

Mexico Pays Tribute To Woman In Congress

MEXICO CITY (AP) — In a surprise move the Chamber of Deputies' Grand Commission selected a woman Sunday to make the official congressional reply to the president's state of the union message next month.

Luz Maria Zaleta de Elsner, who represents the Territory of Quintana Roo and is currently a member of the commission, was chosen.

President Gustavo Diaz Ordaz will read his message Sept. 1.

Mrs. Elsner, the mother of

three, said her designation is not so much a personal honor as a recognition of the role women are playing now in Mexico's public life.

The members of the commission reportedly agreed to let Mrs. Elsner make the reply to show political, social and civic equality between the sexes and to reward the congresswomen for good work.

This will be the first time in Mexico's history for a woman to answer a presidential message.

Man Pinned In Airplane For 6 Days

MIDDLETOWN, Conn. (AP) — For six days, injured John T. Emmanuel, sat pinned in his seat in a wrecked plane.

Trucks sped by on Interstate 91, only a short distance away. Search planes buzzed overhead, their pilots unable to see the wreckage under the trees.

Beside Emmanuel, 39, lay the body of his friend, Richard C. Grimaldi, 32, who had been piloting the single-engine plane back to Hartford after a week-end holiday at Block Island, R.I.

A week ago this morning, the Cessna went down, bounced off the rocky face of Mt. Higby and fell into the woods at the bottom of the cliff.

As the days passed, Emmanuel sat trapped in the crumpled cockpit.

FLASH SEEN

An air-sea search for the plane was pressed by the Federal Aviation Agency and the Coast Guard. They abandoned the search Thursday, but a number of private pilots and Connecticut authorities continued the hunt.

There was no clue to the whereabouts of the four-seater plane, state police said, until authorities received a report from truck driver John Faulkner. He told them he had seen a flash of something at the foot of the mountain in the rear view mirror of his truck while he was driving south on Interstate 91 last Monday morning.

After hearing days later about the lost plane, Faulkner gave searchers information which enabled them to pinpoint the spot where the plane might have gone down.

On Sunday, a State Aeronautics Department helicopter flew low and spotted the wreck beneath the heavy foliage at the foot of the cliff.

MALNUTRITION

Searchers hiked through the wooded Mt. Higby area to the plane, where they found Emmanuel alive.

"We did not give up hope," said Emmanuel's mother, Mrs. Thomas H. Emmanuel of Hartford, "We knew we'd find him alive."

The survivor was suffering from malnutrition, exposure, and shock. He was in serious condition, but conscious and able to speak.

Emmanuel was brought out with some difficulty. The small helicopter that found him couldn't manage it. A bigger helicopter from Suffolk (N.Y.) Air Force Base finally managed the job after making three passes at the site.

The body of the pilot, a Newington resident, was to be removed today.

Buried On Mountain Side

Nose dug into rough terrain on Mt. Higby about quarter mile from busy Interstate 91, wreckage of small plane missing for six days was found with pilot dead and passenger still alive. (AP WIREPHOTO)

High Flying 'Friend' To Serve Biologists

CAPE KENNEDY, Fla. (AP) — Biologists may not have the stamina to swim behind whales, romp through African jungles chasing elephants or stomp around frigid Arctic regions after polar bears. But they have found a friend to do it for them — an orbiting satellite.

Stalking animals will become one of many chores for the National Aeronautics and Space Administration's versatile Nimbus weather satellites, starting late next year.

Biologists and conservationists want to know more about migratory habits of beasts to prevent animal species from becoming extinct and help them learn what secret migratory sense steers animals to destinations hundreds of miles away. They want answers to questions like:

QUESTIONS

How do migrating sea turtles find Ascension Island? Where do certain animals go which disappear for months at a time? Do animals navigate by the sun, stars or perhaps magnetic waves?

The navigation system used by whales or sea turtles could be used to steer submarines. Whatever guides ducks and geese southward in winter and north in summer may be useful to aircraft. The caribou's system may aid guidance methods for land vehicles.

Biologists working with the Smithsonian Institution plan to attach special electronic packages to large land animals when Nimbus 3 orbits the globe. The devices are to beam signals that will permit the satellite to plot the animals' location at least twice daily to an accuracy of 1 1/2 miles.

RELAYED

Plans call for the packs to be attached first to large animals, such as elephants, whales, turtles, caribou and polar bears. Each pack weighs about 25 pounds, but researchers for NASA's Goddard Space Flight Center said they may eventually be reduced to about two pounds so biologists can get information on migratory habits of smaller animals as well.

The devices were developed primarily to send weather information — temperature, pressure and humidity readings — from remote ground stations to orbiting Nimbus. As the satellite speeds around the Earth, it relays the readings from the packs to weathermen to help them make worldwide forecasts.

Neil McKay, first assistant Harris County district attorney, said Sunday Dr. Benjamin Scher, county psychiatrist, and a second outside psychiatrist will conduct the examinations.

Lucas was arrested minutes before midnight Saturday by two Harris County sheriff's deputies. He was barefooted and shirtless and offered no resistance, arresting officers said.

Lucas, a University of Houston library circulation clerk, was walking along railroad tracks behind the general post office near the downtown section when he was arrested.

Police said Lucas is a distant relative of the slain woman.

The College Park Home Demonstration Club will meet at 9:30 a.m. Tuesday to hear Mrs. Mamie Lee Dodds speak on crafts. Hostess will be Mrs. Robert Boadie, 2505 Fisher.

Police said Lucas is a distant relative of the slain woman.

Congress To Mull 12th Cabinet Post

WASHINGTON (AP) — A proposal for a 12th Cabinet post — a secretary to head a new department of transportation — comes before the House this week.

Other congressional activity in sight for the next few days ranges from automobile safety to defense as members put the finishing touches on legislation already well advanced.

