

THURSDAY WAS truly "Bill Clayton Day" in Muleshoe, as residents of Clayton's legislative district, along with his friends from all parts of the state, gathered to pay tribute to the state representative at the gala "Appreciation Dinner."

One of the most distinguished crowds ever assembled in this part of the state was on hand for the event, which drew over 500 people.

More than a score of legislators, state representatives and senators, as well as district, county and city officials from throughout the area, were among those attending the function.

The Honorable Louie Welch of Houston, who is a cousin to the Friona Welches, was the principal speaker.

A barrage of cameramen and women and representatives of the area's press covered the event. It was truly a gala occasion, and was a splendid tribute to Clayton, who is making a bid to become Speaker of the Texas House of Representatives at the next session.

The people of Muleshoe who staged the dinner are to be commended. It resembled an area-wide Chamber of Commerce function, and could only be termed as a tremendous success.

THE QUOTE we liked best from the entire evening was by Clayton's lively wife Delma, who said "I want you to know that Bill is already the 'Speaker' in my house."

The master of ceremonies, noting that Mayor Welch had his beginnings at Lockney, said that His Honor had trouble explaining to some folks just where Lockney is. "He finally simplified it by telling them that Lockney is 45 miles south of Quitaque," the MC said.

The fact that so many state representatives, some from as far away as the Gulf Coastal area, attended the Clayton dinner, speaks well for the support that he has in his race.

His legislative counterparts who appeared on the program, spoke continually of the high esteem in which Clayton is held by members of the house, and about the dedication with which Clayton does his job.

Several important government dignitaries who could not attend because of pressing matters sent wires, or telephoned their best wishes. These included Senators Bentsen and Tower, Governor Dolph Briscoe and Congressman George Mahon.

Clayton was lauded and praised for his honesty, fairness and sincerity, as well as keeping his Christian ideals in perspective. "In this day and time when politicians are pictured as being out to further their own cause, it is refreshing to see the example set by Bill Clayton in representing his constituents and those across the state," one of the speakers commented.

Meats of all sorts have been hard to come by in recent weeks, and with the plant closings, and cutbacks, things apparently will get worse before they get better.

Since the emergency bill did not make it through the House of Representatives, we may have to live with the price freeze until September 12.

Since the senate passed the emergency bill in lop-sided fashion, we would hope the president would take the recommendation and lift the freeze, before the situation gets drastic. Whether or not he does, though, remains to be seen.

FHS Mentors At School

Six Friona School coaches have been in Dallas this week attending coaching school. They left Sunday and returned to Friona Friday, following the Thursday night All-Star game.

Attending the school were Bob Owen, W.L. Cleveland, Ray DeBord, Jackie Morgan, David Davis and Larry Dygan.

FARM BUREAU QUEEN...Vicki Pryor, left, was named Parmer County Farm Bureau Queen at the contest held last Saturday night at Friona High School Auditorium. Karen Crofford, right, was the

first alternate. Miss Pryor also was winner of the "Talent Find" contest. She will enter the District II contest at Muleshoe later this month. Miss Pryor will be a senior at Friona High School this fall.

FOR PARMER COUNTY

Crown Vicki Pryor Farm Bureau Queen

Vicki Pryor was crowned 1973 Parmer County Farm Bureau Queen, Saturday night, July 28 in the Friona High School Auditorium. First runner-up is Karen Crofford, and second runner-up is Diane Day.

Queen Vicki was crowned by Sandra Watkins of Farwell, 1972 Queen runner-up, in the absence of the 1972 Farm Bureau Queen Vicki Smart, also of Farwell. Joe Lust, District II Farm Bureau Field Representative of Lubbock, presented the Queen with a bouquet of red carnations. Each of the girls received a gift as contestants.

Vicki is the daughter of Mr. and Mrs. Benny Pryor, Karen is the daughter of Mr. and Mrs. F.G. Crofford, and Diane is the daughter of Mr. and Mrs. Herbert Day. All the girls are from Friona.

Vicki Pryor was also the Talent Find winner during the same program. She sang "On A Clear Day" as the winning talent. Karen Crofford and Diane Day also took part in the Talent Find Contest.

Roy Custer, District I Farm Bureau Field Representative of Amarillo, served as Master of Ceremonies. Parmer County Farm Bureau president Harry Hamilton welcomed the audience and introduced the guests. Mrs. Gary Renner played piano selections throughout the evening, and accompanied the Talent Find contestants with their vocal talent.

The queen contestants were judged on appearance, poise and personality as they were interviewed by the master of ceremonies. Each one gave a one minute speech on "Why Are You Glad Your Family Belongs to Farm Bureau?"

Talent Find contestants received a gift and Miss Pryor received another bouquet of red carnations.

Vicki Pryor will represent Parmer County in the District II Farm Bureau Queen Contest in Muleshoe in the Muleshoe High School Auditorium, Saturday night, August 18. Winner of the District Contest

will receive a watch and compete in the State Farm Bureau Convention in Abilene, December 2-5.

With the theme "Cream of the Crop" the stage was decorated with cream cans filled with arrangements of grain sorghum, corn, wheat, and a small bale of cotton. The contestants entered the stage through an arch of flowers.

Lighting for the stage was managed by Phillip Duggins and Brian Witten. The stage curtains were pulled by Dorothy Johnston.

Queen contestants were honored at a noon luncheon and style show Tuesday, July 24 at Clara's in Texico-Farwell. Mrs. Bernice Norton featured Fall fashions with Border Town queen contestants as models.

Committee members for the Queen Contest and Talent Find were Mrs. Pete Jesko, chairman, Mrs. Glenn Fant, Mrs. Leland Gustin, Mrs. Harry Hamilton, Mrs. Glenn Lust, Mrs. Jimmy Peoples and Mrs. Donald Watkins.

CLAYTON HONORED...Representative Bill Clayton, center, is flanked by Houston Mayor Louie Welch (right), and his double-cousin from Friona, Louis Welch (left), following the appreciation dinner for Clayton at Muleshoe Tuesday night.

AT LAST MINUTE

MBP Shutdown Is Averted Locally

Missouri Beef Packers' employees will be working next week after all.

Just when it looked like the price freeze would cause the Friona plant to close, a last-minute venture worked out by the company assured employees of at least one more week's work, and perhaps the chance to weather the tide until the freeze is lifted.

MBP officials, who earlier Friday had announced that the plant would be shut down for an indefinite period, announced at 5 p.m. Friday that they had worked out a deal to custom slaughter beef for supermarket chain stores.

This will give the Friona plant a chance to hold onto its work force, and this is apparently what the company is fighting an uphill battle to try to do during the trying times of the price ceilings.

"Shutdowns are the worst thing in the world. You always lose your good people, and when you do, it takes a long time to re-train personnel, and get the plant back to where you were in the first place," said Friona plant manager Jim Kofford, who said he was elated with the late Friday development.

Since the plant did not kill on Friday and the workers were notified of the shutdown, Kofford said they probably would lose some employees.

However, the workers had been told to watch the news in regard to the situation, and to check back with the plant on Monday in the event of further developments, so he was optimistic that the loss would be kept to a minimum.

Up until Friday, the Friona plant had been running eight-hour shifts, killing cattle at 60 to 70 per cent capacity. Kofford indicated that while the schedule for the upcoming week would be limited, it still would offer workers six to seven hours a day—much better than no work at all.

The current extension will be on a "week to week basis," according to Kofford, but hopefully can be continued if the custom slaughtering proves successful.

Earlier Friday, MBP through its main office in Amarillo announced a shutdown of the Friona plant, "until the beef price ceilings are removed, or until cattle can be slaughtered and processed on a profitable basis."

