Swine Flu Shots Available Here

ANOTHER CHAPTER has been written in Friona's Maize Days history, and once again, a fine celebration has been held.

Our hat is off to the Friona Chamber of Commerce and Agriculture, and especially to Maize Days chairman Charlie Caudill, who guided the '76 celebration to a fruitful conclusion.

The Queen's Contest was very nice. The officials did a fine job, especially to have had as many entrants as they did. And a beautiful and talented girl, Sharla Bengel, was named queen.

The Maize Days parade last Saturday morning was one of the nicest we have had, and lasted very nearly an hour. Nice additions this year were noticed from Bovina, the Khiva Temple from Amarillo, and Harold Taylor, the old bagpipe player, who added a little color.

Considering the weather the area had this week, the weather for Maize Days week was excellent, with only Saturday afternoon and evening yielding to the elements, having the carnival activities slowed somewhat by the rain and cold.

But everyone we have talked to seems to agree that it was another good celebration. New events such as the "Almost Anything Goes" competition added a little variety to the activities.

The barbecue was a good one. We enjoyed the "picnic in the park" along with the hundreds of other residents.

And the Ray Cammack Show is hard to beat. Cammack brought a fine collection of rides, as good as you'll find at the large fairs. Friona is fortunate in being connected with this type of organization, and we hope it continues.

LOTS OF THINGS are popping this election year, such as the resignation this week of Secretary of Agriculture Earl Butz. The Agriculture Secretary probably was a victim of election-year politics, regardless of what your opinion is of the man otherwise.

Personally, we have disagreed with some things that Earl Butz has said in the past, and we wondered if he really knew the problems of the farmers, particularly the ones in this section of the country.

However, there is always the chance that someone even less sympathetic to the problems of agriculture will be appointed. It remains to be seen just who will get the appointment, but it is to be expected that President Ford will attempt to appoint someone who will be acceptable to the farming areas, hence help him in his re-election bid.

From this standpoint, perhaps the farmers will gain from this sudden change of horses in midstream. We'll just have to wait and see.

ONE AREA in which the states and local governments received some good news the past week was the fact that the Revenue Sharing Program has been extended by Congress through September of 1980.

Small governmental units such as the City of Friona have received substantial payments from the federal coffers for the past few years. While these funds have not been enough to solve all of a city's financial ills, they nevertheless helped these cities to perhaps go ahead with projects they might not have otherwise undertaken, and have paid for many needed improvements.

In some case, we're sure that the revenue sharing money has been a disaster.

The revenue sharing program has been on the block, and some feared that it would be terminated.

However, on September 30, Congress approved a bill which provided for roughly \$26.6 billion for revenue sharing from January 1, 1977 through September 30 of 1980. This is an average of \$6.8 billion per year, compared to the current level of \$6.65 billion a year that has been returned to the states and cities from federally-collected taxes.

You may have noticed that on a periodic basis, the cities and county is required to print a statement as to how the revenue sharing money is to be spent.

Swine flu shots will be administered at Parmer County Community Hospital three days a week beginning Saturday, October 9, it was announced this week by Dr. Paul L. Spring, county health officer.

Dr. Spring said that the vaccine will be given Saturday mornings, Monday afternoons and Wednesday afternoons until everyone has had an opportunity to have a shot, or the vaccine is exhausted. There will be no charge for the immunizations. Shots will be given from 9-12 on Saturdays and from 1:30-5 p.m. Mondays and Wednesdays.

"We had intended to hold clinics at various locations in Parmer County, but the supply of vaccine will not permit it at this time," Dr. Spring said. He indicated that the first supply of vaccine received this week gave the hospital enough for about 1600 shots.

The county health officer said that if a large supply of vaccine is received later, then clinics would be set up in other locations, such as Bovina and Lazbuddie. The doctor at Farwell has a supply of the vaccine," he said.

Dr. Spring said that there was two

types of swine flu vaccine available. The Bivalent type is for people 65 years of age and over, or those with chronic illnesses, such as heart, lung or liver diseases.

The other type is the Monovalent type vaccine, for people 18 through 65. The Bivalent type will immunize a person against either type of flu, but the Monovalent type will only guard against the swine flu strain.

For those under 18 years of age, the only ones recommended to have the shots are children with chronic diseases—otherwise, it is not recommended.

"We are recommending that area residents go ahead and get the shots. It may be December before we get enough vaccine for all Parmer County residents, but we should eventually get enough," Dr. Spring said.

The hospital auxiliary plans to assist the doctors in administering the shots.

As is the case with other types of flu shots, it is not recommended that you take the shots if you have an infection, fever, a cold, or have a sensitivity to eggs.

CROPS AFFECTED

Freeze Hits Area --27 Degrees

An earlier than usual freeze hit the Friona area on Friday morning, climaxing a week of cold, disagreeable weather.

The Arctic cold front pushed into the area Wednesday night, pushed by a howling north wind that inflicted some damage to the area's corn crop that is waiting to be harvested.

Some of the corn was already down, and Wednesday night's wind, which blew most of the night, added to the problem.

The front left .12 inch of moisture, which was received in the early morning hours Thursday.

The official low temperature

recorded by the City of Friona Friday morning was 27 degrees, five degrees below the freezing mark.

A considerable amount of frost was evident on plants, lawns and vehicles left outside.

TEMPERATURES	
Date	Hi-Low
Saturday, October 2	85-47
Sunday, October 3	85-47
Monday, October 4	81-50
Tuesday, October 5	65-40
Wednesday, October 6	65-40
Thursday, October 7	68-38
Friday, October 8	41-27
Moisture: .12 inch Oct. 7.	

Jack Clark Scores 19; Takes The Lead

Jack Clark, the old football contest veteran, made his move last week in the Friona Star's weekly predicting event, and gained the lead in the contest.

Clark was the weekly winner with a sterling score of 19 out of a possible 21, and this shot him into a tie for the lead with a score of 79 after five weeks. Clark is tied with Don Fortenberry, who also has a score of 79.

Clark was the only contestant for the week to score 19 correct games, and won the weekly \$10.00 prize hands down. Bobby Drake, last year's champion, took second place for the week with a score of 18, and also moved into a tie with James Clark for second on the contest with a 78.

David George was the third place weekly winner with a 17. He missed

the tie-breaker score by only three points to claim the third prize money. Other contestants scoring a 17 were Movelda Fortenberry, Jimmy Grimsley, Don Fortenberry and Johnny Curtis.

Jack Clark becomes the fourth different contestant to hold the lead out of its five weeks.

Contestants scoring 16 for the week were H. W. Roberts, Mrs. B. C. Hartwick, Bobby Wied, Mary Pryor, Dwain Pape, S. D. Baize, James Sims, Michael D. Means, Kyle Barnett, Dianne Morgan, James Clark, Fred Church, Charles Hough, Wright Williams, Patrick Pace and Jimmy Lambert.

A list of the leading contestants' scores for the season can be found on Page 2 of this issue.

Thieves Take TVs, CB Radios

Approximately \$2,000 in merchandise was taken sometime during the early morning hours Sunday from Wilhelm TV and Appliance, 521 Main in Friona.

Mr. and Mrs. Joe Wilhelm reported that six portable television sets and 12 CB radios were taken.

Entrance was gained through the back door of the business. A glass was broken out of the door which was then unlocked.

Chief of Police Bill Denney, and the Parmer County Sheriff's office investigated the break-in. "We had a lead, but it fizzled out," Denney said. He said that some good tracks were procured, and that indications were that the robbery was performed by three people.

DEDICATION....Merv Noah, administrator of Prairie Acres, is shown making the dedicatory address to a group of well wishers at the dedication and open house of the nursing facility last Sunday.

Good Crowd Attends Open House Program

A good crowd attended open house activities at Prairie Acres last Sunday, as the Friona nursing facility hosted tours for residents of the area.

Prior to the tours, a dedication ceremony was held in front of the facility, with administrator Merv Noah delivering the dedicatory address.

As a part of the ceremony, the ladies who had completed a nurse aide course under the direction of Madie Schmidt, head nurse, were recognized.

