City, School, Caprock Elections Saturday

At Courthouse, City Office

Voters in the City of Floydada, the Floydada Independent School District, and the Caprock Hospital District go to the polls Saturday, April 7, to select two city councilmen, a mayor, two school district trustees, and two hospital district directors.

The city election will be held at the city office from 8 a.m. to 7 p.m. There are six candidates for two council seats: manager of Hinton Well Service Boone Adams (for re-election); Wilson Bond, real estate agent; Mrs. Kay Flynt, homemaker; Lee Neff, grocery store operator; Jerry Thompson, pharmacist; and Leroy Burns, new car dealer. Parnell Powell, a new car salesman, is the unopposed candidate for mayor. The council terms of Adams and Ed Hammond are expiring, as is Mayor Jimmy Seay's term.

A total of 16 absentee votes were cast in the city election. Floydada Independent School District voters will cast their ballots in the county courtroom in the court house. Polls open at 8 a.m. and close at 7 p.m. Howard Gregory's and Louis Pyle's school board terms expire, and five men are candidates for the trustee posts.

They are Jim Jackson, a farmer in the Blanco community; Travis Jones, who farms east of Floydada; Richard Bertrand, a gas company employee; Arnold Ratheal, a Lakeview farmer; and Lawrence Stovall, city electric superintendent.

Absentee votes in the Floydada school trustee election totaled 20. An election to choose a county school trustee from Precinct One is also scheduled at the county courtroom

Saturday in conjunction with the Floydada school elections. Precinct Two trustee is to be chosen in an election at Lockney the same day.

Bill Daniel and Jay S. Hale, Jr. are candidates for re-election to the Caprock Hospital District board of directors, along with John Fowler and Dallas Ramsey. The Caprock board election will be conducted Saturday from 8 a.m. to 7 p.m. in the county judge's office in the courthouse. Daniel and Hale both farm. Fowler is a farmer and retired county commissioner and Ramsey is a pharmacist.

There were 20 absentee votes cast in the Caprock election.

City election judge is Fay Gooch, and Jon LaBaume is alternate judge.

Mrs. Orval Newberry will serve as judge in the Floydada school board election. She will be assisted by Mrs. S. E. Sparks and Mrs. Bill Baker.

The Caprock election judge is Ray Gene Ferguson, assistant judge is Doyle Moore, and clerks are Mrs. Don Rainer and Mrs. J. B. Colston.

School Elections Set At

South Plains, Dougherty

School trustee elections in Floyd County's two common school districts are to be conducted Saturday, April 7, the same day as city, school and hospital board elections in Floydada.

Elections will be held in the school houses at Dougherty and South Plains, with polls open from 8 a.m. to 7 p.m.

At Dougherty, the terms of Richard Ward, Carmel Eastham and Bob Vickers expire. Because there are no announced candidates, write-in votes will decide the three new Dougherty school trustees.

At South Plains, Nathan Mulder and Kenneth Henson have filed for the school board

seats being vacated by Johnny West and Phillip Smit's term.

Miss Floydada Pageant Saturday

The Floydada High School auditorium will be the setting Saturday night at 7:30 for the annual Miss Floydada Pageant. Each of the 17 entries will model sport, street and formal wear and be judged on poise and general appearance. The girls will be escorted while modeling evening wear in a "Sea of Beauty" theme of the pageant.

