Price: 5c Per Copy

Parmer County Fair and Stock Show Association Is Organized by Lions

Temporary Organization To Establish A Community Library For Friona Named

COGITATIONS and APHORISMS of Jodok

One evening last week, when I stepped into the little cubical where I keep the typewriter, which I use for jotting down the cogitations contained under the above heading, I found two neatly typed sheets of paper, which contained matter which should be of general interest to the people of Friona. I had seen no one place these sheets there, and they may have been typed on my mill, but as for a certainty, I could not say who did the work. However, I am going to use the material in this copy as a part of this week's effusion. When I have completed the quotation I shall probably give some of my suspicions as to whom the author may be.

The other evening I was sitting and thinking on the nature of things (some of the boys said I was asleep) and when I got up to go home it was awfully late. The lights had gone out and the cars had all gone home, and as I walked down the street toward home, I passed the city park.

A strange thing was taking place. Some fellow was standing on a soap box in the empty park, waving his arms and talking in a low voice. So I stole up close to hear what he was saying to the empty spaces. "Fellow Citizens of Friona," he was saying, "I come before you this time to ask, ——— what has become of our spirit ——— Having lived in this town for many years, I have seen it grow from a few stores and scattered houses to a town of fair size, but our hearts have not grown with it. We are careless about what it means to be citizens of a free country, in a growing city. We have forgotten to build our town as we built our fortunes and our careers.

We have been too busy to think of the fact this is the town where our children and grandchildren are to grow up—where they might have built their homes if the town had offered much.

Citizens of Friona, have you ever thought of giving your children green parks, clean play grounds, rich libraries and ample schools; protection from fire and want and disease; fire houses and paved streets? Because you have faced evils, must you pass on: smelling outhouses, filthy alleys, mud holes and hog troughs in the streets and back yards, disease-ridden garbage rotting on every vacant lot? No! Citizens of Friona, you will not give your children that. Yet, what but that if you wait for the other fellow to do the job? EVERY MAN IS HIS OWN CITIZEN, or his own selfish non-citizen.

That fire engine may save YOUR child from the flames, that sewer system may keep YOUR LOVED ONES from dread Polio; that park and play ground, that library and school, may mean richer life TO YOU AND ALL YOURS. YOU will walk on it, YOU will be proud of it. Citizens of Friona, I call on you to fulfill YOUR citizenship. With this loud clarion call, (issued in a voice that had risen to almost natural volume) the man got down from his soap box and hid it under a bush. He heaved a sort of sigh and was gone.

Well, I walked on home, cogitations on that business of tree-lined avenues, green parks, and clean houses. Seemed like (Continued on Page 4)

At a meeting, Tuesday night, at one of the rooms of the Congregational Church, of those most deeply interested in the establishment of a community or city library, a temporary organization was formed, which immediately went into action in a work session.

While, as the Star understands, the present organization can be formed, the library hours as so set, are from 3:00 until 5:00 o'clock p. m. on Tuesdays and Thursdays, each week.

Mrs. Viola Trieder was chosen as temporary Chairman and Rev. John Forwalter will remain as temporary Secretary-Chairman on a board of three. A permanent board of six or seven members is expected to be formed within the next few weeks.

Reports show that more than

forty books have been donated this week in addition to what had already been donated, and sponsorships have been received from Dilger's Cleaners, Bill McGoethlin and Ralph Miller, County Judge, A. D. Smith, also became a member.

The Friona Lions Club also made a signal offering of \$25.00, this week, which brings the total contributions to \$309.00. This is enough to begin a library with most of the money going for children's books.

Memberships in the Library Association, now totals more than seventy. The voting membership is the basis from which an active board will be selected to operate the library and formulate policy. Those wishing to join should send \$1.00 or more to the Friona Star office, expressing such a desire. If they wish to take an active part in the work, book contributions may be brought direct to the library room or the Star office.

Rev. John H. Osteen Noted Evangelist

Revival Services At Friona Baptist Church To Begin

An Open-Air Revival will begin at the First Baptist Church Sunday, August 22nd, and extend through Sunday, September 5th. Rev. John H. Osteen, of Amarillo, will be the evangelist and Bill Sweeney, of Wayland College, the singer.

Before entering the field of evangelism, Brother Osteen was pastor of the First Baptist Church of Hamlin, where he did an outstanding work. During the two years he was there 421 were added to the church membership, with 148 coming for baptism. We are fortunate in having him come our way.

