

THE ANNOUNCEMENT by Life Magazine that it will cease publication at the end of the year is a sad note of nostalgia. Even if you didn't agree with everything the magazine ever did or printed, "Life" has to be recognized as having blazed a trail of photojournalism across the American scene that will long be remembered. Buffeted by the fierce competition from television advertising, as well as spiraling postage rate hikes, "Life" will now join the ever-growing list of slick paper magazines which like the dinosaur are fast becoming extinct.

Today's generation may not mourn the demise of "Life," but the over-40 set, who grew up without television to entertain them, and most often, very few movies, found in the weekly newsmagazine an entertainment medium as well as a source of news and pictures which were not available from any other source.

Magazines like the Saturday Evening Post, Collier's and Look already have preceded Life into oblivion. Time was when these publications were among the most sought-after by the American public.

Life Magazine no doubt has affected photo-journalism more than any other single force. Newsmen across the country, even those working for a small weekly newspaper, have paused as they posed a picture, wondering how a "Life" photographer might have done it, in getting the different angle.

Being a youngster during World War II, we don't have many vivid recollections of the conflict, but we do remember the stark, sometimes morbid, panels of color photographs which Life Magazine carried during the War. No doubt this gave millions of Americans a picture of the war that they would not have had otherwise. And what a priceless collection of photographs have been published in the "Parting Shots" section, at the back of the magazine each week. Some of the most unusual pictures ever seen have been published in this feature.

But after the end of the year this will all be history, and another part of nostalgia for the oldtimers to recall.

FOR THE ANNUAL Christmas play, a seven-year-old boy was assigned the role of the innkeeper at Bethlehem. He had trouble learning to turn away Mary and Joseph with a curt "There is no room at the inn." However, after several rehearsals, he had his part down pat.

Then came the big night, with his mother and father beaming at him from the front row. With great authority, the boy boomed out his "There is no room at the inn." But then he couldn't resist adding, "But come in, anyhow, and have some cookies and milk."

There is a '73 car on the market that won't solve the safety problem, but may save the owner money. It's painted red on one side and yellow on the other. If you have an accident, all the witnesses contradict each other.

Here are some modern definitions of **HUMBUG**—

HUMBUG... is getting caught under the mistletoe by your aunt Bertha.

HUMBUG... is opening your gifts and finding none of them fit.

HUMBUG... is Christmas store displays in August.

HUMBUG... is being served eggnog with no nog in it.

HUMBUG... is having your hubcaps stolen by Christmas carolers.

HUMBUG... is trying to have a good old-fashioned Christmas with an aluminum tree, aerosol pine scent, artificial yule log and plastic mistletoe.

Psychiatrists tell us that one out of every four Americans is mentally ill. Check your friends. If three seem all right, you're the one.

You heard about the scientists who crossed a turkey with a centipede. Great! Now everybody gets drumsticks.

MORE EXPECTED

Revenue Check For City Totals \$17,545

The City of Friona this week received a check in the amount of \$17,545.00 representing its first increment in the Federal Revenue Sharing program.

City Manager Jake Outland said that apparently another check, in the amount of \$11,529.00 will be forthcoming. A list prepared earlier by the Texas Municipal League indicated that the "annual amount" to be received by the city would be \$29,074.00.

Outland said that while the money may be used "just like tax money," it must be placed in a separate trust fund and audited separately.

Areas which have been suggested for the money's use include public safety (law enforcement, fire protection, building code enforcement), environmental protection (sewage disposal, sanitation, pollution abatement), health, recreation, libraries, social services for poor and aged, public transportation and financial administration.

"Probably our most glaring need locally is the need for an additional sanitary landfill site and equipment with which to work the site," said Outland.

Laws are making it unlawful for the city to continue to burn its trash, and provision must be made for additional land for dump purposes, as the present dump ground is rapidly filling up.

Other areas which need money include the Community Center-Showbarn group, the library board, which would like to see a new library building, and an extended medical care facility for the aged.

"We have not discussed a definite use with members of the council, so it is premature to speculate what it will be used for," Outland said.

According to preliminary figures, Parmer County had been programmed to receive \$116,385, but County Judge Archie Tarter said Wednesday morning the county had not as yet received its check.

"From all indications, I am estimating that our first check will be around \$40,000," Tarter said. Tarter added that the commissioners had not discussed possible uses for the money—especially not knowing what the amount would be.

So, for the present, the \$17,545 "Christmas bonus" to the city is on deposit at Friona State Bank.

Santa Sets Appearance

Santa Claus will make his official visit to Friona on Saturday, as he visits local stores between the hours of 1 and 5 p.m.

Old Saint Nick will be making appearances in local stores for the four-hour period, and will be handing out candy to children at each stop.

Santa will take time to visit with all of his young friends, and find out what they want him to bring them for Christmas.

The jolly old gentleman from the north will be making just this one appearance this year, so mothers in the Friona area are urged to bring their children in on Saturday afternoon so the kiddoes can talk to Santa Claus.

Santa is being supplied with candy by the Friona Chamber of Commerce and Agriculture, which is sponsoring his appearance in Friona.

Santa Claus is a pretty busy person, especially this time of year, and the local Chamber of Commerce is to be commended upon being able to bring him to Friona during the busy month of December.

Ten Nominated For Chamber Directors

Ten Friona residents have been nominated for two-year terms on the Friona Chamber of Commerce.

Members of the Chamber will be voting to elect five members to the Chamber board within the next week. Ballots should be in the hands of members this week, according to president Dale Cary.

Those nominated include Percy Parsons, Bernie Gowens, Delton Lewellen, Don Huckabee, Robert Neelley, Jack Hamil, Bill Bailey, Ronnie George, Jerry Loflin and Gary Cook.

Current board members whose terms expire this year are Ray Murphree, H.K. (Pudge) Kendrick, Wendell Gresham, Ron Davenport, and Glenn E. Reeve, Jr.

"We're asking for members to mark their ballots and return to the Chamber office immediately after they receive them" stated Cary. He indicated that it was the intention for the five men to be elected to meet with the Chamber board at its January meeting.

ATTENDANCE LOW

The sleet and ice that enveloped the city held down attendance at Tuesday's monthly board meeting, but the business was transacted as usual.

Cary reported that the Friona city council approved the formation of a Board of City Development, and solicited the directors' ideas on who should

SANTA MAIL. Sheri [8] and Stacie [3], daughters of Mr. and Mrs. Connie Dodson are shown mailing their letters to Santa Claus. Before being sent to Santa, their letters will be copied, and will appear in next Thursday's edition of the Friona Star. All children who

want their letters to appear in the Star asked to bring or mail their letters so they may be received by next Monday. The Star's mailbox will be left out for the convenience of those wishing to drop them by in person.

Open House Sunday For Fire Station

The Friona Volunteer Fire Department will be host on Sunday at open house for the city's new station house.

The new facility has recently been completed. It is located adjacent to the Law Enforcement Center (old City Hall).

For the first time in a number of years, the Fire Department can now house all of its equipment under one roof. The new station house is a five-bay facility, complete with storage space, meeting room, a chief's office, locker room, etc.

