A Pacific front, stretching from southern California to northern Nevada late Tuesday, may bring the South Plains another round of rainfall later this week, a spokesman for the National Weather Service in Lubbock indicated Tuesday

More Rainfall

The weatherman predicted the front may arrive here as early as late Thursday afternoon.

"We haven't got enough sufficient Gulf moisture in the air right now for rain. If we get any rain when the front gets here it will depend on that," the forecaster explained.

Sunny skies and mild temperatures prevailed in Lubbock Tuesday but winds packing gusts up to 32 mph fouled what was otherwise a beautiful spring

A weather disturbance over Colorado brought the gusts here that were clocked at more than 40 mph in the Panhandle.

Showers and thundershowers were widespread Tuesday from eastern Kansas and eastern Missouri to Texas and

Drug Abuse Council Film Tonight, Friday

The Floydada Council on Drug Abuse, in cooperation with the Floydada High School administration and Student Council, is sponsoring a film and discussion groups at 7:30 tonight and Friday concerning the drug abuse problem.

The film, and 80-minute CBS Playhouse award-winning production, is entitled "The People Next Door" and concerns a family faced with a daugh-ter being "hooked" on drugs. This is the film that was shown to high school students on FHS Drug Education Day in February.

The Thursday discussion groups will be led by senior Student Council members and members of the Council on Drug Abuse. Friday while the film is being shown, two high school and two college students who are ex-addicts will the discussions. Others

in the discussions groups will include local pharmacists Jerry Thompson and Dallas Ramsey, Dr. John Haenosh and Dr. Jack G. Jordan, Lt. Stevens of the Plainview Police Department, and District Attorney George Miller. They will talk about the legal aspects of drug abuse, the physical and mental effects, and drug identification,

"GOODBYE, MR. CHIPS" COMING TO LOCAL THEATRE

"Goodbye, Mr. Chips," one of the unforgettable love stories of all time, now freshly brought to the screen, will be the big attraction at the Capada Drive-In Theatre Thursday, April 22. Proceeds will go to Floydada DECA Chapter.

Peter O'Toole stars as "Mr. Chips," the shy, dedicated schoolmaster at a British public school; Petula Clark as Katherine, who gives up her glamorous life as a London music hall actress to become his bride; and Sir Michael Redgrave as the Headmaster in MGM's Panavision and Metrocolor presentation of the classic James Hilton

For O'Toole, a three-time Oscar nominee, the Arthur P. Jacobs production marks another outstanding characterization, following his acclaimed portrayals in "The Lion in Winter," "Becket" and "Lawrence of Arabia." Miss Clark, whose singing appearances and recordings, starting with "Downtown", have established her throughout the world, recently scored on the screen opposite Fred Astaire in 'Finian's Rainbow."

In prominent supporting roles are Sian Phillips, Michael Bryant, Jack Hedley, George Baker, Clinton Greyn, Alison Leggatt, Michael Culver, Sheila

GUEST EDITORIAL

Jim Fitzgerald in "The Mason (Mich.) News": The \$20 million hoopla over the Ali-Frazier prizefight reminded me again of an important freedom. That is the freedom to not give a damn.

It seemed the whole world was turned on by that fight, It was broadcast live on TV in Yugoslavia at 40'clock in the morning, for Lord's sake. People actually paid hundreds of bucks each for seats near the ring where those two brutes belted each other.

I've never been to a horse race because I'm not convinced the horses enjoy it. I've never shot a deer because I've never been attacked by a deer. I've never owned a snowmobile because they make sense only when you want to go where a warm car won't go and I've never wanted to go there.

So I can relax and sip my tea when the boys get in terrific hassles over such earth-shaking questions as:

1. Should racetracks be run by guys who belong to the Mafia according to testimony given before Congressional investigating committees? (Such testimony never leads to arrests because Efrem Zimbalist Jr. doesn't attend Congressional hearings 2. Is it right for greedy, brutal hunters to kill female deer,

thus preventing does from spawning bucks to be "harvested" by nice blue-eyed guys who go hunting simply to enjoy the fresh air - but come home angry if they haven't shot anything bigger 3. Should 2-year-old children be allowed to drive their snow-

mobiles alone across freeways after 10 p.m. or should it be required that they tow a sled carrying two people whose combined ages add up to at least 12?

It is arguments like those that make me the world's champion coat-holder. I couldn't care less. Of course, I figure I'm holding coats for a bunch of idiots but, . . to each his own. If I owned a snowmobile, a deer rifle and a season's pass to the racetrack I'd trade all three for a quiet weekend of good reading and indoor swimming.

So it was with me and Muhammed Ali and Joe Frazier, There is no more stupid activity than two men beating on each other until one of them falls unconscious. It is not a sport. It is the old Lions-vs-the-Christians scene with the drooling Romans jamming the coliseum in search of blood, It's ambulance chasing made profitable.