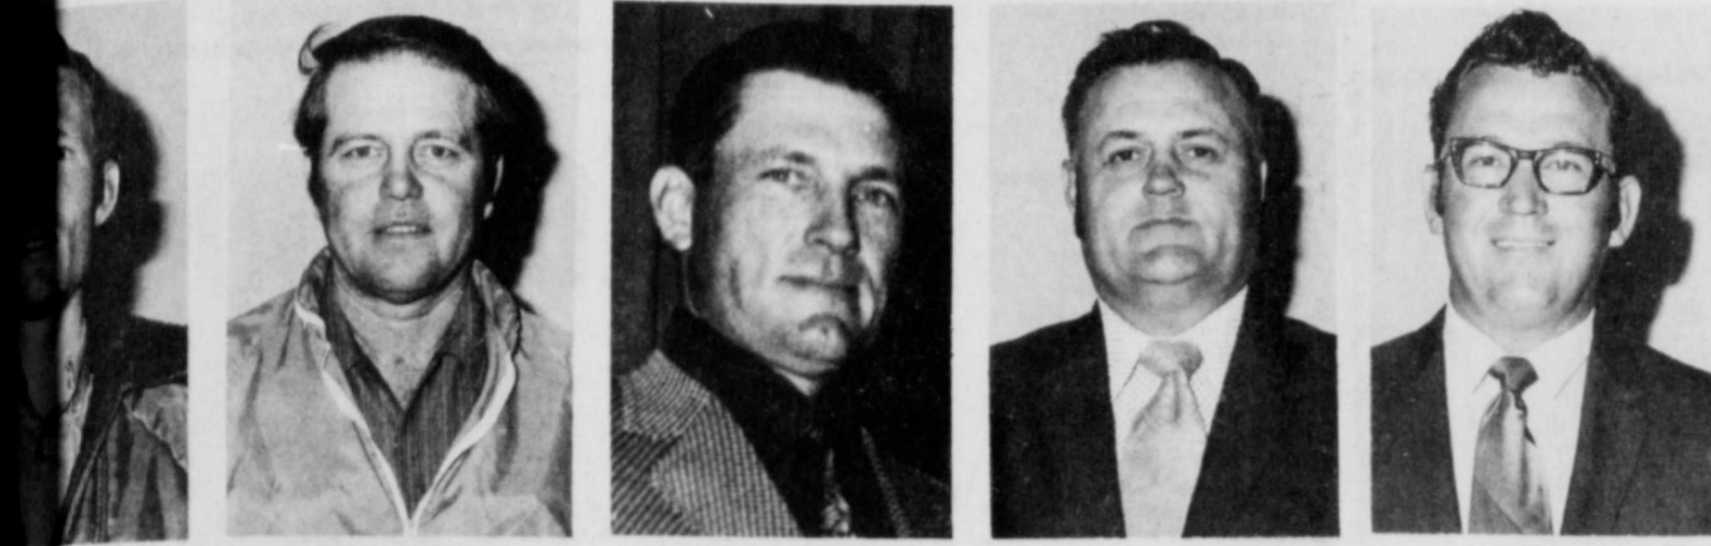

Mrs. Keith Buhrman of Lubbock will narrate the program. Entertainment will be presented by Marc Smitherman, Kim Campbell, Cindy Simpson, Karen Willis and Penny Bertrand.

Contestants include Karen Aldredge, Belinda Covington, Vanda Carthel, Susan Cozby, Diane DeLeon, Roxanne Fry, Margwyne Giles, Dianna Grimes, Beth Guest, Karin Kunkel, Nan McCulley, Darla Milton, Terri Meredith, Mitzi Reddy, Jimmie Kay Sales, Carla Suggs, and Della Witche.

Judges for the pageant will be Joe Brown, new director of KDAV Radio Station; Diane Karvas, hostess of World of Women on KSEL-TV and fashion coordinator at Lathams in Lubbock; and Gwennell Carter of Gwennells Portraits in Plainview.

All literary events were conducted Saturday at Floydada High School except the journalism events, which were the previous Wednesday, and the one-act play competition, which was held Tuesday afternoon (April 3). The one-act play regionals will be held April 12 and 13 at Odessa College, as will the regional track meet.

Also placing for FHS but not qualifying for the regional meet were Debbie Medley and Connie Anderson, second-place debate team; Jimmy Kay Sales, second, persuasive speaking; Ray Foster, second, poetry interpretation; Donna Nichols, third, spelling; and Sherry Moss, fourth, typewriting.

Deposits All Time High

Two First National Bank deposits in Floydada reached a new high of \$4,042,222.01. The Floydada bank increased deposits from \$12,778,126.86 to \$16,724,915.31. Its loans were up from last year's \$5,400,246.54 to \$6,069,505.08. Much of the increase was reflected in the cotton harvest money that came in for deposit in February and March. Of course high cattle and hog prices also helped bring about the gain.

