**THE TIME IS NEARING**—Mrs. Wilson Kimble and Mrs. Sammy Hale look at two samples of street signs like the ones they hope to see on several corners in Floydada in the near future. Mrs. Kimble is a member of the 1922 Study Club.

## Street Sign Campaign Almost Complete; Corners To Be Marked In Near Future

A drawn out campaign that began early last spring to raise enough funds to erect street signs is rapidly coming to a close. "By the time the campaign ends, Friday night, we should have close to enough funds to start work on selection of signs and where they should be erected," Sammy Hale stated Wednesday morning.

According to Hale the fifty women and girls, who represent several local Study Clubs have raised close to \$1,500. A small portion of this was advance gifts, but the bulk has been picked up by the club members on their recent house-to-house solicitation.

In addition to this, several people have indicated a desire to give more than was asked on the solicitation, and a number of people have been missed.

The fund raising committee started with the drive to get enough to erect the signs without having to rely on the businessmen too heavily, even though business will benefit from the signs as much as anyone. However, Hale mentioned that there

## Late Freeze Almost Sets New Record For Floyd County

"Jack Frost" nipped a little heavily in parts of Floyd County early Monday morning. Some of the farmers in the lower depressions say that their cotton was killed by the low temperature.

However, the ASCS personnel in Floydada, said that they did not record a killing frost. The low Monday morning in Floydada was a chilly 29 degrees, but parts of the county reported as low as 26.

The freeze was one of the earliest on record. The record was first kept in 1894 and covers the past 70 years. In 1934 the first killing freeze was recorded on November 22, the latest on record. Two consecutive years, 1932 and 1931, reported the first

## Weyer Mangles Gin Worker's Foot In Accident At South Plains Co-op

... an employee of the Co-op Gin, was the gin accident which resulted in the loss of his leg, Friday night.

According to Roy Burk, manager of the firm, Tasmore was working between two gin stands making an adjustment close to the conveyor, when he thoughtlessly stepped back. The conveyor caught his foot and pulled it on down into the mechanism. Three or four other workers were close by when the accident happened, and one of them turned off the emergency switch immediately. Had the Machinery not been turned off, the accident could have been a lot more serious.

An ambulance from Floydada was rushed to the scene to carry the man to the hospital. On the way from the gin to the Lubbock hospital, the ambulance driver came by Floydada to get something to ease the pain for the injured man.

The local doctor said, "All I did was go out to the ambulance, give him a shot and make sure that he wasn't bleeding too badly to go on. His foot looked pretty bad but we never did take him out of the ambulance here."

At the hospital in Lubbock, Tasmore's leg was amputated at his knee, Friday night. However, his condition is reported to be good and is recuperating as rapidly as can be expected.

Tasmore, who was employed as a ginners' helper, had only been at the gin a short time. He is a native of South Texas.

## Wayne Williford To Build Brick Duplexes Near School

Wayne Williford, Lubbock contractor who is building a street of new homes in southwest Floydada announced at press time Wednesday that beginning Monday morning he will begin construction of three duplexes.

The duplexes will be located facing on West Tree street. Tree street is located south of the High School.

Williford said each duplex include 2-to-3 bedroom units and the entire plan would make available modern new rent for six families.

Plans call for a rectangular layout with play area in the middle and car port parking across the center front.

Williford said the duplexes would rent at a very reasonable price and would be carpeted, include built in cooking facilities, central heat and air conditioning.

Several building crews are employed by Williford and he told a Hesperian reporter Wednesday that he thought Floydada was going to grow and he would do everything in his power to keep pace with its building needs.

## Sugar Beet Company Pleased With Area Production; Beet Plant Possible By '66

Nineteen area people, interested in Sugar Beet production and the possibility of an area plant, representing Swisher, Lubbock, Hale, and Floyd Counties returned Tuesday afternoon from a conference with six Great Western Sugar Beet Company officials in Denver, Colorado.

The group reports that Mr. Kemp, president of the Sugar Beet Company, is more than pleased with the performance of the beet production in the South Plains area. Kemp was heard to say that the South Plains has certainly proved its worth with the tonnage and sugar content of the beets. In the Idalou area one of the representatives stated that he averaged 25 tons a acre, that showed an average of 14.2 percent sugar content. In Floyd County, reports have run from 30 tons of beets per acre with some samples returning 17 percent sugar content.

The purpose of the meeting was two-fold, according to John Reue, Chamber of Commerce Manager, who was one of the men attending the meeting. The first of these was to seek more acreage for the South Plains area for next year, and the 2nd was to help write a brief which is to be presented at Washington December 10 of this year. Most of the growers believe that pressure must be kept on the people

## Hay Stack Destroyed

The Floydada Fire Department was called to put out a fire that completely destroyed a haystack, Monday at about 1:15 p.m.

The hay stack was located on a farm about 1 1/2 miles west of Barwise. "No one was at the farm house so we don't even know who the hay belonged to," according to Mr. Baker, local Fire Marshall. A pumper was taken to the scene but it is believed that none of the hay can be salvaged.

Saturday, November 16, the City Fire Department was called to put out a grass fire in one of the lakes located at the "Y".

When the firemen arrived and viewed the situation, they merely kept the fire under control and let it burn off all the debris and trash that had accumulated on the lot. As Mr. Baker put it, "When we come to a fire such as that, we just let it eliminate a fire hazard."

## Hesperian Out Early Next Week

All correspondents and advertisers are reminded that next week's Hesperian will be published on Tuesday afternoon, and it will be in the mail Wednesday.

This will allow the paper to arrive a day early instead of two days late due to the Thursday Thanksgiving holiday.

## HOME, BUSINESSES HIT

Three break-ins were reported over the weekend. Two were reported by local business, and one resident reported his house ransacked.

One occurred at Superior Cleaners in which the equivalent of \$87 was reported missing, another at Higginbotham-Bartlett Lumber Co., in which Mr. Holland, mgr., reports that as far as he can tell nothing is missing, and Wilson Lumber reported a commode missing. A.

## Break-Ins Reported Over Weekend Here

Mr. Pratt reports that only a felt hat is missing from his home. The A. C. Pratts returned home from church Sunday night to find that their home had been ransacked. There were piles of clothes and other articles all over the floor and back yard, as if someone was planning to load everything into a truck. When the Pratts walked through the house and surveyed the "mess" they noticed that the front door was open. The entire house had been locked when the Pratts left for church.

Mr. Pratt said, "We probably scared the people off when we walked in the back door." At first they could find nothing missing, even though there was close to \$1,000 worth of articles piled on the floor and yard, that they could have lost had they been gone for a few more hours. So far, the only thing found missing is a felt hat belonging to Mr. Pratt.

It was the second such occurrence at Higginbotham-Bartlett in less than a month. Both times entry had been gained through a window. The previous time an electric clock was broken and the parts of a flashlight were found on the floor. Mr. Holland said, "It looked like they tried to put a flashlight together, but couldn't get it to work so they just left it here."

At Superior Cleaners, where a break-in occurred over the weekend, entry was gained through the back door. Mr. Elza, said that he first noticed that something was wrong when he went to work Monday morning. The back door lock was off and the

## Floydada Band "Most Outstanding"

The Floydada high school band and twirlers entered two contests recently and won at least one first place in each meet.

On Saturday, November 9, the Band traveled to Springlake for the Interscholastic League Twirlers Contest from which it brought home several first place awards. For solo, Suzanne Collier and Jenis Moore received first and two quartets composed of Suzanne Collier, Dorothy Edmiston, Jenis Moore and Betty Wright; and Bobby Reue, Jan Stansell Beverly Smithy, and Dee Wilson also captured first place.

There were 35 schools participating. Of these only Brownfield and Floydada brought home 10 first place awards.

