

Incumbents Favored in City, School Elections

This past week Tracks have been going in circles, and to all appearances have accomplished not one thing except to wear out shoelaces and the seat of my britches.

One thing for sure, Friona is about the most organized town I ever saw... seems it was a Frenchman that said "when-ever, or wherever, two Americans they meet, shake hands and elect a president and vice president of an organization."

That is the gospel. Really it is good to have a bunch of folks around that are interested in promoting things in a community, but right now this hoss is saddle sore and ready for the pasture for a couple of days.

But--don't forget Friday night--The Friona Lions will present their annual play and from what we've seen of it, the time will be well spent full of laughs for everyone.

Part of the proceeds will go toward helping construct a new Little League Ball Park in Friona, so if you can't attend the play buy a ticket anyhow...

Building and construction, lagging behind during the hard winter months has really gotten off to a booming start this spring. Seems like everywhere you look someone is building a new house, or new business. Friona Lanes has mushroomed up in a hurry and Um Akens up at the Piggly Wiggly hasn't let any grass grow under his feet either with the new addition to his store.

Then down the street Claborn's has a "new look" that is really astonishing and would be a fine addition to any town.

Across the street Consumers is "facelifted" their main building and constructing a new filling station building.

So, anyway you look at it, things are popping!

Speaking of popping, the city has been negotiating with the Santa Fe Railroad since the bond election last year for the purchase of a piece of grass-land down in the draw east of town for a site for a sewer plant.

Things went along at the rate of pouring molasses in January until last weekend when the city found out they didn't own the present plant site which they wanted to swap for the new land.

Then they offered what seems to be a more than fair figure for the land and were turned down.

The city has since instigated a condemnation suit for the land in question.

Now--what will happen, nobody knows.

One thing for sure, we need the site, and it will serve this town for a long time to come with plenty of room for future expansion right there, away from town and in the draw where only cattle can get along anyhow.

Y'know, we didn't look up the figures, and maybe that is what they have that land appraised for... but when asked what they thought a fair figure was for the land the railroad told \$100 per acre was the appraised value of the land.

Now--what we are wondering is, just how much do they have that land valued for on our school tax rolls?

Reckon it is valued for taxes at \$100 per acre?

"NEW" FACES GET SWEARING IN--Mayor R. L. Fleming, left, administers the Oath of Office to Aldermen Glenn Reeve Sr. and Eddie Meil, left to right, at the special meeting of the city council Tuesday night following city elections. The

trio of Fleming, Reeve and Meil all returned to their offices for another two years following results of the election. Other members of the council are Aldermen Bill Nichols, Danny Bainum and Deon Awtry.

Herring, Massie New Trustees; Fleming, Reeve, Meil, In City

Jaycees Build Track

First indications show the proposed construction of a Go Cart racetrack, sponsored by Friona Jaycees will meet with overwhelming approval of youngsters from eight to eighty in Friona.

Jarrell Wright, Jaycees president, says that last Sunday, when the club began clearing a track on the old baseball diamond north of Friona, about 20 boys came around to see what was going on and before the afternoon ended the track was in use.

All those interested in participating in competition with go-carts are urged to fill out a form found this week, or in the last issue, of the Star and return it by Saturday to the Star office.

"We hope that this project will meet the approval of the town, and the parents of youngsters who want to use their go-carts," says Wright.

Incumbents won their seats back in both the city and school elections held last Saturday and Tuesday.

D. C. Herring, up for reelection, was returned to the board of trustees of the Friona Independent School District and Meryle Massie was the new member elected in Saturday's balloting.

Tuesday a tight turnout in the city race returned Mayor R. L. Fleming and Aldermen Glenn Reeve Sr. and Eddie Meil to their respective offices for another term.

There was a field of six candidates in the race for the two seats on the trustee board of the F.I.S.D.

Hot Rods Organize

Darrell Thompson was elected president of a Hot Rod Association in Friona at a meeting in Friona Battery & Electric Shop Monday night.

About 35 local boys were present to get the new organization started toward receiving national affiliation.

Other officers elected included O'Neal Greeson, vice president; Mike Ellis, secretary; Darrell Buske, treasurer and Jobey Claborn, reporter.

First meeting was termed a success by those present and came as a result of efforts to organize and start some form of organized hotrodding on the local level.

Anyone interested in joining is urged to contact any of the officers for time and place of next meeting.

BUILDING PERMITS

The following building permits were issued at the City Hall in Friona during the week ending April 5:

Arnold Hromas--construct new residence at 507 Arrah Street at an estimated cost of \$16,400.

George C. Taylor--construct new residence at 1402 W. 6th Street at an estimated cost of \$16,500.

P. W. Hughes--move in trailer house at 208 E. 11th at an estimated cost of \$4,500.

R. L. Fleming--construct new residence at 1213 Elm Avenue at an estimated cost of \$14,000.

After discussion of the bids

Complete tabulation in this race are as follows:

Herring	155
Massie	180
Wood	102
Grubbs	30
Tatum	65
Garth	34
Flora Mae Ayers	1

A total of 288 votes were cast in this election which also saw Bill Shirley reelected to county trustee-at-large with a total of 179 votes in this school district. A total of 32 write-in candidates were written in this election.

At the City Hall Tuesday only a light turnout voted with a total of 144 voters casting ballots.

The only write-in candidates were in the mayor's race with Cayson Jones receiving 2, Nelson Welch, Bill Nunn and F. W. Reeve receiving one vote each.

Total returns were:

Fleming	156
Reeve	130
Meil	90
Scales	61

Charles was the other candidate for one of the two alderman positions on the council.

The council met in special session Tuesday following elections to canvass the election, swear in the newly elected officials, purchase a new police car, and approve ordinance 323 concerning a rezoning in the southwest part of town.

Bids on the police car were received from Meadors-Stewart Chevrolet Company of Clovis, N. M., and Friona Motors of Friona.

(Continued on page 6)

Turkey Shoot Planned

Earlier plans will be pressed shooters from Friona and surrounding area will be trying for a "Turkey" shoot planned for Saturday and Sunday at Friona Gun Club Range.

Hams will be given as prizes to those with the best eye on the targets.

Range is located one mile west and two north of Friona, or two north and one west, and will be sponsored by members of Friona Gun Club.

All participants are informed that they can either use their own guns, or those at the range for competition.

Shooting will begin each day at 2 p. m. and continue until sunset.

SANTA FE SUIT LAUNCHED-- Council Keeps Busy

With a record of three meetings, two special and one regular, from Saturday until Tuesday, members of the city council of Friona spent their weekend "in session."

Saturday afternoon council members heard several property owners air their opinions on the new paving project; Monday a regular meeting kept members busy for two and a half hours, and Tuesday night the council met to canvass election returns and swear in newly elected members for the next two years.

Saturday's meeting centered around one block of proposed paving, that block running south off West Fifth and involving property owned by Ralph Shelton, Herbert Day, R. L. Houston and L. G. Taylor.

Mr. and Mrs. Houston, along with Mrs. Taylor were present at the hearing to urge inclusion of this block in the new program. At the same time, Day and Shelton were on hand to get this block deleted from the program.

After hearing discussion from all property owners involved

the council left the block in question in the program in hopes that Day and Shelton will become convinced that the paving will help them along with their neighbors.

One block of paving was deleted at Saturday's meetings, although no property owners were around to talk about it. The council scratched the paving of one block on Summit Avenue that lies in the newly-platted hospital addition north of the highway.

Council members felt that asking property owners who have purchased lots facing west off this proposed street could not be asked to pay their proportionate share of this cost when at the time of purchase, these lots backed on an alley, which has now been designated a street.

The street will be paved, however, if the board of directors of Parmer County Community Hospital want to pay the cost of both sides of the street.

One more block was added to the program Saturday and this was Eric Street from Oak to

Jay street located south of the Loop. All the property owners along this street had signed a paving petition with one exception and the council will include this paving in the new program.

(Monday the council added 150 feet of paving onto the south end of Grand Avenue, six blocks in the Drake Addition and

approved resolutions calling for the paving of the streets included above.)

Red Smith, city engineer along with Al O'Brien of Fanning Construction Company were present at Saturday's paving hearings.

Two more citizens were pre-

sented at Saturday's paving hearings.

Two more citizens were pre-

(Continued on page 6)

New Bowling Center Association Formed

Sixty-eight persons were present at a meeting Tuesday night in the Friona school cafeteria to hear discussion and form a city bowling association to bowl at the Friona Lanes.

T. I. Burleson of the Hub Community was elected president of the men's division of the city association and Joy Hall, also of Hub, was elected president of the women's division.

Dave McReynolds of Friona was elected city secretary for the men and the women will hold a special meeting April 15 in the Fellowship Hall of the Friona Methodist Church to decide upon their choice for city secretary.

Many of the various rules and regulations were discussed at the meeting along with the question of leagues to be formed, sponsors of the leagues and other items.

Burleson and McReynolds will accept inquiries from any club, business or organization in this area that wishes to form a bowling team, or league.

Tentatively five leagues have been set out, Men's League, Women's League, Couples' League, Housewives' League and a Junior League.

More details for the organization and sponsorship of teams on these leagues will be announced as plans take concrete form.

Sponsors fee for the teams will be \$7.50 for five team members and two alternates. In many cases sponsors will choose to

furnish bowling shirts with the team's name on them. These items are in addition to the \$7.50 and a complete price list for extra items is available at Friona Lanes, phone 8711, Friona.

Prospective sponsors are asked to contact Burleson, Hub 2698 or McReynolds at Friona, 2291 or 8002.

The local city organization is attempting to affiliate with the American Bowling Congress as soon as possible.

Ed Hicks, one of the owners of Friona Lanes and the new manager, will attend a state meeting sponsored by ABC in Houston, April 24.

He will bring back complete details on the local organization plus the newly recognized junior league.

Another meeting of the city association will be held as soon as the women choose their secretary and work on rules and regulations for the local leagues.

Junior Music Department Sets Song Fest

Grade School Music Department will present the 7th and 8th Grade Girls Chorus in a program Thursday, April 14, 8 p. m. in school auditorium.

Mrs. Mattie B. Ray directs these groups.

The public is invited to attend.

