MY TURN

By Carol Ellis

JUNE IS THE MONTH for weddings and Father's Day. Perhaps the reason for this is to get all those starry eyed little brides to consider what sort of fathers their prospective bridegrooms may turn out to be.

I'm partial to the fathers you never hear about. They're not on the evening news, the talk shows, or written up in the papers. They're not neglecting, abandoning, abusing or murdering their families. So you never hear about them.

Several years ago, our daughter did a lovely bit of cross-stitch needlework and gave it to Bill on Father's Day. It says "Any man can be a Father, but it takes someone special to be a Daddy."

We should change the name of Father's Day to Daddy's Day. Then we would be honoring all those special guys whom we never hear anything about. . .the ones who work hard all day and show up tired in the evenings. . .but not too tired to go back out and help with Little League or Little Dribblers or Boy Scouts. . .not too tired to look over a homework paper or lend a hand with a science project.

He'll settle spats between siblings or take a cranky toddler on his lap and make him laugh. He'll cook a burger on the grill, help clean up the dishes or bathe the little tykes and get them ready for bed.

"Daddy's Day" would honor all those gentle fellows who go quietly about earning a living for their families, being responsible, paying the bills. He'll do without that new boat he wanted just because the roof needs repaired or little Janie needs braces on her teeth.

He'll fuss about the cost of their fancy sneakers and Nintendo games, not because he doesn't love those kids, but because he has to make the money last until the next pay check and he's trying to save up enough to take the family on a nice vacation trip.

Talk shows don't have programs about the guy who teaches his kids to ride a bike, saddle a horse, bait a hook, change an irrigation pipe, throw a Frisbee, or fly a kite.

He'll read a bedtime story, or wait up for the teenager who is out on a date. He enjoys telling the kids about how far he had to walk to school as a boy, or how many sacks of cotton he had to pick every fall.

He says funny things like "If you fall out of that tree and break your leg, don't come running to me" or "Don't ask me, ask your mother."

Here's to the Daddy who sets a good example by practicing family values, Christian morals, and setting lofty goals of self-improvement for himself and his family!

He teaches his children by the example he sets. He's not embarrassed to show them that he loves their mother. He shows his sons that people of both genders deserve love and respect and he shows his daughters that gentleness and affection are more "macho" than aggressiveness and abuse.

This sort of fathering comes from the heart and can't be legislated. Our new administration has proposed a Family Preservation Act which will accomplish little except to provide pseudo-jobs for social workers. It probably won't persuade the flighty teeny bopper that she should not "sleep" with her street-wise, slack jawed boyfriend of the moment, or make the young fellow realize that if he fathers children, he is responsible for their upbringing and support. The babies who are the end result of these couplings will grow up to be the next generation of social misfits.

We'd like to see some welfare reform which would send a message to the young fathers who breed and then desert the young mothers and their babies. If they do not choose to work for a salary and support the family they started, then they should spend some time in jail thinking about it.

It takes more than testosterone to be a real "Daddy."

State Revenues May Be Lost By Schools

BY RHONDA HOLDEN

If early predictions come to pass, both Friona and Bovina Independent School Districts stand to lose state revenue money for the upcoming school year, according to figures supplied by the Equity Center in Austin.

Senate Bill 7, passed June 1, is designed to equalize the funding between the wealthier school districts and the poorer districts. Yet, the Equity Center, which advocates for the less fortunate school districts, believes that many schools stand to lose.

Hal Ratcliff, superintendent of the Friona ISD, said, "Preliminary figures show us losing \$220,000."

Tommy Cathy, superintendent of the Bovina ISD, said he wasn't exactly sure of the implications of the bill, but added, "We cannot afford to lose a dime."

Both superintendents are concerned of what the loss of revenue may do to education. Equity Center predicts that Friona will have to make up 11 cents per \$100 to equal the revenue they received in the 1992-1993 school year. Bovina will have to make up a deficit of 22 cents per \$100.

The current tax rate for Friona is \$1.01, which will have to increase to \$1.12 to offset the cuts. Bovina will need to go from the current rate of \$.97 to \$1.19 to cover the deficit.

This area isn't the only one which will be struck by the bill. Over 500 districts stand to lose revenue. In nearby Amarillo, the schools may lose 11 cents per

\$100. Farwell will sit at 17 cents per \$100 loss, Hereford has a deficit of 21 cents per \$100 and Dimmit at 13 cents per \$100 loss.

Early predictions show that wealthier districts may be in a position to lower the tax rates. Arlington, Austin, Spring Branch and Clear Creek school districts have to lower their income to the schools and one way to do so is lower taxes.

The state legislatures approved a larger budget for the state's school system, but it may fall short. Tommy Cathy said small increases in student population may further stretch the already strained budget.

Co-Op Gin Directors Are Told

A pair of members were elected to the board of directors for three-year terms at the annual meeting of the Friona Co-Op Gin stockholders Tuesday evening at the Friona Jr. High Cafeteria.

Those attending enjoyed a meal catered by Cattle Call of Amarillo.

George Frye was re-elected to a director's post, and Jason Grimsley was elected to replace longtime director Harry Hamilton on the board.

Holdover members of the board are Bill Carthel, Gene Welch, Rickey Rector, Dennis Anthony and Teddy Fangman.

Later in the evening, Carthel was re-elected as board president; Welch as vice-president and Rector as secretary-treasurer.

Reports were given by the co-op's auditor, James Rogers of Williams, Rogers & Co., from the nominating committee chairman Kevin Welch, and from gin manager Jerry Butman.

The audit brought out the fact that the cotton crop year 1992 was the worst in history. Speakers were optimistic about a turn-around for the current year.

Man Dies After Friday Wreck

BY RHONDA HOLDEN

Friday evening, June 11, a pickup with horse trailer traveling west on US60 crossed the four lane highway and struck a power pole between Pierce and Columbia, near the alley.