On Sunday, November 16, the band traveled to the Seagraves Invitational Marching Contest. There the band received first place in Class AA and brought home a trophy for the most outstanding band of the contest. Fifteen schools participated.

The contest at Seagraves was in preparation for the Interscholastic League Contest to be held at Texas Tech on Tuesday, November 26.

The "letter of the law" won... the community lost. The above statement could very well define the reluctant decision of Judge E. A. Bills when he appointed a Master in Chancery for the Floydada School District at a court hearing in district court Tuesday afternoon.

After hearing statements from attorneys for both parties in the suit of J. M. Willson et al vs. Ralph Johnston et al in which both asked for the appointment of a Master to see that all personal property is added to the 1963 school tax roll, Judge Bills made the decision to appoint Sid Hopping, school tax assessor-collector of the Littlefield School District to begin work as soon as possible.

In two previous visits to Floydada in preliminary hearings Judge Bills had urged the two groups to settle their differences out of court. Both groups made proposals, spent many night hours in attempting to work out a settlement, but to no avail.

Speaking for the defendants (school board, equalization board and secretary) were Charles Jones, Lubbock attorney and local attorney Ben Ayres. Jones related that the suit had been brought against the school by 25 tax payers attacking the increased real estate values and alleging that certain types of personal property had been omitted from the tax rolls.

Jones said that the two groups had signed an agreed order entered by judge Victor Lindsey of Lubbock that all real estate valuations were substantially correct and that the school officials then followed judge Lindsey's decree that every tax payer be requested to voluntarily come in and report personal property and that only about 300 of the 2500 patrons had responded. Since this was not effective, his group could only ask for the assistance of a Master as the law directed.

Judge Bills asked how much personal property valuation had been added to the 1963 roll and the attorney replied that it had been increased from three million dollars in 1962 to five million dollars in 1963. Judge Bills said for matters of comparison that the Littlefield tax roll carried around three million dollars personal property valuation.

Attorney for the plaintiffs Harold LaFont of Plainview cited that only 8 percent of the tax roll evaluation was personal tax and that it was his opinion that there was as much personal property in the school district as real property.

LaFont also said that since the underground irrigation water has been depleted that the plaintiffs felt that the real property should not have to bear as much of the tax burden in proportion to personal property.

COURT ROOM DISCUSSION  
Judge Bills explained to the court that many problems would evolve with the appointment of a Master. He emphasized the fact that the master would have authority to subpoena any tax payer in the district, power to call witnesses and put them under oath, would have all the authority of a district judge in putting personal property on the tax roll.

## City Police To Crack Down On Traffic Violations Here

"Although we haven't had a traffic fatality this year... there's no use continuing to risk one with failure to enforce the city's traffic laws" was a statement made by city officials this week.

City police will be watching to see that school zone traffic regulations are obeyed, stop signs, and proper parking are correct in the future and the motorist is thus warned, according to city officials.

The new street marking system for parking is also explained. Red paint means do not park, yellow limited parking and white lines indicate parking spaced, but the public is not to park on the lines. Several parallel white lines are painted at the end of center parking on many streets. The motorist should not park on the white lines.

In other warnings, the city officials said that all streets in front of Floydada schools are one way streets only during school hours. Junior High's street was added to this group of one-way streets by a vote of the city council last week.

The city officials respectfully ask for the public's cooperation on this enforcement in the interest of saving lives and for a bet-

## Local Pastor On Executive Board

Rev. F. C. Bradley, pastor of the First Baptist Church, in Floydada, was recently elected to the Executive Board of the Baptist Convention of Texas when it met in San Antonio last week.

The board consists of 192 members, of which two-thirds are pastors and one-third are laymen. Members are elected to three year terms.

The purpose of the board is to conduct the business from year to year of the one and one-quarter million Southern Baptists in the State of Texas.

The board meets four times a year to conduct its business in Dallas.

Attending the convention from Floydada's First Baptist Church was Rev. and Mrs. F. C. Bradley and Mr. E. D. Morgan of Plains Baptist Assembly.

bar across the back door was on the floor.

When Mr. Elza unlocked his cash drawer, he noticed that \$77 in cash and \$8 in postage stamps had been taken. According to Elza, the thief came in the front

**WHAT HAPPENED?**—This overturned truck was discovered early Wednesday morning on Highway 70 about six miles east of Floydada by people passing by on the road. According to local law officials no report of the mishap was received, other than people calling out of curiosity to find out what did happen. Tracks made by the vehicle show that it was traveling east, started into the south shoulder, then swirled back across the highway to the north ditch and overturned. No one seems to know to whom the truck belongs, who was driving or who set it upright.

**Well Home Scene Of Surprise Gift Shower**

The H. N. Powell home was the scene of a surprise gift shower for Mrs. J. W. Graham, who moved to Floydada.

The very informal neighborhood get-together was planned that day and the honoree spent the day packing dishes and other items for the move. Late in the afternoon a daughter suggested they drop in for a chat with Mrs. Powell so they went as they were. Mrs. Graham had no inkling of what was happening till her young grandson arrived and immediately "let the cat out of the bag" by running up to his grandmother and asking, "Granny, what did you get for your birthday?" Guests called from 4:30 to 5:30 and were served coffee and cookies.

Those attending or sending gifts were Mesdames Bert Lee Emert, Lon Emert, A. T. Emert, Weldon Graham, Kent Covington, J. T. Poole, Bill Poole, Beulah Jameson, R. D. Holly, Claud Ring, E. S. Foster, Earl Foster, Bob Covington, Kenneth Poole, Henry Hinton, Roy Crawford, Ada Hinton, Jesse Powell, Jimmy Powell, Kenneth Robertson, Weims Norman, Carmel Eastham, R. H. Crawford, I. S. Lynch, W. J. Ross, Bill McNeill, Leroy Channing, C. A. Caffee,

**Beets**

(Continued from Page 1) sowing plants have been built recently. The one at Hereford is first one built in the country in several years.

In spite of these factors, the growers are confident that there will be an increase in the allotment for the South Plains. More acreage is needed all over the country and none has been granted by any company in any state. In addition, Arizona and South Dakota have turned back their previous allotments, so there is a good chance that this area could pick up a few acres from those returns.

Local growers are seeking a plant in this area, not only for the increased industry that the plant itself will create, but to save a tremendous shipping cost that area growers are paying now. The nearest plant at the present time is the one belonging to Great Western located at Longmont, Colorado. The beets are shipped from this area in trainloads of 25 cars.

Mr. Reue said, "Just to show that this is big business, and what is a stake, the Great Western Company today (Tuesday) wrote a check for \$46 million for sugar beets in the Colorado area."

## Jackie Duke Honored With "Pink and Blue" Shower

The P. C. A. Party Room was the scene of a shower honoring Jackie Duke November 14, at 7:30 p.m.

Each hostess wore something that would be useful to Mrs. Duke, such as a baby rattle, diaper pins, etc. The hostesses presented the honoree with a pink carnation corsage and a Blue Baby Book.

Forty-five guests were served pink punch, and blue and pink cake squares. The serving table was decorated with a centerpiece that consisted of a white canopy over a baby bed with a baby in it.

Gifts of a maple high chair, diaper pail and nylon shoes were presented to the honoree by hostesses: Mmes. Dale Kinser, Bud Hatley, Nile Bryant, Wilbur Floyd, Lawrence Stovall, Nolar Arney, Corky Guffee, Carl Lewis, Spencer Hatley, Joe Jones.

Nelvis Knowles, Jimmy Knowles, Austin Holmes, K. L. Greg, Leland Pinkerton, J. A. Murrice, A. G. Tyler, Glen Harding, Bob Giles, and David Campbell.

## Two Floydada Nurses Attend Heart Meeting

Interesting, informative lectures, films and discussion were given at the Institute on Nursing Care of Heart Disease in Plainview, November 14, with attention being called to many changes being made in this field since World War II.

