IT WILL COME as no big surprise to most folks that we have just completed the coldest month of January on record in the local area.

Especially if you are like many folks we know, whose feet have not yet been warm during the year 1979, then you did not have to wait for the news announcement.

Our weather pattern, which has resembled a checker board, with one good day followed by one (or two or three) bad days, has become monotonous. The only thing we can be thankful for is that we don't live up in the northern tier of states, where they really have had a wicked winter season.

LAST SUNDAY was a big day for the members of Friona's First Baptist Church, which celebrated its 65th anniversary as a church.

What with the day of activities, planned around a noon meal at the high school cafeteria, the day brought back memories of the old days to several folks, when "all day preaching and dinner on the ground" was a common occurrence.

The turnout of former pastors and music directors for the special occasion was fantastic, with eight former pastors and four former directors attending the services. In fact, six of the church's last seven pastors attended. The seventh, Bill Penland, had planned to attend until a conflict developed.

We felt that it was quite a tribute to the church, and to the community of Friona, that this number of former preachers and church workers took the time to travel many miles in some instances to attend the services.

Many of them indicated that of all their church experiences, their ministry at Friona seemed more like "home."

SOME OF THE speakers at the anniversary program told of memories of the old days in Friona, including the "Dust Bowl" days. "I remember when that big black dust storm came in from the north, folks thought it was the end of the world," stated David Moore, now of Roswell, N.M.

Russell Pogue told of getting ready for his first baptismal service in the present church auditorium. They had been holding those scheduled for baptism until getting into the new building. With 17 people ready, and the audience looking on, he entered the baptistry, only to find that the drain had not been fixed properly and all the water had drained out.

The next Sunday night, it was the week after July 4th, and one of the young boys had some fireworks in his pocket. When he bumped against the pew, one of the firecrackers exploded.

A week later, the choir was preparing to be seated when one of the youngsters startled a cat which was taking a nap in one of the choir seats.

"It got to where folks began to come to church on Sunday night, just to see what would happen next," Pogue said.

Clayton Day told of his experiences as a substitute rural mail carrier on the "Star Route." "It covered a total of 100 miles, and there were 99 mail customers. But the thing that I really hated was the spring of the year, when I had to take out those little baby chicks, and listen to that 'cheep, cheep, cheep' for part of that hundred miles," Day quipped during his dissertation.

C.H. Murphy, pastor, told church members this week that due to all of the bad weather that had plagued the area during the month of January, including up until Saturday and then beginning again on Monday, the fact that Sunday managed to miss any adverse weather reminded him of a Biblical miracle.

School To Close Early

Friona schools will dismiss early on Wednesday, February 7, for teacher in-service and self-evaluation purposes, announces Superintendent Tom Jarboe.

School will be out at 2:30 p.m. on Wednesday, and buses will run at that time.

Farmers Reach Washington, D. C.

The national tractorcade by members of the American Agriculture Movement arrived in Washington, D.C., Thursday, and was poised for confrontation with leaders in the nation's capital, on behalf of the agriculture situation.

One of the group's immediate problems may turn out to be getting to drive their tractors into Washington, D.C. for the big parade

and rally, since the city had pushed a new law into being which would ban slow-moving vehicles such as tractors inside the city limits.

But this problem had not occurred to the AAM leaders on Thursday, who were elated at reaching the nation's capital after a 1,900-mile, three-week pilgrimage, with a minimum of trouble. The group

includes 21 vehicles from Farmer and Bailey counties.

"The trip went great," said AAM national wagonmaster Gerald McCathern of Hereford. "Except for a few minor breakdowns, we had very little trouble."

The final campsite chosen for the gathering fathers is near Arlington, Virginia, some 20 miles from the White House itself.

McCathern, who had preceded the farmers into Washington, said that he had already spoken with several government officials, and said they seemed "much more willing to listen to us than they were last year."

The coming week is to be filled with meetings, rallies and demonstrations, all designed to attract Congress' attention.

Rep. Kent Hance, along with another new congressman, Charles Stenholm of Stamford, have arranged a meeting for the farmers with the House of Representatives' freshman Democratic delegation, tentatively set for Tuesday afternoon.

The AAM scheduled a large spirit-raising party Saturday night for all those who participated in the tractorcade.

The group plans to set up a "Farmers Market," across from the Capitol Building, to which the farmers will drive their tractors and participate in a mock "marketing" demonstration.

Hundreds of other farmers and their wives are expected to join those making the tractorcade, for the coming week's activities.

"Senator John Tower told me six months ago that for us to do any good, we'd have to come back to Washington this year," McCathern said. "Well, we're here."

Fund Drive Slated For Senior Center

During the business session of the executive council of Friona Senior Citizens Friendship House Association Thursday evening plans were discussed for the upcoming community wide fund drive.

Plans have been made for a permanent Friendship House and lots have been purchased for this purpose. The building will be located directly across the street south of Prairie Acres.

Mr. and Mrs. Joe B. Douglas Sr. were added to the current list of members of the executive council. Mrs. Douglas reported that the Black Community had loaned a piano to Friendship House.

The piano was originally purchased by the late E.B. Black for the Black Baptist Church. Then after the church disbanded, it was given

to the community.

Plans were also made for the Tuesday all day meeting. A covered dish luncheon will be served at Friendship House at noon. There will be quilting, crocheting and knitting for the ladies and a game session for the men.

Anyone interested is cordially invited by Mrs. Floyd Millican, president; Mrs. Pat Fallwell, director, and all the members to attend any meeting or work day at Friendship House.

