Card Project In 25th Year Here

DOWN THROUGH THE years, we have shared through the confines of our column some of life's personal experiences. Many of our readers have been able to identify with them, and say, "Yes, I remember when...."

We remember that in Journalism school, we were taught not to dwell on one's personal situation, but never-the-less, we have on various occasions shared with our readers such experiences as our children's first haircut, first time to sit out in "big church," and their going off to school for the first time, etc.

You have even had to be bored with details on their births. For some of you new-comers who may have missed some of these earlier columns, our children were all "holiday babies."

Laura was born the day after Thanksgiving; Stanley was born on Mother's Day, and Richard was born during Bull Town Days, the year we purchased the Bovina Blade.

We have also shared other personal experiences with our readers. You never know when you'll be able to say something to make them feel a little better about their problems.

We have come this week to share another personal problem with our readers. It's a problem which is much, much worse than acne, bad breath, or even the heart-break of psoriasis.

Our newest problem is (sigh) bifocals.

The optician had warned us on our last trip that the next time around, this would undoubtedly be the route we'd have to take if we remained kind to our eyes.

Old Dad had first noticed a problem when he tried to find out who the winning pitcher was in the Astros' box-score, or how many hits George Brett got the day before, etc. That small type was just beginning to fade away. Thank goodness we're not into stocks and bonds.

Being in a business which requires that we remain able to read whatever passes before us, we reluctantly went along with the bifocal idea. We had seen others wearing them, and it didn't appear to be fatal.

But, we're not sure if we will survive the break-in period. By the way: How long does it take to get used to these infernal things, anyway?

Do you ever read and watch television at the same time? If so, imagine the problem in remembering which way to tilt your head when you glance toward the boob-tube.

Going up stairs, or steps of any kind, a fairly routine operation previously, is now a major operation.

In our own case, we find that the little simple things, such as finding a pencil or a telephone book on your desk, has now become a regular Easter egg hunt. Now we have to make the search with a "river" running smack dab in the middle of the desk.

And when we first sat down at our typewriter, it was a lot like the first time we went to typing class, and you had those machines with the keys covered up. If we have our glasses adjusted where the keys show up, then we have trouble reading the type as it hits the paper. There's that river again.

Other simple things, such as focusing a camera, suddenly have to be done with more precision than before.

If you notice any crooked headlines or stories in your newspaper, you can pretty well bet that that was one of the publisher put down. The bi-focal hits our layout table just about half-way up the page.

Oh, we'll make it, eventually. It's much more fun being able to read the small type again. No telling what we had been missing.

In the meantime, if you see us coming, and there is a question of safety involved, better give us a wide berth. And if we don't return a wave, it's not because we're ignoring you. It's just bi-focal trouble.

Modern Study Club will sponsor "Project Christmas Card" in Friona for the 25th consecutive year, the club announced this week.

The project benefits Parmer County Community Hospital during the Christmas season each year, and in the course of its history has raised over \$44,000 for equipment for the local hospital.

Equipment which cost over \$31,500 has been provided in the past ten years by gifts to the project.

Residents of the area are requested by the club each year to donate to the fund rather than mailing Christmas cards to local friends. Names of those contributing are published on a full page in the Christmas edition of the Friona Star, as a community-wide greeting to everyone in the Friona area.

Donations may be left at Friona State Bank. Club members also will place containers at 25 local businesses, where residents may leave their donations.

Deadline for donating to the fund and being a part of this year's project will be Monday, December 15.

There is no set amount for the donations, but each person or family is requested to donate at least the

amount of money they would normally spend on Christmas cards and postage, mailing to local friends.

Iona Cook is chairman for the project this year. Assisting as members of the committee are Ilene Osborn, Vera Beil, Gerry Taylor and Mary Moseley.

Posters promoting the project will be placed in downtown businesses on Monday, December 1.

Project Christmas Card was started in 1956, and in the 24 years since its beginning has contributed to making Parmer County Community Hospital one of the most modern and well-equipped medical facilities in the area.

The money collected in this year's drive will be used to provide a larger cardiac care unit, with an additional heart monitor, and extra room.

According to a spokesman for the hospital, anytime there are two heart patients in the hospital, it would be helpful to have more than one monitor.

In recent years, the fund has purchased a heart monitoring unit, automatic beds for the new hospital wing, heating and air conditioning for the emergency and surgery rooms,

(Continued on Page 5)

Local Couples Miss Bad Fire

Two Friona couples were in Las Vegas last week, and missed the tragic fire at the MGM Grand Hotel by a matter of hours.

Mr. and Mrs. Leland Gustin, and Mr. and Mrs. Charles Myers had been in the hotel the night before, until a late hour, attending the show's headline attraction--The Mac Davis Show.

Both the Gustins and Myerses stayed at the Sahara Hotel, which is about a mile down the "Strip."

"We had stayed at the MGM Grand in previous trips, but the Myerses had reservations at the Sahara, and talked us into staying there. I'm real glad they did," Gustin said this week.

Gustin said that as tragic as the fire was--at least 85 people were killed--that if it had happened at night while the shows were going on, the death toll undoubtedly would have been much higher.

The Grand has two amphitheatres

at which the main productions are given each night, and Gustin said these would seat at least 1,500 people, and the theatres are filled every night.

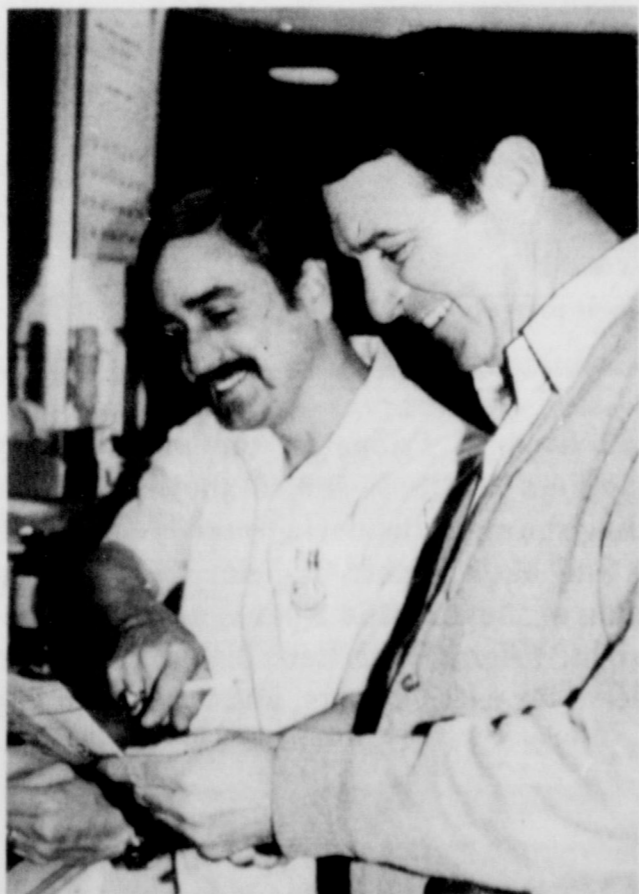

In addition, coming when it did, the fire probably found the casinos less than 25 per cent occupied, much less than the "rush hours."

