# EDITORIALS

## NOW WE REVEAL ALL

One of the best editorials we have written in a long time, was done to reassure those who in the middle of last mid-week had begun to weaken on the weather. It came along the wet spell Saturday and we had to throw it away. It told about water that would fall and things of that kind. Of course, after it rained that wouldn't do to print. Anybody can forecast wet weather when it is cloudy all around and pouring down in the middle.

Which, speaking of rain and the weather, brings to mind that we should reveal all to our weather customers, namely:

It rained on Saturday, April 12, one year in Floyd county, and followed with more rain and, believe it or not, icicles hung off the houses in great chunks in Floyd county on the evening of July 4. It wasn't just chilly, it was cold. Coca Cola and ice cream concessionaries at the celebration sponsored by the American Legion, stood out in the cold in their overcoats and paid off on their contracts with ice water running down their backs. We hope nothing like that happens this year but it did happen once.

Also you remember early in 1941 the clouds hung on for two or three days before rain began falling early in the year and that June and July the wheat just naturally melted into the ground, it got so wet and was chunked so hard by the big raindrops that refused to be shut off. To be natural-like rain has to begin falling pretty soon after it clouds up on the plains. Always when things are normal, if it stays cloudy two or three days and no rain falls there isn't going to be any rain-fall that spell. But that's the way it did in 1941.

We remind our customers of all this to keep them from taking the Big Eye.

## NO LAMBS QUARTER YET

Last week The Hesperian should have mentioned lambs quarter in the report on the state of things about over the county. This for the benefit of town folks who lay up in bed way up to 6:30 or 7 o'clock in the morning and don't get out and see about things while they are so much easier to look at than later in the day.

Us other people, all except the wheat men, have been up and at them long before any 6:30, of course, and we know about things. If it happens that your grocery bill is higher than you want it to be and you'd like to get out and pick you a mess of lambs quarter don't waste your gasoline for that's what you'll do if you get out now. Some of your friends will let you know when the time comes, which is much later than usual this year.

Also, if you happen to want to get out on your own to look don't peer around where the ground is nice and well-plowed and all of that to find the earliest stalks. They will be around in unlikely places—fence corners, or bar ditches around lakes and places where the ground might not be so good, where you may recall having seen the doves roost—milkweeds might be around there and the soil sorter look like it is not so good. When you see that kind of a place get your basket and get out and begin picking—in a few weeks.

## NOT SOON TO BE CHANGED

Paper to print newspapers on is to be an increasingly scarce article for a time. Of several reasons one is that the demand has far exceeded any pre-war need and the mills have not been geared for its production in the quantities it is desired. Another reason as-

signed is that during the war many uses for wood pulp, from which newsprint is made, were found. Also OPA had something to do with encouraging mills to change over from newsprint to other items on which they could show more profit.

One most recent development is that some of the nation's big users have gone out and bought mills so as to assure their own ample needs.

Whatever it is, scarcity seems to be so real that operators who find it pays them to do so, have taken advantage of the situation and have cornered some of the floating supply. Some of the newspaper publishers who can afford to do so are laying in some of this three-priced paper. This means they think the situation may become even more serious and that too high a price now may be a bargain later on. Mr. Tack up at Amarillo is one of those, he says, who have gone into this market in addition to getting whatever tonnage he can from his regular suppliers. Mr. Tack doesn't do foolish things like that except for good reason. The rest of us may have wished before another year that we should have tried to do the same thing.

## HOW MUCH HIGHER?

How much higher papers, including newsprint, that are made of wood pulp, can go before the public takes out is a matter on which the paper manufacturers must make a close decision. They and their workmen want all the money they can get without doubt. In that respect they do not differ from anybody else a great deal.

However, when the wheels are whirling and everything is lovely and the goose hangs high, a fellow may fail to hear the rattle that tells him the fun is about over. An illustration of how prices of other papers have responded to the situation is adding machine paper, a good grade of which now costs the retailer considerably more than he formerly got for it when he sold it over the counter.

Competitive conditions have a way of leveling off prices for commodities and for services. These conditions also have a way of raising the prices.

It seems that a good many people are worried, besides their vexation, about the telephone strike and about other strikes, and their effect on the national welfare. As we view them the strikes are a product of good times. The strikers are making good money it is true, but they see their employers, as they think, making a lot, and the strikers want a bigger per centage of the returns.