An announcement was made that in the future hand quilting would be done by members with proceeds being used for the building fund. Charges will be \$20 for plain quilting of a regular double size bed and more or less for a larger or smaller quilt.

January Ends On Cold, Snowy Note

The Friona area closed out the month of January on a cold, icy note this week. A three-inch snowfall was received late in the day on Monday, which came on top of a freezing drizzle which had left streets and highways frozen early Tuesday morning.

The week was cold for the most part, with the high temperature on Monday reaching only 31 degrees. The low on Tuesday morning was five degrees, and Wednesday morning's low was one degree above zero.

A warmup was started on Wednesday, when the mercury climbed to a high of 40, and melting of the snow on the side streets was noticed. Thursday's high was a more bearable 53 degrees, as the remainder of the snow gave way to slush and mud in some places.

A measurement of one inch of snow had been received here last Friday, January 26, yielding .14 inch of moisture.

The four inches of snow recorded during the week brought the total for the month of January to five inches

of snow, and a moisture measurement of .60 inches, an above-average reading.

The icy conditions had contributed to a number of accidents, both involving vehicles, and also pedestrians who slipped on the ice and sustained broken bones.

Agnes Fulks was said to have broken a hip earlier this week, and was transferred to St. Anthony's Hospital in Amarillo, for surgery Friday morning.

WINTER WONDERLAND.....Friona's latest 3-inch snowfall of last week was perhaps the prettiest of the 15 blizzards which the area has experienced this winter. Star photographer Stanley Ellis captured this attractive scene at his home on the East side of town. Regardless of

the beautiful scenery, residents have been voicing complaints once the "prettiness" turns to ice and slush, creating hazardous driving conditions. Several local people have suffered sprains and broken bones from falls on the ice.

Anniversary Fete Is Well-Received

The 65th anniversary celebration by Friona's First Baptist Church was well-attended last Sunday, with from 500 to 600 people attending the various facets of the activities during the day.

Over 600 were in attendance at the Sunday morning worship services, at which former church member Joe "Hub" Collier preached the message.

Former music and youth director Rick Son directed music for the morning worship. Another former

director, Jim Westmoreland, now of Tulsa, presented a solo number.

Eva Miller, longtime church musician, directed the 35-member adult choir as it sang "Hosana," an original arrangement by present music and youth director Geary Broden, who was unable to attend the services due to illness.

In excess of 500 people were served at the all-church dinner following the morning service, at the Friona High School Cafeteria. The meal was catered, and all of those staying for lunch were served in approximately an hour. A meal of barbecue, beans, potato salad, slaw and fruit was served.

Eight former pastors of the church participated in an afternoon service entitled "Flashbacks." In addition, former director Bill Myers directed a special choir composed of former pastors, music directors and their wives. Some 500 people attended the afternoon service also.

Special music at the afternoon service was presented by Myers, a duet by Rick and Dorothy Son, and another by Jim and Sherry Westmoreland.

Charles Allen served as narrator for the portion of the program featuring the former pastors. Those who spoke included David E. Moore, pastor from 1934-37; Clayton Day, 1945-47; Russell Pogue, 1951-53; C.M. Fields, 1953-56; L.A. Sartain, 1957-60; Bill Burton, 1960-67; Bill Foll, 1967-70, and Charles Broadhurst, 1970-74.

Also having parts on the program were other former church members who have become preachers, Robert Laceywell, Lee Euler and Howard Rhodes.

The former pastors were lavish in their praise of the local church, and the community of Friona. Many said they still considered Friona as "home."

"We have received letters from most of those who were here for the program. They all have thanked us for having the 65th anniversary program, and most spoke of how they identify with the community," said pastor C.H. Murphy this week. The pastors and speakers came

from as far away as Austin (Bill Burton and Bill Myers), Tulsa (Joe "Hub" Collier and Jim Westmoreland), Manhattan, Kansas (Bill Foll), Albuquerque (Lee Euler), Spearman (Russell Pogue), Roswell (David Moore) and Fort Worth (Clayton Day).

In addition to the former pastors and music and youth directors, a number of former church members attended the special services. Visitors were noted from Lubbock, Amarillo, Clovis, Hereford, Tucumcari, N.M. and Floydada, just to name a few places.

The morning and afternoon services were recorded on video tape, and the church is expected to keep these tapes, since they contain information of historical importance.

Members of the 65th anniversary committees were as follows: Program: Beth Thompson, Eva Miller, Fern Sanders and Charles Allen; Food: Gertrude Murphree, Sharon Rector, Betty Wiseman, Myri Buske and Wyona Clark.

Publicity: Mary Joyce Barnett, Phila May Weatherley; Laura Neil Coffey and Carol Ellis; Flowers: Karen Britting, Johnny Massey and Sharon Gordon.

Star Sponsors 'Heart' Page

The Friona Star will print a Valentine page in its issue of Sunday, February 11, and is asking for readers to submit pictures of their favorite "valentine" and a message to go under the picture.

The favorite "valentine" may be a boyfriend, girlfriend, husband, wife, aunt, uncle, mother, father, grandpa, grandpa, grandchild, etc.

The Star will make a charge of \$7.50 per valentine photo, to cover the printing costs of the page. Payments should accompany the pictures which are turned in. Deadline for the special page will be Wednesday, February 7.

ANNIVERSARY CROWD....Clayton Day, center, a former pastor at Friona's First Baptist Church, is

shown greeting members of the church following one of the functions at the church's 65th anniversary

celebration last Sunday. Shown from the left are Delton Lewellen and his daughters Donna and Pam.

