

**FARMERS IN** the Friona area have been making hay while the sun shines, which has been almost every day for the past week or ten days.

The nice dry spell has allowed corn and maize farmers to make a lot of headway on harvesting the area's grain crop. Farmers and harvest crews have been working from early till late in an effort to get the grain in before another wet spell sets in.

Sugar beet harvest also is underway, and the area's cotton crop should begin in the near future.

Business people in Friona have been holding their breath for the farmers' sake, with the unusually wet months of August, September and October. The reason they've been concerned is that if farm people have a good year, then it usually is a good business year on the local level. If they don't, then it's usually a short Christmas season for the local businessman.

++++  
**SUPPORT THE** United Fund drive, which is currently underway. Chairman Don Gatlin said this week the drive was standing at less than 50 per cent complete.

Be sure and give generously when the UF worker calls on you at home or at the office. Several organizations, including the Boy Scouts and the Girl Scouts, benefit from the local drive. And Friona surely has as active a Scout program, both for girls and boys, as any community its size anywhere.

Personally, we wish that the other little drives which have held out of the United Fund drive, such as the Cancer crusade, Muscular Dystrophy, MS, etc., would join the United Fund drive, so that it could be, in reality, the ONE drive for all reasons.

++++  
**THE FRIONA STAR'S** annual football contest is heading into the home stretch, with, it seems like, more contestants still eligible to win the grand prize than we've ever had before. Once again the contest has drawn widespread interest, with 1,967 entries turned in for the first ten weeks of the contest.

We admire the contestants who go to great lengths to enter every week. For example, we have had Star readers go to Hawaii, and to Vienna, Austria, and they saw to it that their entries were turned in, before they left.

The college kids have entered this year in bigger numbers. Having the Sunday paper enables them to have time to get their issue of the Star and get their entries back in time to be judged. However, we know that on occasion some college kids call their parents to tell them how to fill in their entries. ("That makes the entry a little expensive," one parent remarked this week.) We always enjoy the contest, and we feel that the contestants do, too. Even if they don't ever win any money, they have the fun of competing.

++++  
**THE DAIRY QUEEN** has some good "one-liners" on its marquee, and we enjoyed this one they had the other day:

"Preserve our national forests. Pull Euell Gibbons' teeth."

++++  
**FREEDOM**, we read this week, is the ability to do anything you want to, without considering anyone except the wife, children, parents, neighbors, police, your boss, fellow workers, Internal Revenue Service, your banker, your preacher, and a few dozen other people. The same could be said for freedom of the press.

**HARVEST AT PEAK....**Farmers in the Friona area have been at it early and late this week in an effort to get the area's 1974 grain crop in to market. The corn crop was thought "over the hump"

by Friday, with maize harvest getting into high gear. Cotton was also getting ready, as the area's farmers found themselves busy.

## Harvest Hits Peak As Weather Assists

Harvest of the area's grain crop hit peak proportions this week, with elevator officials stating the harvest was at least half finished as of Friday.

Blessed with a week free of moisture interruption, harvest operations moved steadily forward.

One elevator official said that receipts one day this week totalled 550 loads of grain.

One estimate on Friday was that the harvest in the local area was 40 to 50 per cent finished, while another thought that as much as 65 per cent of the 1974 grain crop might be harvested.

"Several farmers are finishing up. If we could get another week or ten days of clear weather, we could pretty well finish up," said Ron Smiley, manager of Friona Wheat Growers.

Prices for corn and milo were holding good on the local level. On Friday, corn was listed at \$5.86 per hundred, and milo was four cents higher, at \$5.90.

It was only about the second time this fall that the price of milo was higher than corn, and officials were at a loss as to how to explain the flip-flop.

Yields on the 1974 corn crop are considerably less than last year, but this was anticipated, due to the extremely dry summer. One farmer said his yield might be 2,000 to 3,000 pounds per acre less than the previous year.

Harvest of the area's cotton crop was also getting underway as Gene Anthony brought the first 1974 Friona cotton to Friona Farmers Co-op Gin Friday. The bale was the first one in this part of the county.

### First Bale Ginned Here

The cotton harvest season was kicked off here Friday when Jean K. Anthony brought a bale in to Friona Farmers Co-op Gin, the gin's first bale of 1974 cotton.

The first bale, which was one of six delivered by Anthony to the gin, weighed an even 500 pounds, and yielded 760 pounds of seed.

The turnout averaged 26.1 per cent. The cotton was Dunn 118 in variety.

Estis Bass was the stripper on the first bale.

Gin manager Tom Byars said that the ginning season should pick up steam if the weather stays clear.

**CHECK PRESENTED....**Jana Pronger, County Extension Agent, presents Friona Mayor R.L. Fleming a check for \$680.00 as rental fees from the Christmas Bazaar held at the County Showbarn-Community Center, to be applied to the building debt. The mayor reported that prior to receiving the check, a total of \$4,019.09 was owed against the building. The check will trim the debt to less than \$3,400.

## Football Race Gets Tighter For Leader

The race for grand prize in the Friona Star's annual Cotton Bowl football contest apparently is going to go right down to the wire.

Charlie Clark, who has been in or tied for the lead for a number of weeks, remained in first place this week, with a score of 112. Roy Smith, who scored a 12 last week, pulled into a tie for the lead with Mrs. Clark.

Six contestants are just a point off the lead, with scores of 111. They are Stan Benge, Cindy Carthel, Larry Johnston, Joy Morton, Mary Priest and Jimmy R. Walker.

Two points off the pace, with scores of 110, are Donny Carthel, Cindy Means, Kay Nuttall, Kenny Stowers and Larry White.

Mrs. Means shot into contention after winning the weekly first prize of \$5.00. She was the only one of the 178 contestants entering the tenth week to correctly pick 13 of the 16 contest games.

It was the second week in a row that Mrs. Means had been in the top three. She had taken second place money a week earlier.

Second place weekly winner was R.L. Blakely of Hereford, with a score of 12. Blakely missed the Friona-Dimmitt tie-breaker score by only four points. Third place went to Jimmy

Grimsley, who also had a 12, and was just five points away from the Friona-Dimmitt actual score.

Other contestants correctly picking 12 games were Joe Bob Mann, Roy Smith, Patsy Bandy, Toby Strickland, Johnny Alvarez, Shaun Aguirre, Mike Gowens, Mary Priest, Kay Nuttall, Eune Martin, Mal Manchee, L.F. Jacobs and Doug Massey.

A total of 93 contestants had scores of 100 points or more going into the 11th week, and with a potential of 48 points yet to be earned, it was still anyone's ball game.

The contest on the upcoming week's slate of games will include some high school playoff games, which makes the picking somewhat more difficult.

Also, there are some traditional rivalries in the college ranks for the next couple of weeks that will make the contest interesting. This week's games, for instance, pit Michigan at Ohio State, Southern California at UCLA; Baylor at SMU, and Tulane at L.S.U.

Through the tenth week, a total of 1,967 contestants had entered the contest, or an average of 197 per week. After falling off to 171 entries for the ninth week, the contest showed a gain back to 178 for the tenth week.

The Grand Champion, plus runner-up champion and third place grand champion will be awarded at the conclusion of the contest.

The annual contest is co-sponsored with the Star by Ethridge-Spring Agency, Production Credit Assn., Ag-Chem Farm Services, Friona Motors, Western

## Defense Sparks Friona Past Morton, 30-0

The Friona Chieftains' hard-charging defense picked up a lagging offense, and sparked the team's 30-0 win over the Morton Indians in a game at Morton Friday night.

The defense accounted for 23 of the team's 30 points, as blocked punts set up three touchdowns and conversions, and a safety registered two of the team's points.

The sputtering offense had only one first down during the first half, and only 22 net yards, as the cellar-dwelling Indians actually outplayed Friona during the first 24 minutes.

Friona's defense kept the Indians in a hole all night, and accounted for the team's fourth shutout, most by a Friona team since the 1951 team had four.

The game was less than three minutes old when Kenny Stowers, Dale Cleveland and Roy Don Rector mobbed Indian quarterback David Ramby in the end zone for a safety, giving Friona an early 2-0 lead.

Early in the second quarter, the Chieftain defenders blocked a Morton third second of five blocked kicks, and on the first play from scrimmage, the Chieftains scored. Fullback Kevin Welch raced 34 yards for the tally.

Welch slipped off tackle, found himself in the secondary, slanted to his left and outraced his defenders into the end zone. Stowers' extra point kick gave the team a 9-0 lead that turned out to be the halftime score.

Morton's only time out of its own end of the field during the first half came on the final play of the half

when Ramby threw a long pass to Ray Dean Thompson that the receiver managed to catch at the Friona 15 despite having two or three defenders. However, time expired on the play.

The third quarter was sluggish for both teams. Friona managed only one first down, its second of the game, and 23 net yards, giving the team a net of 45 yards for the first three quarters.

But the action picked up in the fourth quarter. The Chiefs pounced on a Morton fumble at their own 43, and the team made its only drive of the ball game, going 57 yards in nine plays to put some more points on the board.

Quarterback Clay Bandy rambled for 13 yards to get

the drive going. Dusty Peters slanted three yards to give the team a first down, and Dee King raced 22 yards on a good broken field run. He got good downfield blocking from Danny Campbell, and was finally caught from behind at the 10.

Memories of two other district games must have been in the team's mind as it faced third and goal from the Morton four, but fullback Welch wasn't going to have any more instant replays of stalled scoring drives. He crossed the goal-line standing up, and Stowers' kick with 7:35 left in the game made the score Friona 16, Morton 0.

A couple of minutes later, Gene Strickland crashed (Continued on Page 10)

## Thanksgiving Service Slated November 24

The Friona Ministerial Alliance announced this week that the annual Community Thanksgiving Service will be held on Sunday, November 24 at Friona's First Baptist Church.

Rev. Duane Kirchner, pastor of the Immanuel and Redeemer Lutheran churches, will bring the Thanksgiving message. Other members of the alliance will participate in the program.

The public is invited to attend this special service.

## United Fund Drive Hits 46 Per Cent

The Friona Area United Fund drive stood at 46.5 per cent completed as of Thursday, it was announced by Don Gatlin, general chairman of the 1974 drive.

Amount deposited to the fund at Friona State Bank amounted to \$3,301.15.