Hours for the open house will be from 2 to 5 p.m. on Sunday.

Spudnuts and cokes will be served to all attending.

Delton Lewellen of Lewellen Construction Co. was the general contractor on the building, which is of steel construction with brick trim.

All of the work connected with the new station was done by local contractors. A&A Electric did the electrical work.

Zachary Carpet and Tile installed the floors and cabinet tops. Richard Perkins did the plumbing.

The public is invited to attend the open house, and inspect not only the new building, but also see the equipment owned by the local fire department for use in fighting fires and other emergencies.

Cold Weather Still Hampers Activities

Cold, disagreeable weather during the past week has once again hampered harvest activities in the Friona area. However, farmers were spared any additional moisture to speak of, and most were able to work in about three harvest days during the week.

Tuesday dawned clear, after some sleet fell during the night, and by afternoon, most were able to resume harvest activities.

Those with crops still in the field were working late into the night in an effort to complete the harvest.

Cotton harvest continues to pick up steam, but the sugar beet harvest has been hampered by the cold and frozen ground.

Oldtimers are searching their memories to recall a time that the local area experienced so much cold weather this early.

Sunday and Monday of this week, the mercury never made it above the freezing mark. Sunday's high was 23 degrees, and Monday's mark was 27 in the "heat of the day."

Amarillo's weather bureau reported that the month of November was the coldest on record since records have been kept there, which has been about 80 years.

TEMPERATURES

Date	Hi	Low
Thursday	25	3
Friday	50	17
Saturday	41	23
Sunday	60	10
Monday	23	11
Tuesday	27	17
Wednesday	40	18

Trace of moisture on Sunday and Monday. .06 inch of moisture on Tuesday as a result of 1/2" of sleet and snow.

Western Art Featured At Local Bank

One of the Southwest's best-known artists, Kenneth Wyatt, will headline a one-day holiday art show at Friona State Bank on Friday, December 15.

The show will be presented in the bank's lobby and Community Room. It will remain open until 5 p.m. and later if necessary, to accommodate viewers of the exhibit.

Wyatt is known across the country as the "Artist of the West today," and his work is purchased by many prominent people and organizations, such as Ken Curtis, Melvin (Doc) Stone, U.S. Steel, Levi Strauss and prominent names in politics, show business, ranching, cattle feeding and banking.

The show will be held at Friona State Bank's lobby and Community Room. The public is invited to view the work free of charge.

Also appearing will be paintings by Raymond S. Pease and Bob Moline.

The show is being presented through High Plains Gallery of Amarillo.

Ramond S. Pease also specializes in western art. His work has appeared in Outdoor Life, Sports Afield, Argosy, Adventure Magazine and the Saturday Evening Post. He painted many covers for Signet, Pocket-Books and other paper-back books.

The western pulp magazines contained his illustrations. He illustrated "The Hunting Dogs of America," which was purchased by the Library of Congress.

Bob Moline, of Comanche Indian heritage, is a member of the Inter-tribal Council, is an outstanding rodeo performer, and makes fine saddles with silver and gold handwork.

He himself is as near the real article insofar as the West, the cowboy and the cowboy artist is concerned as can be found.

A native West Texan, Wyatt is a Methodist minister, and is currently serving as evangelist for the Northwest Texas Methodist Conference.

Wyatt is especially known for his painting of horses, and it has been said that his horses can be judged as if they were on the show line.

The show is sponsored by Friona State Bank.

Market Still Strong Here

Maize prices continued to be much stronger than average in Friona this week.

As of Wednesday morning, the price paid for milo on the local market stood at a whopping \$2.80 per hundred. Corn prices also were strong—standing at \$3.00 per hundred. Even wheat prices were good, standing at \$2.46 per bushel.

Maize prices have been gaining, or staying steady, for the past week.

Farmers who had not sold their maize have been in the enviable position of being able to "play the market," being practically guaranteed a much better than average price—with the opportunity of making a bonus if they sell just right.

XMAS BONUS. Amy Mason, City of Friona employee looks at the check for \$17,545 which the city received this week as its first increment in the revenue sharing program. The city should be due another \$11,529, according to preliminary figures.

Friona Chamber Of Commerce
CHRISTMAS LIGHTING CONTEST
Official Entry Blank

Name

Address

Phone

Complete this blank and mail or bring to the Chamber Of Commerce Office, 7th and Main Streets, Box 905, Friona, or phone 247-3491. Deadline for entries is December 15.

YOUR BEST MARKET PLACE

WELCOME TO FRIONA

This week we welcome Mr. and Mrs. Tommy Waldrop and their 10-month-old son Colby. The Waldrops moved here from Clarendon. Waldrop teaches history in junior high and

coaches the seventh grade girls basketball team and assists with football. Mrs. Waldrop is employed at Friona State Bank. They live at 708 West Fifth.

Sincerely Yours

By Rev. Albert Lindley

I have a rather contradictory situation at the moment and I'm wondering if you have ever experienced two events at the same time which seek to deny each other?

Let me try this on for size, anyway. I'm presently listening to a Christmas record. (I suppose I thought the background music would inspire my writing today, or something.)

I have a good cup of coffee. I'm in a very fine and warm office, the beautiful sun is turned on outside and things seem to be warming up—in fact it is a good warm feeling. . .it's Tuesday morning.

The boys landed on the moon safely last night, the Dallas Cowboys won this week and I just received a Christmas card and message from a very good friend. . .

In my comfort and with the lovely strains of "It Came Upon The Midnight Clear," "There's A Song In The Air," and "O Little Town of Bethlehem," I seem to be in an environment that would last forever, produce hope, best wishes, good cheer and longevity. . . It is marvelous.

I am sure also of the outside world and those who are not as 'comfortable' and of the situations that are not as good and of the conclusion that many have possibly that would deny the hope that this season would seek to bring. . .and therein lies my conflict, which was brought vividly to mind.

Just at the moment when my pen started to make its initial mark on the paper for this article today—wanting to talk about the beauty of it all. . .At that moment my eyes fell on an advertisement informing me that a subscription service was elapsing (isn't this a terrible time of the year to have that roll in on someone, to boot?) and the envelope is marked in large red letters. . ."LAST CHANCE!"

For such a thought to seek entrance in my mind which is presently so filled with the goodness and loveliness of life, the gift of God to all the world in his Son it just somehow seems that there are no "last chances."

A part of the message of Christmas is that Christ is continually hope for all the world. I believe that. In fact, it seems to me that the whole expression of the spirit of this season of the year is that of hope and life and joy and cheer. (Even my wife smiled at me the other day. . .)

Isn't it good to be so blessed with all that we have?? Just count them.

Of course, in my comfort I must not forget the others. . .which is a Christmas message in itself. . .and know that they are not as well off as we and even now some of us stand in the need of His presence and strength. . .

So, as we continue our approach toward this holy day celebration, will you take a few moments to join me in a prayer for the unfortunate, for world peace, for the over powering love of God for all mankind. . . Amen!

LAST CHANCE, INDEED!

Pause and Reflect

By Nelson Lewis

I cannot help feeling like a larva snuggled down deep and warm in my own little private cocoon.