"It really took the fun out of our trip. However, we felt like the good Lord was looking after us," Gustin remarked.

The two Friona couples had occasion to visit with a couple from Levelland who had been on the top floor of the Grand Hotel during the fire. The husband awoke Friday morning to find their room full of smoke, and his wife had passed out.

The man opened their door, to find the hallway black with smoke. ("He stepped on someone on the floor, that he couldn't even see.")

This couple had to stand on a 2½ foot ledge for about three hours, until the building was cleared of smoke and they could walk down.

COMPARE NOTES....Hank Outland, left, and Jim Pope tied for first in the Friona Star's football contest for last week, and split the two top cash prizes. They are shown comparing how they picked the "toss-up" games.

UP THEY GO....City of Friona employees braved the cold temperatures earlier this week, to put up the street decorations on Main Street. New pole decorations are being featured this year.

SNOW FUN....Since school was dismissed on Tuesday, the children of Dr. and Mrs. Gary Cash took the opportunity to have some fun playing in the snow. The children are Ryan, standing, and J'Mai and Kelley.

(Photo by Stanley Ellis)

Second Snowstorm Hits Area Tuesday

For the second time in a two-week period, the local area was hit by an early season snowstorm, which once again slowed outside activity considerably.

Residents awoke on Tuesday morning, November 25, to find four to five inches of snow on the ground, with some drifts up to three feet. Many residents commented that the drifts from the current storm were almost exact duplicates of the one which had struck the area a week and a day earlier.

Travel throughout the area was curtailed due to the drifting snow, which continued for most of the day on Tuesday. Snowplows were run on the major roads, but the wind would cause drifts to return onto the highways.

The roads in the area were all open throughout the storm, although some of them were quite hazardous.

For the second week in a row, Friona schools were forced to close for a day, as classes were dismissed for Tuesday. However, school was held on Wednesday, with buses running mainly on the pavement.

The measurement in Friona amounted to five to six inches, which brought the total snowfall for the month of November to 12 inches. Farther south, Lubbock received 11 inches Tuesday, to go with the 11

inches it had received a week earlier, for an all-time record of 22 inches for the month.

The low temperature in Friona on Wednesday was a cold eight degrees, the lowest of the season, but with a bright sun shining, the melting process was again started.

Once again, the snow was very wet, which will be a big help to the wheat crop, giving it much needed moisture. The moisture also will boost the underground moisture supply for the 1981 row crops.

But the snow once again stalled the harvest of the cotton crop. No cotton had been stripped since the snow of

November 16-17, as fields had not dried to the point of permitting machines to get into the field.

After the first snowfall, observers felt that the cotton would not be hurt materially, although the grade may be adversely affected.

Temperatures

Date	Hi-Low
Saturday, November 22	50-22
Sunday, November 23	57-34
Monday, November 24	41-24
Tuesday, November 25	34-22
Wednesday, November 26	29- 8
Moisture: .15 inch November 25;	
.03 inch November 26.	

Harkey Holds Contest Lead

Ron Harkey will take a four-point lead into the final weekend for the Friona Star's football contest.

Harkey turned in a score of 13 in last week's contest, and that gives him a score of 188 for the first 12 weeks.

Jerry Hinkle, last year's grand prize champion, scored a 16, to move into second place in the standings, four points back of Harkey with a score of 184.

R.L. Blakely, who had been in the runner-up slot the past few weeks, dropped a notch to third place after getting a score of 13. Joe Santellana turned in a score of 15, and tied Blakely for third place. Both contestants have scores of 183.

Next in the standings comes Steve Williams, with a score of 182. Scores of all the leading contestants can be found elsewhere in this issue.

The leading contestants are vying for a cash prize of \$100 which will be awarded following the final weekend's contest.

In the weekly contest for the 12th week's contest, a tie developed after two of the contestants correctly

picking 16 games listed the exact tie-breaker score, which was the closest score.

Hank Outland, a former grand prize-winner in the contest, and Jim Pope had scores of 16, and each put 24-10 as the score for the Dallas-Washington game, missing the actual score by ten points. Outland and Pope split first and second prize money for the week.

Two other contestants tied for third place in the weekly event. Wayne Amstutz of Hereford and Harry Watkins, each put the identical scores of 30-17 for their tie-breaker guess.

Two other contestants correctly picked 16 games. They were Eugene Ellis and Ernie Suarez.

A total of nine contestants correctly picked 15 games this week. They were Scot Straw, Jimmy Walker, Nanetta Thompson of Kress, Eune Martin, Joe L. Santellana, Johnny McLellan, Peggy Pope, Bob Finley and Jerry Hinkle.

Although he was a former grand prize winner, Outland said it was the first time he had ever won a weekly contest. The year he won the grand prize, he never figured in the top three weekly prizes.

Outland missed the Springlake-Earth vs Shallowater game, and Plainview-Amarillo bi-district game, two games most missed; and the Texas-Baylor, Southern Cal-UCLA, Pittsburgh-Buffalo and Minnesota-Detroit games.

Pope likewise missed the two high school games, plus Ohio State-Michigan; Nebraska-Oklahoma; Tampa Bay-Detroit and Green Bay-Minnesota.

Meeting Is

Re-Scheduled

The annual membership meeting for Parmer County Community Hospital, which had been scheduled for Tuesday, November 25, was postponed a week, according to Elda Hart, hospital administrator.

The meeting has been rescheduled for Tuesday, December 2 at 8 p.m. at the hospital.

IN GALVESTON

Four Retire From Corps Of Engineers

Four long-time employees of the Galveston District, Corps of Engineers, have retired.

Vernon E. Bennett, chief of the soil design section since 1950, and assistant chief for the four years before that, retired with over 38 years federal service.

In his work dealing with foundations and materials, Bennett was involved in the planning, construction and maintenance on virtually all the Corps' work along the Texas coast in rivers and harbors, jetties, channels, hurricane-flood and flood protection system.

Bennett went to work for the Galveston District after coming off active duty during World War II, working primarily in airfield pavement design, between 1946 and 1950, and military construction between 1950 and 1960.

