Camp Rio Blanco Site Of Saturday Event

Girl Scouts from Area Association 4 will take part in an event on Saturday, April 14, at the Established Girl Scout Camp Rio Blanco, 4 miles east of Crosbyton. The Area 4 includes the towns of Floydada, Lockney, Ralls, Crosbyton, Lorenzo and Idalou; and the seven troops from Floydada will be on the site in force with their leaders for the big event.

Each town chose a country to represent as part of the International Theme of the day, and the troops of the town each depict or demonstrate something from the country. Floydada troops will present the history, the flag, songs, games, dances, cooking and favorite foods, art, holidays of Italy. The Junior Troop 336 is taking Germany as its country and will present all the phases of German life that it can, using many of the objects and much information gathered by one of the leaders, Rilla Sue Woody when she lived in Germany and worked with a troop on foreign soil.

Troops and leaders will leave Floydada and arrive at Camp Rio Blanco in time to set

up displays and areas by 10 a.m. From 10 until 11:30, troops from the area towns will "show and tell" about their countries for each other.

Families of the girls are invited to the event and may begin arriving from 11:30 to 12 noon. If the families like, they may bring picnic lunch and eat with the girls at 12. If a family prefers to eat lunch at home, they may arrive at 12:30 in time to see the final demonstrations by the troops from 12:30 until 1:15 p.m.

Parents and families are urged to dress comfortably, and be prepared to walk the distance to the daughter's area to see the demonstrations.

Because a large crowd is anticipated from the different towns, cars will be parked at the entrance of the camp, and cannot be driven into the areas proper.

A closing flag ceremony at 1:30 will climax the Area 4 Event. Crosbyton troops have charge of what promises to be an impressive closing ceremony; following this, families will walk back to the parking area and leave the camp. Girls may return home with the parents if leader-in-charge has been informed.

Serving on the Event Planning Committee from Floydada are Mrs. Leroy Burns and Mrs. J. A. Welch.

from front and back, give the White House the atmosphere of an Old South plantation home. Flowers matched the color of every bedroom; massive chandeliers, beautiful silver, luxurious rugs add to the atmosphere.

The effect is a vast improvement over the White House's appearance in the immediate post-war years, when I first visited it and reflects several upgrading efforts, by the Eisenhowers, Kennedys and Nixons, notably. The White House, as a result, compares favorably today with most of the royal houses and palaces of Europe, and every American can be proud of the country's first address, with its paintings of past Presidents on the walls recalling our proud history.

Once-A-Week Italian Meal Shortcut Idea

For your Once-A-Week Italian Meal, make your own ravioli. Try a shortcut with packaged piecrust mix taking the place of the time-consuming homemade pasta.

- BAKED RAVIOLI**
- | | |
|--------------------------------|--|
| 1 1/2 pounds ground round | 1/2 cup seasoned bread crumbs |
| 2 teaspoons salt | 2 packages (11 ounces each) piecrust mix |
| 1 egg, well beaten | 1 jar (32 ounces) Ragu spaghetti sauce |
| 1/2 cup grated Parmesan cheese | |
| 1 small onion, chopped | |

In a skillet, cook beef until brown and crumbly. Drain excess fat and stir in salt, egg, Parmesan cheese, onion and crumbs. Prepare piecrust according to package directions. Cut dough into 3 pieces. Roll out each piece of dough on a floured surface twice as long as the ravioli cutter. Place dough on ravioli cutter and fill depressions with tiny balls of the meat mixture. Brush other half of dough with water and fold over meat. Press dough with cutter to seal and cut individual ravioli; place side by side on a greased cookie sheet. Bake in a preheated hot oven (400° F.) for 15 to 20 minutes or until brown and crusty. Heat spaghetti sauce and spoon hot over individual servings of the baked ravioli. Makes 36 ravioli to serve 6.

Late Christmas For Ex-POW

WINLOCK, Wash. It's not June in January in this southwest Washington community. It's December in April — and Christmas is only a few days away.

A community Christmas tree and street decorations are already up, a Santa Claus has been recruited, and the local high school choir is rehearsing carols. It's all for Air Force Maj. Edward Leonard Jr., a prisoner of war in Vietnam for five years. He's due home in mid-April.