The House is expected to reach the transportation department bill Tuesday or Wednesday. A fight is brewing on the inclusion of the Maritime Administration in the new department. Important segments of the shipping industry want it to be an independent agency.

SCHEDULE FULL

Conferees trying to adjust differences between Senate and House versions of legislation have a full schedule.

Heading the list of bills they will be working on is the \$58.2-billion defense appropriation. A major difference is the authority the Senate included for call-up of reservists if necessary. The bill also is more than \$500 million above President Johnson's budget recommendation.

Conferees will get under way also on the twin safety bills — dealing with highways and automobile design. The House passed its versions of the two on successive days last week.

The Senate early in the week considers legislation to tighten regulation of financial institutions, and the House takes up a new program, already approved by the Senate, to make it easier for rural areas to organize and plan economic development.

DEADLOCK

Senate Republican Leader Everett M. Dirksen and administration leaders have reached a deadlock over open housing,

which indicates there may be no civil rights bill passed this year. Dirksen has notified Atty. Gen. Nicholas Katzenbach the administration can expect no help from him toward breaking what Sen. Jacob K. Javits, R-N.Y., predicts will be a "very strong filibuster" against the measure.

Katzenbach has insisted there must be an open housing provision in any bill that passes.

Bite Right, But Report Is Short

FORT WORTH (AP)—There's a dog story at police headquarters that is producing horse laughs.

A rookie policeman, filing an information report, announced that a child had been bitten by a woman walking a dog.

A skeptical dispatcher double-checked and disclosed that a child indeed had been bitten, not by a woman, but by the dog being walked by the woman.

Weeks Of Back Pain Now Relieved

"After weeks of pain in my back and hips, I tried DeWitt's Pills—got wonderful relief," says Mrs. R. Gardner, Waterloo, Iowa.

DeWitt's Pills act fast with a proven analgesic to relieve pain of backache. Their mild diuretic action helps to eliminate retained bladder wastes that can cause physical distress. If pain persists, see your doctor. DeWitt's Pills often succeed where others fail—quickly relieve minor muscle aches and pains, too. Insist on the genuine DeWitt's Pills. At all drug counters.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Thinks De Gaulle May Find Route To Peace

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield said today French President Charles de Gaulle's scheduled visit to Cambodia might produce some first steps toward Viet Nam peace negotiations.

Mansfield said in an interview that De Gaulle's discussions with Prince Norodom Sihanouk, Cambodian chief of state, are certain to include possible means of ending the war.

"These discussions will likely produce some tentative steps toward negotiations," he said.

He added that while De Gaulle has criticized the U.S. course in Viet Nam, he believes the French president would do what he can to end the fighting.

Mansfield noted that De Gaulle is maintaining communications with Hanoi and recently has stepped up the ranking of the French commercial mission there.

"I think Hanoi would be likely to give its attention to any suggestions that De Gaulle might make," he said.

Mansfield, who has conferred several times with Sihanouk on visits to Cambodia, said that after De Gaulle's visit the price may be more amenable to visit by U.S. roving Ambassador W. Averell Harriman.

Sihanouk postponed a proposed visit by Harriman next month because of the U.S. bombing of a village which the prince claims is in Cambodian territory.

In other developments Sunday: — Former White House press secretary Pierre Salinger told the CBS television program "Face the Nation" that if President John F. Kennedy were still alive, he probably would be running the Viet Nam war much as President Johnson has.

— Sen. Hiram Fong, R-Hawaii, advocated the bombing of Haiphong harbor to halt the flow of munitions into North Viet Nam. He said if that measure had been taken 1½ years

ago — when the Republicans advocated such a move — "probably the conflict would have been ended."

In the interview, Mansfield said he fears the internal upheaval in Communist China — which appears to have stalled Defense Minister Lin Piao as second man to Mao Tse-tung — will result in a hardening of anti-American policies.

Sen. George D. Aiken, R-Vt., a Foreign Relations Committee member, said in a separate interview, however, he doesn't believe that China is nearly as responsible for keeping the Vietnamese fighting going as the Soviet Union.

"It's Russia that's keeping this war going," he said.

Nine Killed In Airliner Crash

JUNEAU, Alaska (AP)—Nine persons aboard an Alaska Coastal Airlines plane were killed Sunday when the airliner crashed and burned at the foot of a high peak in the Juneau ice cap about 30 miles north of here.

The crash scene was at the 5,500-foot level near Eagle River glacier.

A helicopter pilot who reached the scene said there appeared to be no possibility of recovering the bodies from the burned wreckage of the twin-engine Grumman Goose amphibian.

Fourteen aircraft took part in the search for the airliner after it disappeared shortly after taking off from Skagway, Alaska, for the 100-mile flight over the edge of the Juneau ice cap.

Final Arguments Begin In Obscene Book Trial

HOUSTON (AP)—Final arguments begin today in federal court at the trial of seven individuals and three firms charged with interstate shipment of allegedly obscene paperback novels.

The trial began July 11 in U.S. Dist. Judge Joe Ingraham's court.

Judge Ingraham will allow the prosecution two hours for opening remarks and two more hours for closing rebuttal arguments.

The defense will be allowed six hours for its arguments.

With 10 hours allotted for arguments, plus more than an hour for Judge Ingraham to read and explain the lengthy complicated charge, it is expected the jury

of eleven men and one woman will not get the case until Wednesday.

The jury earlier silently read seven books the government contends are obscene. They are entitled "Sin Summer," "Passion Carousel," "Temple of Shame," "Swap Sex," "Shame Hunger," "Orgy Club," and "Virgins, Inc."

Individual defendants are William E. Hamling of Palm Springs, Calif., Richard A. Yerkas, Donald Partrick and Mrs. Shirley Wright, all of El Cajon, Calif., Stephen A. Keegan of San Diego, Calif., Walter Lonsdale of Los Angeles, Calif., and Howard E. Stephens of Sandusky, Ohio.

