

## Star Lites

By Bill Ellis

**IF THE INTERNAL** Revenue Service had a formula by which it made the much-debated tax rebates, then the formula must have been devised by someone using a combination of the new math, the ancient Aztec calendar, or else the almost as ancient method known as "pulling a number out of a hat."

We have heard reports of figures as low as \$1.00 (that's right), up to within pennies of the \$200.00 limit.

Some taxpayers who were virtually kids received close to the limit, while others, who paid thousands of dollars in income tax, received what amounted to a tip for their rebate.

The only comment we can make on the subject is that it is typical of anything handled by an agency of the federal government.

If you received a good refund-congratulations! If not—then better luck next time (but don't count on a next time).

++++  
**HERE WE GO AGAIN** this week with a grand opening for a new business in Friona, with a new Sears catalog store opening on Monday.

Dale and Laura Hart are the proprietors of this newest Friona enterprise, and we wish for them the very best of luck in their new undertaking.

We have thought for some time that a catalog store would do well in Friona, and we're glad to see the Harts giving it a try.

With Gibsons having opened June 9, this becomes the second grand opening of the month.

We're not going to attempt to list the openings we've had in Friona in 1975 again, because the last time we did we missed the new Tri-County Savings & Loan Assn. office, for which we herewith apologize.

++++  
**POLITICAL RUMORS** have it that former Texas governor and secretary of the Treasury John Connally may enter the Republican primary next year as a candidate for the senate seat being held by Lloyd Bentsen.

Bentsen, you probably know, is one of the Democratic hopefuls for nomination as president. Apparently, the GOP feels that while he is making his run for that nomination would be a good time to try for Bentsen's senate seat. And with Connally in the Republican fold, we just might come up with two GOP senators from our state for the first time in its history.

Another rumor, according to a weekly newsmagazine, is that George Bush, who made a good try for the position earlier, may try for the governor's chair in 1976. Bush has been serving as chief of the nation's liaison mission in Peking.

1976, in addition to being our nation's 200th birthday year, apparently is going to be a big political year, all the way from the presidential race down to state and county politics.

President Ford appears to be planning to seek a term "on his own" in '76, and the current issue of U.S. News and World Report says the president has "an even chance" of winning it, bolstered by his recent handling of the Mayaguez incident.

The Democrats' biggest problem may lie in choosing a candidate. One Democratic state leader was quoted as saying "There are about seven candidates for the nomination at this stage, and they are all tied for last place."

Former Alabama governor George Wallace may play a big part in the race, but it isn't clear whether Wallace will seek the Democratic nomination, or whether he will go the third party route.

++++  
**THE FRIONA RIDING** Club is one of the organizations that is up and coming in Friona.

In the past three years, the club has paid for its arena, a new water well, and metal pens at the arena, through the junior rodeos it sponsors.

This year, with those facilities paid for, the club donated \$250 each to Project Nursing Home and the Community Center fund.

"We appreciate the business people in Friona and their support of our rodeo. They have made all of this possible," says Estis Bass, club president.

Currently, the club has 35 members, and would welcome any others that would care to join. They currently meet on Friday evenings for a "play day" at the arena.

At other times, the Riding Club goes to the breaks, or to area ranches, for picnics. They also attend area parades.

We salute the Riding Club, which is keeping horsemanship alive in the area, and providing another activity for the young' people.

## ART, AIR SHOWS

# Events Added To July 4th Program

Another gala Fourth of July program is being planned by the Friona Chamber of Commerce, it was announced this week.

The giant fireworks display will be held the evening of July Fourth adjacent to the Community Center. The display is free to the public, and everyone is invited to attend.

Back on the schedule will be the catfish fry at noon, sponsored by the Noon Lions, as well as the various games and races for youngsters, to be sponsored by clubs and organizations.

New to the schedule this year will be an art show, to be held in conjunction with the fish fry at the Community Center. Those attending the fish fry will be able to enjoy art work by Friona area artists.

### AIR SHOW SET

Also new will be an air show by Glenn Herring and Bengel Aeroe Spraying. The time and other details on the air show are to be worked out.

The catfish fry will be held from 11:30 a.m. until 1:30 p.m. Last year's fish fry was a tremendous success, and the club is looking forward to an even bigger one this year.

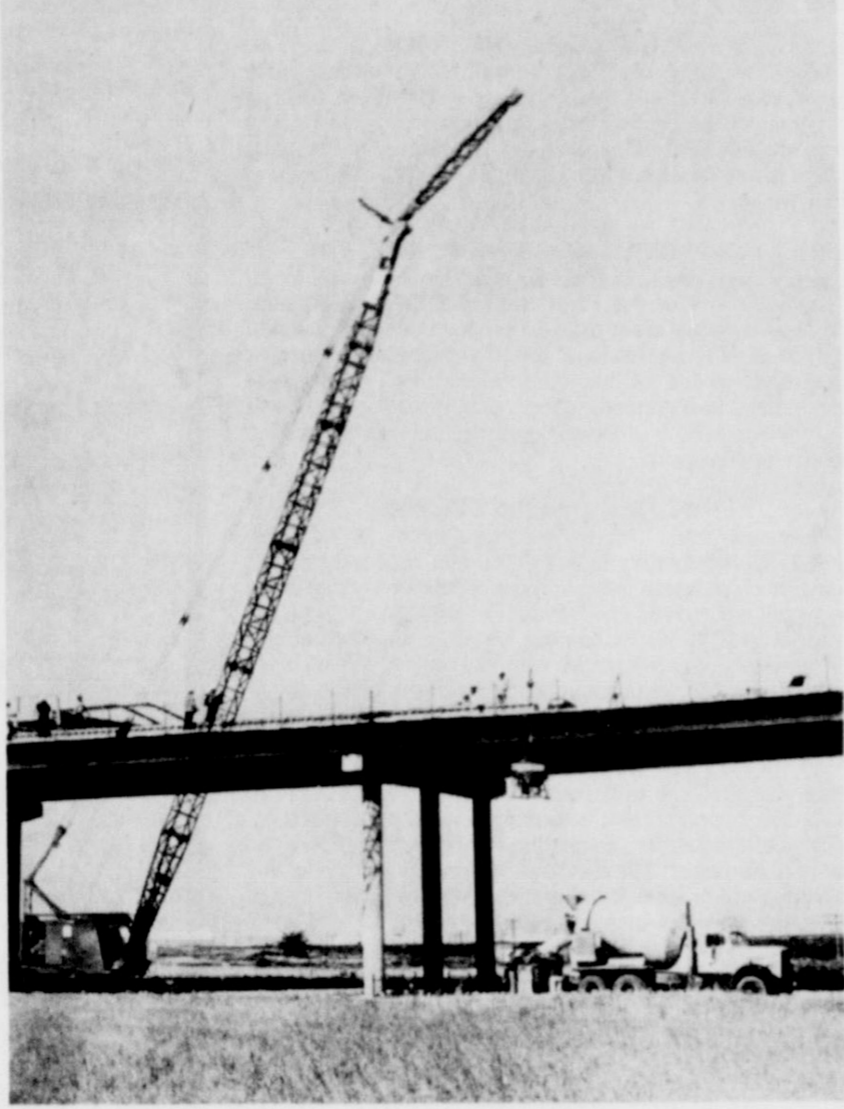

A band concert, featuring members of the Friona High School band, will begin at 8:45 p.m. adjacent to the Community Center.

Races, to begin at 2 p.m., will include a foot race, sponsored by the Fellowship of Christian Athletes; a sack race, sponsored by the Friona Kiwanis; a baseball throw, sponsored by the Jaycees; a turtle race, sponsored by the Noon Lions; a bicycle race, sponsored by the Evening Lions, and Water Polo, sponsored by the Friona Volunteer

Fire Department.

Carrol Gatlin is coordinating the July 4th program, and he says it looks like a bigger and better program is in the making.

The Chamber sponsors the annual program to encourage local residents to stay at home on the holiday, rather than adding to holiday traffic.