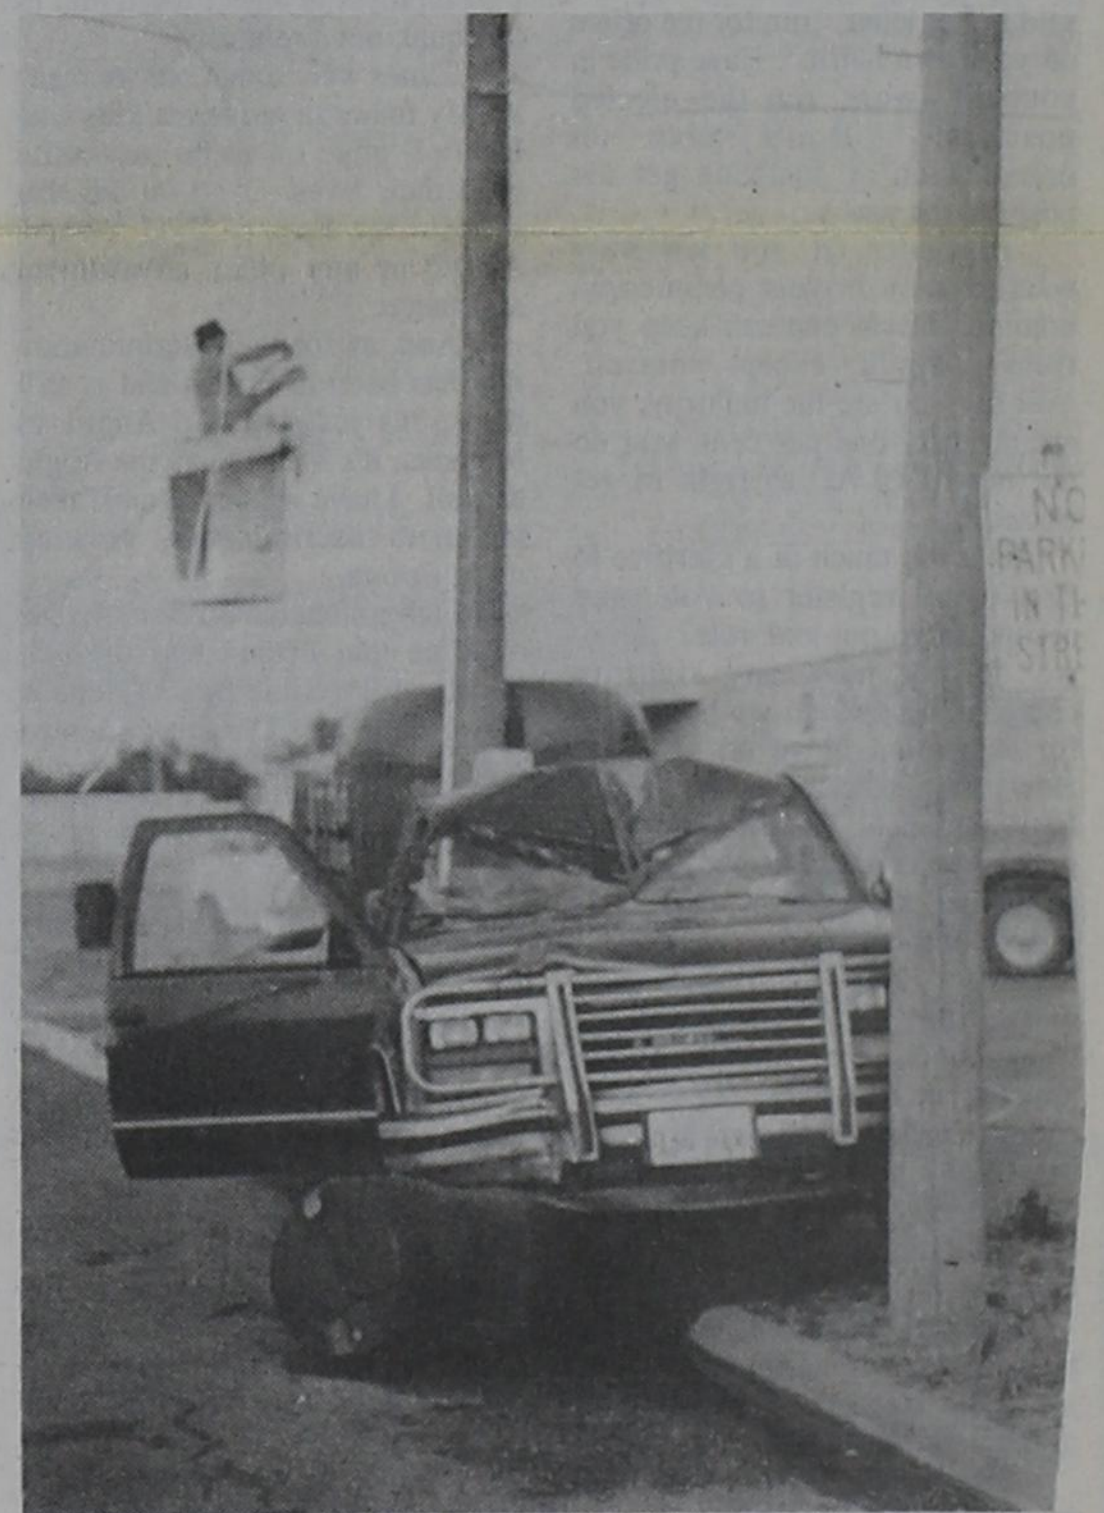

According to John Taylor, Friona Police Chief, the driver was Percy Merritt, 65, of Farwell and the only occupant in the vehicle. The accident occurred around 8:30 p.m. and police arrived a few minutes later. Merritt was transported to Parmer County Community Hospital, where he was then transported to Northwest Texas Hospital in Amarillo by EMS.

Northwest Texas Hospital, House Superintendent, Quinn Haley, said in a phone interview, that her records indicated that Merritt died Tuesday morning, June 15. She said she couldn't say the exact nature of his injuries or the reported cause of death.