Moisture Report

The following moisture was recorded at the official weather bureau rain gauge at Friona Consumers during the week ending March 30:

Tuesday	0.00
Wednesday	0.00
Thursday	0.00
Friday	0.00
Saturday	0.00
Sunday	0.00
Monday	0.00
Total for March	0.41
Total for February	0.46
Total for January	1.58
Total for Year	2.45

Rites For Fairchild Infant

Graveside services for Larry Dean Fairchild, infant son of Mr. and Mrs. Larry Fairchild of Route 1, Friona, were conducted at 3 p. m. Sunday by M. B. McKinney, minister of the Sixth Street Church of Christ.

Larry Dean, who was born at 8:20 Friday morning in Deaf Smith County Hospital at Hereford, died at 2:30 a. m. Saturday. He weighed 6 lbs. 8 ozs. He was the couple's first child.

Grandparents are Mr. and Mrs. Otis Neel and Mr. and Mrs. E. L. Fairchild of the Hub community.

Burial was in the Friona cemetery under direction of Claborn Funeral Home.

Lions Play Friday Night

Friona Lions will present their annual Spring Musical Revue Friday at 8 p. m. in the high school auditorium.

The "musical" will feature the Trebelaires, Coach Earl Smith, Sonja Wilhelm, piano quartette, and several out of town groups of talent.

Included in this array of entertainment will be the side splitting antics of the Boopsie Daisie Girls, who will present their version of a square dance.

This imposing group is composed of Glenn Reeve Sr., Tom Pruitt, Granville McFarland, Preach Edelman, U. S. Akens, Ralph Shirley, Elvie Jennings,

Marty Martinez and Bill Stewart.

The musical revue will revolve around a Negro Minstrel and a visit to the Owls Social and Hypothesis Club with Amon 'N Andy.

The show is under the direction of Danny Bainum, Alton Farr, and Andy Hurst.

Proceeds will go toward various civic projects of the Friona Lions Club.

Tickets are on sale at many downtown Friona businesses and from any Lion club member at \$1 for adults and 50 cents for students.

HOT RODDERS ELECT OFFICERS--Officers for a new Hot Rod Club in Friona were elected at an organizational meeting Monday night. The officers are pictured above, standing left to right, Darrell Thompson, president; Darrell Buske, treasurer; O'Neal Greeson, vice president; kneeling, left to right, Mike Ellis, secretary and Jobey Claborn, reporter.

EDITORIAL COMMENT

THE FRIONA

STAR

Dave McReynolds, Editor

In Farmer County \$3 Per Year Elsewhere \$4 Per Year

More Pie In The Sky

Now under consideration by Congress is a bill introduced by Representative Amie J. Forand, which if passed would bring about some revolutionary changes in the present social security program.

This idea represents a giant stride toward the ultimate socialization of the medical profession in this country. The bill is being vigorously proposed by the American Medical Association and other important spokesmen for the profession.

Naturally, the proposed liberalization of the program could not become a reality without an attendant increase in taxes to support the cost of such benefits.

Now that we have emphasized this elementary point in economics, let us go on to some other things which should be thought of when evaluating the social security program.

1951 benefits were greatly increased and self-employed persons came under the program for the first time. That point served as a good illustration of how social security has the appearance of being a very desirable program when it is first drawn up.

That sounded pretty attractive in 1951, but it doesn't sound nearly so attractive in 1960. The "windfall" appeal of social security has about reached its vanishing point and is increasing instances disillusionment is taking its place.

Social security has been defended as a good "little people's" insurance program. It is nothing of the kind. There is no contract between a person and the government.

Social security taxes are already scheduled to increase to 6% of the average working man's income and with the additional benefits which are being tacked onto the program by every vote getting politician, there is no one who can say what the ultimate outcome will be.

Council

(Continued from page 1)

ent at hearings Saturday. They were W. E. Smith and A. H. Hadley, but both just wanted to see that some particular street was included in the project, not to lodge protests.

Monday afternoon, the council met at 5 in the city hall and opened bids for a new police car; approved summer water rates to go into effect April 21; passed paving resolutions; approved lodging of condemnation suit against Santa Fe Railway Company for a sewer plant site and were open for discussion on a zoning hearing, but no persons were present concerning this particular item.

Bill Morgan, patrolman for Friona Police Department, was approved to attend a two-week identification school in Austin beginning April 17 sponsored by Texas Department of Public Safety. Chief of Police Ben Moorman told members this school would be a great help in bringing his force "up to date on latest investigational procedures."

Summer water rates for City of Friona were approved by the council beginning April 21.

These rates are the same rates the city has offered property owners and water users for the past several years. This is in an effort to encourage more grass and shrubs around the homes in Friona during the dry summer months to come.

The rates only become effective after a person uses over 15,000 gallons of water.

From 15,000 gallons to 30,000 gallons the rate will be 15 cents per thousand; from 30,000 to 50,000 gallons the rate will be 10 cents per thousand and over 50,000 gallons of water the rate slides down to five cents per thousand gallons of water used.

These rates will remain in effect until September 20.

Following a short discussion on part of Saturday's paving hearing the council approved a resolution calling for six blocks in the Drake Addition; 150 feet to the south end of Grand Avenue and addition of one block between Woodland and Ashland Street on 8th to be included in the new paving program.

This brought up the longest discussion of the afternoon--the problem confronting the city concerning finding a location for a new sewer plant.

Early last fall the city began dickering with Santa Fe RR for a piece of land (about 25 acres)

lying south of the track and east of Friona for a site on which to build a new sewer plant.

This site picked out for the land is down in the draw and is usable for only grazing.

At the beginning the railroad company offered to swap the land for the present sewer plant site (if the city would clear the present sewer plant off the land.)

This seemed fair, but upon examining the deed it was found that if the land on which the city's plant is now located is not used for a sewer plant for over a period of one year it reverts to the original owners, the Santa Fe Grain Company (a separate and distinct organization from the Santa Fe Railroad.)

(This story was carried in detail in last week's Star.)

The council then offered the railroad's appraised price for the land east of town, \$100 per acre, and this offer was refused.

Inasmuch that another suitable site is impossible to find without costing taxpayers more than was voted for this project in the bond election last fall the council authorized Richard Collard, city attorney, to launch condemnation suit, based on the law of eminent domain, against the railroad company for title to the land.

Collard is now preparing the necessary legal documents for this purpose.

Tuesday night council members met in special session to swear in new members and canvass election returns. (This story is carried elsewhere in detail.)

Council members present at the meeting this weekend included Mayor R. L. Fleming, Aldermen Danny Batnum, Deon Awtrey, Glenn Reeve Sr., and City Manager Albert Field.

Final Rites Held For E. M. Osborn

Edgar Monroe Osborn, 90, father of Sloan and Claude Osborn of Friona died in Memorial Hospital in Hope, Ark., Friday night.

Funeral services were read in Okolona Methodist Church, near Hope, at 3 p. m. Sunday with the Rev. W. H. Watson officiating. Burial was in the Weir Cemetery.

Mr. Osborn was born Jan. 11, 1870, in Corinth, Miss., and moved by wagon train with his family to Okolona at the age of 6.

He was married to Miss Laura Hare in 1893 and she preceded him in death in 1944.

To their union were born 13 children.

The Osborn family resided in Okolona until 1920 when they moved to Hope.

In 1955 he married Mrs. Fannie Boren of Okolona and moved back where he resided until his death last Friday.

He is survived by his wife, five sons--Sloan and Claude of Friona; Jesse of Muleshoe; Neil and Clyde Osborn of Hope--two daughters--Mrs. Floyd Kizzia of Delight, Ark., and Mrs. Ray Vickers of Hot Springs, Ark.

Driving along a country road, the woman noticed several line-man climbing telephone poles. "Silly fools!" she exclaimed to her companion, "they must think I've never driven before."

Papa kangaroo asked, "Where's the baby?" "My goodness," responded Mama kangaroo, "I've had my pocket picked!"

of Arkansas Mr. Osborn owned land in Friona and until his later years was a regular visitor in the Plains area.

Those attending services from Friona included Mr. and Mrs. Will Osborn, Ernest and Forrest Osborn, Mrs. Howard Ford and Chloe, Mr. and Mrs. Granville McFarland, Mr. and Mrs. Dan Ethridge, Mr. and Mrs. Bill Stewart and Mr. and Mrs. Roy Clements.

The Bible Teaches ...

that the Lord is coming (II Peter 3:10). When He will come is not known by anyone except God (Matthew 24:36). The coming will not be announced but will be like the coming of a thief in the night (I Thessalonians 5:2). Life will be going on as usual. Suddenly, the Lord will appear and every eye shall see Him. What then?

People will be divided like a shepherd divides his sheep from his goats. The righteous will go away into eternal life but the wicked will be sent away into eternal punishment (Matthew 25:46). "Therefore be ye also ready; for in an hour that ye think not the Son of man cometh." (Matthew 24:44)

IT WON'T BE LONG NOW--In the sketch above the new Friona Lanes, a 12-lane bowling center, is rapidly approaching the end of construction in Friona north of the Golden Spread Restaurant in Friona. The new building, 75x150 feet, is constructed of steel, concrete and brick and will be ready for

bowling to begin approximately May 15. The Friona Lanes will be owned by Dean Bingham, Ed Hicks and Doyle Elliott and managed by Hicks. An association meeting was held this week to organize the City Bowling Association. (See story page 1, this week.)

Scientists say the first man to reach the moon may not be able to return to Earth. Maybe he'll prefer it that way.

675 Attend Annual Stockholders Meet

Approximately 675 stockholders and guests attended the 26th annual stockholders meeting of Plainview Production Credit Association held Saturday, April 2, 1960 in the Plainview High School Auditorium. The meeting began with a barbeque lunch served in the high school cafeteria. Mrs. Inez Ferrrell furnished piano numbers while the guests were assembling in the auditorium. Henry Hayes, director from Plainview, gave the invocation.

The business session was called at 1:00 p. m. by Grady Shepard, a director from Hale Center. He introduced Riley Armstrong who in turn presented Arch Keys, Dr. Clovis Clough, Dr. Gale Siegler, and Wilmot Eaton members of the Combo Band who rendered several musical selections. L. R. Durham, President of the Board of Directors, gave the annual report from the board to the stockholders. He reported that the money loaned in 1959 was twenty seven million as compared to twenty one million dollars in 1958, and that in the same period of time the capital and reserves had increased from \$2,000,000 to almost \$3,000,000. The association showed a gain of almost three hundred new members in

1959 to make a total of approximately 1,500, and built two new field offices, one in Tulla and one in Friona, to make a total of seven offices to better serve the eight-county territory.