Somewhere out there in the bone-chilling blackness of space three young men (either of them not much older than my son) are hurtling toward the moon. Already the lunar gravitational pull is exerting forces that draw them farther, and farther away from the secure nests their intelligence and industry have provided.

So here I sit scribbling away in my pinpoint habitat and the wonder of it all befuddles the mind.

A trip to the moon [science fiction during my school days] is now almost routine.

YET AUTOMOBILE manufacturers continue to "recall" cars to correct mistakes that should have been obvious to a qualified inspector.

Buildings burn with a Hadean Fury that makes a mockery of construction codes and points the finger of guilt at those in high places.

Airlines suffer hijackers, not because we do not have the know-how to stop them, but because the executives and the politicians cannot, or will not, decide who is going to pay the bill for proper identification of dangerous weapons.

Technology has never been a problem for Americans. We see a need and Presto! We invent a gadget to fill the void, or we make a gadget and through advertising create a need.

Unfortunately our most serious problems cannot be solved by our advanced technology.

Friona Flashbacks

45 YEARS AGO—DECEMBER 16, 1927

The force of workmen of the Texas Utilities Company that have been here the past two weeks at work on the building for housing the plant and preparing the machinery for was augmented this week by several more men. It now appears that it may be impossible to have the power ready to turn on by the first of the year.

C.J. Willard of Plainview, representing the Nichols & Shepherd threshing machine company, was a business visitor in Friona Monday, making arrangements for a local dealer for this territory. C.W. Stevick will represent the company for the coming year or longer, beginning about January 1.

35 YEARS AGO—DECEMBER 10, 1937

The writer had the pleasure of visiting the farm home of Ed Boggess a few miles southeast of town Sunday afternoon, and of viewing some of Ed's fine whitefaced cattle. Ed had a bountiful crop of sorghum grains this season, and he is selling it by way of the feed lot, with a good prospect of receiving a fair price for it. He has a herd of 99 of the prettiest whitefaced yearling steers that it has been our pleasure to look at in a long time, having had them on feed for the past several weeks.

30 YEARS AGO—DECEMBER 11, 1942

Honor roll for the second six weeks for Friona High School, all As, included seniors Fern Cunningham, Howard Loveless, June Maurer and Elsie Messenger, junior Dale Treider; sophomore Cleola Hurst, Truel Wayne Hyde, Betty Mae Massey, Shirley Maurer, Patsy Ruth Robason and Nola Faye Smith, and freshmen Doris Ann Lange, Dorothy Scott, Ethel Mae Taylor and Louis Welch.

20 YEARS AGO—DECEMBER 11, 1952

The Santa Fe Railway has declined to act favorably on a recent petition submitted by area residents asking for seven-day service at the depot in Friona. The petition carried 115 signatures.

15 YEARS AGO—DECEMBER 12, 1957

BULLETIN—The area's oldest citizen, Mrs. Nancy Adeline Thornton, 107, died at the home of Mrs. Roy Williams Wednesday afternoon at 5 o'clock. Funeral arrangements are pending at Claborn Funeral Home. Mrs. Thornton has been in poor health in recent years.

Two Friona businesses this week added black top paving to their parking lots, further adding to the attractiveness of the city's front yard. The businesses were Gib's Cleaners and Claborn Floral and Funeral Home.

10 YEARS AGO—DECEMBER 13, 1962

Friona High School's FFA Chapter has added another state championship banner to its growing collection of blue and gold streamers. The senior farm skills team kept the state title in Friona by beating out nine other area champions in the 32nd annual state leadership contests in Huntsville last Saturday. Members of the team are Jerry Cass, George Rushing, Ronnie Brookfield, Dwain Phipps and Dale Milner.

Collectors find interesting stamps on holiday greetings

Stamp buffs have a perfect opportunity to add to their collections every Christmas season.

As greeting cards from friends pour in, so do unusual postage stamps. Some may depict Nativity scenes.

There are several special issue stamps commemorating the holidays.

The whole family can be on the look-out for these collector's items. Sometimes

moved by tearing the corner of the envelope off and soaking in warm water.

This makes peeling the stamps from the envelope paper a simple procedure.

Then, the stamps should be placed on absorbent paper for drying.

It may even interest the youngsters enough to decide to start stamp collecting as a hobby for themselves.

Neither scientists, engineers, politicians nor industrialists can eliminate the ethnic and religious barriers that separate us.

THERE IS NOTHING WRONG with paying due respect to one's forefathers—however we must avoid "ancestor worship" lest it drive deeper the wedges that separate us.

We Texans are fortunate in having the Institute of Texan Cultures at San Antonio.

The Institute recently hosted a conference of teachers of young children.

The theme was "Diversity With Unity" emphasizing that although Texans are of diverse backgrounds, they are unified as Texans.

Homemaking Class Feeds School Board

Highlight of the regular monthly meeting of the Friona school board Monday night was a dinner served to the group by the Homemaking III girls of Friona High School.

In the business session, tax assessor-collector Porter Roberts reported that tax collections for the month of November amounted to \$62,324.13. Collections as of November 30 represented 29 per cent of the total tax roll, compared to 27.2 per cent on the same day a year earlier.

Superintendent Alton Farr reported that the Parent-Teachers Organization had paid an additional \$100.00 to the system, making a total of \$400.00 the organization has paid to help on the cost of air conditioners for the primary and grade school offices. This represents about half of the total cost, Farr said.

In other business, Farr reported on the accounting workshop he and Mrs. E.T. Jennings have been attending

in Amarillo. The school is required to go on a new accounting system beginning next year, hence the special workshop for school officials.

The school has been providing two night classes for the past three weeks, one on bookkeeping, with approximately 24 students enrolled. The other, on the basics of education (reading, writing, etc.) has only five students enrolled, and needs at least seven per meeting to maintain the class, it was pointed out. The classes are open to anyone who is interested.

The board is to have a called meeting next Monday to hear the auditor's report on the 1971-72 school year business.

Phone Company Asks Increase

General Telephone Company of the Southwest officially requested the Friona City Council for an increase in local telephone service rates on December 4, 1972.

Rad Richardson, Littlefield District manager told the council that the increases are needed to allow General Telephone to earn a fair and reasonable return upon local investment, enabling the company to keep pace with customer service needs.

Rates presently in effect in Friona were approved by city council members in 1967. Since that time, Richardson said a new central office has been built, outside facilities have been added, the distribution cables have been pressurized to eliminate telephone trouble during wet weather. Future plans include additional outside plant facilities as well as additional central office equipment and additional toll trucks to be added in 1973.

Richardson told council members utility companies are major victims of inflation and as an industry have lagged substantially behind in adjusting prices to offset rapidly increasing costs.

He reminded the council that utilities, unlike other companies and businesses are not free to adjust prices immediately each time a higher cost of operation is incurred.

"In fact we are generally granted increases only after a considerable time has elapsed since the higher costs were incurred," he said.

"Customers may notice telephone increases more because they sometimes occur in large increments. However, other items and services often have increased as much or more but in smaller amounts at more frequent intervals—thus slipping by unnoticed."

NOW!