Noah praised the work of Friona residents and the way they had approached the nursing home project from its inception.

"We feel that we have a definite ministry here, and we feel that local residents want us to keep the concept of a ministry, rather than an industry, as we guide the growth of Prairie Acres," Noah said to the crowd.

Noah lauded the leaders of the nursing home movement for (1) keeping the home in the hands of local residents, and free from government control, (2) making it the size it was (he cited a county survey that said the county needed a 68-bed facility), and (3) emphasizing the "ministry" aspect of the home, rather than the "industry" angle.

Some 300 area residents regis-

tered during the open house, and were served refreshments of cookies, punch and coffee by the ladies auxiliary of Parmer County Community Hospital, who are in the process of forming an auxiliary organization for the nursing home.

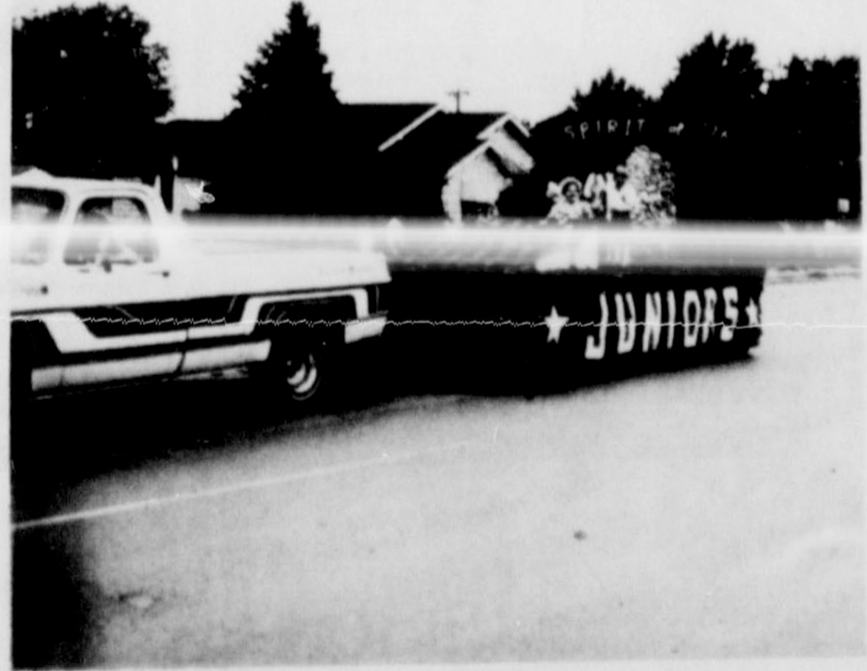

Among those attending the festivities was Mrs. O.A. Noah of Enid, Oklahoma, mother of the administrator, and Gordon Middleton of Fort Worth.

Few Places Planning To Close Mon.

A few offices will be closed on Monday, in observance of Columbus Day, which is a federal holiday.

A survey by the Friona Chamber of Commerce this week showed that Friona State Bank, the post office, the Soil Conservation office, Production Credit Assn. and Tri-County Savings and Loan Assn. branch office would be closed.

For the rest of the community, it apparently will be "business as usual."

WINNING FLOAT. With a title of "Spirit of '76", the Junior Class float was judged first place winner in the school division of the Maize Days parade. The float was one of several attractive entries in the parade.

EMPTY SHELVES....Mr. and Mrs. Joe Wilhelm and Friona Chief of Police Bill Denney view the empty shelves which were evident at Wilhelm TV and Appliance following a robbery last weekend in which the store lost approximately \$2500 in merchandise. The county sheriff's office also is investigating.

Friona Flashbacks

.....from the files of The Friona Star

45 YEARS AGO—OCTOBER 16, 1931

Friona now has two attorneys since the locating of Attorney A. D. Smith, formerly of Fort Sumner, New Mexico. Mr. Smith arrived in Friona on Thursday of last week and has established his office in the room of the J.W. Parr building adjoining the Friona Garage building on the east side of Main Street.

40 YEARS AGO—OCTOBER 9, 1936

The first bale of cotton for this season to be ginned at the local gin, was brought in Monday afternoon, by R.E. Barnette, of the Black community. This bale weighed 470 pounds which was ginned out of 1710 pounds of seed cotton. The bale was purchased by the Friona Gin at a price of 12 cents per pound, which was a bounty or premium of one cent per pound, or a total of \$5.00.

35 YEARS AGO—OCTOBER 10, 1941

Dr. R.J. McReynolds, local physician and surgeon, now has under construction a building, which when completed, will give Friona and vicinity a clinic or sanatorium equal in quality of equipment to anything of that kind in the plains country. Construction is under the direction of George E. Taylor, local contractor, who is assisted by J.H. Lea, C.L. Rury and Harding will do the stucco work. The building, which is located next door north of Dr. McReynolds's residence, will contain eight rooms and a corridor through the middle, leading back to the doctor's present office rooms.

30 YEARS AGO—OCTOBER 11, 1946

The Friona Woman's Club met in the basement of the Congregational Church, Wednesday afternoon to celebrate its 37th birthday. Mrs. Pearl Kinsley and Mrs. J.P. Slack were hostesses to twenty-three members. Mrs. F.N. Welch took the members by picture, to the "Beauty Spots" of America. Mrs. Carl C. Maurer took the members on an imaginary trip to several interesting places in America.

25 YEARS AGO—OCTOBER 4, 1951

Friona's new public school addition should be ready for occupancy by November 15, according to Contractor G. Williams, who attributed the delay in completing construction to the difficulty in obtaining many necessary materials.

Elevator men, amazed at the influx of harvested grain so early in the season, pointed out this week that more grain had been brought into Friona elevators by October 12 of this year, than at this early date on any other year they could remember. Now the big question seems to be when will harvest hit its peak or will harvest just drag itself out over a long period of weeks without hitting a rush season? Representatives of seven elevators in the county together estimated that approximately 22 million pounds of grain sorghum had already been received in the Black, Friona and Bovina area.

20 YEARS AGO—SEPT. 27, 1956

Friona celebrated her 50th birthday last weekend, and had plenty of help doing it. From every standpoint, the Anniversary event was a success, reports Wright Williams, president of the Friona Chamber of Commerce, which sponsored the promotion. The only thing which didn't go exactly to suit the celebration boosters was the weather, and in West Texas, as they agree, it's hard to ever find any justice in complaining about that.

15 YEARS AGO—OCTOBER 5, 1961

The Friona City Council read five applications for the city manager position Monday and interviewed two applicants Tuesday in successive meetings. No final decision was

made as to who will be selected for the office soon to be vacated by Albert Field. Council members chose to delay final action for a few days pending a possible reply from an advertisement in a professional publication.

10 YEARS AGO—SEPT. 29, 1966

Ben J. Ladnicky, landscape architect with the Texas Highway Department will be the principal speaker at the regular meeting of Modern Study Club next Tuesday. Ladnicky's appearance is in connection with the club's "beautification" program, which it has decided to concentrate particularly on roadways in the area, and roadside parks in particular.

REMEMBERING...

By BILL BROOKS

Going Fishing

A creek near our house was generally dry but occasionally when we got good rains it would have enough water in it to resemble, to us anyway, a raging river. After a good rain it would run for a few days and we would spend lots of time fishing in it.

We weren't fussy about our equipment. A safety pin bent just right made a fine hook, package twine a line, a bottle cork was a float. We would stuff all that in our pocket, make a round by the windmill tank to dig worms, then head for the creek.

Willow limbs were cut for poles when we got there. Each time we would start out with eagerness but return with dampened spirits because we never caught anything, other than a mossy-backed turtle occasionally. We would start out saying, "Betcha I ketch one big enough we'll hafta cut 'im in two three times just to get 'im in the fryin pan." The only remark heard on the way home was something like, "They ain't no fish in that creek."

Why should there be any fish in it? It was always dry except when it rained. When the creek dried up to just mud holes we would spot little wiggling things in the water. We called them polywogs but they were really baby catfish. It seemed like to us if there were baby catfish in the water, there must have been big catfish there before.

