**SOUTH PLAINS NEWS**

By Mrs. Murray Julian

SOUTH PLAINS, April 15 — Sunday turned out to be a beautiful day, but this Monday it is cold, with a 33 degree temperature.

The South Plains Baptist Church is beginning a week's revival services, starting at 8 o'clock each evening, with evangelist Bruce Keller and singer Martin Kennedy.

Mr. and Mrs. Ernest Wells left here April 5 for Bryan, where they visited their son, Mr. and Mrs. Marvin Wells and children during the pre-Easter weekend. While there Marvin took his parents to Huntsville, where they toured the Sam Houston Museum. Coming home April 9, they came through the Sam Houston Park. All attended

Methodist Church services Sunday where the Wells' granddaughter, Jill Wells, was made a member.

The South Plains Baptist Church is in the process of having a face lifting. The auditorium was painted last week, and now the class rooms are being painted.

Easter guests with Mr. and Mrs. L. T. Wood were family members, Mr. and Mrs. Mike Wood, David and Dannielle, Walt Wood and Miss Julie Smith, all of Lubbock and Mrs. Walter Wood. Visitors in the afternoon were Mr. and Mrs. James Teague and boys of Lubbock.

Guests at the home of Mr. and Mrs. Harold Hamm for the Easter weekend were

their daughter, Arlaine Hamm from Texas Tech. Mr. and Mrs. Howard Staples and children from Arlington, and Mr. and Mrs. Don Deardorf of Amarillo.

Mr. and Mrs. Fletcher Powell and children had thirty-one guests at their home for Easter dinner with her sister, Mrs. Olean Luna of Garland preparing most of the Sunday meal, and other guests bringing dishes. Mrs. Luna has been visiting here the past week with Mrs. Powell, who is still convalescing from recent major surgery. Mrs. Luna plans to go back to Garland this Monday.

Mrs. L. T. Wood is attending a council meeting of Baptist women of the Caprock Association this noon, April 15, at King's Restaurant.

April 23 there will be an all-day Vacation Bible School Clinic at First Baptist Church in Floydada from 10 a.m. until 3 p.m. Let Mrs. Peggy Roberts know what place you would like to work in Vacation Bible School.

Mrs. Carl Jones of Lubbock left Friday for her home, after spending seven days here with her mother, Mrs. Hazel Powell, who is recovering from major surgery. Mrs. Olean Luna from Garland came Saturday and is leaving this Monday, after staying here with her sister, Mrs. Powell.

Ronald Kitchens and Kendis Julian were re-elected school trustees at the South Plains School April 6. Hansel Sanders of South Plains was re-elected to the county school board.

We wish to congratulate Daria on her winning the band's John Phillip Susa Award.

Mr. and Mrs. E. P. Pritchett flew to Pine Bluffs, and Little Rock, Arkansas a week ago to spend several days visiting relatives. They report the dogwood blossoms are beautiful this time of year.

Mrs. Murray Julian led the study of the Portuguese and a territory, Mozambique in Africa. The next meeting will be May 14, with a study on Guatemala in Central America.

**FLOYD PHILOSOPHER**

**Throws A Little Cold Water On The Big City Garden-Growing Movement**

Editor's note: The Floyd Philosopher on his Johnson grass farm discusses gardening this week, more or less.

Everybody these days is trying to beat the high cost of living especially by, if he's in a position to do it, raising the price of what he has to sell and hollering to high heaven over the price of what he has to buy.

Since groceries are high on most people's budget, if you count cosmetics, hose, cigarettes, lawn fertilizer and other such staples, there is a widespread rush over the country to plant a garden this spring.

Recognizing this, and recognizing that a lot of big city dwellers don't have any ground for a garden, some smart guy, I read in the paper last night, has just come up with a plan. He has leased a large tract of land just outside the city and is in turn sub-leasing small garden plots in it to city people trying to beat the high cost of food. Each plot leases for \$160 a year and he tells his prospects it's possible to grow \$1,500 worth of vegetables on it.

Now I don't want to discourage this, it would do a lot of city people good to get out in

Taylor, Mrs. Harold Hamm, Mrs. Frank McClure, and tonight, Mrs. Bill Gilbreath, Mrs. Buck Ford, and Mrs. Gary Gilbreath; Friday night, Mrs. Curtis Sanders, Mrs. Richard Sanders, Mrs. Keith Marble and Mrs. Early Pritchett;

Saturday night, Mrs. Kendis Julian, Mrs. Murray Julian, Mrs. Ruby Higginbotham and Mrs. L. N. Johnson.

