Army Warns of Misuse Of "PW" Identification

Because numerous instances have been reported of high school students and other youngsters marking their clothes with a prisoner of war "PW" identification, high officers of the Eighth Service Command issued a warning this week that pranks of this nature might easily have serious consequences.

Military personnel, believing the students to be prisoners of war, might shoot if the youngsters do not halt when ordered to do so, according to General Donovan, commanding general of the Eighth Service Command headquarters, who further points out that the thoughtless use of the "PW" label might also actually hamper the apprehension of escaped prisoners.

New Directors Elected by REA

Demonstrating greater interest than has been shown at any stockholders meeting in recent years, 72 members of the Deaf Smith County R. E. A. attended the annual meeting held Monday and elected four new members to the seven-man board. Three of the retiring directors were reelected to the board.

Included on the new board of directors are Sloan H. Osborn, Friona; Joe Warren, Nazareth; G. T. Watkins, Farwell; H. H. Miller, Dawn; Joe Birkenfeld, Nazareth, and T. W. Roberson and J. T. Gilbreath of Hereford. The new directors will serve from Apr. 30, 1945 to Apr. 30, 1946, and will meet today to complete organizing of the

Pfc. Weis Dies in Service on Leyte

Mrs. Carl Bender has received a telegram from the War Department at Washington, dated Apr. 19, stating that her son Pfc. Virgil Weis, died Apr. 2, on Leyte.

A letter received the first of the week stated that Pfc. Weis died of septicemia. Other letters will follow giving more complete details of his death it was stated. The people of Friona extend their sincere sympathy to Mr. and Mrs. Bender and to Mr. and Mrs. C. C. Weis, grandparents of the deceased soldier.

LT. SOUTHALL HONOR GUEST AT DINNER

1st Lt. and Mrs. Cecil Southall spent Thursday and Friday of last week here with their uncle and aunt, Mr. and Mrs. P. O. Southall and family.

A dinner was given for the visitors on Friday, by Mrs. Burl Beene. Those present were Mr. and Mrs. J. R. Braxton and son, Jimmy, Mr. and Mrs. P. O. Southall and children, John, Patti, Grace and Ann, Lt. and Mrs. Southall and the hostess, Mrs. Beene and son, Vance.

The visitors were on their way to Roswell, N. M., where he will take a course in flight engineering.

Last week the doors for the new garage for the city's fire truck were received and installed, and this week D. H. Meade painted the outside woodwork. With the pouring of the concrete floor, and the addition of the outside stucco the building will be ready for occupancy.

Workmen this week are razing the old shed, which for years stood at the alley side of the lots now owned and occupied by the Plains Hardware & Furniture. This old building has long been considered as decidedly unattractive in appearance and its owners are receiving the compliments of the people for its removal.

Visitors in Cranfill Home
S-Sgt. and Mrs. C. D. Harris spent a part of last week here visiting with Mr. and Mrs. "Preach" Cranfill. Mrs. Harris is a sister of Mrs. Cranfill. Sgt. Harris is a liaison Army pilot and is now stationed at Muskogee, Okla. He has spent several months in service in India, where he served as pilot of one of the planes that bear the wounded soldiers from the battle front over the mountains to the army hospitals. He expects to be sent overseas again in the near future. Their home is in Plainview.

Board.
Board members whose terms expired this year were Lester Galley, Edwin Ramey, Joe Warren, T. W. Roberson, Sloan H. Osborn, T. L. Sparkman and Jack Dunn.

Human Skin Made Into Trinkets at Buchenwald

On this table is displayed gruesome evidence of bestiality at Buchenwald concentration camp near Weimar, Germany: lying flat on the table are tattooed and stenciled sections of human skin, "curios" from an SS woman's "collection"; lamp at right is made of human skin; third exhibit from left, two shrunken human heads. Some of the many thousands of victims died of starvation and disease. Others simply had unusual tattoo marks, which proved fatal. Behind the table stand German civilians, brought there to see what they had been blind to. (Signal Corps Radio-Telephoto)

You're Invited to Help at Cemetery

Officials of the Friona Cemetery Association have authorized the Star to announce that the well at the cemetery is nearing completion and that piping for the water mains has arrived.

All parties who are interested in beautifying the cemetery are invited and urged to be present at the cemetery this Saturday (tomorrow) May 5th, to assist in connecting and laying these water mains. Please come and bring Stilson wrenches and any other tools you may deem helpful, and let us get these mains laid and connections made with the supply tank.

Card of Thanks
I take this means of extending my most sincere thanks and appreciation to my many friends, who so kindly came to my aid while I was confined in the hospital for 16 days, taking treatments and undergoing surgical operation, and thus incapacitated from making my own way.