45 YEARS AGO—FEB. 2, 1934
There will be a meeting of the Parmer County Singing Convention on Sunday afternoon at Bovina.

Boxes were placed in City Drug and Friona State Bank for contributions to the president's birthday fund to send money to the Warm Springs, Ga. Hospital.

40 YEARS AGO—FEB. 3, 1939
The play, "Rosetown," which was sponsored by the Friona Junior Woman's Club last Thursday was well rendered. O.F. Lange and Mrs. W.L. Edelman played the parts of "Pa and Ma Perkins."

Fourteen cars of cattle were shipped from Friona last Saturday, which is one of the largest one-day shipments of the season. Among those who shipped cattle were Clyde Seamands, Bert Chitwood and G.B. Buske.

The WPA workers of Parmer County are now engaged in improving the road leading north from the northeast corner of Friona, the improvement to extend north one mile thence east to the Friona cemetery.

35 YEARS AGO—JANUARY 28, 1944
County Judge Lee Thompson of Farwell was a Friona visitor Tuesday afternoon.

Ralph Taylor, who is a Seabee cook, and had been stationed in

Alaska, and the Aleutian Islands for the past year or more, and who is now home on leave, favored us with a visit last week.

Mr. and Mrs. L.F. Lillard left the latter part of last week for San Angelo, where they plan to spend a few weeks with Sgt. and Mrs. Harold M. Lillard and their first grandson. Following their visit in San Angelo, Mr. and Mrs. Lillard plan to drive on into Old Mexico to spend some time before returning.

25 YEARS AGO—JANUARY 28, 1954
Sale of the Sears Grain Company at Black was announced this week, with purchaser being a corporation of local farmers, establishing the Tri-County Elevator, with J.R. "Pete" Braxton as manager.

Joe Reeve and Frankie Spring were awarded the Webelos badge and were welcomed into the Boy Scouts by Scoutmaster Steve Bavousett, and by the Scout patrol leaders, with Billy Zachary as spokesman.

15 YEARS AGO—JANUARY 30, 1964
Coach Don Light, already honored as Class AA Coach of the Year by the Lubbock Avalanche-Journal, is to receive another award Sunday. Light has been chosen as the Panhandle's "Coach of the Year"

for the Panhandle Sports Hall of Fame.

5 YEARS AGO—FEB. 3, 1974
Weldon Taft Williams, 32, a Friona resident most of his life, was killed Monday when the truck he was driving collided with a freight train about a mile west of Summerfield in northwest Parmer County.

The 32nd annual ABC Rodeo, sponsored by the Downtown Chapter of the American Business Club, will be held at the Lubbock Municipal Coliseum on March 20-23 according to a release by Clyde Day, spokesman for the club.

The Friona Kiwanis Club presented a check in the amount of \$500 to the Community Center-Showbarn fund at the organization's regular meeting Thursday morning at Earl's Parmer House Restaurant.

Clayton: Only One More Term

State Rep. Bill Clayton of Springlake Thursday confirmed that he will seek only one more term as representative of District 74.

Clayton, who has just been re-elected to a third term as Speaker of the House and has announced that he will seek a fourth term as Speaker in 1981, said his plans after the 1981 legislative session are not certain.

"I will have other plans after that session, but 1981 will be the last time I will run for a seat in the Legislature," Clayton said. Clayton has been mentioned as a 1982 candidate for Governor, Lt. Governor or some other state office. He has added the possibility that he might return to his farm at Springlake.

He has served as representative of Bailey, Castro, Cochran, Deaf Smith, Lamb, Oldham and Parmer counties since 1962. If his final race is successful he will have served in the Texas House a total of 20 years, including eight years as Speaker.

Profiles and Things

by don watkins

The trouble with our economy today, if the nation's economists are to be believed, is one of attitude. Over and over they tell us the national economic condition is related to attitudes. If pessimism and fear prevail, it naturally follows that recession or depression will ensue.

So, why is everyone perplexed about today's inflationary condition? If the above be true, all one has to do is think on today's inflated society and an answer (not a cure) will be forthcoming.

And if this is not an inflated society, why all the high-falutin titles instead of simple words that used to precede a person's position?

We have engineers instead of maintenance men. Dietetic technician has replaced cook.

Transportation consultant used to be a car salesman.

And, one that really fractures me, especially when I am forced to use them and then receive their bill for services is Environmental Control Technician instead of air conditioner repairman.

One should quickly note the mention of bill for services. For everytime someone comes up with a fancy-sounding title, you can bet fees also rise.

We have all heard of sanitation engineers replacing garbage collectors and we now have Medical Products Technician instead of factory representative. And so the spiral continues, on and on and up and up.

Even the sports arenas are not immune to this inflated egoism prevailing within the nation. Instead of defensive coaches we now have Coordinators in Charge of the Defense and Pugilistic Tacticians instead of boxing trainers.

Well, as for me, I simply refuse to get caught up in this maelstrom of nonsensical titling for title's sake, not to mention an increase in monetary returns. If I am to do my part in curing this nation's economic ills, as our President has asked us all to do, then I will simply do just that.

There is one small thing, however, that may seem contradictory, but

one has to believe I have insisted upon this long before inflation came upon the scene. Simply that I have never permitted my students to refer to me as teacher. It has always been Adviser for Tutorial Design.

There are times when penning a column is the most difficult task in the world. Not for lack of words, nor the fact that sentence structure is not forthcoming. And certainly not for lack of material, though admittedly this is sometimes frustrating.

I am speaking mostly of space. Permit me to rephrase that; I meant to say LACK of space.

