# Rights Bill Wins First Big Test

WASHINGTON (AP) — Senate sponsors of the civil rights bill have won their first test of strength, but it was a close call. After four roll calls Wednesday night—one a 45-45 tie—the Senate rejected 46 to 45 a jury trial amendment to the measure.

The votes were the first on any of the nearly 100 amendments offered to the House-passed bill since the Senate's civil rights debate began on March 9.

The defeated amendment, called up by Sen. Thurston B. Morton, R-Ky., would have provided for jury trials in criminal contempt of court cases arising out of antidiscrimination injunctions authorized by the bill.

### SPONSORS

It was opposed by the Johnson administration and the bill's sponsors, both Democrats and Republicans.

Both Texas senators voted against the amendment.

Sen. Richard B. Russell, D-Ga., leader of the Southern forces, said a variation of it is likely to be offered next week in an effort to reverse the outcome.

"I was disappointed in the vote," he said. "I thought we had enough to carry it. But the pressures were too great."

The vote was a bit too close for comfort for the other side. Sen. Thomas H. Kuchel, GOP floor manager for the bill, called it distressing.

The vote left as the Senate's pending business a limited jury trial amendment proposed by the Senate's two leaders, Democrat Mike Mansfield and Republican Everett M. Dirksen.

### JURY TRIAL

Under this, defendants in criminal contempt cases growing out of the bill's enforcement provisions would be entitled to trial by jury only if the penalty

was in excess of 30 days in jail or a \$300 fine.

Just when their amendment will reach a vote was left up in the air.

Mansfield told the Senate there was a possibility it would be voted on late Monday or early Tuesday, but he said no commitment had been obtained.

Southern foes can stave off a vote by continuing to talk against it. They can get a vote first on another amendment like Morton's if they offer one.

## Fuel Added By Wallace

WASHINGTON (AP) — Alabama Gov. George C. Wallace's showings in two state primaries have poured more fuel into the Senate civil rights debate. But many senators say they have changed few if any votes on the bill.

Both sides in the debate have used Wallace's vote percentages in Wisconsin and Indiana to try to bolster their arguments.

Thus Southern senators have declared that the Alabama states' rights advocate ran up amazing vote totals clearly indicating a revolt in the North against civil rights legislation and Negro demonstrations.

The bill's supporters reply that, if the two primaries were to be regarded as a test of sentiment on the measure, they would be more than satisfied with the 79 per cent of the vote Wallace's opponents polled in the two Democratic primaries.

President Johnson didn't seem impressed. At his news conference Wednesday the President noted Wallace's share of the total vote of both parties in the primaries, saying: "He got 24 per cent of the vote in Wisconsin and a little less than 20 per cent of the vote in Indiana. I wouldn't think that would be any overwhelming endorsement of a man's record."

Although in the Senate debate both sides voiced strong opinions on what Wallace's showings meant, their opinions expressed privately were not so positive.

One Southern senator told a reporter, "I doubt very much if these primaries will affect the final outcome on this bill. They may make it somewhat easier to adopt some amendments."

Sen. Eugene J. McCarthy, D-Minn., voiced the view of numerous senators with this comment: "I don't know of any votes (on the bill) the primaries have changed; they might have scared a few senators."

The four Democratic senators from Wisconsin and Indiana said they remained as fully committed to the bill as they ever were.

# President Aims At 'Elusive Problems'

ATHENS, Ohio (AP)—President Johnson said today "our challenge—not tomorrow but today—is to accomplish objectives which have eluded mankind since the beginning of time."

In a speech prepared for delivery at Ohio University, Johnson said the nation must: "Bring equal justice to all our citizens.

"Abolish human poverty." "Eradicate killing and crippling diseases, and lengthen the life span of man to 100 or 120 years.

"Eliminate illiteracy." "End open bias and active bigotry.

"LIFT SWORD "And, above all else, help to bring about a day when nation shall not lift up sword against nation, neither shall they learn war any more."

The visit to Athens was an in-

terlude in a trip through Appalachia, Johnson's second such tour in 13 days, aimed principally at drumming up backing for his war on poverty program.

Off from the White House lawn by helicopter at 8:14 a.m., the President flew first to Cumberland, Md., for a speech in which he depicted the antipoverty program as a campaign of the continuing American Revolution.

From here Johnson flies on to visit six states, meeting the unemployed, visiting farmers and promoting the antipoverty drive.

OTHER GOALS The Ohio University address carried on that effort, tying it in with the other goals which Johnson set for Americans.

Not in a day, not in a year will these goals be reached, Johnson said, "but if we begin the effort—if we approach the task with great enthusiasms and with such cynicisms—these achievements will be the glory of your generation."

He said there is in front of young people today the promise of a greater tomorrow.

"It's a tomorrow that is brighter than yesterday and more challenging than today," he said.

"This is not a time for timid

## Warren Backs Prayer Ruling

WASHINGTON (AP) — Chief Justice Earl Warren, speaking at the dedication of a cathedral tower, declared today the Constitution's separation of church and state is "for the protection not only of the state, but of faith itself."

Thus Warren alluded to the renewed controversy over the Supreme Court's decisions holding that required prayers and Bible reading in public schools are unconstitutional.

The House Judiciary Committee is now hearing witnesses on proposals to amend the Constitution to permit prayers and Bible reading in the schools.

Warren, in remarks prepared for the dedication of the bell tower at Washington Episcopal Cathedral, said that "though our Founding Fathers maintained and we have preserved a separation of church and state, we are a religious people."

"The underlying concepts of our system of justice are ethical or religious, if you please. They derive from our convictions about the dignity of man."

Warren declared "our national life reflects a religious people" and recalled that the Supreme Court itself had said "the history of man is inseparable from the history of religion. And since the beginning of that history many people have devoutly believed that 'more things are wrought by prayer than this world dreams of.'"

"But," added Warren, "Religion is, under our Constitution, incapable of state establishment; this is for the protection not only of the state, but of faith itself, in all its forms."

The interaction of religion and the state is, therefore, made informal and free, not barren and nonexistent as some suppose. It is as fruitful and unfettered as we have the strength to make it."

## Race Discussion Slated For GM

DETROIT (AP)—General Motors Corp. agreed to a request by the National Association for the Advancement of Colored People that claims of racial discrimination in GM personnel policies be discussed.

Louis G. Seaton, vice president for personnel, said Wednesday that GM had agreed on April 8 to meet with the NAACP and "this remains agreeable to

## PHONE FIRM WON'T MOVE CABLE SO HE'LL CUT IT

PALESTINE, Texas (AP) — A tractor, hitched to Texas Telephone and Telegraph Co.'s cable near Elkhart, stood ready to pull the line from the ground today.

Juan Macias, 54-year-old farmer who owns the land under which the cable runs, said, "They told me that if I cut the line, I'd cut off service all the way to Chicago."

Meanwhile, Macias watched the clock as the 48-hour time limit he gave the company to remove its cable ticked away. The deadline comes Friday afternoon.

B. R. Reeves of Palestine, a company lawyer, persuaded Macias Wednesday for a 48-hour reprieve from Macias' original ultimatum that was to expire at 4 p.m.

Macias says he wants telephone service or he wants the cable off his land.

The incident was an outgrowth of a dispute between hundreds of rural subscribers and Texas Telephone & Telegraph. Macias was one of more than 2,000 who had protested a 33 1/2 per cent rate increase imposed Feb. 1. Like others he had asked that his telephone be removed after April 1 unless the rate increase was rescinded.

The company held fast, saying the increase was necessary to meet its obligations. And Macias kept using his telephone although he refused to pay the new rate.

Later, when he thought his phone would be taken out, he went to Elkhart and paid all charges against him, he said, until May 28. A company representative cut his private line Wednesday. Macias countered by ordering the main line taken up from his farm.

## NATO Reforms Said In Making

PARIS (AP)—Major reforms in the North Atlantic Treaty Organization reportedly will be urged at the spring meeting of the alliance's foreign ministers in the Hague next week.

The proposals reflect the wide political and military changes since 1949, when NATO was created to rally war-ravaged Western Europe in common defense against the threat of Communist aggression.

One possible effect would be to diminish the role of the United States and Britain in the 15-nation alliance.

### DE GAULLE

In the forefront of those seeking a major shakeup in the NATO structure is French President Charles de Gaulle, who has long chafed under what he considers the alliance's Anglo-Saxon leadership. Informed sources said Wednesday that French Foreign Minister Maurice Couve de Murville will not make any specific recommendations.

But Couve de Murville is expected to expound De Gaulle's views, and West Germany and Italy may join France in seeking a larger voice in NATO, reflecting their postwar resurgence.

### 'OUR POWER'

"We have it within our power to find the best of solutions to the worst of problems. We intend to do just that."

### NEXT WEEK

Officials doubt that any hard decisions will emerge next week. They say some questions raised may be taken up at a special meeting of the NATO defense ministers in July.

The only formal action likely in the Hague is an announcement that Manlio Brosio, Italy's ambassador to France, will succeed Dirk U. Stikker of the Netherlands as NATO secretary-general. Brosio formerly was Italy's ambassador in Washington. Stikker has announced he will resign Aug. 1 because of his health.

### REMOVED

He also announced that the Lorain-Elyria area of Ohio is being removed today from the list of industrial areas in the state with substantial unemployment. This, he said, leaves only one Ohio area in this category compared with 10 out of 11 industrial areas in 1961.

Johnson noted that Ohio University, which is celebrating its 160th anniversary year was the first institution of higher learning to be established west of the Alleghenies.

Cumberland was the first stop on a 30-hour tour that will take Johnson into six states for meetings with the unemployed, visits with farmers, and public appeals for recruits in the "war on poverty."

In remarks prepared for his first formal audience, outside the courthouse in mountain-rimmed Cumberland, Johnson said:

"I come here to ask your help in carrying forward the American revolution."

McNamara was going to assess any progress made in recommendations agreed upon after his March trip, these sources said.

McNamara is scheduled to take off Friday night. The first stop will be at Bonn, to discuss with West German leaders the status of the program under which Germany buys equipment and supplies from the United States to help offset the gold dollar cost of maintaining almost a quarter million military men in West Germany. Also on the agenda is further discussions of the plan for joint development of a new type of main battle tank for use by ground forces of both nations.

With the Bonn sessions concluded by Monday, McNamara will take off for Saigon. He plans to be back at his Pentagon desk next Thursday.

### Bobby To Speak

MILWAUKEE (AP) — Marquette University announced today that Atty. Gen. Robert F. Kennedy will deliver the commencement address and receive an honorary degree at graduation exercises Sunday, June 7.

## No Survivors As Airliner Falter, Falls

CONCORD, Calif. (AP)—Forty-four persons died today in the diving crash of a Pacific Airlines plane in rolling coast range foothills 40 miles east of San Francisco.

Witnesses said the Fairchild twin-engine airliner appeared to plunge straight down. The FBI said it received reports that a smoke puff from one of the plane's engines was seen just before it crashed.

A Pacific Airlines spokesman said the plane carried 46 passengers, a crew of three, and a Federal Aviation Agency observer.

Thirty-one passengers had boarded at Reno and nine others at Stockton, Calif., on Pacific's daily Flight 773 from Reno to San Francisco.

Pacific Airlines operates in California, Oregon, and Nevada.

The crash was Pacific Airlines third in 21 years of operations. Twenty-three lives were lost in a 1951 crash near Santa Barbara. A co-pilot was killed in a takeoff crash at Santa Maria, Calif., in 1959.

George M. Galvin, assistant to the airlines president, said Capt. Ernest Clark was the pilot. The first officer was R. Andrews and the stewardess Marge Schaffer.

He said the passenger list was not available.

A Tasajero rancher, Gordon Rasmussen, said the "plane exploded into small bits. There wasn't a piece larger than a foot in diameter, except for the landing gear, after it hit."

Rasmussen said he saw the plane coming in and that it "faltered, there was a puff of smoke and it crashed a mile from my ranch."

The air controller's office at Oakland International Airport said the plane abruptly disappeared from its radar scopes.

Sheriff's officers closed off the area where wreckage was scattered widely.

The wreckage did not burn.

### Confirms Probe

BOSTON (AP) — Massachusetts Atty. Gen. Edward W. Brooke confirmed today the Internal Revenue Service is investigating his income tax returns for the years 1959 through 1961.

The Negro official said the government probe has been under way since shortly after he took office in January, 1963.

## U.S. Claims Trio Drugged

WASHINGTON (AP) — The U.S. Embassy in Moscow has protested to the Soviets that three American military attaches were drugged while on a trip to Odessa, Russia, the State Department disclosed today.

Press officer Robert J. McCloskey, reporting the incident, gave few details and did not attempt to give a reason for the action.

Without naming the men, he said two assistant naval attaches and one assistant air attaché were drugged with mild effect while on a trip to the Black Sea port March 24-26. They were not harmed.

He said the protest was lodged in Moscow this week. He said he did not know the reason for the delay in filing the protest.

## Firemen Strike Three Railroads

WASHINGTON (AP) — Some railroad firemen struck today but a union spokesman said the walkouts were unauthorized.

"We are trying to get them to go back to work," said spokesman for H. E. Gilbert, president of the AFL-CIO Brotherhood of Locomotive Firemen and Engineers.

Gilbert said Wednesday that he would authorize no strike as long as prevented by a court order issued Tuesday.

J. E. Wolfe, chief negotiator for the railroads, said if the railroads are looking into the situation and "will take decisive action immediately to see that the law, the court decisions, and Judge Alexander Holtzoff's restraining order are complied with."

### PROTESTING

The union is protesting the interpretation by a number of railroads of a federal arbitration ruling that went into effect today.

The arbitration ruling would eventually result in elimination of some 30,000 firemen's jobs.

A union spokesman said after walkouts were reported at Conway, Pa., and Peoria, Ill., "We are trying to prevent it from spreading across the country."

"But it is a difficult situation

and we hope it doesn't expand," he said.

The strikes involved the Pennsylvania Railroad yards, the world's largest, at Conway; and the Toledo, Peoria & Western Railroad and the Peoria & Pekin Union Railway at Peoria.

### STRIKE VOTES

Members of the firemen's union on about a dozen railroads have taken strike votes, but Gilbert is the only one who can officially authorize a strike.

Gilbert said he would have authorized strikes if the railroads had not obtained the 10-day federal court restraining order preventing it. A hearing is scheduled in the U.S. District Court here May 11.

Gilbert accused many individual railroads and national negotiators for the industry of deliberately misinterpreting the arbitration ruling which was handed down last year under a special federal law designed to prevent a nationwide strike at that time.

The issue of eliminating firemen's jobs was not involved in the recent strike threat which President Johnson ended by winning a voluntary agreement from management and five train operating unions including the firemen.

## HEARING ON BOND PLANS SET TODAY

A public meeting to explain all-phases of the proposed school expansion program and bond issue is set for 8 p.m. today in the Big Spring High School auditorium. The meeting was called by the steering committee, headed by R. L. Tollett, and made up of eight Big Spring businessmen and the Big Spring school trustees.

The public is invited to the meeting, and the steering committee plans to establish a citizens committee to explain the need for the program and carry the full information to voters.

A question and answer program will be conducted after explanations are made, and details of all phases will be given. A bond election has been called for May 23 and residents will be asked to approve \$5 1/2 million—a record high—for expansion and improvements to existing school plants.

## New Webb Road To Open Friday

The opening of Air Force Boulevard, the new entrance to the Webb Air Force Base north gate from FM 700, at 10 a.m. Friday, will be the kick-off event for two days of special activity at the base.

The two days of events will see the Armed Forces Day luncheon at noon Friday, graduating Class 64-G's Dining-in Friday evening, graduation Saturday morning, and open house the balance of Saturday.

At 10 a.m. Friday, Webb AFB officials, Big Spring city officials, Chamber of Commerce Base-Community Council, Ambassadors Club, highway department officials, and citizens, will gather for ceremonies to open the new entrance and new Air Force Boulevard.

