## LOOKING AHEAD

BY GEORGE S. BENSON  
President, Harding College  
Searcy, Arkansas

### LOOKING TOGETHER

One of the first political discussions I ever heard of rose above the level of gossip had to do with something called "the tariff wall" a high protective tariff tax I listened only, as some small boys, while two neighbors talked it over. A genuine interest was contained and I still remember some of what they said. The session I got might not have been accurate but it was fairly accurate at that time. Manufacturers in the North, I heard, were all in favor of a protective tariff. They wanted foreign-made things enter the United States and hold in competition with those they were making. Those northern manufacturers, I was told, were Republicans. My neighbors, like most farmers in climate, were Democrats opposed a high tariff. If they had better and less cost-merchandise to offer, they in the market for it.

### Produce

Two respected neighbors passed on, along with most of their generation. The wall as a political issue, I had told this story, however, to spot an issue that is very much of all Americans need each other. Mutual distrust among different industries is a hazard to this country. Prejudices based on race and religion. Business progress and confidence; credit is part of it.

### Consumers

Being a great country, the United States is big. In its million square miles dwell 130 million people. They can't be acquainted but they need friends in spite of personalities and tastes that differ. We have to look out for another now or we are groups do not have common opposing interests. Farmers are not merely consumers; they are the real producers and their em- no matter what they do or how much, are still the country's big consumers.

### Consumption

All the people in America do 18 per cent work on the land and 82 per cent do something else. It was not that way 20 years ago when nearly two-thirds of our workers plowed the soil. Things have changed. Farm hands working in the produce for nine factory jobs whose families must be supported. Ten million hands stock the pantries of a billion other laborers, not to mention the white-collar workers.

### Factory Towns

Factory town is America's bet for farm products. Practically everything else. 10 million workers last year received 100 billion dollars in their pay envelopes; 100 million of America's national income. Dreamers who career toward Europe look back toward farm prosperity. America's recent pre-war years are running less than 5 per cent of national income. A little bit helps but it's not enough.

### Europe

Europe can't do it. America soon after the war favors will be to them, exclusively. One of our greatest possible goods Europeans would be our tariff bars and buy what they can spare so they in buy more of our manufactured goods. We can't serve the world well unless people are prosperous. Industry and enterprise free, our factories will flourish, our farms thrive as well.

### Lee Roy Griggs

Mrs. Lee Roy Griggs came spent last week with her parents, Mr. and Mrs. Griggs.

HOME FROM ENGLAND

Mr. and Mrs. W. B. Burleson returned Thursday from Lamesa where they visited with their son, Staff Sergeant J. S. Burleson, who has just returned to the United States after completing twenty-five missions as a left waist gunner on an Eighth Air Force Flying Fortress which saw service over Germany and German held territory. Sgt. Burleson has received the Distinguished Flying Cross and the Air Medal with three Oak Leaf Clusters. Before entering the AAF, Sgt. Burleson resided in Lamesa where his wife is now making her home.

## Local Ration Boards Issue Extra Food To Persons Ill

### Kind of Illness Is Specified; Others to Be Sent to Head Office

A revised procedure for issuance of extra food rations to persons who are ill has been announced by W. C. Marshall, district OPA food rationing officer.

Local ration boards, starting April 6, will issue extra rations only for persons suffering from certain, specified diseases, it was explained. Illnesses which automatically make a person eligible for more food have been determined in Washington by a medical board, and persons eligible under their classifications will be issued additional food on the basis of needs for ten-week periods.

Where extra rations are requested for an illness or condition of health other than those specified, the local ration board will act upon the application only in cases of emergency. All others will be sent to the district OPA office for action. Application for supplemental rations should contain a written statement by the applicant's physician, as was required under former procedure. Application forms can be obtained from local boards.

## Egg Hunt and Picnic Supper Held on Lawn At Courthouse Sat.

The lawn at the Terrell County courthouse was the scene of an Easter egg hunt and picnic Saturday afternoon at 7:00 o'clock when the juniors of the Presbyterian Church, under the direction of Mrs. W. E. Grigsby, and the beginners, under the direction of Mrs. R. S. Wilkinson, gathered there.

Following the egg hunt, older members joined with the children for a picnic supper. About forty-six people were present to enjoy the occasion.

### SON TO NUNNS

John Hower Nunn, seven and a half pounds, was born to Mr. and Mrs. W. A. Nunn in El Paso Wednesday, April 5. He and his mother are getting along fine.

