City's July Fourth Activities Planned

THE SUMMER OF 1981 may become known as the "Summer without Major League Baseball," unless something happens soon to settle the players' strike, now in its second week.

Actually, those of us with youngsters in Little League programs have not been denied the opportunity of watching baseball. In fact, yours truly has seen more baseball this summer than he had in the past several.

With the Major League owners being reimbursed by strike insurance, and since most of the players are grossly overpaid anyway, it appears from this corner that the main losers in this summer's strike are the fans.

It is too bad, because many people plan their trips around "when they can see such and such a team play." If they are denied this opportunity a time or two (and thousands have been already), then they will be apt to ignore the pro baseballers when making future trip plans. In fact, they might do so on purpose, rather than be disappointed.

One of pro baseball's newest millionaires, Dave Winfield, failed to gain any sympathy from this writer, when he moaned to a television interviewer on the day following the strike, that he "had to pay his own airplane ticket" to fly to a personal appearance. We hope that this experience won't cause Pore Ole Dave to have to go on food stamps, or some other poverty program.

One of the injustices of our modern world is the fact that the super-jocks, of both baseball and football, make more money in a year's time than many gifted and talented people will make in a lifetime following their chosen field of endeavor.

Of course, the salary angle was not the factor which brought about the strike, but it comes down to money, in the long run.

Personally, we'd like to see the owners stock their teams with their top minor league players, and let these overpaid 22-year-olds see if they can make a living at anything else.

WE WERE GLAD TO see the threatened strike by the air controllers settled prior to its intended deadline of Monday. This would have been a crippling blow to the country, both from a transportation and an economic standpoint, when it least could afford it.

This pattern of strikes or threatened strikes, popularized by the labor unions, has brought our once-proud nation virtually to its knees.

Almost gone is the once proud promise by wage-earners and employers alike, of a fair day's work for a fair day's pay. The unions are too busy dreaming of new fringe benefits to worry about a fair day's work.

CONGRESSMAN KENT HANCE has been taking his lumps from certain liberal Democrats for his unswaying support of President Reagan's budget proposals.

Hance may not be making any points with the Democratic hierarchy, but we'd venture to say that he's in tune with 97 per cent of his constituency--maybe even more.

At a time when Americans are clamoring for reform in government, and a cut in spending for programs of all levels, we believe it is the foremost duty for our elected officials to be Americans first, then Democrats or Republicans later.

These congressional liberals must have forgotten the mandate of the country's voters in 1980, by their refusal to cut certain programs. One nice thing about it, is the fact that it won't be long until the voters will once again get their say about things. Those who didn't pay attention to the voters last time around may be out rooting in the unemployment lines--with the out of work baseball players.

The Friona Chamber of Commerce and Agriculture has finalized plans for the city's 12th annual July 4th Celebration.

All events, except for the tennis tournament, are slated to be held at the Community Center.

The activities get underway with a barbecue lunch at 11:30 a.m., sponsored by the Friona Noon Lions. Serving continues until 1:30 p.m. On the menu will be barbecued beef and pork, cole slaw and beans. Admission will be \$4 for adults, and \$2.50 for children 12 and under.

The World's Championship Turtle Race will be held at 1:30 p.m. Prizes will be awarded to the fastest turtle, largest and smallest entries, as well as best-dressed turtle.

The bicycle race will be held at 1:30 p.m. at the north end of the Community Center, and the baseball throw will also begin at that time, to the south of the center.

Directing the turtles, bike racers and baseball throw events will be the Friona Evening Lions Club.

A concession stand will be operated inside the community center following the barbecue and throughout the rest of the day, sponsored by the Friona High School Band. Proceeds will go to

help pay expenses for the band to Nashville, Tennessee in 1982. The band will also sell raffle tickets on groceries and a free meal.

Beginning at 2 p.m. will be a "42" tournament, while a ping pong tournament also begins at that time, and water polo matches begin at 2 p.m., sponsored by the Fire Department.

A bake sale, sponsored by the senior citizens, will be held, and raffle tickets will be sold on handmade quilts.

The tennis tournament is expected to begin on Friday, and will continue on Saturday. It is a doubles tournament. Entries should be made to Ron Smiley. Play will be conducted at the high school courts.

The Friona Community Band and Choir will perform at the Community Center beginning at 8:30 p.m. The choir will present a condensed version of the musical, "I Love America," by John Peterson, which was performed in 1976 and again last year.

The celebration will be capped off with the 12th annual free fireworks show, at about 10 p.m., at the Community Center. The Friona Fire Department is in charge of the fireworks display.

City Asks Care In Water Use

City residents were reminded this week to make prudent use of their water.

"You recall that this time last year we were practically out of a water supply. At the present time the city is pumping 2.6 million gallons of water per day, which is the maximum production of the wells," said City Manager Jake Outland.

Outland said that it can be noted that many residents over-water their lawns, and allow the water to flow down the gutters. Better use of water is urged, from this standpoint.

Fireworks Unlawful In City

Chief of Police Bill Denney reminded residents of Friona this week, with the approaching July 4th holiday, of the city ordinance which prohibits using fireworks within the city limits.

Violators will be prosecuted, according to the Chief of Police.

With the current hot, dry conditions prevailing, the use of fireworks is really risky to adjacent property.

Those who would use fireworks are advised to attend a fireworks display, where the fireworks are displayed in a safe manner and by professionals.

Friday, June 26	93-62

No precipitation.

Rabies Case Is Reported In Bovina

A case of animal rabies was confirmed this week in Bovina, involving a domesticated badger which belonged to a family in that community.

Four members of the family in Bovina are currently undergoing the series of rabies shots, as a precautionary measure, and their dogs have been vaccinated.

The animal was found in a den, as a baby, and then was raised as a pet. Recently, it became sick and was taken to a veterinarian, where it died. The carcass was sent to Austin, where rabies was confirmed.

Residents of the area are reminded to be extra careful of befriending a stray dog or cat, or a wild animal of any type, due to the danger of rabies. Cats are worse carriers of the disease, it was stated.

Any animal which is suspected of having rabies must be confined for ten days for observation.

Some Set July 3rd Holiday

Due to the fact that the July 4th holiday falls on Saturday this year, a number of Friona businesses and institutions are planning to take a holiday on Friday, July 3.

These include the Friona city offices, Friona State Bank, Friona, Texas, Federal Credit Union, Friona Cable T.V., Parmer County Farm Bureau and Friona Chamber of Commerce.

Also, Friona Industries (main office), Hi-Pro Feeds, Tri-County Savings & Loan Assn., The Friona Star, Southwestern Public Service Co., Moon Lite Printing and Energas.

DRIVE OFFICIALS....The Friona Library board announced this week a drive to raise \$70,000 by July 31, for a new library building. The group proposes to purchase the present Friona Consumers building on Main Street and renovate it for the library. From the left are D.L. Harguess, drive chairman, Glenda Procter of Progressive Study Club, making the first donation, and library board member Charles Caudill.

Drive Underway For Library Bldg.

A drive to raise \$70,000 in a little over 30 days has been kicked off locally. The money would go to purchase the Friona Consumers' building for use as a City Library.

D.L. Harguess is chairman of the

New Pro Is Named

Chris Fontanilla, 43, is the new golf pro at Friona Country Club. He replaces Curtis Stoener. Fontanilla began his duties this past Monday.

The new pro comes to Friona from Clovis, where he has served as assistant pro at Clovis Municipal Golf Course for the past two and one-half years.

He was born in the Philippines, and raised in Hawaii. Fontanilla spent a 20-year career in the U.S. Air Force, taking his retirement in March of 1979. He was stationed in Africa, Europe, Okinawa, the Philippines, North Carolina, and lastly at Cannon AFB, Clovis.

Fontanilla says he has been associated with golf since 1964, and has had the ambition to become a golf pro. His wife Jan also is an avid golfer.

The couple has four children, two sons and two daughters. One daughter, Leslie, lives in Lincoln, Nebraska, Terry, 20, and Marlene are both students at the Clovis campus of ENMU. Another son, Jeff, is 15.

Fontanilla is taking entries for the first annual Preach Edelman Partnership Tournament, to be held July 11-12. Deadline for entering will be noon July 9. Entry fee is \$70 per team. Teams will be flighted according to the lowest handicap.

The field will be limited to the first 60 paid teams.

fund-raising committee. Other members of the committee are Bob Welch, Roger Wilcox, Kitty Gallman and Ann Osborn.

Harguess says that the board of directors of Friona Consumers has agreed to sell the property to the city for use as a library, for the stated price of \$70,000, but the offer must be accepted by July 31, 1981.

The building contains roughly 7,000 square feet, including a 125-foot front with paved parking.

"This building is much closer and more accessible to the grade school and elementary school than the old library. They are out of space in the old library building. We are cramped, and have grown about as much as we can grow at the present location," Harguess says.

The proposed building would be owned and maintained by the City of Friona. Utilities would be paid by the city. However, due to the size of the investment and the fact that the city has recently had to pass a bond issue, the fund drive was chosen as a method to raise the needed money.

The proposed library building will be much more flexible for having a reading room, reference room, conducting story hour programs, a film room etc., Harguess points out.

It would approximately double the amount of usable space for the library.

Memorial gifts for loved ones may be made and gifts of \$500 or more will be engraved on a plaque to be displayed in the new library.

The proposed building also has a walk-in vault which can be used for microfilm.

Gifts to the fund drive may be made at Friona State Bank, and designated "Library Building Fund."

(Continued on Page 3)

NEW PRO....Chris Fontanilla is the new golf pro at Friona Country Club. The Filipino-Hawaiian comes here from Clovis, where he was assistant pro.

NEW EMPLOYEE....The new secretary at the Chamber of Commerce office is Lola White, who assumed duties there this month. Mrs. White has been busy coordinating the activities leading up to Friona's July 4th celebration.

FRIONA FLASHBACKS

...from the files of The Friona Star

55 YEARS AGO—JULY 2, 1926

A two-car collision at Bovina early Monday morning resulted in the death of H.T. Hastings, a prominent Bovina farmer. Hastings' car was involved in a crash with a car driven by Mr. Guy Foster of Clovis, who was driving northeast toward Amarillo. Mr. Hastings had just left home in his Ford sedan, enroute to his farm.

50 YEARS AGO—JULY 2, 1931

Issue missing from Star files.

45 YEARS AGO—JULY 3, 1936

On Monday afternoon about 3:30 o'clock, while the officers and employees of Friona State Bank were about their usual business of getting ready to close business of the day, they received a visit from two unknown armed men, who robbed the bank of \$964. Charlie McLean gave the men the bank's "dummy" bag, filled with worthless papers, but was obliged to gather up all the money which was in sight for the men, who left the building by the rear side door.

40 YEARS AGO—JULY 4, 1941

The voting in Parmer County in the special election last Saturday to fill the U.S. Senate seat of Morris Sheppard resulted in a tight vote. O'Daniel received 101 votes here, to 42 for Mann, 42 for Johnson and 15 for Dies.

35 YEARS AGO—JUNE 28, 1946

Word has been received that Miss Louise Euler, Eastern Air Line hostess, has recently been invited to become a member of the Pilot Club of Atlanta, a classified club for business and professional young. Miss Euler is the daughter of Mr. and Mrs. Elmer Euler of Friona.

