Bids On New Power Units To Be Received August 6

The residents of Floydada backed the city council's decision to add more electric power facilities to its light plant Tuesday when a vote of 192 to 36 approved the issuance of \$350,000 revenue bonds.

The council will accept bids on a 2500 KW engine or two 1250 KW engines in a special called meeting at the city hall Tuesday night.

Lighthouse Wins Local Tourney

Lighthouse Electric baseball team of Floydada came out champions of the Floydada Invitational Tournament last Saturday night when they downed Post.

Lighthouse had won over Postersburg 14 - 0, edged the Floydada All-Stars 11-4 before winning the final game from Post.

Post had taken the measure of Lighthouse 7 - 6 in the sixth inning when Steve Matler poked out a home run with one aboard to provide the winning margin.

Coach Johnny Harris and his Lighthouse team left for Sweetwater Tuesday where they were to meet Eastland at 6:30 on Tuesday. The game was a part of the area Junior League playoffs and the local team won the spot in the tournament when they were named champions of the Floydada Junior League.

Bulletin

We saved this space to report the Big Spring-Lighthouse baseball game at Sweetwater Wednesday, but at press time were unable to get the results.

Floyd 4-H Leaders Meet

Floyd County 4-H Leaders gathered for their quarterly meeting Tuesday evening at the County Agricultural building in Floydada according to Floyd County Agent H. T. Davison.

The leaders discussed briefly the 4-H record and some of the problems members have been encountering with their records.

Assistant County Agent Darrell Smith discussed with the group a number of coming events which included County Camp, the Achievement banquet, and future topics of discussion for leader meetings.

The group suggested that 4-H program planning be brought in October. Method demonstrations in January and 4-H Record books in April.

The program "4-H Subject Matter Groups" was presented in two parts by Davison and Miss Sherry Mullin, County Home Demonstration Agent. Miss Mullin discussed with the group "Obtaining leaders and how to council with them", while Davison presented

BENNIE TEAFF HAS HEART SURGERY

Palace To Have Two Day Showing Of The "Hud"

A powerful, hard hitting and thoroughly engrossing drama of cattlemen in modern-day Texas, the Martin Ritt - Irving Ravetch production is certain to be listed among the best ten pictures of 1963. It's the "Hud" which comes to the Palace Theatre on Sunday and Monday in Floydada.

The movie was filmed on a cattle ranch at Claude, Tex.

Paul Newman is the main character and Melvyn Douglas plays as his aging father with Patricia Neal, as an unglamorous housekeeper. The picture has an intriguing title and strong name value. Both Newman and Douglas are likely candidates for next year's Academy Award honors.

While the course, brutally frank dialog adds to the picture's realism, this and the pitiful slaughter of a huge herd of diseased cattle, may be too strong for the kiddies and some squeamish patrons, others will appreciate word-of-mouth.

Newman is to be commended for not attempting to soften his "ornery" hard drinking, woman chasing character and Miss Neal also deserves praise for her authentic southwest accent and slow, sly appearance.

Five Members Added To Tops

The Floydada Tops Club has five new members. This includes a new Tiny Tops member, which is the division for members under 13 years of age. She is 9 years old. One membership was renewed which brings our present membership to 14. The membership fee for Tiny TOPS is \$1.00 and they are eligible for state and national awards. Mothers may attend with a Tiny TOPS. Teen Tops is the division for those above 13. The national membership fee is \$3.00.

A new name has been voted on and after application to headquarters in Milwaukee for charter change, this chapter will become the Floydada Figure Finders.

On craft night, Mrs. Dorothy Smalley, pres., demonstrated making scissor holders from felt material. They were made as ovals with the circles of the scissors framing the eyes. Material and pattern were furnished for those who attended.

A three week 2-team contest ran during July ending July 23. Team captains were Mrs. Helen Bertrand, whose team lost 7 lbs. and Mrs. Billie Richards, whose team won having lost 9 lbs. The losers treated the winners to a game of bowling. The club paid for a second game.

Pig stunts during the month consisted of eating shredded carrots from a miniature wooden pig trough. Red bloomers with a pig's head and "Pig of the Week" painted on the front of them were worn during the meeting.

Pictures were taken for the club scrapbook and for the member to look at to remember not to gain. Mrs. Earlene Isbell was selected to be the club photographer.

