ALL OF THE TALK about the possibility that construction of the controversial neutron bomb might begin at the Pantex plant east of Amarillo must have residents of the Panhandle's capital city a bit on the uneasy side.

Ordinarily, most people, including ourselves, are in favor of almost anything that brings new or additional industry to your city or area.

But in the case of the neutron bomb, this becomes an entirely different matter.

There are some special considerations in conjunction with the making of the potent bomb, that we would think that the majority of residents of Amarillo, and in fact the entire Panhandle area, should consider before it allows such activity in our area.

One thing is the possibility that an "industrial accident" could possibly result in the wiping out of a tremendous number of people. The same possibility would result in the case of sabotage.

Personally, we like to think that in our area of usually non-noticeable West Texas, we would be safe from a nuclear attack. But if Amarillo should get into the bomb-making business and stockpile the weapons, then it follows that it would be added to the list of cities which an enemy nation would attack should an attack ever be instigated against the United States.

And, we would assume that anyone living within 100 miles of such a "target area" would be in danger, should an attack ever be launched.

On the subject of accidental detonation, an article in this past Sunday's Amarillo News-Globe said that the danger of such an accidental detonation was "minimal." Personally, we would feel better, if we lived close to the plant, if the danger could be termed "impossible."

Also, it was pointed out that an increase in the number of employees the Pantex plant would have should it undertake the neutron production would not necessarily escalate.

So, we would hurriedly ask the leaders of Amarillo and Pantex "Then why bother?"

THE CHIEF landscape architect for the state of New Mexico has come up with the solution to lawn buffs who spend all summer in a continual progression of watering-fertilizing-mowing.

Richard Brammer planted a mixture of blue grama, sideoats grama, western wheatgrass and buffalo grass on his lawn, and says he thinks he has the ideal turf.

He has a nice, soft turf, the architect says, and one that does not require nearly so much watering as bluegrass or bermuda, nor as many mowings.

By having a yard of native grass, the state employee says he has cut his work and water bills at least in half. And with many cities in the throes of a water shortage, and most areas at least in the midst of a drought, this is quite a consideration.

The main New Mexico outlet for native grass seeds is Curtis and Curtis Seed Company of Clovis. J.V. Curtis, owner, says he's had a lawn of buffalo grass and blue grama at his ranch home for 20 years.

Native grass can be watered only sporadically and it will look healthy.

The only danger in growing a lawn of native grass, the experts warn, is that if you aren't careful about what you're doing, you might end up with a "native weed patch."

Another tip on saving water is to set your mower high. This is said to reduce evaporation. The grass builds its own thatch.

MISSES AUGUST....In order to double your pleasure, the Friona Star this month presents two Misses August. Posing prettily with their birthday cake are Sheri and Susi

Noah who both celebrated birthdays this week. Susi was 16 on August 3 and Sheri was 17 on August 5. The girls are daughters of Mr. and Mrs. Merv Noah. They have lived in

Friona a little over a year and are already involved in many of the community and school activities. By the way, their mom, Mrs. Noah, also celebrated a birthday August 6.

Nursing Home Hits Profit Stage Early

Prairie Acres, Friona's nursing facility which is nearing its first birthday, was in the news from two separate angles this week.

For one thing, the home received and installed an attractive engraved bronze cornerstone plaque, which details facts concerning the opening of the facility on August 17, 1976.

For another, and more importantly, administrator Merv Noah announced that in mid-July, one month and \$21,000 ahead of schedule, the home hit the profit stage and became self-sufficient for the first time.

Prairie Acres reached 40 residents for the first time late in July. The home's occupancy for the month averaged 36.24.

"The experts told us it would take us at least a year, and that we would have to invest \$75,000 before the home became self-sufficient. The city's actual expenses for the first 11 months of operation was \$54,000," Noah said.

Noah indicated that he was thoroughly pleased with the progress of the facility during its first year, and indicated that it was more than living up to local expectations.

By reaching the 40 resident mark, the home attained two-thirds capacity. Prairie Acres is situated to handle 60 residents at full capacity.

"The only serious need we have at the present time is an urgent need for LVNs (Licensed Vocational Nurses)," Noah said.

Prairie Acres recently secured a graduate social worker, Guy Sanders, a local boy, who will be heading up the activities department for the home, as well as helping plan the future development of Prairie Acres to meet the needs of the elderly of the community.

++++
The plaque, reception of which had been anticipated for some time, was inscribed with the facility's

name, and the date, 1976. Under the name is engraved "Dedicated to the Service of our People. The City of Friona, Texas."

Also contained on the plaque are names of the contractor on the project, Lewellen Construction Company, and the architect, Raymond D. Powell, AIA.

Names of the city officials are also listed: Mayor R.L. Fleming, Mayor Pro-Tem Glenn E. Reeve, Sr., alderwoman Martha E. Bates; aldermen Jerry D. Loflin, Patrick H. Pace and Troy L. Young, along with City Manager A.L. Outland.

Youth Drowns In Pit Near Bovina

A 17-year-old Fort Worth youth drowned Wednesday near Bovina when he and relatives were swimming in an irrigation tailwater pit.

Connell J. Jackson, Jr. was pronounced dead at the scene, located 12 miles southwest of Friona on the Tom Beauchamp farm, by Bovina Justice of the Peace Wayne Spears. Jackson had been visiting

the Benny Shelby family of the Bovina community.

Jackson reportedly dived into the water and never came up again. Bovina volunteer firemen responded to the scene and dragged the dirt tank for Jackson's body for nearly thirty minutes before he was pulled from the muddy water. There was no physical evidence that Jackson had struck some object after diving in. Witnesses said he just disappeared without splashing or floating.

The Friona City ambulance transported Jackson to a Parmer County Community Hospital. His body was taken back to Fort Worth by a Parsons-Ellis Funeral Home car on Friday, and interment was in Carver Memorial Cemetery on Saturday.

Survivors include his parents, Connell, Sr. and Frances Jackson; a grandmother, Mrs. Aphelia Jackson; and a sister, Marie Green, all of Fort Worth. He is also survived by a brother, Jimmy W.C. Bell of Grand Prairie.

Tourney Set

A slowpitch softball tournament is to be held in Friona this Friday and Saturday (August 5-6), at the West Little League park.

Ten teams from the area have entered the tournament, including teams from Earth, Lubbock, Amarillo, Bovina and Friona.

Games begin Friday at 7 p.m. and 9 p.m. The tournament concludes on Saturday.

A concession stand will be operated by Friona High School cheerleaders.