King Richard Remembered

NEW YORK (AP)—The "In Memoriam" column on the obituary page of the New York Times today had 12 items, seven of them for a man who died 481 years ago.

He was Richard III, hunchback king of England, who was killed on Bosworth Field, Aug. 22, 1485.

Several of the memorial ads were placed by members of Richard III Society chapters in Princeton, N.J., and Clymer, Pa.

Three of them simply honored his memory. The other four sniped at later kings, especially the Tudors, and at William Shakespeare for giving the world a bad image of the dead ruler.

"He was loved in his day," said one memorial ad. "He was grievously slandered after."

Violence Takes About 38 Lives

By The Associated Press

Violent deaths claimed at least 38 lives in Texas over the weekend, with four automobile crashes accounting for 15 of the deaths.

The Associated Press count showed 29 persons killed in traffic accidents, three deaths by drowning and six by shooting.

The tabulation began at 6 p.m. Friday and ended at midnight Sunday.

Six persons, including four members of one family, were killed and four children injured Friday night in the collision of two automobiles south of Buna in Southeast Texas.

Killed were Vesper Lee Sowell, 29, his wife Marie, 28, and two of their children Chester 7, and Belinda Kay, 5, all of Buna. Also killed were Debbie Lorena Bailey, 10, a relative of the Sowell's riding in their car, and Linda Peters, 18, of Kirbyville.

Henry Heppenheimer, about 53, and his son, Alexander George Heppenheimer, 19, were fatally injured Saturday when their car hit a cotton-laden truck-trailer 14 miles north of Faymondville on US 77. The wife was seriously hurt. The family was from Coco Solo, Canal Zone.

Charles McDonald, 34, of Big Sandy was killed and seven others were injured Sunday on US 80 in Big Sandy when three cars collided.

Clarence Williams, 21, was shot to death Sunday in Big Spring, and Roy Young Jr. of Stanton was charged with murder.

Mrs. Charrie Mae Murph, 68, of Houston and her brother-in-law, J. L. Cook, 71, of Tyler, were killed Sunday when their car and a pickup truck collided during a rain storm two miles west of Muleshoe on US 84.

Mrs. Sheila Kidd, 17, of Panhandle was killed Sunday and her husband seriously hurt when two cars crashed eight miles west of Panhandle in West Texas.

John Fried, 62, of Port Lavaca was killed Saturday when the motor bike he was riding collided with a two-ton truck in Port Lavaca.

Darrell W. Waddell, 7, one of five children of Harry J. Waddell of Fort Worth, drowned Sunday in Clear Fork of the Trinity River while chasing a duck. The boy could not swim.

Nicholas Tax Jr., 20, of Texas City was killed Saturday in an automobile accident near New Waverly on Interstate 45.

Mrs. Margie W. Knox, 42, of Corpus Christi was killed and three persons were injured Sunday in a two-car accident on FM 624 west of Corpus Christi.

Bennie Mack Adams, 20, of Corsicana was killed Saturday night when the car in which he was riding crashed into a parked truck on Interstate 45 just north of Corsicana.

Teen Drinking Blame Placed

BEAUMONT (AP)—The Jefferson County district attorney, answering criticism over increasing liquor purchases by minors, said the major solution must necessarily lie with parents.

"We can't be mother and father to these young people," said Dist. Atty. W. C. Lindsey. "They should be taught in the home the perils of drinking, socially or otherwise."

Since January, more than 300 minors have been arrested here for violation of liquor laws. Many were arrested in motels which had been rented by adults and turned over to teens for drinking parties.

Police say the new Code of Criminal Procedure extends the rule of "a man's home is his castle" to motel rooms—making it impossible for them to search the rooms unless they are positive a law is being broken inside.

New Series Seems 'Awfully' Familiar

By CYNTHIA LOWRY
AP TV - Radio Writer

HOLLYWOOD (AP) — When a new comedy series called "Family Affair" replaces reruns of "Hazel" on CBS soon, it may seem awfully familiar.

Where have we seen before the swinging bachelor with his manservant who suddenly becomes a foster parent? Sure, "Bachelor Father."

The basic situation of "Family Affair" is the swinging bachelor and his manservant who acquire three wards. But where "Bachelor Father" had John Forsythe as the gay blade and Sammee Tong as his Chinese houseman, the new series has Brian Keith as the man-about-town and Sebastian Cabot as his gentleman's gentleman.

But this surface resemblance may be misleading. After all, there are at best only a double handful of situations suitable for a series. Its real parent is "My Three Sons," the long-playing series on the same network.

In this one we had Fred MacMurray playing a widower with three sons, plus an elderly male relative helping out with the household and child-rearing chores — really not too different.

By an extraordinary coincidence, the producer of "My Three Sons" is also the creator and producer of "Family Affair." It is also being put together in a complicated jig-saw puzzle fashion that was invented by necessity for the parent series.

Producer Don Fedderson wanted MacMurray to play the widowed father. Since MacMurray, in great demand for films, didn't want to tie himself into a TV show, he agreed to shoot all the star's scenes for "My Three Sons" in a stated number of days, thus freeing him for other jobs.

This was great for MacMurray, but in getting the bugs out of the system it created unhappiness for the rest of the cast.

Now Keith is in the catbird

Fulton Lewis Dies At 63

WASHINGTON (AP) — Broadcaster and columnist Fulton Lewis Jr., a voice of conservative American thinking for three decades, is dead of a heart attack at 63.

He died early Sunday in a Washington hospital, where he had undergone surgery for pancreatitis two months ago.

In recent years he had two daily newscasts on the Mutual Broadcasting System and wrote a syndicated column, "Washington Reports," which appeared in more than 200 newspapers across the country.