"He told us he spent five Christmases in solitary confinement," his mother said, "and he expects to see a Christmas tree and a turkey dinner with all the trimmings when he gets home."

FLOYDADA Care Center Happenings

(By Faye Walters)

People say you never know what the weather will be like in West Texas, and now after Saturday night I can believe that. A snow on April 7, I don't know how many of our residents enjoyed the white snow but I bet there were some. I have found that most of them enjoy anything that comes along. They have learned in their many years of life to accept things in this life that they cannot change.

Our devotionals this week was a blessing to all. The residents look forward to these each time.

We again feel fortunate that we had no one in the hospital this week. We are hoping for at least a full month of this. We also wish to thank each visitor for coming even if your visits are brief they are appreciated so much.

Bingo Thursday was a lot of fun. Della Finley won four games. Bessie Palmer and Bessie Lanier three games each and several won two games.

Floydada Partnership April 28-29

A free barbecue and social hour for contestants and their wives is scheduled for Saturday, April 28 from 6:30 to 8 p.m.

Open House was a smash! We all had a ball, it's still the talk of the Center. We appreciate all of you who could come and visit with our residents. Friday night singing was super, those leading for the singing were Mrs. F. O. Schacht, G. A. McAda, J. L. Withrow, Rev. Franklyn Brown, and Rev. Baggerly. Specials were presented by Rev. and Mrs. Baggerly and their children; Rev. and Mrs. Brown from Brownfield. Rev. Brown is the area supervisor. Mr. and Mrs. Olan Potet played the piano in several duets. They're good! Mrs. Sylvia Yeary and Mrs. Esther Brasher played the piano for the singing. Everyone really opened their mouth and sang out. After raising the rafters a few feet singing, we all went to the dining room for coffee, punch, and some delicious rolls made by Ada Colson. The serving table was set with the flowers the F. O. Schachts had sent us for the open house. All this was such a joy our residents are asking if we can have another open house soon or at least one a month! Guess we will start planning for Easter — maybe a sunrise service?

The Main Street Church of Christ had the April birthday party Wednesday. Each table was set with an Easter egg tree. Everyone enjoyed the cake and punch. Mr. McWaters is our only birthday person this month. He's 97 years young this month.

Three-Way Report on Mississippi Water Imports Due

LOCK — The much long awaited report from three federal agencies which have been studying the possibility of Mississippi water importation for Texas and Eastern New Mexico will be unveiled today.

Reclamation area planning officer from Austin will direct the presentation. He directed the Bureau's study in conjunction with the Corps of Engineers and the Mississippi River Commission.

The special briefing session will begin at 2 p.m. in the KoKo Palace Convention Center, 50th and Ave. Q. Officers and directors of Water, Inc., will host the briefing, expected to attract more than 200 area residents.

Proposals to import water to the High Plains of Texas and New Mexico was undertaken by the three agencies more than five years ago and Congress has provided more than \$7 million to finance the investigation.

Periodic engineering reports have been made at various Water, Inc., meetings, but virtually none of the economic findings have been revealed. Flaigg said the Lubbock briefing will include all facets of the investigation of the findings.

Black has called a meeting of the Water, Inc. board of directors in conjunction with the public briefing. "The findings, in a real sense, could determine the future of the High Plains of Texas and New Mexico," said Duncan Ellison, executive

director of Water, Inc. "Here at Water, Inc., we view the meeting as a major milestone in our efforts to assure an adequate future water supply."

Mississippi River water importation has been a major issue since Water, Inc. began actively supporting the Texas Water Plan in the summer of 1969. The plan, which would have cost \$3.5 billion as part of a \$9 billion price tag, would have further investigated water importation.

Attacked by ecologists, however, the plan fell to defeat that fall in Texas by a slim margin.

Watch Out For The Door To Door Cookware Salesman

In the spring, a young girl's fancy often turns to thoughts of love, and the high pressure salesman who works from door-to-door can be expected to take advantage of the season.

The Attorney General's Consumer Protection Division already is receiving complaints of being pressured into high-cost contracts for hope chest items, such as cookware and china.