Mrs. Ester Jones, R. N., Director of Nurses at the Methodist Center Hospital, Plainview, was chairman of the program sponsored by the Hale County Heart Association which was attended by 67 nurses, from an area as far as Amarillo.

Mrs. Lucy Cozby, R.N., and Mrs. Pauline Wright, L.V.N., Floydada, and employees of Medical Center Hospital, Plainview, attended the Institute.

Dr. Robert H. Mitchell, M.D., F.A.C.P., president-elect, Texas Heart Association, Plainview, is largely responsible for many training programs of this kind in the State of Texas.

Dr. Jeff H. Davis, Medical Center Hospital, Dr. Joe Arrington, M.D., Director Texas Heart Association, Lubbock, and Mrs. Inez Farris, R.N., B.S., Lubbock were featured speakers at the meeting.

## Thanksgiving Program Given At Class Meet

The parlor of the First Methodist Church was decorated beautifully with Autumn leaves and flowers when the Wesley Sunday School Class met there Wednesday at 3 p.m.

The program was opened with a song, after which Mrs. Will Spill led the group in prayer.

Mrs. S. J. Latta presented a Thanksgiving story, and concluded with this quotation from Dr. Clarence Poe, "Let's Make Thanksgiving a delightful time for the whole family to get together to give thanks."

Mrs. W. O. Tye, president of the class conducted the business session.

Refreshments were served to two visitors, Mrs. J. F. Coiston, and Mrs. Charles Lutrick and to members Mmes. W. Henderson, Lillie Henry, S. J. Latta, J. B. Turner, C. E. Bartlett, Sarah Meek, Frank Barbosco, L. P. Lawless.

## TOPS Club Sees Embroidery Demonstration

Mrs. Margaret Daniels and her daughter were in charge of a demonstration using inlay embroidery at the TOPS Club meeting Tuesday, November 12.

The losing side will treat the winners in a contest that was started at the meeting.

The Club also met Tuesday, November 19 at the First National Bank. The members invite all interested persons to attend any of their meetings.

## Club Program Is Table Decor At Dougherty

Holiday table decorations was the program given for the Dougherty Home Demonstration club by Mrs. Earl Edwards and Mrs. Johnnie Cates Thursday, November 14 in the home of Mrs. Edwards.

Mrs. Edwards brought the devotional from Corinthians 9:7 and the meeting followed which was in charge of the president, Mrs. W. J. Ross.

Roll call was answered by singing the title of a favorite Christmas song.

After the minutes were read and reports of committees heard, new and old business was taken care of.

Mrs. Edwards then showed her Thanksgiving table decorations which was a beautiful tiered lazy susan made of wood and filled with fruits and fall flowers.

Mrs. Cates brought styrofoam balls, ribbon, sequins and other materials for each member to make a Christmas ball to hang on the club Christmas tree. She also made several to show the members.

Mrs. R. H. Crawford gave a report on the luncheon at the Methodist Church and reported five members of the club were present to hear the talk given by Bess Rothman Boon.

Refreshments of cranberry salad, cookies, coffee and tea were served to Mmes. R. H. Crawford, W. J. Ross, Carmel Eastham, Johnnie Cates, Mrs. Claude Ring and Jodie Eastham.

The next meeting will be with Mrs. A. H. Kreis

## Library Gets 474 New Books With Grant

The Floyd County Library has 474 additional books now, as a result of a \$3,000.00 grant received recently. The full amount of the grant was not utilized, however, according to Mrs. T. A. Hull, County Librarian.

Every Fall and Spring Mrs. Hull receives a list of books available from the Texas State Library from which she may make selection of new books.

The list for Fall, 1963 includes 1,472 books from which Mrs. Hull selected the 474, some of which have already been received by the Library.

Mrs. Hull said that she used only a little over \$1,600 to purchase the new books and held the remainder of the grant in reserve until a new list of books will be sent by the State Library next Spring.

## Moshier-Gilliland Wedding Vows Exchanged in Lubbock

Bowman Chapel of First Methodist Church was the setting for the 3 p.m. Saturday wedding of Mrs. Ann Housick Moshier, Texas Tech student and Bill Thomas Gilliland of Floydada. The Rev. Dr. J. Chess Lovern read the double ring ceremony.

Parents of the couple are Mr. and Mrs. Walter A. Moshier of Houston and Mr. and Mrs. Lewis Gilliland of Floydada.

As she was given in marriage by her father, the bride wore a white street length dress of lace and taffeta. The lace bodice was styled with three-quarter length sleeves and scoop neckline. A full overskirt of silk chiffon was designed with a lowered back waistline. Pearl buds on white velvet foliage caught her shoulder length veil of silk illusion. She carried a cascade bouquet of white carnations centered with gerberas.

Miss Sue Ring of Floydada was maid of honor. She wore a blue street-length dress of silk, designed with an empire waistline and full skirt. She carried white carnations.

The bridegroom's father was his best man.

Ushers were Richard Graves, Robert Christian of Floydada and Walter Moshier Jr. of Keruville, brother of the bride.

Wedding music was played by Mrs. Dortha Barrett, organist, who accompanied Miss Kay Munsell, soloist.

For travel, the bride wore a fashion wool suit and black accessories. They will reside in Lubbock.

The bride is a senior student at Tech and her husband attended West Texas State University and is employed at South-Western Bell Telephone Co.

## New Bridge Club Organized

A new duplicate Bridge Club has been organized recently in Floydada. According to Mrs. Walton Hale, who is on the board of directors, they now hope to have a club that all Floydada bridge players will support.

Officers of the new group are: president, Barbara Barnard; Secretary, Mrs. Dorsey Baker; and treasurer, Mrs. Raymond Meriwether. Meetings are slated for each Monday at 1:30 p.m. in Rogers Cafe.

## Rites Today In Memphis For Muncy's Mother

Mrs. Roy Favver has been ill since Sunday.

Mrs. L. D. Goulightly and Mrs. Roy Favver were in Lubbock Christmas shopping with Mrs. Jerry Hall last week.

Rex Harrison, Douglas Rainbolt and Randy Bertrand visited James Williams Sunday afternoon.

The Dougherty Home Demonstration Club met Thursday with Mrs. W. Earl Edwards.

The program was on Christmas and holiday decorations.

Mrs. Homer Newberry's nephew, Johnny Hay of Tulsa is staying with them while working with the crew that is installing new wiring for the electrical coop at Dougherty.

Mrs. Warner Johnson kept her little grand daughters several days last week while Mr. and Mrs. Carl Brock were with Mrs. Emma Brock at Peoples Hospital.

Wesley Johnson was crowned "queen" at the Powder Puff Football game Tuesday night.

Mr. and Mrs. Flukie Smith visited their mothers, Mrs. Bird Out and Mrs. R. B. Smith in Lubbock Sunday.

Mesdames Alvin Battey, Jerry Battey and Mrs. Clifford Helms went Christmas shopping in Lubbock Monday.

Mr. and Mrs. H. B. Johnson of Crosbyton visited their nephew, Warner Johnson and family Sunday afternoon.

Mr. and Mrs. Holt Bishop returned from a fishing trip at Glen Rose recently and entertained several neighbors with a big fish fry Monday night.

## Recipe Of The Week

We are sure housewives have a favorite recipe, one that is quick, appetizing, a fancy dish, a new dessert. Share it with your friends and neighbors. We would like to know about it and so would our readers, so we've begun this column to give you the opportunity to exchange recipes with your friends and neighbors. Each Thursday we will carry a favorite recipe and a picture of the housewife submitting it. Call Peggy Medley at the Hesperian or mail your recipe to Box 848, City. We'll pick one each week, it may be yours. This week we are sharing with you a recipe out of the kitchen of Mrs. Harvey Allen.