Thanks, Smokey, Thanks A Million

The Star force is truly and surely indebted to our old friend, E. L. (Smokey) Price, formerly of Friona, for the many years, but for the past few years of McLean, and we hereby extend to him our most sincere thanks for the large, juicy, delicious watermelon and cantaloupe, which he sent over to us by E. R. Day, who was in his city for a load of melons to be (Continued on Page 4)

Hospital Notes

Patients Admitted: Dorothy Blythe, Friona, Surgical. Lila Robason, Friona, Surgical. Mrs. Mary McGee, Friona, Medical. Mrs. H. C. Hight, Friona, Maternity. Roy Dale Messenger, Friona, Surgical. L. T. Camp, Dalhart, Surgical. Mrs. Weldon Dickson, Friona, Medical. Mrs. Charles Gray, Friona, Maternity. Mrs. Rose Vitale, Penn, Medical. Mrs. H. Brown, Roswell, Medical. Mrs. Glenn Williams, Friona, Medical. Patients Dismissed: Dorothy Blythe, Lila Robason, Mrs. Mary McGee, Mrs. H. C. Hight and baby, Roy Dale Messenger, L. T. Camp, Mrs. Weldon Dixon, Mrs. Rose Vitale, Mrs. H. Brown.

Personal

Jack Moseley left on Thursday of last week for Albuquerque, New Mexico, where he was accepted into the United States Navy.

Jack has volunteered for three years service. He will receive his training at the U. S. Naval Training Center in San Diego, California. He is the son of Mr. and Mrs. David Moseley, of Friona.

Mr. and Mrs. Herschel Johnson and children, Linda Kay, and Joe Bob, spent last weekend in Pampa, visiting Mr. Johnson's sister and other relatives.

Mr. and Mrs. David Moseley had as their dinner guests, Sunday: Mrs. Cliff Moseley, of Mincola; Mr. and Mrs. Guy Moseley, of Abilene; Hubbard Moseley, of Friona; Mr. and Mrs. Horry Poindegar and Miss Grace Jo Moody, of Friona.

Mr. and Mrs. George Salomon, of Waco, visited with Mrs. Pearl Kinsley last week, on their return from Gillette, Wyoming, where they spent three months on a 3,000 acre ranch.

Mr. and Mrs. Billy Turner attended the "Toy Show" held by the White Auto Stores, at Wichita Falls, Monday. They also visited relatives down there, and report a most enjoyable time.

Mr. and Mrs. A. O. Drake drove to Abernathy the early part of last week and remained until Thursday, visiting in the home of Mr. and Mrs. Gordon. Mrs. Gordon being their daughter.

Mr. and Mrs. Carl C. Maurer and son, Gaylord, are spending a two or three weeks vacation at their mountain home in New Mexico. They are expected to return some time next week.

Mr. and Mrs. Ed R. New left Friday of last week for Dallas, where they will visit for about ten days with their son, Ralph New and family.

Mr. and Mrs. Magness Celebrate Golden Wedding Anniversary Sun.

In a beautiful home setting on Sunday afternoon, August 15th, Mr. and Mrs. George W. Magness celebrated their golden wedding anniversary with open house to their many friends, from 2 until 5:30.

Mr. and Mrs. Magness were in the receiving line. Their granddaughter, Miss Bonnie Foster, of Farwell, presided at the gold party book.

The home was beautifully decorated with gold roses, gladioli and chrysanthemums. The serving table was laid with a lace cloth and centered with a four-tier anniversary cake, topped with a miniature bride and groom, with gold candles in a crystal candelabra.

After the anniversary, bride and groom cut the cake, their daughter, Mrs. Sterling Billington, served the cake and another daughter, Mrs. Foster, presided at the punch service. A niece, Mrs. Mildred Parish, of Waco, assisted her.

Clarence Day Succumbs

Clarence Day, who came to his death as the result of bodily injuries, received when his car collided with a heavily loaded truck, very early in the morning of August 10th, was born in Hill County, Texas, in 1901, and died at 10:00 p. m., August 10th, 1948.