It had been indicated that the MBP Plainview plant would continue slaughter operations on a very limited basis.

The possibility of an earlier climax to the freeze was

brought about on Thursday, when the U. S. Senate, in an overwhelming vote of 84-5, voted to end the price freeze.

However, the bill was stalled in the House of Representatives, and cannot be passed there until after Labor Day.

Unless the president intervenes, the freeze is scheduled to continue in effect until September 12.

NO TAX HIKE SEEN

City Sets Budget Hearing On Monday

City Manager Jake Outland will recommend a city budget for the 1973-74 fiscal year in the amount of \$406,836 at the annual budget hearing for the city on Monday at the regular meeting of the Friona City Council.

The proposed budget is an increase of \$18,946 over the 1972-73 expenditures, or 4.9 per cent.

"The proposed budget is balanced. It is built on a conservative basis, with receipts budgeted lower than they actually will be, and expenditures budgeted hopefully higher," the city manager said.

It is to be recommended that the city's tax rate remain the same as the past year, at \$1.40 per \$100.00 evaluation.

Residents of the city are invited to attend the council meeting, as they are any of the

meetings. It will begin at 7:30 p.m. at the Council Meeting Room.

Capital expenditures in the new budget closely resemble those for the current fiscal year. Main items are \$10,000 for water well maintenance, and \$10,000 for new water mains.

Outland pointed out that revenue sharing funds are not included in the proposed budget. However, he says he expects the city to receive approximately \$71,000 in revenue sharing, the majority of which has been tabbed for land for a new sanitary landfill and operating the landfill.

The city has been given a deadline of January 1, 1974 to discontinue burning trash at its landfill, and the present trash landfill is nearing the point where no additional trash can be accumulated.

Other revenue sharing funds are being used for library expansion, and additional paved streets within the city.

In his annual budget message to members of the city council, Outland mentioned the increase in building activity in the city.

The total building estimate for the first six months of the year stood at \$429,800, which is a 30 per cent increase over the same period a year earlier.

Sales tax receipts are also keeping abreast and slightly ahead of expectations, Outland says. Receipts for the past fiscal year amounted to \$43,965. Outland had budgeted \$42,000 in receipts from the one per cent municipal tax.

Under the proposed budget, salaries of city employees will remain the same as the past year, in that an agreement was reached with the city council to enter into the Texas Municipal Employment Retirement System. The city is to pay both of the proportionate shares for the first year.

YEAR'S TOTAL: 13.30

July Winds Up As Wet Month Here

July ended as the wettest month of this year, with a total of 3.80 inches of rain being recorded by the official weather observer for Friona.

Last week, another 1.22 inches was recorded, most of it in an early morning downpour on Tuesday.

To date for the year, 13.30 has been recorded with the moisture figure breaking to 11 days that measurable moisture has fallen in Friona.

During June and July, almost half of the year's total has been noted, with 2.31 in June and the 3.80 making the total of 6.11 for the two early summer months.

Also during the last week, temperatures have ranged low for daytime temperatures with the high on July 29 at 86, and

low temperature during the week on August 1, when it was only 75 degrees.

Nighttime temperatures have continued to be cool, with the temperature ranging from 58 to 62.

Weather officials predicted showers would continue throughout the weekend.

TEMPERATURES

Date	Hi	Low
July 28	85	60
July 29	86	62
July 30	82	61
July 31	85	60
August 1	75	61
August 2	80	60
August 3	84	58

Annuals Arrive; Set Issue Dates

Copies of the 1973 Chieftain yearbook have been received, and will be issued on Monday and Thursday of next week, according to Mrs. W.L. Cleveland, faculty yearbook sponsor.

The books will be issued in the high school principal's office between the hours of 9-12 noon, 2-5 and 7-9 p.m., according to Mrs. Cleveland.

It was emphasized that those who purchased yearbooks should come at the designated times only.

Two Entries Received For Maize Days Queen

Two entries have heightened interest in the 1973 Maize Days Queen Contest.

Submitting entries this week were Dorothy Johnston, 17, daughter of Mr. and Mrs. Jim Johnston. She is a senior in Friona High School and is sponsored by Black Grain.

Second entry is Marilyn Jones, 16, daughter of Mr. and Mrs. Thomas Jones. Marilyn is 16, and a junior in Friona High School. She is being sponsored by Ethridge-Spring Agency.

Mrs. Ed Clark, co-chairing the contest with Mrs. Dale Cary, reminds that the deadline will be August 15.

Any young lady entering the contest is required to be a junior or senior in a high school in Parmer County for the 1973-74 school year and is asked to limit her talent to three minutes.

Entry blanks are available at the Chamber of Commerce

office and a \$15 entry fee is required for each contestant.

LL Photos Are Here

Color photographs of Friona's 1973 Little League teams are ready at the Friona Star office for those who made down payments or turned in orders for photos.

Also, a number of unclaimed photos of the 1972 teams will be placed on sale at \$2.50 each on a "first come, first served" basis.

Those who paid \$1.00 down for the 1973 pictures will owe an additional \$2.00, at the special "group" rate. Team photos can still be ordered on an individual basis, at \$5.00 each.

The photographs are in living color, are 5x7 size, and are mounted in a special plastic folder.

PICTURE PRETTY AND PERFECT...A bouquet, a living growing bouquet, of moss rose and Sweet William border the front of the Delbert Putman home at 1107 West Fourth St. The Putmans surrounded their home with colorful, cheerful flowers which have brightened up and shine after recent rains.

SIERRA MADRE, CALIF., NEWS: "Americans have a ready solution for every problem which confronts us: Pass another law. We heap law upon law, and each new statute seems to dare us to defy it or find a way of evading it. We spend more money to pass laws, and more money to break the laws we pass, than any nation in the world. And we think that the only way to correct all this is to pass another law. The something that makes laws work is definitely missing. We have become so involved in legality that morality is forgotten. And the result is more and more laws in a vain effort to keep us from being inhuman to each other. This is not progress."

by Cleta Williams

WITH MY FIRST visit to "The Alamo" in San Antonio last weekend, I left impressed, not only by the ancient structure itself, and the immense part in Texas and national history it played, but also by a brief glimpse of a segment of humanity that escapes notice today.

Arriving at the downtown location shortly after noon, several hundred people who appeared to be from all walks of life, all shapes, sizes, ages and colors were centered around the historical building.

Noticable was the silent reverence paid by all ages represented both inside the building and on the manicured garden and lawns in the courtyard area.

What voices heard were low and inaudible as the several hundred persons silently filed through the building and viewed a part of our heritage.

In this time of dissension, protests and violence, it was gratifying to see that the majority of people still take time to pay tribute, and silent reverence, to those fallen heroes who have become a major part of our own heritage.

IN CASE YOU didn't know it, we are very fortunate to live in the Panhandle.

After spending two days and nights in Victoria where the temperature was in the high 90s, the humidity was in the high 90s at the same time, and even refrigerated air conditioning didn't work too well, thank goodness for our hot, dry temperature.

Also making the trip to the Jaycee Summer Board and FOYT banquet and award presentation were Mr. and Mrs. Don Gatlin and children; Mrs. Don Dennis and Glen Stevens. Gatlin is Friona's Jaycee president; Mrs. Dennis is Jaycee-ette president for Friona and Stevens is State Vice President for Region 104. Me? I had a vacation from writing and photography.

ABRAHAM LINCOLN once said—"Neither let us be slandered from our duty by false accusations against us, nor frightened from it by menaces of destruction to the government, nor of dungeons to ourselves. Let us have faith that right makes right, and in that faith let us to the end dare to do our duty as we understand it."