**CEMENT WORK....**The overpass on Highway 214 continues to come closer to reality with the pouring of cement on the hugh structure. The cement work is over half through,

and it appears that motorists will be driving across the bridge before the summer is over. Austin Bridge Company is building the overpass.

## High Winds Buffet Area During Week

The Friona area has been buffeted by hot summer weather, high winds and threatening clouds during the last several days. No major damage has resulted, but farmers have probably suffered from loss of sleep during the period.

Wednesday the area had high winds most of the day, running 20 to 30 miles per hour with gusts higher. By nightfall, the wind subsided for awhile, then picked up again in force as a storm threatened the area, and blew at high speeds well past midnight.

Thursday, the nightly cloud scare was repeated. The cloud formed to the east and southeast of Friona, but swung around to give the city a blast of wind for more than an hour.

++++

## Temperatures

(Readings are made at 8 a.m. each day for the preceding 24 hours)

Date	HI-Low
Saturday, June 14	95-62
Sunday, June 15	98-55
Monday, June 16	89-63
Tuesday, June 17	100-61
Wednesday, June 18	93-62
Thursday, June 19	93-68
Friday, June 20	92-66

## Potts Named To Consumers Directorship

Jay Potts was elected to the board of directors of Friona Consumers of the cooperative's annual meeting last Saturday afternoon. Potts replaces Melvin Southward, retiring director who served 12 years on the board.

R. G. Welch was re-elected to the board. Holdover members are Roy V. Miller, James Procter and Larry Moyer. At the board's reorganizational meeting, Miller was named president of the board, Welch was named vice president and Procter was elected secretary.

Entertainment for the annual meeting was furnished by Sarah Mears, Sharla Duggins and Dana Miller, accompanied by Eva Miller on the piano. Also, a string band composed of Bill Collins, Royce Hume, Ted Osborn and Wendell Moore. Collins, Hume and Osborn are employees of the cooperative.

Door prizes were won by Donna Mears, Buddy Lloyd, Dana Miller, C. G. Drager and Lloyd Rector. Dale Glasson of Farmland Industries discussed the petroleum situation with those attending.

kicking up a lot of dust in the process.

Swimmers enjoying "family night" at the Friona Municipal pool had to quit ahead of the scheduled 9 p.m. closing.

A minor accident on Main Street sometime during the "blow" occurred when a passing truck's cargo hit the street light at Seventh and Main, knocking it over.

No measurable moisture fell up until 8 a.m. Friday, and with the tenor of the clouds of the past week, farmers are probably just as happy.

Some scattered hail was reported in outlying areas during the past week. A downpour filled the lakes in the Dawn area east of Hereford Thursday evening.

First 100-degree reading was registered in Friona Monday afternoon, and readings were in the 90s every other day but one, as cooling systems were put to the test.

**CHECK PRESENTED...**Estis Bass, right, president of the Friona Riding Club, is shown presenting a \$250 check to Charles Allen, co-chairman of the Project Nursing Home Drive.

## FWG Elects Directors

In their annual meeting, Tuesday, June 10, at the community center, Friona Wheat Growers elected new directors.

Two new directors were elected for three year terms. They are Ernest Osborn and David Grimsley. Holdover directors are A.W. Anthony, Jr., Leroy Johnson and Larry Fairchild.

A Junior Board was established this year. Members, Charles Ray, Jerry Cass and Mike Riethmayer, will serve for one year on the board. Next meeting for Friona Wheat Growers will be July, 1976.

**TO OPEN STORE....**Karene Hart and her dad Dale will assist with the new Sears Catalog Store, which has scheduled its grand opening in

Friona Monday and Tuesday at 511 Main Street. The new store will provide another business outlet locally.

## Catalog Store Sets Opening

The Sears Roebuck Company will open a Catalog Sales Agency in Friona.

The Grand Opening of the new ordering agency, located at 511 Main Street, is set for Monday and Tuesday, June 23 and 24.

The doors will open at 9 a.m. each day with a portable TV door prize to be won. Customers are urged to sign up for the TV at the Grand Opening. The drawing will be Tuesday, June 24.

Dale and Laura Hart will own and operate the new sales store. "I believe the store will do very well," says Mrs. Hart. "Friona people should enjoy having a Catalog Sales store in Friona."

The convenience of the store is foreseen to be its appeal. Customers will simply have to walk in, look at a Sears Catalog featuring thousands of items, and order whatever they need.

When asked if the agency will display merchandise in the store, Mrs. Hart replied, "No, we will handle strictly catalog orders."

Store hours at the agency will be from 9 a.m.-5 p.m., Monday through Friday, and 9 a.m.-1 p.m. Saturdays.

"We feel this is something good for Friona," says Mrs. Hart.

## Tax Equalization Boards To Meet

Tax Equalization Boards from the city, school and county have scheduled meetings for the upcoming weeks.

The City Board consists of members Glenn E. Reeve, Sr., Ed Hicks and H.K. Kendrick. They will meet Tuesday, July 16, in the City Council Room.

The School Equalization Board have tentatively set their meeting for Saturday, July 12, from 9 a.m. to 12 noon. Members of the board are Cordie Potts, C.M. Mercer and Clyde Goodwine. Alternates are D.C. Herring and W.M. Massey.

The County Equalization Board will meet June 23 at 2 p.m., following the County Commissioners meeting.

## Tax Check Is Received

Friona received the sum of \$5,700.08 as its share of \$28.8 million paid by the state to more than 800 Texas towns and cities in the third round of monthly city sales tax rebates.

State Comptroller Bob Bullock recently mailed checks to Texas cities for their share of the rebates.

Bullock said the June payments were considerably higher than the previous two months because of big end-of-the-quarter tax payments made by merchants following the April 30 deadline for reporting taxes they collected from the public in

January, February and March.

Bullock converted the city sales tax payments to a monthly system in April to get away from the old quarterly rebate system which had been in use since the start of the city sales tax and which forced cities to wait 60 to 90 days for their money.

"The interest alone—at six per cent—on the \$16 million we paid in April and the \$19.9 million we paid in May was worth a good quarter of a million dollars to the cities just by not having to wait until now for a quarterly payment," Bullock said.

## Last Chance For Swimming Lessons

The second session of swimming lessons, to be taught by Baker and Phillip Duggins, will begin soon.

Sign-up day will be Saturday, June 28 from 9 a.m. to 12 noon at the Friona Dive-In Pool. The first day of lessons will be Monday, June 30 and will run three weeks, through July 18.

All lessons will be given Monday through Friday and will cost \$20 for the 15 lessons.

This is the last chance this summer for your children to learn to swim.

## Loads Of Wheat Being Delivered

The wheat harvest of 1975 has begun to come into the area's grain elevators.

The first load, dryland variety, was delivered to West Friona Grain Friday, June 13, by M&B Farms. The yield on that grain is not certain at this time.

Friona Wheat Growers reported their first load of dryland wheat Saturday, June 14. N.A. Brown & Sons of the Bootleg Community brought it in. The Browns are

averaging 25 bushels per acre.

Black Grain received their first load from Buske Farms, Sunday, June 15. The yield is not certain but the load tested 57.7 in weight and 17 in moisture.

Hub Grain had not received any grain as of Thursday morning. It is reported that the wheat in their area is too green to cut but will be ready for harvest soon.

Only dryland wheat is being cut at this time. All elevators stated that

the harvest of irrigated wheat is about a week away as yet.

Price quotations on wheat as of this week at the local elevators was \$2.96 per bushel.

The first load of barley was delivered to Friona Wheat Growers by Danny Smith Wednesday, June 4.

The price quotations on barley as of this week was \$4.25 per 100 pounds, up about \$1 over this time a year ago.

## Four Frionans Make SWSU Dean's List

Straight-A grades have qualified 210 Southwestern State University students in Weatherford, Oklahoma, for the spring semester President's List.