A native of Friona, in the Texas panhandle, Bennett received his bachelor's degree in petroleum engineering from Texas Tech in June 1942, also receiving a commission in the Corps of Engineers.

His military service started with construction of heavy bombing bases in Scotland and England, followed by action in seven military campaigns and three invasions during three years overseas duty.

From England, he landed at Arzew

and Oran, Algeria in North Africa, then the Sicily campaign, and was in Rome when news was flashed of the Allied landing in France. Action took him next to Corsica during preparation for the invasion of southern France, then to Leghorn, Foggia, and Taranto, Italy.

All this time Bennett was involved in airfield construction or rehabilitation for both heavy bombers and fighter aircraft. He returned to the United States in May 1945, stationed in Spokane, Washington, to prepare for possible duty in the Pacific. He went to work for the Galveston District as a civil engineer in December 1945.

Bennett has served as historian for the 815th Engineer Aviation Battalion since his World War II service. He also remained in the Army Reserve, retiring as a lieutenant colonel in 1976.

A history buff, especially early Texas history, Bennett has written books, including one on the history of the First Baptist Church in Galveston, where he is a deacon. He is also active with restoration of antique automobiles. At the present time he has three cars including a 1915 touring car, and 1927 and 1931 four-door town sedans—all Fords.

VERNON B. BENNETT

Bennett is married to the former Fay Alford of Portales, N.M., and the couple has two children, Daniel Vernon Bennett, M.D., a senior resident at Southwest Memorial Hospital, Houston, and a daughter, Mrs. James (Janice Kay) Fassetta, a senior nursing student at the University of Texas, Austin.

George Cameron of LaMarque, retired following 30 years government service, including work aboard the seagoing hopper dredges McFarland and Gerig since 1969.

Deasmond W. Davis, LaMarque, has retired following 36 years federal service, in a career which spanned construction of the Galveston seawall extension, military construction and since 1975 headed the inspection section responsible for quality assurance for all construction in the Galveston District from Brownsville to Port Arthur.

Edgar R. Cobb, Jr., a native of Velasco now part of Freeport, has been a mainstay of the Galveston District's Operations and Maintenance Branch since 1958, with a role in virtually all the major channel improvements along the Texas coast during this time.

FRIONA FLASHBACKS

....from the files of The Friona Star

50 YEARS AGO--NOV. 14, 1930

The Friona Star will join the other newspapers of the state in an effort to help those who are out of work. After this issue of the paper and until further notice the Friona Star will run want ads for any man or woman who wishes to advertise for work free of charge. If you are looking for a job come and see the editor. If there are any little odd jobs you want done around the house put a want ad in the Star, someone needs that work and perhaps needs it badly.

45 YEARS AGO--NOV. 15, 1935

Friona and surrounding territory received a light fall of snow, beginning in the early hours of Monday morning and continuing intermittently until nearly noon. Considerable portion of the fall was in the form of fine hail and consequently did not reach a depth of more than half an inch, but produced about one sixteenth of an inch of moisture, most of the snow disappeared during the afternoon.

40 YEARS AGO--NOV. 15, 1940

The machinery seems now to be getting underway for the calling of an election in Parmer County, for the issuing of a sufficient amount of County Bonds, for the hardsurfacing of State Highway No. 86, and State Highway No. 214, across the county as stated in last week's issue of the Star. The necessary petitions have been circulated, and will be presented to the County Commissioners Court, this week or at its next regular meeting. If these petitions receive favorable consideration by the Court, the election will be called for the earliest date possible, and if the results of the election are favorable to the bond issue, the bonds will be issued with the provision that they are not to be sold, unless the State is in a position to absorb these bonds with the 1 cent gasoline tax, as provided for in House Bill No. 688, passed at the regular session of the 46th Legislature.

30 YEARS AGO--NOV. 9, 1950

"Years are but days, and days are

but moments in Thy sight, Lord," spoke Rev. Jimmie Tidwell Tuesday as he gave thanks before a birthday cake bearing one hundred candles at the table of beloved Grandmother Thornton, centarian and Christian worker for near ten decades. Grandmother Thornton, now living at the home of her grandson, Morey Bussell, northwest of Friona, time and again stepped across the floor Tuesday to greet her children, grandchildren and old friends many of whom she had not seen in a half century. There are 87 descendants in the family. Present to honor their mother were all four of her children. She has been widowed for sixty years, more than the lifetime of most of those paying their respects and sending gifts Tuesday.

25 YEARS AGO--NOV. 11, 1955

Smoldering fire in the 50,000 bushel wood and iron unit of the Bovina Wheat Growers elevator early this morning broke into the open to destroy most of the milo and kafir stored in that structure. A.C. Teter, firm manager, said that damage to the grain could reach a \$75,000 figure, with the building loss probably passing the \$50,000 mark. The fire started from unknown sources in the headhouse of the old structure, blazing into the open only when the elevator doors were opened, admitting air.

Annual meeting of the Parmer County Community Hospital stockholders was held Tuesday evening in Friona, with about 40 people present to hear the brightest financial report yet enabled in the local operation. Total assets of the hospital were revealed at \$167,546.02, with a net profit in 1955 more than doubling the previous 3-year average, and some \$13,000 more than the 1954 report. Operating expenses were up, also, topping the \$100,000 mark before the end of the audit period ending September 30.

20 YEARS AGO--NOV. 10, 1960

Sale of the Mobil Petroleum Agency here was announced this week by seller Keith Blackburn and

buyer Gerald Wright. Blackburn, who has operated the business for the past eight years, will move with his wife to Albuquerque. Wright has farmed and been employed by several business firms since coming to the Friona area about three years ago. His wife Laurie will help operate the business. The transaction was effective Tuesday.

15 YEARS AGO--NOV. 11, 1965

A Friona group has received approval of their application to operate a daytime radio station in Friona, it was announced this week by the Federal Communications Commission. The new station, which will have a frequency of 1070 kilocycles, 250 watts, will be owned by a partnership of H.K. (Pudge) Kendrick, Bill McDonnell, Frank Spring and Joe Shields. The group, which will do business as "Parmer County Broadcasting Company," will locate its transmitter three miles southwest of Friona, just off U.S. Highway 60. It is not known where the studio will be located.

10 YEARS AGO--NOV. 12, 1970

Friona Consumers will hold open house for its recently-completed building on Saturday, November 14. Consumers' new facility is located at Ninth and Main. The new building is 70x90 feet. It houses the company's offices, its retail floor for automotive and farm accessories and the tire department. Lewellen and Matlock Construction were general contractors on the building.