School Will Need 8.5% Tax Hike

The Friona Independent School District did not receive the advantages of the new finance bill passed in the recently completed special session, and the local Board of Trustees has found it necessary to increase taxes by 8½ per cent for the 1977-78 school year.

About 90 per cent of the districts in the state benefitted from the bill but the Friona district has kept its values so low for tax purposes that the local district is among the 10 per cent facing a tax increase for 1977-78.

The governor's study came up with a much higher appraised value than the Friona district had calculated. The Friona district has about \$94 million as their 100 per cent appraised value and the governor's study showed a \$166 million market value figure and a \$144 million "agriculture use" figure.

"It would take an increase of about 14 per cent in taxes to balance our budget," superintendent Tom Jarboe said, "But we have some surplus that we can use this year. An increase of 8½ per cent for this year won't completely balance the budget."

Although the news of the budget was not good for the Friona school system Jarboe said they would operate the 1977-78 school year on the same staffing as they did last school year, stating that there would be no reduction in the number of teachers or aides employed.

In recent years, the school has been carrying property at 50 per cent of its value, with a \$1.75 per \$100 tax rate. For 1977, the property will

be assessed at 100 per cent, and 95 cents per \$100.00. This will amount to an 8.5 per cent increase in actual taxes.

Many area districts will be able to cut taxes and due to the financial picture of the area, that decrease couldn't come at a nicer time. Some area schools have added \$100 per year to the minimum base for all teachers this year.

The local Board of Trustees will meet August 20 for purposes of adopting a budget for the 1977-78 fiscal year. Any taxpayer of the district may be present to participate in the hearing.

Chamber Has Blanks For Contests

Entry blanks for both Maize Queen and Little Miss contests are available and are being accepted at the Friona Chamber of Commerce office.

Lois Norwood of the Progressive Study Club, is the coordinator for the Little Miss contest, and says the entry fee for the contest will be \$10.

The Queen's contest fee is \$20, and any organization, business, etc., wanting to sponsor a girl may contact the Chamber of Commerce office, or get in touch with any girl wanting to enter the contest.

Deadline for both contests is September 8, at 5 p.m.

BUSH VISITS....George Bush, Jr., right, who has announced for the U.S. Congress, 18th district, was shown around in Parmer County this week by Jimmie Briggs of

Lazbuckle, Commissioner of Precinct 4. So far, Bush, 22, is the only announced candidate. He will run on the Republican ticket. (See Story on Page Page 8)

FOR CITY OF FRIONA

Budget Hearing Slated Monday

The City of Friona will hold its annual budget hearing at the regular meeting of the city council Monday evening, August 8 at 7:30 p.m. The meeting will be held at the Council Meeting Room.

City Manager A.L. (Jake) Outland will recommend a budget calling for expenditures of \$534,955 for the fiscal year 1977-78. This will be an increase of \$42,036 or 8.5 per cent over the budget expenditures for fiscal 1976-77, which ends September 30.

Included in the proposed expenditures will be payment for the city's new automatic trash disposal system and steel disposal boxes for the city's business and residential districts. This money is to come from the Revenue Sharing funds.

No increase in city taxes will be necessary to operate the city for 1977-78, according to Outland's

recommendation. The city's tax rate is \$1.40 per \$100 valuation.

Also during the meeting, the council will consider a proposal to integrate the city and school tax offices, and enter into a contract for a tax re-evaluation and appraisal program.

In his annual budget message to the city council, Outland pointed out that construction within the city, as measured by building permit totals showed a 31 per cent increase during 1977 over the same period for 1976.

Also, Outland pointed to the fact that Prairie Acres, the city's nursing facility, is now near 66 per cent occupancy, and is at the point of self-sufficiency from a financial standpoint.

Also included in the new budget will be a ten per cent salary increase for city employees, with the exception of the four employees in the highest salary bracket.

PLAQUE RECEIVED....An attractive bronze plaque was leveled this week at Prairie Acres Nursing Home, giving details on the facility. Holding the plaque prior to its

installation are (left to right) City Manager Jake Outland, Prairie Acres administrator Merv Noah and Mayor R.L. Fleming.

Newby Named Mgr. Of General Telephone

The appointment of James D. Newby as Littlefield Customer Service Manager of General Telephone Company of the Southwest has been announced by O.D. Hearn, Brownfield Division Manager.

Newby succeeds Bryan Galloway who was named division service and facilities manager for the company in Hobbs, New Mexico. Galloway has held the Littlefield Customer Service Manager position since August 1976. Galloway joined General Telephone Company of the Southwest in 1958, as an equipment installer's helper. He held various positions in Brownwood, Ballinger and Brady, Texas, before coming to Littlefield from Brownfield. The Brown County, Texas native is a member of the Lions Club, and has been active in various organizations including the Boy Scouts of

America. He and his family are active in the Mormon Church.

Newby previously served, since 1975, as area I&M and OSP supervisor for General Telephone Company of the Southwest in Brownwood. He began his career with General Telephone in 1971, as an installation and maintenance foreman, and was promoted to service manager in 1972, with headquarters in San Angelo.

A native of San Angelo, Newby served six years in the U.S. Naval Reserve, was secretary-treasurer of the Brownwood Lions Club, and worked with Boy Scout Explorer Post No. 34.

Newby, a graduate of Angelo State University, and his wife, Pam, have a son four and a daughter age ten.

They are members of the United Methodist Church.

REMEMBERING...

By BILL D. BROOKS

Pickin 'N Shellin'

We generally planted a couple of long rows of black-eyed peas at the edge of the cotton patch. We really liked to eat them but I've heard that in some parts of the country they are used only for cattle feed. I think those people are missing something. Peas and cornbread were all we had for lots of meals and of course New Years Day just wouldn't be complete without a big pot of black-eyed peas cooked with a silver dollar.

We usually carried a bushel basket down the rows to put the peas in but a brown paper bag, a three gallon pail or a gathered-up apron worked just as well.

As I picked I constantly ate raw peas. I loved them. I could have made a meal of them any day but Mother would say, "Son you're going to get a belly ache if you don't quit eatin them things that-a-way." I don't think I ever got sick from eating peas but I sure lost my stomach from eating green apples once.

You soon learned which peas were ready to pick. Some would not be mature enough; you left those for later. Some would be too mature but they had to be picked so the plants would keep bearing. These were usually kept and dried for seed for the next year.

A few vines would give you plenty for one family so neighbors were always welcome to pick from your patch—no charge of course.

