

Oil Prospect Brightens at Roaring Springs Test

Oil Prospect Brightens at Roaring Springs Test

It appeared certain Tuesday that Motley County has its first commercial producing oil well in the No. 1 Fred Brandon of the Pan American Petroleum Corporation, five and a half miles east of Roaring Springs.

Perforations made at a showing from 4,150 feet to 4,170 feet six weeks ago when a drill stem test was made were found encouraging but the company drilled on to granite at slightly below 6,100 feet in an exploration of the lower formations.

Two weeks ago it was announced that another test was contemplated at the higher level. This was done over the week-end. According to report released by Pan American the hole was plugged back to 4,176 feet and the production packer set at 4,198 feet after new perforations were made in the pay zone.

After acidization swab was run for 24 hours. Recovery was 21 barrels of load oil, 50 barrels of acid and formation water, and 244 barrels of new oil. Production in the last four hours of the test was 50 barrels of new oil, slightly cut with water and basic sediment.

The test is located 560 feet from the south and east lines of Section 7, Block O-4, WTRR Survey. It is in rank wildcat territory, nearest production being 20 miles east in western Cottle County.

There are no nearby dry holes to the Brandon test. Also there are no big blocks of leased land, except the Humble leases on the Matadors. With many small land owners interested cautiously for development of a field by independent operators seems highly probable.

The well site is surrounded by shinnery and sandy land in all directions on both sides of Tongue River.

Two rank wildcats within three-quarters of each other, have been staked in east-central Crosby County, about five miles east of Crosbyton, according to week-end reports.

Both by Morris R. Antwell of Hobbs, N. M., the tests will be to 84-0 feet.

Both are on the Roxie C. English lease. Of these the southernmost is designated as No. 1 E-B, 660 feet from north and east lines of Section 32, Block 28, H&GN Survey.

The north test is designated as (See Oil Test, page 6)

Constant Work Pays Off Says Retiring Head

Prospect of a good meal served in pleasant surroundings, some good musical numbers and a speaker of note to address them, yesterday gave promise that Chamber of Commerce members and their friends will fill the high school auditorium tonight for the organization's annual banquet.

The hour for serving to start is 7:30 o'clock, the place the new high school cafeteria.

The annual gathering will hear Dr. J. Cress Lovern, civic-minded Lubbock minister, in the featured address.

Dr. Lovern is pastor of the First Methodist Church of that city. His church has been engaged in a remarkable expansion program for the past six years.

He is just home (in February) from a tour of Methodist Missions in the West Indies. He has a background of 20 years in the ministry—11 years at three churches in the Rio Grande Valley, five years at Laurel Heights Church, San Antonio—and more recently at Lubbock First church.

DR. LOVERN is past president of Perkins School of Theology Alumni Association and of the San Antonio Ministerial Association. His doctorate is from Southwestern University, 1951. His arts and divinity degrees are from SMU, where he participated in sports, including basketball, football and track, and was a member of the glee club and debating team.

The banquet will be staged at the new high school cafeteria where ample seating is provided for 300 persons. The attendance is expected to equal the capacity of the cafeteria.

Aside from the inspirational talk by the speaker the gathering will have introduced to them out-of-town guests for the event, will have an opportunity to see the old and new officials of the organization as they are presented by retiring president E. C. Carter, and will hear the Deep Water Four. This latter is a male quartet which has been growing in popularity.

Myron Kattner, W. J. Adams, Bob Copeland and Dr. Charles Craig make up the quartet. Mrs. Bob Copeland is their accompanist. Mrs. Myron Kattner will sing with them in one number in which she takes the soprano lead.

INTRODUCTION of guest speaker will be made by Jim Wilson Jr. The invocation will be said by Gordon Downing, minister of the City Park Church of Christ, who is president-elect of Floydada Rotary Club.

Lon Davis Jr. will be master of ceremonies.

Chamber of Commerce Manager O. M. Watson Jr. said the meal will be served cafeteria style and the line will start moving promptly at 7:30 o'clock.

New and hold-over officials who will be presented by the retiring president will be:

Mitchell Parrish president, Bill Hale vice president, Gene Collins Jr., treasurer, with directors Fred Martin, Cecil Hagood, Carl Minor Sr., Arthur Wylie, Jr., Gene Arwine, W. E. Garrett, Joe Gidden, Wayne Bennett, W. W. Trapp, J. M. Willson Sr.

New Charity Rule Is Adopted By County

A new rule adopted by the Commissioners Court of the county in their Monday session will govern payment of charity bills, it is indicated by the minutes of the court.

Under this rule the county will not honor bills for charity unless accompanied by a written order from the Commissioners Court before the service is rendered.

Other business transacted in the session included formal designation of the First National Bank of Floydada as county depository. The bond of the bank covering county deposits was approved and ordered filed.

An order also was entered on the minutes allowing the sheriff \$50 per month for secretarial help.

It was a regular monthly meeting of the court at which routine business, including bill paying, was transacted.

SCS Conservationalist Leukemia Sufferer

Fred Johnston, SCS work unit conservationalist, who has been assigned to the Floyd County Soil Conservation District for the past year, is in Plainview Hospital being treated for a condition akin to leukemia.

Yesterday it was indicated that he has been responding to treatment, including blood transfusions.

Here temporarily to handle Johnston's assignment with the Soil District is B. T. Kisner, from the Littlefield office. He has been assigned to the Floyd County job for two months or until replacement is made.

Teachers Elect Graves To Association Post

Miss Dorothy Perkins, senior English instructor at Midland High School was named 1957 president of District 4, Texas State Teachers Association, at a district house of delegates banquet last Thursday evening in Lubbock.

Mrs. J. T. McLain returned home Sunday after a two weeks stay with her daughter, Mrs. Ovelene Hunter, of Los Angeles, Calif., who had surgery the 21st of February. While in California, Mrs. McLain also visited with another daughter, Mrs. Donald Wallace and family.

Invite Civic And Service Groups To Sessions Here On March 25

Newly-elected officers and program chairmen of PTA's, study clubs, civic and service clubs, and church groups are invited to participate in a Program Planning Clinic sponsored by the Floydada Chamber of Commerce and Floyd County Home Demonstration Clubs in cooperation with the Adult Education Program of Texas Tech.

The meeting will be held from 9:00 a. m. to 4:00 p. m. on March 25, in the Home Demonstration room of the courthouse.

One of a dozen such clinics being conducted around the West Texas region, the local meet will bring together new leaders of community groups from Floyd and neighboring counties.

A program planning clinic, like a health clinic, is designed to meet the specific problems and needs of the people coming to it, according to G. H. Peters, field representative for the Adult Education Program.

He pointed out that newly-elected

TRAVEL THE HOSPITALITY ROUTE HIGHWAY 70 ASSN. PLANS CONTINUED TRAVEL CAMPAIGN

Chas. Hassing, Hugo, Okla., banker, national president of U. S. Highway 70 Association, said in Floydada yesterday morning that the work of improving Highway 70 across the eight states it traverses has come along nicely in the past year.

The association is working in harmony with all of the highway commissions and these bodies are sympathetic toward the improvements in the route which are proposed. "These things take time but we are gradually gaining ground," Mr. Hassing said.

He was here after spending Tuesday night in Plainview where he attended the sessions of the Texas Highway 70 Association. At this meeting Floydada was represented by O. M. Watson Jr. and N. W. Williams.

Chas. Schur, of Vernon, was elected president of the Texas organization, Henry Brooks, of Paducah, vice president, and Worth Coffey of Vernon, secretary.

The organization keeps working away on the job of getting increased traffic on the highway. Importance of this activity is seen in the fact that many communities along a transcontinental highway have largely increased pay rolls and better markets because of the travel that traverses them.

Hassing said that Oklahoma and Arkansas highway commissions have been most cooperative in their attitude toward Highway 70 problems in those states. Likewise some bottle necks in the Texas route as well as in New Mexico are having sympathetic consideration from the highway departments in these two states.

Onion Planting Gets Under Way; Spuds Added To List

Onion planting in Floyd County fields this week is going along in rather feverish fashion as growers push to get their sets in the ground and off to a good start at the right time to catch the right harvest period.

Monday it became evident that in addition to the group who are planning to market at Barwise and the Floyd County Growers and Marketing Association's 10 or 12 members, several other growers are planting 10 to 15 acre fields to get their feet wet for the first time.

In addition to these several growers are contracting ground on a seed and fertilizer furnished basis with brokers, an experiment tried here for the first time last year.

Biggest operators will be the Floyd County Growers and Marketing Association, which pools 12 growers acreage for marketing purposes. Johnnie Miller at Barwise and M. W. Wiley at Lockney, who will have several hundred acres under contract.

For the first time a few farmers at McCoy are getting into the onion game, have a broker contacted and expect to harvest something less than 200 acre of onions.

Floydada Growers & Marketing Association also are reported spreading into potato growing. Expectation is that this organization will have approximately 250 acres of potatoes. Seed for these come from the Dakotas and Wisconsin as a rule. They have been unloading seed potatoes in the past ten days. Their background in vegetable growing dates back for five years.

Interesting development growing out of the visit of the A & M specialists to Floyd County last fall will be test plots of onions to determine which varieties are best adapted to this area as to quality and marketing condition and are most likely to resist diseased conditions in one onion disease which the specialists have found in this area, and which they think might develop into a serious problem.