Plans now call for short talks by Col. A. F. Taute, Wing Commander, Big Spring Mayor George Zachariah, and perhaps others, with Col. Taute cutting the ribbon to officially open Air Force Boulevard. Representatives of the Big Spring street department and Webb AFB will remove the barricades to start traffic through the gate. Col. Charles W. Head Jr. is working out final details for the event.

The former two-lane entrance road has been widened to four lanes, with a landscaped esplanade in the center. Farm Road 700 has been widened with one-way entries around the curve, about 200 yards from the base entrance. Mercury vapor lights have been installed on FM 700 at the interchange area.

The new entrance was built through cooperative efforts of Webb AFB, the City of Big Spring, and the Texas Highway Department, to beautify the area and to provide better traffic safety on entering and leaving the base.

Maj. Gen. Henry K. Mooney, Air Training Command vice commander, will be the speaker at the annual Armed Forces Day luncheon at the Officers Open Mess. He will also speak at the Dining-in program for Class 64-G at the same building.

A drill team from Webb will start the Armed Forces Day events Saturday at 8:45 a.m. This will be followed, at 9 a.m., by a parade and graduation flyover.

Static displays for the open house will be opened at 10 a.m. for beginning of the annual public visitations to the base.

## Cool Front May Include More Showers For Texas

with widely scattered showers in Central and East Texas.

Only minor temperature changes are expected over the state.

Early morning readings ranged from 53 at Dalhart in the Panhandle to 80 at Laredo, McAllen and Brownsville in South Texas.

Precipitation measurements for the 24 hours ending at 6 p.m. Wednesday included Abilene .01, Austin .03, Childress .11, Dallas .15, Fort Worth .27, Lufkin .02, Mineral Wells .11, San Antonio .03, Waco .07 and Wichita Falls .26 of an inch.

Showers sprinkled scattered areas in the eastern part of the nation today while a cool spell of weather continued in western sections.

The storm center that caused tornadoes and strong winds in seven Midwestern states Tuesday moved across the north central border into Canada.

Cloudiness continued to shroud the eastern two-thirds of the state, with partial cloudiness elsewhere.

A few thunderstorms are predicted through Friday in the eastern section of West Texas.

## Secret-Passing British Woman Freed From Jail

LONDON (AP)—Barbara Fell, 55, a British civil servant imprisoned for giving information to her Yugoslav lover, has been freed.

The Home Office said she was released from prison Wednesday. She went into seclusion, and her attorneys said she would make no statement.

Miss Fell was chief officer of the Central Information Office's overseas division. She was convicted of communicating confidential reports on the political situation in Yugoslavia to Smiljan Pacjak, a press counselor at the Yugoslav Embassy in London.

At her trial she admitted being Pacjak's mistress, said she considered he was pro-Western and believed the reports on his country would make him more so.

VIENNA (AP)—Czechoslovakia's Communist government is finally taking steps to put something in the place of Prague's giant Stalin monument, torn down 17 months ago. Radio Prague reported the government has invited architects to submit designs for a cultural center at the site on Letna Hill.

LONDON (AP)—Britain's National Gallery has bought Lord Derby's celebrated Rembrandt "Belshazzar's Feast," for 170,000 pounds (\$476,000).

Experts value the painting at more than a million dollars, but if Lord Derby sold at that price to a private buyer he would have to pay half in taxes.

The painting has been at the Derby family's 700-year-old mansion, since the early 18th century at least. Experts say the picture dates from 1634 or 1635.

**Russian Sub Output Said Matching Ours**

WASHINGTON (AP)—The Soviet Union may be building atomic-powered submarines at a rate of seven to 10 a year, U.S. sources estimate. This would appear to match the American production schedule. Available records show that in the last full year, the United States constructed nine nuclear-powered submarines, either Polaris or attack ships. This was below the planned average of one commissioning per month. That plan was upset by new and tighter construction

**STUDIES SHOW**

**Tax Cut Monies Help Pay Debts**

NEW YORK (AP)—Some of the mystery of what people are doing with their tax cut bonanza is lifted by government figures on personal debts. A lot of them have used the increase in their take-home pay to lighten the load of their charge accounts and single payment loans. Others apparently have used some of the tax windfall to make larger than usual repayments on various types of installment credit other than for autos. But another sizable group has been encouraged by the higher take-home pay to make down payments on still more installment credit. Merchants earlier had reported little apparent rush of shoppers to spend the new money in the stores. Gains in retail sales had followed usual seasonal patterns and were otherwise in line with slowly increasing personal income totals from other than tax cut windfalls. Banks had failed to report any great rise in savings accounts. The U.S. Treasury's sales of savings bonds was smaller in April than in March and also below the figure for April 1963. Then just where was the new money going? A really notable change after the larger pay checks began to appear in March was in charge accounts and single payment loans. These tend to be smaller than the installment type debt. And a man with a few extra dollars in his pocket is likely to think of tidying up some of the pressing bills before tackling the problem of the regular monthly payments on household appliances, cars and the home mortgage. Also, the tax cut benefits began showing up when many persons were calculating how much they still might owe in federal and state income taxes for last year. And, in many cases, the extra dollars came in handy in making first advance payments on this year's taxes. In that case, the Treasury gave and the Treasury took away without the individual noticing much immediate benefit. Although repayments of installment credit increased in March more than seasonally, the volume of new debt advanced even more, so that the total outstanding hit another record at \$53.8 billion. In many cases the same people may have reduced their outstanding bills and then spurred by adding commitments.

# Sino-Soviet Split More Pronounced

By WILLIAM L. RYAN  
AP Special Correspondent

New developments in the Moscow-Peking dispute make virtually inescapable the conclusion that communism is finally and irrevocably split into two main camps.

Premier Khrushchev is under pressure to call an international Communist conference in June or July in a last effort to avert the division. But it is likely such a meeting would only confirm that the split is a fact.

Red-ruled Romania has been trying feverishly to mediate the dispute but seems about ready to give up.

The Romanian party's April statement on the schism between a Red Chinese contention that "in conditions now prevailing in the Communist movement, a split both on the international plane and within various parties becomes necessary and unavoidable." The party said what Peking is doing "means to call for a split."

Infuriated, Khrushchev's Soviet party has delivered two new Sunday punches at the Red Chinese, both on the same theme: Red China is trying to break out of isolation and throw its weight around in capitalist countries. It turned heavy propaganda artillery on Chinese pretensions to leadership of a new world bloc.

The Soviet party fired a barrage on this subject in the March issue of its theoretical journal, *Kommunist*. It renewed

the attack in the journal's latest issue, out this week.

Kommunist accused the Chinese last month of trying to set up an "intermediate zone" which, by implication, would regard the Soviet Union and the United States with equal hostility.

This week *Kommunist* accused the Chinese of playing up to capitalists in Western Europe and Japan and dealing with governments which are members of Western alliances.

The Chinese idea, say the Russians, is that Communists should zero in on the United States as the main enemy, and that thus it is possible to seek support

## Poster Contest Linked With Poppy Sale

A poster contest in Big Spring schools, for all children from the first grade through junior high school, will precede the annual Buddy Poppy sale sponsored by the Veterans of Foreign Wars Auxiliary. Mrs. Ann Kemp is poppy chairman, and Granville Miller is commander of the Christensen-Tucker Post No. 2013, VFW.

First, second and third place prizes of \$10, \$5 and \$2.50 will be awarded for elementary school winners, and the same amounts for the junior high school student winners.

"All money collected through the sale of Buddy Poppies," Mrs. Kemp said, "goes toward the rehabilitation of veterans and their families. Some is used to purchase Christmas gifts for disabled veterans with no families."

The sale of Buddy Poppies will be held May 23. Awards will be made to poster winners at an 8 p.m. program May 19 at the VFW hall.

R. W. Callan, Howard County Junior College student from Rotan, and E. Lee Thackrey, geology instructor.

## Students Select Favorite Teacher

E. Lee Thackrey, instructor in geology at Howard County Junior College since September, 1962, was presented an award by the Student Government Association Wednesday for being the most popular instructor at the school. The presentation was made by Lloyd Senn, second-year student from Rotan, during Achievement Day ceremonies.

Thackrey is a former oil company geologist, who is familiar with stratigraphic formations throughout the western part of the country. A native of Manhattan, Kan., he was a high school principal for 11 years in Central, Kan. following his graduation from the University of Missouri.

Students who attend his courses say he always is willing to lend a helping hand. Thackrey and his wife have taken students on geological tours through New Mexico and Colorado. They own a cabin in Colorado, which sometimes serves as a headquarters for field trips.

Included among Thackrey's hobbies are making sun dials, tile-top patio tables and astronomy. He was instrumental in causing a sun dial to be built on the college campus, with the

Latin inscription, "Time passes fast, use it wisely."

Concerning the award, Thackrey said, "I was overwhelmed, I didn't know what to say." It was unexpected, he said, but "very nice of the students."

The Thackreys reside at 1300 Eleventh Place. They are parents of two children.

## Mrs. Halfmann Dies, Services Slated Friday

Rosary will be recited at 9 p.m. today for Mrs. Pauline Marie Halfmann, 69, St. Lawrence community. The rites will be in the Nalley-Pickle Chapel. Services will be at 10 a.m. Friday in the St. Lawrence Catholic Church with Rev. Ernest Porch officiating. Burial will be in St. Lawrence cemetery with Nalley-Pickle in charge of arrangements.

Mrs. Halfmann, who had made St. Lawrence her home since 1947, died at 11:30 p.m. Wednesday in a Big Spring hospital. She had been ill only a short time.

She was the wife of A. D. Halfmann, whom she married Nov. 15, 1913 in Shiner. She was born May 15, 1894, in Hallettsville and lived in Ballinger for a number of years.

She was a member of the St. Lawrence Catholic Church. She is survived by her husband; five sons, Victor, Ross, Walter and Ralph Halfmann, all of St. Lawrence, and Harvey Halfmann, San Angelo; three daughters, Mrs. Norman McDaniel, Garden City, Mrs. Robert Conner, Midland, Mrs. John Cline, Big Spring; one brother, Emil Scafer, Moulton; two sisters, Mrs. H. A. Spies, Houston, Mrs. F. J. Kiesel, Shiner. There are 26 grandchildren.

Nephews will be pallbearers.

Stations Marking Key Milestone

The city's oldest radio station, KBST, was celebrating a milestone Thursday — its 10,000th day on the air.

Programming for the day included several flash backs to key points in the city's history since the station went on the air in December of 1936. Included were tapes of the opening of Webb AFB, the 1952 address of the late speaker Rep. Sam Rayburn, the homecoming of George O'Brien Jr. after he had been awarded the Congressional Medal of Honor and others. J. N. Young Jr., for many years a staff member, did some reminiscing by tape, and some of the network commentators such as Porter Randall and Paul Harvey were extending greetings.

## CREDIT CARD TRAIL

# Another Boy's Body Uncovered

HILLSVILLE, Va. (AP)—FBI agents, following a trail from Massachusetts to Georgia through an ex-convict's use of stolen credit cards, have found the body of a missing eight-year-old New Jersey boy — the third such discovery in little more than a month.

Use of a credit card at a nearby service station led the FBI Wednesday to the location in mountainous terrain of a body, they identified as that of David Wulff, last seen when he left his home April 1 in Willingboro, N.J., to attend a school function.

While medical authorities

checked for the cause of the boy's death, police sought to link it with Joseph Francis Bryan Jr., 25, of Audubon, N.J., already in custody in Sumter, S.C. on charges of kidnaping two other boys.

Bryan, one of the FBI's 10 most wanted criminals when he was arrested last Tuesday in New Orleans, has been charged with kidnaping John David Robinson, 10, of Mt. Pleasant, S.C., and Dennis Burke, 8, of Humboldt, Tenn.

The body of young Robinson, who disappeared from his home Feb. 27, was found March 31 in a shallow grave near Hallandale, Fla. The Burke boy had not been harmed when he was found with Bryan at the time of his arrest. Dennis had been missing from his home for four days.

St. Petersburg, Fla., authorities have sought to link Bryan also with the March 23 disappearance there of Lewis (Hackle) Wilson, 7. The child's body was found last Thursday in a palmetto grove at Venice, Fla., near a spot the FBI has labeled Bryan got stuck in the sand.

Bryan was arraigned Monday in New Orleans on the kidnaping charge in the Robinson case and was returned to South Carolina to face court action.

## Ralph Smith Rites Friday

Services for Ralph Smith, 42, of 1404 Austin, will be at 2 p.m. Friday in Nalley - Pickle Funeral Home chapel. The Rev. James Puckett of Baptist Temple Church will officiate and interment will be in the City Cemetery.

Mr. Smith, a farmer, died at a local hospital at 5:50 a.m. today after a brief illness.

He was born June 5, 1921 in Ballinger and came here in 1943 from Rannels County. He was married to Miss Elsie Bryson in 1947 in Big Spring. He served in World War II and was wounded in action in Europe.

He was a member of the Salem Baptist Church.

Survivors are his widow; one daughter, Calessa Kay Smith, Big Spring, and one sister, Mrs. Charles L. Muse, San Angelo.

Pallbearers are to be Charles Wolf, F. D. Rogers, W. E. Pate, Alton Smith, L. M. Anderson, Norvin Smith and Clyde Angel.

## College Baptist May Let Contract

College Baptist Church officials were reviewing bids today with the prospect that a contract may be led within a week for a new church sanctuary.

Dean Slavens, Midland builder, was the apparent low bidder when proposals were opened Wednesday. His bid was for \$83,440, followed by Lange Construction Co., Big Spring, with \$87,000. J. W. Little, Big Spring, was third low bidder with \$91,220. The nine proposals ran up to a maximum of \$103,760.

Two alternates for a tower and

## College Baptist May Let Contract

paving may be taken, in which event the Slavens total proposal would be for \$88,636, Lange \$92,000, Little \$97,092.

The new sanctuary, designed by Gary & Hohertz, architects, will face on Eleventh Place toward the Howard County Junior College campus.

The Rev. Byron Grand, pastor, said that the auditorium would be a 117x55-ft. structure containing 6,600 square feet of the balcony. It is designed to seat up to 715 worshippers.

College Baptist has been planning on this step for more than a year and last year purchased additional land which would permit the new building to be located north (but joined to) the present plant. This will be the fourth major building undertaken since the church was begun 10 years ago.

## BARRAGE

The Soviet party fired a barrage on this subject in the March issue of its theoretical journal, *Kommunist*. It renewed

## Road Paving To Begin Monday

Jones Paving Co. awarded contract for sealcoating and paving a number of Howard County roads, will begin work Monday, Billy Paul Thomas, with the road and bridge department, said Thursday.

He said that the sealcoating would be started on a Lomax road and that paving would be initiated on old US 80 east of the Midway Road.

CARD OF THANKS

The family of Lt. Irene H. Weber wishes to express their sincere thanks and deep appreciation to the many wonderful friends in Big Spring for all the beautiful flowers and memorials in her honor. A special thanks to the medical staff and military personnel of Webb A.F.B. for all the kindness and courteous services rendered at the sudden loss of our beloved daughter, sister and aunt.

## Police Receive Various Calls

Various minor complaints were received by police Wednesday.

Flashing caution lights at the South entrance to the Big Spring State Hospital and at Goliad Junior High School reportedly were inoperative about 4 p.m. Lone Star Gas Company employees replaced a meter at Fourth and Goliad after an unidentified motorist hit the old one about 5 p.m.

Street lights at the corner of First and Oriole and in the alley of the 400 block of North-west Third went out about 10 p.m.

Officers were called to Big Spring State Park about 11:15 p.m. to unlock the gate so a youth could get out of the park. Apparently he did not realize the park closes at 10 p.m., police said.

Steve Bell, 217 Wright, complained of a water leak in his house at 8:15 p.m. Police notified the department of public works.

## Police Receive Various Calls

Firemen Wash Away Extra Fuel

Firemen were called to the Fina Service Station at FM 700 at US 80 west about 6:30 p.m. Wednesday to wash away some 100 gallons of gasoline. The fuel overflowed from a transport truck that was being loaded from an underground storage tank.

Children were blamed for a grass fire that occurred about 8 p.m. Wednesday on a vacant lot at 1006 W. 2nd. Firemen also answered a false alarm on Tulane at 10:35 p.m.

