THE MX MISSILE system has suddenly grabbed the attention of a number of folks in this area, especially the farmers.

Now, ordinarily you wouldn't expect farmers to be in the forefront in a program dealing with the nation's defense, but in this case, it gets right down on their level.

Most farmers are opposed to the system being located in the Texas-New Mexico area, due to the fact that it would ruin so much of our fertile agricultural land.

Those opposed to the program have secured maps which indicate the number of missile shelters or silos which would be required. A map of the Parmer County area is being reproduced inside this issue. Perhaps when you see the map you will understand why the farmers are taking the issue so seriously.

Those favoring the MX location in the area argue that it would bring an influx of thousands of people who would be required to work in the construction phase.

Maybe so—but what about the stress and strain which would be put on our schools and cities for a short time. Then, when the MX system is scrapped—in about ten years after it is put in operation, what about all of this wasted farmland? And ghost towns?

In our opinion, Parmer, Deaf Smith, Castro and other area counties are much too valuable in their current roles of helping feed the nation (even the world), to sidetrack for a missile site.

Even though you are in favor of a strong national defense, the thought arises: surely there is land more suited to such a missile program without ruining our area's productive capabilities.

Farmers and civic leaders need to be on their toes. This week's round of hearings caught most of them by surprise. If you're against the program, you'd better use your voice and influence as best as you can during the coming months.

Otherwise, this area's farming potential may be a thing of the past in a few years.

WE NOTICE that the conference 5A schools, largest in the state's University Interscholastic League organization, get quite an experience at playoff time, if they are from the Dallas-Fort Worth or Houston areas.

All of the schools in the Dallas area in the larger classification get to play their playoff games at Texas Stadium, which is better known as the home field of the Dallas Cowboys.

The class 5A schools in the Houston area get to play their games in the Astrodome, which of course is the home of not only the Houston Oilers, but also the Astros, for whom the stadium was first built.

In order to get to play their games at these special sites, we noticed this week that one of the games at the Astrodome started at 6 p.m. on a Saturday.

We happened to be in the Dallas area during the Thanksgiving holidays, and they had at least four high school playoff games there that weekend at Texas Stadium. Two were played on Friday, one in the afternoon and one at night, then two more on Saturday, again an afternoon and night setup.

It must be quite a thrill for the high school players, their fans and parents, to be able to come into these professional sports arenas, which are made familiar to them through television, and participate on the high school level.

And these games are not slouches when it comes to drawing crowds, either. Some of them draw up to 30,000 fans, which would be a good crowd for many college football games.

HERE ARE SOME automobile bumper stickers we have seen lately and liked: (Regarding the recent constitutional amendment vote) "Legalize Bingo—Keep Grandma off the Streets!" And, "Note to Car Thieves—This auto is Already Stolen."

## HEARINGS HELD

# Farmers Oppose MX Missile Site

Friona area farm leaders have been in the forefront this week as a series of hearings have been conducted by the U.S. Air Force on the possible effects of locating the MX Missile in the West Texas-Eastern New Mexico area.

Hearings were conducted in Dalhart and Amarillo, as well as Clovis and Portales, N.M. In most cases, opponents of locating the missile system in this area were very much in the majority. In fact, only one or two spokesmen in each instance defended having the system here.

Possibly the most support for the missile system was in Dalhart, which stands to become a secondary headquarters for the system as proposed for Texas and New Mexico.

But in the other three hearings, testimony was overwhelming as to the detriment of the system, relating to the area's capabilities of producing much-needed foodstuffs for the nation.

A large crowd attended the hearing in Amarillo on Wednesday. The crowd had assembled originally on Monday, but the Air Force, through some blunder, failed to show up, and it had to be rescheduled for Wednesday.

Among the 20-plus who testified at the Amarillo hearing were M.C. Osborn, speaking on behalf of the Texas Wheat Producers and Parmer County Soil & Water Conservation District, Bertram Jack, Arlin Hartzog, and Carl King of Dimmitt, president of the Texas Corn Growers Assn.

In his prepared speech, Osborn pointed out that Parmer and Deaf Smith Counties are the top two agricultural producing counties in the United States.

"The Wall Street Journal pointed out in a recent article that food (supply and cost) in the United States during the 1980s is likely to be like the

fuel situation of today," Osborn told the Air Force committee.

"You boys will be in Clovis tonight for another hearing, and before that you will probably be offered a steak and potato supper. Why don't you just tell your hosts, 'I believe I'd rather eat a missile,'" Osborn ribbed the Air Force officials.

The Friona area farmer said he was mainly attempting to protest the use of good, fertile farmland, which could be rendered useless by the establishment of the missile system in this area.

Other areas which are under consideration include one in Utah and Nevada. The Air Force reportedly has under consideration three alternatives: (1) locating the entire system in Texas-New Mexico; (2) locating the entire system in Utah-Nevada and (3) locating part of the system in Texas-New Mexico and part of it in Utah-Nevada.

One member of the Air Force team indicated that emotional appeals concerning loss of land would not weigh heavily in the Air Force's evaluation of the hearings.

"It's like a highway. Everybody uses it, and certain people have to give up their land they don't want to give up," the official was quoted as saying.

At the hearing Wednesday night at Clovis, which was attended by between 500 and 600 people at Marshall Junior High School Auditorium, opponents of the missile system came up with a couple of good

reasons to oppose the location of the missiles, besides the ruination of agricultural land.

One man asked the Air Force officials conducting the hearing if the location of the missile system in this area would displace people living here. The answer was that if half of the system were located in the Texas-New Mexico site, a total of 141 families would be displaced. If the entire system were located here, it would displace a total of 1400 families.

"How many people would be moved if it were located in Nevada-Utah?" the man asked. "Zero," was the official's reply.

Another speaker pointed out that the U.S. Constitution prohibits the federal government from acquiring land without the consent of the legislature, and cited the particular law. In addition, it was pointed out that the state of New Mexico has recently passed a law that this ruling would be strictly enforced.

"This would indicate that if the Air Force tries to put the system over without the legislature's approval, we could be facing a long series of court battles to prove the legality of the situation," stated Don Fortenberry, farmer in the Rhea community who attended the Clovis hearing.

In all, over 20 people spoke concerning the missile proposal at the Clovis hearing, and only one of the speakers spoke in favor of bringing the system to this area. This was a man identified as the fire marshal of DeBaca County. "Then you can have it in DeBaca County," retorted a member of the audience.

CHECKING GIFTS....Friona's Maize Queen, Sunny Horton, scans a copy of the Friona Star, which features a number of advertisements by local stores telling what's available locally this year for Christmas buying. Sunny made a tour locally this week, and highlights of what she found may be seen in the pages of this issue.

## Harkey Wins Contest Title

Ron Harkey, who had been in the driver's seat in the Friona Star's football contest since the sixth week, won the contest's grand prize, after posting a score of 201 in the 13-week event.

Harkey, a former resident who now lives in Petersburg, did some fingernail-biting after having a score of only 13 in the final round of games, but his four-point lead held up, as his nearest challenger, Jerry Hinkle, likewise had a 13 for the final week.

Hinkle, who had won the 1979 contest with a score of 208, finished second this time with a score of 197. The winning score this year was seven points below the pace of 1979, indicating perhaps more upsets involving games included on the contest lineup.

The new champion indicated that he intended to donate the \$100 cash grand prize to Diana Noland, whose family has had considerable medical expenses and hardship during the past year.

In the last weekly contest, Nancy Jackson won the weekly first prize

## Pheasant Season To Begin Here

The 1980 Pheasant season will kick off next Saturday morning, December 13.

The season will be back to a two-week, three weekend schedule this season, after a trial run with a month-long season in 1979.

Bag limit for 1980 will be the same as in the past: Two birds per day and four in possession. Only the cock pheasants are legal game for hunters.

It is expected that good hunting will prevail for the 1980 season, as numbers of birds have been in evidence this year.

A large influx of hunters are expected for the opening weekend of the season next weekend.