This kindness included both words and deeds, which also included financial assistance, which was also most fully appreciated.

Sincerely,

Mother-Daughter Banquet Scores Wide Interest

The annual Mother-Daughter Banquet was held on Tuesday night, May 1, at the Friona High School. Forty girls were present with their mothers as guests.

Tables were decorated with corn flowers, the club flower, daisies and vari-colored snapdragons; the group was served a delicious dinner by the F. F. A. boys.

The program was as follows: Welcome, Chola Hurst; Response, Mrs. Euler; Duet, Yvonne White and Wynona Carter; Myself, Doris Ann Lange Piano Duet, Mary Lou and Zelma Allmon; Poem, Dorothy Cummings; Piano solo, Lillie Renner; High Lights of the Year, Mamie Wilson; Club Song by group.

Mrs. Valoris Osborn, sponsor of the club, and all the members of the club are looking forward to another successful banquet the coming year.

Pvt. Leroy Johnson, son of Mr. and Mrs. Joe Johnson, is on leave visiting home folks.

Mrs. Melvin Wiley left Sunday to take her small son to Dallas for medical care.

Frank Loflin left last Wednesday for Springfield, Colo., on a visit and business trip.

Mr. and Mrs. Clarence Baxter made a business trip to Colorado this week.

Mr. and Mrs. Lonnie Baxter are visiting in Elk City, Okla., this week.

CHEYENNE PASTOR VISITS HERE

Rev. John J. Martinez of Cheyenne, Wyo., arrived here Monday for a short visit with his mother, Mrs. Felicitas Martinez, and other relatives.

Rev. Martinez is pastor of a church in Cheyenne. Accompanied by his niece, Miss Lola Martinez of Friona, he departed Wednesday for his home.

Cooker Clinic At High School May 10

On Thursday afternoon, May 10 at 2:30 o'clock a Pressure Cooker Clinic will be held in the homemaking department of the Friona High School. The purpose is to test the gauges for accuracy and to check the petcock and safety valve. Mrs. Ruth Wilson, Emergency War Food Assistant of Extension Service, Texas A & M College, will conduct the clinic.

Since our canning season is near, it is wise to get your cooker checked, so that you may do your canning successfully, says Mrs. Wilson. We are urged by our government to can as much as we can, and by doing so we are indirectly releasing more food to our fighting forces and to our allies. Sealers will also be checked.

Rhea Singing Holds Interest

Quite a nice new organization has come to life in the Rhea community in the form of a community singing, which meets on Sunday nights at the school auditorium.

Recently a box supper was held, proceeds being used to purchase song books; C. W. Dixon was elected as president. Each meeting is well attended. The past Sunday night, Mr. Pickering of Lubbock, had his male quartet present. Another highlight of the evening was two special solos by Mrs. Rafuse of Clovis. The president announced that on next Sunday night there will be a quartet present from Clovis.

Card of Thanks
We take this method of extending our sincere thanks and appreciation to the many friends for their kindly expression of sympathy in our sorrow at the death of our son, Pfc. Virgil Weis, who died in the service of his country, in the Philippines.

F. H. T. Members Elect Officers

The F. H. T. Club of Friona met on Apr. 11. The main purpose of the meeting was to elect next year's officers and to make plans for the Mother-Daughter banquet, an annual affair, which was held on May 1.

Officers for the term of 1945-46 are as follows: President, Nancy Cobb; vice-president, Lois Norwood; secretary and treasurer, Lillie May Renner; reporter, Lila Robason; pianist, Grace Jo Moody; Song Leader, Lillies Treider.

The club also voted to make the F. H. T. into a national organization, thus becoming the "Future Homemakers of America" instead of the "Future Homemakers of Texas."

Faults in Freezing Poultry Correctable

Proper preparation and care by homemakers and locker managers can eliminate the five most common troubles in frozen poultry products—discoloration, off-flavors, drying out, excess "drip" or "ooze," and rancidity, according to Winifred J. Leverenz, specialist in food reservation for the A. and M. College Extension Service.

Discoloration, or dark color in frozen poultry meat, usually is a result of insufficient bleeding, she says. Off-flavors usually are caused by not chilling the meat quickly enough. She attributes drying out of the meat to a poor wrap. Poor wrapping also will cause discoloration. Tests by many research workers have shown that cellophane currently is the best wrapping material for meat, and poultry especially.