Hundreds of other undergraduates are on the Dean's List for finishing the semester with grade-point averages of 3.0 (or B) and no individual course grade below C.

Only those students enrolled in 12 or more semester hours in which letter grades were earned may be considered for the honor lists. Graduate students are not eligible.

Four Frionans made the Dean's List at SWSU. They were Michael A. Mills, Sharon E. Mills, Melissa F. Pruett and Glenn A. Rebber.

## Antique Club Meets Monday

Friona's Antique Club met for their regular meeting Monday, June 16 at the home of Orma Flippin. Present were Mrs. O.C. Jones, Mrs. Selma Habbinga, Mr. and Mrs. Jim Baxter, Mrs. Lottie Bails, Mr. and Mrs. Elvie Jennings and Mrs. Tommy Jones.

The hostess, Mrs. Orma Flippin, served her guests a snack supper consisting of potato salad, mixed vegetable salad, sandwiches, pickles, cake, punch and coffee.

The next meeting of the Antique Club will be the third week in July.

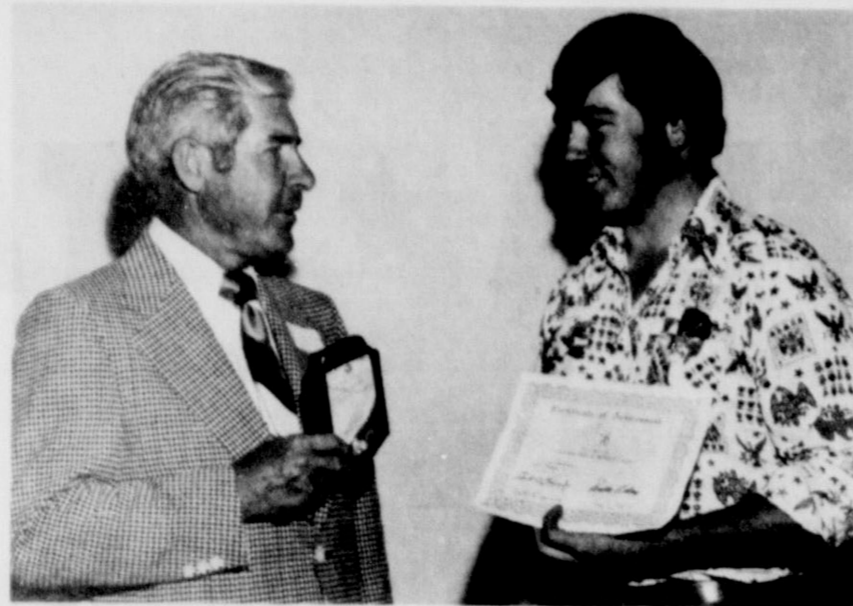

## Hope Mays Earns Scholarship

Hope Mays, a 1975 graduate of Friona High School, has been named one of ten Campus Services scholarship recipients at West Texas State University in Canyon for the upcoming academic year.

For a \$400 scholarship each semester, the students serve as official hosts and hostesses for the University, working ten hours in the director of development's office assisting the admissions advisors and taking campus tours.

The daughter of Mr. and Mrs. W.H. Mays was selected for her outstanding scholastic abilities and participation in extracurricular activities. In high school, Miss Mays was president of Girl Scouts, Foreign Language Club president, band secretary. She was chosen also to all-region and all-state band.

"I am very pleased to have this caliber of students. They are a tremendous asset not only to WT, but to their hometowns," said Director of Development Keith Winter. "They will be leaders of this University because of the training they will receive with Campus Services."

**GETS CERTIFICATE....**Danny Campbell, right, was named an outstanding student at a FFA Farm Electrification Workshop held June 9, 10 and 11 at West Texas State University in Canyon. The workshop was sponsored by Southwestern Public Service Company and more

than 100 FFA members from Texas and New Mexico attended the three day meeting. Cliff Milnar, SPS vice president of marketing, is shown presenting Campbell with his award, which includes an expense paid trip to Kansas City to the National FFA Conference.

## Town Talk

By CINDA JOHNSON

with your news item

TOWN TALK  
By CINDA JOHNSON

It is always interesting as I drive around town to spot the assorted license tags on cars from other states. I wonder if they are simply traveling through Friona on their way through the Panhandle, or if maybe they have stopped in at a friend or relative's home to stay a few days in our town.

This week several travelers stopped in Friona and all of them were visiting from out of the state.

Mr. and Mrs. Nelson Lewis were happy to have their daughter, CeCe Parr, and her husband, Kim in their home. But there was also a new member to the family—a baby, Annie Mae, two months old, who also visited. The Parrs were formerly of Friona, but now live in Logan, Utah.

The Parrs also have been visiting in the home of his parents, Mr. and Mrs. Bruce Parr.

Visiting the Frank A. Springs this week, from Colorado Springs, Colorado, were Susan and Barrie Isaac. Susan and Barrie are the children of Mr. and Mrs. James Isaac and the grandchildren of Mr.

and Mrs. Frank A. Spring.

Pam and Sonny Dunbar are visiting their aunt and uncle, Mr. and Mrs. J.C. Beck, and cousin, Cris, this week. They are from Bakersfield, California. The children attended school in Friona for a short time and are busy renewing old acquaintances.

Also in Friona is Jimette McLean from Ann Arbor, Michigan. She is visiting her mother, Pearl McLean.

Mr. and Mrs. Leland Hutson returned to Friona this week after visiting points of interest in California, Nevada and Arizona.

The Hutsons spent several days in the Los Angeles area, visiting Universal Studios in Hollywood and touring the stars' homes. They also visited Farmers Market, the Queen Mary, Marineland of the Pacific, Knott's Berry Farm and Disneyland.

On their return trip, the Hutsons stopped by Las Vegas, Nevada, where they caught the Wayne Newton show. The Hutsons reported an enjoyable trip, and were especially complimentary of Wayne Newton's show.

## Euler Retires

As Chaplain

Lt. Col. Lee E. Euler, former pastor of the Calvary Baptist Church in Albuquerque and more recently a teacher at Laguna-Acoma Pueblo, has retired as chaplain of the local Army Reserve 156th Support Group after 25 years of service in the active and reserve Army. He entered the Army in 1942 as an infantryman, served as a chaplain in the Korean conflict, and joined the reserves in 1958. He was minister to the local church from 1959 to 1966.

# Friona Flashbacks Letter To Editor

...from the files of The Friona Star

45 YEARS AGO—JUNE 27, 1930

Friona can now boast of at least one resident aviator in the person of R.W. Parr, who has recently purchased an airplane of the Eagle Rock make. Mr. Parr keeps his plane in the hanger at Hereford except on occasions when he has it out for excursions or for practice. He graduated from a school of aviation in Chicago, and plans to give flying instructions upon securing his government license.

40 YEARS AGO—JUNE 28, 1935

P.W.A. workers were busy part of last week and early this week tearing out the old board sidewalk in front of J.J. Horton's store, and replacing it with a new smooth concrete sidewalk. The work is to continue on the west side of Main Street across Block No. 63 (the 600 block of Main Street).

30 YEARS AGO—JUNE 22, 1945

Rev. Clayton Day, 25 year old, recently accepted a call to the pastorate of the First Baptist Church in Friona. Although a young man, the new pastor is most favorably mentioned as an earnest and forceful preacher, speaking with the courage of his convictions. Following their arrival here on Wednesday, Rev. and Mrs. Day will be at home to the people of Friona and the community in the Baptist parsonage.

25 YEARS AGO—JUNE 23, 1950

Observers who have noted the trend in counties throughout the country to have a census count somewhat under the population estimates were not too surprised at the weekend release of Parmer population figures. Totals were 1196 for Friona, an increase of 396 since the last census. Bovina's total was 610, and Farwell was slightly over 500. Total population for Parmer County is 5,771.