Mrs. Bethel Webb reached her weight goal on July 16 to become KIW (KOPS In Waiting). She must hold her weight to not more than 3 pounds above this goal or 7 pounds below it, for 3 months. If this time is completed successfully, the KIW graduates to become a KOPS which is the ultimate goal of all TOPS.

Mrs. Helen Bertrand completed her 3 months waiting period on July 9. She will soon receive a KOPS membership card and diploma from headquarters.

Welcome To Tex. Coffee Given Mrs. William Hoffman

A "Welcome to Texas" hospitality coffee was held in the home of Mrs. Kinder Farris Tuesday morning from 9:30 to 10:30 in honor of Mrs. William H. Hoffman, of Wapping, Connecticut, mother of Mrs. Roy Turner of Floydada.

Decorations in a western motif including saddle and lariat, rail, road lantern and boots filled with maize were carried out in the family room and terrace.

Refreshments of iced melon balls, date apple cake, green grapes, nuts and tiny cheese balls were served from a table covered with a burlap western cloth with a centerpiece of maize and corn tassels. Plate favors were cards containing "Texas Household Hints" and tiny napkins made of bandannas.

Hostesses were Mmes. Bob Dyson, J. C. Wester, Tom Sneed, Harry Morckel, and Mrs. Kinder Farris. Assisting in the house party were Mmes. Dan Hagood, Lon Davis, Jr., Don Barrow, Gladys Wimberly and Mrs. Bert Lee Emert.

About 50 guests registered in a Lighthouse Electric Cookbook gift from the hostesses.

West Texas C of C Sponsors Meet

There are several unanswered questions in grain trade which are important to all of us. We are pleased to assist the Texas Grain and Feed Association in a meeting where we hope some of the questions will be answered.

The program will begin at 10:00 a.m. August 7, Herring Hotel, Amarillo. Topics for discussion are:

1. The new basis of wheat delivery in relation to sedimentation.
2. Proposed changes in the official wheat grades; there are 10 changes to be proposed by USDA and they expect by August 7 to be able to outline them in Paris left Sunday morning after detail.
3. The actual working, and cost, of the new blanket bond program.
4. How closely we will be held to practice, and reports, under the Civil Rights clauses in the amendment now being signed by warehousemen. There may be smaller firms.
5. The moisture testing of milo under Moosmo vs previous Tag-Heip tests.
6. The chances for new wheat legislation in Congress.
7. The CCC policy on milo sales from the 1962 and 1963 certificate pools.

On the program will be Mr. Zeleny of the Grain Branch and Mr. Mosley of Commodities Control section, USDA, Washington, D. C., also Arnold Ferguson of Kansas City ASCS.

There will be a small registration fee to cover luncheon costs. We hope to conclude by 2:00 p.m.; however, it may be longer, since there is a full program.

You may wish to circulate this information to everyone interested in the grain trade in your area, especially elevator operators, feed mills, etc. We consider this a most important meeting.

Matador Team Is Tourney Champ

The host Matador Senior League team won the Invitational Tournament in that city last Saturday night when they outlasted the Floydada entry to take a double header.

Floydada had gone into the final night undefeated and needed only a single victory to win Coach Ted Vermontes said his boys played a fine game and the loss of the first game Saturday night was by a 1-3 score. Pitcher Johnny Bonner was loser of the 1 hitter. The second game was a run away by Matador as the Floydada pitching was wearing then and some five team members were on the bench with injuries.

Matador was due to go to Andrews yesterday to start the area play-off tournament. The Matador team picked up Robert Conlee and Johnny Bonner of Floydada to strengthen their batteries for the tourney action. One Springlake boy was also added to the Matador roster.

League officials are looking for a bigger and stronger Senior League next year as Petersburg, Silverton, Paducah and Guthrie have all indicated an interest in the league for 1964.

Miss Susie Reue Shower Honoree

A bridal shower honoring Miss Susie Reue, bride elect of Jim Broome of Lubbock, was given July 23rd in the home of Mrs. M. J. McNeill.

Guests were received by Mrs. McNeill, the honoree and Mrs. John Reue, mother of the future bride, Miss Bobbie Reue, a sister, was at the register.

