

WOW! WASNT that some "blow" we had in these parts last Saturday?

That must have been about the best "Norther" we have had in the Friona area in the past several years.

Newcomers were given an idea of what a raw kind of country this must have been back in the days when there was nothin' except a barbed wire between here and the North Pole.

E.S. WHITE, who has been in Friona enough years to be considered an oldtimer, says the worst "blow" he can recall, along the lines of the one of last Saturday, was once back in the Dirty 30s, when the north wind howled for three days and three nights.

"It was straight out of the north, similar to Saturday's. It started out as a sandstorm, and then later we had some snow," the longtime Friona groceryman recollects.

Mr. White says he doesn't recall how much it snowed that particular storm, but that it drifted considerably, and that the sand and snow blew right into the homes and businesses.

"Our buildings were not built as weatherproof then as they are today. You couldn't keep the sand out when those storms came up," he says. "I have seen other sandstorms where you could look out your store windows and you couldn't see the cars parked in front—it was so dark," Mr. White adds.

White credits the coming of irrigation, plus better farming methods with keeping the dust almost at a minimum in last weekend's storm.

One thing's for sure, Friona didn't have the bright prospects for the future back in the 30s that it does today.

People living here then had to have a lot of grit and stick-to-it-iveness in order to make it through the depression, which was made even worse here by the persistent sandstorms, which ruined crops and posed a threat to the livestock.

BEFORE LEAVING the subject of the wind, do you realize that when the wind was blowing 45 to 50 miles per hour, as it did for the entire day last Saturday, we were feeling winds of gale force? That's right.

We consulted the old reliable World Almanac, and found the section entitled "Winds, Their Force and Official Designations." So that you will be able to understand those canny weathermen in the future, we'll pass along what we found.

"Calm" is the word given to describe winds of less than one mile per hour. "Very light" means a breeze of one to three M.P.H.

"Light" wind means wind blowing four to seven M.P.H., and "Gentle" wind is that blowing eight to 12 M.P.H.

"Fresh" (you thought that was a young teenager) is reserved for winds blowing 19 to 24 miles per hour. "Strong" (now we're getting there) describes wind clocked at 25 to 38 miles per hour.

"Gale" winds are those from 39 to 54 miles an hour. "Whole Gale" goes from 55 to 72 miles per hour. "Hurricane" winds are those above 72 miles per hour.

So—those gusts which went above 70 miles per hour—and such were recorded locally last Saturday—were approaching hurricane force. You coast-dwellers thought something was familiar about the Saturday breezes, didn't you?

OUR SOURCE material on wind velocity revealed that Galveston in this category for Texas cities. The coastal city has logged an official clocking by the U.S. Weather Bureau of 91 miles per hour.

While you're trying that one on for size, here is the record wind velocity for Miami, Florida—132 M.P.H. Yep, that's moving on, but the national record is held (we hope) by Mt. Washington, New Hampshire, which somehow managed to clock an official reading (before the gauge broke, apparently), of 225 miles an hour.

Heck, we just thought we had a windy day here last Saturday.

MAGIC ACT...The sword cabinet, otherwise known as the Temple of Invisibility, will be just one of the many acts which will be presented on the stage at Friona Grade School next

Monday evening, when Fred Story presents his 20th Century Phantasies Revue for the Friona Noon Lions. Advance tickets are now on sale.

WIND IS FACTOR

PACO Fire Ruins Supply Of Burs

Around 10,000,000 pounds of cotton burs went up in smoke last weekend at the PACO Feed Yard south of Hub.

High winds compounded the job of extinguishing the burs, and in the end were responsible for the loss of most of the company's bur supply. PACO uses the burs as a main roughage ingredient. They are pelleted at the PACO mill, and fed as a ration to feeder cattle.

PACO manager Bill Teel estimated the value of the consumed burs at \$50,000.

"Due to the late cotton harvest this season, we did not have as many burs as we customarily would have had. Also, we were fortunate that the wind was out of the north instead of the south. If it had been blowing as strong from the south, it would have threatened some of the cattle—and one pen of cattle is worth more than all of the burs we lost," Teel said.

STARTS FRIDAY

The fire was first noticed about 5:30 p.m. Friday. Fire units from the Friona Volunteer Fire Department rushed to the scene, and by 8:30 p.m., had the fire under control.

However, with the wind shifting to the north and gusting up to 60 and 70 miles per hour on Saturday, sparks

from the smoldering burs were blown into other ricks of burs.

On Saturday, fire units from Friona, Bovina, Dimmitt, Hereford and Muleshoe were on the scene. Using water from an irrigation well, the firemen fought the pesky fire until about 9:30 that night.

Friona firemen made a third run to PACO Tuesday shortly after noon. They assisted in keeping the burs cooled enough to be moved.

Although cited by some to have been in danger, Teel said that the dehydrating mill never was seriously threatened by the blaze.

"Because of the way and location the burs were stacked, the mill was not in serious trouble," he said.

ORIGIN UNKNOWN

Teel was at a loss as to how the fire was started. "Someone could have flipped a cigarette into a load of burs. Or the

exhaust from a truck could have done it," Teel offered as possible causes.

A maize field to the east of the plant had a stubble fire on Friday, but Teel said he doubted this was the cause of the fire, because of the distance from the burs, and its location in relation to the wind.

Teel said the loss of the burs should not place the feed yard in a bind for ingredients.

"We have some extra burs contracted, and this should take care of the situation," the PACO manager said.

PACO pioneered the use of cotton burs as a feeding ingredient in 1967. It not only made use of an otherwise waste item, but helped fight air pollution by making the burning of cotton burs unnecessary.

Last weekend's fire was the first major loss of burs suffered by the company since it began to stockpile and use them some five or six years ago.

Gale Force Winds Buffet Area Saturday

Gale force winds buffeted the Friona area for more than 24 hours last Saturday and early Sunday, but the area was

spared what could have been a terrible blizzard by the absence of snow in the system as it passed through.

Some damage was experienced by windows, electrical and telephone wires in the locality, but for the most part, damage was light, considering the steady force of the wind.

Beginning in the early morning hours on Saturday, the wind continued throughout the daylight hours Saturday, and into the early morning hours Sunday, before it began to subside.

Instruments at Benger Air Park measured the velocity at a steady pace of 45 to 50 miles per hour throughout the day, with gusts up to 60 and 70 miles per hour.

Just a trace of snow was received at about daybreak Saturday, as the front was accompanied by a solid cloud cover, which threatened moisture throughout the day, but fortunately never materialized.

Parts of the northern Panhandle were not as lucky, as six to seven inches of snow fell prior to and during the "blow" on Saturday, causing blizzard conditions that stranded motorists in the Dumas, Stratford and Spearman areas.

Stockmen, and those attempting to wrap up harvesting of crops, breathed a sigh of relief that the moisture was not received here, and the front blew through as a dry one.

PACO FIRE...A pile of smoldering cotton burs is seen in the foreground, with the mill at PACO Feed Yard visible in the background, following a fire last weekend which swept through the feedlot's bur supply.

BENEFITS PARK

Magic Review Set Here Next Monday

Can a lady float in air? Can rabbits appear and vanish before your very eyes? These are but two of the many questions that will be answered on Monday, February 5, when the Friona Noon Lions Club presents for the entertainment and mystification, Fred Story, master magician, with his magical revue.

The program will be presented at 8 p.m. at the Friona Grade School Auditorium. Proceeds from the program are to go to help pay off the Lions Little League Park, used last summer for the first time.

Entitled "20th Century Phantasies," the program is a full evening's revue of the finest in magic and illusion, and requires over two tons of stage equipment.

Many thousands of dollars have been spent on special costumes, lighting and stage setting to enhance the air of mystery in this truly wonderful land of magic, mystery and illusion.

Fantasy-making the unbelievable come true, is what Fred Story and Co. has been doing for the past 20 years.

Some of the comments made about the show over the years attest to the high quality of performance and reputation enjoyed by the Story revue over the years.

The evening performance will feature many famous mysteries, one of which is the famous Houdini trunk. This has been seen on television and in the movie "The Great Houdini," and now area residents can see this fantastic illusion alive and in person on the stage in Friona.

Other featured mysteries which have been seen on TV is the fantastic floating princess, floating alone and high above the stage—a masterpiece of modern stage magic.

"I do not know where the time went, I was so excited," states one enthralled member of the audience.

You, too will find it hard to believe the many mysteries that unfold on the stage of Friona on Monday, February 5.

Advance tickets are on sale by the members of the Friona Noon Lions Club, at a reduced price when purchased in advance. "Get your tickets early in order to avoid missing the fantastic evening of enchantment, where if you "nod to a friend, you miss a trick," states a member of the Lions Club.

In order that no one misses an opportunity to see this fantastic production, the spon-

sors are having a special reduced price matinee especially for school children. This performance is completely different from the scheduled evening show, and is open to all children and adults alike.

The special matinee is scheduled for 2 p.m. Monday at the Grade School. Admission prices will be 50 cents for children, and \$1.00 for adults.

Also scheduled are such mysteries as "Spook in the bottle," and many other magical impossibilities involving rabbits, ducks and birds.