The test plots were being set this week by County Agent Bill G. Rodgers on the Kenneth Probasco farm north of Barwise. The agent said he had more than seven varieties which will be tried out in the test plots.

While there are always possibilities of over-planting in any given area in any crop the principal marketing hazard is in the possibility that the Floyd County crops may "come off" in competition with produce from other areas. Last year growers in this area were fortunate with their onions and potatoes, unluckily with tomatoes and cabbages.

Lack of storage facilities leave the growers wide open to adverse spot sales conditions.

The probability is seen that other vegetable crops will have a good experimental run again this year in the county.

One big marketing concern has already leased a half section near Lockney for melons. They will grow the melons which they plan to market.

Mrs. J. E. Riley Burial Sunday

Mrs. Amanda P. Riley, widow of the late J. E. Riley of Sand Hill, died at the home of her daughter, Mrs. Myrtle Chatham at Plainview Saturday afternoon at 4 o'clock and interment was made in Floydada Cemetery Sunday afternoon following a service held at 3 o'clock at the Wall Street Church of Christ.

Ohmer Kirk, minister, officiated at the rites.

Mrs. Riley had made her home with her daughter since the passing of Mr. Riley in 1936. Burial was made by the side of her husband and a son Mason, who also preceded her in death.

Mrs. Riley had been active despite her advanced years, until two months ago, friends of the family said.

Mrs. Riley was born in 1860 in Bee County, Texas, and was married to J. E. Riley in 1884. The couple moved to this county in 1901 and made their home at Sand Hill, where they farmed.

Tom Chatham, of Sand Hill, is a grandson. There are six other surviving grandchildren and 12 great-grandchildren.

Mrs. C. C. Webb Injured In Fall

Mrs. C. C. Webb, of Starkey, is in Methodist Hospital at Lubbock this week after undergoing surgery Tuesday morning for a broken hip.

Mrs. Webb was injured about 7 o'clock Friday evening of last week while she was entertaining her grand son, T. R. Assiter, in southwest Floydada on Highway 207. She fell while she and the grandson were playing with a Shetland pony.

Report on her condition was not immediately available Wednesday afternoon.

McBrien Named To Judgeship

J. D. McBrien, new county judge of Floyd County, was sworn in succeeding O. P. Rutledge, resigned, Friday morning of last week at the County Court Room by Miss Margaret Collier, County Clerk.

Mr. McBrien was chosen by the court for the job following a brief conference which preceded the announcement of his appointment.

He is the second appointee named to fill the unexpired term of the late Judge W. E. Grimes, who died in May of last year after serving less than a year and five months of a four-year elective term.

The term of the newly appointed judge expires January 1, 1959.

The new judge has been a resident of Floydada since 1929 when he came to the county from Wichita Falls to open a grocery store in partnership with his brother-in-law, A. T. Hull. He has been in business here continuously since. He is not severing his connection with the partnership but will not be active in its management, giving his time to the judgeship.

McBrien will be 59 years of age in September. He has had no previous service as a public official except for 10 years as a member of the city council of Floydada, during which time he was mayor pro tem for four years.

Mr. McBrien and Mrs. McBrien, the former Jessie Hull, were married in Snyder in 1925.

Chas. B. Smith Funeral Today

This afternoon at 2:30 o'clock the funeral rites for Chas. B. Smith, of Harmony and Lubbock, will be held at the First Methodist Church in Floydada and his body will be interred in Floydada Cemetery. Rev. Tilden B. Armstrong, pastor of the church, will officiate.

Mr. Smith died Tuesday night at 8 o'clock at his recently-acquired home here. He had been ill since early last fall. While visiting down state he suffered a stroke from which he never fully recovered.

Born at Illinois Bend, Tex., Mr. Smith moved to Floyd County in 1910 and was married at Harmony in 1918 to Miss Ethel Trowbridge. The couple had lived at Harmony for more than 30 years before he became ill and they went to Lubbock to be near their two sons.

The survivors include his widow, Ethel, a daughter, Mrs. Branham Payne of Salem, Ore., two sons, Joe T. and C. Jack Smith, of Lubbock, two sisters, Mrs. J. C. Fuller of Plainview, and Mrs. T. W. Collins of Canyon, a brother Joe H. Smith of Silerton and two grandchildren.

Home yesterday from a wonderful vacation spent at Mexico City and at resort cities on the west coast of Old Mexico were four Floydada couples.

All had good luck in the fishing waters at Acapulca and Mazatlan.

In the group were Dr. and Mrs. A. E. Guthrie, Mr. and Mrs. J. A. Arwine, Mr. and Mrs. Cecil Hagood and Mr. and Mrs. Walton Hale.

Cotton Grower Alert Sounded On Poage Bill

Hazard of loss of cotton acreage allotments in Floyd County next year, seen in the Poage acreage control law dropped into the hopper of the House of Representatives at Washington, has created pointed interest among cotton growers locally.

Yesterday it was announced that a meeting had been called for Tuesday night at the district court room in Floydada by Robert Smith, president of the Floyd County Farm Bureau, to discuss the situation. Hour of the meeting is 7:30 o'clock.

The Tuesday night meeting will follow the Plains Cotton Growers session Monday in Lubbock where cotton men will hear a discussion of the farm problem by Representative Jamie L. Whitten, of Mississippi, who is chairman of the Agricultural Appropriations committee of the House of Representatives.

The consensus of opinion is that his county is likely to lose cotton acreage if the Poage Bill becomes law. In opposition to it Representative Mahon of the 19th District has introduced a bill which is expected to embody the West Texas cotton growers point of view.

The meeting Tuesday night will discuss the pros and cons of the outlook on the pending legislation and will try to arrive at a decision on a plan of action that should be undertaken.

Council Meets Saturday

The Floyd County Home Demonstration Council will meet Saturday afternoon at 2:30 o'clock in the council room in the County court house. Mrs. Grigsby Milton will preside over the meeting.

J. H. Mason Is Victim Of Utah Highway Crash

Mr. and Mrs. Grady Mason this afternoon were in Miami, Oklahoma, where their eldest son, Henry Martin, 29, is to be buried following funeral service at the First Baptist Church at 2 o'clock.

Henry Martin Mason was killed late Sunday in an automobile crash on a southeast Utah highway, which also took the life of one other person and injured two others seriously. News of the fatality was relayed to the Masons here from their son's wife at Tulsa, Oklahoma, where the young couple made their home.

Exactly where the accident happened and the details were not known to the parents when they left Floydada Monday morning for Farmington, New Mexico, where the body of their son was taken after the wreck. The Masons were accompanied by their other son, John and his family, from Fort Worth, who came to Floydada overnight Sunday.

Henry Martin Mason was born on the farm where the Masons make their home three miles south on the Lakeview Highway, southeast of Floydada. He was married about four years ago to a Miami, Okla., girl.

Henry Martin was in Utah on a house painting contract, where he had a crew at work, when he was killed.

The Masons are due home tomorrow from Miami, according to friends of the family.

Mrs. Marion Bradford, a neighbor, said that Mr. and Mrs. Claud Fawver and Mr. and Mrs. G. L. Fawver left Tuesday noon for Miami, and will attend the rites for the victim of the accident this afternoon. These couples will not return home immediately with the Masons but will journey on to Moberly, Mo., before returning to Floydada.

Takes Oath of Office. Floyd County's third judge since January 1, 1955, is shown being sworn in Friday by County Clerk Margaret Collier. The ceremony took place in the county court room with members of the commissioners court as witnesses. Taking the oath is J. D. McBrien, Floydada business man, who succeeds O. P. Rutledge, resigned.

Does Your Automobile Need "House Cleaning"?

By Jeanne Smith, Dodge Safety Consultant

DANBURY, CONN.—Police here recently made an astonishing discovery when they spot-checked trunks and glove compartments of cars entering a specific check point.

"These trunks and glove compartments of cars were found to be full of household cleaning supplies," said a police officer.

Police here recently made an astonishing discovery when they spot-checked trunks and glove compartments of cars entering a specific check point.

Miss Smith said that her glove compartments were full of household cleaning supplies. She said that she had found a lot of household cleaning supplies in the glove compartments of cars.

Purpose of the check was to determine whether Danbury motorists carried the proper emergency safety equipment in their cars. More than 20 percent did not carry even minimum equipment needed for emergency situations.

Others examined their glove compartments and trunks with so many unnecessary items (letters, old bills, fishing tackle from last summer's trip, tennis rackets, etc.) that it would be difficult to get to emergency equipment if it was needed.

Here is the list of necessary safety equipment, copyrighted by the American Automobile Association:

IN TRUNK: tire chains; saw rope, at least 25 feet long; bag of salt or sand for traction on slick surfaces; old gloves and old piece of carpet for changing tires or making small repairs; tire jack and tools for changing tires.

A small fire extinguisher, first-aid kit, short-handled shovel and small tool kit are also recommended safety equipment, especially for those who do a great deal of country driving.

Wednesday night at 7:06 the annual stock show banquet given by the Floyd County Farm Bureau was held at the high school cafeteria in Floydada. The banquet honored the FFA and 4-H Club exhibitors in the stock show of last week. Guests were the exhibitors, their parents and the show officials. Bill Beedy was general superintendent of the Floyd County Junior Stock Show. He attended the banquet as did many others from our vicinity.

Housewives have announced a Come and Go social shower, honoring Mr. and Mrs. Leslie Jarrett, who were wed on March 7, in Canyon. The shower will be held in the home of Mr. and Mrs. Calvin Poeset from three to five on Saturday afternoon, March 16, and everyone's extended a cordial invitation to attend.