Serving from a lovely table decorated in white were Mrs. James Potts and Mrs. Fred Zimmerman, Jr. Silver and crystal appointments complemented the table which was covered with a white cut work cloth and centered with a white floral arrangement and lighted tapers.

Assisting Mrs. McNeill with the shower were Mmes. Kyle Glover, James Potts, Fred Zimmerman, Jr., J. M. Willson Jr., Guy Ginn, Pete Hickerson, Grady Walker, Zant Scott, Jim Word and Mrs. Fred Cardinal.

Hostess gift was a Sunbeam mixer.

Mr. and Mrs. Charley Berry attended the funeral Saturday of the small son of Mr. and Mrs. Ray Harrison at Muleshoe. The little child had been seriously ill some seven months. Its Grandparents were Mr. and Mrs. Woodrow Surratt, former residents of Floydada.

Mrs. Velma Berry was called to Amarillo Tuesday to the bedside of her niece, Mrs. Donna Ewing Guy, who is seriously ill in an Amarillo Hospital.

Mr. and Mrs. Zant Scott of Harmony Community, announce the approaching marriage of their daughter, Dwana Beth, to Mr. Clarence Douglas Walding, son of Mr. and Mrs. C. N. Walding, 820 West Virginia St.

Vows will be exchanged on September 4 in the First Methodist Church in Floydada.

Both Miss Scott and Mr. Walding are students at Texas Technological College.

Cage - Switzer
Wedding Plans
For August 31

Mr. and Mrs. Harlan Cage announce the engagement and approaching marriage of their daughter, Nita Beth, to Don Switzer, son of Mr. and Mrs. G. W. Switzer.

The couple will be married August 31 in the First Baptist Church chapel.

Both attended Floydada High School and were graduated in 1962. The prospective bridegroom attended West Texas State College this year.

Friends and relatives of the couple are invited to the wedding.

Barbara Jo Gilly and Charles Christian Exchange Vows

Double ring vows between Barbara Jo Gilly and Charles Christian were read at 7 p. m. Saturday, July 26th in the First Christian Church in Floydada. Rev. Charles Lutrick, pastor, performed the ceremony.

Mr. and Mrs. C. L. Gilly of Star Route, Floydada, are parents of the bride, and Mr. and Mrs. Greer Christian, city, are parents of the bridegroom.

The bride wore a floor length gown featuring rose spray lace and silk organza over taffeta. The fitted bodice was designed with a portrait neckline and long tapering sleeves which extended to petal points over the hands. The rose spray lace complemented the flat panel skirt and the bouffant back skirts of silk organza fell from under soft folds of fabric to form a brush train. Pearl loops and aurora crystal clips held her tiered veil of imported silk illusion. Her bouquet, returned from Hawaii where they have been stationed with the air force for the past three years, was a white orchid, surrounded by tiny yellow rose buds which she carried atop a white Bible.

Following the wedding a reception honoring the newly-weds was held in Fellowship Hall. Miss Judy Magnuson of Amarillo registered guests.

For traveling to points in Colorado the bride wore a pink crepe suit with white accessories and was her garter and she wore a penny in her shoe bearing her birthdate.

The couple will make their home in Floydada until September when they will move to Lubbock to attend Texas Tech. The bridegroom is employed this summer in the ASC office in Floydada.

GM Names Conner Oden To Public Service Post

General Motors has announced that Conner Oden, local Chevrolet mobile dealer for the past 27 years, has been reappointed to serve as GM Community Relations Chairman for Floydada and vicinity.

The chairmanship carries a community service responsibility. Mr. Oden can make available to the public a variety of interesting and educational materials in the form of motion pictures, booklets and presentations from GM's Public Relations staff. One of the films is "Farmer of Tomorrow," produced especially for the Future Farmers of America. A new aid for the promotion of safety is the color motion picture, "The Safest Township Any-

sult in the phasing out of "feather-bedding" and the phasing out of the "redundant" or unneeded employees, but the unions have steadfastly refused to accept these proposals even though the railroads themselves have voiced their acceptance.

I feel that these proposals would not result in undue hardship on these employees because it would give them a preference rehiring, it would mean that they would be phased out more by attrition than by firing employees.