The way things stand now they are reasonably certain, and so are their employers, that if the employer can't raise the money without raising prices he can raise prices, passing the bill on to the public, from which howls are going to be heard willy-nilly. How far they can go playing tag and the public continue to be it is a matter on which they must exercise judgment.

Whether prices and wages can go so high as to cause a depression we are not sure. The cycle has always been that way, so one would reason that it will be the same again.

But as a matter for fear as to the social consequence these are not well based. There is a lot of difference between a strike for fore of the gravy and a strike for something to keep your stomach from gnawing on your backbone.

One ounce of nicotine sulphate and a half bar of neutral soap, well-mixed with six gallons of water, is an effective control mixture against sucking insects in the garden.

## Floyd County 14 Years Ago

(Issue of April 20, 1933)

Announcement of the election of teachers to the Luskley schools for the 1933-34 term was made last mid-week by the school board there.

Consumers Fuel association station on East Missouri Street this week is installing a new 12,000 gallon capacity tank for lube oils.

Trustees of Floyd county school have in a few instances elected teachers for the 1933-34 term.

"Mr. Jim Ralier," three-act comedy drama, was presented by Lockney players Saturday night of last week at Pigeonburg.

A. P. Norton was elected president of the Consumers Fuel association of Floydada by the board of directors last week following a meeting of the members at which time reports on activities for the past year were reviewed and new officers elected.

Invitation to Floyd county farmers and all members of the Farm & Home Protective League to attend a district meeting of the Farm Holiday movement at Plainsview Wednesday afternoon, April 19 were extended by Hale county strikers.

A new produce house for Plainsview was opened last week-end by Pierce King, who will handle cream, eggs and poultry.

Fulton-Ollins Grocery company has just completed installation of a fresh vegetable rack in their store on the west side of the square. A water spray system will be used.

The three-act comedy drama entitled "Headstrong John" was presented at Dougherty last Sunday evening before a full house.

Miss Sadie Holmes of Amarillo visited Easter in the home of her parents, Mr. and Mrs. J. K. Holmes. She was accompanied here by Mr. and Mrs. John Rosenbaum and daughters Sheila and Kay and Joe Dowdy.

Dorothy Geer and Patsy Parker of Texas State College for Women spent the holidays in Floydada with their parents.

Mr. and Mrs. Earl Switzer of El Paso returned to Floydada Saturday to make their home.

**Hail! HAIL! HAIL!**

To the Farmers and Property Owners of Floyd and Adjoining Counties:

I am pleased to announce that under the supervision of Mr. Ed Holmes, field man for the Farmers Union and Panhandle Mutual Hail Insurance Companies, I am able to offer the Farmers (of which I am glad to say I have been one for forty years) of Floyd and adjoining counties, along with the low cost, full coverage Fire and Tornado Policy

**A Full Coverage Hail Policy on Wheat and Other Growing Crops at a Price You Can Afford to Pay**

Why not take this policy now as it will cost more than later? And with the knowledge of the frequent Damage by hail, the price of Wheat and the Privilege of Cancelling should you see you are not going to make a crop up to the 10th of May.

So why not insure now and have the protection. The Panhandle Mutual is licensed under the Laws of the Insurance Department of the State of Texas and has the required assets to Comply with the State Required Reserve. It paid all losses in full last year to the Satisfaction of the Policyholders.

So, contact me for one of these policies. We have my office at my home, 311 West California Street, 2 blocks west of the square, just across the street from Phillips 66 No. 1 Filling Station.

Drop me a card and I will hunt you up, or Phone No. 373 J.

Thanks for the nice business given me last year both in insurance and real estate. Am soliciting listings on anything you have to sell. Why pay me and get less? See me before it hails.

## Dallas Trippers Here Thursday on Flying Thru West

DALLAS, April—Dallas' forty-annual trainload of business will make a five-day swing through West Texas and Southeast Mexico, will arrive in Floydada April 24 for a visit with Floyd business leaders.

A special 11-car train carrying Dallas boosters is scheduled to Floydada at 2:00 p. m. for a five minute visit.

The Caravan of Good Will, composed of more than 100 Dallas merchants and manufacturers, will visit 22 in West Texas and 5 in Mexico — to say "thanks" to customers they have served in the Dallas market.