30 YEARS AGO—JUNE 28, 1951

Assurance that there would be housing for Friona's high school students next year was re-affirmed by the school board this week after a series of meetings in which trustees discussed all phases of the building program and planned to let a contract this week-end for temporary housing arrangements. This action followed immediately on the heels of the bond election held last Saturday, which voters agreed to support a new bond issue for the construction of a modern and enlarged high school building. The vote passed 169-12.

25 YEARS AGO—JUNE 28, 1956

Friona's volunteer fireboys will follow their duties "in style" now, since receiving their new uniforms and showing them at a special meeting Thursday night in the Legion Hall. The new outfits are grey khaki, and together with the caps which the boys have had around for several years, they give the department a look

of distinction. They have matching khaki jackets.

20 YEARS AGO—JUNE 29, 1961

"This is the best wheat crop we've had in years!" That statement which has been made many times recently by farmers, elevator men, merchants and long-time observers during the past two weeks, indicates that everyone is in agreement that the 1961 wheat crop is turning out bountifully. Arthur Drake, manager of Friona Wheat Growers, reports that Friday of last week was a record day for that elevator. On that day, 785 trucks dumped 227,478 bushels of wheat.

10 YEARS AGO—JULY 1, 1971

Baker Duggins has been installed as the fourth president of the Friona Noon Lions Club, succeeding Don Reeve.

Leland Hutson was installed as the 30th president of the Friona Lions Club, at the club's annual officer installation program last Thursday night.

5 YEARS AGO—JUNE 27, 1976

The Friona Star was awarded a first place plaque during the 1976 Bicentennial Convention of the Texas Press Association in San Antonio. The Star won its plaque in the News Feature Contest and also took a third place award for Appearance. The local newspaper competes in Division V, for newspapers with 1500-2500 circulation.

Mrs. Madie R. Schmidt, R.N., has been named Director of Nursing Services for Prairie Acres, Friona's nursing home.

Rites Held Monday For A. Roberts

Funeral services for Agnes Lorane Roberts, 70, were held at the United Methodist Church in Friona on Monday. Rev. Archie Echols officiated. Burial was at the Littlefield Cemetery, under the direction of Parsons-Ellis Funeral Home.

Mrs. Roberts died Saturday, June 20 at West Plains Medical Center in Muleshoe.

She had been a resident of Parmer County since 1954, coming here from Littlefield. Mrs. Roberts married Harry Roberts in 1949 at Rockwall, Texas. She was born June 30, 1910, the daughter of John Cook and Elmira Franklin.

Survivors include her husband, Harry; two daughters, Mrs. Jo Lawrence of Plano and Mrs. Joyce Ann Smith of Bullhead, Arizona; one sister, Mrs. Lottie Branham of Plano; and one brother, Gene Cook of Sherman.

Five grandchildren and two great-grandchildren also survive.

Pallbearers were D.C. Herring, Dean Hall, Rex Williams, Cass Perkins, E.G. Phipps, Ernest Osborn and Henry Gauna.

Graveside Services Held For K. Heady

Graveside services for Kenneth A. Heady of Irving, Texas were held Friday, June 19, in the Oak Grove Cemetery in Irving at 11 a.m.

Born July 30, 1931, Heady died Tuesday, June 16 in Irving. He was married to Zada Carter June 26, 1949 in Friona, and later they moved to Irving. He was a member of the Baptist Church.

Survivors include his wife Zada of the home; two sons, Carl William and Randy, both of Irving; two grandsons, Kevin and Chance; two sisters, Rosemary Harris of Rock Springs, Wyoming and Claudia Hamilton of College Station, Texas;

Bank Sets

Boot Display

Friona State Bank will have a display of the famous Justin Boot Company collection in its Community Room June 29-July 2.

The collection, which features samples going back 75 years in the company's 102-year-old history, promises to be of interest to anyone who is a fan of boots.

SHOW YOUR COLORS

KENNETH A. HEADY

and one brother, Alfred Heady of Yontis, Texas.

Attending the funeral from Friona were Mrs. Alvin Carter, mother of Zada Heady, and her sisters, Carol Dean Huggins and Clarence and Wynona Martin.

Letter To The Editor

Dear Bill:

I found this article in the Postal Life (they borrowed it from The Washington Post). I would like to submit it to you and to all our critics out there.

"In 1940, a 3-cent letter traveled in a \$700 truck, which used 19 cents a gallon gasoline. In 1960, a 10-cent letter traveled in a \$3,500 truck, which used 39 cents a gallon gasoline. In 1980, a 15-cent stamped letter travelled in a \$6,900 truck, which used \$1.20 a gallon gasoline, then in a \$10 million airplane flown by a pilot whose salary was \$55,000 a year."

Postal Life continues, "A recent letter to the Palm Beach Post complained that the cost of mailing a letter went from 2 cents to 15 cents in the writer's lifetime."

"Big deal, if he remembers the 2-cent stamp then he remembers nickel a gallon gasoline, the excellent steak dinner for a dollar, and automobiles that cost \$600...."

Here are some figures that Postal Life says were obtained from government and industry sources. They may vary in different parts of the country because they represent national averages.

"From May 1978 until March 1981, the rate of increase of a First-class stamp was 20 per cent, of a private home-31 per cent, a gallon of regular gasoline-98 per cent, Ford Mustang-67 per cent, Plymouth Horizon-21 per cent, Oldsmobile Cutlass Supreme-51 per cent, loaf bread-43 per cent, 1 lb. chuck roast-58 per cent, 1 lb. round steak-37 per cent, 1 lb. butter-40 per cent, 1/2 gallon milk-28 per cent, prime interest rate-135 per cent, and mortgage rate-64 per cent."

So it seems that the 18-cent stamp is a bargain, and if it goes to 20-cents, it's still a bargain.

Thanks a bunch,
Louise Bush
Postal Clerk

4-H Horse Show Results Are Given

Brenda Flowers won the trophy for High Point Senior and Keith Smith won the trophy for High Point Junior at the Parmer County 4-H Open Invitational Horse Show held on Saturday, June 20, at the Bovina Roping Arena.

Norris Cole showed the Grand Champion mare and Morris Cole showed the Reserve Champion mare. The County Grand Champion mare was shown by Dana White. Lacey Osborn showed the County Reserve Champion mare.

The Granu Champion gelding was shown by Kim Howell and the Reserve Champion gelding was shown by John Smith. The County Grand Champion gelding was shown by Shay Shirley. Chet Hawkins showed the County Reserve Champion gelding.

Banners were presented to Grand Champion winners. Reserve Champion winners received rosettes. Ribbons were given for first place through sixth place.

Parmer County 4-H'ers received points at this show to qualify them to compete at the district level. The following girls and boys will represent Parmer County in Lubbock on July 2: Shay Shirley, Dana White, Keith Smith, Shain Rhodes, Ashlee Gee, Twila Donaldson, Kevin Trimmell, Paul Trimmell, John Cass and Karla Wright.

The judge was Billy Smith of Portales.

The winners of each class are as follows:

Class 1, Registered Mares 5 and over--1. Dana White; 2. Paul Trimmell; 3. Keith Smith.

Class 2, Registered Mares 4 and under--1. Norris Cole; 2. Morris Cole; 3. Lacey Osborn; 4. Tiffany Osborn; 5. Glen Trimmell; 6. Kevin Trimmell.

Class 3, Grade Mares--1. Shain Rhodes; 2. Twila Donaldson.

Class 4, Registered Geldings 5 and over--1. Kim Howell; 2. John Smith; 3. Jill Smith; 4. J'mai Cash; 5. Brenda Flowers; 6. Keith Smith.

Class 5, Registered Geldings 4 and under--1. Kennen Howell; 2. Kim Howell; 3. Shay Shirley; 4. Chet

Hawkins.

Class 6, Grade Geldings--1. Ashlee Gee; 2. John Cass; 3. Randy Davis; 4. Devera Rhodes; 5. Karla Wright.

Class 7, PeeWee Showmanship at Halter--1. Michelle Caddell; 2. Kelley Cash; 3. Chad Rhodes; 4. Glen Shirley; 5. Joseph Pace; 6. Dustee Gee; 7. Staci Stewart; 8. Becky Donaldson.

Class 8, Junior Showmanship at Halter--1. Jill Smith; 2. Kim Howell; 3. Keith Smith; 4. Twila Donaldson; 5. Shay Shirley; 6. John Cass.

Class 9, Senior Showmanship at Halter--1. John Smith; 2. Brenda Flowers; 3. Shain Rhodes.

Class 10, PeeWee Western Pleasure--1. Michelle Caddell; 2. Glen Shirley; 3. Kelley Cash; 4. Staci Stewart; 5. Dustee Gee; 6. Joseph Pace.

Class 11, Junior Western Pleasure--1. Keith Smith; 2. Jill Smith; 3. Twila Donaldson; 4. Dana White; 5. Karla Wright; 6. Kim Howell.

Class 12, Senior Western Pleasure--1. John Smith; 2. Brenda Flowers; 3. Shain Rhodes.

Class 13, PeeWee Western Horsemanship--1. Dustee Gee; 2. Joseph Pace.

Class 14, Junior Western Horsemanship--1. Twila Donaldson; 2. Keith Smith; 3. Jill Smith; 4. Dana White; 5. Ashlee Gee; 6. Kim Howell.

Class 15, Senior Western Horsemanship--1. Brenda Flowers; 2. Shain Rhodes; 3. John Smith.

Class 16, Junior Reining--none.

Class 17, Senior Reining--1. Shain Rhodes; 2. Brenda Flowers.

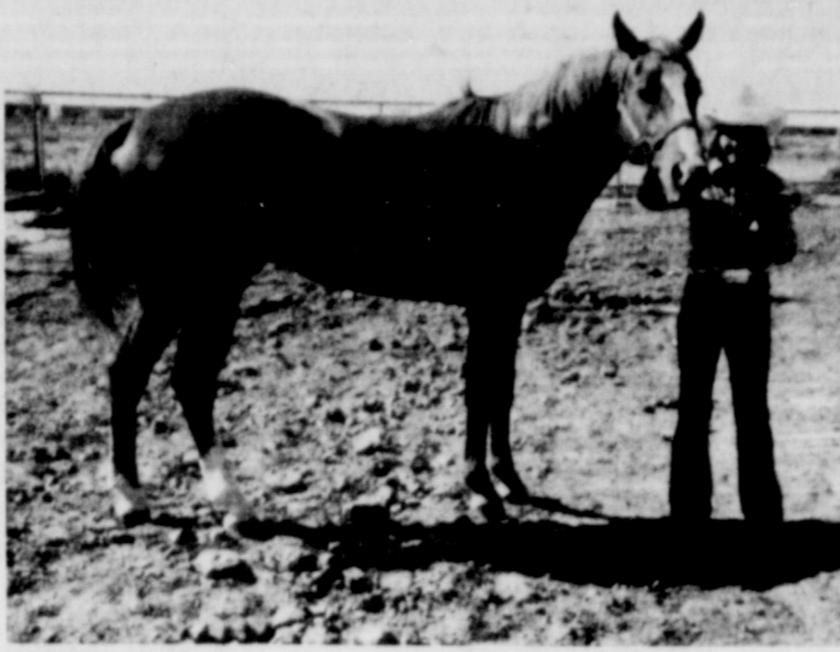

Class 18, PeeWee Pole Bending--1. Dustee Gee; 2. Glen Shirley; 3. Michael Jeter; 4. Staci Stewart; 5. Chad Rhodes; 6. Joseph Pace.