20 YEARS AGO—JUNE 24, 1955

The new addition to Friona Wheat Growers' elevator, now under construction, is expected to be completed by the first of September, according to Arthur Drake, Wheat Growers manager. The elevator, having a million bushel capacity, will be composed of twenty-eight 30,000 bushel tanks and the star bins connecting the tanks.

15 YEARS AGO—JUNE 23, 1960

Construction of a brand new super market was announced this week as necessary papers were signed and the contractor started plans to begin work immediately for two more businesses, an automatic laundry and a ladies ready-to-wear shop. The new building will be built on the corner of Washington and Ninth Street in Friona, facing south.

10 YEARS AGO—JUNE 24, 1965

Bill Sheehan, who has practiced law in Friona ever since he graduated from law school 15 years ago, this week announced that he is leaving his practice in Friona and will move to Dumas.

5 YEARS AGO—JUNE 25, 1970

Mrs. F.L. Spring, Parmer County pioneer, passed away Wednesday morning. Survivors include sons Edward, Frank, Paul and Lee of Friona, and daughters, Mrs. M.H. Sylvester of Anton, and Mary Spring of Amarillo.

Announcement was made this week by the Friona Texas Federal Credit Union that its field of membership now includes all of Parmer County.

Dear Editor,  
My heart was broken this morning as I drove down Main Street. It was bare and it was June 14, the 198 birthday of "Old Glory." I was on my way to Hereford and as I drove under the railroad tracks and rounded the curve I saw a beautiful sight in front of the business on the highway.

Then I turned down Main Street and it was covered with the fluttering folds of Red, White and Blue. I was thrilled at the sight and proud.  
When I got back home there had appeared four flags, Foster's, Gib's Cleaners, Bi-Wize Drug and Plains Hardware. Where were the other flags? Even the American Legion flag pole was bare. WHY? Where is that old hand over the heart flag-waving patriotism, Friona?

A Concerned Citizen  
Gloria Atchley

Have you ever met anyone who had nothing to complain about?

Even an intelligent man makes a fool of himself about some things.

May I borrow the car tonight, Dad...without a lot of useless advice, since we're insured with.....

# WELCOME TO FRIONA

The Star joins the businesses listed below in welcoming Mr. and Mrs. Danny Murphree as residents of Friona. Danny is a local product returning home, while his wife Linda is a Kress native. Both are graduates of Wayland Baptist College, and both have done teaching work. They are at home eight miles west of Friona, where Danny is engaged in farming. The couple attends First Baptist Church.

# WITH DALE SMITH PEOPLE COME FIRST

This week the Friona State Bank is featuring Dale Smith who has been with the firm for 15 years. Dale serves as Vice President.

Dale and his wife, Jere, have two children, Amber, age 11, and Toby, age 7. The family attends the First Baptist Church.

Dale is very active in many community areas. He has been a member of the Lions Club for 11 years and has served in all offices. Also, a member on the Board of Directors of the Chamber of Commerce and active with Boy Scout projects.

Dale, in his spare time, enjoys many relaxing hobbies including antiquing cars, building model planes, and motorcycle trail riding.

The Bank is proud to honor this fine worker. Being involved in the community helps Dale Smith to "Put People First."

## Commission Extends Emergency Relief

Texas Farm Bureau President Carrol Chaloupka has thanked the Federal Power Commission for extending emergency interim relief on natural gas used for irrigation fuel until June 15, 1976.

"This is a welcome reprieve for thousands of our agricultural producers who could not obtain

adequate financing under a lower priority status," Chaloupka said in a message Friday to FPC Chairman John N. Nassikas.

Chaloupka said the Texas Farm Bureau wants the No. 2 priority made permanent. The Commission order extended the "interim deferral to June 15, 1976, or until a final Commission

decision has been issued."

The FPC decided June 9 to extend a Priority 2 status for irrigation use of natural gas. Previously, on March 21, the Commission had extended the relief until Sept. 20, 1975, until a series of hearings on the subject could be held. In addition to hearings in Washington, D.C., field hearings were held last month in Phoenix, Albuquerque and Lubbock.

Irrigation farmers testified at the hearings that changing to other sources of power was economically impractical. They further stated that adequate supplies of other fuels were not available.

Bankers told the hearings that they could not extend financing to many farmers under a No. 3 priority curtailment plan.

Chaloupka told Nassikas that 60,000 irrigation pumps in Texas are fueled by natural gas, representing more than 40 percent of all irrigation pumps in the state. He pointed out that the "vast majority" of pumps on the Texas High Plains use natural gas.

"If irrigation use is later given a lower No. 3 priority under a curtailment plan, future shortages of natural gas could wreck the entire agricultural and business economy of West Texas," Chaloupka said.

"Farmers must plan for a crop far in advance of planting time," he said. "For that reason, we are anxious for the Commission to decide on a permanent No. 2 priority for irrigation use."

### SCS Report

It is becoming more and more important to consider characteristics of soil in selecting construction sites in Parmer County. Soil characteristics, such as permeability, depth to water table, and shrink-swell properties.

The price of materials these days is overwhelming. One mistake in construction could cost more in rebuilding or repairing than the original cost. Consider the cost that is needed to install the foundation and underground assembly of corn dryers today. Tomorrow it will cost more. Consider your soil before you start.

We have all seen concrete foundations for houses and sidewalks cracked, broken or sinking. We say the concrete was not strong enough.

## 6 Packs Win Two

The Friona Six Packs won a pair of games and lost one during the past two weeks, to stand at nine wins, five losses for the season. The team, which has played six games in a row out of town, finally gets to have another home game this Sunday, when they host tough Portales in a game Sunday afternoon at the Lions Club Park. In an earlier game at Portales, Friona posted a 4-2 win in a pitcher's duel. On June 4, the team toppled the Dimmitt A's once again, by a score of 13-8. On June 8, the team dropped a tough one at Muleshoe, after going into the bottom of the eighth inning with a 12-1 lead. Muleshoe won the game, 17-16. The Friona team bounced back in a Father's Day game at Bovina, coasting past the Bovina Braves, 13-1, as young Edward Castillo pitched a one-hitter.

Castillo was also the batting star in the Dimmitt game, getting three hits including a double and a home run. Friona scored 11 runs in the first four innings, and never trailed. The Six Packs were apparently well on their way to a ninth season win at Muleshoe, erupting for seven runs in the seventh and four more in the eighth to open up a 12-1 lead. A nightmarish eighth inning by the home team left the score tied 12-12 when the dust had cleared. Another scoreless inning was played, sending the game into extra innings. Juan Fuentes singled and Raymond Delgado homered, to apparently salvage the game for Friona in the top of the tenth. Friona scored two more runs, and led 16-12. But the Royals did it again in the bottom of the tenth, scoring five runs to snatch the victory, 17-16.

Castillo lacked one batter pitching a no-hitter at Bovina, pitching eight and one-thirds innings of hitless ball while his mates built up a 13-0 lead. But with one out in the ninth, Gary McCormick got a clean single off the Friona righthander. He came around to score with two outs to spoil Edward's shutout, but it was still a great pitching job. Castillo struck out 10 batters and walked only three. One of the walked batters was picked off.

### Golf Tourney Set At Farwell

The Annual Partnership Tournament at Farwell Country Club will be held Saturday and Sunday, June 28-29, according to R.L. Montgomery, pro at the club. Entry fee will be \$40 per team with shotgun starts each day from 10 a.m. to 3 p.m., said Montgomery. Teams will be flighted according to lowest handicap by partner. Winners will receive gift certificates with all entry fees to be returned in merchandise. Entrants are eligible for practice rounds and golf carts will be reserved on a first come-first served basis, the pro said. For further information, or to enter the tournament, golfers may phone 481-9910 in Farwell.

# Tasty Cream, Bankers Win In LL Play

By HAL BLACKBURN Staff Writer T-BALL LEAGUE

League-leading Tasty Cream continued their winning ways this week by registering wins over Piggly Wiggly and United Commercial Travelers. By defeating Piggly Wiggly 21-7 on Monday, and then whipping UCT 26-9 on Thursday, the Tasty Creamers now have a record of five wins and no losses. They have scored a total of 135 runs, compared to their opponents 66.