## Four Killed In AF Crash

FORT WALTON BEACH, Fla. (AP)—The Air Force is investigating the crash of a C123 which claimed the lives of four men and injured four others Thursday.

The aircraft crashed during routine touch and go landings less than 1,000 yards from U.S. Highway 98 at nearby Hurlburt Air Force Field. The plane was at the Gen. Jimmy Doolittle Field, a small runway used by Doolittle while training for his raid on Tokyo in World War II.

Dead are: Airman 1.C. William T. Hansley Jr., 33, Sea Shore Village, Fla.; Staff Sgt. Malcolm R. Cardwell, 29, Mary Esther, Fla.; Airman 1.C. Jeff N. Cecil, 31, Fort Walton Beach, Fla.; and Tech Sgt. Cleo C. White, 44, Eglin Air Force Base, Fla.

## Local Students To Get Degrees

William Allen French III, 714 Hillside, and Thad Roscoe Magee Jr., both of Big Spring, and David Michael Dorn, Route 1, Colorado City, are listed among the more than 400 candidates for the Bachelor of Business Administration degree at the University of Texas. Dr. John Arch White, College of Business Administration dean, announced the candidates for degrees to be awarded at the May 30 Commencement.

## Rites Pend For K. B. Hopper

Funeral is pending at River-Welch Funeral Home for K. B. Hopper, 88-year-old retired farmer, who died at 10:30 a.m. today in a local hospital after a serious illness of one day. He had been in failing health for a long time. Mr. Hopper resided at 204 Jones.

Surviving are three sons, Velvin Hopper, Artesia, N.M.; William Hopper, Pampa, a M. Roy Hopper, Ft. Stockton; and two daughters, Mrs. Inez Diffe, Quanah, and Lena Howerton, Big Spring.

## Lakeview Sets Spring Musicale

The Lakeview Junior High School choir and band will present its annual spring musicale Friday at 8 p.m. in the Junior High gymnasium. Guest choirs and bands from Hamlin and San Angelo will be present for special numbers. Other local talent will also be on the program. Joe W. Hillman is band director, and Mrs. Jo Hazel Dawson is choir director.

Admission to the musicale will be 15 cents for children and 25 cents for adults.

## New Roads Earmarked For Howard, Glasscock

Howard County is to get \$44,000 in farm-to-market road construction this year. The new FM road program announced today by J. C. Roberts, district highway department engineer, includes construction of 2.7 miles of new FM road in this county. The road will begin at FM 818 and will join a proposed road at the Glasscock County line.

In the same announcement it was announced that \$72,000 has been earmarked to build 4.5 miles of RM road in Glasscock County, beginning at RM 33, to Lees, then west and north to the Howard County line.

"The two projects are part of a \$23,000,000 FM road construction program set up for the state. The plan calls for building more than 1,000 miles of

## First Of New Diesel Fire Trucks Arrives Here Today

A fire truck, destined to be the first one of its kind on duty with a Texas fire department, arrived in Big Spring Tuesday night aboard a Texas and Pacific freight car.

It is the first of two 1,000-gallon diesel pumper units, which the city purchased for the fire department. The second truck is expected here on May 14, and two new fire stations—No. 5 on Wadsworth Road and No. 6 near the Airport School—will be opened on May 15 if everything runs according to schedule.

Fire Marshal A. D. Meador said an engineer of the Mack Company, manufacturers of diesel fire trucks, was expected here today to supervise unloading of the new truck.

He may wait until the second truck arrives and inspect both vehicles at the same time, Meador said. The state fire insurance board requires that the new trucks have a pumping capacity of 10 per cent higher than

# Rugged Bucs Pose A Threat For JC Title

The following is one in a series of stories concerning teams entered in the National Junior College Track and Field meet, which will be held here May 15-16.

**By TOMMY HART**

The Pirates of Victoria Junior College, Texas, have drawn their swords, preparing to charge up victory hill in the National Junior College Track and Field meet here May 15-16.

The bold Buccaneers, coached by Monroe Northcutt, have had a taste of glory—in fact, several nips. And they like the satisfying tang of it.

Victoria has been to the throne room more than any other team in the history of the National Juco meet. The Corsairs have wound up first six times in the 22 meets staged to date and four of their triumphs came in succession from 1955 through 1958.

Northcutt has built his team this year around Joe Kirkwood, who set a national meet record here last year when he made the mile run in 4:19.8.

Kirkwood's best time this spring in the event has been 4:23.8 but he's just hitting his peak and it isn't beyond the realms of possibility that he'll shatter his own mark.

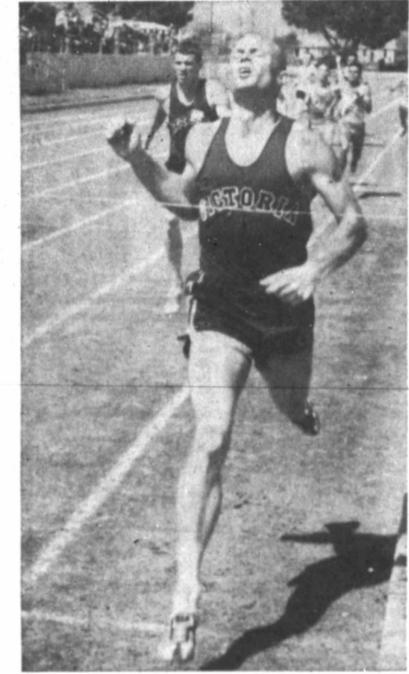

Larry McCartney is another member of the Victoria team who can be counted upon to score points for his team here. He's done a wind-aided 9.4 and a 9.7 under conditions where there was no wind. In the 220, he's been clocked in 21.6.

Arthur Jackson and Don Coker are other sprinters on the Victoria team and they can move. Both are consistently under ten seconds in the century.

Other members of the Victoria team and their best reported times and distances include: John Brandon, 48.9 in the quarter; Herb Pase, 49.8 in the quarter; Kirkwood, 1:54.5 in the half mile; John Franklin, 1:59.1 in the half; David Osuna, 4:30.0 in the mile and 10:25 in the two-mile; Defino Garza, 4:35.0 in the mile and 10:13.0 in the two-mile.

Also Curtis Preston, 10:22.0 in the two-mile; Alfred Dworsky, 14.8 in the high hurdles and 39.9 in the intermediate hurdles; James Tylch, 35.6 in the intermediates (best of all the times among juco entries this year and 13-2 in the pole vault; Robert Goss, 6-2 in the high jump; Gerald Wynn, 47-4 1/2 in the shot put.

The Victoria sprint medley relay team has been timed in 3:28.0, which equals HCJC's best time in the event. The Pirates' mile relay quartet has made the four laps in 3:17.2, which will surely have it in contention. The

school's sprint relay foursome has been clocked in a warm 41.8.

The Pirates started their reign of terror in the National meet in 1952, at which time the games were held in Hutchinson, Kansas. They repeated the following year and then yielded the diadem to Hutchinson in 1954 before starting their long rule the following year.

Track and field was de-emphasized for a while at the Victoria school but has been restored to its rightful place in the Victoria curriculum, thanks to the unceasing efforts of coach Northcutt and the presence of the squad of such boys as Kirkwood and McCartney.

## Coahoma Ace Is Signed By Coach Travis Of HC

Hayden Norris, 6-foot-4 all-district performer for Coahoma High School, has been signed to a basketball letter-of-intent by coach Buddy Travis of Howard County Junior College.

Norris is the second all-district player signed by Travis in recent weeks. The other was Charley Price, 6-3, of Pampa High School.

The Coahoma star, who weighs over 190 pounds, averaged 23.5 points a game for the Bulldogs last season. His high point effort came against Forsan in Forsan, at which time he bucketed 33 points.

A two-year starter for the Bulldogs, Norris won three varsity basketball letters. He topped Jimmy Spann's club in rebounds, averaging about 16 a game.

He scored the majority of his points by using an outside jump shot. Young Norris performed in District 6-A.

Price averaged 17.3 points a game in District 3-A, one of the toughest in the state. Overall, his scoring average was a

highly respectable 19.6 points a game and he averaged ten rebounds a game.

He now weighs about 183 pounds. Early in the season, he was named to a spot on the Top O'Texas all-tournament team.

Coach Travis said he had hopes of announcing other signings within a few days.

## Stars Vanquish Cabot, 10 To 6

The Stars mauled the Cabots, 10-6, in an American Little League game unveiled here Tuesday night.

Kyle Rose led the 12-hit assault against Cabot hurling by pounding out two doubles. Pete Shaffer, David Engert and Bill Davis also had two-basers for the winners.

## Merchants Hand Midland Team Pair Of Defeats

MIDLAND — The Big Spring Merchants warmed up for their Saturday night Westex Softball league doubleheader with the Abilene A's, which will be unveiled in Big Spring Saturday night, by bowling over the Texas Electric team on two occasions here Wednesday evening.

Spec Franklin authored a five-inning no-hitter in leading the Big Spring team to a 3-0 success in the opening game. It was all Big Spring in the four-inning afterpiece, won by the Merchants, 11-1. Billy Paul Thomas, on the hill for the Merchants in that contest, limited the Electricians to one hit.

The Merchants banged out a

## Bruins Prosper In Grid Relays

WACO, Tex. (AP)—It appears Baylor has a more fleet-footed football squad than Texas.

The Bears won 11 of the 15 events and outscored Texas 76-43 yesterday as the two universities held their third annual "gridiron relays" here.

The competition, limited to football players who will be eligible for next season, consisted of 60 and 100 yard dashes, and a 440 yard relay for each division, except centers.

There weren't enough centers to form relay teams.

Centers ran against centers, tackles against tackles, and so on, in the dual meet.

In addition, football staffs from the universities played golf during the day. And after the track meet, coaches and players joined for supper in Baylor's athletic dining hall.

### LOOKING 'EM OVER

With Tommy Hart

An old friend to the community, Joe Bailey Cheaney, returns here next week to fill a familiar role—that of chief starter in the National Junior College Track and Field meet.

Now a school teacher in the Cuberson County rural school district at Van Horn, Cheaney has started every ABC Relays and National JC meet held here since the boys came home from the wars—back in 1945.

The astute Cheaney, one of the best story-tellers in sports, has been complimented for his ability in popping a gun to get a foot race under way by such distinguished speedsters as Dave Sime of Duke and ACC's Bobby Morrow. When he came here to sprint with Morrow in that famed Race of the Century back in the late '50s, Sime said he never worked under a more able starter.

Joe Bailey has been known to go through an entire meet without a false start.

Cheaney's coaching career encompassed 22 years and started after he had earned A.B. and M.A. degrees by attending such schools as Howard Payne, the University of Texas and Southwestern Texas State.

He won four letters in football, three in basketball, four in track and one in baseball during his salad days in college. He once ran against the famed Charley Faddock and probably would have beaten him but for the fact that he was penalized a yard for a false start.

Cheaney's career as a track starter embraces 38 years. He served in that capacity a dozen years in the State Meet at Austin, in the Texas Relays for a decade, the Border Olympics for 14 years, the NAAIA six times, the West Texas Relays at Odessa 12 years and the National AAU in addition to all the service time he's clocked here.

His penchant for cupping his mouth with one hand and sending out a succession of bips to the boys in the starting blocks before he gets them off and running has been widely imitated by the small fry, who admire him greatly.

He's as familiar around a Big Spring track meet as the set of hurdles and his co-workers always like to see him coming because of his general good-humor. Around this section of West Texas, he's known as "Mr. Track and Field."

University of Saskatchewan investigators have determined that the "second wind" of athletes is a psychological rather than a physiological adjustment.

Radiotelemetry monitoring of the heart and respiration rates of athletes running all-out have produced that theory, which upsets a time-honored belief.

Young Steve Hillhouse, Colorado City's gift to the Texas A&M baseball team, is emerging as the top pitcher in the Southwest Conference.

Considering the fact that the stylish lefthander is only a sophomore, that's quite a kudo to hand Steve but the modest young man has been invaluable in relief to the Aggies, as well as in a starting role. Without him, the Aggies probably would be back in the pack in the Southwest Conference race, rather than leading it.

Coach Tom Chandler's Aggie program looks promising for the future, too. His starting outfield is an all-sophomore unit.

There are only eight seniors on the A&M squad, four on the starting line. And the Aggies have a freshman pitcher named Tommy Chiles (of Shreveport Byrd) who, along with Hillhouse, may make the College Station team unbeatable next year.

Hayden Norris, 6-foot-4 all-district performer for Coahoma High School, has been signed to a basketball letter-of-intent by coach Buddy Travis of Howard County Junior College.

Norris is the second all-district player signed by Travis in recent weeks. The other was Charley Price, 6-3, of Pampa High School.

## For Dave, It's Either Feast Or A Famine

By MURRAY CHASS  
Associated Press Sports Writer

Dave Nicholson, reaching for even greater heights with his knockout act this season, has added depth to the other half of his repertory.

The Chicago White Sox swinger is missing the third strike at a slightly faster rate than he did last season when he fanned a record 175 times.

But Nicholson went a long way Wednesday night toward showing his ability as a double threat as the White Sox swept a doubleheader from Kansas City 6-4 and 11-4.

Actually, it was the ball that went a long way—573 feet by Comiskey Park measurement. The hit was one of three home runs Nicholson clouted in the two games.

According to existing records, only a 600-foot blast by Babe Ruth at Detroit in 1926 went farther than Nicholson's home run over the roof of the left-field stands.

Nicholson's other two homers didn't go as far, but they still accounted for four runs and gave him four homers for the season.

At the same time, the 6-foot-2, 215-pounder gave equal treatment to his strikeout artistry, fanning three times for a season total of 22. If he maintains his present pace and bats the same number of times as he did last year, the 24-year-old right-hander would strike out 194 times.

Nicholson wasn't the only home-run hitter Wednesday night. The New York Yankees got into the act as they split a doubleheader with Washington, winning the opener 9-2 and dropping the nightcap 5-4. Cleveland home runs stopped Baltimore 6-3 and Los Angeles nipped Minnesota 4-3 in other American League games.

In the National League, Pittsburgh edged St. Louis 1-0, Los Angeles halted Houston 5-2, Philadelphia edged Milwaukee New York 12-4 and Chicago defeated San Francisco 4-2.

Nicholson's second homer in the first game, a two-run blow, climaxed a four-run rally and clinched the victory for Gary Peters. In the nightcap, Nicholson's two-run blast came during Chicago's five-run first inning. Jim Gentile had cracked a three-run homer for the Athletics in the first.

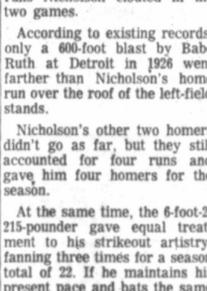

Floyd Robinson connected for the White Sox in the third while Minnie Minoso belted a three-run pinch homer in the seventh, putting the game far beyond Kansas City's reach.

The Yankees, held to three home runs in 13 games, erupted for five homers but still gained only a split with the Senators. Hector Lopez connected twice and Mickey Mantle and Roger Maris once each as New York glided to the first-game victory.

Mantle hit another in the second game, which the Senators won in the ninth when Chuck Hinton scored from third on catcher Elston Howard's passed ball. Hinton smashed a two-run homer in the first game and a three-run blow in the second.

## PLAY BETTER GOLF

By Tommy Armour  
Loosen Grip

The ordinary right-handed golfer often makes a most natural mistake; he holds the club too tightly with his right hand. Then he's almost sure to lift the club away from the ball, instead of swinging it away, when he starts his backswing. That tight grip probably will prevent getting the free cock of the wrists he should have at the top of the backswing. And almost certainly the tight right-hand hold of the club will cause hitting from the top of the backswing instead of delaying the right-hand hit until the latest possible moment. The last three fingers of the left hand are where the club should be held firmly under control.

## Partnership Tournament Scheduled Here May 24

A Partnership Handicap tournament will be held at the Big Spring Country Club Sunday, May 24.

Entry fee is \$2.50 per person and anyone in the area is eligible to take part, if he has an up-to-date handicap card.