ALL-REGIONAL...Three members of the Friona Junior High School Band were chosen to the All-Regional band, and participated in the concert last Saturday in Lubbock. Left to right are Danny Holl, clarinet, David Whitaker, coronet, and Brian Johnston, cornet.

Western Auto Store Now Open In Friona

A Western Auto Family Store and Catalog Order Center opened in Friona on Wednesday.

The opening of the local WA outlet comes after a seven-year absence of Western Auto in Friona, which had formerly been a city regular for a number of years.

Located at 519 Main Street, in the old Foster Building, the city's newest retail outlet is owned by Fidel M. Madrid, who is moving to Friona from Clovis to open the new store.

Western Auto will feature a complete line of True-tone television sets, both portable and console models, plus the Wizard line of automatic washers, dryers and electric gas ranges.

The store also will carry a good selection of Davis tires, plus Wizard batteries and a full line of automobile accessories.

Also in stock will be numerous small electrical appliances, as well as electric hand tools.

Madrid says the store will carry furniture, although most of the furniture will be on an order basis, due to the limited amount of display space.

Western's Catalog Order Department expands the field of merchandise available to the local shopper. A 300-page catalog lists hundreds of items which may be ordered and received locally within a week, the Western Auto man says.

Madrid invites everyone in the Friona area to come by and get acquainted, and see the new store. He promises to maintain discount prices competitive with stores in the larger towns.

A grand opening for the new Western Auto Store is planned for the near future.

Tuesday Jinx Costs Chiefs

You may have heard about "Black Fridays."

For Coach Ray DeBord and the Friona Chieftains, Fridays are lily white. Tuesday is the day that has been unlucky for the FHS basketball team this winter.

After Tuesday's loss at Dimmitt, the Friona boys, who have a fine 15-9 season record, have suffered seven of those nine losses on Tuesdays. The team stands at 2-7 on games played on Tuesday.

On the other hand, the Chiefs are unbeaten on Fridays, standing at 7-0 in that respect. The team is 6-2 for the rest of the week, having lost one game on Thursday and another on Saturday.

Coach DeBord is looking into possibilities of a district schedule of all Friday games for 1973-74. He's about had it with Tuesdays.

ACTION URGED

Possible Delays Cited For Highway Projects

Dear Mr. Ellis:

A drastic curtailment of the Texas highway construction program is imminent because the 92nd Congress did not pass the 1972 Highway Act.

The highway act was defeated primarily because the Nixon Administration pushed for Rail Mass Transit to be funded out of the Highway Trust Fund gasoline taxes. There is little argument that some larger cities need a dual rail transit and highway system, however, highway officials contend that funds for rail transit should come from sources other than the Highway Trust Fund.

Texas Highway Engineer, J.C. Dingwall, has said that it may be late in 1973 before Congress can pass on another highway bill. The loser on these congressional bunglings is the motorist, and the loss can be measured in human lives. A prime example is the tragic accident which occurred near Ft. Sumner, New Mexico, where several young people lost their lives on a narrow bridge. Reportedly, this bridge and others similar to it has not been replaced due to the lack of federal funds. The construction of many highways in Texas are also being postponed because of unpredictable federal spending.

If Congress does not pass on a highway bill early in 1973, Texas will be limited to building Farm to Market roads and to maintenance of existing roads. Major construction on Interstate, U.S. and State highways will be idle.

In the 92nd Congress, Texas Senators and Representatives

stood firm for the continued funding of highways. I urge that you and your readers write your Congressmen and Senators requesting passage of Federal-aid highway legislation without diversion of Highway Trust Fund monies for other purposes. Contact your city and county governments and your Chamber of Commerce and request their support for immediate highway legislation without diversion.

If the Highway Trust Fund is diverted, we in Texas stand to lose our mobility, and possibly our lives.

Thank you for your consideration.

Sincerely yours,
Bobby C. Beale
Texas Highway Dept.

P.S. The names and addresses of some of our Senators and Representatives are listed below.

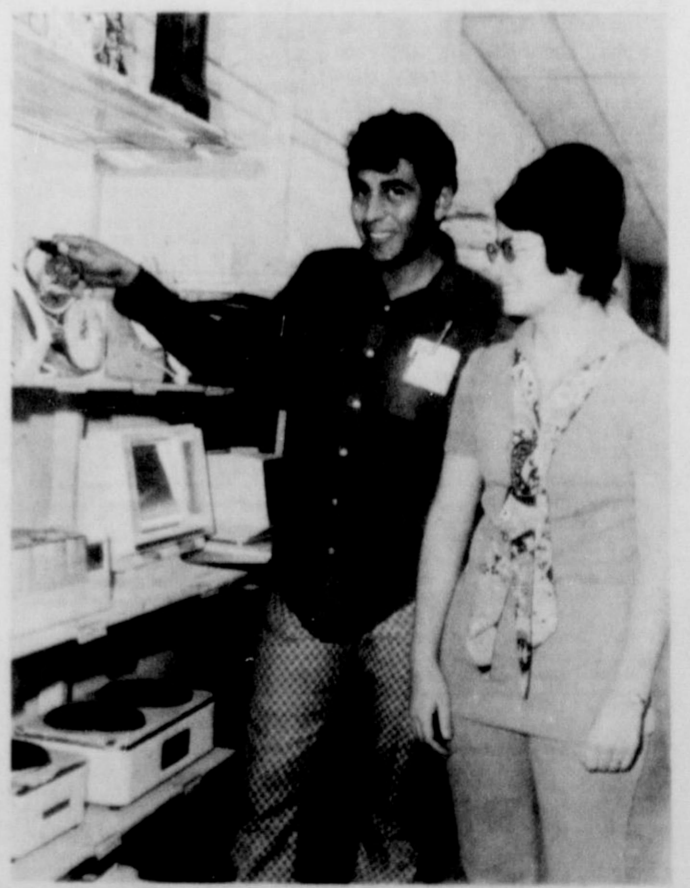

SENATORS
The Honorable John G. Tower and Lloyd M. Benton
United States Senate
Washington, D.C. 20510

REPRESENTATIVES
The Honorable Bob Price or George Mahon
House of Representatives
Washington, D.C. 20515

STORE OWNERS...Fidel Madrid, and his wife Martha look over a portion of the stock in Friona's new Western Auto Store, which is now open at 519 Main. The Madrids invite the people of Friona to come by and get acquainted.

Heart Seminar Set Feb. 8

The Family Living Youth Task Force of the Panhandle Economic Program is sponsoring a seminar February 8, 1973, from 9:30 a.m. to 4:30 p.m. at the Quality Motel in Amarillo. Some of the participants on the program will be—Dr. R.E. Gulde, M.D., Cardiologist; Dr. Mina Lamb, Professor of Nutrition Texas Tech University; Dr. Don Gholston, M.D., Cardiologist; and Dr. Robert D. Southerland, M.D., Cardiovascular Surgeon. Others participating on the program include a "Mended Heart Patient," a Physical Therapist, a Nurse, an Internal Medicine Specialist and an Osteopath.

Friona School Lunch Menu

Week of February 5-9
MONDAY—hot rolls-butter, spaghetti-o's, green beans, corn, chocolate cake and milk.
TUESDAY—steak, mashed potatoes, hot rolls-butter, buttered carrots, apricot cobbler and milk.
WEDNESDAY—pinto beans, burritos with chili and cheese, corn bread-butter, cabbage slaw, applesauce and chocolate milk.
THURSDAY—fish, new whole potatoes, hot rolls-butter, English peas, chocolate pudding, tartar sauce and milk.
FRIDAY—hot dogs, French fries, brownies, pork and beans and milk.

ONLY THE NEWSPAPER contains a well-rounded package of news, features and entertainment with each issue... good reading now, good to save for later reading.

The typical American coffee lover drinks about 750 cups of non-instant coffee a year, and is now enjoying them more because new Star coffee filters keep tiny grounds out of the brew and eliminate bitter taste.

Want Ads YOUR BEST MARKET PLACE

WELCOME TO FRIONA

Our newcomers this week are Mr. and Mrs. Larry Lodholm, who moved to Friona recently from Tucumcari. N.M. Lodholm is associated with Missouri Beef Packers, Inc., and also is in

partnership with his brother Roy in a new service in Friona—L & L Carpet Cleaning Service. The couple lives in the Friona Apartments.

 Field Seeds

Sincerely Yours

By Rev. Albert Lindley

I NOTE THAT the lead article of this week's "U.S. News And World Report," wonders if food prices are going higher, after an interview with Agriculture Secretary Butz.

If he would ask his wife, he would know. My wife has been telling me that for some time and just this week it was official—they have jumped again.

Let me see, just where are we? The stock market fell below the golden 1000 mark on Monday for the first time since mid-November—a record National Budget was submitted by President Nixon and the Professional Football Leagues are busily pitching up money and draft choices in this week's great turn over...

One really does have to stay on top of what's happening just so he can be in on any conversation. [Excuse me, Ladies Lib, I should have said "he or she".]

I agreed with a comment on the ABC News the other night when it was stated that so many things had been going on so newsworthy lately that they had not been able to get in a plug for the return of the Postmark on our letters. I dislike receiving mail from "U.S. Postal Service, Tex. 790."