Well known locally for active interest in Community Chest, Red Cross, School Board member, Councilman, Boy Scouts, 4-H, FFA, etc., Mr. Oden also will be in a position to cooperate with club groups, schools, or any other local organizations which may interest General Motors materials of interest for use in the development of programs.

vided for permanent compulsory arbitration. I think that it would set one that neither labor nor management wants. I think that Senator Goldwater has a valid approach to this problem. I think that it is a logical and direct approach. He has offered a bill that would prohibit any type of "featherbedding" in the railroad and air transport industries. I would hope that that will be offered as a substitute for Senate Joint Resolution 102, to be acted on by the Senate.

Former Owner Of Bohannon Gin Here Dies

Wallace C. Bohannon, 55 of Lubbock, former owner of Bohannon Gin in Floydada, which now is Floyd County Co-op Gin, died Friday in Estes Park, Colorado, while vacationing in Colorado at the time. Death was attributed to a heart attack.

Funeral rites were conducted Tuesday morning in the First Methodist Church in Plainview. Burial was in Plainview Memorial Park.

Bohannon was a native of Grovespring, Mo., and moved to Plainview in 1945 from McAllen. He moved to Lubbock about four years ago. He formerly owned a cotton gin at Plainview and Floydada and at the time of his death was owner of the gin at Lone Star and of Farmers Grain at Lubbock.

Survivors include his wife, one daughter and his mother.

thirty miles from Floydada in the virtually nothing to do in today's canyon near Crosbyton. It is modern diesel locomotive. So a owned and operated by the Cap-rock Girl Scout Council of which Floydada is a new member.

Registration blanks may be obtained through Scout troop leaders. Camp staff includes camp director, a registered nurse, Red Cross certified swimming instructor, dietitian, two cooks, handyman, caretaker, adult unit leader, with trained assistants unit leaders and program specialists. The camp is well equipped with the sleeping facilities and the most modern conveniences. A special feature at the camp are the red wagons which hold six cots.

This established camp helps girls to learn to be more resourceful through helping to plan the programs, cooking some of their meals and learning to take care of themselves. They learn cooperation through living and working with their friends. Activities include crafts, hikes, swimming, songs, camp fires, cook-outs, nature study, star gazing and exploring.

Although it is too late to register for this summer session, it is not too early to be thinking about plans to attend next year. Registration is accepted in April. Camp Rio Blanco has both one and two week sessions. Gunn Bros., Double Thrift and Frontier Stamps may be used in lieu of money at the Crosbyton camp.

John Tower Newsletter

Senator Tower discussed the Railroad Situation today on his weekly radio broadcast to Texans. He discussed S. J. Res. 102, but suggested that Senator Goldwater's bill be offered as a substitute which would prohibit any type of featherbedding in the railroad and air transport industries. The text follows:

The topic that I think is on most of our minds these days is the railroad strike that is due to come off on the 29th of this month. This projected strike on the part of the railway unions arises out of a dispute over work rules. The character of railroad work has changed a very great deal over the past few years. The improvement of equipment, not only the rolling stock but in the switchyards and along the lines themselves, have made a lot of the jobs in railroad obsolete or unimportant. The firemen, for example, who used to stoke the furnace on a locomotive now has

Floyd Philosopher Will Get His Debts Up To National Average If Stores Are Willing

Editor's note: The Floyd Philosopher on his Johnson farm gets bogged down in debt this week, his letter reveals.

Dear editor:

I'm always hearing people complain about the national debt and then they shake their head and say, "I don't believe the Federal government will ever get out of debt."

What I'd like to know is, will anybody?

What I mean is, I was reading a newspaper article last week and ran across some figures that gave me so much to think about. I haven't been able to settle down to work since, and if I do work out of the slump, I'll hunt up some more.

According to them, since 1947 the Federal debt has increased

by 17 per cent, while business firms increased their gross debt by 230 per cent, consumers by 390 per cent and local governments by 330 per cent.

As you can see by this, the Federal government is falling down on the job. What kind of leadership is it when Washington goes in debt only 17 per cent deeper while state and local governments are going in 330 per cent?

But the thing that fascinated me about the figures is the fact that consumers have increased their debts by 390 per cent since 1947. What I want to know is, how do they do it? Where are the stores? That's the trouble with an article like that, it leaves out the most important part - where can I find the stores that'll let me run my debts up 390 per cent?