In one instance, the young woman and her roommate had been called on by a door-to-door salesman who claimed to have a superior set of stainless cookware to sell.

While the cost for such quality was a bit high, the customer was assured she would be getting more than her money's worth, because she also would receive "free" a four-place setting of china.

As the young prospect began to show signs of weakening under a long (two-hour) high pressure sales pitch, she was offered another bonus in the form of a set of cutlery — if she agreed to buy the cookware that very day.

agreed to buy a set of pots and pans for a total of \$427.34 — including taxes and interest charges.

She felt even worse, she said, when she visited a retail store and discovered she could have purchased the same brand of cookware and the same pattern of china at less than half of the amount she had obligated herself to pay.

"I discovered it was a rip-off," she said. The attorneys in my office immediately recognized that this contract was invalid, because the buyer was under 21 years of age. The cookware and china had not been delivered, but the contract had been sold to a lender.

After several telephone contacts, the cookware firm agreed to buy the installment "paper" back from the finance company, thus relieving the young woman of any obligation.

But there would have been no relief in sight for the customer if she had been 21 years of age or older. The lender who bought her signed note would have had no obligation to cure her complaints.

So, there would have been no happy ending. The customer would have had to pay out the \$427.34 note — even if the goods were not what she had expected; even if they deteriorated rapidly.

homeowner who answers that knock on the door should be extra cautious about 1) admitting the salesman in the first place; 2) listening to the sales spiel, unless it relates to a product the resident knows about and wants, and 3) signing a contract on the spot.

If the product is good, and if the price is right, the seller won't mind making a second call to close the deal.

When you leave your home to shop, you do so in a frame of mind which prepares you to cope with comparative pricing and sales claims. Usually, you know about what you want, and approximately how much you have to spend.

The door-to-door sales agent has a built-in advantage, because he catches you off guard — often in the evening when you already are tired, and since it is your home, you do not want to seem inhospitable.

The most reasonable cure for the "morning after" regrets that follow unsatisfactory door-to-door transactions is

offered in a bill (S.B. 454) proposed by State Senator Bill Braecklein of Dallas, to allow a three-day "cooling-off period". That would give you those three days to change your mind about a home-made agreement to buy an article costing \$25 or more.

That bill has been passed by the Senate, and is being considered by the House of Representatives. The idea is to give the buyer equal advantage with the seller — to put you on equal footing with the salesman who puts his foot in your door.

CENTER NEWS by Mrs. J.E. Green

VIRGIL MARTIN, Floydada eighth grade student, won a second place ribbon in the Regional History Fair at Wayland College with his workable replica of Eli Whitney's first cotton gin. Virgil constructed this gin out of wood, brushes and nails, with a hand-driven belt made with wooden spools and leather. He used the same principles that Whitney used in his invention in 1793. This machine could clean cotton as fast as 50 men working by hand. (Staff Photo by Jim Huggins)

CENTER, April 9 — This morning is hazy and cold. Not much like spring. There is still some snow and ice on the ground from our rain and snow Saturday night. Temperature last night about 22 degrees, so it is goodbye to our earlier blooming fruit. What a long, cold wet winter we have had!

In our pulpit at Calvary Baptist Sunday morning was one of our S.B.C. missionaries, Bro. James Giles from Columbia, S.A. We all enjoyed and profited by his word pictures of the conditions and needs of foreign mission fields, and his sermon.

Mrs. Marion (Foy) Carpenter of Irving came Saturday to spend the weekend with her husband's parents, Mr. and Mrs. Claud Capenter. Sunday p.m. Mrs. Carpenter Sr. became ill and was taken to Caprock Hospital. This morning she is reported as "fair". Her daughter and husband Claudine and Joe Conway of Lubbock are also here. We hope she will be improving soon.

Elmer Warren is in Plainview in Central Plains Hospital. Among relatives visiting him Saturday p.m. were Mr. and Mrs. Leo Frizzell and Mr. and Mrs. Elco Frizzell. Warren is feeling better and awaiting further tests.

Mrs. Bill Smith was among callers at Mrs. Clarence Ashton's last week. Sunday the son, Bob, called from South Texas. All well there with a higher temperature — in the 70's — and plenty of rain.