I don't blame Muhammed and Joe and their promoters for cashing in on the modern Romans. If they didn't, someone else

But the biggest thing wrong with this world is that people won't stop killing people. So go tell your kid that violence is wrong and stupid. And then tell him you paid \$100 to watch two guys slug each other. Tell your kid wow! You sat so near the fighters you got splattered with their blood,

Don't ask me for all the wise answers. But also, when you and he are fighting, don't ask me to give up my freedom to not give a damn who wins.

year. The Internal Revenue has come up with at least one solution, have your employer to hold more out of your check each week or claim one less dependent. If not you may be one of many who will have to dig down then and pay to IRS. They say many taxpayers are not having enough federal tax withheld from their 1971 checks because of changes, effective this year, made by the 1969 Tax Reform Act. IRS said taxpayers should check their status, and if applicable either claim fewer exemptions or ask their employers to withhold additional money from their paycheck. Here are some examples: -Employees who expect to

earn more than \$11,500 in 1971 and intend to claim the \$1,500 standard deduction or itemize deductions totalling less than the year again. It might be safe 13 percent of their salaries. -Single employees who expect to earn \$15,000 or more.

T-Admin. Day Held Tuesday

Tuesday, April 20, F.H.S. students participated in a Student Council - sponsored Teacher Administration Day. Students acted as teachers, administrators, and school board members.

Each regular class was student taught - by a teacher in a dress - up shirt and tie. Student teachers checked roll, reviewed for tests, gave assignments, and even tested-all under the supervision of their regular teachers. The Student School board had a meeting Tuesday morning and made visits to the regular classes.

Andrew Selman, president of the School Board said, "The day was very profitable for both students and teachers. The students got a taste of the preparation, work, and planning his teacher must do to teach a class. The faculty members got new ideas for teaching and were able to enjoy seeing students' reactions to different methods of teaching. Ihope F HS will have more T-Admin. Days

Girls Softball League Planned

Thursday (April 29) after classes at Andrews School to discuss the organization of a girls' softball league here this summer. Fourth, fifth and sixth grade girls will be eligible to play if the league is organized.

Preliminary signups indicate interest in the league is running good, according to Mrs. Carl Armstrong, one of the league planners. Enough players for three teams have already signed up at Andrews School, Mrs. Armstrong says, and one more team would be enough to make up a league.

Play would be on the T-Shirt League diamond; it's regulation size for girls' softball.

COUNTY AGE CORNER

By Doyle Warn

During the last half of May, some 22,000 Texas farmers will receive at their mailboxes a most important questionnaire from the Texas Crop and Livestock Reporting Service in Aus-

County Agent Doyle G. Waren says it will be the annual acreage survey and that many farmers in Floyd County will be included in the 22,000. The information derived from the replies will be the basis for the official estimates of crop acreage for the State of Texas and for each county.

Cary D. Palmer, State Statistician for the Texas Reporting Service, emphasizes the importance of getting back just as many of the 22,000 questionnaires as possible so that each county will be well represented. Accurate estimates are of great importance to farmers in planning production and marketings and in providing an unbiased picture of Texas Agriculture, Palmer adds.

The Texas Legislature, explains the county agents, has provided a program of estimates for each county. Because Texas covers such a wide area, State totals alone do not provide adequate information on our most basic industry; hence, the need for county information. The program is a cooperative effort of the U. S. Department of Agriculture's Statistical Reporting Service and the Texas Department of Agriculture.

The county agent urges all farmers in the county who receive the questionnaire to fill it out accurately and completely and return it as soon as possible to the Reporting Service.

Roundup May 15 At Plainview

The Plainview Business and Professional Women's Club has announced Saturday, May 15 as the date for the 1971 Pioneer Round-Up. This will be the 43rd year the club has sponsored this annual event, according to Mrs. Romi Li Patrick, president of the sponsoring club.

The Pioneer Round-Up was started as a method of honoring pioneers of this area. This continues to be one of the purposes of the event, but in addition, it has become an entertainment feature for people of all ages in Plainview, Hale County and surrounding area.

Mrs. Patrick has appointed committees for the Round-Up and chairman of each committee is as follows: Lena Faye Alford, Program; Adella Drew, Reception; Lou Ann Hollister, Registration; Vaneta Cross, Tickets; Sara Crader Harrington, Food; Thelma Philpott. Door; Helen Pemberton, Serving; June Reed, Parade; Fay Newell, Float; Nora Tipton, Concessions; Bula McGowen, Dance and Jo Ann Clements, Publicity.