5 YEAR OR 3500 HOUR WARRANTY ON THE **ZIMMATIC** MODEL 310 ELECTRIC

Dependable! Efficient! The World's "No. 1-Selling" Electric!

The big rugged dependable ZIMMATIC MODEL 310 ELECTRIC now gives you a 5 year or 3500 hour warranty on Gear Boxes (Pat. Pending), Gear Motors and Micro Switches. (A written warranty will be furnished). ZIMMATIC has many exclusive features! Specially-designed External Collector Ring (Pat. Pending) is the only collector ring that keeps power wires outside of vertical pivot water pipe. Uni-Knuckle Joints (Pat. Pending) give unlimited flexibility on hills and have new split metal couplers with rubber boots to save many hours if maintenance is needed. Floating Towers (Pat. Pending) rotate in special sleeves that eliminate any stress on mainline pipe when operating on uneven ground.

The ZIMMATIC was developed under some of the most adverse field conditions and was put through tests that no farmer would run in... during normal farming operations. Pivot stands 12 ft. high with more than 9 feet of crop clearance. ZIMMATIC has double-wall, moulded plastic electrical boxes — eliminates condensation formed in metal boxes used by other systems.

- SPECIAL GEAR BOXES (Pat. Pending) designed with special metallurgy and developed over the years for ZIMMATIC. Don't confuse with "off-the-shelf" gear boxes used on other systems.
- STURDY UNDER-TRUSS DESIGN adds strength to system to prevent sagging.
- ELECTRICALLY DRIVEN—Completely reversible by pushing one button. For part circle irrigation.
- POSITIVE LINKAGE CONTROL ARMS keep towers in perfect alignment.
- FEWER TOWERS — Only 10 towers on 1/4 mile system. Less maintenance. Less crop loss.
- EXTRA-LONG 14 FOOT WHEEL BASE provides the stability for operation over uneven ground.
- FLEXIBLE SPLIT METAL COUPLERS (Pat. Pending). No rubber hoses to stretch, twist, bulge out and break.

EXTERNAL COLLECTOR RING (Pat. Pending). Only collector ring designed to keep main power cable outside of vertical pivot pipe. Changing pivot pipe gasket is easy... no major job as in other systems.

Friona Bands Xmas Concert Is Sunday

The Friona High School and Junior High School bands will hold their Christmas concert Sunday, December 17 at 2 p.m. at the Junior High Auditorium.

Each band will present five numbers, and in addition there will be a number with narrator and actors, entitled "The Boy Who Wanted a Tuba," by Stan Breit and Norman Ward.

Included on the high school band's program are-- "Christmas Curtain Raiser" by Hastings, "Bacharach and David Medley," arranged by Cacavas, "Christmas Spirit," arranged by Nestico, "The Shoes of the Fisherman," by North and "Adeste Fideles," arranged by Ployhar.

On the junior high band's program will be "Spirit of Christmas," by Frank, "I'd Like to Teach the World to Sing," by Backer, Davis, Cook and Greenway, "Japanese Fantasy," by Erickson, "Christmas Chimes," arranged by Kinyon, and "Hark, the Herald Angels Sing," arranged by Kinyon.

Charles Faulkner and James Andrews are directors of the band.

The public is invited to attend the program. There is no charge.

Bandsmen Score In Tryouts

Four members of the Friona High School band qualified for tryouts to the all-state band at Regional tryouts last Saturday in Lubbock.

Those qualifying were Gary Mingus on the trombone, Hope Mays on the flute, and Janice Hays on the flute. Danny Simpson, trombonist, qualified as an alternate.

Also competing from Friona was Julie Johnson, on the alto saxophone. She placed fifth in her division.

Those qualifying will compete in area tryouts January 20 at Texas Tech.

A wife suggested to her husband, "Let's buy Junior a bicycle for Christmas."

"Do you think it might improve his behaviour?" asked the ever-hopeful husband.

"I don't think so," admitted the wife, "but at least it will spread it over the neighborhood."

Freshman Squaws Win Tourney, Stand 6-0

The freshman Squaws breezed to the championship of the Muleshoe freshman tournament last weekend, with three easy wins over Olton, Canyon and the host Muleshoe team.

The team stands with a 6-0 record after six games.

Friona defeated Olton, 50-31, Canyon, 63-30 and Muleshoe, 53-30 in taking the tournament win. The team's closest game this season was a 43-41 win over Olton in their second game.

Leading scorer has been Terri Patterson, who scored 42 points in the tournament game against Canyon. Nanette Fallwell also has been averaging over ten points per game. Janet Rodgers is the other starting forward.

Starting guards are Sheri Thorn, Kathy Cunningham, Paula London and Nell Fulks.

THIS WEEKEND

Teams Entered In Vega Tournament

Friona High School's basketball teams will be in action this weekend in Vega's Invitational tournament, Thursday, Friday and Saturday.

The Squaws, who were 8-2 prior to their scheduled game here against Dalhart Tuesday, will be one of the favored teams in the girls division of the tournament.

The Friona girls meet Phillips in first round action on Thursday. That game begins at 12:30 p.m. The Chiefs, 4-4, meet Boys Ranch at 2 p.m. Thursday in their first-round game.

Boys and girls teams from Fritch and Happy are in the lower bracket with Friona teams, so the local teams will play either of those two schools, depending upon the results.

Other first-round pairings include Vega vs Adrian and Claude vs Panhandle for both boys and girls pairings.

A win on Thursday would put the Squaws in the 3:30 p.m. semi-final game on Friday, and the Chiefs would play at 5:30 by

beating Boys Ranch. Finals are slated on Saturday at 7 and 8:30 p.m.

Chiefs Keep Mark Even During Week

The Friona Chieftains kept their season record even last week, winning one game and losing one, to stand 4-4 after action of Friday, December 8.

The Chiefs were defeated, 59-46 by Farwell on Tuesday, but rebounded to defeat Vega, 53-37 here on Friday.

Friona had defeated Farwell here in its season opener, but could not get things going in the return match. An unusual statistic found Friona never getting a free throw in the contest. Only three fouls were called against the Steers in the entire game, so the Chiefs never got to the free throw stage, due to the new rule on free throws this year.

Farwell connected on 47 per cent of its field goal shots, to 35 for the Chiefs.

Against Vega here on Friday, the Chiefs had a fine second half outscoring the Longhorns, 35-25, to account for their victory.

Dale Cleveland's 15 points led the Chieftains, who still were fairly cold from the floor at 35 per cent, but the team did get some free shots, and made 11 of 17 in this category.

Squaws Win Pair, Now Stand At 9-2

Friona High School's Squaws coasted to their ninth win of the season here Tuesday, downing Dalhart, 53-25. Last Tuesday the team had defeated Farwell, 46-26.

Darla Rhodes and Sharon Smith were 1-2 in scoring for the Squaws in both games. Miss Rhodes scored 18 against Dalhart and 16 against Farwell, with Miss Smith adding 15 and 12 respectively.

The Chiefs, although carrying the fight to strong Lubbock Estacado, fell to a late-game rally by the class AAA team, 58-50 here Tuesday night.

Johnny Bandy led scoring for Friona with 18 points.