I have tried every room in our house. And I mean EVERY ROOM.

Admittedly, my study is on the back of the house, out of the way of all traffic, with no radio, TV, or stereo. Quiet. Still. Calm. Until - - - "Don. Don, I need you."

I pretend I don't hear, knowing I am fooling only myself.

Fire Dept. Gets Check

The Friona Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of James Corbell, Box 326, Friona.

The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Friona Volunteer Fire Department in their program.

push it in. "Don, will you get in here?"

Knowing when I am whipped and that I'll never get back to the typewriter unless I humor the dear lady, I begrudgingly go to the door.

"What is it this time?" I ask.

"I need you to move the sofa."

"For the love of Pete," I say. "Won't that wait until I finish my work?"

"No it will not."

"Why for gosh sakes? It's not going to get up and run away."

"Because I may change my mind and I like it where YOU'RE going to put it."

I don't bother to ask her how she knows since it isn't even there. Discretion being the better part of valor, I simply strain and grunt and get the darn thing moved.

"Is that all?" I ask.

"For now," she replies.

I hurriedly return to my desk and the moment I touch a key, another voice yells.

"Hey dad, can I go to the rodeo?"

"Go. Go darn it, and stop bothering me."

"Well, if he can go to the rodeo I get to go to the movies," still another voice yells.

Suddenly I have had it. I grab paper, eraser and typewriter and head for the one haven of almost total seclusion I know. However, even there I have some insurmountable problems.

Have you ever tried to type in the back seat of a Yellow Cab?

LETTERS

To The Editor

DEAR EDITOR:

Over on the back 40, my neighbors and I are somewhat confused about TUCO, Inc. They feel so sorry for a "dummy" corporation, set up to buy fuel for a major electric company on a non-profit basis, that suddenly is worth a reported \$30,000,000. My dry hole neighbor, that's the one that drilled a dry hole where the ground looked oily, said he didn't know what TUCO meant. He said on his fuel bill it was always spelled "FUEL ADJUSTMENT." He was thinking about setting up a corporation called "bread and potatoes" which would operate on a non-profit basis, like most farming these days. Then in four or five years, after passing through added costs for fuel, he would offer it for sale to a large corporation for \$30,000,000, if that's the way it's done???

My nervous neighbor said he never understood why utilities have a rate any more, and that meter readings are a farce, actually. He wants to do away with meters, meter readers, cars, pickups, clerks and office personnel and send out a bill called "Fuel Adjustment" just so it is high enough so the utilities can make a FAIR profit.

My slow thinking neighbor said TUCO, Inc. which gathers the sticks and cowchips to make electricity, must have had a hard time during the recent blizzard because his outhouse got pretty cold. He says he is paying more and enjoying it more and getting less and less these days. He says his new car is half as big but costs twice as much. The way he figures it, a bushel of wheat still weighs 60 pounds. Upon delivery to the elevator, it is tested, weighed, probed for bugs, cheat, dirt, weavels, moisture and mice. If quantity or quality is not up to par, he takes a dock then and there. But, for some strange reason, that bushel of wheat which is of better quality, the same weight brings about what it did in 1947, over 30 years ago. He thinks maybe electricity is more important than food and since people spend more owning and maintaining a car than they do for food, that cars too are more important.

My sad neighbor is happy that TUCO is being sold for \$30 million so maybe he can look forward to a REFUND on his electric bill to help pay for the next FUEL ADJUSTMENT. He said as a farmer he was proud to belong to a NON-PROFIT club and he had a clear conscience because he surely had not contributed to inflation.

MARVIN MONTGOMERY

Dear Editor,

My complaint has to do with the Friona School Cafeteria. I have 2 elementary-aged children who each have to bring 65 cents a day for a school lunch. Previously it had been 60 cents. Today, the children who eat a reduced-price lunch received notices stating that their lunches were going from 20 cents to 10 cents a day. I understand that the prices are probably controlled by the government BUT my question is: Did the school system know in advance of this decrease and in order to compensate, decide to increase the others beforehand so as not to cause as much commotion? I and many others who work hard and pay our taxes could preach sermons on the unfairness of programs such as these, but what can we do to stop the unjust burden placed upon the working middle class?

Barrels of uneaten food are wasted every day from the cafeterias, yet we provide a free or reduced lunch for a large percentage of Friona children. We can't force them to eat, it's true, but it seems that since we're paying either directly or indirectly through increased lunch prices or taxes, we should be able to do something. It seems that all we can do is either shut up and pay the price or unite and send lunches with our children.

If all full-priced meal children would bring their lunches to school, could the cafeteria continue to serve free and 10 cent meals? I doubt it!

Sincerely,

Conglomerates Gaining Food Industry Control

By PAM THOMPSON

A very interesting article about the food industry appeared in the Nov. 17, 1978 issue of "The Texas Observer." The article, written by Jim Hightower, is enlightening, though lengthy. I have endeavored to bring you the highlights.

In the article Hightower stated, "What follows is not an attempt to say what's good for you to eat; rather, it is to inform you that if present trends continue, you'll have little choice in the matter."

Food is America's largest business—even larger than oil, chemicals, steel or automobiles. Last year, Americans spent \$223 billion on food—\$3.8 billion of that went for snack foods alone.