5 YEARS AGO--NOV. 9, 1975

Girlstown already had three mother cows, three calves and a pair of heifers, but didn't have the "male lead" they needed to start a cow-calf operation. Last Saturday they got him—a three-year-old Hereford bull—from George, Kenneth and Harlan Frye, who farm southeast of Friona. The Fryes also donated a mother cow to go with the young bull. The donation brought Girlstown's new beef-cattle herd to ten animals. Receiving the gift for Girlstown at the Frye farm were sisters Joan and Betsy Toney and Girlstown Administrator Marshall Cooper.

LEGAL NOTICE
UNITED STATES
DEPARTMENT OF AGRICULTURE
Rural Electrification Administration
APPENDIX A
Statement of Nondiscrimination
Deaf Smith Electric Cooperative, Inc., has filed with
the Federal Government a Compliance Assurance in
which it assures the Rural Electrification
Administration that it will comply fully with all
requirements of Title VI of the Civil Rights Act of
1964, and the Rules and Regulations of the
Department of Agriculture issued thereunder, to the
end that no person in the United States shall, on the
ground of race, color, or national origin, be excluded
from participation in, be denied the benefits of, or be
otherwise subjected to discrimination in the conduct
of its program and the operation of its facilities.
Under this Assurance, this organization is committed
not to discriminate against any person on the ground
of race, color or national origin in its policies and
practices relating to applications for service or any
other policies and practices relating to treatment of
beneficiaries and participants including rates,
conditions and extension of service, use of any of its
facilities, attendance at and participation in any
meetings of beneficiaries and participants or the
exercise of any rights of such beneficiaries and
participants in the conduct of the operations of this
organization.

"Any person who believes himself, or any specific
class of individuals, to be subjected by this
organization to discrimination prohibited by Title VI
of the Act and the Rules and Regulations issued
thereunder may, by himself or a representative, file
with the Secretary of Agriculture, Washington, D.C.
20250, or the Rural Electrification Administration,
Washington, D.C. 20250, or this organization, or all,
a written complaint. Such complaint must be filed
not later than 180 days after the alleged
discrimination, or by such later date to which the
Secretary of Agriculture or the Rural Electrification
Administration extends the time for filing. Identify
of complainants will be kept confidential except to
the extent necessary to carry out the purposes of the
Rules and Regulations."

Happy Thanksgiving
At this time of year we want to say Thank
You to our Lord for the many blessings of
life we have and to thank the wonderful
people of this community for letting us be a
part.
Here's hoping that you and yours have a
bountiful and joyous Thanksgiving.

**Around The House
In Parmer County**
By LAURA JACOBS
You can make a good buy
on pork even better by
purchasing the whole pork
loin and having your butcher
or retailer cut it into chops
and a nice family-size roast.
You can store pork roasts
up to eight months at 0 F. in
your freezer and chops from
three to four months.
The whole loin is usually
divided into three sections:
the blade end, center and
sirloin end. In loin cuts, more
sirloin or loin end has more
lean than the rib or blade
end.
Decide which section you
prefer to cut into roasts and
which to use for chops. With
center cut chops, you can get
two roasts--the sirloin and
blade roast. Specify the
weight of roast you want.
Ask the retailer to loosen the
backbone and if possible to
remove the blade and hip
bones. This will make
carving easier.
From the center section
you can have bone-in or
boneless chops cut. Specify
the thickness desired--thin
chops for panfrying, medium
for braising or thick for
broiling.
If you request the boneless
version, you can ask the
retailer to include the very
tender tenderloin and
backribs.
You can reverse this
pattern and have chops cut
from the blade end and
sirloin end, reserving the
center portion for bone-in
center roast, boneless roast
or double pork loin roast.
The boneless roast will also
yield backribs and
tenderloin.
You can get four servings
per pound from pork chops
and about three servings per
pound from a boneless roast,
and two to two and one-half
servings per pound of bone-
in roasts.
Barbecued Spareribs
2 sides pork spareribs
(3 to 4 pounds)
1/2 cup catsup
1 medium onion, chopped
1/4 cup tomato juice
2 teaspoons Worcestershire
sauce
1 clove garlic, crushed
(optional)
1 tablespoon vinegar
1/4 teaspoon mustard
1/2 teaspoon sugar
1 teaspoon salt
Cut ribs into individual
servings and simmer in small
amount of water in covered
saucepan for one hour. Chill
in cooking broth and
refrigerate until time to grill
them. (This step can be
eliminated and ribs cooked
entirely over low heat on an
outdoor grill but cooking
time should be about an
hour.) Combine remaining
ingredients and simmer 10
minutes. Brush spareribs
with sauce. Cook over hot
coals for about 15-20 minutes
or until brown, turning and
brushing with sauce as
needed.
**Pork Chop-Apple
Casserole**
6 blade or loin pork chops,
1/2 inch thick
4 cups apples, peeled, cored
and thinly sliced
1 cup thinly sliced onion
rings
1/2 teaspoon salt (twice)
Pinch pepper (twice)
1/4 cup water
Paprika
2 tablespoons flour
1/4 cup water
1/4 cup evaporated milk
Brown chops slowly in hot
fat, about 10 minutes on
each side. While chops are
browning, prepare apples
and onion rings. Place half
of apples in well-greased
baking dish; cover with half
the onions; sprinkle with salt
and pepper. Repeat layers.
Add 1/4 cup water and
browned chops. Sprinkle
generously with paprika.
Cover dish tightly and bake
at 425 degrees F. for 40
minutes. Combine 1/4 cup
water with flour and stir in
evaporated milk. Remove
baking dish from oven,
lift top pork chops and pour
in milk-flour mixture.
Replace chops and bake at
325 F. uncovered for 15
minutes more. Serves 6.

Christmas Show To Begin At Discovery Center

Since the beginning of time man has been fascinated by the stars.

Very early in his existence man learned to navigate, tell directions and determine seasons from the stars.

Sirius is the brightest star in the sky, to persons on Earth, with the exception of our own Sun. To the Egyptians Sirius was the most important star in the sky. Its appearance annually just before sunrise marked the flooding of the Nile and another season of plentiful water and good crops.

As early as 2137 B.C. the Chinese are recorded as having observed an eclipse during the reign of Emperor Chung K'ang Ti of the Hsai Dynasty.

A meteor shower on November 13, 1833, greatly impressed the Kiowa Indians who thought the world was coming to an end.

Since people banded together to form nations there have been flags and stars upon those flags. The oldest symbol of this type is the Star of David, a symbol so old there are no records of its beginning. It has represented the Jewish nation for nearly twenty-six hundred years.

But the best known of all stars is the Star of Bethlehem. No one knows what it was but scientists speculate on what it might have been.

The Star of Bethlehem is the subject of the new Christmas program at the Don Harrington Discovery Center in Amarillo.

