violating the spirit of church-state separation may be the hottest issue before this week's annual Baptist General Convention of Texas. Convention officials said Saturday the controversy may come up Wednesday morning in the first report of the executive board or at succeeding sessions on the board's report Wednesday night and Thursday morning.

Last June the denomination's executive board approved a statement interpreting the Baptist stand on church-state separation. The board then told Baptist institutions to stop borrowing money from the government and called for federal loans to church-supported institutions a government subsidy.

The meeting of Baptists actually opens Monday with the Texas Baptist Woman's Missionary Union convention. An estimated 6,000 messengers to the annual Baptist General Convention will meet Tuesday evening through Thursday evening to decide issues facing the 1 1/2 million-member convention.

Royal Birth Is Celebrated

LONDON (AP) — Britain celebrated Saturday the birth of Princess Margaret's son with bonfires and champagne. Jubilation increased after word came from Clarence House, where the 6-pound, 4-ounce baby was born Friday, that all is well with mother and child.

"Both had a comfortable day and are doing very well," said an announcement Saturday night from the three-man medical team that attended the birth. The bonfires would have gleamed in any event from hill-tops and on the vacant lots of cities to commemorate the exploits of Guy Fawkes, one of the conspirators who tried to blow up the houses of Parliament with gunpowder in the year 1605.

But the fuel was piled higher as loyal citizens, particularly the youngsters, made the night an occasion for celebrating the birth of a boy who is fifth in the succession to the British throne.

Four Interested In Lt. Gov. Race

AUSTIN (AP) — Sen. Crawford Martin of Hillsboro became the fourth senator Saturday to voice campaign interest in the lieutenant governor's race. Sens. Preston Smith of Lubbock, Bob Baker of Houston and Jarred Secrest of Temple have already announced for the vacancy created when Lt. Gov. Ben Ramsey resigned to take an appointment to the Railroad Commission.

Mistrial Ends Bus Burning Case

ANNISTON, Ala. (AP) — The federal court trial of seven men charged in the burning of a Greyhound bus carrying "Freedom Riders" ended in a mistrial Friday.

fluenced by various factors arising from the whole color war: 1. Further signs of a possible Moscow switch in tactics to try to ease tensions might influence the President to approach new U. S. action in Southeast Asia more cautiously. 2. Views expressed by Indian Prime Minister Nehru could have some influence on Kennedy's thinking. Conversely, Kennedy has an opportunity in talks with Nehru next week to urge Nehru's understanding and support of U.S. policy in Southeast Asia.

Storm Death Toll 204 In B. Honduras

BELIZE, British Honduras (AP) — British soldiers patrolled this storm-struck city Saturday with orders to shoot to kill to prevent the looting of food. The death toll from Hurricane Hattie climbed to 204. Life remained paralyzed from the blow the hurricane dealt this British colony Tuesday. The post office opened on a partial basis, but all business places were out of operation. The waters that swamped this capital city under the force of Hattie's powerful winds still stood in many streets. Other streets were seas of mud. The looting that followed Hattie's devastation appeared under control. But Gov. Sir Colin Thornley announced that "anyone who attempts to take food illegally will be shot dead" by the British soldiers brought in from Jamaica to enforce martial law.

The death toll was boosted by the discovery of 36 bodies in the smashed British colonial administration building where residents had taken refuge. Lack of transportation slowed the evacuation of Belize's 15,000 homeless—nearly half the city's population—to the temporary tent city being erected at Pine Ridge, 16 miles inland. However, 4,000 persons from the Stann's Creek area, 50 miles south of the capital, were transported by boat to northern British Honduras.

Stann's Creek, a city of 7,000, and Belize were hardest hit by the hurricane. An airlift from the United States, Mexico, Guatemala, Honduras, Jamaica and other countries brought in huge supplies of food and water purification chemicals. But feeding centers and shelters in Belize still were overcrowded.

Tech Women's Dorm Planned

LUBBOCK (AP) — Construction of a \$2,764,546 dormitory to house and feed 776 women students at Texas Tech is expected to start soon. The school's board of regents Friday approved a contract for construction of the building. A low bid for general construction of \$1,800,000 was submitted by the H. A. Lott firm of Houston. The R. G. Farrell Co. of Odessa won a \$47,500 plumbing, heating and air conditioning contract.

A Lubbock firm, Charles Nelson Co., won the electrical contract of \$165,213, and a contract for \$83,996 for elevators was given Hunter Hayes Co. of Dallas.

Regents To Review Integration Stand

AUSTIN (AP) — University of Texas officials said Saturday the Board of Regents will review its stand on further integration of the 20,000-student institution at a Nov. 10 meeting. The move followed recent pro-integration demonstrations by some students, a general meeting of the faculty over segregation rules, and an announcement this week that two Negro students would make a court test of racial segregation in university dormitories.

Nehru Sees Outlines Of Peace

LONDON (AP) — Prime Minister Nehru of India discussed world affairs with Prime Minister Harold Macmillan Saturday after declaring the Berlin crisis seemed to be easing. Here for 24 hours before making an official visit to the United States, Nehru told newsmen he saw the outline of an East-West agreement already in being over Berlin.

Killed In Crash

SWEETWATER, Tex. (AP) — Johnnie Overstreet, 27, of Daingerfield, Tex., was killed Saturday when his oil field pipe truck, he was driving west off U.S. 80 and plunged into a dry creek bed 10 miles east of here.

Another Trip

WASHINGTON (AP) — Mrs. Jacqueline Kennedy, who already has visited five foreign countries in her 10 months as First Lady, has scheduled an unofficial and private visit to India and Pakistan, starting about Nov. 20.

Voted Out

ALICE, Tex. (AP) — Jim Wells County citizens voted 1,954 to 1,573 Saturday to abolish the office of county school superintendent.

Dies In Rig Fall

ODESSA (AP) — Gene Eades, 31, of Iran, was killed Friday when he fell 90 feet from an oil well rig about 90 miles southwest of here.

the President to approach new U. S. action in Southeast Asia more cautiously. 2. Views expressed by Indian Prime Minister Nehru could have some influence on Kennedy's thinking. Conversely, Kennedy has an opportunity in talks with Nehru next week to urge Nehru's understanding and support of U.S. policy in Southeast Asia.

Storm Death Toll 204 In B. Honduras

BELIZE, British Honduras (AP) — British soldiers patrolled this storm-struck city Saturday with orders to shoot to kill to prevent the looting of food. The death toll from Hurricane Hattie climbed to 204. Life remained paralyzed from the blow the hurricane dealt this British colony Tuesday. The post office opened on a partial basis, but all business places were out of operation. The waters that swamped this capital city under the force of Hattie's powerful winds still stood in many streets. Other streets were seas of mud. The looting that followed Hattie's devastation appeared under control. But Gov. Sir Colin Thornley announced that "anyone who attempts to take food illegally will be shot dead" by the British soldiers brought in from Jamaica to enforce martial law.

The death toll was boosted by the discovery of 36 bodies in the smashed British colonial administration building where residents had taken refuge. Lack of transportation slowed the evacuation of Belize's 15,000 homeless—nearly half the city's population—to the temporary tent city being erected at Pine Ridge, 16 miles inland. However, 4,000 persons from the Stann's Creek area, 50 miles south of the capital, were transported by boat to northern British Honduras.

Stann's Creek, a city of 7,000, and Belize were hardest hit by the hurricane. An airlift from the United States, Mexico, Guatemala, Honduras, Jamaica and other countries brought in huge supplies of food and water purification chemicals. But feeding centers and shelters in Belize still were overcrowded.

Sick Rayburn Manages A Laugh

BONHAM (AP) — House Speaker Sam Rayburn, wasted by incurable cancer, managed to laugh Saturday at a joke his nurse told him. "He seemed in real good spirits," she said. Rayburn, 79, ate toast, jelly and a poached egg with his breakfast milk. A late afternoon bulletin from Rayburn's doctor said: "The speaker has been less comfortable today. No great change in his condition."

A morning bulletin from Dr. Joe Risser, who is attending Rayburn at the 15-room hospital in his North Texas home town, said: "Although the speaker slept little last night, he is alert and seems stronger. Appetite is improving. Basic condition unchanged."

James Crow Electrocuted

STANTON — James Edwin Crow, 46, was electrocuted Friday at 12:20 p.m. while working on a Texas Electric Service Co. substation near Hamlin.

A resident of Midland, Crow was employed by the Royal Electric Co., Abilene. The firm was handling a contract job for TESCO. Witnesses said Crow's arm brushed a power line carrying 69,000 volts. He was killed instantly.

The remains were returned to Stanton late Friday. Services will be held today at 3 p.m. in the First Baptist Church at Stanton with the Rev. John Clark, pastor of the Belview Baptist Church in Midland, officiating, assisted by the Rev. J. L. Holman, pastor of the Stanton church.

AF Officers Visit Here For Welcoming Of Talon

A number of Air Force officers were in Big Spring Friday and Saturday to join in the welcoming of the first T-38 Talon delivery to Webb Air Force Base. They included Col. Stanton T. Smith, deputy chief of staff for flying training in the Air Training Command, who spoke at a Saturday luncheon at the Officers Club.

There were also several officers from the Middleton Aircraft Depot at Olmstead AFB, Penn., where the prime supply base for the T-38 will be located. These included Col. Cletus Wray, chief, aircraft division, directorate of materiel management; Col. Norman E. Rogers Jr., director, materiel management; Lt. Col. W. L. Byrom, and Capt. T. B. Smith.

Another visitor was Sq. Ldr. Don H. Solin of the Royal Australian Air Force. Northrop's Norair Division, producer of the Talon, had many high officials here, and these joined as hosts for a reception at the Big Spring Country Club Friday evening. Big Springers, Webb officers and their wives and many area visitors were guests.

Three vice presidents of the manufacturing company were here: Richard R. Nolan, vice president and general manager of Norair; Alan C. Morgan, vice president of marketing, and John

Bond Money Due Sooner Than Expected

Money for \$1,125,000 in general obligation and revenue bonds, sold by the City of Big Spring Oct. 24, is due to be in the city's hands by Nov. 13 or 14. A. K. Steinheimer was advised Friday.

Claud Boothman, attorney for Dumas, Huguenin & Boothman, who prepared the ordinances that issued the bonds, said that all preliminary work had been completed and that the bonds would be in the hands of the Texas Attorney General for approval by Nov. 7. Records of proceedings, and authorization for the use of facsimile signatures of Mayor Lee O. Rogers and City Secretary C. R. McClenny, will be completed by the time the attorney general approves the bonds. These signatures will be attached to 1,125 bonds.

"We will have the bond money about two weeks sooner than originally anticipated," Steinheimer said. "This means that we can be ready to start work on the 1961 program as soon as we can let contracts."

The first National Bank of Dallas purchased \$650,000 in general obligation bonds at a net interest rate of 3.675 per cent. Rauscher, Pierce & Co., and others, purchased the \$445,000 of water and sewer revenue bonds at 3.87038 per cent net interest rate. The two issues will pay interest from Nov. 1 through the 13th or 14th, Steinheimer said, since the city will not have the money in hand. This will amount to around \$170,000 which will be placed in the reserve fund.

Local Architects To Attend Confab

Three Big Springers are planning on participating in the convention of the Texas Society of Architects at Fort Worth on Nov. 8-10. The entire mezzanine of the Texas Hotel will be devoted to the convention, the west end being reserved for educational exhibits. Student design entries also will be on display.

Dr. John Ely Burchard, dean of the School of Humanities at Massachusetts Institute of Technology, will deliver the keynote address, "Education in the Free World." Seminars, committee meetings and business sessions will be mixed in with a round of entertainment for more than 200 architects and their guests.

Planning to attend from here are John Bill Gray, Daryle Hertz and Olen Puckett. The entire mezzanine of the Texas Hotel will be devoted to the convention, the west end being reserved for educational exhibits. Student design entries also will be on display.

U. S. Won't Be Bluffed, Says LBJ

LUBBOCK (AP) — This nation will not be bluffed, Vice President Lyndon Johnson told a homecoming dinner at Texas Tech here Friday night. Johnson said he could not tell what the future will bring, "but I do know: That firm unyielding pressure will continue to keep the Communists inside the barbed wire and brick walls with which they have surrounded the territory and the people they claim."

"That we will use our strength in the leadership of the Free World. We cannot defend our own freedom if we abandon others who are determined to be free. That our position of leadership does not bring popularity."

Graham Speaker At Mentor's Rites

LOUISVILLE, Ky. (AP) — "Young man, you are a sinner," With those words, Dr. Billy Graham said Friday, the Rev. Mordecai F. Ham led him to a "decision for Christ" 27 years ago. Graham spoke at funeral services for Ham, 84, the Baptist evangelist who died Wednesday.

Unemployment dipped 151,000 from September to 3,994,000, while employment rose by 786,000 to 67,824,000 a record for the month. The dent in unemployment announced Friday was expected. The job figures normally make a good showing in October.

Kasi Coleman Joins Cadettes At ACC

ABILENE (Spl.) — Kasi Coleman, Abilene Christian College senior from Big Spring, has accepted an invitation to join the Cadettes, women's social club at ACC.

Miss Coleman, the daughter of Mr. and Mrs. Carl Coleman of 2001 S. Monticello, was graduated from Big Spring High School in 1959. At ACC she is an elementary education major and is a member of the Student Education Association.

Magic Theme

Magic was the theme for the meeting of den 6, pack 138, at the home of Mrs. C. J. Chapman on Wednesday. Six members were served refreshments. The pack meeting will be held Monday evening.

Over 17 Local Baptists Expected At Convention

Big Spring Baptist Churches will send between 17 and 20 pastors and messengers to the Baptist General Convention of Texas when it meets in Austin Nov. 7-9. They will meet with the more than 5,000 Texas Baptists assembling to conduct the business of the 1 1/2 million-member General Convention.

Big Spring pastors and member-messengers who have indicated

that they will attend the convention include:

- East Fourth Baptist—Rev. Jack Strickland and Rev. Billy Judd;
- First Baptist—Rev. Robert P. Polk, Mr. and Mrs. Wayne Nance, Mrs. Della Agnell, J. W. Arnett, and G. G. Morehead;
- Baptist Temple—Rev. and Mrs. A. R. Posey, and Dr. and Mrs. H. M. Jarrait;
- Hillcrest Baptist—Rev. H. L. Bingham;
- West Side Baptist—Rev. and Mrs. Cecil C. Rhodes;
- Crestview Baptist—Mr. and Mrs. T. E. Cantrell.

Messengers from other churches may attend but some were not certain. Three have said they would send no messengers.

"Messengers from almost every Baptist church in the state are expected to raise \$28 million for nine Texas Baptist schools, discuss and adopt a comprehensive interpretation of the Baptist stand on church-state separation, and consider a record \$14 million world mission budget," Lloyd Wright, director of public relations said.

"They will have the final say on whether Baptist schools and hospitals should accept or reject government loans as a violation of the Baptist interpretation of church-state separation. A report

recommending that the institutions keep their hands out of the government will come before the convention from the denomination's 192-member executive board which approved the 10-page statement in June.

"In other action more than 250 trustees and directors will be elected to the boards of 25 Baptist institutions," Wright said.

"The main feature of the three-day convention," said Convention President James H. Landes of Wichita Falls, "will be inspirational preaching, rather than controversial business." He agreed, however, that when 5,000 independent Baptists get together to discuss things like separation of church and state, there is no telling what might happen.

Immediately preceding the General Convention more than 2,000 women will gather in Austin Monday and Tuesday for the 81st annual session of the Women's Missionary Union Convention.

Teachers Plan Program For Special Week

Teachers in the Big Spring schools are to be in charge of the program planned this week to celebrate National Education Week. The week opens today and ends Saturday.

A special feature will be broadcasting a series of specially taped programs over local radio stations.

The programs and those taking part in the discussion:

- "What We Believe," with Sebron Williams, Howard Bentley and Mrs. Thelma Kloven.
- "Parent Teacher Conferences" with Allene Hamilton and Mrs. Kloven.
- "Counseling" with Wayne Bonner, Mary Foreman and Mrs. Kloven.
- "Visual Aids," with George Dyer and Mrs. Kloven.
- "Vocational Program," with Mrs. Florence Lenox and Mrs. Kloven.
- "Science Program" with Robert Kelley and Mrs. Kloven.

A special feature of the week will be a talent show which is set for Thursday at 7:30 p.m. in the Big Spring High School auditorium.

The general public is invited and urged to hear the radio broadcasts and to attend the talent show.

C-City Opens Airstrip Today

COLORADO CITY (SC)—Colorado City will mark the opening of its first city-county owned airstrip Sunday afternoon at 1 p.m.

Ceremonies to mark the opening include talks by Cliff Green, Austin, executive director of the Texas Aeronautics Commission; Mayor Bob Robinson and County Judge Elmer Martin.

The new strip was built jointly by city and county road building machinery and is considered adequate for all air traffic expected in the near future. The strip is 500 feet wide and 4,000 feet long and the surface is hard packed earth.

It is located one mile north of IS 20 about a mile and a half east of Colorado City. A "fly-in" of plant owners from surrounding town is expected during the day.

Advisory Group Votes To Rebuild Plant On Site

LAMESA (SC) — Lamesa City Council's advisory committee voted 21-1 with one abstention Thursday to rebuild the sewage disposal plant at the present site.

The climactic vote came on a second secret ballot as the group sought closer harmony from an original vote of 16-7 in favor of retaining the location.

They voted unanimously, however, to utilize revenue bonds as the method of repaying financial obligations incurred by the project.

The committee recommendation will be formally presented to the council which is expected to call a bond election for \$281,266 to finance the new plant.

The issue on whether to build a new plant at the present location or to move it three to four miles out of the city has been controversial in the last two municipal elections.

Estimated cost of relocating the sewage plant is \$395,056.

Officers Elected

LAMESA (SC) — Purvis Vandiver, Lamesa, has been elected president of the Dawson County Farm Bureau, succeeding Bob Koger. The remaining slate of officers were re-elected to their posts and include Norris Barron, first vice president; Steve Dehann, second vice president; and Marshall Coborn, secretary-treasurer.

DEAR ABBY

Pot Calling The Kettle?

DEAR ABBY: I came home from a football game and put my binoculars on the table. Just for the fun of it I picked them up and started looking out the window at the apartment building across the way. Into focus came another man, looking directly at ME through a pair of binoculars! My heart almost stopped beating. Now I am wondering what kind of a nut lives so near to me. Should I call the police?

DEAR MORT: Why not give him the benefit of the doubt? He may be as normal as you. Strange how, when the speck is on one's own nose, it is a "beauty mark"—but on someone else's, it's a mole.

DEAR ABBY: My husband's firm promoted him, and moved us to another city 400 miles from our former home. We have one child, Karl, who is 14. Karl was very unhappy over the move because he had to leave all his friends.

We live in a beautiful home in a fine neighborhood where there are so many boys and girls Karl's age, but Karl shows no interest in making friends. He sits around the house and sulks, and looks downhearted and miserable. He used to be such a happy boy. Did we make a mistake to move? If Karl is going to be miserable it will not have been worth it. Any suggestions?

DEAR MORT: Pretend not to notice Karl's sulking, and he will stop trying to punish you (that's what he's doing, you know) for disrupting his social pattern. He will meet plenty of potential friends at school. If this is the biggest adjustment Karl will ever have to make in his lifetime, he'll be lucky.

DEAR ABBY: You hear so many older people say how terrible the teen-agers of today dress, make

up their faces and do their hair. My mother told me herself that twenty years ago she used to put RATS in her hair to make her pompadour stand up higher than anybody else's. Now, can you top that?

DEAR LINDA: The "rats" your mother used to puff up her pompadour were made of synthetic hair. They were not real rats. But the goldfish the college boys of that era used to swallow—just to be cute—were very real indeed. And alive!

CONFIDENTIAL TO "SO IN LOVE": The only married man worth waiting for is your own husband.

Everybody has a problem. What's yours? For a personal reply, write to Abby in care of The Big Spring Herald. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Butler Denies Signing Petition

AUSTIN (AP)—A member of the State Democratic Executive Committee said Friday he did not attend a conservative meeting here Wednesday or sign a petition asking Republican Jack Cox to run for governor.

Mike Butler's name appeared in a press release as a signer of a resolution coming out of a "conference of conservatives" which met at the request of former Gov. Coke Stevenson and Mrs. Dan Moody, the wife of another former governor.

Texas Rolls To 27-0 Win Over Mustangs

By HAROLD V. RATLIFF DALLAS (AP) — Skinny-legged Jim Saxton sped 79 yards for a touchdown to break Southern Methodist's stubborn resistance and Texas rolled to a 27-0 victory in seven straight games Saturday.

But as soon as Texas got the ball in the third period, it sent Saxton winging around right end with the touchdown that killed the SMU fight.

First Kills In Area

John Richard Coffee (left) and Roger Brown, both of whom practice law here, held two sandhill cranes they killed in the Lomax community Saturday morning. The two used shotguns to fell the big birds, which weighed nearly eight pounds each. The birds were on the wing. The cranes became legal game only recently.

Partnership Meet Scheduled Today

Linksters from all over the community are due to take part in the Partnership Handicap Golf tournament, which starts this morning at the Big Spring Country Club.

Tendons can choose their own starting times. They can choose their own partners, so long as they meet the eligibility rules. Those with handicaps of 11 or

Irons Should Recover Fast

Quite likely, fullback Jack Irons will be in good running form when the Big Spring Steers take the field against Abilene next Friday night.

Irons, a defensive standout and the leading ground gainer on the Big Spring team, was helped off the field in the Midland game last Friday night and sat out practically all of the second half.

His injury was described as a "rip pointer," a muscle crest on the ilium, a very painful hurt that bothers him most when he moves about.

Emmett McKenzie, the Steer coach, said that the soreness in such injuries usually persists for a couple of days.

Jerry Tucker, the Steer quarterback, limped to the sidelines several times Friday night, suffered what is believed to be a leg cramp, which added to his miseries.

Chances are good he'll play Friday night, unless he should be injured again in practice this week.

All other members of the team came through in fine shape and will be ready to go against Abilene.

W. L. Minter filled in for Irons on defense while Dickie Spier performed for Jack on offense against Midland. Rickey Wisener replaced Tucker. All three boys came in for high praise by McKenzie and other members of the Steer coaching staff.

Tide Turns Back State, 24 To 0

TUSCALOOSA Ala. (AP) — Alabama's defense, as alert and staunch as ever, provided the openings and the Crimson Tide whipped Mississippi State 24-0 in a rain-soaked football game Saturday.

The running of fullback Mike Fracchia and the running and passing of quarterback Pat Trammell provided the spark on offense for the season to seven.

The Alabama defense, rated among the best in the nation, grabbed a Mississippi State fumble on the opening kickoff. The Tide scored four plays later and never was in trouble the rest of the way.

America. It was one of the top individual performances in Southwest Conference history.

A 41-yard punt return by David Russell set up another second period touchdown as the little halfback scattered to the Southern Methodist 17. Jerry Cook ran around right end for four yards to get the second Texas touchdown.

Early in the fourth period Texas marched 58 yards for its third touchdown, with Saxton again figuring largely. His 12-yard run got the surge moving, and an 18-yard pass from Jack Collins to Saxton put the ball on the SMU 20. Saxton was hurt and had to leave the game here, but Collins, Tommy Ford and Cook took care of things. Cook got the touchdown—his second of the game—with a 7-yard run.

Texas reserves then took over and scored on a 73-yard drive in five plays, with a 61-yard pass from Duke Carlisle to Sandy Sands setting it up on the SMU 11. Ford made 8, John Allen Cook one and Ford crashed over for the touchdown. Eldon Moritz kicked the extra point.

Jerry Cook ran over the conversion after the third Texas touchdown.

A crowd of 41,000—SMU's largest of the season—saw the game played in crisp fall weather in the Cotton Bowl.

Texas ran its conference record to 4-0 and appeared ready to look toward the Cotton Bowl, where the conference champion meets a visiting team from over the nation.

Texas has Baylor, Texas Christian and Texas A&M left to play before it can post the conference's first undefeated, untied season in 22 years.

Texas, leading the nation's offense, rolled up 385 yards against SMU—below its national average of 438.7, but still quite an offense.

SMU 0-0 0 0 12-27; Texas 27-0 0 0 0 0-0; Text-Saxton 79 (kick failed); Text-Cook 4 run (run failed); Text-Cook 7 run (Cook run); Text-Ford 2 run (Moritz kick); Attendance—41,000.

Crimson Satan Notches Win

CAMDEN, N.J. (AP) — Crimson Satan, ridden by the veteran Willie Shoemaker, came with a rush around the far turn and into the stretch for a victory Saturday in the world's richest race — the \$301,365 Garden State Stakes at the 1 1/4 lengths at Garden State Park.

Backed to 6-5 favoritism by a crowd of 37,015, the chestnut 2-year-old son of Spy Song earned \$180,819 for owner Peter Salmeron Sr. of Detroit, who almost sold the horse for \$12,000 at a yearling sale just a year ago.

Although the horse did the running in this 1 1/4-mile run for 2-year-olds, Shoemaker gave the Salmen colt a magnificent ride, moving him in and out of others in the field of 11 like a halfback picking his hole and blockers.

Shoemaker thus became the first jockey ever to win in the same year the Gardenia, Garden State's rich run for 2-year-old fillies, and the Garden State. The "Silent Shoe" won the Gardenia here two weeks ago aboard Christopher T. Chenery's Cicada.

Local Swimmers Place In Meet

ABILENE — The Big Spring YMCA's swimming team competed in a six-team match here Saturday afternoon.

Representing Big Spring in the 100-yard free style for girls over 15 were Vera Hewitt and Linda Hillen. Miss Hillen placed third with a 2:03 time.

In the 50-yard free style for boys 10 and 11 years old were Bill Schwarzenbach, Clifton Cook, Mike Irons and Joey Baker.

Next Saturday this same group will journey to El Paso for a meet there.

DAN LEMON

Lemon Paces Flower Grove

FLOWER GROVE — Dan Lemon scored three touchdowns and passed for three more to lead the Flower Grove Dragons to a 66-26 District 3-B win over Mertzon Saturday night.

Lemon hit pay dirt on runs of 68, 37 and 29 yards, bringing his total points to 216 for the season. Dave Wilson scored three of Mertzon's touchdowns with B. Davis plunging over on a pair of extra-point conversions.

Both teams went into the game with unmarred records in district play. The win cinched a tie for the district crown for the Dragons, who meet Christoval next week.

Fierro Stars In 42-0 Win Over Cooper

ABILENE — Albert Fierro passed for five touchdowns and two extra points to lead Big Spring's Dogies to a 42-0 swamp over Abilene Cooper in a B team contest Saturday afternoon.

Fierro tossed a pair to Eddy Nelson, covering 25 and 46 yards; a 27-yarder to Tim Smith; 32 yards to Humberto Hernandez; and climaxed them with a 19-yard flip to DeeRoby Gartman. Fierro threw conversion passes to Hernandez and Nelson.

The only touchdown Fierro didn't get in on was in the second quarter when Thurman Randle blocked a Cooper punt and Jimmy Nipp fell on it in the end zone.

Rickey Peters swept right end for a two-point conversion after the Dogies' final score.

Every man on the squad got in the game, all 33 of them, and despite the use of reserves, Cooper never got across the 50-yard line.

Mike Houston, Robert Wilson, Randle and E. J. Self all recovered fumbles for the Dogies.

Defensive standouts for Big Spring numbered high. Among them were Nipp, Houston, Clinton Gambell, Gartman, Robert Goodlet and Self.

The Dogies now display a 7-1-0 win-tie-loss slate. Their next outing will be Saturday at Odessa Permian.

Score by quarters: Big Spring 6 12 16 8-42; Cooper 0 0 0 0-0.

Bisons Nudge Tigers, 7-6

BOULDER, Colo. (AP) — Colorado became a virtual sho-in for the Orange Bowl as a daring Missouri pass for a two-point conversion went awry and the Buffaloes won 7-6 Saturday.

Both the Big Eight teams went into the game unbeaten.

Colorado scored first. After Missouri tallied, halfback Mike Hunter, who threw the 10-yard touchdown pass, tried to toss for the vital two points but failed.

Colorado's triumph in clear, crisp weather led 43,300 fans and a western television audience sent the Buffaloes into undisputed first place and top consideration for the Orange Bowl in Miami.

Missouri made one last desperate try to triumph with a 44-yard field goal try by halfback Bill Tobin but it wobbled short and wide.

Halfback Leon Mavity's 25-yard punt returned to Missouri's 47 ignited the Colorado touchdown march with a minute left in the second period.

Halfback Teddy Woods scattered 12 yards and quarterback Gale Weidner hit end Jerry Hillen with a 14-yard pass to the Tigers' 21. After one incomplete pass, Weidner connected with halfback Bill Harris for the touchdown. Harris grabbed the ball on the 10 and scooted into the end zone.

In the fourth period Missouri took a punt on its 37 and marched 63 yards in 13 plays for the equalizing touchdown. Quarterback Ron Taylor pitched to Hunter, who rifled the ball to end, Don Wainwright on the goal line.

The Missourians tried the identical play for the other side of the line for two extra points but failed.

Buffaloes Upset

BOWLING GREEN, Ohio (AP) — Grinding ball-control football brought Bowling Green a 28-6 victory over West Texas State Saturday.

Owls Vanquish Raiders, 42-7

LUBBOCK, Tex. (AP) — The Rice Owls coupled bruising line play with the slashing runs of Butch Blume and Roland Jackson to outclass Texas Tech's Red Raiders 42-7 Saturday.

The Owls hailed the hopes of a Tech homecoming crowd of 34,000 by striking for touchdowns on their first two possessions. After that the outcome was never seriously in doubt.