As I understand the whole set of figures, everybody, from Washington to state and local governments to business firms to consumers, is anywhere from 17 per cent to 390 per cent deeper in debt now than he was 15 years ago and what I want to know is who's got all this money to lend? This is what floors me about finances, but in the meantime if you find out the names of any stores willing to let me bring my debts up to the national level of 390 per cent, send me their names quick. It won't be any trouble to find out how much I'd have to buy to increase my debts of 15 years ago by 390 per cent. I know what my debts were 15 years ago; I ought to, I've still got 'em.

Yours faithfully
J. A.

Sample Soil Now For Fall Planting

College Station, July — Now is the time to have your soil tested in preparation for fall planting, says William F. Bennett, soil chemist with the Texas Agricultural Extension Service.

Early soil sampling is encouraged by the chemist to avoid the fall rush that crowds the state's three testing laboratories. Samples being received now are mostly from pastures, fall-seeded crops and lawn or flower beds, he says.

The number of samples received during May and June was about normal for this period at all three labs. In May 839 samples were tested and 495 were

examined in June. The A&M College lab led in the number of samples received, with the High Plains lab second and the Baylor County facility handling the lowest number. Harris county topped the list of those submitting samples with 55, while Henderson county had 42 and Hale county submitted 27 samples.

Bennett reminds that established legume pastures are among the crops that will need fertilization this fall. An increasing number of acres are being seeded to vetch, crimson and white clover and since fertility needs

of these crops vary, soil samples should be taken, he says. One element of special importance to East Texas and Coast Prairie farmers is lime, points out Bennett. He says that three-fourths of the East Texas soils and one-half of the eastern Coast Prairie soils need lime, and it should soon be applied to them for fall plantings.

For more information about testing and for instructions on the method of taking and submitting soil samples, contact your county agricultural agent.

Cost Of Living In Nation Takes Sharp Rise During Month

WASHINGTON — Living costs in the United States in June took their longest leap forward in nine months and the end is not in sight.

The Labor Department's Bureau of Labor statistics reported Friday the June consumer price index stood at 106.6, up 4 of 1 per cent from the previous month and a record high.

Followed Stable Period

The price index, a comparison with the base period of 1957-59, was 1.2 per cent above June of the last year, primarily because of higher prices for food, housing and medical care, the bureau said.

After a two-month period of stability, prices advanced in June for most major types of goods and services. Substantial increases were noted in food, tobacco and used cars. New increases in the cost of less taxes also helped boost living costs.

Arnold Chase, the bureau's assistant commissioner for prices, predicted a further increase for July, but said it would be mostly seasonal.

The new June index means that it now costs 66 cents more to buy the items that \$10 would have pur-

chased in the 1957-59 period. Chase said the story of the living cost rise in June was "primarily the story of sugar, cigarettes and higher taxes." Seasonal trends helped too, he said, particularly in used cars for the summer driving season.

Chase indicated, however, that the general price rise did not point to an inflationary trend but reflected more past inflationary pressures than future.

Indicating another probable advance for July, Chase said, is the fact that meats usually go up this time of the year along with eggs and dairy products and used cars and gasoline. Medical costs can be expected to be rising, he said.

A strong factor in the food price rise of .8 of 1 per cent in June was the sharp boost in the cost of sugar. Prices for this product rose by 32 per cent in June and were 44 per cent above a year before.

"We may see a decline but sugar prices are not likely to go back to where they were," Chase said. "There will be high prices for sugar for some time to come."

Three County Reunion Will Be In Lubbock

Hardeman, Wilbarger and Ford counties will hold their annual reunion this year on Sunday, August 4th, in the Plains Co-op Party House, 2901 Ave. A in Lubbock.

Those planning to attend are asked to bring their basket lunches and drinks as usual, and tell others of the change in the meeting place.

Andrew Peters is president of the reunion. Albert Campbell, vice president and Mrs. E. P. Bartee, secretary-treasurer.

Fortenberry Reunion Set August 10th

The annual Fortenberry reunion is planned for August 10th in the American Legion Hall in Lockney. The meeting is to start at 10 a. m.

All are reminded to bring their basket lunches and bread, meat and drinks will be furnished. Anyone wishing to attend are welcome.

Marvin Shurbet Water Depletion Case Appealed By Federal Government July 22

Attorneys for the High Plains Underground Water Conservation District have been advised that the water depletion case, styled Marvin Shurbet Et Ux vs. United States of America, was appealed by the government on July 22, 1963.