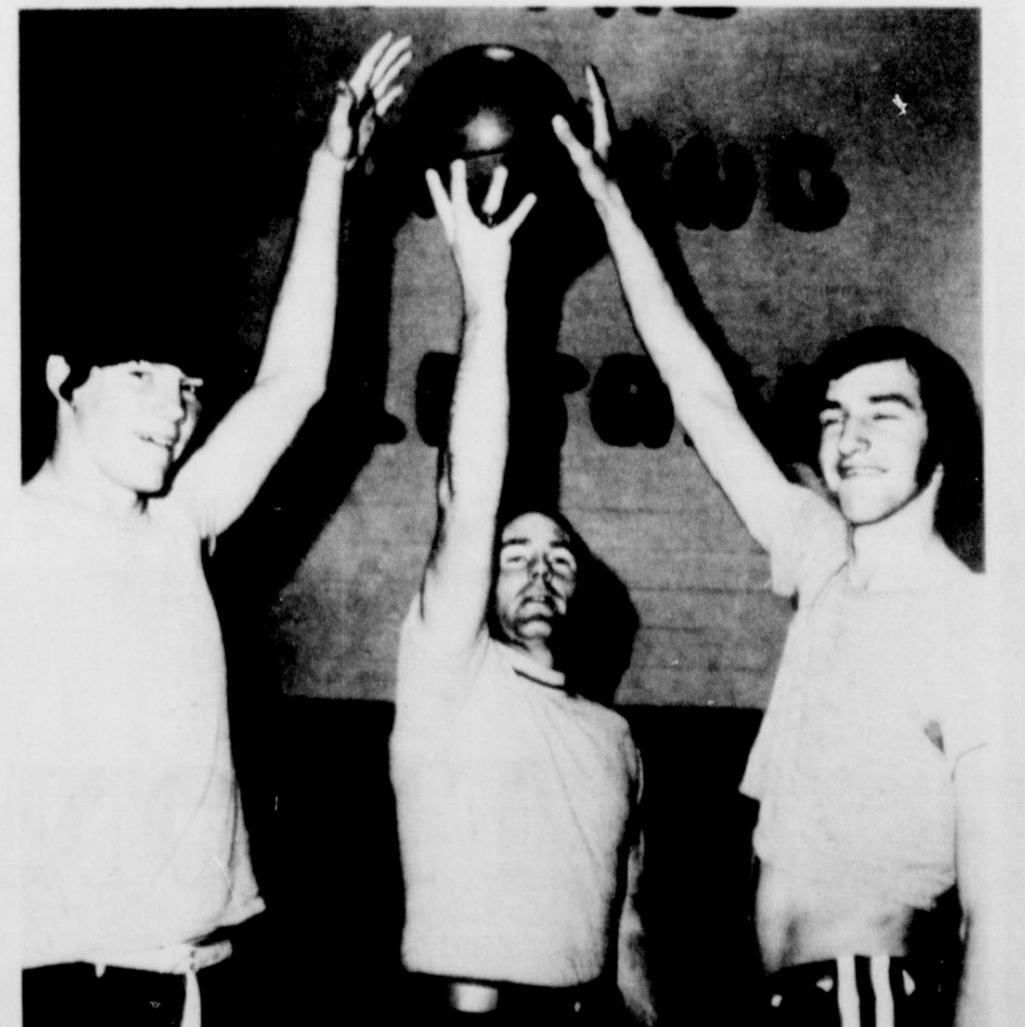

The amount deposited to date includes the advance drive, which has accounted for around \$2,000 and around half of the city campaign. It does not include any of the rural campaign, Gatlin said.

The UF chairman urged workers to complete their assigned areas and turn their packets back in as quickly as possible, so that the goal may be met.

"Those persons wishing to contribute to the United Fund that have not been contacted as yet may do so by sending their check to Friona State Bank," Gatlin said.

The 1974 goal for the Friona Area United Fund is \$7,090. A total of eight agencies benefit from the drive. They are Girl Scouts, Boy Scouts, Red Cross, Salvation Army, USO, Local Emergency Fund, American Field Service and Texas United Community Service.

Joe Tongate is heading the city portion of the 1974 drive. Kenneth Williams is in charge of the rural drive.

**IT'S A DRAW....**Dale Cleveland, left, and Gene Strickland, do a mock "jump ball," assisted by new varsity basketball coach Larry Dyess. The Chieftains, excited about the prospects

for their 1974-75 basketball season, open the campaign here Tuesday night by hosting Farwell. The Squaws and the Steerettes play in the first game.

## Census Survey To Be Conducted

Did you vote November 5? Were you registered but did not vote?

The Bureau of the Census will ask these and other questions about voting activity in the 1974 election of persons 18 and older in a sample of households in this area during the week of November 18-22.

Percy R. Millard, Director of the Bureau's Regional Office in Dallas, stressed that no questions will be asked about party affiliation or for whom a person voted. The survey will provide a profile of the typical American voter and non-voter: age, sex, residence, education, labor force status, and family income.

In a similar survey following the 1972 presidential election, about 63 per cent of the civilian population of voting age, excluding persons residing in institu-

tions, were reported as having voted. This compares with voting turnouts reported in previous Bureau surveys of 68 per cent in 1968 and 69 per cent in 1964.

The voting questions are in addition to the usual ones asked in the monthly survey on employment and unemployment conducted nationwide by the Bureau for the U.S. Department of Labor.

Results of this monthly survey provide a continuing measure of the economic health of the country. The September survey showed that both employment and unemployment continued to rise. Total employment rose by 350,000 from August to September, while the Nation's unemployment rate rose to 5.8 per cent compared with 5.4 per cent in August.

Information supplied by individuals participating in the survey is confidential and results are used only to compile statistical totals.

Ina Mae Starnes of Littlefield, Texas will be the local interviewer visiting households in this area.

## Star Survey

BY LORRIE EULER

The Question: Do you think Mr. Rockefeller should be made vice-president?

Out of the 20 people I called 14 said 'no.' Only 6 said 'yes.'

Some of the comments received were as follows: "I think he is a sorry man," but one said, "I think he would be good."

A long comment was: "I think he has given too much money to too many political parties. I think he has been affiliated with politics for too long. By the way, I think he will get it."

If you haven't noticed it was on television Wednesday and who knows how much longer it will last. I guess it's just like Watergate.

The secret message of the week is: Congratulations! Y. and I!!!!!!!!!!!!!!!!!!!!!! If you can figure that out you will receive a ten minute course on how to shave reindeer's antlers.

Cotton is highly absorbent. Cotton dries fast.

# Friona Flashbacks

...from the files of The Friona Star

## 45 YEARS AGO—NOVEMBER 22, 1929

Street commissioner F.W. Reeve has a force of men with tractors and teams employed loosening and removing the dirt along Main Street from the places where it is too high to the low places, thus making it of an even grade in all places.

It is Mr. Reeve's plan to thus level the street thus make it perfectly smooth, with grader and drag and thus get rid of the bumps and chuck-holes and allow the water which falls to be carried away by the gutters. Then it is planned to treat the entire business portion of the street with a thick covering of caliche and give it a thorough packing, followed probably with a coat of tarvia or some cheap oil filter.

If this can be done, Friona's main street will be in A-1 condition and should last several years.

## 40 YEARS AGO—NOVEMBER 23, 1934

The annual Thanksgiving service in which all our Friona churches unite, will be held next Thursday night at seven o'clock in the First Baptist Church building. The address will be given by the Rev. H.L. Thurston, pastor of the local Methodist Church. All other ministers in the city will share in the services, and appropriate music will be provided.

## 35 YEARS AGO—NOVEMBER 17, 1939

The nicest parade, perhaps, to have ever traversed Friona's streets, was the Armistice Day parade, that was given last Saturday afternoon. The parade was under the auspices of the American Legion and Legion Auxiliary and sponsored and arranged by these organizations and the Entertainment Committee of the local chamber of commerce.

## 30 YEARS AGO—NOVEMBER 17, 1944

Just as the Chiefs were getting ready to play their last game of the season and pack their suits away, they found themselves in a tie for the district championship. The Chiefs defeated the Tulia Hornets earlier in the season, and then fell to the Hereford Whitefaces. Tulia, then, stinging from the defeat handed them by the Chiefs, ran roughshod over the Hereford eleven. This makes Hereford and Friona all even, and Tulia still has a game to play with Dalhart, and could make it a three-way tie.

## 25 YEARS AGO—NOVEMBER 18, 1949

Don Edwin Lewis, 12-year-old son of Mr. and Mrs. Henry Lewis of Friona, will be the featured soloist on the Co-op round-up radio program over Station KFDA, Amarillo on Saturday. Young Lewis will sing two songs, "The Old Refrain," and "When Irish Eyes Are Smiling."

## 20 YEARS AGO—NOVEMBER 19, 1954

Organization of a local credit association Tuesday evening became a reality for Farmer County. The Friona, Texas, Federal Credit Union now chartered, completed organization at an open meeting in the Friona Legion Hall, with all supervisory personnel elected.

## 10 YEARS AGO—NOVEMBER 19, 1964

The First Baptist Church will officially observe its 50th anniversary this Sunday, with special services throughout the day. Former pastors and members will be the speakers for the occasion. Rev. Russell Pogue, now of Petersburg, will bring the message at the Sunday morning service.

## 5 YEARS AGO—NOVEMBER 20, 1969

Tragedy struck the community of Friona another blow during the past week, as two city teenagers died following a wreck a mile west of town. Becky Broyles, 14, was killed instantly, and Billy Rushing, 15, died Tuesday, after the car in which they were riding went out of control about 11 p.m. last Saturday night. Investigating officers said the right front tire on the 1967 Ford LTD blew out, causing the car to turn over. The vehicle skidded some 250 feet. Both occupants were thrown out of the car.

**OFFICERS ELECTED....**New officers were elected for the Deaf Smith Electric Cooperative's Annual Meeting Steering Committee. The newly-elected officers are, from left to right, Tony Acker, vice chairman from Nazareth; Pat Robbins, chairman from Frio, and Larry Potts, secretary from Rhea.

**Men Like Luxury**

**DEAF SMITH REC**

**Larry Potts Named Committee Secretary**

Larry Potts of the Rhea Community recently was elected secretary of the Deaf Smith Electric Cooperative's 1975 Annual Meeting Steering Committee.

The Committee had its initial meeting October 29 at the Hereford Country Club. Main topic of business was that of discussing possible changes in the REC's Annual Meeting to encourage better member attendance.

