OHIO STATE

Dorm Fire Kills One, Hurts 14

COLUMBUS, Ohio (AP) — A fire officials say appeared "obviously set" killed one coed and hurt 14 others early today in a tower dormitory on the campus of Ohio State University.

The blaze broke out in an 11th floor suite of the 24-floor circular Lincoln Tower which houses 1,000 students. There were 70 coeds on the 11th floor. All suffered to some degree from smoke inhalation. The dead girl, who died in nearby University Hospital several hours after the fire of smoke inhalation, was identified as Pam Patterson, 18, Ludlow Falls. She was a freshman majoring in arts and sciences.

Nine students suffered minor injuries and were admitted for treatment, three others were treated and released, and two coeds are in critical condition.

University vice president Gordon B. Carson closed the 11th floor and said an intensive investigation was under way to determine what actually started the fire he said was "obviously set." He said the blaze definitely began in a lounge of one of the six four-bedroom suites on the floor, the central core of which is an elevator shaft.

The windows in the tower are small and sealed. Some coeds broke the windows and firemen believe some perhaps saved themselves from suffocation this way.

Carson noted a fire was set in the adjoining twin Morrill Tower last week and that the fire in Lincoln Tower today "was similar." The fire in Morrill Tower caused about \$1,000 damage but no injuries.

HemisFair Power Fails

SAN ANTONIO (AP) — Power to run the elevators failed and about 400 persons were marooned without lights or air conditioning atop HemisFair's Tower of the Americas for hours Tuesday night.

The last of the paying customers finally descended from their 622-foot high perch about 2 a.m. today in an elevator operating on emergency power.

Most of those marooned — unless they chose to descend via the winding stairs, as some did — were in the two revolving restaurants at the top.

The restaurants, of course, stopped revolving when the power went off at 9:15 p.m., but HemisFair officials were more concerned at the time about 27 persons trapped 135 feet above ground in an elevator.

One woman said she felt faint. A doctor was found on the elevator.

Candles were passed around in the gloom of the tower as the late-evening dinner crowd tried to wait out the electricians hunting the source of the power failure. Many waited, even though the air conditioning was out.

F. G. Martinez of Matamoros, Mexico, said his walk down took 45 minutes and 1,000 steps — and he wanted 50 cents of his \$1 tower admission refunded.

A spokesman for the City Public Service Board said the failure was traced to an improper ground just 10 feet beneath the lowest level of the tower top. The trouble was inside the structure's massive stem and involved carbon that collected around a line, cutting off the ground.

Transport Plane Falls

CONCORD, Mass. (AP) — An Air Force C54 military and cargo and passenger plane crashed and burned just short of a Hanscom AFB runway today.

Three men aboard, believed the crew, walked out of the wreckage, apparently having escaped serious injury, Hanscom officials said.

A spokesman at Andrews Air Force Base, Md., the suburban Washington, D.C. origin of the flight, said four men were aboard the plane. They are members of the 1001st Airbase Wing. Names were not available immediately.

No body was found and a search was being made of the surrounding wooded area.

The propeller-driven plane, with one wing and two of its engines ablaze, ripped into a swampy area before skidding into nearby woods about 500 feet from a clearing which leads to the base runway.

All that remained of the plane was debris. Flames sputtered from the wreckage, which was scattered in woods about a half mile from a Hanscom runway.

Water Hearing Set

AUSTIN (AP) — The State Supreme Court agreed today to consider a case involving the creation of a South Plains underground water district that was rejected by a majority of the voters.

A June 19 hearing was set in a case filed by C. R. Shaddix and three other Gaines County residents who opposed formation of South Plains Underground Water Conservation District No. 4.

The Texas Water Rights Commission authorized a reelection on creation of a district including parts of Gaines, Andrews, Dawson, Lynn, Terry and Yoakum counties.

PAUL MEEK ADVANCED TO PRESIDENCY OF LOCAL COMPANY

Tollett Leaves Cosden Post Change Already Made Effective

200 Campers Are Expelled

PAUL MEEK, R. L. TOLLETT
New Cosden president and predecessor

Raymond L. Tollett, whose 28-year tenure with Cosden has marked the period of its great growth, announced today his immediate retirement as president of Cosden Oil & Chemical Company.

He is being succeeded as chief executive by Paul D. Meek, who has been vice president-chemicals.

The change has taken place upon action of a meeting of the board of directors.

TO REMAIN HERE
It was Tollett's decision to take an early retirement from the firm he built from a struggling inland refinery into one of the nation's major processors of oil products and petrochemicals.

He said he plans to remain in Big Spring and will continue active in his own business affairs and hope to be of more service to the community I love."

Meek said the change is only at the top executive position,

and that no further changes are immediately foreseen. "Cosden has never been in better operating position," he said, "and it is my sincere desire to keep it that way, with the assistance of the many tried and true executives and workers associated with the company."

28TH ANNIVERSARY

In taking early retirement, Tollett is stepping down almost on the eve of his 28th anniversary as president of Cosden. He had come to the old Cosden Petroleum Corporation July 18, 1939, as secretary-treasurer and was elected president the following June 18.

At that time company offices were in Fort Worth, and Tollett made the decision to merge the executive departments with the refinery operation in Big Spring, and from then on the firm became almost synonymous with the name of the town.

PETROFINA

Upon the acquisition of Cosden Petroleum assets by American Petrofina, Inc. in 1963, Tollett became president and chief executive officer of Cosden Oil & Chemical Company, a wholly-owned subsidiary of American Petrofina.

Meek has been with Cosden since November, 1955, joining the company as process engineer and subsequently heading the process design group. In 1960 he became manager of the chemical department, and in October, 1962, was elected vice president-chemicals. His election to the Cosden directorate came in October, 1965.

MEMBERSHIPS

A native of McAllen, Meek holds the BS degree in chemical engineering from the University of Texas, Austin. He is a registered Professional Engineer in Texas and is on the State of Texas Engineering Study Committee. He is a past director of the Texas Chemical Council. His memberships include the American Petroleum Institute, the American Institute of Chemical Engineers, Manufacturing Chemists Association, American Chemical Society, and the American Institute of Chemists.

CIVIC WORK

Active in civic affairs, Meek is a director of the Big Spring Chamber of Commerce and is chairman of its community planning committee. He holds directorships in the Big Spring and Cosden Country Clubs, is a member of the American Business Club and the Air Force Association, and is immediate past president of the Big Spring club of University of Texas Ex-Students.

Meek and his wife, Betty, have four daughters ranging in age from 13 to five years. They reside at 2801 Crestline.

Nationally known in petroleum circles, Tollett has for many years served in the directorate of the American Petroleum Institute, the National Petroleum Refiners Association, and the Mid-Continent Oil & Gas Association. He is a member of the 29-Year Club of the Petroleum Industry. He was admitted to the Texas State Bar in 1932, and has also been admitted to practice before the U.S. Supreme Court. He is affiliated with the Texas Society and the American Institute of Certified Public Accountants.

CITY LEADERSHIP

Tollett's mark has been felt impressively on virtually every (See TOLLETT, P. 4-A, C. 1)

WASHINGTON (AP) — An official of the Poor Peoples' Campaign said today about 200 demonstrators at Resurrection City, U.S.A., had been sent home because of disciplinary problems.

MORALS PROBLEM

"They couldn't get along with whites," Bevel said. "There was a lot of cussing and swearing. You might say they had morals and morals problems."

Bevel said five busloads of demonstrators left Tuesday night and today. SCLC officials said earlier only 47 youths had been ordered to leave because of violating camp rules and stirring up trouble.

But the departure of the demonstrators was more than offset by the arrival today of a 400-person contingent from the South.

The new arrivals, who had made their way by bus through Alabama, Mississippi, Georgia, North and South Carolina and Virginia, walked the last mile across the Potomac River to the campaign shanty-town camp.

They shantied in the area last Sunday but have been staying in churches in Northern Virginia until shelter was ready for them at the camp site.

Bevel said the camp is now nearly filled and groups of Puerto Ricans and Mexicans still are expected.

SUICIDAL

Meanwhile, the campaign leader, the Rev. Ralph David Abernathy, told a group called Business Executives Move for Vietnam Peace, "It is suicidal" for any nation to develop a people who do not feel that they have a stake in that society . . . for any nation that does this is on its way to doom."

"Those people will destroy

that nation even though they destroy themselves in the process," Abernathy said.

Dressed in his blue denim jacket and pants and speaking in a low voice, Abernathy told the group, "There's a fierce wind blowing in this universe today. It is blowing with hurricane force and is blowing down old systems . . . it is bringing into being a new age."

Abernathy said Congress will not move to end poverty in America "until you move and until people like you all over this country move."

Abernathy was warmly greeted and given a standing ovation at the meeting that followed by a day the campaign's long-awaited first large-scale confrontation with Congress. The demonstration turned out to be quiet, orderly and a lot milder than many on both sides had predicted.

N. Viet Envoy Suggests Paris Peace Talks May Fail

PARIS (AP) — In a sharp exchange of arguments, North Vietnam's envoy raised the possibility today that the Paris peace talks might fail and told U.S. Ambassador W. Averell Harriman the United States would bear "the full and entire responsibility."

Harriman, in talking with reporters after the formal meeting, accused North Vietnam of using the talks to "make a propaganda impression on the world."

DISGUSTED

"A lot of people are getting disgusted with these allegations (about the war in Vietnam) which have no basis in fact whatever," he said.

A North Vietnamese spokesman said that during the fourth session, which lasted about three hours, Xuan Thuy told Harriman "in the event these official conversations do not conclude with result, the American side must bear full and entire responsibility."

The spokesman also quoted Thuy as telling Harriman that thousands of Americans, and "progressive opinion" around the world, demand that he change his attitude. Thuy denounced what he called "the obstinateness and the lack of seriousness of the American side."

The meeting was the fourth in the series which began 10 days ago. The next meeting will not be held until Monday morning, an interlude of four days—the longest yet.

Harriman told reporters he had suggested that "we abandon the practice of going out with (public) statements so that we can make some progress with discussions across the table."

But he said he thought the North Vietnamese would not go along, and if they did not the United States delegation would

then report publicly what Harriman said.

Within a few minutes the North Vietnamese spokesman began reporting Thuy's comments and the press office gave out his 2,500-word statement in a French text.

Arguing as much for the world gallery as for their adversary, the two envoys have re-

peated their governments' justification for involvement in the war and have traded accusations of responsibility for the conflict.

Despite the obvious deadlock, neither party has shown any willingness to break off the talks.

Tuesday while the talks were in recess, the North Vietnamese

held out the promise that larger questions would be taken up if the United States stopped bombing the North. Spokesman Nguyen Thanh Le said his delegation would be willing to begin "conversations on questions relative to a political settlement of the Vietnam problem on the basis of the 1954 Geneva accords" should the United States stop the bombing.

William J. Jordan, the spokesman for the American delegation, said he didn't remember Hanoi's "ever having said that before" but added that he didn't see in it "a new formulation" of the North Vietnamese position.

LONG WAY OFF

A political settlement seems a long way off.

"There has been no movement," one diplomat said.

He added that the deadlock at this early stage was entirely anticipated. He would not say when he thought there might be some progress.

SIMILAR

The situation was similar in Bordeaux, Brest, Clermont-Ferrand, Lille, Lyon, Marseille, Poitiers, Rennes and Toulouse.

Meanwhile, deputies in the National Assembly bogged down Tuesday in a discussion of technicalities of the French education system and which party has done the most to advance it. This postponed the vote on the censure motion at least until late tonight.

The debate continued today on the opposition motion accusing the government of refusing to deal effectively with the demands of students, workers, teachers and farmers. But it appeared certain that the anti-Gaullists would be unable to muster the necessary 24 votes, for Jacques Duhamel, leader of a key bloc of 42 centrist deputies, said in effect he would side with the president.

Most of France's major indus-

tries, transport and public services were idle. But electricity and gas were still being supplied, and telephones and telegraph were operating.

For the Parisian, the strike meant no banks open, huge piles of garbage in the streets, no public transportation, no mail, little commercial entertainment, and lineups for food and gasoline.

Pompidou pleaded for a show of confidence from the assembly to maintain the government's authority as some eight million Frenchmen were on strike and the economic paralysis gripping the nation was tightening. He spoke in debate on a motion of censure against the government.