Council Meets Saturday; Plan Research Study

PLAINVIEW — The Regional Council of the High Plains Station of the Texas Research Foundation will meet at the Hilton Hotel at 11 a. m. Saturday, March 16. After a luncheon they will visit the station at Halfway just nine miles east of Olton. Harold King, chairman of the Council, is to host the meeting.

This is the first meeting since the Council was organized in October, 1936. At that time they set up the High Plains Station and made plans to secure the 213 acre site at Halfway and accepted a budget of \$50,000 for the first five years of operation.

At this meeting the Council will review plans made at the organizational meeting for research at the station. Among the matters to be presented will be the new crops to be evaluated in the evaluation series for their adaptation to the soil and climate, soil and water management practices to be studied of present crops to be tested for their desirability, tests and demonstrations with grasses and legumes for soil improvement, cropping systems, rotation and water conservation.

Among the items to be discussed will be the priority of research projects in relationship to the available funds. Just over 90% of the 5-year budget has been raised. Additional staff members and equipment will be added as the 5-year goal is approached.

Members of the Regional Council from Floyd County are Ewald Quobe, Joe Foster, Lockney; Jimmy Wilson Jr., B. A. Robertson, Floydada; Motley County: Joe M. Rose, Hoarling Springs.

\$24.97 may not be a pot full

... but that's how much you can save a year using economical GAS for Clothes Dryer

If you're a lucky one who already has a pot full (money, of course), might as well skip to the next ad. But if you feel that \$24.97 is a sum to reckon with, heed these words of wisdom: "Go First Class with GAS and Save the Difference!" That's right. With gas, the average cost per year to a family of four is only \$2.63—9 times less than it costs to dry the same family's clothes with any other dryer! Add to this the fact that gas dries clothes FASTER, SAFER, and more DEPENDABLY ... it makes good sense—and a lot of dollars—to GO GAS like so many Smart Moderns are doing!

AT SUNDAY SERVICE

Scout's God and Country Award To Be Presented George Farris

George Farris, the son of Mr. and Mrs. Kinder Farris, 725 West Kentucky will receive the Scout Award of "God and Country" at a special service at the First Christian Church Sunday morning at 11 o'clock worship hour.

The God and country award originated in 1946 by the Protestant Committee on Scouting and was first approved by Protestant, Catholic and Jewish churches.

The God and country award is a program that means to help the Scout fulfill the first part of the Scout Promise, "On my honor I will do my duty to God." The twelfth point of the Scout Law recognizes the place of religion in a boy's life, and reminds him that a part of Scouting is to live a worthy religious life. The program covers five areas of study, experience, and service.

(1) Christian faith (2) Christian Witness (3) Christian Citizenship and (4) Christian Fellowship.

The Scout is guided through these areas in three stages (which require six months) by his minister. When he has completed the stages, he has gained far more than just a medal — he has a better understanding of spiritual needs of his church and community, has rendered service to his fellowman, and has made a diligent study of prescribed portions of the Bible.

The God and Country award is one of three awards a scout can wear above the left pocket. These three are the God and Country, Eagle Badge and Scout Medal for Heroism.

George is thirteen years of age and is the second boy in this district to receive the God and Country award and the Christian Scout from the First Christian Church of this city to ever receive it. Only nine other Scouts in Haynes District wear the medal.

George is a freshman high school student, active in Sunday school and Chi Rho Fellowship work in the

KITCHEN AND FIELD NEWS

from Lighthouse Electric Cooperative, Inc. by Nancy Mordak and Claude Weatherbee Electrification Advisors

ANNUAL MEETING
The Annual Meeting Planning Committee has been named by the Board of Directors. The duty of this committee is to plan the annual meeting of the Lighthouse Electric Cooperative, Inc. — program, entertainment, publicity, exhibits — any other activities decided upon.

The co-op area is divided into seven voting districts and there is a Director from each district. Each Director names a couple from his district to serve on the annual meeting planning committee — a couple who they feel is interested in their cooperative, as they not only represent their director, but their district on this committee.

This committee met for their first meeting at the Lighthouse Co-op on Friday afternoon, March 1. The committee members are:

Mr. and Mrs. M. M. Julian, South Plains.
Mr. and Mrs. Henry Scarbrough, Route 2, Petersburg.
Mr. and Mrs. L. H. Blum, Route 5, Floydada.

Mr. and Mrs. Marion Tucker, Route 4, Floydada.
Mr. and Mrs. Olin Lyles, Route 3, Floydada.
Mr. and Mrs. Clyde Parish, Lockney.

Mr. and Mrs. Travis Burns, Crosbyton.
The group named Henry Scarbrough as chairman of the group. They also named Mr. and Mrs. Ned Bradley as members of the committee. Mr. Bradley will serve as Master of Ceremonies at the Annual Meeting which will be held at the Baptist Encampment on Saturday, April 27.

They are hoping every member will be able to attend this meeting of their cooperative.

Be sure and make your plans now to attend. Watch for further announcements.

Take time to work—It is the price of success.

Take time to think—It is the secret of youth.

Take time to read—It is the foundation of knowledge.

Take time to worship—It is the highway of reverence and washes the dust of earth from our eyes.

Take time to help and enjoy friends—It is the source of happiness.

Take time to love—It is the sacrament of life.

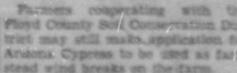

Take time to dream—It hitches the soul to the stars.

Take time to laugh—It is the singing that helps with life's loads.

Take time to plan—It is the secret of being able to have time to take time for the first nine things.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Farmers cooperating with the Floyd County Soil Conservation District may still make application for Arizona Cypress to be used as fast wind break on the farm. The Cypress are potted seedlings and cost twenty-five cents per plant. Applications will be taken on a first come, first served basis as long as the supply lasts.

Cheryl's Chatter

(about events at Floydada High)

Girls! Better start saving your money because the Student Council has set the date for "Twip Week" as April 1-7. This is the week the boys wait for with delight (or is it dread)?

"I Remember Mama" was a very good play and everyone seemed to enjoy it! This play is now being cut and prepared for the district one-act play contest March 22. Sure hope the play can go to state again this year and win first.

The band is making preparations for their trip to San Antonio this weekend. The band is working on concert playing in rehearsals, and, of course, marching!

The Ralls Student Council is to visit our council next Monday. May be they'll show this time!

Have you noticed? Our track team running round and round? Little Cesar in Chemistry with his insurance policy? Memory work in English IV? Fleeta Carthel's cute figure? Jaynette Martinez' new short hair? Janice Smith's back in school? Leroy Colquhar slipping down the hall 5th period? Jay's yellow tape on Steve Nelson's nose? Norman's! senior ring? What a gay time Robert Stewart had in Austin? Seniors selling Stanley products? Bethie Wilson's pony tail? Laura King's new Italian hairdo? (This seems to be the season for hair cutting! Yet, no one has come out in a crew! Girl, of course!)

The try-outs for district in short-put were today. Two girls were to be selected to compete in shorthand and one alternate in case one passes out with fear!

Couples seen around the "drag" and the halls of Flus have been: Sue Franken and Mack Sturber, Marjorie Barleton and Joe Noland, Jenni Floyd and Don Norman, Bethie Wilson and Larry Glassmeyer, Donna Milson and Aris Powell, Judy Jackson and Bill Orman, Suzi Nelson and Norman Davis, Jaynette Marquis and Max Harrison, Ann Jones and David Mount, Naomi Baker and Jerry Paterson, Pat Hickerson and Grant Cooper, Juanelle Wood and James Teague, Barbara Smith and Roger Trapp, Steve Drapp and Edna Lawrence, De Anne Verberry and Rex Jones, Gail Baxter and Larry White.

Sandra Roe and bubbly Christian, Fleeta Carthel and Emer Williams, D'Lene Wikowski and Rusty Timm, Kay Robertson and Weldon Pruitt, Carol Layson and Gary Jackabay, Virginia Stewart and Jimmy Hrschal, Sue McClung and Henry Scott, Silvia Ouffie and Don Jarrett, Sue Kestricks and Billy Hilland, Sharon Edmiston and Ceth Armstrong, Sally Reed and Charlie Viney, Janis Roberts and Jennie Julian, Lavene Tremble and Janey Grant, Anabella Thurston and Don Colley, Carolyn Cates and Juddy Walter!

Have you heard about the new soap that's being put out now? It's called "Don't Lather, Don't Bubble, Doesn't Clean, Just Company in the Tub!" See ya'll!

Orders are still being taken at the office of the Soil Conservation Service in the Agricultural Building in Floydada. Order limits are not less than fifty nor more than four hundred.

Nurseries who are cooperating with SCS have made the trees available to the cooperators at this special price and delivery of these trees will be about May 1.

Recommended planting in single rows. The trees should be spaced six feet apart and in two rows. If they are spaced eight feet apart in staggered, the rows should be seven feet apart so that farm equipment can be used for cultivation.

While the trees are still small and getting their root systems established some protection should be given them. This can be done by sticking strips of paper around each tree or by trapping them with old newspaper. Don't use tin or tin cans.

If further information is needed contact any of the SCS personnel.

Mrs. Minnie Smartt of Abilene was a week-end guest in the home of her daughter and family, Mr. and Mrs. Paul Martin.