## Chocolate Marshmallow Pie

Ben E. Roberts, 71, of Lubbock,  
a former resident of Floydada,  
was buried yesterday in City of  
Lubbock cemetery following fune-  
ral rites held in the Oakwood  
Methodist Church.

Mr. Roberts, a bootmaker and  
employed at Huber Boot and  
Western Wear, died Monday af-  
ternoon in his home.

He operated a boot and shoe  
repair shop in the 1920s in Floy-  
dada. His business was located  
on the south side of the square.  
He moved to Lubbock from Clo-  
vis, N. Mex., in 1934.

Survivors include his wife;  
three sons; five daughters; 13  
grandchildren and 14 great  
grandchildren.

It's a good thing to get in and dig, but be careful which way you throw the dirt.

About half of the 1,200 species of American grasses are found in Texas.

Annual growth in Texas na-  
tional forests is estimated to be  
300,000,000 board feet.

### Break-Ins

(Continued from Page 1)  
door, picked his safe and left through the back door.  
Wilson Lumber Company reported that someone took a new comode over the weekend. However, it looked as though a rope was dropped across the fence and the comode lifted over. There was no break-in.  
Scott Gin reports that an additional 8 tires have been cut during the last week, probably over the weekend. This brings their total to 28, however, it is reported that only 14 of these are beyond repair.

### Master

(Continued from Page 1)  
He further stated that bank deposits whether in Floydada or Chicago must be reported as personal property. He said that he knew that the appointment of a master would not settle hard feeling... and could possibly lead to further litigation.  
Judge Bills said that the case was the type that should be settled out of court... he said that every community was entitled to good schools, that good education is a must for the future of this country.

The judge's reluctance to declare the appointment of a master was evident as he asked if anyone present had anything to say... as to how the suit could be settled without appointment of a master.

Baptist pastor Floyd Bradley said that he thought the master was not the answer to the school tax problem. One of the plaintiffs Arthur Wylie said that he didn't believe the master would solve the problem. John Lloyd, farmer, said that his eight inch irrigation well was down to a three inch and that his land evaluation was too high. Judge Bills said he thought Lloyd's problem was one for the school equalization board to consider.

Pioneer Floyd county woman, Mrs. Maude Hollums told the judge that her land had received a new value of \$350 per acre and some of it as high as \$500 per acre, but that she had not complained because she wanted the community to have good schools.

Ted Allen, local businessman asked the judge what had been done by the school board and plaintiffs to settle the case out of court. The judge replied that the propositions could not be brought out at the hearing.

Farmer - businessman Kinder Farris asked the judge about some of the valuation percentage possibilities. One of the plaintiffs, Fred Brown asked the judge what the probable cost would be to bring a master into Floydada for the job. The judge replied that he didn't know how long it would take, but estimated a cost of \$1,000 to \$2,000.

One person asked the judge how the school could continue to operate without presently needed tax money. He replied that the school district tax payers are urged to come in and pay their taxes on the basis of last year's assessment until the suit could be disposed of.

Another person asked what about the selling of the \$800,000 bonds in order that a new school building could be built and remodeling take place on existing buildings. The judge said this would all be delayed until the master would finish his work on getting personal property on the roll.

PROPOSITIONS  
So that the public can know what the school board has done to try to settle the suit out of court, the Hesperian secured a copy of the board's proposition for settlement.

The school board said it felt that most of the plaintiffs were unhappy over the increased values put on land... an increase on best irrigated land in the district from \$35 per acre to \$250 per acre.

In order to reach a compromise the board offered to the plaintiffs a reduction in total valuation of the district's property from \$60,000,000 to \$48,000,000.

000. The amount of \$48,000,000 would be placed on the tax rolls at 50 per cent instead of 47 per cent. This would make the tax roll valuation \$24,000,000 and the rate approximately \$1.56 instead of \$1.38. This plan would have brought in the same amount of money needed for the school's operation as would the larger valuation.

It seems that the plaintiffs were agreeable to this part of the compromise.

The board also offered to appoint a three man advisory committee to sit with the board of equalization in considering complaints of individual tax payers. This appeared to be agreeable with the plaintiffs.

The school board offered to employ a male tax assessor to begin work immediately to get unrendered personal property on the tax rolls for 1963. This would have necessitated a supplemental tax roll. According to the plaintiffs attorney LaFont they were not entirely agreeable on his offer.

The school board agreed to sell only \$600,000 of the bond vote approved \$800,000 now. LaFont said that the plaintiffs wanted the total of \$800,000 spent... and to delete the word "now" from the proposal. The school board felt that the other \$200,000 voted bond might be a necessary expenditure as they got into the building program and felt that by law they could not agree to spend only \$600,000 of the approved \$800,000.

In other terms of the compromise both parties agreed that the voluntary renditions of personal property made on and after September 20, 1963 would be discarded.

LaFont said the problem of the \$600,000 limit and the plan to render the 1963 personal property taxes by the male assessor seemed to be the reasons no settlement could be made with the plaintiffs.

Most of the residents of Floydada community were shocked by the news that the master was appointed, little groups down town Wednesday morning were discussing the situation... discussion was heated in many cases about how the community would suffer due to the master appointment.

Comments overhead included: "This is a disgrace on this community that we cannot solve our problems without the help of a master who must follow the law... the entire state has been watching this situation... it reflects a poor intelligence and ability to solve home town problems."

"The decision to bring in a master should be appealed to the Court of Civil Appeals in Amarillo."

"It isn't fair for the majority of our community's residents to have to suffer because of the inability of a few men to peacefully solve this problem."

"The delay on building the new grade school is saddening... what about our children having to eat in that fire-trap of a cafeteria another year?"

MASTER APPOINTED  
Judge Bills introduced Hopping to the court and said that he recommended him to be a fair, educated and experienced man in regard to rendering all types of taxes.

TAX ROLL  
It was hoped by the school officials that the tax roll could be released and in a conversation with Judge Bills he was of the opinion that this would be permissible, enabling the District to proceed with normal tax collections, refunds to be made for any overpayment.

However it was reported by the schools' attorney at press time Wednesday that the plaintiffs and their attorneys had reported that they would not agree to release the tax roll until the master had completed his work.

The best thing to do behind a boy's back is to pat it, either high or low, depending upon the situation at that time.

More inflation to prolong the boom could prove to be a boomerang.

### Savages Scalp Whirlpuffs Powder Puff Bowl, 18-0

Savages (sophomores and juniors) were selected winner of the coveted crown. His court consisted of, freshman, Nathan Johnson, sophomore, Jack Osborne and junior, Ken Campbell. The Powder Puff game was the first of two fund raising projects sponsored by the Student Council to pay the cost of acquiring an exchange student in the Floydada system in 1964-65. The second was a movie at the Capada Drive In Theatre, Tuesday night.

Savages outclassed Whirlpuffs in a game that was a must-see for all those who were able to muster. Whirlpuffs were outclassed by the Savages. Junior Ann McIntosh was the MVP. Coach Johnson, Willie Simon, Hozie Jackson, Carl Storey, Otha Jackson, and Tommy Collins.

### Boys Facing Much Tougher Schedule Than Last Year

"We have a much tougher schedule this year, however, the teams we play in our tournaments should help us get ready for district games," Coach Bob Shields said this week. An example of this is the game with Berger, our first game in the Plainview Tourney. With seven returning lettermen from last year's 14-14 record, the team seems to have im-

proved a great deal. According to Shields, the teams greatest assets seem to be a great deal of speed, plus improved ball handling and a smoother defense. The boys need to improve mostly in their shooting accuracy and in the rebound department. If some of the boys that were injured in football are in condition to play, the team should be a great deal better than the one

### Della Plains Teams Ease By Memphis

The Della Plains basketball teams won a double victory over the Memphis clubs Tuesday, November 12. The girls downed their opponents 46-22, and the boys took their game 54-34. The girls' game looked as though it would be close for a while. However, in the second quarter, the locals began playing their regular type ball and pulled away from their opponents. At the end of the first quarter the scoreboard showed a 10-9 score with DP leading. Then the Hornets buckled down and held the Memphis team to one lone point during the second period while adding 17 to their own total. The local girls led at half-time 27-10.