Mrs. Leverenz says many homemakers have found that in frying chicken previously frozen often the crust will flake off the pieces. This is the result of a drip or ooze. Sharp freezing at 20 degrees F. below zero and keeping the product at zero without fluctuation in temperatures will prevent this difficulty. Too high temperatures or fluctuation in storage will cause crystals in the product to enlarge, break down more quickly and release juices, she explains. Constant low temperatures also will prevent the fifth common difficulty, rancidity.

The specialist also recommends that poultry meats be thawed almost completely at room temperature or in a refrigerator so that the meat will retain most of this moisture during the cooking process.

With these various factors controlled, frozen poultry products have been kept in locker boxes for a year and a half without loss of quality. However, most homemakers will find it more economical and practical to use frozen poultry meats within a year, adding new supplies to their lockers as another crop of fryers is available.

Local Officials Meet with State Highway Dept.

The members of the County Commissioners Court, and the Mayor and one Commissioner of the City of Friona, accompanied by ex-County Judge Lee Thompson, left Saturday morning for Austin.

The purpose of this visit was to confer with the State Highway Commission relative to the location of some few miles of paved highway which is due Parmer County, and which may be laid in the near future.

Those attending from Friona were county commissioner Bill Flippin, Mayor Glen Reeve and City commissioner Carl C. Maurer.

FRIONA WEATHER

No radical change in the local weather has been experienced during the past seven days.

Temperature has been about normal for bright, pleasant spring weather. A few days have been warm enough that our people have complained some of being warm enough without any additional heat in their homes and places of business.

A very light fall of rain came Saturday which was followed by another late Sunday afternoon. Some people have said that there was enough moisture to wet the soil some two inches deep.

Another very light shower fell early Wednesday morning, but the only place where there was any perceptible evidence of it was on the pavement on Main Street. People are still planting gardens, as is evidenced by the mouldboard plow seen on T. N. Jasper's wagon and the section of iron-tooth harrow that is seen dragging behind Conrad Weis' wagon.

R. B. McKee Buys Friona Motor Co.

A trade was consummated this week by which Ed Carthel has transferred the proprietorship of the Friona Motor Company to R. B. McKee, of this city, Mr. McKee taking immediate charge of the business.

The deal, however, carried only the business and the equipment, as Mr. Carthel has retained possession of the buildings, which include tourist cabins, a cafe building and residence property.

Mr. McKee, the new owner of the business, is well known in Friona, he having been employed for sometime by J. J. Williams proprietor of the Friona Machinery Company.

Mr. Carthel has not yet definitely decided what line of business he will take up, but has purchased a large truck and will do commercial trucking for a while until further plans develop, but he plans to remain in Friona.

Mrs. Ruby Barnett and Miss Carol Dean Carter, formerly of the City Drug Store, are new faces at the Friona Cafe.

War Dads List Plans and Projects

Owing to the fact that many of our people are as yet unacquainted with the size, purposes and work being accomplished by the organization known as "War Dads" a local chapter of which is organized and doing active work here at Friona, the Star is glad to give a few items of information concerning the organization, for the benefit of our readers.

From a letter sent out by the National Council American War Dads, which was handed to us by J. D. Hamlin, local secretary we quote the following:

"Due to the loyal support and wholehearted cooperation of the key leaders of the American War Dads across the nation, I am thrilled to advise that the American War Dads, upon invitation by the State Department, will have three official observances at the San Francisco Conference. All three of our representatives are now in San Francisco, prepared to lend an ear to all deliberations and to extend to the American Delegation, the point of view of the fathers of America's fighting men and women, of World War II.

"The official American War Dad delegation has established headquarters at 1045 Monadnock building, San Francisco, Calif. If there is any chapter, which through its official action, has any ideas to offer our San Francisco conference representatives, the chapter president should direct a communication to our official observers."

Thus we learn that the organization is country-wide from east to west and from north to South; that it is taking an active interest in all moves and matters that concern the welfare of our boys in the service, both now and after hostilities shall end.

In addition to the representation at San Francisco, the organization has a regularly employed lobbyist at the nation's capitol, who is both qualified and interested and whose duty it is to meet with our Senators and Congressmen, and encourage the passage of any and all legislation that will prove beneficial to our fighting boys and girls, and to discourage any and all legislation that may prove to be otherwise.

While our local chapter is only one of the thousands of small units that compose the national organization, they, like all others are unable to do any great things alone, but they are regularly contributing their per capita share of the funds necessary in carrying this work forward, and they deserve the support and encouragement of our people in their efforts and aims.

The Friona Chapter of American War Dads will meet on May 7, at the American Legion Hut, and all War Dads are requested to be present.

Misses Doris Ann Lange, Shirley Maurer, Juanita Roden and Billy Don Wiggins attended the show at Clovis Sunday night.