You had to watch out for wasps and even an occasional snake among the vines but even so I liked picking better than I did

shelling. We'd wait until the cool of the evening then gather around the basket with a big pan or bowl. You'd grab up a double handful, put 'em in your pan and start shelling. If a pea was matured just right you could pull the string on one side all the way down just like a zipper and the peas would tumble right out. But more often than not the string wouldn't pull at all or if it did the peas would stick in one side of the hull. Peas that hadn't matured were called "snaps". You didn't shell snaps, you just broke them into pieces about an inch long and cooked them that way hull and all. Snapping was easier than shelling so I sought out the snap kind for my pan. But often the ones I snapped were big enough to shell and Mother would make me go back and pick those out and shell them anyway. It was always easy to see who was the best pea sheller by how many they had in their pan but Mother was usually the winner around our house.

A cattle feed manufacturing plant which will make use of cotton burs will be built south of Hub, it has been announced by a group of Friona businessmen. The plant will manufacture a pellet containing eight per cent protein and four per cent fats. This is more food value than is contained in cotton seed hulls, long used as a source of cattle food, it was pointed out. The feed plant can add molasses to the mix to increase the amount of fat in the pellet. The plant will be located three miles south and one-half mile west of Hub.

An eight-year-old Friona youth had a narrow escape Tuesday afternoon when he became trapped in a culvert emptying into a tailwater pit just outside the city limits of Friona. Pepe Rodriguez, son of Mr. and Mrs. Jose (Lupe) Rodriguez, was rescued from the culvert by Friona Fire Department volunteers and others who rushed to the scene. Young Rodriguez was playing in the irrigation runoff ditch a few yards behind his residence when he apparently decided to enter the culvert, which carries the water into a tailwater pit on the Floyd Reeve farm.

Land Bank Lowers Farm Loan Rate

Ernest Kerr, manager of the Federal Land Bank Association of Muleshoe, announced recently that The Federal Land Bank of Houston will reduce the interest billing rate on variable rate loans to 7 3/4 per cent. This reduction will be effective on August 1, 1977, and will affect \$1.04 billion in variable rate loans to 18,026 Texas farmers and ranchers. This billing rate change will be effective on both farm loans and rural residence loans.

The variable rate loan was introduced by the Houston Bank in July, 1969 and provides for the rate to fluctuate with the variation in the cost of money. A more favorable money market has made this billing

reduction possible. Kerr stated, "This continues to demonstrate the Bank's policy to furnish credit to Texas farmers and ranchers at the lowest possible cost consistent with sound business practices."

The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch land and rural residences throughout Texas and now has \$1.3 billion in loans outstanding. The local association makes and services loans in Bailey and Parmer Counties.

Officers and directors of the association are Gordon Duncan, James B. Glaze, Jim Claunch, Arlin L. Hartzog and Morris Douglass.

Elderly May Get Assistance

Certification is now in progress for elderly, low-income citizens who can qualify for limited assistance in paying their utility bills.

Such payment may be possible under the Special Crisis Intervention Program for which Governor Dolph Briscoe has applied for the Texas allocation of \$4,080,000.

Certification is being made by the local administering organization under the guidelines established by the Community Services Administration, announced Ben F. McDonald, Jr., executive director of the Texas Department of Community Affairs, the state agency which is implementing the program.

Each local administering organization is certifying persons in a specified county or counties.

The Special Crisis Intervention Program is designed to provide emergency financial assistance to

those heads of households 65 years of age or older living within the poverty guideline income levels and who can prove eligibility. Eligibility includes proving that large unpaid energy-fuel bills caused utilities to be shut off, and-or that the person is threatened with inability to obtain delivery of fuel; and-or being in dire financial need at time of application as a result of having paid large energy-fuel bills in whole or in part.

No household will receive over \$250 and most will receive less under other limitations of the program, but all households must be certified through one of the local administering organizations by August 31, 1977, to receive any assistance.

The Texas Panhandle Community Action Corporation is the operations contractor, with an allocation of \$93,000 for the program.

The operation includes the

counties of Potter, Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Parmer, Castro, Swisher,

Briscoe, Hall and Childress.

Additional information can be obtained by writing to the corporation at Box 32150, Amarillo, Texas 79120, or by calling 806-372-2531.

Friona Man Charged With Local Burglary

A 20-year old Friona man was arraigned Monday on burglary charges before Justice of the Peace J.P. Mears in Farwell following his arrest early Saturday morning on the Friona Motors parking lot.

Kenneth McDaniel was arrested by Friona patrolman Mike Hand after Hand had noticed a strange car parked in the Friona Motors lot. Hand is said to have pulled into the lot and observed McDaniel coming from the Friona Motors building

with new tires and rims.

Friona Police Chief Bill Denney said Wednesday that about \$1450 worth of merchandise missing from Friona Motors over the past two months, was found after the arrest. He also said McDaniel had been employed by Friona Motors but had been laid off last week.

Denney said the police department was continuing the investigation. Bond for McDaniel was set at \$2000.

PAINTING GYM FLOOR....Denver Smith, head custodian at Friona Schools, gave the High School Gymnasium floor a new coat of paint this week. When the paint dries the floor will be varnished, and should

be in good shape for the coming school year. The gym will be used for PE classes, but the first regular game won't be played on it until November 18 when Friona will play the Bovina Mustangs. (Star Photo)

HOW WELL DOES SHE SEE?

No child is too young to have a vision problem. In fact, one in every twenty children between the ages of 3 and 5 is suffering some kind of vision impairment.

That's why it's important to observe a child carefully. Does he or she rub his eyes excessively, shut or cover one eye, tilt his head or thrust it forward, blink often or become irritable when doing close work? Are eyes crossed, red-rimmed, swollen, watery? Does he complain of dizziness, headaches, double vision? These could all be signs of vision impairment, say experts at the National Society for the Prevention of Blindness. To receive a copy of a free booklet called "Your Child's Sight" write: The National Society for the Prevention of Blindness, SN, 79 Madison Ave., New York, N.Y. 10016.

YOU MAY BE A LUCKY WINNER

be your own Meter Maid

You can add up your groceries while you're buying...

You can add up your gasoline while you're buying...

But
can you add up your electricity while you're buying?

Yes you can... Here's How!

Learn to read your electric meter. It will let you determine how many kilowatt hours you use in a given period of time... an hour, a day, a month or a year. That's how electricity is measured — by kilowatt hours used.