Frisco Sticks By Decision, United Moving

By Wendell Tooley
Many Floydada citizens, employees of its two railroads and employees of United Transport Company attended a public meeting in the Massie Activity Center Tuesday night to hear why Frisco Railroad Co. is changing its routes from Floydada through Avard, Oklahoma, and moving United Transports as a result to Amarillo.

The change means a loss to Floydada of some 40 families and almost a million dollar yearly payroll. Floydada elevator and farm supply businessman Lon Davis monitored the meeting, introduced the visitors from Frisco and Bruce Mahon, from Oklahoma City, assistant to the Frisco president did most of the talking.

At the beginning of his talk Mahon explained the reasons for the change: The railroads would save 78 miles by going the Enid-Avard, Oklahoma route. This in turned saved fuel costs, and speeded up delivery of new cars to the auto dealer.

"We are continually pressured by the auto manufacturer to speed up auto deliveries," Mahon told the audience. When asked if the decision was "cut and dried?"... Mahon said, yes, he was afraid that was the situation. He did answer one question about the possibility of some of the United business staying in Floydada, and he said it was "possible."

Questions were posed to the Frisco and QA&P representa-

tives also by groups from Quanah and Paducah. Quanah stands to lose 30 train worker families by the change. Paducah people were concerned that there would no longer be train service through their town.

Railroad Will Continue To Serve

Mahon emphasized that the Frisco and QA&P would continue to serve Floydada with at least three trains a week, and seven a week during harvest seasons.

Davis presented Mahon with research material showing the need of various businesses in this area for rail service.

"We must prove that there is not enough business to make money in any given area before we can abandon a track... and this of course must be approved by the ICC," Mahon said.

Davis prefaced his introduction of Mahon to the group by outlining that this area produces many agricultural products, Floyd County is in the top 15 counties of the state in gross farm money, there will be a greater need of rail transportation in the future, and concluded, "we are certainly not a sick area."

Davis also asked Mahon, "can you afford to abandon the investment you have in Floydada?" Mahon answered that it was a difficult decision to leave the improvements they have made here for United Transport, but that was the way it had to be.

Floydada now has 14 trains a week, and Charles Hurt of

the Quanah office said there would be six on the tri-weekly schedule.

Hurt added that rail service would be better with scheduling of local trains instead of the fast through traffic trains that now come through here.

Mahon concluded that the decision was past changing as computers were already set for delivery of 1974 cars in Amarillo.

Mahon also stated that his railroad would help Floydada find new industry that would be beneficial to both his company and the Floydada area. He said he like the looks of Floydada, its churches and friendly spirit.

In the preliminary introductions president of the Floydada

Chamber of Commerce first introduced Mayor Jimmy Seay

Seays Moving To Mineral Wells

Mayor of Floydada and executive vice president of the First National Bank Jimmy Seay this week announced that he and his family will be moving to Mineral Wells.

The Seays will be leaving here June 1 and Mayor Seay will be president of the City National Bank in Mineral Wells.

Mayor Seay told a Hesperian reporter, "we have enjoyed the almost ten years we have lived in Floydada... our children started to school here... and in many ways we regret

who welcomed all visitors. Then he introduced Davis.

leaving the good people of this community... however, we feel that we cannot turn down this opportunity for advancement."

Mayor Seay has been mayor for almost four years, he is a past president of Rotary here, has served as county chairman of the Red Cross, held two positions on the South Plains Association of Governments, served on the Texas Bankers Association Agriculture Committee, and many other civic efforts in Floydada.

Lockney Tennis Team Pulls Out Of Amarillo Tournament

Coach Louis Fry reported that his 12 entries in the Amarillo relays this past weekend withdrew because of the foul weather. Fry stated that in two other tournaments this year he was disappointed because of rain and high winds that fouled up the tournaments; however, we were able to complete the play on outdoor courts.

Upon arriving in Amarillo, Fry was informed that the matches were to be indoors, playing pro-sets instead of regulation matches. "Not having any opening round early matches, Fry said, a decision on playing on outdoor courts would be forthcoming at noon Friday. At this time I was informed that all matches would be indoors, so the Lock-

ney teams were officially withdrawn. I felt that for the entry fees and costs involved, we could not possibly gain needed experience under these circumstances. It would have cost \$170 to have stayed in the tournament, and under the conditions, the experience would not warrant the expenses. I did hate missing a good weekend for this tournament, because it was our final tournament play before having to enter the district finals."