The Steering Committee, composed of 14 families was delegated full authority to plan the 1975 Annual Meeting, traditionally held in Hereford on the last Thursday in April at the Bull Barn.

Others elected to office for 1975 were Pat Robbins, chairman and Anthony Acker, vice chairman of the Frio and Nazareth communities, respectively.

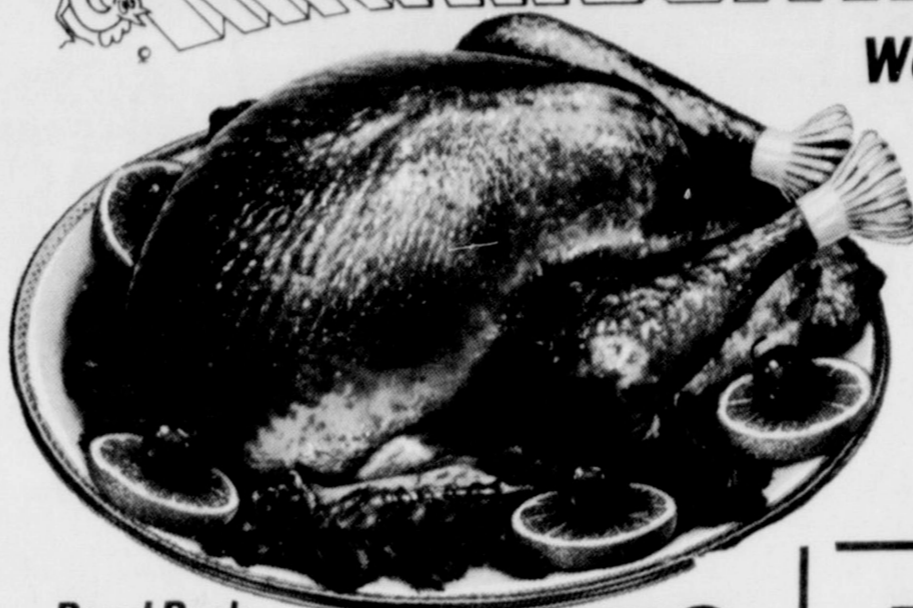

The committee urges all Deaf Smith REC members to contact them as to suggestions for the 1975 meeting.

Committee members are: Mr. and Mrs. Pat Robbins, Mr. and Mrs. G.W. Duncan, Mr. and Mrs. Edward Allison, Mr. and Mrs. Al Smith, Mr. and Mrs. Jerry Roberts, Mr. and Mrs. Richard Connell and Mr. and Mrs. Dan Petty.

Also, Mr. and Mrs. Jerry Brown, Mr. and Mrs. Floyd Reeve, Mr. and Mrs. Larry Potts, Mr. and Mrs. JeDon Gallman, Mr. and Mrs. Floyd Schulte, Mr. and Mrs. Anthony Acker and Mr. and Mrs. C.F. Homfeld.

When the ultimate in elegance and quality in men's sport shirts is sought, it's natural to immediately think of "Qiana" nylon, the luxury fiber. America's favorite colors—red, white and blue—form a patriotic geometric print in this striking example by Simba. And shirts of this prestige fiber are amazingly easy-care, with no wrinkling or fading problems.

# Chiefs Rarin' To Go As Cage Season Opens

## Chiefs, Squaws Host Farwell On Tuesday

Possibly the most anxiously anticipated basketball season ever for Friona will begin here Tuesday night, with the Friona Chieftains and Squaws hosting teams from Farwell.

Never before in the history of boys basketball at Friona has the team been in a position of coming off a state runnerup performance, and with two all-state players back in the fold.

Gene Strickland and Dale Cleveland, who helped lead the team to a 28-7 season a year ago, the best in history for the Chieftains in basketball, are back, with a year's experience that included five playoff games.

Joining Strickland and Cleveland are two players, David Clark and Clay Bandy, who were the "sixth and seventh" men in last year's championship drive. Clark, at 6-3, gives the team added heft under the basket. He's also a good scoring threat.

Up from the B-team to fight for starting posts are 6-1 Dusty Peters and 5-11 David Hutson. Hutson, who averaged 18 points and 12 rebounds per game for the B-Chiefs, who fashioned a fine 18-4 record, is expected to be a starting guard along with Bandy when the team hits the floor.

Peters will be battling Clark for the forward position opposite Strickland. Cleveland, at 6-4 and 200 pounds, is post center.

Also up from last year's B-team to round out the varsity squad are seniors Dee King and Kevin Welch, guards, and juniors Davy Carthel and Kent Miller, forwards.

Gone from last year's squad, which won the first regional title for boys in the school's history, and set a new school record for numbers of wins (the former record had been 22) are starters Dale Parsons, Kent Patterson and Bobby Lewellen.

## Squaws May Face A Rebuilding Season

The Squaws, who suffered a misfortune in the way of injuries during district play a year ago and could not defend their title, begin this season lacking experience and overall size.

While F.G. Crofford, a veteran of 21 years of coaching (18 years as a girls' coach), strives to find the right combination by district action, Olton and Dimmitt loom as the top pre-season contenders for the playoffs.

But while the Squaws start the season with only one returning starter—forward Terri Patterson (5-6)—they are products of one of the Panhandle's finest programs.

"We'll compete, that's for sure," says Crofford, whose girls have won 432 and lost only 136 in 18 seasons. "We must have some surprises though, we don't have much size. This is kind of a rebuilding year for us—Olton and Dimmitt have almost all their kids back."

Friona was drained by the graduation of such veterans as forward Darla Rhodes (an all-stater) and guards, Tena Day and Teresa Ingram.

Lettermen back include forward Amanda Mason (5-4) and guards Sherri Thorn (5-6) and Cindy Gammon (5-2). Lucinda Aguirre (5-7) and Paula London (5-5)—both members of Friona's state-qualifying mile relay team last spring—also are strong prospects at guard.

Although a lack of size and experience will hamper the Squaws, don't be surprised if they become a factor in the loop race—they have the tradition and the program to remain winners.

## Parsons Led the Team In Scoring For Most of the District Race

Parsons led the team in scoring for most of the district race. Lewellen was a low-scoring but steady playmaker, and Patterson was best noted for his work under the boards as a post-forward.

"We're looking forward very much to the 1974-75 season. Most of us have been looking forward to it since we left Austin last March," says Larry Dyess, who was elevated to the position of head coach last spring after Ray DeBord resigned to accept a position at Hurst Bell.

Strickland, who paced the team in the playoffs and grabbed a spot on both the all-state and all-state tournament teams, led the 1973-74 team in scoring with a 15.5 average.

"I think Gene is just as good as he was when he left the floor after the state meet," says Dyess. If that statement is right, it's bad news for Chieftain opponents. All Strickland did was score 54 points in state meet, as well as haunting the opposition on defense.

## Title Race Went Right To Wire

The District 3-AA race went down to the last game of the season—just like many predicted it would—when Dimmitt hosted Olton in the title game Friday night.

Dimmitt was seeking its first appearance in the football playoffs since 1960. Olton wanted to represent district for the first time since 1968.

The two teams boast a lot of offense and a lot of defense. The game pitted the league's top two scorers, as Olton's Glenn Johnson led with 106 points, to 92 for Dimmitt's Robert Mayberry.

In addition, four of the district's top six rushers were on opposite sides. Johnson, who had a fabulous game against Littlefield, leads with 1,376 yards, to Mayberry's 1,034. Gene Veals of Dimmitt is the district's fifth leading rusher with 514 yards, and Olton's Joe Alcorta is sixth with 458.

But the two teams also can play defense. Dimmitt has allowed the fewest points of any district team—50 (Friona has given up 51). Olton had allowed nine opponents only about 100 yards per game.

It took several stellar defensive plays by the Bobcats the previous week against Friona to preserve their unbeaten mark, and set up the title match with Olton.

Robert Mayberry was involved in one of the plays, as he caught Friona's Clay Bandy from behind, at the Dimmitt one yard line, to prevent a score. End Travis Hampton intercepted a Bandy pass late in the game.

PASS PATTERN....David Hutson (85) for the Friona Chieftains appears to be running a pass pattern in this action shot from the Friona-Dimmitt game. In the background is Dimmitt's Lance Louder (51).

## Frosh Top Littlefield In 20-12 Tilt

The Friona Freshman footballers closed out their season with a win here Thursday night, a 20-12 decision over visiting Littlefield.

The freshmen spotted Littlefield a 6-0 lead before getting their offense cranked up. Todd Bandy recovered a Littlefield fumble at the Friona 32 to turn a "cat" drive into one for Friona.

Three plays later, Bandy passed to Jeff Whiteside on a play that covered 57 yards. Edward Castillo booted the point, to give Friona a 7-6 lead.

Early in the second quarter, Friona again got untracked on a 40-yard drive. Ernest Mills went over from the five for the TD. Castillo made it two for two, and Friona led, 14-6.

Early in the final quarter, Friona took over following a short Littlefield punt and went 32 yards in two plays. Glen London got all the yardage, the last 26 on the touchdown run. A pass try for points by Castillo failed, but Friona had a 20-6 lead with 1:34 left in the game.

With reserves in the game, Littlefield managed a 71-yard pass play to get on the scoreboard again to trim the margin to 20-12, but an onside kick was covered by Koty Kothmann and Friona.

(Continued on Page 8)

## Basketball Schedule Termed "Tough"

The 1974-75 schedule for the Friona Chieftains and Squaws is thought to be one of the toughest to be played in recent years.

To begin with, both teams are in just about the roughest "league" imaginable.

The Chieftains' District 3-AA has furnished the state representative in boys basketball for the past five years. The Squaws' opposition, which includes defending champion Olton, is also tough.

In addition, both teams will play top-quality non-district opponents. The Chiefs will play such teams as Lubbock Estacado, Tulla, Canyon, Dumas, Lockney (last year's bi-district foe), Vega and Channing.

Spearman, pre-season favorite in District 1-AA, will be at the Friona tournament, and is a possible opponent.

Tulla, also tabbed as a district favorite (4-AA), will be played in the team's second game here next Friday, unless the Hornets reach the football playoffs and cause the game to be rescheduled.

That game might match up a pair of potential bi-district opponents, early in the season. The Chiefs and Hornets are slated to meet again on December 19 at Tulla. The Hornets was one of the seven teams to inflict a loss on last year's team, a two-pointer at Tulla.