Your residential electric meter will have either 5 or 4 dials

Electric meters are easily read from right to left as you look at the meter. If the pointer on a dial is between two numbers, write down the smaller number. When the pointer is directly on a number such as one, see center dial above, then read it as 1. If the pointer on the next dial immediately to the right has passed zero, however, read it as zero. If the pointer on that dial to the right has not reached zero.

The dial above read from left to right, 9 4 1 1 5. If, however, the pointer on the second dial from the right above was between 9 and zero, then the center dial would read as a zero.

Now let's read the same meter 24 hours later

This later reading is 9 4 1 3 8. Subtracting the first reading, 9 3 1 1 5, from the now reading of 9 4 1 3 8 — the answer is 23. Thus you would have used 23 kilowatt hours in the 24 hour period.

Now you can become a METER MAID and watch your meter like a miser if you choose. WE HAVE A BOOKLET CALLED "MANAGING YOUR ELECTRIC BILL" plus other WISE USE TIPS booklets that help keep you from wasting electricity and so help lower your cost. Any of these booklets are free for the asking at your Public Service office... come by and see us.

HEREFORD & DIMMITT

"We look to your future with interest."

Enthusiasm Reigns As Grid Work Starts

With 11 lettermen returning to the Friona Chieftain football team this year officials consider the Parmer County school a strong district title threat. The Chiefs join football teams across the state by beginning a series of two-a-day workouts on Monday, August 8.

Top of Texas Football Magazine has rated Friona second behind Dimmitt in District 3-AA, and "Texas Football" has rated the Chiefs third. But Friona head football coach Lonnie Phillips feels that with the returning lettermen he will have more experience, size, and players believing in themselves.

Friona has been rated ninth in the area among the top ten schools in class 3-AA.

It was a rough start for Phillips last year, his first at FHS, with nearly four games passing before the Chiefs managed to score their first touchdown. After the first five games Friona had a 0-5 record, but finished 3-2 in district, a strong second.

Returning defensive players will be Jeff Peak, 6-3, 235 pound junior; Kevin Kothmann, 6'1½", 178 pound junior; Todd Bandy, 5-9, 153, senior; Terry Wilcox, 5-9, 168, junior, and Koty Kothmann, 6-2, 220, senior.

Kothmann will also start on offense and has been picked as one of the Top of Texas' top 22 players in Class AA.

Offensive starters returning will be Glen London, 6-0, 205, senior, Ernest Mills, 5-10, 151, senior and Perry Church, 6-0, 180, senior.

Other returning lettermen will be Tommy Schilling, 6-6, 217, senior; Eddie Brailiff, 6-0, 170, senior, and Brian Landrum, 5-11, 165, senior. A promising non-letterman returning this year will be Justin McNeely, 6-0, 170, a junior.

The offensive backfield will probably have Bandy in the cockpit with Brailiff, Mills and Wilcox doing some running. London, however, will be a threat as a power runner. He was the team's leading ground-gainer as a sophomore with 745 yards, and finished a strong second as a junior.

Koty Kothmann was all-district offensive guard last year and should be a state candidate this year.

The big hurdle the Chiefs must clear this year is Dimmitt, with Littlefield and Muleshoe posing problems also, but Phillips feels the two letter teams can be out-gunned, leaving Dimmitt the team that must be out-smarted.

ISSUE OF EQUIPMENT....Raul Brailiff, Friona High School senior, left, was one of the first 1977 football team members to check in this week to receive his running gear. Issuing the gear was sophomore Bobby Davis and Coach Ted Giddens. Football practice will start Monday, August 8, and the Chiefs will play their first game September 2 here against Floydada. Between 90 and 95 boys are expected to turn out for football this year. (Star Photo)

Tennis Tourney Set; Entries Are Needed

A tennis tournament of singles, doubles and mixed doubles has been set for Friona residents beginning on August 12 and ending on Sunday, August 14. The single elimination event will begin on Friday with the 16-and-under division singles and doubles events for boys and girls. Finals in these divisions will be held on Saturday.

The adult divisions will begin play Friday evening with men's and women's singles and doubles. There will be two divisions, championship and open, for both groups. The mixed doubles event will be open to all who wish to enter and will be the climaxing event of the tournament.

Finals in the adult divisions will be held Sunday afternoon beginning at 1:00 p.m.

Entry deadline is Wednesday, August 10th and entry fee is \$4 for singles and \$8 for each doubles team. You may enter by calling Rick or Jo Luther at 247-2116, 247-3045 or 247-3419.

Brackets, seedings, and playing times will be posted at the high school tennis courts by Thursday evening. Matches will be played on the high school and junior high courts. Proceeds from the tournament will be donated to help support local tennis programs.

Senior Stars Win In Playoff

Friona's senior league all-stars split a pair of games in their playoff appearance at Burkburnett last week.

The Friona team downed Lubbock Cooper, 12-3 in their first game, but then were eliminated from the playoffs by Burkburnett, 12-3 on Tuesday.

Robert Caballero went the distance for Friona in their winning game, striking out 11 and not giving up a walk. He allowed only five hits.

After a scoreless first inning against the Lubbock team, Friona began to hit the ball, taking the lead

In their second round game Friona took a 2-0 lead after two innings, but then were plagued by errors and the hitting of Burkburnett, which took charge of the game. Robert Garza pitched the first six innings, and Ernie Aguirre finished up.

Jon Mack Roden served as coach of the all-stars, who did a good job of competing.

to stay. Friona scored six runs in the fifth inning to ice the game. Virtually every player on the squad did well in the hitting department.

That's our answer to people who say that the American Worker isn't as good as he used to be.