An election of two directors to fill the expiring terms of Grady Shepard of Hale Center and D. S. Anderson of Muleshoe was held and both these men were re-elected to the board.

A Tribute To Our Home Builders!

We used to call them artisans years ago. Today we call them home builders, which is far more embracing. The sincere architect, contractor, bricklayer, plumber, steamfitter, carpenter, lather and electrician who contributes his specialized knowledge and talent to the building of your house is, in every respect, a man of vital importance. You dream of a home. And these artisans make your cherished dream come true. Yes, we might say that they are the most important people in America. For they are building not only for today but for all the tomorrows that lie ahead. Let's be thankful our community has such home-loving builders!

WHY IS LIFE LIKE A VIOLIN?

Give up? The answer is, "Before a violin can be of any value, either as a solo instrument or in an orchestra, it must be tuned up. And before a life can be at its best it must be tuned up with God." Until we give our lives to Jesus we are like a violin out of tune. But as soon as He comes into our hearts the music is changed into sweet tunes that are pleasing to others around us--as long as we obey Him.

Scout Troop 53 Makes Conchas Trip

Last weekend a group of scouts from Scout Troop 53 in Friona visited Lake Conchas on a weekend outing under the direction of Scoutmaster L. G. Taylor and his assistant Pete Hollis.

Accompanying the boys on the excursion were Mr. and Mrs. Taylor, and Mr. and Mrs. Bill Hudson and Hollis.

Boys making the trip included Larry and Garry Moor-

man, Kenny Ford, Bing Bingham, Jency Hudson, Charles Field and Douglas Gaines.

(ED. NOTE: Upon their return the boys made a written report of their trip and these reports were given to The Star. From these stories the editor picked the following, written by Garry Moorman to tell the story of the trip.)

"Saturday our Boy Scout Troop 53 took a trip to Conchas Lake. We left at 2 o'clock Saturday evening. The towns we passed were Broadview, Bellview, Grady, San Jon and Tucumcari.

"When we got there we got our fishing equipment and went fishing and some of them went hiking. Then when we finished fishing we waited until the other boys got back from hiking.

Then we ate supper. We had hot dogs. When we finished eating we cleaned up our dishes then went fishing again. We started a fire down by the water. We didn't catch any fish that night. When we finished fishing we went back to the cabin and fixed our beds.

Pete talked to us about first aid and fires. It was about twelve o'clock before we got to bed and asleep. Durward and the rest of them played dominoes.

The next morning we got up and put on our clothes. Then we fixed our breakfast. For breakfast we had bacon, eggs and pancakes. When we finished eating we cleaned up our dishes. Then we got our fishing stuff and went on the other side of the dam.

Some of us, well all of us, fished a little while and then we went on a hike. We climbed a mountain straight up. We found a man-made cave. It was about 9 feet back in. Then we hiked to where the bridge started and saw a rock where there was a picture of an Indian carved on a rock.

Then we hiked about two miles on down. Some more boys hiked

back to camp where the cabin was. It was about five miles back to the cabin. When we got back to camp, the three boys were waiting for us. Then we cooked our dinner. We had hamburgers and Kool Aid.

We washed our dishes and then went down to fish. We fished awhile and then we went boat riding and then we packed our things and started back home. Some friends came over to see Durward. On the way back we stopped at Tucumcari and got a malt.

I had fun in the camping trip.
 -- Garry Moorman

"Why don't you play golf with George any more?" Pete's wife asked him.

"Would you play with a fellow who puts down the wrong score and moves the ball when you aren't watching?"

"No," she replies.
 "Neither will George."

Contestants Chosen For Interscholastic League

"Will you take notes, Dad? We're to discuss his speech in Journalism Class."

Dear Milly:
 Why do so many boys like to court? Then tell everyone (boys mainly) what they did on their date. The girls gets the bad reputation and the boys are in the clear.
 Wondering

Dear Wondering:
 Don't give them anything to talk about
 Milly

Dear Milly:
 Why do so many people think parking is wrong. Yet these same people who say that it is wrong do it.
 Parkie

Dear Parkie:
 The older you get the more you will realize that the world is full of different people. Too, you will find that there are many people who do not practice what they preach. The best way for you to be safe is to do what your conscience says.
 Milly

Dear Milly:
 I've started falling down in my grades. I study about the same amount, but I can't keep my mind on my studies. My boy friend offers some interference. How can I make myself study harder and bring my grades up?
 Mixed Up

Dear Mixed Up:
 Will power is the word. Which is more important the boy or the grades? It seems that you are putting the boy first. If you are worried about your grades then just tell yourself that they are going to improve and they will if you want them to be enough.
 Milly

Dear Milly:
 What do you do when a boy likes you and wants to go with you, but you don't want to go with him? That's the spot I'm in and I don't have the courage to tell him to quit walking me to class because I don't want to go with him.
 Chicken Hearted

Dear Chicken Hearted:
 The best way to solve your problem is to face facts as they really are. You are going to have to tell him sooner or later, so do it now. Let him do the facing of facts for a while. Don't be rude, but just tell him how you feel.
 Milly

BY BRENDA DEATON

What's happened to today's teenagers. Why do they zoom down the streets every day instead of doing something useful? Why, why, why? These are the questions and gripes this generation's adolescences hear everyday.

Just exactly what has happened to today's teenagers. Nothing, absolutely nothing! Every generation has gone through its different crazes or stages. Rock and Roll being this generation's great music has evidently died down. In fact, if you will notice, new kinds of songs with a different "beat" are now coming into view. In a few years Rock and Roll will be old and laughed at. Today's teenagers will be among those

laughing.

As for the great topic, teenagers wasting their time, look at the good things they do. Teens everywhere work in summer during vacations and some even have jobs after school during the school year. How many articles have you read in a newspaper about a teenager saving someone's life or completing an unusual feat? Take time to think and you will know that teenagers are rather special. We, as teens, will one day be the world's leaders. We certainly have a tough job ahead of us. Everyday we hear about new bombs, satellites, different world happenings. Rather frightening isn't it?

Teens, let's stage a campaign now, one day we may have the fate of the world in our hands and we can't simply say, "I don't need to worry, let Tom, Dick, or Harry figure the stupid problems out."

WHO'S WHO IN FHS

BY BETSY FRYE

This week's honoree is a member of the freshmen class. Her parent's are Mr. and Mrs. L. L. Deaton. She is active in band, SFC, FHA and Future Nurses club. Her honors are--nominated for FHA reporter, and first place winner in the junior declamation in this school.

Some of her favorites are:
 Sport . . . basketball and tennis
 Movie . . . "The Gazebo"
 Singer . . . Pat Boone
 Song . . . "Teen Angel"
 Actor . . . Tony Curtis
 Actress . . . Debbie Reynolds
 Subject . . . science and English
 Teacher . . . all
 Car . . . Ford Galaxy
 Pet . . . Peeve . . . hateful people
 Hobby . . . swimming and making silly scrapbooks
 Her future plans are to attend a good college. The honoree is Brenda Deaton.

Personality Of The Week

Dean Nazworth, a junior boy, has been chosen as having the best personality of the week. As follows are his ideas of what a ideal girl should possess. Put these ideas together and see if you are a ideal girl.

Friendliest Judy Smith
 Most Courteous Donna Elackburn
 Most Influential Cynthia Caffey
 Neatest Sue Baxter
 Most ambitious Adabeth Akens
 Best attitude Janet Buckley
 Most honest Jacquelyn Magness
 Wittiest Sandra Hoover
 Smartest Kay Struve
 Sportsmanship Lawana Houlette

Seniors Visit PAMC

Six-thirty came very early for ten of Friona's High School Seniors, Tuesday. The seniors accompanied by Alton Farr, superintendent, and Baker Duggins, counselor, traveled to Panhandle A & M College at Goodwell, Oklahoma, to attend the Fifth Annual High School Career Day.

High school seniors from schools in Texas, Oklahoma, Kansas, Colorado, and New Mexico attended the all day meeting. After registration at 10:00 A. M. the students attended various meetings of the different fields offered at P. A. M. C. Lunch was served in the gymnasium where several contests were held and a short talent show was conducted. After lunch students again met with various groups concerning careers. The members of the college speech, dramatics, and music departments presented an operetta entitled "Oklahoma."

Students making the trip were Ronnie Wood, Owen Drake, Kenneth Harrington, Gary Goetz, Gary Bradley, Jackie Hight, Charles McKenzie, Lawana Houlette, Jacquelyn Magness and Geneva Floyd.

Students Take Heed!!

A recent siege of candy wrappers in the halls has taken Friona High School. It is a thing that is going to have to be taken care of by the students, and if measures aren't taken by the student body to prevent this menace the Student Council and the School Officials may remove the candy machine from the hall. A word to the wise!

Grounded!
 Joe: My girl's father doesn't like me.
 Jake: Oh, what grounds does he object to you?
 Joe: On any grounds within ten miles of the house!

GETTING A GOOD START--This week is National FHA Week. Shown above are 3 girls who are future homemakers. They are Ada Beth Akens, Mikie Welch, and Carol Coffey.

Friona FHA's Celebrate FHA Week

FHA Week is here again! The annual event is being held April 3-9. FHA girls are getting points for every day of activities.

Sunday, April 3, started the week with everyone attending the church of their choice.

Publicity day was Monday, April 4, as proclaimed by posters in the halls of old FHS.

Tuesday, April 5, was community day. This year a needy family was given a basket of food.

The families were given special treatment, Wednesday, April 6. This day was set aside for them.

The annual salad supper will be held tonight with the mothers and five other chapters as guests.

Friday, April 8, FHA will be launching a cleanup campaign for the building and campus.

Fish Plan Bake Sale

BY BRENDA DEATON

Pies, cakes, or cookies anyone? If anyone would like to have some of these delicious goodies just go by the Bi-Wize Drug or Piggly Wiggly store Saturday, April 16. The freshman class are having a bake sale at this time and extend an invitation for everyone to come by and browse around and perhaps purchase a cake or two.

At the freshman class meeting Friday, March 25 the bake sale was discussed and a publicity committee appointed. Those on the committee are: Martha Knight, Greta Mears, Cordelia Parr, Pat Barker and chairman, Brenda Deaton.