The district finals were held yesterday (Wednesday) in Floydada, but due to the press deadline, news on this event will be in Sunday's edition.

Letter To Editor

April Fool, 1973

Dear Wendell,
So old Blackie is gone, killed by the keen eye of a great hunter — I couldn't believe old Blackie was gone, as I, having been a member of the Methodist Church in Floydada since June, 1920 and knowing Methodist habits, I didn't take much for granted as Ned Bradley and Henry are fellow Methodists, but when Ralph Johnston's name was mentioned and he being a member of the killer's party, and a very honest Baptist, I knew old Blackie was gone.

Any my friend Robert Ward being a good hunter and being in the class of Daniel Boone, I know he wasn't scared when that big bear knocked him down, and looking at the 30-06 rifle he used it looks like a Musket hand loader like we used when I was a boy, that would kick you backward about as far as the shot went forward if you used too much powder.

I might explain about a little history of old Blackie. When Mat and I went to South Africa in January, old Blackie was a household pet of the Martins and Ken Reynolds, so one night when we were eating dinner at the Reynolds who are Kit's husband's parents, I was telling about the large Texas Jack Rabbits and Fred asked old Blackie if he would like to come to Texas and eat some of these Texas Jack Rabbits. He nodded his head that he did.

So when we boarded the plane at Durbin January 21 we had old Blackie with us, and in Black Africa he just looked like a Black Native that needed a bath and hair cut, and could get up the long steps better than Mat or me.

So everything went well til we got to Dallas where there were more whites than Blacks, so Continental Airways wouldn't let him get on til he got a hair cut. This old Blackie wouldn't do so he told us he could see more of Texas by walking to Floydada, and he could make it by April 1st, so I gave him my sun glasses and a map of Texas plus \$50.00 for meals in case he couldn't find any West Texas Jack Rabbits, and I told him to follow the railroad, but he must have cut through west of Roaring Springs where he came to the Ward home.

He was coming in on time and would have arrived here on time to spend April Fool with us so I will cable our Africa family that old Blackie lost his last battle by a Marksman's rifle and we will be unable to bring him if and when we ever come back to Africa.
Yours very truly,
/s/ Mark

CLIMBING PRICES

The Bureau of Labor Statistics reports the cost of living jumped eight-tenths of one per cent on a seasonally adjusted basis last month. It's the biggest rise since February 1951.

United States used its veto for the third time in the 27-year history of the United Nations when it killed a resolution recently on future Panama Canal control in the Security Council.

WE have some mighty fine tennis players in our school systems and I understand the senior class of 1922 wasn't so bad either, in fact the class was considered the most outstanding and sported numerous tennis players. One became a prominent surgeon; one became chief of Gulf Oil Attorney; another a CPA with Army Agency; a fourth was an Army General; another worked for the Hesperian 25 years and later was with the Department of Labor; and then there is Clem McDonald, local implement dealer, farmer and early day employee of the Hesperian. Someone whispered to me that the 1922 class were dare-devils too, known to eat strawberries out of someone's patch and went swimming in a fish pond until sundown. It was said there was hardly anything a number of them would refuse to do in the matter of taking high dives and doing other stunts at the "ole swimming hole."

DESPITE all the talk about rising costs of food, it's still the biggest bargain in the U.S. market place today.

According to National Cotton Council a comparison of how food prices have behaved in the last 20 years as contrasted with prices of other items sheds some interesting light on the question. For example:

If egg prices had gone up as much as first-class postage stamps, they would be selling for \$1.61 a dozen today.

If milk prices had advanced as much as medical care, you'd be paying 83 cents for a half-gallon.

If a one-pound loaf of white bread had followed the wage increases of skilled construction labor, it would be costing you 50 cents a loaf.

As these figures indicate food prices have not risen as high proportionately as most other items. What's surprising about all this is that the farmer who produces the nation's abundant supply of food and fiber has been just as hard-hit by inflation as his city counterparts—if not more so.

For instance, a three-plow tractor that cost him \$1,200 about 20 years ago now carries a price tag of \$6,800. A two-row mounted corn picker has gone up from \$800 to \$2,100, and a manure spreader that cost \$390 in 1950 today costs \$1,934.