Our late, great president made the statement on February 27, 1860 during an address at Cooper Institute in New York.

WITH THE RECENT rains, many local homes are featuring bright and cheerful flowers. One such yard was noted Tuesday at 1107 W. 4th. The Delbert Putman home is colorful, cheerful and eye catching.

"Public opinion is everything. With public sentiment nothing can fail; without it, nothing can succeed. Consequently, he who moulds public opinion goes deeper than he who enacts statutes or pronounces decisions."—Abraham Lincoln.

Mr. and Mrs. Doyle Elliott have returned from a weekend trip to Ruidoso, N.M.

SATISFACTION

Men go wrong because they aren't satisfied when they are.

**Award Awaits
Vo-Ag Teacher**

Scotty Windham, Lazbuddie Vo-Ag teacher, will be presented a 15 year tenure award at the annual association and Texas Education In-Service meeting of vocational agriculture teachers at San Antonio late in July.

He will be among approximately 1600 persons attending the meeting at the Gunter Hotel in San Antonio.

A Community of Interests

For General Motors, a large city bank is the place to go for financial assistance. They deal with a top officer, in deals involving millions, because the large bank talks their language, shares their interests.

So doesn't it make sense that when you're talking about small business or personal banking business you go to an independent community bank, which shares *your* interests, and talks *your* language? We think so . . . because that's what we're here for . . . to take care of the financial needs of the people in our community, with whom we share interests and concerns in common. Come in and see us when you have banking needs . . . remember, you're an important part of us.

Gutierrez, Portales, New Mexico; Jesse Mendoza, Lazbuddie; Mrs. Steve Madrigal and baby boy, Bovina; Donna Perkins, Friona; Rosie Galicia, Friona; Theresa Seaton, Friona; Uvon Ford, Farwell; Mrs. Derly Contreras and baby girl, Hereford; Larry Smith, Friona; and Marie Roden, Friona.

DISMISSALS-

Margaret Ballew, Norma Cruz, Martha Lee Walker, Mrs. James Brady and baby boy, Pauline Ayala, Jan Williams, A.W. Anthony, Jr., Mary Prieto, Shelly Howard, Jesse Mendoza, Rosie Galicia, Donna Perkins, James L. Taylor, Ernest A. Hromas, Robert B. Turner and Jimmy Ray Bainum.

PATIENTS IN HOSPITAL-

Maria Villalobos, Cynthia Villalobos, Inez Rule, Theresa Seaton, Lillie Scott, Marie Roden, Larry Smith, Mrs. Steve Madrigal and baby boy, Uvon Ford, Matias Gutierrez, and Mrs. Derly Contreras and baby girl.

Accidents in the home during 1972 killed an estimated 27,000 Americans, according to the National Safety Council, and injured an estimated 4.2 million.

MEETS CLAYTON... Jim Dixon, farmer-rancher from the Rhea Community, was typical of the bi-partisan support for Representative Bill Clayton at the dinner in his honor Tuesday evening. Over 500 people attended the rally, supporting Clayton's bid for Speaker of the Texas House of Representatives.

Land Bank Raises Interest On Loans

Ernest Kerr, Manager of the Federal Land Bank Association of Muleshoe, announced today that the billing rate of Federal Land Bank farm and ranch variable interest rate loans is being increased from 7% to 7-3/4% effective August 1, 1973. The rate on rural residence loans is being increased from 7-1/2% to 8-1/4%. The variable interest rate loan plan which was introduced by the Houston Bank in July, 1969, lets the rate "float" over the variations in the money market.

"Continued high interest

rates in the money market have made it necessary for the Bank to take this action. Interest rates have risen rapidly since early 1973 and the Bank has delayed action until this time in order to determine whether or not these rate increases were temporary," Kerr stated. The Bank recently marketed an issue of bonds which sold at an average effective cost of 7.6%. "It now appears that present interest levels will probably not change materially until the end of the year," Kerr stated.

The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch land and rural residences throughout Texas and now has more than 775 million dollars in volume of loans outstanding. The local association makes and services loans in Bailey and Parmer Counties.

Officers and directors of the association are Gordon Duncan, Pres., James B. Glaze, A.L. Hartzog, Jim Claunch and Morris Douglas, Vice Pres. (Board of Directors) Carelean Hamilton, Office Assistant.

LETTER TO EDITOR

Editor
Friona Star
916 Main
Friona, TX 79035

Dear Mr. Editor,
I would like to enlist your paper's aid in informing the farmers and oil field operators in your area of a portion of the Texas Clean Air Act that has a direct impact on them.

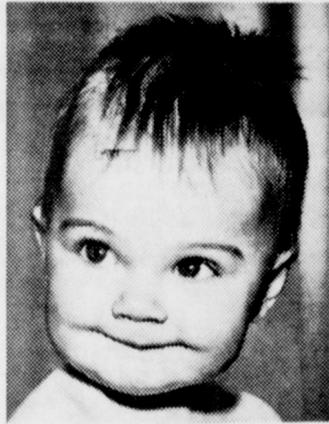

It is a violation of the laws concerning air pollution control to burn off grain fields, paraffin, or oil pits.

There are cases where an exception can be made for unusual circumstances or emergencies. Examples are infestations of some type or an oil spill that is creating a hazard.

A person that feels he has grounds for an exception should contact the regional office, Texas Air Pollution Control Services, 1906 Fourth Street, Lubbock, Texas, 79415, phone number 744-0090.

If I can be of any service to you in the future, please don't hesitate to call on me.

Sincerely yours,
Vickie Newsom, P.E.
Regional Supervisor, Region 2
Texas Air Pollution Control Services

Five To Pampa Sit-In-Hen Meet

Five Friona Jaycee-ettes attended a Sit-In-Hen Session at Pampa last week and won the travel trophy for their journey.

Making the Pampa visit were Mrs. Ernest Mingus, Mrs. Don Dennis, Mrs. Don Gatlin, Mrs. Fidel Madrid and Mrs. George Richardson.

Following a spaghetti supper and program, Mrs. John Duggan, wife of the National Jaycee Director from Vega, presented an amendment for the clubs to consider.

On Friday, July 27, the Friona Jaycee-ettes made more than \$40 from an all-day bake sale.

Proceeds from the bake sale are to be presented the newly installed U.S. President of the Jaycees, Rick Clayton, who is an Abilene resident.

Hereford Planning Diamond Jubilee

Citizens of Hereford are currently preparing for the town's upcoming Diamond Jubilee Celebration scheduled August 25-September 1.

Serving as living memorials of the past, such enterprises as the "Brothers of the Brush" and the "Celebration Belles" kindle sparks of yesteryear by adopting the fashions of the late 1800's. Those clean-shaven and short-skirted citizens who are not animated by the Jubilee's hubbub are promptly given their due at the local Kangaroo Court.

A summer spiced with promenades, caravans and special exhibits will precede "Hustling Heritage Week" at the end of August.

The week will be kicked off on the 25th with a huge historical parade, presided over by the Governor of Texas, Dolph Briscoe. That night will unveil the Diamond Jubilee Coronation Ball and Miss Hereford Jubilee.

The 26th, Religious Heritage Day, will constitute worship and an afternoon of church socials and class reunions.

Old Fashioned Bargain Days will come to life on the 27th with tempting sidewalk sales and treasure hunts. A teenage street dance will complete the day's agenda.

August 28th is Industry and Agriculture Day, accenting tours, displays and a country hoedown.