Coach Larry Dyess has been contacted by Levelland officials in an attempt to match the Chiefs with the class AAA Lobos, perennial powers in District 1-AA. If the Chiefs have games re-shuffled due to opponents being in football playoffs, they might try to work in a game with the Lobos.

## Varsity Schedule

Feb. 11	Olton	Here	X	X
Feb. 14	Dimmitt	Here	X	X
Feb. 18	Channing	There	X	X

Both Strickland and Cleveland, along with some of the others, have been shooting goals ever since last summer, and whenever they had a little time in the meantime. They have tried to maintain their shooting "eye."

Asked if he felt he was "on the spot" due to all of the returning talent on the 1974-75 Chieftain squad, Dyess replied, "No, not especially. I've been with this bunch ever since they started out. I'd much rather have what I have returning this season than to have an unknown quantity."

"This bunch of guys has always had a great attitude. Also, they don't get upset in tense situations. They thrive on competition," Dyess added.

The way it sounds, Friona's opponents had better be ready to play when they hit the floor with the '74-'75 Chieftains.

## Littlefield Edges JV In Season Finale

Friona's junior varsity team finished its season on a sad note here Thursday, dropping an 8-6 game to visiting Littlefield.

The loss was only the second of the season for the B-Chiefs, who finished their season with a 7-2 record.

The locals had a chance to score the winning touchdown in the third quarter, when halfback Bobby Zetsche cracked through the line from the Littlefield three. However, Zetsche fumbled into the end zone, and Littlefield recovered. Officials ruled he did not have control of the ball when he crossed the goal-line.

The B-Chiefs, who haven't had to play hard on defense many times this year, gave up a touchdown on Littlefield's first series of plays, and it proved costly. It took the Wildcats eight plays to

reach the end zone, on a ten-yard final play.

On the point after, which turned out to be the winning margin, Littlefield lined up as if to kick, but the quarterback, who was to hold, took the ball around end for two points and Littlefield led, 8-0.

Friona responded in the second quarter, when Richard Bermea tallied a touchdown. The PAT try, running, fell short.

Punter Waymon Lee stood out for Friona, punting the ball into the end zone several times.

Keith Martin did a good job of quarterbacking the junior varsity in the game. Bobby Zetsche picked up 85 yards rushing to lead the JV, and this gave him a total of 998 yards for the team's nine-game schedule.

## Lazbuddie Youngsters Exhibit At State Fair

Two Parmer County 4-H members exhibited their barrows at the State Fair of Texas in Dallas, Oct. 14-18. Sherrie Seaton exhibited a Poland China, a Chester White and a Crossbreed, while Joe Dan Tarter showed two Durocs and a Chester White. Both youngsters are members of the Lazbuddie 4-H Club. Their parents are Mr. and Mrs. Jimmie Dale Seaton and Mr. and Mrs. Joe Tarter. The barrows were hauled to Dallas on Monday, Oct. 13, and weighed on the 15th. The first three breeds were shown on Wednesday afternoon and judged by Jim McManigal, West Texas State University. In the Chester White show, Joe Dan had the third place mediumweight, and Sherrie had the sixth place mediumweight. She came back

stronger in the Crossbreed show by exhibiting the second place heavyweight and Reserve Champion Crossbred barrow.

Thursday was the final day of showing. Joe Dan finished up his part of the day with the 11th place heavyweight Duroc barrow. Sherrie came back after lunch to win the heavy-weight Poland China class and go on to win the Champion Poland China title. This is the second year in a row for her to win this breed at Dallas.

This was the last show of the Fall season for Parmer County 4-H to exhibit in. The 1975 season will start the first week of January with the Sandhills Hereford Show in Odessa.

The 4-H'ers were accompanied to Dallas by Mack Heald, county agent.

**CHAMPION POLAND CHINA...** Sherrie Seaton, daughter of Mr. and Mrs. Jimmie Dale Seaton and Joe Dan Tarter, son of Mr. and Mrs. Joe Tarter, all of Lazbuddie, were in Dallas recently where they exhibited barrows in competition. Sherrie is shown in the top photo with her Poland China which won the title of Champion. This is the second year for Sherrie to win this breed at Dallas. In the lower picture she is shown with her Crossbreed barrow which took second place heavyweight and Reserve Champion Crossbred barrow. Joe Dan had the third place mediumweight Chester White barrow. The 4-H members were accompanied to Dallas by Mack Heald, county agent.

## Hunters Should Stress Safety

Some millions of American males—along with more than a few females—are taking to the woods this month, firearms in hand, in search of live targets.

These are the hunters among us.

The Texas Medical Association has a note of caution for those who are planning a fall safari into the fields and woods in search of deer and other game.

Know what you're firing at before you pull the trigger.

The hunter who blazes away rapidly at everything that moves is a highly dangerous animal. His quarry might well be another hunter.

The wise Texas hunter will be wearing a "hunter orange" vest or, at the very least, a cap made in this glowing bright fluorescent color. The color sends a glowing signal to other

hunters, but goes unnoticed by color-blind game such as white-tail deer, which will only be alarmed when it distinguishes motion, sound, or scent.

Each year several hunters return from fall outings via hearse. Many others return with a load of bird shot or a rifle bullet to be dug out by a doctor. Behind almost every hunting accident is one cause: carelessness.

Never cross over or through a fence or climb a tree with a loaded gun. It might fall and discharge. Don't shoot at a hard, flat surface. Glancing bullets can carry long distances. Even a small bore rifle has considerable range. Know where your bullet will stop before pulling the trigger.

Keep guns away from children. Never leave a weapon unattended without unloading it. Store guns and ammunition beyond the

reach of youngsters, preferably under lock and key.

Always carry a gun so that you can control the direction of the muzzle if you stumble. Keep the safety catch on until ready to shoot. Be sure the barrel is clear of mud, snow or other obstructions. A clogged barrel may burst.

Leave your liquor bottle at camp, and wait until you're through with the day's hunting and the guns are unloaded to take that first drink. And don't overdo it.

# CALLING ALL HUNTERS...

## A WORD OF CAUTION AS YOU PREPARE FOR HUNTING SEASON....

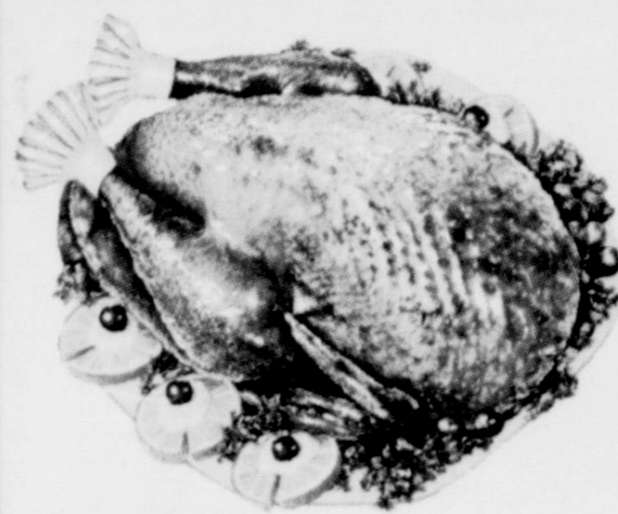

Please Make An Effort To Avoid Hitting The Insulators On Power Lines. This Can Cause A Power Outage, Which Is An Inconvenience To Farm Residents.

Jana Pronger

"Don't buy a pig in a poke!" A "poke" is a colloquial term for a bag. This common expression advises buyers to buy only after looking at the merchandise. To give you a better look at the bacon you buy, the U.S. Department of Agriculture has a regulation that requires all bacon packages to have a transparent area at least 1 1/2 inches wide revealing at least 70 percent of the length of a representative slice.

To meet this requirement, many bacon packages have a new "back window," some simply show a full slice in a front window. Here's what you should look for when looking through the window.

Look at the representative slice in the window to see how much lean and fat it contains. These drawings show slices with different amounts of lean. Select according to your taste, but remember that most of the bacon produced has a lean to fat ratio about like slices two or three.

Do you like your bacon crispy? or chewy? Distribution of lean, thickness of slice and cooking time are factors that determine whether bacon will be crispy or chewy. When fried, bacon with several strips of lean distributed throughout the slice will tend to be more crispy, while bacon with the same amount of lean concentrated in fewer but larger sections will tend to be more chewy.

Slices five and six show the same amount of lean distributed differently. Here again, select according to your taste.

Thick slices—unless cooked longer—will be chewier than thin or very thin slices. A one-pound package of bacon of average thickness usually contains 20 to 22 slices. A one-pound package of thickly sliced bacon usually contains 12 slices.

Bacon is commonly sold in one-pound shingle pack-

ages. However, it is available in two-pound packages or the smaller 12-ounce or half pound packages. When comparing prices, check the weight of the package.

Bacon is also sold unliced—and usually with the skin not removed. This is referred to as "slab bacon."

Some bacon buyers might be surprised to know that bacon comes from a pig's side that is processed in a special way. If you were able to buy meat from a pork side that hadn't gone through this special process, you would be buying what is called "fresh side pork" and it would taste like other fresh pork cuts rather than like bacon.

To make bacon, pork sides are trimmed, and squared. Then they are cured in a brine mixture consisting of salt, sugar, and sodium nitrate and nitrite.

After curing, the sides are hung on racks called "bacon trees" and taken to a smokehouse where smoke from a hard wood such as hickory or apple adds its characteristic aroma and flavor.

After it comes out of the smokehouse, the bacon is chilled and "formed" so that finished slices will come out nice and even. Then the slicing machine cuts the formed side into slices of uniform thickness, after which it is packaged as the product we all know as sliced bacon.

++++  
IN THESE DAYS of high sugar prices, many people are turning to honey—one of the oldest known sweets, one authority reported this week.

"It is easily digested because it consists chiefly of simple sugar—dextrose and levulose, which the body readily absorbs," Mrs. Gwendolyn Clyatt, consumer marketing information specialist, said.

Honey is unique because it is the only unmanufactured

## Chieftains Roll Up 30-0 Win In Finale

(Continued from Page 1)

through to block an Indian punt and set Friona up at the Morton 26. Welch ran to the 15 for a first down.

Dee King then got a TD, on another good broken field run. He even used an official as a blocker, but had to bounce off the striped-shirt fellow at the five and go in for the score.

A personal foul on Friona nullified the first kick, and Duvy Carthel was challenged on a 35-yard attempt, with the ball spotted at the 25. Carthel's kick against the wind cleared the bar by ten feet, splitting the uprights perfectly. It ran the score to 23-0 and only 4:07 remained in the game.