Mr. and Mrs. Curtis Sanders, Shawnda and Brian went to Plainview to Northside Baptist Church for Easter services, then on to Cotton Center to spend the day with Curtis' brother and family, Mr. and Mrs. Rogers Sanders and children. Others there for the

family gathering were Mr. and Mrs. Otho Sanders, parents of Roger, and Mrs. C. E. Sanders of Floydada, Mr. and Mrs. Richard Sanders, Regina and Renee, all from this area.

Rev. and Mrs. Mike had an Easter gathering his and her parents and other relatives. Most of the guests present for the Easter services. Coming from Lubbock were Mr. and Mrs. Tony Oden and Mrs. Oden; from Roseme Mr. Mrs. E. T. Hinson and Abilene, Mr. and Mrs. Sparkman and children. Others from Plainview Mr. and Mrs. Paul man and Mr. and Mrs. Watkins.

**A Good Cotton To Try**

So, far, those who have planted Gregg 35W on the worst wilt ground, find its tolerance and performance highly satisfactory. We have received not ONE complaint about its will resistance, which is very pleasing to us.

In the year 1973, 35W has been impressive in staple lengths, when staples were generally shorter.

Gregg 35W is a good cotton to TRY-it's a good cotton to PLANT.

SEEMS sunbonnets are back in fashion. Used in the earlier periods by housewives to protect them from the sunrays, one always had a bonnet for "everyday use" and one for Sunday. Since Old Settlers is just around the corner, and a bonnet is about the only thing a woman can "tie down" on her head in this West Texas wind, we suggest you make a bonnet to wear.

Mrs. S. V. Adams of Floydada has several patterns for sun bonnets, which two are featured in the May issue of Decorating & Craft Ideas. The beautiful color photography work was by Mrs. Adam's daughter, Glea, who works for the magazine. Mrs. Adams said she had received numerous requests for her sunbonnet patterns so the magazine staff decided to carry an article of the patterns.

One bonnet pictured is from a pattern belonging to the late Mrs. L. B. Fawver Sr. of Floyd County, and another belonging to Mrs. Elizabeth Shearer of South Dakota, which belonged to her mother, the late Mrs. L. Y. Woolsey of Floydada.

All you need to make the bonnets is the diagram pattern from the magazine, muslin, crinoline or pella brim pattern. Checks, plaids, prints or combination of prints and solid colors may be used. Cotton or

THE lowly Pinto bean has come into its own at last. For years the bean pot held its place on the stove burner and nothing compared to the goodness of red beans and corn bread. Now that the price has risen from \$16 a hundred to about \$72.50 a hundred, we may have to find a replacement. One Floydada store said Colorado Pintos were selling packaged by the pound for 79 cents, Texas Pintos for 63 cents per pound.

USE of air conditioners has often been pointed to as one of the culprits in gasoline-powered highway vehicles. In a study conducted by the USDA, it was found that test cars moving at 30 mph with the air conditioning turned on traveled an average of 18.14 miles per gallon while 20.25 miles per gallon was the average with the air conditioning off.

college scholarship Service, it was found that aid officers and policy committees are confronted by resistance to financial disclosure on the part of some families, while others, however reluctantly, are baring their financial souls for the sake of furthering the education of their children. One educator speaking to the Dallas conference said, "It is expedient to accept the appearance of emancipation, but it is immoral in my judgement for us to do so if some parents are released from the obligation to prepare their young for life, while others, of lesser means, continue to support and thus find aid barred to them."

Traditionally, most all students from eighteen to twenty-one years old were considered for financial aid only in relation to the proportion of their education for which their parents could not afford to pay. Today, changes in life-styles, in addition to the legal adult status given to eighteen-year-olds, present the question: "Is it proper to continue to base aid decisions on parental income when independent-minded young people leave home at an earlier age to seek an education on their own?"

Floydada Care Center Happenings

By Dessie Turner  
Another week has passed so quickly. We have been staying busy. The weather has been awful sandy. Have been busy at Activities.

We had a real nice time Tuesday. Ladies from the Beta Sigma Phi Club gave manicures to our lady residents. We counted at least 19 of our ladies to receive manicures. They also brought two baskets of

Many thanks to the Sunshine Sunday School class of the First Baptist Church for the beautiful fresh flowers. Also thanks to the Methodist Church for the Easter lillies.

Several of our residents spent Easter Sunday with their families and friends. Some family visited here in the home. Hope everyone had a beautiful day.