Squaws	12	12	10	12-46

BASKETBALL

B-Chieftains Win Pair During Week

The B-Chiefs won a pair of basketball games last week, to run their record to 4-0 after four games. The Chiefs downed the Farwell B-team for the second time, 68-30 on Tuesday, and finished the week with a 61-25 win over Vega in a game here Friday.

After four games, the B-Chiefs are averaging 67.7 points per game, to only 30 for their opponents.

Kent Patterson scored 18 points at Farwell on Tuesday to pace the win, and Clay Bandy had 10 in Friday's win. The team has played everyone on its roster in each game, and still racks up a number of points.

Friona	20	12	24	12-68

To separate a head of lettuce, cut out the core, then hold the lettuce-upside down-under cold running water. The force of the water separates the leaves.

IN HEREFORD

REC Sets Open House At Remodeled Office

Deaf Smith Electric Cooperative is holding open house Sunday from 3 to 5 p.m. in its newly remodeled office building located on East First St. (Highway 60) in Hereford.

Hosting the occasion will be the board of directors and staff. They will be on hand throughout the open house hours to lead visitors desiring guided tours through the building. Refreshments will be served in the new Medallion Room.

HAMIL IS GUEST

Distinguished guest for the afternoon will be the Honorable David A. Hamil of Washington, D.C., administrator of the Rural Electrification Administration. A number of other distinguished persons from

throughout Texas are also expected. Among these will be Susie Howard, Miss Texas Rural Electrification.

As a result of extensive remodeling of the Deaf Smith REC headquarters building, the facility now boasts a complete face-lift on the outside, and an additional 2,284 square feet on the inside.

Most of the new space is incorporated into the Medallion Room, a community meeting place which will be available to local groups for meetings, exhibits and other community-boosting uses. One of its features is a beautiful demonstration kitchen, equipped with the latest appliances available.

FIRST CHANGES

The face lift and addition of the meeting room are the first major changes to the building since it was erected 22 years ago. Deaf Smith REC was organized in 1937 with 6 employees, and presently employs 42.

James T. Hull, general manager for Deaf Smith REC, feels the cooperative is very fortunate in having Hamil as its guest Sunday. Hamil started his tenure as administrator of REA under the Eisenhower administration in June 1956 and served until February 1961. He was reappointed in January of 1969 and continues to serve in that capacity.

The administrator, since college days, has been a rancher engaged in cattle-feeding business in Logan County, Colo., where he was born Dec. 2, 1908. He and a brother operate 4,500 acres, of which about 1,000 are irrigated. Their principal business is the fattening of cattle with about 5,000 head on hand at all times. They also are producers of sugar beets, alfalfa and corn.

HOUSE SPEAKER

At the time of his appointment as REA Administrator in 1956, Hamil was speaker of the Colorado House of Representatives, a position he had held until 1951. He was first elected to the Colorado General Assembly in 1938 and except for two years he had served in it continuously.

He was appointed as executive Director of the Department of Institutions in January, 1963, by Governor John Love and served in that capacity until taking over the reins of REA in the Department of Agriculture again in January, 1969.

Hamil has been an extremely active administrator who helped add more than one half

million rural consumers to the lines of REA financed electric systems, and helped improve service to many others during his first four and one half years.

The rural telephone program, also under his leadership, with new and improved service has grown at a phenomenal rate.

Hamil is married to the former Genevieve Robinson of Denver, Colo. They have three children, Mrs. Jo Ann Ostwald, wife of Dr. Don A. Ostwald of Fort Morgan, Colo., Donald William of Sterling, Colo., who is active in family farming and ranching, and Jack R. of Friona who is associated with Hi-Pro Feeds, Inc. All three are graduates of Colorado State University.

Whitney's "gin" is short for "engine."

Defoliation is chemical removal of cotton plant leaves.

"EVERYONE IS WELCOME TO ATTEND"

**On The Farm
In Parmer County**
**MACK HEALD
County Agent**

JUST ARRIVED in my office is the 1973 edition of the Farmer's Tax Guide. You may not be interested in this at the present time, however, copies will be available.

Also available are applications for windbreak seedlings and pine seedlings. If you are interested in setting out some trees, I would suggest getting these applications in before January 1, 1973. The orders fill up quickly this time of year.

Winter annual weeds are beginning to make their appearance, especially in early planted fields of wheat and other small grains. Now is the time to start making plans for spraying these weeds before they utilize moisture and nutrients needed by the grain crop. Tansy mustard and Kochia are the weeds most commonly encountered in this area. They can be easily controlled with 1/2 pound of 2,4-D applied either by air or ground spray equipment. It is important that the small grain plants are fully tillered before 2,4-D is applied. Yield losses and plant deformity may result if the plants are too young.

Not all wheat fields require spraying as good stands of vigorous wheat shade the ground early and discourage germination and growth of weeds. In late planted fields or those that did not receive moisture until recently the weeds may not appear until January or February so fields should be checked carefully. The weeds are easiest to kill while they are in a rosette stage with a diameter approximately the size of a half-dollar. If the weeds are elongated and yellow blossoms have begun to appear, you waited too long. They have already caused a reduction in potential grain yield.

Research on weed competition has been conducted by Dr. Allen F. Wiese at the Southwestern Great Plains Research Center at Bushland. His studies indicate that one weed per square foot can reduce wheat yields by 10 per cent.

If a potential yield of 40 bushel per acre is assumed, the yield loss would be about 4 bushel or about \$7.00 at current prices. With an estimated spray cost of \$1.50 this could mean an extra \$5.00 per acre as a result of controlling the weeds.

SCS News

Winter has blasted in with snow and all the trimmings. It looks as if the winter is going to be long and active. The expected snows will be a tremendous asset to the farmer who can keep it where it falls.

Blowing snow can be quite a nuisance. It can drift across roads making them impassable. It can drift in fields causing wet and dry spots in the field making farming operations difficult. All in all snow can be either a friend or a head-ache depending on its management.

The easiest way to "nail down" snow is the management of crop residues. With standing residues in the field, snow will not blow even if there is quite a bit of wind. Coupled with snow management the residues are also efficient erosion control and soil builders.

For more information on crop residues and its management uses contact the Soil Conservation Service in Friona.

Prevent boiled icing from becoming sugary and crusty by adding a few drops of vinegar to the icing as it cooks—you won't taste the vinegar at all.

To flavor a mustard sauce or salad dressing, combine dry mustard with an equal amount of mild, prepared mustard.

Prevent butter from burning when sauteing by adding a small amount of oil. Butter alone burns easily, but the combination of butter and oil does not.

DRIVE FRIENDLY INTERNATIONAL—Dr. Carlos Diaz-Coller, director of the Pan American Health Organization; A. Ross Rommel, administrator of the Texas Traffic Safety Program; and Texas Governor Preston Smith (l-r) discuss Texas traffic safety materials presented to a meeting of the Health Organization in Caracas, Venezuela. Governor Smith and Mr. Rommel, along with several Texas traffic safety experts, were special advisors to the Caracas session.

Area Cotton Production Exceeds 2 Million Bales

The final estimate of 1972 cotton production from the 25 High Plains counties served by Plains Cotton Growers, Inc., made December 7 by the joint PCG-Lubbock Cotton Exchange Estimates Committee, edged past the 2 million bale mark for the first time this season.