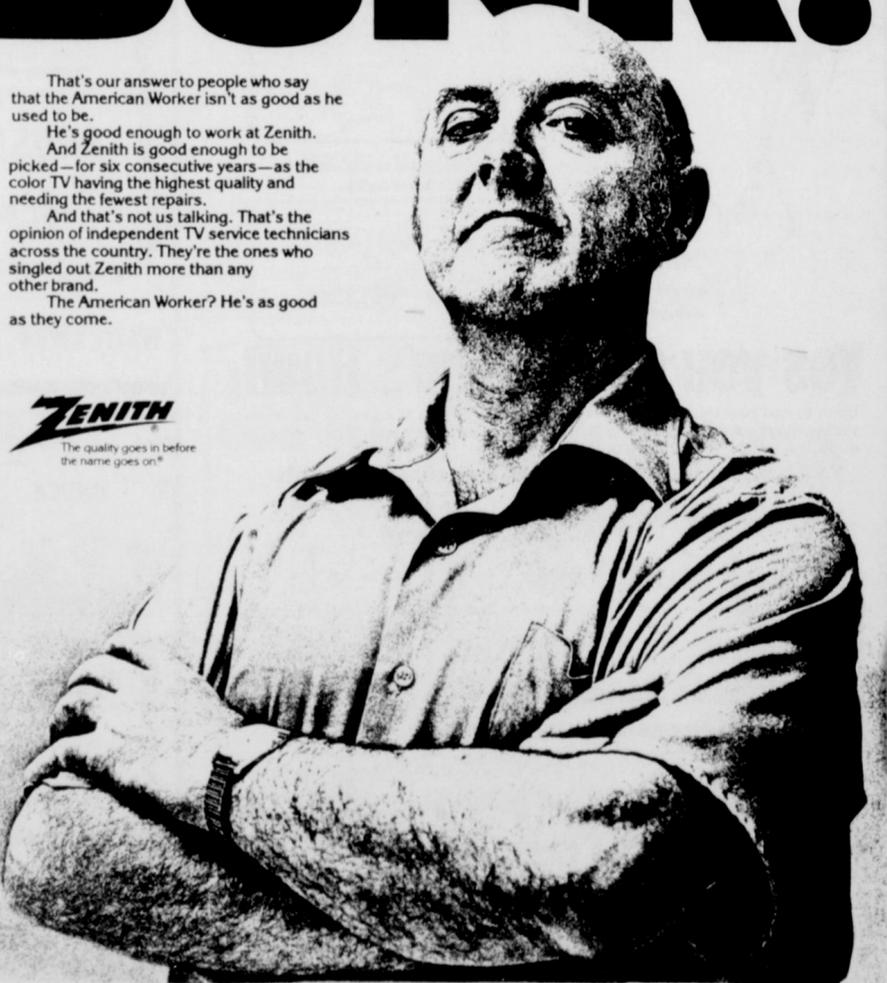

He's good enough to work at Zenith. And Zenith is good enough to be picked—for six consecutive years—as the color TV having the highest quality and needing the fewest repairs.

And that's not us talking. That's the opinion of independent TV service technicians across the country. They're the ones who singled out Zenith more than any other brand.

The American Worker? He's as good as they come.

Phillips Announces For Senate

Mel Phillips of Amarillo has announced his candidacy for state senator, 31st district, subject to action of the Democratic primary.

In making his announcement, Phillips said, "I am today announcing my candidacy for the Texas State Senate for District 31, to fill the vacancy which will be created by our Democratic Senator Max Sherman's resignation. As you know, after 6½ years of dedicated service and statesmanship, Senator Sherman will soon resign and become President of West Texas State University.

MEL PHILLIPS

serve the people as their State Senator.

District 31 is geographically larger than many States, and it will be a challenge to continue Senator Sherman's record of representing the many diverse interests of its people. We are united, however, by one common idea—that the Panhandle is worth fighting for.

We want our State government to be fair and impartial, but to guarantee such fair and equal treatment this area must have strong, effective representation. I feel that I can give the citizens of the 31st District the capable, aggressive voice that we need in Austin.

I will approach the issues by asking four fundamental questions before each vote:

1. What will be the effect of this law?
2. Do we need it?
3. Is it fair?
4. Is it worth raising your taxes?

Each service Texas provides her people must be paid for by taxes either directly or indirectly, and our taxes are already too high. I will dedicate my service in the Senate to finding ways to reduce spending and the number of rules and regulations that effect our lives.

We must preserve and protect those things which have made the Panhandle of Texas the greatest place on earth to live, work and raise our families. I ask for your support and pledge an aggressive campaign that will earn your vote and your confidence.

SOIL AND WATER BOARD....Local farmers and ranchers from five different areas in Parmer County, composing the Soil and Water Conservation Board, met last week

for their regular monthly meeting. The board represents farmers in setting policies and administering conservation programs in the county.

Corn Growers Fail To Pass Referendum

In an extremely low turnout of producers, corn farmers across the region failed to pass the Texas Corn Referendum. The election was conducted on July 29.

According to the Texas Corn Growers Association, with headquarters in Dimmitt, the referendum failed to gain the necessary two-thirds majority, getting a favorable vote from 56.61 per cent of those voting.

The actual vote by Parmer County farmers was not released, and only 21 farmers voted in the county. It was announced that Area I, comprised of Castro, Deaf Smith, Lamb, Bailey and Parmer counties, gave the referendum a two-thirds majority by three votes.

Only 275 producers voted in the referendum, which was held to determine whether corn producers wished to assess themselves an amount not to exceed one-half cent per bushel of corn, to be collected at the first point of sale, to finance programs of research, development, marketing and use of Texas corn.

According to Carl King, Dimmitt, Texas Corn Growers Association president "Both the turnout and the results of the referendum were disappointing."

King indicated that he had "seen the handwriting on the wall when the recent beef referendum failed to carry by the required two-thirds majority.

Absentee ballots were almost 4-1 in favor of the proposition, at 39-11, but the deciding factor was a 2-1 vote against the proposal, coming from eight North Plains counties. The central Panhandle, like Area I, had favored the issue.

"Many factors contributed to the defeat of the corn referendum. Low prices for corn and farm products generally, and apathy on the part of producers themselves were responsible for the voting trend," King said.

The TCGA head indicated it would be six months by law before another election could be called, and was not sure whether the organization would try again until he could confer with all the TCGA board of directors.

"I'm sure that if all the corn producers in this 18-county area were fully aware of the accomplishments of this association in the field of research, in the input of farm legislation and in its work toward better prices for Texas products in the future, we would have had a better vote," King commented.

"We'll continue to do the best we can to serve the farmers through this commodity organization," he continued.

Entries Needed In Bovina BTB Events

The Bovina Jaycees are seeking entries for their annual 3-2 softball tournament, which will begin on Friday, August 9 in Bovina. The

tournament continues through August 20, with finals on Sunday afternoon.

Deadline for entering the meet is Wednesday, August 10. Andy Martinez, chairman, says a \$30 entry fee is charged. Anyone interested can contact Martinez at 238-1402 after 7 p.m.

The 3-2 means that each player approaches the plate with three balls and two strikes against him. The tournament will be a part of Bovina's annual Bull Town Days celebration.

For the second consecutive year, the "Almost Anything Goes" contest will be held in conjunction with Bull Town Days.

Last year's contest was so successful that it was unanimous to hold it once again.

Those interested in entering teams in this contest may call Gaylon Rhodes at 238-1475. An entry fee of \$25 per team is charged for this contest.