**Entertainers and Band**

They will be accompanied by 30 entertainers, including a band, who will provide entertainment galore for the residents of the host cities. They will take over for a program after the Dallas trippers have paraded to a central point on arrival at each town. Melvin Munn, announcer from Radio Station KRLL, will be master of ceremonies. There will be the Dude Ranch Buckaroos from Radio Station WFAA and Art Linder, KRLL tenor. Billy Mayo, who conducts the WFAA Early Bird program orchestra, will direct the business tour band.

During the entertainment program in each city, the Dallas business men will mingle with the crowds passing out souvenirs. They will wear knee-length white cotton coats trimmed in red and blue and labeled "Dallas, Market of the Southwest"; linen hats with "Dallas" bands; and carry colored canes.

**Leave Dallas Sunday**

The Dallas 1947 Operations Good Will will be made by special train leaving Dallas' Union Station at 10 p. m. Sunday, April 20. It will cover an itinerary of 1,388 miles with arrival back in Dallas scheduled for 9:30 p. m. Friday, April 25.

"The five-day tour is not a trade trip," said C. A. Tatum, general chairman. "While our visit will naturally serve to publicize the Dallas market, the business men are more interested in making it a good will visit because we realize that all the town on our itinerary are growing with Dallas and that all business men of this area must work together for the advancement of the region and the good of all. To do this, we must know one another better."

The schedule of stops on Thursday will be Littlefield, Lubbock, Abilene, Floydada, Lockney and Plainview.

## Hopes to Break Gliding Records

Vernis Ross, wartime designer of gliders for the Army has produced a new sailplane which he hopes will break several international records during the 14th Annual National Soaring Meet July 4-29 in Wichita Falls, Texas. The ship is so radical in design that the mathematics of aerodynamics can prove either that it can or can't fly. Ross, who lives in Wichita Falls, has taken the plane only a few feet off the ground in tests, but expects to know its full possibilities soon. It features a semi-laminar wing and slotted aileron. Other sailplane pilots are expected to bring radical designs to the meet.

Mrs. B. Y. Newman and children of Plainview and Mr. and Mrs. Bob Collier were recent guests of Mrs. Margaret, Mrs. Kate Collier and daughter.

If you have a party-line telephone, here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy.

**INDIVIDUAL LINES** for all who want them will be available after we have served all the people waiting for telephones. That's our first job now — and it's a big job! When it's finished, we can begin to install the equipment needed to give people the kind of service they want and need.

### B. & P. W. Women Plan for Continued Good Club Programs

Twenty three members of the Business and Professional Women's club were present for the regular meeting Monday night of this week at which Mrs. E. L. Angus, Vice-president presided. The Texas Federation membership cards had been received by Treasurer Ruth Collins and were distributed to members present.

Plans were made for the meeting to be held April 28 at Fellowship hall. It was decided to have a covered dish supper, for which each member will bring a dish. An arrangement committee was appointed to take care of plans for this occasion, consisting of Mrs. Lewis Norman, Mrs. Bill Finley and Mrs. L. D. Britton, Mrs. C. A. Caffee and Miss Nell Swinson were also appointed as a program committee to furnish entertainment for the evening. The time set is 7:30 o'clock.

Mrs. H. I. Hudson gave an interesting talk on the "Club collect" reviewing its origin and history. In conclusion, the collect was repeated in order.

"What the Federation Is" was presented by Miss Berdelle Nelson pointing out the purposes and accomplishments of the club. It was noted that the National membership represents over five hundred professions.

Mrs. E. L. Angus presented "The history of the Club emblem" and what it stands for. It was designed by a jeweler in Detroit in the year 1911. The members of the emblem were outlined, closing with the emblem benediction.

Names of prospective members should be presented to the membership committee, to be voted into the organization at a future business meeting.

Mr. and Mrs. Reid Bethel and Donald Reid, of Lamona visited in Floydada this week-end with friends and relatives.

### Miscellaneous Shower Honors Bride-Elect Wednesday Evening

Miss Styble Roe, bride-elect of Donald Patterson, was honored at a miscellaneous shower given at the home of Mrs. J. B. Bishop Wednesday evening, April 9, at 7:30.