If the farmer's price for eggs had followed the cost for manure spreaders, eggs would now be selling at \$2.99 a dozen.

Supermarket prices in other counties have been checked since the beef hike and we see where beef roasts sold for \$2.08 per pound in the West German capital in mid-March, about the same as in Washington. Kobe beef, Japan's finest, was selling to a limited clientele in Tokio for \$17.40 per pound. Parisian shoppers saw top round beef at \$2.57 per pound; in Stockholm, porterhouse steak was \$3.81 per pound and veal cutlets \$2.82. Pork is a little lower in Brussels than here, but in Tokio pork loin was \$2.25 per pound. Brazil had the lowest price for lamb chops with Brussels sporting the highest price per pound with the U.S. right behind. Poultry isn't much of an alternative in Tokio, it's priced at \$1.67 per pound.

A SPOT check over Floydada showed very little decline in the purchasing of beef by housewives from local meat markets.

IF this month flies by as fast

as the rest since I have reached a certain age, May will be here before we can plan for it. Thus, members of the Old Settlers organization will be planning for the annual reunion which is scheduled for Saturday, May 26. Old Settlers originated years ago when gaiety centered in three days of festivities held after the cattle round-ups, and when cattle herds and families were protected from the "bad-guys" by the six gun and rifle. Although modernized today, the region of great farm and ranch lands, retains a flavor of yesterday with western hospitality prevailing the year round.

SILVER PLUME, COLO. — Colorado has opened a \$110-million highway tunnel through the Continental Divide. The 1.7-mile-long tunnel, named for former President Eisenhower, is more than 11,000 feet above sea level.

IN Houston, when Ralph Deibert, a construction superintendent, needed to mail an air mail letter, he had only one 8-cent and two 1-cent stamps. He taped on a penny with the stamps and the letter was delivered with the penny intact.

Map For Sale

The map gives color delineations of the 73 major soil associations (containing 161 separate soil series) in the state and their extent. It also lists special limitations of the soils that affect their use. Inset maps show rainfall, temperature, and length of growing season across the state. Current and potential urban and rural uses by soil associations are also listed. Published cooperatively by the Texas Agricultural Experiment Station and the Soil Conservation Service, the map is available in two sheets or printed front and back. Printed front and back, the map costs \$3.00. Printed on two separate sheets, the map costs \$4.00.

For mounting on a wall, LaBaume recommended the two-sheet style. For folding and filing, he said the map printed on both sides might be the best.

The map may be purchased from the Department of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

Order blanks can be obtained from the SCS office at Floydada or from the County Extension Agent's office at Floydada.

Craig-Ramsey In Amarillo Tennis

Tournament Finals; Team Ties For Third Place

The Whirlwind tennis team tied for third place in the Amarillo Relays Tennis Tournament last Friday and Saturday. The Floydada team has 13 points to finish in a tie with Phillips, behind Petersburg (17 points) and Hughes Springs and Nazareth (14 points each).

Mark Craig and Mike Ramsey reached the tourna-

ment finals before losing to the Hughes Springs doubles team in a close one — Hughes Springs took it 7-6, 5-7, 6-4. Craig and Ramsey lost the first set tie-breaker 5-4.

Craig and Ramsey beat teams from Spearman (8-5), Dalhart (8-1), Phillips (11-9) and Valley (6-4, 6-4 in the semis) to gain the finals spot.

Floydada's Cary Brown got

to the girls' singles semifinals, where she was beaten 6-3, 6-1 by Pam Moulton of Phillips. Blair Davis lost to a Hughes Springs player 8-2 in the quarterfinal round after beating players from Phillips (6-2) and Morton (8-2).

Donnette Marble and Debby Johnson of Floydada were defeated in the semis by Abernathy's Patterson and Vineyard, 5-7, 6-2, 7-5. The Floydada girls beat a Tulia team 8-1 in the quarterfinals.

Danny Martin and Jimmy Parker lost in the second round to Spearman, 8-6, after winning in the first round 6-0.

Nancy Puckett lost in the first round 6-2. Coach Murphy Sales said the team did "real well — the best we've done all year" in the Amarillo Tournament, a big tournament with plenty of stiff competition.