The fifth monthly estimate for this year was set at 2,012,000 bales, up 23,000 from the November projection of 1,989,000. Estimates from August through November had hovered just below the 2 million bale figure.

The estimate for Parmer County is 32,000 bales, unchanged from earlier estimates.

The final "guess" moved up slightly in response to encour-

aging yields and gin turn out from many of the first fields harvested. As of the date of the estimate only about 354,000 bales, something like 18 percent of the crop, had been received at classing offices in Brownfield, Levelland, Lamesa and Lubbock.

Acres for harvest in the 25 counties is estimated at 2,494,500.

The production estimate is calculated by the committee in 480 pound net weight bales, and if both acreage and production figures prove correct, per-acre yield for the area will be 387 pounds. Thus the first 2 million bale crop since 1965 will be more the result of high acreage than a "bumper crop," points out Joe D. Unfred of New

"The safest way to double your money is to fold it over once and put it in your pocket." (Kin Hubbard)

Home, chairman of PCG's half of the committee.

From 1958 through 1968 the average per-acre yield on the Plains was 469 pounds. Low for that period was 418 pounds per acre in 1959, and the all-time high for the Plains was established at 519 pounds per acre in 1965. For total volume the area's record still stands at 2,443,900 bales harvested from 2,416,000 acres in 1961.

THE SHEPHERDS ARE TOLD OF A SAVIOR

LUKE 2:8-17

From THE LIVING BIBLE

"That night some shepherds were in the fields outside the village guarding their flocks of sheep. Suddenly an angel appeared among them, and the landscape shone bright with the glory of the Lord. They were badly frightened, but the angel reassured them.

"Don't be afraid!" he said. "I bring you the most joyful news ever announced, and it is for everyone! The Savior—yes, the Messiah, the Lord—has been born tonight in Bethlehem! How will you recognize him? You'll find a baby wrapped in a blanket lying in a manger!"

Suddenly, the angel was joined by a vast host of others—the armies of heaven—praising God:

"Glory to God in the highest heaven," they sang, "and peace on earth for all those pleasing him."

When this great army of angels had returned again to heaven, the shepherds said to each other, "Come on! Let's go to Bethlehem! Let's see this wonderful thing that has happened, which the Lord has told us about."

They ran to the village and found their way to Mary and Joseph. And there was the baby, lying in the manger. The shepherds told everyone what had happened and what the angel had said to them about this child.

What a nice surprise! Under that bright wrapping and pretty bow is a scrumptious-looking fruit cake.

Food gifts such as fruit cakes are welcome and delightful Christmas gifts, but care is essential in wrapping these foods after cooking to insure a quality product later.

Some ideas on caring for baked fruit cakes along with a holiday recipe, Famous Old Fruit Cake, are—
After removing fruit cake from oven, leave it in paper and cool thoroughly.

Then wrap securely in a second layer of moisture-vapor-proof packaging material, such as cellophane, aluminum foil, plicofilm or laminated wrapping paper. Store in a cool place, in a tightly covered container.

Most fruit cakes are aged to bring out flavor. They are generally considered best after one or more months storage.

If wrapped well, fruit cakes can be kept up to one year in the freezer. When ready to use, simply remove the cake from the freezer and thaw. It shouldn't be unwrapped while thawing.

The recipe for Famous Old Fruit Cake is found in "Christmas Time at Home" (B-254), a bulletin which may be purchased through the County Extension Agent's Office.

FAMOUS OLD FRUIT CAKE

Wash and dry three pounds seeded raisins or currents. Cut the following into 1/2 cubes—1# grapefruit peel, 1# candied pineapple, and 1-1/2# figs, dates or apricots.

Leave whole, if desired, 1# candied red watermelon rind or cherries, 1# pecans or black walnuts and 1/2# almonds.

Sift together four cups flour, 1 teaspoon cinnamon, 1/2 teaspoon cloves, 1 teaspoon nutmeg, 1/4 teaspoon allspice, and 1/2 teaspoon salt.

Cream 1/2# butter or margarine and 1 cup brown sugar in another container. Add 6 unbeaten egg yolks to this creamed mixture.

Next, mix a small amount of the flour mixture with the raisins and dates to keep them from sticking together.

Add flour mixture alternately with 1/2 cup fruit juice or sweet pickle syrup to the creamed fat mixture. Add fruits and nuts and mix thoroughly. Finally, add 6 beaten egg whites.

This makes 1 1/2# of batter, which may be baked in loaf pans, coffee cans or stem cake pans.

Grease pans. Line them with brown paper to fit, with the paper extending one inch above the pan. Next, grease the paper.

Hand pack the batter firmly into the pans to within 1/2" of the top. Cover the top with waxed paper and place over a pan of water in the oven. Bake at 250 degrees F. for the recommended time as follows—

A one-pound cake should be baked for 2 to 2-1/2 hours, a two-pound cake, 3-1/2 hours, and a three-pound cake, 4 hours.

Remove waxed paper from the cake's top during the last 15 minutes of baking.

Take the cooked cake from the oven and cool it thoroughly. Now it is ready to age and give as a tasty Christmas treat.

If you see spots before your eyes, it could be a jaguar, the largest member of the cat family found on American continents.

Church Sets Xmas Music

The Congregational Church choir will present a Christmas cantata, "Night of Miracles," Sunday morning at 11 a.m., during the church's regular morning worship hour.

The choir is under the direction of Sara Alexander. Soloists will include Sue White, Ann Nazworth, Carol Mowbray, Bob Alexander and Noel White.

Louella Maurer is church organist. Dorothy Middleton is serving as guest pianist for the cantata.

"Night of Miracles" is a cantata by John Peterson. The public is extended a cordial welcome to enjoy this special Christmas production on Sunday.

GIFT SUGGESTION FOR TODDLERS—Comfy coversalls in stretch cotton blend terry make ideal gifts for toddlers. Mothers will appreciate their easy-care qualities, too. These by Carter's are styled with a diagonal zipper front that not only adds a fashionable flair, but allows the soft terry to stretch more for a better fit.

Think it was Will Rogers who said on one occasion, "There's nothing people talk more about and do less about than the weather." During the month of November this has been very true. Not even the old old people I've visited with have ever seen or heard of anything like we have had.

A lot of people say, "That's West Texas for you." This may be true, but right now we're not the only Texans who are having "different" kind of weather. Residents of Austin have been hindered from going to work by the weather recently and I'm told this is very very unusual.

I kind of like the explanation about all this change made in a cartoon I saw recently. An old fellow was complaining about the weather and was blaming it on man visiting the moon. He said the moon governed our weather and that by walking on it man had upset its usual signals or whatever he thought it sent out.

If his logic proves right, we may expect a drastic change soon.

This could have been written about Dan True, but I really don't think it was. Nevertheless, it is a funny story.

"A local forecaster of the weather was so often wrong in his predictions that he became the laughing stock of the community.

He, therefore, asked headquarters to transfer him to another station.

A brief correspondence ensued.

"Why?" asked headquarters, "do you wish to be transferred?"