### Musical Program at Dorcas Class Social

The Dorcas Sunday School class met at the church Wednesday, April 9 for the regular social meeting. A covered dish luncheon was served at noon.

A musical program was rendered by Amerlie Barnes, Alice Lakta, Ann Welborn and Carolyn McDonald assisted by Mrs. Clement McDonald.

During the business session, it was voted that each member bring a garment to sew for Buckner Orphan home at the next meeting and that a box be placed in the class room for the garments as they are finished. Another item of interest is furnishing the church parlor. The class is responding nicely and with the help of the other classes, it should soon become a reality. It was decided that two hostesses be appointed for each class social. Mrs. Troy Leonard and Mrs. E. I. Durham will be hostesses at the

# WAGES AND THE TELEPHONE STRIKE

Because wages are at issue in the telephone strike, let's take a look at what operators here are now getting. Almost all telephone people are in this group.

The basic work period is a five-day, 40-hour week. Scheduled employees are paid overtime for time worked over eight hours a day, premium time for Sunday and holiday work, and added money for evening and night work.

**OPERATORS**  
A girl just out of high school, with no previous experience, starts at the beginner's rate of \$26 a week. But if she works after 9 p.m., she gets \$27.50 a week, and if that week includes Sunday work, she gets \$30.10.

The beginning operator gets a raise in pay every six months for the first year. An operator with 12 month's experience, for example, gets \$28 for a normal 40-hour week. If it includes evenings and Sunday, she earns \$32.30.

Periodic increases bring the operator to the top rate of \$34 a week. If she works evenings and Sundays, her weekly earnings are \$38.90.

But the union wants to increase the beginner's rate of pay from \$26 to \$41—up \$15 a week. Also, they would increase the top wages from \$34 to \$51. That is an increase of \$17 a week.

We believe most people will agree that present wages are good. The company believes that no increases are justified at this time.

The way to resolve these differences of opinion and settle the strike is to arbitrate the wage issue. That would be fair to our employees, to telephone users, and to the company.

Nearly three weeks ago the company proposed that Governor Jester and the governors of the other four states in which we operate appoint a panel of five impartial citizens—men with a knowledge of conditions in this area—to arbitrate the wage issue. The company enlarged its offer to include not only basic wages but such other demands as length of time for employees to reach top wage rates and wage differentials between different communities.

The company urges union officials to reconsider the offer of arbitration. It is the fair way to settle the strike, restore full telephone service to the public, and get the telephone wage issue decided equitably.

### Stewart Attends Rites for Cousin at Temple

W. Stewart returned home of last week from Temple where he attended last rites for his cousin, Miss Tina Stewart, who was the victim of a train accident Tuesday at College Station. The funeral was held at 3 o'clock Thursday at Memorial Baptist church in Temple.

A member of A. & M. Extension service personnel since 1926, Miss Stewart had just been named district home demonstration agent for District No. 10, which includes Bell county and is survived by her mother, four brothers and two sisters.

Miss Stewart was waiting at the station in College Station for a passenger train when she stepped in front of a passing freight and was killed.

### Floyd Co. Family Safe at Texas City

Mr. and Mrs. Ben O. Smith, of Texas City, and their two children escaped injury in yesterday morning's terrific explosion there, a wire late yesterday afternoon to Mr. and Mrs. E. W. Thornton here said, and they are among the thousands who have been or are being evacuated from the danger zone.

Texas City was rocked about 9 o'clock by a tanker explosion in the bay, which was quickly followed by the explosion of an immense gas plant, radio reports yesterday said with 1200 killed, thousands injured and others in dire danger from spreading poison gas fumes. Later reports indicate that the death toll may be as low as 650 killed. The whole city's population was being evacuated from the danger, these reports said and pleas were going out for gas masks so that rescue squads could enter the zone.

With communication lines disrupted the Thorntons had despaired of hearing from their daughter, and feared the worst since the family lived in three blocks of the Pan-American refinery, where Mr. Smith worked. Mrs. Smith, 26, was Oleta Thornton before her marriage.

## Public Health Nursing Week Is April 20 to 26

AUSTIN.—The State of Texas is planning to celebrate national "Public Health Nursing Week" April 20 to 26, as proclaimed by President Harry S. Truman.