A contest for the hunter turning in the longest tailfeather will be held, sponsored by the Parmer County Game Management Assn. More details will be announced on the contest in next week's issue.

with a score of 17. Mrs. Jackson and Donnie McDonald of Lazbuddie were the only contestants scoring as many as 17 of the games correct among those entering the last week's contest, and Mrs. Jackson won the week's top prize of \$10.00 on the basis of her tie-breaker score.

Mrs. Jackson had missed the Denver-Oakland tie-breaker score by 17 points, picking Denver to win, 17-7, and McDonald had picked the Broncos, 21-17, missing by 28 total points. He was awarded second place for the week, \$6.00 cash.

Five contestants had scores of 16, and from this group, Wade Davenport took the third prize, being closest on the score. Others with scores of 16 were Cathy Thompson, Freeman Melton, Paul Melton and Flossie Rhinehart of Bovina.

Mrs. Jackson missed the Childress-Littlefield playoff game; Texas-Texas A&M; Buffalo-Baltimore; Houston-Cleveland and Philadelphia-San Diego games. She was one of the few contestants to correctly pick Rice to beat the University of Houston. McDonald missed Rice-Houston; Texas-Texas A&M; Buffalo-Baltimore; Houston-Cleveland and New Orleans-Minnesota games, picking the Saints to break their goose-egg, which didn't happen.

(For grading purposes, the Panhandle-Shallowater game was considered a win for Panhandle, since they advanced in the playoffs after tying in the score, 18-all. The game was decided on penetrations.)

## Chamber To Have Xmas Light Fete

The Friona Chamber of Commerce will again sponsor the Christmas Lighting Contest this Christmas season. Entries must be received by December 16 in order to be judged.

Residents are asked to enter either their own or recommend someone's lighting efforts. All displays, whether they are residential, businesses or rural residences, will be judged together. Cash prizes of \$100, \$75, \$50 and \$25 will be awarded to the top four entries.

## Time For Letters To Santa

Youngsters are reminded that it is once again time to write their letters to Santa Claus. The Friona Star will publish all letters written by the small fry in its annual Christmas edition.

Letters to Santa may be mailed to the Star at Box 789, or left in the Star's mailbox outside the office. Boxes will also be located at the elementary school for those wishing to leave their letters there.

FUND STARTED....Containers for collecting donations to Friona's Project Christmas Card were placed in a number of business establishments this week. Iona Cook, right, the chairman of the project, is shown putting the container at Ruthie's, as store employees Beth Thompson and Lynn Gowens look on. Deadline for contributing is Dec. 15.

## FFA Team Sets State Appearance

Friona High School will be represented at the state FFA leadership contests this weekend in Huntsville by its Junior Farm Skills team.

The team is composed of Paul Melton, Shayne Woodard, Doug Carthel and Charlie Morgan. The foursome first won the District FFA contest, and then emerged victorious at the Area I contest at Plainview recently.

Friona's senior farm skills team, composed of Trent Johnson, Jay

Norsworthy, Joe Reeve and Winfield Davenport, won first in district, and then placed third in the Area contest, barely missing the state event.

The junior chapter conducting team also placed first at the district contests, and then were fifth in the area, out of 12 teams. Members of the team are Kevin Brogden, Tim Kirk, Wade Davenport, Brian Jones, Harvey Lafuente, Brian Lane, Matt Loftis, Johnny McLellan, Mitch Reeve and Charlie Veazey.

In all, Friona had five teams win first place banners at the district contest. The senior chapter conducting team was another winner, and then placed eighth in area competition.

Members of the senior chapter conducting team are Mike Schueler, Jeff Landrum, Micah London, Craig Lookingbill, Richie Malouf, Vince Koelzer and Rondee Clark.

The FFA Farm Radio team also won first in district, and then were sixth in area. Members of the team are Rocky Nichols, Mark Osborn, Greg O'Brian and Tony Lafuente.

The FFA Quiz team placed third in the district event. Team members are Thomas Merritt, Rudy Bermea, Ronald Briggs and Brent Loflin.

Benny Pryor and Paul J. Smith are chapter advisors and coaches for the Friona FFA leadership teams.

# FRIONA FLASHBACKS

...from the files of The Friona Star

### 50 YEARS AGO--NOV. 21, 1930

The Magnolia Petroleum Company is building a new filling station on the corner opposite the Friona State Bank which is expected to be finished and in operation the latter part of next week.

Work on the building of the new \$60,000 school house for the Friona Independent School District was started Thursday by Contractor J.L. Landrum, who will push construction to an early completion.

### 45 YEARS AGO--NOV. 15, 1935

Report from the Wheat Allotment Committee is to the effect that the wheat farmers are going strong for signing the applications for contracts. It appears that all the old signers are coming back and many new ones who had not signed the former contracts are filling their applications.

### 40 YEARS AGO--NOV. 22, 1940

Since Saturday of last week, Friona can boast of having a real bowling alley, probably the first of the kind that has ever been in operation here. The recreation center is under the management of Mr. and Mrs. Horace Dorsey, formerly of Bovina, and they state that their business will be conducted to entertain spectators and bowlers.

At a regular meeting of the County Commissioners Court, Monday, a petition for a bond election to be held for the purpose of issuing bonds for the building of Highways "86" and "214" across Parmer County, and signed by an adequate number of voter citizens of the County, was presented. By a unanimous action of the Court, the petition was granted and an election has been called for December 21st.

### 30 YEARS AGO--NOV. 16, 1950

Friona and the surrounding agricultural area will have the services of a full-time, professional manager of its Chamber of Commerce and Agriculture beginning next week. Negotiations were completed Tuesday night by the board of directors of the re-activated organization to employ J.A. Romich

of Nocona, Texas, as the first manager of such an enterprise here. Mr. Romich signified his intention to arrive tomorrow or next day ready to begin an immediate work program.

### 25 YEARS AGO--NOV. 18, 1955

Thieves early Tuesday morning broke into the Villa Cafe in Friona, getting off with an estimated \$245 haul of cash and small merchandise items. Petty cash in amount of \$31.20 was taken, together with cigarette machine inventory of \$152.70, plus cigars, cigarettes and miscellaneous items. Entrance was made through a rear door, with use of a glass cutter being evident in removing a segment of glass enabling unlocking of the door from the inside. Merchandise was scattered about, the cigarette machine broken open, a music box damaged in unsuccessful attempt to enter the cash compartment, and most cabinet drawers in the cafe were opened.

### 20 YEARS AGO--NOV. 17, 1960

The Calvary Baptist Church has started construction of the new educational unit which will be used for the elementary and married young people departments. The Building Contract was awarded to R.L. Fleming Construction of Friona. The contract calls for construction of a brick veneer 32x9 ft. unit to be finished in nine days. The church hopes to occupy the unit by January 1.

### 15 YEARS AGO--NOV. 18, 1965

The Friona Chieftains who captured the championship of District 3-AA by winning the games they weren't supposed to win, host Denver City's Mustangs tomorrow night and once again they are cast in the familiar underdog's role. The bi-district clash puts the surprising Chiefs, picked to finish third in district, against undefeated untied Denver City, which has been ranked as the top team in the state for the AA classification at times during the year.

### 10 YEARS AGO--NOV. 19, 1970

The City of Friona passed a

resolution to join the Panhandle Regional Planning Commission at a "routine" session of the city council on Monday. City Manager A.L. (Jake) Outland explained that the role of the PRPC was to coordinate efforts to solve the problems of the area, and to allow each government body to have a part.

### 5 YEARS AGO--NOV. 16, 1970

Parmer County ranked third in the state in farm marketings in 1974 with a total from crops, livestock and government payments of \$159,990,000, according to a report issued by the Plains Cotton Growers, Inc., for the 25 counties represented by the Lubbock-based organization. Total receipts in Parmer County for 1974 fell just slightly short of the 1973 figure of \$160,193,000.

Work began on paving the streets adjacent to the Friona Nursing Home site. Work on the actual Nursing Home has been delayed while approval was being secured to add a basement to the proposed plans.