The Friona Credit Union came out of the cellar with two wins this week. They defeated the United Commercial Travelers 24-21, and also handed Piggly Wiggly their third loss of the year by taking a 28-18 win.

### SENIOR LEAGUE

Following this week's Senior League action, the standings seem to be tightening up a bit. Cattle Town remains in first place, although they were cooled off for a spell this week as Sherley Grain of Bovina handed them their first loss of the season.

On Thursday, June 12, Cattle Town handled the Bovina team easily, as they picked up a 15-3 win. It might seem odd that Cattle Town's only loss of the year came about when Cattle Town met Sherley Grain for a make-up game on Saturday, June 14. The Bovina team took the win 7-2.

The game had been rained out earlier in the week. Gary Stone was the winning pitcher for Sherley Grain.

On Monday, Cattle Town beat the winless Pioneer Cattle Order Buyers, 15-6.

Jesus Mata pitched a strong game for Cattle Town, and was credited with the win. Teammates Joe Bermea, Leslie White, Kyle Barnett, Mike Hutson, and Willie Brailiff all had base hits. Catcher Terry Wilcox homered in the second inning.

Benger Air Park has one less loss than Sherley Grain, and has now moved into second place. During the week, Benger defeated the Pioneer Cattle Order Buyers twice by scores of 5-4 and 17-1. The 5-4 decision was one of the tightest games of the year. Involved in a pitching duel, Aragon picked up the win for Benger, while Pioneer ace Jeff Whiteside was the

losing pitcher.

Having two wins under their belts, Benger Air Park surprised Sherley Grain of Bovina, 11-5. Cipi Aragon pitched a fine game for Benger, and captured his second win of the year. Four pitchers have won at least two contests, these are: Mike Hutson and Jesus Mata (Cattle Town), Gary Stone (Sherley Grain), and Cipi Aragon (Benger Air Park).

### MAJOR LEAGUE

This week's Major League action saw the Friona Star pick up a pair of wins and move out of last place. The Star blasted previously league-leading Reeve Chevrolet, 15-5.

The Star team used eight base hits to compliment their win. Jay Norsworthy and Eloy Caballero had two hits apiece for the winners.

Reeve evened the score on Saturday, by defeating the Star, 24-6.

On the 17th, winless Friona Feed Yard was pegged by the Friona Star team, 10-6. Kirk Wright smacked a double in the second inning. Fuentes was the Star's winning pitcher, allowing six hits.

Friona State Bank also won two games during the week and now enjoys a two-game lead over the second place team, Reeve Chevrolet.

On June 3, scoring eight runs in the third inning, the Bank went on to defeat Friona Feed Yard by a score of 18-8. Then on Monday, June 16, the Bank drummed Reeve Chevrolet 15-5, with Robert Garza picking up the win, and allowing only five hits.

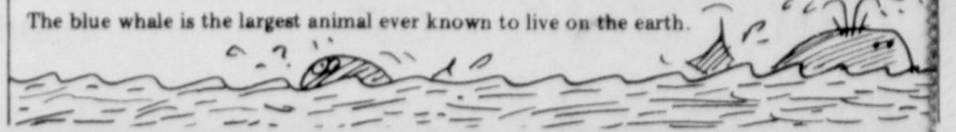

### MINOR LEAGUE

The B-J Bees remain first place in the Minor League with a 4-2 record. They were defeated on Friday by Ethridge-Spring Agency, 15-8, and then came back this week as they pulled out wins by narrow margins over Ag-Chem, 12-10, and Parmer County, 17-16.

The B-J Bees-Parmer County game was a real thriller, as the lead changed hands frequently. The winning pitcher for the B-J Bees was Tony Lafuente.

Hi-Pro Feeds came from last to a tie with Ethridge-Spring for second place. The Feeders upended Parmer County by the score of 9-5 on Tuesday, June 16. Hi-Pro's big game came on June 16 when they took a 14-8 win over Ethridge-Spring. Catcher Vincent Koelzer lifted a ball over the left field fence in the fourth inning and was credited with the first home run in the Minor League this season.

On June 17, two very evenly-matched teams got together and Parmer County Implement squeaked out a win over Ag-Chem. The score was 15-13. Ag-Chem was involved in three close games last week, as they were defeated by scores of 12-10, 22-19 and 15-13.

## Rites Held For Frionan's Father

Funeral services for Spencer J. Jarrell, 71, of Clovis were held Tuesday afternoon at Steed Memorial Chapel in Clovis with Dr. Carl Scott, pastor of Central Baptist Church, officiating. Burial was in Mission Garden of Memories Cemetery in Clovis.

Mr. Jarrell died Sunday at Methodist Hospital in Lubbock following a lengthy illness.

Born April 19, 1904, in Coleman, he moved to Bovina with his parents in 1917. He moved to Clovis 24 years ago. Mr. Jarrell was a retired farmer and carpenter. He was a member of the Baptist Church.

Survivors include his wife, Zona; three daughters, Mrs. Alvis (Geraldine) Bell of Clovis, Mrs. Hubert (Billie) Pipkin of Midland and Mrs. Norbert (Oretta) Schueler

of Friona; a brother, Joe Jarrell of Clovis; two sisters, Mrs. Mamie Hightower of Texico and Mrs. Raymond Cruz of Coleman; eight grandchildren and 10 great-grandchildren.

Pallbearers were H.L. Horton, Sherman Horton, Orris Eshleman, Mason Neely, Homer Kelley and Glenn Kelley. Honorary pallbearers were friends and neighbors.

## 11 Accidents Investigated In County

The Texas Highway Patrol investigated eleven accidents on rural highways in Parmer County during the month of May, 1975, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and six persons injured.

The rural traffic accident summary for this county during the first five months of 1975 shows a total of 53 accidents resulting in no persons killed and 25 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for May, 1975, shows a total of 524 accidents resulting in 17 persons killed and 310 persons injured as compared to May, 1974, with 406 accidents resulting in 25 persons killed and 218 persons injured. This was 118 more accidents, eight less killed, and 92 more injured in 1975 at the same period of time.

## INSUR-MATION

By MILTON EVANS  
Parmer County Farm Bureau Insurance  
Phone 247-3280

What is IRA? Can it be used by everyone?

IRA is the Individual Retirement Account which became effective September 2, 1974. It allows a person to tax shelter a percentage of his income into an IRA qualified plan up to a maximum of 15% or \$1,500 whichever is less. No individual who is covered by another IRS approved retirement pension or profit-sharing plan may participate in IRA. These funds may be placed in almost any investment the individual would desire. For example, insurance companies use retirement income life insurance plans and deferred annual premium annuity plans. These are self-trusted and after retirement have a built-in annuity factor that will be advantageous to the individual.

## Bovina Dominates Horse Show

Parmer County 4-H members staged their annual county 4-H horse show in Bovina Tuesday of last week. These youngsters competed in both halter and performance events, with Earnest Wilson, Portales, N.M. judging the classes. Below is a list of the classes and placings.

Class 1, Registered Mares 5 years and older-1. Lezli Williams.

Class 2, Registered Mares under 5 years-1. Lezli Williams, 2. Jimmy Rhodes.

Class 3, Grade Mares-1. Jody Bandy.

Class 4, Grand Champion Mare-Lezli Williams; Reserve Grand Champion Mare-Lezli Williams.

Class 6, Registered Geldings under 5-1. Lezli Williams, 2. Daryl Hawkins.

Class 7, Grade Geldings-1. Kathy Williams, 2. Jimmy Rhodes.

Class 8, Grand Champion Gelding-Lezli Williams; Reserve Grand Champion Gelding-Daryl Hawkins.

Class 9, Showmanship-1. Jody Bandy, 2. Lezli Williams, 3. Kathy Williams, 4. Jimmy Rhodes, 5. Daryl Hawkins.