Floydada People See Basketball State Playoffs

Several families from Floydada were in Austin last week-end and saw the state basketball championship games at Gregory Gym there. The five northwest Texas entries were Pampa AAAA, Pecos, AAA, Seminole AA, Ropes A, and Meadow B.

Among those seeing these championship games were Mr. and Mrs. Gene Collins Sr., the Aston Carthel family and the Earl Crawford family, Mr. and Mrs. Paul Hittington, and the Richard Stovalls.

West Texas teams did not fare well in the meet with Meadow, Seminole and Pecos taking second places and Ropes getting third in the big

Seventh Grade Miss Is Winner Spelling Match

Mary Kay Asher, 13-year-old daughter of Mr. and Mrs. Sam A. Spence, is the county's champion speller. She will represent Floyd County in the regional spelling bee March 30 in O. L. Slaton Junior High School, Lubbock, when a contestant to represent the area will be chosen to go to the Washington, D. C. for the national spelling contest.

Mary Kay, a seventh grade student at Floydada Junior High School, was chosen Monday night over eight other contestants in the county spelling bee held in the county court room at 7:30 p. m. Bill Mangold, 13-year-old son of Dr. and Mrs. W. J. Mangold of Lockney, an eight grade student at the Lockney Junior High School, was named runner-up. Bill missed the word "fortyteen". Mary Kay spelled that word correctly and went on to the championship by spelling her winning word "fortieth".

Linda Robertson, 12-year-old daughter of Mr. and Mrs. M. S. Robertson was named winner of the junior division and Rita Carol Colley, daughter of Mr. and Mrs. Ira L. Colley, was named runner-up.

Those entering the spelling bee were Sandra Smith, Lockney; Kenneth Christy, Lockney; Rita Carol Colley, Floydada; Linda Robertson, Floydada; Mary Kay Asher, Floydada; Bill J. Mangold, Lockney; Verma Anderson, Lockney and Eric Christensen, Floydada.

Jay Frank Potts and Dale West, both of South Plains, were unable to attend Monday evening due to illness.

Mrs. H. G. Barber, member of the Floydada Junior High School faculty, was proponent of the evening. Judges were C. H. Cheeves of Lockney, Mrs. Ira L. Colley of Floydada and J. H. Hall of Lockney.

Each entrant was awarded a white ribbon for participation and each school represented with a winner was awarded a blue ribbon. The county winner was presented with a fountain pen by the sponsor of the event.

County Superintendent Clarence Guffee was chairman and moderator for the evening activities which about 30 people attended.

WEATHER REPORT

High temperature in Floydada for the week was recorded on Friday and Sunday with a reading of 74. Low temperature was recorded on Thursday morning with a reading of 23.

Yesterday's reading at 2 o'clock was 72 and low for the day was 41.

Jonas L. McPeak, 84, Is Claimed; Funeral Thursday

Funeral service for Jonas L. McPeak, 84, was conducted Thursday afternoon at 3 o'clock at Harmon Funeral Home Chapel with Gordon L. Downing, pastor of the City Park Church of Christ, officiating. Burial was made in Floydada Cemetery under the direction of Harmon Funeral Home.

Mr. McPeak passed at 12:15 p. m. Wednesday in Swisher County Hospital, Tulsa, following an illness of eight weeks.

Born Nov. 30, 1872, in Tennessee, McPeak was married to Miss Nancy Jane Burrus, Dec. 29, 1892. He moved from Tennessee to Coryell County, Tex., when a small boy. The couple moved to Floyd County in 1901. Mrs. McPeak preceded her husband in death in 1932.

He was a member of the City Park Church of Christ of this city at the time of his death.

Survivors include four sons, Roy Clinton, Detroit, Mich., Clifford, Floydada, Joe, Plainview and Chester, Oxnard, Calif.; two daughters, Mrs. Dan Adair, Oton, Mrs. Lee Oma Holcomb, Tulsa, with whom he made his home, 16 grandchildren; 16 great grandchildren; one sister, Mrs. Bettie Cash, San Diego, Calif.; and one brother, George W. McPeak, Floydada.

Funeral services were held at the home of Mr. and Mrs. Vincent Bennett.

and O. M. Watson Sr. E. C. Carter will serve on the board and Parrish is expected to name two other directors.

In a statement on the state of affairs in the community Carter said this week that "constant planning and work" has paid off in the 1956-57 year and that "full speed ahead" should be the slogan of progress for 1957-58.

"All of us are looking forward to and planning for a new year," he said. "The members of the organization have been given every opportunity to help set up the program for next year and they will be invited to take a part of the work load that carrying out these projects will call for."

The new program calls for activity in agriculture and live stock, industry and new business, civic improvements, transportation facilities, retail trade development, churches, schools and libraries, health, safety and recreation, and governmental affairs.

PROGRESS of the past year has been notable in Floydada, Carter points out. Some of the accomplishments of public and private effort have included:

Opening of the new dial telephone building and exchange, completion of the new high school and the broadened facilities of the entire school system, added paving projects, good stock show, an outstanding Christmas parade, an expanding vegetable industry, growing business activities with improved service and merchandising selections, a summer recreation program, park improvements, improvement in street cleaning, growing county library and other accomplishments in both residential and business areas.

Oil Test

W. W. West, of Midland, who made the test for oil on the Carpenter land near Allmon in southwest Floyd County, told a Hesperian reporter Tuesday that the hole had been plugged and abandoned with no production. West and his associates had hoped strongly for a producing well from the formation which the drill tapped on the adjacent Carmichael leases.

Mr. and Mrs. Charley Battey and Mr. and Mrs. Thomas Warren and children visited over the week-end with their daughter and sister, Mrs. Bob Aldredge and family.

Jayne Mansfield, who was dubbed "Broadway's Smartest Dumb Blonde" when she starred in "Will Success Spoil Rock Hunter?", makes her CinemaScope screen debut in Twentieth Century-Fox's "The Girl Can't Help It," which will open on Sunday March 17, at the Palace Theatre.

Rock 'N Roll Picture Comes To Palace Sun.

Palace Theatre hits the rock 'n' roll jackpot with a color comedy, "The Girl Can't Help It" which opens on Sunday, March 17.

Tom Ewell, Jayne Mansfield and Edmond O'Brien are in the starring roles.

Fourteen of the hottest musical artists on the jazz scene today, such as Julie London, Ray Anthony and his orchestra, Fats Domino, The Platters, Barry Gordon, Little Richard and his band, Gene Vincent and his Blue Caps, The Treniers, Eddie Fontaine, The Chuckles, Abbey Lincoln, Johnny Glenn, Nino Tempo and Eddie Cochran, appear in the picture.

Jack Deakins at Palace Theatre reports "The Girl Can't Help It" as a mixture of song, comedy and romance. The galaxy of above named musical artists bring some of the most popular rock 'n' roll numbers of the day during this full length rhythm hit.

One of the big scenes in "The Girl Can't Help It" is a rock 'n' roll jubilee in which this well known aggregation presents 16 numbers designed to please the audience very much.

Whirlwind Track Team to Enter In Crosbyton Relays

The Floydada Whirlwind Track team will enter the Crosbyton Relays Saturday, March 16. The green and white thin clad will have men in most events and hope to pull down a few points in a big field of entries.

Last year more than 20 teams participated in the big meet and posted some of the best marks of the season. The morning session will be mostly preliminaries and qualifying events with most all of the finals in the afternoon.

Last Saturday Coach Preston Watson's Winds did not scratch in the Snyder meet, but did show well in some events. Stanley Grant ran a 52.8 in the 440 yard dash during the prelims, but did not have it in the afternoon finals when he came in fifth. Floydada's mile relay team also came in fifth to finish just out of the money.

Lockney showed the class of district 2AA at the Snyder affair by taking second in the 100 yard dash and also placing in the 440 relay and mile run. Post won the medley relay to make the districts only other points. Abernathy usually the strongest track team in the loop failed to place.

Many Had Part In Success Of Jr Stock Show

Yesterday the officers of the Floyd County Junior Fat Stock Show had not rounded up all of the show's loose ends and were not sure of their financial status, said Doyle Mount, president.

They expect to go into the situation fully in the very near future. A meeting originally set for tonight at 7:30 has been called off and the new date has not been announced.

Of one thing the association is sure, however, that is that the good show this year was made possible by the help of a great many persons in various ways.

Named by the association as money contributors for the show barn annex are Bill Beedy, Bill Coleman, Robin Furtenberry, Bill McNeill, Doyle Mount, H. L. Stringer of Wichita Falls, Gerald Lackey, Marvin Shurbet, Bohannon Gin, Farm Bureau Insurance Co., Barwise Gin, Morckel Farm Chemical Co., McCoy Gin, Floydada Consumers Fuel Association, Farmers Cooperative Gin of Floydada, Producers Cooperative Elevator, Bill Norman, J. H. Noland, R. C. Mitchell and Chester Mitchell.

Donors of labor and materials for the building included Lawson Bros., R. L. Wilson, Builders Mart, Wyle Butone Co., Foote Butane Co., Carjehl Oil & Butane Co. and Bohannon Gin.

The City of Floydada Water and Electric Departments also were helpful in supplying lights and water for the show and there were many other helpers in various ways.

The Farm Bureau banquet for the boys and girls and their parents, the use of the new high school cafeteria for the event, and the various superintendents and auction workers also came in for high praise by the show officials.

Among others Mr. Mount mentioned specially were Hale County County Agent Ollie Linder and Vocational Instructor Gene Barnett of Plainview for their time and effort as a sifting committee.