The ladies will be distinguished on the 29th with a variety of recipe contests, luncheons, style shows and an

ON SMALL BUSINESSES
Washington - The annual report of the Small Business Administration (SBA) shows that small businesses received more than \$12 billion in federal loans and contracts in 1971. Only 2.5 per cent went to minority enterprises.

antique show. That evening will present the first spectacular outdoor performance of "Hustling Heritage 75," the historical chronicle of Hereford.

The activities on the 30th will be devoted to the community's youth. The day will offer contests, picnics, parades and talent shows. That night will contribute the second episode of "Hustling Heritage 75" which will be preceded by an old fashioned fiddlers' contest.

August 31, Mexican-American Day, will be flavored with Spanish music, costume and fiestas. Evening will boast the continuing saga of "Hustling Heritage 75."

Rounding up the week on September 1st, Diamond Jubilee Day will sponsor the cutting of the huge birthday cake and a presentation of awards. Afternoon will bring a civic club barbeque and the burial of a time capsule. The grand finale performance of "Hustling Heritage 75" will conclude the Jubilee.

BEAUTY ON PARADE... Three young Friona lovelies vied for the title of Farm Bureau Queen for the coming year with Vicki Pryor, center, being chosen in the final analysis. The judges surely must have had a hard time in making the choice between

Vicki and her fellow contestants, all from Friona. Diane Day is at left and Karen Crofford at right. Vicki will compete in the district contest at Muleshoe. Winner of the Muleshoe contest will compete at state level.

Beef Buying Tips

BEEF-HUNGRY CONSUMERS can follow seven guidelines to keep meat on the table in spite of the "shrinking buck."

Compare meat cuts on a cost-per-serving basis, rather than price per pound. For example, you can get about four servings from a pound of ground beef, but only two and a half servings from a sirloin steak. For them to be equal on a cost-per-serving basis—when sirloin brings \$1.49 per pound, ground beef could sell for as much as \$2.38 per pound.

A brisket at \$1.19 a pound will cost as much per serving as a boneless chuck at 99 cents a pound, or shortribs at 79 cents a pound.

Boneless chuck roast at \$1.09 a pound and shortribs at 88 cents a pound have exactly the same cost per serving, but a T-bone steak at \$1.59 a pound costs twice as much per serving as liver at the same price.

Also, when substituting other meats such as broiler chickens for beef—remember that most of them have very low servings per pound.

AGONIZING PAIN FROM INGROWN TOENAIL?
Get Outgro for fast relief

Why suffer the agony of ingrown toenail pain when Outgro can give you fast, temporary relief? Outgro toughens irritated skin, eases inflammation, reduces swelling without affecting the shape, growth or position of the nail. Outgro gives you fast pain relief and makes it easier to cut out the nail, cut out the pain caused by ingrown toenail. Stop ingrown toenail pain fast with Outgro.

WITH SUMMER weather and rains, mosquitoes are becoming more plentiful. And, since they transmit sleeping sickness to horses, steps should be taken now to protect these animals. All horses, mules and ponies should be vaccinated for the three types of equine encephalomyelitis (horse sleeping sickness)—Eastern and Western equine encephalomyelitis and Venezuelan equine encephalomyelitis (VEE). VEE caused many horse deaths when it ravaged Mexico and southern Texas in 1971.

The three diseases are caused by different viruses carried by mosquitoes, and therefore separate vaccinations are required.

Vaccine for the Eastern and Western strains of the disease is in a combined form and annual booster shots should be given to horses after the initial vaccination. The VEE vaccine provides ample protection for 18 months. Horses not vaccinated since the 1971 emergency should be revaccinated as soon as possible. Also, colts vaccinated while under six months of age should be revaccinated.

The Texas Animal Health Commission requires that all horses moving to shows be vaccinated for VEE.

Death often results after animals contract encephalomyelitis. Outward signs of the three diseases include depression, lack of appetite and drowsiness. Animals may frequently grind their teeth and stagger when moving.

THE OLD FAMILIAR cattle cycle has become less evident in recent years but it still is with us.

A count of the total number of cattle on farms as of the first of each year continues to show some distant "buildup" years followed by some "liquidation" years. Herds expand during the buildup years and are reduced during liquidation periods.

During the buildup years, since more calves are being produced, more are being fed and consequently more cattle are slaughtered. Prices during such periods, in general, move lower. As the liquidation years occur, less calves are born, feeding decreases and slaughter becomes smaller, allowing prices to strengthen.

Does the numbers cycle cause the price cycle or vice-versa? For the most part, they are opposite to each other and act as a cause as well as an effect. For example, the reason for increasing and decreasing herd size is a reaction of producers to the profitability of the cattle business.

**Land Use Meet
Set In Abilene**

Long-range land use planning is the subject of a day-long conference to be held in Abilene August 7.

City planners, state and local officials, conservationists, and others interested in sound land use are being urged to attend.

The conference is co-sponsored by the Texas Council of the Soil Conservation Society of America and the West Texas Chamber of Commerce. The meeting will be held in the McGlothlin Student Center on the campus of Abilene Christian College from 9 a.m. to 4 p.m.

Speakers will include Congressman Omar Burleson; Land Commissioner Bob Armstrong; Emil Rassman, president of the West Texas Chamber of Commerce; A.B. Linford, president of the Soil Conservation Society of America; Doyle Hutcheson, president of the Texas Association of Soil and Water Conservation Districts; and other officials.

Paul Larson of Abilene, president of the Texas Council of the Soil Conservation Society of America, will preside over the morning session. Bob Scott of Fort Worth, chairman of the Water Conservation Task Force, West Texas Chamber of Commerce, will preside in the afternoon.

Massive urban and industrial growth, coupled with shrinking land resources, is causing many concerned citizens to debate the feasibility of controlling the use of land at some time in the future. They point to the construction of homes in floodplains or factories on prime agricultural land as examples of mis-use of land resources.

A total of 17 speakers—farmers, livestock producers, county and city government officials—are scheduled to discuss the advantages and disadvantages of land use planning from their viewpoint.

Jana Pronger

WE ALL have problems from time to time with products that we buy. Do you realize that consumers have the right to complain—and to expect adjustments—on purchases that fall short?

You also have the responsibility of making justified complaints—not those stemming from consumer negligence or abuse.

Consumers can follow several guidelines to insure better products and services.

Make a habit of keeping receipts, hangtags, warranties, and care labels in one convenient place so they're available if needed for merchandise returns.

Before buying, read instructions carefully concerning use, storage, washing, oiling and other general care for a preview on what to expect from the product. After buying, follow instructions.

This may eliminate the need

to return merchandise.

When returning merchandise avoid making returns near closing time or during rush hours. If leaving an item for repairs—or if a refund will be mailed to you—be sure to get a receipt for the item.

In making a complaint be calm and courteous. Be friendly, but firm, and don't be sarcastic or abusive.

Let the facts speak for themselves. State the facts clearly—where and when the product was purchased, its model number (if any), brand name, price and what is wrong with it.

Try to explain what went wrong, when and how the defect appeared.

If telephoning complaint, ask name of person receiving complaint. If writing a letter, include your name, address, zip code and telephone number on all correspondence and keep carbon copies.

CORN DOUBLED

Crop Production Looks 'Tops' At This Time

"Everything, all the crops, are in real good shape," said Parmer County Agent Mack Heald during a visit to the Star office Wednesday morning.

"Rain, good rain, over most of the county, no damaging hails or winds, and fewer bugs have made a lot of difference in county crops," he added.

CORN INCREASED

The county agent said corn

acreage has more than doubled over last year, and very high yields are presently expected. He commented, that around 36,000 acres were planted last year, and that figure has increased to 80,000 or 90,000 acres this year, with most of the increase being in food corn.