Two Friona Directors Attend Conference

Plainview Production Credit Association directors Billy W. Carthel, vice president, and A.W. Anthony, Jr., both of Friona, join PCA officials throughout Texas in Arlington August 5 for the annual Production Credit Association Directors Conference.

Other Plainview PCA directors attending include H.L. Porter, Jr., president, Petersburg; Ray Robertson, Dimmitt; and Harley Wells, Plainview.

James A. Rogers, Plainview PCA general manager who will accom-

pany the group said conference participants will bring directors up-to-date on farm financing at the state and national level and on activities and philosophies of the Federal Intermediate Credit Bank of Houston, source of most PCA loan funds.

Plainview PCA has loans outstanding of approximately \$67.7 million to area farmers and ranchers in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties.

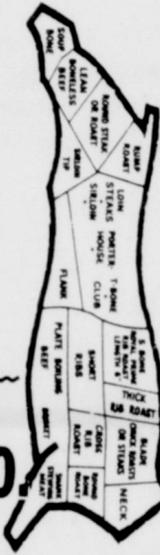

Church To Host Noted Singing Group

A special program of music will be hosted by Calvary Baptist Church on Sunday, August 7 at 6 p.m. Featured on the program will be the Jordans, noted stars of MCA Records. Heading the group is Jerry Jordan, author and narrator of "A Phone Call From God," which has been aired coast to coast by means of radio.

Billed as a "country comedian," Jerry was born in Lubbock, and was raised on a farm near Ropesville. Through his experiences on the farm, through his country family-style of living, and through his joy of the simple humor of country folk, has come a gifted knack for telling stories.

People of all ages, all walks of life clamor to hear him stammer through "A Phone Call From God"—undoubtedly the funniest and yet most soul-searching message this nation has heard. And just as delightful, are his stories of country life—the pure "down-to-earth" hilarity of country people.

Jerry is an accomplished artist in oil paintings and has supplied galleries throughout the U.S. with his paintings. He is also an avid partaker in architectural and interior design.

Phone 247-3681 With Your News Item

Several Friona people, including the Glenn Floyds, have spent some very enjoyable time in the cool cool mountains of northeastern New Mexico recently.

We drove up and spent a few days camping in Cimmaron Canyon with the Kansas part of our family. Gerald, Jana, Jason and Sarah were there and we had fun fishing--didn't catch any fish--sightseeing and cooking on a campfire.

Rene and Jinx Snead and Cotton and Ruth Houser spent a few days over at Sharette Lake, which is north of I25 between Wagon Mound and Springer, then went on over to Red River for the weekend.

Janet and Clyde Woodard were at their cabin, which is near Red River. Paul and Ila Daniels, who formerly lived in the Hub Community and now live in Dumas, were there, too.

Bill and Marie Darnell, who live at Muleshoe, but lived here at one time, were camped a few sites down from us and we enjoyed visiting with them.

Recent out-of-town visitors in our home have been Mr. and Mrs. Dan Willburn of Clinton, New Jersey; Frieda and Richard Dickson and John and Geneva Osborn, Joel and Heather, all of Garland.

Mr. and Mrs. J.L. Junell and son, Ray, of Amarillo were weekend guests in the home of Mr. and Mrs. Irvin Henderson. Mrs. Junell and Mrs. Henderson are sisters.

The Alton Peaks are home. Alton, Elizabeth, Janice and Jeff took off one day last week for a vacation on the Texas coast. They spent some time at Houston then went on down to Galveston for a few days.

Ruben and Ollie Pearl Taylor hosted a fish fry in their backyard Wednesday evening. They probably should have some kind of recognition for the most improved backyard of the year. Their backyard had not been fenced until a year or so ago, but since they've fenced it, they've made it a place of beauty.

Didn't see any "standing room only" signs out Wednesday evening, but the crowd looked as if one would have been justified.

Out-of-town guests were Mr. and Mrs. D.E. Redinger, Laverne, Oklahoma; Maggie and Floyd Long, Clovis; Ruth Miller, Lazbuddie; Mrs. Zora Campbell, Canyon and Carol Ann Taylor and children, Jason and Becky, Dumas.

Frionans attending were Mrs. Opal Strickland, Mrs. Neva Knight, Mr. and Mrs. Joe Moyer, Mr. and Mrs. Danny Campbell, Mr. and Mrs. L.D. Taylor, Jimmy and Louise Bynum and daughters and Lee and Elwanda Campbell.

Also, Mr. and Mrs. Steve Taylor, Mr. and Mrs. Jerry Simmons and

Cody, Mr. and Mrs. Randy Campbell and Bryan, Mr. and Mrs. Larry Hodges and Stacy, Mr. and Mrs. Leslie Jarecki, Marsha and Tom and Ray Campbell.

Eric, Linda, Marion and Becky Rushing of Friona and Lynn, Janet, Carole and James Phipps, who live up in the Westway Community of Deaf Smith County, returned home early last week after a camping and fishing trip in Colorado.

Stan Vinson returned home recently after spending a few days visiting in the home of his son, R.B. Vinson and family in Portales.

Dalton and Estelle Caffey had two charming little visitors in their home recently. Blythe and Sarah Cotton, daughters of Cynthia Caffey Cotton and her husband, Eldon, who live in the Los Angeles area, have been here.

The girls, both pre-school age, made the trip by plane without either of their parents. They came with Pat Foster Golles, who came to visit her parents, the Wesley

Fosters. Pat has been teaching in California several years and has been granted a leave of absence for one year. Think this is called a sabbatical leave, during which she will be taking some college courses and doing some travelling.

Our 1977 fruit crop must be the largest one we've had in several years. Just about everyone in the area has been canning, pickling, freezing and preserving one kind of fruit or another.

As usual, lots of vegetables are being frozen, pickled and canned. Seems like we have passed our lid shortage crisis, which was a problem for several years.

Mrs. Ann Krotter of South Hampton, England is a houseguest in the home of Mrs. Walter Loveless. These two ladies are sisters. They have visited relatives in Albuquerque since Mrs. Krotter has been here.

Common sense has been defined as "The knack of seeing things as they are, and doing them as they ought to be done."

By Jana Pronger

Tetanus immunization is not kid stuff. Adults need its protection, too. More than half of the reported cases of tetanus occur in persons 50 or older.

Tetanus--also known as lockjaw, can often be fatal. It is caused by spores of bacteria which can enter the body through a wound. The spores are almost everywhere, but particularly in manured soil.