Class 10, Western Pleasure-1. Lezli Williams, 2. Kathy Williams, 3. Daryl Hawkins.

Class 11, Western Horsemanship-1. Lezli Williams, 2. Daryl Hawkins.

Class 12, Reining-1. Lezli Williams.

Class 13, Pole Bending-1. Jody Bandy.

Class 14, Barrel Race-1. Jody Bandy, 2. Kathy Williams.

The wages of sin have been reduced very little.

By Mike Chaney

A marked decline in the number of varieties being grown commercially is one of the unusual things about Texas' number one cash crop... cotton. In 1910, F. J. Tyler, in an article entitled *Varieties of American Upland Cotton*, reported for the United States Department of Agriculture that there were 613 varieties of cotton being grown. Sixty-five years later there are fewer than 50 with only about ten of those commonly used. Two reasons are predominant for the unusual turn-around. First the boll weevil infestation wiped out many susceptible long-staple varieties. Second, producers have developed the varieties they like best and are satisfied with the increases in crop yields, the storm resistant boll (for machine harvest) and the generally shorter growing season provided by relatively few types. Evidence of the success of the varieties being used is amply illustrated when comparing current yield per acre with that of 1950.

# CB Radios Prove Big Help; Popular Item

By CINDA JOHNSON  
Staff Writer

One of the hottest pieces of merchandise and the hottest topics of conversation these days is indeed the Citizen's Band Radio—or "two-way" in truckers' lingo. This small gadget has swiftly become the most popular accessory in the trucking industry.

To date, more than a million CB licenses have been granted by the Federal Communications Commission. But that is less than half the number believed to be actually in operation: The rest are running

"barefoot"—without an issued license.

Many people do not understand the CB radio craze. There are two sides to every situation. Much criticism, in particular, has been focused on truckers' use of their two-ways to pass along "Smokey reports"—the location of highway patrol cars.

A typical "Smokey report" between two CB owners might go as follows: "Breaker (report) for a westbounder. How are we lookin' back toward Hereford?"

"You're lookin' clean here, but

you got a bear (patrol car) on the side with a picture-taker (radar) near that Armour plant. He is definitely eyeballin' that eastbound lane."

This conversation can also be picked up by four-wheelers, cars and pick-ups who have CB radios. These citizens can then avoid speed traps and know the location of patrol cars along their route. In this way, the CB radio is used illegally to circumvent the law.

Then, there are many who will argue that every time a trucker or four-wheeler alerts his fellow drivers, he is actually aiding the police—helping them enforce the law. Many incidents have been cited in which an owner of a CB radio, because he does have access to one, has alerted patrolmen of certain circumstances that they have seen.

One report is told about a trucker who happened upon a stalled car, investigated it, and found that the driver had suffered a heart attack. He called the police on his CB and an ambulance was able to reach the man in time to save his life.

Other reports tell of truckers who alert patrolmen of hazardous drivers, drunk drivers, and even one incident where a woman was driving nude. The police, in every case, were alerted and able to respond quickly.

Just about any Cber, moreover, will insist that his use of the radio cuts down on the monotony of staring at a white line for 10 hours.

In addition to truckers and troopers, many private citizens are beginning to see the advantages of becoming amateur broadcasters. But they are quick to discover that one doesn't just pick up the mike and begin talking to the truckers. Not until he learns the language of CB owners.

Words like "smokey" (patrolman), "county mounty" (county policeman), "tijuana taxi" (marked police car), are this language. A full understanding of it is essential in order to talk to truckers along the highway.

Local citizens are very much a part of this CB "boom." It is getting to where there isn't a farm pickup on the road that doesn't carry an installed CB in its cab.

The farmers use their radios to stay in touch with their wives and hired workers, to save unnecessary trips into town. The CB is his helper in ordering seed or parts for a

stranded truck, or just to talk to his wife about things at home.

Men aren't the only owners of CB radios. A surprising number of women operate their own radios. Some of them simply like to talk.

For some reason, the girls tend to pick their own brand of "handles"

like "Sugarfoot Mamma," "Shady Lady," "Grannie Goodwitch," and "Jungle Bunny," while the men's "handles" range from "Cup of Lard," to "Pea Pickin' Ernie," to "Scoop."

Some local "handles" are Poison Ivy, Dipsy Doodle, Flea Hopper,

Grape Juice, Queen Bee, Tennessee Base, Reindeer, Tweety Bird, Bloated Goat, Wakasha Wonder, Fat Beaver, Crawdad, Do Less, Purple People Eater, Spiderman, Watermelon Seed, Brown Bug, Potato Chip, Chicken Hawk.

Also, Blue Eyes, Brown Eyes, Little Dickens, Neverleak, Porcupine, Pot Licker, Suckerrod, 427, Wino Joe, Sneaky Snake, Rolly Polly, Rosemary's Baby, Easy 59, Roadrunner and Curley.

Also, Wierd Woman, Dr. Seuss, Cow Catcher, King Bee, Running Bear, Super Husky, Hopit, Beef Jerky, Plain Jane, Sweet Thang, Sawbones, Hammerhead, Wierd Harold, Silver Fox, Rambler and Black Magic.

At times, if the atmospheric conditions are just right, a local Cber can tune into a conversation taking place a thousand miles away. Handles such as "The Juke Box," from Georgia, "Dingbat" and "Pig Man" from Arizona, "Bumper Boy" from San Diego, "Loud Mouth Junk Man" and "Hoss Lady Outlaw" from Mississippi, and "Coffee Drinker," all the way from North Carolina, have been heard over local CBs.

The CB radio "boom" is still running strong. But people who purchase one should realize that there is a good and a bad side to using it. Realizing that a CB is not a toy but a tool can prove it useful to all who broadcast.

"Ten-Four, good buddy. We'll be on the side a'listening."

LOCAL Cber...Harrell Mays of Friona is one of the local citizens who have found owning a CB radio useful. He is only one among the

hundreds who operate a CB in the Friona area. "It has really come in handy in my work," Mays says.

## Truckers' CB Terms

18-wheeler	Big rig with 18 wheels
Four-wheeler	Car, van or pickup
Bear's den	Police station
Running barefoot	Illegal CB operation
Brown bottles	Beer
Flip-flop	Return trip
Front door	Lead truck
Back door	Trailing truck
Rockin' chair	Position between front, back doors
Hammer	Accelerator
Hammer down	Full speed
Drop the hammer	Accelerate

FRIONA, TEXAS

Mrs. Scott Lillard

## Snow, Lillard United In Church Ceremony

Susan Kay Snow of Fritch, Texas and Claud Scott Lillard of Friona exchanged wedding vows on Friday, June 13 at 7:30 p.m.

The ceremony was performed in the Fritch Church of Christ by Doyle Chappin, minister of the church.

The bride's parents are Mr. and Mrs. C.W. Snow of Fritch. The groom's parents are Mr. and Mrs. C.L. Lillard of Friona.

The church was decorated with two stands of yellow carnations and a three tiered candle stand.

Mr. and Mrs. Jim McNeil of Canyon, Texas, vocalists, presented "A Time For Us," "Let It Be Me," and "The Lord Bless You and Keep You."

Cathy Ann Snow of Fritch was her sister's maid of honor. She wore a floor length yellow gown of crepe and double knit. The dress featured an empire waistline, short sleeves, a v-neckline and formed a sash in the back. She carried a nosegay of yellow daisies and baby's breath.

Tommy Lynn Snow, brother of the bride from Fritch, served as best man. Ronnie Doughten of Stinnett was an usher. Danny Latham, the bride's cousin from Fritch, lighted the candles.

As the bride was escorted to the altar and presented in marriage by her father, she wore a white sheer organza formal length gown over satin. The skirt had a wide dust ruffle in the back forming a chapel length train. The neckline and sleeves were accented with alencon lace flowers. Her fitted sleeves came to a point over her hands and were edged with alencon lace flowerlets. Her two tiered veil fell from a cap of alencon lace and seed pearls.