A treasury report was also given and it was learned that the "fish" class now have a little more than the five dollars they started the year with.

COMPETING IN DISTRICT MEET. The above shown students are contestants in the district literary Interscholastic League meet to be held in Canyon Saturday.

Beauty Contestant Selected

BY CLARE SAVAGE

The students of FHS have a beauty queen on their hands. Janet Smith was selected by the FHA's to represent this school at a beauty contest. The contest to be held April 28 in Hereford is sponsored by the Deaf Smith County Electric Co-operative.

The winner at Hereford will travel to Houston for the state contest.

JANET SMITH

The rules for the contest are: the parents must be served by the Deaf Smith County Electric Co-operative and must be members, and the girls must be 16-22 by February 1961 and single.

The students and faculty feel that Janet will represent the school successfully.

Band To Enter Contest

BY VIRGINIA FULK

The Friona High School concert band will travel to Canyon, April 14, to participate in the annual contest.

They will play in the Fine Arts building on the campus of West Texas State College. Playing time is 9:40 a. m. They will play: "LaBanda Nascente March" by Shracchia, "If Thou Be Near" by Bach, and "Green Acres Overture" by Norrissey.

They will travel to Canyon on school buses and return to Friona by 4:00 p. m.

There are 61 members in the band and they are directed by Frank Smith.

Parody

I think that I shall never see
 A boy who quite appeals to me.
 A boy who doesn't always wear
 A coat of grease upon his hair.
 A boy who wears his shirttail in.
 And doesn't have a silly grin.
 But boys are liked by fools
 like me.
 And who on earth would date a tree?

Question of age
 Teacher: How do you think Americans feel about education?
 Student: Which generation?

Seniors Have Meeting

BY FAYE SCALES

What shall the seniors leave to dear old FHS? This was a topic of discussion when Friday, March 25, the seniors met in Mrs. Truitt's room to discuss new and old business.

Jimmie Bainum, vice-president, called the meeting to order. A committee was appointed for the seniors to decide what they are going to leave the school as a gift. This committee consisted of Adelle Smith, Jenny McCathern, Phyllis Bainum, and Carolyn Wines.

The seniors are planning on another Service Station Day. Jimmie Bainum appointed a committee for this project. The committee consists of Don Clements, Ronnie Castleberry, Levada Hand, Geneva Floyd, and Bill Taylor.

Judy Smith, class treasurer, read off the names of the seniors who still owe money to the senior class. The meeting was adjourned at 12:15.

Stork's Lark

- Birthday's for the month of April are:
- Glendel Jones 3
 - Levada Hand 4
 - Cleatus Rhodes 4
 - Iva Ben Parr 5
 - Dolores Spivey 7
 - Tommie Lewellen 10
 - Janette McLean 12
 - Brenda Collier 13
 - Larry Elmore 14
 - Gwen Green 14
 - Ranza Boggess 14
 - Ann Baxter 17
 - Connie Ray 17
 - Carolyn Baxter 18
 - Erma Drake 18
 - Rex Bracken 21
 - Aubrey Carlton 21
 - Janette Johnson 22
 - Billy Loanman 22
 - Roy O'Brian 23
 - Wanda Ready 30

Here's some advice for these people: Be alert for friends who dote on playing practical jokes. By pass the purchase of impractical items which you have no immediate use.

Tidbits

BY BRENDA DEATON

With all the talk about outer space and the Russians possible lead in missiles these might interest you:

Are they in for a surprise! Invading Martian to cactus plant: Better speak up! We have ways of making you talk earthman!

It's a secret!
 Do you know that our spies are going to let the Russians in on our secrets? Why? Well, because after these intellects steal our secrets and put them to use, they'll know what it's like to be two years behind in everything!

Chiefs Run Away With Dimmitt Meet

BY LUTHER METCALF

On Monday afternoon March 28, the Chiefs went to Dimmitt to participate in their first track meet of the season. Participating schools were Friona, Dimmitt, and Hereford.

The Chiefs made more points than Dimmitt and Hereford together having nine first places and seven second places. The following are the events and how we placed:

100 yd. dash--Floyd Reeve 1st--Connie Ray 3rd.
 220 yd. dash--Robert Houlette 2nd.
 880 yd. dash--E. C. Wilson 1st--Lee Gibson 2nd.
 Mile run--Charles Ray 1st--Robert Houlette 4th.
 Low hurdles--Connie Ray 1st--Floyd Reeve 2nd.
 High hurdles--Butch Barker 1st--Tommy Sanders 2nd.
 440 relay--1st place.
 Mile relay--2nd-3rd.
 High jump--Gary Bradley 1st.
 Broad jump -- Gary Bradley 2nd.
 Shot put--Gary Bradley 3rd --Tommy Massey 4th.
 Discus--Kenneth Harrington 1st--Gary Bradley 3rd--Tommy Massey 4th.
 Pole vault--Gary Bradley 1st--Gary Snead 3rd.
 The boys are going to the Sandies relay this coming Friday.

Representatives Attend Conference

BY BRENDA DEATON

Four students from FHS and their sponsor, Mr. Cook attended the 24th annual conference of the Texas Association of Student Councils at Amarillo, Thursday, March 31 through Saturday, April 2. The four were: Bob Sanders, Adabeth Akens, Kay Struve and Robert Houlette.

These people left for Amarillo after school Wednesday, March 30 so they could arrive at the conference in ample time for registration. During the three days in which the conference took place FHS's representatives attended several different discussions groups and also conducted one themselves. The topic Friona's representatives led was "In what ways can the student council help to keep the school and campus clean and attractive?"

Among the discussion groups FHS's representatives attended the topics of improving handbooks and problems of student council sponsors and leader's were discussed.

FHS's representatives have come back with new and many ideas to improve this school.

BY JANETTE JOHNSON

Excitement is rising in Friona High School as the time for the annual Interscholastic League meets draws near. Canyon is the place and Friona's outstanding students are among the contestants competing at the district meets to be held at the Canyon High School Building on Saturday, April 9, beginning at 9 a. m.

Chosen to wave the red and white colors of Friona High School at the district meets in Journalism are Judy Smith and Janette Johnson; in Declamation junior and senior girls' and boys' divisions are Karen Turner, Brenda Deaton, Joe Ayers, and Gary Jackson; in Slide Rule are Charles McKenzie and Adelle Smith; in Typewriting are Cynthia Caffey, Karen Treidler and Neida Douglas; in Spelling are Janet Smith and Susan Perry; in Ready Writing is Charles McKenzie; and in Poetry Reading are Jimette McLean and Tommy Roberts.

The student body wishes all the contestants the best of luck and hopes they will come home with more honors for "Dear Ole FHS!"

Track Boys Run Sandies

The Friona track boys went to Amarillo on Friday and Saturday to enter the annual Sandie Relays. The following boys entered as contestants: Kenneth Harrington, Tommy Massey, Tom Barker, Connie Ray, Charles Ray, Gary Bradley, Owen Drake, Lynn Baxter, Gary Snead, Lee Gibson, E. C. Wilson, John Miller, James Perkins, Billy Scales, Jackie Hight, Tommy Sanders, Floyd Reeve, and Jimmie Bainum Mgr.

Tom Barker got to the semifinals in the high and low hurdles. Ray made the semifinals in the low hurdles. Gary Bradley was the only one to place for Friona as he tied for second, third, and fourth.

The net men and women also went to the relays to try their skill. Entered in the girls doubles were Gwen Green and Tommy Lewellen, entered in boys doubles were Ronnie Castleberry and Dean Nazworth; in the boys singles was Ronnie Wood.

Although Ronnie Wood and the girls tennis won their first two matches, all three tennis teams were beaten out in the third round at the tournament. The boys doubles team drew a bye in the 1st round and then a forfeit to advance and then to the 3rd round.

One-Act Play Goofs

The one-act play cast came home Monday night with no honors to show for their efforts except the fact of knowing that they had done their best. They presented the one-act play in Canyon on April 4, along with Hereford, Canyon, Tulla, and Dimmitt. The host town placed first with Tulla coming in as alternate. Dimmitt received Honorable Mention. Though Friona did not place she did, as usual, her best.

Going backward?
 Doctor: And what is your age Madam?
 Patient: I never tell my age, but as a matter of fact I just reached twenty-eight.
 Doctor: Really? What detained you?
 Double exposure
 Owen, to her friend at a new wide screen movie:
 Let me know if anything exciting happens on your side.
 Can't make the grade
 Timmy (handing his father his report card):
 Maybe I should try some other line of work?

Too much disputing puts the truth to flight Never injure a friend, even in jest

Lazbuddie Is Runner-Up At Hale Center Meet

The Lazbuddie Longhorns, led by Derrell Jennings, fell behind in the last event to finish second to the Class A Sundown in the Hale Center Invitational Track Meet. There were 32 teams from Class AA; A; and B which brought 481 boys to the meet. Sundown finished ahead of Lazbuddie by a 63 to 58 score.

COUNTING NOSES!—Betty Cunningham has been counting noses in Friona during the past few days for Uncle Sam's census. Mrs. Cunningham says the work will take another week possibly to enable the counters to go back and check on those homes which were unoccupied during the first visits. All citizens are urged to have their blanks filled out when the census takers arrive to help them along with this job.

to 58 score. Jennings had 21 points of the 58 points Lazbuddie received. Jennings tied for first in the high jump with a leap of 6'0". Jerry Glover placed third with a jump of 5'10". Jennings also placed third in both the 180 low hurdles and 120 high hurdles.

The 440 relay team composed of Jerry Weaver, Fred Savage, R. L. Porter and Bill Hardage came in second behind Plains. The mile relay team composed of Cooper Young, Fred Savage, R. L. Porter and Bill Hardage came in third behind Sundown and Crosbyton. Fred Savage placed fourth in the 100 yard dash with a time of 10.4 (10.2 won the event). Others making the trip were Gerald Koelzer, Shot and discus; Terry Darling, 880 Run; and Thomas Ketchum, Manager. Only nine of the 17 members on the Longhorn track squad made the trip. The Longhorns will be in Happy next Saturday, April 9 to defend the District title which they won last year.