A short description of the team is: Vernie Moore (Capt.), 5-8, Sr.—fast, smart ball handler and good rebounder; Don Rainer (Capt.), 6-2, Sr.—good shot, fair rebounder, has great potential for this season; Butch Gilliland, 5-8, Sr.—quick, good shot, inconsistent, good on pressing defense; Lon Miller, 6-2, Sr.—Great rebounder, lacks self-confidence, average shot; Wesley, Johnson, 6-2½, Sr.—Good shot, fair rebounder, great ability; Conley Bradford, 5-3, Sr.—Leader, good morale and spirit, good ball handler and feeder; Keith Teague, 5-11, Jr.—great shot, good hustler and rebounder, need improvement on defense; David Lutrick, 6-1, Jr.—Good hustler, constant drive, good on backboards; and Mac Willson, 6-1, Jr.—great potential, good shot, strong on the boards, needs to improve defense and self-confidence.

There are a total of 42 boys out for basketball this year. The schedule shows that there are 30 A games, 25 B games and about 20 Freshman games. Shields is assisted by Perry Lockett and Bill Carmack.

### Longhorns Slaughtered By Tulia

The Tulia Hornets put forth a conference AAA effort Friday night at Tulia as they racked up a 51-0 halftime lead, then coasted in to a 73-0 victory over the Lockney Longhorns. The Longhorns were never able to put together a sustained drive and crossed the 50-yard line only once during the entire game. The Hornets, District 2-AA Champs, held the score down some by kicking on first down each time they got the ball in the fourth quarter. The Hornets counted on John Howell, Frank Hooper, Jeff Tucker, Jim Arnold, Rickie Sharp, Fred Howell, James Miller, Mike Northcutt, Fred Howell and Frank Hooper for scoring to complete their regular season undefeated.

## High Plains Seek Control For Boll Weevil Threat

LUBBOCK — "Elimination of the boll weevil from the High Plains is something we must plan to do ourselves, using control measures now known rather than depending on other techniques which may later be developed," says Don Anderson, Crosbyton, chairman of the Boll Weevil Eradication Steering Committee. This statement came after Anderson and George W. Pfeifferberger, Executive Vice President of Plains Cotton Growers, Inc., returned this week from a trip to the USDA Boll Weevil Research Laboratory at State College, Mississippi.

Anderson and Pfeifferberger agreed that the work being done in Boll Weevil research at the USDA Laboratory does show some promise for the future, but that it is still in the early stages and offers no solution to the current problem on the High Plains. "At some time in the future," said Pfeifferberger, "the scientists at the laboratory may come up with new techniques for boll weevil control, but we cannot depend on this happening in time to keep boll weevils off the High Plains."

Anderson also reported that officials at the Mississippi laboratory, which is headed by Dr. Theodore B. Davich, were in agreement that the best known control program for weevils is the "diapause" control program which kills weevils in the fall before they go into hibernation, thereby reducing infestations during the next growing season. Anderson and Pfeifferberger also conferred with Dr. James Brozeli of Mississippi State College, who is known as the originator of the Diapause control method, and Dr. H. G. Johnston, Entomologist for the National Cotton Council. Both of these countries that a diapause program would be the best bet.

The Steering Committee, which Anderson heads, along with members of Plains Cotton Growers' staff are scheduled to meet with the 16 member Boll Weevil Eradication Technical Advisory Committee on November 26 to lay more definite plans for combating this threat to the High Plains cotton industry. Both Brazzel and Johnston have agreed to attend this meeting and will arrive a day or two early to study the local situation. Anderson's steering committee is made up of 13 farmers from six counties which have already suffered boll weevil damage.

Mr. and Mrs. Lester Maxwell and children, Harry and Janet, visited Mrs. Mary Stanley over the weekend. Lester is a nephew of Mrs. Stanley.

The news item concerning the visit of Mr. and Mrs. J. C. Odum and Gary, accompanied by Mrs. Ted Verimonte, Kelly and Kevin was somewhat in error.

The Hesperian stated that Mrs. Helen Mortimer accompanied the group to their visit to the Cameron Nursing Home when, in fact, Mrs. Mortimer was a resident there, and has since passed away.

The group visited, also, Mrs. Gus Beckhusen, who has been a resident of the Nursing Home for the past month.

They are: Anderson; J. F. Bailey, Quitaque; Bob Simmons, Spur; Watson Jones, Floydada; Herb Martin, Flomot; Joe Rose, Roaring Springs; E. A. Day, Matador; Charlie Long, Roaring Springs; G. B. Morris, Crosbyton; David Tyler, Post; Weldon Martin, O'Donnell; Clyde Clifton, Roaring Springs; and Clay Kimbrough, of Ralls.

To get an answer to the question of whether or not boll weevils can survive on the High Plains, the Texas Agricultural Experiment Station at Lubbock has placed some 50,000 weevils in cages both above and below the Caprock in the area where infestations were heaviest in 1963.

W. L. Owens, entomologist at the Lubbock Station, is in charge of the research project. He has placed approximately 50,000 boll weevils in 148 cages at seven locations along the eastern edge of the High Plains as well as at locations below the Caprock, but not far removed from cotton growing on the High Plains.

The cages, above the Caprock, were placed in well established field plantings of sorghum and alfalfa, on soil bank land, a likely area for winter hibernation. Installations below the Caprock were made in shinnery oak since such cover seemed to offer ideal conditions for winter survival of the boll weevil, Owens explained. The cage locations above the Caprock were made in the area where boll weevil infestations were heaviest in 1963, or from 10 miles west of Post in Garza County to the Crosby-Floyd county line.

Owens said the boll weevils were collected locally for all except one cage at each location. Weevils from the College Station area were used in the one cage to determine whether those on the High Plains are of a more hardy strain. The collections and installations were made from Oct. 14-25 with 81 cages above the Caprock and 67 below it.

## Local Residents Take Part In Math Course

Floydada residents Frances Mitchell, Mrs. Anne Smith and Farris A. Wilson were part of a group participating in an experiment to update math recently at Wayland College in Plainview.

These residents took a workshop course in elementary school mathematics taught the first nine weeks of the semester at Wayland by Dr. Dorothy McCoy, chairman of the Division of Physical and Biological Sciences.

Dr. McCoy thinks the new approach will likely be accepted in most area schools within a few years. She has noted interest in the approach in conferences and institutes in which she has participated in recent years.

Most workshops describe the modern mathematics as "utterly fascinating," "creative" and "a challenge to the exceptional students". Others think that just because first graders can learn algebra and geometry as it is presented under the new system, it may not be wise to teach these concepts at such an early grade level.

Q—Is there an age limit after which a war orphan may no longer be eligible for Educational Assistance by the VA?  
A—Generally, the age limits are between 18 and 23 with exceptions allowed in certain cases but in no case may the schooling assistance be continued beyond the 31st birthday of the beneficiary. Certain war orphans under 18 may also be eligible — for example, those who are handicapped.

Q—Children of a deceased veteran may have some pension rights when their mother (the veteran's widow) remarries?  
A—No. Eligible children of a deceased veteran retain their pension rights after their mother remarries until they become 18, or 21 if they are going to school.

Q—How can I still be liable for my GI home if I have sold it to another party?  
A—You are not liable for the home but for the GI loan which was guaranteed to the lender by the VA in your name. To avoid this responsibility, a veteran selling a GI home should arrange to have the buyer assume the liability. Consult your lender or the VA.