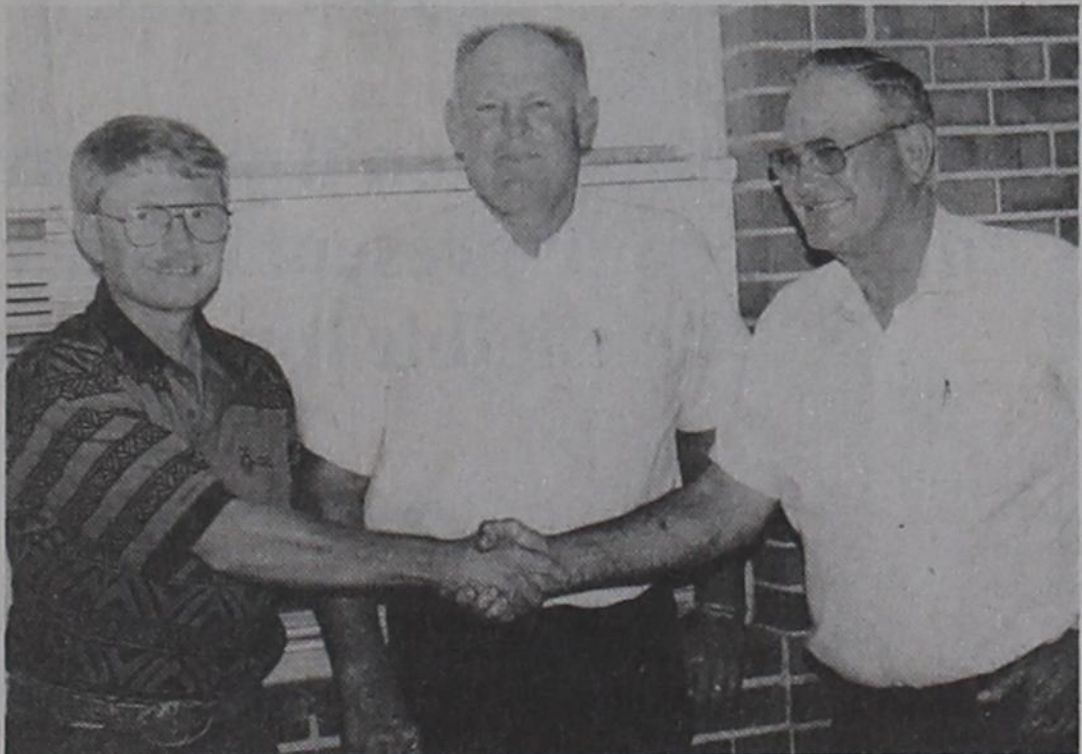

The power pole was broken off near the bottom and crashed over

the cab of the pickup. Electricity was knocked out for the area from Columbia St. and East until about 4:30 a.m. Saturday morning, Taylor explained.

Merritt was transporting a horse, which escaped the accident injury free.

CRASH SCENE...Shown is the pickup-truck driven by Percy Merritt last Friday evening that crashed into a power pole in the alley adjacent to Cunningham Electric. Percy Merritt, 65, was transferred to Amarillo's Northwest Texas Hospital, where he died this past Tuesday of injuries sustained in the wreck.

We have two children, Christopher age 7 and Jamie, 2 1/2. Christopher will be in the second grade in Friona and Jamie, well, we're hoping she'll soon graduate from potty training. We, of course, think they're wonderful and just perfect, but I'm just a little biased when it comes to my children.

My work history is in news writing for The Paper in Gallup and related work with the Gallup Independent. I'm a native of New Mexico, raised in a small rural town in the mountains about 45 miles from Gallup. My parents moved to New Mexico a few years before I was born, from Ozona, Texas, where my mother was raised. With the exception of my mother, the rest of her family lives in West Texas.

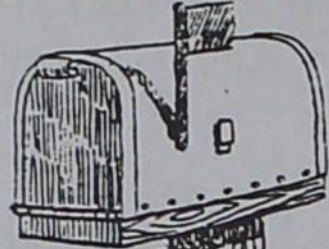

My husband is an Arizona native and works in the health field. By title, he's a nursing assistant, but he plans to attend Clovis Community College and finish his nursing courses. He may be soon working for the Parmer County Community Hospital.

We are looking forward to working and living in the area for a long time to come. So, if anyone has a news story, interesting people story, upcoming events or any item of the sort, please call me at either office.

LIONS HONORED...Cecil Maddox, left, and John R. Cook, center, who were charter members of the Friona Noon Lions Club, were presented pins last Thursday as the club observed its 25th anniversary at the Lions' Ladies Night banquet. Presenting the pins was Lions' District Governor Rick Garrett, right.

Letters To The Editor

Dear Editor,
With regards to the articles written in your publication dated June 12, 1993 relating to the filing of suits by LULAC against the City of Friona and Friona ISD and also the letter by Nita Clark, I feel strongly that I, a citizen of Parmer County and an employee of the County Government, and as a Hispanic, I must respond to both articles.

First, I agree 100% with Nita Clark's opinion.
Second, let's talk percentages. Early this month, 1,102 residents from Parmer County went to the polls to vote for a new senator. Only 15 of those who cast their vote had Spanish surnames: 4 resided in Farwell; 6 in Bovina; and 5 in Friona.

I was assigned the duty of conducting "early voting" at Friona Federal Credit Union on May 27, 1993. I observed that approximately 80% of people who came in to conduct business with the Credit Union were Hispanic. I will venture an estimate of 70 to 80 people were involved in business with the Credit Union, of this amount only two took the time to exercise their duty and right to vote.

Now, what was really amazing was that numerous people came in to vote that were elderly. I'm talking about people in their seventies and eighties. Some were in wheelchairs, some on crutches, some having to be helped by others just so they could vote. These were Caucasian folks who knew they needed and wanted to vote for their particular choice. They did not want something free given to them, they just wanted to vote their convictions.

If the Hispanic feels that he wants to serve his community by running for a certain position, this is a good thing. I know there are many Hispanics in Parmer County who could and would be an asset to their community. As Nita Clark said in her letter, "run for the office on your own merit." Have pride in yourself, work for the elected position. Don't have an organization or someone get the position for you.

Hispanics, if you sincerely want to serve in your community, nothing and no one can keep you from doing it, except yourself. You say you are the majority, you are the fifty-one per cent, you do not need LULAC to fight to get elected.