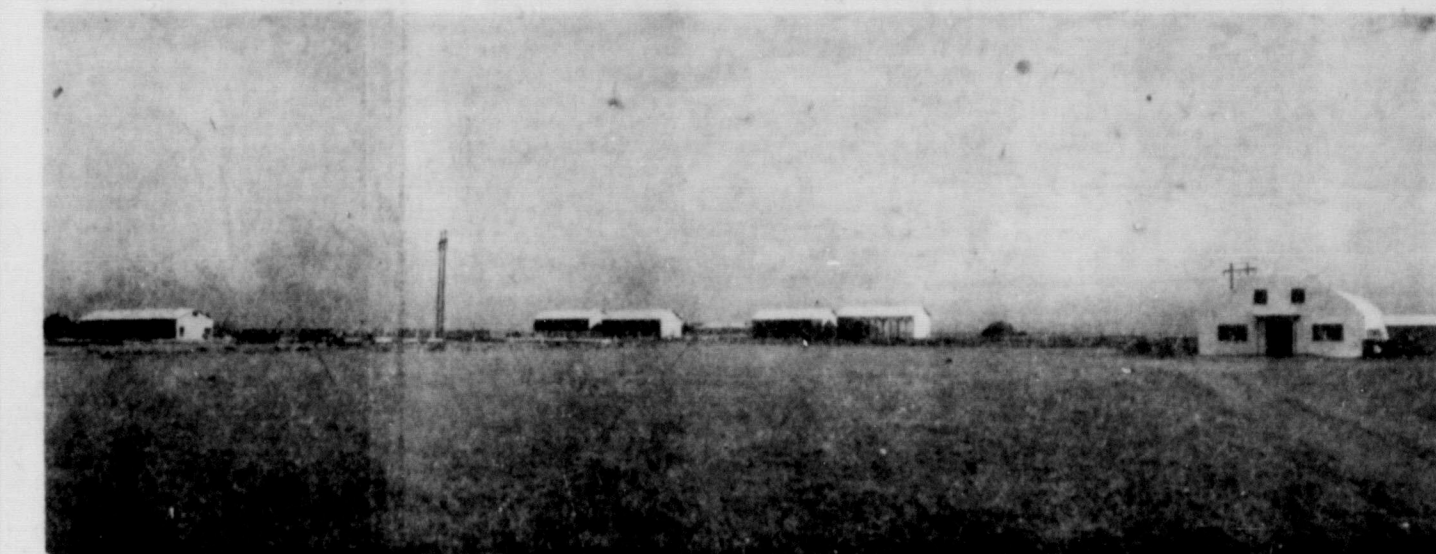

He was a son of Mr. and Mrs. J. D. Day, and came to Parmer County in 1925, where he married Miss Lucile Shults in 1928.

To this union was born one son, Herbert Lynn Day, who still survives him. Mr. Day is also survived by his wife, Lucille, and his parents, of Meridan, and their brothers. The brothers are: Wylie Day, of Meridan; Frank Day, of California; and Alvis Day, of Clovis, New Mexico. He is also survived by his mother-in-law, Mrs. J. W. Shults.

Following his marriage, he and his wife lived on their farm in the Hub Community, where he was successful in his farming operations, and where they still lived until his death. Mr. Day was of a sociable and genial disposition, and was an excellent singer, and loved to sing, and was always ready to render musical services wherever and whenever opportunity offered or duty called.

Funeral services were held at the First Baptist church, at

Construction Views of New Amarillo Stockyards

Panoramic view of the site and construction of the new Amarillo Stockyards is shown at top. The building on the right will house the commission firms, sales ring, and sales offices. The four hay barns in the center, all capable of holding 150 tons of hay, are to be added to in the future expansion of the yards, and the building on the extreme left will be the Amarillo Stockyard office and supply storage. View of the partially completed loading docks and pens at the new Amarillo Stockyard is shown in the three column photo at right. This photograph shows the concrete post and oak panel construction of the pens and the incomplete hard surface that is to be installed in approximately half the pens. Also shown at the left of the picture is the rear of one of the administration buildings and the Fairbanks-Morse scale that will be used to receive cattle at the yard.

New Stockyards In Amarillo Are Expected To Be Ready For Operation By September

The new and modern Amarillo Stockyards is nearing completion and should be in operation sometime in September. J. D. Amend and Paul Higgs, well known cattlemen of this area, have selected an ideal location for their yard, northeast of Amarillo at the junction

of Highway 66 and 136, the Fritch Oilfield Highway. In addition to the easy availability to truck traffic, the new yard will be served by spur tracks from two railroads, one from Sante Fe, and one from Rock Island.

The new operation will feature Commission Firms, with alley sales daily, a Sales Ring, and facilities to feed, water and rest any size shipment of cattle, whether by rail or by truck. The sale days for the Sales Ring will be announced as soon as construction has been completed. The Sales Pavilion will be spacious, well ventilated and will have comfortable seating arrangements.

Pens will be "bull proof", constructed with concrete posts and oak panels, making the yard as nearly fire-proof as possible. Fresh running water will be available in every pen in concrete troughs and large feed bunks are being built-in all pens. As an added feature, approximately half of the pens will be hard surfaced to keep cattle out of the mud in wet weather.

Concrete alleys are being built around all of the pens for the convenience of the stockmen and buyers, and as an added precaution, the entire yard is built with two way grading to permit adequate drainage.

Upon completion, the units under construction will allow the easy handling of up to eight thousand head of cattle at any one time, and plans are underway to increase this capacity as the need warrants the expansion.

The Amarillo Stockyard owns two hundred acres of land at the site of the new yard, and inquiries have been received from two meat packers with reference to securing locations for packing plants. It is the aim of the owners of the Amarillo Stockyards to establish a central market in Amarillo to serve the surrounding territory in a comparable manner to other central markets throughout the country.

Two modern buildings will house the various offices and there will be comfortable waiting-rooms and facilities for visitors and customers. The personnel to operate Amarillo Stockyards is being "hand picked" by Amend and Higgs. Their aim is to get the top hands to handle the various jobs, thus assuring the shipper and buyer of safe, efficient, prompt, and fair handling of all cattle.

This new stockyard is geared to handle the needs of a five-state area including New Mexico, Oklahoma, Kansas, Colorado, and Texas.

Eligible farm storage shall consist of farm bins and granaries which are of such substantial and permanent construction as to afford safe storage of the grain sorghums, permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves and weather.

Loans will be available under loan in a warehouse, unless evidence is submitted with the warehouse receipt that all warehouse charges have been prepaid through April 30, 1949.