## August Report Shows Nine Rural Accidents

The Texas Highway Patrol investigated 9 accidents on rural highways in Floyd County during the month of August, according to Sergeant D. S. Lawson, Highway Patrol supervisor of this area.

These wrecks accounted for nine persons injured and an estimated property damage of \$10,600.00.

The rural traffic accident summary for this county from January through October of 1963 shows a total of 50 accidents resulting in 5 persons killed, 43 persons injured and an estimated property damage of \$49,321.00.

The Sergeant said, "Don't walk yourself to death," that is a slogan we would like for you to remember for the rest of the year. November and December are noted as dangerous months in traffic and especially for pedestrians. During these last two months of 1962 in Texas there were 65 pedestrians killed and 768 injured in collisions with motor vehicles. There are many reasons for this: longer hours of darkness, bad weather, pedestrians not visible to drivers, holidays and lack of drivers and pedestrians concentration.

The veteran patrol supervisor stated some tips to aid both the pedestrian and drivers. Always wear something light colored when walking after dark. If possible, carry some kind of light, walk on the left side of the road facing traffic day or night so that you can see approaching traffic. If you have a dark colored raincoat or overcoat, put a strip or two of reflectorized material across the back and front when walking on the highway or street.

Mr. and Mrs. Kay Crabtree and daughter spent the weekend in Dallas with her sister, Mrs. Zane Stovall and family and also visited with some friends of Kay.

Mr. and Mrs. T. L. Perry and Jan visited Friday night at Dougherty with Mr. and Mrs. Wendell Graham and family.

Mr. and Mrs. Cecil Payne returned home Wednesday from Stamford Lake where they had been for several days. They caught a 20 lb. yellow catfish while there. On Sunday and Monday Mr. and Mrs. Carl Yeakum visited at the lake with the Cecil Paynes.

### DP Splits Pair With Childress

The Della Plaine girls came home victorious, 32-23, over Childress last Friday night while the boys were defeated 35-44 at Childress.

Cleo Ivory, with 15 points, and Ruby Storey, with 8 points, were the leading scorers for the girls. Clarice Owens and Louise Davis were outstanding defensively for the locals.

M. Kennedy and Annie Davis led the scoring for the Childress team. Kennedy scored 13 and Davis 8 to lead the losers.

Jewell Storey led the scoring in the boys game and was followed by Hozie Jackson and Willie Simmons who each sank 9 points. Jackson was a standout on defense also.

The local boys jumped to an early lead of 11-7 when the first quarter ended. However, Childress came back in the second quarter to even the books and take a 26-18 halftime lead. The Hornets were never able to overtake Childress after that.

Leslie Gibson had 21 points to lead the Childress team.

November 23, the Boys and Girls are entered in a tournament at Snyder, and next Tuesday play Lubbock there.

**Which type Chevrolet pickup do you need?**

*Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!*

**FLEETSIDE.** Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheel-bases. Best riding truck by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

**STEPSIDE.** Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payload. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

**RAMP.** Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

**EL CAMINO.** If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

Ed Parks, of Floydada, was one of sixteen new initiates of Texas Tech's chapter of Beta and professional accounting fraternity.

The ceremonies were conducted by Alpha Psi officers, with an assist from Dr. Fred W. Norwood, accounting professor and faculty vice president of the organization.

Another Floydada resident, Jerry Cardinal is treasurer of the group.

**Fifth Street Now One-Way During School**

In the regular meeting Tuesday night, November 12, the City Council voted to convert Fifth Street from Marivena to Ollie, into a one-way street, during school hours.

All other streets in the City that pass in front of schools were already one way.

Traffic will now be south-bound only on Fifth street during school hours in the area designated as one-way.

**Floyd Philosopher Figures Way For Congress To Vote Raise**

**Editor's Note: The Floyd Philosopher on his Johnson grass farm tries to help Congress with a ticklish problem this week.**

Dear Editor:

While I have never been able to work out a plan whereby both football teams can win the same game and nobody leaves the stadium broken-hearted, I haven't given up, and to rest my mind from the problem I have been working on an idea where Congress can vote itself a raise

without getting beat. As I understand it, there's a move on to increase the salaries of numerous government officials on the grounds you have to pay them about as much as they could make in private life or they'll quit and we'll have to take on second-rate people, although this doesn't always work out that way. For example, I've heard it argued that if we increase the pay of state legislators, say, we'll get a better quality of men, but whenever a state does, it seems to me the same men turn up running again.

At any rate, in the Washington salary problem, there's a proposal to increase Congressmen and Senators' pay by \$10,000 a year, and a lot of the members go along with this, except for one thing. While they figure they're worth \$10,000 a year more than the \$22,000 they're getting now, they'd rather have the \$22,000 than nothing which is what they're afraid they'd get if they voted themselves a raise and got voted out of office. On the other hand, a \$10,000 raise sure looks tempting.

They might have to change the rules a little, but I have worked out a plan where they can swing it.

Let the Senate vote the House a raise. Every member of the House can then rise to oratorical heights and denounce this as a gross waste of taxes and send copies of the speeches back home. The Senate though should remain firm and ramrod the raise through. Then the House could vote the Senate a raise, and every member of the Senate could make a speech against it for home consumption.

There's more than one way to skin a cat.

Yours faithfully,  
J. A.

**Late Kim Davis Jr. Honored By Library Fund**

A loan in memory of O. Kimbell (Kim) Davis, Jr., a brother of Mrs. Marvin Hanson, Jr., nee Mary Evelyn Davis, will be placed in the library of Tarleton State College. Mr. Davis was killed in an auto accident November 1.

Kim Davis was an instructor at the college in 1962-63 school year. He was the son of Mr. and Mrs. O. K. Davis of Laredo and attended St. Joseph Academy there.

Faculty members of the Department of Social Science at Tarleton placed the memory loan in the library.

**YOUNG BUT EAGER**—The "Whirlettes," coached by Kelly Chadwick, have but one entire squad. The team, composed mostly of sophomores, have not lost a game. Janet Burk, stretched cartilage, is not pictured here but may be a starter before district play starts. Left front row, are Dee Wilson, Shirley Rainer, Sandra Bishop, Mary Nixon, and Beverly Smith. Coach Chadwick, Vicki Gregory, Linda Rucker, Sandra Marler, and Shelia Patterson.

**"Whirlettes" In Exhibition At Plainview Coaches Clinic**

"This is the second year in a row that the girls from Floydada have been invited to demonstrate a phase of girls' basketball. This year we demonstrated advancing the ball down court from the guard end. We also played one of the exhibition games against Spearman, who won their district last year and didn't lose a girl, and beat them 40-37."

These were statements Coach Kelly Chadwick made this week concerning the outlook of his girls' basketball team, the "Whirlettes".

Chadwick was real proud of the girls. He said that they played a real fine game for their first one of the year. Although most of them are sophomores and were playing before 1200 fans, they settled down to the job at hand.

During the game against Spearman, two sophomore forwards, Dee Ann Wilson and Shirley Rainer, were called on to stall the ball during the last three minutes of play, something that was entirely new to both of them. Their performance at this

feat was excellent. Three guards also gave a fine performance. In spite of lack of experience, Sandy Bishop brought down 11 rebounds, Linda Rucker got 12 and Sandy Marler held a fine All-District forward to a total of 14 points.

"So far," Chadwick says, "We have 23 girls out for basketball. There are 13 freshmen, 7 sophomores, 2 juniors and only 1 senior playing."