But Friona's "Big D" sweet available in commercial quantities.

The main commercial brands of honey come mostly from alfalfa and clover blends. Blending makes a product with uniform color and flavor.

There are several forms of honey made:

—Liquid, or extracted, honey is that removed from the comb.

—Comb honey is honey just as it is stored by the bees.

—Chunk honey is a combination of comb and liquid honey. It consists of pieces of comb with extracted honey poured over them.

—Creamed, or granulated, honey is extracted honey that has been formed into minute crystals, giving a creamy texture. It makes an excellent spread.

—Honey butter is a mixture of honey and butter.

Honey will keep indefinitely stored tightly covered in a dry place at room temperature. If it becomes granulated, place container in warm water to reliquify.

Heat extra-thick honey in warm water for easier pouring. A good way to measure honey is to lightly grease the cup or spoon so the honey will pour out more readily.

wasn't through for the night. A low snap to the Morton punter aided in Friona's fifth blocked kick of the night, and the Chieftains had the ball back at the Morton 10 with 1:30 left to play.

Reserves were flooding the game for Friona, but Bandy stayed in, to flip a second down pass to end David Hutson, who was wide open in the left flat. Hutson hugged the ball, and Stowers' kick ran the count to 30-0.

Friona, thanks to its demonic defense, had scored 23 points in the space of 6 4/5 of clock time, and the inspired Indians, although they dominated the statistical aspects of the game, had to settle for a shutout defeat.

Sophomore tailback Sam Johnson (number 42) of the Indians warned of trouble in future years. He was the leading rusher with 86 of Morton's 132 yards rushing.

Welch, who had played an inspired game against Dimmitt in a losing cause, led Friona rushers with 69 yards, which included the two touchdowns. King had 58 yards.

The blitzing Indians crushed Friona's passing game, throwing Bandy for losses totalling 30 yards. Due to the blitz, Bandy was able to complete only one pass all night—the touchdown pass to Hutson on Friona's last offensive play of the season.

Strickland had better luck punting than did his Morton counterpart. Gene boomed seven kicks for a 44.3-yard average. He had a 51-yarder in the opening quarter that backed Morton up to its own five and added to the Indians' poor field position.

The 8-2 season record tied the team for the best mark at Friona, first set in 1963 and duplicated by the 1964 team.

The shutout was the ninth in the Friona-Morton series, and sixth by Friona.

## Statistics

**Scoring** Welch, 2 TDs, King 1 TD, Hutson, 1 TD. Stowers, 3 PATs, 1 safety; Carthel, 1 PAT.

Olton claimed the District 3-AA championship after a 28-14 win over Dimmitt at Dimmitt Friday night.

The Mustangs will face Lockney, one of the District 4-AA tri-champion, in the bi-district game. Floydada, Lockney

### Letter To The Editor

Dear Mr. Ellis:

Thanks a lot for the check from your football contest. I am returning it for you to donate to your booster club.

There are three teams in Friona's district that are good enough to be in the playoffs. I sure hated to see Friona lose, but they can be real proud of their team and season.

Sincerely,  
R.L. Blakely  
Hereford

### "GOD'S GREATEST GIFT"

Ephesians 2:8-9—"For by grace are you saved through faith, and that not of yourselves: it is a gift of God: not of words, lest any man should boast."

Success usually depends upon how hard an individual works coupled with his or her abilities and intelligence. Especially many of us Americans urge each other to work to be successful.

But we are saved by grace—a GIFT of God. Yes, salvation is a gift! Grace is a gift from God. Contrary to almost everything else we learn this is something you do not work for. And of course we all know we don't work for gifts. Faith accepts the gift...faith is saying "yes and thank you" to God's gift...completely free and undeserved.

The gift—that's the Son of God, Jesus, taking our place, living a perfect life, sacrificing His life on the cross to forgive our sins, and then victoriously conquering death and the devil. We don't live perfect lives, we can't get rid of our sins, we can't conquer death. But God did it for us and He gives us life, that is faith, with God now and also promises us eternal life with God forever. It's all a gift.

Of course we work to serve our God and our fellowmen just as God encourages us to do. We work to serve but we do not work or live good lives to merit life with God. Grace and salvation is a free gift from God. For this gift we surely ought to praise and serve Jesus, our Lord and our Savior.

Tuesday, Nov. 19 - -

# Lazbuddie Will Decide On School Bond Election

A school bond election totaling \$380,000.00 will be submitted to qualified registered voters of the Lazbuddie Independent School District on Tuesday, Nov. 19, between 8 a.m. and 7 p.m. in the Foyer of the School Auditorium in Lazbuddie.

Absentee voting in the election will terminate Friday (today) at 5 p.m. Persons voting absentee will cast their ballots in the office of the Lazbuddie School Superintendent.

During the election two separate ballot boxes will be provided to qualified registered voters. In one box only resident qualified electors who own taxable property and who have duly rendered property for taxation will be allowed to vote. In another box all resident qualified electors who are otherwise qualified but do not own taxable property which has been duly rendered for taxation will be allowed to vote.

Don McDonald will serve as presiding judge for the election, and W. G. Harlan will be the alternate presiding judge. Janie Johns was appointed as the clerk for absentee voting.

Specifically, the \$380,000.00 proposition would authorize the construction of a physical education facility for grades kindergarten through twelfth, the construction of an industrial arts shop and bus barn, improvements to the teacherages and existing facilities, bleachers for the visitors' side of the football field, fencing for the bus yard and athletic fields and graveling of streets and bus yard. The latter item is optional, depending on available funds.

Information released by the Lazbuddie School Board of Trustees points out the need for the proposed items in the school bond election. The proposed physical education facility will allow a broader curriculum by permitting new courses to be added to the curriculum, such as band, industrial arts, crafts and other courses not presently offered, due to scheduling that will allow an additional period per day per class.

Presently, the kindergarten through fourth graders do not have a place, other than the

homeroom or parking lot, to play during bad weather, the Board points out. This new P.E. facility will permit 100 percent participation and thereby fully meet accreditation standards.

The minimum size for a high school basketball court is 50' x 84' and a 3' out of bounds area from side line or end line to wall or bleachers. The existing gym, the Board notes, is in need of repairs and is only 45' x 72' with 2' area out of bounds, which has resulted in several injuries, but it will still be utilized in the school program.

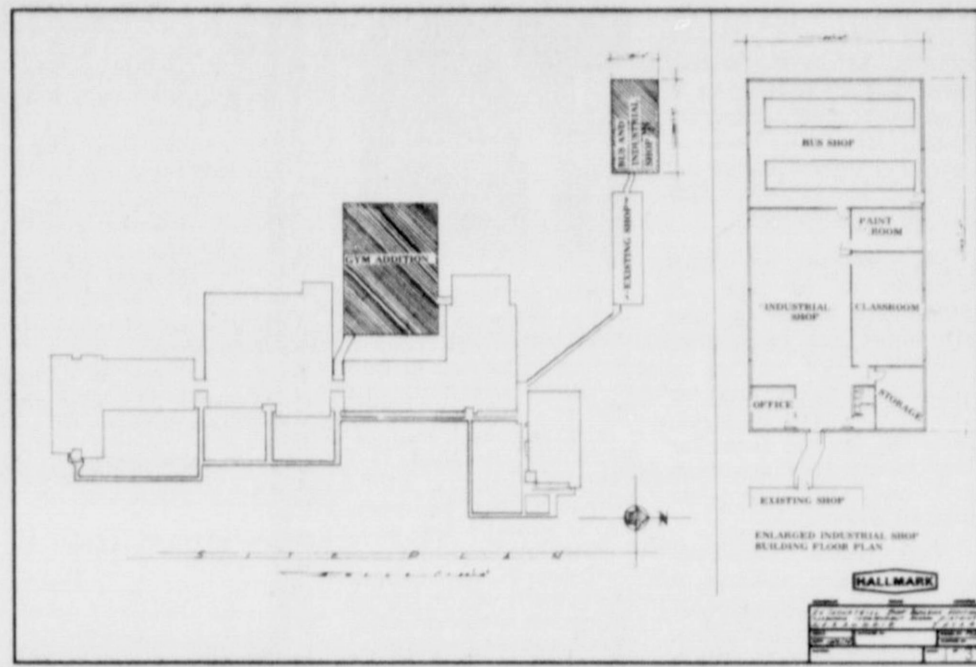

The proposed P.E. facility, the Board states, will be used approximately 85 percent of the time for physical education classes and 15 percent of the time for athletics.

The proposed industrial arts-bus barn combination would be a building 50' x 100' divided by a partition to allow 36' x 50' bus barn and 50' x 64' industrial arts department. The industrial arts shop is temporarily housed in the old home economics building which is inadequate so far as space and accessibility is concerned, the Board explained. The bus barn has been recognized for some years as being inadequate.

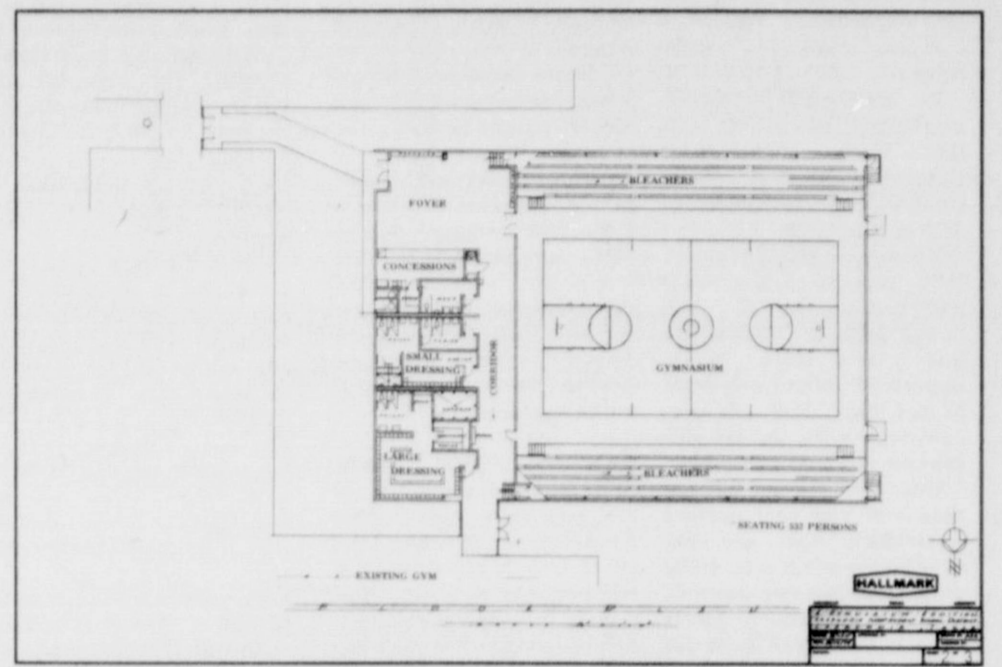

The new facility would have electric sockets in the outside wall in order to keep the water system hot in parked buses during extremely cold weather. The industrial arts building connected by a covered walkway to the west end of the vocational agriculture building will allow the two departments to coordinate their curriculum to cover a broader scope of training and not duplicate courses.