Is it too much of a sacrifice to first of all register to vote, and second to go out and vote? If so, we do not have any right to complain. How can we be elected for a position if we do not run? How can we elect a Hispanic if over fifty per cent of the Hispanic population is not registered, and the ones that are do not feel it is important to go vote?

We cannot blame the districting, we cannot blame Caucasians, we cannot blame anyone but ourselves. Let's have enough backbone to see things as they really are. Let's learn from these elderly folks who make it to the polls, regardless of their handicap or situation.

The only handicap we have as Hispanics is not caring enough or just plain laziness. Which one is it, Parmer County Hispanics???

Thank you for this opportunity of expressing my feelings.
A resident of Parmer County, a registered voter who voted, and a Hispanic,
Teresa Ancira
Farwell, Texas

Dear Editor,
I am writing to comment on the issue of the LULAC verses the Friona ISD and Friona City.

I really think the City of Friona ought to stand together and face this lawsuit together. No matter what race we are, we are still a community and should act like one. By what I read in articles written by the mayor it mentioned that the LULAC had filed the suit nationwide. He was not aware of any local resident signing the lawsuit. We ought to wait and see before we get all worked up about it.

I really don't think we should let an organization like the LULAC divide our town. We could really say alot of things that we could regret later on. We, the Hispanics, need to face the truth and that is that we have really never taken a real interest in community elections. I think if we really want a Hispanic to represent us, let us first find one interested and let's vote them in the right way.

We, the Hispanics, have never really supported each other as we should. Sometimes we let envy get in the way.

As to last week's letter, some of the things were really unfair to the Hispanics in our community. I can say for a fact that what I have, I have worked for it and am very proud to say it was not given to me by anyone. There are a lot of hard working Hispanics in our community that have things because they have done their best to accomplish and to better their lives.

Sure there are some that get everything free but should every Hispanic be labeled the same, just because we are of the same race?

I think we, the Hispanics, should not let the LULAC represent us. As far as I can see, they have only caused trouble in our community.

We have better things to spend our taxes on, than on a lawsuit that is of no great importance to our community, than to the LULAC. So come on Friona, let's stay together as a community and get through this together. The people in our town are the ones that make the community.
A Proud Hispanic, Minnie Aguirre

Dear Editor,
In rebuttal to what Mrs. Nita Clark wrote that was in the last edition of the Friona Star, but before beginning my letter, I would like to state that I am a Mexican-American citizen, a registered voter, a taxpayer and a former resident of Friona, Texas.

I was very insulted by the remarks in Mrs. Clark's letter. Don't get me wrong—I was raised to be non-discriminant at all times and in all situations that arise.

I also wish to state that my father worked hard all his life as a farm hand in Friona. He worked for a well and highly respected individual of the community, and his employer always treated him as an equal, not a minority.

Times were tough but we made it. My father raised seven kids who have all gone on to be successful with their lives. And he did this without the help of food stamps, AFDC or any other government assistance.

And, as for the discrimination that has been in Friona and is still there, it's just not the Anglo vs Mexican, it's Mexican vs the Anglo as well. I have witnessed and fallen victim to discrimination, growing up in Friona.

I have often remarked to friends of mine that Friona was the belt buckle of the Bible Belt. Friona is supposed to be a Christian oriented community. So let's love one another as you would love yourself, because God loves us regardless of our race.

Thank you, Mrs. Sally Cooney

Dear Editor,
First of all, I would like to thank the members of the Friona School Board for taking the time to serve in our community with justice, dedication and above all, with integrity. It is with deep regret that we are facing this lawsuit from the LULAC. I do not know if this could have been avoided or if legal litigation made this possible.

I know of no hispanic from Friona that had anything to do with this, but a situation like this does provide the opportunity for people to try and divide our community having anglo and hispanics arguing against one another. I am referring to Mrs. Nita Clark's letter which appeared in the Friona Star. I cannot sit back and have my race insulted by a person like this.

Does Mrs. Clark think that the persons employed by Excel, Friona Schools, Social Services, and farm laborers, etc. that are hispanics are excluded from paying our taxes and that we anxiously wait for others to pay for our groceries, rent and other fantasies. What I am saying is only to rebutt Mrs. Clark and any other person in this community who has her ideas of thinking.

I have lived in this town for over twenty years and I have several friends of all races and we will always find rotten apples in any race.

To Mr. Ellis, I know that Carol wrote the article, but you are the main instigator. Let's all try to deal with this manner without driving a wedge and hope that things will continue to improve between all races of this community.

Several Varieties Of Squash Available During Summer

BY CARLA McKEOWN
Squash was one of those foods that, as a child, I never knew whether I should like or not. It was a food that most grown-ups liked, automatically making it one that kids didn't like.

However, my mother cooked home-grown crook-neck yellow squash in the summer, sprinkled it with salt and pepper and topped it with pats of butter. Now, put butter on something and I just can't seem to say "no."

It took a little more coaxing to convince me that zucchini was good. But now I enjoy all kinds of squash cooked in a variety of ways.

The term summer squash typically refers to soft-skinned squash that traditionally were available only in the summer. However, today most squash varieties include yellow straightneck and crook-neck, zucchini and pattypan.

When buying summer squash, look for small, heavy squash with tender skin that yields easily when you apply pressure with your thumb. At home, refrigerate the

squash and use within a few days. Summer squash do not need to be peeled; the skin is tender enough to eat with the rest of the vegetable. Summer squash often is cut into slices or strips and served raw with other vegetables and a dipping sauce.

Squash can be boiled, baked, fried, grilled, steamed and used in soups and stews. To grill, slice the squash in half lengthwise, brush with butter and sprinkle with salt, pepper and herbs (thyme, rosemary, dill, etc.) and grill until it can be pierced easily with a fork.