## Leahy Completes Training Course

Navy Seaman Thomas J. Leahy IV, son of Ida L. Leahy of 912 W. Fourth, Friona, has completed recruit training at the Naval Training Center, San Diego, California.

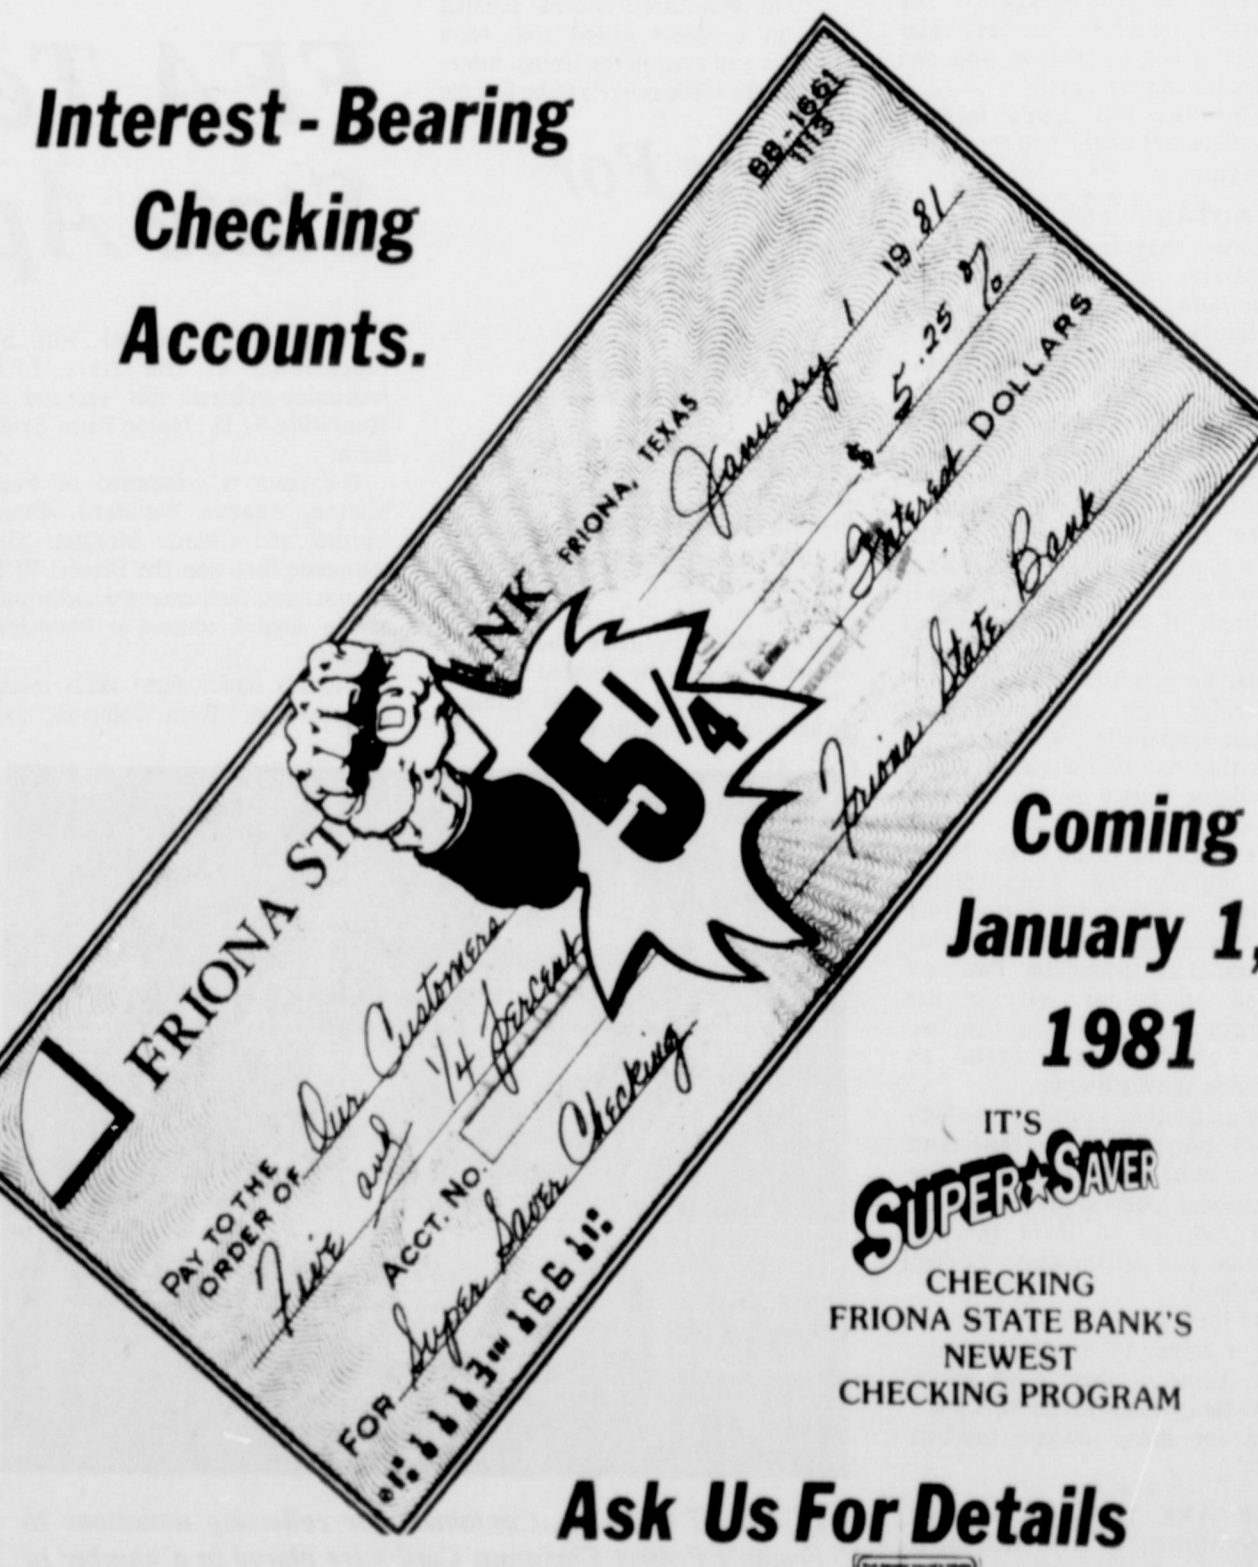

During the eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

The heat pump system is clean and I like to maintain a place that stays clean. My walls stay nice, my draperies stay nice and I don't have lint everywhere... and I've had other systems where I did have that problem. The heat pump is great because it is clean...we've been very satisfied with it."

## Court Okays Expenses At Last Meeting

Parmer County Commissioners Court met in regular session on Monday, Nov. 24, at which time members approved the paying of some \$689.95 in various bills.

Included in these bills was the payment of \$92.50 to attorney Richard Collard for his legal services rendered to a juvenile; yearly dues for membership in the Texas Association of Counties which total \$405.00; and \$192.45 which covers Parmer County's half of the cost of radio crystals for DPS car units.

The radio crystals are to improve car to car communications with the Bailey County unit. Bailey County will pay the second half of the bill.

In other action, the Commissioners Court voted to advertise for bids on an equipment trailer for Precinct One. The bids are to be opened on December 22, 1980 at 11 a.m.

Also during the meeting Bernard Gowens, certified public accountant, presented his 1979 audit report of County funds. The audit report was unanimously accepted.

Laura Jacobs, County Extension Agent for Home Economics, also gave her report to the Court which included the 4-H Food Show at Lazbuddie, the Christmas Bazaar at Friona, and the annual 4-H Awards Banquet at Farwell. She also reported that she will attend the Gold Star Banquet in Lubbock.

# Chiefs, Squaws Win Pair Of Cage Games

Friona varsity basketball teams swept a pair of games from visiting Shallowater here Tuesday.