Blume scored 30 points on four touchdowns and six conversions as Rice posted its 11th victory in 12 meetings with Tech. This moved him into second place in Southwest Conference scoring, behind James Saxton of Texas.

Jackson, a 207-pound senior fullback, gained 41 of the 55 yards the Owls needed in their first touchdown drive. Blume skirted right end for the final 11 yards and then converted from placement.

Five plays later, the 169-pound Blume scored again after quarterback Randall Kerbow had intercepted a Tech pass at the Raider 31. A pass from Kerbow to Blume scored the Owls to the Raider 7. Blume scooted around right end on a pitchout for the touchdown and again converted.

Kerbow engineered Rice 63 yards in 13 plays for its third touchdown late in the second

Porkers With A Lick Aggies Lick Aggies With A Late Surge

FAYETTEVILLE, Ark. (AP) — Arkansas struck for 90 yards in the last five minutes to defeat Texas A&M 15-8 Saturday and remain in the running for the Southwest Conference football title.

Apparently beaten in a homecoming game after the Aggies had seized on their first real scoring opportunity to go ahead 8-7 in the third period and with their attack bogged down by an alert A&M defense, the Porkers took the ball on downs at their 10 and scored in 12 plays.

The payoff was a 6-yard pass from quarterback George McKinney to end Jim John with 57 seconds left. But before John caught the pass in the end zone, halfback Lance Alworth and fullback Billy Joe Moody joined with McKinney

The 19-year-old Chicagoan, earning his first-striving job in a 12-10 triumph over Notre Dame last week, threw a 21-yard touchdown pass in the second quarter and scampered 17 yards for another score in the final period.

It was Northwestern's fourth win in six games and evened their conference record at 2-2. Indiana, which has been unable to whip a Big Ten opponent since 1959, suffered its fifth setback against a lone victory over Washington State.

Forster scored its TD in the fourth when Kenneth Soles went 11 yards around left end.

David Durham handed off to C. L. King, who went 41 yards for Sterling's first score in Round One. The play was Sterling's first from scrimmage.

In the third, Jerry Payne handed off to Sammy Stewart who raced 21 yards for an Eagle tally to make it 12-0. The same combination worked for a play that went 36 yards across the double stripes later in the round.

In the fourth, Payne and Durham teamed up to get yet another tally, after which Payne passed to Leroy Churchill for the two extra points.

C. L. King ran 42 yards around end for Sterling's final tally. Payne again passed to Churchill for the final two points.

Forsan made 11 first downs to 13 for the Eagles. Harry King was Forsan's leading ball carrier with 67 yards gained. Soles gained 59.

Stewart was Sterling's outstanding backs. Forsan completed 14 of 28 passes.

Danny Wash was Forsan's top defensive player, with 23 tackles. Roger Park followed with 12.

The Buffaloes, who have lost seven of nine starts, wind up play here next week against Imperial.

UCLA Nears Bowl Berth

LOS ANGELES (AP) — Tailback Bobby Smith led a relentless UCLA ground attack that wrecked the outwaged California Bears and the UCLA's moved a step closer to the Rose Bowl Saturday with a 35-15 football victory.

A crowd of 33,792 watched the winners post a mark of two victories against no losses in the Big Five Conference Run for the Roses Pasadena New Year's Day. Cal is 1-2.

A free for all fight broke out in the last 15 seconds as both teams mixed it up for more than a minute in mid-field.

The bowl chances of UCLA were further enhanced by the 0-0 tie at Seattle between Southern California and Washington.

in a well executed variety of aerial and ground plays.

A crowd of 31,500 saw the Razorbacks jump off in front in the first period. This drive covered 49 yards with halfback Paul Dudley going over from the 17.

A&M then went ahead on a quick touchdown after recovery of a Razorback fumble at the Porker 11. A pass gamble for two extra

points gave the Aggies an 8-7 lead. Dudley had to cross the goal line twice to get Arkansas' first touchdown. He ran over from the 12 but the touchdown was nullified by a penalty. Then he circled end for 17 yards and this time it counted.

Arkansas drove deep into Aggie territory late in the first half, but A&M halfback Travis Reagan picked off a Billy Moore pass on the goal line and returned it 51 yards. The interception, second of three for Reagan, came one minute before intermission.

It took a fumble by McKinney and a recovery by Russell Hill to give the Aggies their touchdown at 5:15 of the third period. McKinney fumbled on the Arkansas 11 and A&M scored in four plays with fullback Lee Roy Calfey going over from the 1. Quarterback John Erickson passed to Bobby Huntington for two points and the Aggies were ahead 8-7.

The Aggies clung to their narrow margin by recovering a fumble by Dudley at the Texans' 35 and another interception by Reagan, both in the fourth period.

The last of Reagan's interceptions set the Aggies in motion from Arkansas' 38, and they moved to the 10 with fullback Sam Byer doing the heavy running. The Porkers took over at the 10 and launched their scoring drive.

BATON ROUGE, La. (AP) — Jerry Stovall, a 193-pound halfback, streaked 57 yards to set up a touchdown and Louisiana State smashed Mississippi's dreams of a national championship with a 10-7 victory over the Rebels Saturday.

Gibbs & Weeks Men's and Boys—Seven to Seventy

James Gilbert Touchdown Bound

James Gilbert (24), Big Spring senior halfback, is shown on his way to the first touchdown of Friday night's slam-bang thriller with the Bulldogs of Midland High School after catching a pass from quarterback Jerry Tucker. The play covered 27 yards and Gilbert had to shake off two players at the ten in order to score. Willie

Mendoza of Big Spring (far right) is shown about to block out Joe Bernathy (61) of Midland. Directly behind Gilbert is David Maberry of Big Spring, getting in position to throw another block while Jack Irons (32) is at the far right. Big Spring won the District 2-AAAA contest, 21-13.

Halted On Ground, Steers Get Win With Air Strikes

27 of 33	Passes Completed	11 of 22
2	Passes Intercepted	1 for 12
2	Fumbles Lost	1 for 12
9 for 30	Punishes	4 for 40

BY TOMMY HART
The Big Spring Steers used a vulcanized lineup and all their air to halt the Bulldogs of Midland High School football team, 21-13, before a 4,394 bone-cold fans here Friday night.

Midland tried to plow up the Big Spring line with the finest running game the Steers have looked at this year but cultivating the necessary number of touchdowns was another matter.

The Longhorns, in the process of winning their seventh game in eight starts, took the field willing to gamble.

They lost their great all-around performer, Jack Irons, relatively early in the game and Jerry Tucker, their star quarterback, spent most of the evening running on a flat wheel, when he was able to run at all. But they knew there was no place for them to hide on the football greensward so they cushioned the effect of sledgehammer blows into their mid-section with some passing pyrotechnics that rivaled the battle over London.

Bennie McRae Is Star In Victory

ANN ARBOR, Mich. (AP) — Bennie McRae, stung twice this season by give-aways fumbled in critical situations, redeemed himself Saturday with a three-touchdown spree in Michigan's 29-14 victory over Duke.

The spindly-legged, 172-pound speedster bedeviled the Blue Devils with his versatile play as the Wolverines took an early command with three first-half touchdowns. McRae, a senior halfback, scored all of them. He ran 5 yards for the first one, caught Dave Glinka's 15-yard pass for the second and 40 seconds later returned an intercepted pass 34 yards for the third.

Michigan's heavier defensive line fouled up Duke's offense throughout the first half. The Blue Devils couldn't cross into Michigan territory until the second half, when two long drives resulted in touchdowns by Dave Burch.

Just a week ago McRae fumbled in the final two minutes and permitted Minnesota to score its winning touchdown in a 23-20 triumph. Two weeks before he bobbled the ball on the second play against Michigan State and the Spartans turned it into their first touchdown in a 28-0 rout. Those are the Wolverines' only losses and knocked them out of Big Ten contention.

But Saturday the halfback

would be tacklers on the ten on his way to the happy hunting grounds. Pryor's kick for the point was erratic.

When the teams lined up for the ensuing kickoff, 10:32 was showing on the second quarter clock.

A pass interception by freshman Ross Montgomery on Midland's 42 gave the Bulldogs the break they needed to get their first score.

They ground it out in nine plays, with Thomas doing yeoman work hugging the mail. Davis skipped across from eight yards away for the tally and it looked alarmingly easy.

When Harvey Kennedy spliced

Kubek Gone, Yanks May Lose Stafford, Terry

By MIKE RATHET

Tony Kubek is in the Army now, the first member of baseball's world champion New York Yankees tapped for military service in the U.S. defense build-up that threatens to seriously ham-

per the pennant chances of some major league clubs.

The Yankees, with shortstop Kubek reactivated Friday night also are faced with the possibility of losing front-line pitchers Ralph Terry and Bill Stafford, while Baltimore and Cleveland already have dealt serious blows.

Kubek, named to The Associated Press all-star team at the end of the 1961 campaign in which he was a steady play at the Yankees with his stand-out play at short and an ample .276 batting average, was recalled for a one-year stint.

His departure leaves a gaping hole in the Yankee infield, and the champs' problems could be further compounded if Terry, who had a 16-3 record last season, and Stafford (14-9) are called up with their reserve units.

The Orioles have lost southpaw Steve Barber (18-12), their big winner last year, shortstop Ron Hansen and reserve outfielder Barry Shetrone. They also face the prospect of pitcher Chuck Estrada (15-9) and third baseman Brooks Robinson being summoned.

That would halve the Orioles' infield and deprive the Orioles of

Eagles Upset Iowa State

NEWTON, Mass. (AP) — Fullback Harry (The Horse) Crump powered a fourth period Boston College uprising, setting up one touchdown and scoring the other in less than four minutes, as the Eagles upset Iowa State 14-10 Saturday.

End Joe Sikorski, a magnificent cog in the BC defenses, shared the spotlight with Crump as did quarterback George Van Cott in this intersectional football game.

Sikorski recovered a fumbled kickoff at the Cyclone 23 just after the Eagles had pulled to within 10-7. Crump battered his way for 22 yards on five carries including a great individual effort for the final five and his touchdown.

Sikorski also fell on a fumbled punt in the waning minutes at the State 47 to crush the hopes of the visitors.

Iowa State had led since early in the first quarter on Larry Schreiber's 41-yard field goal until Crump registered at 6:25 of the finale.

per the pennant chances of some major league clubs.

The Yankees, with shortstop Kubek reactivated Friday night also are faced with the possibility of losing front-line pitchers Ralph Terry and Bill Stafford, while Baltimore and Cleveland already have dealt serious blows.

Kubek, named to The Associated Press all-star team at the end of the 1961 campaign in which he was a steady play at the Yankees with his stand-out play at short and an ample .276 batting average, was recalled for a one-year stint.

His departure leaves a gaping hole in the Yankee infield, and the champs' problems could be further compounded if Terry, who had a 16-3 record last season, and Stafford (14-9) are called up with their reserve units.

That would halve the Orioles' infield and deprive the Orioles of

Sooners Lick Wildcats, 17-6

MANHATTAN, Kan. (AP) — Oklahoma's Sooners ended their longest losing streak with a 17-6 victory over the Kansas State Wildcats Saturday.

The once mighty Sooners, who had lost their first five football games this season, punched out a 76-yard scoring drive and scored on a field goal, all in the second quarter. Then they traded touchdowns with the Wildcats in the final period.

The victory before only 11,500 in windy, chilly weather, was Oklahoma's first in four Big Eight games. It was Kansas State's fourth straight conference loss.

Richard Beattie, a 191-pound second string quarterback, was the big puncher in the Sooners' first touchdown drive, although quarterback Bob Page scored it from the 1.

George Jarman kicked the extra point. A few minutes later Jarman booted a field goal from the K-State 17 to give the Sooners a 10-0 halftime lead.

With a little more than five minutes left, sophomore Larry Corrigan moved the Wildcats 90 yards in eight plays. A 44-yard pass play from Corrigan to Spencer Puls put the ball within inches of the Oklahoma goal line, and Corrigan scored on a keeper.

Corrigan's pass on a two-point conversion play failed.

From the Sooner 18, Mike McClellan swept 82 yards down the sideline on a fake quick kick to score, and Jarman again kicked the extra point.

Bear Camp Is Hit By A Flu Wave

CHICAGO (AP) — A mild flu wave has swept through the Chicago Bears pro football team in advance of their crucial game in Philadelphia Sunday with the Philadelphia Eagles.

All members of the squad were on hand for the plane trip East, but eight players and three coaches, including owner and Coach George Halas, still are shaky from their bout with the virus.

Herman Lee, regular left tackle, left the hospital Saturday morning after a two-day stay.

Halas didn't identify other bug-stricken players, but coaches affected are Clark Shughnessy, defensive coach, and Phil Handler, line coach.

Mean Ground Game Gives Baylor A Win

By ROBERT E. FORD
WACO, Tex. (AP) — Baylor's Bears, stunned by three earlier Southeast Conference losses, roared back with a savage ground game and polished passing to smash Texas Christian 29-14 Saturday.

Second and third stringers sparked Baylor to a first half lead. Then the first team took over to crush TCU's hopes.

It was Baylor's first victory over TCU since 1954 and was before a homecoming crowd of 25,000.

Each team sought to salvage whatever prestige possible from a disappointing season that already has seen both washed out of title competition. Both now have 1-3 conference records.

Baylor's comeback saw the Bears playing like the pre-season forecasters said they could.

Dalton Hoffman, a sophomore fullback granted a field promotion from the third to the first string, stung the Horned Frogs first with an 8-yard scoring run.

Texas Christian roared back with 67-yard drive capped by a Sonny Gibbs pass to Donny Smith for 17 yards and a score.

But Baylor went ahead the next time it got the ball with Bobby Ply sneaking over from the one to end the half with the Bears ahead 16-7.

Carl Choate kicked four extra points, giving him a season record of 12 after-touchdown kick attempts and 12 points, but he missed a field goal try.

Both teams played the fourth quarter like football was going out of style. But the ball bounced Baylor's way for once.

A Gibbs fumble set up Baylor's third touchdown. Johnny Jessup recovered on TCU's 21. Four plays later, Ronnie Stanley kept the ball and plunged over from his quarterback spot, traveling six inches.

A 45-yard pass from Gibbs to Buddy Iles was the long gainer in TCU's last touchdown. It went to the Baylor 18. Gibbs passed to Iles again for 9, and Gibbs tied

it down with a one-yard plunge. Jimmy McAteer kicked both Horned Frog extra points.

Ronnie Bull, a pre-season All-America candidate, flashed for a 21-yard run, with eight or 10 Frogs getting their hands on him, to spark the Bears' final score. He made the last 3 yards himself.

TCU 0 7 0 7-14
Baylor 0 14 0 14-23
Bay—Hoffman 8 run (Choate kick)
TCU—Smith 17 pass from Gibbs (McAteer kick)

Bay—Ply 1 run (Choate kick)
Bay—Stanley 1 run (Choate kick)
TCU—Gibbs 1 run (McAteer kick)
Bay—Bull 3 run (Choate kick)
Attendance 23,000.

Jackets Bounce Gators, 20-0

ATLANTA (AP) — Georgia Tech's defensive forces smothered the Florida attack and the Yellow Jackets capitalized on Gator mistakes for a 20-0 victory Saturday in a Southeastern Conference football clash.

Tech's sixth victory against a single loss. The victory avenged an 18-17 upset of last year and gave Coach Bobby Dodd revenge over his son, Bobby Dodd Jr., a Gator quarterback, and his former top assistant, Ray Graves, who now is head man at Florida.

Tech tackle Ed Griffin set up the first Tech touchdown in the first quarter when he recovered a fumble by Gator quarterback Larry Libertore on the Florida 44. Fullback Mike McNames and halfback Billy Williamson, carried to the 2 where quarterback Billy Lohridge punched it over.

In the third, a fumble by Florida halfback Lindy Infante was snatched up by Tech's Jimmy Nail. Again it was Williamson and McNames who scratched out the yardage with Williamson rambling the last 3.

The Yellow Jackets scored again on a 76-yard drive about midway in the final quarter.

Gamecocks Upset By Cavaliers

CHARLOTTEVILLE, VA. (AP) — Virginia's Cavaliers overcame their less-than-adequate pass defense and ended their 15-game Atlantic Coast Conference football losing streak by using every break that came their way for a 29-20 upset over South Carolina's Gamecocks.

With sophomore fullback Doug Thomson scoring twice, the Cavaliers—who last won an ACC game by beating Duke 15-12 in the second clash of the 1958 season—used one long scoring march, a gamecock fumble, a 54-yard punt run-back and a booming kick to set up their touchdowns.

Ernie Davis Sets Syracuse Records

SYRACUSE, N.Y. (AP) —Ernie Davis smashed Jimmy Brown's career record for scoring and rushing yardage Saturday, gaining 119 yards and scoring two touchdowns in Syracuse's 28-9 comeback victory over Pittsburgh.

A rain-spattered crowd of 40,000 saw Pitt run up a 9-0 lead in the second period before Davis and his Syracuse mates got started. At the end Syracuse was crashing through the Pitt line for chunks of yardage. Three lost fumbles by Pitt in the third period turned the tide in Syracuse's favor.

Getting adequate revenge for last year's defeat by Pitt which snapped a 16-game Syracuse winning streak, the Orange scored twice on the ground and twice through the air.

Davis tallied from 8 yards out in the second period, climaxing a 66-yard march on which he earned most of the ground. In the fourth period it was Dave Sarette's 3-yard shovel pass to an astonished Davis that put the game beyond reach.

Davis' churning drives for 119 yards in 22 carries boosted his career total of 2,143 yards as compared to the 2,091 Brown totaled at Syracuse in 1954, '55 and '56 before he joined the Cleveland Browns in the National Football League. The two scores gave the Elmira, N.Y. senior a total of 194 points to Brown's 187. The 22-year-old halfback is expected to be the

San Angelo Lake View Is Winner Over Lamesa, 15-8

LAMESA—For the first time in its history, Lake View enters into the District 3-AAA picture for at least a share of the crown as a result of its 15-8 win over Lamesa Friday night.

Never before have the Chiefs clinched so much as a tie for the title. The win also earned them the right to meet the 4-AAAA winner in bi-district.

The Chiefs grabbed an early lead as Larry Hudson delivered a six-pointer on a one-yard plunge. Mike Sanders kicked the point after, giving Lake View a 7-0 lead that lasted for the remainder of the half.

The Tornadoes nosed ahead as fullback Earl Hatchett broke over center and powered 41 yards to score. Sherril Kidd tugged a two-point conversion pass to Rex Nolen.

Lamesa's 8-7 lead held up until halfback Leamon Cauley scampered 51 yards to put the Chiefs

Eagles Claw Red Hosses

ODESSA—Led by Sonny Jones and Jack Middlebrooks, the Abilene Eagles won a District 2-AAAA game over Odessa Friday night by a score of 20-12.

Jones scored two touchdowns and Middlebrooks turned in a 58-yard scoring run. Jones' first tally came in the second quarter when, just before the half, he belted over from the two. Middlebrooks booted the extra point.

Bill Rose put Odessa in the game with a pass interception. A 60-yard run from David Jefferies was good for the score. The first play after the kickoff saw Middlebrooks break loose on his dazzling run.

Abilene scored again in the third with Jones capping a 58-yard drive with a plunge from the eight. Martin Benavitz took the ensuing kickoff 84 yards to an Abilene score.

Score by quarters:
Abilene 0 7 7 6-20
Odessa 0 0 8 6-12

Buckeyes Win Over Iowans

COLUMBUS, Ohio (AP) — Ohio State converted two pass interceptions and a fumble into touchdowns Saturday and won their fourth straight. Big Ten game with a 29-13 victory over Iowa. A crowd of 83,795, biggest ever to see the Bucks in action here, saw the game.

The Buckeyes wrapped it up with a 17-point fourth period after leading only 12-7 going into the final stanza. The Hawkeyes got their second touchdown with only 12 seconds to go, but their second straight loss dropped them out of the title fight.

Ohio got all the breaks and all the points in the first half to take a 12-0 edge.

The Hawkeyes came roaring back in the third period, going 73 yards in 10 plays with Matt Szyzkowy plunging a foot for the score.

In the fourth period, Joe Sparma tossed over the line to end Chuck Bryant and the big end, after being hit by at least six tacklers, rolled 83 yards for his second score. The Bucks came right back and Dick Van Raaphorst booted a 24-yard field goal.

With about two minutes to go, Gary Moeller intercepted a pass by Szyzkowy and raced it 53 yards to the 20. Two plays later All-America fullback Bob Ferguson plunged 14 yards for the counter.

Iowa 0 0 7 6-13
Ohio State 6 6 0 17-29

Numerous AAAA Titles Go On Line This Week

By The Associated Press

The Class AAAA Division of Texas schoolboy football starts deciding district championships this week and defending state title Corpus Christi Miller isn't likely to be among them.

Miller had lost a district game 3-0 to Corpus Christi Carroll. Corpus Christi Ray, unbeaten in conference play, lashed Carroll 36-0 last week.

Ray plays Miller this week able to win its zone of District 14 by turning back the champs. McAllen can win the other zone by beating Harlingen, setting up a district playoff between Ray and McAllen.

Fort Worth Paschal can win the District 5 crown if it beats Arlington Heights Friday night. In District 6 South Oak Cliff and

Dallas Kimball play Thursday for the South Zone title. Dallas Wilson can win the North Zone by beating Dallas Hillcrest.

Highland Park can win the District 7 representation if it defeats Denison there Friday night.

Houston Milby can win District 9 by beating Houston Davis Thursday. Spring Branch can do the same in District 10 by beating Houston Lamar Friday.

Freeport Brazosport can win District 12 by beating Baytown Friday.

The other districts are due to go through another week before determination.

Five undefeated, untied teams are left, as all held their places last week. They are Ysleta, Ysleta Bel Air, Wichita Falls, Fort Worth Paschal and Houston Milby. Ysleta and Bel Air play Nov. 17 for the District 1 title.

The schedule this week by district, all games conference and all on Friday unless otherwise noted.

- 1. Thursday: El Paso Burgess vs. El Paso Austin; Friday: Ysleta at El Paso, El Paso Tech at Bel Air, El Paso Bowie vs. El Paso Irving.
- 2. Abilene Cooper at San Angelo, Midland Lee at Odessa Permian, Big Spring at Abilene, Odessa at Midland.
- 3. Lubbock at Amarillo, Pampa at Plainview, Amarillo Tascosa at Lubbock Monday.
- 4. Fort Worth Hallam at Wichita Falls, Grand Prairie at Irving.
- 5. Thursday: Fort Worth Tech vs. Carter-Riverside; Friday: Fort Worth Paschal at Arlington Heights; Saturday: Eastern Hills vs. North Side.
- 6. Thursday: Dallas Adams vs. Sam Houston; Friday: Dallas Adams vs. Sunset, Dallas Hillcrest at Dallas, Dallas 7. Highland Park at Denison, Denton at Sherman.
- 7. Tyler at Longview, Lufkin at Tyler, Texasarkana at Marshall.
- 8. Thursday: Houston Davis vs. Milby; Friday: Aldine at Houston, Wainwright at Houston, Houston East vs. Houston Lamar, Houston San Jacinto vs. Houston Austin, Bellair vs. Houston Jones.
- 9. Beaumont vs. Beaumont French, Port Arthur at Orange, Port Neches at Beaumont South Park.
- 10. Thursday: Galveston at Pasadena; Friday: Baytown at Freeport, Texas City at South Houston, Galena Park at Suisun.
- 11. Thursday: Waco at Austin, McCollum, Friday: Austin Travis vs. Austin, Temple at Bryan.
- 12. Thursday: Victoria at Corpus Christi, Carroll; Friday: Alice at Brownsville, McAllen at Harlingen, Corpus Christi Ray vs. Miller.
- 13. San Antonio Edison vs. Alamo Heights, Haysland vs. San Antonio Jeter, Ferguson, Highlands vs. San Antonio MacArthur.
- 14. Thursday: San Antonio Tech vs. Burbank; Saturday: Laredo at San Antonio Lanier.

LOOKING 'EM OVER

With TOMMY HART

Contrary to some pessimistic seers, Big Spring should be well equipped with quarterback next year, what with Rickey Wisener back from the varsity squad and Albert Fierro and Rickey Peters up from the B team. . . Wisener is shorter than the average quarterback but he's gritty. . . Fierro is a real comer, if he can learn to fake a little better and master the art of staying in the pocket when passing. . . Peters, no doubt, would be clocking playing time with the varsity now were he eligible. . . Donnie Phillips, a Steer back who has been injured all fall, probably will pass up the remaining two games and concentrate on basketball and track instead, upon the advice of his doctor. . . Donnie would have played a lot of ball for the provincials this year, especially on defense, had he not been hurt. . . He'll start football again in spring training. . . Phil Dickens, the University of Indiana coach, says he feels that it takes two years to get into a basic offense. . . In event you've lost track of Melvin Robertson, the former Stanton mentor and later an aide at Sweetwater High School, he's now backfield coach at Amarillo High School. . . Jim Payne, the Odessa Ector football coach, recently dropped five boys from his varsity squad for disciplinary reasons. . . Don't look for the Ole Miss football team to be any weaker in the next few seasons. . . The Ole Miss freshmen recently defeated the Vanderbilt first year forces, 52-6, a short time after Andy had beaten Kentucky's freshmen, 7-0. . . Pete Pedro, the West Texas State College whiz, has been scoring touchdowns about once in every six carries. . . He won't rate the All-America team but he's brought the Canyon school more recognition in sports than it ever had before. . . The Junior Rose Bowl game at Pasadena will be played Dec. 9, in direct conflict with the pro game in Los Angeles between the Los Angeles Rams and the Baltimore Colts.

Football Owe Walter Camp A Lot

Odessa Permian ran 39 offensive plays, exclusive of kickoffs, compared to only 17 for Big Spring in their game the other night. . . Incidentally, for the past two years, all the scoring has been done in the first half in the Big Spring-Permian games. . . Emmett McKenzie, the local coach, says Richard Keller, the Permian halfback, is a better player perhaps because enemy defenses have to clog the middle in cases where the ball is given to fullback Mike Love or is faked to him. . . In other words, the opposition's defenses must always gear to stop Love, a tremendous player, whether or not he has the ball. . . When Permian was charged with clipping Eddie Everett early in that recent game, not one but actually three clips were thrown on the play, the films clearly show. . . Walter Camp is a man whose younger football bluffs may never have heard of but modern football owes these things to his inventiveness: (1) replacing the

original rugby scrum with the present orderly scrumming; (2) reducing teams from 15 to 11 men in numbers; (3) establishing the line-up consisting of seven linemen and four backs; (4) inventing the yards-and-downs system to prevent a weak team from hoarding the ball and thus obtaining a dull, scoreless tie; (5) introducing the first penalty rule—five yards for offense; (6) reducing the length of a playing field from 140 to 100 yards; and (7) causing the field to be marked off and called a gridiron. . . Dangerous Dan Lemon, the great back of the Flower Grove six-man football team, has two younger brothers coming along who are already playing football. . . They are Frank, an eighth grader; and Sonny, who is in the sixth grade. . . Bobby Jack Gross, the former Big Spring athlete who is now a veterinarian in Pecos, once fired holes-in-ones in successive weeks while playing golf at College Station with two different foursomes.

Bobcats Chew Up Rebels

MIDLAND — San Angelo's Bobcats scored 30 points in the first half and 22 in the second in their 53-0 romp over the Midland Lee Rebels, in a Friday-night District 2-AAAA test.

The Bobcats were held to a lone TD in the opening frame, a one-yard plunge by Mike Tabor, but second quarter touchdowns came fast and furiously. Larry Mullins scored from the 17, Frank Schiller went over from the two, and Bill Cameron belted across from the two and ran one conversion. A 57-yard pass from Mullins to Bill Sinches completed the first half scoring.

Weldon Allen ran for a TD and Wayne Fox passed to Jim Gallimore for another in third-period action. Sammy Ray went across on a 7-yard bust and then added a two-point conversion in the final frame to end the scoring.

The Bobcats stand 5-0 in district play, and Lee shows a 1-3-1 slate.

Blonde Selected

WACO (AP)—Miss Deann McCauley, a 5 foot-5 blonde from Belle, was named Baylor's homecoming queen Saturday.

Robert Lee Wins An 8-6 Squeaker

ROBERT LEE—The Robert Lee Steers squeaked by the Loraine Bulldogs, 8-6, Friday night, for their first win in District 6-B play.

Offensive and defensive efforts by halfback Curtis Higginbotham was the key to the Steers' win. Higginbotham and freshman guard, Charlie Askins nailed Loraine's Lorenzo Moreno in the end zone for a two-point safety in the first period. Higginbotham scored in the second quarter on a one-yard dive, capping a march covering 61 yards.

The Bulldogs' only touchdown came in the second stanza on an 80-yard run by Moreno.

Grid Openers Moved Back To Sept. 14

Up until this weekend, the biggest crowd to see the Lamesa Tornadoes in a home football game this year was the 2,090 which paid to watch the Odessa Ector. . . The paid turnout for the Lamesa-Cisco game was 1,692 and for the Phillips-Lamesa contest (both in Lamesa) was 1,509. . . Quite probably, for the economic impact, the Lamesa coaches would like to return to the Big Spring schedule but Big Spring is already committed to play Plainview again in 1962 and most probably will again oppose Snyder. . . The Sweetwater game is in doubt. . . Incidentally, the 1962 football openers in Class AAAA cannot be played before Sept. 14, whereas they were supposed to open on Sept. 8 this year. . . Big Spring must rebuild its forward wall next year, what with its first string center, three of its first four guards, its first four tackles and three of its first four ends all running out of eligibility. . . Incidentally, center Dexter Pate is getting more backing around the conference for all-district honors than any other Steer lineman at this writing. . . Roy Baird, who has been a member of the Big Spring coaching staff longer than any other man, has headed up the Steer scouting team which has been spying on the Longhorns' next opponent, Abilene High, all fall. . . Big Spring coaches who have seen him play insist Mike King of Midland High was the outstanding quarterback in District 2-AAAA, excluding anyone on their own team from consideration, of course. . . What a shame Mike didn't get to perform here Friday night. . . McAllen of District 14-AAA, where the ex-Big Spring, Chop Van Pelt, is coaching, appears the likely winner of the south zone in that league again. . . The Bulldogs recently flipped Alice 36-6. . . It's dollars to doughnuts the visiting team in the 1962 Rose Bowl game will again come from the Big Ten, although you hear talk that Southeastern and Southwest Conference teams are being considered. . . As many as four southeastern Conference teams

Bill Aldridge (86) of Midland tries vainly to snag the pass thrown in the above picture, snapped during the Big Spring-Midland High football game here Friday night, David Maberry (43) of

A Near Miss

Big Spring comes up to make the tackle in case the ball had been caught. Big Spring won the game, 21-13.