Those carrying handicaps of 11 strokes and over must find their partners among persons with handicaps of 10 shots and less. Otherwise, they are free to pick their own partners and choose their own starting times.

Special invitations to play go to regulars who use the Municipal and Webb AFB. Wendy Green of the Country Club stated.

If weather conditions are ideal, Green said the club would make plans for up to 100 players. Merchandise prizes will go to the winning teams.

A Couples tournament, in which a woman will team with a man for 18 holes of low-ball play, will be conducted at the Country Club Sunday, May 17. Eligible will be members of the club.

Entry fee will be \$4 per couple. Awards will be made to the winning couples.

## Carlisle Named To School Honor

DALLAS (AP)—Texas quarterback Duke Carlisle has been named Letterman of the Year in Longhorn athletics and will be honored here May 15 at the annual awards banquet of the Southwest Conference Lettermen's Association.

Carlisle, who directed Texas to the national championship last season, joins Texas Tech halfback Roger Gill on the banquet's honor list. Six other SWC schools will name their top letterman athletes to attend the banquet.

# Nicklaus Faces Big Test At Fort Worth

By TOMMY HART

FORT WORTH, Tex. (AP)—Rain and a top-flight field posed a duplicate threat to Jack Nicklaus today as he opened his bid for the Colonial National Invitation Golf Championship.

Nicklaus, young powerhouse from Ohio, was rated the favorite as 72 players teed off in quest of a plum \$75,000 purse. A record \$14,000 has been set aside for the winner who, the

experts contend, will be Nicklaus, Masters champion Arnold Palmer or defending champion Julius Boros.

However, it was youthful Dave Ragan of Orlando, Fla., who stole the preliminary spotlight with a two-under-par 68 in a pro-amateur Wednesday. It netted him first-place money of \$350.

# 'Snuffy's' Award-Winning Artist Began In 4th Grade

SNUFFY'S CREATOR GETS TOP AWARD  
Fred Lasswell gets trophy from Rube Goldberg

## Youth Dies In Chair For Houston Woman's Attack

HUNTSVILLE (AP)—A young Negro died in the electric chair shortly after midnight at the state prison for his part in the assault of a Houston white woman.

James Echols, 19, was pronounced dead at 12:10 a.m., six minutes after receiving the first electrical charge.

Dr. H. E. Dustin examined Echols, still strapped in the chair, and said he detected a faint heartbeat. After waiting about two minutes, he pronounced the condemned man dead.

Echols said as he entered the death chamber: "I have no hard feelings against anyone. I thank everyone for everything."

He and four other Negroes were convicted in the April, 1962, assault and rape of a young mother of two children, Lawrence O'Connor, 24, was executed April 26 for the crime. Another man received a life prison term, a fourth was assessed a 62-year sentence, and the fifth, a juvenile, was sent to a training school.

Shortly before the execution, Echols told a newsman in his cell: "I'm prepared to die because of my many sins. I've come to know God since I've been on death row, and that's something worthwhile. I trust God all the way."

Father Joe O'Brien, Catholic prison chaplain, joined Echols in a last meal consisting of fried shrimp, barbecued ribs, barbecued sausage, chocolate cake and chocolate malted milk.

Echols, the chaplain said, had a good appetite.

When Fred Lasswell was a little shaver in the fourth grade of a Tampa, Fla., public school, he was doing what came naturally to him. He was drawing a comic strip.

Some 36 years later Fred is still drawing a comic strip: the world-famous "Barney Google and Snuffy Smith" which appears daily in the Herald. He's now so good at it that the famed Bantrees luncheon club, consisting of hardboiled pros in the communications field, voted him their coveted "Silver Lady" award as the best newspaper artist of 1962.

A discerning editor of the Tampa Times noticed Fred's work and invited him to contribute occasional cartoons. At night Fred continued to deliver the rival Tampa Tribune.

Upon graduation he had a drawing board waiting for him as a sports cartoonist for the Times.

One of his freelance posters drawn for a golf tourney at the Palm Ceia Club caught the eye of the late Billy DeBeck, then drawing "Barney Google." He made it a point to get the artist's phone number and gave him a call, completely unaware that he had admired the work of a 17-year-old boy fresh out of high school.

"I'd like you to help me draw Barney Google," he told the astonished kid.

With surprising plumb, Fred managed to answer casually: "I don't know. I'll think it over and give you a call."

He did, and from that time, 1933, until Billy died in 1942, Fred helped draw "Barney Google," sharpening his pen and ink technique by studying the work of Charles Dana Gibson and freshening his wit traveling with the peripatetic DeBeck on his impulsive jaunts around the country.

Although Fred is as shrewd as Snuffy Smith outwitting the "revenooers," and he can lapse into perfect hillbilly dialect in mid-sentence, he certainly does not look the part. Bespectacled and mild-mannered, he's as different from a rustic mountaineer as imported scotch is from moonshine. He might easily be mistaken for an executive of a large corporation — and, in truth, many of these top types would undoubtedly like to change places with him, the

strip has been so successful. He was born in Kennett, Mo., in 1916, his family moving on a farm in Gainesville, Fla., when he was six.

Trying unsuccessfully to enlist during the war, he took a radio operator's job for Pan American. Back in the States, Fred finally managed to get on active service with the Marines. As a staff sergeant cartoonist for Leatherneck from 1943 to 1945 he drew his famous irreverent "Hashmark" cartoon to the delight of officers and men.

He doffed khaki to take up where he left off with "Barney Google and Snuffy Smith," as one of the youngest artists ever to draw such a popular strip. It wasn't long before he was recognized as one of the brilliant satirists in the country as well as a premier pen and pencil man.

His famous running cartoons on a chicken thief trial were lauded by jurists as a classic satire on courts and lawyers. His "Doc Pritchard" character gently satirizes the medical profession whenever he appears, just as Sheriff Tait does the cop.

Fred's fan mail never seems to level off. The mounds pouring into his Florida studio increase each year.

An inventive process he wishes he had more time to work on hardly has the commercial possibilities of the citrus harvesting machine he conceived, but it is perhaps the closest thing to Fred's heart. He's trying to develop a new style of comic artistry in braille that he hopes one day will enable the blind to "see" the funnies. He'll feel that he has left a mark if the blind can enjoy "Barney Google and Snuffy Smith" and all the other comics.

## Vote Doesn't Surprise RFK

PHILADELPHIA (AP)—Atty. Gen. Robert F. Kennedy says he "was not surprised" at the strong vote for Gov. George C. Wallace of Alabama in the Indiana presidential primary.

Kennedy, speaking to 300 law students at the University of Pennsylvania Wednesday, said "there is a revolution now in the United States over civil rights and people don't like to have their lives disturbed."

"It's not surprising then," he added, "that one-third of the people in Indiana voted for Wallace. About one-fifth of the people are against everything all the time."

Wallace, who campaigned against the civil rights bill pending in the Senate, got more than 29 per cent of the votes in losing to Democratic Gov. Matthew E. Welsh.

## Refugees Report Tension Rising

MIAMI, Fla. (AP)—Newly arrived refugees reported increasing uneasiness in Communist Cuba today.

"The atmosphere in Cuba is one of rebellion," said Jose Garcel Mora of Oriente Province, who fled by rowboat and was

picked up by a vessel that happened in May." The Revolutionary Junta renewed a promise that its men will lead in Cuba by May 20 to that something big is going to join guerrillas already there.

## Whirlwind Pace But LBJ Relaxes

WASHINGTON (AP)—Despite the whirlwind pace he's been keeping, President Johnson's heart—the heart that suffered an attack in 1955—is apparently still doing fine.

That was the indication from the White House today in answer to a query concerning the state of the President's health.

The query was motivated by the fact the President, ever since he took office, has maintained a fast and vigorous work schedule—ranging from sudden airplane trips to fast-paced on-the-hoof news conferences held on the quarter-mile driveway behind the White House.

At least one published report has said some of Johnson's associates have been worried about his energetic pace—in view of his history of having had one heart attack.

White House said. It was the first technical word on Johnson's health since Dec. 4, shortly after he took office.

None of Johnson's own doctors—and he has them in various parts of the country as well as the White House—were available for interviews on the subject.

**WELL-HEALED**

But one doctor outside the White House—who has nothing to do with President Johnson's case—told a reporter the information given out by the White House, together with the obvious fact that Johnson has been leading a fast work pace, add up to this, in his opinion: "The fact that he has been

able to maintain the pace gives reassurance that his coronary attack of 1955 was well-healed."

The doctor said the medical details given out by the White House could be interpreted this way:

1. "Normal" EKG: Means that the electrical-conducting system that makes the heart work was not damaged permanently by Johnson's coronary thrombosis in 1955.
2. "Normal" pulse: Means that Johnson's heart is responding well to its work-load—that is, it's not going too fast, or too slow.
3. "No enlargement of the heart": Means for one thing that the area of heart muscle damaged when a clot blocked Johnson's coronary artery during the 1955 attack has healed well. It also means that unaffected muscle in the heart has been able to carry the heart's work-load without becoming enlarged.

## Annual Rodeo Draws Near

Big Spring's 31st annual World's Championship Rodeo is a little less than a month off. Jiggs and Elra Beutler, Elk City, Okla., will be back to produce a four-night show this year, instead of the former three-night stands. The colorful announcer, Clem McSpadden, state senator from Oklahoma, will be back on the microphone starting at 9 p.m. each day.

The Clark Brothers, Gene and Bobby, will be at the rodeo to put on clown acts, including Brahma bull fighting and regular clowning acts.

Leon Adams, "Rodeo's Professional Showman," will be on hand with four outstanding acts, including trick riding on the two trained Brahma bulls.

**TAPER OFF**

Signs that the President knows how to taper off from a hard-driving schedule include the following:

During his walkathon in the White House back yard last Saturday he told reporters he is usually in bed by 11 p.m.—and watches television or reads until about 2 a.m.

He is awake by 6:45 a.m.—automatically, and without any alarm clock, he indicated—but he stays abed a couple of hours after that, reading, or just resting.

Thus, he indicated, he rests up to 10 hours, even though he's not sleeping that long.

Moreover, he swims before lunch—and takes a nap every afternoon.

## Olsen Rites Held Today

Services for Jack Olsen, 68, of 1700 State Street, were set for 3 p.m. today at the River-Welch Funeral Home chapel, with Rev. Marvin James, assisted by Rev. Bill Arnett, officiating. Burial was to be in Trinity Memorial Park under the direction of River-Welch. Pallbearers were Ray Tonn, Kelly Burns, Russell Johnson, L. H. Lockridge, J. C. Woodard, H. L. Harris, and L. H. Aker.

Mr. Olsen died at 1 a.m. Wednesday, after suffering an apparent heart attack at his home. A native of Alabama, he came to Texas with his parents, and to Big Spring in 1919. He opened and operated one of the first self-service laundries in Big Spring. He farmed in the Knott community for several years, and for the past 12 years was an employe of Webb Air Force Base.

A colorful parade is set for opening day, Charlie Creighton, Rodeo Association president, said. More than 15 sheriff's posses and riding clubs are expected to enter from area towns. Rodeo Queen contestants, novelty entries, and colorful cowboys and cowgirls, will also be on hand.

Plans have been made for entertainment for the queen candidates, their escorts, chaperones and parents.

A large number of contestants are expected for the rodeo this year when \$3,300 plus entry fees will go as prize money to the contestants in saddle bronc riding, bareback bronc riding, bull riding, bulldogging, calf roping, and girls barrel race.

## Hurt In Fall

George Murphy, Cosden Oil and Chemical Co. employe, received a bruised hip Wednesday in a 6-foot fall from a ladder in a utility room at the River-Welch ambulance to Howard County Hospital Foundation, where he received treatment and was released. Company spokesmen today said his condition is good and no bones were fractured. Murphy resides at 1811 Baylon.

## Early Star Dies

LONDON (AP)—Marie Kendall, 90, star of the British music hall early in the century, died Tuesday.

## Irked Court Grants Powell Fresh Delay

NEW YORK (AP)—Rep. Adam Clayton Powell, D-N.Y., has been granted another delay in answering a \$46,500 judgment against him, but a State Supreme Court justice showed irritation at the failure of the Harlem leader to show up.

The judgment against Powell is held by Esther James, Harlem widow. About 13 months ago a jury awarded Mrs. James \$211,500 damages because Powell in a 1960 television broadcast called her a "big woman"—a graft collector—for police. The Appellate Division reduced the award.

Powell has neither paid the \$46,500 judgment nor submitted to a court-ordered examination of his assets to determine whether he can pay it.

Supreme Court Justice Arthur Markewich has ruled Powell in contempt for failing to appear.

Powell's attorney, George D. Covington, said Wednesday the press of Powell's congressional duties prevented him from responding to an order to show

cause why he should not be arrested.

After an hour's hearing, Justice Thomas C. Chimera reserved decision on ordering Powell's arrest.

Covington told the court: "The defendant has indicated, to my honor, that he will appear."

"He will appear," snapped Chimera, "but when?"

"What about his good faith? Will he come in tomorrow, the next day or next week?"

"The fact of the matter is, no one is asking the congressman to do any more than any other

judgment debtor is required to do."

Covington said Powell had traveled to Puerto Rico on Fridays and Saturdays and flown to New York on Sundays to preach at his Harlem Abyssinian church.

Justice Chimera asked why the court examination of Powell's finances could not take place on a Saturday. Covington said Powell "had duties to his parishioners" on that day.

"You mean in the nature of a sermon?" said the justice, adding:

"Congressman Powell is one of the most prolific ad libbers in the history of politics. I don't think he needs much preparation of a sermon."

## Tour Still On

## Knott 4-H Club Meets Monday

KNOTT—The Knott 4-H Club Monday heard a talk on "How Big is America?" by Mary Don Shaw. This was followed by a demonstration on how to wrap water pipes with electric heat tape, given by James Haston and Lawrence Long.

Mike McClain opened the meeting and led the group of eight members and five

adults in the 4-H motto. A called meeting will be held at 7:30 p.m. May 11, at the Knott school, to decide on a design for a float to be entered in the rodeo parade in Big Spring.

Mrs. Roy Black Jr. checks the church program as she helps to prepare for the special Mother's Day services at the First Christian

Church. As wife of the minister and busy homemaker she truly combines the home and church for her family.

## Mrs. Black Combines Church, Home Duties

Mother's Day will be a special event for Mrs. Roy Black Jr. She will serve in her role as wife of the minister of the First Christian Church in helping to prepare for the special services held in the church on that day.

In accordance with church custom, awards will be presented to the oldest mother, the youngest, and the mother with the largest number of children in attendance at the morning service. Mrs. Black, who works in the church office five afternoons a week, has been assisting her husband in planning the event.

The rest of the day will be a leisurely one. Rev. Black and their daughter, Jean Ann, will treat mother to a meal at the restaurant of her choice. Rev. and Mrs. Black will be wearing the customary red rose in honor of their mothers. Mrs. John Black Sr. and Mrs. J. H. Neal, both of Durant, Okla.

Mrs. Black's homemaking chores are naturally channeled around the activities of the church, and her normal schedule on Sunday requires a bit of planning. Before services in the morning, she makes the noon day dessert and starts the meal. Roast is a Sunday favorite with the family and lends itself to easy preparation.

**EXPERIENCED**  
Cooking is no great task for Mrs. Black. She has had a great deal of experience in the culinary field. She was one of the oldest of six children and her mother began training her to cook early in life. Mrs. Black enlarged upon her talents when she majored in home economics at Southeastern State College, Durant, Okla., where she received her degree.

Another cooking chore that proves easy for this petite homemaker is the preparation of special foods for teas, receptions and church suppers. Experience again has been a great teacher, and in the past five years that the family has lived in Big Spring, many people have had the opportunity to taste her culinary delights.

Mrs. Black edits the church paper, takes an active part in the Ruth Circle, and finds time to garden at the home at 1505 Eleventh Place. A bit of sewing is usually on the machine at home and she makes many of the clothes she and her daughter wear.

In discussing her short cuts in homemaking she finds simple menus and shopping once a week are real time savers. When company comes, Rev. Black feels it is the time for charcoal steaks, abetted by baked potatoes and French bread. Thus, even company dinners are planned for a minimum of effort and a maximum taste treat.