Chadwick plans to select his Varsity starters from these girls: (Shelia Patterson (Capt.), Jr., returning starter, 2 year letterman, moved to forward this year, excellent competitor and free throw shooter; Dee Wilson, Soph., returning starter, 1 year letterman, avg. 10 points per game last year, excellent shot and competitor; Shirley Rainer, Soph., forward, 1 year letter; aggressive, lacks self-confidence; Sandra Marler (Capt.), Sr., guard, good rebounder and ball handler, smart ball player; Linda Rucker, Soph., quick, good rebounder, little experience, good potential; Sandy Bishop, Soph.,

greatly improved, good defensive job around basket; Janet Burk, Soph., forward, and B teams slated for tournaments at Adoo and Floyd.

Through the team had played in which they were 45-38.

### Monday Night Moisture Slows Cotton Harvest

SAND HILL, November 18 — A few cotton strippers had started in the community last evening in the showers Monday night but a stop to it. The cotton was still a little green but everyone is getting anxious to get this cotton crop out. Now it will have to dry out again before the harvest can begin again. The moisture is good for the young wheat although most of it has already been watered.

The Sand Hill Club met in the home of Mrs. C. B. Carmack last Wednesday. Mrs. Lynn Miller announced that if the club would like a film on cancer it was available for club meetings now. The Council party will be December 8th, at 2 p.m. and all club members are invited to attend this year. The club planed a rummage sale. There is still some discussion on changing the Sand Hill Club meeting date but no action was taken. The Christmas party will be planned at the next meeting. Alton Higginbotham from Lighthouse Electric presented an interesting program on "Is Your Home Adequately Wired". Christmas decorations were shown by several members of the club.

Refreshments were served to Mmes. James Jeffress, C. B. Carmack, Arlon Miller, Lynn Miller, Tom Pierce and Mrs. R. L. Bullock. The next meeting will be in the home of Mrs. Orion Miller. The agent will meet with the club.

The Sand Hill 4-H club met Monday night with the president, Neil Mitchell, calling the meeting to order. Darrell Smith met with the group. The 4-H Achievement Banquet was discussed and packages of paper were passed out to members to make the decorations out of. July Bullock was hostess for the meeting.

Those present were Tim Jeffress, Kenny Bloys, Harold and Elaine Starkey, Danny and Judy Quisenberry, Judy and Mitch Probasco, Ronnie Miller, Kelly Becker, Willie, Randy and Charles Patterson. Also present were Mrs. R. L. Bullock, Jess Starkey and Arlon Miller. The Christmas party will be held at the next meeting.

Our deepest sympathy goes out to Mr. and Mrs. Tom Pierce and family on the passing of her mother, Mrs. Bill Robertson. Tony was a dear and precious friend to all the community as the Robertsons used to live in the community and we all loved them. May God be with all the family in their hour of sorrow.

The Sand Hill Baptist Brotherhood met Tuesday night in their regular meeting. Those attending were Brother Jimmy McGuire, James Jeffress, Stinson and Bill Stringer, M. B. Swanner and Kirk Slater.

Mr. and Mrs. Joe Earp of Munday spent the weekend visiting in the home of their daughter, Mr. and Mrs. Bill Stringer and family.

TRUAX FIELD, Wis. — Staff Sergeant Norman D. Atchley of Mountain View, Mo., has arrived here for assignment with a unit of the Air Defense Command.

Sergeant Atchley, an accounting and finance supervisor came here from Hamilton AFB, Calif. The sergeant, son of Mrs. W. H. McConnell of Rt. 3, Mountain View, is a graduate of Dexter (N. M.) High School.

His wife, Venice, is the daughter of Mr. and Mrs. Henry Fhipps of Mountain View.

We are happy to welcome Mr. and Mrs. Bill Hopper to the community. They have recently moved here from South Plains and live on the former Walter Knight place. We want them to feel welcome to attend all activities in the community.

Little Eddie Braddock, son of Mr. and Mrs. Jim Braddock, is still in the Methodist Hospital in Lubbock. His condition was a little improved but he will be in the hospital for a long time. Eddie would enjoy hearing from his friends and neighbors. Mrs. Braddock's father was in a bad car wreck in route to see his grandson and is in very serious condition also in Methodist Hospital. Our prayers are with the Braddock family and hope all their troubles will straighten out very soon.

### "Whirlettes" Defeat Olton

The Floydada girls A team brought home a victory over Olton, Tuesday night by a 53-34 margin. However, the B team lost to their Olton opponents 39-33.

In the "A" game Dee Wilson led the Whirlettes in the scoring column by racking up a respective 33 points. She was followed by Shirley Rainer with 16 counters. Outstanding defensive jobs were turned in by all three starting guards, Sandy Bishop, Linda Rucker and Sandra Marler.

In the "B" game, Sally McIntosh led the scoring with 12 points, followed closely by Shirley McClung and Becky Miller who each recorded 10 points. Guard, Peggy Switzer seemed to do the most outstanding defensive job for the locals.

This was the second victory for the "A" team and the second

### 'CROP' Cotton Solicitation Now Underway

In a meeting in the Fellowship Hall of the First Christian Church last Friday evening, the CROP board decided to start their annual solicitation for cotton beginning this week.

During the solicitation, anyone desiring to give cotton to the CROP fund will be given a Commodity Gift Certificate. The workers will also make available certificates to be turned into the gins so that they will have a record of the farmers gift. In the past a large number of remnants have been received by the CROP workers.

Cotton received will be shipped directly to Hong Kong, a dead-end city for many refugees, for the purpose of providing labor for the refugees, as well as needed clothing.

Anyone desiring to volunteer cotton should contact Jack McIntosh, chairman of this year's board, or some other CROP worker.

Mrs. R. A. Fitch of Santee, California, has arrived to spend a few weeks with her mother, Mrs. W. A. Lovell who is recovering from a broken wrist and hand. Mrs. Fitch was preceded by another daughter, Mrs. C. A. Wallace, of San Diego, who was here for a month.

#### Whose Responsibility Is "The School Drop-Out"?

What's your share of a \$1,600,000 debt owed the Floydada community? Sounds like a startling figure, but it is a conservative one!

To whom is this debt owed? What caused it? Who is responsible for it?

The answers are quite simple, but the solution is a different story. The debt is owed to the young people who fail to complete their education. It is caused by school drop-outs, and the people in this community are responsible for it.

Most of the girls who are drop-outs leave school for the purpose of getting married. A recent study at Tech listed these as some of the reasons that young people marry early: going steady, too much leisure time, society does not severely disapprove of early marriages, it is easy to get married, ease of getting a divorce if the marriage does not work, and pregnancy.

Lets look at some of the facts. A boy or girl who quits school in the eighth grade can expect to get only a part-time or some un-important job at a minimum wage. During a life time, the job would pay him an average annual income of \$3,000. If he finished high school, his average earnings would total \$5,000 per year. Should he elect to go to college his average earnings would be around \$7,000 per year. In 40 working years, this is an \$80,000 increase over a high school graduate.

When a community is confronted with the drop-out problem, the solution seems to be to seek a scape-goat. The parents blame the school, the school blames the churches, the churches blame the community—thus a vicious cycle exists.

On the other hand when a community unites itself against a problem—any problem—no matter how large it's a different story.

A well known speaker told a local civic organization a few days ago about enrolling the daughter of the family in the school of such a community. She said the appearance of all the town wasn't outstanding, but the school, which had 4,000 enrollment, had the most modern facilities, and well paid teachers. (For example, the junior high principal had a Ph.D. from Harvard, and people like that are well paid.) She asked the principal when she was enrolling her child if the town had a very active P-TA. The principal looked at her and replied, "Everyone does their part, and we expect YOU

to do yours." She found that this was true not only in the school related groups, but in the other organizations in the community as well.

While the children are in kindergarten, the parents stress upon the child to be a good student. By the time they reach high school, there is no problem about what kind of student is there. Also, in this high school of over 4,000 students only two dropped out before finishing their senior year. Find out what the total is for your own school. The figure for drop-outs in Floydada will be near fifteen.