Guests of Mrs. A. W. Anderson over the weekend were Rev. and Mrs. Ausie Watson (Estelle) and son, Larrie and wife of Abilene. Sunday Mrs. Anderson and all dined with her son, Louis and family after church. In the p.m. they were joined by Mr. and Mrs. Floyd Anderson and Otis and family. Later the women of the group visited in Central Plains Hospital at Plainview with Mrs. Odell Thompson — Dorothy — of Petersburg, who had surgery Thursday. She was feeling better at the time.

Mr. and Mrs. Houston Bradford reached home Saturday p.m. from Big Spring where Houston had surgery several days ago in the VA Hospital.

Mrs. Alma Dunn and Mrs. J. D. Welborn visited briefly at the J. E. Greens Saturday p.m. Sunday p.m. visitors in the Dale Miller home were Mr. and Mrs. Roy Kirby of Slaton and Mr. and Mrs. James Miller of Lubbock.

Mr. and Mrs. Hal Thomas were in Post the last of the week. They brought his invalid brother, Albert, home with

them and he remained until Wednesday when they took him back to Post. He is staying there with a sister and her husband.

News from California came to the Hal Thomases that her brother-in-law, Price Scott (for many years Floyd County School Supt.) had a light stroke and is in an Anaheim, California, hospital.

Mr. and Mrs. Carl Williams of Plainview visited Saturday evening with Mr. and Mrs. Hal Thomas.

Mrs. Ola Warren visited Friday with her son and family, the Thomas Warrens. Sunday p.m. the son and family visited Mrs. Warren.

Mrs. R. C. Ross visited Mrs. Vinson briefly Sunday p.m.

We are glad to hear Mrs. Vinson is back home after spending the winter in South Texas, mostly in Harlingen with daughters. She reports a wonderful four months in the area. (They kept her busy.) Besides Harlingen she visited in Corpus Christi, a week in San Antonio, then to Stephenville with a daughter, Doris and husband, Ernest Huckabee and family, and the Browns, nearby. Mrs. Vinson, accompanied by the Huckabees, arrived home Friday night to be met Saturday by real winter weather. She reports cotton was already up in the valley.

Mrs. Wheeler Turner and daughter, Mrs. Pierce of Lubbock visited last Monday with Mr. and Mrs. Charley Spence.

Mrs. Spence and Mrs. Frank Dunn visited some shut-ins Saturday p.m., among them Mrs. Stovall and Robert Day.

This Monday is Charley Spence's birthday — Congratulations!

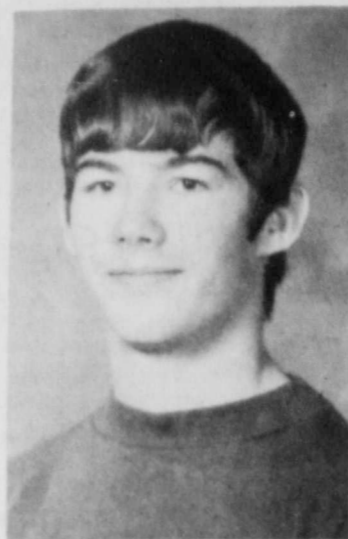

Mrs. Jewel Price reached home Saturday from Houston, where she was with her daughter, Mrs. Marganita Davis in the daughter's last illness and last rites. Our sympathy is with Mrs. Price and all the loved ones.

Cates Warns About Revenue Sharing

State Rep. Phil Cates wants the State to go slow in putting any federal revenue sharing funds into supporting permanent state programs. Rep. Cates is co-sponsoring a House concurrent resolution which points out that the State Comptroller estimates federal revenue sharing to total \$316.2 millions for the two years starting Sept. 1, 1973, but only \$148 million for the following two years. "Therefore, if we place excessive trust in the future of revenue sharing we will be shocked at a future date by the magnitude of state funding needed to replace the dwindling, or non-existent federal revenue sharing funds to the maximum extent for non-recurring items, so that they will not be woven into the permanent pattern of state budgeting. Cates concluded that the state should recommend no permanent programs to become dependent on federal dollars which cannot be counted on in the future.