One kid's dad told him the fish came out of the sky, that when we had a big rain it

sometimes rained fish. I haven't figured that one out but I know that fishing is a lot more fun if you catch fish.

Old Mr. Tigmon, who lived near us, had a fine pond on his place that folks said was full of big fish. We often had thoughts of fishing there but he had a reputation of being mean. He had NO TRESPASSING, POSTED, and NO FISHING signs all over his place and we figured he meant business. Still, the thought of a big catfish on the line was tempting.

A big rain came — maybe three, four inches. We headed to the creek in our usual way except my brother carried Dad's real fishing gear. We threw our hooks in and started talking about catching big fish (No one really believed we could, we were just talking). In no time 'at all my brother got a bite and his pole bent double as the hook was set. After a good fight he pulled in about the biggest fish I had ever laid eyes on. We couldn't believe it. About that time I got a strike and I jerked out

the line to find a straightened-out safety pin. Almost every time we threw in a hook we caught a fish.

When our worms played out we had a stringer full of beauties. I was beginning to believe that story about fish

falling out of the sky. We ran all the way home. We ran into the house showing off our catch just as Dad was telling he had heard in town that the rains had washed out the dam at Tigmon's pond and all his fish had gone downstream.

WELCOME TO FRIONA

Our newcomers this week are Rev. and Mrs. Wm. A. Rumpel. He is the new pastor of the Lutheran churches in Friona and Rhea. The Rumpels come here from Lincoln, Mo. They have two married children, David, who lives in Norfolk, Va., and Mary Lou of Wichita, Kan. They also have three grandchildren. Mrs. Rumpel enjoys painting. They live at 1301 Maple Street.

On The Farm In Parmer County

**Mack Heald
County Agent**

CORN DRYING on the farm is still relatively new in this part of the country. Added to this new process are the different types of driers and handling methods seen on farms throughout the county. Below are some parts out of a publication that I borrowed from the Farwell Grain Exchange Office. These facts are based upon studies conducted at the University of Nebraska.

A. Drying-Grain Drying:
1. Studies have showed that drying corn at high temperatures result in damaged corn. The higher the temperature, the more starch is lost to feed, which is what a lot of feed yards and consumers are starting to look at in this area.

2. No more than 8 per cent moisture reduction should be made at one time. If too great of a moisture reduction is made at one time, the result would be damaged corn. Most commonly called "stress cracks" which usually shows up anywhere from the first 24 hours after corn has been dried and stored.

B. Holding Corn:
1. Hot air from bin aeration will dry corn, but it will also speed the mold process up and cause it to spoil much faster.

2. The most important thing we need to determine to get enough air to hold the corn until we can get it to the dryer. So your size of aeration will be based upon the amount of time you need to hold the corn, which there is also a limit on how long you can hold it which we will get into later.

This chart shows the length of time that corn at moisture percentages can be stored.

1. Safe limits of storage time for corn:

(a). Maximum time for storage of corn at various corn moisture, and corn temperatures:

Temp.	Per Cent Days			
	15	20	25	30
75	116	12.1	4.3	2.6
70	155	16.1	5.8	3.5
65	207	21.5	7.8	4.6
60	259	27	9.6	5.8
55	337	35	12.5	7.5
50	466	48	17	10
45	725	75	27	16
40	906	94	34	20
35	1140	118	42	25

The above day's is the life of the corn before it begins its mold processes.

(B) The times given are those above which mold growth will cause enough loss in corn quality to bring about a lowering of grade.

PRACTICES THAT REDUCE DAMAGE

Corn drying studies started in 1959 and extending over the last 5 crop years were directed toward de-

veloping methods of operating batch and continuous-flow driers that would produce dried corn of acceptable market quality. The results of these studies

suggest three practices that will help prevent the damage attributed to drying.

1. **Stop rapid drying when corn reaches moisture level of 16 to 18 per cent.** This practice helps in two ways. First, moving the corn out of the dryer at moisture content of 16 to 18 per cent helps prevent excessive grain temperatures that lower milling quality. As corn approaches moisture levels normal for storage, the rate of moisture evaporation decreases and the corn temperature increases. Second, interrupting the drying process when the kernel moisture content is 16 to 18 per cent limits the formation of stress cracks in the corn, thus reducing its tendency to break when handled. (Stress cracks are fissures in the endosperm of the kernel caused by rapid drying or rapid cooling; stress cracks contribute to breakage of corn during handling.)

2. **Allow the hot corn to temper and steam itself before cooling.** If cooling is delayed until after a tempering period, the number of stress cracks is reduced and the dried corn is less brittle. In the tests completed, either passing steam through the freshly dried corn or placing the hot corn in a container and allowing it to form its own "steam" was effective in reducing stress cracks.

3. **Cool the corn slowly.** Rapid cooling, especially if done immediately after rapid drying, also adds to the stress in the corn kernels and increases stress crack formation. Slow cooling with low airflow rates reduces stress in the kernels in addition to assuring maximum moisture reduction during cooling.

THE DRYERATION PROCESS
The three practices found

FEATURING THE WORKS OF 100 OF THE FINEST ARTISTS AND CRAFTSMEN FROM TEXAS, NEW MEXICO, AND OKLAHOMA

Senator Sherman Is Guest Speaker

Dr. Mitchell Jones, President of the Panhandle Planned Parenthood Association has announced that Senator Max Sherman will be the guest speaker at the Association's Sixth Annual Meeting, which will be held October 12, 1976, at 12 noon, at the Amarillo Country Club.

Senator Sherman helped organize the Panhandle Planned Parenthood Association and has actively participated in the Planned Parenthood program since 1968. Senator Sherman is a native of Phillips, Texas. He is a graduate of Baylor University and holds a law degree from the University of Texas. He is very active in church work in Amarillo, as is Mrs. Sherman, who is the church organist. In addition to the Senator's many official duties and committee assignments, he finds time to be active in Kiwanis and Jaycees having been honored by

receiving the "Young Man of the Year" award.

The Panhandle Planned Parenthood provides family planning services for a twenty-six county area of the Texas Panhandle. There are approximately three hundred people in the Texas Panhandle who are directly involved in the program, working as physicians, pharmacists, volunteers, board members, committee members and staff workers.

Invitations are extended to anyone interested in attending the Sixth Annual Meeting of the Panhandle Planned Parenthood Association. Tickets for the meeting and luncheon are \$5 per person. Reservations can be made at the Amarillo Planned Parenthood office, 604 West 8th, Amarillo, Texas, by October 8, 1976.

SENATOR MAX SHERMAN

THURSDAY—fried chicken, hot rolls-butter, mashed potatoes, English peas, pineapple coconut bars and milk.
FRIDAY—hamburgers, French fries, fruit jello, lettuce, tomatoes, pickles, catsup, mustard and milk.

LEGAL NOTICE

STATEMENT OF NONDISCRIMINATION

Deaf Smith Electric Co-operative, Inc., has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964, and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any

meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations." 2-ltc

Chiefs Win All But Scoreboard

BY RICK LUTHER

The Friona Chieftains beat the Hart Longhorns on everything but the scoreboard, as they lost a real heartbreaker Friday night 20-15.

"We felt like we played real fine football, offensively," said Coach Lonnie Phillips. The Chieftains amassed 258 total net yardage, but fumbles again thwarted the team's efforts. Friona fumbled four times to Hart's one.

Kelwin King, Glen London and Edward Castillo all averaged over five yards a carry on the ground and were the mainstays of the offensive punch.

The first quarter opened with Hart receiving the kickoff only to face a stiff defense which forced Hart to punt on fourth and 11.

The punt was fielded on the 47 yard line and Friona began a march to the goal with runs of 12, 8 and 2 yards for London, Keith Martin and King.

A face mask penalty put the Chieftains on the 12 yard line, but Friona was stalled on the 10 and were forced to give the ball up on downs.