Farmers are no longer in charge of the food industry—nor even the industrial "farmers" who have moved into farming in a big way. (By the way, did you know that Coca Cola is in the shrimp business, the Odgen Corp. grows tomatoes, Gulf & Western is into beef, H.L. Hunt manufactures sugar, Aetna Life and Casualty produces cream, and Getty Oil sells almonds and walnuts? Also, Schlitz beer-duckling, Esmark-turkey, U.S. Steel-potatoes, Tenneco oil-carrots, Greyhound Bus-chicken, Boeing-corn and Clorox-mushrooms?)

More disturbing even than the above mentioned industrial "farmers" is the fact that processing and retailing empires are being amassed by a handful of food manufacturing conglomerates, national supermarket chains and fast food franchisers. ("This middle sector between farmer and consumer takes 60 cents of every food dollar spent today.")

There are over 30,000 food processing companies in the U.S.—but less than 1 per cent of them own every brand you see in the supermarket and just 50 national processors reap 90 per cent of the industry's profits.

The two largest of these are not U.S. firms—they are Unilever, a British-Dutch conglomerate (they own Lipton Tea, Imperial Margarine, Lucky Whip Topping, Mrs. Butterworth's Syrup, Wish Bone Salad Dressing, Knox Gelatin and

Good Humor Ice Cream—along with others) and Nestle (who owns such brands as Nestea, Libby, Stouffer frozen foods and restaurants, and Taster's Choice Coffee.)

The largest American conglomerate is Beatrice Foods Company of Chicago who made \$6.4 billion in sales in 1978 on more than 100 brands including La Choy Chinese Foods, Sunbeam Bread, Butter Krust Bread, Meadow Gold Milk, Martha White Flour, Rosarita Mexican Foods, Eckrich Sausage and Rainbow Pickles.

Other conglomerates monopolizing the marketplace are Kraft, Heinz, General Mills, Carnation, Borden, Consolidated Foods, Heublein, American Brands, CPC International, Anderson Clayton, Standard Brands, American Home Products and International Multifoods.

You cannot depend on product labeling giving you a clue as to whether it is produced by a small company or by a conglomerate as these examples show: Grandma's Molasses-American Brands, Dad's Root Beer-IC Industries, Sara Lee Coffee-cake-Consolidated Foods, Hickory Farms of Ohio-International Multifoods, Orville Redenbacher's Popcorn-Norton-Simon.

Hightower states, "These conglomerates bought their positions, swallowing up regional brands that have been established by independent entrepreneurs). Beatrice Foods alone has swallowed 400 such food businesses in 25 years.

Some well-known Texas brands which have been gobbled by conglomerates are: Ashley's Mexican Food, Austex Chili, Blue Ribbon Sausage, Fritos, Gebhardt Mexican Foods, Light Crust Flour, Gooch Sausage, Morton's Potato Chips, Mrs. Tucker's Shortening, Old El Paso Mexican Foods, River Rice, Tex-Sun Fruit Juices, Tom's Peanuts and Snacks, Uncle Ben's Rice and Wolf Brand Chili.

Del Monte has been bought by R.J. Reynolds, Green Giant by Pillsbury, Seven-Up by Philip Morris, Tropicana by Beatrice and Pet by I.C. Industries, the parent firm of Illinois Central Railroad.

Many of these mergers are hostile. Del Monte, Seven-Up, Tropicana and Pet fought to remain independent but lost. Gerber's Baby Food won a legal battle against the Anderson Clayton conglomerate which sought to gain control of the baby food firm.

The chief financial officer for R.J. Reynolds stated last September that, "We'll probably have a billion dollars" in cash and borrowing capacity to buy more companies over the next five years.

Mules "Burn Barn;" Chiefs' Hopes Hurt

It was a tough week for both the Chieftain and Squaws basketball teams, as both squads dropped a pair of games during the course of the week.

The Squaws dropped a 50-39 decision at Dimmitt on Friday, and then fell to a Muleshoe team, 49-33 on Tuesday of this week.

The Chieftains, meanwhile, almost pulled one out against the Dimmitt Bobcats at Dimmitt, losing a two-pointer, 55-53 on Friday. This was the final game of the first half of District 3-AA play.

Then the Chiefs, seeking to start afresh in the second half of district play, ran into a fired-up herd of Muleshoe Mules on Tuesday, and fell, to the tune of 74-57.

Dimmitt held a one-point edge on the Squaws, 9-8 after the first quarter, widened it to six-points at the half, and then began pulling away in the second half of the game.

Dana Miller had a good game for the Squaws, canning 20 points, all on field goals.

On Tuesday, the Muleshoe girls were in front all the way, as Jo Rhodes of the Mulettes scored all 10 of her team's points in the first quarter. Muleshoe took a 10-4 first quarter lead.

Muleshoe built a ten-point lead, and then took advantage of a cold streak by the Squaws in the fourth quarter to open up a 20-point lead at 43-23.

The Chiefs and Mules had a barn-burner going for one half, but the Mules burned the barn in the second half, and left the Chiefs sifting through the ashes.

The Chiefs had one of those periods you'd just as soon forget, and the red-hot Mules took advantage to grab the win, an important one in the district standings.

The score was tied ten times in the

first half, and the lead changed hands five times. Kevin Kothmann and Kevin Pope sparked the Chieftain scoring attack, as Pope had ten points and Kothmann 12. Both players were pumping shots in from long range.

It was Kothmann's shot from the right side with six seconds left on the clock that ended a back and forth first quarter and gave Friona the lead at 16-14.

Prior to Kothmann's shot, the score had been tied at 2, 4, 6, 8, 10, 12 and 14-all, and each team had enjoyed the lead.

The pattern continued into the second quarter. Friona opened up four-point leads twice. Pope's layup gave Friona a 27-23 edge with 3:40 left in the half, but Muleshoe came back to tie the score at 29-all.