President Charles de Gaulle's regime appeared certain to defeat the censure motion, due to come up for a vote tonight. But the strike crisis, smothering activity in city after city, showed no sign of abating.

More than two million workers joined the strike Tuesday, bringing the number in revolt against the government to more than eight million — about half the nation's work force. The strike even hit Les Halles, the capital's central food market, where fruit and vegetable workers went on a 24-hour warning walkout.

PLAGUED PLANES ARE GROUNDED

Plagued Planes Are Grounded

WASHINGTON (AP) — The Air Force has grounded 42 of its F111A fighter-bombers, including five on duty in Thailand, until a defective part is repaired.

But they all are expected to be airborne again sometime next month.

The plane, a product of \$5.3 billion worth of research and development during the controversial six-year TFX program, has been plagued by troubles.

Three F111As were lost while flying Vietnam war combat missions out of their Thailand base.

Another one crashed May 8 near Nellis Air Force Base, Nev. Following that accident the Air Force restricted all flights of the swing-wing planes.

The Air Force said Tuesday the Nevada crash probably was caused by a defective valve in a system concerned with the horizontal stabilizer.

Twelve early models which did not contain the defective part have not been grounded.

Police Called In To Clear Columbia Of Demonstrators

NEW YORK (AP) — Police cleared a barricaded building and arrested 131 demonstrators without incident at Columbia University early today, but in the hour before dawn the troubled Ivy League campus erupted again in violence.

When it had subsided, 43 more persons had been arrested and about 60 — including 16 policemen — had been injured.

25,000 ENROLLED

Columbia, a venerable, 214-year-old institution atop Morningside Heights in upper Manhattan, has 25,000 students, including those in its affiliated colleges and schools.

Columbia President Grayson Kirk had summoned police to "clear the area" after small fires broke out in dormitories

and shouting students defied orders to return to the dorms.

At 4:25 a.m., a thousand police rushed across the campus. They were met head-on by a wave of students who answered a call: "To the barricades!"

A stone flew, striking a policeman in the face. He bled profusely. Police surged into the students, nightsticks flailing, and blood was drawn on both sides.

The storm had begun building late Tuesday, one month after several hundred demonstrators led, among others, by the radical Students for a Democratic Society began a siege that eventually led to temporary control of campus buildings.

The campus demonstration which began April 23, grew out

of student opposition to what the SDS described as the university's aid to the war effort, to a proposed Columbia gymnasium in a park separating the campus from Harlem, and to university disciplinary procedures.

Work on the gym was suspended. The students then demanded amnesty from disciplinary procedures, refusing to budge from the five buildings they held—until, in the predawn hours of April 30—city policemen routed them in a violent confrontation that left 150 injured.

Student strike committees were organized, demands grew for an entire restructuring of the university, with greater student-faculty participation in decisions.

Bullets Headache Patient Improves

SAN FRANCISCO (AP) — Dr. Ralph B. Williams, Alaska state bacteriologist may be released from a hospital within two weeks with five bullets in his head.

Dr. Dudley J. Fournier said Williams, beaten in a mugging and then shot as he lay unconscious on a street the night of May 12, is walking around his room "looking better and better."

Williams, 57, was unaware he was shot until he went to Fournier the next afternoon complaining of a nagging headache. X-rays disclosed the bullets in his head.

Fournier earlier had said the bullets would be sealed off by healing of the wounds and that it would be better not to attempt surgery unless it was required.

Egging Them On

Sympathizers of student demonstrators who seized Hamilton Hall try to shield themselves from eggs thrown by hecklers outside the Columbia University building early this morning

In New York, the demonstrators, who had seized the building last night, were removed from Hamilton Hall by New York City Police.

Operation Hello Breaks Barrier

By DON REEDER
Associated Press Writer

KANSAS CITY (AP) — "Hello, I'm Ted Otteson, and I'm white. Jim Wilson gave me your name, and I'm just calling to say hello."

The man on the other end of the line was a Negro. Kansas City was undergoing the worst racial disturbance in its history, and a friendly call from a white man he didn't even know was just about the last thing he had expected.

BEGINNING
"Well, hello!" he finally managed to say. "It's nice to hear from you."
That was the beginning last month of Operation Hello—a practically spontaneous effort by whites and Negroes of Kansas City to break through an invisible barrier.

The objective: Help members of both races do something so simple and yet so difficult—just talk to each other.
The method: Conduct a sort of chain letter by telephone. People call members of another race, mention the name of a mutual acquaintance and exchange names of friends to call.

DESTRUCTION
Otteson, a slim, 43-year-old counselor with the Neighborhood Youth Corps, told how the idea came to him during racial troubles last month in which six Kansas City Negroes died and

nearly \$1 million in property was destroyed by fire.
"I just got to thinking there must be something ordinary people could do to keep this from happening again," the India-born son of missionary parents said softly.

Kansas City's shooting and burning ended in a few days, but Operation Hello is still snowballing along. Otteson said he has no idea how many people are involved, but already several hundred whites and Negroes have made thousands of calls.

Wilbur Goodseal, 38, a Negro speech consultant with the city school board, reported surprise seems to be the initial reaction of whites he has telephoned in Operation Hello.

SILENCE
"You get a slight silence at first," he said. "Then they become quite enthusiastic and eager to discuss things."

"People on both sides need reassurance that there are people concerned about their welfare. Whites are learning Negroes are just as worried about the violence going on as they are."

Goodseal added the telephone talks could lead to personal meetings between whites and Negroes who ordinarily might have little if any contact with each other.
"It's a very warm, friendly thing," Mrs. Otteson said, "but very difficult to describe unless you've tried it."

Controversial FDA Director Goddard Quits

WASHINGTON (AP) — Dr. James L. Goddard, often-controversial director of federal food and drug control, is resigning at a time insiders consider critical for a series of innovative new programs he has launched.

One such program is unprecedented tests on humans to see whether generic drugs—those identified by chemical names—perform the same as their more expensive brand-name counterparts.

Sources say the program could lead to requiring manufacturers of generic drugs to prove through such tests that their products match the performance of approved drugs.

Goddard, who in 2½ years changed the Food and Drug Administration from a little-known agency to a much-publicized one, is leaving to join EDP Technology Inc., a data processing and information firm, in Atlanta.

The 45-year-old physician, a career Public Health Service officer, is known to have become exhausted by the demands of the job. And he is said to have liked Atlanta, where he served as head of the health service's Communicable Disease Center before becoming FDA commissioner in January, 1966.

Combat Vet Named Vietnam Air Chief

WASHINGTON (AP) — Lt. Gen. George S. Brown is being plucked from the clustered offices of the Joint Chiefs of Staff to run the U.S. air war in Vietnam.

Brown, 49, will bring to his new command in Saigon a clear knowledge of the innermost discussions and thinking of the nation's top military leaders and of the civilians who make the final policies.

Brown is equipped as are few other senior officers to understand the way power operates at the highest levels of government.

DECORATED
The handsome, heavily decorated World War II combat veteran has served as military assistant to two secretaries of defense and currently is the principal assistant and adviser to Chairman Earle G. Wheeler of the Joint Chiefs of Staff.

Brown, a native of Montclair, N.J., will take over as commander of the 7th Air Force on Aug. 1.
That's the 25th anniversary of the day when his bomber group,

LT. GEN. GEORGE BROWN

flying B24 Liberators, struck Ploesti, Romania, at low level in one of the most famous and costly U.S. raids of World War II.

Rising to the rank of full general, Brown will succeed Gen. William W. Mommy, who is returning after two years in command of the 7th Air Force to take over as chief of the Tactical Air Command, Langley Air Force Base, Va.
The command changes were

included among a long list of shifts and retirements announced by the White House late Tuesday. They affected 36 generals and admirals, mostly Air Force generals.

NEGRO SELECTED
Sources said the changes did not involve any war policy developments, but rather represented a periodic shuffling of billets.

The White House announcement also disclosed that Lt. Gen. Benjamin O. Davis Jr., highest-ranking Negro in the armed forces, will become deputy commander in chief of the U.S. Strike Command, which has responsibility for dealing with crises in Africa, the Middle East and Southeast Asia. Davis has been commander of the 13th Air Force headquartered in the Philippines.

President Johnson nominated his pilot, Col. James U. Cross, 43, for promotion to brigadier general. Cross, who will leave the White House in June for another assignment, has been a colonel only since last May.

Deadly Outing

AUSTIN (AP)—Lupe Pena, 18, drowned Monday night during an outing with his wife at Barton Springs in Austin's Zilker Park. The Pena home is on Rt. 1, Del Valle, near Austin.

Big Spring Police List 77 Accidents

Damage to vehicles involved in 77 accidents in April totaled \$26,482, according to a report issued by the Big Spring Police Department.

This figure is down approximately \$7,000 from March's total, when \$3,080 worth of damage was done in 94 accidents.

MEN IN SERVICE

2nd Lt. Roger A. Hubbard, son of Mr. and Mrs. Balfour S. Hubbard Jr., of 2206 Nolan St., Big Spring, has entered U. S. Air Force pilot training at Reese AFB, Tex. Lt. Hubbard will fly the newest Air Force jet trainers and receive special academic and military training during the year-long course. He will be awarded silver pilot wings upon completion of the Air Training Command flying program.

The lieutenant was commissioned in March upon completion of Officers Training School at Lackland AFB. A 1961 graduate of Big Spring High School, he received his A.A. degree in 1963 from Howard County Junior College and his B.B.A. and M.B.A. degrees from Texas Technological College.

His wife, Lorna, is the daughter of Mr. and Mrs. J. F. Frazier.

guson, 109 N. 24th St., Lamesa. Army Private Frank W. Conrad II, 20, son of Mr. and Mrs. Frank W. Conrad, 1436 Austin St., Colorado City, received a Parachutist Badge May 2 upon completion of the Infantry School's three-week airborne course at Ft. Benning, Ga. His training, which included five jumps from a C-130 airplane flying 170 miles an hour at an altitude of 1,250 feet, qualified him as a parachutist. He also underwent strenuous physical conditioning.

Maj. Richard C. Zeek, son of Mr. and Mrs. Richard C. Zeek, Rt. B, Lamesa, has been recognized for helping his organization earn the U. S. Air Force Outstanding Unit Award.

A pilot at Rhein-Main AB, Germany, in a unit of the Military Airlift Command's 322nd Air Division, he will wear the distinctive service ribbon as a permanent decoration.

During this period the air division participated in Pathfinder Express, an airborne training exercise which took place in Spain, with Spanish paratroopers participating. The exercise was called the most successful operation of its kind ever held by U. S. forces in Europe. The 322nd also aided in the evacuation of dependents and non-combatants from areas of the Mediterranean threatened by the outbreak of hostilities in the Middle East.

The major, a graduate of Lamesa High School, received his B.S.E.E. degree from Texas

Technological College, where he was commissioned in 1955 upon completion of the Air Force Reserve Officers Training Corps program.

Army Pfc. Melvin Johnson, 20, son of Mr. and Mrs. Will Johnson, 707 Wyoming St., Big Spring, received a Parachutist Badge April 25 upon completion of the Infantry School's three-week airborne course at Ft. Benning, Ga. His training, which included five jumps from a C-130 airplane flying 170 miles an hour at an altitude of 1,250 feet, qualified him as a parachutist. He also underwent strenuous physical conditioning.

S. Sgt. Robert L. Fischer is on duty at Cam Ranh Bay AB, Vietnam. A security policeman, he is a member of the Pacific Air Forces.

Before his arrival in Vietnam, he was assigned to Webb AFB. His wife, Zeldia, is the daughter of Mrs. Virginia Clark, Southland Apartments, Big Spring.

S. M. Sgt. Bruce L. Hogue, son of Mr. and Mrs. Emmett L. Hogue, Rt. 2, Big Spring, has received his second award of the U. S. Air Force Commendation Medal at Phan Rang AB, Vietnam. A heating superintendent, he was decorated for meritorious service at March AFB, Calif. He is now at Phan Rang in a unit of the Pacific Air Forces.

The sergeant attended Big Spring High School and completed requirements for his diploma after entering the Air Force. He served in the Asiatic-Pacific Theater of Operations during World War II.

His wife, Lena, is the daughter of Mr. and Mrs. J. N. Brunson Sr., 310 San Antonio St., Big Spring.