Lewis once said he felt he was the man who spoke for the small-town businessman, "Mr. Average Listener," who had a home in the suburbs, a mortgage and children.

He had stated his personal and professional credo this way:

"The public has no idea of the gypping it is taking, of how often the wool is pulled over its eyes. This is very serious business, the people are supposed to be running the show; actually they are often being duped."

"I am dedicated to change that."

Lewis began his radio work in 1937 after serving as a reporter and later as city editor of the old Washington Herald, a Hearst newspaper, and as a Washington correspondent for the Universal Service and International News Service. He was a war correspondent during World War II.

A spokesman for the Mutual Broadcasting System said Lewis' son, Fulton Lewis III, may continue the radio program, "The Top of the News."

Surviving with his widow, Alice, and his son is a daughter, Alice Elizabeth.

Memorial services will be held Tuesday at 2 p.m. at St. David's Episcopal Church in Washington. Burial will be private.

Queen Of Wheat Has Coronation

PERRYTON, Tex. (AP)—Sherrie Murphy, 17, Stratford High School senior, was crowned Miss Wheatheart of the Nation Saturday night. She will represent the wheat-growing industry on a trip to Toronto and New York. Miss Murphy won the title over 26 contestants from Texas, Colorado, Oklahoma and Kansas.

5 Perish In Car Collision In N.M.

MOUNTAINAIR, N.M. (AP)—Two Lubbock, Tex., men were among five persons killed Sunday in a two-car collision on US 60 five miles west of here. Authorities said a car driven by Jeffie Newton, 56, of Lubbock collided with one driven by Merl Basye, 46, of Albuquerque.

Besides the two drivers, the others killed were Elmer H. Newton, 54, of Lubbock, Janice Basye, 34, and Charlie Basye, 10. Two other persons in the Basye car, Iva Basye, 16, and Ed Marquez, 16, of Albuquerque, were injured critically.

Heart Patient Is Able To Leave Her Room

HOUSTON (AP)—Mrs. Esperanza del Valle Vasquez of Mexico City, who received an artificial heart pump Aug. 8 to aid her own damaged heart, continues to progress satisfactorily and is able to leave her hospital room for brief periods.

The mechanical device, or left ventricular bypass, was removed last Thursday because doctors said Mrs. Vasquez' natural heart had healed well and the artificial pump was no longer needed. Methodist Hospital authorities said Sunday Mrs. Vasquez, 39, "continues to progress well in every way."

Rodeo Champion Dead In Angelo

SAN ANGELO, Tex. (AP)—A. C. Wike, 53, former champion rodeo cowboy who gained international fame during the 1930s and early 1940s died Sunday of an apparent heart attack.

Wike, who worked on a number of West Texas ranches, began breaking horses at the age of 15. He rode in the major rodeos in the United States and Canada and was the leading performer in saddle bronc and bareback bronc riding.

He had been a West Texas livestock dealer in recent years. Funeral services were set for Tuesday. Survivors include his widow, two daughters, three brothers and two grandchildren.

DEAR ABBY: This is for "BENCH-WARMER'S MOTHER."

Dear Lady,
I am a 12-year-old Little Leaguer and if your son is in the same kind of league I am in, there may be a reason why he isn't playing much. The boys are 10, 11, and 12 years old. The 10-year-olds are there mostly to learn, so they don't get to play much. The 11-year-olds get to play a little more, but the 12-year-olds do most of the playing because they have had more practice and are naturally the best players.

But those 12-year-olds waited two years, warming the benches themselves before they got to play. I really got steamed when you said, "All the coaches and managers want to do is win." Listen, Lady, that's all the PLAYERS want to do. So if your kid is a benchwarmer, give him time. He'll play. Sincerely yours, LITTLE LEAGUER, SONORA, TEXAS

DEAR ABBY: Re Bench-Warmer's MOM: The Little League program is designed to (1) develop competitive sportsmanship in young boys, (2) improve their baseball ability. The practice sessions are arranged so that all the boys are given equal time. But the games are played to win.

Anything short of an all-out effort to win destroys the morale of the team and defeats the basic purpose of the game. Sincerely, C.F.B., M.D. LITTLE LEAGUE MGR., SONORA, TEXAS

DEAR ABBY: My husband coached Little League baseball for four years, and this is his last season because he just can't take any more abuse from the parents of the kids. We talked to about a dozen fathers, trying to get someone who would help with the boys, and without exception, they were all too "busy" or they just didn't care. You wouldn't believe the excuses we heard! So I—yes, a mother—took a team. And we won the pennant, too. Sincerely, MOTHER AND COACH

DEAR ABBY: Show me a kid who can't hit, throw or catch, and I'll show you a father who has never taken the time to play "catch" with his son. Then, too, there are always the kids who don't show up for practice half the time.

And when they do, they stand out in the field with both hands in their pockets, blowing bubble gum and watching the birds. Baseball is like anything else. If you want to be good, you've got to practice. And if you're good, you'll play!

VOICE OF EXPERIENCE

DEAR ABBY: I know all mothers love their kids, but I sure wish you would tell them something for me. If your Little Leaguer doesn't get put into the game very much, please don't say anything.

My mother told off my coach after one of the games and she embarrassed me something terrible. I know another kid whose father did the same thing, and the kid felt so badly he dropped out, and he never did go back.

AF Jet Crash Claims 3 Lives

HONOLULU (AP) — Capt. Dwight A. Lindley of Hale Center, Tex., and two crewmen were missing today after their Air Force twin-engine jet reconnaissance plane crashed in the Pacific Ocean 250 miles east of here.

Navy Air Force and Coast Guard searchers found an oil slick, an open parachute and an empty life raft Sunday in the area where the plane went down.

The RB66 was in company with another reconnaissance plane and a KC135 tanker on a flight from McClellan Air Force Base at Sacramento, Calif., to Hickam Field near Honolulu when it crashed Saturday.