For the Chieftains, it was their first sports win of 1980-81, after ten football losses and dropping their first two basketball games.

The Chieftains' win was a close one, 47-43, while the Squaws coasted to a 67-35 win.

The Chiefs had to come from behind, after trailing, 27-22 at the half. A big third quarter, in which the team outscored the Eagles, 16-10, made the difference in the game and put Friona ahead to stay.

Mark Tucker's basket gave Friona an early 2-0 lead, but Shallowater forged ahead, and held a six-point lead at 11-5 with 1:07 left in the opening quarter. A pair of baskets by Robert Caballero in the final minute of the quarter trimmed the margin to 11-9.

The score was close throughout the second quarter, with baskets by Mike Neill, Caballero and Tony Jackson giving Friona one-point leads at

various times.

But the Eagles again hit a hot streak, and went to the halftime break sporting a five-point edge, 27-22.

Friona kept pecking away at Shallowater in the second half, until Tucker's goal with 4:54 left in the third quarter gave Friona a 32-31 lead. He scored again 22 seconds later to give Friona a 34-31 lead. The Eagles responded to take a 37-34 lead.

Tony Jackson then connected on a pair of foul shots at the 43-second mark, and a jump shot with 17 seconds left to put Friona back on top, 38-37, and the Chieftains were never headed again.

It was still close, though, with Shallowater closing the gap to a basket several times. But Neill's goal with 5:33 to play gave Friona a 45-41 lead, and after a long dry spell, Jackson scored to give the team a six-point edge at 47-41.

Tucker's 16 points and Caballero's

13 paced the Chieftains in scoring. Jackson and Neill had eight apiece.

The Squaws broke out on top early in their game, paced by the scoring of Teresa Bermea and Lynn Blackburn, to take an 18-10 lead after one quarter.

Friona continued its scoring pace in the second quarter, and went to halftime with an 11-point lead, 34-23.

The third quarter turned out to be disastrous for the visiting girls.

Baskets by Teresa Bermea, Jiselle Malouf and Cari Hand hiked Friona's lead to 40-23, and after Shallowater broke the scoring ice in the second half at the two minute mark, Friona reeled off 21 unanswered points to forge a 61-25 lead, and that was "all she wrote" for this ball game.

Reserves took over in the latter stages, and managed to hold the lead at 28 points at the final buzzer, 67-35.

Misses Bermea and Hand paced the scoring with 15 points each. Lynn Blackburn scored 12 and Jiselle Malouf 11.

The Squaws now stand 2-1 for the season, with the Chieftains at 1-2.

## MX Missiles...

(Continued from Page 1)

"silos" would be constructed within the missile area. Only a limited number of nuclear warheads would be used, and the Air Force would play a "shell game" with the missiles, moving them from silo to silo, in an effort to confuse the enemy observers as to the exact location of the missiles.

Air Force officials claim that only about 2 1/2 acres of farmland would be utilized for each site, but farmers point out that the fact that restrictions placed on proximity to the sites would mean that every place a silo is built would virtually ruin the section of ground for farming purposes.

For one thing, a system of roads would be constructed to connect the various missile sites. One of the officials, Col. Bill Sims, indicated that 1,500 miles of asphalt road and 6,500 miles of dirt roads would have to be built in New Mexico alone, before construction of the missile shelters could start.

Following the fourth of the series of meetings on Wednesday, the Air Force officials were to fly back to Washington, D.C., to draft its "impact statement" as a result of the current series of "scoping" hearings. The draft is expected to be released by December 15, after which more public comments, both written and through public hearings, will be accepted for 90 days.

The MX missile timetable calls for a decision on the site location sometime in the calendar year 1981. Construction on roads and utilities for the main MX base would begin in 1982, the Air Force says, with construction on the base to begin in 1983. By 1984, construction of the MX missile shelters is to commence.

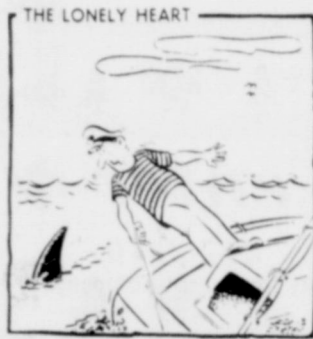

Portions of the MX system (10 missiles), are programmed to be operational by 1986, with the total MX system to be totally operational by 1989, with 200 missiles.

## Letter To The Editor

Dear Editor,

It is perhaps the crowning irony of the outgoing administration that the same people who scrapped the very defense systems which could have provided a credible deterrent in the early 1980s are now trying to foist off on the tax-paying public the farce and the fraud known as the land-based MX Missile. While the missile itself has merit, along with the Trident Submarine and a modified B-1 Bomber armed with Cruise Missiles, for future defense needs, the "shell game" concept on U.S. soil was designed more by the Carter Administration to confuse the public about our current vulnerability than it was to confuse the Soviets.

Taking the issue one step further, to attempt to take prime farm land for this MX system is totally ridiculous. Food will be the most important commodity of the '80s, just as oil was in the '70s. Shortages in basic grains are possible even this coming year. We need productive acres for food production for a hungry world.

The devastation to the ecology and the economics in the Panhandle of Texas and Eastern New Mexico area would be large, and hard to even measure with initial planning. To take \$15 million in tax monies in a time of huge budget deficits and waste it in determining whether it is feasible to spend \$50 billion on a missile system that would be obsolete before it could become operational, even under the best of conditions, is typical of this past administration, and symbolic of the reason why there are going to be many new Senators as well as a new administration in Washington in January.

Placing the MX here is infeasible. We will not permit it to happen, so long as this is a free nation. So these hearings should be discontinued immediately, and the money used for balancing the budget.

Frank Ford  
Hereford, Texas  
(Ford was commanding officer of a nuclear-armed missile battery, U.S. Army in 1957, and favors a strong defense.)

### Corn Producers To Meet Dec. 9

The Annual Corn Production meeting for Parmer County will be held on December 9 beginning at 7:30 p.m. at the Community Center in Friona.

Leon New, Area Irrigation Specialist, TAES, Lubbock, will speak on Water Management and Energy & Well Efficiency; Dr. Bob Berry, Plant Pathologist, TAES, Lubbock, will cover subjects on corn diseases and control; Dr. Ray Thompson, Area Entomologist, will be speaking on the latest research information about corn borers and spider mites; Carl King, Texas Corn Growers president, will talk about the

corn check-off program; another outstanding specialist, Dr. Dale Pennington, Soil Chemist, TAES, Lubbock, will speak on corn fertility requirements and trace elements relationship.

A new person to this area is Kirby Huffman, Area Agronomist, who will discuss corn variety tracts. The concluding speaker will be Prentice Mills, Parmer County ASCS director. He will explain the 1981 farm program.

Refreshments will be provided by Parmer County Implement Company of Friona.

## Water District Sets Election

Parmer County residents within the High Plains Underground Water Conservation District's service area will go to the polls on January 17 to elect four representatives, including a District Director for Precinct Three (in Bailey, Castro and Parmer Counties) and three Parmer County Committeemen.

Parmer County's District Secretary, Pat Kunselman, is now accepting Application-Affidavits at the district office in Bovina from candidates who are eligible to serve as District Committeemen. Any individual who is 18 years of age and who has resided within the district's election boundaries for six months preceding the January 17, 1981 election date, is eligible to serve.

A committeeman may serve two consecutive four year terms under the by-laws of the District. Directors are not restricted in the number of terms they may serve.

Three Parmer County committeemen's terms expire in January. Men currently serving in

those positions are Ronald Elliott, elected to his first four year term in 1977; and Troy Christian and Dalton Caffey who were both elected to their first terms in 1973 and again in 1977. Both are now ineligible for re-election.

Two additional Parmer County Committeemen whose current terms will expire in 1983 are Floyd Reeve of Friona and Ralph Roming of Bovina.

District Director A.W. "Webb" Gober of Farwell is currently serving as a member of the Board. He was elected to his first term in 1973 and is eligible for re-election.