The bride wore diamond earrings, which were a gift from the groom. She carried a cascade of daisies, yellow carnations and baby's

breath. The bride presented a long stemmed yellow rose to her mother as she entered the church. As the bride and groom were leaving, she gave the groom's mother a yellow long stemmed rose.

The bride and groom each took a candle from the three tiered stand and lighted the center candle symbolizing the unity of the two families.

A reception in the home of Mr. and Mrs. B.F. Nall of Fritch, followed the ceremony.

The table was decorated with a wicker basket of white daisies and yellow carnations. The three tiered wedding cake was decorated with yellow roses and baby's breath and was topped with wedding doves.

Joyce Nall of Fritch and Jan Nelson of Fritch, cousin of the bride, served cake. Cynthia Latham of Fritch, cousin of the bride, served punch and presided at the guest register.

For a wedding trip to Red River, New Mexico, the bride chose a blue and white dotted suit with white accessories.

The couple will make their home at 908 B Avenue V in Lubbock.

The bride is a graduate of Sanford-Fritch High School, Lubbock Christian College with a degree in elementary education and was a member of Alpha Epsilon Chi, A&X Social Club, Kairos Service Organization, TSTA and TSEA, teacher's associations.

The bridegroom is a graduate of Friona High School, attended Lubbock Christian College two years and was a member of Koinonia, a men's social club and A.F. ROTC.

Out-of-town guests attending the ceremony were the bride's grandparents, Mr. and Mrs. W.R. Snow of Bowie, Texas and Mr. and Mrs. Kenyth Cass of Friona.

## Local Girl Attends Girls State Session

Carol Denise Shipp of Friona was selected City Tax Assessor and Collector of City E at the 1975 Bluebonnet Girls State Session. She will be a senior in Friona High School this fall. Her parents are Mr. and Mrs. Dean Shipp.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary. Non-partisan and non-political, the purposes of the Girls State program are to provide citizenship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights, and responsibilities which they will assume when they become adults.

They learn the problems of government by assuming the duties of city, county and state officials as stipulated by the Texas Legislature. Each year citizens are selected at local levels from students who have just completed their junior year in high school. The selection is based principally on leadership, character and scholarship.

The 1975 session of the American Legion Auxiliary Bluebonnet Girls State has grown from an experimental conference of ninety-four girls, held at Baylor University in 1941, to become the largest single extracurricular educational program for high school girls in Texas. This year 509 girls are in attendance, plus two girls from Mexico, making a total of more than 11,500 girls in Texas who have participated in this top-level citizenship program.

Former citizens of Girls State and members of the Texas American

Legion Auxiliary comprise the sixty members of the staff and counselors who volunteer their services to direct and lead this program.

Chief Justice Joe Greenhill of the Texas Supreme Court administered the oath of office to the elected state officials of Bluebonnet Girls State Monday, June 16, in the Rotunda of the State Capitol.

One of the highlights of the session which began June 10, and ends June 20 will be the selection of two outstanding citizens of 1975 who will be sent to Girls Nation in Washington, D.C. also sponsored by the American Legion Auxiliary. There the two young representatives will continue their study in responsibilities of the Republic.

## Scholarships Awarded

The graduating Senior Class of 1975 contained several students who have been awarded with various scholarships. This information was reported through Counselor Baker Duggins' office.

Receiving a scholarship from the University of Denver was Carol Bavousett; church, Donette Carlton; Amarillo Junior College, Dale Cleveland; West Texas State University, Janice Hayes, Jeanine Jarboe and Garvin Thorn; Lubbock Christian College, Pam Wilcox and from Wayland, Gene Strickland.

Also receiving scholarships were Kim Bryant, David Clark, Johnny Esquivel, Junior Gonzales, Sylvester Lee, Hope Mays, Dusty Peters, George Rios and Becky Walker.

STUDENTS TOUR....Pausing for a moment on the lawn of George Washington's Mt. Vernon home near Washington, D.C. during the tour of

the nation's capital are Pam Veazey of Friona and Timmy Wilhelm of Happy.

## Two Area Students Attend Youth Tour

Pam Veazey of Friona and Timmy Wilhelm of Happy represented Deaf Smith Electric Cooperative on the annual Government-In-Action Youth Tour to Washington, D.C. this June.

The two young people won the all-expense-paid trip to the nation's capital city by means of an oratorical contest. The contest was open to all young men and women 16 to 18 years of age who attend high school in the area served by Deaf Smith Electric Cooperative.

Pam Veazey is the daughter of Mr. and Mrs. C.H. Veazey of Friona, and will be a senior at Friona High School in the fall. Wilhelm is the son of Mr. and Mrs. James Wilhelm of Happy, and will be a senior at Nazareth High School in the fall.

Veazey and Wilhelm joined approximately 40 other young rural Texans for the 11-day trip. The youth traveled to and from Washington, D.C. by bus.

During the June 9-15 stay in the

nation's capital, these young people saw the United States government in action, visited with their congressmen and senators and saw various government agencies and sites of historical significance. Included on the 5-day agenda were visits to Arlington Cemetery and the Tomb of the Unknown Soldier, the National Archives, Mt. Vernon, the Library of Congress and many other places.

On Wednesday, June 11, the group met approximately 1,000 young people from 30 states for a program coordinated by the National Rural Electric Cooperative Association. The morning program was an informative question and answer session with congressional leaders and high government officials. After a brief lunch, 37 buses transported the young people to the South Lawn of the White House for a special program and tour of the presidential mansion.

## Library Adds Book On Manson Murders

Perhaps the most sensational crimes of this century are the Manson Murders. Many books have been written concerning the murders and the trial that followed, but the favorite seems to be "Helter Skelter."

The narrator of this compelling book is Vincent Bugliosi, who prosecuted Manson and his associates in the longest and most expensive murder trial in American history. It is a detective story, with Bugliosi building his case with an overwhelming wealth of detail.

This most baffling and horrifying murder case began on the night of August 9, 1969 with the brutal killing of actress Sharon Tate and four others at her home in the hills above Hollywood. The murders continued the next night with the equally cold-blooded murder of a Los Angeles supermarket owner and his wife.

The case ends with the conviction of Charles Manson and his co-conspirators, three young women and a youth known as an "All American" boy.

The Manson case is the most voluminously documented murder case in legal annals. It was the longest murder trial in American history. The jury was sequestered longer than any jury before or since. The case was an international press, radio and television spectacular for more than a year.

Vincent Bugliosi received his under-graduate degree at the University of Miami, which he attended on a tennis scholarship. His

law degree was from UCLA, where he was president of his class. At the time of the Manson case he was deputy district attorney, Los Angeles, and a professor of criminal law at the Beverly School of Law in Los Angeles. He is currently in private practice.

"Helter Skelter" is only one of the books available for your reading pleasure at Friona Public Library.

The library board wishes to remind all citizens that the library is glad to receive your paperback books. Don't throw them out! Let someone else read them by bringing them by your city library.

The Incredible Shrinking Man

Grant Williams, Randy Stewart  
Universal. Directed by Jack Arnold  
Black and White. Probably Rated G, A-1; 94 minutes

A fascinating science-fiction thriller. Grant Williams contracts a mysterious malady which gradually shrinks him from his normal six foot height to less than an inch high. White doctors desperately search for a cure. His once normal world becomes a terrifying place.

**25TH ANNIVERSARY CELEBRATED...**Mr. and Mrs. Sam Williams were honored with a silver wedding anniversary reception in their home at 805 Summitt on Sunday, June 15. Mr. and Mrs. Dale Williams, nephew and niece of the couple, were hosts for the celebration. The Sam Williams were married June 17, 1950.

### Six Frionans Make Dean's Honor Roll

Almost 19 percent of West Texas State University's 4,058 undergraduate students studied their way to a place on the Dean's Honor Roll.

These 755 students achieved at least a 2.25 grade point average on a three point scale for the spring semester 1975.