All county ensilage corn is contracted for county and local feedlot use, said the county

agent, with most lots preferring to feed out their cattle on corn.

A lot of the increase can be attributed to food corn, with very little of the corn being contracted, although a certain amount will go to food processing plants.

MILO IS DOWN

Grain sorghum (milo) has

seen a slight decrease in acreage, down approximately 40,000 acres this year, stated Heald.

Until last year, Parmer County was the highest grain sorghum producer in the state, and Hale County took first place last year. During 1972, approximately 140,000 acres

were put in grain sorghum, and that figure has dropped to around 100,000 this year.

Some feeders use grain locally for cattle, but most feeders who use grain, are feeding to hogs.

COTTON OFF

Cotton which was one of the top crops produced in the county has become relatively unimportant said Heald, with only approximately 32,000 acres being devoted to cotton production within the county.

He added that cotton, which once produced high yields per acre, has dropped to a bale or less per acre, making it a replaced crop for most farmers.

VEGETABLES UP

With only 3,000 acres devoted to vegetable production, it represents a slightly higher acreage than has been planted in vegetables during

the past few years.

Most vegetables produced in the county are contracted including cabbage, cucumbers, potatoes, carrots, onions, cantaloupe, bell peppers and watermelons.

The largest acreage is in potatoes. Potatoes are being dug, onions have been harvested and the harvesting of cabbage, cucumbers and bell peppers is underway.

Little or no acreage has been planted commercially in tomatoes.

OTHER CROPS

"The production of sugar beets has dropped back," added Heald. "This is mostly due to the fact that farmers were unable to get the sugar content up to where it should be," added Heald.

Just starting out in the county is experimental growth

of triticale, a new grain, which has a processing plant in Muleshoe. The county agent said most of the acreage is still located in Bailey County at this time.

Between 1,600 and 1,800 acres are devoted to alfalfa, with most of the production being cubed.

IRRIGATION SLOWED

With 95 percent of Parmer County farms being irrigated, the recent rains have resulted in some wells being shut down for the past two weeks. The threat of continued rain and partly cloudy to cloudy skies has helped keep the wells shut off, stated Heald.

There is a little dryland wheat, which has been harvested and only a minimal amount of dryland milo and corn, located mostly in the north part of the county. "Even

those crops look good," he said.

Irrigation has averaged out approximately the same, with little or no rain being recorded up to the middle of July, and the Farwell-Bovina areas have received more rain, with some farmers reporting to seven inches of rain last week.

FEW INSECTS

"A fairly normal amount of insect spraying has been conducted," said the county agent, "with some farmers spraying less this year, and some have reported spraying at least a couple of times."

There has been no major bug or insect problem, and fewer insects have been found this year as compared to recent past years.

Barring some natural disaster, all crops should be bumper producers predicted the county agent.

COUNTY CORN LOOKS GOOD...Parmer County Agent Mack Heald of Farwell is shown as he inspects a field of corn at the west edge of Friona following general rains which are expected to considerably boost not only corn, but all crops presently growing and maturing in the county. Heald said corn acreage has more than doubled from last year with more than 90,000 acres being planted in corn this year. Top yields are expected this year as both weather and fewer insects are contributing to better crops.

9 Accidents During June

The Texas Highway Patrol investigated nine accidents on rural highways in Parmer County during the month of June, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and five persons injured.

The rural traffic accident summary for this county during the first six months of 1973 shows a total of 56 accidents resulting in no persons killed and 21 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for June, 1973 shows a total of 559 accidents resulting in 27 persons killed and 331 persons injured as compared to June, 1972 with 529 accidents resulting in 20 persons killed and 347 persons injured. This was 30 more accidents, seven more fatalities, and 16 less injured in 1973 at the same period of time.

The 27 traffic deaths for the month of June, 1973 occurred in the following counties—Hale,

eight; Swisher, four; Parker, three; Lamb, two; and Briscoe, Deaf Smith, Hutchinson, Ochiltree, Potter, Jack, Montague, Palo Pinto, Stonewall, and Wichita Counties, one each.

Veterans Qualify For Dental Care

Many veterans are unaware of the fact that they may be eligible for dental care at government expense after they are released from the Armed Forces, according to Billie Sudderth of Bovina, Parmer County service officer.

Under the current Veterans Administration dental care program, a veteran qualifies for one episode of dental care, provided he applies to the VA within one year following discharge or release from military service. "One episode" for this purpose means the veteran may receive a dental program only once, sufficient to correct all cavities and other dental defects revealed by the dental examination.

Dental care for eligible veterans may be authorized and paid by the VA, and may be rendered by a private dentist in the veteran's home town. An exception might be the veteran who lives within easy commuting distance of a VA dental clinic, in which case the work would be done by a VA dentist.

When a veteran is discharged or released from military service, and he finds that dental care is needed, he should report to his local service office, Sudderth in Parmer County, and file an application with the VA. If he is found to be eligible,

the Veterans Administration will authorize the necessary examination and treatment.

The veteran should not obligate himself for any dental care expense, since the Veterans Administration will pay for any service which is authorized, said Sudderth.

Veterans who desire further information on the program may contact Sudderth at Box 29 in Bovina.

Half-Time Winners

Want to win points, and compliments, from the football fans around the TV set? Pass around these banana chiffon cup cakes, at half time.

HALF-TIME CUP CAKES

- 1 1/2 cups sifted all-purpose flour
- 1 cup granulated sugar
- 1 tsp. baking powder
- 1 1/2 tsp. baking soda
- 1/2 tsp. salt
- 1 cup commercial sour cream
- 1 cup fully ripe mashed Chiquita banana (one medium banana)
- 1/4 cup butter
- 2 eggs
- confectioners' powdered sugar

Blend dry ingredients. Add sour cream, banana, butter and eggs. Mix at low speed of electric mixer until blended, about one minute, or mix by hand with a spoon. Fill paper or foil-lined medium muffin cups two-thirds full. Bake in pre-heated 350° oven for 25-30 minutes. Cool. Sprinkle with confectioners' sugar. Makes about 24 cup cakes.

MB Has New Film Available

Missouri Beef Packers, Inc. of Amarillo, Texas has released two versions of a sound and color 16 mm. movie film about the production and processing of grain-fed cattle in the Southwestern and Midwestern United States. One film, 18 minutes in length, is for civic groups and persons interested in modern beef production and processing. The second version, 22 minutes long, is for security analysts, brokers and investors interested in Missouri Beef Packers, Inc.

Entitled "MODERN BEEF PRODUCTION AND PROCESSING," the films begin with the cattle herd and backgrounding of cattle on irrigated pasture prior to being fed a prepared mixture of irrigated grains, ensilage, supplements and roughage.

Vast panoramas of irrigated feed crops, thousands of cattle in feedyards and closeups of computerized feedyard grain

mills provide a comprehensive view of the world's most efficient conversion of feed crops to choice beef for the nation's dinner table.

Using Missouri Beef's award-winning slaughtering and fabricating facility at Plainview to illustrate modern beef processing, the films clearly point out the economies of locating modern beef processing plants close to the supply of fat cattle.

Following the arrival of the live cattle from the feedyards in Missouri Beef's own fleet of cattle trucks, the cattle are humanely slaughtered and automatically carried into the plant via overhead rails to be eviscerated, split, chilled and inspected prior to being cut into wholesale quarters or smaller, fabricated cuts. The final product is vacuum sealed and boxed for delivery in Missouri Beef's own fleet of refrigerated trucks.

Extensive use of helicopters was made in the filming of the cattle herd, Missouri Beef packing facilities and of the various irrigated feed crops, feedyards and the trucking scenes to provide the viewer with a more comprehensive view of the immense scope of the burgeoning fed beef industry in the United States.