Class 19, Junior Pole Bending--1. Keith Smith; 2. Zed Stewart; 3. Paul Trimmell; 4. Karla Wright; 5. Ashlee Gee; 6. Twila Donaldson.

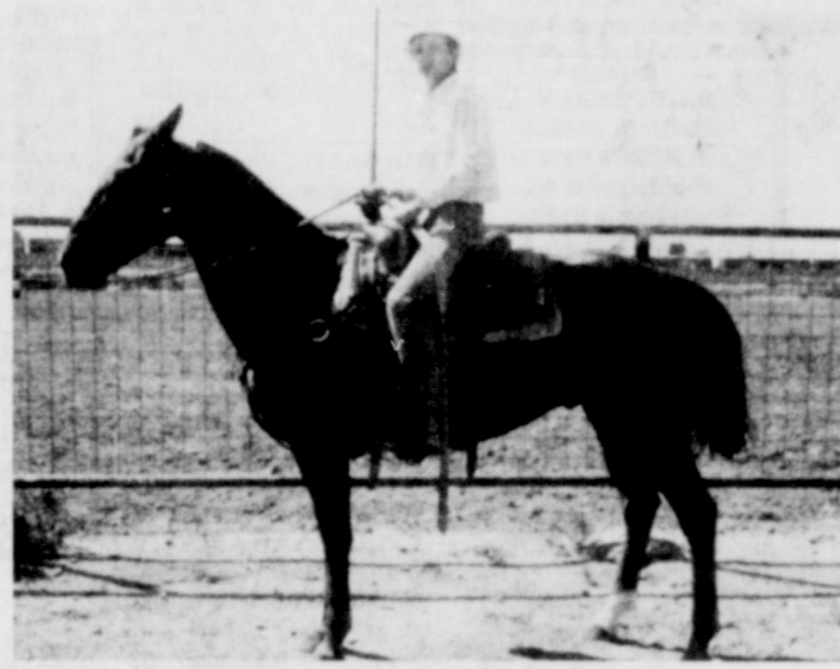

Class 20, Senior Pole Bending--1. Shain Rhodes; 2. Brenda Flowers.

Class 21, PeeWee Barrel Race--1. Dustee Gee; 2. Glen Shirley; 3. Chad Rhodes; 4. Staci Stewart; 5. Michael Jeter.

Class 22, Junior Barrel Race--1. Keith Smith; 2. Paul Trimmell; 3.

SHAY SHIRLEY

SHAIN RHODES

Twila Donaldson; 4. Zed Stewart; 5. Keith Smith; 6. Tiffany Osborn.

Class 25, Junior Flag Race--1. Dana White; 2. Kevin Trimmell; 3. Glen Trimmell; 4. Zed Stewart; 5.

Keith Smith; 6. Tiffany Osborn.

Class 26, Senior Flag Race--1. Shain Rhodes; 2. Brenda Flowers.

Mack Heald was the announcer. Ribbons were donated by Pro-Auction Service. Trophies were donated by Oklahoma Lane Gin. Contestant numbers were donated by Hi-Pro Industries.

Class 26, Senior Flag Race--1. Shain Rhodes; 2. Brenda Flowers.

CCC Says Corn Will Be Sold

Corn that was shipped into the Texas High Plains by Commodity Credit Corporation (CCC), will be sold on a bid basis, starting immediately. This decision was announced to Grain Sorghum Producers Association (GSPA) by USDA officials on June 19. The corn was shipped by the government from northern corn belt states to be sold in competition with grain produced by High Plains farmers.

When informed of CCC's intention to sell the corn, GSPA Executive Director Elbert Harp stated, "We believe this action is totally wrong. It is definitely unfair and we believe it is illegal. It will force many sorghum and corn farmers into bankruptcy this year. This action will most likely cost High Plains sorghum and corn farmers a minimum of fifty cents per hundredweight--\$5000 for a million-pound farmer--on all grain currently being held or produced in 1981."

GSPA has been seeking a USDA policy to sell this corn for "export use only." USDA has agreed to withhold 25-30 million bushels of the corn in High Plains storage for disaster aid only. The same USDA officials have also stated plans to sell the remainder gradually, however, such decisions can be reversed or changed at any time by the Administration.

CCC shipped over 45 million bushels of corn from Iowa, Minnesota, Wisconsin, and a small amount from Nebraska to Texas after May 1980. This corn was originally sold to Russia before the embargo. When CCC bought it from the grain companies, following the embargo, it was shipped to storage facilities in Plainview, Texas and other areas within a 75-mile radius of Plainview.

The total volume of corn--45,297,200 bushels:

...was moved by the Government an average distance of 1000 miles;

...cost the Government an average of \$1.25 per hundredweight, for a total of \$31,586,367, for freight;

...cost handling charges (in and out of the elevator) which were also paid by the Government;

...is equal, in amount, to the 1979 production of Parmer, Castro, and

Bailey Counties combined; ...would fill a train of boxcars almost three hundred miles long; ...would fatten 1,132,425 six-hundred pound steers; ...is the amount of corn produced by 2,536 farmers who average a million pounds per year.

The effect of sales of one million bushels of "sample grade" corn from these stocks earlier in the spring and the anticipation that more would soon be sold has drastically weakened the High Plains grain market. The sale of CCC corn competes with locally grown grains and will affect farmer's prices as far away as Kansas City, Missouri and Lincoln, Nebraska, which are in the normal trading area for High Plains feedlots.

The High Plains is a deficit production area, therefore the price of grain in Kansas and Nebraska plus freight, determines the market price here. Grain produced in the High Plains is irrigated. Producers must receive higher prices to recover cost of production. By paying freight, handling and storage costs on imported grain is, in effect, subsidizing it by that amount--in competition with local producers.

"It couldn't damage High Plains markets much more if the U.S. Government had imported this grain from Argentina," Harp said.

Area Alcohol Plant Progress Is Noted

By JANEI WILKE

It is no secret that some High Plains farmers are hurting for money with which to produce their crops. It is also no secret that there are farmers in this area who are looking very seriously at the production of gasohol as an answer to the farmer's plight.

According to Guy Austin, president of Grain Producers International, which is a cooperative of area farmers who are looking into the construction of an alcohol plant in this area, the plant could well be one of the biggest boosts in the agricultural, industrial, and economical fields to come to Texas in a long time.

There are 437 members in the cooperative, and the two counties which provide the bulk of the co-op's memberships are Parmer and Bailey counties. In fact, Parmer and Bailey counties would also provide the bulk of the grain which the plant would use.

Workings of the cooperative goes like this: Farmers would sign over their crops to the co-op, which would then make the farmer a stockholder. Their grain would then be used to make alcohol, and then it would be mixed with gasoline to make gasohol.

Gasohol is nine parts gasoline and one part alcohol.

Also, if the farmer were to be hailed out prior to harvest, GPI would then go and buy the farmer's share of the grain from another source, and proceed with the making of alcohol, and when the final product was finished, the farmer would still have a share of the profits. This type of disaster is covered in the GPI "Act of God" clause.

According to Austin, this project would take 14 million bushels of grain from this part of the country and turn it into the fuel source.

The plant would be a 35 million gallon plant, and it would employ 120 persons, who would be trained by the people who built the plant.

At this stage of the game, however, the GPI directors have not decided on a location for the plant, but it would be somewhere in this area.

The estimated cost of construction of the plant would be in the neighborhood of \$65-\$70 million.

Also, there is a group of seven cooperatives in other states which form one large co-op, and this would be the place that GPI would receive their other materials from which to produce the alcohol, and the large co-

op would also provide a place in which the alcohol from GPI could be marketed.

Area farmers could see as much as \$9.00 per 100 pounds on their grains if they signed up their wheat and milo for production in the plant, and the plant would be efficient and non-polluting.

Also, another interesting fact about a gasohol plant is that during the production of the alcohol, the starches are the only product extracted from the grains, and the remainder of the proteins and nutrients which are left in the grains could be used for cattle feeds, and later, for human consumption in the under-developed countries of the world.

For every 100 pounds of grain used, five gallons of alcohol could be produced at 200 proof strength, and this would yield 36 pounds of the high protein grains from which the above mentioned food stuffs could be extracted.

The men who are in charge of this project, and its existence thus far, have not just gone out and decided at random that this is what they want to do. They have sought out the most expert advisors in their respective fields to guide them.

For example, the members of the board employed the services of Arthur D. Little, as a feasibility

expert, who is associated with the world's largest feasibility company, based in Cambridge, Mass.

Little examined the possibilities of having a gasohol plant before the project got underway. Little indicated to the men that there was a good possibility to have a plant and that it should be an addition to the area in income and productivity.

Then, the men employed the services of Bill Levett, of Little Rock, Ark., and Martin Ryan Hailey, of Washington, D.C., two financial experts, to study the financial aspects of constructing and operating a plant such as this, and what the impact on the area might be, as far as monetary gains, losses, and what the farmers might possibly hope to gain by having a gasohol plant close by.

Up until now the story sounds pretty incredible...but there is another side of the story, and the rest of the case lies waiting to be told in Austin.

The GPI people are trying to get a tax-exempt status from the state, and up until just recently, things were going pretty well.

But, in the state senate, the legislation to pass the tax-exemption was filibustered and GPI lost by one vote on the last reading.

There may still be hope in the special session of the Texas Legislature, however, and Gov.

Clements has promised to try to see that the gasohol legislation gets to the session and is considered.

What would it mean if the plant is not tax-exempt?

According to Guy Austin, it might mean having to pass up the plant altogether.

If the plant were tax-exempt, this means that taxes would be phased out in a ten year time period, and this would insure that the plant would be a no-risk, guaranteed profitable venture.

At this point, it is not clear whether area farmers could afford to have a project of this magnitude slip through their fingers. For, all in all, it will be the farmers who will do the most suffering.

With the ever-increasing cost of feeding cattle, Austin contemplates that before long, farmers may be faced with the problem of what to rotate their crops with. Since they cannot seem to get much money for their grains, the gasohol plant could provide the breath of fresh air for farm families.

"Lots of people wonder why me and the others do this. Why we spend our own money to travel all over the country, and speak out for gasohol plants. Well, I'll tell you why. It is because I still want to be able to afford to farm, and I want my children to be able to afford to farm.

We need families to stay on the farms," says Guy Austin.

And, that is also important to cities like Bovina because if farm families have to move somewhere else in order to make livings, many small towns will see their demise. And, just think what that could do to the schools?

As it is now, farmers are getting about \$5.70 for their corn and \$5.40 for their milo. If the plant does become a reality, farmers could get nearly twice that...if the tax-exemption comes through.

And, this plant would produce 35 million gallons of alcohol per year.

Mention should be made at this point of the men who have headed up this operation. They have labored hard and long for the past three years to bring this project into being. They are president Guy Austin of Farwell; vice president Bert Williams of Farwell; secretary/treasurer Grady Sorley of Bovina; Herman Wheatly, Brownfield; Morris Killough, Muleshoe; Doug Bale, Muleshoe; Bobby Redwine, Lazbuddie; James Higgins, Hereford; and Jim Owens, Tulla.

We are sure that, without their persistent efforts, the work which has already been done, would have been left undone.

But why, you might ask, would anyone want to keep something this important from existence?