Concerning the improvement to the teacherages and existing facilities, the Board notes that sometimes it becomes necessary to add rooms to meet the needs of growing families. It also aids in recruiting teachers if adequate housing is available as well as retaining others, the Board explains.

Permanent bleachers for the west side of the football stadium is not a costly item, as noted by the Board, but is something that will allow

**GYMNASIUM ADDITION** - This detailed sketch prepared by Hallmark for the Lazbuddie Independent School District shows the gymnasium addition, which will be included in improvements to the school system should the \$380,000.00 school bond issue pass on Tuesday, Nov. 19. Included in the gymnasium will be bleachers, trophy case, foyer, concession stand, men's and women's dressing rooms, bathrooms and showers, etc. Absentee voting in the election will terminate Friday (today) at 5 p.m. in the office of the Lazbuddie School Superintendent.

**INDUSTRIAL SHOP BUILDING** - Hallmark has prepared this sketch of the proposed site plan of the gymnasium addition and the bus and industrial shop for the Lazbuddie Independent School District. The clear area shows the existing facilities and the shaded areas depict the proposed construction. The sketch at right is the enlarged bus and industrial shop building floor plan. The proposed industrial arts-bus barn combination would be a building 50' x 100' divided by a partition to allow 36' x 50' bus barn and 50' x 64' industrial arts department. These additions are part of a \$380,000.00 bond issue which will be presented to qualified registered voters in the Lazbuddie School District on Tuesday, Nov. 19.

visitors safe and adequate seating.

Providing fencing of the bus yard and athletic fields will save on gas, cut down on temptation, and will make it possible to control traffic, both pedestrian and automotive.

"The cost will probably pay for itself over a period of years," stated the Board.

The graveling of streets and the bus yard will be done provided funds are available.

The bonds would be financed over a 15-year period. The present indebtedness pays out in nine years and, including the proposed issue, the district would be debt free in 15 years, provided it is not necessary to issue any additional bonds. The new issue would require a maximum increase of 12 and one-half percent of 1974 taxes.

The Lazbuddie School Board of Trustees has issued the following statement regarding the passage of the bond election: "In recognition of our responsibilities to the students of this community and in keeping

with the belief that better schools build better communities you are urged to vote your convictions Nov. 19.

"Your support of the school is reflected in the performance of the students and community spirit. We are indeed proud of the past achievements and are looking to continued meaningful progress and growth."

A camper is for vacations, and U.S. Savings Bonds make big vacations possible. Maybe that's what Darren McGavin of ABC-TV's "The Night Stalker" has in mind when he recommends Bonds for Christmas.

It seems you can't even keep the farms down on the farm. An estimated 21 percent of the world's land surface is cultivatable, but only about two-thirds of this is used for growing crops.

Roman ladies are believed to have believed that amethyst stones would preserve their husbands' affections.

ARE HIGH IMPORTS and low exports the cause of current falling cattle prices?

Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service, sheds some light on this question with a few facts.

During January to June of 1974, imports of beef, veal and pork into the U.S. were down three per cent from last year's levels, while imports of cattle were down 21 per cent. Hog imports, however, were up 184 per cent over last year's levels.

Uvacek went on to say that beef and veal exports were down eight per cent over last year's levels, while pork exports were down 77 per cent. However, cattle exports have gone up 87 per

cent, with a 231 per cent increase in cattle exports to Canada.

Despite these low import levels, except for hogs, and higher cattle exports, the price per hundredweight of slaughter steers, lambs, and barrow and gilts has shown a marked decrease during 1974 compared to 1973 levels. This should emphasize the fact that current low cattle prices have a much deeper domestic root than foreign trade in livestock would explain.

++++  
ONE OF THE MOST destructive peach pests is the peachtree borer. The larval stage damages the peach tree by burrowing the trunk of the tree near the ground line. Infested trees decline in vigor and may die

as a result of the damage inflicted by peachtree borer larvae. Now is the time to protect your peach trees from the peachtree borer damage.

The best way to determine if a peach tree is infested by these borers is to inspect the trunk of the tree at the soil line. When large masses of gum which contains a brown sawdust like material are found, peachtree borers are present. Peach trees should be inspected several times each year to determine if control measures are needed.

These borers can be controlled by an application of paradichlorobenzene crystals (PDB crystals) applied around the base of the tree during the period of October 20 to November 15. The use of PDB crystals in the proper manner will, in most cases, eliminate the infestations. The crystals should be applied when the soil is dry and the temperature is 55 degrees F. or above. Weeds should be removed from around the

base of the tree and the soil leveled one foot from the tree trunk. Place the PDB crystals in a narrow groove encircling the tree about two inches from the tree trunk. Care should be taken to keep any of the crystals from coming in direct contact with the tree. Clean soil should be placed over the crystals so as to form a cone-shaped pile about six to eight inches high around the base of the tree. This soil should be removed from the base of the tree in late March or early April.

The amount of PDB crystals to be used is determined by the age and size of the tree. In general, one-half (1/2) ounce of crystals should be used for two to three year old trees, three fourths (3/4) ounce for four to five year old trees and one (1) ounce for mature trees.

Where peach tree borers are a problem, the use of this control measure for this pest will greatly lengthen the life of the peach tree.

**STEP UP TO STYLE**

Have you ever thought of putting carpet on a banister? Why not try it and add a rich color note to contemporary furnishings? A dramatic staircase sets the pace in this duplex apartment decorated by Marjorie Michaelson. Gold carpeting emphasizes the handsome floors throughout the apartment's first floor. Installed by Century Carpet Company, Bigelow's "Deauville" is a dense, deep-piled 100 percent acrylic which provides a foothold on fashion.

**293=4,665=Thanks To Our Customers**

In the last two weeks we've been honoring our long-service employees... 293 of them with a combined service of 4,665 years... and with individual service for periods ranging from five to 45 years.

And this seems like a good time to recognize the confidence that you, our customers, have in our employees and in our Company. We, all of us, appreciate the understanding you have shown in recognizing that, like everything else, our costs of providing electric service have increased... and that makes it necessary to charge more for electricity. Inflation, higher material costs, higher costs of the fuel we use to make electricity... even the higher costs of

borrowing money all account for higher costs of your electric service.

But, so long as we are expected to have electricity ready for you the instant you turn on a switch... to meet your year-around demands for electricity to keep your homes and businesses liveable... then there's just no other way. Increased costs must be reckoned with.

We have good employees... all trying to do the best job they know how, and so it's in order for us all at Southwestern Public Service Company to say, "Thanks," to our customers for their understanding... because your understanding of our problems does make our jobs that much easier.

PORTALES, N. M.

"YOU CAN DO IT!"...A new series for do-it-yourselfers will begin broadcasting Saturday, November 23. The show may be seen at 1 p.m. on KAMR-TV, Channel 4, Amarillo. Cablevision viewers in Friona will see the series on Channel 4. During the six-week series,

hostess Cindy Kidwell, pictured, will teach lessons on do-it-yourself home repairs. According to Jana Pronger, Parmer County Extension agent, the series is a six-part, educational series on home care and repairs.

## Do It Yourself Series Slated On Channel 4

Parmer County "do-it-yourselfers" will have "their own" television series with the start of a new program on KAMR-TV, Amarillo Channel 4, at 1:00 p.m. Saturday, November 23.

Cablevision viewers in Friona will see the series on Channel Four.

According to Miss Jana Pronger, Parmer County Extension Agent, the new series, "You Can Do It!" is a 6-part, educational series on home care and repairs.

"It is designed to teach viewers simple, money-saving care and maintenance techniques," she said.

Locally, the half-hour programs each Saturday will be sponsored by Parmer County Family Living Committee and KAMR-TV.

Created and produced by home economics specialists with the Texas Agricultural Extension Service, The Texas A&M University System, through a special United States Department of Agriculture grant, "You Can Do It!" is being aired

statewide on an alternating basis.

During the 6-week series, hostess Cindy Kidwell will teach lessons on how to repair leaky faucets and how to caulk and weather-strip, Miss Pronger said.

On the first program, viewers will learn how to do simple electrical repairs.

Other lessons will teach viewers how to make toilet repairs and adjustments, and how to care for carpets.

Viewers are urged to check local program listings during the series for any changes in programming.

Local homemakers will learn how to make and use low-cost cleaners during this week's "You Can Do It!" television program at 1:00 p.m. on KAMR-TV, Amarillo, Channel 4.

Featuring hostess Cindy Kidwell, the educational program will teach viewers how to make cleaning products for windows and mirrors, porcelain, furniture, and general household uses.

"Cleaning on a Shoe-string," this week's lesson, also will feature ideas for

cleaning marble, tile, aluminum, and chromium, according to Miss Pronger, Parmer County Extension Agent.

"You Can Do It!" is a 6-part educational television series, which will run through December 28. It is sponsored locally by the Parmer County Family Living Committee and KAMR-TV.

It was created and produced by home economics specialists with the Texas Agricultural Extension Service, The Texas A&M University System, through a special United States Department of Agriculture grant.

Programs in upcoming weeks will include lessons on repairing leaky faucets, toilet repairs and adjustments, caulking and weatherstripping.

Bulletins on any of the projects taught during the series are available at no charge through the County Extension Office, at 481-3619, or Box 683, Farwell, Texas 79325.

Next week's program will teach leaky faucet repairs.

Thanks to your support of the Carnival Rides and concessions during Maize Days, the Friona Lions Club received \$2,850 which it will be able to use for worthwhile community projects.

The Friona Lions Club also wishes to thank you for buying Halloween candy on our recent candy sale.

Thank you for your support of the Lions projects throughout the year.