The following recipes are some of Mrs. Black's favorites. She finds the punch very tasty for special occasions.

**BROWNIES**  
1 cup sifted flour  
1 tsp. salt  
1/2 cup butter or shortening  
2 eggs  
2 tps. baking powder  
2 cups brown sugar (1 box)  
2 tps. vanilla  
1 cup nuts  
Mix dry ingredients, add butter, eggs, nuts and vanilla. Pour into a greased and floured 10" x 15" pan. Bake at 350 degrees for 30 minutes. Cool before cutting.

**MINT PUNCH**  
2 cups sugar

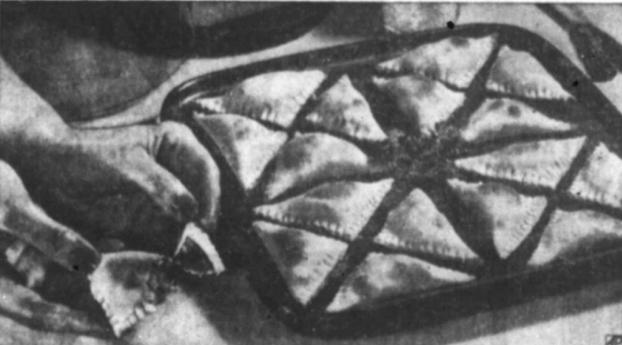

2 cups water  
1 lemon rind  
1 orange rind  
Handful of crushed mint  
6 lemons  
6 oranges  
3 pts. water  
1 qt. ginger ale  
Boil sugar and 2 cups of water for 10 minutes. Remove from fire and add lemon and orange peel and mint; cover and let stand 10 minutes. Strain. Add juice of 6 lemons, 6 oranges and 3 pints water. Add ginger ale just before serving.

**PINEAPPLE MARSHMALLOW SALAD**  
1 can Mandarin oranges  
1 small can flake coconut  
1 small can minted pineapple  
1 8-oz. pkg. miniature marshmallows  
1/2 pt. sour cream  
Mix lightly and cover. Chill overnight.

**ORANGE FRUIT CAKE**  
1 cup sugar  
1/2 cup shortening

1 egg  
1 tsp. vanilla  
1 cup raisins  
1 orange  
1/2 tsp. salt  
1 cup sour milk  
1 tsp. baking powder  
1 tsp. soda  
2 cups cake flour  
Grind raisins and orange and set aside one-third of mixture for icing. Cream sugar, shortening and egg. Add dry ingredients and milk to mixture. Add orange-raisin mixture last. Bake in 10" x 15" cake pan at 350 degrees for 30 minutes.

**ICING**  
2 cups sugar  
1 can evaporated milk  
1 cup butter  
Raisin-orange mixture  
1 tsp. vanilla  
Boil sugar and milk until it forms a ball; add butter and vanilla. When cool add raisin-orange mixture and beat until ready to spread.

**TASTY HOR D'OEUVRES**  
Pastry squares filled with a mixture of cheeses

## Try Turkish Pastry For Springtime Fare

Are you one of the cooks who wants a new recipe for hors d'oeuvre — a savory tidbit to serve at afternoon or evening parties or before lunch or dinner? Then here's something to try your hand at.

This recipe has come a long way. From Turkey via California and Illinois to our own kitchen in New York. Naturally a few changes were made in the transmission and testings, but here it is ready for your trial. If you are willing to spend the time that is needed for its making, you may find this hors d'oeuvre rewarding.

**SWISS CHEESE BORSERS**  
2 cups sifted flour  
1 tsp. baking powder  
1 tsp. salt  
1/2 cup milk  
1 egg (slightly beaten)  
1/4 cup melted butter  
2 tps. soft butter  
1 egg yolk  
1 tsp. water  
Swiss Cheese filling  
Into a mixing bowl sift together the flour, baking powder and salt. Add milk and egg; stir with a fork until thoroughly mixed. Stir in 1/4 cup melted butter, 1 tablespoon at a time. Turn dough onto lightly floured board and knead until smooth—3 to 4 minutes.

Shape into ball; cover and allow to rest 30 minutes. Roll dough on lightly floured board into 18-inch square. Spread with 2 tablespoons soft butter. Fold dough in thirds; press out excess air. Fold into thirds in the opposite direction; press out excess air.

Wrap and refrigerate 30 minutes. Roll dough into 18-inch square. Cut in 3 inch square. Place about 1 tablespoon of filling to one side of center on each square. Beat together the egg yolk and water. Brush edges of dough squares with egg yolk mixture. Fold one corner of dough square over to opposite corner. Seal edges firmly with fork tines. Brush with extra melted butter. Chill thoroughly.

**SWISS CHEESE FILLING**  
1/4 cup thinly sliced green onion  
1/2 cup finely chopped celery  
1/4 cup chopped parsley  
1 tsp. butter  
2 tps. Worcestershire sauce  
2 cups grated process Swiss cheese (about 1/2 pound)  
1/2 cup grated Parmesan cheese (about 2 ounces)

Cook onion, celery and parsley in butter just until onion is tender. Remove from heat; stir in Worcestershire sauce. Mix the Swiss and Parmesan cheese; stir well into vegetable mixture. Makes about two cups.

## Culinary Hints Aid To Better Cooking

Quick O'Brien potatoes: fry finely chopped green pepper and pimiento in butter or bacon fat and mix with hot cubed French-fried potatoes.

Add lots of sliced pimiento-stuffed olives to tuna fish, dress with mayonnaise, and you'll have a savory sandwich filling.

Souffles are best baked in dishes with straight rather than sloping sides.

No woman does her housework with real joy unless she is in love—and a woman may go on being quietly in love for fifty years almost without knowing it.

If you are planning to add mandarin oranges to a packaged flavored gelatin dessert, you can replace part of the water called for with some of the syrup from the oranges.

The word "nutrient"—often used nowadays—is a general term that refers to the proteins, carbohydrates, fats, vitamins and minerals which together nourish the body.

The production of meatier-type hogs is beginning to show results. For every 100 pounds of slaughtered hog in 1951, there was a yield of 14.2 pounds of lard, while in 1961 there were only 12.8 pounds of lard.

Add a sliced onion to French dressing and use as a marinade for lamb chops before pan-frying or broiling.

Frosted grapes make a delightful garnish for a steamed pudding. To frost, dip small clusters of grapes in beaten egg white and sprinkle with sugar. Allow to dry thoroughly.

You can buy small covered tin molds for those steamed puddings. Fine for quick reheating and individual servings!

When milk is used in yeast products, it enriches the color of the crust, adds moisture and richness and, of course, food value.

To braise meat means to brown it in a small amount of fat, then to cook slowly (simmer) in a small amount of liquid.

When you add anchovies to a salad—and they do wonderful things for mixed greens—go slow in adding salt because the fish will supply some of this seasoning.

## Take Tips On Treats

Two old fashioned recipes that will spark that coffee break for the girls some spring morning are these tasty treats. The youngsters like them too.

**ANN SERANNE'S MOLASSES LOGS**

2 1/2 cups sifted flour  
1/2 cup confectioners sugar  
1/4 tsp. salt  
3/4 cup butter  
1/2 cup molasses  
2 tps. vanilla  
1 cup chopped nuts  
Blend flour, sugar and salt. Cut in butter. Stir in molasses and vanilla until dough is smooth. Chill dough for at least one hour. Break off small lumps of dough and shape into "logs" about 3 inches long.

Roll in chopped nuts and arrange on ungreased cookie sheet. Bake at 325 degrees for 15 minutes. Makes 3 dozen 3 1/2-inch logs.

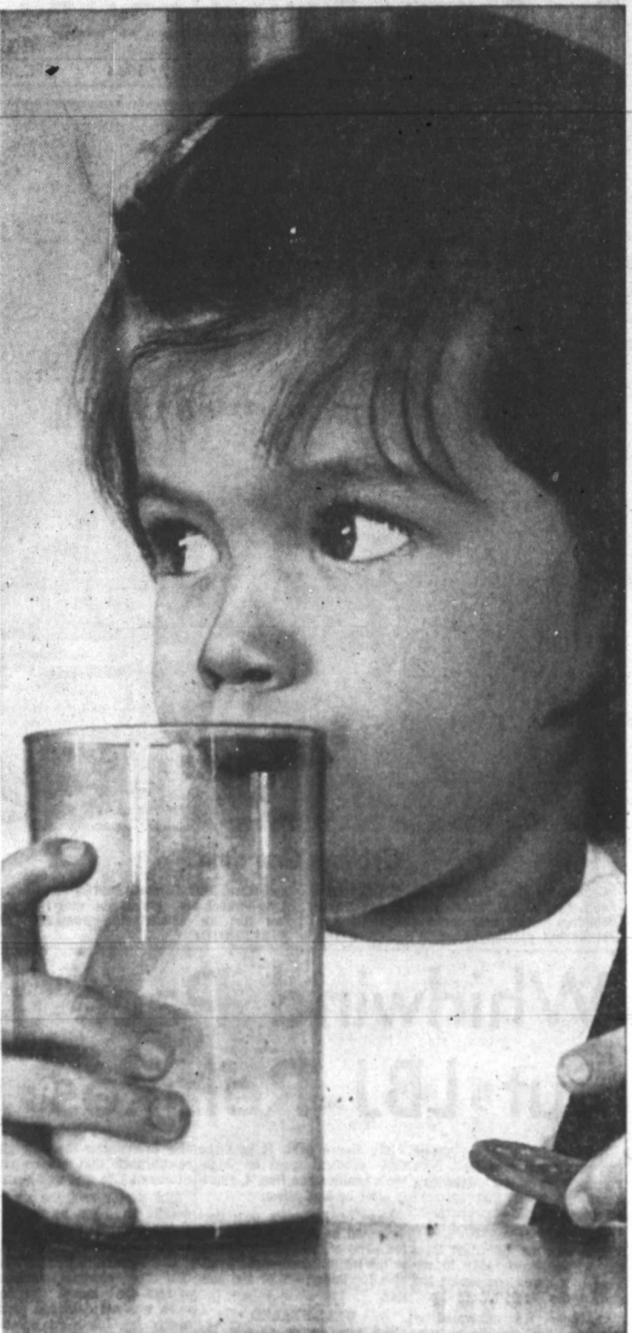

**OLDTIME OATMEAL COOKIES**

1 cup sifted flour  
1/4 tsp. each baking soda and salt  
1/4 tsp. each cinnamon and cloves  
1 cup regular (not quick cooking) rolled oats  
1/4 cup each lard and butter  
1/2 cup sugar  
1 large egg  
5 tps. milk  
1/2 cup each finely-cut dates and halved raisins

Sift together the flour, baking soda, salt, cinnamon and cloves; stir in the rolled oats. Cream the lard, butter and sugar; beat in egg thoroughly. Stir in the sifted ingredients, milk, dates and raisins. Drop level tablespoonfuls, about 2 inches apart, onto a greased cookie sheet.

Bake in a moderate (350 degrees) oven 8 to 10 minutes or until lightly browned. Remove with spatula to wire rack to cool. Store in tightly covered container. Makes about 2 1/2 dozen.

Note: Rinse raisins in hot water and drain before cutting.

MRS. DAVID W. SLY

## Miss Harrell Weds In Courtney Church

STANTON (SC) — Miss Hazel June Harrell of Midland and David W. Sly of Midkiff were united in marriage Monday evening during a double ring ceremony at the Courtney Baptist Church. The Rev. J. R. Williams officiated.

## 1953 Club Installation

Mrs. Jerry Spence was presented a silver bowl when she entertained the 1953 Hyperion Club at a spring luncheon at her home at 1709 Yale. Mrs. Spence was honored as the outgoing president of the group.

New officers installed were Mrs. Jack Haralson, president; Mrs. John Hogg, vice president; Mrs. Harold Davis, recording secretary; Mrs. Harrol Jones, reporter; Mrs. Jimmy Ray Smith, corresponding secretary; Mrs. James Duncan, treasurer; and Mrs. Spence, parliamentarian.

Posters that had been made by the members were displayed, and will be distributed to advertise the Festival of Light Music scheduled May 16-18. Mrs. Davis, project chairman, stressed that the program was selected for family entertainment. Fifty dollars donated by the club was accepted by the student exchange program under way at the Big Spring High School.

# Garden Club Officers Installed At Luncheon

Mrs. Garner McAdams became president of the Big Spring Garden Club as new officers were installed following a luncheon Wednesday in the Gold Room of Big Spring Country Club. Mrs. J. E. Hardesty worded the invocation.

Serving with Mrs. McAdams will be Mrs. Clyde Angel, first vice president; Mrs. A. C. Bass, second vice president; Mrs. George McAllister, recording secretary; Mrs. J. C. Pickle, corresponding secretary; Mrs. Hayes Stripling Sr., treasurer; Mrs. Norman Read, parliamentarian; and Mrs. D. S. Riley, council representative.

An honored guest of the club, who served as installing officer was Mrs. O. R. Littell of Odessa, district governor. In stressing the importance of each officer, Mrs. Littell described a chain of power and presented each officer with a link made of satin ribbon. The completed chain was fastened with a nosegay received by Mrs. McAdams.

Mrs. Littell was attired in a lavender knit suit and wore a corsage of pink carnations. In introductory remarks, Mrs. J. E. Hogan, retiring president, asked Mrs. J. I. Balch to model a special hat. The chapeau was styled as a gift box and represented the club's recognition at a recent Austin meeting. Chairman of the Christmas wrap committee is Mrs. Allen R. Hamilton, who was unable to be present.

Mrs. Hogan called on Mrs. Read, who provided irises for table arrangements, to identify various specimens. Mrs. Read explained that the flowers had been hardened and the stems dipped in candle wax to preserve their freshness.

A called meeting will begin at 10 a. m., May 15, in the Hogan home to complete business before the club. Mrs. Hogan yielded the presidency to Mrs. McAdams who expressed her appreciation to the club.

## 1946 Hyperions Install Officers At Luncheon

Officers of the 1957 Hyperion Club were installed at a spring luncheon held Wednesday at the Big Spring Country Club with Mrs. Delaine Crawford in charge of the ceremony.

Following a theme developed around periodical covers the new officers duties were presented. Those taking part were Mrs. Rene Brown, president; Mrs. Jerry Jenkins, vice president; Mrs. E. H. Boullion, recording secretary; Mrs. Gil Gilgold, corresponding secretary; Mrs. Jack Cook, treasurer; Mrs. C. W. Shouse, parliamentarian; and Mrs. Dean Armstrong, reporter.

Mrs. Bennett Brooke spoke of the school bond issue and told of the expansion plans being considered. Mrs. Edwin Ballard was awarded the centerpiece that decorated the refreshment table. It was an arrangement of white carnations and yellow gladioli that carried out the club colors.

Twenty members were present.

## Volunteer Aid Noted

The Mary Zinn Circle of the First Methodist Church met Tuesday afternoon in the church parlor to continue the study of the role of Christian women. A panel session was conducted in connection with volunteer time and service.

Mrs. H. H. Stephens was the program leader and introduced Mrs. Harwood Keith who outlined the work of volunteers within the church. Mrs. T. G. Adams discussed related organizations, and Mrs. Felton Smith noted work outside the church.

Mrs. W. A. Miller reported the unlimited possibilities for the volunteer, and Mrs. W. A. Laswell gave the meditation.

Mrs. Anna Vastine and Mrs. J. A. Wright served refreshments to 12 members.

## Leaguers Make Gift Corsages

Corsages were made by 19 members of the Ladies Home League of the Salvation Army who met at the Citadel Wednesday for a regular workday. The corsages will be presented as Mother's Day gifts to patients in three local convalescent homes.

Table favors were made which will be used at the Home League summer camp in Midlothian. Sixty of the favors were made with plastic scouring pads which were centered with yarn pompons.

Mrs. Jerry Stevens gave the devotion, Mrs. R. L. Holder led prayers and Mrs. J. R. Kirby conducted a brief business session.