Try the following recipes with this summer's crop of squash:

SUMMER SQUASH MEDLEY

- 2 tablespoons butter or margarine
- 1 medium onion, thinly sliced
- 1 large zucchini, thinly sliced
- 4 medium-size yellow squash, thinly sliced
- 1 medium-size green pepper, cut into thin strips
- 3 medium-size tomatoes, peeled and quartered
- Salt and pepper to taste
- 1 cup freshly grated Parmesan cheese
- 1/4 cup chopped fresh parsley

Melt butter in a large skillet, coating sides and bottom of pan. Allow butter to heat on medium-high for 2 minutes. Add onion and stir-fry briefly. Stir in zucchini and yellow squash and green pepper; cook for 2 to 3 minutes or until tender-crisp. Add tomatoes, salt and pepper, to taste. Stir well. Sprinkle cheese and parsley over the vegetables and toss gently. Makes about 6 servings.

MICROWAVED STUFFED ZUCCHINI

- 1 slice bacon
- 2 medium-size zucchini
- 1 teaspoon chopped fresh basil leaves or 1/4 teaspoon dried basil
- 1 small garlic clove, chopped or 1/4 teaspoon garlic powder
- 1 tablespoon freshly grated Parmesan cheese
- Dash of ground cayenne (red) pepper
- 1/2 cup chopped tomato
- 1/4 cup toasted bread crumbs
- Salt and pepper to taste

Cook bacon in the microwave on high between paper towels until brown and crisp; crumble bacon into a small bowl and set aside. Cut zucchini in half lengthwise and scoop out the pulp, leaving a 1/4-inch shell. In the small bowl with the bacon, mix the zucchini pulp, onion, basil, cheese, tomatoes and bread crumbs. Fill zucchini shells with mixture and microwave on high for 6 to 8 minutes or until the shell is tender. Add salt and pepper. Makes 4 servings.

SUMMER SQUASH BAKE

- 2 pounds yellow squash
- Salt and pepper to taste
- 2 eggs, separated
- 1-8 ounce carton sour cream
- 2 tablespoons all-purpose flour
- 1-1/2 cups (6 ounces) grated Cheddar cheese
- 4 slices bacon, cooked and crumbled
- 1/3 cup fine, dry breadcrumbs
- 1 tablespoon butter or margarine, melted

Wash squash and trim off ends. Place in boiling water to cover and cook for 15 minutes or until tender-crisp. Drain and cool slightly. Slice the cooked squash thinly; sprinkle with salt and pepper. Beat egg yolks until thick and lemon colored; stir in sour cream and flour. Beat egg whites until stiff peaks form. Fold the egg whites into the egg yolk mixture. Layer half the squash in the bottom of a 12-inch-by-8-inch greased baking dish. Pour half of the egg mixture over the squash and sprinkle with half the cheese and all of the bacon. Repeat with the remaining squash, egg mixture and cheese. Combine the breadcrumbs and butter; sprinkle over the top layer. Bake at 350 degrees for 20 minutes. Makes 8 to 10 servings.

SOUTHWESTERN SQUASH

- 1 medium onion, chopped
- 2 tablespoons butter or margarine
- 1 zucchini, cut into 1/4-inch slices
- 1 yellow squash, cut into 1/4-inch slices
- 1-4 ounce can chopped green chiles, drained
- 1 medium tomato, peeled and chopped
- Salt and pepper to taste

Saute the onion in the butter in a large skillet for 2 minutes. Add the remaining ingredients and stir gently. Cover and cook for 5 minutes or until tender-crisp, stirring occasionally. Makes 6 servings.

Facts About The BIBLE BY JOHN LEHTI

...AND THE LORD HARDENED PHARAOH'S HEART!

IT HAS BEEN SAID MANY TIMES, "THE LORD WORKS IN MYSTERIOUS WAYS, HIS WONDERS TO PERFORM." WITHOUT A DOUBT, ONE OF THESE INSTANCES HAS TO BE THE EVENTS LEADING UP TO THE DEPARTURE OF THE HEBREWS FROM EGYPT UNDER THE GUIDANCE OF MOSES. ALTHOUGH MOSES, AT THE LORD'S INSTIGATION, PERFORMED MIRACLES BEFORE PHARAOH'S EYES, THE BIBLE TELLS US, OVER AND OVER AGAIN, "...AND THE LORD HARDENED PHARAOH'S HEART..." (EX. 9:12) SO THAT PHARAOH WOULD NOT BELIEVE WHAT HIS EYES BEHELD! UNTIL THE VERY DAY OF THE EXODUS WHEN THE HEBREWS WERE WELL ON THEIR WAY TO THE RED SEA...

OBVIOUSLY THE LORD INTENDED THE DESTRUCTION OF PHARAOH AND HIS ARMIES FOR THE HARSH TREATMENT THEY HAD GIVEN THE HEBREWS. MORE THAN A DOZEN VERSES IN THE SCRIPTURES RELATE THIS TYRANNICAL BEHAVIOR IN THE FACE OF SO MANY PROOFS THAT MOSES WAS ACTUALLY A MESSENGER FROM GOD HIMSELF. WHY ELSE WOULD AN INTELLIGENT RULER OVERLOOK THESE FACTS...!

A total of 64 teams took part in warm, sunny weather. Top three teams in each flight were as follows:

FLIGHT WINNERS....Rick and Ralna Roden, a brother-sister team, won the First Flight of the Friona Country Club's Jack and Jill tournament last weekend, after a playoff with Steve Adams and Cheri Reck. A field of 64 teams took part in the tourney.

WHITE MULES....Noel Woods has a pair of pretty white mules on his place southeast of Friona. The babies had the same daddy, but different mothers. One of the mares was red, and the other is Palomino. The little ones were born a week apart, and it's rare to have one white mule, let alone two.

Court Advised About Repair Requirements

The Parmer County Commission was briefed Monday on repairs that will be required on a dam in the Lazbuddie area.

Soil conservationist, Thomas Reed of Friona told the board that the county is liable for repairs to the dam. The board agreed to gather data on the issue before taking action, County Clerk, Bonnie Warren, said.

The commissioners, also, heard a proposal to convert an old county jail structure into public restrooms, but no action was taken. The proposal was introduced by the Farwell Chamber of Commerce.

The all new B.M.W.'s will be arriving in Friona, Texas in July!