Producers are urged to turn in their prior approvals on all practices that have been completed, summer fallow, chiseling, etc.

OKLAHOMANS VISIT HERE Mr. and Mrs. George W. Reeves of Tulsa, Oklahoma, arrived here on Thursday afternoon of last week and spent the remainder of the week visiting in the home of his sister, Mrs. T. Mander-scheid.

This was the first time the brother and sister had met in several years. Mr. and Mrs. Reeves expressed themselves as most favorably impressed with the Friona country.

Work toward establishment of a Soil Conservation Service district in Parmer County appeared to be nearing the goal this week, with the announcement from Louis Dalkins, of the State SCS board, that a district would be set up in Parmer County as soon as the program and plan of work had been definitely outlined.

Meeting with the county SCS board in Farwell on Monday night, Dalkins told the members "The personnel is available and funds have been set aside for the Parmer County district," and urged that the program or work be drawn up as soon as possible.

Taking immediate steps, the board chairman, W. L. Edelman, called a meeting to be held in the county court room in Farwell at 1:30 Saturday afternoon, August 21, at which time all inter-

ested persons will be invited to submit ideas as to the outline of soil conservation work for the county.

County Agent Ollie Linder, in announcing the meeting here, stressed the fact that it was the duty of farmers of the county who will be effected by, and will carry out the program, to offer their advice in drawing up the plan of work. "The program is for them, and they should take part in setting up a work plan which will be of the most benefit to all," he said.

At the meeting Monday night, the board accepted the memorandum of understanding between Texas A. and M. and the state SCS board, which, in effect, outlines the work to be done by the county agent in promulgating the program.

Dan Ethridge Is Chosen As New President

A Parmer County Fair and Stock Show Association was organized last Thursday night at the regular meeting of the Friona Lions Club, with Dan Ethridge, of Friona elected as president.

Levi Johnson, of Farwell was named vice-president, with Hulle Horn of Friona, chosen as secretary-treasurer. In addition, a board of four directors representing all parts of the county, was selected, including Virgil Teague, Wendol Christian, Floyd Schlenker, and C. M. Henderson.

It was agreed at the Thursday meeting to include beef cattle and swine in the annual fall show, which this year will have the title of the Parmer County Dairy Show and Fair, and will be held in the County show barn in Friona on Thursday, Friday and Saturday, September 23, 24, and 25.

Until last year, only dairy cattle were shown in the fall, with the beef and swine exhibits being held in the spring stock exhibits.

In addition to the stock showings, educational exhibits will be set up in the buildings. Further particulars on the September show will be announced as they are formulated by the board of directors. Official members are the vocational agriculture teachers and the County Agent.

Others present at the meeting were J. T. Gee, Friona agricultural teacher, Robert Morton, Farwell Agricultural teacher, and County agent Ollie Linder.

Additional Grain Sorghum Loan Data At AAA

The AAA office has received additional grain sorghum loan regulations and believes it can answer most questions concerning loans.

Grain sorghum loans are eligible only on grain produced in 1948. Such grains shall be milo, negari, kafir, etc. This does not include sudan or cane.

Such grain sorghums must be of grade No. 4 or better in accordance with official standards and do not grade discolored, weevily or smutty. When stored in a warehouse, the grain sorghums must not contain in excess of 14 percent moisture. When stored on the farm the grain must not contain in excess of 13 percent moisture and must have been stored in the granary at least 30 days prior to inspection for measurement, sampling, and sealing.

Eligible farm storage shall consist of farm bins and granaries which are of such substantial and permanent construction as to afford safe storage of the grain sorghums, permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves and weather.

Loans will be available under loan in a warehouse, unless evidence is submitted with the warehouse receipt that all warehouse charges have been prepaid through April 30, 1949.

Producers are urged to turn in their prior approvals on all practices that have been completed, summer fallow, chiseling, etc.

OKLAHOMANS VISIT HERE Mr. and Mrs. George W. Reeves of Tulsa, Oklahoma, arrived here on Thursday afternoon of last week and spent the remainder of the week visiting in the home of his sister, Mrs. T. Mander-scheid.

This was the first time the brother and sister had met in several years. Mr. and Mrs. Reeves expressed themselves as most favorably impressed with the Friona country.

Music Studio To Open On September 3

Clive Hinds Music Studio will open the fall term on Friday, September 3rd, for piano instructions.

Mrs. Hinds has had over 25 years experience as teacher, and offers courses for all ages, and is accredited by Texas Department of Education. Pupils may receive credits.

Mrs. Hinds extends her thanks to her many patrons for their loyal support in making her studio twelve years of a happy music study at Friona.

Students may register any time at the studio across the street west of school band music.

Soil Conservation Service to Establish District Headquarters In Parmer

Work toward establishment of a Soil Conservation Service district in Parmer County appeared to be nearing the goal this week, with the announcement from Louis Dalkins, of the State SCS board, that a district would be set up in Parmer County as soon as the program and plan of work had been definitely outlined.