James Gilbert Touchdown Bound

James Gilbert (24), Big Spring senior halfback, is shown on his way to the first touchdown of Friday night's slam-bang thriller with the Bulldogs of Midland High School after catching a pass from quarterback Jerry Tucker. The play covered 27 yards and Gilbert had to shake off two players at the ten in order to score. Willie

Mendoza of Big Spring (far right) is shown about to block out Joe Bernsathy (61) of Midland. Directly behind Gilbert is David Maberry of Big Spring, getting in position to throw another block while Jack Irons (32) is at the far right. Big Spring won the District 3-AAAA contest, 21-13.

Halted On Ground, Steers Get Win With Air Strikes

Passes Completed	11 of 23
Passes Intercepted	1 for 12
Fumbles	4 for 30
Punt	4 for 46

BY TOMMY HART
The Big Spring Steers used a vulcanized lineup and all their allotment of four-leaf clovers to defeat an ambitious Midland High School football team, 21-13, before 4,394 bone-cold fans here Friday night.

Midland tried to plow up the Big Spring line with the finest running game the Steers have looked at this year but cultivating the necessary number of touchdowns was another matter.

The Longhorns, in the process of winning their seventh game in eight starts, took the field willing to gamble.

which rivaled the battle over London.

Rickey Wisener kept stoking the furnaces in relief of Tucker and Dickie Spier did a much creditable job at fullback in Irons' place.

The Longhorns collected all three of their touchdowns with aerial strikes. Midland proved dangerous both in the air and in the trenches in grinding out both of its tallies.

If there had to be a big play of the game, it came after the Bulldogs bruised over for their second touchdown and cut the Steers' margin to 14-13.

Coach Harold King of the visitors okayed the strategy to go for the vital two points, what with only 5:29 remaining in the game. Bill Wood, the invaders' sophomore quarterback, sent burly, menacing Steve Thomas into the left side of the Steer line in quest of the conversion.

David Holguin came up fast to break up the interference.

Buster Barnes, Bobby Pryor, Mike Hughes and W. L. Minter, among others, were there to smack down Thomas a bare foot from the goal and Midland found itself needing still another score.

After that, the Bulldogs were never quite the same ball club. They gained possession of the ball on their own 17 a short time later but Ferrill Davis bobbled the ball and Minter wrapped his long frame around the oval at the 25.

Wisener elected to go for the insurance tally and got it in two plays with just 1:14 showing on the clock. He spotted David Maberry behind the Midland secondary and zeroed in for the TD. The play came on the second yard of the series and covered 23 yards. Bobby Pryor booted the PAT to make it 21-13.

Seconds before the game ended, James Gilbert intercepted his second pass of the night and maneuvered to maneuver as far as Midland's 36.

Midland gained an incredible 263 yards rushing to only 29 for Big Spring but the Steers picked up 210 yards through the air, compared to 90 for the Bulldogs.

Gilbert's initial interception set Big Spring's first TD drive in motion early in the second canto. He took the ball on the Midland two and legged it to the ten before being arrested.

From that spot, the Steers boomed to a score in nine plays, with Tucker seeking out Mendoza, Everett and ultimately Gilbert for long passing gains.

Gilbert got the score on an address from Tucker from the Bulldog 27. He grasped the pighide around the 15 and bounced off two

wouldbe tacklers on the ten on his way to the happy hunting grounds.

Pryor's kick for the point was erratic.

When the teams lined up for the ensuing kickoff, 10:32 was showing on the second quarter clock.

A pass interception by freshman Ross Montgomery on Midland's 42 gave the Bulldogs the break they needed to get their first score.

They ground it out in nine plays, with Thomas doing yeoman work hugging the mail. Davis skipped across from eight yards and the Bulldogs flushed like Eddie out of bounds around the two but Everett would have none of that.

Wisener went in for the PAT try and the Bulldogs flushed like quail when Rick drifted to the right as if he were planning to

Kubek Gone, Yanks May Lose Stafford, Terry

Associated Press Sports Writer

Tony Kubek is in the Army now, the first member of baseball's world champion New York Yankees tapped for military service in the U.S. defense build-up that threatens to seriously ham-

per the pennant chances of some major league clubs.

The Yankees, with shortstop Kubek reactivated Friday night also are faced with the possibility of losing front-line pitchers Ralph Terry and Bill Stafford, while Baltimore and Cleveland already have been dealt serious blows.

Kubek, named to The Associated Press all-star team at the end of the 1961 campaign in which he was a standout for the Yankees with his steady play at short and an ample .276 batting average, was recalled for a one-year stint.

His departure leaves a gaping hole in the Yankee infield, and the champs' problems could be further compounded if Terry, who had a 16-3 record last season, and Stafford (14-9) are called up with their reserve units.

The Orioles have lost southpaw Steve Barber (18-12), their big winner last year, shortstop Ron Hansen and reserve outfielder Barry Shetron. They also face the prospect of pitcher Chuck Estrada (15-9) and third baseman Brooks Robinson being summoned.

That would halve the Orioles' infield and deprive the Orioles of

two of the four pitchers in their starting rotation. The Indians already have sent two pitchers — top winner Jim Grant (15-9) and Wynn Hawkins — to Uncle Sam, along with outfielder Walt Bond.

The Detroit Tigers are shy one infielder, Dick McAuliffe, with third baseman Steve Boros subject to call as a reservist. Los Angeles pitcher Ron Moeller and outfielder George Thomas are serving now.

The Boston Red Sox, untouched thus far, have three front-line players on the danger list. Pitcher Bill Monbouquette and outfielder Gary Geiger are members of the National Guard while second baseman Chuck Schilling is in the Army reserves.

Others summoned include Washington infielders Bob Johnson and Bud Zippel, Milwaukee catcher-outfielder Bob Taylor, Philadelphia shortstop Ruben Amaro and catcher Jim Coker, Chicago Cubs catcher Dick Bertell and San Francisco catcher John Orsino.

Among those eligible to serve are Cincinnati first baseman Gordie Coleman, Washington outfielder Chuck Hinton and second baseman Chuck Cottier and Minnesota shortstop Bernie Allen and pitcher Bill Pleis.

Mean Ground Game Gives Baylor A Win

By ROBERT E. FORD
WACO, Tex. (AP) — Baylor's Bears, stunned by three earlier Southwest Conference losses, roared back with a savage ground game and polished passing to smash Texas Christian 28-14 Saturday.

Second and third stringers sparked Baylor to a first half lead. Then the first team took over to crush TCU's hopes.

It was Baylor's first victory over TCU since 1954 and was before a homecoming crowd of 25,000.

Each team sought to salvage whatever prestige possible from a disappointing season that already has seen both washed out of title competition. Both now have 1-3 conference records.

Baylor's comeback saw the Bears playing like the pre-season forecasters said they could.

Dalton Hoffman, a sophomore fullback granted a field promotion from the third to the first string, stung the Horned Frogs first with an 8-yard scoring run.

Texas Christian roared back with a 67-yard drive, capped by a Sonny Gibbs pass to Donny Smith for 17 yards and a score.

But Baylor went ahead the next time it got the ball with Bobby Fly sneaking over from the one to end the half with the Bears ahead 14-7.

Carl Choate kicked four extra points, giving him a season record.

ord of 12 after-touchdown kick attempts and 17 points, but he missed a field goal try.

Both teams played the fourth quarter like football was going out of style. But the ball bounced Baylor's way for once.

A Gibbs fumble set up Baylor's third touchdown. Johnny Jessup recovered on TCU's 21. Four plays later, Ronnie Stanley kept the ball and plunged over from his quarterback spot, traveling six inches.

A 45-yard pass from Gibbs to Buddy Iles was the long gainer in TCU's last touchdown. It went to the Baylor 18. Gibbs passed to Iles again for 9, and Gibbs tied

it down with a one-yard plunge. Jimmy McAteer kicked both Horned Frog extra points.

Ronnie Bull, a pre-season All-America candidate, slashed for a 21-yard run, with eight or 10 Frogs getting their hands on him, to spark the Bears' final score. He made the last 3 yards himself.

TCU 0 7 0 7-14
Baylor 0 14 0 14-28
Bay-Hoffman 8 run (Choate kick)
TCU-Smith 17 pass from Gibbs (McAteer kick)
Bay-Ply 1 run (Choate kick)
Buddy Iles 1 run (Choate kick)
TCU-Gibbs 1 run (McAteer kick)
Bay-Bull 3 run (Choate kick)
Attendance 23,000.

San Angelo Lake View Is Winner Over Lamesa, 15-8

LAMESA—For the first time in its history, Lake View enters into the District 3-AAA picture for at least a share of the crown as a result of its 15-8 win over Lamesa Friday night.

Never before have the Chiefs clinched so much as a tie for the title. The win also earned them the right to meet the 4-AAAA winner in bi-district.

The Chiefs grabbed an early lead as Larry Hudson delivered a six-pointer on a one-yard plunge. Mike Sanders kicked the point that lasted for the remainder of the half.

The Tornados nosed ahead as fullback Earl Hatchett broke over center and powered 41 yards to score. Sherri Kidd tossed a two-point conversion pass to Rex Noen.

Lamesa's 8-7 lead held up until halfback Leamon Cauley scampered 51 yards to put the Chiefs

back in the lead. Hudson hit Gilbert with a conversion toss to end the scoring.

Statistics show Lamesa leading in first downs, 17-8; Lake View on top in rushing yardage, 251-176; and Lamesa aerial yardage in front, 121-4.

Score by quarters:
Lake View 7 0 8 0-15
Lamesa 0 0 8 0-8

Jackets Bounce Gators, 20-0

ATLANTA (AP) — Georgia Tech's defensive forces smothered the Florida attack and the Yellow Jackets capitalized on Gator mistakes for a 20-0 victory Saturday in a Southeastern Conference football clash.

It was Tech's sixth victory against a single loss. The victory avenged an 18-17 upset loss of last year and gave Coach Bobby Dodd revenge over his son, Bobby Dodd Jr., a Gator quarterback, and his former top assistant, Ray Graves, who now is head man at Florida.

Tech tackle Ed Griffin set up the first Tech touchdown in the first quarter when he recovered a fumble by Gator quarterback Larry Libertore on the Florida 44. Fullback Mike McNames and halfback Billy Williamson, carried to the 2 where quarterback Billy Loeber punched it over.

In the third, a fumble by Florida halfback Lindy Infante was snatched up by Tech's Jimmy Nail. Again it was Williamson and McNames who scratched out the yardage with Williamson rambling the last 3.

The Yellow Jackets scored again on a 76-yard drive about midway in the final quarter.

Buckeyes Win Over Iowans

COLUMBUS, Ohio (AP) — Ohio State converted two pass interceptions and a fumble into touchdowns Saturday and won their fourth straight Big Ten game with a 29-13 victory over Iowa. A crowd of 83,785, biggest ever to see the Bucks in action here, saw the game.

The Buckeyes wrapped it up with a 17-point fourth period after leading only 12-7 going into the final stanza. The Hawkeyes got their second touchdown with only 12 seconds to go, but their second straight loss dropped them out of the title fight.

Ohio got all the breaks and all the points in the first half to take a 12-0 edge.

The Hawkeyes came roaring back in the third period, going 73 yards in 10 plays with Matt Szykowny plunging a foot for the score.

In the fourth period, Joe Sparma tossed over the line to end Chuck Bryant and the big end, after being hit by at least six tacklers, rolled 63 yards for his second score. The Bucks came right back and Dick Van Raaphorst booted a 24-yard field goal.

With about two minutes to go, Gary Moeller intercepted a pass by Szykowny and raced it 53 yards to the 20. Two plays later All-America fullback Bob Ferguson plunged 14 yards for the counter.

Eagles Claw Red Hosses

ODESSA—Led by Sonny Jones and Jack Middlebrooks, the Abilene Eagles won a District 2-AAAA game over Odessa Friday night by a score of 20-12.

Jones scored two touchdowns and Middlebrooks turned in a 58-yard scoring run. Jones' first tally came in the second quarter when, just before the half, he belted over from the two. Middlebrooks booted the extra point.

Bill Rose put Odessa in the game with a pass interception. A 60-yard run from David Jefferies was good for the score. The first play after the kickoff saw Middlebrooks break loose on his dazzling run.

Abilene scored again in the third with Jones capping a 53-yard drive with a plunge from the eight. Marvin Benavitz took the ensuing kickoff 84 yards to an Abilene score.

Score by quarters:
Abilene 0 7 7 6-29
Odessa 0 0 6 6-12

Bennie McRae Is Star In Victory

ANN ARBOR, Mich. (AP) — Bennie McRae, stung twice this season by give-away fumbles in critical situations, redeemed himself Saturday with a three-touchdown spree in Michigan's 28-14 victory over Duke.

The spindly-legged, 172-pound speedster bedeviled the Blue Devils with his versatile play as the Wolverines took an early command with three first half touchdowns.

McRae, a senior halfback, scored all of them. He ran 5 yards for the first one, caught Dave Glinka's 15-yard pass for the second and 40 seconds later returned an intercepted pass 34 yards for the third.

Michigan's heavier defensive line fouled up Duke's offense throughout the first half. The Blue Devils couldn't cross into Michigan territory until the second half, when two long drives resulted in touchdowns by Dave Burch.

Just a week ago McRae fumbled in the final two minutes and permitted Minnesota to score its winning touchdown in a 23-20 triumph. Two weeks before he bobbled the ball on the second play against Michigan State and the Spartans turned it into their first touchdown in a 28-0 rout. Those are the Wolverines' only losses and he knocked them out of Big Ten contention.

But Saturday the halfback

showed All-America brilliance with swift, elusive running in the intersectional contest before 56,488.

Duke outplayed Michigan in the second half.

The Blue Devils marched 58 yards in 15 plays for their first score, with Burch doing most of the work on the ground and scoring from the one on fourth down.

The next time Duke had the ball it was halted after reaching the Michigan five and the Wolverines retaliated with their last touchdown early in the fourth period. The final Wolverine touchdown came on a 45-yard pass from Glinka to end Bob Brown.

The Blue Devils scored after taking the ensuing kickoff, going 85 yards with Burch cracking over from the three.

Michigan scored its first touchdown after a 39-yard drive with McRae and Dave Raimey sharing the work load. Raimey, picking up 16 yards in two plays carried to the five, from where McRae swept right end for the score.

Eagles Upset Iowa State

NEWTON, Mass. (AP) — Fullback Harry (The Horse) Crump powered the fourth period Boston College uprising, setting up one touchdown and scoring the other in less than four minutes, as the Eagles upset Iowa State 14-10 Saturday.

End Joe Sikorski, a magnificent cog in the BC defenses, shared the spotlight with Crump as did quarterback George Van Cott in this intersectional football game.

Sikorski recovered a fumbled kickoff at the Cyclones 28 just after the Eagles had pulled to within 10-7. Crump battered his way for 22 yards on five carries including a great individual effort for the final five and his touchdown.

Sikorski also fell on a fumbled punt in the waning minutes at the State 47 to crush the hopes of the visitors.

Iowa State had led since early in the first quarter on Larry Schreiber's 41-yard field goal until Crump registered at 6:25 of the finale.

Dave Hoppmann, tailback in the Iowa State version of the Tennessee single wing, saw his status as the nation's No. 2 major college total offense producer threatened in the first half. His substitute, John Hoover, ground out more rushing yardage.

But when Hoppmann connected on two successive passes to wingback Dick Limerick covering 79 yards in the third quarter the Cyclones appeared to have nailed down the decision.

Instead, the Eagles rose to the challenge, crunching 62 yards in 16 plays with Crump slammering for 23 on eight tries while Van Cott ran for 15 and passed for 13.

Sooners Lick Wildcats, 17-6

MANHATTAN, Kan. (AP) — Oklahoma's Sooners ended their losing streak with a 17-6 victory over the Kansas State Wildcats Saturday.

The once mighty Sooners, who had lost their first five football games this season, punched out a 75-yard scoring drive and scored on a field goal, all in the second quarter. Then they traded touchdowns with the Wildcats in the final period.

The victory before only 11,500 in windy, chilly weather, was Oklahoma's first in four Big Eight games. It was Kansas State's fourth straight conference loss.

Richard Beattie, a 191-pound second string quarterback, was the big puncher in the Sooners' first touchdown drive, although quarterback Bob Page scored it from the 1.

George Jarman kicked the extra point. A few minutes later Jarman booted a field goal from the K-State 17 to give the Sooners a 10-0 halftime lead.

With a little more than five minutes left, sophomore Larry Corrigan moved the Wildcats 90 yards in eight plays. A 44-yard pass play from Corrigan to Spencer Pulis put the ball within inches of the Oklahoma goal line, and Corrigan scored on a keeper.

Corrigan's pass on a two-point conversion play failed.

From the Sooner 18, Mike McClellan swept 82 yards down the sideline on a fake quick kick to score, and Jarman again kicked the extra point.

Ernie Davis Sets Syracuse Records

SYRACUSE, N.Y. (AP) — Ernie Davis smashed Jimmy Brown's career record for scoring and rushing yardage Saturday, gaining 119 yards and scoring two touchdowns in Syracuse's 28-9 come-from-behind victory over Pittsburgh.

A rain-spattered crowd of 40,000 saw Pitt run up a 9-0 lead in the second period before Davis and his Syracuse mates got started. At the end Syracuse was crashing through the Pitt line for chunks of yardage. Three lost fumbles by Pitt in the third period turned the tide in Syracuse's favor.

Getting adequate revenge for last year's defeat by Pitt which snapped a 16-game Syracuse winning streak, the Orange scored twice on the ground and twice through the air.

Davis tallied from 8 yards out in the second period, climaxing a 66-yard march on which he earned most of the ground. In the fourth period it was Dave Sarette's 3-yard shovel pass to an astonished Davis that put the game beyond reach.

Davis' churning drives for 119 yards in 22 carries boosted his career total of 2,143 yards as compared to the 2,091 Brown totaled at Syracuse in 1954. '55 and '56 before he joined the Cleveland Browns in the National Football League. The two scores gave the Elmira, N.Y., senior a total of 194 points to Brown's 187. The 22-year-old halfback is expected to be the

Gamecocks Upset By Cavaliers

CHARLOTTESVILLE, VA. (AP) — Virginia's Cavaliers overcame their less-than-adequate pass defense and ended their 18-game Atlantic Coast Conference football losing streak by using every break that came their way for a 28-20 upset over South Carolina's Gamecocks.

With sophomore fullback Doug Thomson scoring twice, the Cavaliers who last won an ACC game by beating Duke 15-12 in the second clash of the 1958 season—used one long scoring march, a Gamecock fumble, a 54-yard punt run-back and a booming kick to set up their touchdowns.

No. 1 man in the pro football draft later this fall.

Pitt opened the scoring on a 2-yard run by fullback John Telesky but two Syracuse threats had been stopped in the first period on pass interceptions. Telesky bulled over on the first play of the second period but Fred Cox missed the placement. Later in the second period Cox booted a 47-yard field goal for a 9-0 edge.

Syracuse came back on the 66-yard march that ended with Davis scoring, but still trailed 9-7 at halftime.

Contemporaries Whack Away In HR Derby

By **SHELDON SAKOWITZ**
Associated Press Sports Writer

NEW YORK (AP)—The "M" men and their home run prowess monopolized the baseball scene in 1961 as Roger Maris, Mickey Mantle, Eddie Mathews, Willie Mays and Stan (The Man) Musial shared the spotlight.

Maris hogged the headlines, hitting 61 homers for an all-time season's high. But the other "M" men flexed their muscles in adding to their output of major league career home runs.

Mantle, in his 11th season with the New York Yankees, collected 54 home runs and boosted his lifetime total to 374, according to figures compiled by The Associated Press. The switch-hitting outfielder moved from 14th to eighth in the all-time listings.

Mathews also advanced into the top 10, climbing from 12th to ninth. The Milwaukee Braves' third baseman connected for 32, giving him 370 in his 10 seasons in the National League.

Mays found the range for 40 circuit clouts and became the 19th

player to join the select 300-homer circle. The San Francisco Giants' outfielder increased his lifetime production to 319 and 16th place in the all-time rankings.

Musial, in completing his 19th season with the St. Louis Cardinals, raised his career figure to 444 by slugging 15 homers in 1961. The 40-year-old outfielder holds down sixth place in the lifetime standings and is 49 home runs behind Lou Gehrig, who is fifth in the all-time ratings with 483.

Duke Snider of the Los Angeles Dodgers has accounted for 384 in the home run derby, socking 16 homers in 1961. He jumped from eighth to seventh, trailing Musial, and leading Mantle by 10.

Former Dodger Gil Hodges, now

with the New York Mets, and Yogi Berra of the Yankees also are listed among the top 15, career-wise. Hodges is tied for 11th with Joe DiMaggio at 361 each. He had eight this past season. Berra, 14th with 340, belted 22 in 1961. Babe Ruth is the all-time home

run leader with 714, followed by Jimmy Foxx in second place with 534. Ted Williams in third with 521 and Mel Ott in fourth with 511. Then come Gehrig (403), Musial (444), Snider (384), Mantle (374) and Mathews (370).

Ralph Kinder rounds out the first 10 with 369. Hodges and DiMaggio are next (361), followed by Johnny Mize in 13th spot with 359. Then comes Berra (340) and Hank Greenberg in 15th with 331.

Ernie Banks undoubtedly will become the next player to join the 300-homer club. The Chicago Cubs' shortstop has 298 and is 20th in the standings.

All told, 17 active players have reached the 200-homer mark, headed by Musial, Frank Thomas of the Braves, Rocky Colavito of the Detroit Tigers, Frank Robin-

son of the Cincinnati Reds and ex-Red Gus Bell, now with the Mets, are the latest to crack the elite group.

Jackie Jensen, who returned to the Boston Red Sox after a year's retirement, most likely will make

Players with 300 or more lifetime home runs:

1. Babe Ruth	714
2. Jimmy Foxx	534
3. Ted Williams	521
4. Mel Ott	511
5. Lou Gehrig	403
6. Stan Musial	444
7. Duke Snider	384
8. Mickey Mantle	374
9. Ed Mathews	370
10. Ralph Kinder	369
11. (tie) Joe DiMaggio	361
12. Johnny Mize	359
13. Yogi Berra	340
14. Hank Greenberg	331
15. Willie Mays	319
16. Al Simmons	307
17. Rogers Hornsby	302
18. Chuck Klein	300
19. Active players with 200 or more lifetime home runs:	
1. Stan Musial	444
2. Duke Snider	384
3. Mickey Mantle	374
4. Yogi Berra	340
5. Gil Hodges	340
6. Yogi Potts	319
7. Willie Mays	319
8. Ernie Banks	298
9. Ted Kluszewski	279
10. Roy Sievers	270
11. Vic Werle	258
12. Hank Aaron	253
13. Joe Adcock	241
14. Frank Thomas	233
15. Rocky Colavito	219
16. Frank Robinson	202
17. Gus Bell	200

group next season. He slugged 13 this past season for a total of 199.

Maris, who completed his fifth

season in the American League, boasts 158 home runs. The Yankee outfielder had only 97 homers prior to 1961.

Rockets Win Fourth Game By Kaying Odessa, 22-6

ODESSA — Lakeview Junior High School picked up its fourth win in five starts Friday afternoon by downing Blackshear Junior High, 22-6.

A loss to Dunbar of Lubbock is the only game marring the Lakeview slate.

Johnny Johnson went 40 yards around right end in the first quarter, and Curtis Fiewellen drove 75 yards up the middle in the second quarter for Lakeview's first two touchdowns. Larry Harper and Sam Evans each scored two-point conversions.

Johnson capped a 70-yard, second-quarter march with a 4-yard drive to paydirt, and Lakeview enjoyed a 22-0 halftime lead.

After a scoreless third quarter, Blackshear scored on an 80-yard march. The try for the point after failed, and no further scoring took place. A Lakeview drive carried to the ten, but Blackshear took over on downs.

Good performances were turned in by reserves Roosevelt Brown, quarterback, and Dennis Hartfield, halfback, who sparked Lakeview's final drive. Juan Williams, Oscar Tucker and Merlyn Clem-

ons were outstanding on the winners' defense.

Lakeview will host Lincoln Junior High of Snyder next week, at which time the football queen will be crowned.

Score by quarters:
Lakeview 8 14 0 0-22
Blackshear 0 0 0 6-6

Cat-Indian Game Tickets On Sale

ABILENE — Mail orders will now be accepted by Abilene Christian College for the annual football game between ACC and McMurry College to be played Nov. 25 at 2:30 p.m. in the Abilene Public Schools Stadium.

Ticket orders should be addressed to A. B. Morris, Athletic Director, Abilene Christian College, Abilene, Texas. The order should include a stamped addressed envelope for the return of the tickets, which are \$2.50 each. A check or money order made out to Abilene Christian College must accompany the order.

Tear Gas Used

BATON ROUGE, La. (AP) — Police used tear gas to disperse an angry, howling group of Louisiana State University students early Saturday following a pep rally on the eve of the football clash between LSU and second-ranked Mississippi.

FIGHT RESULTS

PHILADELPHIA — George Benton, 160, Philadelphia, stopped Chico Coursey, 163, Chester, Pa., 3.

WORCESTER, Mass. — Gene Fosmire, 133, Boston, outpointed Leroy Rocco, 139, Halifax, N. S., 10.

MANILA — Joe Bally, 129 1/2, Philippines, outpointed Gracielis Lampert, 131 1/2, France, 10.

HAMBURG, Germany — Karl Mildenberger, West Germany, outpointed Wayne Bates, New York, 10, heavyweight.

MELBOURNE, Australia — Keith Lewis, Australia, stopped George Kraal, Sydney, 10, welterweight.

Mustangs Trounce Cooper, 8 To 0

COOPER — The Sands Mustangs won their fourth game of the season and their third in five District 4-B starts by defeating Cooper, 8-0, here Friday night.

Dan Shortes, who played a whale of a game for Joe Youngblood's team, counted the game's only touchdown in the second period on an eight-yard run. He also added the two extra points on a run.

Shortes set Sands' touchdown drive in motion by intercepting a

Cooper pass on the enemy 40 and returning it to the 30.

Youngblood said following the game:

"It's probably the best game we played all year. Cooper, ordinarily a passing team, completed only two passes all night and we intercepted three."

Sands churned inside of Cooper's 20-yard line on five occasions. The Mustangs got to the Pirate ten twice and was moving at the eight when the game ended. Shortly before the half, the team from Ackerly was on the Cooper 15.

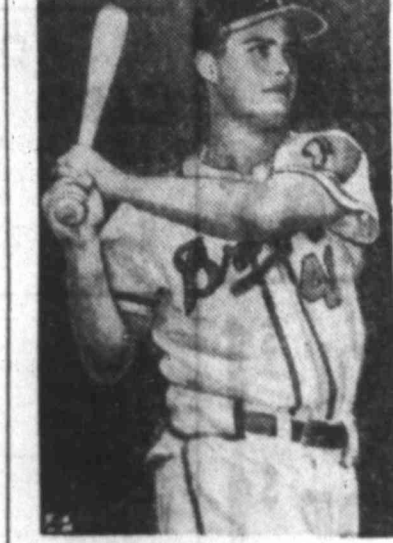

The Mustangs thus ended their season with a 4-5 record. Cooper never threatened the Sands goal, failing to penetrate the Mustang 20 at any time.

On offense, Shortes, Billy Rasmory and Eugene Coleman stood out in a splendid team effort. On defense, Larry Hall, Ronnie Gaskins and Lonnie Taylor glistened.

Score by quarters:
Sands 0 8 0 0-8
Cooper 0 0 0 0-0

By JOE BEYER

STANTON — A good Homecoming Game crowd, especially considering the subfreezing weather, watched the favored Stanton Buffaloes roll easily over the Slaton Tigers by a score of 26-0 here Friday.

Jim Sale and Dewey Anderson, almost unstoppable for the night, together racked up more than 200 yards and Sale figured in two pass plays which netted good yardage.

Both teams moved well whenever they got the ball, the difference being that the Buffaloes' power seldom slackened until the ball was pushed into the end zone. By comparison, Slaton got within the 20-yard line three times only to be forced to turn the ball over on downs.

Displaying power in magnificent fashion, the 188-pound Anderson drove through the Slaton line, carrying tacklers along like excess baggage. Six of nine carries by him each gained more than 10 yards, the longest being for 46 yards.

Slaton took the kickoff and hammered out three quick first downs, driving to the seven-yard line before being halted. Stanton then put together its first long drive of the night, carrying the ball into the end zone in 11 plays, making five first downs in the process.

Anderson showed his stuff from the outset, making 11 and 46 yards on his first two carries. Buddy Glaspie, quarterbacking the Buffaloes, carried into the end zone from inches away. Herb Sorley wrapped his fingers around a points-after pass from Glaspie to

lack on two points, making the score 8-0.