"In a university which is described as a community of scholars, the students on the Dean's Honor Roll are our most outstanding honor citizens," said Dr. Ray Malzahn, WTSU vice president for academic affairs.

The honor students from Friona, their parents and courses of study they majored in are: Andrea S. Graves, wife of Travis Graves and daughter of Mr. and Mrs. Andy Hurst, junior, elementary education major; Gary L. Mingus, son of Mr. and Mrs. Lloyd Mingus, junior, music education major; Brian A. Evans, son of Mr. and Mrs. W.H. Evans, junior, biological science major; Kay E. Cochran, daughter of

Mr. and Mrs. W.A. Cochran, freshman, management major; Carl R. Evans, son of Mr. and Mrs. Herbert S. Evans, junior, liberal arts and medicine major; and Patricia A. Evans, wife of Brian A. Evans, senior, physical education major.

### OSU Accepts Terry Hester

Terry Lynn Hester, daughter of Mr. and Mrs. David C. Hester, Oologah, Oklahoma, has been accepted for the summer term in the Southwestern Oklahoma State University School of Pharmacy.

She has been at Weatherford as a pre-pharmacy major for the past two and a half years, where she was listed on the Dean's honor list with a 3.0 grade point average.

Terry is the granddaughter of the late E.R. Day, Sr. and I.V. Day Moseley.

## FFA Members Receive Electrification Awards

Awards were presented Wednesday, June 11 to the 81 Future Farmers of America completing the 13th annual Farm Electrification Workshop at West Texas State University.

Taking the first place awards, plus all-expense paid trips to the National FFA Convention later this year in Kansas City, were Danny Campbell of Friona and Ricky Lloyd of Adrian, farm wiring; Gary Hutson of Tulia and Don Cherry of Texico, farm motors; and Mark Reynolds of Lubbock, electric controls.

Instruction by ten teachers included three days of discussions centered around the three subjects—farm wiring, farm motors and electric controls.

Heading the staff of instructors were W.E. McCune and Bob Jaska, both with the Texas Education Agency. Other instructors were Truman Kidwell, vocational agriculture instructor from Childress; Bobby Browning, Textline vocational agriculture teacher; and Frank Kennedy, Vega High School instructor.

Sam Thomas, agricultural development manager for Southwestern Public Service Co., sponsors of the workshop, said the trend toward large farming operations may be reversed because of inflation, but, with electronics playing a greater role in agriculture, the lessons learned by the FFA students will become more and more valuable in the future.

Costs for fuel, from whatever the source, will increase, so energy efficiency will play a major role in future agricultural development, Thomas said.

Walter Labay, Area I vocational agriculture supervisor from Plainview, expressed appreciation to the SPS staff, instructors and to the students.

Presenting the awards was Cliff Mlinar, SPS vice president of marketing in Amarillo, and Glen Bickel, SPS power sales engineer from Plainview.

The top three award winners, all of whom received plaques during the afternoon ceremony included:

Farm Wiring, group I: 1. Danny Campbell of Friona, 2. Ken Davenport of Abernathy, 3. Eddie Long of Artesia, N.M.

Farm Motors, group I: 1. Gary Hutson of Tulia, 2. Andy Warren of Goodland, 3. Greg Arnold of Spur.

Farm Motors, group II: 1. Don Cherry of Texico, 2. Ronnie Williams of White Deer, 3. Joe Freeman of White Deer.

Electric Controls: 1. Mark Reynolds of Lubbock, 2. Dee Buckner of Muleshoe, 3. Chuck Jones of Idalou.

Farm Wiring, group II: 1. Ricky Lloyd of Adrian, 2. Danny Reynolds of Spur, 3. Brent Powell of Artesia.

Campbell is the son of Mr. and Mrs. Ray Campbell of Friona.

**GROUP TO APPEAR...**Lisa Taylor, a recent graduate of Friona High School, will be appearing at the First Baptist Church in Friona on June 27 at 8 p.m. She is a member of the "Continental Singers and Orchestra." The group is pictured above.

### Continental Singers To Appear In Friona

The "Continental Singers and Orchestra," an internationally-known musical group headquar-

tered in Thousand Oaks, California, will be appearing in a live concert of contemporary Christian music on June 27 at 8 p.m. at the First Baptist Church in Friona.

Their two hour performance includes concert anthems, spirituals and folk adaptations, hymn arrangements and contemporary gospel music. In addition, they will be featuring selections from "Share" and other Cam Florida musicals, and a stirring American Bi-centennial production.

Selected by audition from thousands of high school and college age young people across the nation and around the world, the members of the Continental Singers are highly trained and talented musicians. Consisting of 25 vocalists and a 15-piece orchestra, they are completely equipped with sound and lighting for the staging of their performance.

The Continental Singers have performed on local and national television both in the United States and overseas. They have recorded eleven record albums on the Word and Light labels, the latest being "Share" and "I Believe In Heaven." In addition, they are featured in two documentary films.

### Randy Dorrell Gains Position

Randy Dorrell, the 21-year-old son of Mrs. Harold Taylor of 901 Frion, Friona, has been assigned designing technician in the field of technical direction at Okmulgee State Tech in Okmulgee, Oklahoma.

Dorrell, a 1972 graduate of Friona High School, maintained a 3.9 grade average on a 4.0 scale for the spring tri-semester at Okmulgee.

### Frionans Named Honor Students

Two students from Friona have been named honor students for the just-completed spring trimester at Oklahoma State Tech, Okmulgee.

Each earned a 3.0 or better grade point average on a 4.0 system in all subjects throughout the 15-week spring session. Most students attended 30 hours of classes per week.

Grade point averages are com-

puted on the student's grade in his major area of study and his related general education subjects.

Tech, the residential, vo-tech branch of Oklahoma State University, is the largest school of its type in the nation.

Friona honor students, and their course of study, are Blayne D. Baxter, diesel mechanics, and Jerry E. Mile, industrial drafting.

### Carl Mason Receives Annual UCT Award

Carl Mason of West Council No. 892 of Friona was honored recently at the 82nd annual Texas State Convention of the Order of United Commercial Travelers of America (UCT), at Dallas. He received the W.B. "Bill" Martin award. This annual award is given to only one member in the state, for his outstanding service to UCT.

The United Commercial Travelers of America is a fraternal benefit service society, founded at Columbus, Ohio in 1888. Its members are organized to provide civic service through programs such as aid to retarded citizens, safety, cancer education and youth enrichment. "Aid to Retarded Citizens" was selected as the organization's top priority civic project in 1959. Since

that time, UCT has helped prepare more than 3,000 teachers in the education of retarded citizens by awarding scholarships to students interested in special education.

In their own communities, members have contributed more than one million dollars in man hours and cash, developing programs for the mentally retarded. They have funded sheltered workshops and purchased materials and equipment to be used in the promotion of educating and training the retarded to be useful and often, self supporting citizens.

With a total membership of more than 255,000, UCT has 681 local councils in 47 states, the District of Columbia and all the provinces of Canada.

## CORN AFTER WHEAT

THE DOUBLE CROP CHALLENGE

# PLANT PX 20

### The Challenge

You know the challenge of getting higher yields can only be met with an open mind and a willingness to try new practices and new hybrids.

Northrup King Superstar hybrids challenge your present hybrid—on yield and overall performance. Plant PX20 after wheat. Compare. We think your NK corn will do better. Fair enough?

Corn profits hinge on productive seed! Northrup King has devoted almost a century to the science of unlocking seed productivity. The result is corn hybrids that can meet every challenge... with yields so high they topped the nation for three straight years.

### Early maturing single cross

PX 20 is an early hybrid that often outyields later hybrids. Good seedling vigor. Plants are medium tall, leafy. Excellent stalk and root system. Dries down fast. Slim, hard cobs with deep-kerneled ears mean clean, fast, big harvests. High test weights. Frequent yield champion. Order PX 20.

Plant all you can get!