Baskets by Kothmann and Pope again gave the Chiefs a four-point edge with 13 seconds left, but Muleshoe got a basket with one second showing to make it 35-33 at the half.

For a time, it looked like the close game was going to continue, until things went sour for Friona late in the third quarter. The team scored only one basket in the last 2:50 of play, and Muleshoe was able to take the biggest lead of the game, 58-47.

The fourth quarter saw the roof cave in on the Chieftains, who did not score a point until only 1:40 remained in the game, and the red-hot Mules responded for an eye-popping 71-47 lead.

With Mule reserves in, the Chieftains scored ten quick points to partially trim the lead, but the damage had been done during the eight-minute scoring drought, during which Muleshoe scored 20 unanswered points.

Kothmann, who had 24 points at the three quarter mark, led all scorers with 26 for the game.

CLOSE QUARTERS....Kevin Pope (in white) of the Friona Chieftains found his path to the goal blocked by not one, but two Muleshoe Mules in this bit of action from Tuesday's

game. Pope not only missed the shot, but adding insult to injury, was called for fouling on the play. (Photo by Stanley Ellits)

and his mother, Mrs. E.E. Taylor, right, a longtime member of the church.

LUNCH TIME....Those attending the 45th anniversary service of the First Baptist Church were treated to a catered lunch of barbecued beef.

Shown at one of the tables are Beth and Dave Thompson, with former pastor Charles Broadhurst and his family in the center background.

Group Cancels Film's Showing

Officials of Friona's First Baptist Church, whose youth council had planned to sponsor showing a film, "Other Side of the Mountain, Part 2," announced this week that the showing of the film had been cancelled.

"After previewing the film, it was our feeling that the film had some contents that would not be appropriate for a church group to sponsor," stated pastor C.H. Murphy.

Dixons Flee Iran; Expected In Bovina

P.O. Dixon of Bovina told a representative of the Star on Tuesday that his son Robert and wife Pearl, who have been in Iran for the past year, had managed to get out of that unstable country, and were due to be in Bovina by Friday or Saturday of this week.

The country of Iran has been torn with civil strife lately, so much so that the U.S. government this week ordered all government employees out of the country, and recommended all other Americans in Iran leave, for their own safety—the only problem being that most airports were closed.

Robert Dixon had been in Iran for the past year. He is an executive with the engineering firm of Butler-Cuivern, which was building

a massive pipeline in Iran under the joint auspices of the United States and Iranian governments.

Dixon and his wife left the country of Iran last Thursday January 18, flying to Amsterdam, and then on to London, where his company has an office.

The Dixons stayed several days in London, while his company watched the situation in Iran and made their decision relative to their responsibility in the matter.

"It has been an anxious period of time for us. This has been just like having your son involved in a war," P.O. Dixon told the Blade on Tuesday.

The elder Dixon said he and his wife Ella Bell were very relieved when they learned that the couple

had left Iran and were on their way home.

Robert Dixon had communicated by telephone with sons John Robert and Douglas Dixon, who live in the Houston area, and the grandsons had called Robert's parents early this week to let them know that the Dixons were safe.

"I think Robert felt safer due to the project being a joint effort by the two countries, but since he was the number two man in charge, this worried us, because we have heard that there is a great deal of resentment to Americans in Iran," P.O. Dixon said this week.

Dixon indicated that the pipeline project undertaken by the Butler Corporation was approximately 80 per cent finished, according to information he had received from his son.

Just what the company will do in regard to the Iranian project is not known at this time.

Robert Dixon is a 1949 graduate of Amarillo High School, and received his degree in engineering from Colorado State University.

His brother John Frank Dixon lives here, and he has two sisters, Hazel Hill of Amarillo and Dixie Lee Baker of Los Alamos, N.M.

On The Farm In Parmer County

By Seth Ralston

By SETH RALSTON
Container gardening fits right in with today's mobile, crowded lifestyle. Home owners as well as apartment dwellers find that plants and flowers in transportable containers can enliven any home or garden, regardless of the size.
All kinds of plants from petunias to pine trees can be grown in containers. However, plants in containers will dry out much faster than those growing in the ground so more frequent watering will be necessary.
Water plants when needed and not by the calendar. This will probably mean daily watering during hot summer weather. Soil in the container should be porous but retain adequate moisture. Drainage holes are necessary for proper runoff of excess water.
With frequent watering, it's important to replenish soil nutrients often since they will be washed away. A liquid or soluble plant food is best for container plants. Once the greenery is established and growing, apply plant food about every three weeks.
Home gardeners should choose containers that are strong and able to withstand continual moisture. Wooden boxes, tubs, barrel halves and clay pots are available at garden supply centers. When building wooden containers, use moisture-resistant wood such as redwood, cedar or treated pine.
A big advantage of container gardening is mobility—being able to place plants in the spotlight when they are looking their best and putting them out of sight when they go into decline.
And here's a bit of advice on moving container plants. Allow the soil to dry before moving to reduce the weight of the container. It can then be set on a dolly, a small wagon or a piece of canvas and easily moved.

Beef and dairy producers in Parmer County will have an opportunity to take part in some intensive training in artificial insemination (AI) and pregnancy testing during the coming months.
A series of 38 clinics on AI and pregnancy testing will be conducted by the Extension Service in cooperation with American Breeders Service, Central Ohio Breeding Association and Curtiss Breeding Service. The clinic for our area will be held April 10-13 in Hereford.
The clinics provide actual field training in AI and pregnancy testing along with intensive training in beef or dairy herd management.