Again the Tigers marched up and then downfield until the ball rested on the five-yard line with four downs to push it into pay territory. But the Buffaloes began to trample about in the Tiger backfield and three consecutive plays lost yardage. After an incomplete pass, Stanton took over.

Stanton threatened the goal line one more time before the half ended with the score 8-0 in favor of the home team.

The Tigers took to the air in an effort to stymie the Stanton line, but only roll-out passes were successful and the Buffaloes threw Webber Tefortiller for losses whenever he stepped into the pocket. As the game progressed the Stanton secondary began to solve even the roll-out pass and intercepted two ties.

Stanton scored its second touchdown with 6:15 remaining in the third quarter when Anderson bulled his way into the end zone from 11 yards out. Sale was stopped short of the goal line in his attempt to hang on the two extra points.

Sale pranced into the end zone twice in the fourth quarter, but point attempts after the touchdowns failed both times. On one touchdown Sale carried over from the eight and on the other he took a pass from Glaspie and scored from 15 yards out.

Steve Ball carried the ball 18 times, averaging 3.7 yards to carry, for the Slaton Tigers. Webber Tefortiller, however, came out with the best average, making 4.6 yards a carry on 14 tries. The pair also teamed up on passes as Ball caught three aeriels for a total of 64 yards.

Leading the way for the winning Buffaloes were Anderson, with 141 yards on nine carries

Bowling School Starts Nov. 13

A two-day school for bowling coaches and resident instructors will be conducted at the Bowl-A-Rama starting at 9 a.m. Monday, Nov. 13.

The clinic is being sponsored by the Texas Association for Bowling Youth and will be free to everyone. Chief instructor will be Paul Peterson of San Antonio, state director for the TABY.

Ponies Yield To Arl. Hts.

SWEETWATER — Arlington Heights of Fort Worth shut out the Sweetwater Mustangs, 21-0, in a Class 4-A game Friday night.

Yellowjacket quarterback Jeff Jarvis tore off on a 46-yard touch-

down run in the opening period to start the scoring, and tossed a 28-yard pass to Johnny Maag in the second period for the next score.

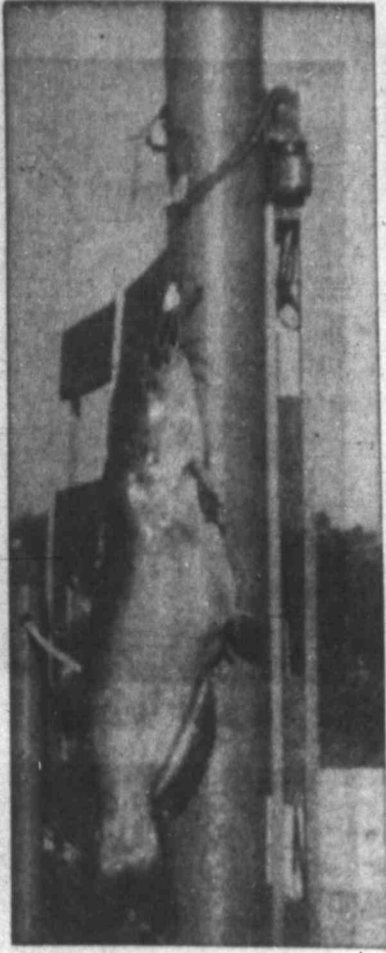

In the third period, the snap from center went over the Sweetwater punter's head and into the end zone. He recovered and was trapped by a host of Yellowjackets for a two-point safety.

The final touchdown came in the fourth period when Jimmy

Langdon took a punt return 74 yards to the end zone.

Mountaineers Led By Glen Holton

WASHINGTON (AP) — Sophomore Glen Holton, a 185-pound battering ram, led West Virginia to a 12-7 Southern Conference football victory over George Washington Saturday.

Biggest

Largest catfish pulled out of the waters at Lake Moss Creek in recent weeks is pictured above. It was taken by Bill McMurray and weighed 10 1/2 pounds.

Chargers Can Sew Up Title

By HAROLD V. RATLIFF
Associated Press Sports Writer

San Diego's Chargers, gleefully determined to win them all and doing a most excellent job of it, will be out to nail down the Western Division championship of the American Football League Sunday.

The Chargers take on one of the Eastern Division leaders — New York—at San Diego and victory in this one will wipe out the last hopes of the other Western clubs of figuring in the league playoff in December.

San Diego has won eight straight, including a 25-10 decision over this same New York outfit in New York.

Houston will be at Denver in the other important Sunday game.

Houston, the 1960 league champion that got off on the wrong foot and then rallied under a new coach, Wally Lemm for two straight victories that put it into the thick of the Eastern Division race, can give itself an even stronger boost by knocking over the embattled Broncos.

A New York defeat would be further help to Houston in its drive back.

The third Sunday game matches Oakland with Buffalo. This game will mean very little to Oakland, which is wallowing in the cellar of the Western Division. But Buffalo could climb back into the Eastern Division race.

Houston Mentor Dies Of Attack

GONROE (AP) — Houston high school coach Vincent Russo, 39, died Friday night of a heart attack at the end of the New Caney-Montgomery football game at which he was referee.

Coach Fred Arneson of Montgomery said Russo collapsed a second after he had told him he had five seconds left in the game. Russo was dead upon arrival at a Conroe hospital.

The game was played at near-by Montgomery.

Russo was head coach of Houston's James Beady High School. Survivors include his widow and two daughters. The body was sent to a Galveston funeral home.

Bears, Eagles Tangle Today

By ROBERT MOORE
Associated Press Sports Writer

Sunday is a day circled in red on the National Football League calendar for Coaches Nick Skorich of the defending champion Philadelphia Eagles and George Halas of the aroused Chicago Bears.

The Eagles (6-1) and the Bears (5-2) collide in an inter-conference brawl—and that seems to be the best word for it—in Philadelphia.

It's a "must" game for both clubs. The Eagles must win to assure themselves of remaining in undisputed possession of first place in the Eastern Conference. The Bears must win or their hopes of grabbing the Western Conference flag will just about vanish.

Both Skorich and Halas use the word "difficult" to describe this first meeting between the teams since 1955. It shares the spotlight with an equally important contest in Baltimore between the Baltimore Colts and the Western Conference leaders, the Green Bay Packers, whose Paul Hornung will be very much in the lineup while the Army decides whether he's physically qualified for military service.

As the NFL moves into the sec-

ond half of its campaign, other games Sunday send the Washington Redskins (6-7) to New York to face the crippled Giants (5-2); the Pittsburgh Steelers (2-5) to Cleveland to try to gain revenge for an earlier 30-28 loss to the Browns (5-2); the St. Louis Cardinals (3-4), with Ralph Guglielmi now their No. 1 quarterback, to Dallas (4-3); the Detroit Lions (4-3) to San Francisco (4-3) and the Minnesota Vikings (1-6) to Los Angeles (1-6).

Permian Licks Cooper, 28-0

ABILENE — Halfback Richard Keller scored four touchdowns Friday night to lead the Odessa Permian Panthers to a 28-0 win over the Abilene Cooper Cougars.

Keller went over on runs of seven, nine and 13 yards in the first quarter, and another from the five in the third.

First quarter scores came on drives of 53, 63 and 73 yards, in 10 seven and three plays, respectively. The third-period tally came when Frank Sloan intercepted a Cougar six.

The closest the Cougars came to scoring was a move to Permian's 31.

Keller rushed 192 yards in 16 trips to lead the ball carriers, and Mike Payte, end, was Permian's defensive standout.

Score by quarters:
Permian 22 0 6 0—28
Cooper 0 0 0 0—0

Campbell Unhurt

SYDNEY, Australia (AP) — Donald Campbell, holder of the world water speed record, was in a collision between two speedboats in Sydney Harbor Saturday. No one was injured.

There's "Something Extra" about owning a '62 OLDSMOBILE

...see for yourself in a dazzling DYNAMIC 88!

CAR OF SUPERIORITY!

Build with a New Concept of Quality and Reliability!

Oldsmobile's Factory-Sealed Lubrication is just one of many new features in the Dynamic 88 that save you time and money... add to reliability! All chassis "lube" points are sealed, so they need no further lubrication under normal operating conditions!

DYNAMIC PERFORMER!

New Higher-Compression Rocket V-8 ups horsepower to 280!

More power than ever — standard equipment in every Dynamic 88! Higher 10.25-to-1 compression ratio! New Fire-Split combustion chamber — with unique contoured head and dished piston — squeezes more energy from each drop of gas... gives you performance plus!

DOLLAR SAVER!

New Low-Ratio Rear Axle delivers more "mpg" per gallon! Lower 2.56-to-1 rear axle ratio takes you farther at every turn of the engine! You get extra distance from every gallon of gas... with the extra zip of the new high-compression Rocket Engine! A real economy-action combination!

SEE ALL THE '62 OLDSMOBILES... AT YOUR LOCAL AUTHORIZED OLDSMOBILE QUALITY DEALER'S!

Record Number To Join Cosden's 25-Year Club

Cosden Petroleum Corporation will welcome a record number of new members into its 25-year Club Monday evening.

Ten veterans of the company will be guests of honor at a dinner-dance affair starting at 6 p.m. in the Cosden Country Club. Highlight of the evening will be the presentations by R. L. Tollett, president, to Roland Schwarzenbach, R. W. Thompson, Otto Peters Jr., J. D. Cauble, F. Rayford Liles, W. D. Willbanks, W. T. Conger Jr., E. Garrett Patton, G. Knox Chadd, and Allen M. Wiggins. These men touch every

phase of the company's activities, from top management to operations and pipelining.

Following the ceremonies, guests will dance to the music of Shep Fields and his orchestra. These are the men being honored for over a quarter of century service to Cosden:

W. T. Conger Jr.

W. T. Conger Jr. joined Cosden in Forsan on March 20, 1936, as one of the company's two gaugers. In the interim the gauging staff has grown to 10.

Having lived in Forsan 33 years, he and Mrs. Conger can vividly recall the oil boom days of the area. As Clara Brauer, she was teaching school at Garden City when they married, Dec. 22, 1928. They had been classmates in Sterling City, which was his birthplace. He also attended business college at Abilene.

As district gauger, Conger drives some 100 miles daily. For years he has been a deputy sheriff at Forsan. He is a member and past president of the Forsan Service Club and, with his family attends Forsan Methodist Church. The family includes Betty, 16, a sophomore at Forsan High, and 18-year-old Bill III, who is a freshman at Texas Tech.

Conger is also affiliated with the Big Spring Elks Club and the Coahoma Masonic Lodge.

E. Garrett Patton

Garrett Patton, Haskell-born but Big Spring-reared, got his start at Cosden as a yardman on Sept. 25, 1936, two years after graduating from high school. His father, the late E. L. Patton, had at one time contracted dirt work for the company.

After three years on the yard, Patton began sampling at the laboratory, bidding out in 1947 for the machine shop. His classification today is machinist A-leadman.

Aug. 28, 1937 was the wedding day of Garrett (or Pat as many call him) and Mae Dell Wilson. She is the daughter of the R. L. Wilsons. Their children are Larry, who is 22 and ready for the Army, and Mrs. Bobby (Brenda) Leonard, Odessa, whose son Gregory Dale is four months old.

Patton has a three-stage career in Boy Scouting that spans some 19 years and began with his induction into Troop 4. Today he is scoutmaster for that same troop and, for his fervent work with the program, has been dubbed Mr. Boy Scout by his friends.

The Pattons attend East Fourth Baptist Church.

G. Knox Chadd

Knox Chadd has been chief chemist for Cosden since September of 1941. He began his career in the laboratory Nov. 19, 1936, having received his BA degree from the University of Oklahoma. Although born in Wilson, Okla., he moved to Big Spring with his family, the G. S. Chadds, in 1930 and graduated with the Class of '31.

Today Chadd serves in an advisory capacity to the two laboratories, and is in charge of quality control for gasolines and all refinery products. In the American Petroleum Institute he serves on the Automotive Research and Petroleum Products committees. He is a member of the American Society for Testing Materials as well as the American Chemical Society.

On Aug. 11, 1940, he married Freda Wood, a registered nurse transplanted from Mount Vernon, Ill. They have two children, Marilyn Kaye, a junior at the University of Texas, is majoring in psychology and intent upon a teaching career. Kenneth, 12, attends sixth grade at Park Hill. The Chadds reside at 606 Dallas, and are members of the First Methodist Church.

Allen M. Wiggins

Softball and baseball were at the peak of their popularity in Big Spring in the 1930's, and Cosden had two teams. Allen M. Wiggins had created a stir in baseball circles in Oklahoma, and certainly in his hometown Ardmore.

He moved to Forsan and pitched a couple of ball seasons on Cosden Pipeline's ball team before going to work at the refinery on April 26, 1936. From loading tank cars he was shifted to the lime treating department, then to pumping. He is No. 1 operator and assistant foreman in the pumping and treating department.

Eva Reigh, a schoolmate from Ardmore, became his bride on July 22, 1933. They have one son at home, Donnie Michael, 13, a seventh grader at Goliad, and two married sons. Kenneth Ray is employed by Shasta Ford. Airman Gary Brent is on leave from Alaska, and this is the first time he has seen his 6-month-old daughter, Debbie Lee.

The Wiggins home at 1501 Chickasaw is convenient to the Airport Baptist Church, where they attend services.

Howard Gains 4 New Wells

Four wells were completed in Howard County, all in the Howard-Glasscock field, and two were completed in the Latah-East Howard field in Mitchell County.

Basin Oil Co. No. 5-B Anne Bowen, spotting C-SE SW SE, section 65-29, W&NW survey, was completed for 12.37 barrels of 32 gravity oil on initial potential. This Howard-Glasscock well was drilled to 1,350 feet and 5/8-inch casing was set at 1,334 feet. Production is from an open hole section, between 1,334-50 feet, opposite a pay topped at 1,336 feet. Two per cent water was pumped and the well was fraced with 6,000 gallons.

Basin Oil Co. No. 4-B Anne Bowen pumped 11 barrels of oil on initial potential in the same field. It produced two per cent water and gravity of the oil was 30 degrees. The oiler was fraced with 6,000 gallons. Elevation is 2,377 feet, total depth is 1,340 feet, pay was topped at 1,335 feet, 5/8 inch casing is at 1,330 feet, and an open hole section is between 1,330-40 feet. The well is C SW SE SE, section 65-29, W&NW survey.

Basin Rotary Activity Up

Twenty-six more rotaries, 255, were running in the Permian Basin Empire Friday than the previous week's 229, according to Reed Roller Bit Co.'s survey.

This also topped this time last year's 232 active units in West Texas and Southeast New Mexico. Lea County, N. M., with 39 rotaries making hole, led basin drilling.

- The county-by-county survey, with previous totals in parentheses, includes:
- Andrews 23 (21), BORDEN 3 (3), Coke 3 (1), Concho 4 (3), Crane 19 (27), Crockett 7 (5), Crosby 1 (1), DAWSON 12 (12), Dickens 1 (0), Donna Anna 1 (1), Ector 7 (7), Eddy 10 (11), Fisher 2 (3), Gaines 11 (11), GARZA 2 (2), GLASSCOCK 1 (0), Hockley 2 (2), HOWARD 3 (3), Irion 1 (0), Kent 3 (1), Lea 39 (37), Loving 2 (1), Lubbock 1 (1), MARTIN 5 (3), Midland 6 (6), Menard 0 (1), MITCHELL 1 (2), Lynn 2 (2), Nolan 3 (2), Pecos 18 (11), Reagan 1 (0), Reeves 7 (6), Roosevelt 3 (3), Runnels 2 (3), Scurry 5 (4), Schleicher 2 (3), Stonewall 4 (4), Terrell 5 (5), Terry 1 (1), Tom Green 2 (2), Upton 10 (3), Ward 5 (5), Winkler 10 (6), Yoakum 5 (4), TOTALS 225 (229).

Talent Of Industry's Men To Underwrite Policy Study

HOUSTON (AP)—Sen. Clinton Anderson, D-N.M., says the talents of men from industry will underwrite the accuracy of the Senate's national fuels policy study.

The oil, gas, and coal industries have loaned to the Senate Interior Affairs Committee four experts as assistants to a study group making the study.

"Their talents will be our best guarantee a careful and accurate job will be done," Anderson said.

The assistants are:

- Paul Schults of Tulsa, an independent oil operator.
- John Ryan, an economist with Humble Oil.
- Dr. Charles Potter, president of the Rochester & Pittsburgh Coal Co.

Herbert Bickel, a gas economist with Texas Eastern Transmission Corp.

Anderson told the Independent Petroleum Association of America convention this week the men were not selected to represent their respective industries.

"They were not selected as spokesmen," he said. "They were selected because they are eminently knowledgeable about their respective industries or know where to turn for information they themselves do not have."

Oil and coal interests exchanged bitter words last year over proposed fuels policy studies.

Another Guthrie well is No. 6-C Sarah Hymen, C SW NW NW, section 89-29, W&NW survey, which produced 11 barrels of 32 gravity oil on initial pumping potential in the Howard-Glasscock field. From an elevation of 2,368 feet, it was drilled to 1,321 feet and pay was topped at 1,313 feet. An open hole section is between 1,313-21 feet and 5/8 inch casing was set at 1,313 feet. The well was fraced with 6,000 gallons.

In Mitchell County, Socony Mobile No. 59 Mary Foster, spotting C NW SE, section 18-29-1s, T&P survey, pumped 22.99 barrels of 30.4 gravity oil on initial potential in the Latah-East Howard field. It bottomed at 2,868 feet and was plugged back to 2,841 feet. Pay was topped at 2,599 feet, elevation is 2,357 feet, and the well was fraced with 50,000 gallons. It is five miles southwest of Latah.

The other Mitchell well is Socony Mobil No. 61 Mary Foster. It potentialized 75.85 barrels of 30.4 gravity oil on pump in the same field. Elevation is 2,321 feet, total depth is 2,850 feet, the oiler was plugged back to 2,827 feet, pay was topped at 2,486 feet and 4 1/2 inch casing is at 2,850 feet. It was perforated between 2,496-772 feet and fraced with 50,000 gallons. The gas-oil ratio was 135-1. Location is C SW NW, section 18-29-1s, T&P survey.

Two tests were staged in the Spraberry Trend area of Martin County Saturday, one of them on the lease of a Big Spring man, Garner McD Adams.

Lone Star Producing Co. will drill the No. 1 Garner McD Adams about four miles west of Stanton. It is contracted for 8,300 feet at 1,310 from south and 1,304 from east lines of section 7-36-1s, T&P survey.

The other site is Chase Petroleum Co. No. 1-C Snyder, set for 8,200 feet at 1,300 from north and 1,980 from west lines of section 30-36-1s, T&P survey, four miles southwest of Stanton.

Allen M. Wiggins

Softball and baseball were at the peak of their popularity in Big Spring in the 1930's, and Cosden had two teams. Allen M. Wiggins had created a stir in baseball circles in Oklahoma, and certainly in his hometown Ardmore.

He moved to Forsan and pitched a couple of ball seasons on Cosden Pipeline's ball team before going to work at the refinery on April 26, 1936. From loading tank cars he was shifted to the lime treating department, then to pumping. He is No. 1 operator and assistant foreman in the pumping and treating department.

Eva Reigh, a schoolmate from Ardmore, became his bride on July 22, 1933. They have one son at home, Donnie Michael, 13, a seventh grader at Goliad, and two married sons. Kenneth Ray is employed by Shasta Ford. Airman Gary Brent is on leave from Alaska, and this is the first time he has seen his 6-month-old daughter, Debbie Lee.

The Wiggins home at 1501 Chickasaw is convenient to the Airport Baptist Church, where they attend services.

Otto Peters Jr.

Since Aug. 5, 1936, the Cosden payroll has carried the names of two Otto Peterses—Otto John and Otto James. To avoid confusion they have adopted the suffixes Sr. and Jr.

The younger Peters was born in Syracuse, N. Y., but has lived mostly in Oklahoma and Texas. The family came to Big Spring in time for him to graduate with the BSIS Class of '31. His two brothers, Huff and Eugene, worked for Cosden at one time and he claims the company as the only employer he has ever had.

In 1934 and 1935 he operated Cosden's filling station on the old Bankhead Highway, where the bulk plant now stands. Moving into the refinery, he was gauger-fireman-operator on various units. Next came assignments as bookkeeper, time and yields clerk, paymaster. For more than 16 years he has been chief clerk at the refinery. In addition, he is treasurer of the Cosden Employees Federal Credit Union.

Soon after he married Bobbie Lloyd, the daughter of the J. R. Lloyds, on Aug. 7, 1938, they lived in a house located where his office now is, in the refinery personnel building. Home is now at 811 Runnels. The couple has two children, Michael Dorward, 16, a sophomore in high school, and Mrs. Ed (Jean II) Harris, who is the mother of their only grandchild, 3-year-old Terry Don. They attended St. Mary's Episcopal Church.

R. W. Thompson

R. W. Thompson, who was born in McLean and raised in Vega, Texas, came to Big Spring on June 1, 1936, to be assistant manager of the bulk plant. With him he brought a degree from West Texas State Teachers College, a law degree from Cumberland University, and three years coaching and teaching experience at Memphis, Bowie and Nocona. He had also practiced law and been associated with an oil producer. Within six months he was man-

R. Schwarzenbach

When Cosden's new catalytic cracker went on steam in November of 1949, it was a memorable time for Roland Schwarzenbach, who was there as stillman. Six years ago he became foreman and remains in charge of the vital unit.

Schwarzenbach, the son of pioneers of West Texas, the R. L. Schwarzenbachs, made a gridiron record at Big Spring High before graduating in 1927. He was on the All-Star softball team when Cosden offered him employment June 30, 1936. The company assigned him to the tank car loading department, and Spike Henninger recruited him for his ball team.

His career was interrupted by two years in the Navy as an instructor in a diesel school at Chicago. He returned to the refinery to be trained on various units.

Schwarzenbach married Virginia Whitney Weaver on Oct. 24, 1942, and they live at 637 Manor Lane. He is an elder in the First Presbyterian Church.

Foremost interest is the grandchildren, Steve, 6, and 2-year-old Leigh, the children of the former Luan Wear and Charles Lovelace of Farmington, N. M.

W. D. Willbanks

Walter Daniel Willbanks, through his more than a score of years in the security department at Big Spring Refinery, has been called the "Sheriff of Cosden County."

The native of Brown County is an alumnus of Brady High School and attended the University of Texas for a year. He was in the Army three months before World War I came to an end.

His history is colorful. It embraces several years with a gro-

E. Rayford Liles

Frank Rayford Liles covers 100 to 150 miles a day in his work as a district gauger for Cosden in the Glasscock-Howard field. Although he started with the company permanently on May 16,

James J. Smith

James J. Smith never ceases to be amazed at how readily West Texans have accepted a New Yorker and made him feel at home. He originally came here in August, 1942, to the bombardier school, and after the Pacific action he returned to Big Spring.

July 24, 1946, marked his first day at Cosden. Two years before, on July 1, he had acquired a wife, the former Imogene Henderson of Big Spring. Smith began as a yardman but for 14 years has been in the tank car loading department. His present rank is No. 1 rackman, in aromatics.

The Smiths attend West Highway 80 Church of Christ. There are 16-year-old Gloria Jean, who is a junior in high school, and Emma-Lou, 14, a freshman. They live at 1314 Mesa Ave. Spectator sports interest them all.

Smith attended school in New York and has to his credit 6 1/2 years in Uncle Sam's service. Of his infrequent visits to his home state he says he realizes each trip how much more he prefers the Southwest. He likes his work at Cosden and is happy the Armed Services sent him this way.

W. T. Conger Jr.

He joined Cosden June 10, 1936. The refinery enlargement through the years has considerably expanded his night patrol. A son, Charles W., is employed by the company as a technician, and he and his wife have two girls, Jill Ann, 5, and Kay, 3.

Mr. Willbanks, whose wife died in 1956, lives at 1602 Gregg. He is a member of the First Methodist Church, Masonic Lodge 598, is a Shriner and has earned 32-degree rank in the Scottish Rite Consistory.

Howard Gains 4 New Wells

Four wells were completed in Howard County, all in the Howard-Glasscock field, and two were completed in the Latah-East Howard field in Mitchell County.

MEET THE 'seniors' OF THE COSDEN FAMILY... JAMES J. SMITH

This is the 4th in a series of special Cosden presentations recognizing the long and valued services of these employees who have been associated with the Company 15 years or longer. Cosden is proud of its scores of workers who have contributed their efforts through so many years toward the success of the company.

James J. Smith never ceases to be amazed at how readily West Texans have accepted a New Yorker and made him feel at home. He originally came here in August, 1942, to the bombardier school, and after the Pacific action he returned to Big Spring.

July 24, 1946, marked his first day at Cosden. Two years before, on July 1, he had acquired a wife, the former Imogene Henderson of Big Spring. Smith began as a yardman but for 14 years has been in the tank car loading department. His present rank is No. 1 rackman, in aromatics.

The Smiths attend West Highway 80 Church of Christ. There are 16-year-old Gloria Jean, who is a junior in high school, and Emma-Lou, 14, a freshman. They live at 1314 Mesa Ave. Spectator sports interest them all.

Smith attended school in New York and has to his credit 6 1/2 years in Uncle Sam's service. Of his infrequent visits to his home state he says he realizes each trip how much more he prefers the Southwest. He likes his work at Cosden and is happy the Armed Services sent him this way.

COW POKES

By Ace Reid

"If you're gonna plow, you might make them furrows a little straighter."

Income Tax Form Changed But No Easier To Fill Out

BY SAM BLACKBURN
The 1961 version of the famous "ten-forty" form for reporting individual income-tax returns is shorter than that of last year, has been rewritten, slightly modified but is not one whit simpler to fill out than its predecessor. Last year's 1940 form had four pages; this year's model has only two pages. Last year, you had to do a lot of page flipping to get all proper information entered in the right spaces. This year you may escape some of this — the tax owed can be figured out on Page 1 instead of on Page 4 as in other years.

STILL DIFFICULT
But, sad to relate, it will be just as difficult with the new version of the 1940 form to comply with federal income tax requirements as ever. And your taxes will be just as high as they ever were. Copies of the new form are now on hand at the office of the Internal Revenue Service. However, they are not available to the public. They will be sent by mail to most taxpayers around Christmas or shortly afterward.

Certified Public Accounts and others who are professional in the field of filling out federal income tax forms have examined the new model 1940 and are unanimous in their conclusion: It's no simpler than it was and it may even offer some additional complications.

NO TIPS
The forms in the past have had parenthetical clues on what page to look for instructions in the guide book which accompanies the form. The new edition has no instruction tips.

Joseph P. Gordon, agent for the U. S. Internal Revenue Service, pointed out that the new forms have all of the basic elements found in the older models. He added that reduction of the size to two pages was largely impelled by the fact most taxpayers seldom used the extra two pages. (These dealt with incomes from other sources than wages and salaries. An instruction at the top of Page 3 read "If income was all from salaries and wages, tear off this page and file only pages 1 and 2.")

EXTRA SHEET
He added that persons who have need for forms on which to report income other than wages and salaries an extra insert sheet is available with the 1961 model. This supplementary sheet bears the identification "Schedule B (Form 1940)" and will be supplied those who have need for it. This is the first year for "Schedule B."

Gordon does not anticipate any early grand rush for copies of the new 1940 forms but he said that they will not be available to the public until late in December.

City Collects 70 Per Cent Of Taxes In October
City taxes collected by the City of Big Spring through Oct. 31 showed a net of \$438,901.83. This is about 70 per cent of the expected revenue for the 1961 tax year.

The gross ran to \$452,476.95, and most of the collected taxes showed the three per cent October discount. Discount for November is two per cent and for December, one per cent.

The estimated 1961 tax collection, upon which the city's budget is based, was \$626,940 or 90 per cent on a total tax levy of \$696,600.

The estimated assessed value of real and personal property was \$46,440,000, or 50 per cent of true value.

The 1960 total valuation was \$44,941,600 and total assessed was \$674,124. Collections for 1960 ran to \$597,933, or 88.70 per cent.

to look for instructions in the guide book which accompanies the form. The new edition has no instruction tips.

Joseph P. Gordon, agent for the U. S. Internal Revenue Service, pointed out that the new forms have all of the basic elements found in the older models. He added that reduction of the size to two pages was largely impelled by the fact most taxpayers seldom used the extra two pages. (These dealt with incomes from other sources than wages and salaries. An instruction at the top of Page 3 read "If income was all from salaries and wages, tear off this page and file only pages 1 and 2.")

Only One ROW Appeal To Be Tried This Week

Only one of six condemnation suits originally slated this week before Judge Ed Carpenter and a County Court jury, will be called up for trial Tuesday. Wayne Burns, county attorney, who has been retained by the County Commissioners Court on a fee basis to represent the county and the state in the appeals, said that five of the cases will have to be reset for later in the year. Burns said the only case to be tried this week will be that of the State vs. Clarence R. Thompson, 3.75 acres.

R. H. Weaver is attorney for the other property owners in the suits — C. M. Weaver, A. O. Vanderford, W. W. Posey, J. O. McCrary and Leslie M. Newton. Burns said that Weaver asked that additional time be granted before the cases are tried. Ed Carpenter, county judge, said he was disappointed that all of the suits could not be disposed of this week. He has called 80 jurors to report to the court Tuesday morning.

The cases concern land along US 87 north from the city limits to Fairview. In the matters, a special appraisal commission was appointed by Judge Carpenter to determine payments due to the owners for the land required. The commission was appointed after the county commissioners and the landowners had been unable to reach agreements. When the commission reported its findings, the State Highway Department immediately protested that the sums fixed were excessive. Appeal notices were posted by the state and the cases delegated to the county court where juries would determine the equity of the special commissioner's valuations.