# THE FRIONA LIONS CLUB

## Friona Girl Elected Sorority Officer

Jeanie Thompson was recently elected as an officer in the Gamma Phi Beta Sorority at Texas Tech University in Lubbock.

Miss Thompson is a junior secondary education major and was listed on the Dean's List.

She is a member of the Texas Tech Senate, served as official hostess for the 1974 Coaches All-American Game, is on the Student Association Government Operations and Relations Committee, on the University Center International Interest Committee, Texas Tech Education Council member, on the Student Association Academics Committee, TSEA and participates in intramural sports.

Jeanie is a member of the "Crecent Singers," a singing group composed of seven members from. They

### Agonizing Pain From Ingrown Toenail? Get Outgro For Fast Relief

Outgro gives you fast temporary relief from ingrown toenail pain. Outgro toughens irritated skin, eases inflammation, reduces swelling without affecting the shape, growth, or position of the nail. Stop ingrown nail pain fast with Outgro.

are presently preparing a Christmas program including both secular and religious music.

She is the daughter of Mr. and Mrs. Dave M. Thompson of 1609 W. 10th Street in Friona.

### Sergeant Kube Earned Honors At Miss. AFB

U.S. Air Force Sergeant Wayne M. Kube of Farwell, has earned Outstanding Noncommissioned Officer of the Quarter honors in his unit at Keesler AFB, Mississippi.

Sergeant Kube, son of Mr. and Mrs. Martin Kube of 100 Ave. I, is a radar repairman with the 1839th Electronics Installation Group, a part of the Air Force Communications Service.

A 1970 graduate of Farwell High School, the sergeant attended South Plains College in Levelland, Texas, prior to entering the Air Force. His wife, Vickie, is the daughter of Mr. and Mrs. Walter Schueler of Route 2, Friona.

TAMMI KAY SHELTON....Mr. and Mrs. Ralph W. Shelton of Friona are announcing the engagement and approaching marriage of their daughter, Tammi Kay, to Larry Thomas Bryant, son of Mr. and Mrs. Glen Bryant, also of Friona. The couple plans to exchange wedding vows on Saturday, December 14 in the home of the bride's parents.

### Members Earn Stars, Wings

Girl Scout Troop 83 met on Tuesday, November 12 and worked on their Indian Badges.

Sheri Dodson finished her requirements for the "My Home" Badge.

Refreshments were served by Cara Brockman.

Troop members received stars and wings for their years of Brownie service.

### It's A Girl For Noeys

Mr. and Mrs. James Noey of Friona, are the parents of a baby girl, born Wednesday, October 30, in Deaf Smith General Hospital in Hereford.

Beth Ann is the name given the baby and she weighed five pounds, ten ounces and was eighteen and one-half inches long at birth.

She has one sister, Tammy, 4 years old.

Grandparents are Mr. and Mrs. Clovis Noey, Bogota, Texas and Mr. and Mrs. Noel Worley, Throckmorton, Texas.

OFFICER GRADUATES....Jose Mesza, Jr., a patrolman with the Friona Police Department, graduated November 7 at the Amarillo College West campus,

School of Vocational Arts. He completed a six-week training session. He is pictured in the above photo in the back row, fourth person from the left.

### Law Officer Completes Course

Twenty officers representing Panhandle area law enforcement agencies received diplomas acknowledging they have completed the education required for certification as a law enforcement officer in Texas.

The graduation ceremony was held November 7 at Supten's Barbecue, 620 W. 16th in Amarillo. State Senator Max Sherman delivered the graduation address.

Jose Mesza, Jr., patrolman with the Friona Police Department was among the graduates completing a six-week training session at the Amarillo College West campus, School of Vocational Arts.

On May 31, 1969, Mario Andretti won the Indianapolis 500-Mile Race. In winning he broke 15 of the 20 race records and established a race-speed average of 156,867 miles per hour.

"What's It Like Out There?" is the story of Mario Andretti's experiences on the race track and will interest racing fans young and old.

As soon as World War II ended, Mario and his brother were involved with motors, starting work at a garage, where they were given the job of parking cars—even though when they took the job neither boy could drive.

By 1955 Mario and his brother Aldo had won about 20 motor races in Italy, and

when he arrived in America with his family and helped them set up house in Nazareth, Pennsylvania, it was back to the bottom of the heap—after all he was only 15. The struggle up was not easy, but by 1963 Mario had graduated to the United States Auto Club spring tracks, and his progress since his first appearance on the USAC has been phenomenal.

What Mario is like, what he thinks about the race tracks and the drivers, how he drives, how he lives; all make interesting reading for followers of the sport.

Check out a book about your favorite sport or choose a novel that will entertain at Friona Public Library.

### Frionan Initiated In Honor Society

The West Texas State University Iota Theta chapter of Kappa Delta Pi, national honor society in education, recently initiated 60 members into the organization.

Qualifications for selection are junior standing or above, a 2.2 grade point average overall, a 2 grade point average in education and enrollment in the Teacher Education program.

Lou Whaley, a former Troop Members

#### Make Vases

Girl Scout Troop 325 met at the Girl Scout House on Tuesday, November 12.

Eighteen girls are enrolled in the troop. Sixteen girls were present.

One visitor, Penni Weatherly was also present. Jenness Self and Tawnya Hand served refreshments.

Each patrol had been assigned a job. The Crazy Kooks swept the house; Putty Kats cleaned the restrooms and the Lady Bugs carried out the trash.

This is the third week for the girls to work on Modge Podge vases. They are putting rick-rack on the vases this week.

The girls had their pictures taken to put in the Girl Scout Scrap Book.

Tawnya Hand had a display for the "Painting and Drawing" badge and the "Books" badge.

They sang "Gracious Senior" for the grace when served refreshments.

Friona High School student, was initiated into Kappa Delta Pi. She is the daughter of Mr. and Mrs. Watson Whaley of Route 2, Friona.

At the Nov. 5 meeting where Sid Bayless, personnel director of the Amarillo Public Schools, spoke on "What I Look For In Teachers," Mrs. Tom Cook of Amarillo was elected as secretary and Marianne McGlaun of Canyon as historian. Other officers for the current year are Maria Mendoza of Canyon, president; Peggy White of Amarillo, vice president; and Jerry Crowell of Groom, treasurer.

### Local Students Enrolled At San Marcos

Enrollment at Southwest Texas State University in San Marcos is 12,894 for the fall semester, according to a news release from the university.

The enrollment includes students from 208 Texas counties, 42 states and more than a dozen foreign countries.

Students enrolled from Parmer County include Danny M. Kendrick, junior, son of Mr. and Mrs. H.K. (Pudge) Kendrick of Friona; Donna J. Lewis, senior, daughter of Mr. and Mrs. Bruce Parr of Friona; and Rodney Hromas, freshman, son of Mr. and Mrs. Glenn A. Hromas of Bovina.

### Hands Have Baby Boy

Mr. and Mrs. Nick Hand are the parents of a baby boy. He is the first child for the couple.

The baby was born on Monday, November 4 at 11:42 p.m. in the Littlefield Community Hospital. He was named Lynn Ray and weighed six pounds, fourteen ounces and was twenty inches long at birth.

Grandparents are Mr. and Mrs. L.R. Hand of Friona and Mr. and Mrs. Q.C. Morris of Levelland.

Great-grandparents are Mrs. E.B. Brannon, Friona, Mrs. Pearl Hand, Ojai, California, Mrs. R.H. Alexander of Lubbock and Mrs. Mrs. Ralph Ford, Duncan, Oklahoma.

Existing Energy + Electricity = Economical Heating & Cooling

**THE ELECTRIC HEAT PUMP**

Today's answer to saving energy while still enjoying a comfortable climate in your home...the HEAT PUMP!

The heat pump is a simple machine...it pumps heat.

Pumps heat "out" of your home in the summer...

Pumps heat "in" to your home in the winter...

Does both jobs with only one unit...in a clean, efficient and economical manner. The heat pump is more than 100% efficient at the point of use. Call us this week for a free electric home heating survey...and ask about the Heat Pump...the bright star in the galaxy of electric heat.

The Future Is Electric!

## Members Attend F.T.A. Convention

On November 5, ten members and two advisors of the Ethel Benger Chapter of Future Teachers of America attended the District XVI Convention in the Activities Center of West Texas State University in Canyon.

Those attending the convention were Johnnie Walter, Lupe Castillo, Martha Castillo, Teresa Baca, Tomasito Trevino, Jerri Benge, Tamela Hassenpflug, D'Aun Wilson, Marie Morrison, Mary Schilling, Mrs. Leonard Coffey and Mrs. Frank Truitt.

The delegation attended the business meetings and three workshops on self concepts, human relations and scrapbook.

Mrs. Truitt was also a judge for the Mr. and Miss F.T.A. contest.

**TAMELA HASSENPLUG**

Tamela Hassenpflug was named F.T.A. member for September and October. She is a junior in Friona High School and student teaches in the fourth grade for Mrs. Patsy Gresham.

**RECEPTION HONORED....**Mr. and Mrs. Cecil Sisk celebrated their 25th wedding anniversary on Sunday, November 10, between the hours of 3 and 5 p.m. at the Friona Woman's Club House, 203 East 9th. Jessie Mayfield and Cecil Sisk were married November 11, 1949 in Lamesa, Texas. Pfc Royce Sisk, stationed in Germany with the U.S. Army and Mrs. Judy Benson of Forrest Lake, Minn. hosted the affair.

## Citizens Should Mark Property

The objective of Operation Identification is to get as many citizens as possible to mark their property to discourage burglary.

A project of the Friona Police Department's Operation Identification initiates an all-out effort in crime prevention for the area. The program involves citizen participation in marking property with the individual's driver's license number.

Suggestion as to where on your property to engrave the driver's license number, is included in the Operation Identification brochure available at all engraver check-out locations and the Friona Police Department.

The brochure suggests areas of marking which will guard against your property being disfigured or devalued by the marking process. Basically, numbers are engraved on an area that cannot be easily dismantled and is generally on the bottom, inside or underneath the item being marked.

If a serial number is already fixed to the item, the engraved driver's license number should appear near there.

If a piece of property already has someone else's number on it, do not mark

out the old identification number. The new owner should engrave his identification number underneath the old one.

When property that is marked is sold or given to someone else, the original owner should encourage the person receiving the item to engrave his number directly underneath the old number.