Noon Lions Prepare For Annual Barbecue

The Friona Noon Lions Club, at its regular meeting this week, put the finishing touches on their plans to feed 600 people at the "best barbecue in the Panhandle," at the club's seventh annual July 4th community dinner.

The preparations started as early as May with the securing of donations from various suppliers. MBPXL, Corp. will donate half of the beef to be barbecued, JeDon Gallman donated a whole hog for the sausage and Winkler's Meat Co. of Muleshoe will do the processing at a discounted rate.

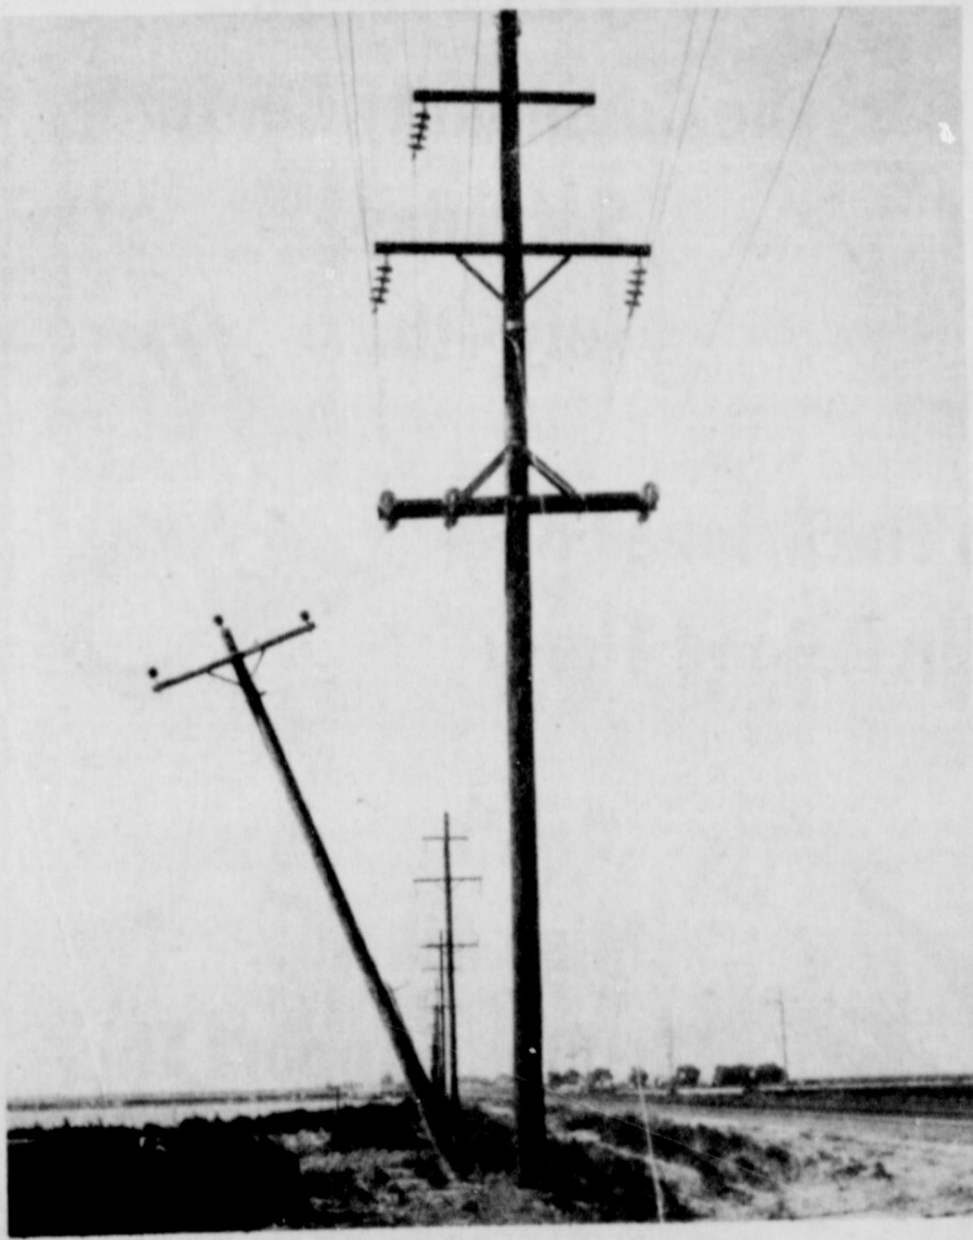

There will be approximately 500 pounds of sausage seasoned and stuffed by the Friona Noon Lions. Another 200 to 300 pounds of beef will be barbecued in a pit 20 hours preceding the July 4th dinner. Over 100 pounds of beans and cole slaw

will be served to finish out the menu.

According to a spokesman, the largest crowd ever served was in 1976 for the Bi-Centennial. Although the crowd was down slightly in 1977, the numbers have been increasing ever year since.

This year's chairmen are Lions, Jay Beene and B.K. Buske. All net profit from the barbecue will be going to numerous organizations such as: Girls Town, Texas Lions Camp for Crippled Children, Hi-Plains Eye Bank, Water, Inc., eyeglasses for local children who cannot afford them and various other worthy causes.

The barbecue will be from 11:30 a.m.-1:30 p.m. at the Community Center. A \$4.00 adult ticket and a \$2.50 children's ticket (12 and under) will buy all the barbecue you can eat. Please contact any Noon Lion for your advance tickets.

ELECTRICAL WORK...Deaf Smith County Electric Cooperative has been busy changing out poles south of Friona. The REC also is installing a sub station at Hub, and is upgrading service in the area, having another new station near Dimmitt. The poles being replaced had been in service since at least the early 1940s.

LITTLE LEAGUE

Season Wrap-Up Nears

Thriftway lost a vital game against the defending champs of the T-Ball League in last week's action when they were beaten by Credit Union, 32-26.

A win would have placed Thriftway only one-half a game short of being tied for first place with Credit Union. However, infield play proved Credit Union the better of the two teams.

Credit Union then went up against Tasty Cream for another win. Credit Union won the game, 31-23.

David Barnett hit two home runs in the game while Elaine White and James Perez made it on base every chance at bat to contribute to Credit Union's win over Tasty Cream.

Last Friday, June 19, Hub Grain won an outstanding game against the powerful Thriftway. The game remained close throughout its entirety while Hub Grain became the victor over Thriftway, 28-27.

Bryce McMurtrey of Hub Grain, and Wes Drake of Thriftway, were three time home run hitters in the game. McMurtrey's homer with two on in the fifth inning proved to be the winning hit.

Monday, June 22, Hub Grain went up against Tasty Cream. The game stayed pretty close; however, Hub Grain pulled another win and defeated Tasty Cream, 27-25.

Tuesday, June 23, Thriftway and Credit Union once again battled it out in another five-inning struggle. However, the victor of this struggle was Thriftway. "The Union" showed a little slack in their batting abilities and Thriftway took advantage of it to beat the champs, 22-17.

Wednesday, June 24, Thriftway and Tasty Cream were up against each other in what seemed to be a very close game.

Both teams batted and fielded well; it was just a matter of timing on Thriftway's part to defeat Tasty Cream, 32-28.

Ismael Rocka of Tasty Cream, and Tina Pena, of Thriftway, batted well enough to make a run every chance at bat.

As the last week of exciting T-Ball League action continues, the league

standings are as follows: Credit Union 9-2; Thriftway 7-4; Hub Grain 4-7; Tasty Cream 2-9.

In the Minor League, Ethridge-Spring won, 18-5, against the BJ Bees. Michael Ginn pitched for Ethridge-Spring and Nito Perez and Ernie Crutchfield pitched for the BJ Bees.

Friday, June 19, Parmer County Implement defeated Friona Ford, 15-7. Cody Bracken of Parmer county and Robert Sandoval of Friona Ford both hit triples during the game. Sandoval also received a double in the game.

Last Monday, June 22, the BJ Bees waxed Hi-Pro, 24-6 in what ended in a two and one-half inning long game. The game was called due to the time limit after the BJ Bees had batted around two complete rounds.

Clint Deaton hit a triple and a pair of singles in the game to contribute to the win over Hi-Pro. Ernie Crutchfield of the BJ Bees hit a triple and a double.

Tuesday, June 24, Friona Ford was up against undefeated Ethridge-Spring. Ethridge won the game, 8-2. Steven Smith of Ethridge-Spring had the only hit for his team, a single. The rest of the game depended on the pitchers: Mike Ginn for Ethridge and Andre Duran for Friona Ford.

League Standings: Ethridge-Spring 9-0; Friona Ford 6-4; BJ Bees 5-4; Parmer County Implement 2-7; Hi-Pro 1-8.

In the Senior League, Bengier Air Park won against Cattle Town last Thursday, June 18. Danny Perez pitched for Bengier and Jeff Lundy pitched for Cattle Town.

Lundy and Matt Loftis, both of Cattle Town, hit a pair of singles apiece. John Aguirre hit a double and a triple to contribute to Bengier's 12-6 win over Cattle Town.

Friday, June 19, Black Grain went up against league-leading Cattle Town. The game proved to be a winner for Black Grain as they won, 13-4.

Michael Granado pitched for Black Grain and Ruben-Villanueva. Matt

Loftis, and Ricky Barnett pitched for Cattle Town. Eloy Caballero hit a pair of singles for Black Grain. Chuck Ellis and Matt Loftis hit doubles for Cattle Town.

Monday, June 22, Cattle Town once again went up against Bengier Air Park. The game leaned in the Cattle Town's direction as they won, 8-5.

Jeff Lundy pitched for Cattle Town and Alfredo Mata pitched for Bengier.

League Standings: Cattle Town 7-4; Black Grain 4-5; Bengier Air Park 4-6.

In the Major League, Reeve Chevrolet-Olds acquired another win over the Friona Star last Thursday, June 18. Kevin Frye of Reeve Chevy, hit a homer and a single. Sammy Ancira, also of Reeve, hit a double and a pair of singles to contribute to Reeve's 17-2 win over the Star.

Friona State Bank and Friona Feed Yard once again battled it out in a very close game. Friona State Bank won the game, 8-7.

Albert Trevino of State Bank, hit three singles in the game. Michael Aragon, of FFY, hit a triple and a single.

Saturday, June 20, Reeve Chevrolet and Friona Star played a make-up game that didn't fare too well for the Star. Reeve won the game, 26-4.

Sammy Ancira hit four singles for Chevy. Louis Ramirez hit three singles and a triple for Reeve's.

Friona State Bank and Reeve Chevrolet were then matched up last Monday, June 22, in another close battle. Chevrolet pulled it off in the last inning to defeat the Bank, 9-7.

Mickey Pena hit three singles and a double for Reeve. Lonnie Phillips hit two doubles and a single for Chevy.

Tuesday, June 23, Friona Feed Yard was up against the Friona Star. The game proved in favor of Feed Yard as they won the game, 15-4. Peter Malouf hit a homer, a double and a single to contribute to the Feed Yard win.

League Standings: Reeve Chevrolet-Olds 10-1; Friona State Bank 7-3; Friona Feed Yard 4-6; Friona Star 0-11.

GRADUATING MANAGER.... Sharon Neal (left), manager of the Allsup's store at 1100 Prospect Avenue in Friona receives her diploma from Larry Watts, instructor, for successfully completing the Allsup's Store Manager Training Course. The class, held at the company's home offices in Clovis, New Mexico, prepares new managers for assuming the responsibilities of operating an Allsup's store. According to Watts, "The eight day course is intensive, with theory, policy and procedure practical application covered. It's a demanding class designed to prepare the managers to handle the duties of their challenging position and better serve our customers."