The purpose of the week, according to Dr. Geo. W. Cox, State Health Officer, will be (1) to recruit more public health nurses (2) to increase understanding of the fact that much

needless sickness and suffering can be prevented or reduced by using public health nursing as a service for everybody regardless of size of income (4) to encourage development of public health nursing services wherever needed (5) to increase citizen participation in public health nursing services.

From the beginning of this work more than thirty years ago, public health nurses have been concerned with the total health situation of the family including sickness, disease, prevention, and health protection.

In setting aside April 20 to 26 as "Public Health Nursing Week" for America, health administrators and all other friends of nursing should exert their efforts toward the extension of public health nursing services, so that there will be enough

qualified nurses to meet the needs of all the people, and thus help in maintaining health level throughout the nation, says Dr. Cox.

## Conservation District News

Doyle Harrison, a cooperator of the Floyd County Soil Conservation district who lives in the Bell conservation group, began watering last week a 200 acre field of hairy vetch. The vetch was overseen on sorghum land last fall for a soil building cover crop and pasture. Mr. Harrison now plans to leave most of it for a seed crop.

A number of District cooperators are making trial plantings of Kluhan clover in wheat this spring County district. According to the These plantings are supposedly the first such to be made in the Floyd County district. The cooperators making the plantings are: W. S. Poole, E. L. Thomas, Arlon Miller, Raymond Barker, R. C. Mitchell, Hershel Carthel, Ralph Taylor and The Lockview farm.

R. T. Spence, a District cooperator who lives in the South Lockney conservation group, made his first planting of hairy vetch last fall. He says he is well satisfied with the crop up to the present time. He believes he can graze more stock per acre on vetch than on winter wheat and still leave plenty of cover for the land.

"If results obtained this year are an indication of what can be expected every year, perennial sodan will not survive the winter in the Floyd County district," says F. B. Trowbridge, a cooperator who lives in the Harmony conservation group. Last spring Mr. Trowbridge planted four acres of dwarf perennial sodan grass with seed furnished by the Floyd County Soil Conservation district. The trial planting was made in accordance with the District policy of continually being on the lookout for new crops which might be used to help fight soil erosion. Mr. Trowbridge states that the crop did well last summer, growing to a height of about seven feet. It produced a good seed crop but a heavy wind just before harvest time shattered most of the seed. A recent check showed that the plants failed to make it through the winter. If a volunteer crop comes, Mr. Trowbridge plans to leave a few plants through next winter and see if they will winter kill again.

Benton Ritchey who operates the O. D. Orsburn farm in the Fairview conservation group is doing his row crop land on the contour to hold the water where it falls. Assistance in laying out the contour system was given by Soil conservation service technicians assigned to the district.

Gene Arwine, student at Texas tech and Joe Arwine, student at University of Texas, spent the Easter holidays at home with their parents, Mr. and Mrs. J. A. Arwine.

**MAYOR HAS SUGGESTIONS HOW AVERAGE CITIZEN CAN AID CLEANER TOWN**

To the good people of Floydada: This is the time of year that you usually hear a lot about cleaning up and I notice that a good many towns are asking for a general cleanup campaign now.

You may remember that two years ago I asked for a clean up campaign to be continued. You were very nice about it and co-operated lovely. Our town has remained much cleaner than ever before. Even the vacant lots have heard of spring house cleaning—well there might be some refuse accumulated during the cold winter months that should be cleaned away.

So please take notice to your surroundings and let's get the whole town in ship shape.

Some have failed us on neglecting their alleys. They just don't cut the weeds and clean them as they should. This should never happen. It doesn't take very much time to clean out an alley and it is also a violation of your laws to let them stay in a mess. The penalty is pretty heavy. So let's take better care of our alleys.

Some have placed dead cats and dogs in their barrels. That should not happen. There is not any excuse for it. Call 211 and they will be removed at once—no charge. Let us all work together and make Floydada a show place EVERY DAY OF THE YEAR.

Reports are appreciated and your name is not used, but please be sure your complaint is worthy and needs attention.

F. C. Harmon, Mayor.

Mr. and Mrs. Bob Reeves left for their home in San Bernardino, California Friday after spending a week with Mrs. Reeves parents, Mr. and Mrs. A. B. Blount and other relatives. Mrs. Cox stayed for a longer visit. She is visiting in El Centro this week.