The Defense Department in Washington identified Lindley, whose wife lives at Hale Center, and 1st Lt. Donald E. Laird of Dover, Pa., and T. Sgt. Charles Borden of El Centro, Calif., as the missing plane's crew.

Wedding Vows Said By Air Force Couple

The Butler Methodist Church in Butler, N. J., was the scene Aug. 13 for the wedding of Lt. Judith E. Ohr and Lt. John F. Guilmartin Jr., both of the United States Air Force. The double ring ceremony was performed at 4 p.m. by the Rev. Lawrence Shinn.

Parents of the couple are Mr. and Mrs. Norman T. Ohr, High Crest Lake, Butler, and Mr. and Mrs. John F. Guilmartin of San Antonio.

Mrs. John J. Fitzpatrick of Oak Ridge, N. J., the bride's sister, was matron of honor, and Robert J. Kuchlewski of Washington, D. C., a college classmate of the bridegroom, served as best man. Ushers were Norman T. Ohr Jr., Butler; Louis Brunner, North Branch, N. J.; John J. Fitzpatrick, Oak Ridge, N. J.; and 2nd Lt. Allan B. Fuzzwort of the Air Force.

The bride wore a formal gown of imported Swiss linen and Venise lace. The molded bodice featured a rounded neckline and short sleeves, and the straight skirt was circled with a double band of lace. Lace also edged the sleeves, marked the waistline and accented the full, detachable train.

Her headpiece was a cabbage rose anchoring a veil of silk illusion, and she carried a cascade of white carnations, touched with red, and tied with blue streamers.

The female attendants' sleeveless dresses were of aqua Swiss linen and were styled with rounded necklines. Their headpieces were velvet bands with pink carnations and they carried cascades of pink carnations.

Miss Caroline Martenson, vocalist, presented traditional wedding selections and "The Lord's Prayer."

The bride was graduated from the University of Maine with a BA degree in journalism. En-

tering the Air Force in 1964, she has served as Chief of Personal Affairs at Webb Air Force Base since that time.

Lt. Guilmartin was graduated from Texas Military Institute and the United States Air Force Academy with a BS in history. He served in the local base rescue detachment at Webb AFB until July, 1965, when he was sent to Southeast Asia as a rescue helicopter pilot with an Air Force unit responsible for recovery of pilots downed over North Viet Nam.

The couple will be stationed at Eglin Air Force Base in Florida in September. Their address will be RR4, Box 306, Fort Wal-

ton Beach, Fla.

Following the ceremony, a reception was held in the Cameo Room of the Northwood Inn. The four-tiered wedding cake, topped with confection bells, was cut with a saber belonging to the bridegroom's great-grandfather.

Lt. Ohr and Lt. Guilmartin attracted nationwide attention on March 8 when they were married in a proxy ceremony while he was stationed in Southeast Asia.

Counselor Gives Talk

The Senior and Pioneer young people's groups of First Presbyterian Church met for a swim and supper Sunday evening at the home of Dr. and Mrs. M. A. Porter, 1608 Indian Hills.

Wayne Bonner, counselor at Howard County Junior College was the guest speaker and chose the topic, "Preparing for College Educationally and As a Christian." John Johansen presided and the 30 attending participated in the question and answer period which followed Bonner's talk.

Handy Just For Sandy

With a huge ball marked with the number "20" on his lap, Los Angeles Dodgers pitcher Sandy Koufax, is congratulated by a couple of team-mates after he beat the St. Louis Cardinals Sunday 4-1 and chalked up his 20th win for the season. At left is John Kennedy and at right A. Ferrara. (AP WIRE-PHOTO)

Koufax Overcomes Pain To Win His 20th Victory

When Sandy Koufax gets a shot of cortisone, his left elbow feels better and National League batters feel worse. Koufax, whose arthritic elbow forced him out of a game just four days before, transferred the pain to St. Louis Sunday as he recorded his 20th victory of the season in Los Angeles' 4-1 triumph over the Cardinals.

The 30-year-old southpaw was pitching against Cincinnati last Wednesday night when the pain in his elbow was so great that he had to leave the game in the fifth inning.

He received a shot of cortisone that night and two days later was on the sidelines throwing. After the workout, he said: "I'll pitch Sunday."

That he did. He stopped the Cardinals on six hits, only three after the first inning when the Cardinals scored their run, struck out 10 and achieved the third 20-game season of his career.

Elsewhere in the National League, Pittsburgh held a one percentage point lead over San Francisco after whipping Chicago 8-1. The Giants downed Atlanta 9-4, New York swept Philadelphia 6-5 and 5-1 and Houston trampled Cincinnati 11-0.

Bob Veale pitched a two-hitter and received support from Pittsburgh's 18-hit attack. Jesse Gonder, Willie Stargell and Manny Mota each lashed four hits with Gonder driving in three runs. Gonder and Roberto Clemente homered while Billy Williams connected for Chicago.

Atlanta took a 4-2 lead against San Francisco, but the Giants rallied for four runs in the sixth and three more in the ninth, the latter all coming on Jim Hart's homer. Jesus Alou and Hal Lanier each singled across a run in the sixth while Tito Fuentes and Len Gabrielson brought in the other two with sacrifice flies.

The Mets achieved their winningest season ever with a

Change Of Scenery Helps Wilson Improve His Record

By The Associated Press

The change of scenery was a little painful for Earl Wilson, but he's found that the harder he works the less it hurts.

Wilson, traded from Boston to Detroit two months ago, reeled off his sixth straight victory Sunday and hit one of five Tiger homers in a 9-1 romp over American League-leading Baltimore.

The triumph, Wilson's 10th in 14 decisions since joining the Tigers, gave him an over-all mark of 15-9, his best by far in seven major league seasons.