Sen. Bill Sarpalius Is Proud Of First Term

Even with a special session now certain, Senator Bill Sarpalius said today he thought his freshman term was "very successful."

"We introduced 29 bills and 20 of those went to the Governor's desk to become law when he signs them, so we feel like we did what the people sent us here to do," Sarpalius said.

Sarpalius also said he was pleased to be able to keep his pledge to his voters to keep the costs of his office low. His expenses in the Senate were in the bottom one-third during the session.

"Considering how far our district is from Austin, we had to cut a few corners to keep our costs low. But the voters are cutting corners, too," he said.

Sarpalius passed bills to raise the drinking age, to stiffen the law of criminal trespass and to provide for the voluntary licensing of grain samplers. But his forte this session was agriculture.

Sarpalius passed six agricultural laws he classifies as significant. These included a codification of the agricultural laws into a single code, enlargement of the Produce Recovery Fund from three to six members, establishment of a clearinghouse for gasohol information, and regulation of pesticides and predators.

The Senator from Hereford was chairman of the Senate Agricultural Subcommittee, and Lieutenant Governor Bill Hobby presented him with a special gavel at the end of the session to commemorate his work on agricultural legislation. It was the first time the Lieutenant Governor had made such a presentation.

"Agriculture is very important in our district, and many people in our district thought the Legislature had ignored agricultural problems in the past. We know the importance of farming and ranching, but our work is not finished yet. We have sponsored three interim studies. One relates to agriculture. It will study pesticides, grain elevator explosions and bonding, family farm security and other subjects.

"We also will study the criminal justice system, particularly the Texas Youth Council. In the third study, we plan to look at the routes and

methods of narcotics traffic. So our job did not stop with the end of the session, even without the special session later this summer," Sarpalius said.

The freshman Senator had high praise for the people in the Panhandle district. "We were very pleased with the response we got by mail, telephone calls and visits from the people in our district. We owe our success this session to people who are interested in state government and who want to have a voice in the direction this state is going. They made a big difference for all of us," he said.

Hance Asks Opinions

U.S. Rep. Kent Hance has announced that every resident of the 19th Congressional District will receive a questionnaire through the mail from his office within the next few days.

"We are sending our 1981 Congressional Questionnaire through the mail now and residents should begin receiving them within the next few days," Hance said. "This is similar to the questionnaire I mailed out in 1979 except that we have updated the questions to include issues now before the Congress."

"Last time we had more than 32,000 people respond to our questionnaire and we hope to have as good a response this time," the West Texas Congressman said. "The 19th District residents have always been very responsive through the town hall meetings we have had and we consider this an extension of those meetings. We want the people of West Texas to give us their opinions on the major issues. This really helps me when I am formulating my policy in Washington."

"We are sending a questionnaire to every resident of the district," said Hance. "Each questionnaire can be filled out by two individuals and extra copies will be available from one of my district offices if someone discovers they have not received a copy."

GT Project In Progress In Friona

General Telephone Company has begun a service expansion project in Friona that includes installing about three miles of telephone cables, according to O.D. Hearn, the firm's Brownfield division manager.

"We are installing the additional aerial cables in the east and northeast portions of the community," he said. "Since the existing cables are being used near their capacity in these areas, the new cables are required to meet the service needs of future customers."

About 1,370 employee hours will be dedicated to the project. The cables should be in operation in November, Hearn concluded.

General Telephone Company serves about 1,400 Friona customers.

Under Auspices Of St. Teresa's Catholic Church.

Rene Brock, Danny Sellers United In Church Ceremony

Rene Susan Brock of Canyon and Danny Ray Sellers of Amarillo exchanged wedding vows Friday, June 26 at 7:30 p.m.

The ceremony was performed in the San Jacinto Baptist Church of Amarillo by Reverend Shad Rue of the Paramount Baptist Church, Amarillo.

The bride is the daughter of Bettie Brock of Canyon and Keith Brock of Hart.

The bridegroom is the son of Mr. and Mrs. Edgar Sellers of Amarillo.

Wedding vows were exchanged before a fifteen branch candleabra

with matching seven branch candleabras accented with blue and white silk flowers and blue satin bows. The unity candle was decorated with greenery and blue satin bows.

Mrs. Margaret Skinner of Amarillo, accompanied Mrs. Don Dorsett, vocalist, as she sang "The Twelfth Of Never," "The Wedding Song" and "Follow Me."

As the bride was presented in marriage by her father, she was attired in a formal length wedding gown of soft white chiffon. The a-line dress had sheer bishop sleeves trimmed with venice lace. Lace and

pearls adorned the wide cuffs. A sheer yolk highlighted the dress with seed pearls and lace covering the closely fitted bodice. From the empire waistline flowed a semi-circle skirt edged with lace flowers and lined with bridal taffeta. The full skirt swept to the back forming a chapel length train.

The veil was fingertip length with blusher and was edged with embroidery. The veil was attached to a Juliet cap, which was covered with venice lace entwined with seed pearls.

She carried a formal cascade bouquet of blue field flowers, lily of the valley, roses, and feathered carnations with lace and satin streamers.

The bride carried out the wedding tradition and wore her great-grandmother's wedding band and borrowed diamond earrings from her mother. She wore pennies minted in the years of her and the bridegroom's births in her shoes.

Becki Irlbeck of Canyon was the maid of honor. Bridesmaids were Tere Taylor, Lori Davis and Mrs. Kirk Sparling, all of Canyon.

Kenny Schneider of Amarillo was the best man. Groomsmen were Phil Jones of Canyon, Cruz Luna and Kal Higgs, both of Amarillo.

Serving as usher was Steve Sellers of Amarillo, brother of the groom.

Tracy and Stacy Spencer, cousins of the groom of La Porte, Texas, were the flower girls. They are the daughters of Mr. and Mrs. Danny Spencer.

Ring bearer was Jared Wetzel of Amarillo, nephew of the groom. He is the son of Mr. and Mrs. David Wetzel.

Greg Brock, brother of the bride, lit the candles.

The bridal attendants wore blue voile dresses with white lace capelets. They carried nosegays of blue field flowers with white feathered carnations and satin ribbons. They also wore matching flowers in their hair.

The reception was held in the Fellowship Hall of the church.

Lori Garvey of Amarillo presided

at the guest register.

Silver and crystal appointments were used at the bride's table where a three-tiered wedding cake decorated in the bride's chosen colors was served with punch. Serving from the bride's table were Mrs. David Wetzel, sister of the groom, Mrs. Lonnie Shaw and Kellie Kimble.

Gold appointments were used at the groom's table where a German chocolate cake topped with a pair of white doves was served with coffee. Serving from the groom's table were Tracie Nickell of Canyon and Dana Smallwood of Amarillo.

For a wedding trip to Tres Ritos, New Mexico, the bride chose a baby blue linen dress complimented with a corsage of white roses and daisies.

The bride is a 1980 graduate of Canyon High School and is a sophomore accounting major at West Texas State University, where she was a member of Phi Eta Sigma, national scholastic honor society. She is employed at Duke Electric Co., Inc. in Amarillo.

The groom is a 1977 graduate of Canyon High School, formerly attended Texas Tech University and is a junior geology major at WTSU. He is employed at Ruthart-Williams Co. in Canyon.

Mrs. Danny Sellers

Muleshoe Exes Plan Reunion

The Muleshoe High Ex-Students Association is planning a gala reunion for all ex-students of Muleshoe High School. The classes of 1940-1949 will be honored, according to James Glaze, chairman of the Ex-student Association.

The day will be kicked off with a dutch treat buffet breakfast at 10 a.m. at the Corral Restaurant. Registration, business meeting, and a mixer will begin at 7 p.m. at the Bailey County Civic Center on the night of July 4. From 8:30-11:30 p.m. a dance will be held for all ex-students. The reunion committee stresses the invitation is for all ex-students, whether or not they

graduated from Muleshoe or regardless of the year.

In an effort to reach those that contact has not yet been made with, the committee asks that anyone knowing the whereabouts or having an address for any ex-student contact James Glaze or Billie Bayless.

During the "Mixer" hour, each individual class of the 40's will have a separate space allotted for class meetings. Former class officers and other individuals will man these booths.

In order to keep things going, each ex-student will be asked to check in with their respective class.

Those class members working on this reunion are Mattie Hicks, Billie Joan Smith, Mary Moore, Betty Cowan, Maureen Hooten, Laura Seales, Irvin St. Clair, Barbara Blackman, Jack Young, Analita Haley, Fern Warren, Billie Bayless and James Glaze.

"At this time, over 100 people have responded, so this will be a big event and one which we hope to make an annual affair," according to the committee. Since this is the first time for some of these classes to have a reunion, all interested individuals are asked to make a special effort to be present.

ALL KINDS of PEOPLE GET TOGETHER

If there ever was a great time to find out about all the good things your credit union can do for you, it's right now.

C'mon and join the fun. Come meet the people who make getting together really worthwhile. Your credit union.

Double Ring Ceremony Unites Terri Clark, Carroll Precure

Miss Terri Lea Clark of Lazbuddie became the bride of Carroll Grant Precure in an evening candlelight ceremony Saturday, May 30 at 8 p.m.

The double ring ceremony was performed by David Lasater, minister at the Lazbuddie Church of Christ.

The wedding vows were repeated before a wedding scene featuring a brass arch and spiral candleabras holding white candle tapers entwined with greenery and accented with rainbow shaded ribbon and lace. The aisle markers were candle holders decorated with spring flower sprays and candle voits tied with rainbow shaded bows carrying out the color decorations of orchid, pink, yellow and blue throughout the church. The windows were decorated with blue candle tapers with silk flower rings and bows. Two large bowls of mixed spring flowers and fresh baby's breath adorned the front of the church with large potted plants.

The bride is the daughter of Mr. and Mrs. Wayne Clark of Lazbuddie. The bridegroom's parents are Mr. and Mrs. Ray Precure of Muleshoe.

Musical selections were used from the Abilene Christian University wedding album. Special musical selections were by Miss Kim Kinnison of Lubbock, soloist. She sang "The Wedding Song" and "Poems, Prayers and Promises."

The bride was escorted and presented in marriage by her father. She wore a formal length gown of white silk organza and Venice lace. The gown featured a Queen Anne

collar and heart-shaped neckline highlighted with a lace ruffle and seed pearls. The long fitted sleeves were accented with double ruffles of silk organza and closed with tiny self covered buttons.

The a-line skirt fell from a high waistline into an apron effect. Four deep ruffles of silk organza and Venice lace went across the front and up the sides of the skirt to form a bustle in the back. The back of the skirt formed a long chapel length train falling from the back underneath the bustle of ruffles.

Her waltz length veil of illusion and matching lace featured clusters of pearls attached to the lace border. It fell from a head band covered with a garland of tiny silk flowers and fresh baby's breath. The flowers featured her chosen colors of orchid, pink, blue and yellow.

She carried a cascading bouquet of silk flowers in soft spring colors matching those on her veil. The flowers were rose buds, daisies, carnations, and fresh baby's breath with other tiny flowers tied with rainbow shaded ribbon and lace streamers.

In keeping with tradition her wedding attire was new. She borrowed a gold bracelet from her maid of honor, Angela Matthews, and she wore an opal and ruby ring that was given to her by the groom's grandmother, Mrs. R.D. Precure and a blue garter made by her mother.