Army Air Forces, 4-25-45
Dear Mr. Beattie:

Sorry that I haven't answered your nice letter sooner, but you see I am not much at writing letters. I have completed my training here. All I have to do now is sit around, which I don't mind a bit. I think I am going to get a leave about the fifth of May, so I may see you in church soon—at least I hope so. From here I am going to radar training at Langley Field, Va., for about two months. That is, if the army doesn't change its mind again. I was to go overseas after finishing here, but it seems that they don't need any more B-24 crews over there at the present, so in order to keep us busy we are going to radar. Radar should be very interesting for you know they use it to bomb through the clouds and for night bombing. Well Mr. Beattie, I guess this is about all for now. Hope to see you very soon.

Yours,
Jim Roy

Present Notary Public Commissions Renewed By Secretary of State

In response to many inquiries received at the office of the county clerk relative to the re-commissioning of notary publics whose commissions expire on June 1, County Clerk Robert L. Thompson announced this week that all persons now holding notary public commissions will be reappointed by the Secretary of State for the term beginning June 1, 1945 and ending June 1, 1947. All these persons will be notified of their appointments at the time and in the manner required by law, and they will have ten days from the date of such notice in which to appear and file their bonds and take the oath of office if they wish to qualify. However, the law requires that no bond be filed and no oath taken until June 1.

Persons not now holding notary public commissions and who wish to be appointed for the coming two year term should notify the county clerk of their wishes not later than May 15, 1945, in order that their appointments may be effected in time for them to qualify on June 1.

Rain in Hereford Amounts to .70

Rains amounting to .70 inches fell in Hereford last Friday afternoon to bring welcome moisture to a comparatively small area. According to reports from over the territory, there were only light showers or no rain at all, in the area to the south of here, with the rain getting progressively lighter to the west of Hereford.

Moisture threats continued this week, but the general, soaking rain needed by the wheat has not yet come.

B. B. Easter Rites Held at Funeral Home

Funeral services for B. B. Easter, 72 years old, who died Thursday, were held here Friday afternoon at the E. B. Black Funeral Home with Rev. R. H. Cagle and Rev. S. E. Eldridge officiating. Mr. Easter, a native Texan,

was born in Hill County on Aug. 28, 1872, and moved to Hereford in 1906. He had been retired for a number of years and had made his home with his daughter, Mrs. W. H. London. New Chemical Brings Death to Bindweed

A new weed killer that spells death to such weed pests as bindweed, dandelion, poison ivy, ragweed and chickweed, has been developed; and Miss Sadie Lee Oliver, county home demonstration agent, plans to give it a try in this county.

According to tests already conducted, the killer gets results on more than 25 weed varieties and one pound will kill the weeds on an acre of ground. The weed killer may be used between May 15 and Sept. 15, and should be applied in the morning, on sunny days, when the temperature is above 70 degrees.

The solution is non-poisonous and non-inflammable but the dead plants should not be burned, as the smoke will be poisonous.

Effect of the new weed killer is to turn plants to autumn

colors and finally kill them. The chemical has no effect on other crops in the field. The solution is being sold under a commercial name, and complete description of its action is contained in an article in the February "Better Homes and Gardens."

Hereford Girl Weds Former Resident

Miss June Botsford, daughter of Mr. and Mrs. Roy W. Botsford, became the bride of S-Sgt. Owen Ray Neel, son of Mr. and Mrs. Owen Neel of Lella Lake, Sunday evening Apr. 22, at the Assembly of God Church with the pastor, Rev. S. E. Eldridge, officiating.

The single ring ceremony was performed as the couple and their attendants knelt before the altar which was entwined with greenery and roses and lighted by white tapers. Mrs. S. E. Eldridge gave the traditional wedding music. The bride's mother sang "I Love You Truly."

The bride wore traditional white satin, made with tight bodice and full skirt, long sleeves and sweetheart neckline. The coronet headdress of white sweet peas held the fingertip length veil in place. She wore a corsage of pink roses tied with long white satin streamers.

Her borrowed something was a diamond necklace belonging to her pastor's wife and her something old was a dainty white lace handkerchief from Palestine.

Mrs. F. L. Harrison, sister of the bride, was matron of honor and Miss Dorothea Troxell was bridesmaid. They wore blue and yellow floor length gowns and white carnation shoulder corsages tied with ribbon to match their dresses.

Pvt. Orval Galley of Charleston, S. C., served as best man. Miss Margaret Pae Miles presided at the guest book where one hundred friends and relatives registered.