## California Family Visit Seals Home

Mr. and Mrs. James Stephens and Mabelle of Lawndale, Calif. are visiting relatives and friends in the city. They are the house guests of her parents, Mr. and Mrs. W. V. Seals, 809 W. 15th. The two families visited Tuesday in Winters with Mrs. Seal's parents, Mr. and Mrs. M. T. Bridwell. Stephens will return home Saturday and his wife and daughter will remain for a month's visit.

Spring State Hospital which was planted by local gardeners, is presently planning the landscaping of two new homes here.

He showed slides to illustrate his talk, "West Texas Gardens." Bartos concentrated on design, stressing its importance and emphasizing the necessity of continuity from house to garden. The complete picture can be achieved, he said, by the proper use of walls, fences, pools and patio surfaces.

The speaker said that fences are of prime importance and should be selected with care. However, if a mistake is made, it may be camouflaged with vertical slats of redwood or cedar or covered with vines. He listed two coverings good for this purpose, wisteria and Lady Banksia rose.

Bartos said that color in the garden should not clash with that used in the house and that this should be considered before purchasing plants or trees. Two trees that he suggested for this area are live oak and sunburst honey locust, which has a yellow tone. His opinion was that patio surfaces and decorative pools could add to the charm of gardens if they blended with the whole.

Bartos concluded by saying that outdoor lighting can be an aid to garden beauty if it is used well to highlight certain areas or create interesting shadows.

Luncheon guests were Mrs. Jack Johnson, Mrs. Jimmy Greene, Mrs. George E. Lowke, Mrs. Max Milam and Mrs. Jo Bright. Preparations for the luncheon were made by Mrs. Read and Mrs. John B. Knox.

Mrs. Roy Watkins used the national P-TA prayer as a devotion.

The guest speaker was Harold Talbot, a member of the school board, who explained the proposed school bond issue. Also, Mrs. J. H. Homan gave highlights of the recent spring conference. Mrs. McCann presented "Education for Family Living" certificates.

Mrs. Cartis McCartney, retiring president, expressed appreciation to the group and presented a gift to Mrs. McDonald. Mrs. McCann presented a past president's pin to Mrs. McCartney and introduced the executive committee chairman.

Mrs. Watkins, vice president, introduced guests, Mrs. Roy Ray, city council president, and Mrs. Alvie Cole, District 16 president from Sterling City.

Refreshments were served to 35 by Mrs. Alden Ryan and Mrs. Leonard Hanson.

## 4-H Sewing Group Construct Skirts

The construction of skirts was begun Tuesday when the Gay Hill Sewing Group No. 1 met Tuesday at 4:15 p. m. in the home of Mrs. G. W. Murphy, Luther. The junior leader is Jane Murphy.

Participating on the program, which concerned measuring and cutting the skirt lengths, were Brenda and Sherry Jackson, Susan Underwood and Annette Couch.

Refreshments were served by Ruby Nell Murphy. The next meeting will be May 18 in the Murphy home when Darla Buchanan will serve as hostess.

## WCSA SETS TRAINING

The Big Spring District Officers Training Day for the Woman's Society of Christian Service will be held Friday from 9 a. m. to 12 noon at the First Methodist Church. All new officers are urged to attend. Coffee will be served from 9 to 9:30 a. m.

## School Bond Issue Discussed At P-TA

Mrs. R. B. G. Cowper outlined the five and one half million dollar school bond issued for the community and urged attendance at the planning session to be held Tuesday at 8 p. m. at the senior high school. She spoke at the Tuesday's session of the Park Hill Parent-Teachers Association.

New officers installed by Miss Mary Foreman were R. H. Weaver, president; Mrs. E. H. Boullion, vice president; Mrs. Robert Coleman, secretary; and Miss Conita Jernigan, treasurer.

Mrs. Joe Moss, presiding officer, named the auditing committee who are Wendell Huddleston, Mrs. Jack Gulley and Mrs. Martin Anderson.

Huddleston presented certificates to a group of parents who took the course, "Education For Family Living." Also, he presented certificates to the retiring officers.

Mrs. M. A. Porter worded the

devotion, and Mrs. Jerry Gilley was introduced as the new sixth grade teacher. Mrs. Martin Landers' sixth grade class won the room count.

Refreshments were served to 35 members by the executive committee. The table was laid with a white lace cloth and held an arrangement of spring flowers.

Mrs. Charles Graham, worthy matron, presided at the business session, and reported eight calls to the sick had been made. Mrs. J. A. Magee served refreshments to 39 members.

Mrs. Ernest Welch, president; Mrs. William McRee, vice president; Mrs. J. D. Pope, secretary; and Mrs. D. A. Sellers, treasurer.

Certificates of appreciation were presented by Mrs. R. T. Newell to the outgoing officers. A group of students gave a musical program with folk dancing under the direction of Mrs. Alton Cook and Mrs. C. B. Underwood.

Refreshments were served to thirty parents and teachers.

Parents of children in the Special Education School heard plans for the organization of a council for retarded children Tuesday evening. Wade Whitley, vice president of the Texas Association for Retarded Children, Foy Aldridge, Jack Hollis and Mike Cooley presented the details.

New officers chosen for the parent-teacher group are Mrs. Ernest Welch, president; Mrs. William McRee, vice president; Mrs. J. D. Pope, secretary; and Mrs. D. A. Sellers, treasurer.

Shown Costume

Mrs. A. F. Taute, right, admires the costume worn by Mrs. R. E. Drinnen, a native of Panama. Mrs. Taute is honorary president of the International Wives Club which honored her Tuesday evening. Fourteen countries were represented by the 20 attending the social meeting.

## International Wives Honor Mrs. Taute

Mrs. A. F. Taute, honorary president of the International Wives Club, was a guest of the group at a meeting Tuesday evening.

The women gathered in the Blue Room of Cosden Country Club where hostesses were Capt. Jo Sasahara, Mrs. Domingo Fernandez and Mrs. Teresa Saucedo.

Four members who appeared in costumes native to their homeland were Mrs. D. W.

Austin, Mexico; Mrs. Al Valdez, Cuba; Mrs. Fernandez, Spain; and Mrs. R. E. Drinnen, Panama.

During the social hours, films and slides of various countries and recent club activities were shown by R. E. Drinnen. Prizes were awarded to Mrs. L. Williams and Mrs. Sam Mellinger.

Refreshments were served from a white linen covered table, silver appointed, and centered with an arrangement of spring flowers. Mrs. Taute, attired in a fuchsia suit, was presented a corsage of white carnations.

The club will have a costume rehearsal this evening at 7:30 o'clock in the home of Mrs. Mellinger, and the next regular meeting will be June 1 in the Community Room of First Federal Savings and Loan building.

Membership is open to any woman from a foreign country. Those interested in joining the club are requested to call Mrs. Drinnen at AM 4-7947.

## Gift Shower Held For Bride-Elect

Miss Charlotte Buchanan, bride-elect of Jimmy Norman, was honored at a gift shower Tuesday evening in the home of Mrs. E. F. Henderson, 1108 Lancaster.

Cohostesses for the pre-nuptial courtesy were Mrs. A. V. Lewis and Mrs. Harold Graves.

The honoree, attired in a yellow and white knit suit, was presented a corsage of yellow carnations.

Mrs. Graves and Mrs. Lewis served refreshments from a table spread with a yellow linen cloth and centered with an arrangement of yellow daisies. While milk glass appointments were used in serving petits fours and heart shaped sandwiches.

Twenty-five guests attended and viewed gifts displayed around a white umbrella covered with white net and satin ribbon. The couple plans to be married June 5.

# Another 80th Party For HST

KANSAS CITY, Mo. (AP)—There was another 80th birthday party Wednesday for Harry Truman—this one by the men who were his friends on the climb to the presidency of the United States.

They gathered, as they do each year in Kansas City, to honor the one-time farmer, hard-dasher and county judge who remained their neighbor even when his address was the White House.

Truman's birthday is Friday. But he'll be in Washington then for a couple of more parties. The first was last Friday as a tribute by the nation's farmers.

At the annual luncheon, there is a basket lettered on the side with each year, the current one being crossed off. In a ceremony now more than 20 years old, guests drop in birthday cards for Truman to peruse later.

There always are distinguished guests. Lyndon B. Johnson, then vice president, was here two years ago. He said at that time: "When you have to hire a hall to give a man a birthday party, the occasion sort of speaks for itself."

The guest list included Constantine A. Stavropoulos, under-secretary and legal counsel of the United Nations, the personal representative of Secretary-General U. Thant.

Others included Gov. Frank Morrison of Nebraska; former Gov. Herschel C. Loveless of Iowa; Rep. Richard Bolling, D-Mo.; and Charles Murphy, un-

# Belli Predicts Hospitalizing

NEW YORK (AP)—Attorney Melvin Belli says Jack Ruby, slayer of President Kennedy's accused assassin, will be committed to a Texas mental institution.

The San Francisco attorney who defended Ruby at his murder trial in Dallas said he had heard from "an absolutely unimpeachable source" that a state psychiatrist "slipped in to see Ruby and examined him."

The Texas psychiatrist, Belli added, found Ruby insane. He said slipping into Ruby's cell was illegal but added that the state soon will move to have the former Dallas night club operator committed as a "psychotic depressive."

Ruby is under death sentence for the murder of Lee Harvey Oswald. He has been held in the Dallas County jail since his arrest on Nov. 24, 1963, seconds after he shot Oswald.

Belli was chief defense counsel at the month-long trial which ended March 14.

After the jury condemned the 53-year-old former Chicagoan to death, Ruby and his family dismissed Belli. The conviction currently is on appeal.

Belli spoke to New York newsmen after appearing before a committee of the New York Criminal and Civil Courts Bar Association.

He told the bar group that Ruby did not receive a fair trial before Judge Joe B. Brown in Dallas. Belli tried to have the trial moved from Dallas County.

# Revenue Fund Deficit Erased

AUSTIN, Tex. (AP)—A \$38.4 million general revenue fund deficit has been wiped out by the collection of \$40.3 million in taxes since April 30, state treasurer Jesse James says.

"We are now in a position to make immediate payment on all general revenue warrants as they are issued and have called for payment of all the warrants now held by banks throughout the state," James said Tuesday.

A spokesman for the state treasurer's office said the fund has had a deficit since Dec. 12, 1963. During 1963, he said, the fund moved in and out of the red.

He said receipt of franchise tax payments, due May 1, erased the deficit.

# Coastal Highway Study Ordered

AUSTIN, Tex. (AP)—The State Highway Commission has ordered a transportation study for the Alvin-Houston area of Brazoria and Harris counties.

The study would locate a new highway to serve the area. The commission said the Alvin area's growth rate will increase pressure on present highway facilities.

The commission also approved widening of a 14.7-mile section of U.S. 62 and 385 in Gaines County to a four-lane divided highway at an estimated cost of \$700,000. The project is from one mile south of Seagraves to .3 mile north of Seminole.

# Attends Institute

Grover C. Shaunty, chief of social service work at the Big Spring Veterans Administration Hospital, is in Waggoner, Okla., attending the second annual Hospital Supervisor's Institute sponsored by the National Association of Social Workers. His attendance at the institute is in anticipation of the renewal of the training program for graduate social work students at the local hospital during the coming year.

# Russian Says Africa Now Burning At Colonization

MOSCOW (AP)—President Leonid Brezhnev said Wednesday Africa has turned into a volcano, and its soil is "burning beneath the feet of the colonizers." Speaking at a farewell rally in the Kremlin for Algerian President Ahmed Ben Bella, Brezhnev described Algeria as an inspiration for those still fighting for independence. He said Algeria's "Revolutionary banner is fluttering proudly over the vastness of Africa as

# Junior Rodeo Dates Set

The Howard County Annual 4-H Club Junior Rodeo will be staged in the Rodeo bowl west of town on the nights of August 6, 7 and 8.

Howard County 4-H Club Council, in a meeting Tuesday night, elected new directors for the Junior Rodeo Association.

The group also named its adult leaders for the 1964 sea-

son. New rodeo board members named are Bob Saunders, Bob Adkins, Robbie Haney, Sharon Harrison, Mark Barr and Mack Frazier. Adult leaders elected are R. W. Harrison, M. H. Boatler, R. E. Haney, E. G. Mann and James Barr.

The county-wide meeting Tuesday night was presided over by Bob Adkins, 4-H Club Council president. He conducted the election for directors and adult leaders.

Three teams of 4-H Club members who are to compete Saturday in the Lubbock district elimination contests presented

demonstrations they will perform at the district meeting. Winners at the district meet will attend the annual 4-H Club roundup at College Station later this summer.

# Pays Dividend

AMARILLO — The Board of Directors of Pioneer Natural Gas Company, at a meeting held Tuesday, declared a quarterly dividend of 29 cents per share on the outstanding common stock, payable June 4, 1964, to stockholders of record on May 22, 1964.

## Teddy The Terrier Gets Obituary On Front Page

STEPHEN, Minn. (AP) — Not many dogs get a front-page obituary, but Teddy did.

There were those who claimed Teddy could talk, having mastered guttural sounds which were identified by his admirers as "hello" and "hamburger."

There was no argument that the black and white terrier was a town favorite that loved to mingle with the folks downtown and especially the youngsters.

It was owned by the Archie Dipples. Mrs. Zippie set out in 1957 to try to teach Teddy to talk and in two weeks claimed a two-word vocabulary for the pooch.

Whether it understood the word or not, it was hamburger that was Teddy's undoing. Teddy ate some a few days back that had been laced with arsenic and set out for rats.

The weekly Stephen Messenger saluted Teddy in a front

page story.

Editor Frances B. Swanson wrote:

"So Teddy is gone. But Main Street has benefited from those nine terrier years. We've shared countless chuckles, we've known more interesting moments, we've felt a lift from prancing terrier feet and wagging stump of terrier tail, all because of Teddy."

### Truman Accepts

ATLANTA (AP) — Former President Harry S. Truman has accepted an invitation to speak at the Democratic party's annual Jefferson-Jackson Day dinner in Atlanta May 28.

## Clean-Up Drive Begins Friday

LAMESA (SC) — The annual Lamesa Clean-up Campaign gets in full swing here Friday with a 48-hour effort aimed at conducting extensive clean-up drives at residences and businesses.

Over 4,000 campaign buttons have been distributed to Lamesa students to emphasize the campaign. In addition, several large banners and 75 student campaign posters have been placed in the downtown area. Service stations will distribute

litter-bags throughout the campaign.

Women's clubs, Girl Scouts and P-T-A members will distribute Thursday evening "check-lists" to every home in the city. The check-lists will serve as guides for the campaign and include valuable information on street paving requirements.

## Executive Dies

NEW MILFORD, Conn. (AP) — Edward Carlton Ketcham, 85, retired vice president of the Crossett & Dunlap publishing firm, died Wednesday after a long illness.

## Freeman Calls Meeting On Depressed Cattle Prices

WASHINGTON (AP) — Secretary of Agriculture Orville Freeman has summoned an advisory committee to a two-day meeting here May 18-19 to consider action to bolster depressed cattle prices.

Freeman asserted the Johnson administration is deeply concerned over the cattle situation. Prices have dipped to the lowest level in 18 years. Many cattlemen report they are losing money. The low prices have brought demands from cattlemen that imports of meats be

cut back sharply.

The 22-member committee was appointed by Freeman in March. It has producers, processors, packers, consumers and department men.

After the first meeting of the committee late in March, the department began a beef purchase program, hoping to bolster producer prices of cattle. So far the government buying has brought no upturn in prices. The meat is being donated to needy persons and the school lunch program.

The department asserts that over-expansion in cattle production is to blame for the price trouble.

Administration leaders, however, are concerned about the possible repercussions of the low prices in this year's elections in cattle states.

"No one should underestimate the importance of the beef industry to the national economy," Freeman said. "Beef cattle accounts for one-fifth of the total cash receipts received by farmers."

Freeman said the advisory committee will be expected to report on conditions in their areas and suggest actions the government could take.

The secretary said his department is working with the food industry to encourage increased consumption of beef. He said reports of 8 to 25 per cent increases in beef sales show that consumers are responding to lower prices and to stepped-up merchandising efforts.