Things can really get in a mess and if we aren't careful, just having some knowledge of it won't be of much help.

We did something at a Youth Meeting the other night that turned out to be a lot of fun—plus the fact that most of us learned something, to boot. (You wonder why I was attending a Youth Meeting? Humph!)

Each of us chose a Biblical character, made a name tag with that name and then had to know something about that person's background—why selected for a Biblical appearance, etc....

I think what we found out more than anything else was that there was a lot we didn't know.

The common ground that we did all stand on was the fact that everyone—Biblical characters and those present—all had a relationship with God. Good or bad, it was still a relationship.

Well, in the same manner we all have a relationship to our world today—economics, fears and anxieties, war, death, taxes, food prices, sports, family, God, etc.... we are all in some type of relation, one to the other.

Now that I have us all up to this point—I'm not sure what I want to do—unless—to say—we need to "grow in wisdom and stature with God and man."

...NOW WHERE DID I GET THAT?

LETTERS TO EDITOR

Dear Editor,
 The Friona Service Unit gift of \$25.00 to the people of Nicaragua has been put to work. The Salvation Army is operating 19 centers for distribution of food and necessities to the victims of the recent earthquake disaster. Your gift was most effective because it enabled Salvation

Army officers to best determine its use right at the scene. For the people who cannot thank you personally, may we extend our deepest appreciation to you and members of your committee for your thoughtfulness and concern.
 Sincerely,
 Dan Eddy

Friona Flashbacks

...from the files of the Friona Star

45 YEARS AGO—FEBRUARY 3, 1928

Quite a number of our people representing the musical talent of our town, journeyed to Amarillo Friday afternoon, where they broadcasted a musical program from Station W DAG (Editor's note: this station was the forerunner of KGNC.) Among the number were Mr. and Mrs. T.J. Crawford and daughters, Mary Kathryn, Helen and Dorothy, Miss Virginia Lillard, Miss Harris, Prof. J.A. Conway, Prof. Armstrong and Miss McCary of the local faculty.

35 YEARS AGO—FEBRUARY 4, 1938

"Smoky" Price reports that he has finally been prevailed upon to part with Artesia, his 11-gallon-a-day milk cow. Smoky has long claimed that she was the champion milk producing cow in this country, and as an indication of this claim, he narrates the fact that one time she fell into a large and deep well, from which it looked impossible to lift her. Undismayed, Mr. Price descended into the well, attached a life-preserver to Artesia, and began milking her, and soon had her safely floated to the top of the well and on solid ground again.

30 YEARS AGO—JANUARY 29, 1943

In a low-scoring game Friday night, the Friona Squaws outscored the Lazbuddie girls, 13-7. High point player for Lazbuddie was Rink, with three points. The Squaws' high-point player was Massie with 11 points. McFarland also scored high for the Squaws. The Chiefs also downed the Lazbuddie Longhorns by a score of 33-25. High-point man for Lazbuddie was Barnes with 10. Treider, Friona's star forward, had 17 points.

25 YEARS AGO—JANUARY 30, 1948

Tim Magness, first saxophone player in the Friona Band, is the band's newly elected president and assistant director. Vice president and assistant directors are Betty Louise McLellan, trombonist, and Alta Mae Wilkins, French horn player. Secretary-treasurer and reporter is Joyce Ann Miller.

20 YEARS AGO—JANUARY 29, 1953

The Friona diversified agriculture area has again scored a first—with a potato processing plant under construction here this week. The facilities afforded by this shed will expedite potato growing locally, observers believe, ushering into the area a relatively new crop for this county, but one that has been successful in Deaf Smith.

10 YEARS AGO—JANUARY 31, 1963

Parmer County law enforcement officers apprehended a 20-year-old man Sunday in Muleshoe who confessed nine break-ins in Parmer County recently, the latest being at Lazbuddie Saturday night. Barton Fish, who has been living at Hub, was arrested in Muleshoe after attempting to cash in dimes which supposedly were taken from the Treider "66" Station in a break-in early Sunday morning. Fish admitted the Treider break-in, as well as one at Neel's Grocery at Hub, the West Hub Gin Cafe, and six break-ins in Bovina.

SENIORS—

Only The Hut would come up with something like this. It's an "eliminate your buddies" tournament. Just come by The Hut and register [we would also like information on you in our files for graduation], then when the elimination begins watch your sidekick get left behind. Or visa versa. Details on how this nonsense works are at The Hut. Deadline for registration is Feb. 25. Big winners will receive gift certificates of \$25 first, \$15 second, \$10 third, \$5 consolation.

Introducing Our "Employee Of The Week"

Diana Noland

Diana Noland has been an employee of Friona State Bank since November 1971. She worked in the bookkeeping department for several months, then operated the proof machine before beginning her present assignment as a switchboard operator. Mrs. Noland grew up in

Houston and her husband, John, who is an employee of Missouri Beef Packers, Inc., grew up in Dickens County. They have three children, Kenna, who is 10; Rene, who is 9; and CC, who is 3½. The family lives at 310 East Tenth Street and attends First Baptist Church.

FRIONA STATE BANK

The Library Corner

BY MRS. BILL ELLIS

Over thirty youngsters enjoyed the Library Story Hour when it resumed last Thursday morning. Pat Lucero read to the older group about hats and costumes for all the months of the year. Ann Osborn read nursery rhymes and fairy tales to the younger group.

All children between the ages of three and school age are invited to join this session each Thursday at the Library between the hours of ten and eleven.

Dr. Robert Alexander has donated several books to the Library. For those of you who are interested in medicine, he has donated "The Choice of a Medical Career," and "Notable Names In Medicine and Surgery."

Mrs. Dan Ethridge recently wrote an article on the Library for the Chamber of Commerce Newsletter. We would like to quote it here for all to read:

DO YOU KNOW THE NEEDS OF OUR PUBLIC LIBRARY?

An additional 1500 to 1600 books at an average cost of \$6.00 each must be acquired in the next two years if we are to maintain the status of "Community Library"? As a provisional "Community" library in the Texas Library System, we are enjoying many advantages such as:

With Amarillo Public Library serving as the major resource center for the Texas Panhandle System, our readers have access to books in the Amarillo Public Library and its affiliates. Our Librarian, Mrs. Carl Fairchild, has only to call direct to the Amarillo Library to get books and information on any subject. Cost involved? Just the postage!

THE GREAT WALL OF CHINA IS 1,684 MILES LONG !!!

Bible Study Group Meets Tuesday Morning

Twelve women were present for the Tuesday morning Bible study in the home of Mrs. Walter Schueler in the Rhea Community.

Following a study taken from the book of Ephesians, refreshments of coffee and hot gingerbread topped with applesauce, were served by the hostess.

Others present were Mrs. Norman Taylor, Mrs. Cordie Potts, Mrs. Norbert Schueler, Mrs. Herbert Schueler, Mrs. Carl Schlenker, Mrs. Dick Habbinga, Mrs. Melvin Sachs and Mrs. Raymond Schueler.

Also Mrs. Roy Zieschang, Mrs. Chris Drager and Mrs. Andy Anderson.

Local Students Make Honor Roll

Five local students of Texas Tech University, Lubbock, have qualified for the dean's honor lists, which have been released by the College of Education and College of Agricultural Sciences.

They are Michael J. Buchanan, Route 1, a sophomore agricultural economics and James W. Weatherly, Route 3, sophomore agricultural economics major; and Kirby M. Burch, Route 1, whose major is also agricultural economics.

Also Paula A. Fortenberry, who is a senior in the College of Education, and Becky A. Boatwright, who is a junior.

SCS News

With the REAP Program terminated some farmers in Parmer County don't realize that engineering design assistance is still available, according to Herb Evans, SCS, Friona.
Properly designed irrigation pipeline is essential to practical and efficient operation. If a pipeline is installed undersize or without proper air and pressure relief valves, to save few pennies, it causes problems from now on.
The SCS engineering and technical assistance is available and free to all district cooperators in Parmer County.
"I suggest you contact the SCS in Friona" says Herb Evans, D.C. "We would like to help you design your pipeline or check an existing design. You will find this is time well spent."
"Staple" refers to cotton fiber length.

County 4-H Youngsters Busy At Stock Shows

Parmer County 4-H youngsters were busy all of last week exhibiting their livestock at various livestock shows in the area. Starting off the week was the Amarillo Stock Show on January 20-22. Showing their projects at this show were Bruce Kaltwasser and Robert Johnson from Oklahoma Lane; Terri Clark, Sherrie Seaton, Mike Windham and Russell Windham from Lazbuddie.
Sherrie Seaton, daughter of Mr. and Mrs. Jimmie Dale Seaton, was most successful of the county group by having the first place lightweight and champion Poland China barrow. She showed with the other breed champions for grand and reserve grand of the show. Sherrie's medium weight Duroc placed seventh.
Russell Windham exhibited the first place medium weight Duroc and the third place lightweight Chester White. Terri Clark had the third place mediumweight Chester White barrow. Mike Windham had the third place lightweight Hampshire barrow. These youngsters competed against 400 other barrows in the show. In the lamb show, Mike Windham had the fourth place heavyweight Finewool.