GSPA was notified of the change in the 1973 Feed Grain Program by USDA officials on March 28. The change affected Plan A by reducing the previously announced setaside of 25 percent to only 10 percent, with all payments

Guests at the Sylvan Kinnibrough home for dinner Sunday were Mr. and Mrs. Teddy Horne and Melissa of Plainview and Mr. and Mrs. Ray Dillard of Lockney.

There will be a dinner at the South Plains Baptist Church

Sunday, April 17, following morning church services. Bring your basket dinner and make plans to attend. Members plan to spend the afternoon visiting.

Mr. and Mrs. John Wilson arrived home Friday night from El Paso where they had been visiting since Monday with their daughter and family, Mr. and Mrs. Tom Blythe and boys.

Kenneth Henson and Nathan Mulder were unopposed and elected to the school trustee board at South Plains at the election Saturday at South Plains. Mrs. Don Marble, Mrs. Dean Stewart and Mrs. Fred Marble were presiding judges.

Mr. and Mrs. Kendis Julian and Murray Julian are in Lubbock today (Monday) where they are visiting Mrs. Terry Julian at University Hospital, and with Murray's sisters, Mrs. Vera Harper of McAllen and Mrs. Ruth Burnett of San Antonio. The two are in Lubbock for a medical checkup for Mrs. Harper.

Members and friends, teachers and pupils were entertained at a PTA meeting

Wednesday afternoon with Mrs. Horton Howell's music pupils presenting a program of music. Taking part in the recital were Cindy Mulder, Mitzi Julian, Blake Kitchens, Kelly Marble, Earl Jarrett, Jonna West, Kristi Julian, Judy Bean, Shandra Young, with several playing duets. This is Library Week, and we should all be proud that we have a fine library at both Floydada and Lockney, and a church library at South Plains Baptist Church. We should take advantage of all the good books that are available to us.

Mrs. Charles Nelms will be giving a book review at the Caprock Association's semi-annual WMU meeting to be held at Silverton, Tuesday evening, April 10 at 6:30 at the First Baptist Church. Several from our Baptist WMU are planning to attend.

J. P. Taylor was at the Central Plains Hospital several days last week undergoing tests.

The South Plains Hobby Club will meet at the home of Mrs. Ruby Lee Higginbotham Thursday night, April 12, at 7, with Mrs. Virginia Taylor bringing the program on "Origin and Characteristics of Depression Glass."

Mr. and Mrs. Frank McClure visited at the Methodist Hospital in Lubbock with her brother, A. C. Newman and wife of Snyder. They found Newman doing very well after lung surgery.

Kenneth Powell has been at Fort Sill, Okla. attending NCO School the past three weeks. He will go back to Camp Carson, Colo. in June.

Mr. and Mrs. George Ray Powell announce the birth of a baby girl, born Thursday, March 29, in Houston. The little miss has been named Tonya Kay. She weighed nine pounds, four ounces. She has two older sisters, Vicki, age 6 and Debra Lynn, 4. Grandparents here are Mr. and Mrs. Fletcher Powell.

A good number attended the salad supper at the Baptist

Church Wednesday night, with Rev. Troy Cartmill leading the business meeting after the dinner. Plans were made for the revival services coming April 29-May 6 with Evangelist Jack Bailey and song leader, Bill Gilbreath. Cottage prayer meetings will be held. April 15 there will be a church-wide dinner and visitation in the afternoon.

Miss Rita Taylor attended the gift tea given in the home of Mrs. L. D. Smith Jr., last Saturday honoring Miss Melaine Middlebrooks. Miss Taylor presided at the guest register during the shower.

The Nelson family, formerly of Floydada, who now live at Lake Valecito, Colo., near Durango, report over fifteen feet of snow the past winter at the lake. That should mean good fishing and beautiful mountain flowers and foliage next summer.

Many from our vicinity took part in the bridal shower which honored Mrs. Randy Ward, nee Miss Carla Bean, at the home of Mrs. John Smitherman in Floydada, Saturday. Parents of Mrs. Ward are Mr. and Mrs. Kenneth Bean of South Plains.

NEWS FOR HOMEMAKERS

By Billie McMorris, Floyd Co. Extension Agent

HANDLE PERISHABLE FOODS CAUTIOUSLY

How do you handle perishable foods? The following information which I received lately will provide some helpful pointers on ways to handle perishable foods.