Fire Destroys Residence

The Floydada Volunteer Fire Department answered a fire call at 12:05 a.m. Saturday at the Leon Barnes residence, 10th and East Lee Streets. A fire department spokesman said an electrical fire in the bathroom was extinguished and fire-fighting units returned to the fire hall.

At 3:10 a.m. Saturday the fire department answered another call to the same house. At 3:15, according to a report

from the fire department, the first units arrived to find the house completely engulfed in flames. Fire department units were on the scene until about 7:30 Saturday morning.

The house was a "total loss." House and contents were believed to be insured, the fire department report said. There were no injuries reported, and some personal belongings were removed from the burning house.

Scabies Spray Dipping Bill Passes Committee, Awaits House Action

Rep. Phil Cates has announced that the Scabies Bill, which makes provisions for the spray dipping of cattle was passed favorably out of the committee on Agriculture and Livestock Thursday (March 29) and is now pending House action.

"The current law states that cattle in Texas can be required to be dipped into vats at intervals as frequent as 10 to 14 days," stated Cates, who is co-sponsor of HB 1194 with Rep. Dean Cobb of Dumas. "With the possibility of severe and extended winter weather in the Panhandle this becomes impractical and a hazard to the cattle breeders."

Rep. Cates, a member of the sub-committee studying the Scabies issue, noted that Rep. Bryan Poff's amendment al-

lowing cattlemen a 30 day period within which to spray dip the cattle was also well received at the hearing.

"This amendment will also exempt any feedlot operation or business restricted to the feeding or fattening of cattle", Cates pointed out.

Presently the Animal Health Commission can require the dipping of all livestock in feedlots and in all other livestock operations at intervals from ten to fourteen days and may not require more frequent intervals than every six days.

"This could become a burden to the feedlot industry," Cates stated, and, it is of vital importance to this area's economy that a quicker and more efficient treatment of livestock diseases be enacted into law during this session."

Farris Receives Letters From U. S. Congressmen And Senator Concerning Farm Program

Following an open meeting for everyone interested in the farm program last month, suggestions by the group were compiled by Mrs. David Batty Jr. and Mrs. Albert Scheele, and forwarded to 11 U.S. Congressmen and Senators.

John Farris, chairman of the Floyd County Republican party is beginning to receive replies from the letter and suggestions.

He recently received the following statement from Herman E. Talmadge, Senator from Georgia and chairman of the Senate agriculture committee:

"Dear Mr. Farris: This is to acknowledge and thank you for sending me a record of the proceedings of a meeting you held on the farm program earlier this month. I will be pleased to place this material in the record of our continuing hearings on general farm legislation.

With every good wish, I am Sincerely,
/s/ Herman E. Talmadge
HERMAN E. TALMADGE
Chairman"

He also received a letter from Fowler C. West, assistant to W. R. Poage, chairman of the House Agriculture committee which stated:

"Dear Mr. Farris: Chairman Poage has asked me to thank you for your letter of March twenty-eighth and the enclosure.

Our Committee is in the midst of hearings on the general farm program, and certainly the statements which you sent will be helpful. With all good wishes in Mr. Poage's behalf, I am Sincerely yours,
/s/ Fowler C. West
Fowler C. West
Staff Director"

A letter from Floyd County's own Congressman Omar Burleson stated:

"Dear Mr. Farris: Your letter of March 28, with the enclosures, is greatly appreciated.

I find the comments of some of those who attended your Agro-Economics Meeting there at Floydada on March 5 most interesting and I feel them worthy of being placed before the House Agriculture Committee. The views expressed by these men are fundamental to the farm program which is now being studied in the Committee. Hearings started on Monday of this week on the farm program.

Again, I welcome these views and certainly shall be receptive to further advices as we get into efforts to extend the farm program.