An Easter Egg hunt was held at the Floydada Day Care Center Wednesday of last week with prizes going to the youngsters finding the most eggs, the smallest and the largest.

Day Care Center personnel wish to thank Elizabeth Sims and all her helpers for coloring the eggs, making Easter rabbits and hats and also for other extra work, and to the Floydada businesses for donating the eggs and other items.

**"The one that didn't get away!"**

Brenda Fulton, 15, and Leanne Ferguson, 13, caught 47 lbs. of "Drum" last weekend at Possum Kingdom in an unusual way. The largest, 12 pounds, was caught by Brenda when she leaned over the nose of the boat and caught it by the tail. Then she jumped out in shallow water and threw it into the boat.

The 11 lb., 10 lb., 8 lb. and 6 lb. fish were hauled in by the two girls with a dip net, two at a time. (Don't laugh! Have you ever tried to lift 18 lbs. of fish in a dip net with the handle broken out?) The others in the boat couldn't help because they were laughing too hard. Parents of the girls are Mr. and Mrs. Bill Fulton and Mr. and Mrs. Ray Gene Ferguson.

Anyone who has ever sat in a boat and watched large fish jump and splash in front of them, and were unable to catch any, will probably appreciate this "fish tale."

## You can't get NEER Brand 8311

are some excellent alternatives for High Plains farmers.

8311, the "Golden Bronze Yield Leader," has been our most popular — so popular, in fact, that it may be in short supply in some areas. The reason is that the demand has been so great downstate where tolerance is so important. Fortunately, there are several other hybrids that are proven top performers on the High Plains. If you need 8311, ask your dealer about these.

- PIONEER Brand 8417**  
 This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.
- PIONEER Brand 820**  
 This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.
- PIONEER Brand 828**  
 One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.
- PIONEER Brand 846**

ANSON — Congressman and Mrs. Omar Burleson will arrive in the district from Washington this week to spend the Easter recess visiting over the district and to be honored on the 20th at Anson with the "Friends of Omar Burleson" Day celebration.

According to General Chairman B. J. Gist, several thousand people are expected to jam the Jones County Courthouse square in Anson at five o'clock Saturday for the western barbecue, program and unveiling of the Bronze of the veteran Congressman. The bronze, life-sized bust of the Congressman, is to be erected on the north side of the Jones County Courthouse. The sculptress, Juan Dell of Lubbock, will be present for the unveiling and celebration.

Some of Burleson's colleagues in the U.S. House of Representatives will be present, including Congressman and Mrs. Olin Teague of College Station, Congressman O. C. Fisher of

San Angelo, and Congressman and Mrs. Bob Poage of Waco have indicated they will attend if possible, along with state, county and city officials from all over the 33-county 17th Congressional District.

The famous Hardin Simmons University Cowboy Band and the Albany Fandangle will present the musical entertainment and the barbecue will be furnished by the Albany

Texas Trails Chuckwagon. Gene and Bobbie Moore will provide vocal patriotic selections from among the Congressman's favorite songs. Several blocks of the main street in Anson will be roped off to handle the crowd for the celebration, according to Sheriff Woodrow Simmons of Jones County. The festivities will get underway at 2:30 with a tea honoring Mrs. Burleson at the First Methodist

Church, and a coffee for the men to visit with the Congressman is scheduled for the high school cafeteria starting at 2:30. The barbecue is to be served at 5 p.m.

Some of the works of Juan Dell, the sculptress, will be on display in Abilene at the Citizens National Bank on Thursday and Friday during banking hours, April 18 and 19, for those who would like to meet the sculptress and see some of her art work.

Mr. B. J. Gist, general chairman of the Burleson celebration, in a statement to newsmen this week said, "I have never been involved in any program or project in which there was a greater response and willingness to contribute time and financial support than I have found among the fine people of this entire Congressional district." Gist continued, "It has been my hope throughout the past year, that this celebration could be a big success insofar as honoring our veteran Congressman is concerned, and all indications at this time suggest that it may be the biggest success of anything ever undertaken by the people of this district." He added, "and we certainly hope that it will be, in order to show our appreciation of a man who has devoted most of his adult life to serving the people of this wonderful West Texas area."

Gist predicted that the turnout for this celebration could run into several thousand, based on the number of tickets that have been distributed. Tickets will be on sale in Anson on the afternoon of the celebration.

Congressman Burleson is in his 25th year of service in the U.S. House of Representatives and is a member of the powerful House Ways and Means Committee. Only fifteen of the 435 members of the House have served in the Congress longer than Burleson.