Miss Angela Matthews served as maid of honor. She wore a sheer pink polyester formal length dress with deep ruffles around the hemline and up the back to form an apron effect and featuring a large bow in the back. The neckline was accented with a deep ruffle to form the small cap sleeves.

Susan Glover, Jan Whitt and Kim Gregory were the bridesmaids. They wore formal length gowns of sheer polyester like the maid of honor, with each in the chosen colors of orchid, blue and yellow.

The feminine attendants carried long stemmed silk daisies in colors to match their dresses tied with rainbow shaded streamers. They also wore flower combs in their hair to match.

The groom wore a white tuxedo with white ruffled shirt and bow tie. He wore a blue feathered carnation with fresh baby's breath.

The groomsmen were all dressed in powder blue tuxedos with dark blue trim and white ruffled shirts with powder blue bow ties.

Jennie Lasater was the flower girl. Her dress was lime green sheer polyester with an apron made with tiny print matching the gown. She carried a white wicker basket with rose petals and honeysuckle blossoms. As she scattered them along the aisle the bride was escorted to the altar where she paused to present a rose bud to her mother. Immediately following the exchange of vows the couple lighted a unity candle signifying the beginning of their life together. The bride then presented a rose bud to her mother-in-law.

Wayne Precure of Muleshoe served his brother as best man. Serving as groomsmen were Doug Precure of Canyon, brother of the groom, and Kelly and Greg Harrison, cousins of the groom from Muleshoe.

The candles were lit by the bride's brothers, L.D. Clark of Portales, N.M. and Danny Clark of Lazbuddie.

The reception was held immediately following the ceremony.

The bride's table was attended by Angela Matthews, Kim Gregory and Jan Whitt.

The table was covered with a pink satin cloth with a white lace overlay. The bride's bouquet was used as the centerpiece. A four-tiered wedding cake featuring a flowing fountain and decorated with spring flowers of rose buds, daisies, irises and wild rose blossoms accented the table setting. Punch, mints and nuts were served from silver and crystal appointments.

The groom's table was covered

with a blue checked cloth with a white lace overlay. The centerpiece was a blue candle taper with a blue and brown silk flower ring. German chocolate cake, coffee and nuts were served by Mrs. Dusty Precure, sister-in-law of the groom, and Miss Susan Glover of Lazbuddie.

After the wedding trip to San Antonio and Galveston the couple are making their home at Muleshoe where the groom is associated in business and farming with his father.

The bride graduated from Lazbuddie High School and Lubbock Commercial College.

The groom graduated from Muleshoe High School.

Guests were registered from Spearman, Lubbock, Portales, N.M., Olton and Arkansas by Miss Vandl Tarter of Lazbuddie.

REHEARSAL DINNER

The rehearsal supper was hosted Friday, May 29 at 8 p.m. at K.L.'s Steak House in Muleshoe by the groom's parents, Mr. and Mrs. Ray Precure of Muleshoe.

Mr. and Mrs. Carroll Precure

DISMISSALS--

Genoveva Murrillo, Guadalupe Mendez, Ella Dixon, Maria Madera, Kenda Atwell, Mia Jennings, Mike Fabela, Delma Garza, Dolores Marquez and baby girl and Norma Jo Coleman.

PATIENTS IN HOSPITAL--

Deon Awtrey, Harmon Lindley, Cecil Coker, Mabel Smith, Neva Knight, Maria Padilla, Truitt McCoy, Elva DeLeon and baby girl.

Frionans Make Honor Rolls

More than 5,200 students at Texas Tech University qualified for the deans' honor rolls in the six colleges during the 1981 spring semester.

They include fifteen Friona residents. They are: Kyle Barnett, Perry J. Church, Maria D. Escalante, Kimberly S. Frye, Mark Gammon, Diana R. Gustin, Philip B. Hand, Jay L. Jarboe, Veronica LaFuente, Kimberly J. Peckenpaugh, Donna G. Rector, Jamie A. Small, Ricky L. Taylor, Sharla B. Trimm and Holly S. White.

To qualify for a dean's honor roll a student must have a grade point average of 3.0 or more on a 4.0 scale and must have taken at least twelve semester hours of work.

Texas Tech has an enrollment of more than 23,000 students in six colleges: Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering and Home Economics.

Prairie Acres Party Line

Hello Central!

About 65 guests joined the Prairie Acres family for the Family Night Birthday Party Thursday evening. Hostesses were ladies from Friona United Methodist Church.

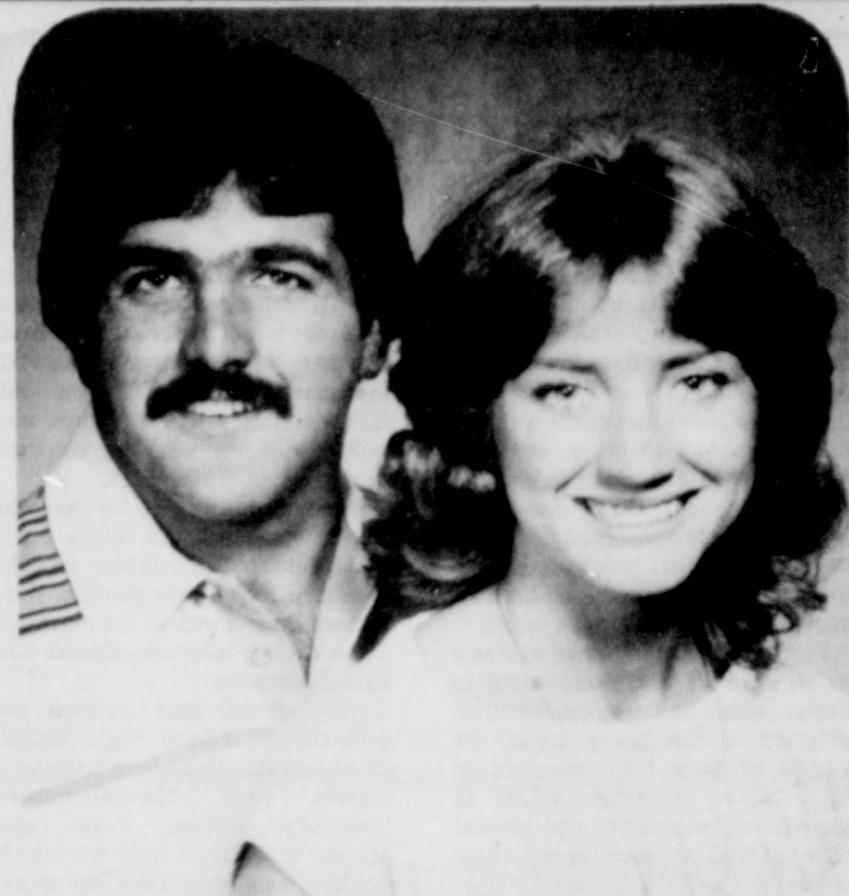

Entertainment featured piano selections by Rev. Archie Echols, pastor of the church; several songs by a trio composed of Sharon White, Marla Lynn Herring and Nancy Roden, and solos by Ralna Rode, Elaine White, Michelle Echols and Jennifer Cass.

Birthday people were Berta Culp, Sam Vaughn and Lama Beavers.

The party was fun, the food was good and everyone enjoyed it! Thanks a lot!

A special "Thank You" goes to employees of the City of Friona for moving tables to and from the Community Center for the party.

Minta Robbins returned home Thursday afternoon after a stay in an Amarillo hospital. Paul Griffith is still at Veteran's Hospital. Mrs. J.J. Waldo, our newest resident, is enjoying being a resident of Friona again.

LINDA JEAN WISE and KEVIN GENE WELCH....Mr. and Mrs. Frank Shelby Wise announce the engagement and approaching marriage of their daughter, Linda Jean, to Kevin Gene Welch, son of Mr. and Mrs. Royce Gene Welch of Friona. A 1977 graduate of Dimmitt High School, Miss Wise received a degree in elementary education from Texas Tech University in May 1981. Welch, a 1975 graduate of Friona High School, was graduated from Texas Tech in December 1979 with a degree in agricultural economics. He is currently engaged in farming in the Black community. The wedding vows will be solemnized in the First United Methodist Church of Dimmitt on Saturday, August 1, at 4 p.m.

Betty Massie Earns Degree

Betty Merylene Massie was awarded her Doctor of Philosophy Degree in clinical psychology from Florida Institute of Technology at commencement exercises on June 13.

Dr. Massie is a 1965 graduate of Friona High School. She received the B.S. degree from West Texas State University in 1968, and the M.S.W.

degree from Virginia Commonwealth University in 1971. She was accompanied to the graduation by her husband, Dr. David Towle and son, Aaron.

Dr. Massie is currently in private practice in Richmond, Virginia. She is the daughter of Mr. and Mrs. W.M. Massie of Friona.

About Your Neighbors

By JUNE FLOYD

A courtship which began in Eastern Oklahoma between Mae Greer and Homer Hyde when she was a teenager and he was a few years older and survived his two year career in the United States Army during World War I, culminated in the marriage of the couple June 2, 1919. On Tuesday, June 2 of this year the couple marked their sixty-second wedding anniversary without much fan fare.

Mr. and Mrs. Hyde, who have four children, thirteen grandchildren and seven great-grandchildren, have lived in Parmer County since 1929 with the exception of four years they spent in Lubbock from 1944 to 1948.

Mae was one of the nine children born to the late Mr. and Mrs. S.A. Greer September 6, 1900 near Ardmore, Indian Territory. Her father died when she was quite young and she lived with an older sister and her family. They lived near Walters, Oklahoma.

Homer, who was also one of a family of nine children, was born to the late Mr. and Mrs. C.E. Hyde in Collin County April 3, 1889. The Hydes moved to the Walters, Oklahoma area in 1909 and Mae and some of Homer's sisters got to be real good friends.

A few years later Homer opened a General Mercantile Store in Lawton, Oklahoma, and one time when he was visiting his family, Mae was also a guest in their home.

Homer remembers that "Mae had on the prettiest pink dress I ever saw, so I sat up and took notice."

"I'd kind of had my eye on him for

Young Homemakers Have Cookbooks

The Friona Young Homemakers have gotten in a new supply of their cookbooks. If you have not gotten a copy of this cookbook then you may do so by calling Amelia Taylor, at 247-3659.

This cookbook has recipes of local homemakers and would be a great addition to your cookbook collection.

some time," Mae remembers, then adds, "but he really didn't pay much attention to me up until about the time he was called for service in the Army in 1917."

He was first stationed at Fort Cody, New Mexico, which was near Silver City. Mae was still at Walters, of course, so their two year correspondence began soon thereafter. At that time it took only two cents to mail a letter and one to mail a card.

From Fort Cody Homer was sent to New Jersey and from there to France, where he served one year. He returned to the States about the middle of May 1919, reported to Little Rock, Arkansas, where he received his discharge, and arrived back in Oklahoma near the end of the month.

During the time Homer was in the service his parents managed his store for him and during the oil boom at Burkburnett, Texas, moved the store there.

Mae remembers their first home in Burkburnett and the muddy conditions of the town's streets. She said, "Sometimes Main Street, which was not paved, got so muddy it was impossible for a team of good mules to pull a wagon loaded with groceries."