Darland Substitutes For Farley As ABC Speaker

County juvenile officer Bob Darland, substituting for Cal Farley, spoke briefly before members of the American Business Club at noon Friday on the aims and missions of Farley's Boys Ranch. The meal was served at the Cosden Country Club.

Darland, who mentioned he was taking a local boy to the establishment near Amarillo to enroll on Monday, said the ranch was established by Farley in 1939, at which time a rancher named Bivings donated the land.

Farley started the home for boys with four youngsters. Since that time, Darland stated, an estimated 1,800 youths have lived on the ranch. Those who have grown into adulthood invariably turn out to be fine citizens, he added.

At the present time, Boys' Ranch has 34 instructors and 365 boys enrolled. Five area boys have been sent there since Boys' Ranch opened, Darland stated.

Farley called Johnny Johnson, the ABC program chairman, to express his regrets at having to cancel out the engagement.

Tom Conway's team is leading the club's attendance campaign after seven weeks, it was revealed by club president Garner McAdams. Conway's squad has scored 132 points to 111 for the platoon captained by Elmo Phillips. In third place is the group led by Jim Lewis, with an even 100 points. Trailing the ticket is the aggregation led by Roy Reeder, with 81 points.

The contest, McAdams reminded, ends in five weeks. Recently introduced as new members within the club were Pat Boatler, Guy F. Chapman and Bobby G. McDonald.

Among guests present for the meeting were Bill Pool, Mrs. Roy Reeder, Randall Polk, Wade Simpson, Harold Hall, Max Green, Norman Lindley, Roy Phillips and Cheburne Williams. McAdams announced that the club would hold its luncheon again next Friday at the Cosden Hotel ballroom, the regular meeting place, in a state of repairs.

Federal Aid Is Affirmed

Two members of the Congress notified Big Spring officials Friday that the city will receive the full \$250,000 grant for remodeling the sewage treatment plant.

A. K. Steinheimer, city manager, announced that telegrams from Sen. Ralph Yarborough and Rep. George Mahon had arrived with the notice. They said that Health, Education and Welfare department officials had advised them that a \$250,000 grant would be made to Big Spring for rehabilitating the sewage disposal plant, including new construction at the plant and various sewer lines.

This work was approved by voters in a record \$4.3 million bond issue last year and had already been programmed. The \$250,000 originally earmarked for this purpose by voters, will be held as a reserve for future construction needs to the sewage system.

Some mothers do. Christian parents recognize their children as trusts from God. They know that some day they will have to answer to God for their children.

And so they take the responsibilities of parenthood seriously. They talk to their children about God. They teach them Bible stories, table prayers and bedtime prayers. They enroll them in Sunday School, parish school, Vacation Bible School. They sit with them in church.

Yes, "mothers help a lot." It is wonderful when a mother through her life walks with God. It is even more wonderful when she brings her children with her.

IF YOU WOULD LIKE TO KNOW MORE ABOUT THE TEACHINGS OF THE CHRISTIAN RELIGION, IF YOU HAVE NO CHURCH AFFILIATION AND ARE IN NEED OF SPIRITUAL COUNSEL, PLEASE WRITE US.

Indian Summer

Indian Summer in West Texas is the languid translucent calm which follows harvest and the first frost of autumn or squaw winter. It is the echo of summer, heralding the approach of winter. It is mel-

low sunshine after a misty rain; it is falling leaves; good fishing; a round of golf; cook-outs; riding; or do-nothing-at-all time. INDIAN SUMMER is a very special season before the closing in of winter.

WINDSWEPT AND BEAUTIFUL is the tree on the Horace Garrett's lawn, Edwards Blvd. Precious colorful leaves have been carried away to expose the true graceful line of the tree, symbolic of Indian Summer.

A LESSON ON THE PUTTING GREEN for Mrs. Jack Magee with instructor, Jerry Green, Big Spring Country Club golf pro.

AT THE END OF A SCHOOL DAY, Cherie Sabbato comes to a halt with her horse, Sonny, after a brisk pace through the Cosden Country Club area.

BIG SPRING SCORED and here are the Jack Rinards, the Edgar Rays, the Leo Franks, Oliver Cofer, W. O. McMeans, Mrs. Ronnie Phillips and Mrs. Gene Thomas.

DUCKS HAVE ARRIVED, making their annual visit to Cosden Country Club Lake. Also at the lake are Mrs. John Turner and son, Rog, who are about to shove off from shore for late afternoon fishing.

INDIAN SUMMER evident in the falling leaves on the lawn of the Horace Garrett home, where daughter, Sue, (left), listens in on an after-school conversation between Jerry Greenberg, son of Mr.

and Mrs. Wolfred Greenberg, and Candy Marcum, daughter of Dr. and Mrs. C. B. Marcum. Sun rays in the late afternoon silhouette the tree and the children.

WOMEN'S NEWS | The Big Spring Herald
SECTION C
BIG SPRING, TEXAS, SUNDAY, NOVEMBER 5, 1961

Burnetts Are Newcomers

Although there is a Siamese cat in the Max Burnett's household, it is non-mobile. Recently married, the newcomers to Big Spring are making their home at Park Hill Terrace and are hoping to find a genuine Siamese feline. In the background is a stereo cabinet made by Burnett whose hobby is cabinetmaking.

Max Burnetts In Big Spring; Reside At Park Hill Terrace

Newlyweds and newcomers are Pat and Max Burnett, Apartment 12, Park Hill Terrace. Married about six weeks ago, the Burnetts came from Fort Worth. In Big Spring he is field supervisor for the aviation division

of General Electric. His work, servicing and trouble shooting, will keep him at Webb Air Force Base for two years or longer. Mrs. Burnett was recently employed as secretary to Carroll Davidson, manager of the Cham-

ber of Commerce. She is interested in water sports, bowling, music and dancing. Fond of cats, Mrs. Burnett thinks any breed would make a nice pet, however her husband likes only the Siamese. Thus

the search is on for a Siamese kitten or cat. The Burnetts' attractive apartment has two outstanding pieces of cabinet work, designed and constructed by the owner. A stereo cabinet in the living room and a bar which divides the kitchen and dining areas are exemplary products of his hobby. Both display expert skill of the cabinetmaker, whose artistic ability is also seen in other decorative objects around their home.

Out of doors, Burnett enjoys swimming, water skiing, golf and tennis. An only child, Mrs. Burnett says her life has been "the usual everyday sort of thing and nothing very exciting." Burnett youngest of three children, attended schools in Oklahoma, including University of Tulsa.

Both say they have been well received on the base, in Big Spring and in their church, East Fourth Street Baptist.

COSDEN CHATTER

Visitors Here For Club Party

Mr. and Mrs. Don Mullinex of Fort Worth are weekend guests of Mrs. Alma Golinick. They came especially for the annual party of Cosden's 25-Year Club, which will take place Monday evening, Mrs. Mullinex, who is in the Arlington office, is a member of the club. Otto Peters Jr. is on a two-week vacation.

Company business took Jack Y. Smith to Colorado City, Abilene and Wichita Falls early last week.

Mrs. Marie Erwin is spending part of her vacation with a sister in Arizona. Mr. and Mrs. George Grimes are weekending in Dallas. While there, they will visit their son, Bunky, and his wife, who live in Denton.

Mrs. Jerry Jenkins and twin daughters have been visiting in Baytown.

Mrs. Dorothy Smith is in Big Spring Hospital recovering from a back injury sustained when she fell in her office last week.

Ruth Class Meets

Eight were present for the social and business meeting of the Park Methodist Ruth Class Thursday evening in the home of Mrs. J. B. Hollis. Mrs. R. L. Bowman brought the opening prayer, and Mrs. W. B. Morris presented a devotion on Thanksgiving.

CENTER POINT SCHOOL

MONDAY: Meat loaf, corn.

Singers Are Topic For Forsan Club

Women in music were studied by the Forsan Study Club Thursday evening at the school, with Mrs. Thomas Spell presenting the program.

The speaker showed pictures of the women as she discussed each and played recordings of their songs. Using two examples each of women in opera, musical comedy and gospel singing, Mrs. Spell recounted the biographies of Lily Pons and Renata Tebaldi, in opera; Ethel Merman and Mary Martin in musical comedy; Mahalia Jackson and Marian Anderson, gospel singers.

Hostesses for the occasion were Mrs. H. H. Story and Mrs. D. M. Bardwell.

Planned for the next meeting is a dinner, Nov. 16, at Cosden Country Club, with husbands as guests. Reservations for the dinner must be made with Mrs. Walter Gressett by Nov. 10, it was announced.

No Matter The Name

Next time you see "macaroni au gratin" on a menu, just remember it's good old macaroni and cheese.

Low Goiter Incidence

Both iodized salt and the wide use of seafoods in this country have helped to lower the incidence of goiter among our population.

Mrs. Mabry Will Speak In Midland

Garden club members of this area are invited to attend the presentation of Mrs. Adrian Mabry of Spokane, Wash., in a lecture-demonstration on color in flower arrangements.

Mrs. Mabry, a national flower show judge, has studied with Gregory Conway and Bishop Henry for several years.

Sponsors of the affair are the garden clubs of Midland; it will be held at 9:30 a.m. Thursday at the Midland Community Theatre.

GARDENERS SAY 'THANKS' TO FIRMS THAT HELPED

Several institutions and firms contributed to the success of last week's fall flower show by furnishing properties and other auxiliary items, said Mrs. Odell Womack, staging chairman.

"We couldn't possibly have staged the show without their help," she said, "and we appreciate their generosity more than words can say."

Among them were Howard County Junior College, which furnished facilities, the Big Spring Herald, Howard House, KBYG, Lewis' Five & Ten, Nalley-Pickle and Trinity Memorial Park, Texas Electric Service, Quigley's, Estah's, Faye's Flowers, Chamber of Commerce and Cosden, Desk and Derrick Club.

MRS. JAMES LEE UNDERWOOD

Underwood-Younger Wedding Takes Place In Austin Church

In St. John's Methodist Church, Austin, Carolyn Sue Younger became the bride of James Lee Underwood, Saturday evening.

Parents of the couple are Mr. and Mrs. Alfred Younger of Austin and Mr. and Mrs. Alton E. Underwood, 601 E. 10th.

Double ring vows were read by the Rev. Marvin Vance, pastor of First Methodist Church, Austin, as the bridal party stood before a bank of palms with tapers in candelabra and a white floral arrangement enhancing the altar.

Mrs. Bliss Sherman, organist, presented nuptial selections and accompanied Marvin Sowers as he sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was attired in white satin peau de soie, fashioned with a bouffant skirt, marked with a bustle effect and extending into a chapel train. Pearl-encrusted appliques of Alencon lace outlined the neck and were repeated on the front of the skirt.

A fingertip veil of illusion was held by a tiny pillbox of satin and Alencon lace, and the bride carried a cascade bouquet of white roses.

ATTENDANTS

Marilyn Young Betts of Austin was maid of honor; bridesmaids were Betty Sue Dochen and Mrs. George Wilhite, both of Austin. All attendants wore frocks of emerald satin peau de soie with square necklines, bracelet length sleeves and bustles on their skirts. Flowers were yellow spider chrysanthemums.

Attending as best man was David Read of Big Spring; groomsmen were Wilbur Cunningham, Big Spring and Bill Newsom of Snyder. Guests were seated by Charles E. Long III and Albert Legge, both of Austin; Bill Newton Walker of Cleveland and Dave Millican of Corpus Christi.

Emily Legge of Austin and Jamie Newsom of Snyder were flower girls, while the rings were carried by Jack Bulkley of Dallas, a cousin of the bride.

Following the ceremony, guests were greeted at a reception by

the bridal couple, their parents and their attendants. The festivity was given in the parlor of the church.

A three-tiered cake decorated with yellow roses rested on the table, which was covered in a cloth of white satin with box-pleated ruffle of nylon tulle; drape of tulle was held in place by nosegays of yellow roses placed at intervals around the table.

HOUSE PARTY

Guests were registered by Julie Newsom of Snyder, and members of the house party included Julie Reese, Patty Brewer, Mrs. Bill Cox, Judy Allen, Mrs. Lanier Foster, all of Austin; Barbara Howell of Seguin.

For a wedding trip to Monterey, Mexico, the bride chose a silk tweed suit in honey shade, with brown accessories and an orchid in brown tones.

The couple will make a home in Corpus Christi, where the bridegroom is employed with Mayflower Transfer Co. as public relations consultant. He holds a BBA degree from the University

of Texas where he was a member of Delta Tau Delta.

The new Mrs. Underwood attended the university where she was affiliated with Alpha Phi.

Coming from out of town were Mr. and Mrs. W. N. Norred of Big Spring; Mr. and Mrs. Felton Underwood, Baytown; Mr. and Mrs. Wilborn Underwood, Mt. Belview; Mr. and Mrs. H. H. Allen, Snyder; Mr. and Mrs. M. T. Bulkley, Dallas; Mrs. K. G. Thomson, Eagle Pass; Mr. and Mrs. E. E. Legge, San Antonio; Mrs. A. B. Legge, Wichita Falls; Mr. and Mrs. L. McDaniel, Abilene.

PRE-NUPITAL HONORS

Mrs. Alex Dochen and her daughter, Betty, were hostesses for the bridesmaids luncheon, Wednesday, at Green Pastures.

Parents of the bridegroom gave the rehearsal dinner Friday evening at the Terrace Summer House.

Rogerses Honored

A surprise housewarming honored Mr. and Mrs. Noble Rogers, Friday evening at their new home, 2415 Scurry.

Hostesses for the party were

Mrs. Roy Chapman, Mrs. Aubrey Armistead, Mrs. Bob Cates, Mrs. M. A. Dunagan, Mrs. Curtis Rogers, Mrs. Delbert Harland, Mrs. T. H. Tarbet Jr. and Mrs. Howard Swinney.

A hand-mixer was presented to the couple by the hostess group, with individual gifts from the 55 attending. Out-of-town guests were from Sweetwater, Colorado City and Midland.

Bulbs For House Bloom Should Be Potted Now

By ANNE LEFEVER

November is the time to pot any bulbs you wish to grow indoors; if hyacinths and paperwhite narcissus are to be grown in water, keep them in darkness until the flower bud is well out of the bulb and in good evidence.

The bud length should be about the same as that of the foliage. Bring out into the light and keep in a cool place; if hyacinths refuse to bloom, place them in a warm dark closet, but watch carefully as they will grow rapidly in such conditions.

If outdoor bulbs are to be divided this year, wait until the foliage

is dry and yellow to insure good blooms next year. Tulips should be divided every two years; hyacinths every year, daffodils and jonquils every three or four years. Dig and divide day lilies, daisies, phlox, golden glow and violets. Peonies should be planted one inch deep with one tablespoon of bone meal for each plant.

Feed lilacs with one tablespoon of superphosphate and water it well; do not apply near the stem of the bush.

Fall is a good time in this section for making plantings of spring-blossoming flowers, since the plants have time to develop

strong root systems which will withstand wind and drought better.

Among seeds to be planted now are sweet peas, pinks, lupines, calliopsis, corpeopsis, larkspur, poppies; pansies should be planted or transplanted, since the sooner they are in the ground the sooner they will produce the bright little flowers. Some gardeners have them in their homes at Christmas time. Be sure that the soil is well-pulverized and rich.

Prepare beds now for roses to be planted when the bushes are dormant. Dig the bed about 20 inches deep, placing a layer of barnyard manure and a layer of garden soil, with a sprinkling of compost or peat moss.

Established roses should be hilled against the freezing weather to come, and pruning of bushes should wait until growth starts in the spring.

COMPETES IN RIDING EVENTS

Down-To-Earth Young Heiress Loves Horses

By JOY MILLER

NEW YORK (AP)—Some heiresses elope with busboys. Others devote their lives to high society. Judy Firestone rides horses.

While the socialites cluster in grandstand boxes at the current National Horse Show in Madison Square Garden, the granddaughter of Harvey Firestone is out in the ring showing horses or competing in riding and jumping events. And she has won quite a few championships at shows around the country this year.

Judy will probably inherit a million or so of the rubber manufacturing family's fortune, but the fact hasn't given her airs. At 22, she's friendly, direct and down to earth.

"Someday I hope to be married, and that would be nice," she says. "But I really don't have an urge to set the world on fire in any way."

She never had a coming out party because she didn't want one. She buys her clothes in Akron, Ohio, shops; she went abroad for a second time only this year—and then to accompany her father on a business trip.

HOBBIES EXPENSIVE
But Judy is not precisely unprivileged. Among other hobbies, horses like her 6-year-old mare Princess Jack, and the young chestnut gelding named Eyewitness, the two she brought from home on the horse show circuit this year, take a bit of expensive coddling.

"I've been riding since I was 6," she says. "Daddy used to play polo and the family has always had horses."

Daddy—Raymond C. Firestone, president of the family's tire and rubber company—was a top rated polo player during the late twenties and early thirties. Since he and Judy are quite close her affinity for horses comes naturally, friends say. At Lauray Farms, their home in Bath, Ohio, the two maintain a large stable.

PETITE AND FEMINE
A slim, 5-foot-1½ Judy is the fine-boned type that riding clothes lend an extra elegance. The gam-

in cut of her reddish-blond hair tops her off sleekly.

She doesn't think being around horses makes a girl mannish. "If you're feminine, you're feminine, and if you're not, you're not," she points out with irrefutable logic. "It doesn't matter what you do, you can still be a lady."

Judy, christened Judith, says she hasn't any urge to live in a big city. "I was born and raised on a farm-type place outside Memphis, Tenn., and when we moved to Ohio we got property out in the country as soon as we could."

She loves to read almost anything. As for the arts, although sister Christy, 25, paints, "I can't draw a straight line with a ruler."

Judy is far removed from the madcap heiress image, but she has a secret hankering to go on a safari. "Not to shoot anything, though. I can't understand wanting to kill animals."

And although she says she'd be too scared to ever attempt it, mountain climbing has a romantic appeal. "I'd probably just look down and faint," she says with a grimace of self-disapproval. "Plus the fact I hate to be cold. There's no doubt I'd be fine on a mountain."

Methodist Class Meets For Lunch

Mrs. A. C. Bass and her group were hostesses for the luncheon given Friday for members of the Susannah Wesley Class, First Methodist Church.

Chrysanthemums in various autumn shades decorated the tables where 39 were seated; this included guests, Mrs. Homer Petty, Mrs. T. J. Robb of Dallas and the Rev. and Mrs. Dewitt Seago.

A devotion was presented by Patricia Fowler, educational director of the church, and the dismissal prayer was offered by Rev. Seago.

FISHER'S BOTH SHOPS

Mid-Afternoon Rites Unite Couple At Webb

Double ring vows were exchanged in the chapel at Webb AFB in a mid-afternoon ceremony Saturday for Eileen Mae Seely and Carl Louis Schrier Jr.

Parents of the bride are Mr. and Mrs. Glenn S. Seely of Bloomsburg, Pa.

Chaplain Lewis Dunlap read the wedding service before an altar of white carnations and silver candelabra holding white tapers. A prelude of nuptial selections was played by Mrs. Thomas Lane, who also played the traditional wedding marches.

James Syfrett of Tanecia, Fla., gave the bride in marriage; she was dressed in a ballerina length gown of white satin with scalloped neckline and bracelet length sleeves. A small bustle bow marked the back waistline.

A shoulder length veil of illusion was held in place by a tiara, and the bride carried an arrangement of orchids and stephanotis on a nurses' prayer book.

Attending as maid of honor, Patsy Weaver of Shamokin, Pa., wore blue satin, ballerina length, fashioned with bateau neckline and brief sleeves. Her headpiece was a blue satin bow, and her flowers were blue and white carnations in cascade.

Arthur Bahn of Blytheville, Ark., was best man; guests were seated by Edward Fraiter of Long Island, N. Y., and Frederick Assad of Boston, Mass.

A reception at the NCO Club followed the ceremony. Guests were registered by Nell Applegate of Grayson, Ky., and members of the

house party were Lucille Lampson of Lewiston Maine, and Janice Barton of Cranston, R. I.

Blue and white tapers lighted the table which held a wedding cake in three tiers decorated in blue, white and silver. A bridal couple topped the confection, and napkins bore the name of the newlyweds.

For a trip to points in Kentucky, Ohio and Pennsylvania, the bride chose a two-piece knit dress of blue, with which she used black accessories and the orchid from her bridal bouquet.

Upon their return they will make a home at the OK Trailer Courts. Both are stationed at Webb AFB—the bride in the hospital and the bridegroom with the 331st FIS.

Mrs. Schrier is a graduate of Harrisburg Polyclinic Hospital School of Nursing; her husband is a graduate of Clifford B. Connelly Vocational High School, Pittsburgh, Pa.

Jerry Lee Elected President Of Local Cosmetologists

Jerry Lee was elected president of the local association of cosmetologists Thursday evening at a meeting in the shop of Jo's Hair Fashions.

Elected first vice president was Mrs. Glynn Gibson, a new member; second vice president is Mrs. James Eason; secretary-treasurer, Mrs. Jo Kimble, and historian, Mrs. W. C. Rogers. Mrs. Fred McGowan will serve as director.

Other new members besides Mrs. Gibson were Mrs. Eloise Faulkenberry, Mrs. Janie Merritt, Mrs. Jerry Tubbs, Mrs. Walter Beauchamp and Mrs. J. R. Cole.

Mrs. Mike Arnold was a model for a hair fashion displayed by Mrs. Mike Moore.

Date for the annual Christmas party was set for Dec. 5, with the place to be announced later.

BEVERLY ANN BREWER WILL BE BRIDE OF W. ROEVER JR.

LAMESA (SC)—Mr. and Mrs. William J. Brewer Jr. of Lamesa, announce the engagement and approaching marriage of their daughter, Beverly Ann, to William Alexander Roever Jr., son of Mr. and Mrs. William A. Roever of Dallas.

The bride-elect, a graduate of Lamesa High School, is a senior at the University of Texas and will continue her studies there. She is a member of Delta Gamma sorority, Reagan Literary Society, Union Committees and has served as upper-class advisor. She was a 1960 Bluebonnet Belle finalist.

The prospective bridegroom is presently attending the University of Texas Law School and will receive his LLB degree in June of next year. He is a member of Sigma Nu social fraternity and Delta Theta Phi legal fraternity.

The marriage will be solemnized Dec. 24 in the Wynne Chapel of Highland Park Presbyterian Church, Dallas.

Recent Bride

Mrs. Emmitt Ray Tomlinson is the former Mary Belle Waters, daughter of Mr. and Mrs. O. E. Waters, former Big Spring residents, now living in Artesia, N.M. The bridegroom is the son of Mr. and Mrs. Abe Tomlinson, also of Artesia, where the couple will make a home. They were married in Juarez, Mexico, Oct. 22, with Judge Gustavo Navar reading the ceremony.

Explorer Troop Has Fun Night

Members of Explorer Troop 300, Girl Scouts, entertained guests with a slumber party and fun night Friday following the Midland-Big Spring game.

The group met at the home of Mrs. Clyde Thomas Jr. for the slumber party and the preparation of breakfast, which was done by the girls of the troop. About 20 were present.

Father Of Bride Reads Marriage Ceremony

LAMESA (SC)—Mildred Edith Webb and Kenneth Medlock exchanged wedding vows Saturday at 1:30 p.m. in the home of the bride's parents, Mr. and Mrs. Otis Webb of Sylvia, Kan. The father of the bride read the double ring ceremony.

The ceremony was performed

C-City Gardeners To Present Noted Flower Arranger

COLORADO CITY (SC) — The Colorado City Garden Club will sponsor Russell Sheppard of Dallas in a lecture, demonstration and workshop at the City Recreation Center Wednesday at 2 p.m., according to Mrs. Ben Elliott, program chairman.

Sheppard is a well-known flower arranger and former secretary to Norman Vincent Peale. He frequently lectures under the sponsorship of the Kiwanis Club.

According to Mrs. L. L. Comer, garden club president, some of his materials for arrangements are Johnson grass, seed pods, and other materials usually overlooked. He has just returned from the West Coast with other unusual plants and materials.

The lecture is open to the public, according to Mrs. Elliott, with admission set at \$1.00.

before a fireplace banked with greenery.

The bride wore an ivory wool street length dress, which she had designed. Purple accessories completed the ensemble and she carried a single purple orchid.

Phyllis Roggendorf of Floydada was maid of honor, and Jack Prather, Lamesa, was best man. For a wedding trip the bride chose a purple wool suit with lavender trim and purple accessories. The couple will reside in Gaines County where the bridegroom is engaged in farming.

The new Mrs. Medlack is a graduate of Oklahoma State University and Texas Tech College. She was employed by the Texas Agricultural Extension Service in Lubbock.

The bridegroom was graduated from Lamesa High School and attended Abilene Christian College.

Son Is Born To Donnie J. Smiths

Mr. and Mrs. Donnie J. Smith, 710 E. 18th, announce the birth of a son, Daron Blake, at 5:45 p.m., Nov. 3, at Malone and Hogan Hospital. The baby weighed 6 pounds and 13 ounces.

Grandparents are Mr. and Mrs. Charles Campbell, 2900 Parkway, and Mr. and Mrs. A. J. Smith, 2903 Cactus Drive.

Austine La Mar's For Day, Afternoon

Elegant daytime and afternoon dress has all of the elements of the new look of ease, plus all of the comforts of a molded, natural waistline. In this draped version, the bodice is cut crosswise to allow for the graceful all-in-one sleeves and eliminate unnecessary seaming. This is a dress to be comfortable in for daylong wear whether you make it in one of the new crepes, a supple faille or sheer wool. Price \$1. No. R-156 is available in sizes 12, 14, 16, 18, 20. Size 14 takes 3 1/4 yards of 44-inch fabric for dress and 1/4 yard of contrast fabric for belt. Standard body measurements for size 14 are: Bust 34, Waist 26, Hips 36. To order send one dollar in cash or check. No stamps. Add 10 cents if you wish first class mailing. Send to AUSTINE LA MAR Fashion Pattern, Big Spring Herald, Box 1615, G.P.O., New York 1, N.Y. Print your full name, address, pattern number and size.

Mrs. Porter Has Meeting Of Circle

Mrs. Benny Porter was hostess for a salad supper Thursday evening at her home, with 10 members of the Baptist Temple Douglas Circle, guests. During a brief business session, plans were made to decorate the church for Nov. 21, when all cir-

cles are to meet for a mission study and salad supper. Mrs. Sam Arrington dismissed the meeting with prayer. The next meeting will be Tuesday at 9:30 a.m., in the Unger Rest Home. Pancake Topping Your small fry will like this pancake topping! Mix a half cup of sugar with a couple of tablespoons of grated orange rind and store in a tightly covered jar overnight.

Two Honored At Stanton Shower

STANTON (SC) — Mrs. O. C. Turner and her daughter, Mrs. Donnie Hull, were honored with a double pink-blue shower Thursday in the home of Mrs. Owen Kelly. Hostesses were Mrs. Bill Hull, Mrs. Tommie Williams, Mrs. Tom Smith, Mrs. Alex Haggard, Mrs. Clement Sanderfer, Mrs. Glenn L. Brown, Mrs. W. W. Atchinson, Mrs. Owen Kelly, Mrs. R. A. Evans, Mrs. Lee Graves, Mrs. John Atchinson Jr. and Mrs. Tommie Foreman. STANTON (SC) — Mrs. Eula Eubanks has her daughter and family from Monahan as weekend guest. Mr. and Mrs. Walter Graves, Mr. and Mrs. Granville Graves, Terri and Craig of Coahoma have returned from a trip to the Big Bend National Park. Mr. and Mrs. C. S. Bevers and

Charlene, Mr. and Mrs. J. H. Parrish have been visiting in Odessa where the Parrishes' son underwent surgery. Mrs. Hila Weathers, formerly of Stanton, is returning to Texas from California. Mrs. Weathers has accepted a place with the state hospital in Big Spring.

Front Fastening New Idea Of Jean Louis

By JEAN SPRAIN WILSON
Fashion Writer

NEW YORK (AP) — At least one designer does not underestimate the fury of a woman who cannot, despite her contortions, unzip the back of her dress.

He is Jean Louis, a Frenchman from Hollywood, who brought a bevy of beautiful models and boxes of new fashion ideas for the debut of his spring collection here today.

One such idea was the "step-in" tunic dress with a panel of buttons marching down the front far enough for easy entry, feet first, eliminating the need for zippers.

Jean Louis' coat-dress is another zipperless style which not only preserves sacroiliacs. It is guaranteed not to deflate those bouffant hairdos which Mrs. Jacqueline Kennedy did so much to make popular.

Although it buttons down the front like a coat, the style resemblance ends there. Like other so-called coat dresses introduced at this spring market, the West Coast couturier's are too fitted and belted to be anything else but a dress.

PROGRESSIVELY FEMININE
As the show hurried on, the wardrobe progressed from manish suits with bowler hats; to coats narrow at the shoulder and flared wide from the fitted bosom to floral pastel costume suits; to sultry black crepe cocktail dresses draped in back; and finally to chiffon and beaded formalwear.

Except for those step-in dresses, most of Louis' styling was in retreat. The West Coast couturier obviously appreciates a tanned back, for some backs are scooped so low and wide they nearly elim-

inate the back bodice of the dress altogether.

Another Franco-American from the East Coast, Jaque Tiffeau, introduced the Obi silhouette Thursday during the Monte-Sano spring show. Being much closer to the Orient geographically, it was only fitting that Jean Louis should go one better with the Kabuki costume.

Those loose, slit sleeves of the Japanese kimono are in Louis' daytime dresses, theater suits, floating chiffon, rustling satin, and even sober black floor-length dinner gowns.

GRANDMOTHER MODELS
Although other American designers seem to have deserted ostrich feathers as well as clinking crystals, blinding beads, shimmering sequins, Jean Louis with a Hollywood following could hardly eliminate the showy costumes.