Most items can be marked with the engraving pen; however, fragile property such as jewelry, silver or china can be protected by taking a photograph of the items and storing it with the property listing form and other important papers for personal record keeping purposes.

Once items are marked and the engraving pen returned, you will be given decals to put on the front and back doors and windows of your office or home. These decals warn burglars that the property inside is protected by Operation Identification and that stolen items in his personal possession would mean an almost certain jail sentence—that's how Operation Identification works for you.

Engravers and Operation Identification brochures can be checked out free at your local law enforcement agency.

**HONORED....**Mr. and Mrs. J.V. Boudin were honored on Sunday, November 10 on the occasion of their 50th Wedding Anniversary.

## Hospital Notes

### ADMISSIONS--

Rebecca Hernandez, Hereford; Mrs. Antonio Arellano and baby boy, Hereford; Josephine Wenner, Muleshoe; Ethel Adams, Friona; Richey Stanberry, Bovina; I.W. ### Randy Milloys

#### Have Baby Boy

Randall Van Milloy was born Saturday, November 2 at 5:05 a.m. in Parmer County Community Hospital.

His parents are Mr. and Mrs. Randy Milloy and he is the first child for the couple.

The baby boy weighed six pounds, nine ounces and was twenty inches long.

Grandparents are Mr. and Mrs. V.E. Nichols, Friona and the late Peggy Milloy and Paul Call of Clovis, New Mexico.

Great-grandparents are Mr. and Mrs. Jack Straw and Mr. and Mrs. Bill Nichols, all of Olton, Mrs. Carrie Shirley, Friona and Mrs. J.W. Dyck, Clovis, New Mexico. The child has one great-grandmother, Mrs. Anna Shelton, Hobart, Oklahoma.

## 325 Served At Turkey Dinner

Approximately 325 people turned out for the 14th annual turkey dinner, sponsored by St. Ann's Altar Society, Sunday at Parish Hall of St. Ann's Catholic Church of Bovina.

Turkey, with all the appropriate side dishes, was on the menu. In addition, baked goods were sold at country store during the afternoon.

Winner of the handmade double-knit quilt was Larry Jesko. Other door prizes were awarded to Danny Schacker, Last Supper picture; Mrs. Mary Ruth Martin, casserole dish; Beatrice DeLarosa, crocheted hangers; Christian Quintana and Dixie Jesko, pumpkin bread; and Eunice Schilling, cookies.

Members of the organization expressed their appreciation to everyone who attended the annual event.

### Program Presented

#### By Special Guest

Black Study Club members met Thursday, November 7 in the home of Mrs. Ellis Tatum.

The roll call was answered with a new product on the market. The program was presented by Marilyn O'Dowd, from Southwestern Public Service Company. She gave a demonstration on festive food and Christmas crafts.

The club made plans for the annual Thanksgiving dinner at the Black Community Center.

Guests were Mrs. Jerry Brown, Mrs. David Lee Carson, Mrs. Gary Brown, Mrs. Floyd Millican, Mrs. Jerry Loflin, Mrs. Clyde Hays, Mrs. Tom Lewellen, Mrs. Bill Ellis, Mrs. C.L. Vestal and Mrs. Earl Drake.

Members present were Mrs. Ethel Benger, Mrs. Lois Weatherly, Mrs. Fern Barnett, Mrs. T.A. Kelley, Helen Fangman, Mrs. Harry Lookingbill, Mrs. T.J. Presley, Mrs. Cliff Ailmon, Mrs. Charles Hamilton, Mrs. Bill Carthel, Mrs. Dick Rocky, Mrs. Emma Elmore, Mrs. Tommy Tatum and Mrs. Roscoe Ivie.

## Club Schedules Dinner Theatre

The Foreign Language Club of Friona High School will present a dinner theatre production on Thursday, November 21 at the Friona High School Cafeteria.

### JC Work

#### Forum Set

The County Showbarn-Community Center will be the site Saturday night of a regional Jaycee work forum, beginning at 7 p.m.

According to Jaycee boss Donny Campbell, upwards of 178 Jaycees and their wives are expected from as far away as Booker, to attend the confab.

According to Jaycee boss Donny Campbell, upwards of 178 Jaycees and their wives are expected from as far away as Booker, to attend the confab.

A Mexican food dinner will be served beginning at 7:30 p.m. Featured will be enchiladas and other Mexican food favorites. The production, "Asi es La Vida," (This is the Life) will be presented following dinner.

Tickets are priced at \$2.50 and will be sold by members of the club in a special canvass of the community on Tuesday, November 19. Admission will be by advance tickets only. There will be no tickets available at the door.

Starring in the production will be Hope Mays, David Whitaker, Paul Wilshire, Louis Leal and Lupe Castillo.

"This is the first attempt at such a production in Friona, and we are anxious to make it successful," said a member of the Foreign Language Club.

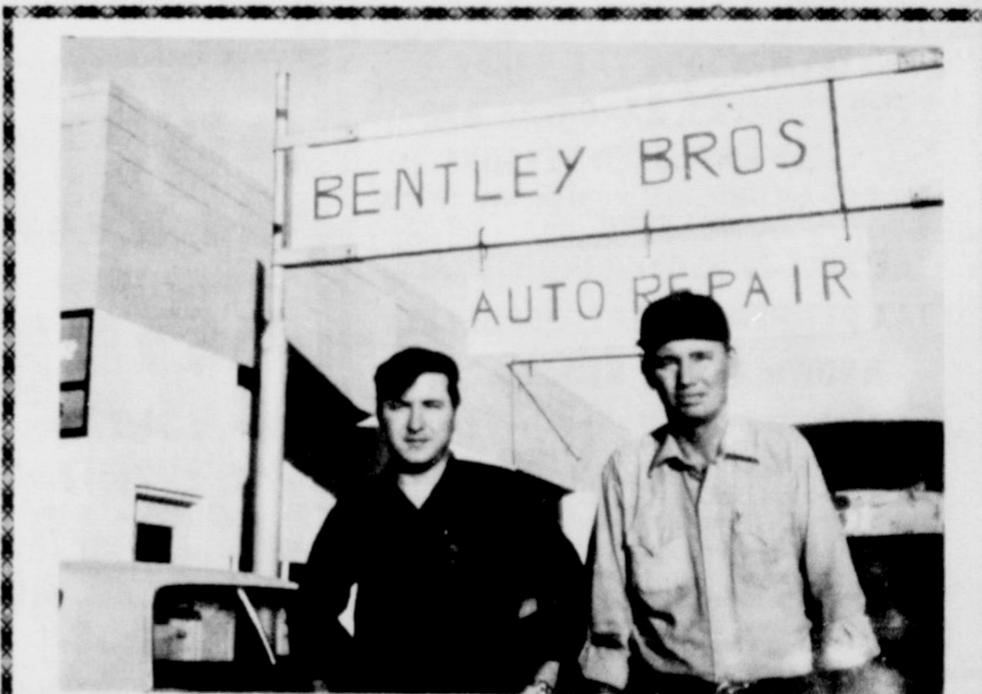

**D-E STUDENT--**Honored this week as the Distributive Education class' student of the week is Johnnie Walters. Miss Walters is employed at Friona State Bank. She is shown with her employer, Harold Branham.

**STYLISH COMBO--**Dots and checks make a happy mixture in this smart three-piece ensemble. Houndstooth checked cotton corduroy shapes the vest and skirt with a deep inverted front pleat. The pin-dotted blouse has a removable ascot. By Glen of Michigan.

**GIFT IDEA --**Get an early start on Christmas gift-making by stitching up a decorative vest. Sew it in bright red quilted cotton and trim it in white and navy cotton rick rack. The Coats & Clark pattern, easily adjusted to size, is available free of charge from the National Cotton Council, Dept. PR, Box 12285, Memphis, Tenn. 38112.

### Services Conducted For Longtime Bovina Resident

Funeral services for James Oscar Combs, 81, a longtime resident of Bovina, were conducted Thursday at the First Baptist Church of Bovina.

Rev. Larry Heard, pastor, officiated at the funeral services. Burial was at the City of Lubbock Cemetery, under the direction of Parsons-Ellis Funeral Home.

Mr. Combs was a retired groceryman. He came to Bovina in 1946.

Survivors include his wife, Bessie of the home, a daughter,

Mrs. Eugene Guyer of Lubbock, two sons, Doug of Roswell, N.M., and Harrell of Portland, Oregon.

Four sisters and one brother also survive. Sisters are Euna Stevenson of Clayton, Nebraska; Gertrude Hefley of Shamrock; Myrtle Lindsey of Ft. Worth and Ophia Lenard of Paradise, Tex. The brother is Wilbert Combs of Longview.

There are 12 grandchildren and 16 great grandchildren surviving.

### Recipients Notice Change In Prices

Rising costs of health care require an increase in the deductible for hospital insurance under Medicare, according to William Ent, social security field representative. For hospital stays beginning in 1975 the beneficiary will be responsible for the first \$92 of his hospital bill, an increase of \$8 over the present amount. (This compares to a \$12 increase last year.)

A Medicare beneficiary who has a hospital stay of more than 60 days will pay \$23 a day for the 61st

through the 90th day, rather than the present \$21 a day. The first 60 days in the benefit period are without charge to a beneficiary after the initial \$92. For a post-hospital stay of more than 20 days in a skilled nursing facility he will pay \$11.50 a day instead of the present \$10.50.

The cost to a person who must draw on his "lifetime reserve" will rise from \$42 to \$46 a day. The "lifetime reserve" is the 60 days a beneficiary can draw on one time if he is hospitalized more than 90 days during a benefit period.

The present deductible will apply to all hospital stays that start in 1974, even though they may extend over into 1975.

### SCS Report

The Parmer County SWCD held its monthly meeting last week. Jimmie Cockerham, Leroy Johnson and Dick Rocky were the directors present.

Herb Evans of the SCS, and Albert Cupell, District Bookkeeper were also present. The board was informed of Jimmie Cockerham's recent re-election as District Directors from sub division 1, Bovina Rhea area.

Dick Rocky gave a report on the State SWCD convention in San Antonio. The main topic of concern at the State Convention was land use planning.

The board was informed that Ed Corn had made application for the Great Plains Conservation Program. Also the board was informed that money was available for additional contracts.

The Board heard a report that the seedbed preparation contract for Site No. 2 (Bovina) Running Water Draw Watershed had been let to a contractor from Madison, Wisconsin.

The election of officers was postponed until the December meeting.