Hart took over on the 10, but again could find no room to run and punted to set the Chiefs in business on their own 27. Two plays later Glen London broke loose for a 21 yard touchdown run which gave Friona the edge, 6-0. Edward Castillo booted the extra point and the Chieftains were in the lead 7-0.

Hart received the kickoff on the 28 and moved to the 31 where they were again forced to punt. The kick was a 48 yarder which put Friona back on their own 20.

London gained six but Friona fumbled a pitchout and Hart recovered on the 26.

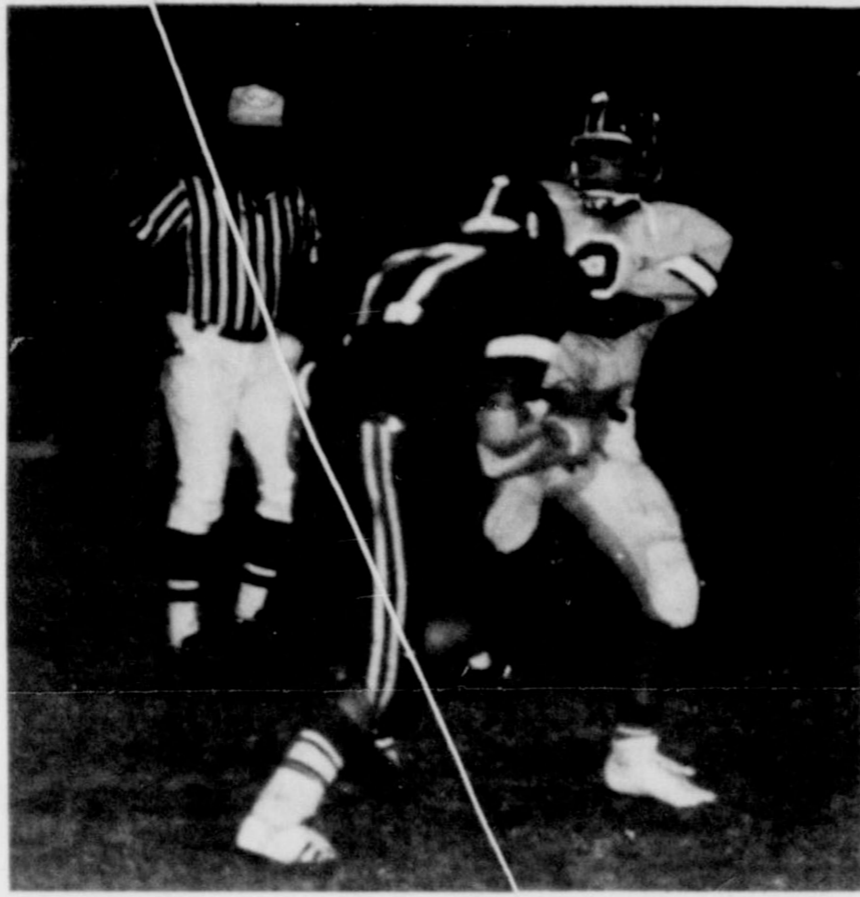

The first quarter ended with Hart knocking on Friona's door and with two seconds gone from the second quarter Glen Beck scored for the Longhorns to make it 7-6. The kick by Kerry George was wide and Friona retained its lead by a one point margin.

Friona took the kickoff and set up on the 14 to begin their drive. King carried for 11 yards and a first down, but two plays later a fumble slipped into the hands of an alert Hart Longhorn.

Hart took advantage of the mistake to begin a touchdown drive that gave them the lead 12-7. The two point conversion came on a sweep around right end and the Longhorns went in at halftime with a 14-7 lead.

The second half opened with Friona's Kelwin King eating up 20 yards on a big ground gain. The drive stalled at the 44 and Castillo punted a 35 yarder to Hart's nine. Hart failed to move the ball as they fumbled and Friona recovered on the 10.

London drew the call twice and took the ball over for Friona's second touchdown. Kelwin King ran the extra points in standing up and

IT COST HIM....Hart's quarterback, Elliazar Castillo, is shown mixing it up with Friona's Ram Randolph (77). In fact, the Hart player was caught for having ahold of Randolph's face mask, and who

should be looking on in the background but the old referee himself. Friona took it to the Hart team, leading for most of the game only to lose a heartbreaker, 20-15.

the Chiefs were back in the lead, 15-14.

Hart then began a balanced attack on their next possession, passing and running to the 32 before punting into the end zone.

King and London took over and helped Friona move to the 13 yard line, with Kelwin King accounting for 50 of his 124 yards on this series.

Hart rallied and with a big defensive play forced the Chieftains to give up the ball on the 11. The third quarter ended with Hart in possession of the ball and Friona in possession of the lead.

Friona's defense would not allow Hart to progress beyond the 9 and they were forced to punt. The 37 yard punt rolled to the 46 but Friona couldn't go anywhere and Castillo punted to the Hart end zone.

The Longhorns could only pick up a yard and punted away to the Friona 36. London and King came up one yard short of the needed 10 for a first down and the ensuing punt set Hart up on the 23.

A pass by Hart's quarterback was picked off by Todd Bandy with 6:37 remaining in the game and it looked as if Friona would walk away with their first victory of the season.

The quarterback draw netted 24 yards in three tries for Keith Martin as the Chiefs marched to the 40. With

(Continued on Page 14)

8th Grade Tops Hart Here, 6-0

On Thursday, September 30, the Friona 8th graders won a game against Hart here, 6-0. The winning TD, came on a pass play from Martin Mercado to Tony Jackson with 45 seconds left in the first half.

The score does not tell the true story of the game as play went up and down the field five times. Friona incurred one pass interception and a fumble to stop drives. Friona never punted once during the game.

A "veer" play, with Mercado pitching out to Chitto Caballero went for good yardage throughout the game.

Good defensive play was turned in by David Bermea, Jeff Landrum, Ron Dee Clark and James Clark.

FCA Holds Meet For Boys-Gals

On October 4, the F.C.A. Cuddle's group (the girls) met in the home of Cindy Cleveland. There were thirty-six girls present. The girls sang songs, had scripture readings. The program was given by Nita Murphy on "A Special Relationship with God."

The girls then divided into groups for discussions, and refreshments.

The F.C.A. Huddle (the boys) met at Alan Monroe's home. Coach Jimmy Pope led the prayer and gave the program. Thirty-nine boys were present.

The next meeting of the F.C.A. will be October 18 at 8.

Didn't You Think Martha Had Aged....

(Continued from Page 9)

Colorado: Janice Parker Hankford of Austin; Owen and Linda Houston of Lubbock; Jo Ann Beaty Parsons of Clovis, N.M.; Robbie Boggess Rucker of Midland; Mr. and Mrs. A.J. Robinson of Los Alamos, N.M.; and Mr. and Mrs. Eldon Sparkman of Abernathy.

Those from Friona attending were: Leon and Johnny Tomlin Massey, Raye Jene Jones London, Luann Hardesty Hough, Mr. and Mrs. Larry Moyer, Mr. and Mrs. Wayne Rhodes, Val Howard, Mr.

and Mrs. Dale Smith, J.R. Knight, and Nancy Outland Roden.

The group enjoyed a full evening of visiting and catching up on the seventeen years they have been out of school.

There were others that were here for the Friday night coffee or Sunday banquet.

They are Arlene Stowers Beavers, Donald Bradley of Melrose, N.M. and others that were missed.

Letters were received from several of the classmates that couldn't make it. They sent pictures and stories about themselves and

their families. Those sending letters and pictures were Jacky Sheek of Beaumont; Darlene Stowers Dickey of Weatherford, Texas; T.E. Parsons of Houston; Carol Oldham Nugent of Houston; and Mary Tom Spring Isaac of Colorado Springs, Colorado.

CLASS OF 1960

Meeting in the home of Mr. and Mrs. Clyde Woodard at Hub were the following: Don and Adelle Smith Clements, Hereford; Janet Snead Woodard; Mr. and Mrs. Gary Goetz, Texhoma; Mr. and Mrs. Larry Crow, Arlington; Charlotte Blaylock and Hal Ratcliff, Levelland.