HEREFORD RESULTS

Next stop on the circuit was the Hereford Junior Livestock Show, January 25 and 26. Showing their animals at this show were Donnie Gustin, Holly Hart, Diane Bennett, Ross Middleton, Kathleen Middleton and Mark Gammon of Friona; Randy Gerles of Farwell; Sherrie Seaton, Mike Windham and Russell Windham of Lazbuddie. The barrow show was first on the agenda with Sherrie Seaton having the second place heavyweight and Reserve Champion Poland China barrow. Her middleweight Duroc barrow also placed second. Russell Windham showed his heavyweight Duroc barrow to first place and Reserve Champion. His middleweight Chester White stood third in its class. Mike's heavyweight Hampshire placed fourth.
The lamb show started things off on January 26, with Mike's lightweight Finewool cross placing fourth and his mediumweight Finewool plac-

ing eighth. Evelyn Hart's lightweight Southdown placed ninth. Karene Hart showed her heavyweight Southdown to eleventh and her lightweight Finewool to twelfth. Russell's lightweight mediumwool placed tenth. In the steer show, Mark Gammon showed his mediumweight Hereford to sixth. Kathleen's heavyweight Hereford placed seventh.

ROSWELL SHOW

While all of this was going on, Jacquelyn Langford from Farwell was the only 4-H'er attending the Southeastern New Mexico Hereford Show and Sale in Roswell, New Mexico. Jacquelyn exhibited the sold six Hereford bulls in this sale. She competed against breeders from New Mexico and Arizona, and came away from the ring with the Grand Champion and high selling bull of the show.
The animal sold for \$2,500.00 to Dean Boyd of Cedarvale, New Mexico. Two other bulls sold for \$1,100.00 and \$1,075.00, with the six bulls averaging \$1,170.00. Jacquelyn plans on using part of the money for a college fund with the remaining going back into her own herd of registered Herefords.

The next show coming up is the Southwestern International in El Paso, February 29. 4-H youngsters exhibiting at this

Jana Pronger

Final article in a three-part series on small electrical appliances—

Price, performance and life expectancy all differ among small electrical appliances.

With the vast choices available, 8 guides are offered for selecting an appliance. Consumers should consider the following—

- (1) A well established manufacturer;
- (2) Meaningful warranty or guarantee;
- (3) Repair service ability;
- (4) UL symbol, which means appliance meets safety standards of Underwriter's Laboratory;
- (5) Type of controls, such as thermostats with off/on switches, heat resistance, clearly marked dials or numbers, temperature control, and number of speeds (In some cases four speeds do the job of twelve);
- (6) Easy clean features, such as removable parts;
- (7) Job appliance must do, such as the specific job of a waffle iron or the general jobs of a blender; and
- (8) Amount of storage space required. Where it stays affects how much it will be used.

The Lonely Heart

show will be Bruce Kaltwasser, Mark Haseloff and Joe Haseloff from Farwell; Al Kerby from Bovina and Sherrie Seaton from Lazbuddie.

Vo-Ag Instructor Begins Duties

Levon Harman began duties this week as vo-ag instructor at Friona High School. Harman replaces Bob Middleton, who left at mid-term.

Harman, a native of Happy, is a December graduate of Texas Tech University with a major in Ag Education.

While in high school, he was active in FFA, FTA, and received his Lone Star Farmer degree in 1968, and in 1967 was named the Star Area Electrician.

Maize Research Study Reports Now Available

Results of 1972 Crop Management studies conducted by Pioneer Hi-Bred Company are now available. The 43-page report contains results of crop management studies conducted at 13 Crop Information Centers throughout Texas and New Mexico in 1972. Results of studies at Summerfield are included.

Research was supervised by the company's Agronomy Service Department and involved hybrid corn, sorghum and alfalfa. Specific areas of study on corn included a comparison of normal and Texas cytoplasm on Pioneer brand 3306, plant population studies on corn for grain and corn for silage, planting date and row spacing. Pelletized seed corn was also studied.

Grain sorghum experiments dealt with planting rates,

responses to planter box treatments, fertility studies, and salt tolerances. Comparative yield results between Pioneer brand alfalfa and other varieties are also reported in the booklet.

Crop Information and Management Centers were first established by Pioneer Hi-Bred Company in 1971 for the purpose of studying hybrids under various management techniques and growing conditions throughout the Pioneer sales area. Co-operating local farmers allow portions of their land to be used by Pioneer researchers. All Crop Information Centers are open to the public during the entire season to allow first-hand observation of the continuing experiments.

Crop Information Centers for 1972 were located at Nazareth, Muleshoe, Sabin, Summerfield, Asa, Wallis and Plainview, Texas. Other locations included Edmondson, Halfway, Taft and Granger, Texas. New Mexico towns involved were Hagerman and Dexter.

Location of 1973 Crop Information Centers will be announced later this spring. Copies of the 1972 Report are available without cost from Pioneer Hi-Bred Company, P.O. Box 788, Plainview, Texas 79072.

B-Chiefs Win Meet, Now 14-2 For Year

Friona High School's B-team boys coasted to three wins in the Littlefield tournament last week, and brought home the first place trophy from the meet.

The B-Chiefs downed Slaton in Thursday's opening round, 54-37. Bobby Lewellen scored 13 points to pace Friona's scoring.

On Friday, Friona downed Dimmitt, 56-40, as Kent Patterson scored 18 points and Lewellen added 11.

In the finals on Saturday, Friona broke loose for a 52-37 win over Littlefield. Patterson scored 20 points, and Lewellen got 10.

The three wins by the B-Chiefs, coached by Larry Dyess, brought their 1972-73 season record to 14 wins

against only two losses.

PRESENTS KIT...Patrick Pace, right, representing Friona State Bank, is shown presenting Cecil Maddox a kit for teaching a money management course. The kit contains film strips and cassette tapes.

Bank Supplies Kit On Money Management

Teaching aids, for a course in planned money management has been furnished to the Friona school system by Friona State Bank.

The "teacher's resource kit" on consumer education and money management was presented to Friona High School instructor Cecil Maddox last Friday by the bank's Community Service Department.

Entitled "Your Bank and Personal Money Management," the kit was developed by the Texas Bankers Association. The kit contains a packet of materials which can be used in the classroom.

A series of six units has been designed to give students a well-founded concept of the full scope of financial services which they may use in the management of their money.

"Practically every student will, in the near future, have

some responsibility for the management of money. In order for them to derive the greatest possible benefit, it is important for them to be aware of all the services which they may need," said Jane Williams, head of the bank's Community Service Department.

The units of the series will give students a clearer understanding of the use and function of the basic services which are available to them. They will have a grasp of some of the fundamentals of our economy. Their understanding will surpass that of roughly 80 per cent of the adults in our society, Mrs. Williams added.

Maddox plans to use the kit and the unit in his Distributive Education and Industrial Co-operative Training classes. It also may be useful to other classes in high school and junior high school.

Frosh Boys 4th Quarter Breaks Win Trophy All Go To Dimmitt

The freshman Chieftains won consolation honors in the Dimmitt tournament January 25-27, losing a close opening game and coming back for two impressive wins.

On Thursday, the young Chieftains dropped a three-point decision to Canyon "White," 40-37.

Saturday morning, Friona met Kress, and defeated the young Kangaroos, 52-33, and took the consolation trophy by whipping the Muleshoe freshmen, 43-25.

Davy Carthel scored 40 points in the three games to lead Friona scoring, with Kent Miller adding 29 points.

Friona 4 6 8 19-37
Canyon 8 16 4 12-40
Davy Carthel 4-4-12, Mike Bartlett 3-1-7, Kent Miller 2-2-6, Doug Norwood 3-0-6, Ronald Land 2-0-4, David Barnett 1-0-2.

Friona 14 15 12 11-52
Kress 6 14 5 8-33
Carthel 6-0-12, Miller 8-0-16,
Norwood 3-3-9, Roy Smith 2-0-4, Barnett 2-0-4, Bartlett 1-2-4, Land 1-0-2, Rolando Caballero 0-1-1.

Friona 17 8 6 12-43
Muleshoe 3 4 6 12-25
Carthel 7-2-16, Miller 3-1-7,
Barnett 2-2-6, Norwood 2-2-6,
Smith 1-0-2, Land 1-0-2,
Martin 1-0-2, Jim Murphree 0-2-2.

Squaws Near Dist. Title

The Squaws bested Dimmitt, 54-38 Tuesday night at Dimmitt, to all but wrap up the District 3-AA title.

Darla Rhodes scored 18 points, Sharon Smith 16 and Pat Phipps 15 in the balanced Squaw attack.

The Friona girls have one district game left, with Littlefield here next Tuesday. They won the first half title with a 3-0 mark, and now stand 2-0 in the second half.

Maidens Fall To Dimmitt

Friona's eighth grade girls played visiting Dimmitt close for most of the game, before bowing, 29-20 in a contest here Monday night.

The Dimmitt team has a fine record this season, and Friona played them a good game before falling by nine points. Jackie Rando led the Maidens with nine points.

