In fact nearly every one that roped acted like a world champion. In another column is given the results of the open and matched roping contests held here last Saturday.

After the roping supper was served to those who remained. There was quite a crowd, but we could have taken care of many more, and plenty of food was left. Sorry that so few were on hand to enjoy the roping and the splendid supper.

The dance at night was same affair, with more than fifty couples and most of them busy from 9 p. m. until 2 a. m., when the dance broke up. Many wanted to remain until daylight, but we figured that five or six hours of dancing, the way they put it on out here, was enough for

For the first time since the organzation of Terrell county, in 1903, candidates for the various county offices will this year enter the Democratic primary election, which will be held Saturday, July 28th.

This change in the practice of former years, was the result of a petition presented to Clyde Griffith, the County Democratic chairman, the first of the week, and signed by all candidates for offices within the county, with the exception of one, signifying their willingness to submit their candidacy to the action of the voters in the primary election.

Though the date of filing applications for places on the primary ballots, the Times was informed that several candidates have already made such application, and the others will file before expiration of the time limit, which is midnight of July 16th for county candidates. Who would be so utterly devoid of kindness in their heart as to stab this happy, good-natured dog? One awful cut and stab between the shoulders, a stab wound in his flank!