Also, Lawana Houlette Moore and Wilbur, Shamrock; Jackie and Jacquelyn Magness Hight; Mr. and Mrs. Robert Neelley; Joan Wheeler and Lloyd Gilley, Muleshoe; Monty Baker Allen, Robbie Osborn, Mr. and Mrs. Ronnie Wood, Perryton; Mr. and Mrs. Bill Loanman and Ted White.

CLASS OF 1961

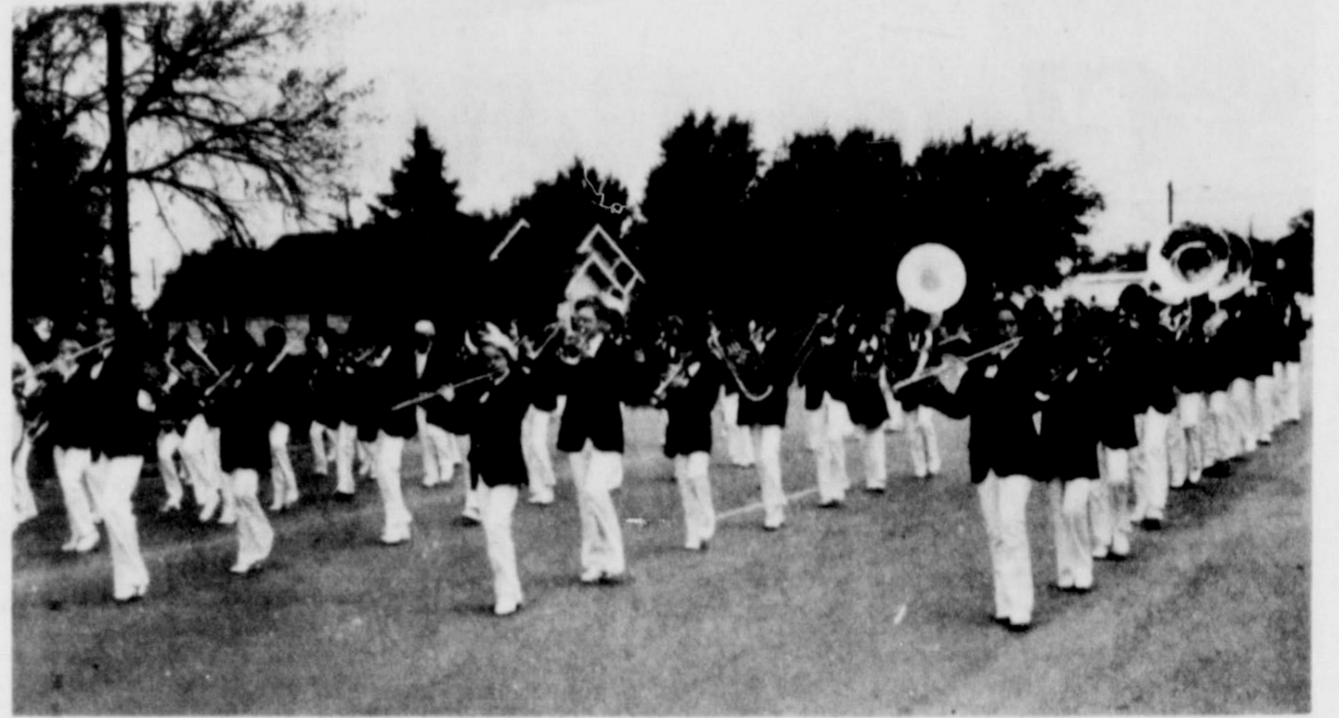

The class of 1961 met Saturday afternoon in the home of Celia (Weatherly) Loflin. Assisting her with hostess duties were Kitty (Black) Gallman, and Nelda (Douglas) Ellis. Coffee, punch and cookies were served.

Those attending were Kitty Gallman, Tommie Lou (Lewellen) and Gary Goetz, Texhoma; Susan (Taylor) and Ronnie Wood, Perryton; Kay (Struve) Ray, Winette (Beaton) Parr, Neil and Brownie Floyd, Carolyn (Parker) Cargile and Celia and Jerry Loflin.

CLASS OF 1962

The class met in the home of Mr. and Mrs. Floyd Reeve southeast of Friona.

Attending were Mrs. Donna Fields Crawford of Tahoka; Burr and Karen Turner Blake, Stratford; Larry and Clarissa Floyd Crow, Arlington; Craig Tannahill, Lubbock; Adabeth Akens Smith; Dale and Jere Buske Smith and Floyd and

JUNIOR BAND....The Friona Junior High band made its marching debut in the Maize Days parade

October 2, and the appearance was a very favorable one.

PRESENT CHECK....Mrs. Gaylord Maurer is shown presenting Hospital Administrator Elda Hart with a check for \$399.33, which represented the proceeds of Pro-

gressive Study Club's Money Doll project during Maize Days. The money will be used to benefit the hospital. Winning the money doll was JoNell Clark of Friona.

Betty Drake Reeve.

Movies which were taken at the last class reunion were shown. Refreshments were served.

CLASS OF 1963

The class of 1963 met in room 7 of the High School for their reunion with Sharon Reeve White as hostess. A most enjoyable time was had by twelve members of the class and four guests as they relived the past and "caught up" with the present.

Those of the class attending were Patty Fallwell Jones, Lubbock; Angel Aleman and Clare Savage Popejoy, Amarillo; Carol Ray, Dallas; Cynthia Guinn Bishop, Farwell; Iva Parr Foster, Cleburne; Mary Knight Yaksich, Raton, New Mexico; and Larry Potts, Davey Thompson, Joy Ingram Osborn, Martha Knight Upton, Sharon Reeve White, all of Friona.

Others attending were Julie Aleman and Robert Popejoy, Amarillo; and Pam Thompson and Carolyn Guinn Vaughn, Friona.

1964 THROUGH 1965

Classes from a three-year period met at the home of Mr. and Mrs. Tommy Tatum following the banquet Saturday night.

Attending were Mike and Ginger Stephens, Everett and Wessie Geo., Robbie Osborn, Randy and Joyce Dickson, Clarissa and Larry

Crow, Floyd and Pat Wilkins, Larry and Rose Mabry.

Also, Larry and Judy Potts, Johnny and Gaye Tannahill, Carol Ray, Kay Coffey, Jerry Parker, Mr. and Mrs. Angel Alemon, Mary Knight, Jim and Cynthia Bishop, Carolyn Vaughn.

Also, Pat Jones, Carroll and Barbara Bennett, Joe and Wanda Reeve, Helen Stowers, Donna Fields, Clare Savage, Willene Baxter and Iva Ben Parr.

CLASS OF 1966

The Class of 1966 met September 25 in Room 5 at Friona High School, hosted by Sandy Beene Awtry.

Those attending the meeting were Sarah Fallwell Lappin, Janet Stevick LaFrance of Olton, Roger Nelson, Scott Cummings, Myrtie (Latham), Houston; Jesse Shirley, B.K. Buske, Madalyn Binger of Iowa, Gay Wylie Henderson, Plainview, and Gail McGlothlin Hand.

Not at the meeting but attending the banquet were Lanore Jackson Rose of Littlefield; Lorene Jackson Hill of Dimmitt; Janet Bishop Edwards and Hugh Latham of Hereford.

CLASSES OF 1967-71

The classes of 1967 through 1971 met Saturday afternoon at the Friona State Bank's Community

Room. Hostesses for the reunion were Becky Coffey Weatherly, Peggy Drake Stowers and Jan Welch Petree.

Around 50 members of these five graduating classes attended. The hostesses regretted that they kept no registration list.

First Boy

For Prestons

Mr. and Mrs. Butch Preston of Friona are the parents of a baby boy born Wednesday, October 6 at 9:37 a.m. in Parmer County Community Hospital.

Named Kit Anderson Preston, he is the fourth child for the couple. He has three sisters, Sindy 5, Susie 4, and Shelley 1. The new arrival weighed eight pounds, one ounce and was nineteen inches long at birth.