The MBP films were produced by Jim Thomas, an Amarillo-based agri-business marketing specialist. Photography was by Rhew Picture Service, Inc., a noted Amarillo agri-business photojournalist.

The MBP films are available free to civic, financial, educational and agri-business groups worldwide by contacting MBP on group letterhead. The address is—

Housing Survey Beginning Soon

Friona has been included in the area to conduct a housing survey during the next few months. Tests were given last week to determine a survey worker to be conducting the house to house survey in the city and county.

A sample of households in this area will take part in the new nationwide survey of housing to be conducted annually in the future by the Bureau of Census, according to Percy R. Millard, Director of the Bureau's Data Collection Center in Dallas.

The 1973 survey, which will begin this week, will initiate a Federal program, the Annual Housing Survey, jointly planned by the Bureau and the Department of Housing and Urban Development. The program is in response to a need for frequent and up-to-date data on U.S. housing, considered a prime indicator of the Nation's economic health, said Millard.

Heretofore, housing data have come only from the decennial censuses, irregular sample surveys, and one-time special studies. With regular surveys, commented the director, it will be possible to compare from year to year the number and types of housing, changes resulting from demolitions and new construction, the vacancy rate, the frequency of mechanical and utility breakdowns and other indicators of the physical condition of residential structures, as well as the characteristics of the occupants who move in and out over the years.

For the survey, Friona has been included in a sample of 60,000 housing units out of the Nation's 68,000,000 by scientific measure to represent a cross section of all housing. The sample was selected from 1970 census records and has been updated to include new construction.

Local Census Bureau representatives who are trained for their work will carry an official identification card with the bearer's photograph and signature.

They will begin interviewing with the next week and the work is expected to take approximately three months. Each household in the sample will be mailed an introductory letter prior to the interviewer's visit. For unoccupied units, information will be obtained from neighbors, landlords, and rental agents.

All information obtained by the Census Bureau is kept confidential, concluded Millard, and the results are used only to compile statistical totals in which no household or other housing unit can be identified.

Joint HUD-Census reports will be issued, the first one expected in the fall of 1974. Statistics will be tabulated for the U.S., for each of the four regions, for Standard Metropolitan Statistical Areas as a whole (both inside and outside central cities), and for the remainder of the country (nonmetropolitan areas).

BICYCLE TRIP

Pedal Power Proves To Be Adventurous

Who says there's an energy crisis? There's plenty of pedal power around, as was proven by Dr. F.X. Plunkett and three young gentlemen last week.

The quartet, including Dr. Plunkett, Robert Alexander, son of Dr. and Mrs. Bob Alexander; Johnny Jarecki, son of Mr. and Mrs. Florian Jarecki and Johnny Spring, son of Mr. and Mrs. Paul Spring, took a bicycle tour and 'adventure trip.'

Leaving Friona via bicycle last Tuesday at 8 a.m. the group arrived at the bottom of Palo Duro Canyon between 2:30 and 3:00 p.m.

Dr. Plunkett said they had a back wind all the way and it only took them approximately three minutes to make it to the bottom of the canyon on the winding downhill road.

"We had a wonderful time," he reported. They stopped at every small wayside community along the way including Black, Summerfield, Hereford, Dawn, Umberger and Canyon enroute to the canyon.

"The Dawn Grocery amazed me," commented the young doctor. "I had never seen anything like it before. It was fabulous," he enthused. "Two old men were at a card table playing dominoes, there was a little old lady working in the store and some small boys were building model airplanes at a

counter." "It was just like I had read about, and there seemed to be a little bit of everything in the store," he added.

Arriving in Canyon around 12:30, they ate lunch and purchased breakfast supplies before going on to the canyon. At Palo Duro, the first stop was the trading post and cold drinks for the thirsty quartet.

They found a campsite at 'Low Water Crossing No. 5' then rode to Devil's Slide after setting up the camp. At Devil's Slide, the three younger men slid down the slide, but Dr. Plunkett reported he just hid out under a shade tree and watched the youths play on the hot red clay.

After cleaning up, they rode their bicycles again to the amphitheatre where they were served "a delicious barbecue" and enjoyed a strolling guitarist before watching the "super, wonderful" production of "Texas."

And, since every good camper has to forget something, they found they had forgotten flashlights as the Texas production ended and they attempted to make their way back to camp. Some nearby campers volunteered to drive slowly behind the group so they could see to ride their bicycles back to the campsite.

Sleeping out under the stars was an experience for the four, and following a cold breakfast on Wednesday morning, they explored caves and mountains and rode the Sad Monkey Train before leaving the canyon.

Taking approximately an hour to get back out of the canyon, walking up the road most of the way and pushing their bicycles, next stop was the museum in Canyon and a tour of West Texas State University.

Dr. Plunkett said he especially enjoyed the museum at WT and would have liked to have had more time to spend there. However, they had dinner in Canyon and rode to Buffalo Lake for another night beneath the stars.

"The mosquitos were the only bad part of the trip," said Dr. Plunkett. "And, they were

horrible.

"One of our best experiences was a personal experience. During the night, we could see it lightning back to the west and by counting the seconds between flashes, I figured out that it was raining in Friona." [Ed. note—A hard rain did fall that night.]

"I woke up at dawn," he added, "and watched the sunrise in the east and the approaching storm full of lightning from the west. It was an impressive sight."

Eating at the Umberger Cafe, the group continued their journey to the west, and home. Reporting a good trip to Hereford, they soon were facing a hard wind, following close behind was a hard, driving rain.

Finally freezing out with the wind-driven rain, they called for someone to pick them up at Summerfield.

Tired, enthusiastic, and cold, they arrived in Friona for baths and beds to end a bicycle trip that took them on a major exploration trip.

They reported that with the backwind, they averaged 12-14 mph on the trip east and 10-12 mph facing the wind on their return.

PRIZE-WINNER...Mrs. Bob Finley won the portable sewing machine given by Allsup's 7-11 in their recent promotion. Shown

presenting Mrs. Finley the prize on behalf of the store is James Perea.

Ron Awtrey Graduates

From Military School

Second Lieutenant Ron Awtrey was one of 14 graduates from New Mexico Military Academy at Santa Fe following a year's training. He began the classes with 43 other men.

A graduate of Friona High

School and Texas Tech University at Lubbock, he is a National Guard Officer, presently serving in Portales.

Lieutenant Awtrey is married to the former Sandy Beene, and they have a year-old son, Marc.

Rhonda Wilson Feted With Garden Party

A Friday afternoon pantry tea in a garden setting at the home of Mr. and Mrs. Bob Riethmayer honored Rhonda Wilson, bride-elect of Glen (Hill) Reber.

Co-hosting the tea with her mother was Jill Riethmayer and Mrs. Larry Martin and daughter, Carolyn.

Lime green was the bride's chosen color and carried out in the decoration scheme in the 5-6:30 p.m. tea in the garden.

Special guests were presented lime green rose corsages and the lime green table was offset by an arrangement of garden roses in silver.

Lime sherbet and cookies

were served from crystal and silver appointments.

Special guests included the honoree, her mother, Mrs. Hilton Wilson and the mother of the groom, Mrs. Joyce Wells.

Part of the entertainment for the afternoon were games of croquet.

A cure for absentmindedness: JUST ONCE drive into an automatic car wash with the driver's window down.

The narrower the mind, the more space for prejudice.

It's only the family tree that bears nuts the year-round.

Youth Set

Activity Week

Youth Activity Week will be sponsored by youth from the Friona United Methodist Church for seventh grade through senior of 1973 age groups.