The Pioneer Round-Up on Saturday night will be held in the Hale County Agriculture Center on the south edge of Plainview. The reception will be held in the meeting room at the Center and pioneers will gather for this at 10 a.m. on Saturday morning. The traditional Round - Up

peaches, cornbread, butter, 1/2 parade will roll at 3 p.m. The Saturday evening's program will begin at 6 when the chuck wagon supper will be apple, hot rolls, butter, 1/2 pint served in the large assembly room at the Agriculture Center and the program to follow. A square dance will conclude

Federal Land Bank Loan Rate Reduced

Jake Watson, manager of the Federal Land Bank Association of Floydada, announced today that the Federal Land Bank of Houston will reduce the interest billing rate on variable rate loans to 7 1/2%. "This reduction will be effective on installments maturing on or after June 1, 1971 and affects more than \$110 million in variable rate ans to over 3200 Tevas mers and ranchers," Mr. Watson stated.

The variable rateloan, which was introduced by the Houston Bank in July 1969, lets the interest rate "float" over the variations in the money market. This is the second time since January 1 that the billing rate has been reduced and the third such reduction in the past year. Fire Ball Swishes Past!

I did not know Frank Collin-son personally but Iknew a good many men who did know him, some who knew him even back into the days of the buffalo hunts.

He was a remarkable man evidently. One way he was remarkable was that he knew who, when, where, and what about anything of import that happened in this part of the world back to and including the early seventies.

Mr. Collinson lived at Clarendon for quite awhile in the latter part of his life. He knew the cattle country of the southwest "as far west as the grass Twelve years before there

was any Floydada he ran a cattle spread on Tongue River for Coggin & Wiley, a cattle part-nership that pre-dated the Matador by two years. Tongue rises in southwest Motley County. I was never on the headwaters of the little stream.

I want to repeat a story Mr. Collinson used to tell to hang a tale on that I want to tell later. He tells about driving the Jingle Bob cattle into the area from the Pecos Valley for his employers and setting up shop on Tongue.

Big Ball of Fire One day in May of 1880, he says, he and Mr. Coggin were riding over the divide between Duck and Cottonwood creeks when they heard a terrible swishing sound above them. Their horses became frightened. Looking up they saw a big ball of fire passing over them. They could feel its heat and it left a tail of smoke behind when it fell, as it seemed to them, on the South Quitaque Peak. When the smoke cleared the peak was still intact.

Coggin said "What was it?" I answered "a meteor, "Collonson relates, adding that he later learned the Paint Campbells at Ballard Springs (Matador), the Charlie Goodnights on the JA, and other ranch families in the area had seen the meteor, as had the Hank Smiths in Blanco Canyon.

This meteor caused as much talk as did that one for which the community of Meteor in our county is named. I have heard many tales about this lastnamed meteor. It scattered pieces of rock in a considerable area in northwest Floyd County and over into Hale, toward Plainview and southwest toward Hale Center.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFI-CATION ACTIVITIES

Notice is hereby given that Atmospheric Incorporated of 4981 East Dakota, Fresno, California, 93727, who holds License #2 of the State of Texas, intends to engage in a weather modification operation designed to increase rainfall, for and on behalf of the Plains Weather Improvement Association located at P.O. Box 1627, Plainview, Texas, 79072, and will conduct such a program by means of aerial application of artificial

nuclei as follows: 1. The area over or in which equipment may be operated shall include all or portions of the counties of Crosby, Floyd, Briscoe, Swisher, Hale, Lubbock, Hockley, Lamb, Castro,

Parmer, Bailey, and Cochran.
2. The target area within which rainfall is intended to be increased can be described as follows:

The boundary of the target area shall be a line beginning at a point of origin at Littlefield in Lamb County, Texas, and running northwest of Amherst: thence due west to the intersection of Roads 37 and 303; thence due north along Road 303 to Road 145 near the east boundary line of Parmer County; thence easterly along Road 145 to its intersection with Road 1424; thence south on Road 1424 to the north boundary line of Hale County; theace due east along the north boundary line of Hale County to Road 378 at the intersection with the north boundary line of Floyd County; thence due south to a point 10 miles south of the south boundary line of Floyd County; thence due west 20 miles; thence due north to the south boundary line of Hale County to the intersection of Highway 84 and the south boundary line of Lamb County; thence northwest to the point of origin at Littlefield.

3. The equipment, materials and methods to be used in conducting an operation within this area of approximately 2,000 miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems

4. This program is intended to supplement and enhance a weather modification program designed to suppress hail in the target area described under (2) above and specified under a previous Notice of Intent covering the same operational period. 5. The program will be operational during the period from May 1, 1971 through October 30, 1971.

6. Any person who feels they may be affected in some adverse way by this program may file a formal complaint to the Texas Water Development Board, P.O. Box 12386, Austin, Texas, 78711.