"Because," the forecaster promptly replied, "the climate doesn't agree with me."

The above was really written about twenty-five years ago, so maybe having one kind of weather predicted and another kind show up the next day really isn't anything new.

Heard by the grapevine today that Jack Hamil was busy handing out "New Father Cigars" Tuesday. This was a brand new experience for Jack even though the baby boy born to him and Peggy Monday night was their second.

When Marc was born four years ago, Jack was overseas serving in the United States Armed Forces and had to depend upon his father and father-in-law to do the cigar passing out.

Several recipients of the cigars reported a broader than usual smile on Jack's face.

Real soon now our college young people will be coming home. It is always so good to have them with us for a few days. Seems like most of them spend less and less time at home with each passing year.

Of course, those who have been away for a few years have developed new interests and none of us would want it any other way, but it does make us enjoy the time they are around more.

If you need a stocking stuffer for your college student, you might want to consider a Friona Star subscription. If you do, just call 247-2211 and let us know. Then, of course, during the New Year we would want you to call us more often to report items of interest to them.

Congratulations are in order for four members of Friona High School band. Gary Mingus, Hope Mays, Janice Hayes and Danny Simpson may all four be competing in the all state band finals, which are to be held at Texas Tech University, Lubbock, in January.

Gary, Janice and Hope were all three chosen for this honor and Danny was chosen for an alternate. Think about 50 musicians were chosen from 60 high school bands in the 20 county area who competed at Lubbock High School for the honor during eliminations Saturday morning.

We're proud of this year's band and its accomplishments and want to congratulate Charles Faulkner and members of the band.

The farther a man knows himself to be from perfection, the nearer he is to it.

Club Slates Bake Sale

The Friona High School Foreign Language Club is sponsoring a bake sale and pastry wagon on December 21.

Friona residents are invited to call in their orders, or phone the club on the bake sale date and they will bring their "pastry wagon" by so selections may be made.

Advance orders must be made by Tuesday noon, December 19. Phone 247-2891, or 247-3307 for orders.

"Let us do your holiday baking," the club suggests.

Never use fireworks or guns to welcome in the New Year.

There's No Need For Mom To Slave Over The Hot Stove This Christmas.

ON PROGRAM. . . These members of Mrs. Ernie Porter's kindergarten class will present a Christmas program on Friday, December 15 at the High School Auditorium, 7:30 p.m.

Standing, left to right, are Jan Douglas, Tracy Tunnell [Santa], Ross Roden and Debbie Reeve. Frosty the Snowman, seated, is Brook Massey.

Young Class To Perform

"The Christmas Dream," is to be presented by Mrs. Ernie Porter's kindergarten class on Friday, December 15 at the high school auditorium.

Admission to the production will be 25 cents per person.

Second Son Born To Jack Hamils

Mr. and Mrs. Jack Hamil, 1507 Columbia, became parents of a baby boy at 11:13 p.m. Monday, December 11, at Parmer County Community Hospital. He weighed 8 lbs. 7 ozs. and was named Christopher John.

Christopher is the second son for the couple. His brother, Marc, is four.

Grandparents are Mr. and Mrs. David A. Hamil, Arlington, Virginia, and Mr. and Mrs. C.A. Weimer, Gunnison, Colorado. Mr. and Mrs. H.B. Rose, Mesa, Arizona, Mrs. P.A. Weimer, Denver, and Mrs. V.J. Robinson, also of Denver, are the great-grandparents.

Brent Hall Is Honored

Brent Hall was honored with a surprise patio birthday party Saturday evening by his parents, Mr. and Mrs. Eddie Hall, who were assisted by Mr. and Mrs. Harold Wells.

The serving table was draped with a garland of holly ivy with berries and centered with a Christmas arrangement of carolers entwined with greenery and centered with a candle.

Birthday cake was served following a hot dog supper.

About twenty guests were present.

Xmas Holiday

Superintendent of Schools Alton Farr announced this week that Friona schools will dismiss for the Christmas holidays at 2:40 p.m. on Thursday, December 21.

School will resume at the regular time on Tuesday, January 2. Classes dismiss at 2:40 both Wednesday, December 20 and Thursday the 21st, as they are test days for students.

change his luck.

Missey Renner Weds John Barker Friday

In a candlelight ceremony at 6:30 p.m. Friday, December 8, Missey Renner, daughter of Mr. and Mrs. John Renner, became the bride of John Barker, son of Mr. and Mrs. Judge Barker.

The double ring vows were read by Terry Brown, Church of Christ minister, at Friona United Methodist Church.

The altar was centered with a bouquet of white glads, Baccara roses, magnolia leaves and western cedar in a white urn standing on a gothic pillar. Twin candelabra arches with white tapers were on either side. Spiral candelabra, also holding white tapers, completed the circle. A bouquet of white glads and Baccara roses in white urns held with white pillars on each side and two seven branched candelabra trees entwined with smilax garlands completed the setting.

Family pews were marked with votive cups holding lighted candles and entwined with garlands of gardenias and leather leaf tied with red satin ribbon bows.

Linda Kay Carson was the maid of honor. She wore a burgundy velvet formal designed with princess lines, ruffled neckline and gathered sleeves, which tapered to the wrists and were edged with ruffles. She carried a nosegay of gardenias and red garnet roses.

Flower girls were Jana Renner, niece of the bride, and Jena Wright, niece of the groom. They wore identical gowns designed similar to the one worn by the maid of honor and carried baskets of rose petals.

Ramey Beene was the best man. Guests were seated by Gary Renner, brother of the bride, Jackie Claborn and Ricky Royal.

Traditional wedding selections, including the theme song from "Love Story," were played by Cindy Barnett, cousin of the bride, pianist, and Mrs. Gary Renner, sister-in-law of the bride, organist, who also accompanied Carolyn Murphree, soloist, as she sang, "The Wedding Song."

As the bride was escorted to the altar and presented in marriage by her father, she wore a white formal wedding gown of moire taffeta. It was fashioned on princess lines with a high round neckline and long gathered sleeves which tapered to the wrists. Ruffles of moire taffeta marked the neckline and sleeve edges.

Her veil of imported illusion was held in place with a taffeta caplet attached to a matching bow and edged with seed pearls. The wide ruffles at the end of her skirt held her train.

For something new she wore a pin which had been sent to her from Thailand by her brother, Ted, who was unable to attend the wedding.

She borrowed an heirloom handkerchief from her paternal grandmother, Mrs. Rudolph Renner Sr., and wore a blue garter, which she purchased in Paris.

Mr. and Mrs. Barker greeted guests at a reception in the home of Mr. and Mrs. J.C. Claborn, 1210 Jackson Street, immediately following the exchange of wedding vows.

Guests were registered by Mrs. Bob Dorris. The bride's table, which was covered with a white net cloth over red satin, was centered with a white tiered cake surrounded with garlands of red Baccara roses and orange leaves and topped with a miniature fresh flower arrangement. Mrs. Gary Renner and Mrs. Gene Wright, sister of the groom, served cake, punch, nuts and mints.