Mrs. J. W. Leatherwood and Miss Iva Leatherwood were business visitors in Fort Stockton Friday of last week.

## Goat Meat is Placed Under Dollar and Cents Price Ceiling

### Dealers Must Mark Two Classifications; Kid Goat and Goat

A recent regulation issued by the Office of Price Administration places dollar-and-cents ceiling prices on goat meat, according to Conrad F. Schweppe, OPA price attorney in the San Antonio District Office. Formerly, prices were frozen at each individual seller's March 1942 prices. This new regulation, effective now, divides goat meat into two classifications, one being "Cabrito" or "Kid goat" and the other being the meat of the mature goat. "Cabrito" or "Kid goat" is the meat derived from the milk-fed kid which is twenty weeks old or less, the whole carcass weighing not more than 15 pounds dressed. This regulation requires that the carcasses of the older goats be stamped with the word "Goat" and the Cabrito carcasses be stamped with the words "Kid Goat".

This regulation fixes prices at all sales levels. The retail price for Cabrito is 30 cents per pound. This regulation provides that Cabrito may be sold only in carcass or side form. Retail cuts of the mature goat carcass are the same as are made from the mutton carcass. Retail prices of the goat loin is 50 cents per pound; rib chops or rib roast 19 cents per pound; leg is 21 cents per pound; stew meat, with the bone in, is 8 cents per pound; and the boneless stew meat is 17 cents per pound. These retail prices apply to all types of stores.

Goat meat is a favorite dish in this area of the United States, when baked or barbecued. Moderate quantities of goat meat have regularly been used in Texas as a sausage ingredient. 70 per cent of the total goats produced in the United States.

Copies of this regulation may be obtained by applying to the district office of the Office of Price Administration, Transit Tower, San Antonio, Texas.

## MOTHER OF MRS. BLACKWELDER DIES AT HOME IN WACO

Mrs. J. R. Blackwelder returned Saturday of last week from Waco where she was called because of the seriousness of illness of her mother, Mrs. H. G. Nobles, 56, who succumbed March 29 to a stroke, suffered the day before. Death came less than an hour before the arrival of Mrs. Blackwelder at the home. Funeral services were held in Waco.

Mrs. Nobles will be remembered as she visited in the home of Mr. and Mrs. Blackwelder about two years ago.

### COUNTY HEALTH OFFICER TO ATTEND STATE MEETING

Dr. and Mrs. D. M. Randall will spend next week in Austin where he will attend the meeting of state, city, and county health officers. Dr. Randall is Terrell County health officer and goes to the meeting so that he might be better acquainted with methods used in handling health problems of the county. They plan to be gone the entire week, and he has announced that his office will be closed during that time.

### TO MINNESOTA

Word has been received here that Alfred E. Creigh, Jr., county attorney here for many years and now a resident of Alpine, has gone to Rochester, Minn., where he will receive medical attention at Mayo Brothers for a throat ailment.

Mr. and Mrs. Cleve Blackard of Pecos were visitors in Sanderson Sunday with Mr. and Mrs. James Caroline.

### WAR FUND QUOTA MET

R. E. Corder, Terrell County War Fund chairman, announced last week that the quota set for March had been met. He stated that to meet the quota it was necessary to use the salvage fund which had been set aside for that purpose.

Many residents failed to understand that the high quota was not set according to population, but was set according to what was necessary for their work planned for the county. In other words, seventy percent of the funds raised go to the national organization and thirty percent remained for use in the county. The local chapter had planned an extensive program for this year which made it necessary for a high quota to raise sufficient funds to carry on the work. In counties where the quota was low little work was planned by the local chapter within the county.

Terrell County residents should feel proud that the local unit is putting forth so much effort.

## Texans Encouraged To Plant Victory Gardens This Year

### All Food Possible Needed According To Horticulturist

A record number of Victory gardens is imperative this year because there is a very real need for all of the food Texans can grow, says J. F. Rosborough, horticulturist for the A. and M. College Extension Service.

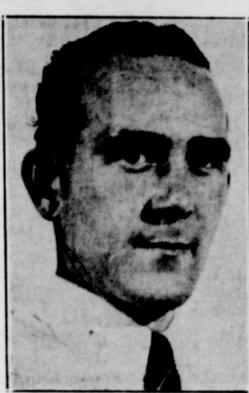

Governor Prentice Cooper of Tennessee recently telegraphed Governor Coke R. Stevenson of Texas that a survey by the National Garden Advisory Committee, of which he is chairman indicated lagging interest in planting gardens. He explained that maximum production of gardens will ease a series of critical wartime emergencies. For example, nearly 50 per cent of the 1944 commercially canned vegetables and 70 per cent of processed fruits have been reserved for government requirements. Moreover, the food needs of our allies have, in some cases, doubled. Home grown food, Governor Cooper adds, helps to hold down living costs, and saves transportation, manpower and scarce packing materials.