And to prove how well Jean Louis does at dramatizing a not-exactly-young figure, a grandmother modeled a glittering serpentine floor length gown, trailing a stole of twinkling silver sequins behind her. The crowd applauded wildly.

The model was Marlene Dietrich.

Caubles' Guests

The Rev. and Mrs. Don Cauble, Keith and Ky left Saturday morning for their home in Alamogordo, N. M., after a visit in the home of their parents, Mr. and Mrs. J. P. Cauble, Friday evening. The visitors were entertained at a get-together in the B. J. Petty home; others present were Mr. and Mrs. Kyle Cauble, the J. P. Caubles and the Buster Caubles.

Numbered Among Guests

Among the many guests attending Northrop Aircraft Corporation's cocktail party, Friday evening at Big Spring Country Club, were Mrs. Richard Johnson, Mrs. John F. Holt, Mrs. R. W. Whipkey, Mrs. Wilson Banks, and Mrs. Dan Collins, (top photo). Another group of guests includes Mrs. August Taute, Col. and Mrs. D. W. Pendergrass, Mrs. A. D. Johnson and Mrs. Max Zweibel, (lower photo).

Military, Townspeople Guests Of Northrop

Richard R. Nolan, vice president and general manager of Northrop Aircraft Corporation, was in charge of arrangements for the Friday evening cocktail party held at the Big Spring Country Club.

Also present and numbered among the hosts were C. L. Burdett, customer relations director, Norair division; J. R. Allison, vice president in charge of marketing; A. C. Morgan, vice president in charge of contracts; F. D. Mathes, chief of customer service; Norair; W. E. Woolwine, director of engineering; and Charles Barr, public relations, all of Hawthorne, Calif.

Ralph Quinn, Northrop's Logistic Support representative, Big Spring; Dan Collins, Norair representative from San Antonio; and H. Chouteau, T-38 marketing representative of Hawthorne.

An array of flowers included a mammoth cloud of white mums above which was suspended a T-38 jet model. This was displayed in the foyer of the club, while in the main room, tables were centered with great baskets filled with giant bronze, gold and yellow mums interspersed with bird-of-paradise. Music was provided by the Multi-Sonics Northrop cigarette lighters were favored.

The party was given in connection with the introduction of Northrop Aircraft's T-38 jet plane, at Webb Air Force Base this weekend.

For Small-Fry
Fill small wedges of celery with peanut butter for a small-fry snack.

Chinese Sheath

This fashion is ever so easy to make, and ever so effective with its asymmetric button trim. No. 3226 comes in sizes 12, 14, 16, 18, 20. Size 14 takes 2 1/4 yards of 35-inch fabric, or 2 1/2 yards of 39-inch.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 1490, New York 1, N. Y. Add 10 cents for each pattern for first-class mailing.

For the new Fall-Winter Pattern Book presenting the latest pattern designs and featuring comprehensive lessons in dressmaking send 50 cents.

ROUND TOWN

With LUCILLE PICKLE

Nothing sparks a party like the pretty women who wear the pretty clothes and the Northrup party at the Big Spring Country Club Friday evening was no exception.

MRS. WILSON BANKS, wife of Webb's commanding officer, was beautifully dressed in gold brocade satin with flared skirt and three-quarter sleeves. Interest was centered on the back treatment, where the soft material was gathered across the lower hips and was topped by two roses of self material.

A festive dress of white brocade satin was chosen by MRS. MAX ZWIBEL who wore bright blue satin slippers as the accent. Another who chose white was MRS. NILES CARTER whose dress was the purest white crepe with elbow length sleeves and high neckline. She wore white slippers and gold jewelry.

Black was a popular choice for many including MRS. WILLIAM H. HUSS, whose dress featured a net embroidered bodice and wrist length sleeves; the full skirt was of chiffon. Others choosing black were MRS. AL ELDORIDGE who wore a frock of silk organza with fitted waist with pencil slim shoulder straps. MRS. RALPH QUINN, whose husband represents Northrup locally, was attractive in a smartly cut frock of fine faille. The deep neckline was adorned with a single flat bow.

MRS. JEFF BROWN tied a full organdy overskirt over her pencil slim sheath of faille and transformed it into a charming party dress. MRS. RANDALL POLK wore black velvet with a deep-V neck treatment and completed the attire with beautiful jet jewelry.

The shirred white chiffon sheath worn by MRS. SAM COLQUITT was most attractive especially with the soft drape of the material to form the shoulder treatment. She was chatting with MRS. W. G. HARRIS whose dress was beige with a full skirt of slipper satin and a bodice of chiffon with just a bit of sleeve over the shoulders. The dress was belted with a wide band embroidered with deeper shades of braid and rhinestones.

MRS. FRANK SNYDER was perky in a full skirt of pink felt scattered with vari-colored sequins. She topped her skirt with a black jersey high neck, long sleeve, cocktail sweater. MRS. F. W. ARMSTRONG'S dress of silver lame was made more glamorous by the use of bugle and seed beads on the bodice. The cummerbund was of blue peau de soie, her slippers were of sparkling silver.

The jet black hair of MRS. A. D. JOHNSON was even more beautiful with the wearing of her green lace sheath. The dress was belted with a chiffon cummerbund of matching color and the outfit was completed by gold slippers.

MRS. GEORGE BROCK'S simply styled dress was of white satin with a brocade of blue. MRS. AUGUST TAUTE also chose a blue sheath and wore most attractive large stone jewelry. MRS. MAX BURNETT wore a pretty beige polished cotton, cut along simple lines but smart because of the casual treatment.

MRS. WINSTON WRINKLE, an attractive brunette, wore a bright green jersey dress with gold jewelry.

MRS. LELAND YOUNKIN, who wore blue lace with matching gloves and slippers, was laughing about a note from the colonel who is now serving in Pakistan. He mentioned, or rather, made a point of, the difference in parties he now attends from parties at home. Where he is now, the women sit on the opposite side of the room from the men, and they don't say a word all evening!

CURTIS BURDETT, who dreamed up the beautiful use of white chrysanthemums to form a cloud for the model of the T-38 to float on in the club foyer, had nothing but praise for the local florist who executed his idea to perfection.

BENNETT, who Friday received news of the successful surgery on their daughter, MARTHA KAY, Miss Bennett, a 30-year-old student in Santa Monica City College, Calif., has had seven operations for the correction of a birth defect in her mouth. Last summer her brother-in-law, DELMAR BUNN, a student in the UCLA medical school, heard a lecture by a plastic surgeon and he asked for and received an appointment for Martha Kay. She talked with him in September, and the surgery was set for Nov. 2, Mrs. Bunn called her mother Friday and told her the surgery was a complete success and that her sister could speak in a normal voice. There were no stitches taken and in little over three months all signs of the plastic surgery should be gone.

Incidentally, Martha Kay plans to finish the junior college work in February and will probably continue her studies at UCLA.

Visiting across the luncheon table from Mrs. C. A. DEWEES, former Big Spring now of Arlington, I learned that her daughter, the former CAROL DEWEES, is now Mrs. GERALD PHILLIPS, and is the mother of Danny, 2, and Susie, nine months. The Phillips live in Arlington.

Sleep Outfit

A pullover top striped in exciting colors is teamed with tapered black knit trousers in a two-piece pajama styled in comfortable, easy care cotton knit.

Gift Idea

You don't have to be an expert seamstress to make stuffed toys for small fry this Christmas. Printed in fast color on drip dry cotton are the outlines of the front and back of several delightful animals and a jolly Santa. Cut out the two pieces of each toy, sew up the seams, and stuff with cotton batting.

 Born to Mr. and Mrs. Artis White, 811 Cherry, a daughter, Joyce Anna, at 11:49 p.m., Oct. 28, weighing 6 pounds and 12 ounces.
 Born to Mr. and Mrs. Andrew Flores Longoria Sr., 401 NW 9th, a son, Andrew Flores Jr., at 3:04 a.m., Oct. 29, weighing 6 pounds and 15 1/2 ounces.

Born to Mr. and Mrs. David Dewis Craddock, Knott Rt., a son, Randell Lynn, at 3:20 p.m., Oct. 30, weighing 5 pounds and 9 ounces.
 Born to Mr. and Mrs. Charlie Alvin Smith, Rt. 1, Box 19B, Stanton, a son, John Ralph, at 6:12 p.m., Oct. 30, weighing 7 pounds and 13 1/2 ounces.
 Born to Mr. and Mrs. Warren Juan Rangel, 508 NW 7th, a daughter, Linda, at 9:10 a.m., Oct. 31, weighing 6 pounds and 1 1/2 ounces.

COWPER CLINIC AND HOSPITAL
 Born to Mr. and Mrs. Kenneth Stroup, 1206 Dixie, a son, Phillip Jay, at 3:44 p.m., Oct. 31, weighing 9 pounds and 4 ounces.
 Born to Mr. and Mrs. Archie Kinard, 1106 Birdwell, a son, Gary Lyn, at 1:44 a.m., Oct. 30, weighing 8 pounds and 8 ounces.
 Born to Mr. and Mrs. James F. Cowen, 708 1/2 W. 20th, Odessa, a son, Jay Carter, at 9:30 a.m., Oct. 29, weighing 6 pounds and 12 ounces.

Born to Mr. and Mrs. Newlin James, 1308 Owens, twin daughters, Melani Susan, at 3:37 p.m., Oct. 30, weighing 5 pounds, and Stefani Cornell, at 3:45 p.m., Oct. 30, weighing 5 pounds and 14 ounces.
 Mr. and Mrs. Kenneth Hicks, 1202 Douglas, a daughter, Jacque Dawn, at 1:12 p.m., Oct. 29, weighing 5 pounds.
 Born to Mr. and Mrs. Raymond Mendoza, 705 N. Douglas, a daughter, Maria Perez, at 11:46 a.m., Oct. 29, weighing 6 pounds and 10 ounces.

Born to Mr. and Mrs. Charles Worley, 1106 E. 12th, a daughter, Charlynn Denise, at 3:03 p.m., Oct. 27, weighing 7 pounds and 2 ounces.
 Born to Mr. and Mrs. Felix Chavarria, 610 NW 3rd, a son, Jesse, at 4:30 a.m., Oct. 26, weighing 6 pounds and 8 ounces.
 Born to Mr. and Mrs. V. P. Miller, 1405 Stanford, a daughter,

Janice Yvette, at 9:05 a.m., Oct. 25, weighing 9 pounds and 4 ounces.

MEDICAL ARTS HOSPITAL
 Born to Mr. and Mrs. John O. Capps, 1500 Lexington, a daughter, Beverly Kay, Oct. 26 at 10:10 p.m., weighing 8 pounds 14 ounces.
 Born to Mr. and Mrs. Jose Ochoa, Rt. 2 Box 221, a son, Jose Jr., Oct. 28 at 11:20 a.m., weighing 7 pounds 15 ounces.

Born to Mr. and Mrs. Oliver Graddington, 701 N. San Antonio, a daughter, Olivia Estelle, Oct. 28 at 3:20 p.m., weighing 7 pounds 5 1/2 ounces.
 Born to Mr. and Mrs. W. C. Morris, 400 Donley, a daughter, Cynthia June, Oct. 30, at 9:24 a.m., weighing 7 pounds 10 ounces.
 Born to Mr. and Mrs. Dickie Lee Bennett, 2108 Warren, a son, Dennis Kyle, Oct. 31, at 12:15 p.m., weighing 8 pounds 15 ounces.
 Born to Mr. and Mrs. Joe Mathis, Rt. 2, Box 224, a son, Ronald Dale, Nov. 2, at 7:10 a.m., weighing 7 pounds 12 ounces.

WEBB AIR FORCE BASE HOSPITAL
 Born to Lt. LA. and Mrs. Joseph M. Hitzel III, 3210 Cornell, a daughter, Susan Marie, at 9:55 a.m., Oct. 26, weighing 8 pounds and 8 1/2 ounces.
 Born to Airman 1.C. and Mrs. Randall L. Coburn, 207 Mobile, a son, Randall Lewis II, at 11:10 p.m., Oct. 27, weighing 8 pounds and 7 1/2 ounces.
 Born to S. Sgt. and Mrs. William H. Ellis, 405 Galveston, a son, William Perry, at 10:45 p.m., Oct. 27, weighing 7 pounds and 2 ounces.

Born to T. Sgt. and Mrs. Vincent M. Flores, 203 Harding, a daughter, Maria Suarez, at 1:05 p.m., Oct. 27, weighing 6 pounds and 1 1/2 ounces.
 Born to Airman 2.C. and Mrs. Donald E. Howard, 100 E. 17th, a daughter, Donna Kay, at 8:17 a.m., Oct. 28, weighing 9 pounds and 4 ounces.

Born to Airman 2.C. and Mrs. Dee H. Palmer, 106 Birch, a son, Keith Hamblin, at 1:25 p.m., Nov. 2, weighing 7 pounds and 3 1/2 ounces.
 Born to S. Sgt. and Mrs. Richard C. Seaman, Ellis Homes, a daughter, Cina Sue, at 5:50 a.m., Oct. 30, weighing 5 pounds and 14 ounces.

Born to Airman 2.C. and Mrs. Mikel G. Henson, 310 Creighton, a son, Mikel Thomas, at 2:34 a.m., Oct. 31, weighing 7 pounds and 13 ounces.
 Born to Airman 2.C. and Mrs. Bobby R. Thornton, 702 E. 17th, a daughter, Paula Sue, at 1:07 a.m., Nov. 1, weighing 6 pounds.

Born to Airman 1.C. and Mrs. David D. Kester, Ellis Homes, a son, Daniel Douglas Jr., at 5:40 p.m., Nov. 1, weighing 7 pounds and 4 ounces.
 Born to Capt. and Mrs. Angus McPhail, 88-A Ent., a daughter, Christine, at 1:54 p.m., Oct. 31, weighing 10 pounds and 4 ounces.

Shower Honors Mrs. Frank Long

Mrs. Frank Long, organist at St. Paul's Lutheran Church, was honored Wednesday evening at a baby shower held in the home of Mrs. Harold Fischer, 2613 Carroll. About 30 guests were present. Fall colors were used for the refreshment table, which was spread with a yellow cloth and centered with yellow chrysanthemums. Entertainment included a wishing game for the honored guest.

Lydia Class Meets In Arnett Home

Members of the Lydia Class of the First Baptist Church held its regular monthly business meeting Thursday evening at the home of Mrs. J. W. Arnett, Mrs. J. H. Eastham was in charge of the business meeting. The opening prayer was offered by Mrs. G. G. Moorehead and the devotion on "God's Arithmetic," was given by Mrs. H. B. Reagan. Seven women were present and were reminded of the Sunday goal, "one more than ever before." The group was dismissed with prayer by Mrs. Fred Crosland.

FOR 16-18-21 inch DOLLS

Doll's Attire

These cute togs for a dollie are so simple it's a breeze to make them; a little girl might even learn to sew them herself for her favorite doll. No. 3223 comes in three sizes. Please order by size for 16-inch, 19-inch and 21-inch dolls.

Wife Of An Episcopal Bishop, Mrs. Pike Is Mother Of Four

By JANET FERRIS
AP Newsfeatures

SAN FRANCISCO (AP) — Mrs. James A. Pike, wife of California's forthright Episcopal bishop and the mother of four children is not a woman to relegate her public life to an occasional committee meeting.

Says 42-year-old Esther Yanovsky Pike:

"Ministers' wives should be themselves. We should develop in the directions that our interests take us," she says.

Esther Pike can maintain a lively chat without saying "I" more than once in five minutes. She helps her husband with his editorial work, traveling and entertaining. She keeps track of two girls, 12 and 18, and a boy, 10, at home, and guides an older boy, 15, who is away at boarding school.

A gracious, trim woman whose dark hair is short and curly, she has an erect carriage and a quick step.

BUSY, BUSY, BUSY

She participates in an important church committee and lectures to many church groups. She works with several secular committees, is planning a series of radio programs and studies French on the side.

"I've always served as my husband's editorial assistant and chauffeur. Since his hernia operation, I've become his porter as well," Mrs. Pike says.

CALM IN STORM

"We ministers' wives have the opportunity of sharing more of our husbands' lives than a lot of professions," she says.

Her husband has become one of the nation's most often heard religious leaders.

Recently, some Southern clergymen accused him of heresy. Mrs. Pike denies the charges calmly.

"He often consults Mrs. Pike before he makes a decision," says an assistant.

Bishop Pike was graduated from University of Southern California, took a doctorate in law at Yale. Admitted to the California bar, he became an attorney for the Securities and Exchange Commission.

While serving in Washington, D. C., with the SEC, James A. Pike also taught law courses at George Washington University. One of his students in a course on

BISHOP'S WIFE AND DAUGHTER

federal procedure was pretty Esther Yanovsky.

A graduate of George Washington who had majored in statistics and business, she was doing legal editorial work in labor law on the side.

Three-quarters of the way through law school, she stopped to devote herself to a more important matter—James A. Pike. They were married in 1942.

HELPED AIR VIEWS

A few years later, he entered the ministry and was ordained a priest in 1946. In 1952 he became dean of the Cathedral of St. John the Divine in New York.

For several years, Mrs. Pike helped plan her husband's network television show, the Dean Pike Program, in New York.

When they came to San Francisco in 1958, they carried it on for two years ("It became the Bishop Pike program") by commuting the 450 miles to Hollywood to tape it.

The Pikes' variety of service leaves little time for family activities, Mrs. Pike admits, although "at the dinner table every-

one has so much to say it's exciting."

FAMILY INTERESTS

Their oldest daughter, Cathy, 18, a high school senior, spent last

summer in Southern Borneo and other parts of Indonesia as one of the students sent by the American Field Service to live with families in other countries.

"She found an Indonesian grammar only two weeks before she left," Mrs. Pike comments. "When she got there she had to learn in a hurry, because her family there spoke little English."

"Recently, I heard a lecturer at the World Affairs Council and told her about it. Cathy replied: 'Oh, I lived next door to him in Jakarta.' So we had him and his family over. Now our whole family is thoroughly interested in the problems and people of Indonesia."

Chris, 12, is described by her mother as "companionable, outgoing and friendly."

Chris, 10, plays the piano, likes skiing and "adult books just now more than his own," his mother says.

The young Pikes collect a lot of pets. Past animals have included a beagle, a Samoyed dog, cats, parakeets and chameleons.

The family collie is Eve.

"One of the clergy brought her to us the night before Christmas, so we called her Eve," she explains cheerfully.

WEBB WINDSOCK

Mrs. E. J. DeVille was honored at a baby shower last week in the home of Mrs. Gary Heart-sill. Seventeen guests were present. Mrs. B. J. Easterwood and Mrs. B. J. Gough assisted as hostesses.

Lt. and Mrs. David Sweeney went to Austin recently to visit his mother, Capt. and Mrs. Bruce A. Nagle went along as guests of the Sweeneys.

The OWC Garden Club will hold

Hot Bread Adds To Meal Interest

Who doesn't welcome a delicious hot bread?

BREADCUMB MUFFINS

1 cup sifted flour

4 tsp. baking powder

1/2 tsp. salt

1 cup fine dry bread crumbs

1/4 cup butter

1/4 cup dark brown sugar, firmly packed

1 egg

1/2 cup silvered pitted dates

Sift together the flour, baking powder and salt; stir in bread crumbs.

Cream butter and sugar; beat in egg thoroughly. Stir in flour mixture alternately with milk; fold in dates. Do not beat.

Bake in moderate (350 degrees) oven 25 to 30 minutes or until cake tester inserted in center comes out clean. Serve at once.

their November meeting Nov. 21 at the pavilion at 9:30 a.m. The date of the field trip has been changed to Nov. 20 at 1:30 p.m.

Marcy P-T2 will have a meeting at Marcy School on Tuesday. This is a change of date. Robert Whipple, publisher of the Herald, will be the guest speaker and will talk on the History of Big Spring.

The Thrift Shop will now be open on Wednesday from 9 a.m. to 5 p.m.; starting on Nov. 18, it will be open from 9 a.m. to 12 noon. The Thrift Shop is located in building 482. On Wednesday, a truck will be available to pick up large items. For more information or pick-up service call Mrs. V. C. Hewitt, AM 4-8600, Mrs. A. D. Johnson, AM 3-3461 or Mrs. Jerome Palmer at AM 4-2341.

Program Of Music Entertains Class

A program of music and games entertained members of the Loyalty Class of the Baptist Temple, meeting Friday at the home of Mrs. A. P. Gilliland, 1010 E. 12th.

Mrs. T. A. Melton was in charge of the program, which followed a brief business session. Secret pals were revealed and gifts exchanged among the 10 members present.

Refreshments were served by Mrs. Bob Wren, after which the group was dismissed with prayer by Mrs. A. R. Posey.

Dr. Lloyd Speaker For Church Women's Meet

Dr. R. Gage Lloyd was speaker for the United Council of Church Women, Friday, when they observed World Community Day at Park Methodist Church.

Topic of his discussion was "Freedom to Know"; the speaker brought out the various ways in which schools have been assisted by the work of the UCCW.

Centerpiece

This truly beautiful and different centerpiece is worked in filet crochet. When completed, it measures approximately 27 x 48 inches. Ask for No. 370. Our little Doily Catalogue is 25 cents.

Send 25 cents in coins for this pattern to MARTHA MADISON, (Big Spring Herald), Box 1490, New York 1, N. Y. Add 10 cents for each pattern for first class mailing.

He warned that Protestantism must meet the increase in population and must place the emphasis on help for the Latin-American countries.

School bags with supplies of pencils, papers, erasers and other items were collected for shipment to foreign children.

Mrs. Ray Boren was leader for the service, and Mrs. W. D. Lovelace brought the devotion.

The next meeting of the council will be Friday at Kentwood Methodist Church.

CWF Has Study Of Foreign Work

The work of the Christian Women's Fellowship in Paraguay was the lesson study for members of the CWF Thursday evening when they met in the First Christian Church.

The program was presented in the form of a skit by Mrs. Alan Kernodle and Mrs. E. R. Kohanek. Mrs. Arlen Sturdivant gave a devotion on the subject of Thanksgiving.

Dec. 7 is the date for the next session of the group.

Tint Green

The whole spices in a muslin bag, when you're preparing preserved watermelon rind, and you will have light-colored pickles that may be tinted with green food coloring.

Schools To Expand New Teaching Aids

By JOE BEYER
The use of mechanical aids to instruction will soon be expanded in Big Spring Schools. In about 10 days programmed instruction courses will be offered here, according to Sam M. Anderson, superintendent.

Programmed instruction, sometimes called gadgetry by those who do not approve of it, has found favor with many schools in the country and is being instituted on an experimental basis here.

"This new teaching method is highly recommended by some of its users," Anderson said, "and we do not want to overlook anything which may improve instruction. Whether or not it proves worthwhile locally can only be determined after we have tried it."

VARIOUS FORMS
Programmed courses come in various forms — from elaborate machines costing thousands of dollars to simplified mechanical aids such as will be used here. The Temac system, prepared by Encyclopedia Britannica Films, Inc., will be used here. It has received extensive testing in laboratories of the Britannica Center for Studies in Learning and Motivation and in the Roanoke Public Schools. Teachers who used the texts helped revise them afterwards. This revision continues as the system is used and more experience is gained.

Each Temac course consists of a set of five books. Material is presented in the form of a series of questions with a plastic

holder to shield the answer. As questions are read and answered the student can slide down the shield to check his answer. Questions are so arranged that in almost every instance the student will be right. The principle of rewarding the student for learning by giving him the satisfaction of knowing he is right, is thought to reinforce the correctness of an answer and help set the material in the student's mind.

DIGESTED
Information is fed to students, with constant review through arrangement of questions, so that each piece of information can be thoroughly digested. As material becomes progressively more intricate, review of basic and important information is injected to make learning of the difficult parts easier.

If the programmed texts are as good as they should be, there is little need for other materials. But old texts will not be discarded, Anderson said.

"They can always be used for extra review, homework, problems, etc.," he said. "And the student who advances quickly may want to do extra work or more advanced work. In that case it might be well to have extra material on hand for that student."

Anderson pointed out benefits which both teacher and pupil derive from programmed instruction. Teachers can do more individual work with students to help them in areas which they find especially difficult. The individual tutoring helps bring student and teacher closer together to improve the atmosphere for learning.

BEST PACE
Individual tutoring in the classroom has another benefit. Each student can progress at his best pace. Students of above average ability can progress quickly and not be detained in learning so that a slow student can catch up. "This aspect of programmed instruction may prove to be too much work for the teacher."

Anderson said, "but that is one of the things we will find out after we have used the system in our classrooms for a while."

Since the burden of learning is placed on the individual student, it is important that material be presented in a logical manner. Each particle of learning must be presented so that the student can grasp it.

Despite the quality of the programmed course, the importance of the teacher in presenting the course is pointed out in the manual to teachers which accompanies each course.

IMPORTANT ROLE
"... the teacher plays a very important role in pupil achievement. Teacher instruction and guidance will help pupils discipline themselves and realize through independent study and work, that learning... is in large part their own responsibility."

Orders were placed Wednesday for 26 books in Algebra I, 26 books in Algebra II and 16 books in Plane Geometry. Two sections will be offered for each Algebra course and one or two in Plane Geometry, Anderson said.

Since all work is done in class, multiple classes could be taught with only a few books, he pointed out. The present text could be used for outside work and programmed texts could remain in the classrooms.

The books will be put into use immediately instead of waiting until next year. Students will make a quick review of material already presented to become familiar with this radical approach to education and then work with the new texts as much as possible so a fair evaluation can be made at the end of the year.

New Execution Date Set For R. Wiley

A new date has been set for the execution of Roosevelt Wiley, 29-year-old Odessa Negro, convicted of the Oct. 23, 1958, murder of L. H. (Shorty) Canada, San Angelo.

He is now scheduled to die in the electric chair on Dec. 12, Wiley, arrested in Big Spring after he and a juvenile companion had slain the San Angelo milk truck driver, was sentenced Friday in Cleburne by Judge Penn Jackson.

It was the second time that Wiley had heard the court order him executed. The first time, in Lubbock, the verdict was reversed on grounds that the jury's conduct had been improper in the trial. The case, reset for trial, was later moved to Cleburne after an effort to obtain a jury in Lubbock had proven futile.

Wiley had been held in the San Angelo jail awaiting sentence date in Cleburne. He was taken to Cleburne by Sheriff Melvin Childress and Texas Ranger Ralph Rohatsch.

Wiley and his young companion, now serving a life sentence for the slaying, knifed Canada to death on US 87 just south of Sterling City in Coke County. The slaying was on Oct. 23, 1958. They stole Canada's truck and drove it into Big Spring where they abandoned it on Gregg Street.

Their actions have aroused suspicion of citizens who notified officers. They were arrested for questioning and confessed to the slaying of the San Angelo man before he was otherwise known that Canada had been killed. The Negroes were taken first to Robert Lee and later Wiley was ordered tried in Lubbock.

Salk Preferred
AUSTIN (AP) — The Texas Medical Association (TMA) went on record Friday as recommending the Salk vaccine over new oral vaccines for current routine polio immunization.

Brackish Taste In Water Under Study By Scientist

DALLAS — Scientists are conquering the brackish taste of water, but getting the housewife to accept pure water in the home is something else.

A changeover to pure water removes that crusty scale from the pipes. It's the same sort of crust that forms in teakettles. When it clinks out of the pipes into the washbasin, the housewife probably will head for the nearest complaint desk, holding up rust-spotted linens.

Dr. Donald A. Cowan, chairman of the physics department of the University of Dallas and a member of the Southwest Water Research Council, is working toward a solution of this problem in a research contract with the State Board of Water Engineers. Salty minerals are removed from water

with electricity, a tried and true process known as electro dialysis.

Economically, the problem is to balance the energy cost of desalination against equipment cost. Scientific research is doing this, he said. Clearing brackish water of its high mineral content would make millions of gallons available for tasty consumption, especially in West Texas. It appears to Dr. Cowan that the electro dialysis method is the least expensive, compared with distillation or freezing processes.

Dr. Cowan has been associated for a number of years with similar experiments conducted in laboratories of Texas Electric Service Company at Fort Worth. This firm operates a large experimental unit there and a small commercial unit at one of its power plants.

Some home units also are in use. Unless water systems are limited to gradual removal of unpalatable minerals, Dr. Cowan said, the emotional factor of spotted linens is a soft-sell chore for local civic leaders and public relations experts.

He suggests that brackish water with, say, 1,400 parts of mineral per million, be deprived of 200 parts by pilot units. In this way the water—and the morning cup of coffee—would taste better and scale deposits would leave the pipes almost unnoticed.

After a year of this gradual process, he added, other units could be installed and desalination stepped up until it is complete.

Six Generations

COALFIELD, Tenn. (AP) — Lena Ellen Tinker, matriarch of a six-generation family, is dead at 101 — leaving 226 direct descendants.

Mrs. Tinker, who died last week, is survived by 5 children, 14 grandchildren, 35 great-grandchildren, 141 great-great-grandchildren and 31 great-great-great-grandchildren.

Hoedowner Retires

M.Sgt. John J. Conover, 3560th M&S Group at Webb AFB, retired last week from the Air Force after 22 years of service. He and his wife will make their home at Columbia, Ky. He was the first president of the Howard County Hoedowners and a member many years. Mrs. Conover was president of the Protestant women's chapel group at Webb for the past six months.

A Devotional for Today

Every valley shall be exalted, and every mountain and hill shall be made low; and the crooked shall be made straight, and the rough places plain. (Isaiah 40:4.)
PRAYER: Dear Lord, we thank Thee for the hope of peace instilled in our hearts. Use us today that our lives may speak for peace. In the name of Jesus, the Prince of Peace.