Prairie Acres Party Line

BY CAROL MCINTOSH

The building repairs and improvements to Prairie Acres are almost complete. We are enjoying the new "Outlook." The paint, carpet, wall covering and furniture are really nice improvements. We are looking forward to your visits and comments.

We want to thank Bill Charles and crew for all the hard work, patience, assistance and also the courtesy and respect they have treated the residents with. THANKS!!

Other thank-you's go to: Lee Gibson for cutting the men's hair after regular hours; Jo Witten for singing and visiting, and we welcome her back soon; Samuel Davis for donating chewing tobacco for one of the other residents; the Friona Methodist Ladies for having our monthly birthday party; First Baptist Ladies for having hair care; Gertie Murphree for giving perms to some of the ladies; Arvilla Elmore for the assorted cards she donated to the Activity department; and to anyone who I may have left out.

Several of the residents (around 11) really enjoyed going across the street to the Senior Citizen's luncheon. Everyone really enjoys the good home-cooked food and visiting with friends and neighbors.

We want to express our sympathies to the family of B.O. Elder. He had been a resident since March 24, 1993.

Donations have been made to the Love Fund by the following:

In memory of B.O. Elder: Eugene and Doris Boggess, Jim and Christine Zorns, Leo and Lottie Bails, Jerry and Lucy Beth Hinkle, John and Jo Blackwell, Tom O'Brian, Marca Herring, Jackie and Peggy Stowers.

In memory of Joe Fortenberry: John and Jo Blackwell, Jim and Christine Zorns.

In memory of Wesley Foster: Eugene and Doris Boggess, Tom O'Brian, Jackie and Peggy Stowers. In memory of Allen Hanes: John and Jo Blackwell.

In memory of George Reed: Eugene and Doris Boggess, Mr. and Mrs. F.M. Agee, Jim and Christine Zorns, John and Jo Blackwell.

Mr. and Mrs. Harvey Shapley

Harvey Shapleys Observe Their 60th Anniversary

Harvey and Bertha Shapley celebrated their 60th wedding anniversary with a reception in the home of their daughter and son-in-law, Betty and Delton Lewellen, 1601 West 11th, Friona, on May 30.

Harvey Shapley married Bertha Brandvik on May 27, 1933 in Guymon, Oklahoma. They previously resided in Gruver, Texas; Center, Colorado; Amarillo, Texas; Guymon, Oklahoma; and currently reside at 709 Prospect, Friona.

They are members of the Friona Senior Citizens organization.

The reception table was decorated with a lace cloth overlay over rose. A flower arrangement and cake decorated the table. The white cake was topped with roses and an archway with a diamond jewel to signify the 60th anniversary.

Punch, cake, nuts and mints were served by Jenny Hamilton and Leslee Terrell to about eighty

guests who attended the reception.

Assisting with the reception were the couple's son, Hack and Karen Shapley of Mustang, Oklahoma; and grandchildren, Dr. Dale and Donna Schueler, Raymond and Pam Hamilton, all of Friona, and Brian Shapley of San Diego, California.

Great-grandchildren of the couple are Monty, Wade and Kevin Schueler, Davy, Jenny and Jeff Hamilton, all of Friona.

Out-of-town guests included: Rex and Deanna Williams and Ray and Christine Brandvik of Gruver, Texas; Andy and Patsy Burleson, Theodore and Allene Bayless and Myrtle Bernstien of Amarillo; Hack and Karen Shapley, Leslie and Ryan Terrell of Mustang, Oklahoma.

Also, Bernice Garrett of Denver, Colorado; Lyn and Barbara Hankins of Littleton, Colorado; Geraldine Parks, Bob and Mary Lou Guardy and girls, Charles Warren Parks and girls and Clara Brown of Hereford.

Friona Students, Teacher Attend Science Symposium

Two Friona High School students and a Friona teacher joined more than 300 outstanding high school science students and teachers at the 33rd annual Texas Energy Science Symposium in Austin, June 8-11.

Those attending from Friona were Sheldon Burleson, 16, son of Greg and Janet Burleson, and Seth Houston, 16, son of Sammy and Sandra Houston. Friona teacher, Harley Merritt, also attended.

The three were among 40 students and teachers who represented schools throughout the Panhandle and South Plains area. Their trip was sponsored by

Southwestern Public Service Company.

The four-day symposium features tours and presentations on various energy-related subjects, such as the superconducting supercollider, which is now under construction near Waxahachie. A highlight of the symposium was a tour of the Balcones Research Center at the University of Texas at Austin. Balcones is the university's research hub for studies ranging from biomedical engineering to microwaves.

The symposium was sponsored by six electric utilities in Texas, including SPS.

First thing this week I want to correct an error which appeared in last week's Town Talk column. The Riley who was recently appointed to the state Agricultural Stabilization and Conservation Service committee was Ray Joe Riley of Hart.

He is the husband of the former Jo Eddy Scott--not the son. With the father being Ray Joe, the mother being named Jo Eddy and the son also being named Joe, I'm guessing confusion about names isn't anything new in the family.

Had one call concerning the strange wording on an envelope received last week. One of our readers called to say she also received a white business size envelope with a postmark she could not read and the words, "Do not return to China," printed on one side.

Dr. and Mrs. Roy V. Miller, Jr. of San Marcos, Texas, and their daughter and grandson, Darla and Joshua Powell, who live in Bowling Green, Kentucky, arrived in Friona, Wednesday afternoon for a visit in the home of Roy and Eva Miller.

Dr. Miller, the couple's son, and his wife, Glenda, recently drove to Chico, California, where they lived a number of years ago, in a recreation vehicle.

Darla and Joshua flew out there and made the return trip with them. The group departed on Saturday.

Other out-of-town guests in the Miller home were Dale and Mary Lou Glass of McLean, Texas and

At least three Frionans drove to Amarillo, Sunday afternoon, and attended the tour of historic homes. They were Betty Louise Rector, Dottie Osborn and Carol Ellis.

One of the old homes included on the tour belongs to Ben and Jenni Landrum Konis. All seven of the homes were built between 1907 and 1918.