This speaker, who travels from coast to coast, said that she can tell what kind of young people are in the community by the people who meet her when she arrives. If they say, "Tell our young people to finish their education," or "Tell our students not to marry until they finish school," then the attitude of the parents toward their youth needs improving, not the youngsters.

What's your attitude toward the youth in this community? Do you wear a smile, and greet the youth of this area warmly, or do you wear a frown when you contact them? The effect you have on the youth of your community and the solution to the problem of drop-outs may depend entirely upon your attitude and your neighbors toward the local young people and your concern for them.

Where does the responsibility lie to keep these young people in school? It lies with the community. A community is made up of people, though, individuals whose opinion is as different as the colors in a prism. However, when the attitude of the people is as it should be and the concern is real enough, the outlook of the entire community is united and brighter.

I believe you will agree that when the value of a person's future is at stake, this cannot be measured in dollars and cents. Therefore, the \$1,600,000 is only a material figure. The real debt is your total responsibility to the youth of this community.

What's your share of this debt?

#### Will Take Goldwater

From this point of view, 1964 will be a very interesting year indeed.

We're predicting that the Brothers Kennedy have done a too good job of over-selling their selves and will have a battle to keep in the white house, when next fall rolls around.

Although he has been in office only one term, the President's administration is referred to as the Kennedy dynasty and the clan spoken of, not as the "First Family" but the royal family.

Discounting a lot of this talk as strictly partisan politics, Bro. Kennedy has still made a big

segment of the voting public unhappy. He's cussed by his Catholic friends over aid to parochial schools, by the South over integration, by the Negroes over his liberal legislation and by liberals for not pushing harder for his socialistic program.

Although we think Mr. Kennedy is sincere, we feel he has been sincerely wrong in too many areas. We're ready to try Mr. Goldwater for size. That is, if he can get the nomination.

#### About Street Signs

By golly, my bouquet of wilted roses goes to the City Council and the Ralls Chamber of Commerce this week. And along with it goes a rousing cheer. Between the two groups it has finally been decided to rename the rather ancient and completely useless system of streets in Ralls. This has been a sore spot with many people since the time credit applications required street addresses. People from out of town come in and ask for

the location of street addresses and even people who have lived here all their lives had no idea where they were. But with the new alphabetical and numerical system there is a good possibility that we can at least locate generally where a street address is.

Now — we need a civic minded group to get out and push the sale of house numbers to go with our new street signs and names.

#### November 18-23 Declared Texas Farmers Union Week

Governor John Connally has proclaimed the week of November 18-23 Texas Farmers Union Week in recognition of this statewide farm organization's growth and contribution to Texas agriculture during this year. The annual state convention at Lubbock on November 22nd and 23rd climaxes the week long observance of the accomplishments of the farm group.

Farmers Union is known as the "Farmers Farm Organization" because it limits its membership to farmers and ranchers. It is the oldest general farm organization in Texas, and the second oldest in the nation. The 1963 convention in Lubbock will be the sixtieth annual convention of the Texas affiliate to the National Farmers Union. The state office of Texas Farmers Union is at Waco, and the headquarters of National Farmers Union is at Denver, Colorado.

Tony Dechant, Secretary-Treasurer of National Farmers Union, will address the convention banquet session on Friday night, November 22, and other eminent speakers including Senator Ralph Yarborough will also appear on the program. A panel discussion of proposed legislation on cotton, feed grains, and wheat will feature Elbert Harp, President of the Grain Sorghum Producers, Leo Witkowski, President of the Texas Wheat Growers Association, Dan Davis, President of the South Plains Cotton Marketing Association, and John Verron Stiles, a member of the Cotton Advisory Committee to the Secretary of Agriculture.

George Bickel, Assistant to the President of Rocky Mountain Farmers Union, will address the Texas Farmers Union convention on the "Effect of Vertical Integration of Livestock Feeding on Producer Prices". Bickel, economist and researcher, was recently employed by market and producer groups in Colorado to document a complete study on the possibility of market manipulation by packer and chain store owned feeding operation in the Denver area.

Several newly chartered counties will be represented at the meeting of the Board of Directors of Texas Farmers Union which will convene on Thursday, November 21, prior to the convention. The Board, which is composed of county presidents from each of the chartered Farmers Union Counties, will discuss plans for expanding the membership and services provided by the organization for the coming year.

"An exciting program for the young people attending the convention this year has been planned" according to State President Jay Naman, and "there will be a special luncheon and style show to honor the ladies who are present".

#### Harmony News by Mrs. Mather Carr HD Club Plans Christmas Party For December 12

We are sorry to hear of the passing of Wayne Thomas of Perryton. The family lived in our community several years, coming here I believe in 1905 so we have known Wayne for many years.

Mr. and Mrs. R. B. Gary spent Wednesday and Wednesday night in Lubbock with Miss Reda Mae Gary.

Mrs. H. N. Bennett, the former Mrs. Winiford Falls of Littlefield, visited Wednesday with Mrs. Mather Carr. Mrs. Bennett is an old neighbor of Mrs. Carr and others here many years ago. Mr. Falls was a cousin of Mrs. Marvin Tucker. Mr. Falls was drowned several years ago while fishing in Old Mexico.

Those taking charm lessons from Mrs. Bess Boon in Floydada were Mmes. Vivian Curtis, Juanita Pool, Billie Hanna, Ruth Hale, Doris Snodgrass, Anna Maud Hopper and Mrs. Imelda Ramsey.

Jeanne Davis spent Friday night and Saturday with Ona Adams of Petersburg.

Mrs. Joyce Davis attended a pink and blue shower in Plainview honoring Mrs. Glennia Hanenbill.

Trena Akin spent Monday night with Jeanne Davis.

HD Club met Tuesday with 12 members and the home demonstration agent and three children present. The club Christmas party will be December 12 at 6:30 p.m. in the Center. Each member is asked to bring fruit for the children's home in Lubbock and cookies for the Nursing Home in Plainview.

Mrs. Willie Smith of Abilene visited with Grandma Carr Wednesday as did Mr. and Mrs. Horace Carr of Floydada. Horace and Bess took Mrs. Smith home Sunday.

Mr. and Mrs. R. B. Gary spent Saturday in Crosbyton with their daughter, Mrs. Elmer Williams and Mr. Williams.

Mr. and Mrs. Marvin Smith spent the weekend at Brady, Tex., visiting with the Jack Clevengers and deer hunting. They were accompanied by Mr. and Mrs. R. G. Morris of Almon. They came back by Peacock and visited with the John McNuts.

Mr. and Mrs. Glenn Pool spent Sunday in Amarillo with Mrs. Pool's sister, Mrs. Muri Waner.

Mr. and Mrs. Allan Gross and girls visited in Clovis, N. Mex. Sunday with Allan's brother, Thacker. They were accompanied by Allan's father, Fred Gross.

Mr. and Mrs. Bob Hopper were dinner guests Sunday of Mr. and Mrs. Bill Hopper of near Plainview.

Carolyn Williams of Brownfield visited Monday with her grandmother, Mrs. M. D. Ramsey. Mrs. Roy Hale took Mrs. Bess Boon to Lubbock Friday to catch a plane for Louisiana.

Mr. and Mrs. Roy Hale visited Friday night in Floydada with Mr. and Mrs. Jack Parkey.

Mr. and Mrs. Charlie Reid, Joe and Donna spent the weekend in Canadian with Charlie's parents, Mr. and Mrs. Joe B. Reid. Charlie's grandmother was to undergo surgery this Monday morning in Albuquerque, N. Mex., for a throat disorder.

Mr. and Mrs. Carrick Snodgrass, Mr. and Mrs. Miller left Sunday bird hunting.