Kar Klub News

BY JOBEY CLABORN

A meeting was held in Friona Battery and Electric Monday night at 7:30. There were 39 present. Johnny Wilson was recognized as sponsor and officers were chosen by those present. They are as follows: President, Darrell Thompson; vice president, O'Neal Green; secretary, Mike Ellis; treasurer, Darrell Buske; reporter, Jobey Claborn. The president had an open discussion on the price of club dues. It was decided to set the club dues at \$10 per year. Some of the rules for the club are: (1.) Each member must hold a valid driver's license. (2.) Every one must pay dues on time (by May 1st). (3.) Must pay a penalty for getting a ticket or any violation. There will be a more thorough discussion on rules at the next meeting. Meetings will be the first and third Mondays of each month. Anyone meeting the qualifications is invited to join. The next meeting will be held April 18.

When You Really Need a Friend

Johnny's crackup is only a ten-minute tragedy. Grown-up accidents are tougher. When you have an automobile accident, you need more than a few comforting words and a pat on the head.

You need someone to see that you're protected in the event of staggering lawsuits . . . help you get prompt, fair payment for damage to your car . . . take care of all the details involved in filing reports and settling claims. Someone on your side. That's why most people buy insurance through an inde-

pendent agent rather than from an insurance company employee. They know that most of the oldest, strongest and best-known fire and casualty companies sell insurance only through independent agents.

Be sure now that you'll have friendly, professional insurance help when you really need it. Look for this Big "I" Seal when you buy insurance. To display it, we have had to meet professional standards designed to protect you.

Walking through a field with his girl, Frank saw a bull charging toward them. He grabbed his girl and beat a hasty retreat. "Why, Frank dear," she said when they reached safety, "I thought you told me you'd face death for me."

"I would," he replied, "but that bull wasn't dead."

Present Hawaiian Look*

(NO. 1) SPRING FASHION SHOW NARRATOR--Mrs. Hollis Horton Jr., president of the Progressive Study Club, was the narrator at the spring fashion show in the auditorium recently.

(NO. 2) SURE SIGN OF SPRING--With spring comes banquets, graduations and other occasions demanding new formals for young ladies. Daris Bingham models one of the many styles available at Ware's.

(NO. 3) VACATION CLOTHES FOR YOUNG MEN--Floyd Reeve and Gary Sneed model ideal vacation clothes from Hurst's. They are wearing sailor caps, musclemanshirts, beachcomber pants and thongs.

(NO. 4) BROTHER AND SISTER OUTFITS--Tippy Nunn and Cindy Ingram are shown here as they modeled brother and sister outfits for Foster's. These are available in several styles and fabrics.

(NO. 5) CARRYALL BAGS ARE A MUST--Any time a young lady dresses for an outing, a large carryall bag is a must. Judy Taylor is shown wearing a sports outfit from Jarrell's.

(NO. 6) LET'S GO PLAY IN THE SAND--Ideally dressed for a play session at home or elsewhere are these costumes modeled by Beth and Jay Jordan. Cotton playsuits go well with sand pails and are for sale at Hurst's Department Store.

(NO. 7) EVERYBODY'S WEARING THEM--Even though we don't live near the beach, sport togs similar to the ones being worn by Lark Jarrell are good for summer outings. This outfit, complete with thongs and hat, is available at Jarrell's 5 & 10.

(NO. 8) WHEN IS THE EASTER PARADE? This question is probably being asked by Jill Meil, young daughter of Mr. and Mrs. Eddie Meil. She modeled a dressy costume of red and white cotton and organdy from LuNora's. With it she wore white shoes and red socks.

(NO. 9) TAKE YOUR PICK--How do you like your hair done? These three young ladies model hair styling done by Hayden Cason at Mary Lou's Beauty Shop. They are Pattijon Talley, Gay Welch and Cindy Lu Cason.

MRS. EDWARD H. EUSTACE

Loleta O'Brian And Edward H. Eustace Wed

In a double ring ceremony in the study of the Second Presbyterian Church at Alexandria, Va., at 7 p. m. on March 18, Miss Loleta O'Brian, daughter of Mr. and Mrs. Kenneth O'Brian of Friona, became the bride of Edward H. Eustace of Williamsburg, Va. Rev. Benjamin A. Lynt read the wedding vows. The bride wore a blue suit of sheer wool with white accessories. She carried a bridal bouquet of orchids atop a white Bible. She was attended by Miss Pat McGuigan of Pittsfield, Mass.

Windell Stone of Kalamazoo, Mich., served as best man. Friends and relatives attending the wedding were Mrs. Charles H. Medlock of Williamsburg, mother of the groom; Miss Beverly Eustace, also of Williamsburg, sister of the groom; Mrs. D. C. Carter and children, Alice and Gene, Miss Woodie Williams and Miss Linda Jo Freeman all of Washington, D. C.

Also Miss Geri George of Provo, Utah, SP/4 Gene Orina, PFC Jerry Chandler and PFC Botcher all of Fort Belvoir, Va.

Mrs. Eustace, a 1956 graduate of Friona High School, attended Draughans Business College in Lubbock and was employed in that city several years before going to Washington, D. C., where she is an employee of the Navy Department.

Eustace has recently been released from the U. S. Army after being stationed at Fort Belvoir, Va. Mr. and Mrs. Eustace will live in Alexandria, Va.

Annual Spring Fashion Show Presented By Federated Clubs

"A Portrait of Hawaii," the annual spring style show was presented Friday evening of last week in the auditorium. This event is sponsored annually by Friona's federated clubs, The Progressive Study Club, The Modern Study Club and The Friona's Women's Club.

in and around FRIONA

WITH JUNE

Mrs. Floyd Reeve offered a suggestion that all persons interested in providing cover for quail might be interested in. At this time of year many people are cutting back and trimming trees all over the community. These cuttings and trimmings would provide excellent protection for quails if they were hauled to the right places instead of being hauled to the dump ground or burned. It is going to prove real interesting to watch the quail program during the next few years. The Floyds have thoroughly enjoyed watching one or more coveys on the Frion Draw for the past several years.

Our personal apologies this week go to an unknown person. Just hope he reads this column. One morning recently the telephone rang and a man asked for Editor Dave McReynolds. After informing him Dave was not in and that a note would be left for him to call upon his return, a noise in the dark-room was heard.

Upon checking it was learned that an error had been made as Dave had been there all the time. Immediately we put in a call to Baker Duggins and informed him of the error. It was then that we learned of the second error.

The man that called first was not Baker Duggins, nor was he anyone whose voice we could identify. Consequently it was impossible for Dave to call him.

While on the subject of errors, we made another blaring one last week. The big difference in the two incidents is that we know who to dodge to keep from having to take a razzing due to the second error.

Jack Patterson stopped by the office Friday afternoon and gave us a message to be relayed to the editor. The Pattersons had invited the McReynolds family to their home for a quail supper and all there was missing was a time for the supper. Jack left word concerning the time. When the message got to Dave the time was correct, but the

evening of the supper had been changed from Saturday evening to Friday evening. After a few telephone calls and one trip the quail supper finally came off according to schedule.

A long time ago we read a statement made by some prominent educator that all superstition was ignorance. Of course, none of us likes to admit that he is ignorant, so we've worked at not being superstitious and at the same time been interested in the origin of superstitions.

The most recent addition to our collection of items concerning superstitions goes like this: "While many people claim to have no superstitions, it is commonly acknowledged that breaking a mirror is bad luck.

To prove for its employees' peace of mind that there is nothing to this superstition, the management of a mirror manufacturing company has been keeping tabs for the last fifty years on what, if anything, had happens to any one of them who breaks a mirror while at work. NOTHING EVER HAS!"

Hope our readers enjoy the following poem as much as we did.

He worked by day
And toiled by night
He gave up play
And some delight.
Dry books he read
New things to learn
And forged ahead
Success to earn.
He plodded on
With faith and luck
And when he won
Men called it luck!

If a lesson is to be derived from the following incident, perhaps it should be "Perseverance Pays." Recently Mike Riethmayer, son of the High Riethmayers, went home from church with a friend on a Sunday night to spend the night. Monday morning his mother, thinking of the condition his best shoes might be in after a day of school, put his boots in a paper bag and sent them to

clubs, The Progressive Study Club, The Modern Study Club and The Friona's Women's Club.

Clothing and accessories from local stores were modeled by local models. Stores cooperating in the show were Ware's, Hurst's, LuNora's, Jarrell's and Foster's.

Mrs. Hollis Horton Jr., president of the Progressive Study Club was the narrator. Decorations were in keeping with the island theme.

the school house for Mike to put on.

Later in the day she stopped at the school house to pick up the shoes. Mike told her that he had put them in the sack and placed them near the wastebasket. Upon checking the wastebasket, Mrs. Riethmayer found that it had already been emptied.

She went immediately to the office of Tom Jarboe, principal. After making an investigation, Jarboe informed her that the trash truck had already made the daily collection and that probably the shoes had been burned or were at the city dump ground.

In her efforts to recover the shoes, Mrs. Riethmayer made a trip to the dump ground and didn't find any shoes. Then she checked with the driver of the trash truck. He didn't have Mike's shoes, but told her that another city employee on the truck had found the shoes and decided they were too good to be burned so took them home with him.

Next she went to this employee's house and inquired about the lost shoes. This trip proved fruitful and by the time Mike got home from school his mother and the shoes were there, too.

Girl Scout Notes

Girl Scout troop 144 met Monday afternoon. Work was started on Easter centerpieces. They will be finished next week. Last week Mrs. Marie Carroll, our school nurse, gave a lesson on first aid.

This week there were 15 girls present. Refreshments were served by Donna Shackelford.

-- Vicki Moorman, reporter

HAWAIIAN FOUNTAIN HIGHLIGHTS DECORATIONS--This Hawaiian fountain backed by greenery served as the highlight of decorations for the style show presented in the auditorium recently. Pictured here is Mrs. Claude Miller, who served as chairman of the decorating committee.

Kinsley Past Matrons Meet In Russell Home

Members of the Kinsley Past Matrons Club met in the home of Martha Russell and Mrs. Lem Miller Friday afternoon for their regular monthly meeting.

Florence Guinn, president, directed the business session. Sarah Ann Miller based her devotional on the 39th Psalm.

Roll call was answered with each member repeating a Bible verse.

Those present were Pearl Kinsley, Vera Bainum, Mary Ginsburg, Ethel Chitwood, Bessie Boggess, Florence Guinn, Sarah Ann Miller, Faye Southward and the hostesses.

Refreshments were served. The next meeting will be May 6 in the home of Mary Ginsburg.