SAN ANGELO — Lance Corporal Horace W. Clark, who has been stationed for the past 13 months with the United States Marine Corps, Company B, 7th Engineers, in Vietnam, will return to San Angelo on or about June 11.

Horace was married just prior to his Vietnam assignment in the West Texas Boys Ranch Chapel and his wife, Tena, now lives in San Angelo. She will accompany him to his next station in North Carolina. The Ranch was home to Horace for eight years, and he served as mayor of the Ranch, member of the student council, was active in school affairs and was an Honor Privilege Citizen.

BELLEVILLE, Ill.—U. S. Air Force Maj. Don S. Spencer, son of Mr. and Mrs. Tom Spencer, Route 3, Comanche, and brother of Neil Spencer, Gail Route, has been instrumental in planning for the operation of the Air Force's first jet flying hospital, the C-9A.

Maj. Spencer serves as T-39 Sabreliner flight training instructor in the 375th Aeromedical Military Airlift Wing at Scott AFB, Ill., which is slated to receive the C-9A in August.

A graduate of Big Spring High School, he received his bachelor of science degree from Texas Technological College, Lubbock, where he was commissioned in 1953 upon completion of the Air Force Reserve Officers Training Corps program.

The major's wife, Barbara, is the daughter of Mr. and Mrs. Russel Bryant of Eden, N. C.

Art Officers Are Elected

About 20 members and guests of the Big Spring Art Association heard a talk Tuesday night in the Daryle Hohertz home by Mrs. Charles C. Haltom on methods and materials required in taking brass rubbings. Mrs. Haltom spent three years in England with her husband, Lt. Col. Haltom, where she learned the skill and collected about 300 of the rubbings.

She showed several examples of her work, including some seven-foot rubbings, gold on black paper, depicting 12th and 13th century crusaders in full military dress—chain mail, swords, daggers, shields, spurs and other equipment. Several of the knights also had brasses made commemorating their two or three wives. The brasses involved intricate designs and linework, showing elaborate dresses of embroidered brocade, jewelry and hair styles.

A slate of officers for the 1968-69 club year was elected. Officers to be installed in September, when the club resumes activities, include Mrs. Paul Bruns, president; Mrs. Hohertz, first vice president; Mrs. J. H. Holloway, second vice president; Mrs. W. H. Crenshaw, secretary; Mrs. Frank Hartley, treasurer; and Mrs. Bill Unger, reporter.

Nine Flips Fatal

The Unbeatables prove:
If you can afford a Ford, you can afford a Chrysler.

Chrysler Newport now priced about \$3.78 a month more than Ford LTD*

Chrysler Newport now priced about \$3.78 a month more than a Ford LTD* (which is still a Ford, a high-price, low-price car). Chrysler Newport now priced about \$2.29 a month more than a Chevy Caprice* (which is still a Chevy, a high-price, low-price car). That little more now moves you up into a big, full-size, almost shamefully elegant Chrysler — and that's an unbeatable deal. Afford a Chrysler? The way we're dealing, can you afford to pass it up?

*Based on comparison of manufacturer's suggested retail prices for Chrysler Newport, Ford LTD and Chevrolet Caprice 3-dr. hardtops, comparably equipped with 3-speed automatic transmission, power brakes, power steering, radio, white side-wall tires, wheel covers. Comparisons are based on one-third down, 36-monthly payments excluding other optional equipment, destination charges, state and local taxes, interest, insurance and licensing fees.

Smith Calls Yarborough 'Radical Opportunist'

By The Associated Press

Lt. Gov. Preston Smith called Yarborough a radical opportunist and accused Smith of uttering wild charges Tuesday in their steamy word battle over the Democratic nomination for governor.

Smith sought to drum up voter support in the June 1 primary election by stumping coastal areas where his opponent is generally conceded strong labor support.

Yarborough voiced appeals for backing calculated to influence business leaders and others in the Dallas-Fort Worth area.

... a radical placed in the race and supported financially by the big Eastern labor bosses.

Yarborough, in turn, asserted that Smith was "making wild charges because he knows his campaign is falling apart." The Houston candidate also said that he opposes a state personal or corporate income tax and a broadened sales tax, and that he will not seek repeal of the state's so-called right-to-work law.

Smith once more called attention to his 18 years in state government and, referring to Yarborough, said, "Don't be fooled by a man who claims to be a leader just because he runs for political office every two years and loses. That's not most Texans' idea of leadership."

SUNSHINE LEADER
Observing that Yarborough has backed assorted liberal programs while campaigning

for office during the past eight years, the lieutenant governor said, "But I have never seen him up before the Legislature to testify on behalf of the matters he talked about."

"I know what it is to fight for what you believe in. My opponent seems to be the kind of a sunshine leader who talks a good fight when the spotlight is on him but drops out of the ranks when the real fight starts."

Smith was invited to comment at a news conference on Yarborough's criticism of auto insurance rates as too high. He

replied that Texas needs to reduce its auto accident rate and enforce its liquor laws if insurance charges are to be lowered.

'CALM DOWN'
Yarborough said in Dallas that Smith should "calm down and discuss the issues in the campaign. . . Each day my opponent's campaign slips another notch in dignity and comprehension."

In talking to newsmen at Fort Worth, Yarborough voiced opposition to an income tax and said he likewise opposes the cancellation of sales tax exemptions for food and medicine "as my opponent has repeatedly done."

Concerning the "right-to-work" statute forbidding union membership to be required as a condition for employment, Yarborough said, "I am not going to have anything to do with changing it. I won't tilt with windmills. I have more important things to do. This is primarily a federal issue."

The Houston candidate expressed himself at another point as favoring a state anti-poverty program through which dropouts would be encouraged to re-enter school. He said this would tend to reduce teenage crime.

Three Pen Bound

Three men were on their way to Huntsville Tuesday to begin serving prison terms. All were consigned after their probationary terms were revoked in 118th District Court.

Due to begin three years were Tony V. Bustamante, 20, and James Harold Condit, 37, while Fred Hinojos was due to begin serving a four-year term, said Sheriff A. N. Standard.

The bidding:
North East South West
1♥ Pass 2♦ Pass
3♦ Pass 4♠ Pass
4NT Pass 5♥ Pass
6♦ Pass Pass Pass

Opening lead: Seven of ♠
East delivered a knockout blow to South's vulnerable six diamond contract by grasping the slight prospect that was available to him at the outset.

The bidding was eminently sound. When South's two diamond response received an immediate raise, the latter felt warranted in making a slam try since he had a sound opening bid himself. His attempt took the form of a cue bid in clubs for, if North merely returned to four diamonds, it was his intention to settle for game.

North held the key ingredients for a slam effort—a virtually solid suit, good trumps, and second round

control of the unbid suit, spades. He decided to use Blackwood as a check, and finding that the partnership was not missing two aces, he proceeded to six diamonds.

West opened the seven of spades and East topped dummy's queen with the ace. The outlook for the defense was exceedingly dim for, it was quite clear from South's response to the Blackwood inquiry that he held both missing aces, and after drawing trump he would shortly be in position to run the dummy's heart suit.

The only slim chance rested in West's holding a heart stopper, in which case East might prevent the run of the suit by forcing North's trump holding early. So reasoning, East continued with a small spade at trick two and dummy was obliged to trump with the five of diamonds.

Declarer drew trump in three rounds and then tried to run the hearts. When East showed out on the second lead, West was revealed to have a stopper in the suit. South attempted the club finesse next and when this failed, the slam was defeated.

If East had failed to continue the spades when he was in, declarer could have drawn trump, established the hearts by trumping away West's jack and then re-entered the North hand by ruffing a spade to discard his remaining losers on the long hearts.

Flynt Accepts Post At Tilden

FORSAN — Darrell Flynt, superintendent of Forsan Schools for the past three years, has accepted a post as superintendent of schools of McMullen County. The schools there are operated at Tilden.

The schools there are comparable to the Forsan district in the number of scholastics and in the total valuations of \$17,000,000 on the tax roll.

Flynt said that he hoped to be able to take over his new duties as soon as he can close out his work at Forsan. Herbert Smith, now superintendent at Van Horn, came here during the past weekend so Flynt could go over the budget with him and brief him on operational matters.

In all, Flynt has been with the Forsan system seven years, the first four as a teacher and principal. During his tenure as superintendent here, the district's extensive capital improvements program has been accomplished, including a new elementary school at Elbow, a new auditorium, vocational quarters and other additions at Forsan School.

Pan Am College Plans Outlined

EDINBURG, Tex. (AP)—New construction amounting to \$5.5 million will be started on the Pan American College campus during 1968, college officials announced.

Regent John Jones of La Feria outlined plans for three new buildings and a \$750,000 addition to the library.

Among new buildings planned are a Fine Arts center and a health and physical education complex.

BANK ROBBERY HERE

Prison Terms Given

ABILENE — The two men who planned and staged a \$12,000 Big Spring bank robbery Dec. 12, 1967, were given a total of 40 years in prison sentences Tuesday afternoon in Abilene federal court.

witness Monday and testified against Morrison after pleading guilty to entering State National Bank at Big Spring, taking \$12,000, and briefly holding president Robert William Currie hostage.

UNDERNEATH A STORE, TOO!

Well Back Into Action

Anybody wanna buy an old water well

Big Spring Furniture would like to get rid of one—although it's not going to be very easy.

Presumably triggered by the heavy rains of a couple of weeks ago, an old underground well, beneath the basement of the furniture store at 110 Main, was re-activated and began busily flowing water at the rate of about eight gallons per minute.

The water is good, clear spring water, fresh and sweet-smelling. However, it is presenting several problems.

For one thing, according to Frank Gibson and Carroll Cone, who work at the store, it is flooding the basement, which is acquiring a peculiarly musty smell.

Meanwhile, back in the basement, the pump clicks on every 15 minutes.

What are they going to do about it, Cone was asked. "Oh, well," he replied, with a shrug of his shoulders.

(Photo by Frank Brandon)

Home In C-City To Be Dedicated

COLORADO CITY (SC)—The D. N. Arnett home, built in 1899, will receive a historical marker at 3 p.m. Sunday.

The D. N. Arnetts were pioneer cattlemen in Coke and Mitchell counties, moving to a home on Yellow Wolf Creek in Coke County in 1880 and to Seven Wells in Mitchell County in 1884.

They later purchased the home at 605 Chestnut in 1912. After Arnett's death in 1934, his daughter, Mrs. J. G. Merritt, her husband and family, lived there and his grandson, Ford Merritt and Mrs. Merritt live there now.

Mrs. Witt Hines, Mitchell County historical chairman, will speak at the dedication.

Forecasters Hint Scattered Storms

By The Associated Press

Although Texas' restive weather quieted overnight, at least a scattering of new storms appeared almost certain by this evening.

Still promising trouble for northern areas of the state was a front stalled along a line linking Shreveport, La., Wichita Falls, Amarillo and Trinidad, Colo.

There already was a good bit of fog and scattered drizzle across the Texas Panhandle this morning and visibility

dropped to zero at Dalhart.

Clouds thickened across central sections of the state as south winds fanned humid air aloft to overrun the weather front.

Forecasters promised widely scattered thunderstorms across Northwest Texas by late in the day and held out a possibility of thundershowers over the north parts of North Central and Northeast Texas.

It was expected to stay rather warm in all areas.

A few showers occurred over the Panhandle and along the Red River Tuesday, with moisture amounts ranging up to .95 inch at Wichita Falls.

Threats of turbulence waned, however, and a thunderstorm watch for most of the Panhandle and adjacent parts of West and Northwest Texas were cancelled.

The mercury climbed to 100 degrees at Presidio in far West Texas Tuesday afternoon despite 38 inch of rain there. Wink recorded 99 degrees and El Paso and Van Horn both registered 95. Readings of 62 degrees at Perrin Air Force Base near Denison and Sherman, and 63 at Amarillo were the state's coolest.

Presbyterians Booze Stand To Stir Battle

FORT WORTH (AP)—A jostling members of the 600 Presbyterian ministers and laymen of the Texas synod over a proposal to modify their church's stand on drinking.

Delegates said a committee will call on the church delegates to delete the words "thou shalt not" from the denomination's present inflexible stand on the question. They said such a step would make the issue one of "responsible personal decision."

A minority report from the same committee opposing the recommendation also was pronounced.

Among reasons given by ma-

ny, "Young people who see such a law readily broken by adults don't respect other laws."