Did you know that every year more than 2 million Americans — or one person out of 100 — suffer from salmonellosis? This is an infection of the stomach and intestines that is caused by

salmonella germs, which are sometimes present in such food as fresh meat, poultry and fish. Often salmonella is mistaken for a 24 hour virus because of similar symptoms, headache, fever, stomach cramps, diarrhea and vomiting.

Following are seven precautions suggested by the United States Department of Agriculture (USDA) and the Food and Drug Administration (FDA) — the two federal agencies that deal with the salmonella problem.

1. Assume that salmonella germs are present in all uncooked meat, poultry and seafood. Since thorough cooking kills these germs, USDA recommends you cook foods at 140 degrees F for at least 10 minutes or at higher temperature for shorter periods.

2. Although cooking kills salmonella germs, using the same platter and utensils before and after cooking can recontaminate the food with salmonella. As a safety precaution, wash all utensils and dishes thoroughly after contact with any raw meat.

3. To safeguard against what FDA calls "cross contamination", also wash hands, kitchen counter space and cutting boards after contact with raw meat. In fact, FDA recommends using one board only for preparing meat and another for cutting vegetables, cheese and other foods.

4. When defrosting meat in the refrigerator, keep it away from all other food and preferably in the meat keeper. Blood from raw meat and poultry can be contaminated with salmonella and can, in turn, contaminate any foods with which it comes in contact.

5. After cooking, do not allow meat or poultry to stand a long time — an hour or more. Bacteria grows well under these conditions and can recontaminate the food.

Revival Set At Lockney Assembly Of God Church

Rev. Bob Wright, pastor of the First Assembly of God Church in Lockney announces a revival at the church starting Sunday, April 15 and running through Sunday, April 22.

The Evangelist for the revival will be Rev. Charles Sutterfield, from Russellville, Arkansas.

The services will begin each night at 7 p.m. Following the services each night there will be Holy Ghost Anointed preaching, special songs, testimony service and praying for the sick.

Rev. Wright invites everyone to attend the revival services.

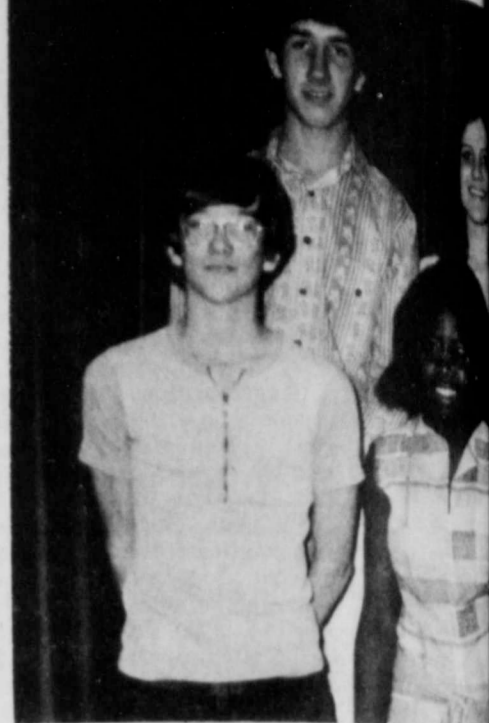

6. Be on guard for the symptoms of salmonella infection in your pet. If your pet is having stomach problems, keep its feeding dishes, toys, bedding and such away from sources in contact with your food, such as the kitchen sink, drain board and food service utensils. Always wash your hands after handling a sick pet.

7. Keep children away from certain pets — ducklings, baby chicks and turtles — because health authorities recognize these pets as notorious

carriers. Salmonellosis generally lasts from one to five days. Although it is not usually fatal, it can be dangerous to the very young, the very old and people already weakened by illness.

Competent Fleet headquarters wired a ship at sea: "Move heaven and earth: get there Friday!"

The ship's captain wired back: "Raised hell. Arriving Thursday."

ON ALL-STAR CAST — FHS actors Bravada Garrett (front), Brian Vickers (back) were all-star cast selections in the one-act play contest Tuesday. The play was the contest and advances to regional level at Odessa College.