The appeal is from a judgment rendered in May 1963 by Judge Joseph B. Dooley of the U. S. District Court for the Northern District of Texas, sustaining Shurbet's claim for a federal income tax refund. The case will now go before the 5th Circuit Court of Appeals in New Orleans, Louisiana.

The claim for refund is based on a cost depletion deduction for ground water depleted while irrigating agricultural crops.

The suit is a test case, and is sponsored by the High Plains Water District in an effort to obtain a federal income-tax deduction for all owners of ground water in the southern High Plains of Texas who can show a cost in the ground water that is depleted in the production of income.

There is no indication at this time when the case will be heard by the Court in New Orleans.

There is little room for mistakes in the highly competitive business of dairying. Production records provide facts that help eliminate guesswork in feeding, breeding and management. To make the most profit from your farm you need this factual information.

Gin Employee At McCoy Has Fatal Attack

Romie Jewell Murphy, 59, of Petersburg, and an employee of Dick Smith of McCoy Gin in Mc Coy, Tex., following rites held there in the Church of Christ.

Mr. Murphy died Tuesday afternoon of last week at the hospital in Petersburg after suffering a heart attack. Smith said Murphy was at work at the gin

when he became ill. Smith took him to the hospital where he died about an hour and a half later.

Murphy had been employed at McCoy since March of this year. He lived in Estaline for several years and at Childress 10 years before moving to Petersburg.

Survivors include his wife, Della Fio McBride; four sons, Darrell Ray and Jerry of Tulsa Saturday to attend funeral rites of their former coworker, Lewis Grant (Bunk) Nolen. The 23 year old man was killed shortly before noon Thursday when he came in contact with a 7,200 volt high tension line 13 miles north of Dalhart.

Nolen was employed by Light house Electric in Floydada from February 11 of this year until the 8th of July. He quit his job for a construction firm.

Witnesses to the accident said Nolen was on a 35 foot high utility pole and the shock knocked him to the ground. The site was along US Highway 385.

Funeral rites were conducted in the First Baptist Church in Tulsa with burial in Rose Hill cemetery.

Survivors include his parents, Mr. and Mrs. L. E. Nolen of Tulsa; five brothers and three sisters.

AN OPEN LETTER TO OUR PRESIDENT, MR. HERBERT WILCOX:

Congratulations, Mr. Wilcox, on the 10th Anniversary of our Company: We, (all 2,500 of us), wish to take this opportunity to congratulate you on the spectacular growth of our Company, Shop Rite Foods, Inc., since its beginning in July, 1958. Many of us have witnessed this steady progress over the past ten years, and as our Company has expanded and grown from one to 73 stores, we, too, have enjoyed opportunity for advancement in our chosen careers within the food industry.

Your leadership has opened many avenues of opportunity for employment in the communities in which we live. Our Company is an outstanding example of free enterprise operating in a free America . . . and we are proud to be a part of it.

Our very best wishes for your success in the years to come. We look forward to a future bright with continued growth under your leadership . . . as we meet and serve our friends, old and new, across the Piggly Wiggly counters!

Sincerely,

Signed,

Employees of Shop Rite Foods, Inc.

THE
VOICE
OF
GOD

Do you ever pause to listen to the voice of God? We hear it every day, wherever we may be.

In the whispering of tall trees . . . the music of rushing brooks . . . the songs of the birds . . . the gay laughter of happy children . . . we hear the voice of the Great Creator. Through his infinite grace a bird is enabled to serenade his mate, a tiny cricket chirps its faint refrain.

God is the Bringer of all blessings to man and beast alike.

Let us give thanks to Him who has so enriched our lives. Open church doors beckon all over our land. Let us seek the House of the Lord, and enter in to pay Him homage. Here through prayer and humility, let us rededicate ourselves to His service and glorification.

from Lighthouse Electric Co-operative, Inc., by Alton Higginbotham, a pesticide container, keep your face away from the cap. Dilute and mix sprays outdoors or in a well-ventilated place. If you spill liquid concentrate on skin or clothing, wash yourself immediately with soap and water. Change into clean clothes. Do not mix together different insecticides unless the label recommends it. When applying pesticides, protect yourself. Guard against contamination of skin and clothing. If the label recommends it, wear a handkerchief, gauze mask, or respirator on the face. If the day is windy, or if drift to be frozen in airtight containers that is what it takes to make quality products.