"The stand creates guilt, furnishes a target for those who are not drinkers."

"Laws against drinking are products of culture, not teachings of Scripture."

While emphasizing the dangers of alcoholism and reaffirming the church's opposition to drinking, the report states, "Nevertheless, a Christian may make a personal decision to drink alcoholic beverages in moderation, regarding them as one of the pleasures of life given by God in his creation."

Delegates also will be asked to approve a resolution supporting physical or mental health of a mother is endangered when there is risk that the child will be born with mental or physical defects or when the pregnancy results from rape or incest.

Several electric guitars and two short wave radios were taken from Anderson Music Co., 113 Main, Tuesday night, police said.

An officer on routine patrol noticed that the rear door of the building had been kicked in. He summoned other officers, who searched the building but could find no one.

He was too sick to preach that day.

PARIS, Tex. (AP)—The Rev. T. E. Walton noted his 36th anniversary as pastor of little Oak Hill Baptist Church at Arthur City in May. The veteran Lamar County pastor has missed only one service in the past 36 years.

He was too sick to preach that day.

CALLS FOR INCOME TAX INCREASE

Rocky Tackles Economic Ills

DETROIT (AP) — Gov. Nelson A. Rockefeller, stepping up his bid for the Republican presidential nomination, called today for a temporary income tax increase and for a halt in "the habitual rise in public spending," and proposed other measures for dealing with the country's economic ills.

He made the proposals in a speech prepared for delivery at the Economic Club of Detroit.

INFLATION

The New York governor charged the Johnson administration with "grave failures in leadership" in not seeking a tax increase in 1965—to accompany the increased Vietnam war effort and the launching of the war on poverty—to stem growing inflation.

"The final result," Rockefeller asserted, "is the inflation now endangering the economic gains and hopes of our people—and the worldwide financial structure."

Rockefeller arrived in Detroit Tuesday to seek Michigan delegate support for his presidential bid. Accompanied by his wife, Happy, the governor dined Tuesday night with Henry Ford II in what Rockefeller described as a "purely social" visit with an old friend.

CHECK SPENDING

Besides urging a check on federal spending in today's speech, Rockefeller outlined four other proposals designed to "restore confidence in our dollar and check our inflation."

—Enactment of a "temporary increase in income taxes at least as large as the 10 per cent across-the-board surcharge suggested by the administration." He said: "This—combined with restraint on spending—could cut the deficit from \$20-billion plus to a "manageable \$5.8-billion."

—Reassess U.S. financial commitments around the world. "We can find ways to afford what we must do. But the record of our balance of payments deficits—shows that we cannot do all we might like. Here, too, we must set firm priorities," he said.

—Avoid further domestic and international trade controls and restrictions and work to eliminate existing controls.

—Provide tax incentives to attract private capital into urban redevelopment "where public capital alone cannot possibly carry the burden."

FULL OUTPUT

Rockefeller said the inflation rate began to climb markedly in 1965 because "our government chose to ignore the most fundamental facts of economics: Any major war moves the economy toward its full capacity—and beyond it civilian buying power is not curtailed by a tax increase."

"In 1965," he continued, "the escalation of the war in Vietnam moved the economy almost immediately into full output. In that same year the administration launched its war on poverty."

Expenditures on the war in Vietnam have gone toward \$30 billion a year. Expenditures on the war on poverty have gone to nearly \$28 billion—about triple the figure for 1960."

PERILS

To deal with "the perils of inflation," Rockefeller said, "we

have to be compassionate and purposeful. We have to care about the poor and the rebuilding of our cities. And we have to care enough to make the sacrifices that alone can end the despair and division that we see

all around us."

But, he added: "We must—at the same time—be rational and disciplined in all economic decisions before us. We cannot at every instance give every group everything it wants."

Forsan Seniors Pay Honor To Classmate

FORSAN — There will be an empty chair Friday at 8 p.m. when Forsan High School seniors file in and take their seats for their graduation.

It was to have been for Mike O'Brien, who planned to receive his diploma in absentia. But Mike, son of Mrs. Betty A. O'Brien, gave his life on the field of battle May 1 at Quang Tri, Vietnam. He had enlisted in the U.S. Marines in May, 1967, but afterwards he took special courses in the service and satisfied requirements for graduation. Last December he wrote his classmates that he wanted to be graduated with them. Seniors made a tape in which each member had greetings for Mike and sent it to him. So, Friday, his diploma will be presented posthumously.

At the ceremonies in the high school auditorium, four seniors will speak on the theme of

"Confidence in an Age of Crisis." Diana Rodman, salutatorian, will speak on "America's Dream is Clouded"; Gary Goodwin will speak on "America's Heartstone is Shaken"; Steve Park, highest ranking boy, will speak on "America's Hope is Renewed"; and Daryl Ann Dunagan, valedictorian, will speak on "I Reshape America."

Awards and scholarships will be announced by Walter Black, high school principal, while Bill Kuykendall will make the Forsan Service Club awards. Presentation of the diplomas will be by Ross Callihan, vice president of the school board. The school stage band will play selections at the opening of the program, and the senior class will sing the school song. Connie Dunagan will play the marches, and W. R. Banks and Aubrey Goodwin, fathers of two seniors, will word the prayers.

Gavel Passed To New ABClub Prexy

Bill Bradford (inside right) accepts the president's gavel from Bill Reed as visiting dignitaries at the American Business Club's installation dinner look on. At left is Bill Cox, Lubbock, Ambuc regional director. Johnny Ferguson, Lubbock, incoming national presi-

dent of the organization, is at the far right. Jerry Miller was announced as winner of Ambuc of the Year award during the banquet, which attracted more than 100 to the Big Spring Country Club.

10-A Big Spring (Texas) Herald, Wed., May 22, 1968

Horoscope Forecast

FOR TOMORROW

—CARROLL RIGHTER

GENERAL TENDENCIES: This is one of the strongest and most peculiar days of recent months and you would certainly be wise not to force issues nor to try to put in motion ways to solve problems of any kind save with the use of charm and an awareness of what the other fellow wants desires from you. Being quiet brings benefits.

ARIES (March 21 to April 19) Instead of following through on the emotional plane, show that you are calm and magnetic, and you get far better results. Handle even affairs in a quiet, sensible way. Stop fighting at every provocation.

TAURUS (April 20 to May 20) Avoid setting all stirred up over a temperamental person who wants to start a fight unnecessarily. If you remain controlled, aspects are favorable and you can accomplish a good deal. Labor methodically.

GEMINI (May 21 to June 21) Good boys could be off on tenants, but do not interfere just yet since they are enjoying themselves and would resent it. Know what your personal aims are. Then go after them in a direct way without breaking interference from others.

MOON CHILDREN (June 22 to July 22) Be sure that you follow every rule and reputation that applies to you and don't expect or want gifts from others. Get your bills paid. Follow through with whatever higher-ups expect of you without deviation.

LEO (July 23 to Aug. 23) You have to do more study on those ideas if you really want them to help you to get out of some present slump. Don't listen to what some new acquaintance has to say, since suggestions do not suit your particular needs. Be wise.

VIRGO (Aug. 23 to Sept. 23) Take care of any responsibility that you may have assumed you feel that you are being imposed upon, which isn't the case. Do not annoy others. Mate can be very solicitous after a day of annoyance.

LIBRA (Sept. 23 to Oct. 23) Try to say nothing that could raise the ire of another today and you find you have far better results. Don't be forceful with anyone, either. Take strange situations that arise in your stride.

SCORPIO (Oct. 23 to Nov. 21) With all those duties ahead of you, it is better if you dig right in and do them instead of trying to slough them off on the shoulders of others. Forget that playful urge. Do more than is really expected of you.

SAGITTARIUS (Nov. 22 to Dec. 21) Make yourself a part of a charming group instead of dipping around hither and yon in search of fun. You may be bored at first, but show courtesy to all. Some good friend then sees things up beautifully.

CAPRICORN (Dec. 22 to Jan. 20) Be sure not to say that unkind word of blame or there can be some serious altercation arising that would be very bad for all concerned. Get rid of that temptation that disturbs tranquility. Be wise.

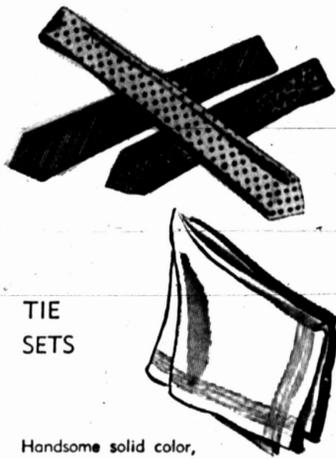

AQUARIUS (Jan. 21 to Feb. 19) Much care in driving must be exercised today as well as care in motion of all kinds or you could have trouble, give the wrong impression. Speak quietly, no matter what the provocation. Then you get good results.

PISCES (Feb. 20 to March 20) Although you need to add to your present assets, be sure that you do so ethically or you could get into a real pack of trouble later. Courtesy brings the right results with that business expert. Don't force issues.

IF YOUR CHILD IS BORN tomorrow he, or she, will be one of those fascinating young people who early will want to achieve fame and fortune, so you must, at an early age, inculcate qualities of perseverance, thoroughness, respect for higher-ups, if such goals are to be attained, as well as self-control. Then the success likely can be indeed considerable. Teach love.

Posts \$1,500 Bail

Bond of \$1,500 was posted Monday afternoon by James Fusler after he was picked up the sheriff's department on a fugitive warrant from New Mexico. Carlsbad authorities asked for the pick up.

TIE SETS

Handsome solid color, stripe or neat pattern tie gift boxed with three white handkerchiefs and a tie tac. A wonderful gift for the graduate, **3.00** the set.

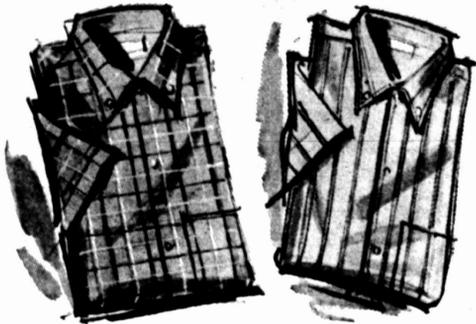

PRINCE GARDNER BILLFOLDS

A Devotional For The Day

They constrained him, saying, abide with us; for it is toward evening. (Luke 24:29)

PRAYER: Gracious Lord, freshen our wearied powers and hearten our spirits by the assurance of Thy presence. Help us use the opportunities which are ours today to witness to others who grow weary upon the way. For His sake. Amen.

(From the 'Upper Room')

The Cost Of Campaigns

One of the more disturbing unsolved problems of American democracy is the rapidly rising cost of political campaigns. There seems to be no pat remedy, perhaps it is one of those problems that will just have to work itself out over the years. But it does command concerned attention.

Congress approved and then backed off from a plan for federal financing of presidential and congressional campaigning. But even that held no solution to the soaring cost of state primaries and pre-convention presidential campaigning. National presidential campaign costs, from the nomination contest to the general election, have become astronomical.

The Texas governor's race is an outstanding example of what is happening in the states. Comparing expense reports of the candidates with

votes received in both parties' first primaries, one veteran political observer estimates they spent from 50 cents to \$10 per vote. Ironically the cost-per-vote ran far higher among the losers than the winners.

There is yet to come the cost of the runoff campaign and then the general election campaign. Considering that the official expense reports omit much spending done on behalf of the candidates, running for governor of Texas has become a multi-million-dollar proposition.

Obviously only the rich or those with big contributors and highly organized financial support have much of a chance. This is nothing new, of course; it is the degree that is becoming alarming. And here is a real challenge to a problem-solving generation.

They're Not 'Accidents'

With regard to the highway carnage, a misnomer has come into general practice. This is brought to point by Robert F. Miller, Dallas, vice president of the Texas Safety Association who said there is no such thing as a traffic "accident."

"Every highway crash, and every death and injury it may produce, has one or more very real causes," said Miller. "There is nothing 'accidental' about them. The causes lie in the breakdown of the road, or the car, or the driver, or all three. When any one of these fail to function properly, there is potential for a highway crash."

Miller defined the highway crash as "the tragic climax to a set of identifiable curable failures in the

driving system" and said the motor vehicle driver is the most vital element in today's "vehicle package."