"Maybe it would be a good thing for every player to be traded once in a while," the 30-year-old right-hander said after checking the Orioles on seven hits and striking out 11. "I felt a little hurt when I was traded but I also think the move gave me a little incentive."

Elsewhere, Boston snapped Minnesota's winning streak at six, overtaking the Twins 6-4; Chicago swept past Cleveland 3-2; New York trimmed Kansas City 7-3 and Washington slugged California 7-4.

Wilson subdued the Orioles after being clipped for two runs and three extra-base hits in the first inning. Frank Robinson hit his 38th homer after the Tigers had pulled out of reach.

Wilson, Dick McAuliffe and Norm Cash all hit bases-empty homers in the fourth inning after two-run shots by Al Kaline and Jim Northrup had sent the Tigers ahead to stay.

The Red Sox, who had lost five in a row, overcame a 4-1 Minnesota lead with three runs in the sixth inning, then shot ahead

in the seventh on two-out, run-scoring singles by George Scott and Bob Tillman.

Smoky Burgess' two-run pinch hit double and Floyd Robinson's run-producing single in the seventh lifted the White Sox past the Indians, who had been breezing along with a 2-0 lead behind right-hander Steve Hargan.

Joe Pepitone rapped a double and single, driving in three runs, and Cleo Boyer poked a

two-run single in the Yankees' victory over Kansas City. Steve Hamilton blanked the A's over the last 2 1-3 innings, helping starter Al Downing square his record at 8-8.

Paul Casanova stroked four hits, including a two-run homer, while Frank Howard drilled a two-run blast and Ken McMullen connected with the bases empty, powering the Senators past California and ruining the major league debut of Angels starter Ramon Lopez.

WIRE-TO-WIRE

Remembered Putt, But It Didn't Hurt

HARTFORD, Conn. (AP) — A three-foot putt that didn't drop is a grim memory to carry through 72 holes of championship golf, but Art Wall Jr. had it in mind throughout his wire-to-wire victory in the \$100,000 Insurance City Open Golf Tournament.

Wall, who blasted the Wethersfield Country Club course with rounds of 65-64-69-68 to win the \$20,000 first prize Sunday, had the same tournament in his pocket in 1962 when he missed that three footer on the last hole.

Bob Goalby already had his shoes off in the locker room that Sunday four years ago when he was told that due to Wall's miss, they would have a playoff for the title. Goalby won the tourna-

ment on the seventh extra hole. "It was a little easier than four years ago," Wall said Sunday after his finish at 18-under-par 266, two strokes ahead of Wes Ellis Jr.

Wall's final round included 15 pars and three birdies on the par-71 Wethersfield layout. His golf throughout the tournament showed only two bogeys, both in the third round when he carded a 69 and was tied with Ellis at 198-13 under par.

His duel with Ellis, another part-time player, dominated the Insurance City Tournament from start to finish. The only one of golf's current giants to make a run at the title was Billy Casper, who finished in a tie for third with George Archer at 269 — three strokes behind.

Winning Coach Pleads The Cause Of Losers

By The Associated Press

Blanton Collier pleaded for understanding but his Cleveland Browns didn't help the coach's cause very much.

A crowd of 48,548 at Atlanta watched Collier's Browns rout the Falcons 42-3 Saturday night and they didn't like what they saw. For that matter, neither did Atlanta Coach Norb Hecker.

But, Collier thought the fans should have been more patient with their first-year National Football League team.

"I beg you to be charitable," he said. "You just can't build a team overnight. The Falcons have a great coaching staff but it will take time to get their boys used to playing together."

Hecker, however, sounded just as angry as the fans.

"We found some things out about some of the boys," the Falcons' coach said. "Twelve or 15 of them will be gone Monday."

In other NFL exhibitions over the weekend, unbeaten Dallas stunned Green Bay 21-3, New York downed Detroit 17-7, Chicago defeated Washington 24-10, Minnesota whipped Los Angeles 24-10 and Pittsburgh ripped San Francisco 34-17.

In the American League, Boston defeated Oakland 21-10, Kansas City dumped San Diego 31-21, New York whipped Miami 31-14 and Buffalo dropped Houston 28-16.

Big Three To Turn Down Salary Hikes

DETROIT (AP) — The auto industry's Big Three indicate they will turn down today's United Auto Workers request that labor contracts be reopened to grant immediate raises to skilled workers.

General Motors Corp., Ford Motor Co. and Chrysler Corp. planned to give their answers to the union this afternoon.

The three biggest car makers hinted during the weekend that they would reject the UAW's request to reopen contracts to talk over wage demands of nearly 100,000 skilled tradesmen. The union asked for a reply by today.

In last-minute news releases, the firms said their 700,000 production workers will get automatic pay hikes totaling \$168 million two weeks from now.

Henry Ford II, chairman of Ford, said reopening of the contract would be "inadvisable," and added: "There is a contract and I think they ought to live with it."

Besides the upcoming pay hike, provided for by the contract, the union and industry officials have agreed workers may get an additional one or two cents hourly through cost-of-living escalators in the pact.

Furthermore, the firms said, hourly rated employees will get added hospital-medical benefits Sept. 5.

The UAW wants the labor pacts reopened — they don't expire until Sept. 6, 1967 — to give skilled workers an immediate wage increase of at least 50 cents hourly.

The skilled tradesmen said they are underpaid for their work in auto plants in comparison with wages for similar skills elsewhere.

The tradesmen said tool and die makers in auto plants receive \$3.97 an hour but they are paid \$4.63 hourly for carpenters and \$5.20 hourly for electricians in the Detroit area.

There were indications the 600,000 unskilled and semiskilled production workers would ask for the right to bargain over new wages if contracts were reopened.

Officers of the largest UAW local in the country, Ford Local 600, told UAW President Walter P. Reuther in a letter, "We would be unable to explain to the men and women on the production line if they do not share in any gains made by our union."