## SOPHOMORE EDITION

This week's edition of the Hesperette is published by the sophomore class. Mary Maxey acted as editor-in-chief with Edna Roberts, Hope McIntosh, and Barry Rosson as reporters.

## EDITORIAL

### THANK IT OVER BOYS

If you've had trouble getting dates it's because you: Have been careless about your grooming. Maybe you think that a blown hair looks rugged, but to one, it resembles a well-used comb. You do not have to look like a regular ad but on the other hand do not have to resemble "Sad Sam."

Need brushing up on your manners. You can be conventional but being considered a "sissy" is an asset to a boy, but less shows traits of ignorance. Have been going with a crowd doing things a high school boy would not do. Although your pride is yours, try to handle it properly.

Consider a girl just a friend: if you date a girl, then you should be her friend. Show her you are sincere and not just a "one night guy."

And for the Girls: If you've had trouble getting dates maybe it's because you: Are too presumptuous over a couple of dates. Maybe he is mad at you after two dates but if so let him spread the news. Worshipping him too closely. When if he is your dream man, do be so obvious and save some for that pedestal for yourself. Are trying too hard. Flirtations get them but only faithfulness will keep them. Lack a date conversational side. Just talk about what every girl is interested in—himself. By the time you know what he is like you'll know what to talk about.

## Sophomore Class

The Sophomore class is the best in school. Just ask any of them. They know how to have a good time. They follow every whim. The President is Bobby Bishop. The secretary Christeen Jones, all the rest are very fine. From their skin to their bones. The sponsors are Marr and Baker. They make us work, you know. We are preparing for next year's work. And we certainly are not slow. —Ivy Pearl Simmons

### DE QUACKER

Come on Bobby Finley, give Hope a chance. What's this about Ivy Pearl writing to Bill? It was rather interesting. By the way, what's this about Gene Dale and Joy Bunch? Getting pretty thick lately, aren't they? It looks as if Donald Ray and Delmar are having a feud over who gets Roberta. Juanita Jenkins can't concentrate on English 3rd period when Bill Shurbet keeps making eyes at her. Dale J. sure has fun in band lately; Doris Bollman plays the cornet, too, some fun, eh, Dale?? Gladys has been interested in Leonard G. lately. Why do the girls all like Bradford? Could it be because he lets girls wear his ag jacket? Could be. Herman is pretty quiet? Could be you always thinking about, Herman???

Jane seems to have a pretty good time in history. Seems the reason is that Gordon Hambricht sits next to her. Gladys had a lovely time playing volleyball the other afternoon, of course, Pete and Leonard were out there, too—? Gene Dale is getting pretty good at showing girls how to play volleyball. Pleasant task, eh, Gene. (Just ask Hope and Roberta.) Why does Jane's heart always skip a beat when Kelly is mentioned? It seems that all Sophomores are pretty crazy over Billy Smith. Come on, and give them a chance, Billy. June, how are you and Crosbyton getting along, O. K.???

## Home Ec. News

Just arrived!! Four beautiful new Magic Chef gas ranges. They were installed last week-end in the Foods department. The whole school is very proud of these new additions to the kitchens. The Second Year Foods girls cooked and served a banquet last Tuesday night. The guests were the school board members.

GREEN PEARS Dale J. and Callie H.—The long and short of it. Roberta and Donald—opposite personality. Wenona F. and Bradford B.—both firmly believe that two heads are better than one, especially in English. Claudean G. and Randall H.—Very blond and very brunette. Gladys R. and Gene J.—two tip-top trumpeters. Jennie C. and Bobby B.—sugary cuteness. Mary M. and Barry R.—the cause of coach's grey hair. Ferne S. and Bobby Cline—cousins; one small and delicate, the other big and husky. Christeen J. and Jerrold V.—just plain cute. Hope M. and Bob W.—pleasantly plump with good grades thrown in.

NEW TWIRLERS Mr. Haden is proud to announce that Jo Muncy and Edith Garrett are the twirlers in the band next year. A contest was conducted, and these two were chosen for their ability to twirl and march. Billie Frances Sisson will be majorette and June Powell one of the three twirlers. The band is very happy to welcome Edith and Jo into the band.