Betty Louise reported, "One of the things which impressed me most was the abundance of original window panes, the amount of leaded and stained glass used and the thickness of several of the doors, which were three inch mahogany."

She also reported, "One of the homes which was built in 1917 had the original sterling silver light fixtures and chandeliers and a floor buzzer for calling a maid."

She was also impressed with the many different ways old hand pieced and quilted quilts were being used as wall hangings and table covers. In one instance, she noticed a hand pieced top that had never been quilted being used as a cover for a shower curtain.

Betty Louise said, "We entered from the east and every time when I had been there before, I entered from the south. When you enter from the east, you get the feeling you are walking into a forest."

She praises the landscaping, garden, furnishings and artifacts which Ben and Jenni have had combined to make a home.

Guests in the home of Anne Spring are Sandy Fuentes and daughter, Amanda Spring, who live in Highland Heights, Kentucky.

Sandy, who is Anne's daughter and a teacher, said, "If I can make arrangements for a teaching position in this area, we plan to move back."

She and her family moved to Highland Heights, Kentucky, which is her husband's home town following his completion of a tour of duty in the United States Armed Forces.

She taught in the Bluegrass State last year, but says she's ready to get back to the Texas Panhandle.

Amanda, who is eight, will be attending Friona's summer drama workshop.

Joy Morton recently spent several days visiting in the home of Lou Ida Marsh, who lives at Caldwell, Texas. These two did some fishing at Bowers Lake.

Dwight and Andrew Merrell, sons of Mr. and Mrs. David Merrell of Huntsville, Texas, are visiting in the home of their maternal grandparents, Alvin and Murlene Gaines.

Since they've been here, they have spent some time visiting in the home of their paternal grandmother, Mary Merrell, who lives in Bovina.

Leon and Jeffie Talley left

Thursday of last week for Norman, Oklahoma for a visit in the home of Tracey and Suzie Talley and daughter, Sydney Shea.

They attended Sidney's first birthday party before returning home.

Shannel Woodard, Larry Denson Are United In Church Ceremony

Shannel Sage Woodard became the bride of Larry Keith Denson on April 17 at the Westminster Presbyterian Church in Lubbock. Dr. John Paul Powell officiated at the double ring ceremony.

Parents of the couple are Clyde Woodard of Fort Worth, Janet Payne of Albuquerque, New Mexico and Mr. and Mrs. Sonny Denson of Lubbock.

Special guests at the wedding ceremony were the bride's maternal grandparents, Rene and Jinx Snead of Friona; Raymond Denson, grandfather of the groom; Louise Payne and Thelma Porter, special friends of the bride.

The bridal aisle was decorated

with flowing white tulle enclosing clear mini-lights draped from each pew to a coordinating white tulle bow with cascades of English ivy. The altar was enhanced with English ivy covering the candleabras with ivy candles, backgrounded by ficus trees trimmed in clear white mini-lights and white satin bows.

The ceremony began with Don Smith, organist, playing a medley of songs, accompanied by Susanne Moreland as she sang "Ava Marie." "The Wedding Song" was followed by "Trumpet Voluntary Parcell" with trumpeteer, Carol Britton, providing the processional. Other selections included "The Lord's

Prayer" and "Sunrise, Sunset."

Jenny Ahrhart and Justin Edwards lit the candles, preceded by the seating of the mothers and the lighting of the family unity candle.

As the bride was presented in marriage by her father, she was attired in an ivory satin sheath gown with a fitted princess bodice smoothed to a basque waistline that spilled over onto the skirt. The alencon lace, captured by hand beaded embroidery pearls, sequins, bugle beads and rhinestones, traced the sweetheart neckline and continued to a deep plunge down the back with strands of pearls draped across the opening. The puffed sleeves were enhanced with scalloped and beaded cuffs. An oversized allegro satin bow connected the detachable train accented with scalloped and beaded-in motifs.

Yards of ruffled and gathered tulle, attached to a pearl covered crown, fell in an illusion of netting down her back, creating a lengthy veil.

She carried a bouquet of baby's breath and bouvardia gathered and tied with French lace ribbon.

For something old, her ring was an heirloom belonging to her grandmother, Jenny Fern Gray, given to her in her own wedding in 1916. She borrowed a blue garter from her mother and her wedding attire was new.

Shea Woodard of Austin attended her sister as the maid of honor. Bridesmaids were Lucy Cadore of San Antonio, Sabrina Woodard of Austin, Debra Edwards of Lubbock and Karen Green of Dallas.

The feminine attendants wore identical teal brocade sheath dresses. The dresses featured sweetheart necklines and keyhole backs highlighted by pearl and rhinestone buttons. They each carried silk ivory peonies wrapped and tied with French lace ribbon streamers.

Michael Edwards served as ring bearer. He carried a pillow designed by the bride's mother.

Emily Keeling was the flower girl. She carried a white basket designed with ivory and pink peonies.

The groom's father served his son as best man. Groomsmen were Larry Kimbrough of Abilene, Shayne Woodard of Austin, Brent Brown and Jeff Denson, both of Lubbock. Ushers were Kelly Nelson of Amarillo, Steve Bingham and Sid Chance, both of Lubbock.

The groom wore a black tuxedo with tails and an alstromeria and baby's breath boutonniere. The father, groomsmen, ushers and ring bearer wore identical black tuxedos.

The bride's mother wore a two piece purple suit. The fitted moray jacket was completed with glass buttons down the front, worn over an ankle length full chiffon skirt.

The groom's mother wore a full length royal blue dress covered with hand sewn sequins and beads with a jeweled neckline.

Allison Davis was the bride's personal attendant, handling special coordinations.

The reception was held in the church parlor. Bouquets of fresh flowers in cut crystal vases accented each table. Adding a traditional touch, Susan Moreland sang a medley of songs accompanied by Alice Smith on the baby grand piano.

Each layer of the three tiered bride's cake was topped with country garden flowers in shades of fushia, purple and blue. The groom's Italian cream cake was covered with chocolate frosting and frosted grapes.