With kindest regards, I remain Sincerely yours,
/s/ Omar Burleson

RETRACTION

I WOULD LIKE TO PRINT A RETRACTION ON THE LETTER THAT WAS IN LAST WEEK'S BEACON THAT WAS IN ERROR, FOR I HAVE NO INTENTION OF MOVING TO CALIFORNIA. I'M ONLY TAKING TIME OFF FOR A MUCH NEEDED REST. I WILL BE BACK IN LOCKNEY TO RUN MY BUSINESS PROBABLY BY SOMETIME NEXT WEEK. I WILL CONTINUE TO RUN IT IN THE SAME MANNER AS IN THE PAST AND WILL MAKE LOCKNEY MY HOME AS LONG AS I HAVE FRIENDS AND CUSTOMERS. IN MY OPINION, LOCKNEY IS ONE OF THE GREATEST LITTLE TOWNS ANYWHERE, AND I PLAN TO STRIVE TO MAKE IT GROW AND PROSPER EVEN MORE IN THE FUTURE. I WILL SEE MY FRIENDS AND CUSTOMERS REAL SOON.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, April 2 — We continue to have stormy weather — Thursday night Floydada and parts of Fairview community received damaging hail and a big rain. Monday afternoon is cold and rainy with storm warnings being given over some of the counties of the South Plains.

The entire community and surrounding area were saddened at the passing of one of our beloved pioneer women, Mrs. W. C. (Calla) Wilson, who for many, many years lived out in the community and later moved into Floydada. Mrs. Wilson had been a patient in Caprock Hospital for some three weeks. She is the mother of Walton Wilson of the community.

A granddaughter and husband, Mr. and Mrs. Larry Glassmoyer of Grand Prairie were flying to Floydada by private plane for the funeral when they ran into a severe rain storm at Roaring Springs, and were unable to continue on to Floydada and were forced to return to Grand Prairie.

Mr. and Mrs. Woodrow Wilson left Saturday on a combined business and pleasure trip to Corpus Christi but were called home Tuesday to be at the bedside of his mother.

Mr. and Mrs. A. S. Mize arrived home Tuesday morning from Stockton, California where they had been for three weeks visiting their son, Steve Mize and family.

Mr. and Mrs. Dale Robertson and son, Ty of Lubbock were here for her grandmother's funeral and spent Wednesday night with her parents, Mr. and Mrs. Woodrow Wilson.

Mrs. Johnnie Foster and daughter, Valerie and granddaughter Tina, all of Oklahoma City and longtime friends of Mrs. W. B. Wilson, were here to attend her funeral.

Monday Mr. and Mrs. E. W. Walls took their house guest, Mrs. Jewell Smith of Bakersfield, Calif. to Lexington, Oklahoma where she was to visit her brother and family and then on to Missouri to visit her son and other relatives before returning to her home in California.

Mr. and Mrs. Walls drove back to Texhoma Lake that night where they stayed until Saturday fishing.

Mr. and Mrs. Walton Wilson and Mr. and Mrs. A. S. Mize were Sunday dinner guests of Mr. and Mrs. Harvey Allen and sons.

Mr. and Mrs. Kay Crabtree and children spent Saturday in Lubbock and came home by Idalou where they visited her parents, Mr. and Mrs. Elmer Griffith and had supper with them.

Friday morning Mr. and Mrs. George Lotspeich of Adrien visited his sister, Mrs. Cecil Payne and then all were dinner guests of Mr. and Mrs. R. B. Hatley and Mr. and Mrs. Pat Bullock.

Mrs. Kay Crabtree kept the twins, Amy and Anita McCormick for their mother last Thursday.

Mrs. J. L. Day and Wayne visited in the home of Mr. and Mrs. C. H. Wise Thursday night.

Benton Ritchey of Lubbock was in Floydada Friday and visited Mr. and Mrs. C. H. Wise and had lunch with them.

Mr. and Mrs. J. W. Cannon visited R. M. Cannon Saturday night.

Mr. and Mrs. L. H. Blum and Mrs. C. W. Denison visited Mr. and Mrs. Clyde Bagwell Sunday, Sunday, April 1 was Clyde's birthday and they came by to wish him "Happy Birthday". He also had two phone calls, one from his sister, Mrs. Edith Mulvaney in Albuquerque and a niece, Mrs. Mildred Davenport of Sunnyvale, Calif.

J. C. Bullard visited in the C. H. Wise home Wednesday night.

Mr. and Mrs. Preston Bullard of Portales, New

Mexico were here last week and visited Mr. and Mrs. Kay Crabtree Thursday morning. They spent Wednesday night with Mrs. Kate Crabtree.