It's A Boy For Lindemans

Mr. and Mrs. Homer Lindeman became parents of a baby boy at Parmer County Community Hospital at 1:30 p. m. Saturday, March 26. He weighed 8 lbs. 13 ozs. and was named Ted Kirk.

Older children of the couple are Russell Lee (Rusty), 6, and Connie Sue, 3.

Party Fetes L. Norwood

Mesdames Dan Ethridge, Bill Stewart and Frankie Allen honored Lois Norwood with a surprise housewarming in her home Friday afternoon of last week.

Following the presentation of gifts, refreshments were served by the hostesses.

Those present besides the honoree and hostesses were Mesdames W. B. Norwood, Lerroy Blaylock and children, Lygia Ann, Toren and Mike, Hugh Blaylock, Charles Allen and Flake Barber;

Also Mesdames J. H. Wise, Dorothy Hough, Kenneth Strickland, Frank Spring, Forrest Osborn and Howard Ford;

Also Eida Hart and Chloe Ann Ford.

STEVICKS RETURN

Mr. and Mrs. Glen Stevick and daughter, Sally, have returned home after spending about three weeks in Dallas. While there Sally had heart surgery. Her condition is reported to be much improved.

McLELLAN HAS SURGERY

Joe McLellan, son of the Leo McLellans, underwent surgery at St. Anthony's Hospital in Amarillo Monday. Latest reports from family members indicate his condition is satisfactory.

Mr. and Mrs. Troy Kemp and children, Greg and Sandra, of Lubbock were weekend guests in the homes of Mrs. Kemp's parents, Mr. and Mrs. E. E. Sparkman, and other relatives and friends.

Mr. and Mrs. Kenneth Poss of Plainview were weekend guests in the home of Mr. and Mrs. W. L. Edelman and Mrs. Mary Officer, Mrs. Poss is a daughter of Mrs. Officer and sister of Mrs. Edelman.

Mr. and Mrs. Robert Carlton of Memphis visited in the A. L. and W. L. Carlton homes during the weekend.

Patsy Anthony To Convention

The 25th annual convention of the Texas Dietetic Association will convene in Fort Worth Wednesday through Saturday of this week. Dr. Mina Lamb, Texas Tech professor and head of the department of foods and nutrition, will be on the program.

Students of Texas Tech participating include Patsy Anthony, junior from Friona. Miss Anthony, the daughter of Mr. and Mrs. A. W. Anthony Sr., is a 1957 graduate of Friona High School.

Rebekahs Host Family Social

About 60 persons attended a social at the American Legion Hall Saturday evening. Hosts were members of Friona Rebekah Lodge #308. Guests were husbands and families of the members.

After a family style supper of ham, salads, pie, coffee and tea, the evening was spent playing games.

Black News
BY BETTY LEWELLEN

The Black Home Demonstration Club will meet Thursday, April 7, at the Black Community House. The hostess will be Mrs. Clyde Hays, and the program will be about family insurance.

The Boy Scouts of Black Troop 54, met at the Black Community House on Monday night and those present were Tommy Tatum, Tommy Sherley, Dean Nazworth, Clyde Whitaker, Jim and Ray Braxton, Coy Patton and Ellis Tatum were the leaders present.

The boys wish to "Thank" every one who attended the steak supper and the ones who helped in every way to make it a success.

The boys are still selling subscriptions to the Friona Star, so let's every one contact them when we subscribe for the Star.

Mr. and Mrs. Roscoe Ivie had Sunday dinner guests, among them were Mrs. M. J. Ivie from Amarillo, Mr. and Mrs. E. L. Silvertooth and Judy, and Frieda and Susan Floyd. Mrs. Helen Fangman visited Sunday afternoon in Hereford in the home of Mr. and Mrs. Mat Jesko.

Mr. and Mrs. H. H. Elmore are home from a trip to Glenrose, Texas. They returned Friday.

Mrs. Ellis Tatum's mother, Mrs. Molly Dillingham, and sister Mrs. Frank Dillingham were visiting Thursday night and Friday in the Ellis Tatum home.

Mrs. Helen Fangman attended an all day meeting in Hereford, of the Deaneery Council of Catholic Women last week.

Mrs. Helen Fangman visited in the home of Mrs. Susie Jesko in Farwell last week.

Mr. and Mrs. Nelson Coon and boys spent the weekend in Throckmorton visiting Coon's mother. She returned with them for a visit.

Judy Barnett is home from college this week due to illness; we hope she is a lot better by now.

Last week Mr. and Mrs. Travis Stone and family were in Slaton for the 80th birthday of Mrs. Stone's grandmother, Mrs. Mattie Hinson.

An all day painting party was held at the Black Community House last Friday. Those attending were Mesdames A. H. Boatman, Helen Fangman, Dick Rocky, T. J. Presley, Paul Boyle, Lester Dean, Bertie Meyer, Leona Wolfe, E. R. Day, M. B. Buchanan and Hostesses Mrs. Bill Carthel and Mrs. Travis Stone.

Mr. and Mrs. Pat E. Deaton of Houston have a new son, Shon Patrick, born March 25. Grandparents are Mr. and Mrs. K. E. Deaton and Mr. and Mrs. D. C. Allman of Hereford.

Mr. and Mrs. Bill Wigley were home visiting Mr. and Mrs. K. E. Deaton on March 26. The Wigleys are from Artesia, New Mexico.

Mr. and Mrs. R. E. Sneed and Jimmy, Mr. and Mrs. Monk Hand and grandson, Phillip Hand from Friona were guests in the Ralph Price home Sunday.

Mr. Dewey Duncan has returned from the Veterans Hospital in Amarillo where he underwent back surgery.

Mrs. and Mrs. Evert Balls have moved in their new home south of Black.

Mrs. and Mrs. J. R. Braxton have just returned from Houston where they attended the Texas Grain Convention. They enjoyed staying in the Shamrock Hotel

Time Runs Out On Exams

Postmaster Leo McLellan has recently been advised by the United States Civil Service Commission that April 7 is the closing date for applications to be accepted for the position of Clerk-Carrier.

Although there is no position vacant at this time it is necessary for local post office officials to establish a list of persons eligible for a position in the future. The entrance salary is \$2 per hour.

McLellan emphasizes that anyone interested in a position in the future must make application before the closing date. He further states, "At the present time we have no male applicants and would like to encourage men interested in a position in the future to make application as soon as possible."

News From RHEA

MRS. FRANKLIN BAUER

The Barbeque supper held at the Parish Hall Friday night by the Rhea HD club was well attended.

After the supper the film "Arctic Adventure" was shown. Mr. and Mrs. Robert Schueler and Robert Jr. returned Friday from an extended vacation to the Eastern states.

Mr. and Mrs. Melvin Sachs and family and Mrs. Chris Goetz are visiting in Austin with Mrs. Sach's and Mrs. Goetz's mother who is ill.

Darla and Danny Garber are on the sick list with the mumps. Steven and Carla Beth are recovering from the mumps.

Mr. and Mrs. Walter Schueler and family visited in Sudan Sunday with Mrs. Schueler's parents, Mr. and Mrs. Woolever.

The Cordie Potts family and Jim Schlenker enjoyed the beautiful weather Sunday by having a picnic at "Cottonwood Grove."

Janice Goggans of Friona spent Friday night visiting with Connie Schlenker.

Mrs. Floyd Schlenker will return from California about April 12. She has been spending the past several months in California with her daughter.

Carlene Schlenker spent Friday night and Saturday visiting with Vickie Schueler.

over the weekend. Mr. and Mrs. S. M. Coke of Yakima, Washington; Mr. and Mrs. J. L. Coke and Mr. and Mrs. Donald Wright and family of Dimmitt; Mrs. Maureen Coke of Canyon; and Mr. and Mrs. Alton Whitworth of Amarillo were all guests in the home of Mr. and Mrs. Jim Buckley and family, for a reunion on Mrs. Buckley's side of the family.

Mr. and Mrs. Bill Carthel and family went to Palo Duro Sunday.

Mr. and Mrs. Coy Patton were in Amarillo Saturday visiting Mr. and Mrs. Jimmy Patton and daughter.

THE HIGH PLAINS FARM AND HOME

Vegetable Farmers Plan Year

With market prospects continuing poor, vegetable farmers in the Friona and Bovina area will plant in excess of 375 acres of potatoes and 500 acres of cantaloupes.

According to Otto Ables, who is promoting vegetable raising in the Bovina area, some of the larger cantaloupe growers in that vicinity are Billy Marshall, Levi Johnson, John Lorenz, Vernon Estes and Mark Charles.

Vernon Estes, who farms 5 miles west of Bovina, says he will plant about 20 acres of cantaloupes. This will be his

first year with any kind of vegetable farming.

"When I start, I'm going to stay in it," Estes feels sure he will continue to raise cantaloupes, although he doesn't plan to have any other vegetable crops.

He says most area cantaloupe farmers make about \$100 to \$200 an acre on the crop. Estes thinks the crop will not render too large an income, but will be a stable one.

"I intend to pasture them out with sheep if they don't pay."

"We're going to grow a few

cantaloupes this year," says Bob Wilson, a neighbor of Estes.

"I guess we'll plant about 40 to 50 acres." This will be Wilson's third year at raising cantaloupes.

He says that local growers around Bovina will raise from 500 to 600 acres of cantaloupes this year.

During his two previous years at farming the melons, Wilson's gross income from the crops has exceeded that of his maize crops.

"This area has the potential of becoming a big growing area. The lack of humidity makes it a

good climate for raising cantaloupes," Wilson explains that humidity will cause the melons to mildew and increases danger from diseases.

"Cantaloupes are an easy crop to grow and you don't get too much money involved," he says the crop is inexpensive to plant and cultivate.

Wilson says the reason for himself and many other growers getting in the cantaloupe farming business is that the

underground water will not last forever if it is continually used to grow cheap maize. He feels it is a new crop to replace milo.

He says nearly all farmers raising it have a larger gross income than their milo.

One Bovina man, A. L. Hartzog, is going into a mixed vegetable program. He will raise potatoes, peppers, cantaloupes and several other crops.

"We've got about 325 acres planted and have about 50 left to go," says Kenneth Neill, manager of Friona Growers and Shippers, about the potato situation in the Friona area.

Although planting has not been started for any other crop, the association will have about 300 acres of carrots and some cabbage and lettuce.