Assisting at the reception were

Edna Snead, Carole Burrows, Betty Mabry and Amy Smith, all of Lubbock, Nikki Ralston of Fort Worth, Dayna Matysek of Austin, Teresa Allen of Hereford and Renee Medford of Abilene.

Marena Porter presided over the registration table. The table was covered with an ivory lace cloth and was decorated with a fresh bouquet of flowers.

Wedding programs were passed out at the entry door by Holly Snead of Abilene and Layle Snead of Albuquerque, New Mexico, cousins of the bride.

A family gathering, including the bride and groom, followed the ceremony. The gathering was held at Barcelona Courts.

Following a honeymoon trip to Cancun, Mexico, the couple will make their home in El Paso, Texas.

REHEARSAL DINNER

The rehearsal dinner was held at the bride's sorority lodge in Lubbock with the groom's parents serving as hosts. Guests were family members, friends and members of the wedding party. The bride's aunt and uncle, Kay and Gary Snead, added entertainment with the help of twelve guests by singing "The Twelve Years of Marriage" and using illustrations created by Mrs. Snead.

The country home of Ann Osborn was the scene of a miscellaneous bridal shower on April 13. Co-hostesses were Monty Allen, Elizabeth Peak, Ruth Harguess, Dee Ann Hutson, Celia Dee Loffin, June Floyd, Patsy Gresham, Jyl Grimsley, Billie Jo Hand, Marla Lynn Herring, Winifred Hurst, Kathryn Gromowsky, Connie Neelley, Cynthia Smith, Betty McInroe, Betty Reeve, Becky Riethmayer and Varla Wilcox.

Michael Jeter Is 4-H Scholarship Recipient

Michael Jeter was awarded a \$10,000, four-year Houston Livestock Show and Rodeo 4-H scholarship, June 8, in special ceremonies at the Texas 4-H Roundup in College Station.

Michael, son of Kenneth and Cordella Jeter, is a recent graduate of Friona High School where he was vice president of the Student Council and his FFA chapter. He was a member of the Friona 4-H Club ten years, actively involved in horse management and veterinary science. He also received the 4-H Gold Star Award.

Michael, who plans to major in animal science at West Texas State University, was one of 50 Houston Livestock Show and Rodeo 4-H scholarship winners honored.

Members of the Texas Agricultural Extension Service choose the 4-H scholarship recipients. The selected students all demonstrated academic excellence and strong leadership skills

throughout their high school careers.

All 4-H recipients must pursue a degree in agriculture or life sciences at a Texas college or university.

In remarks to the Texas 4-H Roundup participants, James R. "Dick" Graves, chairman of the board of the Houston Livestock Show and Rodeo, said, "The Houston Livestock Show and Rodeo is committed to youth, to education and to the improvement of agricultural production and processing. Our partnership with Texas 4-H reflects this commitment, and we take great pride in our recipients, as they all exemplify discipline, dedication and responsibility."

Scholarship funding is provided by revenues earned at the annual Houston Livestock Show and Rodeo. The show has committed more than \$2 million in educational funds for the upcoming school year.

YOUR EYES

Glaucoma

Glaucoma is a sneaky disease. In its early states, it rarely causes any pain or noticeable symptoms. There may be a decrease in side or peripheral vision, but most often it comes on so gradually that the patient is unaware of the changes. Yet it can and does cause blindness.

That's why it's so important to have your eyes tested regularly by your optometrist.

In glaucoma, pressure builds up within the eye because of the overproduction of certain natural fluids or, more often, because the fluids are not draining properly. This condition is not related to high blood pressure--except that, like high blood pressure, it can be controlled to avoid damage to the eye. Early detection and prompt treatment are vital.

In a fast and painless test, your optometrist measures the pressure within the eye. The tonometer test is usually standard procedure in the regular eye examinations of those over 35.

Bearer Bonds Require Timely Maintenance (Part of a two-part series)

Before June 1983, tax-exempt bonds were commonly issued in bearer form with no owner registration or name. The bearer, or person who held the bond, owned it. Like a dollar bill, if I hold it, it's mine; if you hold it, it's yours.

Issuing bonds in bearer form was simple and inexpensive. It eliminated the need for a transfer agent to register ownership each time the bond was bought or sold.

A coupon for each interest payment stated the amount of interest and the date it was due. Twice a year, at payment time, the owner clipped the coupon from the bond and mailed it to a designated bank for payment. This designated paying agent paid the interest when the coupon was presented.

Since 1983, all new tax-exempt bonds have been issued in registered form. This means the owner's name must appear on the bond certificate and must be recorded with the paying agent. Nearly half of all new tax-exempt bonds are issued in book-entry form, which is a type of electronic registration. Interest checks are automatically mailed to the registered owner on the due date. There's no delay in receiving interest and no chance of forgetting to mail a coupon.

Unfortunately, thousands of bearer bonds are still circulating and will continue to earn interest by coupon until they either mature or are called for early redemption. If you hold one of these old bearer bonds, there are a few things you should remember.

When a bearer bond matures, you must mail the certificate and

the last coupon to the paying agent. Only then will you receive the final interest payment and your principal. If you forget to return the bond certificate, your principal will remain in the bank but will no longer earn interest. Because your name is not registered, the bank will not be able to notify you when your bond matures.

Although many holders of bearer bonds lose interest because they forget to return matured bonds, they more commonly lose interest because their bonds are redeemed early.

Say, for example, you own a \$10,000 tax-exempt bearer bond that pays 12 per cent interest and will mature in December 1998. Every December and June, you mail a coupon to the bank paying agent. After you receive the interest from your December 1992 coupon, however, the bond is redeemed by the issuer and ceases earning interest. When you mail in your June 1993 coupon, it's returned with a note from the bank telling you the bond has been called and instructing you to return the bond certificate with all remaining coupons attached. By now, you have lost \$600 because the bond stopped earning interest at the time it was redeemed.

Although this may seem unfair, banks claim that no one can be notified because there are no names on bearer bonds. The bank must wait until bearer bond owners mail the next coupons to notify them of redemption.

It sounds like a "catch-22," but there are two ways to receive your interest when due and have your principal returned promptly when a bond is called. Both will be discussed in the second part of this series.