"THE STAR" discusses the importance placed on stars by men and nations since the beginning of time but dwells specifically on the Star of Bethlehem, faithfully reproducing the Biblical story of the birth of Jesus.

"THE STAR" is the new Christmas program at the Don Harrington Discovery Center in Amarillo starting the weekend of November 29-30, and running through December 20-21. Showings are scheduled at 8 p.m. on Saturday and 3 p.m. on Sunday. Special group showings may be arranged by calling the Center.

Farmers Are Urged To Cast Ballots

Farmers are reminded of the December 1st deadline for returning ASCS committee election ballots to the County Agricultural Stabilization and Conservation Service (ASCS) Office. Voters will elect three Committeemen and two Alternate Committeemen for each community in the county. Those elected will serve during calendar 1980.

The election of ASCS Community Committeemen (we should say committee persons) is held by mail. Any producer of agricultural products is eligible to vote. An eligible voter will cast his (her) ballot in the election in the county and community in which he (she) resides or has farming interests.

Ballots were mailed last week to all known eligible voters. Anyone who feels that they are eligible to vote and did not receive a ballot may pick one up at the ASCS Office.

Any eligible producer may vote, regardless of religion, race, sex, color or national origin. A voter list is maintained in the local ASCS Office and is open for public inspection thru the final date for returning ballots on December 1.

The ballots will be counted on December 8, 1980 in the ASCS Office in Farwell. The ballots are counted (in public) by members of the ASCS County Committee.

In this county of ours, we not only have the privilege of selecting those who are to serve us by the use of the ballot, we have the responsibility of making a decision and voting for the candidate of our choice. In reality, voting is a duty that a person owes to himself and his community and should be recognized as such. Again, all agricultural producers are urged to cast their ballot in this election. After all, there are times when your ASCS Committeemen are the most important elected officials that you (farmers) have to deal with.

Church Sets

Revival Here

Revival services will begin Tuesday, December 2, at the United Pentecostal Church in Friona, located at 5th and Ashland.

Services will get underway at 7 p.m. nightly, with Rev. Danny White of Tulsa, Oklahoma preaching and singing.

There will be a sectional youth rally on Friday night, December 5, at 7 p.m., with Rev. White as the main speaker.

Pastor Lawrence Thompson invited everyone to make plans to attend this series of services. If transportation to the services is needed, please call 247-2579, he asks.

Project....

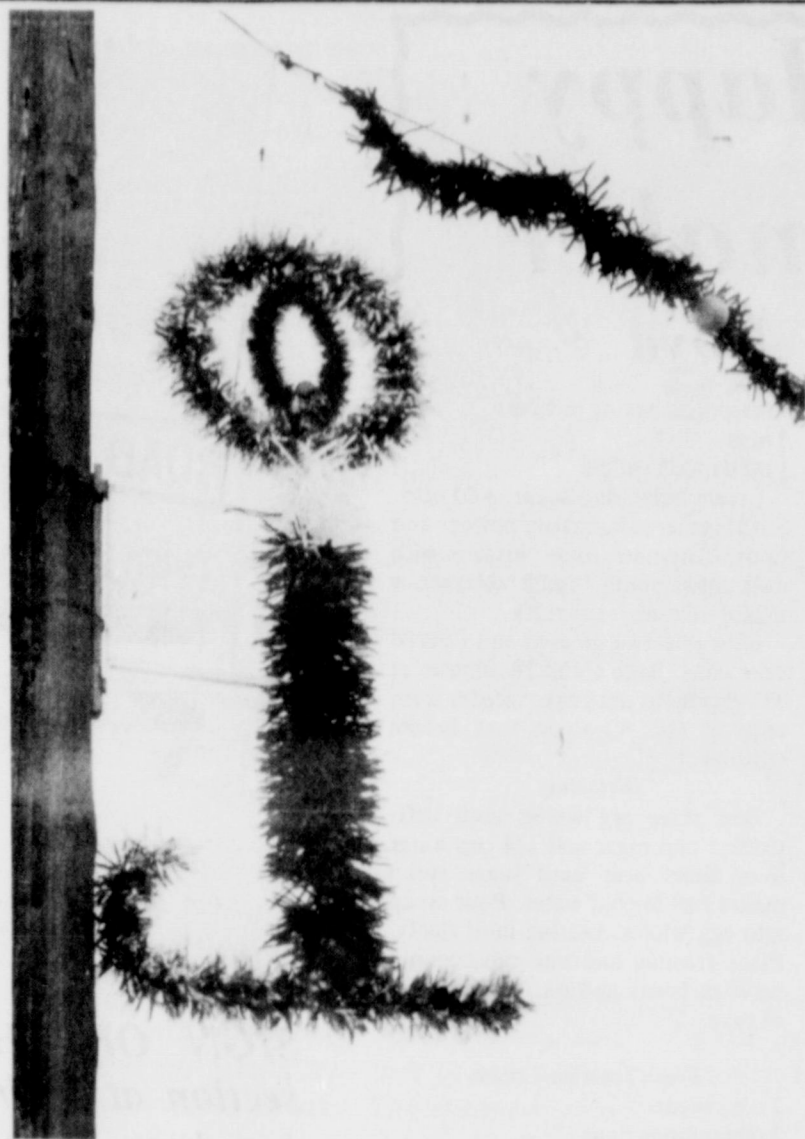

(Continued from Page 1)

fire alarm system for the building and an anesthetic machine.

Also, a Coulter counter, a monitor for the surgery room, a spirometer (a device to measure pulmonary functions for lung patients), I.V. drip counters, a table and carts for the operating room and a new light for the emergency room.

Beginning in 1970, the project has selected a particular object or need for its funds most years, and in that time has purchased equipment costing roughly \$31,500.

Project Christmas Card has become a fine way for residents of the area, and even former residents, to say "Merry Christmas" to their friends, and at the same time assist the local hospital.

NEW STYLE....One of the new Christmas pole decorations, provided by the Friona Chamber of Commerce, is shown after it was erected earlier in the week on Main Street. The old decorations are to be used on Highway 60.

The Happy Homemaker

By June Floyd

This week's recipes are borrowed from Clessy Stroud. She's a registered nurse, who has studied a lot about the importance of eating the right foods. She has published a cookbook entitled "Granny's Nutritious Home Cooking."

In addition to preparing food which was delicious and attractive, Clessy also considered the nutritive value of foods in preparing her menus.

She has developed menus and recipes for special occasions in the lives of her family members and birthdays rated right along with Easter, Thanksgiving and Christmas Day.