A threat of work stoppages would come with any discontent within the workers' ranks.

Today's decision on contracts comes just at the time when 1967 cars are beginning to roll off assembly lines to meet early buyer rushes.

India Unveils Sweeping Plan Of Production

NEW DELHI, India (AP) — India has unveiled a sweeping \$31.6-billion plan designed to boost agricultural production and industry over the next five years.

To make the plan work,

Prime Minister Indra Gandhi's government hopes Western nations, particularly the United States, will come through with about \$5.5 billion in foreign aid. The Soviet Union and other Communist countries are being counted on for another \$1 billion.

In Washington officials said the plan, being still in an early stage of development, has yet to be discussed with Western policymakers.

They said it was difficult to predict, therefore, just how many Western, including U.S., contributions which might be made to the plan would be spent.

India, which has been receiving a million tons of wheat a month from the United States, is trying to improve its farming methods so it can feed its 495 million people.

This is the fourth time since its independence in 1947 that India has come up with a five-year plan designed to haul its people out of the ox-cart era into the 20th century.

The nation's highest policymaking group on planning, the National Development Council, approved the plan Sunday. It is subject to approval by Parliament but passage is virtually assured as Mrs. Gandhi's Congress party has an overwhelming majority there.

The size of the plan is considered a political victory for Mrs. Gandhi, who resisted warnings from members of her government and party that India, with its current economic difficulties, is in no position to embark on such an ambitious plan.

India devalued its currency just two months ago and opponents of the plan fear it might touch off a disastrous inflation that could create widespread political turmoil in an already restless nation.

Mrs. Gandhi countered that India must continue large-scale agricultural investment if famine is to be averted.

J. B. Brown Dies Today

LAMESA (SC) — James B. Brown, 81, died at 7 a.m. today at his residence.

Services will be held Tuesday at 2 p.m. in the First Baptist Church, with the Rev. J. D. Mabry officiating. Burial will be in Trinity Memorial Park, Big Spring, under the direction of the Branon - Phillips Funeral Home.

He was born July 4, 1885, in Hillsboro and moved to Dawson County in 1916. Mr. Brown as a retired farmer and in recent years had made his home on the Star Route.

Survivors include his wife, Mrs. Ruth Brown; three daughters, Mrs. Doy Lee Ferguson, Ackerly, Mrs. Herbert Doering, Big Spring, Mrs. Charles Graham, Abilene; four sons, J. B. Brown, Lamesa, Garland Brown, Seagraves, C. E. Brown, Oracle, Ariz., Leldon Brown, Roby; one brother, Dewey grandchildren and eight great-grandchildren.

Grandsons will be pallbearers.

Girl, 7, Safe After Ordeal

WATERLIET, N.Y. (AP) — The John R. Smiths of Maryland went to church Sunday to "thank God for a miracle" — the finding of their daughter, Debra, 7, alive and well after nearly 48 hours alone in dense woods of the Catskill Mountains.

Slender, pony-tailed Debra set out to follow a chipmunk and vanished Thursday afternoon after a picnic with her family at the Catskill Game Farm near Cairo.

She was found about 4:30 p.m. Saturday by two 18-year-old volunteer searchers near a ledge atop 3,000-foot-high North Mountain, five miles from the game farm.

"I'm all right, daddy," she assured S. Sgt. John R. Smith of Andrews Air Force Base, Md. "What's going on?"

Except for a cold and a few scratches, Debra was in fine shape.

Attend Session Of Oil Jobbers

George Oldham and John Gray left today for Ruidoso, N. M., to attend a directors' meeting of the Texas Oil Jobbers Association.

TOJA President Rigdon Edwards, Sweetwater, is presiding at the session. Arrangements are under the direction of Calvin McIntosh, TOJA executive vice president.

Oldham and Gray will return Tuesday.

Charges Filed In Shooting

A young Latin-American youth from the Vincent community was arrested at 9 p.m. Saturday and charged with assault with intent to murder in a Northside incident in which an occupied car was shot full of 38-calibre holes.

Charged was Ruben J. Jiminez, Walter Grice, peace justice, set bond at \$3,500, which Jiminez posted immediately.

Officers said that Alejandro Hernandez, 21, and his Marine brother, Gilbert, 22, told them that while their car was stopped for a traffic light at Northwest Fourth and Gregg about 5:50 p.m. Saturday, another car containing three men opened fire on their car. None of the bullets struck either of the Hernandez, police said.

Cool Front Due In Texas Tuesday

By The Associated Press

The Weather Bureau predicted that a cool front, bringing showers and sometimes heavy rains is expected to move through the northern half of Texas by Tuesday.

The forecast was made while Van Horn reported 2.60 inches of rain, Wink 98, Childress 1.07, Dumont 1.25, Claude .56, Lubbock 1.80, Amarillo .80, Alpine .90 and Wichita Falls .50.

The cool front had progressed southeastward during the morning to a line south of Midland, Paris, Fort Worth and Abilene.

Unsettled weather continued in portions of the state during the weekend.

A tornado was reported Sunday northwest of Bovina, but did not touch ground. An unofficial five inches of rain was measured at the Parmer County town on the Texas-New Mexico border.

Muleshoe got one inch of rain Sunday and Friona 1.30 inches.

A thunderstorm watch was posted Sunday by the Weather Bureau for portions of the South Plains, the area east of the Pecos and the western section of North Central Texas, but no severe weather was reported.

Light Showers Being Forecast

Light showers are forecast for the Big Spring area today and temperatures should be considerably cooler.

The thermometer was expected to reach near 80 today, with a low tonight in the mid-60's. The cooling spell should bring some light rainfall in central Howard County.

Dawson County reported heavy rainfall early today, and a trace of rain fell in northwest Howard County, near the Martin County line.