Aunt of Floydada Residents Passes

Funeral service for Mrs. Rose E. Sayers, 73, of Hobbs, N. M., was conducted Friday afternoon at 2 o'clock in the Sanders Funeral Home Chapel of Lubbock with the Rev. Ed E. Mulliner, pastor of John Knox Presbyterian Church, officiating. Burial was made in the City of Lubbock Cemetery under the direction of Sanders.

Mrs. Sayers was an aunt of Milton Evans, Mrs. Ernest Lee Thomas and Mrs. W. R. Daniel, all of this city. She passed at 8:20 a. m. Thursday in West Texas Hospital, where she had been a patient about two months. She moved to Hobbs from Lubbock about six years ago.

Survivors include one son, J. T. Sayers, Hobbs; one daughter, Mrs. A. D. Montgomery, Lubbock; three grandchildren; and one sister, Mrs. Allan McNutt, Grand Junction, Colo.

Floydada Girl 'Miss Lincoln' In Auto Show

Miss Sharrienne Strickland, grand daughter of Mr. and Mrs. C. A. Strickland of this city, will be featured as "Miss Lincoln" in a four day automobile show at the Municipal Coliseum in Lubbock, March 21 through March 24.

The queen of the automobile show, "Miss Automobile," will be chosen by popular vote of the audiences and will be crowned at the final show.

Sharrienne, a former student of Lockney High School, is a junior student at Texas Technological College. She is the daughter of Mr. and Mrs. W. C. Strickland of Plainview.

WIVES CAN HELP HUSBANDS STAY ALIVE SAYS WRITER

American men are literally killing themselves to produce "a better world" for their wives to live in alone. To prove this statement, Hannah Lees of Philadelphia, in an article in the March Reader's Digest condensed from her book, "Help Your Husband Stay Alive," cites these insurance company statistics:—

There are 7,000,000 widows in the country. Seventeen men die in their 40's for every 10 women. Eighteen men die in their 50's for every 10 women.

American women, who would prefer to have their husbands to the milk stole his overwork cars, can do more than a whole battery of psychiatrists to save their lives. Miss Lees asserts in offering these suggestions.

Help him relax. Make him happy to be a good father and husband. If he seems more happy at work than at home, find out why and try to do something about it. If your husband is growing away from you, broaden your interests and match his strides.

At the University of Michigan, examination of 500 executives revealed more than half suffered diseases of which they were unaware which needed immediate attention. So make medical check-up appointments for him. If he needs more sleep, reduce his social engagements; if he is overweight, plan attractive low calories meals.

Encourage walking, swimming, gardening, golf in moderation and other forms of light exercise for the sedentary man but don't expect a tired man to shovel snow or do anything that makes him more tired.

Offer him love and the approval and admiration which too few men get on their job.

There are a hundred different ways a man's wife can contribute to his happiness and well being if she once starts thinking about it," Miss Lees concludes. "And the fine thing about this is that most of them are also ways of contributing to her own."

Rev. and Mrs. S. K. McClung, who make their home on Lake Brownwood at Grosvenor, Tex., observed their Golden Wedding Anniversary on Sunday, March 10.

The couple's seven sons and daughter honored their parents at open house Sunday, from 2 until 5 p. m., at their parents' home.

Rev. and Mrs. McClung were married March 10, 1907, in the Pleasant Grove Baptist Church in Madison County. She is the former Ethel Reding.

Rev. McClung is a graduate of Baylor University and Ft. Worth Southwestern Baptist Theological Seminary. He was pastor of the First Baptist Church of this city from 1932 until 1936 when he went to the First Baptist Church of Perryton.

Rev. McClung retired in January of 1953, but still served as supply pastor for churches in the Brownwood area. At Grosvenor the couple have a farm with cattle grazing area.

Children of the couple are Truett, San Angelo High School principal; Carroll, Perryton grocer; Cloyd, Waco, librarian and professor at Baylor University; S. H. Jr., Amarillo painting contractor; Mrs. Rudolph Bellos, Dallas, housewife; Joe Brooks, stationed with the United States Army in Ohio; and W. H., Floydada baker.

All of the children and their families were present except Joe Brooks McClung, Mr. and Mrs. Roy Patton of this city accompanied Mr. and Mrs. W. H. McClung and daughters, Sue and Shirley, to Grosvenor on Sunday.

The drunk sitting at the bar was adjacent to a man and his wife. Suddenly the drunk came forth with a resounding burp.

"How dare you belch before my wife," thundered the husband.

With that the drunk unsteadily got off the bar stool and making a sweeping bow said, "A thousand pardons, sir. . . I did not know it was the madam's turn."

A small soiled youngster accompanied by his even smaller brother stopped an elderly lady as she was passing their house.

"For a rickel I'll have my brother imitate a hen for you," said the boy.

"And how does he do that, my little man?" said the lady. "Cackle!"

"No man," said the little boy. "None of those cheap imitations for us. . . I'll have him eat a worm."

Self-Service Is Growing Giant of Retail Food Field

NEW YORK — Self-service retailing is rapidly becoming "a way of life." A decade ago this infant in the retail industry showed no more promise than any other crawling baby; but now it is a muscular giant in the retail food field. Mrs. Home-maker loves this giant. He makes it EASY for her to buy.

Originally the popularity of self-service was attributed to the price saving factor. This may have been true in the infancy of the self-service, but it certainly isn't the case today. Today's modern food market's competitive position is determined more by its "Willy" EASY shopping convenience than by any other retail factor. It's no coincidence that super-markets out sell drug, variety, and department stores on non-food items in North America even though prices are identical.

EASY shopping is the answer. Nowhere is this change more dramatically illustrated than in the

★ ★ ★ ★ ★ VIEWS AND COMMENT

Most pressing need in Texas is a solution of the water problem—water for the people in municipalities. The solution of this problem would help a great deal in the areas adjacent to these cities. We have some wise men who have been studying the problem in recent years. They have come up with some good ideas for the consideration of the legislature—and later on the people themselves at the ballot box. Such a shame the senate and house have become embroiled in investigations and rumors of investigations. Bound to detract from the many problems at hand—including the water problem.

Fresh Water from salt water is not out of the possibilities of the future. So say the scientists who also declare the operation, when we get around to it, may not be so expensive as to be impractical. There is plenty of water in the ocean. What the mind of man can imagine he can do. Certainly if we can put a "satellite" in the sky we can also get our selves some drinking water. And "cloud seeding" is also in the realm of the practical not too many days hence, don't you think? When we learn a bit more about the ways of nature.

The Robertson Law. The protective arm of the state of Texas provided by what is known as the Robertson Law, which was adopted at about the same time the Terrell Election Law came into the picture in this state, was intended to protect and did protect, the infant Texas insurance companies. So that in fifty years Texas capital has built many, many strong insurance companies. In that early day it was common practice of the big New York—and other state—insurance companies to put the little Texas fellows out of business by the simple ruse of cutting the insurance rate so low the home fellow couldn't meet it. Result, the home state company simply folded up. It was the old trick of making a cut in Texas and making it back in some other state. Indignation at the time ran high, according to the history books. There ought to be a law, everybody said.

In Connecticut, in New York, in Massachusetts, the record books are full of the history of insurance companies which fell by the wayside in the cut throat competition of those days. The Robertson Insurance Law in Texas was an innovation, such an innovation that all the big eastern companies withdrew in indignation and left Texans, who had the audacity to pass such laws, to stew in the juice of their own poison. It just so happened that it did not work that way. Texans actually owned and operated insurance companies of all kinds successfully and in a highly profitable manner. New insurance in Texas is only second in importance to the oil business, possibly one or two other types of commerce and industry.

But where there is much money to be made there are men who seek ways of evading the law and find ways that are devious. In fifty years the many loopholes in the Texas Law, and the tight hold the state insurance commission had on rates, resulted in high jinks the like of which has not been since the same thing happened in the older states, only in a modified way. What will be the result of the indignation which is sweeping the state now may be only conjectured. The state insurance commission which has been a high-handed browbeating agency of the state, may have it powers abbreviated in some degree. Additionally, laws which were passed by the last legislature may be amended to make them stronger this year.

In the path of it all will be found the broken careers of weak men, and some not so weak, who have become involved in the racketeering that has gone on. Heads are rolling and more are due to roll in and out of the legislature. All of the big stakes and temptations are not in the insurance industry. There are oil and liquor and railroads and unions, trucks, steel and lumber, the municipalities, even farmers and teachers, who have "their men" on hand. The smart ones lay traps of various kinds for the unaware and the venal. It is a big game and plain, rugged honesty is not ample protection for a legislator or lobbyist who is there to take part in it. One must be wise as the serpent. Since many of us are not wise the toll is due to be heavy in the rising storm of protest against the rigging that takes care of the few at the expense of the many.

But not all is bad by any means. It is true that everybody must have himself a senator—a state senator is the biggest man in Austin. It is not the best judgment to appear before one of the state commissions or bureaus without your senator along. But there is plenty of sense and honesty in Austin and these will eventually prevail. Note that seven senators lost out in the last election, and have been replaced by others. All of the seven were involved either in the veterans land scandal or the insurance mess. The people back at home saw to that. They changed horses.