Grandparents are Mr. and Mrs. Neff Preston of Lubbock; and Mr. and Mrs. Orville Lowry of Shallowater, Texas. Great-grandparents are Mrs. E.A. Preston of Lubbock; Mrs. Joe Miller of Wulforth, Mr. and Mrs. P.F. Puckett of Blanchford, Oklahoma and Mr. Lowry of Illinois. The child also has an Uncle Larry of Bovina.

Roberts Reports

DARING DAYLIGHT ROBBERY

Big Jim says: "After the way we robbed Whirlpool, we sure do deserve to be robbed by our customers."

SALE STARTS MONDAY -- 9 a.m.

"Roberts Boys" Rob RCA & Whirlpool Warehouse in Amarillo: Flee With Loot.

The notorious "Roberts Boys" have in their possession a quantity of hot merchandise stolen from the Whirlpool warehouse in Amarillo, Texas. Any citizen of Friona who finds one of these desperados is entitled to steal from him. They have it coming to them after what they did to Whirlpool.

"Killer" Betty Tells Own Story

Big Jim said the warehouse would be a pushover, but I was scared stiff. Frankly, I think we just caught them off guard. Business has been so good we were able to walk in there and start talking loud about full carloads, while the Whirlpool brass was trying to gather its wits, we simply stole 'em blind. That's all there is to it.

But you can bet one thing, I'm not going back to Amarillo, not till the heats off. Anyway, we'll be too busy unloading these fantastic values. People who never heisted a thing in their lives are going to have a ball stealing this stuff from us.

"Big Jim" Roberts Masterminds Raid

Haul Includes Many Pieces of Whirlpool Merchandise

Store Features "Hot" Buys

The Roberts Boys are still laughing about it. They went through Whirlpool's big Amarillo warehouse like a band of thieves. Before Whirlpool knew what hit 'em these polite bandits from our friendly town had soft talked themselves into a list of buys that could honestly be referred to only as "steals." When the last piece was settled and there was nothing left in sight to steal, "Big Jim" Roberts snapped his order book shut, adjusted his mask, backed out of the nearest door and made a frantic getaway to his car. The whole caper went off without a hitch, and if Whirlpool ever lets this man into Amarillo again, they deserve to be stolen out of house and home.

WE ROBBED WHIRLPOOL - NOW YOU ROB US!!

ANXIOUS CUSTOMERS

Friona's Newest, and Hereford's Oldest and Largest Appliance Dealer is Indeed Proud To Bring This Outstanding "Steal" To The People Of Friona and This Trade Area.

Winners Named For Local Art Exhibit

The Friona Fine Arts Council announced this week the winners of the art show the council sponsored during Maize Days.

A successful show was reported, with a number of entries. Ron Procter won the "Favorite Picture of Show" award following a public vote. His picture was a portrait of a cowboy.

Winners were:
OIL PAINTINGS
 Buildings: 1. Ron Procter; 2.

It's A Girl

For Manchees

Mr. and Mrs. Mal Manchee of Hereford announce the birth of a daughter, Karen Michelle, born in Hereford on September 23.

The new arrival weighed nine pounds, 1 1/4 ounces. She was born at Deaf-Smith County Hospital.

Karen Michelle has two older brothers, Mike and David. Mal and Pat Manchee are former Friona residents. He taught in the Friona school system, and now is associated with the Hereford schools.

Buchanans

Have Twins

Mr. and Mrs. Mike Buchanan of Friona are the parents of twin boys born Friday, September 24, in Deaf Smith County Hospital in Hereford.

Cameron Ward weighed six pounds, 12 1/2 ounces and was 21 inches long at birth.

Michael Dee weighed six pound, seven and one-half ounces and was 20 inches long.

Cameron and Michael have a sister, Juli, one and one-half years old.

Grandparents are Mrs. Joe Buchanan of Friona and Mr. and Mrs. Troy Jones of Silverton.

Great-grandparents are Mrs. Georgia Jones of Lamesa and Mrs. J. E. Ward of Denver City.

Auxiliary To

Establish Here

A get acquainted meeting to form the Prairie Acres Auxiliary will be hosted by the Hospital Auxiliary in the Community Room of Friona State Bank Monday evening, October 11 at 8 p.m.

This meeting is for both men and women to discuss the different needs of the nursing home in such areas as arts and crafts, trips, reading to residents, etc.

BIG RED...The Friona Chieftain Marching Band is shown as it marched in last Saturday's Maize

Days parade. Bands were on hand from Texico, Farwell and Bovina, in addition to Friona's two bands.

Rummage Sale

Slated Here

The annual hospital auxiliary rummage sale is scheduled for three weekends starting October 15 and 16. The sale will also be held October 22 and 23, October 29 and 30. Each sale is to be from 2 to 5 p.m. in the afternoons in the Schueler Building, former location of Ruthie's.

Edwina Davenport is chairman for the sale. Anyone wishing to donate to the sale is asked to bring what they have Wednesday, October 13, between 1 and 3 p.m.

AT METHODIST CHURCH

Singing Group Sets Concert Here Sunday

Friona United Methodist Church will celebrate "Laity Day" this month with two special happenings. On Sunday, October 10, at 10:50, the morning service will be led by a drama group from Wesley Center at West Texas State University. Lisa Mercer, a Friona High School graduate, will be performing with that group. Ten from 4 to 7 p.m. the whole city is invited to join in welcoming a professional singing group called Pilgrimage to Friona.

Traveling from their home base in Dallas, Jim Newton, Barry Weis and Lee Ferris will be sharing a musical experience that has won them such acclaim. Pilgrimage has performed in colleges, churches, and other institutions and lists as references the National Screen Service, Steak and Ale-Houston, Cotton Bowl Athletic Association, and the Holiday Inn-Vail, Colorado. They will be performing at Texas Tech on October 15.

"Friona is very fortunate to draw such a well known group. This has been designated a District function for the United Methodist Youth and there will be many traveling from as far as Dalhart, Stratford, Dumas, Canyon and Amarillo to join in the worship service," says Jo Luther.

There will be registration time for visitors from 4-4:30 p.m. on Sunday, and the Pilgrimage concert will begin at 4:30. They have prepared two forty-five minute sets and will be performing until 6:15, at which time all who have brought sack lunches will share supper with drinks provided by the United Methodist Youth.

The best description of Pilgrimage is expressed by one associate minister in Corpus Christi, Texas when he said, "How do you create word pictures and images to describe the Pilgrimage experience? Is there a way to speak of music which brings smiles across young and old faces as they clap to the rhythms? Can you adequately express the completeness and

fullness of the total sound produced by guitars, harmonicas, and other instruments? What words communicate the vigor and personal touch of the men in Pilgrimage who automatically establish a warm, intimate feeling with the audience? Is there an approach I can use to say that the joy of the Christian experience is in Pilgrimage? The answer to these questions is 'Yes! Hear Pilgrimage for yourself and do your church or group a great favor.' Everyone is invited to share in this special experience Sunday, 4:30 p.m., at the Methodist Church.

Library Report

"Ships Beneath The Sea: A History of Subs and Submersibles," by Robert F. Burgess is available at Friona Public Library.

Although legend says Alexander the Great descended into the sea in a glass barrel, the first underwater vessel was blueprinted in 1578. The author shows in fascinating detail the evolution of such vessels into diving bells, bathyspheres, bathyscapes and submarines.

From underwater travel and exploration to sea battles in the American Revolution and Ckvk! Was, to carrying nuclear warheads, subs and submersibles have performed many functions. They were instrumental in the search for the lost Navy ship Thresher, have hunted the lost nuclear H bombs off coastal Spain, and, most recently, in the research effort Project Famous, have explored the movements of the earth's under-sea plates.

Illustrated with over 100 photographs, a year by year outline of the entire history of the underwater conveyance.

MBPXL Settles Pact

MBPXL Corporation announced today the signing of labor contracts at its Wichita, Kansas and Rock Port, Missouri locations. David La Fleur, President of MBPXL Corporation, said, "The contract terms are beneficial for both the company and the employees. Both parties will also enjoy the extended period of labor peace provided by the two long-term contracts."