Any interested candidate must sign an Application-Affidavit by December 28 to have his or her name placed on the ballot. Affidavits received by December 11 will be presented at the December Board of Directors meeting, and these qualified applicant's names will be included in the legal notice to be published prior to the election.

Candidates are encouraged to submit their Application-Affidavits soon. Forms are available at the Parmer County secretary's office at Bovina City Hall, for your convenience.

### Rites Scheduled In Hereford

Funeral services for Sister Felicitia Francis (Gertrude Jesko), 76, will be held Tuesday morning, December 9, at 11 a.m. in St. Anthony's Catholic Church in Hereford.

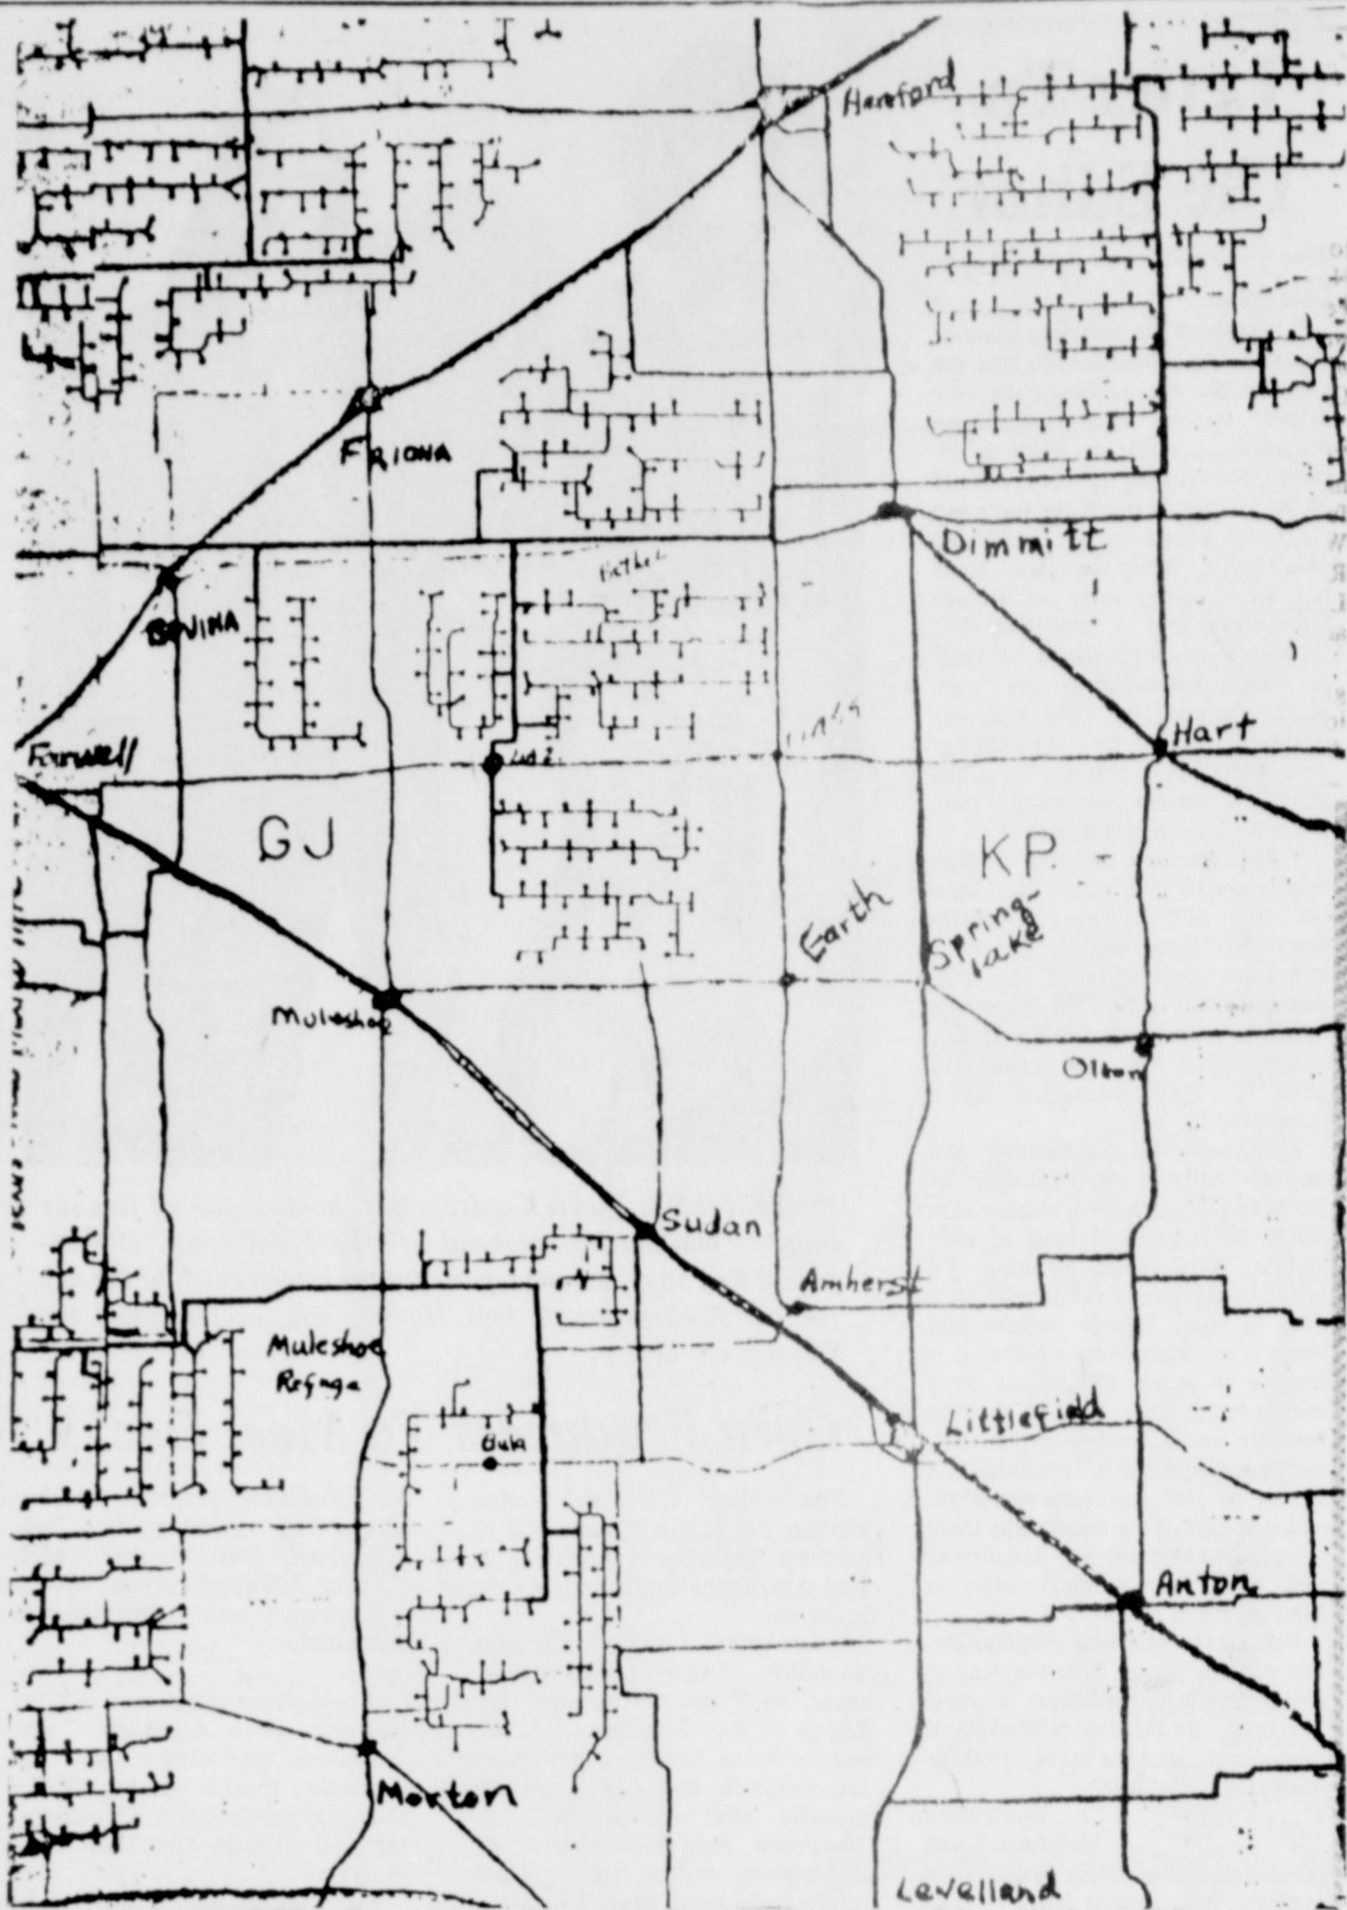

Rosary services will be held Sunday and Monday evenings at 7:30 p.m. in Gililand Funeral Home with Rev. Father Paul Haesner, pastor of St. Anthony's, officiating. Burial will be in St. Anthony's Cemetery.

Born September 18, 1904 in Oak, Indiana, she entered the Society of Franciscan Sisters of Atonement in Graymore, New York in December of 1921 and was stationed throughout the United States and Italy.

Sister Francis died Tuesday, December 2, in Brooklyn, New York.

Survivors are two sisters, Elizabeth Koelzer and Helen Fangman, both of Friona. She was preceded in death by five brothers, Matt Jesko, Harry Jesko, Joe Jesko, Alex Jesko and Steve Jesko, and two sisters, Celia Hicks and Anna Pachowiak.

Pallbearers will be nephews.

"Water topic o Novemb Federate was the f of the Ogallala Roll" "Conse membe furnish Water." R. Ho Linda ! accomp Beth guest inform: Aquife

## A. L. Black Is Guest Speaker

"Water Conservation" was the topic of Modern Study Club's November 18 meeting at the Federated Club House. A.L. Black was the featured speaker as Chairman of the Liason Committee of the Ogallala Water District.

Roll call was answered with "Conservation Tips" by thirteen members. Entertainment was furnished by a trio singing "Cool Water." The trio consisted of John R. Hodges, Geary Brogden, and Linda Murphree with Eva Miller as accompanist.

Beth Thompson introduced the guest speaker who gave an informative lecture on the Ogallala Aquifer, its location, irrigation in our

area and the various methods farmers use to conserve fuel and water.

Black, a former member of the state's Water Development Board, spoke of the importance of irrigated farmland and its crops to the rest of the nation's economy. He stressed that our crop production is important enough that sometime in the future, water will be transported because the nation cannot afford to lose this area's productivity.

His outlook on farming in general was good, though he expressed a belief that area farmers will go through a stress period from an economic standpoint and cause the farmers to become more efficient producers and businessmen.

"The farmer will again make a profit and have a strong business because of the growing world demand for the crops," Black stated.

Following the reading of the club collect, hostesses Mary Johnston and Rhea Foster served members and husbands who were guests. Husbands of club members who were present were Benny Pryor, Roy Miller, Dave Thompson, Sam Mears, Jim Johnston, John Hodges, Geary Brogden, Paul and Movelda Fortenberry and guest speaker, A.L. Black.

During the short business meeting the members voted unanimously to accept Betty Smith as a new member.

## Prairie Acres Party Line

We had a real nice month in November, including loads of visitors—friends and family.

Early in the month we had a big birthday party for our residents observing birthdays during November. The Summerfest Quartet sang for us. Oh, yes, we still get our hair fixed every Tuesday. For all of these things, we thank our volunteers.

We had a table at the Christmas in November bazaar at the Community Center. We sold several items, especially doll cradles and doll furniture. There are a few things suitable for Christmas gifts that we still have for sale, so come by Prairie Acres and shop.