Friona 9 5 4 2-20
Dimmitt 11 7 6 5-29
Jackie Rando 4-1-9, Janice Peak 3-1-7, Diane Bennett 2-0-4, Jason Widener 0-0-0,
G-Linda Lee, Sherri Rector, Melodi Dixon, Darla McClellan.

NORTH DAKOTA SEED POTATO CERTIFICATION TOOK A STEP FORWARD IN

SPECIALIZED GROWING

This program required growers to plant only seed potatoes eligible and entered for certification on their farms or farming operations. The seed produced under this regulation in conjunction with other requirements has put North Dakota certified seed potatoes out front. They are sought after by growers in all potato growing areas in the United States.

WHAT DOES THIS MEAN TO SEED POTATO GROWERS?

. . . it means that you will be buying seed that has been protected from potato plant diseases and is the best you can buy anywhere.

STATE SEED DEPARTMENT
N.D. University Station, Fargo, N.D.

Muleshoe Girls Stop Squaw Streak-Again

Muleshoe's Mulettes, who had broken a personal 18-year losing streak to Friona's Squaws back on November 28, scored their second win over the Squaws in a game at Muleshoe last Tuesday, 49-42, and thereby stopped another Friona winning streak.

The loss, only the fifth of the season for Friona, snapped a seven-game winning streak for the Squaws, which had been started on December 28 in the Farwell tournament.

The District 1-AAA girls, who lead their district by virtue of their win over Canyon, hit a good 41 per cent of their field goal shots to take the win, but

won the game from the free throw line, where they hit 17 of 22 (77 per cent), to only eight of 17 (47 per cent) for Friona.

The two teams battled to a 9-9 tie after one quarter, with Muleshoe opening up a 25-20 lead at the half.

The Mulettes stretched their margin to eight points at the three-quarter mark, 39-31, and although the Squaws outscored the host team in the final quarter, it was not enough.

Squaws 9 11 11 11-42
Muleshoe 9 16 14 10-49
Smith 6-4-8, Rhodes 8-1-17,
Phipps 7-3-17, Def. RB-Hutson 4, Bingham 7, Martin 2.

SENIORS -

Only The Hut would come up with something like this. It's an "eliminate your buddy" tournament. Just come by The Hut and register [we would also like information on you in our files for graduation], then when the elimination begins watch your sidekick get left behind. Or visa versa. Details on how this nonsense works are at The Hut. Deadline for registration is Feb. 28. Big winners will receive gift certificates of \$25 first, \$15 second, \$10 third, \$5 conso.

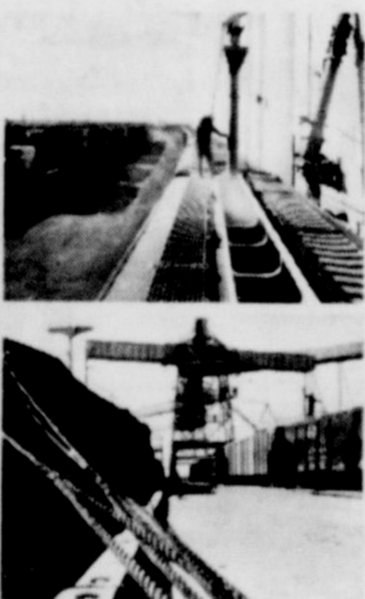

MOSCOW TO MOSCOW

America's wheat is making a historic turnaround

1,000 additional, 100-ton covered hoppers are now being completed to give Santa Fe 11,000 of these giant cars to help move export wheat to Russia

Inspectors checking new hoppers at car builder's plant. Santa Fe pioneered the use of these giant 100-ton covered hoppers for moving wheat and other bulk commodities and has the largest fleet in the rail industry.

Trough hatches extending the length of car roof permit loading in about 12 minutes. Cars can be unloaded in less than three minutes.

Cars at dock facilities for transloading wheat to elevator and ship.

The history of wheat on the Santa Fe started back in the 1870's. At that time, the railway sent representatives to Europe with a view in mind of winning settlers to Kansas. Through their efforts, the Mennonites emigrated from Russia in 1874 and brought with them a few sacks of wheat—red wheat—that thrived and transformed the Midwest and parts of the Southwest into the breadbasket of the world.

Today, one of the cities not far from the center of the wheat belt on the Santa Fe, carries the name of Moscow, Kansas. Now, the same type of wheat brought to America by the Mennonites from Russia is going back.

It is part of the 400 million bushels of wheat being sold to the Soviet Union. Santa Fe's giant hopper cars are moving it. The company that helped bring wheat to this country is now moving it out, 100 years later.

From Moscow and all across Kansas, Oklahoma and Texas to Moscow and the vast areas of Russia. Quite a historic turnaround.

Moving huge volumes of wheat requires coordination and cooperation

"Export movements require the greatest teamwork between railroads, port authorities and exporters in the scheduling of railroad shipments to coordinate with the movement of sea-going vessels. The current wheat export program puts this teamwork to the test, and the Santa Fe is prepared to work closely with its customers to handle this transportation challenge successfully."

CLOWNING IT UP...Coach Bob Owen, who served as a referee, is going along with a gag pulled on him by Fred (Goose) Jackson of the Harlem Jokers in the exhibition game here last Thursday. A near capacity crowd attended the exhibition game, and were treated to a fine evening of basketball comedy.

OVER OLTON

Hot-Shooting FHS Register 84-70 Win

Fans who saw the Friona Chieftains-Olton Mustang game here last Friday were treated to one of the finest shooting exhibitions ever witnessed in the local gym.

The Chieftains hit a fantastic 58.5 per cent of their shots from the field, but they had to in order to top an equally hot-shooting Olton five, 84-70.

Friona hit 38 out of 61 shots from the field, while Olton was connecting on 31 of 55 shots—a blazing 56.4 per cent. It is rare for two teams to shoot over 50 per cent from the field, much less both shoot in the high 50s.

Olton coach Mickey Russell commented to Chieftain Coach Ray DeBord following the game that it was the first time he ever had a team shoot so well and still lose by 14 points.

The first half saw the two teams trade baskets almost on a swap-out basis.

The lead see-sawed back and forth in the opening quarter, never more than two points apart. Dale Cleveland scored on a lay-up with 28 seconds left for a 16-14 Friona lead, but Olton

came back with a goal on their trip downcourt to tie the count at 16-all at the end of the opening quarter.

CHIEFS FORGE AHEAD

The Mustangs, who were winless in the first half of District 3-AA in spite of having some good ball, held second quarter leads of 18-16 and 20-18 before Johnny Bandy and Dale Cleveland hit jump shots to give Friona a 24-22 lead it would not relinquish. Cleveland's shot came with 5:17 remaining in the half.

But that did not mean that the Chiefs had things well in hand. No one left the gym until Johnny Bandy sank a pair of one-and-ones in the last 20 seconds of the game. That was the first time the team could relax.

Willie Bailey, who canned seven of eight field goal shots in the game, concluded a hot second quarter for Friona with a jump shot for a 41-34 lead, Friona's longest of the first half. However, an Olton basket with 0:01 showing trimmed the halftime margin to five at 41-36.

During that torrid first half, Friona was connecting on 61 per cent of its shots, to Olton's 63 per cent. The Chiefs "cooled off" to 54 per cent in the second half, to an even 50 per cent for Olton.

Continuing their hot shooting in the third quarter, the Chiefs, although not able to shake their guests completely, did open up a nine-point lead, which first came when Cleveland made a follow-up shot with only 1:14 gone in the quarter for a 47-38 Friona lead.

BEST GAMES

The 6-3 sophomore played his best game of the season, although the same could just about be said for every one of the Chieftain starters.

Friona scored 49 points in the "middle half" of the game, the second and third quarters. This was the difference, as otherwise, the Chiefs led by just three, 35-32, in first and fourth quarter scoring.

The Chiefs held a ten-point lead through most of the final quarter, although fans knew that if they ever hit a cold period, they could get caught up with in a hurry.

The final margin of 14 points was not achieved until in the last few seconds, when Bandy sank three free throws as the

desperate Mustangs had to resort to fouling.

Friona's top point production came with one of the regular starters—James Bartlett—out of the lineup due to scholastic reasons. Four starters hit in double figures—Bandy with 27, Cleveland with 21, Bailey with 14 and Gene Strickland with 13.

The game finished the first half of district play for the Chiefs, who were second to Morton with a 3-1 record. The win left the boys' season record at 15-8.

Teams Win Three Here

The seventh, eighth and ninth grade boys scored wins over Olton teams in games here January 22.

Led by Raul Brailiff's 10 points, the seventh grade Braves won, 26-19.

The eighth graders posted a 40-17 win, paced by Don Maynard's 10 points.

Best game of the lot was the freshman game, in which the Freshman Chieftains had to hold off Olton for a 39-38 win. Davy Carthel's 15 points led the freshmen.

BASKETBALL ROYALTY...Rex Minshew and Sharon Smith were honored as Basketball King and Queen at Friona High School in a presentation between games here last Friday. They are senior members of the Chieftain and Squaw teams.

Funeral Services Held For Becky L. Schueler

Funeral services for Becky Lou Schueler, 11, were conducted from Immanuel Lutheran Church in the Rhea Community at 3 p.m. Monday, January 29.