Meeting with the county SCS board in Farwell on Monday night, Dalkins told the members "The personnel is available and funds have been set aside for the Parmer County district," and urged that the program or work be drawn up as soon as possible.

Taking immediate steps, the board chairman, W. L. Edelman, called a meeting to be held in the county court room in Farwell at 1:30 Saturday afternoon, August 21, at which time all inter-

Cap Rock League Playoff Series To Begin Tonight

The first two games in the play off of the Cap Rock League are being held in the Veterans Memorial Park in Hereford this week.

Tonight Superior meets Groom in a game beginning at 8:15 p. m.

Tuesday night Vega defeated Washburn 5-3 in the first game of the playoff. The first four positions in the Cap Rock League are held by Superior, Washburn, Vega and Groom, and tonight's game will decide who meets Vega for the championship.

A crowd of about four hundred witnessed the Tuesday night game and a like number saw the West Texas team from Canyon play the Hereford nine Wednesday night.

"We have had calls from many teams in surrounding areas asking for permission to use our field," said Earl Woods. "It is quickly becoming recognized as one of the best in the territory."

Admission for the games is 50 and 25 cents.

They're Over There Again

In a scene reminiscent of World War II days, a U. S. airman, crew member of a B-29 which recently arrived in England, goes sight-seeing with two members of the WAAF. Leaving the ancient Norman cathedral in Lincoln are, left to right: Barbara Makinson, Sgt. Eugene A. Guerra, Jamaica, N. Y., and Ada Ingham. (Photo by NEA-Acme staff correspondent Max Winter.)

Sixteen Leaders In Livestock Industry To Be Officials At State Fair Show This Year

Sixteen recognized leaders in the livestock industry have been appointed to serve as officials of the livestock Show of the 1948 State Fair of Texas, Ben E. Cabell, general chairman of the Fair's Livestock Committee, has announced.

W. L. Stangel, dean of the Division of Agriculture of Texas Technological College, will serve as general superintendent of the Junior Livestock Show, Oct. 9-15, and the Livestock Show, Oct. 13-22.

R. D. Evans, agriculture agent of the M. K. T. Linea, will be arena director, and Dr. W. G. Brook of Dallas, official Veterinarian of the Fair.

For the beef cattle division, B. J. Baskin, farm products of the Tennessee Coal, Iron and Railway Company, will serve as superintendent, and Louis Gilbreath County Agent from Alice, Texas, assistant superintendent.

For the swine division, Fred Hale, professor in the animal husbandry department at Texas A & M has been named superintendent, and Dan Kiber, head of the department of agriculture at North Texas Agricultural College, assistant superintendent.

For the sheep and goat division, Vestal Askew, Sonora, will be superintendent.

Scott Moore of Dallas will be superintendent of the Fair's Palomino Show, Oct. 9-15, and M. P. (Mike) Leonard of Junction, Texas, superintendent of the Quarter Horse Show, Oct. 16-24.

For the Fair's Junior Livestock Show the following officials have been named as superintendents: Shannon E. Carpenter, Junior Dairy Show; A. L. Smith, Texas A & M College, Junior Steer Show; E. M. Regenbrecht, Texas A & M College, Junior Pig Show and Junior Negro Pig Show, with L. H. Hargrave of Texas Tech as assistant superintendent for the two shows and H. M. Carter, San Angelo, Junior Sheep Show.

These officials will work under the direction of Ray W. Wilson, manager of the Fair's Livestock Department.

Lightning Not Always To Blame For Stock Deaths

Don't be too quick to blame the lightning if a farm animal is found suddenly dead the morning after an electrical storm.

Actually, according to a special summer report issued today by the American Foundation for Animal Health, death may have been caused by any of a half dozen different diseases easily confused with lightning stroke.

"Nowadays, most farmers know that animals killed by lightning do not always show external burns," The American Foundation explained. "As a result, there have been many cases where lightning got the blame when the real villain was some such disease as blackleg, bloat, malignant edema, plant poisoning, organic poisoning, or photosensitization."

Livestock raisers were advised to obtain a thorough post-mortem of animals believed to have been killed by lightning. Such an examination may reveal the presence of a disease, calling for immediate precautions to protect the rest of the herd.

"Differential diagnosis" between lightning stroke and certain diseases is so difficult, the American Foundation pointed