Volunteers Faye Mayfield and Peggy Behrendson devoted many hours to our bazaar project. A special "thank you" to them.

A Catholic youth group came Wednesday, November 26 and brought pumpkin pies and sang to us. The Catholic Church will hold our church services for the month of December.

Our new residents are Jessie McSpadden from Bovina; Ethel Logan of Hereford; Charlie Gray of Bovina; Gudelia Leal of Hereford and Lue Keegan of Amarillo. We welcome these to our family of residents.

Mrs. Annie Lucy Scott passed away

November 26, and "Aunt Della" Osborn, who was our very first resident when we opened in 1976, passed away November 26. We will miss these fine ladies.

Mrs. Leak's grandsons from Hereford serenaded the residents on November 30.

Mrs. McSpadden's grandson, Stanley E. Barber, Jr., from Fort Smith, Arkansas, sang for us and played his guitar on Monday of this week.

The Christmas party for the residents and their families will be December 18 at 2 p.m. Come and join us. We will be happy to have you. Even Santa has been invited.

Margie London is in Parmer County Community Hospital. We wish her a speedy recovery. Paul Griffith is back from the V.A. Hospital in Amarillo.

Those who will have December birthdays are Mary Fox on the 30th; Nina McBrayer on the 12th; Clemencia Ozuna on the 17th; Minta Robbins on the 27th; and Jessie McSpadden on the first.

We wish you a Merry Holiday season, and come by to see us.

If your group is out caroling, we'd love to have you sing for us. Also, if there are any clubs, church groups, choirs or individuals with some type of Christmas entertainment, call and set up a time to perform for us. Call Debbie Shirley at 247-3922.

## We have your Money Makers

These Pioneer® brand corn hybrids do well in our area.

**3184** — This hybrid really showed up well under tough, 1980 conditions. And it has proven itself to be a top performer in good years, too. Our farmer customers like 3184 for its dependability. It can wait for water when other hybrids can't. And it adjusts ear size and kernel depth to make the most of growing conditions. 3184 shows good resistance to head smut and MDMV, too. If you could plant only one, it ought to be 3184. But since you don't have to, we recommend it as a companion to Pioneer hybrids 3195, 3183 and 3311.

**3311** — Our customers who grew this hybrid in 1980 were so pleased with their results, they can't wait to see what it will produce in a good year! Despite hot, dry conditions that stole yields from most corn hybrids, 3311 came through with some of the highest yields and best overall performance we've ever seen. And it demonstrated its exceptional disease resistance including protection against head smut and MDMV.

We're eager for all of our customers to plant some of this hybrid and see for themselves what all the excitement is about.

Let's get together.

Mr. and Mrs. Robert Collier spent Thanksgiving Day visiting in the home of Mr. and Mrs. Darrell Collier and children, Beth and Richie, who live in Odessa, Texas.

Nelson and Lorraine Welch are home after a trip all the way to the south coast of Texas. They left home a few days before Thanksgiving for a visit with their out-of-town grandchildren, whom they do not see real often.

Their first stop was in San Antonio, where they visited their youngest daughter, Monte Sue Bailey and her children, Shawn and Heather.

Then, from there they drove to Rockport, Texas, where Mikie and Duane Bishop and sons, Michael and Buddy, live.

Mr. and Mrs. Tom Gibson had most of their family home for Thanksgiving Day dinner. Thomas and Faye Gibson and children, Ronnie, Debrah, Richard and Melissa, came down from Copeland, Kansas.

Mr. and Mrs. Elmo Barrett and Starla; Curtis Nazworth, Mr. and

Mrs. Doyal Goebel and Mr. and Mrs. Danny Bixler, all of Amarillo, were also here. Mrs. Barrett is the former Sue Gibson and Curtis Nazworth, Mrs. Goebel and Mrs. Bixler are her daughters.

Local family members present were Mr. and Mrs. Lee Gibson, Mitch, Trisha and Tracey and Mr. and Mrs. Carl Osborn, Randy, Cassie and D.L. Mrs. Osborn is the former Linda Gay Gibson.