As a small girl she learned that her father wasn't really very particular about what was served on his birthday. She says, "He said it didn't make much difference just as long as it was some kind of chicken, some kind of fresh garden salad, some kind of cake and some kind of ice cream."

Using his guidelines, she came up with the following menu for a family birthday dinner: fried chicken, fresh garden salad, new potatoes, gravy, mashed potatoes, coconut cake and fresh fruit ice cream.

She usually serves hot rolls and often added home-made pickles, relishes and jam or jelly.

Fried Chicken

1 three pound frying chicken
1 cup flour
1 teaspoon salt
1 teaspoon pepper
3/4 cup curry powder
1 teaspoon Accent
1 1/2 cups Crisco

Wash frying chicken very well with cold water to which 1 tablespoon of cider vinegar has been added. Cut in pieces. Wash again in cool water. Place chicken pieces in dish with enough milk to cover.

Let stand 20 minutes. Remove chicken from milk and shake it in a bag with flour and seasonings.

Fry in a large skillet with 2 inches hot shortening. Turn pieces carefully until they are brown.

Place liver in back to keep fat from popping and burning hands.

Cover and cook until tender, turning frequently. When well cooked, remove from fire and drain on paper towel. Place in warm oven until ready to serve.

To make gravy, pour off fat from skillet. In skillet brown 2 tablespoons flour mixture from bag in which the chicken had been shaken. Add milk from soaking dish. Stir until gravy is smooth.

Fresh Garden Salad-Homemade Dressing

Wash and clean:
2 cups lettuce pulled into small pieces
4 ripe tomatoes--peeled and sectioned
6 green onions-sliced
12 radishes-sliced
4 cucumbers-sliced
1/2 cup English peas
1 cup shredded cabbage
1/2 cup shredded carrots
1/2 cup bell pepper-chopped
1 clove garlic-sliced

Mix all ingredients and add dressing.

Dressing

Juice of two lemons
1/4 cup salad oil
1 teaspoon salt
1 teaspoon pepper
1 teaspoon sugar

Mix well in electric mixer.

New Potatoes

12 medium size potatoes
1 quart water
Wash, peel and scrape potatoes. Boil about 20 minutes or until tender. Serve hot in cream sauce.

Cream Sauce

3 cups milk
2 tablespoons butter
3 tablespoons flour
1 teaspoon salt
1 teaspoon pepper

Melt butter in saucepan, stir in flour, salt and pepper. Add milk gradually and stir until smooth. Pour over potatoes.

Coconut Cake

2 cups flour
1 cup sugar
1/4 pound butter
1 cup milk
1 teaspoon salt

4 teaspoons baking powder
3 eggs
1 tablespoon vanilla
Cream butter and sugar. Add eggs. Sift together salt, baking powder and flour. Alternate flour mixture with milk until smooth. Add 2 tablespoons milk if mixture is too thick.

Pour into two greased and floured cake pans. Bake about 30 minutes at 375 degrees or until cake recedes from edge of pan. Cool on rack before frosting.

Frosting

Beat three egg whites until stiff. Cook 1 cup sugar and 1/4 cup water over direct heat until sugar syrup makes ball in cold water. Pour syrup into egg whites, beating until fluffy. Place frosting and one can coconut between layers and on top and sides of cake.

Fresh Fruit Ice Cream

2 cups sugar
2 tablespoons flour
1/2 teaspoon salt
4 egg whites-beaten
4 cups milk-divided in half
2 cups whipping cream
1 tablespoon vanilla

6 cups fresh fruit (peaches or strawberries) with 1 cup water
Combine two cups sugar, flour and salt; add eggs and blend well. Add two cups milk. Mix well and cook slowly in sauce pan that has been greased to prevent sticking. Cook over low heat until slightly thickened.

Cool. Add whipping cream and remaining 2 cups of milk, vanilla and fruit. Pour into 4 quart freezer and turn until frozen.

Classes To

Resume Mon.

School was out Thursday and Friday for the Thanksgiving holidays.

Classes will resume at the regular time on Monday, December 1.

SIGN OF THE TIMES....The intersection at Main Street and Highway 60 has been closed for a couple of weeks now, with traffic re-routed due to highway construction. Bad weather has virtually put an end to the work, now centered on the south side of the highway.

As of Tuesday, November 25, there had been

31,235

bales of cotton ginned in Parmer County.

The second six weeks honor roll for Friona Junior High School was released this week by Cecil Maddox, principal.

Students making All A's were:
Eighth grade--Bart Blackburn, Melanie Blackwell, Bill Caudill,

Church Sets Gospel Series

Friona's First United Methodist Church will conduct a Revival Meeting beginning Sunday, November 30 and running through Wednesday, December 3.

Dr. Clifford Trotter, pastor of the Polk Street United Methodist Church, Amarillo, will be the evangelist.

Larry Sanders, from the First United Methodist Church, Brownfield, will be in charge of the music for the services.

Sunday's service begins with the evening worship hour, at 7 p.m. Otherwise, the services will be held Monday through Wednesday with 7 a.m. breakfast services, and 7:30 p.m. each evening.

Rev. Archie Echols, pastor, states that the public is invited to attend any or all of these services.

Sarita Ellis, Shelia Gresham, Brent Hinkle, Debbie Reeve, David Small, Steven Smith and Julie Wilshire.

Seventh grade--Susan Bailey, Wendy Hinkle, Leslee Upton and Kelly Wied.

Sixth grade--Shannon Atwell, Kathy Boeckman, Glenda Ellis, Jennifer Hughes, Lacye Osborn and Ronda Ratcliff.

Fifth grade--Kellianne Coffey, Daniel Echols, Leigh Ann Neelley, Alisa Perkins, Trudy Reeve and Shelly Salyer.

Those having All A's and one B were:

Eighth grade--Nikke Osborn.
Seventh grade--Mendon Dixon, Roy Flores, Melanie Gallman, Tammy Harguess, Jamie Herring, Brad Moyer, Karla Wright and Traci Zoth.

Sixth grade--Jeff Dickson, Mika Maddox and Sheila O'Brian.

Fifth grade--Sherri Dickson, Rachel McMurtrey, Jana Renner, Stormi Upton and Dara Wells.

Those making All A's with two B's were:

Seventh grade--Sonia Lafuente, Debbie Mayfield and Angela Perkins.

Sixth grade--Cristie Blackburn, Rod Britting, Deanna Poarch and Tammy Ready.

Fifth grade--Kathleen Johnson, Karen Wied and Patti Grace Zachary.

WHITE THANKSGIVING....It's still a month until Christmas, but the trees and shrubs in the Friona area have been bedecked with snow twice already. The evergreen trees at the Howard Fleming residence, 1405 West Eighth, were typical of the many pretty sights around Friona on Tuesday.