The contract in Rock Port, Missouri with Local 576 of the Amalgamated Meat Cutters and Butcher Workmen of North America, AFL-CIO, ends a strike of 450 workers which began in April of this year. The new contract will run until June 1, 1979. It replaces a contract which expired on March 13, 1976. The Rock Port plant slaughters cattle and fabricates beef.

MBPXL also slaughters and fabricates beef in two plants in Texas (Friona and Plainview) under labor contracts with another local of the same union.

FASHIONS FOR THE FELLOWS...

From The Main Place

THE MASSEY BOYS... The three sons of Mr. and Mrs. Leon Massey stopped by the Main Place and posed smartly in their matching Sedgfield jean suits and patchwork shirts by Robert Dale. The boys are Doug, age 14, Mitch, age 12, and Brook, age 9. They enjoy their Sedgfields for school and play and say the jackets are surprisingly warm for these chilly mornings.

Outland Honored By ICMA Convention

Jake Outland of Friona was honored at a recent meeting of the International City Management Association, Wednesday, September 29 in Toronto, Ontario.

The ICMA honored 241 management professionals with long-tenure awards at a banquet concluding the Association's 62nd Annual Conference.

The awards were announced by ICMA president L. Joe Miller, City Manager of Bellevue, Washington.

Those being honored by the nation's professional and education association for urban administrators include managers of cities,

counties and councils of government.

Twenty-six individuals who have been members of the profession for 25 years or more received a plaque. The 25 year service plaque was given for the first time in 1943. Since then, 250 municipal administrators have received the award.

In addition to the 25 year plaques, 51 managers received their 20-year certificates from the Association, 64 received their 15-year certificates and 100 received 10-year certificates.

Outland was honored for 15 years of service.

THE KIDS...One of the most colorful groups to be featured in the Maize Days parade each year are the kids, who decorate their bikes

and motorbikes for the occasion. A good many of the entrants are shown in the above photograph.

Company Renews Parts Service

International Harvester dealer Parmer County Implement Co. is continuing efforts to provide special parts and service around the clock for area farmers during harvest time.

Called "Stand-by 7," this special company-dealer program began during Spring planting. It is designed to provide parts service seven days a week. In other words, the dealer is available weekends, ready to make any part available just as fast on Saturday or Sunday as it would be on a weekday.

If Parmer County Implement Co. doesn't have the needed part in stock, he simply phones a special "Stand-by 7" telephone number which features three alternative stock sources. The part will be located regionally, nationally or from the manufacturing plant producing such parts—no matter what the time or day. Whatever the source, the dealer need only call one number.

"Like the planting season program," said Wilbur R. Stringer, Manager of IH's Dallas Agricultural Equipment Region which covers this area, "this continuation reflects our opinion that the company and dealers have a mutual obligation to our customers. We must provide them service to keep down time to a minimum."

Bookmobile Schedule

The High Plains Bookmobile will be in your area on the following dates:

Thursday, October 14—Oklahoma Lane, 9-10 a.m.; Rhea Community, 10-45-11:45 a.m.; Friona, 1-1:15 p.m.; and Hub, 1:30-2:30 p.m.

Friday, October 15—White's Elevator, 10-11 a.m.; Lazbuddie, 12 noon-1 p.m.; and Clay's Corner, 1:15-2:15 p.m.

Saturday, October 16—Farwell, 8:55-11:50 a.m.; and Friona, 1-3:45 p.m.

UNITED FUND SERIES

Sheltered Workshop Is Addition To UF Drive

On August 10, 1976, a group of interested people and representatives of Friona's civic clubs met to organize an Advisory Council. The purpose of this Council was to secure a sheltered workshop for people retarded, severely handicapped, or those disabled by cerebral palsy.

A sheltered workshop is a place where piece work is procured and done. The participants are paid according to what they can produce.

Friona's workshop will have a staff of two people: supervisor and a person to find jobs to fit the participant's handicap.

Meeting with the local group were representatives from the State Center for Human Development from Amarillo and representatives from the Central Plains Mental Health and Mental Retardation Center from Plainview.

The State Center for Human Development did not have any funds available at present to help in establishing a sheltered workshop in Friona.

The Central Plains Mental Health and Mental Retardation Center agreed to apply for a grant from the

State Department of Mental Health and Mental Retardation for us.

It is the responsibility of the community to secure pledges of some 200 hours of volunteer work and letters of intent from the participants. This was accomplished by the Friona Women's Progressive Study Club.

Also the community was to furnish a building. The Schueler family volunteered a building for one year.

Some renovations will be needed for the building to meet certification requirements of the Texas Department of Mental Health and Mental Retardation, the Texas Rehabilitation Commission, the Joint Commission on Accreditation of Hospitals and the Texas Education Agency.

"Should this accreditation be obtained, it is felt that the workshop can become self supporting. The Advisory Council voted to raise a sum of \$1,800.00 from Friona for the renovations. They appealed to the United Fund Board for the full amount. The board approved their request and NOW WE URGENTLY NEED YOUR SUPPORT," said Mrs. Mary Bavousett, one of the workshop's organizers.

Jack Leath, director of the Developmental Disabilities Program of the Texas Mental Health, Mental Retardation Center, has announced the acceptance of the pre-application for the \$25,100 grant.

"The next step will be formal application for the grant," said Mrs. Bavousett. "This must be made before October 12."

Jayvees Lose Close Game To Olton JV

THE WINNER...Jack Clark, left, was the first place winner in the Star's weekly football contest, with a score of 19. He is being presented his first place check of \$10 by Carol Zetsche. Clark's score also elevated him into a tie for first place in the overall standings.

The Friona J.V. football team traveled to Olton on Thursday, September 30, only to lose a hard-fought game. Friona kicked off to Olton to open the game, and Olton ran the kick back for a TD. The try for PAT failed. Friona came back with a TD near the end of the quarter with Justin McNeely having a fine 53 yard run. The try for PAT was no good. Olton made their second TD on a pass play about midway in the

second quarter on a sustained drive. Friona's second TD came in the third quarter on good run by Raul Brailif. Friona had a sustained drive going into the fourth quarter, getting their deepest penetration of the game to the eight, only to lose the ball on a fumble. Olton took the ball back, which led to their final TD on a 53 yard run. The final score was Olton 18, Friona 12, with neither team being able to make their PATs.

Ladies Night Re-Scheduled By Boosters

Next Tuesday night at the High School cafeteria it will be 'Ladies Night' for all football widows, players' mothers whose sons say 'Mother it's not such-n-such but such-n-such,' and anyone else who would like to know more about the game of football. Coach Gary Jones is scheduled to answer questions, but the other coaches will also be in attendance.

Also on tap will be the introduction of varsity players. If time permits the homecoming game with Tulia may be shown. The sale of the carpet for the boys' dressing room is progressing with a selling day scheduled next Tuesday at the bank. The seventh and eighth grade players were introduced at the club's meeting the past Tuesday.

PPK WINNERS...The winners in the recent Punt, Pass and Kick contest sponsored by Friona Motors are, kneeling, the eight-year-old champion, Samuel Montoya; the nine-year old winner, John Aguirre, and the ten-year old champ, Matthew Loftis. Standing are Jay Hight (11), Mark Montoya (12) and Rudy Mendoza (13). Contest directors John Baxter and J.D. Spencer are also shown. Montoya won first place in his division at the Zone contest at Hobbs last weekend, and Mendoza placed second.

Chieftains.....

(Continued from Page 6)

4:11 remaining Friona lost the ball on a fumble and the Longhorns took over on the 39. Seven plays later, Glen Black broke through on a one yard run for the final touchdown of the game, making the score 20-15, Hart.

The Chieftains took over on their own 33 and Martin passed them all the way to the Longhorns' 38 before time ran out for the unlucky Chiefs. Passes were hauled by Castillo and Joe Bermea. The catch by Castillo was a big fourth down play to midfield, that kept the Chieftains alive.