After the ceremony an informal reception was held at the home of the bride for the wedding party. The bride and groom cut the tiered wedding cake and Mrs. Walter Galley and Mrs. E. M. Rice presided at the refreshment table. Misses Nadine and Wanda Wallace of Friona and Miss Cherry Ann Smith, cousin of the bride, assisted. Mrs. Harold Higley poured.

Both S-Sgt. and Mrs. Neel are graduates of Hereford High School. For the past few years she has been employed in the REA office. He is stationed at Truax Field, Madison, Wis. with the U. S. Air Force. The couple left on April 25 for Madison where they will make their home for the present.

Out-of-town guests at the wedding included Mr. and Mrs. Harold Higley and daughter of Battle Creek, Mich., Mr. and Mrs. Owen Neel and son of Lella Lake, Mr. and Mrs. F. L. Harrison and son and Mr. and Mrs. Marion DeFever and sons of White Deer, Ray E. Smith and family of Friona, Mr. and Mrs. Walter Galley of Dawn, Mrs. R. W. Joedy Just Grins, Tells No Secrets About the Big One that Stayed Hooked

By Homer Fox

Boys, this is it—Little Joe Bishop, known to most of his friends all of his life as "Joedy", yanked this 8 pound big mouth Bass out of the Tierra Blanco last week, after a terrific battle; he just held him up for his Dad to see and grinned, but that is about as much as Joedy ever talks about anything—his Dad does most of the talking, but he couldn't talk Joedy out of this big baby. Most people don't know it, but it has been that way quite a spell now; fishing or hunting, big Joe does all the talking and Little Joe just brings in the game and grins. This is the biggest fish I have ever seen caught in our creek, course I am not talking about the big ones that are still in there, but this big fellow has quite a history. Jake Boydston hooked him a couple of times, first time on a plug and he didn't even come close to landing him, he mowed all the Tules in his range and flipped away. The second time Jake used a heavy cane pole and thought he had a cinch, but again when old "Geronimo" got tired fooling around he just headed for the same bank Jake was on and splintered the pole and took off again. Jim Clark saw Jake when he lost the fish and Jim sat up nights trying to figure out a way to catch this big boy; one morning Jim caught the fish pretty far out on the bank grazing and drove his pickup between the fish and the water; and Boy! what a battle. After driving like mad for 30 or 40 minutes he thought he had just about wore the old boy out and was closing in for the kill when the front wheels of the pickup dropped in a prairie dog hole and stopped and the fish crawled back in the creek and disappeared. Jim said later that this prairie dog hole was the same one that Kelly Gray was talking about having water in it, cause the front wheels were wet, but he is wrong cause Kelly says you couldn't drive a pickup down the hole he was talking about, cause they had trouble getting that rock on the end of a string down there, anyway this is a fish story and not about Prairie Dogs, and we know that fish drink water.

Little Joe Bishop—and the big one that did not get away. For a complete history of the fish, the catch and Little Joe, read the story by Homer Fox.

Joedy set a pattern for the local "plug chunkers." It is going to be hard to equal, but the boys are trying day and night. Oscar Crawford, Fred Pittner, Hall Beavers, Mont Baker, Sanford Smith, D. C. Kinsey, Oscar Altman, Owen Stagner and many others are down there every spare moment. They have thrown plugs until their arms ache, their back aches, their head aches and the ones that have teeth have the tooth ache. Some of these old boys are getting that haunted look, sallow complexion, hollow cheeks and glassy eyed; but Joedy just grins and says nothing, he knows how he done it and is not going to tell even his Dad. Course I know how he did it, cause I have done the same thing a lot of times, but I won't tell any of them either. The stories will still be O. K., like hanging your plug on a wire in the creek and breaking the line, or stumbling over a rock and falling on your rod and breaking a tip, or leaving your cane pole on the ground and driving over it and swear every time that you hung a big one and he tore up your tackle that way, but got away. That's

Local Board Issues Rules on Farm Slaughter

Because the OPA wants more meat channeled through federally inspected slaughterhouses, restrictions will be placed on slaughtering of meat by non-federally inspected slaughterers and by farm slaughterers it was announced this week at the local ration office. Only federally-inspected meat may be shipped across state lines, it is explained, and by moving more meat into these channels, it is hoped to help solve the meat shortage which is serious in some parts of the country.

According to instructions received by the local board, all non-federally inspected commercial slaughterers must register with the local board and obtain a farm slaughter application (form R-315). This application must be approved by the district office and the per-

mit received by the slaughterer by May 14, as no meat may be sold or transferred without this permit after the deadline date.

Farm slaughterers must also apply on Form R-315 and state the quantity of meat which they transferred during the calendar year of 1944. Generally speaking, the permit will be limited to the amount sold or transferred by the slaughterer in 1944.