Because the tetanus germ cannot grow in the presence of air, deep puncture wounds or cuts are a favorable growing environment for the germ.

Once in the wound, tetanus germs secrete a toxin. This toxin is so powerful that one-fourth teaspoonful is enough to kill 100,000 people.

For children, protection against tetanus usually starts with the basic immunization series--in which the tetanus toxoid is given in combination with diphtheria toxoid and

pertussis vaccine--at two, four, six and eighteen months with a booster when they start school.

To continue the protection, physicians generally recommend a booster every 10 years. Adults should consult their physician or local health department about their immunization status.

Everyone should be protected against tetanus, but it is particularly important for pregnant women and agricultural workers and adults in occupations in which tetanus-favoring injuries are frequent.

Church Ceremony Unites Diane Bennett, Ricky White

Brenda Diane Bennett and Ricky Vern White, both Friona residents, exchanged wedding vows on Saturday, July 9 at 7 p.m.

The ceremony was performed in the First Baptist Church of Friona by C.H. Murphy of Friona.

The bride is the daughter of Mr. and Mrs. M.P. Bennett. The bridegroom is the son of Mr. and Mrs. Carl White. They reside on Route 2, Friona.

The church was decorated with a basket of gladiolas and carnations in the center of the church with blue candles on each side. A unity candle stood on one side.

Linda Anthony, organist, and Jason Widner, pianist, presented traditional wedding selections.

As the bride was presented in marriage by her father, she wore a white satin floor length gown. The white satin was covered with lace. The dress was sleeveless and featured a scooped neckline. She wore a hat covered with lace to match the dress.

She carried a carnation bouquet atop her Bible.

Mrs. Myrna Gatlin of Friona, sister of the bride, was the matron of honor. Mrs. Gerall Wily of Friona, sister of the bride, was the bridesmaid.

The feminine attendants wore blue sleeveless gowns featuring scooped necklines.

Gary White, brother of the groom, served as best man. Leslie White of Friona, brother of the groom, was the groomsman.

Flower girl was Le'Ann Bennett of Friona, niece of the bride. Lance Gatlin of Friona, nephew of the bride, was the ring bearer.

Candlelighters were Brent Gatlin, nephew of the bride, and Carol Ann Bennett, niece of the bride.

A reception was held in the Fellowship Hall of the church.

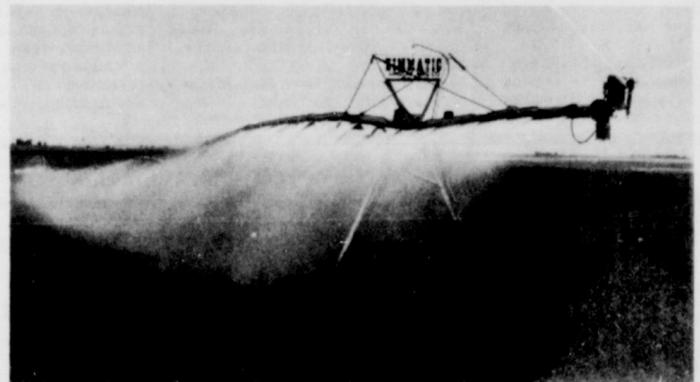

The table was covered with a white linen cloth. The three tiered white cake decorated with blue and green and a silver serving set completed the table decorations.

Melodi Dixon and Janice Peak served cake. Punch and coffee were served by Karene Bass and Holly Campbell.

Evelyn Hart presided at the guest register.

Shower Honors Sherri Thorn

A bridal shower honoring Sherri Thorn, bride-elect of Roy Don Rector, was held Wednesday, July 20, in the home of Mrs. Ed Clark. The serving table was covered with a white lace cloth over yellow and centered with an arrangement of peach and yellow roses, baby's breath and green stock, the bride's chosen colors. Crystal and silver appointments also decorated the table. The bride-elect, and mothers, Mrs. Billy John Thorn and Mrs. Lloyd Rector, were presented corsages made with small kitchen gadgets. Mrs. Henry Clark and Miss Cindy Gammon presided at the serving table. Guests were registered by

Miss Johnna Thorn and Miss Diana Clark. Punch, fresh fruit, toasted pecans, cheese logs and crackers were served. The hostess gift was an electric Oster Kitchen Center.

Hostesses for the shower were Mrs. Ross Miller, Mrs. Jimmy Norwood, Mrs. V.E. Nichols, Mrs. Leroy Lundy, Mrs. Ray Campbell, Mrs. L.H. Schilling, Mrs. Doyce Barnett, Mrs. Leroy Johnson, Mrs. Joe Fallwell, Mrs. Eugene Bandy, Mrs. Homer Lindeman, Mrs. Charles Russell, Mrs. Percy Parsons, Mrs. Ed Clark, Mrs. Richard London, Mrs. Rex Blackburn and Mrs. John Hand.

Holly Hart, Danny Campbell United In Church Ceremony

Holly Hart of Route 2, Friona and Danny Campbell of 1306 Maple, also of Friona, exchanged wedding vows on Saturday, July 23 at 7:30 p.m.

The ceremony was performed in the First Baptist Church of Friona by Bro. C.H. Murphy, Jr. of Friona. The bride is the daughter of Mr. and Mrs. Dale Hart of Route 2, Friona. The bridegroom is the son of Mr. and Mrs. Ray Campbell of 1306 Maple, Friona.

The church was decorated with a bouquet of yellow and white gladiolas and daisies in front of a candle arch with candle trees decorated with yellow tapers on each side.

Gayla Brown, organist, accompanied Geary Brogden, vocalist, as he presented "Because," "Twelfth of Never" and "Wedding Prayer."

As the bride was presented in marriage by her parents, she wore a formal length gown of white organza

over bridal taffeta designed with a scooped neckline and empire bodice of re-embroidered chantilly lace enhanced with clusters of seed pearls at the neck. Her long sheer full sleeves were adorned with lace caplets at the shoulders and caught up at the wrists by a deep cuff of lace. The softly gathered a-line skirt was enhanced with vertical rows of lace and a lace trimmed hemline which swept to back fullness and cascaded into a full length chapel train.

She wore a white hat of re-embroidered lace and seed pearls. White satin ribbon was tied in the bow with long streamers. She carried a nosegay of yellow carnations.

The bride wore her Grandmother Hart's wedding ring and a pearl necklace belonging to Lois Eitel, her aunt.

Karene Bass of Friona served as her sister's matron of honor.

Bridesmaids were Yvette Stephans of Canyon and Evelyn Hart of Friona, sister of the bride.