The special week will be from August 13-17 each evening with a supper being served each night.

Activities will be from 8-10 p.m. each evening.

All youths from any denomination are welcome to participate in Youth Activity Week said a spokesman and those planning to attend the activities are asked to call Maxine Owen at 217-3105.

The Truth Will Make You Free

Terry Brown, Minister Sixth Street Church of Christ

Early Bibles in England were not in English but Latin. The beginnings of the English Bible go back to the seventh century. However, the first translation made in English of the complete Bible was only completed about 1382. This was the result of the work of John Wycliffe. Wycliffe had the idea that the common man was worth something and "should learn of the Gospel according to his simplicity." In 1388, John Purvey thoroughly corrected and revised Wycliffe's first version. Purvey's revised Bible held sway until the sixteenth century in England.

The true father of the English Bible is William Tyndale. His chief ambition in life was to give to the English people a translation of the Bible based not on Latin but upon the original Greek and Hebrew. Early in 1526 the first copies of Tyndale's translation of the New Testament were smuggled into England. Officials of the Church condemned the translation; copies of it were burned in public ceremony; money was subscribed to buy up incoming copies. But this concentrated effort could not wipe out a movement which was making itself felt around the world. Tyndale was betrayed and imprisoned in 1534. In 1536 he was strangled and burned at the stake.

Soon after Tyndale's death, a flood of translations and revisions was to follow. Some of these are the following—Coverdale's [1535], Matthew's Bible [1537], Taverner's [1539]. Also in 1539, the Great Bible came out, and it was the first Bible authorized to be read in the churches.

These were the translations which led up to the King James Version of 1611. However, there have been many translations in English since the King James translation was first published. Next week we will notice some of these recent translations.

NEXT WEEK—Recent Translations of the English Bible.

SHARON SUE SMITH...Mr. and Mrs. David Smith announce the engagement and approaching marriage of their daughter, Sharon Sue, to Larry Rector, son of Mr. and Mrs. Lloyd Rector. The wedding service will be held at 7 p.m. August 31 in Friona First Baptist Church.

Annette Reznik Sets

Conference Discussion

Friona's Annette Reznik, who is State Future Homemakers of America president, will lead "FHA Impact" during a special work session at a week long in-service conference in Houston this week.

Annette, daughter of Mr. and Mrs. A.L. Reznik, is a senior in Friona High School.

She will be among approximately 2,000 vocational home-making teachers and special guests from various school districts in Texas attending the conference.

A director in the conference is Mrs. Ima Dora Haile, consultant, from Plainview.

who serves 38 south plains and panhandle counties, including Parmer County.

During the conference, Mrs. Haile will receive a tenure award in special recognition services.

MAKING PUPPETS

Members of Girl Scout Troop 244 met at the home of Girl Scout Leader Mrs. Bob Riethmayer Thursday afternoon to make hand puppets for the Friona Public Library.

The evening was to conclude with a hamburger fry.

Co-leader of the troop is Mrs. Glenn Hamilton.

CARLENE GREESON, daughter of the late Mr. and Mrs. Lester Dean, and Joel Osborn, son of Mr. and Mrs. Ernest Osborn, will be married on August 10 at the Congregational Church.

Bridal Shower Hosted For Bride-Elect

Glenda McWhorter, bride-elect of Ted Proctor, was honored with a bridal shower last Saturday in the John Blackburn home.

The serving table was laid with a hand-embroidered cloth, offset by an arrangement of cranberry gladioli and red and pink roses in a silver candelabra with pink tapers. The honoree, her mother, and special guests wore corsages of cranberry gladiolias.

Punch, cookies and nuts were served from silver and crystal appointments.

The registration table featured a gold candelabra with pink votives and a special framed invitation.

Special guests included Mrs.

J.O. Peterson, Lamesa, groom's grandmother; Mrs. Bertha McWhorter, Plainview, bride's grandmother; Mrs. Harry Sinclair, Plainview, bride's grandmother; Mrs. Larry Trussell, Lubbock, bride's twin sister and Regina Sinclair, Pennsylvania, bride's cousin.

Hostesses were Mrs. John Hays, Mrs. John Hand, Mrs. Earl Drake, Mrs. Johnny Hand, Mrs. Wayne Mills, Mrs. Van Nichols, Mrs. Glenn Floyd, Mrs. David Grimsley, Mrs. Vicki Minshew, Mrs. Truett Johnson, Mrs. Glyn Hamilton, Mrs. Ralph Taylor, Mrs. Bill Carthel, Mrs. T.A. Kelley and Mrs. Clyde Weatherly.

VICKIE SUE STREET...Mr. and Mrs. M.C. Street of Muleshoe, announce the engagement and approaching marriage of their daughter, Vickie Sue, to Kirby Burch, son of Mr. and Mrs. Fred M. Burch of Lazbuddie. Wedding vows will be exchanged at 3 p.m. on Thursday, August 23, in the First United Methodist Church in Muleshoe. Vickie is a 1969 graduate of Muleshoe High School and is an education major at Texas Tech University. Kirby is a 1967 graduate of Lazbuddie High School and is a mechanical agriculture major at Texas Tech. Both plan to continue their education at Texas Tech in the fall.

RUBY RENEE TAYLOR...Mr. and Mrs. Ruben Taylor announce the engagement and approaching marriage of their daughter, Ruby Renee, to Leslie Jarecki, son of Mr. and Mrs. Florian Jarecki. Wedding vows will be exchanged at 7 p.m. on August 31 at the Lutheran Church in Friona.

HELLO, SNOOPY...Snoopy greeted young visitors at the Friona Public Library this week as more than 65 youngsters attended the reception and presentation for winners of the summer reading program. Here Snoopy greets Tonya Savage, daughter of Mr. and Mrs.

Freddie Savage. Shown at right escorting Tonya to Snoopy is Mrs. Billie Fairchild, librarian. More than 80 youngsters of the 143 registered for the summer reading program completed the program and became eligible for a reading certificate and space capsule.

Brunch Honors Held For Glenda McWhorter

Glenda McWhorter, bride-elect of Billy Ross (Ted) Proctor, was honored with a Saturday morning pantry brunch in the garden at the Bob Riethmayer home.

A brunch from 10-11:30 featured the bride's chosen colors of pink and cranberry in the decorations with the honoree and special guests being presented corsages of miniature Spanish wooden kitchen utensils with ribbons and bows in the bride's colors.

A pink and cranberry garden arrangement of roses offset the pink table where a brunch including juice, cantaloupe and ham were among the items served.

Enjoying the morning party were the honoree, her mother, Mrs. Joe McWhorter, Plainview; Mrs. James Proctor, mother of the groom; Mrs. Lanny Trussell, Lubbock; Mrs. Steve Hanes, Hart.

Co-hosting the brunch were Mrs. Bob Riethmayer, Kay Riethmayer, Mrs. Matt Brown and Mrs. Steve Brown.

Guests played croquet during the morning.

Square Dancers Host Social, Name Officers

Mr. and Mrs. George Rushing and Mr. and Mrs. Dale Gober were hostesses for Friona's Buttons and Bows Square Dance Club for a social on Saturday, July 28. Approximately 30 members attended with John Fred White presiding over a short business meeting.

Newly elected officers for the club were Mr. and Mrs. John Fred White, president; Mr. and Mrs. Tommy Jones, vice president; Mr. and Mrs. Billy Sifford, secretary-treasurer; Mr. and Mrs. Glen Herring, reporters; and Mr. and Mrs. George Rushing, social chair-

Pavalus Has BS In Math, Sociology

Michael Edwin Pavalus is among 18 students from Texas in the class of 315 candidates for graduation at summer commencement exercises scheduled Saturday at Eastern New Mexico University at Portales.