It was a very depressing defeat for the Chieftains, but coach Phillips is still confident. "I feel like everyone is still behind us. We believe we can win. In retrospect, it would seem we've played some of the toughest teams in this area, and made a lot of mistakes, but we've learned and improved with each game, and will spend next week concentrating on fundamentals. We will be trying to eliminate the mistakes that have been plaguing us all season."

"I want to take the opportunity to thank all the fans who backed us at Hart and those who have backed us this season. We appreciate your support and will try to turn this around (during district play)," concluded Phillips.

After their open week, the Chieftains will begin their district play with Morton, ranked third in District 3-AA.

At Home In Parmer County

JANA PRONGER
County Agent

SALVAGING last year's wardrobe can be "crisis time." When zippers don't zip and buttons don't button, it's time to examine why those extra calories turned to waistline instead of energy.

Ask yourself these questions:

—Why didn't I balance my calorie intake with my energy output?

—Did I snack while I watched the children swim?

—Was I the last one at the party to quit munching on snacks?

—Did I eat that last piece of pie instead of freezing it for another day?

—Why did I cook all those

scrumptious desserts during the summer while the kids were home from school? Why didn't I have fresh fruit or low-calorie desserts for some meals?

—Breakfast is easy to fix—why did I skip it, then overeat the rest of the day?

—Did I jump in the car and ride places to which I could have walked just as easily?

—Why did I take that extra drink that was loaded with calories?

Answers to these questions give clues to why high-calorie foods are stored in the form of body fat.

Plan meals and snacks around the basic four groups of foods. Foods eaten in recommended amounts will furnish about 1,200 calories daily.

Check with the doctor to determine how many pounds to lose. Determine the number of calories needed daily. Then control the amount of foods eaten to assure calorie control. These recommendations are the basis of sound weight control.

Try the money grower's saving salad

Mixed greens are good for you. Especially '10's, '20's and '50's.

The Money Growers Association serves up a tempting treat. Lots of lettuce, cabbage and spinach that pay you a healthy interest, compounded daily. Toss in a few bucks and see how fat we can make 'em.

Keeping Power Flowing Is Goal Of Cooperative

Hereford: Keeping the power flowing to the huge area it serves is the primary job of more than forty men who form the construction and service department of Deaf Smith Electric Cooperative.

These men not only construct the electric lines, install meters, and service drops, but also are on constant alert to restore power when icy winds sweep down and coat the wires with an overload of ice; when the vicious roar of a tornado winds, or when any one of a dozen other natural or man-caused accidents occur to interrupt the Cooperative's service.

While most of the working hours of the line construction department personnel are spent on such routine jobs as the installation of new facilities to the community residences, farm, and ranch homes, feedlots, irrigation wells, and grain elevators Deaf Smith Electric Cooperative serves, there are times when "Old Man Weather" makes their jobs anything but routine.

Midnight or dawn, noon or dusk, the service trucks must roll when trouble strikes. At Deaf Smith Electric headquarters in Hereford, a

fleet of service vehicles are always ready. These range from the huge heavy-duty trucks that carry giant rolls of electrical cable to the places where it is needed through bucket trucks often called (pole cats) that are used by the linemen in servicing electrical lines, to simple pickups.

In the Coop's warehouse are all the supplies needed to meet any emergency as well as handling day-to-day routine installations. Rolls of distribution line and dropwire, poles, insulators, meters, clips, special tools are on hand at all times. The supply warehouse inventory covers not only the materials needed to restore service quickly in emergencies, but those required for extension of new services in the Cooperative's constantly expanding and growing service area.

Day in, day out, there are always jobs to be done to maintain the reputation earned by Deaf Smith Electric Cooperative during its decades of service, for supplying its consumers with the power they need to make living better and more comfortable and to insure the continuity of electrical service this area learned to expect.

AT CEREMONY....Taking part in the ribbon-cutting ceremony for the Cemetery Road recently were (left to right) John Terry, Mrs. C.D. Carter and Steve Struve. A nice crowd was on hand for the event.

Halloween Costume Safety

As Halloween nears, safety comes to mind - especially costume safety.

Claudia Mitzel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, suggests some ways parents can make children's "trick or treating" safer this year.

-Consider using make-up to decorate the face rather than wearing a mask which may block vision.

-Sew or glue reflective tape to both front and back of the costume, be creative and incorporate the tape into the costume design.

-Check labels or packaging on purchased costumes for flame retardant finishes. Children may be exposed to many direct sources of fires such as lighted pumpkins, colorful candles or open fires for toasting marshmallows.

-For home-sewn costumes, select fabrics that have a

fabrics, so check the aerosol label.

The specialist suggested a recipe for making flame retardant finish, but cautioned that this solution will work only on costumes made of muslin, burlap, old sheets - in other words, items made of cottons, cotton blends or other

natural fibers. It is not good on synthetics or resin-treated cottons.

Dissolve three ounces of boric acid in two quarts of hot water and stir in seven ounces of borax (boric acid and borax are available at drugstores).

Soak the costume in this solution for about five minutes, then wring out and hang. When just damp, iron until dry.

This solution will not appreciably change the fabric, although any fabric that will

shrink or discolor in water will be affected by the solution. This treatment will not fire-proof a costume, but will help it to resist ignition and spreading the fire. It will be effective until the costume is laundered."

flame retardant finish. Or apply one at home - aerosol or home made. But remember that the commercial aerosol may not be effective on all

Windmills May Help Solve Energy Problems of Future

WINDMILLS FOR THE FUTURE--They may trigger memories of the past, but windmills are being considered as a source of power for the future, too. Agriculture Commissioner John C. White points out that harnessing wind power could supply the energy for such agricultural needs as pumping irrigation water and heating and cooling.

AUSTIN--Windmills, a thing of the past, hold promise for the future, said Agriculture Commissioner John C. White. Windmills are still in use today -- there are approximately 175,000 scattered throughout the U.S., with a good number of them in Texas.

But increasingly, scientists are looking to sophisticated counterparts of windmills as a source of alternative power to take the place of fossil fuels.

Many scientific agencies are turning to wind power research, with the federal government funding nearly 50 such projects. Scientists are now working to solve

such problems as the high cost of installing equipment, energy storage, and energy conversion systems.

White notes that National Weather Service data indicates that many parts of Texas have a high wind energy potential.

In fact, one study will determine the feasibility of using wind power to pump irrigation water on the High Plains.

"Yet another relic of Texas' agricultural past has been salvaged," White commented. "It looks like windmills may make a valuable contribution toward solving a very real problem of the future."

Sheriff's Report

alarm has been reported by the Parmer County Sheriff's Department.

On September 29, a combine belonging to Larry Scott, who lives between Bovina and Friona, was broken into and a radio, grain monitor and tools were taken. The window in the cabin was smashed.

Four citizen band radios were taken from the cabs of trucks parked on the Spears Brothers lot in Farwell. The theft occurred on October 1.

According to reports, four CB radios were taken from combines belonging to Jim Cochran. The machines were parked on the Floyd Embry place in Oklahoma Lane.

Wilhelm Television Store in Friona October 2. It was reported that 11 CB radios and six portable television sets were taken.

Last weekend, a burglary occurred at the John Sikes place in the northern part of Oklahoma Lane Community. Several guns and a camera were removed from the premises. The Sikeses were not home at the time of the robbery.

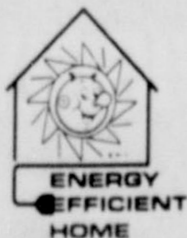

As of presstime, the sheriff's department was investigating the theft of two hydraulic lifts from a dump truck belonging to Jerry Brown, who lives east of Friona.

LOST HEAT HAS A PRICE ON YOUR HEAD

the heat pump drops the price

The price you pay for heating your home depends on how efficiently you trap Lost Heat. The Energy Efficient Home captures Lost Heat and keeps heat where you need it. Inside your home. Adequate insulation and efficient electric heating equipment make the difference between whether you pay the price for Lost Heat, or use it to provide cozy warmth in your home. Call the Electric Company and learn how the Energy Efficient Home can get that Lost Heat price off your head.