"Unless the individual driver knows and observes good safety practices, the current efforts of government and private industry to provide better roads and safer vehicles will be useless."

Miller goes on to spell out a list of safe driving practices; they are standard warning that every person of judgment knows should be followed at all times.

The issue is that, although we know better, we do not observe these practices at all times. When we fail, we open the way for a crash. And remember, because of this failure, it was no "accident" at all.

John Cunniff

Free Trade Battle Scheduled

NEW YORK (AP) — Soon after the House Ways and Means Committee decides whether the nation will have a tax increase it will begin hearings on an issue as controversial and important.

This is the debate over free trade vs. protectionism.

BOTH ISSUES are similar in their enormous long-range effects and in the fact that in both debates the attitudes are polarized and stubbornly defended. In the tax matter the basic issue is whether the country will be served best by a tax increase or a cut in spending or both. The intention is to halt inflation and to help correct the American balance of payments deficit, which is caused by inflated prices.

In the coming battle on trade, the issue is whether the American economy will benefit most by protecting the American goods from foreign competition, which risks retaliation, or by maintaining a liberal, free trade position.

The administration is committed to anti-protectionism, as expressed this

Billy Graham

Explain to me why I tire so quickly in church. The one hour I spend there is the most exhausting hour of the week. Jesus said, "I will give you rest," but I don't find any rest in being in God's house. Is it my fault? T.L.

Probably. The most exhausting thing in life is making a pretense. Acting, I am told, is very hard work. Social life is sometimes very exhausting because one is wearing a mask, and "play-acting" is hard work, be it religious or social.

It is likely that when you go to church you are out of tune with what is going on, and any kind of discord is wearing on the nerves and soul. Many people are frustrated when they go to church because they are painfully conscious of the inconsistency, yes, the hypocrisy, which is there. Sincere persons do not find church attendance exhausting because their hearts are open to truth, and ready to be refilled with heaven's resources. When the heart is closed, and our "cups" are covered, we cannot sing, "My cup runneth over."

But we must remember, too, that Truth is not always comfortable. Sometimes it cuts deeply like the surgeon's knife, slashing away envy, greed and other kinds of sin. But, the end effect is wholeness. The Gospel knife sometimes makes us feel worse before we can feel better. Jesus' words were not always comfortable. As someone has said, "He came to comfort the afflicted, and to afflict the comfortable." My suggestion for you would be to go into the presence of God with an open heart. "Blessed are those who hunger and thirst after righteousness, for they shall be filled."

week by C. R. Smith, the new secretary of commerce.

SPEAKING AT A WORLD Trade Day luncheon, Smith stated: "The United States is not an island in the sea of world trade. Our economic welfare is inseparable from that of our own trading partners, as their own is intimately tied to ours."

The administration sees the issue as a choice between freedom of trade, with resulting prosperity, or "the dismal road to trade barriers," which anti-protection advocates claim leads to recessions.

Stewart Cort, president of Bethlehem Steel Corp., recently expressed the fears of the steel industry, which was undertaken a strong, well-planned lobbying and publicity campaign against imports.

"As things now stand," he said, "expectations are for little or no growth in shipments by domestic steel companies because of a continuing rapid increase in imports."

THE STEEL industry's campaign, which is led primarily by the American Iron & Steel Institute, seeks broad support. Recognizing that protectionists have been termed selfish, its publicity is aimed at proving imports are a threat to national security.

As expressed by Cort and other steelmen, the security of the United States already is endangered. If it must share the domestic market with foreign nations, the steelmen say, how can the industry grow large enough to meet emergencies in time of war?

if the general limited war on which the Office of Emergency Planning has based its estimates occurred tomorrow," said Cort, "the domestic steel industry would find it hard to supply all military and civilian requirements."

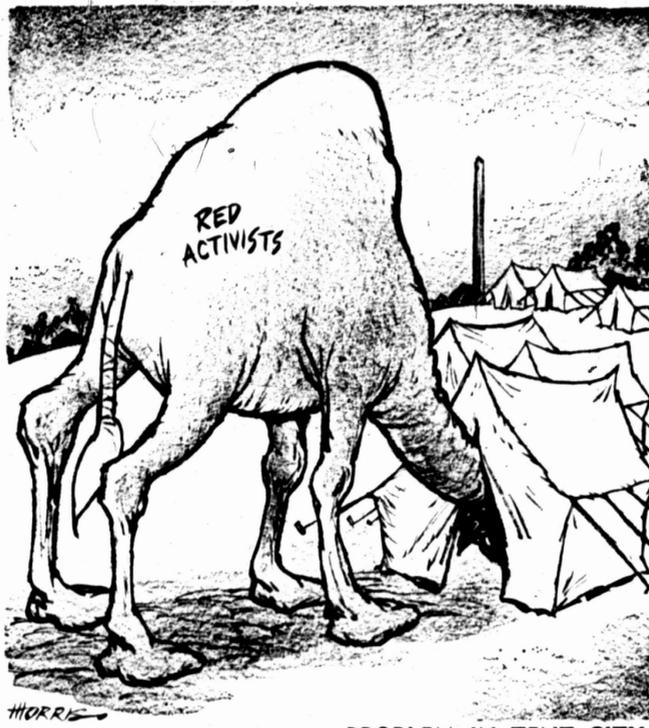

AGAIN, AS IN the tax argument, the balance of payments is a critical issue in the debate. Protectionists claim that the shrinking American trade balance must get immediate assistance from import restrictions. The liberal traders feel that improvement in the trade balance must come from increased rather than restricted trade.

While Washington prepares for the battle, scheduled to begin June 4, action at the state level already is taking place. Efforts are being made in several states to write restrictions into contracts against imported steel.

LOBBYING EFFORTS are especially strong in steel producing areas, such as Pennsylvania, Ohio and Indiana, but new or stronger restrictions are being considered in other states as well.

Truly Brief

DURANGO, Colo. (AP) — The announcement said the City Council would consider only a "brief agenda." Among ordinances approved was one banning topless women entertainers in night clubs.

PROBLEM IN TENT CITY

Hal Boyle

He's A 24-Karat Old-Timer If —

NEW YORK (AP) — There was a time when most men rather resented being called old-timers.

Although the term reflected affectionate esteem, it also implied that one was unduly out of touch with the present and had become, unknowingly, a prisoner of his past.

Today the situation has changed considerably. Youth has been acting up so much lately that a lot of people are prematurely claiming to be old-timers. In the bitter war being waged between the generations, they don't want to be accused of being on the side of the reckless young.

HOW CAN YOU tell the phony from the true. Well, a fellow is probably a 24-karat old-timer if:

It wrecks his whole day to come to work and find someone else is using his favorite hanger in the office coatrack.

On the rare sunlit afternoons when he feels like humming a tune, it's likely to be something written by Stephen Foster.

He can't understand the continuing popularity of the Beatles — are there five or six of them? — because he is still trying to find out what people see in Elvis Presley.

Whenever inflation and the high cost of living are mentioned, he closes his eyes, points his nose to the ceiling, and begins to babble about how little he paid for a bowl of bean soup in 1931.

HIS CHILDREN never did anything right in their lives, but his grandchildren can do no wrong.

When others reminisce about the days when people actually bought store teeth by mail order, he bares his gums and says proudly, "mine still fit."

Whenever Shirley Temple issues another political statement, he remarks cuttingly, "One of the nicest things about Mary Pickford is that she never ran for Congress."

You may think that Mary Miles Minter is the name of a new mouthwash, but he can tell you just what films she starred in when Charlie Chaplin was in his heyday.

HIS MEMORY goes so far back he can remember when college students entered a

dean's office only by invitation.

He is sure that Jack Dempsey could whip any three of the present crop of heavyweight boxers in six rounds with one hand tied behind his back.

He hates to go to movies "recommended for adults only," because they are never about anything but sex. He looks at the late shows on television only in hopes he'll see the late Wallace Beery and the late Marie Dressler, his two all-time favorite performers.

ONCE HE sowed wild oats.

Now, in good years, he brags about the backyard tomatoes he raises.

When someone asks why men ever wore spats, he is able to think of a reason.

In his desk drawer he keeps a can of bicarbonate of soda instead of a roll of stomach antacid tablets.

When his doctor tactfully suggests he wear a hearing aid, he declines to—on the sound grounds that nobody says anything worth listening to any more.

RFK Urged To Attack McCarthy As Stalking Horse

By JACK BELL

Associated Press Political Writer

WASHINGTON (AP) — Sen. Robert F. Kennedy's top advisers are urging him to attack Sen. Eugene J. McCarthy as a stalking horse for Vice President Hubert H. Humphrey.

This development represents a considerable turnaround in the three-way race for the Democratic presidential nomination.

After McCarthy announced his candidacy last winter he was tagged by political detractors as a stalking horse for Kennedy.

IT HAD BEEN Kennedy's earlier hope that once he had chalked up victories over McCarthy in the primaries — as he did in Indiana and Nebraska and now expects to do in Oregon and California — the Minnesota senator would throw his support behind him at the Chicago convention.

Consequently he has taken pains to avoid any other than pin-prick attacks on McCarthy. But McCarthy has rejected Kennedy's repeated invitations to join forces with him against Johnson administration policies.

KENNEDY STRATEGISTS have surveyed the 164 delegates counted in McCarthy's column from New Hampshire, Wisconsin, Massachusetts, Pennsylvania and some other states. They have concluded a majority of them will turn to Kennedy when the chips are down.

They contend many of these delegates linked themselves to McCarthy when he offered the only alternative to President Johnson's re-election and remain more anti-Johnson than

pro-McCarthy.

For all practical purposes the Kennedy lieutenants are counting McCarthy out of the running for the nomination.

THEY ARE CONVINCED that when the final accounting comes, McCarthy will spur Kennedy and turn to his old political associate Humphrey, despite differences with the vice president on Johnson policies.

McCarthy, campaigning in Oregon Tuesday, hinted he might end up supporting Humphrey but also said he is waiting to see whether the vice president changes his view of Vietnam war policy.

Humphrey, of course, has vigorously backed Johnson's war decisions.

Kennedy's advisers are telling the New York senator he ought to pound away on the campaign theme that a vote for McCarthy is really a vote for Humphrey.

THIS EFFORT TO PIN a Humphrey label on McCarthy apparently would be calculated to provide a ready explanation for the Kennedy camp if their candidate fails to collect a majority of the Democratic vote in either the Oregon or California primaries. He could say that he was fighting two active candidates instead of the one on the ballot.

President Johnson's name remains on the Oregon ballot despite his withdrawal from contention. A former Johnson delegate slate is running uncommitted in California. Humphrey has avoided giving this group his blessing.

To Your Good Health

Seven-Year-Old Lad With Speech Trouble

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: My baby boy is seven years old and I can hardly understand a word he says. I took him to the doctor and he said he wasn't much tongue-tied. Is there some way to help him? Everyone makes fun of him and his teacher at school doesn't know what he says half the time. — Mrs. B. L. W.

I'm sorry the boy has this trouble, and even sorer that there are people who will make fun of a child with a handicap. You live in a rather small community which I doubt would have a speech correction clinic or a specialist in such problems, but I do think you should ask either your doctor or the school authorities where the nearest such facility is. Take the boy there, let them analyze what his problem is, and then you will know what to do for him.

There are various things besides tongue-tie which can prevent clear speech. Even more important than keeping him from being ridiculed is the need to equip him for happy,

useful life. That means the ability to express himself clearly.

Dear Dr. Molner: My daughter, a minor, has been taking a pill or capsule. She refuses to tell me what it is. Where could I have one analyzed? — Mrs. A. M.

Since she's a minor, living at home, I would insist that she tell what it is and where she obtained it.

Meantime, take a capsule to your physician. He may be able to identify it by the color or coding. If he can't, he can tell you the best way to go about having it analyzed.

corrected.

PYORRHEA is a disorder of the gums, accompanied by infection. It may not necessarily be the same germ in all cases. Such factors as tartar, faulty "bite," or other conditions in the mouth leave the gums vulnerable.

Loss of teeth is the ultimate result unless dental work is begun as soon as possible to correct conditions.

YOU CAN STOP SINUS Trouble! is the title of my booklet explaining what sinus trouble really is, and encouraging sinus sufferers to do something about it. For a copy write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 30 cents in coin to cover cost of printing and handling.