"Living on a Few Acres," the 1978 Yearbook of Agriculture, describes both the pitfalls and satisfactions of living in the country. The yearbook is intended as a practical guide to country living. It is mainly for those who do not intend to gain their principal income from the land but rather have a job in town or some other source of income.
The book's 48 chapters were written mainly by specialists from the U.S. Department of Agriculture and state land grant universities. The articles cover many aspects of part-time farming, including production for family use or supplemental income.
Five sections of the book include information on pluses and minuses, acquiring the right spot, improvements, how to make the most of the land, and selling the property. There are specific articles on raising vegetables, grapes, berries, ornamental plants, herbs, nuts, poultry, pigs, goats, rabbits, Christmas trees and earthworms.
Copies of the 472-page yearbook, which includes 32 pages of color photos, may be purchased for \$7 from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402. Ask for stock number 001-000-03809-5. Members of Congress have limited copies of the 1978 yearbook for free distribution to constituents.

Around The House

By LAURA JACOBS

Do you get lots of compliments on your sewing? Do people always ask you for your recipes? Maybe you should think about earning rewards for your skills. Two contests are available to women with sewing and cooking talents.
The Natural Fibers Fashion Revue emphasizes the elements of good clothing construction, home sewing and fashion, as well as the use of natural fibers.
Adults and youth from Texas, New Mexico and Oklahoma will compete for hundreds of dollars in prizes and will model the apparel they have

created from fabrics which are predominately cotton, wool or mohair.

The fashion revue is one of the major events which will open the 1979 South Plains Farm Show at the Lubbock Civic Center, April 5-7.

Do you have a chicken recipe that is out of this world? Why not enter the National Chicken Cooking Contest? This contest has thousands of dollars in prizes and is sponsored by the National Broiler Council.

You may enter as many recipes as you like. The Texas cook-off will be in Austin, sometime in May.

DOUG YOUNG

Gospel Meeting To Begin Here Sunday

A gospel meeting will be held at the Sixth Street Church of Christ Sunday through Wednesday of next week, February 4-7, it was announced this week.

Douglas Young of San Angelo will serve as evangelist for the series of services. Douglas is the educational director of the Johnson Street Church of Christ at San Angelo.

Services are scheduled for 10:30 a.m. and 6 p.m. on Sunday, and at 8:45 a.m. and 7:30 p.m. weekdays.

Young is a graduate of Abilene Christian University. He taught in

public school in a suburb of Denver, served as song director, youth director and educational director for the Park Hill Church of Christ in Denver, and began full-time preaching in 1966, having served churches in Colorado Springs and Greeley, Colo., and Carlsbad, N.M. He and his wife, the former Gay Bownds, are parents of three children, ages nine through 15.

The members of Sixth Street Church of Christ invite the residents of Friona to join them for this special gospel meeting.

Important Issues

Will Be Discussed

A lecture on the topics of "Issues Facing Families Today" will be presented in Friona on Feb. 15th at 7:00 p.m. in the Junior High School Auditorium.

Lecturer will be Mrs. Margaret McClain who is a member of the Pro Family Forum. She will discuss some of the issues which wear fancy labels in public such as "freedom of choice" (abortion); "sexual preference" (homosexuality); "non-sexist" education at all levels; federally-funded child development programs and others. Most of these issues stem as a direct outgrowth of the IWY Conference in Houston last

year, and, as such, are directly related to the passage of the ERA amendment.

The IYC (International Year of the Child) and Kiddies Lib goals which will require more dollars from the taxpayers while they tend to undermine traditional family values, violate parental rights and intrude upon parental authority will also be discussed.

Friona and area people who are alarmed about the government's infringement upon their private lives are urged to attend this lecture which is open to the public and free of charge.

In spite of the cold weather we've been having, thirty-eight persons attended the regular last Friday of each month meeting of Friona Senior Citizens at Union Congregational Church.

A few persons arrived early enough for a morning game session. Then, after a covered dish luncheon and program, there was an afternoon session.

The program began with a devotional by Rev. Skip Sircic, pastor of the church. Then Sharla Duggins, vocalist, presented several selections. She was accompanied by Eva Miller.

These meetings are open to the public and Lora Mae McFarland, president, joins all the members in inviting all senior citizens in the area to attend at their convenience.

Mr. and Mrs. J.B. Zetzsche Sr. of Wichita Falls have been visiting in the Friona area. He is the father of George and Robert Zetzsche and a former Friona resident.

The newest member of the Danny Murphree family put in his appearance less than two hours after his brother's first birthday. Thursday evening Danny and Linda hosted a birthday party for David, their adopted son.

Then a few hours later, Trent Allen, was born at Parmer County Community Hospital.

Party guests were David's grandparents, Curtis and Gertrude Murphree of Friona and Mr. and Mrs. Bobby Allen of Plainview. One uncle, Mark Allen of Plainview, also attended.

Mrs. George Patterson, 1007 West Fifth Street, came home Saturday after spending a week in Bristol, Virginia. She made the trip especially to welcome her first grandson.

Little Blake Daniel Rutherford is the first child for Karla and Fred and the second grandchild for Joy and George. Their granddaughter, Jeanette, was one in December. She's the daughter of Donna and Fred Couper of Schenectady, New York.

Incidentally, the Pattersons may

have to start calling their sons-in-law by numbers instead of names to avoid confusion. At the present time they have three and they're named Fred Rutherford, Fred Couper and Ted Giddens.