Neill reports that there will be no onions grown in the area this year.

in several years, and Baker officials point out that the future for castor bean production in this country appears good.

Company men included Dr. Wayne Domingo, director of oilseeds production division; Dr. Don Van Horn, geneticist; and John Anderson, field representative.

Anderson presented most of the program. A discussion on castor bean production was held, during which Anderson said castor beans have been grown commercially in the U. S. only 13 years. Today, still more than 85 per cent of the domestic re-

quirements are imported. The High Plains appears to be well adapted to castor bean production, it was pointed out.

As a result, about 40 per cent of the nation's production is around Plainview. Some beans were grown at Clovis and Tucumcari last year.

"We are a long ways from a surplus condition in the castor bean industry," declared Anderson.

The average yield in the Plainview area last year was 1800 pounds per acre. "Yields of 2500 pounds are not at all uncommon," says Anderson.

Cotton Meeting Booked At Hub

The annual spring cotton meetings are at hand, and the first one will be next Wednesday (April 13) at the Hub Community Center in central Parmer County.

Joe Jones, Parmer County agent, has arranged the meeting, which will start at 2 o'clock in the afternoon.

Fred Elliott, cotton work specialist from the Extension Service, will be a headliner speaker, as well as John Box, Extension agronomist.

To be discussed will be the irrigation of cotton, fertilizing cotton on the Plains, varieties, production practices, harvesting, and marketing of cotton.

"Farmers will be interested in hearing the discussion on flame cultivation, pre-emergence spraying for weed control, and post-emergence spraying with Dicyl for weed and grass control," says Jones.

Also to be touched on are lateral oiling, and using Dowpon for control of Johnson grass in cotton.

"These two specialists are

familiar with this area and will bring us the latest research information on cotton production," points out the county agent.

"Mr. Elliott was raised at Lubbock and Mr. Box spent several years on the experiment station at Lubbock."

THE PARMER FARMER

By W. H. Graham, Jr.

V. R. Jordan is one of hundreds of Parmer county area farmers who are watering their wheat and other crops. At present, Jordan is irrigating his wheat and plans to water all his land if he has time. He farms south of Friona. Jordan uses an eight-inch well to irrigate his 189 acres of wheat. He also has a little cotton and will have about 560 acres of maize. He has been on his present farm since 1950. He came to this area over 40 years ago. Vernon Estes, who farms north of Bovina, says he is now watering his wheat and will also irrigate the rest of his land if he has enough time.

There is probably no crop better suited to production on the irrigated High Plains about which there exists less knowledge of by the average farmer than sugar beets.

However, we are predicting that sugar beets is a commodity which we are going to be hearing a lot of in the next year or two. The main reason for this prediction, of course, is because of the deterioration of relations between this country and Cuba, the United States' principal source of sugar. In the last twelve months, since Fidel Castro has been exhibiting such crass disregard for our nation, a number of interesting aspects concerning sugar have come to light.

Things that have not been known by the public are now bubbling to the surface in the pot of politics, which seems al-

ways sooner or later to reveal all of its contents if only given enough time.

It now turns out that the United States has for many years been purchasing huge quantities of sugar at a previously agreed upon price which has been substantially above the world market price. We understand that this has been in exchange for certain tax and trade concessions in return to this country, but things do look mighty fishy on the surface. For example, it seems very incongruous for the United States Government to pay a premium price to import sugar to supply this nation's needs when at the same time the domestic producers of sugar products (especially the sugar beet producers) have been foaming at the bit to increase their production.

Sugar beets are grown in the United States under an allotment program and the allotment which has been available to this part of the country has been so insignificant as to scarcely be worth mentioning. However, the few growers who do have acreages of sugar beets are certainly sold on the crop. The largest concentration of sugar beet producers is in the Hereford area although a sprinkling of the acreage spills over into the northeastern corner of Parmer County.

Now that Castro has made clear that he has no love for the country which so long has guaranteed Cuba a good price for its number one income producing product, the feeling is that the State Department is going to be a good deal less enthusiastic about preserving Cuba's enviable position through the support of United States tax payers.

The sugar beet industry in America came to flower during the war when our complete reliance on importation of this valuable commodity placed the country in a precarious position during a time of national emergency. Research into and development of superior refining processes to make removal of sugar from sugar beets practical was successful and the government stimulated considerable acreage into this country to help stabilize our sugar supply. The United States is unable to meet its own needs for sugar in the production of cane alone, but it has been realized for a number of years that this country is able to grow enough sugar beets to satisfy our sweet tooth.

The natural development of the sugar beet industry has been hamstrung, however, by government control and this control has not been so much the responsibility of the Department of Agriculture as it has been the Department of State. Our relationship with Cuba, Puerto Rico and other island producers of cane sugar has been carefully maintained at a "status quo."

Now that there is no longer any reason to be sympathetic to "poor little Cuba" and protect her economy under the mighty

wing of the American Eagle, public indignation against this economic inequity rises. There is now reason to hope that the state department will permit domestic sugar beet producers to expand their industry in the normal and natural way and this is bound to be good news for all of the farmers in this area.

Because of the extremely small acreage which has been permitted to go into sugar beets on the irrigated plains, no refining facilities have ever been built to serve this area.

Sugar beets produced in Parmer, Deaf Smith, Potter, Hale and Lubbock Counties are loaded into railroad cars and shipped to Colorado for processing. The largest segment of the sugar beet industry that is closest to us is in the Arkansas Valley of Colorado and this is where our production has been going.

At a meeting a couple of weeks ago in Hereford, Plains sugar beet growers got together and analyzed the situation and discussed the possibilities. If sugar beets can be "turned loose" for production here on the High Plains, this would be a tremendous new opportunity for area irrigation farmers who are searching for further crop diversification that will prove profitable. Sugar beet raising is considered to be tricky but we have never talked to a man who grew them who did not regard them very highly as a profitable crop. They are, in fact, considered a much better income producer than cotton.

Climate, soil and water resources of the High Plains appear to be particularly well suited to production of sugar beets. This is a "natural" that would be a great thing for irrigation farmers of the plains if their luck just continues to hold out for a few years.

At the Hereford meeting a number of men, who have been watching developments very closely, were frank to admit that they think that the ball is rolling our way and a few were optimistic enough to say that they definitely anticipate a break-through in production controls and that a refining mill will be located in this part of the country to accommodate increased production of the beets.

Leather accessories are expensive items in the clothing budget these days. Many spring costumes call for more leather belts, bags, gloves and shoes. You can preserve the beauty and lengthen the life of leather articles by proper care, says Rhea Merle Boyles, extension clothing specialist of Texas A&M.

Shoes especially receive hard wear. An economical plan is to have two pairs for alternate daily wear, allowing each pair to rest or dry out between wearings. Perspiration weakens leather, and causes shoes to crack and rip. Use a good shoe cream frequently to protect the leather and preserve the shape of your shoes by using shoe trees or paper pads in toe and heel.

On belts, bags and gloves, use cream or wax polishes to protect the leather and keep it pliable and soft.

To remove spots from leather articles clean with benzene or gasoline, air well and re-polish. Saddle soap can also be used to remove dirt and grease from leather articles between polishings.

Prevent cracking and pre-

Total exports of feed grains have increased sharply in recent years reaching a record of 12.5 million tons in 1958-59, 8 per cent of 1958 production. In postwar years, exports have been a much more important outlet for feed grains than before World War II when less than 2 per cent of the crop was exported.

serve the finish on patent leather articles with vaseline. Use a cheese cloth pad to apply a light, even coating once or twice a month.

"WASH AND WEAR" FABRICS
Just what does "wash and wear" mean, anyway? The term seems to leave some of us confused about what to expect.

Extension clothing specialists of Texas A&M say the term refers to a garment or fabric that through its wearable life can be worn and washed and worn again with LITTLE OR NO IRONING.

Notice the wording--little or no ironing. This statement allows for differences in personal appearance standards of individuals. A garment which needs no ironing for one person might require "touching up" or "complete ironing" to meet the individual standards of others. And the type and purpose of the garment may influence the standard.

Generally speaking, wash and wear performance depends on a specially constructed fabric, the presence of special finishes, or the presence of certain man-made fibers. Look for labels that tell you what the fabric is and how it should be cared for.

Knitwear of all types--including socks, T-shirts, and underwear--and such cotton fabrics as plisse and seersucker have been wash-and-wear for years. Today's wash-and-wear cotton, however, looks and feels little different from other cotton fabrics. They are plainwoven, smooth-surfaced fabrics, with special finishes that make little or no ironing necessary.

Man-made fibers are especially well suited for wash-and-wear fabrics because they are strong and durable and

have a permanent resistance to wrinkling and muzzing. Garments of man-made fibers dry quickly and smoothly because these fibers do not absorb much water.

STAINS ON WOOD

Heat marks or alcohol stains on wooden furniture are not easily removed. Often furniture so damaged can be restored only by refinishing. Here are a few suggestions offered by extension home furnishings specialists for home treatment of such damage on woods:

When you spill any beverages, perfumes or medicines containing alcohol on furniture, wipe up the liquid IMMEDIATELY before it has time to penetrate into the finish. If the liquid goes completely through the finish, there is only one remedy--a spot refinishing job temporarily and a complete refinishing job later. For temporary protection, polish with wax, using a colored wax for dark woods. If this is not effective, mix powdered pumice and oil into a creamy paste and apply it to the stain, rubbing with the grain of the wood, then polish with a clean soft cloth.

Try treating burns the same way, first trying wax, then the pumice and oil mixture.

When penetration is not too deep, heat marks MAY be eliminated by light stroking with a cloth moistened in camphorated oil, followed by buffing with a clean cloth. Water rings MAY respond to waxing or to treatment with camphorated oil.

Thinking of doing some painting, papering, or refinishing this spring? If so, choose colors for a reason--to get the special effects that you may want and, at the same time, provide a comfortable, pleasant background for everyday living.

Begin by analyzing the room, suggests Charlotte Tompkins, extension home furnishings specialist of Texas A&M. Its use, shape and exposure will determine colors best suited. Decide how you want the room

to look. Will it be light and gay, restful or dramatic? Do you want it to be predominantly warm or cool?

A good color plan has few colors, usually no more than two or three, in different values and intensities. The best color schemes grow from a dark color, a light color and a bright color. Black, white and grey are not considered colors, but are often used to give a needed accent of light or dark.