The groom's table was centered with a pewter pitcher filled with red Baccara roses, smilax garlands and gardenias. Chocolate cake, fresh fruit, coffee, cheese balls, ham cubes and turkey cubes were served by Mrs. Gary Murphree, Canyon, and Debbie Baxter, Lubbock, both cousins of the bride.

Special guests were Mr. and Mrs. Rudolph Renner Sr. and Mr. and Mrs. A.E. Baize, grandparents of the bride. Out-of-town guests signing the register were Mr. and Mrs. Ronnie Baize and Misty Brownfield, Mr. and Mrs. Hilton Higgins, Hereford, Mr. and Mrs. Marty Martinez and Nancy Portales, Mrs. Nancy Williams and Vicky and Mrs. Lester Harrelson, Clovis, and Mrs. E.R. Coffman and Mrs. Elmer Langford, Farwell.

Mr. and Mrs. Barker are both graduates of Friona High School and will make their home here.

Mrs. John Barker

Fine Arts Program Presented At Meeting

The Tuesday evening meeting of Modern Study Club was highlighted with a fine arts program. Mrs. Otho Whitefield presented the devotional.

Guests on the program were the Treblaires, who are directed by Mrs. Eva Miller. They were introduced by Mrs. Sloan H. Osborn, program chairman.

Members of this singing group are Carolyn Murphree, Lisa Taylor, Pattijon Talley, Cinda Johnson, Cindy Barnett, Vicky Pryor, Pam Lindley, Dorothy Johnston, Debbie Bengel and Gayla Self.

Theme of their program was,

"Christmas In Song." The program was presented in front of an arrangement of cathedral tapers, burning candles and Christmas holly. The singers wore long red velvet skirts and long sleeved white blouses.

Other guests present were Mrs. Ray Wilson, Merkel, and the following from Friona, Mrs. Albert Lindley, Mrs. Calvin Talley, Mrs. Jim Johnston, Mrs. Leroy Johnson, Mrs. Curtis Murphree, Mrs. Doyce Barnett and Mrs. Claude Garth. Refreshments were served by the hostesses, Mrs. Leta Tannahill and Mrs. Wesley Foster.

Frionans Attend Finance Meeting

Two Friona credit specialists heard some of the state's leading attorneys discuss legal aspects of agricultural financing Wednesday (December 13) in Lubbock.

Local participants are Darrell Simpson and Richard L. Francis, both Plainview Production Credit Association representatives.

Couple Will Exchange Vows

Stella Garza and Jose Rodriguez plan to exchange wedding vows in Parish Hall of St. Teresa's Catholic Church at 3 p.m. Saturday, December 16. The couple invite relatives and friends to attend the ceremony and a dance, which will follow at 8 p.m. at the same place.

Simpson said the sessions were designed to better acquaint PCA credit representatives with the many legal implications of today's agricultural lending business.

More than 175 participants are scheduled for the sessions, conducted by the University of Texas at Austin School of Law, Simpson pointed out.

"Area farmers and ranchers who are Plainview PCA stockholders have borrowed more than \$174 million from their Association this year," Simpson said.

Frost cake without messing the platter by placing four 2-inch wide strips of waxed paper around and partially under the cake. Spills and drips will fall on the paper. Pull the paper strips out when the cake is frosted; the platter stays sparkling clean.

Elementary Parents Are Warned Of Traffic Problem

It was noted at a recent meeting of the PTO executive council that parents of first and second grade youngsters are causing a traffic jam each evening after school at the area around Taylor and Sons and the alley behind the school. If all the parents would obey the rules such traffic jams would not occur.

For those who may be new to the Friona system, the following rules are provided for picking up your elementary children.

The south chain will be lowered at five minutes till three each afternoon, at which time all cars are to drive into

the chained area and form two or three lines in front of the school. After ALL children have been picked up, the north chain will be lowered at approximately five after three and all cars are to leave at the same time. In this manner, no cars are in motion during the time the children are coming out, thus reducing the risk of hitting a child who is running out into the street to search for his car.

Henceforth there will be no U-turns during the time the children are coming out of school and there will be no blocking of the streets.

Christmas Luncheon Held In Johnson Home

Nine members of the Sunshine Sunday School class of Friona United Methodist Church attended the annual Christmas luncheon at the home of Mrs. Herschel Johnson Thursday.

The table was covered with a red linen cloth and centered with an arrangement of pine cones, holly berries and greenery around a candle.

Following the covered dish luncheon there was a devotional and a gift exchange.

Members attending were Mesdames Jim Shaffer, Walter Smith, Bertie Doak, Joe Collier, A.W. Anthony Sr., Olive Rector, Mamie Roberts and David Moseley.

This class was first organized in 1936. Several present members were present for the organizational meeting. About 30 members were active in class activities, which include a regular monthly Bible study meeting, during the early years.

Terry L. Hardy Completes Basic

Airman Terry L. Hardy, son of Mrs. Edith E. Bluxom of Friona, Texas, has been assigned to Lowry AFB, Colo., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Lowry for

specialized training in the supply field.

Airman Hardy, a 1966 graduate of Shamrock (Tex.) High School, attended Gradenhol School of Laboratory Technology, St. Louis.

His wife, Sarah, is the daughter of Mrs. Hazel A. Ashworth of Buckhannon, West Virginia.

Remove burned edges from a cake with a fine grater, lightly applied. Use it to remove overly-browned edges too.

Turkey Shoot Is Slated

Members of The Bovina-Friona Knights of Columbus Council 5426 are sponsoring a Turkey Shoot at the Bovina skeet range, 3 miles east of Bovina on U.S. Highway 60.

Activities will begin at 1 p.m. Saturday, December 16, and continue until dark.

The Library Corner

BY MRS. BILL ELLIS

Story Hour youngsters will enjoy a Christmas party at the Library on December 21. Rev. Albert Lindley will read the Christmas story to the children as a special treat. Each child will receive a hand painted ornament from the Library's Christmas tree. Mrs. Bill Benham has put in many hours painting the ornaments.

If you would like to read

some Christmas books to your children at home, the Library has "How the Grinch Stole Christmas" by Dr. Seuss, "The Night Before Christmas, In Texas, That Is" by Harris, and "A Charlie Brown Christmas" by Schulz.

The older children might enjoy, "Told Under the Christmas Tree" which is a collection of stories and poems from around the world, also "Favorite Christmas Stories" by Cavanna, and "Christmas For Holly" by Hamilton.

Some adult Christmas books we have on our shelves are "The Homecoming" which was seen on television last week, "Keeping the Spirit of Christmas" by Brown and "Star in the East" by Holzer.

About 50% of cotton produced is used for clothing.

Treblaires Present Program

The Treblaires, under direction of Mrs. Eva Miller, presented the program at the Thursday afternoon meeting of Friona Young Homemakers. They sang a medley of songs carrying out the theme, "The Sounds of The Holidays."

Mrs. Larry Dyess presented the devotional and roll call was answered with a gift for a needy family.

The serving table was covered with a red cloth and centered with a unique Frosty The Snow Man.

Refreshments of petit fours decorated with red holly berries and cranberry red punch were served by the hostesses, Mrs. Danny Black, Mrs. Jim Roy Wells and Mrs. Tex Phipps.