NEWS OF THE AG BOYS The Ag. boys are going to the Dairy show at Plainview Monday. They are entering the dairy products judging and dairy cattle judging contest. They have been running an experiment on dandelion on the school lawn. The boys saw a show Thursday night on how milk is produced through the courtesy of the Purina Feed company.

"Baby Larry" is liked by everyone and we are proud that he represents the Sophomore class. LEDGER binders in some sizes indexes to match. Hesperian.

Profile of the Week The Sophs boast the cutest class president in school (we think). The friendly grin that you see spread all over the freckled face walking down the hall in an Ag jacket will be the lad in question: Bobby Bishop. Hatched from a nutshell, (he says) in Big Spring, Texas, May 15 1932, he started to school in Casahoma, and came here, via Houston. He has been here with this class since the eighth grade. Beside playing baseball and football, Bobby enjoys sleeping and eating—now isn't he an odd boy? When he sleeps, he dreams of a beautiful blond, Jennie, to be exact; and when he eats, banana pudding and steak are the main factors. Favorites: color—blue; song—Mangia Nicaragua"; subject—girls; movie—"Lost Week-end"; actress—Ester Williams; actor—George Raft. Main dislikes are: The Brooklyn Dodgers; gossiping girls; "Open the Door, Richard." In his opinion the ideal girl would be five feet five with a nice figure blond with blue eyes, have pretty legs and a sweet personality, that's all, but isn't that enough for one gal? His ideal day begins at ten o'clock with a complete steak dinner then load up and play ball, have a date with the ideal girl, come in about four, and start all over again.

### Charter Floydada Junior C. of C. Is Approved

CHICAGO, Ill.—An application for a charter has been approved for the Floydada Junior Chamber of Commerce. It is announced by Sel-den F. Waldo, president of the United States Junior Chamber of Commerce.

The Floydada Junior Chamber is an organization that is not duplicated by any other group, and it is dedicated to unselfish civic service. Its distinguishing feature is that the membership is composed of men 21 thru 35 years of age who receive training that will prepare them for greater jobs in the community in later years, said Mr. Waldo.

President of the Floydada Jaycees is Guy W. Ginn. His newly formed group of young men is also affiliated with the Texas Junior Chamber of Commerce and Jaycees locals in more than 1400 communities in the United States and 250 cities in 35 foreign

countries. There are more than 130,000 Jaycees in the United States.

Guy Ginn, president, said yesterday the charter of the Floydada Junior Chamber of Commerce will be presented Tuesday night at Andrews Ward cafeteria at 7:30 where a buffet supper will be served. Delegations from Plainview and Lubbock and a number of local guests will make the attendance approximately 100 people at the presentation, said Mr. Ginn.

In the hottest competition seen in recent years in a Texas show, T. G. Herring, Jr., of Crosbyton, took high honors in the Jersey Junior breeders show at the Panhandle-Plains Dairy show, A.P.C.C. Judge J. W. Ruppel, of College Station, gave Herring's entry the nod after sitting a lot full of promising young calves to pick the high 18.

Herring's entry was Penn Murrie Alm, a senior yearling heifer. Allen Orr, of Tulla, won second place and Earl Edwards, Jr., of Floydada placed third.

Earl Edwards, Jr., took second place with his senior heifer entry and first with his sub-junior heifer calf. T. G. Herring's sub-junior heifer placed second and Bill Carmack's heifer in the same division placed seventh.

have been designated as receiving stations for donations. He said that O. M. Watson has consented to serve as trustee for funds which will be forwarded to the Amarillo Globe-News Tornado fund. This fund in turn, it is pointed out, is to be handled by a committee named last week-end by Governor Jester, upon his plane tour of the devastated area.

Tuesday night the fund in the bank here was in excess of \$300. Those who wish to help should do so quickly, it was indicated by Mr. Ginn.

At the First Baptist church Sunday a free will offering was taken from the congregation for the tornado sufferers and \$200 was raised.

Several Floyd county people have been sending money directly to the Globe-News Tornado fund at Amarillo.

\$50 to Woodward Nurses

One \$50 donation from Floydada through the good offices of Mrs. Wynne Angus, Home Service secretary, went direct to five nurses in the Woodward, Oklahoma, hospital, who lost all their personal effects in the storm. The money went to the superintendent of nurses, who was instructed to divide the amount equally among the young