About two years later the couple moved the store, along with some things which had been left behind at Lawton, to Walters, Oklahoma, and combined all the merchandise into one operation.

In 1927 Homer purchased his first Parmer County land, which was west of the present home of Johnny W. and Elthie Hand, about five or six miles southeast of Friona. For the first two years he grew wheat on the land and continued to live in the Sooner State.

Then, in 1929 the couple built their first Parmer County home and moved into it with their four children, Omer, Maxine, Eva Dean and Truell, who were all born at Walters, Oklahoma.

The Hyde family was a typical

farm family during the time when farmers depended upon horses and mules for power and the income from chickens, hogs and milk cows to supplement the farm income. All children had assigned chores and helped with any work project their parents became involved in.

Although neither Homer nor Mae had an opportunity to receive much education in the section of the country in which they grew up, their goal was to give each of their children a good home, spiritual guidance and a good education.

All four of their children are graduates of Friona High School. Omer and Eva Dean hold bachelor's degrees from Hardin-Simmons University, Abilene, Texas; and Maxine and Truell hold bachelor's degrees from Texas Tech University, Lubbock.

The Hydes have been Baptists for many many years and are charter members and strong supporters of Friona's Calvary Baptist Church. Their oldest son, Omer, has been a Baptist preacher for many years and is presently serving as director of area missions of the Central Baptist Association of Oregon and Cascade Baptist Association.

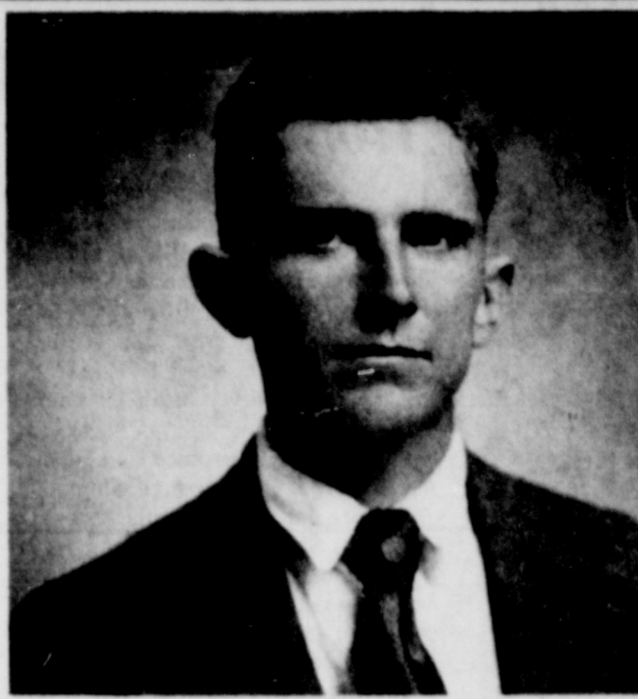

When Homer and Mae decided to retire from farming in 1964, they gave their home place to Northwest Baptist Foundation and are very proud of a plaque, which hangs on their dining room wall.

It tells all who stop long enough to read it that all proceeds from the farm were to be used "to assist in establishing and maintaining Southern Baptist Churches in the Northwest."

The foundation also presented the couple a very unique coffee table, which is made of Myrtle Wood, and a candy dish of the same material, in appreciation of their generosity.

Just before Christmas in 1964 Homer and Mae moved into their present home, which is located at 410 West Ninth Street in Friona.

Even though Homer observed his 92nd birthday April 3, he still assists

'TILL WE MEET AGAIN.... This could have been the song Homer Hyde sang to his sweetheart the time this photograph was made. He gave it to her shortly before he enlisted in the United States Army during World War I, and it has been one of her most cherished possessions ever since.

COURTIN' DRESS CIRCA 1917.... Mae Greer posed beside a fern stand to have her photograph made in Walters, Oklahoma, just before her sweetheart, Homer Hyde, departed for a tour of duty in New Mexico, New Jersey and France during World War I. She wore a black satin dress, frilly white blouse, and white high top shoes. Homer carried the photograph with him about two years.

in growing a vegetable garden on a small plot near the couple's home.

Mrs. Hyde says, "I just kind of keep the house up so we can have any of the children or grandchildren come in when they can, and help with the garden."

As she was being interviewed for this feature, she was letting some apricots she had started to process into jam wait in the kitchen cabinet.

A son-in-law, Rev. Don Kimbrough, who is presently serving as pastor of the West Camp Community in Bailey County, and his wife, Eva Dean, had been there the night before and had brought the fresh fruit to her. Don, is also a Baptist minister. Eva Dean is an artist and she often illustrates his sermons and lessons.

The Hyde home is decorated with a number of oil paintings Eva Dean has given them. Decorative pieces and mementoes from various places also hang on the walls of the Hyde home. Homer and Mae remember the origin of each of their treasures.

Don and Eva Dean have two sons, who are also Baptist missionaries. They are Kip and Tip and are presently serving in the Northeast. Mrs. Hyde said, "We have

grandchildren scattered from coast to coast and someone is always moving, so it is almost impossible for me to keep up with all of them."

Their other daughter, Maxine Bolding, who lives in West Palm Beach, Florida, is a guest in their home at the present time. She has a son, Mark, who lives in Louisiana and a daughter, Jan, who lives in Kentucky.

Truell, the youngest member of the Hyde family, and his wife, Erdeene, live in Killeen and teach in the college there. They have two sons, Trean and Brad. Brad is attending Bethany Nazarene College at Bethany, Oklahoma. He also plans to be a

preacher. Omer and his wife, Neva, presently live in Eugene, Oregon. They have three children, Richard, Treva and Paula.

Don's and Eva Dean's children, besides the twins who are home missionaries, are Sharolyn, Phyllis, Max and Chris.

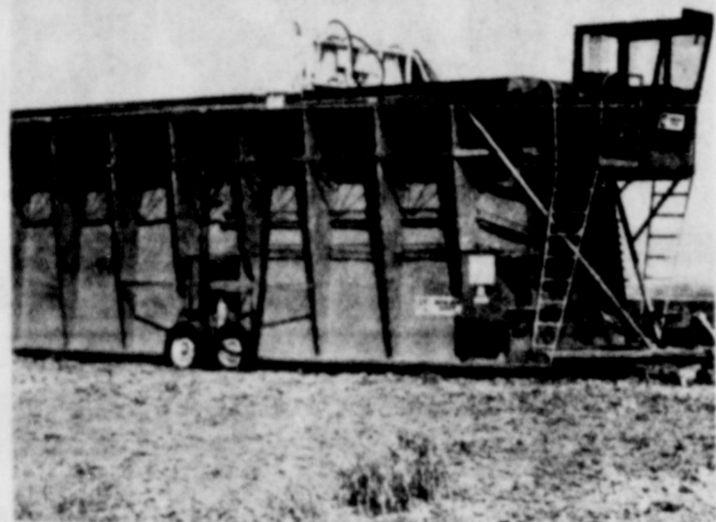

The Hydes enjoy their home, their children, grandchildren and great-grandchildren and are grateful for their good health, good neighbors and good friends.

The world would be a better place in which to live if there were more people like Homer and Mae Hyde living in it.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

Lucy Mae Stokes really felt like she had been made "Queen For Two Weeks," recently. Her son-in-law and daughter, Bill and JoLynda Horton of Amarillo and son, Commander James E. Stokes N.C.U.S.N. of Jacksonville, Florida, provided her with a two weeks expense paid vacation, which was the first one she had ever had.

She and one of her sisters, Rose Redding of Laverne, Oklahoma, flew from Amarillo to Jacksonville, where James is currently stationed. Neither of them had ever flown before nor had either of them been to Florida.

James lives in a pine forest outside of Jacksonville, so they enjoyed the wilderness and picked wild blackberries to eat fresh and to make cobbles. James was able to take off from his job at the hospital, so they did some sightseeing, too.

The trio went to Disney World, Silver Springs, St. Augustine and many other places of interest. Lucy Mae said, "The whole trip was just super. The fun began when we started planning the trip and continued with us all the time we were gone."

their friends, neighbors and family members in Friona.

Aubrey L. Carlton Sr., who has been hospitalized at Deaf Smith Memorial Hospital in Hereford, returned home Tuesday.

One of his sons, Aubrey Lee Jr., who lives in Lockney, came up to assist with Dad's homecoming.

D.O. and Carmel Fields Robason and their youngest son, Troy Don, of Grandview, Texas, visited local relatives early last week. D.O. is the son of Jewell Robason and brother of Patsy Talley.

Troy Don, who is a spring graduate of Grandview High School, has been accepted at the United States Air Force Academy at Colorado Springs, Colorado, and the three were enroute there.

Tuesday noon guests in Jewell's home were Wanda Robason Jones, Spearman; Sue Crow Painter, Hereford; Lillian Jones, Myrl Buske, Elmina Carlton, Cliff and Madge Crow, Calvin and Patsy Talley and

Katie Osborn, all of Friona.

An informal reception honoring D.O., Carmel and Troy Don was held in the afternoon. Ice cream, cookies and watermelon were served to Mrs. Wesley Barnett, Mr. and Mrs. J.T. Gee, Mr. and Mrs. Jerry London and Micah, Mrs. Jimmy Norwood and Jeremiah, Mrs. Philip Weatherly and Park and Mrs. B.K. Buske, all of Friona; and Aubrey Lee Carlton Jr., Lockney.

Friday assisting Tim, Debbie and Lexie Elmore move from Lamesa to Levelland. Tim is the couple's youngest son.

Mrs. Ella Dukes of Colorado Springs, Colorado, is a guest in the home of Mr. and Mrs. Watson Whaley. Mrs. Dukes, a former Friona resident, is Mrs. Whaley's sister.

Mr. and Mrs. Dennis Slagle and Jason hosted a Father's Day dinner in

their home Sunday. Guests were Mr. and Mrs. Watson Whaley, Friona, Mrs. Ella Dukes, Colorado Springs, Colorado, and Mrs. John Sutton, Amarillo.

Mr. and Mrs. E.L. (Smoky) Price of Rosenberg, Texas, have been visiting old friends and neighbors in Friona. They were guests in the homes of Mr. and Mrs. Ralph Taylor and Mrs. Myrl Buske.

Price sold his barber shop to Ralph Taylor before he and his family

moved from Friona in the early forties.

Mrs. James Procter returned home Monday after visiting in the home of her father, J.O. Peterson, who lives in Lamesa. He had spent a week in the Procter home.

The two drove to the Dawson County Capital Saturday.

Anyone who majors in art and logic in college can at least draw his own conclusions.

Lazbuddie Plans 2nd Reunion

The Lazbuddie Young Home-makers will be hosting the second reunion of the Lazbuddie Ex-Students. It will be held Saturday, July 11, beginning at 1 p.m. and Sunday, July 12, beginning at 11:30.

Both days will have an Arts and Crafts display, tours of the new school's addition; lots of visiting and Sunday afternoon there will be an awards program and entertainment from the Lazbuddie School Band in the auditorium.

On Sunday, July 12, the dinner will be catered by Southern Seas from 11:30 a.m. until 2 p.m. The price for the meal will be \$5 for an adult ticket and \$4 for children under ten years of age.

We will definitely need a response as to the number in your party planning to attend the reunion dinner. Meal tickets must be purchased by July 1, and by sending a self-addressed envelope we will be happy to send your tickets to you. Please make your checks to the Lazbuddie Ex-Students.