Pavalus received a BS in mathematics and sociology, magna cum laude.

Gary Mingus Gets Music Scholarship

Gary Mingus, son of Mr. and Mrs. Lloyd Mingus, a 1973 graduate of Friona High School has been awarded the Applied Music and Friends of Fine Arts Scholarships to West Texas State University of Canyon.

He was awarded the grants by a faculty committee because of outstanding performance capability demonstrated on the trombone. The scholarship is for the 1973-74 academic year.

LIBRARY CORNER

Friona Public Library was the setting for an award presentation and a visit with "Snoopy" Wednesday afternoon when it was announced at a reception that 82 youngsters had completed the summer reading program.

Mrs. Darrell Simpson, who served as chairman of the reading program, served refreshments to the youngsters who were feted during the reception.

Snoopy was introduced by Mrs. Billie Fairchild, librarian, and Snoopy entertained during

the afternoon and had a spontaneous boxing match with one of the boys present.

Mrs. Fairchild said 82 of the 143 who registered for the summer reading program completed the series and became eligible to receive their certificate.

Presented along with the certificate was a space capsule. Mrs. Fairchild has asked that everyone who did not attend the Wednesday program to stop by the library to pick up the certificate and capsule.

God's Spirit Will Give Us Direction

Read Romans 6:16-23

You are slaves of the master whom you obey; and this is true whether you serve sin, with death as its result; or obedience, with righteousness as its result. (Romans 6:16, NEB)

Capulin Mountain, New Mexico. It is a June day, and we are approaching the base of this huge cinder cone volcano, with its almost perfect rim.

As we circle up the road to reach the summit, the cinder smell is inescapable, and on the plain below we see lava beds still definitely outlined after the centuries since Capulin last erupted.

Once at the top, we follow the rim of the crater on foot. At one place the shrubs and scrubby trees are leaning into the prevailing west wind. The direction of their growth is not governed by the west wind, but by the updraft from the center. The cone wind, not the west wind, is master of the direction in which this vegetation grows.

What wind is prevailing in the direction our lives are taking? Is it the wind that contorts and blights and is ruinous? Or is it the wind of the spirit of God determining the direction because we have accepted Jesus as our Saviour, and we want our lives "to tell for Jesus?"

PRAYER--O God, we yield ourselves to the influence of Thy governing spirit. Direct us in the way You would have us go. In Jesus' name. Amen.

THOUGHT FOR THE DAY--I want God's spirit to give my life direction.

--Russell Q. Chilcote, Nashville, Tenn.

Jaycees Host Large Work Forum Here

"It was a very successful meeting, and we had a very large group of out-of-town people here," said Friona Jaycee President Don Gatlin and State Vice President Glen

Stevens of the Region 104 Jaycee Work Forum held in Friona Tuesday night.

Around 100 Jaycees from Texas and New Mexico met at the elementary school cafeteria for a light meal and work session.

Jaycees were represented from Amarillo, Friona, Hereford, Muleshoe, Happy, Plainview, Pampa and Claude in Texas and Clovis, N.M.

State and National Jaycee officers attending the meeting included Milton Saltzman, Pampa, who is Administrative National Director of the Jaycees; John Duggan, a National Director from Vega; John Bunch, Region 101 state vice president from Hereford; Joe Stephenson, of Claude, Region 102 state vice president and Glen Stevens, Friona, Region 104 state vice president.

During the session, the group elected Don Dennis of Friona as regional secretary; established a regional news letter; and discussed the Texas Jaycees award program.

They also discussed the incentive programs; and formats for carrying out organizational programs was discussed.

The Jaycees heard reports on the National Convention and planned Labor Day Rest Stops to be held in conjunction with a Texas Jaycee program.

During the Jaycee business session, members of the Jaycee-ettes moved to the Friona State Bank community room for card games.

Prizes were given for high scoring winners and booby prizes for low scorers. Also, the Friona Jaycee-ettes presented three door prizes during the evening.

Fabian Renner Funeral Held

Funeral services for Fabian Lee Renner, 39, were held at 2:30 p.m. Wednesday at Calvary Baptist Church in Friona with Rev. Darrell Lewis, pastor of the Canyon Calvary Baptist Church officiating. Burial was in Friona Cemetery under direction of Parsons-Ellis Funeral Home of Friona.

Renner, a native of Friona, died Monday at Northwest Texas Hospital in Amarillo. He was an employee of the Texas Highway Department and resided in Canyon.

Pallbearers were Doyce Barnett, Jerry London, Richard London, Charles Jones, M.C. Osborn and Ira Holt.

Survivors include his parents, Mr. and Mrs. John Renner, Canyon; three brothers, Clyde Renner and Don Renner, both of Friona and Jerry Renner of Canyon.

Tina Bainum Service Set

Tina E. Bainum, 64, died around 5:40 p.m. Thursday in Parmer County Community Hospital following a lengthy illness. She had been a resident of Friona for the past 44 years, moving here from Hill County.

Mrs. Bainum was a Methodist and a member of the Eastern Star. She was preceded in death by her husband in 1966 and a son in 1964.

Survivors include three sons, Wayne of Alexandria, Va.; Dudley of Scottsdale, Ariz.; and Jimmy Ray of Baton Rouge, La.; two sisters, Mrs. Retha Judd and Mrs. Lela Bainum, both of Clovis, N.M. and 11 grandchildren.

Outlands Attend Rites For Kin

Mr. and Mrs. A.L. Outland, and Mr. and Mrs. H.L. Outland were in Healdton, Oklahoma, last week to attend funeral services for a sister-in-law of the Outlands, Mrs. Loyd Outland, 71.

Mrs. Outland passed away following an illness of approximately six months. Interment was at the Healdton Cemetery. Her husband is the oldest of five Outland brothers.

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves both acid and gas.

This unique discovery breaks up and dissolves trapped gas bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

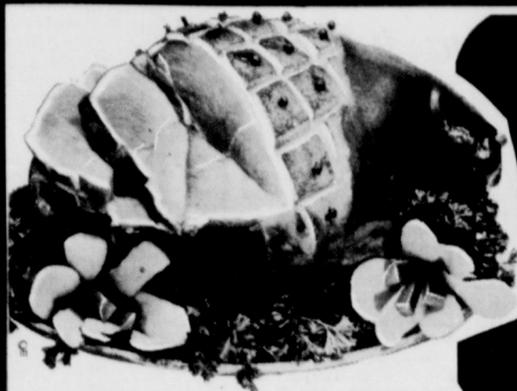

Susan Mimms Wins Trip

Three girls represented Parmer County in the District I 4-H Dress Revue on Thursday, July 26 in the Holiday Inn West in Amarillo. They were Evelyn Hart, 11-year-old daughter of Mr. and Mrs. Dale Hart of Friona; Mary Lou Roberts, of the Oklahoma Lane 4-H Club, the 14-year-old daughter of Rev. and Mrs. Bob Roberts, Farwell and Susan Mimms, the 16-year-old daughter of Mr. and Mrs. Dalton Mimms of Lazbuddie. All three girls received blue ribbons for their efforts in the contest in Amarillo.

Miss Mimms was selected as one of the top five finalists and will represent District I in the State 4-H Dress Revue to be held in October in conjunction with the State Fair of Texas in Dallas. Susan was also recognized as having one of the top three record books in competition and first runner-up for the best cotton garment.

The girls modeled garments they had made themselves and were also judged on their 4-H Record Books. They won the honor to compete in the District Revue by receiving first place in their age divisions at the County Revue staged earlier in July in Farwell.