Choose your favorite color if you do not need to consider the colors or colors of furnishings which you must keep. Or select a picture or print which has your chosen colors and plan your scheme from that.

Good proportion of the different colors is important. This means that your colors scheme will be definitely dark or light and that either warm or cool colors will predominate. Proportions of 60 percent of area for one color, 30 percent

for a second color and 10 percent for accent, insure good proportion.

When you place the colors in a room, choose the color for the largest areas first--floor covering, walls and large upholstered pieces. In most cases, these should be your most livable colors, or colors that are greyed in intensity. Next, choose colors for small upholstery and the window treatment. This treatment may be a blend of the room colors, or match or contrast with the walls. Lastly, choose your colors for accessories and small areas--pillows, lamps, ash trays, etc. Usually, this accent color is the brightest color.

GOOD POTTING SOIL NEEDED FOR HOUSE PLANTS

House plants like other living things need moisture, air and food. Purpose of the soil is to hold the moisture and air and release the nutrients gradually

Texas Cattle Up 9 Per Cent

It came as no surprise recently when the U. S. Department of Agriculture released its figures on livestock population at the beginning of 1960, showing that cattle on Texas ranges had increased by nine per cent over early 1959.

The USDA inventory reported the total of all cattle in Texas as of Jan. 1, 1960, at 9,276,000, compared with 8,510,000 at the same time a year ago. This nine per cent increase in population was nearly double the rate of the national increase, which amounted to about five per cent.

It also came as no surprise when the USDA reported that the total value of all livestock--cattle, hogs, sheep, horses and mules, poultry--had gone down in spite of increased numbers in most categories. The total valuation at the start of 1960

was placed at \$16,236,408,000, compared with \$18,092,870,000 a year ago.

Nationally, the livestock and poultry population figures showed these comparisons: Cattle, 101,520,000 this year and 96,650,000 last year; milk cows, 21,331,000 and 21,488,000; hogs, 58,464,000 and 56,924,000; sheep, 33,621,000 and 32,945,000; horses and mules, 3,089,000 and 3,142,000; chickens, 368,859,000 and 383,528,000, and turkeys, 5,673,000 and 5,923,000.

Release of the figures re-emphasized the attitude of most authorities in their outlook on the 1960 cattle market, which is that the time has arrived for caution in planning any further increases of the livestock population on Texas ranges.

Directions for mixing your own potting soil and given by A. F. DeWerth, head, Department of Floriculture and Landscape Architecture, Texas A&M. Mix one-half course peat and one-half good garden soil.

The garden soil contains the plant food; peat facilitates drainage and lets air get to the roots, and increases the water holding capacity of the mixture. This soil mixture should be suitable for most house plants such as geraniums, philodendron, ivies and begonias, says the specialist.

Plants such as succulents, cactus and sedums require a mixture with more sand to provide necessary drainage. One-third peat, one-third sharp sand and one-third garden soil makes a good mixture for these cactus type plants.

Prepared soils are available from local florist shops and garden suppliers for those who do not have the facilities for preparing potting soils at home.

Underfeeding of dairy heifers is just as harmful as overfeeding, says Extension Dairy Husbandman A. M. Meekma.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

"In the early 1930's the Communists instructed thousands of their members to rejoin their ancestral religious groups and to operate in cells designed to take control of churches for communist purposes. This method was not only proposed, but it was executed with great success among large elements of American church life.

The tactic of infiltrating religious organizations was set by the Kremlin. This policy was successful, beyond even Communist expectations." So testified Manning Johnson, a former member of the National Committee of the Communist Party before the House Committee on Un-American Activities on July 13, 1953. We quote this in conjunction with objections raised to statements to the effect of the above operations in a recent Air Force Manual.

The National Council of Churches also appeared in opposition to Farm Bureau's bill to extend the Mexican Farm Labor Program for an additional two years. National Grange, National Council of

Farmer Cooperatives, The New Mexico Farm & Livestock Bureau, Agricultural Council of Arkansas, National Farm Labor Users Committee, Ginners Association of Rio Grande Valley and Vegetable Growers Association of America all testified with Farm Bureau.

Did you know that if a farmer gave groceries retailing at \$1,040 to the processors, the food would still cost the housewife \$641 in the retail store?

Lorri, Frances and I will be gone from this area about two weeks, beginning Friday. We know that Mrs. Glenda Rickard, office secretary, will be able to take care of any services you may need in the meantime. She will appreciate your calling on her to do so.

CONSIDER THIS: If a wise man contented with a foolish man, whether he rage or laugh, there is no rest. The Blood thirsty hate the upright; but the just seek his soul. A fool uttereth all his mind; but a wise man keepeth it in till afterward. Proverbs 29:9-11

Would rural zoning serve as an aid for more orderly plans for land use in Texas? Reagan Brown, extension rural sociologist, believes it would and suggests that rural leaders give consideration to this very important aspect of rural living.

POLITICAL CALENDAR

The Farmer County newspapers have been authorized to announce the candidacies of the following persons, subject to the action of the first Democratic Primary May 7, 1960.

FOR STATE REPRESENTATIVE, 96th Legislative Dist.: Jesse Osborn (Re-Election) Bill Shelby

FOR CHIEF JUSTICE, Court of Civil Appeals: James G. Denton Jesse Owens

FOR DISTRICT ATTORNEY of the 154th Judicial Dist.: Bill Sheehan (Re-Election) Jack Young

FOR SHERIFF of Farmer County: Chas. Lovelace (Re-Election)

FOR ASSESSOR - COLLECTOR of Farmer County: Lee Thompson (Re-Election)

FOR COUNTY ATTORNEY of Farmer County: Hurshel Harding (Re-Election)

FOR COMMISSIONER of Precinct No. 1: Wesley Hardesty E. G. Phipps (Re-Election) Tom Lewellen

FOR COMMISSIONER of Precinct No. 3: Guy Cox J. H. McDonald (Re-Election) Duane Curtis

The prevention and control of plant diseases are important in livestock production because profits depend on maximum yields from pastures and crops. Harlan Smith, extension plant pathologist, suggests a visit with the local county agent for information on the subject.

The fastest and best method for growing large fish in the farm pond is to stock the pond with the proper kind or kinds of fish and at the right rates and fertilize. According to Ed Cooper, extension wildlife specialist, farm ponds in the Rio Grande Valley can be fertilized from January to June and other sections of the State from March until June. Proper fertilization, small amounts at intervals during late winter and spring, will usually shade-out troublesome underwater plant growth.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL * OUR STRENGTH

Rangelands have improved greatly during the past three years. Most areas have received above average precipitation which has usually come at the right time.

Now is the time for ranchers to start thinking seriously about long-range management plans. Possibly there is a need for cross fences to divide pastures that are too large. Water facilities should be checked to see if

they are adequate for the proper distribution of cattle. Properly located, a pond might stopgully erosion as well as supply needed water for livestock. If there are bare or nearly bare areas around watering locations or near the headquarters maybe rotary pitting along with seeding would be the answer.

Grasses are much easier to establish during the wet cycles than during a drought. Brush control should be planned. Not to be forgotten is grazing management.

Too many ranchers do not base grazing on preferred plants--that is on those eaten first by cattle. It is these plants that produce the highest tonnage per acre if managed properly and

because of their extremely high protein content cattle will gain faster than on less desirable grasses.

Ranchers who are cooperating with the District might check with the Soil Conservation Service for an up-to-date survey which will serve as a basis for range management.

Applications are being accepted for the potted Arizona Cypress trees that are being made available by the Parmer Co. Soil Conservation District. These trees are priced at 30

cents each and orders for not less than 50 or more than 400 may be sent to the District. Applications blanks may be obtained at the SCS office, County Agricultural Agent's office, or Steve Messenger's office in Friona. Deadline for ordering trees is April 22.

The Parmer County Board of Supervisors met Tuesday morning for a business session. Present were A. L. Black, Bruce Parr, T. O. Lesly, Dean McCallum, Steve Messenger, and Bob Crozier.

Final plans were made for Soil Stewardship Week and material for the churches will be distributed in the near future. The board set a deadline of April 22 for ordering Arizona Cypress trees.

Plans were made to attend the Fort Worth Press Awards Banquet on May 10 in Brownfield.

Several items for the coming annual district banquet were also discussed. One way to safeguard against excessive insecticide residues on harvested crops and protect those who handle the materials is to follow the recommendations of the manufacturer. C. F. Garner, associate extension entomologist, says the label on every insecticide container should be studied and followed to the letter.

About 40 per cent of all jobs in the nation are in agriculture. Of the 65 million people employed, about 25 million work in agriculture. Seven million are on farms, a similar number produce for and service farmers and 11 million process and distribute farm products.

Soil test results are a blueprint for better farming. W. F. Bennett, extension soil chemist, says soil tests are the best device we have for determining plant food needs. By following the recommendations from the soil testing laboratory, he says farm income can be increased and production costs cut.

Control Weeds In Wheat Now

Since the severe winter, which retarded development of the 1960 wheat crop, has gone, farmers are amazed at how rapidly their wheat is growing. That means certain things they plan to do should be done right away.

One of these that County Agent Joe Jones is emphasizing this week is weed control. "If you have weeds in wheat such as wild mustard and it will reduce yields enough to warrant control, now is the time to spray," he says.

One-fourth to one-third pound of 2, 4-D acid equivalent as on ester or 1/2 to 2/3 pounds 2, 4-D acid equivalent in the amine form should do a satisfactory job, he believes.

This should be done before wheat reaches what is known as the "boot" stage. Applications of 2, 4-D in the fall or in the boot or flowering stage in the spring can damage wheat, he warns.

"Spraying now while no susceptible crops are growing could make you more wheat, and get weeds out of the way that might give you trouble at

"...the most significant engineering advance" of 1960

... Motor Trend Magazine

Corvair named "CAR OF THE YEAR"

"Four-wheel independent suspension totally unlike any other U.S.-built car" . . . "air-cooled aluminum engine . . . not dependent on the properties of a liquid coolant" . . . a rear-mounted transaxle allowing a flatter floor and a lower roofline. . . . These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award. Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue. But, unless you have personally driven a Corvair, you can't appreciate what this engineering achievement really means in combining compact car economy and agility with big for economical transportation car ride, room and sure-footedness. Drop down to your dealer's, take a trial drive and then judge the Car of the Year for yourself!