Della Osborn Dies Here At Age 100

Funeral services were pending at the Star's press time this week for Nancy Della (Aunt Della) Osborn, Friona's oldest resident at age 100.

Mrs. Osborn, who had the distinction of becoming the first resident of Friona's Prairie Acres Nursing Home in 1976 at age 96, had been feted last March 5 with a party on the occasion of her 100th birthday.

She was born March 5, 1880 in Fannin County, the daughter of Robert B. and Lucinda Osborn King. She had two brothers, Will and Jim, and a sister, Ella.

On September 6, 1905, Della married Frank Osborn at Emory in Raines County. They later lived in Cottle and Hedley Counties and Texico, N.M., before moving to a farm near Friona in 1927.

Frank preceded her in death, on June 24, 1955.

The couple had no children of their own, but had helped raise a pair of twin boys when her sister-in-law died.

Always very alert in spite of her advanced age, Mrs. Osborn had given information for her history from memory just prior to her 100th birthday.

Survivors include nephews and nieces. Friona nephews are Claude, Sloan, Forrest and Earnest Osborn. Lillian Clark is a sister-in-law.

The Flair

Geometric hair shapes in varying lengths provide proportional compliments to Fall & Winter fashion apparel. Featuring both balanced and asymmetrical hair designs, in lengths ranging from the shoulder to the ear. The geometric Flair cuts provide free movement and ease of care by day with built in design for quick change in

hairstyling by night. Today's active women require uncomplicated hair shapes that can be converted to something with Flair for evening. By day the Flair cuts are designed to swing and move in classical and sometimes peppy form. By night they are restyled into chignons, braids and asymmetrical ponytails with plenty of ornamentation ranging from hair pieces to jewels, flowers, & feathers.

The balanced geometric Flair hair shapes have equal length throughout the cut, giving the finished look a tremendous sense of balance.

The asymmetric cuts have unequal lengths on one side, providing a tremendous variety of styles and options. The hair must have sound structural design and "The Flair" meets this requirement.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

The two final sessions of the annual Parmer County Community Hospital Auxiliary rummage sale have been scheduled for Friday and Saturday, December 5 and 6, in the building formerly occupied by the Friona Donut Shop.

This building is located at the corner of West Highway 60 and Ashland Avenue. The sponsoring organization promises customers some very good buys and plenty of parking space.

Andy and Winifred Hurst had a real treat at Nacogdoches, Texas, recently while visiting in the home of Dr. and Mrs. Rick Hurst and daughter, Ginny.

Later Travis and Ann Graves and daughter, Sunni, flew to Dallas-Fort Worth Airport then drove the rest of the way. The Hursts rarely have the opportunity to have their two granddaughters, whose ages are less than six weeks different, together.

The Frionans returned to DFW together then the Graves family flew and Andy and Winifred drove home. They stopped in Munday for a visit in the home of Mr. and Mrs. Marion Hurst.

Then in Spur they visited Andy's mother, Mrs. Maggie Hurst; and in Lorenzo they visited Mr. and Mrs. L.J. Hurst. Marion and L.J. are Andy's brothers.

Weekend guests in the home of Bob and Terri Welch and children, Ben and Katie, were Terri's dad, Ray Bailey, sister, Debbie Bailey and nephew, Phillip Bailey, all of Carlsbad, New Mexico.

Also, her brother, Bob Bailey, and his fiancée, Susan Haines, both of Lubbock.

Larry Anthony of Arlington, Texas, spent a few days recently with his parents, Mr. and Mrs. A.W. Anthony Jr. Saturday evening he attended a banquet, which was sponsored by the Federal Land Bank

of Hereford in the community center there.

Other Frionans attending were Mr. and Mrs. Walter H. Mays, Mr. and Mrs. James A. Wyly, Mr. and Mrs. Bud Elmore, Mr. and Mrs. Glenn Floyd, Mr. and Mrs. Estis Bass and Mrs. Jewell Wells.

Music for the evening was provided by a player piano which belonged to Mr. and Mrs. J.E. Sorrells, who lived in the Walcott Community a number of years before moving closer to Hereford.

The unique thing about the piano was that inflation had not yet been heard of when it was equipped to deliver tunes after being fed with nickels. It was still delivering them for the same price.

Bud and Arvilla Elmore returned home Wednesday after having been gone from home for a couple of weeks or so. They drove to Comanche, where their daughter, Dolores Spivey, and her family live. A day or two later, Dale Spivey, took them to Dallas-Fort Worth Airport, where they enplaned for Seattle.

Cindy Cook

Is Member Of Honor Society

Cindy Cook, a senior education major at West Texas State University from Friona, has become a new member of Kappa Delta Pi, education honor society.

To be eligible for initiation into Kappa Delta Pi, students must have maintained a 3.25 overall grade point average on a 4.0 scale, a 3.0 grade point average in education, be at least juniors and have completed three semester credit hours of professional education courses.

The WTSU chapter of Kappa Delta Pi recently initiated 27 new members.

Washington.

One of Arvilla's brothers, a former Friona resident, George (Curly) Williams, of Tacoma, Washington, met them there. After spending a few days with him, the Elmores went to Albany, Oregon. There they visited in the homes of Mr. and Mrs. Woodrow Williams, Mr. and Mrs. Jerry Iverson and Mrs. Leta Arnold and family.

Enroute back to Texas they flew from Portland, Oregon, Seattle, Washington, and from there to D.F.W., where Dale and Dolores met them.

On the way home from Comanche, they visited in the home of Mr. and Mrs. Larry Elmore and daughters, Andrea and Renee, who live in Sundown.

Friends of Bill, Mary Louise and Bill Gipson Jr., Wayne and Ruthie Wallace and daughters and Yale and Betsy Canfield and daughter will probably enjoy the next few paragraphs.

When these families lived here ten years or so ago, Bill Sr. was the preacher at Sixth Street Church of Christ; Wayne, Betsy and Wayne were teachers in the local schools and Ruthie was a Tupperware dealer.

At the present time Bill and Mary Louise live in Meadow Bridge, Virginia, and he preaches at Elton, Virginia.

Bill Jr. and his wife, Lisa, live in Panama City, Florida. He is employed by a radio station.

Wayne and Ruthie have three daughters, Laura, Jennifer and Amy. They live on an acreage outside Hammond, Louisiana, and are involved in beginning a children's home. They have six foster children now.

Yale and Betsy live in Miami, Florida. He is administrator of a Christian school and she is teaching second grade.

They have four daughters, Laura, Mary Margaret, Laura Jane and Rebecca Ann and a foster son, Brian,

who will be attending Freed-Hardeman College next semester.