Texas Centennial Calendar Issued

It's centennial time in Texas. The Calendar of Texas Events, issued today by the Texas Highway Department, indicates that the year 1873 was an important one in Texas history. During the April-September period covered by the calendar, at least eight cities, from El Paso to Texarkana, will be celebrating their 100th year.

Others reaching that milestone are Terrell, Overton, Mineola, Plano, Weimar and Schulenberg.

One of the state's oldest cities, Columbus, marks its 150th birthday on May 11-20, while Yorktown takes note of its 125th anniversary on April 12-14.

The entire month of August has been set aside to commemorate the 150th anniversary of the Texas Rangers, with activities centered around the Texas Rangers' Fort Fisher in Waco.

Some 800 events are listed in the calendar in addition to the special anniversary celebrations.

As befits a Texas Calendar, there are dozens of rodeos and roping contests, and rodeo fans will have no trouble finding places to follow the sport.

From flea markets to major festivals; from sand sculpture contests to displays of fine art, whatever the traveler's pleas-

Lyda Walding Requests Support Of Easter Seal Campaign

A further request for support of the Easter Seal Society for Crippled Children and Adults and its program of services to the handicapped was issued today by Miss Lyda Walding, who is the Easter Seal Representative in Floyd County.

The Easter Seal Society provided treatment and services for 16,572 physically handicapped children and adults in Texas last year, Miss Walding said, and this program needs to be expanded. Many people are going without services that would increase the productivity of their lives and make them happier. With increased growth of the Easter Seal Society, more and more of these people will be reached, she added.

The Society is carrying out a continuing program to seek out the disabled who are doing without services and see that they receive the help they need. As Easter Seal Representative, Miss Walding is the one who will find it some time, somewhere in Texas.

Copies of the six-month calendar are available at highway department tourist bureaus, or by writing the Texas Highway Department, Travel and Information Division, P.O. Box 5064, Austin, Texas 78767.

person to contact for services from the Easter Seal Society.

The Easter Seal Society of Texas helps support 18 treatment facilities in Texas where crippled children and adults who are not eligible for help from any other source are treated, regardless of their ability to pay.

The Easter Seal Appeal continues through Easter Sunday, April 22, and full support should be given the Easter Seal Society by every citizen of Floyd County, he added.

Lasso® for cotton . . . Convenient weed control.

Cotton farmers are taking a good long look at Lasso, the preemergence herbicide by Monsanto.

Because Lasso is convenient to use.

First of all, you don't have to incorporate Lasso. You apply Lasso at planting. It's far less likely to blow away, then, and you've saved yourself an incorporation trip through the fields.

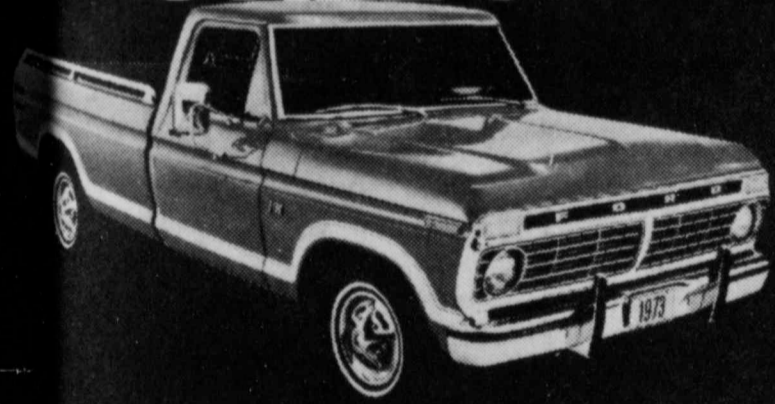

Lasso comes in easy to use liquid. You apply Lasso preemergence on the surface. Broadcast it, or for real economy, band it on. However you apply Lasso, you'll get

effective control over Carelessweed, and almost a dozen other annual grasses and broadleaf weeds that compete with cotton.

And Lasso doesn't persist in the soil. So if you get hailed out, for example, you can come right back in with soybeans or corn with no carryover worries. Take a good long look at Lasso. It's the herbicide that's convenient for you at planting.