Which brings us around to the fact that the legislators we send to Austin are chosen by the people. They are our own choices selected at the polls. They are the nearest thing to "the people." Only yesterday they were on the stump begging for our votes, for the right and the honor of representing us in the legislature. For good or bad we sent them there. If a "kept" senator or representative went to Austin from your district it is the fault of yourself and your neighbors. The time to find out is before you vote.

A. W. "Gus" Benner, Scout Executive of the South Plains Council.

Benner Taking Over As Plains Chief Scouter

A. W. "Gus" Benner, formerly of Paris, Tex., is now on the job as Scout Executive of the South Plains Council, replacing W. R. "Bill" Postma, who transferred to Spokane, Wash., in December.

Gus Benner is a native Texan, born in Luling, graduated from High School there, and later graduated from Southwest Texas State College at San Marcos. After graduation "Gus" served as principal of the school at Honda, Tex., for one year and in 1941 entered the professional work of Boy Scouting at Montgomery, Ala. In 1943 he was transferred to Dothan, Ala., as Scout Executive where he served until 1944 at which time he entered the Military Service and served with the 36th Division in Europe.

On returning to civilian life in 1945, he served at Joplin, Mo., as Field Scout Executive until 1947. At this time Benner transferred to the Dallas Council, where he held the positions of Field Scout Executive, District Scout Executive, and Assistant Scout Executive. In 1954 he was chosen as Scout Executive of the Lone Star Council, Paris, Tex., where he served until being chosen by the South Plains Council for their Scout Executive.

Moving to Lubbock at an early date will be the Benner family, wife - Catherine, daughter - Virginia, 19, son - Bill, 17, daughter - Betty, 13, and Janice, 11.

HOME FROM LONG VOYAGE IN WATERS OF FAR EAST

SAN DIEGO, Calif. (PHN) — Scheduled to return to San Diego, Calif., on March 10 was Waldo R. Baxter, fireman, USN, son of Mr. and Mrs. Cecil Baxter of Route 3, Floydada, Tex., aboard the destroyer USS Brinkley Bay, a unit of Destroyer Division 52.

The Division departed from San Diego last Sept. 12 for Far Eastern waters. Stops enroute were made at Pearl Harbor, Kwajalein, and Brisbane, Australia.

While in the Far East the destroyer operated with the Seventh Fleet, the Taiwan Patrol Force, and a Hunter-Killer group, with occasional breaks for regular type training, routine upkeep, and scheduled voyage repairs.

Ports visited included Yokosuka and Sasebo, Japan; Buckner Bay, Okinawa; Hong Kong and Kaohsiung, Taiwan.

As A Farm Woman Thinks

(Nellie Witt Spikes)

Lizie, Jeff and myself had such a lovely time in Spur last Tuesday. Jeff visited with a one-time neighbor, Sam Jones, while Lizie and I were delightfully entertained as speaker guests in the beautiful home of Mr. and Mrs. Engleman. We walked down the curved walk of such beauty that made us want to stop and admire but it led on into the spacious home where we found a warm welcome. We found spurs cut from paper with the name, The 20th Century Club presents Mrs. Spikes. Our delicious cake was served on pottery plates with brands round the edges and cowboy scenes in the center. We drank good coffee from huge cups of the same design.

The room was decorated with western styles. A rope encircled two cowboy boots holding rusty tin snaks and two smaller boots on each side of the big fireplace also held spring flowers. Most of the guests came dressed western in our honor.

We told them about the history of Crosby County which we have had the privilege of writing. They told us parts of the history of Dickens County which at one time was tied to Crosby for judicial purposes. As we talked at the close with each guest we met one, Mrs. J. H. Taylor who once taught school in Rally. You may recall her as Gerie Miller.

We left these pleasant people and delightful surroundings with the hope that some day we could go back and be with them. Especially it was good to be with our friends, Mrs. J. C. McNeill, who also was present.

When she was a young bride she came often to Emma with her husband and ate dinner at our hotel. Always in the summer she would bring bouquets of wild flowers and that gave me much happiness.

We went to visit with the editor of the Texas Spur and he was so very nice to us. The Texas Spur is a fine newspaper and we have enjoyed a copy so much. Thank you, Mr. Lackey, for making us welcome to the Texas Spur.

As we left the town we pulled off the road and went west to Soldier's Mound where Colonel McKenzie once made camp as he fought the last of the Indians.

We want to thank Miss Margaret Elliott, our hostess, Mrs. Engleman, and all the guests for a day that will be put away in the precious box of memories to get out and enjoy for days and days to come.

Maybe some thought I was only picking up nails at the old building that was torn down here in Rally. Yes, they were nails, many crooked and rusty, but they were square nails that once sold for five cents a pound and held the lumber together that was hauled from Colorado City. And the time? Well here is an advertisement found in a copy of the Crosby County News dated Oct. 18, 1927, as found in the History of Crosby County which Mrs. Ellis and I had the privilege of writing. General Merchandise, Estacado, Texas Ranch and Trail Supplies a Specialty, A Brand New Stock of Dry Goods, and Groceries. Just arrived. Among which we mention men's fine hats, over-shirts, clothing, furnishing goods, etc., etc. Call and Examine our Stock. R. L. Stringfellow and H. E. Hume.

The part torn down was the first mercantile in Estacado. It was later moved to Emma where Stringfellow and Hume sold to E. B. Covington. He sold out to A. K. Lackey. Lackey sold to A. J. Botta and the store was again loaded up and moved to the new town of Rally where it was used for a produce house for many years. The front part was ad-

AF ROTC Students On Long Airlift

COLLEGE STATION—Thirty-five distinguished air force ROTC students at Texas A & M College left March 6 for "Operation Regular", professor of air science.

Among this group making the trip was Adrain Helms, son of Mr. and Mrs. P. D. Helms of McCoy Community.

They left from Bryan Air Force Base on the 7:00 mile airlift, their first stop being March Air Force Base, California, where they were greeted and briefed by Maj. Gen. Archie Old, commander, 15th Air Force, who participated in the recent non-stop B-52 flight around the world.

The distinguished students, who are candidates for regular air force commissions, returned to the A&M campus on March 9.

News of Harmony

(By Mrs. Mather Carr)

HARMONY, March 11 — Mr. and Mrs. Carrick Snodgrass returned home Tuesday from Oklahoma City where Carrick underwent major surgery. Carrick is doing very well.

Mr. and Mrs. Zant Scott were in Lubbock Tuesday, visiting with the Chas. B. Smith family. Zant attended a congress meeting and dinner. Charlie was just about the same.

Several attended the stock show at Floydada Tuesday, Wednesday, and Thursday.

Mrs. G. L. Snodgrass and Mrs. Everett Miller attended a painting class Tuesday at Mrs. Turner's in Floydada.

We were sorry to hear of the passing of our long time friend, Herman Krause. Most of the community attended the funeral Saturday in Petersburg at the Methodist Church. Mr. and Mrs. E. W. Turner and Mrs. Loyce Turner and son Gary left Wednesday morning for Omaha, Neb. The E. W. Turners were returning home with Mrs. Loyce Turner and Gary to visit their son. They visited a brother of Elmer's in Oklahoma on the way.

Electric clothes dryer
 Dry clothes the comfortable way, of course, it's electric. No more stretching, bending, stooping or carrying heavy baskets of wet clothes. Just a simple transfer of the clothes from washer to dryer gets the job done. No weather worries or chapped hands, either. You make your own weather — day, or night. That's right, if you're a working-wife wash and dry your clothes in the evening... takes only a few minutes of your time — Reddy does the rest.

Texas Tourist Industry Pays Big Dividends

AUSTIN — Texas last year played host to 8.4 million out-of-state visitors who spent a total of \$379 million, while in the state, D. C. Greer, State Highway Engineer, announced today a report by the Texas tourist industry for 1956, released today by the Texas Highway Department, shows that the average tourist stayed 5.9 days and spent \$71.71 per person.

For the first time, a survey of accommodations used by tourists has been included in the report. The majority, 62 per cent, favored motels, 19 per cent stayed in hotels, 5 per cent camped out, and 24 per cent used other accommodations including trailers and homes of friends and relatives.

A total of 3.1 million vehicles carrying an average of 2.7 persons each entered the state in 1956. California again led the list of out-of-state visitors by sending 1,223,000 to our state, Louisiana was second by sending 645,000 to our state.

From a study of other states, Texas ranks high as a tourist state, topping the popular state of Florida by more than 4 million visitors last year.

FIGURES used in preparing this annual report are obtained from survey cards distributed to tourists at the seven Highway Travel Information Bureaus located on major highways at the state's borders, Greer stated. Information from these cards is supplemented with data from other sources to complete the report, he said.

More than 170,000 out-of-state visitors, in addition to 83,794 Texas vehicles, stopped at the Texas Highway Department Information Bureau last year and, through the use of descriptive material and their knowledge of the state and its attractions, Bureau personnel increased the mileage of each out-of-state vehicle by 13 per cent.

In addition to operating these Travel Information Bureaus, the

Highway Department publishes and distributes the Official Highway Travel Map, road condition bulletins, and other descriptive materials in an effort to assist and stimulate travel in Texas, Greer said. During 1956 the Information and Statistics Division of the Department answered 210,700 requests from the public for travel information. The division also maintains a large collection of 35 mm color slides on points of interest and travel data which are furnished free to civic groups and schools throughout the country.

Spring Pilgrimage To Natchez Beauty Spots During March

Mrs. J. W. Graham of Dougherty last week-end presented The Hesperian a copy of the Natchez, Miss. Times, dated March 1, which heralds the opening of the Pilgrimage to anti-bellum homes in and near that city. The Pilgrimage runs through the month of March.