Laura Jane and Rebecca Ann are twins and are two years old.

Rhonda McDowell of Garland has been honored by being nominated for Homecoming Queen of North Garland High School. She's the daughter of Evelyn and Glen McDowell and granddaughter of Mr. and Mrs. John L. Ray.

Last week the McDowells drove to Friona and spent a few days with local relatives. Then on Saturday they went to Lubbock and met their children, Rhonda and Gordon, who had flown from Dallas.

The family attended Tech's Homecoming. Rhonda is a senior and plans to attend Tech next fall.

Hospital Report

Boxes Will Also Be Placed At Other Places In Town. Names Of Depositors Will Appear In The Giant Greeting In The Christmas Edition Of The Friona Star.

Your Participation Is Invited.

Proceeds Go To Our Hospital - Sponsored By Modern Study Club

PHILLIP JOHNSON

P. Johnson Named To SWCD Board

Phillip Johnson was recently appointed director for Zone No. 3 of the Parmer County Soil and Water Conservation District. He will complete the unexpired term of Leroy Johnson. His appointment was a result of Leroy's resignation preceding a move to Shallowater next spring.

Leroy had served on the board of directors of the district since October 1971 and had served as chairman since November 1978. "He has provided a valuable service to the district and will certainly be missed," said a spokesman for the SWCD.

Phillip is currently serving as secretary-treasurer for the district. He and his wife, Trudy, have two children. They live and farm in the Hub community.

Cemetery Establishes Care Fund

A trust fund in perpetuity has been established to care for the Perryman Cemetery at Forestburg, Texas.

A chartered, non-profit corporation has been established. The fund is being created based on the premise that the descendants of those buried in the cemetery want to ensure that funds will be available to care for the cemetery in the years to come.

In the past, and for the immediate future, funds for care of the cemetery have been raised through annual suppers which benefitted the cemetery. The suppers will be continued until such time that the fund has been established.

It was pointed out that the population of the Forestburg area has undergone a considerable change, in that less than half of the people buried at the cemetery have descendants living in that area today.

"A number of people living outside the community contribute to the maintenance of the cemetery, but this number has been decreasing," said a spokesman for the cemetery association.

Contributions should be made payable to the Perryman Cemetery Perpetual Care Fund, Inc., and mailed to P.O. Box 101, Forestburg, Texas, 76239.

Directors of the non-profit corporation are Charles W. Tinney, Velma Freeman, Homer Rex Anderson, Ilah Russ Cox and Oma Roark.

Postal Service Cracks Down On Schemes

Postal Inspector in Charge W.R. Newsome announced recently that the Postal Inspection Service has initiated a program which is intended to eliminate, or drastically reduce, the effect work-at-home schemes have on postal customers.

Newsome stated work-at-home schemes are generally aimed at the unemployed, elderly, and housewives who want to supplement their income. The most common work-at-home schemes involve advertisements offering a large amount of income for "stuffing envelopes." The promoter will require you to invest your money before you are sent any instructions.

He declined to state all work-at-home promotions were illegal, but stated he knew of no work-at-home

promotions which would guarantee regular salaried employment.

Advertisements which claim you can earn unusually high income with little or no effort should be viewed with suspicion. A new pamphlet describing work-at-home schemes is available at local post offices.

Newsome stated he had appointed Postal Inspector J.G. Horton to serve as the work-at-home specialist for the Fort Worth Division of the Postal Inspection Service, which encompasses the State of Texas. He said anyone who felt they had been a victim of one of these schemes should contact Inspector Horton at P.O. Box 1230, Fort Worth, Texas, 76101, or telephone (817) 334-2029.

RUBY WOLTMON

Services Are Held Wed. For Ruby Woltmon

Funeral services for Ruby Woltmon, 66, were held Wednesday morning at 10:30 a.m. in the First Baptist Church, with Rev. Jerry Rockwell, pastor, officiating.

Burial was in the Bovina Cemetery under the direction of Parsons-Ellis Funeral Home.

Born May 12, 1914 in Springtown, Texas, she moved to Bovina at an early age and had been a lifelong resident of Bovina. She married Jack Woltmon May 14, 1938 in Portales, New Mexico and was a member of First Baptist Church.

Survivors are her husband, Jack; one son, Butch of Albuquerque, New Mexico; two sisters, Mrs. Vernon Ward of Bovina and Edna Nunn of Long Beach, California; two brothers, Bill Denney of Friona and Burnet Denney of Los Angeles, California; and two grandchildren.

Pallbearers were Lloyd Gober, Gene Ezell, Jay Harris, Ed Isaac, Charles Steel and W.O. Chadwick.

Ministerially Speaking

By REV. SKIP SIRNIC
Union Congregational Church

CHRISTMAS

Christmas will soon be upon us and thinking about that I remembered a legend about St. Francis of Assisi and a wolf. The wolf had an appetite for chicken which was gratified by repeated raids on the poultry flocks of a nearby village. The villagers were up in arms and determined to kill the wolf. The story has it that St. Francis went out into the forest and had a conversation with the wolf, finally convincing him to leave the area, thereby sparing his life and cancelling all future chicken dinners.

I was reminded of this story a couple of years ago when I was over at a friend's house borrowing something. I found Chuck in the garage involved in some very strange behavior.

He had a big box of fuzzy yellow chicks, one of which he clasped in his right hand. With his left hand he was clamping shut the jaws of his big black German Shepherd, and he proceeded to rub the chick along the dog's muzzle, saying soothingly, "Nice chicken, Rex. The chicken is your friend, Rex." Old Rex's black eyes rolled and darted. Before I could comment, Chuck's sister laughed and explained, "Chuck thinks he can keep Rex from killing these chickens by making them friends!"

You know, we all have too much of Rex and the wolf in us, and not enough of Chuck. Something has gone wrong inside of us--Christians call it sin. What the Christmas story tells us again and again is that we need to have a conversation with the wolf--that growling, snarling, bristling beast who lives within each of us--ready to snap and bite first. All too often we do bite first. Sometimes as individuals, sometimes in our groups socially, sometimes as nations we bite and we don't try to keep from biting by making friends.

But remember the song of the Angels on that first Christmas? "Glory to God in the highest and on earth peace, good will among men with whom he is pleased." (Lk. 2:14) The peace that Christ offers is "good news of a great joy which will come to all people." It is a peace that transforms the wolf within us. This Christmas season let us make a special point to ask God--the all knowing, all loving, all healing, all caring Father--to speak to the wolf within us. If we begin by having God speak to the wolf that is within us we will find that our celebration of Christ's birth will begin with a peace found deep within us and end with a joy we have not known before.