Rev. Duane Kirchner was the officiating minister.

She was the daughter of Mr. and Mrs. Raymond K. Schueler of the Rhea Community, and was born June 7, 1961. She died at Lubbock State School Saturday.

Pallbearers were Clinton Schueler, Walter Schueler, Herbert Schueler and Phillip Schueler.

Survivors, besides her parents, include two sisters, Shirley Schueler of Dallas and Kathy Schueler of Austin; two brothers, Dale Schueler of Bryan and Gene Schueler of the Rhea Community.

Burial was in Rhea Cemetery under direction of Parsons-Ellis Funeral Home.

Frosh Girls Win Meet

The freshman Squaws won the championship of the Dimmitt invitational tournament last weekend, scoring two close wins over Canyon teams in the process.

In their semi-final game, the Squaws avenged their only loss of the season by topping Canyon "Purple," 52-50. In the finals, Friona nipped Canyon "White," 38-37 for the title.

The Friona girls had easy sailing in the opening round, soundly thrashing Nazareth, 76-20.

In the Nazareth game, three girls scored in double figures, with two, Nanette Fallwell and Diane Singleterry getting 22 each.

In the semi-final game, Terri Patterson rang the bell with 37 points. Jeanie Nelson paced the team in the finals with 14 points, as Misses Patterson and Fallwell each scored 12 points.

In a game Monday, the freshmen downed the Dimmitt freshmen, 53-32. Nanette Fallwell scored 28 points for the winners, who brought their season record up to 15-1.

Debbie Gober

Gober - Schilling Engagement Told

Mr. and Mrs. Scott Gober of Bovina announce the engagement and forthcoming marriage of their daughter, Debbie, to Clyde Schilling, son of Mr. and Mrs. L.H. Schilling of Friona. Debbie, who is a 1972 graduate of Bovina High School has been enrolled at WTSU in Canyon this past semester. Clyde is a 1971 graduate of Friona High School and is employed with Boeckman Construction Company. Wedding vows will be exchanged February 17 at 4 p.m. in the bride's home. Invitations are being sent out.

Thompsons Visit In El Paso

Mr. and Mrs. Darrel Thompson have returned home after spending the weekend in El Paso. They were guests in the home of Mr. and Mrs. C.J. Horton and daughters, Debbie and Angela. The Hortons are former residents of Friona. He formerly preached at Sixth Street Church of Christ.

Orville Housers Visit Relatives

Mr. and Mrs. Orville Houser returned home Friday after spending sixteen days visiting relatives and friends in several western states. They visited in the home of Mr. and Mrs. Rex Terrell and children in Boise, Idaho several days then went to Moscow, Idaho, where they visited Mr. and Mrs. Leon Hartman, Mr. and Mrs. James Kaufman and Maria Hartman. From there they went to San Francisco where they visited Mickey Simpson of Dimmitt, who is stationed at Travis Air Force Base. Simpson is Mrs. Houser's nephew. Then the Housers went to Tehachapi, California, where they visited Mrs. Lola Willbanks, who is Houser's aunt. Then in Los Angeles they visited Mrs. Beulah Mercer, a former resident of Hereford. Enroute home the couple visited Mrs. Houser's niece, Joan Hennington, in Scottsdale, Arizona. They also visited in the homes of Mr. and Mrs. Buddy Witherspoon and Mrs. Virginia Hartman in Albuquerque.

Wayne M. Kube Receives Citation

AIC Wayne Martin Kube recently received Honor Student status in the Electronic Principles Department, Headquarters, United States Air Force School of Applied Aerospace Sciences, Keesler, Air Training Command, Mississippi. A statement from Col. Cornelius E. Buckley, Chief of the Electronics Principles Department, indicates that the status is achieved by only a small percentage of all students in attendance and is an accomplishment of which Kube can well be proud. Col. Buckley made the following statement to Kube in a letter. "You have demonstrated special ability to learn the fundamentals of electronics. The initiative and perseverance you have shown indicate that you possess the highest traits of endeavor which will assure you success during your Air Force career." Col. Buckley also offered his congratulations for a job well done in his letter to Kube and one sent to his parents, Mr. and Mrs. Martin Kube. Airman Kube is married to the former Vickie Schueler, daughter of Mr. and Mrs. Walter Schueler of the Rhea Community and a 1972 graduate of Friona High School.

The Truth Will Make You Free

Terry Brown, Minister Sixth Street Church of Christ

Our response to the death and resurrection of Jesus causes us to be either saved or condemned. There is no neutral ground. If we reject Him, we condemn ourselves. If we ignore Him, we also condemn ourselves. What, then, is the response of one who wants to be saved? It is a response of faith. What does it mean to have faith? Faith means to believe in something, to accept something as true, to place one's trust or confidence in something. Faith can be illustrated with a small child and his mother. The child believes what his mother tells him. He trusts in his mother's ability to take care of him. He has faith in his mother. So, to respond to Jesus in faith means that one believes the claims about Jesus. He accepts as true the teaching that Jesus is the Son of God who died for man's sins and was raised from the dead. He trusts in Jesus' ability to save him from sin. Thus, the one who responds to Jesus in faith is willing to do what He says. He is like the child who is obedient to his mother because he trusts her. Our response of faith to Jesus requires us to do certain things. These will be discussed next week.

Golden Anniversary Observed By Harpers

Mr. and Mrs. Bert Harper of Anton were honored with a Golden Wedding Anniversary reception from 2 to 4 Sunday afternoon in Central Baptist Church there. The Harpers are parents of Mrs. Bill Stephens, Friona. Mr. and Mrs. Jerry Stephens and Brandy and Mr. and Mrs. Bill Harper and Bruce, all of Alamogordo, New Mexico, visited in the homes of Mr. and Mrs. Bill Stephens and Mr. and Mrs. Mike Stephens and John during the weekend and attended the reception. Host couples were Mr. and Mrs. Bob Harper, Corsicana, Mr. and Mrs. Bill Harper, Alamogordo, Mrs. Burton Harper, Lubbock, and Mr. and Mrs. Bill Stephens.

Birthday Dinner Honors Schueler

A birthday dinner in the home of Mr. and Mrs. Walter Schueler Sunday was a courtesy for Herman Schueler, who was observing his 78th birthday. Others present included Mr. and Mrs. Raymond Schueler and Gene and Mr. and Mrs. Robert Schueler and son Robert Jr. of the Rhea Community. Also Gilbert Schueler of Alamosa, Colorado; Shirley Schueler of Dallas; Dale Schueler of Bryan; and Kathy Schueler of Austin.

Local Federated Clubwomen Sponsor Annual Meeting

Friona's three federated women's clubs met last Tuesday evening at the Club House for the annual Federated Tea. Mrs. O.C. Rampley of Silverton, who serves as President of the Caprock District of Federated Women's Clubs, was the guest speaker. The meeting was opened with the invocation by Mrs. Lois Miller, President of Modern Study Club, followed by the welcome by Mrs. Charles Russell, President of Friona Woman's Club. Mrs. Von Edelman, President of Progressive Study Club, introduced the members and guests. Mrs. Melvin Lloyd was guest soloist for the event. She sang "Love Is Surrender" and was accompanied by Mrs. Dale Cary, Secretary of Progressive Study Club. Mrs. Rampley's address was entitled "The Bond Of Clubwomen."

President of Friona Woman's Club, closed the program by leading the group in the "Club Collect." Hostesses for the event were the members of the Social Committee of the Friona Woman's Club, Mesdames W.O. Brown, Bud Reed and Ellis Tatum. They served tea and cookies to approximately 30 members and guests. Preceding the evening meeting, Mrs. Charles Russell entertained special guests, presidents and vice presidents of all the clubs with a dinner at her home. Special guest besides Mrs. Rampley was Mrs. Alvin Redin, also of Silverton, who is the District Poet Laureate Contest Chairman. Others attending the dinner were Mrs. David Moseley, Vice President of Friona Woman's Club, Mrs. Lois Miller and Mrs. Glenn Reeve, Sr., President and Vice President of Modern Study Club, Mrs. Von Edelman and Mrs. Clarence Monroe, President and Vice President of Progressive Study Club, and Mrs. John Benger of the Friona Woman's Club.

Club Members Learn Art Of Foil Craft

Highlight of the Monday evening meeting of Rhea Home Demonstration Club in the home of Mrs. Walter Schueler was the presentation of a foil craft demonstration by Mrs. Cordie Potts. During the business session plans were made to attend the heart seminar in Amarillo February 8. Guests were Jana Pronger, Parmer County Home Demonstration Agent, and Mrs. James Singleberry. Refreshments of hot apple cider with gingerbread topped with hot applesauce were served by the hostess. Other members present were Mrs. Larry Potts, Mrs. Leland Gustin, Mrs. Norbert Schueler, Mrs. Norman Taylor, Mrs. Joe Mabry, Mrs. Jay Potts, Mrs. Marty Grissom and Mrs. Leroy Widner.