Mrs. Graham, a native Mississippian, says the Old South is a riot of beauty at this time of the year. Gardens of southern blooms, typical of the area, lend an enchanted setting to Natchez for the pilgrimage. At this time of year azalea bushes are a riot of bloom and camellias and other blossoms are at every hand.

"Pilgrims" to the city on the bluffs of the Mississippi are shown 30 ante-bellum mansions, some of them dating back to the Spanish regime. The tour of these homes requires three days. And there are scores of smaller homes which are gems of architectural beauty for visitors to note.

Garden clubs of Natchez sponsor the annual event, to which thousands troop each year.

Shrine Ceremonial At Petersburg Sat.

PETERSBURG — Through the efforts of W. L. (Spotts) Holt and other Shriners of this area, the Shrine Ceremonial of Khiva Temple with headquarters at Amarillo will be held there Saturday, March 16.

This is the first time that the Ceremonial has been held in a town as small as Petersburg, and is quite an honor coming our way, all due to the efforts of Shrine members of Petersburg.

Jefferson Davis was president of the Southern Confederacy.

Green and Lock Sponsor News-Reporting Bill

A bill to assure the right of press, TV and radio representatives to attend and report county, precinct and state political conventions is before the Texas Legislature. Introducing the bill in the House is Rep. Howard Green of Fort Worth (left). Sponsoring the legislation in the Senate is Sen. Otis Lock of Lufkin (right). Green's bill is HB 108. Lock's is SB 94. This legislation is one of the 15 "Better Government" bills advocated by the Texas Press Association in a campaign for open meetings and full accounting of public funds.

the Ceremonial named "The Jess Boyd Ceremonial" in his honor.

Washington, D.C. became capital of the United States in 1800.

TELEPHONE TALK

by J. C. Oakley, Manager

"You'll want to have the entire family around the television set on Wednesday, March 20, at 8 p. m. when the second of our science spectaculars is shown on Station KDUB-TV; Channel 13.

"This hour-long show will be "Hemo the Magnificent," a dramatic story of the blood and its circulation.

"If you saw the first of these science spectaculars—"Our Mr. Sun"—you'll probably agree with me that they are indeed wonderful television shows . . . programs that every member of the family enjoys.

"That master showman, Frank Capra, is director and producer of "Hemo," just as he was for our first program. His talents in motion picture and television direction are already so well known that I can't add many more "bouquets" here.

"Starring in this picture will be Richard Carlson, perhaps best known for his movie roles and television series, "I Led Three Lives," and Dr. Frank Baxter. You'll remember Dr. Baxter from our first science show, "Our Mr. Sun."

"Sharing the star roles with these two are a host of wonderful cartoon characters that the youngsters will really get a kick out of seeing on your television screen. They include a turtle, a deer and a squirrel.

"And, the real star—blood—will be characterized by a terrific cartoon character, "Hemo," himself. You'll pardon my pun if I say the cartoon of blood as personified by "Hemo" is a very warm one.

"The cartoon characters were created for us by Shamus Cuihane Productions of Hollywood, masters of the drawing boards.

"The story of blood is really a fascinating tale and our program will range from showing how the heart would fill the gas tank of your car in ten minutes to illustrate what happens to a boxer's blood and circulation when he "takes one on the chin."

"The program will have enough scientific fact to interest the most learned science professor and enough humor and warmth to fascinate Mom and all the youngsters.

"So be sure and turn that television dial to Channel 13 at 8 p. m. on March 20 for a very entertaining hour.

"By the way, we'll make a print of "Hemo the Magnificent" available to schools in 16 mm. color film after the nationwide telecast."

Call by number. It's twice as fast.

control of insurance liquidation in the Insurance Commission rather than putting it under Travis County judges. Said Senator Lane, "My people don't vote on Travis County judges."

MENTAL HEALTH—House passed enabling act for the constitutional amendment approved by voters to allow for waiving of lunacy trials.

SHOPLIFTERS—A proposed House bill would allow storekeepers to hold suspected shoplifters without risking false imprisonment penalties.

STATE AFFAIRS—Sen. Charles Herring of Austin proposed a constitutional amendment giving governors a four-year term and barring a governor from succeeding himself.

Baseball it appears will not be played in district 2AA this spring because of lack of interest. Though Floydada has been for this sport the past several years other members of the district have not shared this interest and it was dropped last spring.

WITH the progress being made with Little League and Pony League in Floydada it seems a shame to see this talent go to waste in not being able to carry through with Inter-scholastic League baseball.

Track and field events this spring will all be held in towns other than Floydada. The local team was at Snyder last week-end, this week they go to Crosbyton, then Lockney and Hale Center before the district meet which will be held in Lubbock for the second year.

Time was when track events drew some very large crowds to the local schools. Back when the old county meet was held and later when all district meets were here along with some invitational affairs this sport was very popular and Floydada was always strong among entries.

INTEREST in these events has moved to the new track sites and the crowds that follow them are now gathering in other places. For the past two years Floydada has only been a second rate track and field power.

Many of the local sports enthusiasts are already looking toward another school year and trying to figure how we stand beside our opponents for 1957-58.

In this line it appears that only in basketball does Floydada look like the team to beat in district play. The district champion "Winds" lose only two starters and one other member of their squad of ten. This will put them into another basket-

ball season in as good shape as any of their opponents. This year the green and white won 12 and lost 9 in loop play. Loss of Colley, Stovall and Hrabal to graduation will hurt, but if younger boys develop properly they could fill the gap pretty well.

IN FOOTBALL, there appears to be little relief in sight for the Whirlwinds. Their 1956 season brought them 3 wins, 1 tie and 6 losses. From this team they will lose 11 seniors and at least one other boy who moved. Also they stand to lose several from failure to pass work if the average holds true.

This will leave Floydada with the possibility of returning as many as 18 from last fall's A team. Only six of these saw much starting duty but several did get a good bit of service.

On the Whirlwind 1957 Football schedule are Wellington, Olton, Ralls, Paducah, Tahoka, Abernathy, Slaton, Post, Lockney, Spur.

Of the teams the green and white defeated in 1956 (Ralls, Tahoka and Slaton) they stand a good chance of repeating in 1957. Ralls lost several joys and would have to improve greatly to be a threat. Tahoka loses six good seniors and is expected to be better but not too much better.

SLATON loses nine seniors, but only a few of these were starters against Floydada last fall. The Tigers will probably be a little stronger next fall.

Floydada and Paducah tied 20-20 in their last outing. The Dragons according to report of their coaches are expecting a very good season. They lost only four seniors and will be heavier and more experienced.

Of the teams we lost to (Canyon, Olton, Abernathy, Post, Lockney and Spur) there are only one or two bright spots as far as Floydada is concerned. Canyon is not on the schedule. The Eagles have been replaced by Wellington which usually fields a very fine team. Olton did not suffer any more from graduation than did Floydada and will be favored again in the next meeting.

Abernathy lost some fine boys that will be hard to replace, but is moving up a very fine bunch of sophomores that may be even better than the boys they lost by mid season. The Antelopes were tri-champs with Lockney and Spur last year.

POST lost 17 seniors from a squad of 23 lettermen and should be down somewhat from '56.

Lockney, one of the district tri-champs, loses six seniors and only two of these are starters. The Longhorns have only to replace their center and quarterback and they are off to the races again.

Spur, the other district tri-champ and one which played in the bi-district game will be strong again also. The Bulldogs lost seven seniors but only two of these started against Floydada last November.

At the present time the district 2AA race on paper looks like Lockney as the favorite, Spur and Abernathy running close second and Floydada with about a 50-50 season. Spirit of the boys returning and the amount of determination they have will have to be considered when game time comes. The picture could be changed some then.

Highlights And Sidelights From the State Capitol

(By Vern Sanford, Texas Press Association)

AUSTIN — Although more spectacular issues have grabbed the headlines, Legislature is now hitting its biggest responsibility of this or any session. That is adopting a state budget for the next two years.

House committee approval cleared the way for debate this week on the record-setting \$2,000,000,000 spending program. It represents an increase of nearly \$340,000,000 in spending from all state funds. It means more money in nearly every area of state service — raises to 90 per cent of state employees, more funds for education, hospitals, highway patrol, state buildings and operating state departments.

Despite all these, no new taxes are foreseen. Instead, Appropriations Chairman Max C. Smith, representative from San Marcos, predicted some \$45,000,000 will be left over for additional items, such as teacher pay raises.

Reason for this bright outlook is Comptroller Robert S. Calvert's estimate that current tax sources will yield \$100,000,000 more in revenue next biennium than previously.

LONG ROAD — House committee to investigate bribery charges faces seemingly a drawn-out task.

Its powers have been broadened to include any irregularities by House members in this or past sessions. But the picture the committee set out to clarify has become increasingly muddled.

Rep. James E. Cox, of Conroe, under indictment on charges of consenting to accept a bribe, resigned his House seat. He said he plans to clear his name and run for the office again in a special election.

Members of the Texas Naturopathic Association, which originated the charges against Cox, gave conflicting testimony about the group's past activities. Dr. Howard Harmon of San Antonio, current president, said the association raised from \$37,000 to \$55,000 during the 1955 session for legislative purposes. Dr. Robert Spears of Dallas, 1955 president, denied this.