(From The 'Upper Room')

Guarding Against Perpetuity

State Sen. Dorsey Hardeman has raised an issue worthy of serious consideration. He has advanced the idea of a constitutional amendment which would restrict any person to two consecutive terms in the office of governor of Texas.

Under current terms, this would mean a maximum of four successive years in the state's highest office.

The reason for this suggestion is relatively simple. The appointive power of the governor is one of the most important and far-reaching functions of the office. Under the old custom, observed until the time of former Gov. Alan Shivers, two terms in office might give a governor the power to name two-thirds of the members of boards and commissions, as well as a large number of the judiciary under certain circumstances. Yet there would always be one-third to hold over. Both Mr. Shivers and Gov. Price Daniel have extended well beyond that period and have thus come to be the author of all appointments on all boards, agencies and commissions of the state government. Any other individual coming

afterwards could duplicate or extend this feat.

This is contrary to the spirit of the law dispersing the source of appointment. In the long run, it has the seeds of creating a dynasty which could go on long to perpetuating itself in office.

The idea of limiting to two consecutive terms would not bar an individual from ever being returned to the office. It would interrupt continuity. Off hand, we venture it would be better if there were two terms separating an individual's tenures in the governorship. The one-term proviso offers the opportunity of electing a figurehead for a two-year interval and then a return to the guiding hand as we have witnessed in at least one neighboring state.

Such as this, however, is but a facet of the overlying principle—the limiting of the length of consecutive service in the state's highest office. The suggestion has much merit, especially if ways are found to mitigate the disadvantage of lame-duck situations during the last year of a second term.

Example Of A Great Difference

The recent opening of a 15.8-mile stretch of four-lane divided highway north of here is an event of great significance.

Not only does it provide a sector of almost ideal traffic movement, but it also furnishes a striking example of what the Texas Highway Department, in cooperation with county commissioners courts, is doing in the way of upgrading our highway system.

Compare the new highway from Fairview to the Dawson County line with the eight-mile stretch from Big Spring to Fair-

view. Do this and you may agree that contrast is the better word.

This suggests to us the urgency of obtaining agreement for right of way across the state hospital property in order that the highway can be similarly improved into Big Spring. After all, the heaviest end of the traffic is from Fairview to Big Spring.

When this is accomplished and the Gregg Street overpass in Big Spring becomes a reality, the south anchor of a divided highway artery to Amarillo and beyond will have been securely fixed.

Marquis Childs New York Mayoralty A Big Headache

NEW YORK—In this political showcase the election to be held here for Mayor next week is more than merely another episode in the unending struggle to find an adequate government for the great hawling city that in the view of pessimistic observers is ungovernable.

NATIONAL ambitions casting a long shadow over the years just ahead are at stake. President Kennedy's problem in coming here has been to commit enough of his prestige to help put over Mayor Robert Wagner for a third term. But not so much, it should be added, that a setback would be interpreted as a blow to the Kennedy administration.

This piece of political slight-of-hand is complicated by the confidential reports to the President forecasting how the votes will fall. Pollster Louis Harris, who gave the President such trustworthy reckonings in the primaries and later in the national campaign last year, is said to be predicting that the Wagner plurality will be cut to about 300,000.

THAT WILL BE A radical drop from the 900,000 by which he won re-election to a second term four years ago. The count could even, given the variety of discontents from garbage-collecting to double-parking all heaped on the head of the luckless mayor, go against the incumbent seeking a third term.

The national prize, if Wagner's majority is greatly reduced, will go to Governor Nelson Rockefeller. The Republican governor of New York is throwing everything available into the campaign for Louis J. Lefkowitz. That includes large amounts of Rockefeller-inspired contributions, according to the Wagner camp where money is said to be desperately scarce.

EVERY HIS MOST ardent admirers would hardly say that Lefkowitz, the attorney general of the state, is the ideal candidate. But he is the man finally prevailed upon to make the race after several other possible candidates had eluded the Rockefeller grip. The governor did his best, and in vain, to persuade Sen. Jacob Javits to run and a pass was made at John Lindsay, the attractive young congressman from New York's silk stocking district.

Nor by the wildest stretch of the imagination would Wagner's backers claim that he was the ideal mayor of New York. He simply happens to be the man stuck with an all-but-impossible job that has more often than not proved in the past to be the graveyard of future political ambitions.

WAGNER DOES, however, have immediate support. He has the support of the city's business community, and the support of the city's business community, and the support of the city's business community.

MORRIS AND BABY MAKES THREE

J. A. Livingston Khrushchev's Antics Put Brake On The Boom

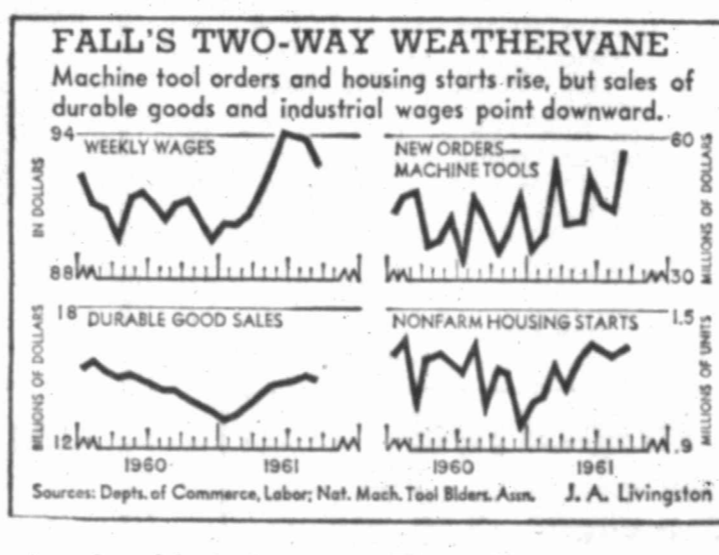

By J. A. LIVINGSTON
 We live in an age of megatonomania.

"Shelters for Survival!" That ominous headline—with a mushroom cloud above and an underground hideout below—is on the cover of Newsweek.

Numerous newspapers throughout the United States have had, are having or are planning articles on how you can protect yourself—if you're still alive—from radioactivity after a nuclear bomb strikes.

Conclusion: Premier Khrushchev's dirty work in the skies has become a fact of daily living. This grim remark was overheard in a broker's board room: "Name me a stock in a company that makes fall-out shelters, quick!"

Never before has military preparation, in itself, been a threat to peace, nor so all-pervasive. It affects investors, shoppers, businessmen, workers. It influences government expenditures, budgetary policy, and business conditions in ways not easily determinable.

TESTING BECOMES WAR
 In the days before nuclear fission, the wide expanse of land and sea offered plenty of space for tryouts of a 155 mm. shell, or rockets. There was no fall-out to injure innocents miles and years away.

But today, no one can be imperturbable about the nuclear testing. We could legally jail persons who poison our berry patch. Can the world do less with those who sully the milk of children?

Thus, nuclear testing, if persisted in by any nation, becomes by itself a provocation toward war. And this must increasingly possess the minds of men everywhere.

Yet, the world's work goes on. We go back and forth to offices, factories, and customers. We produce and distribute goods. We plan vacations, and look forward to Christmas. But the bomb is too real to be mere backdrop. It's an ever-present distraction: How to survive?

ALWAYS CRESCENDOS
 No man, thinking of a fall-out shelter for his family can be completely carefree about using money for a swimming pool, or a new car, or a suite of furniture.

No executive, thinking of the necessity for storing records can be utterly composed about going ahead with large-scale expansion. Nor can a housewife put her

heart, soul, and borrowing capacity into shopping when she's belabored in idle moments with what to do about it.

Premier Khrushchev is a talented orchestra leader, who never runs out of crescendos. You think he's used his tympani and horns to the fullest, your mind is numbed by the power and propaganda, and then another series of crises arouses new foreboding, fear, and terror. What baleful artistry!

Is this a factor in the slowdown in recovery? Americans aren't dashing into retail stores. Savings are estimated by the Department of Commerce at 7 per cent of disposable personal income versus 6.5 per cent during 1960.

Hawaii Gathers Different Fish

HONOLULU (AP)—Two biologists from the Hawaii Fish and Game Divisions will spend six weeks on Moorea in the Society Islands collecting fish for introduction to Hawaiian waters.

Biologists Harry Kami and Isaac Ikehara said they plan to take 6,000 fish, primarily shallow water snappers and groupers not found in Hawaii. The fish, to be placed in large tanks, will be taken to Honolulu by the U.S. Fish and Wildlife Service.

Kami said the snappers and groupers should improve sports fishing and commercial catches in Hawaii. "Wherever they are found in the islands of the central and western Pacific," he said, "they seem to attract large numbers of game and commercial fish."

To Your Good Health The Flow Of Mothers' Milk Is A Reflex

By JOSEPH G. MOLNER, M. D.
 "Dear Dr. Molner: I am 33 and in a few weeks expect my seventh child. My problem is that I can nurse my babies only three or four weeks. I have tried all the common solutions—more rest, liquids, let the work go, etc., without success.

"Sometimes ago I read about a hormone that permitted a mother to nurse even through times of stress because it encouraged lactation despite her own mental outlook.

"Is there a hormone like that available? And what is your opinion? I've read that WANTING to nurse is the most important thing, but it doesn't seem to be for me.—Mrs. A. B."

I am sure that NOT wanting to nurse is the reason why a great many babies are not breast-fed these days. If a mother doesn't want to, she soon enough discovers some excuse.

On the other hand, if a mother just can't provide enough milk for the baby, I don't think any amount of wanting will help.

There has been experimentation with a hormone, oxytocin, in hope that it would stimulate milk secretion. To my best knowledge, this has been primarily an experimental project.

Discussion with obstetricians

leads me to believe there is still no practical way to stimulate lactation. We know that the flow of milk is a reflex. If the reflex is weak or non-existent, the flow will be deficient.

In Mrs. A. B.'s case, I should say that there is ample evidence that her reflex mechanism is inadequate, and this is scant reason to think she will succeed in nursing the new baby.

Maybe, of course, she is "trying too hard," but it's easier to say "relax!" than it is to do it.

Millions of babies, however, have been brought up on supplemental feedings. A baby may nurse but still need extra milk by bottle. Sometimes when this is done the mother, relieved of the nervous pressure of feeling that she has to do it all, relaxes and finds that she can do more than she thought she could.

In any event, there is nothing wrong, and much good, in nursing to whatever extent is possible and then switching to the bottle either in part or entirely.

By whatever method, the most important aim is to be sure the baby gets enough to eat and gets enough loving.

"Dear Dr. Molner: What are the main signs that a woman is pregnant, besides missing menstrual periods?—Mrs. K. B."

One is nausea, vomiting, or "morning sickness," which happens in about 50 per cent of all pregnancies, usually starting around the 5th or 6th week. After two months the breasts usually start to enlarge and the nipples tend to become darker. There is a gradual gain in weight. Most pregnant women report a general increased sense of well-being. And some have an unexplained craving for some unusual article of diet.

If there's a doubt, a laboratory test can give a definite answer in a very few days.

"Dear Dr. Molner: Is it true that if a person drinks any liquid within 10 minutes before or three hours after a meal, the food loses its food value?—Mrs. E. M."

No. If it were true, what a way to reduce! The calories, the vitamins, the minerals and the basic food substances are still there and will be absorbed.

MRS. L. P.: No, the "drop of linseed oil" could not possibly cure cataracts. There is no effective treatment short of surgery.

Around The Rim 100,000 New Words, Including 'Ain't'

You've been reading, I imagine, that the G&C Merriam Company has just brought out the first new unabridged Merriam-Webster dictionary in 27 years—and it contains more than 100,000 words added to the English language in that length of time.

This is incredible, if not downright fabulous—which the new dictionary says is currently the most overworked word of all the thousands.

STILL AND ALL, with the world turning at the pace it does, and the fantastic changes that have come about since 1934, probably it should have been expected that we're talking in terms that we didn't use to have at our tongue-tips.

The new dictionary has more than 450,000 entries, more than 200,000 usage examples, 2,720 pages, 100,000 words or meanings, more than 1,000 synonym articles.

WE READ THAT old Noah Webster took 20 years to complete his 1,828 unabridged dictionary, with 70,000 words. The Merriam editorial staff today, of course, contains hundreds of specialists, and many hundreds of other part-time people who stay on the lookout for new words.

What the dictionary is doing, is recognizing and accepting the informality of much of today's language—something that N. Webster would never have done. Regional expressions, also, have come into the book in much more profusion. One example is the phrase "poor boy" for those giant sandwiches that are thus designated in the South, and generally is called a submarine sandwich in the North.

NEW STATES may have accounted for some additions. There's "muu muu" from Hawaii, and "ugruk," a bearded seal whose habitat is Alaska.

The air age is responsible for many

new terms—skycoach, retro-rocket, air-lift, blip and dopap and no-show. The space age and the era of the nuclear weapon bring in new terms constantly. What are every-day words in your newspaper headlines just weren't in your dictionary of 27 years ago, believe it or not.

WHAT SCIENCE and medicine have contributed in new phraseology, new inventions and new usages is almost beyond compilation.

Gordon J. Gallan, president of the Merriam firm, said: "The recent explosion of language has forced into every day usage an avalanche of new verbal concepts, ranging from a-bomb, astronaut, beatnik, den mother and fringe benefit, to satellite, solar house, wage dividend and zen."

THE ADVERTISING boys with the fertile imaginations, and the headline writers contribute many new words over the years. So do specialized fields of endeavor, like show business and sports.

Anyway, here's this new book—a volume set for \$47.50, and no home should be without one—that can occupy your interest for some time to come. It's a bit dismaying to me, because I had not mastered the old dictionary. I had always heard that "antidistastefulism" was the longest word in the old dictionary, but I understand there is a medico-scientific term in the new book that's got more letters. I can't spell it here, and I am not sure if "Brand X" made the grade this year.

OF SOMEWHAT personal importance is the fact that "ain't" is now accepted in good standing by the dictionary people. I have been about 40 years ahead of them on this, and it's good to know that the common man has scored a point.

Ain't the whole thing just fabulous?
 —BOB WHIPKEY

Holmes Alexander Do We Pay Tribute In Food?

WASHINGTON — Prof. John Kenneth Galbraith, our Ambassador to India, has returned with Premier Nehru on a visit to this country—and it appears that the Professor rode here on a hobby horse as well as an airplane.

BEFORE LEAVING New Delhi, Ambassador Galbraith made the perfectly astonishing announcement at a press conference that the U. S. A. may have to grow more crops in order to feed and clothe India and other needy lands.

If I read him right, Galbraith wants the American farmer to increase the already stringent demand upon our soil to raise more produce. He wants the taxpayer to dig deeper for non-Defense spending. All this must be done so as to meet the needs or "requirements" of non-American peoples. Galbraith told reporters before taking off for his country:

"WITHIN THE next few months, we must face the decision in the United States of whether we must increase the output of cotton, vegetable oil and other products to meet overseas requirements of this kind."

By "this kind" he was referring to Food for Peace disbursements under Public Law 480, PL 480 provides for the "sale" of surplus stores to foreign nations for their local currency. This money, in turn, is loaned or given back to the recipient countries for internal improvements.

THE PLAN was initiated under President Eisenhower to cut down the glut of farm goods in warehouses, liberty ships,

field bins and on the ground. The plan was a confession of failure by Agriculture Secretary Benson, who had intended to curtail the programs of waste. But Galbraith's proposal, no doubt also teetering on the tip of Nehru's tongue, is for American agriculture to crash ahead at full technological speed for the satisfaction of the "rights" of India's millions.

At first I supposed, in my innocence, that this reverse-imperialism must be a new wrinkle of the professor's brain. But a short prattle through New Frontier territory proved the contrary.

"THE KENNEDY Administration will make an all-out effort to eliminate hunger from the world!" screams a Food for Peace news release back in March, 1961. George McGovern, whom Sen. Mundt (R., S. D.) defeated in last year's election, was made Director of Food for Peace. He immediately enunciated the dubious but convenient line that "Communism feeds on hunger and poverty" and that "the promotion of peace and freedom are achieved when foods add physical strength and energy."

THIS KIND of logic is as puerile as the Peace Corps, and unhappily runs through too much of Administration thinking, but—never mind! The point is that abstract do-goodism has made a major incursion upon our foreign policy. We are on the verge of being forced to pay tribute, not by the direct military might of the Sino-Russian bloc, but by the Indian-type neutrals. Instead of being subjugated by power, we are being brought to our knees by an utterly powerless foe.

(Distributed by McNaughton Syndicate, Inc.)

David Lawrence Farm Program—Billion Dollar Fiasco

WASHINGTON—Found: A billion dollars in the federal budget that might better have been spent for national defense.

This could have taken care of the \$870 million appropriation for additional bombers that were cancelled out a few days ago for economy reasons, but which—since they carry a load equivalent to 50 to 75 megatons—could have become a powerful means of deterring an enemy from starting a war.

THIS BILLION dollars in the next fiscal-year budget could have been obtained by abandoning the agricultural price-support project—a costly mistake in national policy.

It has just been estimated by the Treasury that \$1.1 billion more will have to be spent in the next year's budget for the farm program. The added expense is due to an error by the Democratic Congress and the present administration in misjudging the prospective reaction of farmers to so-called price-support policy. For instead of restricting production substantially and cutting down prices, it has worked just the other way, and the government is buying corn and feed grain at a higher cost per bushel to the Treasury than the market prices.

EZRA TAFT BENSON today could well say, "I told you so." Interviewed last week by long-distance phone at his home in Salt Lake City, and expressing himself as a former Secretary of Agriculture, he said to this correspondent:

"I think this whole feed-grain program has been pretty much a fiasco. They indicated when they started they were going to save the taxpayers 500 million—half a billion dollars—and they were going to reduce corn by 25 per cent. They put controls back on corn after they got them off, though things were working out very well with controls off.

"WHAT'S HAPPENED is that the farmers have once again outsmarted the bureaucrats. They first planted the seed thicker in the rows of corn; secondly, they planted the rows closer together, and thirdly, they poured on the fertilizer. So as a result our corn yield this year was the highest in our history and will probably

average six bushels per acre higher than ever before.

"Frankly, it's going to be a billion-dollar fiasco. It's going to cost a billion dollars more rather than save a half billion."

"Do you feel you have been vindicated?" this writer asked.

"IT MAKES ME as an American and as a taxpayer feel terrible," he replied, "and yet it does have some vindication in it. What farmers need is less government in agriculture and more freedom."

What's happened, of course, is that the agriculture problem has been complicated by political pressures. The Eisenhower administration tried to resist them, but the Kennedy administration has succumbed. Now a shift in course—back to sound economics—would seem to be inevitable. President Kennedy, in his statement on fiscal policy made on October 27 to his Cabinet officers, says:

"... The effects of exceptionally good weather and rising farm productivity have brought higher than anticipated crops and added to the cost of price-support programs in the present fiscal year. We still have much to do to achieve effective adjustments in agricultural output."

THIS IS a masterpiece of understatement. For unless the agriculture problem is dealt with on the basis of the laws of supply and demand, it will mean a constantly increasing subsidy by the government and more and more expense for the nation as a whole. The total cost of the farm program goes up next year from \$5.1 billion to \$6.3 billion.

The problems of agriculture are not new. A struggle has been going on for many years between the "planned economy" advocates and the believers in the natural laws of supply and demand. Device after device has been tried, but the simple truth is that if the government is going to finance or control a particular commodity or industry, it will come to feel it must be in command of every element in it.

(Copyright, 1961, New York Herald Tribune, Inc.)

4-H Achievement Day Program Set Nov. 11

Howard County's 1961 Gold Star boy and girl have been chosen from the ranks of the County 4-H Club organization but their names will be kept secret until the closing session of the 4-H Club

Achievement Day program on Nov. 11. Wanda Boatler is the present Gold Star girl and Freddie White is the current Gold Star boy. They were so designated last November at the annual Achievement Day program.

Achievement Day for 1961 will be held at the County Fair Barns starting at 10 a.m. This is the annual get together of the 4-H Club members at which outstanding accomplishments of the members are singled out and noted.

In addition to the award of the Gold Stars—the top honor a 4-H Club member can receive—awards are also made for numerous other special achievements. It is probable that some member of the Howard County Commissioners Court will present the awards this year but the individual to do so has not as yet been selected.

W. H. Helbig, county agent, and Mrs. Catherine Crawford, county home demonstration agent, announced the general program for the day. Food, clothing and crafts exhibits will be set up at 9 a.m. Fitting and showing demonstrations on steers and lambs is set for 10 a.m. to noon. At noon a barbecue dinner will be served to all 4-H Club members and their families. From 1 to 1:30 p.m. a lamb showmanship contest will be held. This will be followed by a steer showmanship contest.

At 2 p.m. the awards will be presented.

Each club member is to bring either a lamb or a steer to the barns by 9 a.m. It is suggested by the agents that young members leave their better animals at home since these contests are for showmanship abilities rather than for the quality of the stock used.

Club members who have crafts, clothing or electric projects, which they would like to exhibit, are asked to have all material at the barn not later than 9 a.m.

There will be no judging on these events but ribbons will be awarded. The youngsters who plan to make such exhibits are asked to call the county agent's office not later than noon Nov. 9 and report their plans.

A feature of the day will be a foods show. Mrs. Crawford said the objective is to stimulate interest in the 4-H Club foods program. Foods will be judged on quality and appearance and first, second and third place ribbons will be awarded for each entry. Any 4-H Club member currently on the 4-H Club rolls is eligible to compete. All such food entries must be at the county barn not later than 9 a.m. on Nov. 11.

Governor Fills Board Openings

AUSTIN (AP)—Gov. Price Daniel named Max Starcke of Austin and Harry Hornby of Uvalde Friday to six-year terms on the State Parks Board.

They succeeded Frank Quipa of Austin and Wendell Mayes of Brownwood. Starcke is a former general manager of the Lower Colorado River Authority. Hornby is publisher of the Uvalde Leader-News.

Sam Wood of Killen and Hatton Simpson of Tyler were appointed to six-year terms on the State

Pharmacy Board. They succeed Lee Stinson of Snyder and Frank Reese of San Antonio.

Terrell Bidgett, Waco city manager, was appointed to the Municipal Retirement Board to succeed W. H. Whaley of Sweetwater.

Just Different Point Of View

PRAIRIE DU CHIEN, Wis. (AP)—William S. Clark, who retired recently after 38 years as a railroad section foreman, failed to identify only one road sign in taking a Wisconsin driver's license examination. Missed: The railroad crossing signal.

New Officers Assume Duties

New officers of the Flying Tumbleweed Toastmasters Club, an organization made up largely of Webb AFB personnel, assumed duties at the club's meeting this past week.

R. R. McEwen Jr. is the new president, succeeding T. K. Price. Other officers are Dr. T. W. Cook, administrative vice president; Capt. R. K. Stein, educational vice president; Lt. M. E. Ryder, secretary and treasurer; Capt. H. C. Hon, sergeant at arms. The club meets every two weeks.

State Business Reported Down

AUSTIN (AP) — A survey said Saturday that Texas business activity in September dipped 9 per cent below the all-time high recorded in August. Hurricane Carla got part of the blame.

The University of Texas Bureau of Business Research September business was 234 per cent of the 1947-49 average. It was 2 per cent higher than September 1960. August's level was 256 per cent of the 1947-49 average.

"The August - to - September decline was accompanied by a drop in most of the other barometers of Texas business. Some of this was undoubtedly due to Hurricane Carla and its after effects," the story said.

He said that although the change was counter to the current economic upswing in Texas, "there is no reason to anticipate an interruption of this upswing for the next several months."

Durable goods sales in September were down 17 per cent from August and 6 per cent from last September. Urban building permits were down 37 per cent from August and 7 per cent from September 1960. Residential permits were up 20 per cent from a year ago, although down 17 per cent from August.

Non-durable goods sales were down 1 per cent from August but up 3 per cent from the previous September. Crude oil runs to stills were down 14 per cent from August and 10 per cent from September 1960.

"As we begin the fourth quarter of 1961, there is every reason to believe that the current business upturn will continue into 1962," May concluded.

Be our guest... '62 CHEVROLET

Come in and drive any (or all three) of these new cars for '62

Impala Sport Coupe... goes as smooth as it looks

1 JET-SMOOTH 1962 CHEVROLET

If you've a yen for room, refinement and riding comfort (at a price that takes the high cost out of feeling luxurious), take a guest drive in a '62 Jet-smooth Chevrolet. You'll see right quick why this is all the car anyone could reasonably want. That head-in-

the-clouds Jet-smooth ride, for instance, that whisks you along on Full Coil suspension. The inviting wide-opening doors. Those sofa-sized seats. The power choices up to a pulse-racing 409 h.p.* And notice the whopping deep-well trunk, the slick way those steel inner shields protect front fenders against corrosion, and that even the muffler is longer lived. The more you get to know this built-for-keeps beauty, the more worth and satisfaction you'll find. And where do you get in the know? At your Chevrolet dealer's.

2 NEW CHEVY II

Chery II Nova 400 Sport Coupe... gay blade on a budget

Sample this savvy saver and you'll discover just how dapper dependability can be. Here's a brand-new line of cars, including sedans, wagons, a hardtop and even a convertible. Stylish, sturdy simplicity is their stock in trade. They're sensibly designed to save you money on service, maintenance and operation. You've a choice of a thrifty 4- or a snappy 6-cylinder engine in most models—and both of them are wizards at stretching regular gas and a cinch to service at tune-up time. Front end units (including fenders) bolt on and off so repairs are far simpler.

The ride is wonderfully gentle and precise, thanks to new Mono-Plate rear springs. Roominess, for people and stuff, is so remarkable that many a big car is wondering how we did it. We could go on and on... but why don't you go on—to your Chevrolet dealer's—and discover all the happy details for yourself. The price? It's just as sensible as the car itself.

3 '62 CORVAIR

A common reaction among Corvaire samplers is "Why didn't I try this sooner?" It's only natural... with such a fleet-footed blend of sports car spirit and thrifty practicality. For '62 there are some neat new refinements such as bigger new brakes, new-hued, new-styled interiors and the like. Of course, Corvaire's rally-proved four-wheel independent suspension, rear-engine design, tenacious traction and split-second reflexes are all back, as rarin' to go as ever. If you haven't had a go in Corvaire, your Chevrolet dealer's the man to correct that oversight.

Monza Club Coupe... sporty goer with savings galore

It's as easy as 1-2-3 to pick the car you want at your local authorized Chevrolet dealer's New World of Worth

HCJC Students Prepare For Mid-Semester Exams

By LYN CLAWSON
Activities at HCJC are slowing down as students prepare for mid-semester exams which most teachers have scheduled for next week.

At the organizational meeting of the College Y last Monday, a large number of students indicated that they wished to see a Y organization established at HCJC. Another meeting will be held at noon next Wednesday in the parlor dining room of the SUB. Members are to get their food in the cafeteria or the snack bar and take it to the parlor for the meeting. Those who were unable to attend last Monday but wish to join may still do so.

A nominating committee was appointed at the meeting and officers will be elected at one of the next meetings. This committee met twice this week planning activities for the club. If every member shows as much enthusiasm as the committee members have, this should be a very successful and exciting year for the Y.

The Lasso Club met during the activity period Friday to complete plans for the Mother-Daughter Tea which is to be staged next Sunday afternoon. This tea is not only for Lasso Club members and their mothers but also for all other girl students and their mothers. The club also discussed the Christmas party which is to be held on Dec. 16.

Last night the SGA sponsored an all-college wiener roast and hayride. SGA has a meeting in the parlor tomorrow morning.

The third issue of the EL NIDO came out last week. Students are to pick up their papers in the SUB, library, office, or various other places about the campus.

The regular monthly meeting of WRA will take place tomorrow at 9:45. At that time the new members will present skills and each member will be given an assignment concerning the Queen Bee Tournament which is to be staged Nov. 16, 17, and 18.

The intramural girls' basketball tournament begins tomorrow evening at 6:30 in the gym and is open to the public. Conroy Lacy and Elvis Spradling, members of the Jayhawk basketball team, will referee the games which will take place each Monday night for the next six weeks. The teams have adopted names for this tournament. The Monday-Wednesday 2 p.m. class enters the Basketers and the Ragknats; the Monday-Wednesday 3 a.m. class, the Bouncers and the Twisters; Thursday 8 a.m. class, the Twisters. The schedule is as follows:

Basketers vs. Bouncers—Nov. 6
Twisters vs. Ragknats—Nov. 13
Basketers vs. Twisters—Nov. 20
Bouncers vs. Ragknats—Nov. 27
Basketers vs. Ragknats—Dec. 4
Bouncers vs. Twisters—Dec. 11

The Jayhawks have already begun their busy season. They scrimmaged Webb Air Force

Halloween Queen Crowned At Sands

By GLYNDIA FLEMING
SANDS—There has been much activity at SHS this past week. The Halloween carnival which was held last Tuesday was quite a success. At the climax of the evening, Martha Robinson was crowned Queen of the carnival. Martha represented the freshman class and was escorted by Larry Benton.

The football boys have been working hard getting ready for their last game of the season. They traveled to Cooper Friday night to play the Cooper Pirates.

Coach Laws and his basketball girls scrimmaged Klondike at Klondike Thursday night. Saturday night they travel to Post for a game.

Forsan Student Council Sponsors Homecoming

By BONNIE SIMPSON
FORSAN — Tuesday night witches, goblins and little elves were running around Forsan. They made their presence known and left their calling card by the school flag pole.

The football group pictures are fifty cents each and anyone wishing to buy one may do so at the library.

The school pictures came in Monday and they are two dollars per package. If you do not like yours, send them back and retakes will be made later in the year. The seniors received their proofs Thursday and won't get their pictures until later in the year.