Then, to further complicate matters, their number five daughter, Karen, has a very special boy friend named Fred Polnisch. Maybe the other Patterson girl, Sheryl, who is a registered nurse and lives in San Antonio, will add variety to the name situation.

Several Frionans have been hospitalized out-of-town recently. Most of them seem to be making satisfactory improvement, so maybe everybody will be home by spring.

Geary Brogden, educational director of First Baptist Church is home, but is confined and isn't having any company yet. He spent several days as a medical patient in High Plains Baptist Hospital in Amarillo.

At the present time Claude Osborn is a patient there. He was recently transferred from the local hospital to High Plains for therapy.

Mrs. Lucy Jones is also home. She was a surgical patient at Deaf Smith General Hospital in Hereford a week or so. Jo Phelps is a surgical patient at Deaf Smith General at the present time.

Little Julie Buchanan, daughter of Mike and Kathy, had surgery at High Plains Baptist in Amarillo early this week.

Melba Allen is a surgical patient at St. Anthony's Hospital in Amarillo and expects to have to stay ten days or two weeks longer. However, her condition is reported to be improving.

Vivian Dennis, who had surgery several weeks ago, is continuing to go to Amarillo almost daily for treatment.

Arvilla Elmore spent several days last week as a medical patient in St. Mary's of the Plains Hospital in Lubbock. She was dismissed and came home Sunday.

Mrs. Charles Ross, a resident of Prairie Acres, is a surgical patient at St. Mary's now.

Johnny and Robin Taylor Broyles

have moved to Tishomingo, Okla. Ruth Harguess is a new employee at Friona Consumers. She's filling the slot formerly filled by Robin.

The shower for the Kenneth Christie family will be this Sunday, February 4, at 2 pm. in the Summerfield Baptist Church Fellowship Hall, at 2 pm.

Weekend visitors in the home of D.L. Harguess and daughters, Dee Ann and Tammy, were D.L. Harguess Sr. of Safford, Arizona; Mr. and Mrs. Tommy Harguess and children, Pamela and Brad of Odessa and Phil Harguess and son, Craig of Sunny.

Newcomers to Friona this week are Curtis and Mary Nell Israel and daughters, Bonnie Ann and Amy. The Israels are former residents of Lubbock.

Curtis is the new parts man at Friona Ford Sales, Inc. The family lives at 611 West Ninth, the house formerly occupied by Mr. and Mrs. Gary Jones and family.

Mrs. Fay Reeve of Friona and her youngest daughter, Carol, who lives in Lubbock, were in Merkel, Texas last weekend. Mrs. Cynthia Pinckley, who is Fay's mother, observed her 97th birthday Sunday, January 28.

Mrs. Pinckley is still quite active, lives alone and does all her personal sewing. On Saturday she was surprised with a birthday party by her daughter-in-law, Laura Mae Pinckley, and a neighbor, Nina Bell Hughes.

Carol had thought it would be nice for her grandmother to have a birthday cake with candles, so made arrangements for one.

Mrs. Pinckley lacked only a few candles making a complete sweep when it was time to blow them out.

Wouldn't this world be a wonderful place in which to live if each of us could live so that whatever happened to us our fellow men could truthfully say, "It couldn't have happened to a nicer person"??

ENTERTAIN HERE....The "Hard Travelers," a musical group from Lubbock Christian College, entertained at an assembly program at Friona High School this week. The group lived up to their names, coming to Friona from Lubbock in spite of snowy, icy conditions.

Performance proves...

The top 8 corn hybrids on the Irrigated Plains are all from Pioneer.

That's a pretty bold claim, we admit. But in farmer's fields, county agent test plots, wherever they're grown, these Pioneer® brand corn hybrids consistently out-perform competitive hybrids year after year. Each hybrid has its own particular strong points that make it especially well suited for certain environmental and management conditions. When thoughtfully selected and properly managed to meet the conditions, each of these

hybrids delivers top performance...winning performance that's head and shoulders above the competition.

Don't take our word for it. Ask your Pioneer dealer about yield data in your area for the last several years and see for yourself. The consistent performers...the top 8 performers are all from Pioneer!

High-yielding, full-season powerhouse! 3195 gets off to a good start with high seedling vigor, then makes the most of High Plains growing conditions. High test weight grain is hard textured and dries down fast. Ideal for grain or silage.

Contest winning yield potential with excellent disease tolerance makes 3183 an ideal companion for 3184. It also has excellent seedling vigor plus good standability and stay-green qualities.

A silage grower's dream come true (even if your plans change mid-season)! Tall with good standability and a high grain-to-stover ratio. Adapts well to the high plant populations required for top silage yields. And if your plans change, excellent grain yields make it a profitable grain crop, too.

Steady corn maker, popular for excellent yields and consistent performance. Strong stalks, good roots provide outstanding standability.

The corn you can manage almost like sorghum. Total fertilizer, water and insecticide requirements similar to sorghum. Maximum water use period makes it an ideal companion crop to cotton. Yield average of more than 7,800 lbs./A in four years of High Plains production at 96 locations.

A new hybrid you can trust like an old friend! It delivers top yields and is an outstanding companion for 3195. It silks earlier than 3195 and performs better under stress.

Very early silking, a long kernel fill period, and fast drydown help 3541 produce extremely high yields for its maturity. Give 3541 the management it needs, and it could easily be your top income producer. Excellent standability, ear retention and head smut tolerance.

Plant this one for your banker! It has the consistency to be the high-yielding workhorse hybrid you can rely on. Outstanding early season vigor. Excellent for silage on the Irrigated Plains.

Ask your Pioneer dealer about them **NOW.**