Author Unknown - Pesticides - Use pesticides safely. Pesticides are poisons. Many are powerful enough to cause injury to humans and animals if they are improperly used. When you use pesticides - be careful. The department of Agriculture regulates registration and labeling of pesticide chemicals. But vest. Never spray edible plants the final responsibility for safe use is on you - the user.

In selecting a pesticide, read the label to find whether it is effective against the insect or pest you want to control. After choosing one, read the label again - CAREFULLY. It explains how to prepare and apply the chemical, whether you must wear gloves or protective clothing.

Follow the instructions not just the first time but every time you use the chemical. Here are some safety pointers for gardeners: Tullia, L. G. or "Bunk" as he is known by U. S. Dept. of Agriculture. Use the recommended dosage, or less if it will do the job. Using too much may harm humans, plants, animals, or lines for Rita Blanca Electric Cooperative.

Lighthouse from February 11, 1963 until he left July 8, to go to work for the construction company - only a few days before he was killed. His parents live in Tullia. Nolan Arney, Terry Clark, Bob Norrell and Lawrence Stovall, Lighthouse linemen attended the funeral at the First Baptist Church in Tullia, Friday morning, July 26th.

Mr. O. A. Beck of Dumas, was a co-op visitor last Thursday morning.

Mr. and Mrs. Wiley Rogers and Mr. and Mrs. Carl Lewis spent last week vacationing at Red River, New Mexico.

Mr. and Mrs. Carl Lewis spent a few days in Glenrose with relatives while Carl was on vacation.

Alton Higginbotham is on the sick list at this time, a good case of summer flu with a touch of asthma.

REMEMBER to put all foods to be frozen in airtight containers that is what it takes to make quality products.

APPLES for pie - may be frozen for those fresh apple pies during the holiday season or for some of the other special "green apple" dishes we enjoy so much. Peel and core apples and slice as desired for pie. As apples discolor rapidly slice into a solution of 3 tablespoons of lemon juice, or 4 1/2 teaspoons citric acid, or 3 tablespoons of salt to 1 gallon of water. Leave in solution for a minute or so, rinse in cold water, drain, pack into containers - add sugar if desired. Freeze immediately.

The gentleman stopped to talk to the wee girl who was making mud pies on the sidewalk.

"My word," he exclaimed, "you're pretty dirty, aren't you, my little girl?"

"Yes," she replied, "but I'm prettier clean."

Mr. and Mrs. Red Gregory spent the weekend in Clarendon visiting her mother, Mrs. Elmer Conger and Mr. Conger.

Corn-on-cob is delicious if properly processed:

Scald by boiling water, 8 minutes.

Ears 1 1/2 inches at base, 11 minutes.

Ears 2 inches at base, 11 minutes.

Cool in quantities of ice water for same length of time they were scalded, drain and when thoroughly cooled package and freeze. Corn may be placed in the refrigerator to complete the cooling before freezing. (If there is warmth left in the cob there will be a soggy mess about the corn.)

Package corn in moisture-vapor proof cellophane or in plastic bags, or wrap in freezer foil to be sure your package is airtight.

CORN (Cream style or whole grain)

Cut corn from cob (if cream style, scrape milk from cob).

To 2 cups corn add 1/2 cup hot water. Boil 3 minutes, stirring constantly. Chill over chipped ice and when cold package in airtight containers or freezer jars and freeze immediately.

Something to Think About:

It has been said: Big pleasures and great happiness are but the consummation of many little pleasures and deeds of kindness bound together. As a loaf of bread is an yceru bin theag gregate, is many crumbs in the aggregate. Happiness is the art of finding joy and satisfaction in the little privileges of life; a quiet hour in the sun, instead of a faraway journey; a little outing in the nearby woods, instead of long trips away; an hour with a friend, instead of an extended visit with relatives; a few pages of a book, instead of hours of reading at a time; a flash of sunset, a single beautiful flower, a passing smile, a kindly word, a little gift bestowed anonymously, a little thoughtfulness here and there as the days slip by. These are the crumbs of happiness. Do not despise them, lest when the vining find you, you be a-hungered and disconsolate.