## McNamara — 'Cuba Flights To Continue'

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara said here the United States will continue to fly aerial reconnaissance missions over Cuba whether or not the Soviets turn over to Cuba the anti-aircraft missile batteries they installed.

Any such transfer of control "will not affect our need for our plans for aerial reconnaissance," McNamara told the Advertising Council.

He stressed that the United States, under both Presidents John F. Kennedy and Johnson, stated very clearly "that we must have satisfactory inspection of Cuba to be sure that offensive weapons such as ballistic missiles are not introduced in that country."

In the absence of on-site inspection, McNamara said, the United States must fly aerial reconnaissance over Fidel Castro's country.

As for future prospects in Cuba, McNamara said that in view of the police state methods which have been applied to the population, he does not believe "we can expect any internal revolt in Cuba."

He covered a wide range of subjects in a brief talk and a question and answer session: Viet Nam: "It is a very serious situation" but he expects to start seeing some improvement in the next few months. "It's going to be slow. It can't be won quickly—no guerrilla war ever has been."

Red China: Because of agricultural and economic problems and a lack of aircraft spare parts, he does not expect Red China to be a first-class military power for "many, many years."

Spending: The cost reduction program aimed at reducing operating expenses \$4 billion a year by 1967 is on schedule. If the economy program continues to do as well "we can expect our defense budget at least in relative terms to decline in future years."

## Hot Spell Hits Mexican Cities

MEXICO CITY (AP) — The hottest spell of the year, with temperatures in the low 90s, continues to grip Mexico City. Mercury readings were even higher here than in Acapulco, the resort city.

One result has been a jump in the prices of fruit and vegetables.

Officials predict more hot weather, and newspapers warned of an epidemic of nose, ear, throat and stomach disorders.

## Malaysia Leader

KUALA LUMPUR, Malaysia (AP) — Zulkifli Bin Muhammad, most powerful opposition leader in Malaysia's Parliament, was fatally injured Wednesday in a head-on auto collision near Kuantan. Zulkifli's wife, Ustazah Aishah, also was killed in the crash.

## A Devotional For The Day

He led them out as far as Bethany, and lifting up his hands he blessed them. (Luke 24:50. RSV.)  
PRAYER: O God, we thank Thee for knowledge of Thee which we have through Christ, Thy Son. Forgive us our sins, shortcomings, and neglect. Through the Holy Spirit, strengthen us for discipleship that counts. In Christ's name. Amen.

## Indifference

About two months ago 38 of her neighbors heard Catherine Genovese cry for help as she was stabbed to death in a quiet Queens neighborhood. None of them bothered to help or send for help. They did not want, they said, to get involved.  
Cries of shame went up in many quarters, but there was some rationalization and justification of these people on the grounds that those who do get involved often come out second best for being good citizens.  
And so the incident passed.  
Or so it seemed.  
Tuesday a nude girl ran screaming down the stairway of the Bronx office building where she had been raped and stripped by her attacker. About

20 persons were attracted by her cries for help. They rushed to the doorway of the building, but none made a move to help her. She fell on the last few steps to the first-floor landing, where her attacker pounced on her, wrapped his jacket around her and tried to force her back up stairs. Again she screamed for help.  
And again the crowd, grown to about 40 people, stood silent and immobile, deaf to her desperate pleas.  
This time two policemen, drawn by her screams, arrived on the scene. They had to push back the crowd to get to the hysterical girl.  
What a sad, sad commentary on our times and on ourselves.

## Two Sides

Pesticide manufacturers argue that a great deal more study is needed to determine if such potent agricultural chemicals as endrin, dieldrin and aldrin are responsible for massive fish kills in the lower Mississippi River Valley.  
The argument is sound. Biologists have found traces of endrin, for instance, in the bodies of dead fish, and residues of the same chemical in the mud bottom of the lower Atchafalaya and Mississippi rivers. The amounts detected in dead fish are presumed

by biologists to be lethal. Yet proof of this is lacking. Further intensive research is needed and is under way.  
But the argument of pesticide manufacturers can be turned around and this question asked: Isn't it safer to assume that endrin, dieldrin and aldrin are dangerous to fish and other beneficial animals, as well as dangerous to human beings, until it can be proved that these chemicals are harmless to animal, fish and human life? A penetrating look at both sides seems in order.

### The Cops And The Angels

WASHINGTON — As Governor George Wallace, Democratic candidate for President, travels the country, snubbed by his party's Establishment and reviled by race rioters, he always picks up an unrepented band of well-wishers—the local policemen.  
The metropolitan police forces of the land are, of course, non-partisan, but they are very much on duty when he's around. They are citizens whose daily duties have to do with the criminal classes, the disturbers of the peace and the anti-social elements. Many a cop, in many a city, I have learned from Wallace's staff, and from a limited personal observation, will slide up to the Governor to wish him good luck and to ask for his autograph.

FEW POLICEMEN, I suppose, have read H. R. 7152, and still fewer have any partisan feeling for the jaunty, sharp-witted Alabamian, but their practical experience with Civil Rights, and the Governor's personal and Constitutional objections, come down on the same side. The loutish demonstrators like those at the World's Fair, whom the New York cops handled a little roughly, are the natural enemies of lawkeepers as well as of Wallace. Civil disturbance has made strange bedfellows.

IN WASHINGTON last week, Wallace made another comrade-of-the-road—metaphorically speaking—in Catholic Bishop Fulton J. Sheen. Some of us who heard them both testify before the House Judiciary Committee would have a hard time saying which man made the better argument against the Supreme Court's decisions which have banned prayer and Bible reading from the public schools.  
The Bishop said that the Court had exceeded its authority, since the "right" to pray was not subject to human permission, much less the permission of appointive Justices. The Governor, from a much less spiritual viewpoint, found the Court up to its old mal-practice of "legislating." Entering the discussion from separate doors, the priest and the politician emerged through the same portal, figuratively speaking.

THESE TWO examples—the lawmen and the Bishop—go a way toward explaining where Wallace draws his support in States far from Alabama, and why he is scaring the daylight out of the established Democrats.  
People are not inclined to be satisfied at the sight of Democratic leaders publicly wringing their hands over the whirlwind which their encouragement of Civil Rights demonstra-

Unless you have reason to, don't blame yourself. The Bible says: "Bring up a child in the way he should go, and when he is old he will not depart from it." Your son is young. He has a lot to learn. In all probability he will never completely get away from his early training—in fact, the Bible says he never will. "When he is old," says the Scripture, "he will not depart from it."  
Monica, the mother of St. Augustine prayed for years for her son. It seemed that he went deeper into sin as the years went by, but finally he could resist his mother's prayers and Christian example no longer, and yielded to Christ. Don't despair!

### Viet Nam Look-Sees Setting New Record

WASHINGTON (AP) — The sour war in Viet Nam is baffling American officials but, in trying to figure it out, they must be setting a record for think-talks and look-sees.  
Now President Johnson is sending Defense Secretary Robert S. McNamara hustling back to Viet Nam again for another look, his fifth in 12 months, plus five he made to Honolulu for conferences on how to win the war.  
Squads of other officials have been over to one or both places, including Gen. Maxwell Taylor, chairman of the Joint Chiefs of Staff, President Johnson when he was vice president; and Atty. Gen. Robert F. Kennedy. Johnson and Kennedy made Viet Nam a stop on their world tours.  
THE WAR itself has been going from bad to worse, making the optimism of some of these eminent American visitors look a little incredible in retrospect.  
This is a list of the trips and the sayings:  
January, 1962 — McNamara's first trip to Honolulu for an American military conference on Viet Nam. He came away saying he felt "encouraged."  
February, 1962 — McNamara announced a new U.S. military command in Viet Nam and flew back to Honolulu for another conference.  
February, 1962 — While McNamara was in Hawaii, Robert Kennedy was in Viet Nam saying "we have great confidence in President Diem."  
MAY, 1962 — McNamara took his first plunge into Viet Nam and left saying he felt "tremendously encouraged."  
July, 1962 — Despite his encouraged feeling, he went to Honolulu for another think-talk with the U.S. military. He came away a little gloomier, thought now winning in Viet Nam might "take years rather than months."  
September, 1962 — This time Taylor to Viet Nam. He told reporters the "Vietnamese are on the right track." If so, they sure got off it later.  
June, 1963 — By now Viet Nam was in emotional flames made bright by Buddhist monks protesting Diem's treatment. Kennedy sent Henry Cabot Lodge over as ambassador to see what he could do.  
SEPTEMBER, 1963 — McNamara and Taylor back to Viet Nam. On their return they reportedly told a Senate committee: "We are winning out there" and things "are progressing very well on both the military and political fronts."  
November, 1963 — This was the month in which McNamara and Taylor may have wished they hadn't made that statement in September. Diem and his brother were assassinated. President Kennedy was slain in Dallas, and the new President Johnson said he would carry on Kennedy's program, in Viet Nam.  
Just two days before Kennedy's killing, McNamara, Taylor and a whole raft of top officials were in a Honolulu talk-think on Viet Nam.  
DECEMBER, 1963 — McNamara back to Viet Nam. Once more: "Optimistic."  
January, 1964 — The military junta which got rid of Diem was thrown out by Maj. Gen. Nguyen Khanh, who took charge.  
March, 1964 — McNamara back to Viet Nam. Not so sunny this time, said "the path to victory may be hard." And no wonder.  
Last weekend Red frogmen were credited with sinking a U.S. aircraft ferry.  
May 6, 1964 — Johnson announced another McNamara trip to Viet Nam.

### 'World' Claim Challenged

NEW YORK (AP)—Is it really the World's Fair?  
Michelangelo's "Pieta" is there. So are Goya's two flawless "Maja" paintings from Spain, the white pristine minaret and a 1,200-year-old delicate fresco from the Sudan and the architectural gem of a dynastic Chinese temple.  
These—coupled with rum and wildly decorated straw hats—enrich a fairgoer's jaunt to the international section of the New York World's Fair.  
BUT A VISITOR—perhaps a bit fatigued after strolling through 139 exhibits—can also ponder: Where are the others? The "cheers" from Great Britain, the "Mona Lisa" smile of the French government, the sweets of Damascus, Syria, or a sign that reads: "From Russia, with love."  
Why aren't they here? "No money," is the explanation of some countries. Other nations say the fair isn't "official."  
"We planned to come. But later the Cabinet decided we couldn't possibly afford it," a spokesman for Turkey said.  
AT THE MOMENT a square foot of Flushing Meadows rents for \$3 a year, compared with the \$1.10 of the Hannover, Germany fair. In the 1939 New York fair, no foreign government paid space rental for pavilions smaller than 10,000 square feet.  
This year the rent for the Belgian pavilion—the largest of all foreign entries with 164,811 square feet—is nearly half a million dollars.  
To economize, Austria building at home. The Sierra Leone pavilion was constructed so it can be shipped to Africa for use as a public building when the fair closes in 1966.  
GREAT BRITAIN and 30 other nations, including the Western European countries, didn't enter the fair since the lawmaker of the world's "official" fairs in Paris ruled that the exhibit was not "official" but strictly private.  
The Bureau of International Expositions so advised its 31 members.

better from the number of "takes" when we revaccinate older people.  
Sanitation has nothing to do with this. The countries you name HAVE had smallpox outbreaks, and recently, and we don't want it here if it can be prevented.  
It doesn't make sense to me that people going to England, France, Germany, Austria, Switzerland, etc., must be inoculated. Such countries have the highest standards of hygiene and sanitation. Why not eliminate top countries from this law? — H. H.  
This preventive is aimed at smallpox, which over the centuries has been the most widespread of all the deadly plagues.  
The U.S. has been almost free of smallpox for a quarter of a century now, but let it be brought into this country and it will spread, because people have become ignorantly complacent. They think that because they had a vaccination in grade school they are safe. We know

## Around The Rim

### Refreshing Change Of Pace

With the primary behind us, television screens have returned to regular programming. In comparison, we could almost hope for another election of one kind and another to return some original entertainment to the screen. For even the poorest candidate often offered more entertainment, taking one with another, than the programs he replaced. And some of them were superb.  
AT OUR HOUSE, we quickly dubbed one of the candidates "Mickey Mouse." For the camera angles invariably made him appear a caricature of that comic. Add to this the fact that he paced up and down nervously, and he filled the bill. We enjoyed his programs immensely.  
Another candidate was a poor speaker and certainly unconvincing in almost everything he said. But it was amazing how he completely overlooked the facts in pushing his points, and wound up committing every evil he previously blamed on his opponent.  
AND ONE of the candidates was the spitting image of one of the old time tent revivalists, even down to calling on donations to help him stay in the race. He made every appeal imaginable, promising every faction everything under the sun.  
I don't recall even having seen quite so many exhibits by politicians. Pictures, clippings, checks, cartoons, and even sworn witnesses adorned the stage with the hopefuls. It appeared they pulled out all the stops, some of them certainly guilty of slander against their opponents.  
BUT, I GUESS that all goes with

### Johnson's Frenetic Pace

WASHINGTON — The old, old pro spoke the unspoken words that have become a tacit preamble to every discussion of Presidential politics in Washington:  
"The only thing that can beat Lyndon is another heart attack."  
This caveat has been thrust into the forefront of the capital's collective intelligence, of course, by the frenetic—some say the suicidally frenetic—pace that is set by President Johnson. And adding to the growing mood of disquiet is the gaunt, spectral figure of 72-year-old John W. McCormack, Speaker of the House and the man next in line to succeed to the Presidency should Mr. Johnson not survive to complete his term of office.  
THE WHITE HOUSE insists that the President's health is excellent, that he has made a complete recovery from the heart attack he suffered on July 2, 1955, and that he comfortably tolerates the brutal regimen he has imposed upon himself. So far as the casual observer can tell, all this is true. But it is also true that younger men with no history of heart disease are experiencing a great deal of trouble in matching Mr. Johnson's pace. Press associations, for example, have had to double-team the President in an attempt to keep the world informed of the dizzying round of his activities.  
PRESIDENT JOHNSON'S health is going to be a campaign issue (indeed, is one already if one credits the carefully planted rumors that filter back and forth across Washington). With his medical history, health would be an issue if he were as phlegmatic as

### Dignity In The Presidency

WASHINGTON—President Johnson will soon have to decide whether he had better reach out for more of the "folksy" vote or try to regain some of the "dignity" vote he may recently have lost. Both Governor Rockefeller and Senator Goldwater tried "folksy" tactics in the New Hampshire primary, but the dignified and silent Ambassador Lodge far away in Viet Nam won over both of them.  
Many a politician has made the mistake of assuming that the best way to win votes is to do a lot of hand-shaking and baby kissing. But this hardly swings the majority. What mainly influences the votes of the people are policies, national or international, that touch them in vital spots, including the pocketbook.  
BASICALLY a vast number of voters, especially women, like to see their President act always in a dignified manner. The late President Kennedy was, almost without exception, dignified in his public appearances, but he, too, perhaps unwittingly, made at least one slip. He was photographed by the press as he appeared in bathing trunks on the sands of a California beach while a lot of young women crowded around him to shake hands. This led to a good deal of critical comment, not because it was in any sense an improper scene but because many people do not like to see the President of the United States in such informal garb and surroundings.  
PRESIDENT JOHNSON can be dignified when he wishes to be. In almost all of his speeches, he has been shown delivering his remarks in a mood of sedate and quiet dignity. But when people also see in the newspapers photographs of a President pulling the ears of a dog or strolling around among tourists on the White House grounds, an impression is created among some voters that the President isn't as dignified as he ought to be or that he is sacrificing time he should be spending on the all-important tasks of the presidency.  
Indeed, there are persons who used to disapprove when President Eisenhower played golf. They didn't object

## In Writing

TOPEKA, Kan. (AP)—City editor Jim Petterson of the Topeka Capital reports in his column, "Street Sounds," of receiving a telephone call from a woman who wanted to give a club notice as a "news item."  
"I heard that on a radio program this morning before I came to work," Petterson told the caller, implying she should have called earlier.  
"I know," she replied, "but we keep a scrap book and those radio announcements are sort of hard to clip out."