Around The Rim

The Decision

Several weeks ago Capt. Myron J. Babler, formerly stationed at Webb AFB who cemented his local ties even further by marrying the former Rosalie DeVaney, was the toast of the officers club at Da Nang, Vietnam, and later on his base in Okinawa.

HE'LL HAVE a little something extra to tell, too, when his two youngsters crawl up in his lap some day and propose that familiar line: "Daddy, tell us about what you did in the war."

What he did started out routinely enough, if any operation into Vietnam can be called routine. He helped take in a C-130 transport loaded to the flaps with ammunition. This was a double assignment, for when the ammo was unloaded, the ship was to take aboard a cargo of wounded for evacuation.

ALL WENT WELL as the big plane settled down to the runway at Da Nang. But at that precise moment, the Viet Cong began showering the field with mortars. The big plane had lost its momentum and there was nothing to do but shuck that cargo of ammunition as rapidly as possible.

That didn't take long, what with the stimulus of the mortars hitting the field. Trained to function in emergencies, the pilot pulled up to the point where the wounded were waiting. Crew men began hurrying the stretcher cases aboard, and Capt. Babler stood at the ramp to grab hold of the men and help them up the slope into the belly of the plane.

JUST AS the last stretcher case

came up, he reached down to give one of the carrier's a lift. Then everything went blank. He shook himself to, and he was lying on the ramp. The concussion of a mortar had knocked him all the way out of the plane, which even now was being revved up and moving for a fast get away.

Instinctively he grabbed a mail bag and heaved it up in the plane and ran to get aboard. He managed to grab a hold but couldn't get in. He tugged and tugged, but he just couldn't manage to pull himself up. And now the plane was gaining momentum as it headed out and down the runway.

NOBODY SEEMED to know about his plight, and even if they had it is doubtful at this stage if the plane could have been stopped. If he couldn't muster enough strength to worm into the hold now, he knew that when the airstream got stronger — and certainly when the plane got airborne — he would have to let go.

The plane, by later estimates, now was moving at 60 to 70 mph, but he made his decision and let go. Whether it was some earlier parachute training or great, good fortune it is impossible to ascertain, but he went skidding down the runway on his back. Miracle of miracles, all he got out of it was a good skinning.

LIKE I SAY, he was cause celebrity around the club. The next time, however, he may make that decision to get on or off just a wee bit quicker. — JOE PICKLE

Holmes Alexander

A Knife On The Candidates

WASHINGTON—My nerves are too shaky, my hands too unsure, my emotions too strong, ever to have been a flesh-cutting surgeon. And yet the election-year journalist inevitably must go to the cankers, for every politician has a few cankers that need to be carved. To begin alphabetically:

SEN. EDWARD BROOKE (R., Mass.), not a candidate as yet, but a vice presidential possibility and an important GOP campaigner, needs corrective surgery on his personal equation. He was my choice when he ran in 1966 and I think I did him a service, and certainly a courtesy, by inviting him to write a guest-column which gave some exposure to his ideas. Since then he has been too busy to give his well-wisher an interview. If I had a scalpel, I would improve his humanity by shaving some fat off his ego.

SEN. FRANK CHURCH (D., Idaho), up for re-election, is one of many who put a strain on the surgeon's conscience. A pleasant chap, with ample potential and two-term experience, he could be whittled down to fitness, but his political carcass would be little except skin-and-bones after such an operation. Nobody with his record of opposition in the midst of a desperate national war ought to be returned. Regrettably, it's almost a hopeless case and a case history of several other Democrats seeking re-election with somewhat the same record.

THUS, A Republican and a Democrat, not top-rated, but warm-up surgery for the presidential candidates. Alphabetically, Hubert H. Humphrey comes first, and he's wearing so much protective clothing that you have to cut through several layers before you come to the Real Hubert. The vice president enters the campaign in a

garment of "glad rags." His announcement speech declared for a "happy" America and he called for his cheering sections to yell "I love my country!" But that old-fashioned revivalism, deserving of heart-felt sincerity, and Humphrey's radical record of over-promising ignorant people is the main reason America is not "happy" and has learned to hate instead of "love" our institutions. Also, the scalpel would have to slice away the warlike armor which Humphrey has borrowed from the White House. Nothing in the vice president's past indicates that he has the fighting kidney which the next president must possess.

EUGENE MCCARTHY, as a national candidate, defies any surgery except a merciful decapitation. Poor Bob Kennedy in almost the same category would require drastic plastic re-figuration before he could be made to resemble JFK. The surgeon is too fond to perform such surgery.

Strangely, since they differ in many other ways, Richard Nixon and Nelson Rockefeller both require similar dissection — the amputation of their pasts. His best friends would be glad to see Nixon relieved of the bothersome bulge where the memory of former defeats sticks out. Happily his great showing at the polls and in write-in primaries seem to be bringing his improvement into reality.

NELSON ROCKEFELLER'S past, however, seems inoperative — the festering scab of party disloyalty. Even the grafting of a Rockefeller-Reagan ticket no longer seems a practical cure.

It is fun to do journalistic surgery on live bodies of men with whom you prefer to be friendly? Alas, no. It's an ordeal. (Distributed by McNaught Syndicate, Inc.)

David Lawrence

Labor Campaign In Ohio

WASHINGTON — It is possible in America for a labor organization with a vested interest in legislation to spend a huge sum of money to bring about the defeat of a member of Congress even though the federal Corrupt Practices Act bars any corporation or labor organization from contributing "anything of value" to a federal election, including primaries.

FRANK J. LAUSCHE, former mayor of Cleveland who served five terms of two years each as governor of Ohio, is perhaps one of the most objective and conscientious members of the United States Senate has ever had. Yet he was defeated in a Democratic primary for a third term a few days ago by the expenditure of a large sum of money collected in part from dues of labor-union members.

Although most of the prominent newspapers in Ohio supported Mr. Lausche for re-nomination, he went down to defeat by Cincinnati Councilman John J. Gilligan, presumably because the senator did not have available financial support sufficient to overcome the intensive drive made by the state labor federation, which is affiliated with the AFL-CIO.

KEN W. CLAWSON, Washington Post staff writer, tells of the methods by which the campaign in Ohio was conducted directly into the homes of 800,000 union members. He writes: "Gilligan, who once said that he wouldn't run against Lausche unless labor put up a one million dollar kitty, reportedly settled for somewhere around \$300,000."

The chain that eventually led into the home of nearly every union member in Ohio started with international unions affiliated with the AFL-CIO. From these unions, the Ohio federation obtained the much-guarded membership lists for the Buckeye State.

THESE LISTS were sent to local unions where telephone numbers, political party membership, registration status and address changes were

added. Back to Columbus went the lists and then to the International Association of Machinists building in Washington where a computer indexed over 800,000 Ohio union members by party, registration status, congressional district and by respective union.

"Canvassers, when they knocked on doors, were equipped with information about the fellow trade unionist and his family ahead of time."

THE STATE labor federation selected the strategic industrial areas in which Democratic primaries may be won and concentrated on them, so the "educational" campaign was not necessarily applied throughout the state in every district. Per-capita union dues were used to pay the expenses for political work in the primaries.

The Ohio AFL-CIO will report to the state government that \$8,750 was contributed to the "educational" campaign. But it is estimated that the cost of just setting up the computer-program system for identifying union members would alone run between \$80,000 and \$100,000.

IF THE EXECUTIVES of a group of corporations turned over their mailing lists to a campaign committee, supplied the money to canvass voters, told them to "register and get out the vote," and urged them to support a particular candidate, it may be taken for granted that this would be called "scandalous." Many members of Congress would promptly introduce legislation to mete out severe punishment for the use of money to buy an election.

But the "civil rights" of a senator or member of the House who votes according to his conscience in an endeavor to serve the public interest is partially to be ignored. It is doubtful whether either the House or Senate will take any corrective action, as labor unions now believe they control a majority of both houses of Congress. COMPLETE STOCK OF DUNLOP TIRES
Kent Brown, left, manager, and Alfred Ham, sales representative

Tompkins Tire Center Has Special Sale In Progress

Tompkins Tire Center, 601 E. 2nd, is having a "hullabaloo" sale on Dunlop tires, the premium quality tires endorsed with the Good Housekeeping seal.

Kent Brown, manager, is offering the Dunlop tires at an unheard of bargain — buy the first tire at retail price, get the second tire for just \$1 more (plus federal tax and your old tires).

Brown reminds his patrons that at Tompkins Tire Center, free mounting and wheel-balancing is a part of their service. For tourists, stop by and have those tires checked out, pick up your free "dist-o-map" and register for free Hemis-Fair '68 tickets, to be given away.

Besides Dunlop tires, Tompkins Tire Center stocks Exide batteries. Since they keep over 200 batteries on hand, they will have the type of battery needed by your automobile.

The firm also carries AC products, Auto-Lite, slip-on seat covers and floor mats. Your purchases can be financed at Tompkins at a low rate with up to 24 months to pay with the first payment coming due 45 days after purchase.

Dunlop tires are internationally known. The company has more than 100 factories, located in 28 countries on five continents, employing more than 100,000 people.

When you buy a Dunlop tire, you are joining hundreds of millions of satisfied customers throughout the world. Dunlop furnishes original equipment tires for more than 150 makes of cars, trucks and tractors.

PNEUMATIC TIRES
In 1888, Dunlop invented the pneumatic tire and later developed the first foam rubber, the first drop center rim and the first safety-shoulder tire. Dunlop had the first company-owned and operated rubber

plantations.

Among the Dunlop tires, the Dunlop Elite is one of the most popular tires. The Elite sets a new standard for safety and performance for passenger cars. It features extra-deep tread. There are thousands of extra-trouble-free miles in the new premium depth 5-rib tread.

The patented Safety-Shoulder design puts the driver in full command at all times. The car glides over center lines, road shoulders, ruts and ridges with out a lurch.

The Dunlop Elite features greater safety with the Max-grip rubber tread compound and design and 4-ply prime Nylon cord construction for safer driving, even at sustained through-way speeds. On wet or dry highways, the Elite gives you greater traction for it is engineered to give maximum traction, braking and safety.

Distinctive styling is featured in the Elite with its pair of

smart, slim-line white sidealls.

GOLD SEAL
Another outstanding tire at Tompkins Tire Center is the Dunlop Gold Seal. It is a low profile, first-line tire at popular prices with many performance and safety features. The Gold Seal is certified safe at 100 miles per hour in an independent evaluation by a recognized tire testing organization.

Fifteen per cent larger footprint means exceptional traction for more tire is always in contact with the road. A special rubber tread compound with the 5-rib tread design gives the Gold Seal its unusual traction, especially on wet roads.

SAFETY
The Patented Safety Shoulders are also featured in the Gold Seal tire. It has a full 4-ply construction and is available in either rayon or nylon cord. Tire distortion has been reduced to a minimum even at highest speed by the special low profile design, thus assuring the driver of maximum stability. There has been no compromise in Dunlop Gold Seal with either quality or safety.

Carver's Pharmacy Stocks A Wide Selection Of Items

Carver Drive-In Prescription Pharmacy, located at Ninth and Nolan streets, calls attention to the fact that the pharmacy stocks many items outside the medical profession.

For example, when seasonal holidays or special days crowd the customer's mind with gift ideas, nothing can be more appreciated than a box of Pangburn's chocolates. The quality candy is boxed in various sizes, appropriate for the gift of each customer.

The pharmacy is air conditioned, so the appearance and taste of the chocolates are not altered by the effects of the heat.

Carver also stocks cosmetics of all well-known brands and shaving lotion and needs for men. The pharmacy also carries Hallmark greeting cards, magazines, books and other popular items.

Carver keeps abreast of the latest developments in prescription drugs and the trusted patent medicines.

As a licensed pharmacist, Milton Carver, owner-manager, believes that every person should use pharmaceuticals prescribed by qualified physicians and that the medicine should be properly compounded.

The drive-in window, on the east side of the building, was built for the convenience of the customers and was Big Spring's first drive-in pharmacy.

The drive-in facility enables patrons, wanting to pick up prescriptions in a hurry without having to worry about dress or keeping an eye on the children, or getting out in the

Case Against Computer Is Sounded

By JOHN CUNIFF
AP Business Analyst
NEW YORK (AP)—"Whatever privacy remains for the American citizen, it remains because the federal government is presently too inefficient to pull all its personal information files together."