St. Teresa's Society Has Regular Meeting

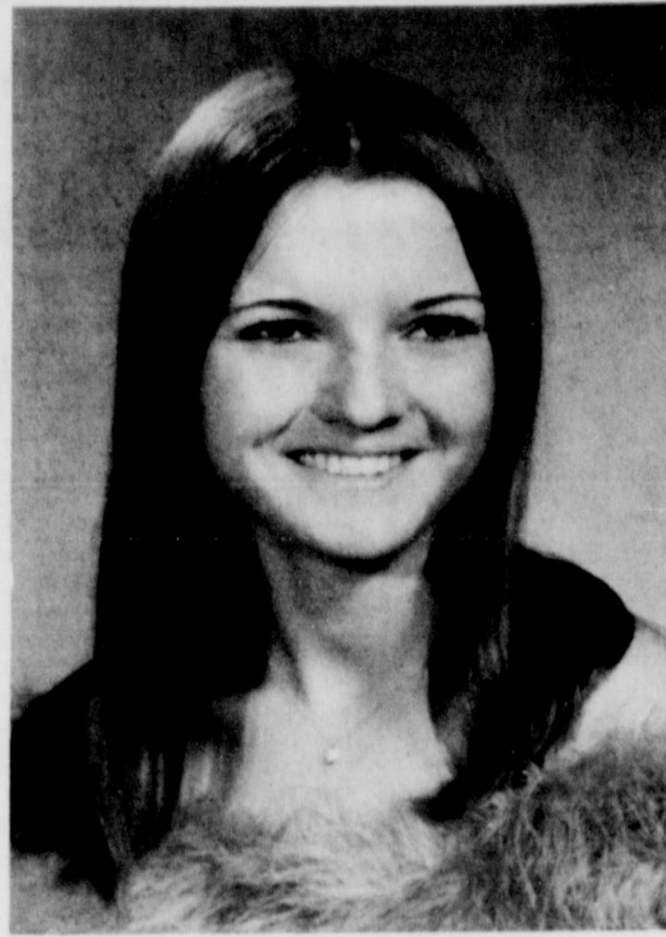

St. Teresa's Ladies Society met Tuesday evening following the eight o'clock mass. A film, "The Right to Life," narrated by Loretta Young, was shown by Rev. John Coppinger, to the members and visitors before the meeting. During the meeting, which was conducted by Sylvia Roth, Susie Perez was elected vice-president following the resignation of Joan Berend. Evelyn Ball volunteered to serve as chairman of the telephone committee. Helen Fangman and Evelyn were selected to make inquiries about the Senior Citizens of Friona and make a full report at the next meeting. Tony Castillo and Matilda Caballero were appointed to clean the church during the month of February. Hostesses for the next meeting will be Mary Trometer and Susie Perez. Members present were Sylvia Roth, Evelyn Ball, Susie Perez, Tony Castillo, Matilda Caballero, Stella Shirley and Helen Fangman.

Numan Loafman Completes Work

A total of 986 students in the six colleges and the Graduate School at Texas Tech University, Lubbock, completed work for degrees at the conclusion of the fall semester. One of these students is Numan D. Loafman, son of Mr. and Mrs. Loy W. Loafman, Route 1, Friona, and a 1964 graduate of Friona High School. He is a candidate for a bachelor's degree from the College of Agricultural Sciences with a major in animal business. He has completed a tour of duty in the United States Armed Forces.

Visits In Lubbock

Mrs. Tommie Parker spent the weekend visiting in Lubbock. She was a guest in the home of Mr. and Mrs. Joe Carlisle and sons, Craig, Mike and Kirk. Mrs. Carlisle is the former Carolyn Parker.

Katherine Billington

Kathy Billington Engagement Told

Mr. and Mrs. Don Billington of Bovina announce the engagement and approaching marriage of their daughter, Katherine Joan Billington, to Gary Don Woodruff of Friona. Katherine will be a graduate of Bovina High School this year. Gary attended Friona High and is now employed at High Plains Feed Yard. The couple plans to reside in Friona. Wedding vows will be exchanged March 17 in the home of the bride. Invitations will be sent out.

Parties For Kids Re-Scheduled

A special program entitled "Parties For Kids," will be presented at the Thursday afternoon meeting of Friona Young Homemakers. Marilyn O'Dowd, Southwestern Public Service home service advisor, will present the program, which will begin at 4:30 p.m. in Friona High School cafeteria. Baby sitting service will be provided. All persons interested in the program are invited to attend.

Girl Scouts Report

Girl Scout Troop 166 met January 23, 1973. The meeting was called to order by Vickie Florez. The minutes were read and roll was called by Sami Rector. Refreshments of ices and candy were served by Donna Ruzicka. The group planned an overnight for February 16. The program consisted of a talk on first aid by Mrs. Robert Alexander. Those present were Donna Ruzicka, Vickie Florez, Sami Rector, Karen Young and Janice Peak and Ophelia Florez, the leader. Special guests were Mrs. Robert Alexander and daughter Cindy.

Members of Troop 266 met Monday afternoon at Girl Scout House. The flag ceremony was presented with Jamie Fuks as carrier and Sylvia Bermea and Teresa Cortez as color guards. The pledge was led by Tera Simpson and Maria Villanueva led the song; Minnie Aragon was the caller and the ceremony was planned by Kimber Britting and Minnie Aragon. Refreshments were served by Tera Simpson and Minnie Aragon.

Local MS Drive Is A Success

Mrs. Ralph Shelton and Mrs. Pearl McLean, co-chairmen of the multiple sclerosis drive, which was conducted late in 1972, have announced that the drive was a success. The 1972 drive netted \$1331.44, which was an increase over the 1971 drive, which amounted to \$1271. The co-chairmen made the following statement, "We feel the drive was more than successful and want to thank each worker and every person who donated to this most deserving cause."

SENIORS -
Only The Hut would come up with something like this. It's an "eliminate your buddies" tournament. Just come by The Hut and register (we would also like information on you in our files for graduation), then when the elimination begins watch your sidekick get left behind. Or visa versa. Details on how this nonsense works are at The Hut. Deadline for registration is Feb. 28. Big winners will receive gift certificates of \$25 first, \$15 second, \$10 third, \$5 conso.

Funk's-G Honors Local Corn Grower
GLENN ODOM of Dimmitt, receiving the Texas Winner plaque from Dan Gregory of Funk Seed International, Inc. **OUTSTANDING YIELD IN FUNK'S-G PROJECT:200**

239.5 Bu. Per Acre, G-4646

Each Project:200 entry is machine harvested from not less than two acres, corrected to No. 2 corn. This is just one of the great Funk's G-Hybrids you'll want to plant for 1973. Do not settle for less.

**On The Farm
In Parmer County
MACK HEALD
County Agent**

WHEN OUR NEXT SNOW and ice storm hits this area, use extreme caution when applying common salt to sidewalks, streets and driveways to keep them free of ice.

Why?
Because the salt may injure nearby trees, shrubs and other growing plants. As ice and snow melts, the water may drain into the lawn area, carrying the salt into the root zone of nearby plants.

Visible effects of the salt injury may not appear until early summer as hot, dry weather approaches. Tree damage may vary from marginal burning of the leaves, complete browning and death of the leaves, or, in extreme cases, loss of a prize tree or shrub.

What can be used to rid walkways of hazardous ice? Ammonium nitrate can be used where drainage moves the water into lawn and shrub borders. This will fertilize the plants as well as melt the ice. If ammonium nitrate is not available, any commercial fertilizer high in nitrogen and potassium may be used. Use only enough material to melt the ice since continued use over a long period can also damage plants.

Sand can be used on icy walks and drives to provide better traction.

LIVESTOCK FEEDING is in full swing in Parmer County, and producers are faced with paying a high price for a major protein supplement, cottonseed meal.

What are the alternatives?
Cattlemen can consider whole cottonseed as a substitute along with guar meal, castor meal, alfalfa hay, dehydrated alfalfa pellets and commercial dry supplements.

However, the price of whole cottonseed may increase due to pressure from the high-priced cottonseed meal which is now more than \$150.00 a ton.

In feeding whole cottonseed or any of the other alternative protein supplements, the main concern is to provide the minimal amount of protein for livestock.

Feed no more than five pounds of whole cottonseed per cow per day since it contains 22 per cent fat which is laxative to cattle. The five pounds is usually more than enough to meet the protein needs of the beef cow.

Since other protein supplements are also high-priced, producers might combine these supplements with the high quality forage to minimize the amount of supplement needed. Forages can be tested for protein content so that the cattlemen can determine the amount of supplement to feed along with the forage to meet the daily protein requirements of his stock.

BEEF CATTLE PRODUCERS in Parmer County now have an opportunity to participate in a new service that will enable them to obtain important determining characteristics of the carcasses their cattle produce.

The program is called the Beef Carcass Data Service and is a joint effort of the U.S. Department of Agriculture and the Texas Agricultural Extension Service.

The service involves the use of specially designed ear tags which the producer applies to those cattle on which he wants to obtain carcass information. When ear tagged cattle are slaughtered, a meat inspector will remove the tag and attach it to the carcass. Then the USDA meat grader assigned to the slaughter plant will evaluate the record the quality and yield grade factors. This information will be sent to the Agricultural Marketing Service's Carcass Data Center in Washington, D.C. Once the data is processed and returned to the producer or ear tag owner, he will be billed \$1.50 per head.