School spirit was at its peak last week in preparation for Homecoming Saturday night. A pep rally and bonfire were held Friday night at 6:30 at the football field. The familiar "Victory Buffalo" was seen in the gym hall-entrance again.

The junior class has ordered candy to sell, and it should be in within the next few weeks. Everyone be sure to buy some be-

Base team Tuesday night and Hardin-Simmons University Thursday and won both games. The choir and the drama department presented a program at the Officer's Club Thursday afternoon. Ilameta Carr representing the drama department presented a Thanksgiving reading.

BSU met last Tuesday night and organized a mission team headed by Alvin Hiltbrunner to go to the neighboring colleges, schools, and churches and present programs to promote better understanding of BSU work. They also discussed presenting vespers services each evening in the SUB. Rayford Harrison is in charge of this. The group is trying to con-

tinue the foreign student program that it sponsored last year. They also plan to sponsor two Youth Revivals — one campus wide and one city wide. Tommy Gilmore announced that the club will again meet this Tuesday evening at 6:30 in A-2. This is the regular monthly meeting.

The Interclub Social Council will meet tomorrow during the activity period. All clubs are urged to have a representative present for the election of officers and appointment of committees.

The Aggie and Rodeo Club were measured for jackets last Wednesday.

Mr. Bedford Forrest announced that the junior play for this year will be "The Diary of Anne Frank." Also, the Court Jesters chose a brief one act play, "Georgia's Moon," to present to the entire student body. Exact production dates have not been announced.

Jeff Brown has been named president of the Library club. Assisting Jeff will be Teresha Rocha, vice president; Peggy Lewis, secretary-treasurer; and Mary Strech, reporter-historian.

The Bible club members recently had a meeting in which they viewed a film on the book of Exodus. Mrs. Elizabeth Johansen, Bible instructor, stated that the Bible club has a very busy schedule. Plans are now being made to do the Christmas scene again this year.

The senior Hi-Y club had a cake sale in Piggy Wigglies to raise money for World Service. Another cake sale will be held next Saturday, with all clubs participating, also for the purpose of raising money for World Service.

The BSHS band is again selling Texas Manor fruitcakes. Don't forget to buy your fruitcake from any band member. They are also selling candy.

The Steerettes of BSHS are now practicing in new workout uniforms. The team will have a very busy schedule this year. Don't forget the special activi-

ty for the month of November — the Harvest Carnival and Dance. Clubs are urged to set up a booth for the carnival. They are instructed to sign a list in the office if they are interested in having a booth. Harvest Queen nominees have been selected. Lois Tarbox will represent the sophomore class; Jane Tamplin, junior class; and Karen Koger, senior class. Selection of the queen will be determined by the amount of money collected through miscellaneous booths. Admission to the Harvest Carnival will be an annual receipt or 50 cents per person. Report cards will be issued Wednesday. Good luck!

Induction of twenty-two new members into the National Honor Society will be held Thursday morning. Jerry Younger, president of NHS, will preside over the assembly. Presentation of the senior gift of the Class of 1961 will also be on the agenda. Gary Pickle, vice president of the Class of '61, and Lyn Clawson, chairman of the senior gift committee, will present the gift to Bob Moore, president of the student council.

Don't forget to listen to Campus Caravan of KBST every Saturday morning at 10:30. This program has all the latest news bits. BSHS speech help with the program. Student and faculty interviews are featured each week.

Brenda Gray Is Crowned Goliad's Football Queen

By ROXANNE BOLTE
Highlight of Thursday's pep rally for the game against the Sweetwater Colts was the crowning of Goliad's 1961-62 Football Sweetheart and Band Sweetheart, Brenda Gray, was crowned by her escort Ricky Earle. Her court consisted of Tommie Touchstone, escorted by Robert Gentili; Sue Burns, escorted by Terry Smith; and Jackie Crawford, escorted by Harold Newton. From the eighth; Linda Kirby, escorted by Pat Armstrong; Karen Brown, escorted by Kirby Horton; and Linda Robertson, escorted by Cliff Talbot from the seventh grade. Other nominees for Freshman Sweetheart were Terry Cauble, escorted by Dub McMeans, and Linda Fullbright, escorted by Skipper Sabatino. Each of the girls received a white mum.

Band Sweetheart is Darlene Leifeste who was escorted by Kenneth Nance. She was presented with an arm bouquet of white mums.

Goliad freshmen defeated Sweetwater with a 16-12 score, touchdown being made by Dub McMeans and Ricky Earle. It seems the freshmen really got out there and carried the torch

FG Students Elect Favorites

By CAROLE WADE
FLOWER GROVE — Flower Grove boys added another victory to their record by beating Paint Rock at Paint Rock on Oct. 27. The game ended in the third quarter when the Dragons had 43 points more than Paint Rock. The Dragons play two more district games with Mertzon and Christoval.

High school students met and elected favorites for the year. They are: Miss Flower Grove, Lawana Froman; Mr. Flower Grove, Burt Oaks; Most Beautiful, Josie Landers; Most Handsome, Ronnie Deatherage; Friendliest, Carole Wade and Glenn Caughman; Most Likely to Succeed, Josie Landers and Ronnie Deatherage. Most Athletic boy and girl, Best All Around boy and girl, and Best Citizens will be elected by high school teachers.

Flower Grove students and teachers had their pictures made last Tuesday for the annuals.

The Halloween Carnival was last Monday night in the gym. Each class had a booth to raise money for their candidates for king and queen. High school King and Queen are Pablo Perez and Mary Balerio, who represent the junior class.

Local Students Win Records

Oscar Glickman, owner of the Record Shop, Glickman awards one 45-rpm record a week and presents records to Joan Lyster, right, and Sherry Stevens. These girls won the records in the contest staged each week in the Megaphone. Mr. Lyster is a student at BSHS and Sherry attends Runnels.

Alumni Queen

Miss Carolyn Cross was chosen Alumni Queen at the Borden High School Homecoming at Gall Friday night. Miss Cross, daughter of Mr. and Mrs. M. D. Cross of 700 Bell St., Big Spring, is a freshman student at Howard County Junior College, Raymond, W. Va. She was crowned Alumni King.

Homecoming Activities Fill Week's Events At Stanton

By MARSHA BRISTOW
STANTON — This has been a very busy week for us at SHS. This has been our Homecoming Week. Bonfires, suppers, and football sweetheart filled the week with many activities.

Each day this week was designated as a special day. That is, we were supposed to dress a certain way each day. Monday was Kid's Day; Tuesday, Hobo Day; Wednesday, Western Day; Thursday, School Color Day; Friday, Dress-up Day. If you had walked down our halls any of these days, you would have seen several cute interpretations of each day.

Of course the most important event of this week was the election of the football sweetheart. The football sweetheart candidates were: Mary Glasco, Brenda George, Marilyn Sale, and Judy Pinkerton. The Sweetheart is Judy Pinkerton. Judy is a junior student at SHS, and everyone knows Judy as the Girl with the Smile because she always has a smile on her face. Congratulations, Judy!

Thursday night we had our annual bonfire and pep rally. The pep rally was held under the red light in town, and then we all went to the school for the bonfire. The band furnished musical accompaniment for the activity. Everyone was in good spirits and the pep rally was a big success!

The junior class had a supper before the ball game. It was very good, and we know that they made lots of money from the project. It was held in the cafeteria.

Tuesday night we had our annual Halloween Carnival. The proceeds went to the P-TA's projects. The different classes had different booths, and the grade school classes had the food booths, with the junior high and high school having the activity booths. The gym was filled with the hoots and howls of the goblins that seemed to be all around.

One of the nicest things about Homecoming is the fact that we all got to see the people who have moved away from Stanton and SHS. Also we were very happy to have most of the college kids back at home again.

BSHS NHS To Induct 27 New Members

By MARILYN GUM
Yea! Nine week tests are finally over! This was dead week at BSHS.

Mr. John Peeble's Spanish classes have recently elected officers. Milton Rangel has been named president. Other officers elected are Louisa Eysen, vice president; Martha Glickman, secretary-treasurer; and Suzanne Peters, reporter.

Installation of Court Jester officers was held last week. The program was given by Linda Morton and Winnora Richborough.

Mr. Bedford Forrest announced that the junior play for this year will be "The Diary of Anne Frank." Also, the Court Jesters chose a brief one act play, "Georgia's Moon," to present to the entire student body. Exact production dates have not been announced.

Jeff Brown has been named president of the Library club. Assisting Jeff will be Teresha Rocha, vice president; Peggy Lewis, secretary-treasurer; and Mary Strech, reporter-historian.

The Bible club members recently had a meeting in which they viewed a film on the book of Exodus. Mrs. Elizabeth Johansen, Bible instructor, stated that the Bible club has a very busy schedule. Plans are now being made to do the Christmas scene again this year.

The senior Hi-Y club had a cake sale in Piggy Wigglies to raise money for World Service. Another cake sale will be held next Saturday, with all clubs participating, also for the purpose of raising money for World Service.

The BSHS band is again selling Texas Manor fruitcakes. Don't forget to buy your fruitcake from any band member. They are also selling candy.

The Steerettes of BSHS are now practicing in new workout uniforms. The team will have a very busy schedule this year. Don't forget the special activi-

ty for the month of November — the Harvest Carnival and Dance. Clubs are urged to set up a booth for the carnival. They are instructed to sign a list in the office if they are interested in having a booth. Harvest Queen nominees have been selected. Lois Tarbox will represent the sophomore class; Jane Tamplin, junior class; and Karen Koger, senior class. Selection of the queen will be determined by the amount of money collected through miscellaneous booths. Admission to the Harvest Carnival will be an annual receipt or 50 cents per person. Report cards will be issued Wednesday. Good luck!

Induction of twenty-two new members into the National Honor Society will be held Thursday morning. Jerry Younger, president of NHS, will preside over the assembly. Presentation of the senior gift of the Class of 1961 will also be on the agenda. Gary Pickle, vice president of the Class of '61, and Lyn Clawson, chairman of the senior gift committee, will present the gift to Bob Moore, president of the student council.

Don't forget to listen to Campus Caravan of KBST every Saturday morning at 10:30. This program has all the latest news bits. BSHS speech help with the program. Student and faculty interviews are featured each week.

SARA KING IS NAMED QUEEN OF RUNNELS' EL PALOMAR FOR '62

By CANDY BACUS
Sara King will represent Runnels as El Palomar Queen this year. She was elected Thursday morning by the members of the annual staff. Sara is a freshman and is editor of the El Palomar. Congratulations, Sara!

All Runnels students breathed a sigh of relief after the long nine weeks tests were over. The students had third and sixth period tests Tuesday, second and fifth Wednesday, and first and fourth Thursday. We hope everyone did a good job on the tests for the report cards come out Wednesday of this week.

The freshman and eighth grade Yearlings were defeated by Travis Jr. High of Snyder. Both games were played at the old stadium last Thursday night. These were the last games of the season and we think our Yearlings did a wonderful job.

Mr. Doyle Sparks and Mr. Hollis Lloyd attended a Math and Science Convention in Austin Nov. 2 and 3.

The Runnels Band had a very

Larry Pherigo Wins Record

Larry Pherigo, Coahoma High School freshman, is this week's winner of the free record given away through the Megaphone. He may pick up a certificate at the Herald and take it to the Record Shop to receive a record.

Would you like to win a free record? You can by picking up an entrance blank at your school office, filling it out, and returning it to your correspondent to the Megaphone.

In addition to a free 45-rpm to be given away each week, Oscar Glickman, owner of the Record Shop, will offer a long-playing record as a bonus once a month.

Homecoming Activities Fill Week's Events At Stanton

By MARSHA BRISTOW
STANTON — This has been a very busy week for us at SHS. This has been our Homecoming Week. Bonfires, suppers, and football sweetheart filled the week with many activities.

Each day this week was designated as a special day. That is, we were supposed to dress a certain way each day. Monday was Kid's Day; Tuesday, Hobo Day; Wednesday, Western Day; Thursday, School Color Day; Friday, Dress-up Day. If you had walked down our halls any of these days, you would have seen several cute interpretations of each day.

Of course the most important event of this week was the election of the football sweetheart. The football sweetheart candidates were: Mary Glasco, Brenda George, Marilyn Sale, and Judy Pinkerton. The Sweetheart is Judy Pinkerton. Judy is a junior student at SHS, and everyone knows Judy as the Girl with the Smile because she always has a smile on her face. Congratulations, Judy!

Thursday night we had our annual bonfire and pep rally. The pep rally was held under the red light in town, and then we all went to the school for the bonfire. The band furnished musical accompaniment for the activity. Everyone was in good spirits and the pep rally was a big success!

The junior class had a supper before the ball game. It was very good, and we know that they made lots of money from the project. It was held in the cafeteria.

Tuesday night we had our annual Halloween Carnival. The proceeds went to the P-TA's projects. The different classes had different booths, and the grade school classes had the food booths, with the junior high and high school having the activity booths. The gym was filled with the hoots and howls of the goblins that seemed to be all around.

One of the nicest things about Homecoming is the fact that we all got to see the people who have moved away from Stanton and SHS. Also we were very happy to have most of the college kids back at home again.

Margie Appleton Named CHS Football Sweetheart

By LINDA THOMAS
Half-time activities during the game Friday night between Coahoma and Merkel included crowning the football sweetheart, band sweetheart, and Mr. Football. Margie Appleton, a senior, daughter of Mr. and Mrs. Forest Appleton, was crowned football sweet-

heart. Runners-up were Sandie Clanton and Jenine Hodnett.

Band sweetheart is Jonnie Gay Wayland, a senior. Other nominees were Judy Echols, Patsy Edens and Peggy Greenfield.

Frankie Firenza, senior, son of Mr. and Mrs. F. J. Firenza, was chosen as Mr. Football.

Thursday night all of the fans supporting the Bulldogs were out in a spirit-raising atmosphere as the annual bonfire pep rally got underway. Each class had its own stack of wood and a girl representative from each class lit it. The girls were Leitha Mason, freshman; Carolyn Wilson, sophomore; Linda Roberts, junior; Linda Fraizer, senior. After a few yells were led by the cheerleaders, the student body was led to a near-by worn out car which had all the names of the Merkel Badgers on it. Each Bulldog took a swing with a sledge hammer at one of the names until the car was completely demolished. Then the cheerleaders led more yells. For the grand finale, the CHS school song was sung by all the

TEXACO PRODUCTS
Charles Harwell

These are the products of man's labor—and God's. From the moment the seedlings were placed in the warm earth, they have been under constant care.

First came the rain and the sun—and then the ceaseless work of fertilizing, cultivating, and spraying. Last, came harvest time, when the proud growers gathered the rewards of their labor.

Only by such diligence can we hope for a truly bountiful crop. God has given the refreshing rain and warm sunshine, but He expects us to do our part.

And so it is with the care and cultivation of our spiritual lives. Man is endowed with many talents and qualities, but unless he tends and nurtures these gifts, they will not increase and grow.

Harvest time in the life of every person is at maturity, when men are at the peak of their usefulness and wisdom. By attending the services of the Church and by studying the Scriptures, we will realize greater happiness and contentment here on earth—and will be preparing ourselves for the RICH HARVEST of a life hereafter.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Disney's Latest Animal Yarn Tale Of Heroic Dog

TAM O'SHANTER
Dog with streak of ham

David

Ivo Payer, as David, enjoys a bit of peace with Emma Baron in this scene from "David and Goliath." Italy's film version of the Biblical story.

By BOB SMITH
The movie week is brightened by another Disney dog story, this one being based on a classic novel which in turn was based on a true incident.

And things are bright for pool hall inhabitants. "The Hustler" is a raw, realistic tale of a young pool shark with an obsession to become billiards champion. In another sense, however, the film is not so much bright as grim, for it is in the tradition of modern screen technique which shows the seamier side of life. It is not for little children or for adults with definite opinions about how much of life the screen should reflect.

Another bit of gloom is in the fact that the public apparently has not taken "Spartacus" to its bosom. Attendance is reported as "fair." It would seem anything that has an Academy Award attached to it repels more people in these parts than it attracts. Yet, let a John Wayne or an Elvis flash onscreen and all seats are taken.

For those as may be interested, "Spartacus," winner of four Academy Awards, continues through Wednesday at the State Theatre.

frirs kirkyard, a cemetery located in the center of a teeming 18th Century Edinburgh. When Bobby's master, a penniless shepherd, died in 1858, the dog began a lonely vigil at the old man's grave that was to last until the dog's death some 14 years later.

At first, Bobby was branded a stray and was haled into the local court on charges of being unlicensed and a vagrant. But the wails of Edinburgh had come to know the friendliness and in the simple way of children, they sold all their possessions to buy back Bobby's freedom and life.

The press got hold of the story, and it proved to be one of the most closely followed continuing stories in newspaper history. Eventually, the incident came to the queen's attention.

The monarch afterwards received periodic reports on Bobby's well-being, until the day he died. Then, the queen "suggested" that the dog be buried at Greyfriars' near his master's grave, and that a monument be erected "to one of our most loyal subjects."

Queen Victoria was not one to be taken lightly, for in her day, the Crown still had considerable weight. And so, it was done as she suggested.

The monument stands to this day, and has become one of Scotland's traditions.

Done In Usual Disney Manner

The Disney dog film is titled "Greyfriars Bobby," and was filmed in Great Britain, with a new lighting technique to help deepen the Technicolor.

Produced largely around Edinburgh, the film stars Donald Crisp, Laurence Naismith, Alexander Mackenzie, Kay Wash—and, of course, Bobby the dog. Don Chaffey directed for Buena Vista release.

Since 1912, when it was first published, Eleanor Atkinson's novel about a dog's devotion has gone through many reprintings, and came to be out of date only within the last generation or two, when Americans became a bit too "sophisticated" for sentiment. In Great Britain, however, the story still is widely read.

"Greyfriars Bobby" is handled in the usual Disney manner, and if you don't know what that means by this time, you're either a novice at movie-going and therefore this film is just your dish, or you are anti-movie and it wouldn't do you a bit of good.

But Disney has his following, and his latest release is just enough above the average that many who do not count themselves among the Disneyites will enjoy the film.

The pup is a Skye terrier, with an off-screen name of Tam O'Shanter and a streak of ham as wide as any in Hollywood. He became a great movie fan while viewing the "rushes" at the British studio—particularly when he saw himself on the screen.

A Canine May Look At A Queen

The dog that inspired Miss Atkinson's novel was honored by Queen Victoria.

The pup, Bobby, lived in Greyfriars kirkyard, a cemetery located in the center of a teeming 18th Century Edinburgh.

DONALD CRISP
One of two amazing men

Technique Gives 'Mellowed' Look

A couple of Disney workers, on orders to give the film a "time-mellowed" look, came up with a new lighting and camera technique which is applied to background shots. The results are subtle, and at first the viewer may not especially notice. But notice must be taken; it is like studying a painting masterpiece for a period long enough that the subtleties begin to show. The result is that the film imparts a partly subconscious feeling of mellowness and age.

One at first suspects there simply was not enough light, what photographers call "low key." But after awhile, the screen seems to take on depth. Actually, twice the normal amount of lighting was used, but it was highly diffused.

Acting Lineup Of Good Quality

Besides Tam O'Shanter, the acting lineup is of good quality.

Alex Mackenzie, as the shepherd, is an amazing man. Now 75, he retired from a life-long school teaching career at the age of 61, and began doing odd bits of work around BBC radio. In a few years, he was working in movies, and finally came to Disney's attention in "Kidnapped," released last year.

Donald Crisp also is something of an amazeant. "Greyfriars Bobby" is his 41st film. And in his early days, he was a writer, director, production assistant, and member of the board of the Bank of America which financed many a motion picture. In his latest film, he portrays the crochety keeper of the kirkyard who, despite his acid manner, comes to love the loyal terrier.

Laurence Naismith, one of Britain's leading stage actors, essays the role of the kindly innkeeper who tries to give the dog a home.

'Hustler' Aims At Championship

"The Hustler" stars Paul Newman as a ruthless and driving

BOBBY FINDS SOME FRIENDS
In scene from "Greyfriars Bobby"

PIPER LAURIE & PAUL NEWMAN
The hustler consoles his paramour

young pool shark who aims at the national billiards championship.

He comes into New York, abode of the reigning champion, with an eye to taking on the aging monarch and putting him behind the old 8-ball. Eventually, with the help of his manager and a promoter, he arranges a match—only to be whelped thoroughly.

He takes up with a girl of the streets, gets his thumbs broken in a brawl in a waterfront pool hall, and finally comes back to take on the billiards king again.

Writer-producer-director Robert Rossen chose New York as his locale, and the movie was shot on scene, catching much of the fast tempo of the metropolis. The camera moves through all levels, from the various underworlds to the pseudo-sophisticated upper crusts.

Jackie Gleason takes his first straight dramatic role in "The Hustler," portraying Minnesota Fats, the monarch whose subjection and humiliation are the obsession of Newman.

Piper Laurie portrays the limping, partially crippled girl who hides behind a bottle to escape reality. She offers herself to Newman, who because of his obsession, cannot love her. Yet, the workings of fate are such that the girl's sacrifice leads the hustler to face his own reality.

Myron McCormick is cast as the has-been pool player who has become Newman's manager, and George Scott has the role of the conniving promoter.

The film's suspense is built around the two battles of the giants, as well as the characters themselves and their problems. One game lasts a grueling 26 hours (in the story, not on the screen).

Not At Home

Just because you, Mr. or Mrs. John Q. Public, find it difficult to be "the entertainer" in your friends' living room does not necessarily mean you would fail as a good actor or actress on the screen. One of the most accomplished actresses in the Hollywood firmament has the same difficulty. She is Maureen O'Hara. Miss O'Hara loves acting, and learned it in one of the world's best schools, the Abbey Theatre in Dublin. Yet she says, "I've never been able to entertain in a living room in my life. Then it becomes too personal."

David

Ivo Payer, as David, enjoys a bit of peace with Emma Baron in this scene from "David and Goliath," Italy's film version of the Biblical story.

By BOB SMITH
The movie week is brightened by another Disney dog story, this one being based on a classic novel which in turn was based on a true incident.

And things are bright for pool hall inhabitants. "The Hustler" is a raw, realistic tale of a young pool shark with an obsession to become billiards champion. In another sense, however, the film is not so much bright as glib, for it is in the tradition of modern screen technique which shows the seamier side of life. It is not for little children or for adults with definite opinions about how much of life the screen should reflect.

Done In Usual Disney Manner

The Disney dog film is titled "Greyfriars Bobby," and was filmed in Great Britain, with a new lighting technique to help deepen the Technicolor.

Produced largely around Edinburgh, the film stars Donald Crisp, Laurence Naismith, Alexander Mackenzie, Kay Wash—and, of course, Bobby the dog. Don Chaffey directed for Buena Vista release.

Since 1912, when it was first published, Eleanor Atkinson's novel about a dog's devotion has gone through many reprintings, and came to be out of date only within the last generation or two, when Americans became a bit too "sophisticated" for sentiment. In Great Britain, however, the story still is widely read.

A Canine May Look At A Queen

The dog that inspired Miss Atkinson's novel was honored by Queen Victoria.

The pup, Bobby, lived in Greyfriars kirkyard, a cemetery located in the center of a teeming 19th Century Edinburgh. When Bobby's master, a penniless shepherd, died in 1858, the dog began a lonely vigil at the old man's grave that was to last until the dog's death some 14 years later.

At first, Bobby was branded a stray and was haled into the local court on charges of being unlicensed and a vagrant.

But the walls of Edinburgh had come to know the friendless mutt, and in the simple way of children, they sold all their possessions to buy back Bobby's freedom and life.

The press got hold of the story, and it proved to be one of the most closely followed continuing stories in newspaper history. Eventually, the incident came to the queen's attention.

The monarch afterwards received periodic reports on Bobby's well-being, until the day he died. Then, the queen "suggested" that the dog be buried at Greyfriars near his master's grave, and that a monument be erected "to one of our most loyal subjects."

Queen Victoria was not one to be taken lightly, for in her day, the Crown still had considerable weight. And so, it was done as she suggested.

The monument stands to this day, and has become one of Scotland's traditions.

Wet November Is Foreseen

U.S. Weather Bureau's 30-day forecast for November indicates that this part of West Texas will have more than normal rainfall with temperatures close to normal.

Opening Date For Social Security Office Uncertain

Dallas office of the regional Social Security Administration does not know exactly when the new district Social Security Office slated for here will be put in operation. However, the date will be set soon.

"We are as eager as the people of Big Spring to get the new office

operating," said a spokesman for the OASI. "We understand that the General Services Administration (which handles all office space arrangements for federal agencies) has received bids for office space in Big Spring. However, we do not think they have as yet decided on the successful bid.

"It turns out that a new building will have to be built to suit our needs, the opening date of the district office will be delayed an additional 60 to 90 days.

"If there are quarters now available which are suitable, the opening can be speeded up. We do hope that we will be able to start limited operations—perhaps handling claims from Howard County alone—by the first of the year. With good luck we could have the office operating full style by that time."

The spokesman went on to say that two women have already been employed for the new office and are currently in the Odessa District Office where they are being trained in their new work.

He added that Erven L. Fisher, named manager of the Big Spring District office, will come to Big Spring when accommodations for the new operation are provided.

The new district office will serve Social Security administration clients from Howard, Glasscock, Borden, Martin, Scurry and Mitchell counties.

The office when in operation will require the services of seven employees. Two of these have already been recruited—Mrs. LeRoy Hollingshead, 1317 Eleventh Place, and Mrs. Marie Jennings, 1008 Bluebonnet. These are the two women now being trained in the Odessa district office.

Missile Built To Offset Winds

CAPE CANAVERAL, Fla. (AP) — Flying a zig-zag course that demonstrated its ability to withstand violent wind gusts, a Pershing artillery missile has scored its 21st success in 28 test firings.

The missile darted 250 miles down range last week. Pre-planned erratic maneuvers were built into the controls to test the ability of the inertial guidance system to return the missile to proper course.

The missile is scheduled for deployment in Western Europe next year.

Eyewitness Was Poor Evidence

MIAMI, Fla. (AP) — Frederick Taylor, 22, was being questioned about another case when he told detectives he had robbed a city bus driver of \$34 in September. But bus driver Norman W. Runyon, who had complained of a holdup, failed to identify Taylor in a lineup. Police then arranged a lineup of bus drivers and Taylor promptly picked Runyon as his victim.

Bean Case Leads District Jury Docket

Frankie Lee Bean, under indictment for habitual burglary, is slated to be the first defendant to face trial on this week's jury criminal docket in 118th District Court.

Bean, involved in two jail escape episodes, was in the news in July and August of this year. Since Aug. 12, when his last bid for freedom was thwarted, he has been held in the county jail and has been involved in no further difficulties with the law.

Bean and Levy Lee Edmonds, now in the state penitentiary, attempted a jail break on July 1, using a fake pistol to intimidate George Bogard, jailer. This try was frustrated by the arrival on the scene of Deputy A. G. Mitchell, who beat both would-be escapees into submission with his pistol.

HOSPITAL

On July 25, Bean, brought into district court for arraignment, appeared so upset that he was ordered removed to the Big Spring State Hospital for observation. On Aug. 5, he pulled the heavy mesh off his hospital room window and escaped. He was apprehended the following week near Ozona and returned to the jail here on Aug. 12.

Gil Jones, district attorney, has set Bean's case down as No. 1 on his jury criminal docket which opens on Monday before Judge Ralph Caton in 118th District Court. If convicted of habitual

burglary, Bean could be sentenced to serve life in prison.

Jones said that it is possible two or three defendants slated for trial this week will enter pleas of guilty. However, he said the bulk of the 15 cases docketed will probably have to be tried.

A jury panel of 125 members, has been notified to report to court on Tuesday morning. Monday afternoon, Judge Caton will sound the docket and the final order in which the cases are to be tried will be determined.

PLEAS

If there are any pleas of guilty, it is probable they will be heard at that time.

Also due for trial this week are two defendants charged with murder by an automobile. One is Jim Buck Matthews, Big Spring railroad employe. He is under indictment as the aftermath of an accident on June 25 in which three persons were killed. The other is Claudie C. Aaron, who is charged in the traffic death on June 11 of Karla Jo Hopper.

Other cases on the docket and scheduled for trial:

Andrew Garcia, indicted for possessing an ex-convict arrested in possession of a pistol.

Geraldine Bush, two indictments, theft from the person and habitual theft.

Arthur Downs, forgery.

Catarino Silva, DWI second offense.

Two other cases were docket-

Stalin's Son Loses Job

MOSCOW (AP)—Joseph Stalin's son, Vassily, has lost the top job his father gave him but is still in the Soviet Air Force.

According to friends, he is no longer a general but has been demoted to major.

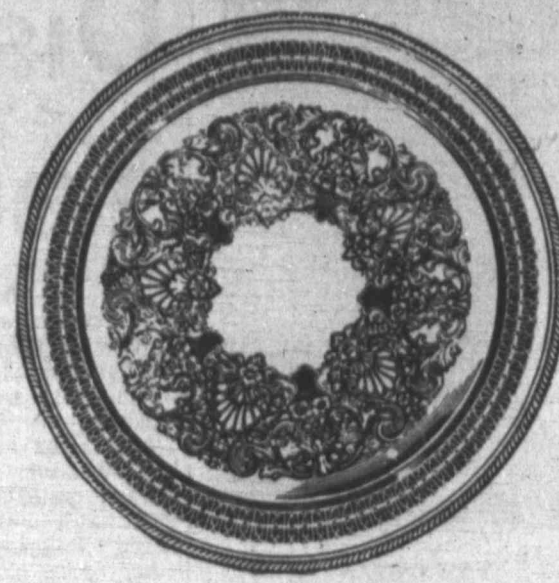

Stalin's daughter Svetlana still lives in the apartment her father assigned to her across the river from the Kremlin.