This statement, made by the head of a congressional subcommittee, Sen. Edward V. Long, D-Mo., contains a critically important word: presently.

The fact is that this inefficiency can be eliminated almost immediately by the electronic computer, a tool made precisely for this job of gathering, processing, interrelating, comparing and retrieving files.

And, as might be expected, pressure inevitably continues for the federal government to apply this computer tool to the bank from which could be drawn personal information on citizens by the mere tap of a finger on a console button.

At issue are profound questions regarding man's future. Does man, for example, really need all this information or is he simply being enticed into using the machine because it's there? Is the machine tricking man into creating the need?

Who would control access to the computer? Who would make certain that information innocently offered by a security investigator by the citizen or a neighbor—on drinking habits, for example—might not be used for another and damaging purpose?

Jim Hart's Home Run Does It For Giants

By The Associated Press
Herman Franks got the game he'd been waiting for. Larry Shepard still is waiting.
Franks' San Francisco Giants beat Atlanta 6-4 Tuesday night and moved into a tie for second place in the National League with the Braves.
Shepard's Pittsburgh Pirates fought the New York Mets 17 in-

Mets' Extra Inning Win Delightful

NEW YORK (AP) — It took the New York Mets 34 extra innings before they finally scored a run in overtime this year but how sweet it was.
The Mets finally broke through in the 17th inning Tuesday to beat Pittsburgh 4-3 on an unearned run at that.

Player Foresees Hot Play

MEMPHIS, Tenn. (AP) — If Gary Player is any kind of prognosticator at all, the galleries should be in for some fine golf during the Memphis Open this week.
Player, fresh from a tie for fifth in the Colonial Invitational in Houston, toured the par 43-36-70 Memphis Colonial

course Tuesday. A 63 really isn't anything new for the 10-year-old Open. It's been done 10 times in the pro play.
"I think the scores are going to be fantastic," the muscular South African said. "The ground is very hard and the ball will roll. I think somebody will shoot a 63 sometime during the tournament."

CARAVANS WEST

Game To Attract Ex-BS Lettermen

The Ex-Lettermen's Association will take its most decisive step here Saturday night when members of the various chapters around the state assemble at the junior high stadium for the annual BSHS spring football game.
Caravans are being formed in the Dallas-Fort Worth area for the trip here and indications are that dozens of one-time Big Spring athletes will be on hand for the game.

J. D. ADAMS

Glenn Whittington, now residing in Hurst, conceived the idea of the Ex-Lettermen's Association, mainly to show that bonds of loyalty to the school and its athletic program still exist among the graduates.

The organization's aims are to promote and boost all athletics and related programs at Big Spring High School. Long-range plans of the association are creation of a Sports Hall of Honor, in which names of past athletic greats at the local school would be included.

One of the former BSHS athletes who will be here is J. D. Adams, chairman of the Dallas chapter of the Ex-Lettermen's Association, now leasing manager of the Praetorian building at 1607 Main St., Dallas.

Adams participated in both football and track at the local school. He attend both Texas A&M and Baylor University after graduating here in 1956.

Among others who will attend the game are W. R. (Bill) Blumh and Marvin Wise, both of Denton; and Joe Bob Clendenin, Fort Worth.

Blumh participated in football, basketball and baseball at the local school.

He said he thought the idea of an Ex-Lettermen's Association was a "great step toward the cementing of friendships we remember the most."

Now employed by the American National Insurance Co., in Denton, Blumh attended HJC and North Texas State Univer-

sity after leaving the local school.
Wise, former footballer, and golfer at the local high school, is currently employed by the Pal-Wood Enterprises in Denton. He graduated from BSHS in 1951. He is associated with the PeeWee baseball program in Denton.

Clendenin competed in basketball, baseball and track here and later ran track for HJC. He is currently employed by LTV (in Industrial Relations) in Dallas, after having graduated from Texas Tech.

Clendenin still plays basketball for a church team, softball and is active in youths' baseball.

Clendenin says Big Spring has everything needed to become a AAAA powerhouse, including fine coaching, good support and promising material. He expects the Ex-Lettermen's Association to do its part in providing the needed impetus toward success.

Other former Steers due to be in attendance include Dickie Spier, Jack Irons, Don White, Dick Cloud, Billy Bob Satterwhite, Dr. Jan Loudermilk, Dr. George Peacock, James Lee Underwood, David Dribell, Dick Madison and Eric Rasmussen.

The game starts at 8 o'clock and winds up three weeks of spring training here.

ings before bowing 4-3 and dropping into the cellar.
In other National League games, Los Angeles crushed St. Louis 9-2, Houston bombed Cincinnati 8-2 and Chicago edged Philadelphia 6-5.
"It's about time we did something right," said Franks after the Giants, losers in three of their last four games, had taken

a 5-0 lead and then held off a late Braves' rally. "But I was worried. Thank goodness for Jim Ray Hart."
Hart blasted his ninth homer in the first inning, driving in two runners ahead of him. Ray Sadecki held off the Braves until the fifth, when Deron Johnson homered and left the game in the seventh when Bob Boli and Frank Linzy were called out to quell the uprising.

Shepard, who recently threatened to fine his players if they didn't produce, had himself to blame for his club's latest defeat, its fifth in a row.
With a man on second and one out in the 17th, he replaced smoothfielding Bill Mazeroski at second with Chuck Hiller, who is not exactly a candidate for the Golden Glove award.

Shepard later said his strategy was to have Hiller bat third in the 18th inning for the pitcher. But there never was an 18th inning, because after Elroy Face retired one batter, Ken Boswell grounded to Hiller, who threw the ball away, letting the winning run score.

Bob Bailey drove in five runs with a homer and two singles in the 14th. Dodger attack, Bill Singer, 4-5, was the winning pitcher. Tom Haller tripled in two runs and Len Gabrielson scored three times.

The Astros scored five runs in the third inning. Dave Adlesh's double driving in two of them. Larry Dierker stopped the Reds on seven hits in bringing his season record to 4-6 and stopping a four-game Cincinnati losing streak.

Shepard explained his move by saying, "I wanted a man (not a pitcher) batting in the ninth spot."

Shepard explained his move by saying, "I wanted a man (not a pitcher) batting in the ninth spot."

Shepard explained his move by saying, "I wanted a man (not a pitcher) batting in the ninth spot."

NEW YORK (AP) — It took the New York Mets 34 extra innings before they finally scored a run in overtime this year but how sweet it was.
The Mets finally broke through in the 17th inning Tuesday to beat Pittsburgh 4-3 on an unearned run at that.

In four previous marathons they had lost to Houston in 24, Atlanta in 16, and St. Louis and Philadelphia in 11 without scoring once in extra innings.

Pirate manager Larry Shepard's strategy backfired in the 17th at Shea Stadium when he changed pitchers and second basemen at the same time with a man on second and one out.

Tommie Agee, who hit a two-run homer in the second but struck out four times, opened the 17th with a single to center. Jerry Buchek sacrificed.

Then the Pirate manager made his move. He brought in Elroy Face to pitch to Bud Harrelson and also replaced Bill Mazeroski at second with Chuck Hiller, an ex-Met.

By juggling his batting order he thus planned to have Hiller bat in the ninth position—he would have been up third in the 18th that never came.

Face got Harrelson out, but Dave Boswell singled between first and second on a 3-2 pitch and Hiller threw the ball away past first, permitting the winning run to score.

"My throw led Face too much," said Hiller in the Pirate clubhouse. "It was just a lousy throw."

Shepard explained his move by saying, "I wanted a man (not a pitcher) batting in the ninth spot."

Shepard explained his move by saying, "I wanted a man (not a pitcher) batting in the ninth spot."

College, Westside Post Church League Victories

Three teams are unbeaten among Church Softball League teams, after the first few games of activity.
College Baptist won its second start in three tries by handing Kentwood Methodist its initial setback, 5-3, here Tuesday night.

College banked all its runs in the first inning and then let the Kentwood team try to play catch-up.
Ken Born and John Price each had two hits for the losers while Ben Neal and Roy New each drove out two safeties for College Baptist.

In the second game, Westside Baptist evened its record at 1-1 by drubbing Hillcrest Baptist, 12-4, scoring eight runs in the 'helly' frame.

Jerry Don Paige was the winning flinger. He rationed out only two hits to the Hillcrest team. Nine Hillcrest errors did not help, either.

Kentwood 100 200 0-3 4 5
College 300 000 3-5 5 2
Price and Tyrro; Ritchey, Blassinano (4) and McMahon
WP—Ritchey (1-0); LP—Price (1-1)
Westside 800 400-12 5 3
Hillcrest 000 300-4 2 1
Paige and Ball; Holt, Thompson (2) and Crane, WP—Paige (1-1); LP—Holt (1-1)

Howell Hurls Reb Victory
MIDLAND — John Howell pitched the Midland Lee Rebels to a 6-3 Class AAAA bi-district win over Ysleta High School here Tuesday.

The scene of activity now shifts to El Paso, where the series will be resumed Saturday morning. If a third game is needed to determine a winner, it will be unreeled Saturday afternoon.

Howell was also the battling leader for his team, collecting two of Lee's ten hits.
Howell, a star left-hander who has lost only once all season, has lost only once all season, allowed only seven safeties and fanned 12. He kept the visitors away from the plate until the sixth.

Ysleta 000 000 0-3 2 2
Midland Lee 111 003 7-6 10 6
Raul Morquec and Jose Garcia; John Howell and Hal Maloway.

Bounds Moving To Aspermont
JAYTON — Sonny Bounds has submitted his resignation as girls' basketball and assistant football coach.

Bounds is moving to Aspermont, where he will take a similar post. His girl cagers won three district titles in his three years here.

Rifle Meet June 13-16

Dates for the Texas Muzzle Loading Rifle Association have been fixed for June 13-16 at Brady.

Competitors are expected from Colorado, Oklahoma, Ohio and Indiana as well as Texas. Contestants will be firing for a share of \$300 in trophies, medals, etc. for 67 different matches. Firing will be in lock, musket, pistol, trap, off-hand, bench rest, etc., and there will be divisions for children and women.

The muzzle loaders may fire authentic pieces or custom reproductions. Many of them build their own weapons. Those taking part frequently camp on the grounds behind the range, and some wear period costumes.

The entry fee is \$2, plus \$1 for each match entered. There is a \$20 package deal for adults and \$10 for juniors. Officials include Louise Dopson, Lamesa, secretary - treasurer, and Ben Dopson, Lamesa, parliamentarian.

Cards Smash Cats, 14-2

The Cardinals feasted on Wildcat pitching in a National Little League game here Tuesday night, winning by a score of 14-2.

The Red Birds evened their record at 4-4 while the Wildcats were left with a 3-4 mark.

The Wildcats failed to get a hit but scored twice in the opening round. Bruce Abbe pitched the win for the Birds and Jimmy Stewart proved a big help at bat, getting a home run in the fifth with two on, a double and a single in three official trips.

Corky Burchell rapped out four singles for the winners while Phil Wood smashed a double.

Gun Club Slates Thursday Meet
Election of officers will be the main order of business when members of the Mesquite Gun Club meet in the Reddy-Room of the Texas Electric Service Company building at 7:30 o'clock Thursday evening.

For entertainment, those attending will view movies of a hunting trip in Africa, filmed by Phil French.

Arnie Boasts New Diversion

LATROBE, Pa. (AP) — Ever since Arnold Palmer soared to the top of the golf world, his commercial interests have rocketed as well.

Palmer has been involved in golf clubs, golf balls, putting ranges, ice skating rinks, cologne, deodorant, insurance and dry cleaning.

Now he has another diversion — Pineland Farms.
Located in the hills near his hometown in this western Pennsylvania community, Pineland is a 108-acre farm which Palmer purchased last fall from Robert Aiken, an industrial executive.

"It gives me some place to relax," said Palmer, who lives a fast-paced life on the golf course and behind a corporate desk.
Palmer has spent a good bit of time at the farm this month, recovering from an inflamed hip. While there he's had a chance to watch the 19 registered quarter horses that roam the land and the half dozen sheep that graze on it.

"Primarily we're going to stick to breeding and selling horses rather than raising and training them," the golf ace said. "We've got some pretty

GRIN AND BEAR IT

I want this speech to reflect my deep concern for party unity... The name calling has to be on a local rather than a national basis.