Farwell Man, Involved In Wreck Gets Heavy Fine

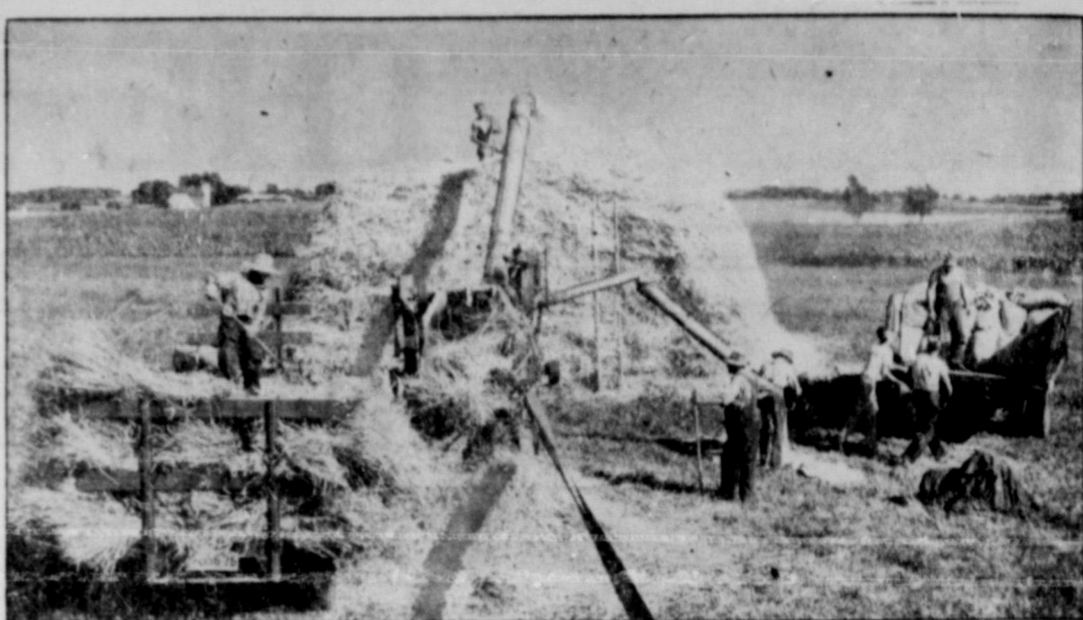

A traffic accident Sunday afternoon on Highway 60, about two miles west of Hereford, hospitalized one man and another suffered minor injuries after the truck in which they were passengers collided with a coupe.

C. A. Rasor, of Farwell, driver of the coupe, was charged with driving while intoxicated and fined \$150 and costs in Deaf Smith County Court Monday morning. The driver of the truck, Delvino Gonzales, was fined \$18 by Justice of Peace Andy Thomas for failing to yield the right of way.

The injured men were part of a group of musicians from Clovis. They were Lorenzo Anaya, who suffered fractured vertebra and George Gutierrez.

The musicians were turning into the highway from the road leading to Radio Station KPAN where they had been presenting a program. The right front side of the car hit the left rear of the truck but neither vehicle was overturned.

Insurance companies now require professional diagnosis on claims for lightning losses of livestock.

Farmers are harvesting a record crop of oats from the farm of John Grovert near Kalamazoo, Mich., a scene duplicated many times across the midwest as the harvest season got in full swing. This crop of Clinton variety hybrid oats yielded 66 bushels to the acre, far above the average for the year.

Boy's Ranch Rodeo Planned

There's a big rodeo heading your way, pardner, and it's going to be a good one.

The annual Boy's Ranch event near Amarillo is scheduled to get under way on Sunday Sept. 5 with a noon barbecue followed by the rodeo itself at 2:30 p. m. John Snyder will be on hand to dish out the chuck. And when Snyder barbecues a steer, and rustles up the trimmings, you have the grub that's difficult to beat. The whole shootin' match, the rodeo and barbecue costs \$1.65.

The Boy's Ranch kids have been training and practicing for three months under Leonard Stroud, former world's champion trick roper and rider, in preparation for the event and will provide all the entertainment.

A special air-conditioned train will leave Amarillo for the ranch and a bus will complete the trip to the shin-dig. The train will return to Amarillo after the rodeo.

The finest livestock exhibits ever seen in the southwest, are indicated for the Panhandle South Plains Fair in Lubbock Sept. 27-Oct. 2, according to Jason O. Gordon, former Lubbock County Farm Agent, General Livestock Superintendent.

VACATIONING IN COLORADO

Miss Lola Goodwine, Assistant Cashier in the Friona State Bank, accompanied by two of her sisters and two nephews, Mrs. Fred White and son, John Fred, and Mrs. C. J. Price and son, Christopher Jay, of Vernon, departed last Sunday morning for a vacation trip up in Colorado.

Their main objective was the large ranch home of their brother-in-law, R. G. Clenin, and they planned to visit with two of their nieces while there. They planned to return home Saturday night.

Rev. and Mrs. John Furwaller were business visitors at Amarillo, Wednesday.

Canadian Leader

Louis St. Laurent, 66, Canada's minister of external affairs, recently was elected head of the Liberal Party, succeeding Prime Minister W. L. Mackenzie King, who held the position for 39 years. St. Laurent is expected to become prime minister on King's retirement from that post.

Farmerette

Betty Akers, 18, above, is a typical Southern California country girl, according to Los Angeles County Fair officials. So, Betty will head a group of "Farmerettes" who will serve as hostesses at the fair, which opens in Pomona, Sept. 17. California, here we come!

And that applies to a lot of us—when it comes to saving! We know how very important saving is, and when our pay check arrives, always intend to put a part of it in our savings account. But we lead a pretty busy life—and before we've had the opportunity to make a special trip to the bank, the money has been spent for something.