Tragedy Of Four Dead Plagues Illinois Fair

SPRINGFIELD, Ill. (AP) — The Illinois State Fair, plagued by tragedy during its final week, ended Sunday.

Saturday, three persons died and 30 were injured when a one-ton platform fell from the grandstand roof.

An accident Sunday during a five-mile amateur motorcycle race killed Bill Corbin, 26, of Marion, a driver, and injured four others. One of them, Rick Vetter, 25, of San Francisco, was hospitalized in critical condition.

Two photographers and the fair's stage manager were killed Saturday in the collapse of the platform.

The photographers were standing on the platform which plunged to the ground 100 feet below.

They were Robert Lockwood, 42, San Bernardino, Calif., a specialist in race photography, and Dale R. Mueller, 45, Overland, Mo., past president of the St. Louis Auto Race Fans Club.

The state manager, Ralph Heiger, 63, Springfield, was crushed to death as the platform fell on the reviewing stand on the track.

Computer Cupid Is Under Study

NEW YORK (AP) — Cupid will become computerized in a midtown Manhattan park if Parks Commissioner Thomas P.F. Hoving has his way.

Hoving said Sunday he is negotiating with an established dating service to install the electronic matchmaking system in Bryant Park, a small island of grass and trees behind the main public library, 42nd Street and Fifth Avenue.

Hoving said it is part of the plan to upgrade the park, which has established a curfew and now discourages loitering.

Men and women would use the dating service to help find congenial dates or mates as the case may be.

Fall From Horse Fatal To Woman

SANTA FE, N. M. (AP) — Mrs. Charlyce Nadine Vernon, 33, of DeSoto, Tex., was injured fatally Sunday when she fell from a horse and her head struck a rock.

State police said Mrs. Vernon reached down to grab a jacket that had caught on her foot. They said she lost her balance and fell from the horse.

The accident occurred at Hyde State Park near Santa Fe.

Mrs. Vernon's address was given as 336 Meadow Creek Lane, DeSoto.

Negroes Agree The Gulf Grows Worse

WASHINGTON (AP) — Dr. King said these whites "have poured of hatred" against Negroes. King said these whites "have grown up believing in certain stereotypes, whether it is the

stereotype of the Negroes are lazy, or inherently inferior, or whether it is the myth that Negroes depreciate property values when they move into a community."

King appeared Sunday with five other Negroes prominent in civil rights affairs on a special 90-minute version of the NBC radio-television program "Meet the Press."

He took part in the program from a Chicago television studio, leaving before it ended to lead another demonstration march in all-white areas on Chicago's Southwest Side and suburbs. The other panelists were in a Washington studio.

The Chicago demonstrations, King said, have brought into the open "many latent hostilities already existing within certain white groups in the North."

Asked whether perhaps the majority of white people in the nation don't want a Negro for a neighbor, the rights leader agreed there are some whites against open housing. But he added that "this does not mean that we don't go all out to end housing discrimination."

Others on the program included James H. Meredith, who became the first known Negro at the University of Mississippi and was shot from ambush on a voter registration drive in Mississippi last June.

During questioning, Meredith advocated organizing vigilante groups to hunt down untried killers of Negroes.

The other panelists were Stokely Carmichael, chairman of the Student Nonviolent Coordinating Committee; Roy Wilkins, executive director of the National Association for the Advancement of Colored People; Floyd B. McKissick, director of the Congress of Racial Equality, and Whitney M. Young Jr., executive director of the National Urban League.

The six seemingly agreed that what King called the "tragic gulf between promise and fulfillment" for Negroes is growing worse at some points. In general, they said, the civil rights movement is not accomplishing enough fast enough.

Carmichael again attacked the Viet Nam war, saying Negro soldiers there are black mercenaries.

Four Back On Normal Schedule

NEW YORK (AP) — Four of five major airlines which were struck by machinists expected to be flying normal schedules today.

The four lines — Trans World, United, Eastern and National — reported normal or near-normal service Sunday.

Some 1,600 American tourists stranded in Europe began streaming home aboard transatlantic flights. Trans World's first overseas flight brought 145 passengers to Kennedy Airport from Shannon Airport in Ireland. Trans World said it was one of a dozen flights bringing stranded persons back to the United States.

Northwest, the fifth line involved in the 43-day strike which ended last Friday, said more than 50 per cent of its service has been restored but did not expect full service until midweek when Seattle-Honolulu flights will resume.

Domestic flights generally were not crowded over the weekend, with many persons apparently staying with their original travel plans by car, bus or train.

National Airlines reported, however, "better than 90 per cent" business, adding that its New York to Florida jets were flying with "good loads," generally about 90 passengers.

A United spokesman said passenger volume out of Kennedy and Newark airports was running about 70 per cent of normal, with an above-normal number of "no shows" — persons who make reservations but fail to show up.

All the lines reported heavy advance bookings.

Officials Probe Airplane Crash

GRANDFIELD, Okla. (AP) — The Air Force pushed an investigation today into the crash of an F102 jet fighter plane piloted by Maj. Jack M. Burden of Houston, who parachuted to safety.

The plane crashed in turbulent weather Sunday two miles south of Grandfield in Southwest Oklahoma.

At Sheppard Air Force Base, Wichita Falls, Tex., officials said there was no report of engine failure prior to the crash. A final report was not expected for several days.

Burden, assigned to the 147th Fighter-Interceptor Squadron of the Air National Guard at Ellington Air Force Base, Houston, was taken to the Sheppard AFB Hospital for observation.

Texas Woman, Son Are Killed

WAUTOMA, Wis. (AP) — Mrs. Bernard de los Santos, 37, and her son, Ricky, 4, of Vanderbilt, Tex., were killed Saturday night in the collision of a car and a truck nine miles west of here.

Investigating officers said members of the de los Santos family were migrant farm laborers working on vegetable farms in the area.