To order your tickets you may write: Lazbuddie Ex-Students Association, Box 33, Lazbuddie, Texas, 79053.

Recent visitors in the home of Luther and Clessy Stroud have been Mr. and Mrs. Al Edmundson of Carson City, Nevada, and Mrs. Margaret Hubbard and sons, Blake and Rick of Harlingen, Texas.

Mrs. Edmundson is Luther's sister and Mrs. Hubbard is Clessy's daughter.

Father's Day dinner guests in the home of Mr. and Mrs. Rudolph Renner Sr. were Mr. and Mrs. Cotton Renner, Winnsboro, Louisiana; Mr. and Mrs. Robin Renner, Jal, New Mexico; and Mr. and Mrs. John Renner, who live here.

Afternoon callers included Debbie Baxter, Amarillo; Cindy Barnett and Dr. Leslie Smith of Dallas; and Mr. and Mrs. Doyce Barnett and David, Mr. and Mrs. Billy Dean Baxter and Mr. and Mrs. Rudolph Renner Jr., all of Friona.

The Ralph Taylors went to Abilene recently to visit their children and grandchildren, who live there. Their oldest daughter, Judy Bennett, and son, Mike Taylor, and their families live in Abilene at the present time.

Two other grandchildren, Jason and Dawn Collier of Duncanville, Texas, flew to Abilene then drove home with their grandparents for an extended stay. Their mother is Ralph's and Waneta's youngest daughter, Jeanne.

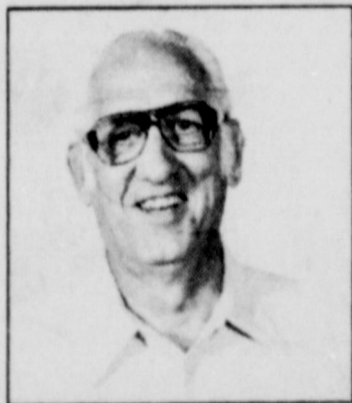

Sam Williams, who is a surgical patient at St. Anthony's Hospital in Amarillo, is undergoing surgery. We visited him Monday and he's pleased with the way his hip is healing.

He and Geneva send greetings to

The Averaged Billing Plan From Southwestern Public Service.

"A PLAN FOR ALL SEASONS"

"My fixed income got a big break now that I'm on the Averaged Billing Plan."

"Averaged Billing makes it easier to make ends meet because it smooths out the highs and lows of your monthly electric bill. Like your friends, you can have it too. Depend on it to help ... just give me a call at SPS."

"I know just about how much my electric bill will be each month ... there are no more surprises."

We changed to Averaged Billing with one phone call to SPS. And now, our family budget is easier to plan."

Nursing School Is Funded For Texas Tech University

Funding for a nursing school at Texas Tech University Health Sciences Center (TTUHSC) has received legislative and gubernatorial approval with the request for an early start-up, TTUHSC President Lauro F. Cavazos has announced.

Nursing school Dean Teddy L. Langford, R.N., Ph.D., announced plans to admit approximately 75 nursing students for the fall semester of 1981. Applications are being accepted and faculty recruited. Admission notifications will be sent in late summer. The nursing curriculum will be taught in conjunction with Texas Tech University and its Health Sciences Center School of Medicine.

The initiation of another nursing education program for West Texas has long been endorsed by local nursing groups and has been a priority objective of the Health Sciences Center since approval was granted in 1975 by the Coordinating Board, Texas College and University System. The national nursing shortage has surpassed the critical level in West Texas where a Texas Hospital Association survey shows that twenty-two per cent of all funded positions are vacant. The Department of Health and Human Resources designates a five per cent shortage as critical.

Tech's curriculum for a Bachelor of Science in Nursing will enter students at three points, depending on previous educational background. The curriculum is based on guidelines developed by a study project of the Coordinating Board, Texas College and University System.

The program has developed one professional curriculum with differing admission points in order to build on each student's nursing knowledge and to minimize repetition. The curriculum emphasizes interdisciplinary education by including courses in general academic areas and basic sciences from Texas Tech University, advanced courses in clinically related sciences from TTUHSC School of Medicine, with nursing courses taught by School of Nursing faculty. Collaborative approaches to patient care will be emphasized through the involvement of other health disciplines in classroom and clinical

learning activities.

Curriculum objectives include the care of individuals and families through all age groups. Graduates will be prepared to provide patient care in acute and chronic stages of illness and to provide preventive care and health maintenance. Graduates will be qualified to function in the entire range of health facilities including hospitals, nursing homes, well child centers, visiting nurse services and in community health agencies.

Dean Langford was appointed in 1979 to begin curriculum planning and organizational development. These have been accomplished and nursing curriculum has received initial accreditation from the Texas Board of Nurse Examiners, enabling the school to admit students within a few months of funding.

The school begins operation with the advantage of a functioning Continuing Nursing Education (CNE) program. Under direction of Associate Dean Pat Yoder Wise, R.N., M.S.N., the state's only American Nurses Association accredited program in CNE began in 1979. Five courses were offered that year and increased during Academic 1980-81 to nineteen courses for practicing professionals.

Dean Teddy L. Langford, R.N., Ph.D., is a graduate of Wichita General Hospital School of Nursing and of Incarnate Word College. Langford received her M.S.N. from the University of Texas System School of Nursing and the Ph.D. from the University of Texas at Austin. She served as associate dean and was acting dean for the University of Colorado School of Nursing prior to her appointment at TTUHSC. Langford is author of *Managing and Being Managed: Preparation for Professional Nursing Practice* and of articles on several professional topics.

Associate Dean Pat S. Yoder Wise, R.N., M.S.N., is a graduate of Ohio State University and Wayne State University. She held numerous positions in nursing education prior to her appointment with TTUHSC. She is co-author of *The Process of Staff Development: Components for Change* and of numerous articles on continuing education and staff development education.

EARNs TRIP.... Jay Norsworthy, Friona FFA student, has received an expense paid trip to the National FFA Convention in Kansas City. Norsworthy was the top student in his class at a recent FFA Farm Electrification Workshop held in Amarillo and sponsored by Southwestern Public Service Company. Norsworthy is shown receiving his award from Sam Thomas, SPS manager of agricultural development.

Students Make OST Honor List

Eight students from northwest Texas have been named honor students for the just-completed spring trimester at Oklahoma State Tech, Okmulgee, Oklahoma.

Each earned a 3.0 or better grade point average on a 4.0 system throughout the 15-week spring trimester. Most students attended 30 hours of classes per week.

Grade point averages are computed on the student's grade in his major area of study and related general education subjects. All of the technical-occupational college's programs of study earn college credit hours. Most students are enrolled in programs leading to the Associate of Technology degree.

Local honor students, their program of study, are: Rory L. Brito, diesel mechanics, Friona; James L. Davis, numerical control machinist, Claude; Allen D. Parson, culinary arts, Hereford; Alvin L. Morse, diesel mechanics, Pampa; David D. Corneisen, automotive mechanics, Perryton; Lynnette F. Meyer, legal secretarial science, Perryton; and Greg L. Mills, automotive mechanics, Plainview.

ASSISTANT MANAGER GRADUATES.... Phyllis Hanna, left, assistant manager of the Allsup store in Friona, receives her diploma from Gary Whittington, instructor, for fulfilling the requirements of the Allsup's Assistant Store Manager Training Course. The class, held at the company's home offices in Clovis, N.M., is a requirement for all Allsup's Assistant Managers. According to Whittington, "The training covers proper food handling, cooked food procedures, store cleanliness and maintenance as well as public relations. Ultimately, we provide customers with a professional who can better serve them, while at the same time preparing the employee for future advancement."

Terry Campbell Is Head Coach

Terry Campbell, 32, has been named as the new head coach/athletic director at Lazbuddie, sources in the superintendent's office announced June 10.

Campbell comes from Sonora, where he was coach for the past four years.

His wife, Frances, 28, will also be employed by Lazbuddie Schools as a teacher.

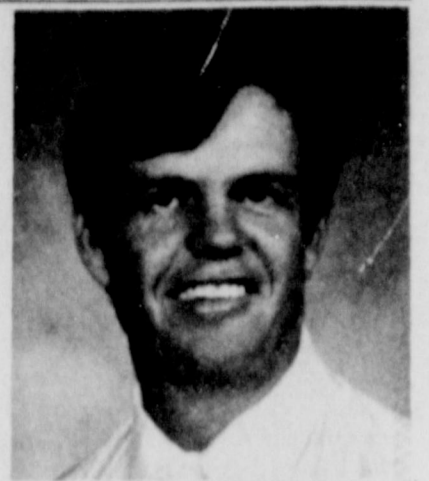

The Campbells have one daughter, Christa, who is one year old.

Campbell graduated from Angelo State University in 1972, with a B.S. degree in Physical Education. He also has a master's degree in physical education from the University of Houston.

He began his coaching career in Kress in 1972 where he was JV football coach and junior high basketball and track coach.

Campbell then coached at Bloomington, Texas for three years, where he served as junior high football, basketball and track coach, and also served as varsity line coach. In addition to his coaching duties at Bloomington, he also taught high school math.

At Sonora, Campbell was JV coach for football, and track for three

TERRY CAMPBELL

years and was basketball coach one year.

He said that coming to Lazbuddie was an advancement for him as it will be his first head coaching job. He also added that he felt that Lazbuddie had exceptionally good facilities for a school its size.

Campbell is a native of Wink, and his wife is a Canyon native.

The coach said that he plans to run a winged-T offense and use a 5-2 defense, citing "adaptability and simplicity" as the main reasons for choosing these.

The Campbells have recently moved to Lazbuddie, and Coach Campbell indicated that he hopes to issue shoes to prospective players sometime around August 5, with two-a-days starting around August 11.

Cub Scouts Take Part In Day Camp

Thirty-nine Cub Scouts and Webelos from Friona, along with 20 adult leaders took part in the Cub Scout Day Camp at Hereford's Camp Akela June 10-11-12.

The camp provided work with crafts, sports, archery, B-B guns, nature and first aid. All work will help the boys toward achieving their rank promotions.

Cub Scouts attending the camp were Michael Mann, John Edd Duke, Scotty Armstrong, David Reed, Robert Keck, Brian Osborn, Toby Brito, James Perez, Ronnie Johnson, T.J. Sanchez and Sammy Rando.

Also, Marc Awtrey, Richard Ellis, Chris Hamil, Robert Hamilton, Dan Neelley, Lance Outland, Bryan Walker, Jeremiah Norwood, Wade Carson, Steve Dickson, Wesley

Drake, Glen Shirley, Kyle Wilkins and David Barnett.

Webelos attending, who spent the night at camp with their fathers, were Corey Cunningham, Daylen Gallman, J.J. Lloyd, Nito Perez, Kevin Zachary, Michael Wilhelm, James Monk, William Hamilton, Max Reed, Ricky Rando, Chad Beavers, Lon Outland, Stuart Walker and J.A. Clark.

Adult helpers included Terri Outland, Peggy Hamil, Connie Neelley, Rita Hamilton, Pat Wilkins, Melody Drake, Theresa Perez, Dale Mann, Eva Keck and Deanna Duke.

Other helpers included Sherry Cunningham, Shelly Cunningham, Chris Perez, Jackie Monk, Pete Hollis, Letha Cunningham, Mr. and Mrs. Raymond Delgado, Dale Cunningham and Eddy Monk.