MILLIONS of people, however, have found how to hold on to that pay. It's the easiest saving plan ever invented—and the safest. No complications, no red tape, no delay, no risk, not even any temptation to spend the money!

What do you have to do? Just sign your name once, that's all... on the card for the United States Bonds Payroll Savings Plan. Your employer will do all the rest.

Out of each pay check, he will save the amount you specify and buy United States

Savings Bonds in your name... whatever bond size you choose. (\$18.75 buys a \$25 bond, \$37.50 a \$50 bond, and up.)

What could be easier than that? Or safer? For these securities are backed by all the assets of the United States!

And sure—they pay such a good interest. In only 10 years you get back \$4 for every \$3 you put in. Building a solid bulwark against a sudden necessity—a nest egg to guarantee your future security and comfort.

SO DON'T DELAY—DO IT TODAY—SIGN THAT CARD AND SAVE THE EASY, AUTOMATIC WAY—U.S. SAVINGS BONDS

Many West Texas Firms Are Paying Employees Less Than 40 Cents Hour

ALBUQUERQUE -- Approximately 10 percent of the Texas firms, including a number in West Texas, inspected by the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, during the fiscal year ending July 1, paid some of their employees less than 40 cents an hour, according to John R. Cartwright, who represents the Divisions in New Mexico and West Texas.

Violations of one or more provisions of the Fair Labor Standards Act (Federal wage and hour law) or the Walsh-Healey (public contracts) Act, or both, were found in 1168 of 1204 covered plants inspected in this state during the twelve months, and minimum wage violations were disclosed in 117 of these establishments. Cartwright said today at his headquarters, 413 Federal Building.

"Despite reports of high wages in West Texas, as well as other parts of the state, some Texas firms were found to be paying employees less than \$1 for a 40-hour week," Cartwright said. "The Federal wage and hour law sets a minimum of 40 cents an hour for employees engaged in interstate commerce, in the production of goods for interstate commerce, or performing work necessary for the production of goods that move in interstate commerce."

"The act also requires payment of at least time and a half for all hours worked in excess of 40 in any workweek. Employers in Texas during the year agreed to pay \$228,288 in back wages to employees for unpaid overtime and minimum wage violations. "The Walsh-Healey Act, which applies to firms supplying goods or materials to the Government on contracts exceeding \$10,000, also contains minimum wage and overtime sections. Both acts pro-

Third Humble Oil Test Is Abandoned

The Humble Oil and Refining Co. last week abandoned a dry hole its wildcat test well in the west part of Deaf Smith County, after drilling 6,675 feet.

The well, Stambaugh No. 1, was staked out by Humble less than a mile from its first wildcat drilled in this county three years ago and is the third dry area.

Crews began tearing down the rigs last Saturday and speculators do not believe the company will drill in the block again. It is believed the firm will sink test wells in other parts of its extensive holdings in this area.

The well just abandoned was located one and a half miles north of Harrison Highway, and approximately one mile inside the state line near the Garcia Lake country.

The company is known to have a large block of land under lease along the west edge of the county.

Hyslop No. 1, Humble's first test, was drilled in 1944 and Hyslop No. 2, also a dry hole, was sunk in 1946 across the county line in New Mexico.

"The act also requires payment of at least time and a half for all hours worked in excess of 40 in any workweek. Employers in Texas during the year agreed to pay \$228,288 in back wages to employees for unpaid overtime and minimum wage violations."

"The Walsh-Healey Act, which applies to firms supplying goods or materials to the Government on contracts exceeding \$10,000, also contains minimum wage and overtime sections. Both acts pro-

Walser Family Holds Annual Reunion In West Texas

More than 120 persons attended the annual reunion last Thursday of the Walser family at Elwood Park, Amarillo. Pictured is eight of the eleven Walser brothers and sisters. From left to right, they are: T. L. Walser of Chillicothe; Mrs. T. J. Smith of Amarillo; Mrs. S. L. Walser of Hereford; Mrs. W. A. Goughly of Wellington; W. E. Walser of Hemphill County; Mrs. O. O. Baker of Sudan; H. H. Walser of Wheeler and C. R. Walser of Hereford.

Stock Premiums In South Plains Fair Increased

LUBBOCK -- The finest livestock exhibits ever seen in the Southwest are indicated for the Panhandle South Plains Fair in Lubbock Sept. 27-October 2, according to Jason O. Gordon, former Lubbock County farm agent, general livestock superintendent.

Helping to stimulate more interest than he ever has observed previously, he said, are the increase of about 50 per cent in livestock premiums and the great enlargement of the cattle and swine barns. The departments are better equipped for exhibits than ever before.

"But an important contributor to interest simply is that farmers have more time to think about exhibits for the fair," he explained. "They have been mighty busy the last few years producing the food for a war of survival. That tension has been eased this year."

Gordon offered some suggestions which, he said, might help those interested in competing for the substantial cash prizes.