The feminine attendants wore long yellow crepe gowns with white lace trim. They carried two long stemmed yellow roses with yellow streamers.

Donny Campbell of Friona, brother of the groom, was best man.

Groomsmen were John Seright of Friona and Troy Bass of Friona, brother-in-law of the bride. Serving as ushers were John Edwards of New Home and Randall Scoggins of Denver City.

Tracy Lemons of Friona, daughter of Mr. and Mrs. Al Lemons, was the flower girl. Lance Gatlin of Friona, cousin of the bride, was the ring bearer. Candelighters were Brent Lewis, cousin of the groom, and Brent Gatlin, cousin of the bride.

A reception was held in the Fellowship Hall of the church.

The table was decorated with the cake, baked by Genie Moyer. A silver punch bowl and candle holders completed the table setting.

The groom's table was decorated with a silver service.

Donna Campbell, sister of the groom, registered guests.

Cake and punch were served by Mary Beth Wyly, cousin of the bride, Doris Brazzel, cousin of the groom, Debbie Lutrick and Alexia Lindt. Serving from the groom's table were Jeannie Lewis, Judy Brazzel, Mona Campbell and Cindy Simmons.

For a wedding trip to Colorado, the bride wore a three piece beige

pants suit with yellow carnation corsage.

The bride is a 1975 graduate of Friona High School. She attended West Texas State University for two years and is employed at Hi-Pro Foods.

The bridegroom is a 1976 graduate of Friona High School. He attended West Texas State University one year. He is employed at Campbell Electric.

The couple will reside on Route 2, Friona.

Library Report

"The Assassins" by Joyce Carol Oates is available at Friona Public Library.

When a bullet strikes a powerful political figure, when the burial rites are over and done with, when all that remains of that great promise is his lingering charisma, when the affair is investigated, the verdict rendered, what of those who have stood silent in the church yard—are their lives too, ripped by the same bullet?

Has the deed been done by one assassin? Is there only one who has been destroyed? Or was there more than one who pulled the trigger, more than one whose life is shattered?

"The Assassins" is the story of Andrew Petrie, a wealthy right-wing political figure with a reputation for ruthless honesty. It is the story of his surviving brothers and of his young widow. Members of a large prominent family, they are nevertheless isolated, each alone with his own enemy, his own assassin. In a state of frozen panic, they realize that their hatred, love, religious compassion had previously cushioned them against their own emptiness. Their conflicting interpretations of reality constitute a revelation of the contemporary world, both political and private.

Plainview Is Site Of Arts & Crafts Festival

The 1977 edition of the Running Water Draw Arts and Crafts Festival opens October 14-16 at the Hale County Agricultural Center in Plainview, Texas. Co-sponsored by the Plainview Rotary Club and Llano Estacado Museum, the event has already attracted more than 100 talented artists and craftsmen from Texas, New Mexico and Oklahoma.

Because of this overwhelming participation, Festival Director Rob Strong has announced the addition of twenty-four more booths in a room immediately adjacent to the main exhibit area of the Ag Center. Anyone interested in being con-

sidered for participation should write to him for information and application forms in care of Llano Estacado Museum, Plainview, Texas 79072.

All applications are juried by a standards committee and only handcrafted items are accepted. The booth fee is \$10.00, and the Festival collects 10 per cent of the first \$600 in sales.

These new booths are expected to fill rapidly. They will be assigned on the basis of postmark of application and media of the artist. Interested persons should apply immediately.

Two County Residents Attend 4-H Congress

Forty-eight 4-H members from District 2 boarded a chartered bus in Lubbock and Lamesa on Monday, July 18, to attend the 1977 Texas State 4-H Congress in Corpus Christi.

Attending from Parmer County were Joan Carson, Bovina, Senior 4-H member and Gary Don Schueler of the Rhea 4-H Club.

On Tuesday, July 19, 584 4-H members from across the state registered for the four-day Congress, followed that evening by a seafood barbecue and recreation.

Theme for the Congress was "Oceans of Opportunity."

The opening assembly was held Wednesday morning with Dr. Sam Gillespie, head of the marketing department, Texas A&M, giving the keynote address, "Man and The Sea."

Following this, the delegates were given tours of the city, including Rockport; Aransas Pass; Texas A&M Advisory Center for Marine Resources; Producers Grain Port Terminal and U.S. Coast Guard Center. That evening those attend-

ing were treated to a beach party and cookout on Padre Island.

Scheduled for Thursday were several symposiums running concurrently. Subjects included: "Non-renewable Resources From The Sea"; "Maritime Careers"; "Marine Biology" and "Renewable Resources From The Sea."

Thursday afternoon the delegates participated in a variety of activities during some "free time" and that night they assembled for the Congress Ball.

The sessions were concluded on Friday with a Congress Assembly and installation of Texas 4-H Council officers for 1977-78. Delegates headed for home that afternoon.

22 Attend Breakfast

At St. Ann's

The Bovina Christian Men's Fellowship Prayer Breakfast was hosted Monday at 6:30 a.m. by Catholic laymen at St. Ann's Parish Hall.

The day started with a blessing and praise to God by J.T. Hammonds. The men shared a breakfast of bacon and eggs, hot biscuits and jelly, coffee, milk and orange juice.

Speaking to the group on "Being A 'Noisy' Christian" and using scriptural quotes was Coach Teddy Giddens of Friona. Also appreciated by the gathering was Coach Giddens' testimony of Christian activity in football. He dismissed the group with a prayer.

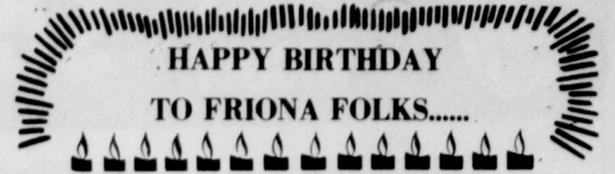

Stanley Klimek reminded the men of the next prayer breakfast at the Baptist Fellowship Hall on September 5.

Z. Villareal Is Minister Of St. Teresa's

Zeferino Villareal, 47, a resident of Bovina, was born in Rio Grande City and spent most of his childhood there and in Mission. He is preparing for ministry in his own parish of St. Ann's, Bovina, and its mission, St. Teresa's, Friona.

Villareal and his wife, Rita, have 10 children and are engaged in farm labor, the work he has done all his life.

He ministers to his community by giving marriage and baptismal instructions, distributing communion at Mass and to the sick, and by assisting at funerals and weddings. He is a Cursillista and a member of Sacred Heart Society.