Afternoon visitors in the Gibson home were Mr. and Mrs. Glen White and daughter, Sandra, of Farwell. Mrs. White is the former Joyce Gibson.

For as long as I can remember, mail order catalogs have been referred to as "Wish Books." However, the new Sears Christmas catalog is the first one I've ever observed that came from the factory labeled, "Christmas Wish Book." I like that designation.

John Hand, who lives in the Hub Community, had some bad luck one day last week. He and Billie Jo have a cabin at Ruidoso and he was over there.

While attempting to check the roof, his ladder slipped and he had to spend some time in the hospital. His injuries were not real extensive.

Lou, Sue and Charlene Pipes spent the weekend with their parents, Mr. and Mrs. Boyd Pipes, and brother, Boyd Jr., at Elk City, Oklahoma.

The Pipes girls are staying with their maternal grandparents, Mr. and Mrs. Oscar Baxter, and driving to Bovina to attend school. Sue and Lou will graduate from Bovina High School at the end of the current semester and Charlene is a freshman.

Weekend visitors in the Baxter home were Mr. and Mrs. Troy Young and sons, Farron and Denny; Mr. and Mrs. Roger Head and Chris; and Mary Ann Nelson, all of Hobbs, New Mexico.

Thanksgiving Day dinner guests in the home of E.G. and Betty Phipps were Judy and Deloris Phipps, Hereford; Mr. and Mrs. Robin Baize and son, Drew; Mr. and Mrs. Rex Hand and sons, Boone and Bowie; and Billie Jo and Cara Hand, all of Friona.

Lucille Buske has been dismissed from High Plains Baptist Hospital, Amarillo, where she had been a surgical patient for several days.

She's recuperating at the home of her sister and brother-in-law, Goldie and Frank Griffith.

On Saturday Mr. and Mrs. Kenneth Houlette of Dumas and Joyce Houlette of Houston visited in the Griffith home. Mrs. Griffith accompanied the Houlettes to Clovis for a visit in the home of Rev. and Mrs. E.E. Houlette.

Pearl Howard had quite a surprise Wednesday night. Her daughter Faye Whitehead of Odessa, knocked on her door. She went to the door and there stood her oldest son, Kenneth Howard from Phoenix, Arizona. She hadn't seen him in seven years.

Mr. and Mrs. Ken White and daughters, Becky, Joanna and Amanda Jane were Tuesday and Wednesday guests in the home of Mrs. Lavohn Kirk and sons, Mike and Tim.

Mrs. White is the former Sherry Dean and she and Lavohn are sisters. The White family lives in Las Cruces.

Ken, Sherry and the girls spent Thanksgiving Day with Mr. and Mrs. Dick Ratjen of Happy. Mrs. Ratjen is the former Phyllis Dean.

Thanksgiving Day dinner guests in the home of Mr. and Mrs. Dewayne

Procter and children, Darren, Wade, and Darla Sue, at Shallowater were Mr. and Mrs. James Procter and Mr. and Mrs. Ted Procter and children, Charlotte and Barry, all of Friona.

Other present were J.O. Peterson and Jim Peterson and daughter, Angie, of Lamesa.

The Floyds had Wednesday night and Thursday visitors. Gerald, Jana, Jason and Sarah Floyd came down from Elkhart, Kansas, Wednesday evening and returned Thursday afternoon.

Visitors in the home of Mr. and Mrs. H.A. Hyde recently spent more time than they had planned due to the inclement weather. Mrs. Allie Mae Pope of Loveland, Colorado, and Mrs. Beulah Hadley, who lives in Pueblo, Colorado, were here several days.

Mrs. Pope is a niece of Mrs. Hyde and made her home with the Hydys several years.

Mr. and Mrs. T.B. Weatherley of Celeste, Texas, arrived in Friona Monday afternoon for a visit in the home of Mr. and Mrs. Randy Weatherley and children, Ashlee, Aaron, Dustee and Kassie.

Other Thanksgiving Day dinner guests in the Weatherley home were Mrs. Weatherley's parents, Mr. and Mrs. Johnny W. Hand.

The T.B. Weatherleys returned to their home Friday.

Mrs. Ardith Rolan and daughters, Dorothy Jean, Stacy and Vicky, of Stratford spent the Thanksgiving weekend visiting in the home of Elwood Vaughn.

Mrs. Rolan is the former Dorothy Vaughn.

Larry and Virginia Moyer and sons, Doug and Brad, hosted a family dinner in their home, 1208 West Fifth Street, Thanksgiving Day.

Guests were Mr. and Mrs. W.E. Hickman, who live in the West Camp

Community in Bailey County, and Mr. and Mrs. O.B. Moyer. O.B. and Beulah are Larry's parents and the Hickmans are Virginia's.

Elwood and Ethel Ginn braved the elements and drove from Houston to Friona Wednesday for a long weekend visit in the home of Mr. and Mrs. Duane Ginn and sons, Michael and Gerry. They are Duane's parents.

They were accompanied by two teenagers who were totally unfamiliar with snow. Their son, Bobby, and grandson, Gary Ginn, have grown up in Houston, where it rarely snows, so all the fluffy white stuff was really a treat for them.

Lou Whaley of Amarillo was a weekend guest in the home of her parents, Mr. and Mrs. Watson Whaley. Thursday dinner guests in the Whaley home were Mr. and Mrs. Dennis Slagle and son, Jason.

Jane Rushing returned to her home in the Los Angeles area Thursday after a ten day visit with Friona and Clovis relatives. She's the youngest daughter of Mrs. Ruth Rushing and a sister of Eric and George Rushing, Friona, and Mrs. Lynn Phipps, Clovis.

Frionans who were Thanksgiving Day dinner guests in the home of Mr. and Mrs. Freddie Turney and daughters, Stephanie, Kimberley and Tiffany, at Slaton, were Mr. and Mrs. Clarence Martin.

Also, Mr. and Mrs. Calvin Martin; Mr. and Mrs. Larry Martin and Amber and Mr. and Mrs. Mike Martin, Renee and Heather.

Terry and Vickie Copley, Shannon Cochran and Lisa Howell, all of Friona, and Mrs. Bobby Broyles of Lazbuddie, traveled to Houston for the Thanksgiving holidays.

They visited in the home of Mrs. Broyles's sister, Wanda Williams, her husband Bert, and two daughters, Sheryl and Susan.

The group went deep sea fishing Friday out of Galveston

**Shower Fetes Lisa Buchanan**

A bridal shower honoring Lisa Buchanan, bride-elect of Gary Wright, was held Saturday, November 22, from 2-3:30 p.m. in the home of Mrs. Robert Alexander.

The serving table was covered with a blue cloth overlaid with white lace. The centerpiece was a green potted plant that was also a gift to the bride-elect. A silver coffee service, silver tray and crystal fruit bowl completed the table setting.

Fruit salad with honey sauce, cookies, nuts, mints, coffee and hot spiced tea were served to the guests.

Special guests were family members of the bride-elect and prospective groom, Joe Buchanan, Amelia Wright, Karla Wright, Kathy Buchanan, Carolyn Buchanan, Grace Whitefield and Lou Rogers of Amarillo.

Hostesses for the shower were Chris Alexander, Beverly Mars, Kitty Gallman, Laura Coffey, Teresa Buske, Sondra Nichols, Dorothy Ingram, Louise Lundy, Tommie Mercer, Dean Broyles, Jeannie Moseley and Carol Fallwell.

The hostess gift was a Hoover vacuum cleaner.

# Youth Achievers Honored At Parmer County 4-H Banquet

AWARD WINNERS...Devera Rhodes and Shain Rhodes, left and center, children of Mr. and Mrs. Wayne Rhodes of Friona, and Lea Ann Edwards, daughter of Mr. and Mrs. Tommy Edwards of Friona, each received special awards at the Parmer County 4-H Club achievement banquet held recently in the Farwell School Cafeteria. Lea Ann was presented three trophies for her entries in baking, clothing and horticulture at the 4-H Fair. Devera won a trophy for placing first in the fair with her entry in food preservation. Shain won the "I Dare You" award, and accepted the plaque for the High Point Club honor which went to his club, the Friona 4-H. Shain is president of that club which gained the most points during the year for participation in county 4-H activities.