He suggested exhibitors should make sure their registration papers are in order and that they get their animals blood-tested if they are not on a regular Bang's control program. The best plan, he said, is to study the regulations and thus insure that no last-minute difficulties will be encountered.

Gordon invited inquiries from anyone interested. They will reach him if addressed to the Panhandle South Plains Fair Association.

PUT THE WIND TO WORK For Greater Farm Profits

Farm profits grow at the slightest breeze when you put a Dempster Windmill on the job. You can depend on plenty of fresh running water the year round... and running water means increased production all over the farm.

Dempster Annu-Oiled Windmills are built for longer service, greater capacity, more pumping power at lower cost. Timken Roller Bearings reduce friction. Offset Vane construction and Ball Bearing Turn-Table give proper speed regulation at all times.

Come in today for complete details about superior Dempster Windmills.

TEXAS must lead the fight FOR FREEDOM

Texans, your personal freedom and the freedom of your children is in danger. Truman's so-called civil rights program will destroy our way of life. Never since the Alamo has Texas been in such danger.

If we are to be saved, we must unite today... all creeds, all factions, farmers, laborers, businessmen.

If the Truman forces steal the Fort Worth Convention on September 14 by unseating the States' Rights delegation, you will still have the chance to vote for STROM THURMOND AND FIELDING WRIGHT.

Money must be raised... it is YOUR fight. It is now or never!

Marine Hero Is Honored

Col. James P. S. Devereux, USMC, commander of the Wake Island Marine garrison which held out for 16 days against an overwhelming Japanese naval force early in the war, received his retirement orders in impressive ceremonies held by the famed First Marine Division at Camp Pendleton, Oceanside, Calif. The Marine hero, with 25 years of service, four of which were spent in Jap prisons, will hold grade of brigadier general in retirement.

Canned Fruits, Vegetables Sought For Boy's Ranch

Boys Ranch
Springlake, Texas
August 4, 1948

Dear Friend:
It has been suggested that I contact you in regard to the food problem at the Boy's Ranch and Boy's Ranch Farm.
We will have personnel upward to 150 people that must be fed during the coming winter. We are eating good this summer--thanks to good gardens but we do not have the gardens nor the canning equipment to begin to take care of our needs for the winter. We hope to have these within a year or two but for now must rely upon the graciousness of the big-hearted people of this section of the country to help feed our boys.
Through your position you will be able to pass on information to the housewives of your county or community. We will appreciate it very much if you see fit to encourage the canning of fruits and vegetables to be used at the Farm or Ranch. We do not feel that any individual should be asked to can in quantity if we have a liberal contribution from many people.
Might we suggest that you set up central deposit depot in each county or community. We will be happy to pick up food stuff when you give us the word. We ask that all goods be labeled--we would like a complete list of contributors.
If you feel that this undertaking is worthwhile, we urge that you give it as much time as you can spare in promotion and advertising it. If you have never visited the farm at Springlake or the Ranch at Tascosa we urge you to do so at your very first opportunity. These projects belong to the people of the Panhandle. We solicit your support in every way.
Yours truly,
Firman Haynie, Superintendent
Boy's ranch Farm

Messenger News

Mrs. J. N. Messenger
And still it rains! This community received another rain Saturday night, amounting to .16 inches, making a total of 3.66 inches, amounting to inches of moisture received in the form of rain since Aug. 3.

It looks now that row crops are assured, as they are looking fine up to this time.

Marshall Weeks, brother of Mrs. George C. Messenger, and his niece, Marie Weeks, of Glen Rose, drove up to visit his sister and her aunt. Marshall is working at Vigo Park.

Roy Dale Messenger was brought home from the hospital at Friona, Saturday. He is doing fine and within a few days will be able to be up and about.

George C. Messenger went to Hereford, Saturday to finish financing the new school bus for Messenger school. The old bus was sold at Friona, Saturday.

I had a letter from Mrs. Mae Abbott, of Marfa, Saturday. She says it is hot and dry at Marfa. She had a melon feast from her own garden for 43 students of her Mexican Mission. They had singing and games and all had a good time.

Geographers estimate that Ontario, Canada, has more than 100,000 lakes, less than half of which are named.

Old ideas about the origin of eels were that they came from horsehair in the water, or from beetles.

Smockey

(Continued from Page 1)
served at the melon feast at the Baptist Church, Thursday night. Smockey used to saw the stubble off our old dried physiognomy, and clipped the hairsuit appendages from our psychological sphere, many times in the dim past, and we never gave him anything for the service, but a little of the filthy lucre, and here he comes back at us with these large sweet juicy belly-bustin melons. And are we ashamed of ourself? Again we say--Thanks, Smockey--Thanks a Million.

Yep, That Fits About Right

Two-year-old Larry Cabrelli, Jr., has a good fit among the football jerseys and helmets of the Philadelphia Eagles, now training at Saranac Lake, N. Y. The No. 84 jersey is the one worn on the field by his father, Larry Cabrelli, Jr., now end coach of the team.