Meanwhile, Dr. R. E. McMeans,

Conroe chiropractor and friend of Cox, was attacked with acid. McMeans was credited with instigating the bill which would outlaw naturopathy. It was the bill on which the alleged bribery attempt pivoted.

AUTO INSURANCE RATE — After hot debate and long testimony, Senate Insurance Committee sent the auto insurance "flexible rating" bill to subcommittee.

Sen. Jarrard Secrest's bill would allow companies to set rates competitively, rather than having a uniform rate set by the Insurance Commission.

Proponents contended it would mean lower insurance for buyers. Opponents called it risky, suggested that companies making sufficient profit should return dividends rather than charging lower rates.

WHITE OUSTER PUSHED — Agriculture Commissioner John White, campaigning for the U. S. Senate, was bumped into a side skirmish.

A farm group led by Austin Anson of Harlingen wants to abolish the active agriculture post. Substitute would be a 21-member board appointed by the governor and a commissioner appointed by the board.

A bill was prepared and Rep. J. T. Ellis Jr. of Weslaco was asked to introduce it.

White blamed Secy. of Agriculture Ezra Benson. He called the move a "plot" to rob Texas of its control over state farm matters.

WATER PLAN MATERIALIZING — At long last a Texas water saving plan is near reality. Passed by both House and Senate, it needed only conference committee adjustments

and the governor's signature to send it to the polls for final approval.

Issuance of \$350,000,000 in state bonds would be authorized by the proposed constitutional amendment to help finance local water conservation projects. It is the keystone of an overall water program urged by Gov. Price Daniel for emergency action.

Under the financing plan, local districts could borrow from the state up to one-third the cost of projects or \$5,000,000, whichever is smaller. Lending would be supervised by a board to be appointed by the governor.

IN THE MILL — With the 120-day session past the half-way mark, the usual masses of "routine" bills were being shoved through the mill. Some of the more significant concerned:

BEER—House committee amended a bill to prohibit sales on Sunday and after 10 p. m. weekdays to bar Sunday sales only. Senate passed bill allowing breweries in wet precincts to continue production if the precinct is voted dry.

REPORTORIAL RIGHTS—Senate passed and House committee indicated eventual approval of a TPA-sponsored bill opening political party conventions to reporters.

MILK—Pending House bill sets 3 1/2 per cent minimum butterfat content for milk offered for sale and provides penalties for misrepresentation.

MOVIES—House passed a bill cutting the tax on movie admissions to aid theaters in competition with television.

Beware of Bogus Hybrids, Warning

An attempt to capitalize on a still-unperfected but potentially great agricultural advance — The Sudan-Johnson Grass hybrid — is posing a threat of serious eradication problems to untold Texas farmers.

Sudan-Johnson Grass hybrids, still in experimental stages, are being falsely promoted as true varieties by people who somehow acquired seed from experimental crops. The product they are trying to sell is most likely a mixture of undesirable strains, containing Johnson Grass mixtures, Johnson Grass hybrids and segregates from Johnson Grass.

These so-called hybrids could be as efficient to eradicate as Johnson Grass itself. One such "hybrid" seed, being promoted as "Perennial Sweet Sudan," is of very doubtful value since "Perennial Sweet Sudan" has not been formally released to farmers or seedsmen by the Texas Agricultural Extension Service.

They, having uniform richness, sweetness and structure. However, until such time as they are perfected and released, purchase of purported Sudan-Johnson Grass hybrids should be carefully considered to prevent probable losses in time and money.

Farmers who have any doubt as to the value of seed being offered for sale are urged to contact their County Agents, the Texas Agricultural Extension Service, or the Texas Department of Agriculture Seed Division.

Food Sense--Not Nonsense

Who's Barking up the Wrong Tree?

Weight watchers and dieters who sit down on the job of living are barking up the wrong tree. Some outstanding scientists have tracked down the principal cause of overweight—lack of activity—at work and at play.

This underactivity is rebbing adults and children alike of their favorite pastime — eating. According to these nutritionists, overeating no longer is considered the first cause of obesity. America's foremost health men. These scientists have found that creeping overweight follows inactivity.

Recently, a Harvard University study emphasized an alarming trend: Suburban high school girls, on the whole, are not active. Researchers compared two groups of these girls. One group was obese, the other of normal weight. They noted that girls of normal weight spent twice as much time in some type of physical activity, which included dancing—and they ate more—than

did their obese classmates. Later, at summer camp, when girls in both groups were under strenuous routines, all lost weight, in spite of eating more than they did before. This fact refutes the tale that added activity increases appetite to such an extent that a gain in weight results.

The role of exercise in weight control has been shown. Statements, such as "You must walk rapidly for six hours to lose one pound," also can mean a brisk one-hour walk on six days.

Dieters who unwittingly reduce their requirements for food by a continuous sit-down program are barking up the wrong tree. Through constant restriction of different foods, they inflict a life-long state of mild hunger upon themselves. In contrast, an active life, with regular exercise, permits the enjoyment of normal meals which include plenty of enriched bread and cereals, fruits and vegetables, meat and milk—all foods needed by the body.

The community was shocked and grieved by the tragic death of Quinn Martin, who was killed when the pickup in which he was riding plunged from highway 76 into a ravine. Among relatives here for the funeral were former residents Mr. and Mrs. Dick Carpenter of Lubbock and Ralfo James of Van Horn.

Neighbors of the community served supper at the Martin home Monday evening. Mrs. Martin's sister and husband, Mr. and Mrs. J. D. Johnson of Oklahoma will stay with Mrs. Martin and the children for several days.

Cotton Trends Controversy In House Hearings

WASHINGTON, March 14 — Rep. George Mahon of the 19th District announced from Washington this week that hearings were in progress before the House Committee on Agriculture on a bill which would vitally affect West Texas cotton producers.

The bill, authored by Rep. Bob Poage of Waco in his capacity as vice chairman of the House Committee on Agriculture, directly affects the old controversy on cotton allotments between West Texas and Central and East Texas.

Mahon said the bill would abolish in Texas, but not in other states, the provision of the existing law in regard to trends in cotton acreage, and that it would fix county cotton allotments in Texas on the basis of the past three years rather than five years as is now the law.

West Texas lost heavily to East Texas on cotton acreage allotments for the 1936 crop year as a result of the actions of the State ASC com-

mittee. Cotton allotments for 1937 are regarded as much more equitable. The pending bill would affect allotments for 1934 and future years.

The Poage bill among other provisions calls for a modification in the present law with respect to new grower allotments and farm considerations.

Mahon said that he had sent copies of the bill to all county offices of the ASC and to all the farm organizations in West Texas requesting comment and asking that a representative of West Texas cotton producers who knows the prevailing views of West Texas growers on the pending bill come to Washington and join him in testifying before the House Agriculture Committee.

One of the major provisions of the new bill would require the Department of Agriculture to provide a special loan on light spot cotton. Mahon said that he did not regard this issue as controversial in West Texas as all Texas farmers insofar as he knew felt that recognition of light spot cotton by a proper loan was long overdue.

Fairview News
(By Mrs. Therman Perry)

FAIRVIEW, March 12—The little "squal line," the weather bureau calls it, brought the east part of our community a quarter inch of rain Sunday night. Every little bit is appreciated.

W.M.U. met Thursday afternoon with Mrs. Jim Stewart. A very interesting program on Annie Armstrong Missions was given. Those present were Mesdames L. B. Cozby, Walton Wilson, Shirley Irwin, Loreta and Harvey, Chil McClure and Del. Lee Burton and Phyllis, Therman Perry and the hostess, Mrs. Stewart. The next meeting will be a quilting in the home of Mrs. Walton Wilson Thursday, March 14. Everyone bring a covered dish and thimble and be there.

Our church attendance is not as good as it should be. This is an invitation to everyone to come to church if at all possible. We need you.

Leonard Wilson of Pettit spent the weekend in the home of his parents, Mr. and Mrs. Walton Wilson and Judy.

Visiting in the Wilson home on Sunday were Mr. and Mrs. Jim Stewart and Mrs. Billy Tye and children of Floydada.

Mr. and Mrs. Therman Perry and Jan were hosts Saturday night to Mr. and Mrs. Shirley Irwin and children, Mr. and Mrs. Chil McClure and Del and Mr. and Mrs. Clifford Helms and girls of Lakeview.

Mr. and Mrs. Jess Glover of Dougherty visited Sunday afternoon with Mr. and Mrs. Cecil Payne.

No Deadline Set On Land Program

AUSTIN—There is no deadline for participation in the Veterans' Land Program, Land Commissioner Earl Rudder said Friday.

"As long as a man is a Texas veteran and money is available to operate the program," Commissioner Rudder added, "he may participate." Of course, a veteran may use the program only one time.

Commissioner Rudder said that his statement was prompted by numerous enquiries that the Veterans' Land Board had received about a time limit.

MRS. BOB COPELAND SEES PARENTS IN TV AUDIENCE

Mrs. Bob Copeland saw her parents on a national TV program last Wednesday. It was the Dave Garrows show Today coming from New York City, and when the cameras swung around to the audience there they were.

It wasn't too much of a surprise however as she was watching for them. Mr. and Mrs. Hubert Dunn of Littlefield had left Amarillo by plane last Tuesday for Washington, D. C., where they were to meet their son Jerry who was being discharged from the navy.

While on the east coast they went on to New York and had told their daughter, Mrs. Copeland, they planned to see the TV show. She was watching and everything went as planned.