Parmer County 4-H members and their parents gathered recently for their annual Achievement Banquet at the Farwell School Cafeteria. Approximately 100 persons attended the event, and watched as many 4-H youth were presented achievement awards.

Scott Johnson, son of Mr. and Mrs. Billy Johnson of Bovina, was awarded the county's highest distinction and presented the Gold Star Award. Johnson is a 1980 graduate of Bovina High School, a member of the Bovina 4-H Club, and is currently attending Lubbock Christian College where he is now caring for the LCC swine herd.

Shain Rhodes, son of Mr. and Mrs. Wayne Rhodes of Friona, and Donna Beth Lide, daughter of Mr. and Mrs. Edwin Lide of Bovina, were awarded the national "I Dare You" award. Both were selected for the award in "recognition of excellence in character and well-balanced personal development as well as leadership potential," said Laura Jacobs, Parmer County Home Extension Agent, in presenting the award. The "I Dare You" Award is made available through the American Youth Foundation in cooperation with the County 4-H office.

Donna Beth attends Bovina Junior High and Shain attends Friona Junior High, and both are active in their respective 4-H Clubs.

Master of ceremonies was Shain Rhodes of Friona, and the invocation was given by Randy Davis of Oklahoma Lane. Leading the pledge of allegiance was Charles Johnson of

Bovina, and Lisa McGehee of Lazbuddie led the 4-H motto and pledge.

Devera Rhodes of Friona introduced the special guests, and highlights of the 4-H year were given by Robbie Moody of Bovina.

County Commissioner Ernest Anthony presented the Year Pins. County Judge Porter Roberts handed out the Achievement Awards, and County Commissioner Raymond McGehee gave out the Special Awards.

Other 4-H members and adult leaders receiving awards are as follows:

Four Years--Mr. and Mrs. Kenneth McGehee, Lazbuddie; Mr. and Mrs. Billy Gibson, Friona.

Five Years--Mr. and Mrs. Wayne Rhodes, Friona.

Six Years--Mrs. Pete Jesko, Lazbuddie.

## S. Rhodes, D. Lide Honored At Banquet

Shain Rhodes, son of Mr. and Mrs. Wayne Rhodes of Friona, and Donna Beth Lide, daughter of Mr. and Mrs. Edwin Lide of Bovina, were presented the national "I Dare You" award by the Parmer County 4-H organization at recent award ceremonies honoring all county 4-H youth.

The honor was presented by Parmer County Extension Agent for home economics, Laura Jacobs. The youth were selected for the award in recognition of excellence in character and well-balanced personal development as well as leadership potential," said Miss Jacobs.

Both Shain and Donna Beth are active in their respective clubs. Shain is president of the Friona organization.

In addition to the national recognition received, the award provides Shain and Donna Beth with

a copy of William H. Danforth's book, "I Dare You," and a personalized certificate.

"In his book, Danforth challenges the readers to aspire to their highest potential, to attain constructive lives of service and citizenship and to be committed to excellence," she said.

The "I Dare You" award is made available by the "I Dare You" committee of the American Youth Foundation in cooperation with the County 4-H office. This is the 40th consecutive year of the award program.

The American Youth Foundation, founded in 1924, is a not-for-profit organization dedicated to providing programs for youth. The aim of the Foundation is the discovery and enhancement of leadership skills and the promotion of balanced growth and development.

## It's A Girl For Elams

Mr. and Mrs. Gary Elam, 1306 Pierce, became parents of a baby girl Saturday, November 15, at Parmer County Community Hospital.

She weighed seven pounds, six and one-half ounces and was named Nikki Lynn. Older children of the couple are Michael, 11; and Montessa, 7.

Grandparents are Mr. and Mrs. Ernest Anthony of Friona, and Mr. and Mrs. Glenn Kendall, St. Joseph, Missouri.

Mrs. Anna Anthony of Friona and Mr. and Mrs. W.C. Vendelboe of St. Joseph, Missouri, are the great-grandparents.

**MR. and MRS. BILLY JOHN THORN...** Mr. and Mrs. Billy John Thorn were honored with a 25th Wedding Anniversary party on Sunday, November 23 at their home. Their children, Garvin Thorn, Mrs. Roy Don Rector and Mrs. Mike Blackburn, hosted the party. Billy John and the former Zelma Beaty were married on November 26, 1955 at the United Methodist Church in Friona. Cake, punch and coffee were served to one hundred relatives and friends. Out-of-town guests attending the party were Mr. and Mrs. Carroll Hunton and grandchildren, Ryan and Jami of Clovis, N.M.; Mr. and Mrs. Walter Hughes of Farwell; Tommy Hunton of Portales, N.M.; Mitzie Wenner and Steve, Shirley and Jes Eisenhower of Del Rio, Texas.

### GOD'S WAY

Has it dawned on you these past days that God is trying to tell us something? Maybe God is shaking us up a bit to inform us that not is alright.

The earthquake in Italy; the fires in California and the several killings right here in Amarillo. It's difficult to keep up with all of this. Do we ponder all of it and say that God could possibly be permitting it for a reason.

We're into the Advent Season--can we help by our prayers and sacrifices to alter a bad situation. Is God asking us this season to do something constructive? Maybe just a slight penance could work wonders?

Let's use this Advent Season for something special for God. Maybe a sharp tongue at home could be less sharp; maybe a more honorable attitude towards parents could stem a difficult home situation. Possibly a husband could be more attentive at home.

Let's see what this Advent will produce by making this season one in which my intention will be God's intention. Let's prepare for the coming of Jesus with much love--let's forget ourselves--let's seek the Lord.

## SCOTT JOHNSON Problems Plague Postal Service

One of the biggest problems postal employees face is illegible handwriting. "At Christmas time, when mail volumes skyrocket, this can become a major problem," the Postmaster said recently.

"The use of ZIP Codes by mailers does help speed up the process because often if the city and state are unreadable, the ZIP Code will direct the mail to the post office from which it will be delivered. Clerks in that post office, being more familiar with local residents, may be able to figure out the person to whom the mail should be delivered."

Another significant problem is the number of parcels delayed or actually undelivered because of poor wrapping or packing. The Postmaster urged that special care be taken to see that each package is tightly stuffed and that nothing rattles around inside.

Parcels are generally shipped in bags, and often heavier items rest on top of smaller, lighter packages. The Postmaster encouraged mailers to be a bit cautious and insure all packages.

All parcels should be addressed on only one side, and should have the address written somewhere on the inside of the package in case the exterior wrapping should come off. It is a good idea to also enclose a list of the contents.

Poor packaging and illegible or incorrect addressing account for about half a million undelivered parcels each year.

## Scott Johnson Earns County Gold Star Award

Scott Johnson, son of Mr. and Mrs. Billy Johnson of Bovina, and a member of the Bovina 4-H Club, received the Gold Star Award in recognition of his outstanding achievement, leadership and contribution to the county 4-H program. The honor was given at recent 4-H award ceremonies.

This is the highest county award provided by the Texas Agricultural Extension Service and is used to stimulate Gold Star winners to further achievement and to encourage others to participate in the 4-H program.

Young Johnson has been involved in showing barrows, livestock judging, raising breed swine, feeding cattle and raising crops. He was named high point individual on the

county judging team at the 4-H County Stock Show.

"Johnson has won the Bovina Stock Show two years in a row and is always willing to see a job through and share his knowledge. Because of his 4-H experience raising breed swine, he is now caring for the swine herd at Lubbock Christian College," said Seth Ralston, Parmer County Extension Agent. Johnson was honored at the District Gold Star Banquet in Lubbock on November 24.

According to Ralston, Johnson's 4-H record book competed at state competition this year.

The entire Johnson family is active in Parmer County 4-H activities. Johnson is a 1980 graduate of Bovina High School and is presently attending Lubbock Christian College.