Ear tags for the new service, at \$5.00 each plus \$.75 for the tool to attach the tag, may be ordered from Dr. Frank Orts, Extension meats specialist at Texas A&M University. His address is Room 322, Animal Industries Bldg., College Station, Texas 77843.

The Beef Carcass Data Service will provide producers with the following information-conformation grade, maturity, degree of marbling, quality grade, fat thickness, ribeye area, yield grade, hot carcass weight, and per cent of kidney, pelvic and heart fat.

The new service can make a substantial contribution toward improving the genetic potential of breeding stock and improving feeding programs and management practices. The detailed carcass data obtained through this program can provide important guidelines.

SPRING CHECKUP—White Stag vamps the banker's vest in an all-cotton pant design that includes a halter-top and wide-legged pants. The neat tattersall checks are tri-colored on a natural ground. Fabric from Wollman Mills.

NEW DIRECTION—All arrows point to cotton corduroy as spring's most new-making fabric. It turns up in strawberry-and-cream checks for this trim battle-jacket and belled pants with embroidered pockets. By Jerrell of Texas in Crompton-Richmond corduroy.

Mr. and Mrs. Harry Hamilton

**Reception Honors
Harry P. Hamiltons**

Mr. and Mrs. Harry P. Hamilton, 607 Springfield, who were observing their fortieth wedding anniversary, were honored with a reception in their home Sunday afternoon.

Hosts were Mr. and Mrs. Tommy Hamilton, Friona, and Mr. and Mrs. Truett Bagwell, Portales.

The serving table was covered with a white lace cloth over red and centered with an arrangement of white and red carnations.

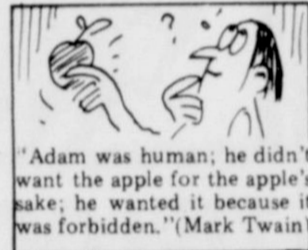

Cake, punch, nuts and mints were served by the hosts, who were assisted by Marie Roberson, sister of Mrs. Hamilton.

Inez Roberson and Harry P. Hamilton were married at Forney, Texas, January 29, 1933. The wedding vows were exchanged in the home of a Baptist preacher, Rev. W.T. Bratton, who is now retired and living at Italy, Texas.

The attendants were Marie Roberson, who now lives in Friona, and Robert Daniel of

Forney. The Hamiltons have lived in Friona a number of years and are farmers. Their parents are Mrs. Eva Roberson, Friona, and the late John R. Roberson and the late Mr. and Mrs. Harry P. Hamilton.

One son of the couple, John Hamilton, and his wife and two daughters, Cheryl and Deborah, who live at Mount Olive, North Carolina, were unable to attend the reception as were two granddaughters, Diane and Terri Lynn Hamilton of Dumas. Grandchildren present were Bruce, Devin and Kristina Bagwell of Portales.

"Adam was human; he didn't want the apple for the apple's sake; he wanted it because it was forbidden." (Mark Twain)

**Amarillo Art Center To Show
Art Masterpiece Film Series**

The Amarillo Art Center will offer five two-hour programs through February and March on great works of art. The critically-acclaimed film series is known as "Museum Without Walls."

Sparked by a growing national interest in the arts, the series has created a unique art museum on film. While transportation and insurance costs often make it difficult for the conventional museum to display a large number of great works, the medium of film creates a museum without such limitations—a museum without walls.

In the first film of the series the viewers will see Picasso at work in his studios at Mougins and Cannes. The artist himself displays some paintings from a group of 500 not yet shown to

the public. "Picasso: War, Peace and Love" covers Picasso's output from Guernica to the present.

"Goya," a 55-minute motion picture featuring the Spanish artist's major works in Madrid's Prado Museum will be screened with the Picasso film. It includes highlights of Goya's works, including portraits of royalty and friends, etchings, the bullfight sequences, and many others.

Scheduled showings for these and other films in the series are as follows:

Sunday, February 18 and Wednesday, February 21, "Picasso" and "Goya."

Sunday, February 25 and Wednesday, February 28, "Giotto and the Pre-Renaissance Crete and Mycenae."

Sunday, March 4 and

Wednesday, March 7, "The Impressionists," "Kinetic Art in Paris," and "The Art Conservatoire."

Sunday, March 11, and Wednesday, March 14, "Le Corbusier" and "The Greek Temple."

Sunday, March 18, and Wednesday, March 21, "The Cubist Epoch" and "Germany Dada."

Sunday performances will be at 2:30 p.m. and Wednesday performances are at 7 p.m.

Series tickets are available from Art Center members. They are \$8.00 for members, \$10.00 for non-members and \$5.00 for students. Individual performance tickets will be \$2.00 for members, \$2.50 for non-members and \$1.00 for students.

**Two Deaths On Patrol
Report For December**

The Texas Highway Patrol investigated 17 accidents on rural highways in Parmer County during the month of December, 1972 according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in two persons killed and eight persons injured.

The rural traffic summary for this county during the twelve months of 1972 shows a total of 163 accidents resulting in six persons killed and 87 persons injured.

Neighboring Castro County led this district, with five fatal accidents resulting in 17 deaths during 1972.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region during the calendar year of 1972 shows a total of 6,573 accidents resulting in 279 persons killed and 3,545 persons injured. This

**Tracy Brown
Is Shower
Honoree**

A lullaby shower in the home of Mrs. Darrel Thompson, 1309 North Main, from 2 to 3:30 p.m. Thursday was a courtesy for Tracy Brown and her mother, Mrs. Terry Brown.

Special guests were Tracy's grandmother, Mrs. Claude Brown of New Home, and great-grandmother, Mrs. C.M. Greer, Tahoka.

Co-hostesses with Mrs. Thompson were Mrs. Ross Miller, Mrs. Larry Dyess and Mrs. Floyd Wilkins.

Refreshments of hot spiced tea, coffee and assorted nut breads were served.

The gift table was centered with a money bank, which was presented to Tracy.

"As soon as Eve ate the first apple of wisdom, she reached for the fig leaf; when a woman begins to think, her first thought is of a new dress." (Heinrich Heine)

**Does Man's Suffering
Serve A Purpose ?**

Read Hebrews 12:1-3

[God] comforts us in all our affliction, so that we may be able to comfort those who are in any affliction, with the comfort with which we ourselves are comforted by God. --II Corinthians 1:4 [RSV]

Often the difficult question is asked, "Why must people suffer?" Jesus suffered and each of us suffers, though in no measure to compare with His.

We do not know all the answers why, but one of them surely is that human struggle with pain, and suffering helps forge some of man's greatest virtues. Through suffering many people come to possess such virtues as patience, courage, self-sacrifice, and sympathy. Growth seldom occurs except at some cost in pain and suffering.

At the crucifixion of Jesus, one might have said, "If such a tragic end is the result of the good life, what hope is there?" But looking on the same event from today, we can see immeasurable benefit for mankind which accrued from Jesus' suffering.

Surely God uses our suffering to accomplish divine purpose, though it may not always be made plain to us.

PRAYER—Our Father, help us to trust Thee enough to believe Thou wilt use our suffering for the ultimate good of ourselves and others. In the spirit of Christ we pray. Amen.

THOUGHT FOR THE DAY
God gives meaning to the suffering we cannot understand.

**Coffee Honors
Holly Grimsley**

OLTON FALLS

**Squaws Open Second
Half With 53-33 Win**

Holly Deann Grimsley was honored with a shower of gifts in the home of Mrs. Raymond Fleming, 1501 West Eleventh Street, from 9:30 to 11 Tuesday morning. Co-honoree was her mother, Mrs. Jimmy Grimsley.

Hostesses with Mrs. Fleming were Mrs. Burke Hand, Mrs. Johnny W. Hand, Mrs. Kenneth Moore and Mrs. Everett McBroom.

The hostess gift was a piggy bank.

Refreshments of doughnuts, coffee and hot spiced tea were served to about 40 guests, including Holly Deann's grandmother, Mrs. David Grimsley.

Friona's Squaws opened the second half of their district schedule on a successful note here last Friday, dropping the visiting Olton Fillies, 53-33.

Trailing only momentarily at 2-0 early in the game, the Squaws roared ahead as Sharon Smith tallied 12 first quarter points. She scored on two lay-ups for a 4-2 Friona lead

that soon amounted to a 10-4 score at the end of the quarter was 20-6, Friona, as the Squaws took advantage of several intercepted passes and steals for easy baskets.

The Squaws missed several opportunities to score in the second quarter, after forcing Olton mistakes, but still increased their lead to 20 points at the intermission, 34-14.

Friona became error-prone in the third quarter. After Patricia Phipps connected for a 36-14 lead with 46 seconds gone, the team went over four minutes of clock time without a score, not making the scoreboard click until reserve Kay Cochran broke the ice with a jump shot with 2:45 remaining in the quarter.

Luckily, the Squaw defense was holding up, and the closest Olton came during the cold spell was 14 points at 36-22. Misses Smith and Cochran added jump shots before the quarter ended, for a 42-24 Friona lead.

The fourth quarter was much like the third, as reserves finished up for Friona in the 20-point win.

Miss Smith's 26 points led all scoring.