# Mother's Day Party Makes Happy Day

Why not make Mother's Day a real event this year and honor her with something more valuable than just a gift. Take the extra time and thought to invite some of her special friends in for a get together and a festive dessert. It doesn't have to be an elaborate affair but a sparkling new cake or cookie can make the occasion memorable.

Try a tea cake ring that can be made several days in advance and prettily decorated on her day. It has a fine pound cake texture and a surprise spice of instant tea. Sprinkle the top with confectioners' sugar and surround it with fresh fruits, especially strawberries at this season.

There's always the old favorite of biscuits, doctored with brown sugar and cooked in muffin tins. Jam turnovers or tarts make a delightful sweet to serve with afternoon coffee and will make an easy-to-prepare specialty.

Mace and egg whites combine to create a very crisp cookie treat.

### TEA CAKE RING

- 1 cup soft butter or margarine (1/2 lb.)
- 1 cup granulated sugar
- 1 cup sifted confectioners' sugar
- 6 egg yolks (1/2 cup)
- 2 tbsps. grated lemon rind
- 1 tsp. vanilla extract
- 3 cups sifted cake flour
- 2 tps. double-acting baking powder
- 1 cup milk
- 2 tpsps. Instant Tea
- 6 egg whites (3/4 cup)

Preheat oven to 350 degrees F. In large bowl, with mixer at medium speed, beat butter or margarine until creamy, gradually beat in sugars until creamy. Then gradually add egg yolks and beat until very light and fluffy, about 7 minutes. Add lemon rind and vanilla extract.

In small bowl, sift together flour and baking powder. Gradually stir milk into Instant Tea. At low speed, blend in flour mixture alternately with tea-milk, in three parts, starting and ending with flour.

Now in small bowl, beat egg whites until stiff, but not dry; then carefully fold into batter. Turn into greased 3-quart bundt pan or 10-inch tube pan and bake about 1 hour or until cake tester inserted in center comes out clean.

Cool on rack in pan 10 minutes, then invert cake on rack; remove pan and cool. Makes about 20 slices.

### SYBIL'S BUTTERSCOTCH BISCUITS

- 2 cups sifted flour
- 3 tpsps. baking powder
- 3/4 tsp. salt
- 1/2 cup plus 1-3 cup butter or margarine
- 1 egg
- 3/4 cup milk
- 1 tsp. vanilla
- 1 cup dark brown sugar, firmly packed

Sift together the flour, baking powder and salt into a mixing bowl. With pastry blender, cut in 1/2 cup firm butter. Beat egg slightly; add milk and vanilla and beat to combine; stir into flour mixture. On prepared pastry cloth, roll out dough thin into a rectangle. Spread with 1-3 cup soft butter; sprinkle with brown sugar. Roll up; cut into 12 slices.

Place each slice in a buttered muffin pan. Bake in a hot (400 degrees) oven for 15 to 20 minutes. Remove at once from pans. Serve warm or cold.

### JAM TURNOVERS

- 1/2 cup (1 stick) butter, or margarine
- 4 ozs. cream cheese
- 2 tpsps. sugar
- 1 tsp. grated lemon rind
- 2 cups sifted flour
- 1 1/2 cups (about) very thick fruit preserves

Cream butter, cream cheese, sugar and lemon rind; mix in flour about 1/2 cup at a time until blended. Shape into two flat evenly divided portions; wrap each separately with transparent plastic wrapping or waxed paper and chill.

Roll out one portion at a time on a prepared pastry cloth into a 9 by 12 inch rectangle; cut into 12 three-inch squares. Roll out leavings from both portions of dough and cut into four three-inch squares. Put a scant tablespoon of jam in the center of each square and fold over so edges meet and make a triangle; seal edges by pressing down with fork tines.

Place turnovers about 1 inch apart on a cookie sheet. Bake in a hot (425 degrees) oven until lightly browned—about 15 minutes. Makes 28.

### APPLE-PLUM GALETTE

- 1 1/2 cups sifted flour
- 1/4 tsp. baking powder
- 1/2 cup butter
- 1 egg
- 1-3 cup sugar
- 2 medium (1/2-lb.) cooking apples

1 can (1 lb. 14 ozs.) purple plums (thoroughly drained)

2 tpsps. confectioners' sugar

Sift together the flour and baking powder. Cream butter with a wooden spoon; blend in flour mixture.

Beat egg until lemon-colored; gradually beat in sugar; continue beating until thick and ivory-colored.

Add beaten egg to butter mixture, blending with spoon or low speed of electric beater. Turn into a 9-inch pie plate; with a rubber spatula spread evenly over bottom and sides; refrigerate.

Quarter apples, pare and core; slice very thin; turn into galette mixture in pie plate. Pit and halve plums; arrange skin side down over apples.

Bake on low shelf of the hot (400 degrees) oven 15 minutes; reduce heat to moderate (350 degrees) and bake 20 to 25 minutes longer. (Apples may be on the crisp side.) While hot, sprinkle with confectioners' sugar; serve warm.

### MACE CRISPS

- 1 1/4 cups sifted flour
- 3/4 tsp. baking powder
- 1/4 tsp. salt
- 1/4 tsp. mace
- 1 cup sugar
- 3/4 cup butter or margarine
- 2 egg whites
- 1 cup medium-fine chopped pecans

Into a mixing bowl sift together the flour, baking powder, salt, mace and sugar. With a pastry blender, cut in the butter until particles are fine. Add egg whites; stir to mix thoroughly; stir in pecans.

Pack dough tightly into 3 empty 6-ounce frozen fruit juice concentrate cans; cover tops tightly with saran; chill a few hours or overnight—until very firm.

### Cheese Combines With Cauliflower

- #### CAULIFLOWER WITH CHEESE SAUCE
- 1 medium-sized cauliflower
  - 1 cup boiling water
  - 1/2 tsp. salt
  - 2 tpsps. butter or margarine
  - 2 tpsps. flour
  - 1 cup milk
  - 1/2 cup soft spread-type natural cheddar cheese

Remove bottoms of cans and use to push out dough. Slice about 1/4 inch thin; place 1 inch apart on ungreased cookie sheets; if necessary, flatten with heel of hand to make very thin and even.

Bake in a moderate (375 degrees) oven until browned—8 to 10 minutes. Makes about 6 dozen.

### CRUSTY SURPRISE

## Ambrosia Pie Suits Fancy

The luscious flavors of canned crushed pineapple and orange blend beautifully in this fluffy, melt-in-your-mouth pie filling. It's piled into a tender coconut crust that's easy to make, then chilled to set. So delectable and elegant, it's rightly named ambrosia—food of the gods.

- #### PINEAPPLE AMBROSIA PIE
- 1 (9 oz.) can crushed pineapple
  - Orange juice
  - 1 envelope unflavored gelatin
  - 3 eggs, separated

- 1/2 cup sugar
- 1 tsp. grated orange peel
- 1/2 tsp. salt
- Coconut Crust

Drain pineapple thoroughly. Measure syrup and add enough orange juice to measure 3/4 cup liquid. Soften gelatin in 1/4 cup fruit juice. Beat egg yolks; stir in remaining juice and 1/4 cup sugar. Cook over hot water, stirring constantly, until thickened. Add orange peel, salt and

gelatin; stir until gelatin is dissolved. Cool until syrupy. Beat egg whites stiff; beat in remaining 1/4 cup sugar. Fold egg whites and pineapple into gelatin mixture. Pile into coconut crust. Chill to set.

#### COCONUT CRUST

Thoroughly mix together 1 1/2 cups flaked coconut and 2 tablespoons soft butter or margarine. Pat evenly into 9-inch pie plate. Bake in slow oven (300 degrees F.) 15 to 20 minutes or until golden. Cool.

TINY CAKES Miniature coffee cakes for each cup of coffee

### Individual Servings Add Festive Touch

There is nothing friendlier than an invitation to coffee. It needn't be a formal afternoon party with fancy sandwiches and the silver service. A relaxing, informal gathering in mid-morning—when a mother can really enjoy that second cup of coffee—is the warmest way to entertain old friends or introduce new ones to the neighbors.

Instead of a traditional coffee ring or rounds of doughnuts or buns, serve these delicious little individual coffee cakes. It takes so little time and effort to make them. That's why miniature coffee cakes are particularly fine for church or club coffees too.

- #### INDIVIDUAL COFFEE CAKES
- 1/4 cup shortening
  - 1 cup sugar
  - 2 egg yolks
  - 1 1/4 cups sifted, enriched flour
  - 2 tpsps. baking powder
  - 1/4 tsp. salt
  - 1/2 cup milk
  - 2 egg whites
  - 1-3 cup sugar
  - 1/2 tsp. cinnamon
  - 1/2 cup chopped walnut meats
  - Cream shortening. Add 1 cup sugar gradually and cream thoroughly. Beat egg yolks. Add to first mixture. Mix and sift flour, baking powder and salt and add alternately with milk. Beat egg whites stiff but not dry. Fold in. Pour into well-greased individual pie pans. Mix 1-3 cup sugar with cinnamon and chopped walnut meats. Sprinkle over batter. Bake in moderate oven, 375 degrees F., 20 to 25 minutes. Serve hot. Yield: 8.

**Dear Abby**

**Help For Sinners**

DEAR ABBY: You performed a great service by printing the letter signed "SINNERS" in your column. Not all Californians know that their Civil Code provides that unmarried couples who have been living together as man and wife, and are eligible to be married (that is, not married to anyone else, and of legal age), may present themselves to a minister, explain the circumstances, be married, obtain a certificate of marriage issued by that minister, and have the wedding recorded in the church records. No license is necessary, and there is no waiting period or publicity.

REV. E. E. LANGGUTH, LIVINGSTON, CALIF.

DEAR REVEREND LANGGUTH: Thank you for your letter. I wish more people realized that churches are not for the fellowship of the pure and holy alone, but rather for those who know themselves to need the help, forgiveness and love that God is continually offering to all of us. If one has a problem of this kind, the place where he will find the least judgment and the greatest understanding and acceptance is at his nearest parsonage, rectory or synagogue.

DEAR ABBY: I am 12 and have done a little baby-sitting in the neighborhood for 50 cents an hour. Yesterday I sat with my two little brothers for four hours while my mother went downtown. I told my father I thought I should get paid. He asked me how much, and I told him only 25 cents an hour, so he owed me a dollar. Then he figured out that the food I ate that day cost \$1.18 and the insurance policy he paid for came to 50 cents, so I owed HIM 60 cents. Do you think this was fair?

UNPAID DEAR UNPAID: No. A 12-year-old should not have to pay for the food she eats at home. Neither should she "charge" her parents for looking after younger sisters and brothers.

DEAR ABBY: I am having a difference of opinion with someone and hope you can settle it. Is it true that the best chefs in the world never TASTE anything—that they can tell if something is properly seasoned simply by SMELLING IT? I don't believe it, yet I can't prove that this person who made the above statement is wrong and I am right. Can you help me?

M Mc in MONTPELIER

DEAR M Mc: I can't qualify as one of the best chefs in the world, but I will let you know what THEY say after I have heard from them.

CONFIDENTIAL TO "WARD": Sometimes it is better to put off until tomorrow what you are likely to do today.

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif., 90212. Enclose a stamped, self-addressed envelope.

# Guerrilla Total Alarms General

WASHINGTON (AP)—In the news from Washington:

**RED GUERRILLAS:** Gen. Andrew P. O'Meara, whose military command includes the Caribbean area, has told a House committee the number of guerrillas being trained in Cuba, the Soviet Union and Red China is "large enough to be really alarming."

"The basic training is given in Cuba," he said. "To a lesser extent it is given in Russia and a few people are trained in China."

A heavily censored transcript

of O'Meara's testimony April 14 before the House Foreign Affairs Committee was released Wednesday.

**PRESS FREEDOM:** Rep. John E. Moss, who heads the House subcommittee on government information, has taken issue with a State Department spokesman's criticism of the press' probing into foreign policy.

The California Democrat said in an interview Wednesday that "the nation's foreign policy is endangered far more by lack of understanding than by exploitation by the press."

**ECONOMIC ADVICE:** Dr. Walter W. Heller, chairman of President's Council of Economic Advisers, says he is growing weary of discussing his own deficit financing.

The former professor noted wryly at an Advertising Council meeting Wednesday that there had been some unusual public reaction to an announcement he may be forced to leave government because he can't make ends meet on his \$20,500 salary.

In his mail recently, Heller said, was a \$1 bill and an accompanying letter which began, "Dear Hollowhead."

The letter writer, Heller added, went on to explain he had heard Heller wanted to return to the Midwest and the buck was a contribution to speed him on his way.

Music To Lunch By

John A. Giardina, a carpenter on a downtown construction project, belts out a song in his rich baritone voice during his lunch hour Wednesday as employees in a nearby office building listen. Giardina frequently entertains his co-workers during their lunch period, a friend said. Among his selections yesterday were "Because of You" and "O Sole Mio." (AP WIREPHOTO)

## Testimony Near End In TTA Usage Hearing

DALLAS (AP)—Testimony is expected to end today at a Civil Aeronautics Board hearing that will determine whether Galveston retains commercial air service.

Also involved is the future of airline service at Brownwood, Tex., and Morgan City, La. The CAB could rule within two months on the matters. Examiner Thomas Wrenn presides at the hearing.

The cities involved are served only by Trans-Texas Airways, the carrier as well as a flock of other Texas cities have told the CAB that the service should be retained.

One central point at issue is whether Galveston, Brownwood and Morgan City have the capacity to generate at least five passenger boardings a day.

**OVER FIVE**  
Spokesmen from Galveston and Brownwood testified that both cities are currently putting more than five persons a day on flights. Morgan City has not presented any statistics.

The Bureau of Economic Regulation of the CAB has recommended that service at Galveston and Morgan City be terminated. Harry Feehan, counsel for the bureau, said he favors continuation of service at Brownwood.

Feehan said the bureau has as its basic criterion a "use it or lose it" principle. Under the

### Columbus Bend Dam Approved

WASHINGTON (AP)—A bill authorizing construction of Columbus Bend Dam on the Colorado River in Texas has been approved by the Interior Department.

Rep. Clark Thompson, D-Tex., made the announcement Wednesday. The \$25 million dam would be near Columbus, Tex.

The bidding:  
South West North East  
1NT Pass 2NT Pass  
3NT Pass Pass Pass  
Opening lead: Seven of ♠  
For the cheap investment price of an overtrick—worth a mere 30 points—West could have availed himself of a legitimate opportunity to defeat the declarer's three no trump contract.  
South's decision to accept his partner's game invitation of two no trump was somewhat aggressive inasmuch as he had only the minimum 26 points required for an opening no trump bid.  
West chose to open the seven of diamonds. The jack was played from dummy and, when it held the trick, the deuce of clubs was led. East followed

with the trey and declarer finessed the ten, losing to West's jack. Another diamond was returned, and South was in his hand with the king.

Altho declarer was now in position to test the spade suit and then make another play in clubs, he decided to lead a heart first. West hastened to put up the king of hearts in order to clear the diamonds. The six of clubs was led from dummy, and the king appeared from East's hand. South played the ace and then cashed his top spade honors. West showed out on the second round, discarding a small heart.

A spade was led to the queen and, at this point, West committed the fatal error—he discarded the seven of hearts. A heart lead put him in with the ace, which he had blanked, and the forced club return away from the nine-five into South's queen-eight presented the declarer with the last two tricks.

Had West thrown away his queen of diamonds, retaining instead the small heart, East would have been able to win the heart lead with the queen and then cash enough tricks to defeat the contract. West's fear that the declarer had the queen of hearts was no justification for his choice of discards for, if South did indeed have that card, then the defense might just as well give up the ghost.

## Charity Aided Then She Dies

HASKELL, Tex. (AP)—A pioneer Haskell woman who died in a rest home Wednesday gave \$72,500 cash to charity the past year, her lawyer said.

She was Miss Nellie Crough, who came here in 1906, never married and lived for many

years with a brother on the family farm, which yielded an oil and gas discovery in 1949. The cash came from bonds. Miss Crough moved to the Methodist Orphan's Home in Waco in February. Miss Crough moved to the nursing home about six months ago.