Miss Jean Eagleton Honored At Parties

Miss Jean Eagleton of Fort Worth, bride-elect of Donnie Anderson, was complimented with two gift showers Friday evening.

Mrs. Noel Hull, 2611 E. 25th, hosted a miscellaneous party in her home. Cohostesses were Mrs. Jess Thornton, Mrs. Jimmie Schuelky, Mrs. R. L. Collins, Mrs. Milton Carver, Mrs. Bill Draper, Mrs. J. V. Anderson, Mrs. James Findley, Mrs. B. K. Edens, Mrs. Raymond Phillips and Mrs. Pete Hull.

Calling hours were from 7 to 9 p.m. The bride-elect's chosen rainbow colors were used in decorations. She was presented a yellow carnation corsage, as was her fiancé's mother, Mrs. W. E. Anderson. The honoree's mother, Mrs. E. E. Eagleton of Fort Worth was unable to attend.

The refreshment table was laid with white cloth and the cake was decorated with a

Pair Feted At Shower

Mr. and Mrs. John L. Whitmire III were honored recently with a wedding shower in the Blue Room of Cosden Country Club. Calling hours were from 7 to 9 p.m., and 40 guests attended.

Hosting the courtesy were Mrs. Harry Middleton, Mrs. Billy Willis, Mrs. Bill Ward and Mrs. Ruth Corley. They were assisted by Miss Debbie Willis at the guest register and Miss Pam Wilson who presided at the refreshment table.

Yellow and white carnation corsages were presented to the bride, her mother, Mrs. J. P. Bobo of Lamesa; and the bridegroom's mother, Mrs. John L. Whitmire of Luther. Also, the hostesses' gift to the couple was a set of dinnerware.

The punch table was covered with a white linen cloth and accented with a centerpiece of yellow and white roses. A silver punch service was used. Yellow carnations were placed on the registry.

Installation Held By Methodists

Mrs. Don Cunningham was installed as president of the Woman's Society of Christian Service during Sunday evening services at the North Birdwell Lane Methodist Church. Others installed were Mrs. Jack Smith, vice president; Mrs. C. A. M. E. Dickenson, recording secretary; and Mrs. Cecil Virden, treasurer.

Bride-Elect Honored At Gift Party

Miss Robbie Smart, bride-elect of Mike Schafer, was complimented with a lingerie shower Monday in the home of Mrs. W. E. Wadsworth, 2101 Main. Cohostesses were Karen Miller, Linda Gray, Paula Wadsworth, Jeanie Gillean and Jan Lane.

The honoree was attired in an orange knit dress and was presented a white carnation corsage, as was her mother, Mrs. Robert Smart, and the prospective bridegroom's mother, Mrs. Cora Lee Schafer.

The hostesses' gift to the honoree was a peignoir set. The refreshment table was laid with a lace cloth over yellow and centered with a bridal couple surrounded by spring flowers. Milk glass and silver appointments were used.

Approximately 25 attended. The couple will marry June 22 in Berea Baptist Church.

MRS. ROBERT McDONALD

Receives Citation

Mrs. Robert McDonald was named "Woman of the Year" by the Cactus Chapter, American Business Women's Association, during a dinner meeting Monday evening at the Silver Star Restaurant. The award is given to the member who has given outstanding service to both the chapter and community.

Mrs. McDonald, the president, presided, and the program chairman, Mrs. C. A. Trantham, introduced the guest speaker, Noel Reed, director of personnel for the Big Spring School System.

Reed discussed the role of public schools in the community, noting that values are changing, and schools must keep abreast of the times just as any business must do. Pointing out that the public school is the place where opportunity begins, he said that graduates are better equipped to take places in the world and make decisions necessary to keep society advancing.

"Here in the Big Spring system, we have more than 400 professional teachers," said Reed, "and they and their families comprise a large part of the local population." In closing, Reed reminded his audience of the importance of a quality school system in the growth of a town, stressing that teachers as well as business concerns investigate the schools before locating in a certain area.

An installation ceremony was conducted for Miss Betty Kornisky, a new member. Thirty-five members and eight guests attended. The guests were Mrs. Gene Jennings, Mrs. Wayne Walker, Mrs. Carol Chaverette, Miss Dorothy Atchison, Mrs. Betty Ovarvik, Miss Anne Belov, Mrs. Richard Flores and Mrs. Reed.

Give Plants Lots Of Loving Care

When plunging your house plants outdoors in their pots, be sure and locate them according to their individual sunshine preferences.

Geranium plants prefer sun, azaleas are better off in shady spots. A visit to your garden center to check individual plant preferences and get advice on new plants for outdoor decoration will prove helpful.

Vacation Church School Scheduled

COAHOMA (SC) — The United Methodist Church of Coahoma has scheduled its vacation church school for May 26-31 from 9 to 11:30 a.m. School activities will conclude with a family picnic in the Coahoma park and classes will be held for children from kindergarten through junior department age.

Make Playhouse From Old Sheet

For rainy days indoors, make a sheet playhouse for the children. Simply drape an old cotton sheet over a card table. First you can cut out windows and a door, and let children decorate the "walls" of the fabric house with crayons or water colors.

Gay Hill 4-H Hears Talk On Youth

Larry Shaw of the Knott 4-H Club spoke on "Golden Opportunities of Youth" at a recent meeting of the Gay Hill 4-H Club in the Bethel Baptist church annex.

Demonstrations were conducted by Tricia Jackson, Sherry Jackson, Annette Couch and Brenda Jackson, Landa Guevara led the Pledge of Allegiance, and Debra Buchanan led the club motto. Sherry Jackson gave the devotion, and Brenda Jackson presided.

Adult leaders selected were Mrs. Frances Zant and Mr. and Mrs. B. W. Jackson. New officers were elected. The slate includes Martha Couch, president; Debra Buchanan, secretary; Sherry Jackson, treasurer; and Billy Jackson, reporter.

New members introduced were Jackie Buchanan, Johnny Jackson and Reba Johnny. The club will have a clean-up party at the church during the next meeting, and a picnic lunch will be served.

Refreshments were served by Mrs. John Couch and Mrs. Zant.

Hyperions Hear Talk On American Humor

Mrs. Tom Barber brought the program on "American Humor" at the recent luncheon meeting of the 1905 Hyperion Club at Big Spring Country Club. This was the final meeting of the season.

Mrs. Barber pointed out the differences in the Yankee and Puritan humorists. She said, "All were tellers of tales and it was in the Jacksonian era that public speech burst forth in America."

Mrs. Hayes Stripling presided and announced the club would present the book, "If I Can Do It On Horseback" by John Hendrix to the Howard County Library in memory of the late Shine Phillips.

The table was laid with a white cloth and centered with an arrangement of spring flowers. The centerpiece was presented to Mrs. J. H. Greene.

Three guests attended including two former members, Mrs. J. R. Hensley and Mrs. H. D. Munal, both of Dallas; and Mrs. L. B. Newman of Houston.

Recital Announced For Thursday Night

Mrs. Chesley Wilson, 2512 Cindy Lane, will present her pupils in recital at 7:30 p.m. Thursday in the Howard County Junior College. Students participating are Linda Ballard, Lynn Bledsoe, Jan Bledsoe, Nancy Bortner, Donna Burke, Ellen Burke, Kayla Gaskins, David Harvell, Rita Jones, Bobby Moore and Sheree Shaw. The public is invited to attend.

'ROUND TOWN

By LUCILLE PICKLE

Shades of Sinatra's "Salad Days": How about the youngsters (and oldsters) pulling so hard at Bobby K. that they took his shoes right off his feet. Sounds more like the Beatles a few years back than of a presidential hopeful.

There haven't been too many celebrities about in my life but if you're old enough to remember Vilma Banky, the silent screen beauty, you'll know how excited I was when we went to see a film of hers in California and found out she was in the theatre that night. You will also be sympathetic to know that she only came to the orchestra rail to make an appearance and we were so far in the balcony we never got a glimpse. We just nearly expired from disappointment but no one squealed, squalled or pulled at Miss Banky as far as I know. In those days a celebrity was treated with awe. Of course, that was a long time ago.

MR. and MRS. ECK McCLURE had a nice visit Sunday from their grandson, STEVE, who accompanied his other grandparents, MR. and MRS. W. B. YOUNGER, here from Abilene. Mrs. McClure has recently been dismissed from Hall - Bennett Memorial Hospital where she was hospitalized for several weeks. She was happy to learn Steve has recently placed third in the state in art crafts.

The FRED BECKHAMS spent the past weekend visiting in several towns with relatives and friends. In Garland, they were the guests of his brother and sister-in-law, Mr. and Mrs. Reyford Beckham, and also of the FRED STITZELLS and Martha Ann, former Big Spring residents. They found that they had just missed seeing DR. and MRS. RICHARD DEATS who had spent a four-hour plane lay-over with the Stitzells en route to Amarillo where he filled a speaking engagement. The Deatses have only recently returned to the U.S. from Manila where they are teaching missionaries.

The Beckhams also were in Canton with the R. L. Terrys, and in Allen, near McKinney, they visited Mr. and Mrs. G. W. Petefish. Mrs. Beckham and Mrs. Petefish taught school together at one time and Mr. Petefish finished high school here.

There are numerous jokes about landlords and most of them make him out to be a pretty fractious guy but the F. E. COCKRELLS who live in Flower Grove have the fondest feeling for a former landlord of theirs. In fact, they liked them so well they have kept up their friendship that dates back to World War II when the Cockrells were stationed in Oalla, Wash. The landlords, MR. and

MRS. HARRY TAYLOR, have recently visited in the Cockrell home and have now returned to their home in Oalla.

MRS. CHESTER MATHENY accompanied us to Lubbock Sunday for a visit with the H. R. PICKLES. He has been quite ill and is now improving. A brother, Paul Rix, and Mrs. Rix were also there from Odessa.

MR. and MRS. EDGAR RAY and their daughters accompanied the ARKIE PIERCES of Abilene to San Antonio for the HemisFair over the weekend. They plan to make a return visit during the summer.

Former Big Spring residents, MR. and MRS. FRED MILLER of Amarillo, were here Sunday for a visit with their longtime friend, MRS. ARTHUR PICKLE, en route to San Antonio. They also planned to visit in New Orleans and other points of interest before returning to their home.

Shift Into Spring In Flattering Yoke

You'll feel so right in the easy shaping of this raglan-shouldered shift with the soft gathers below the yoke. No. 3122 comes in half sizes: bust measure 35, 37, 39, 41, 43, 45. Size 37 takes 2 1/2 yards of 44-inch fabric.
Send 40 cents plus 5 cents postage for this pattern to IRIS LANE (care of the Big Spring Herald), Morris Plains, N.J. 07950. Add 15 cents for first-class mail and special handling.
Free pattern is waiting for you. Send 50 cents for our Pattern Book which contains coupon for pattern of your choice.

'Society Is Changing' Says AAUW Speaker

Mrs. Dick Nash, past president of the Andrews branch of American Association of University Women and Texas Division implementation chairman, spoke on "Testing Values in a Changing Society" at the AAUW installation banquet Monday evening. The group met at the Brandin' Iron.

Mrs. Ted Hicks, retiring president, presided and introduced Mrs. Mary Lois Blackbird, a charter member with 43 years service in the AAUW. Mrs. Harold Rosson was accepted as a new member.
The new officers are Mrs. Wilbur Cunningham, president; Mrs. Star Warford, Mrs. Walter Wheat, and Mrs. John Smith, vice presidents; Mrs. Oakley Hagood, secretary; and Mrs. Richard Rossmiller, treasurer. Those appointed were Mrs. Ted Hicks, corresponding secretary; Mrs. Thomas W. Ross, implementation; Mrs. M. R. Turner, fellowship; Mrs. Don Turner, legislative; Mrs. Jim Parks, cultural; Mrs. John B. Hardy, world problems; Mrs. Ray Ebling, education; and Mrs. John Annen, community problems.
Other chairmen are Miss Helen Willard, telephone; Mrs. L. K. Gladden, pre-school nursery; Mrs. Leo K. Gee, style show; Miss Helen Ewing, historian; Mrs. Ann Ratliff, Sunshine; Mrs. Eugene Beliveau, Big Spring State Hospital representative; and Mrs. Ron L. Pemberton, banquet chairman.
Guests were Mrs. Nash and Mrs. Gordon O'Dell, both of Andrews.