In the south half of Texas Rosborough says, cold, wet weather has delayed or prevented planting cool weather vegetables such as English peas, spinach, cabbage, carrots and head lettuce. But these still can be planted in the northern half with the possible exception of English peas. In areas where late April and May are likely to be hot the peas may mildew, but application of dusting sulphur will hold this disease in check.

In all areas sweet corn and white potatoes still may be planted, and in central, east and south Texas green beans, squash, cucumber, Swiss chard seed and tomato plants should go into the ground now. But he suggests waiting until the soil has warmed thoroughly before planting butter beans and okra, or setting pepper and egg-plant plants.

Gardeners also should wait until both days and nights are warm before planting black-eyed peas, cantaloupes and watermelons. Inoculation of green and butter beans before planting will stimulate early growth and greater production.

"With a little effort and management most Texas families can produce an abundant supply of fresh vegetables for home use during the summer and fall," Rosborough says. "It's economical and patriotic to have a garden."

## OFFICERS FOR ROTARY CLUB ARE NAMED AT REGULAR MEETING WED.

### MEMBERS HEAR INTERESTING TALK FROM LT. HERBERT

New officers, to take office July first, were elected at the business session of the regular meeting of the Sanderson Rotary Club Wednesday.

R. V. Raney, serving the club as vice-president for the past two years, was named as president with the out-going president, J. T. Dillard, named as vice-president. O. T. Sudduth was re-elected as secretary-treasurer, and directors named were John Klassen, Tom Holley and James Caroline.

Members of the club enjoyed one of the most interesting programs of late when they were

privileged to hear Lt. Bert Herbert in the principal address and Sgt. Troy Druse in a short talk following Herbert's talk.

Lt. Herbert, who has just returned from England where he has completed twenty-five missions as a co-pilot of a flying fortress over Germany and occupied territory, told of many interesting things that had happened and were happening in this war. He pointed out that the Allies were giving Jerry a pasting but that no one should become glib by any means. Stating that Germany was a tough and formidable foe, he stressed the importance of hitting him with everything possible and as often as possible to knock him out.

Experiences of one flight made by his bombers when a great deal of damage was done the German navy were also told by Lt. Herbert, as well as the experience of suddenly realizing that they were over Berlin in bad weather instead of their nearby target. He said that men who had been shot down and had "walked" out of enemy territory had given them every assurance that the German people were behind Hitler and that there was nothing to indicate a disruption of the home front in Germany at this time.

Sgt. Druse, who has recently completed training at Chanute Field, Ill., where he studied the power plants of the big bombers and other airplane engines, gave a short talk on the possibilities of these planes, and better ones, that could be expected to appear on the battle fronts later.

## New Refrigerator Cars to Be Bought This Year By PFE Co.

### Equipment To Help In Preservation of Perishable Foods

Expenditure of nearly \$15,000,000 during 1944 for new refrigerator cars and repairs to its present rolling stock has been authorized for Pacific Fruit Express Company by its joint owners, Southern Pacific and Union Pacific railroads, it was announced Thursday.

The program provides for purchase of 1,000 new cars at an estimated cost of about \$5,500,000. It is hoped that delivery of much of this new equipment for transportation of perishable shipments will be completed this year to help handle an expected increase over PFE's all-time record of 411,000 cars loaded in 1943.

The new cars will be constructed with steel frames, sheathing, ends and roofs, and will be equipped with convertible bunkers which can be collapsed to increase loading space when bunker ice is not used.

The Pacific Fruit Express had 36,264 refrigerator cars in service January 1, 1944.

## Mrs. Robert Duncan Is Hostess to Tuesday Club

Mrs. Robert Duncan was hostess to members and guests of the Tuesday Bridge Club at the home of Mrs. Bustin Canon Wednesday afternoon.

Three tables were arranged for the players and at the conclusion of the games high score prize was awarded Mrs. J. S. Nance, second high was won by Mrs. S. H. Underwood and consolation prize went to Mrs. Roger Rose.

The hostess served a salad plate and iced tea to Mesdames Mary Lou Kellar, Tol Murrah, John T. Williams, C. P. Peavy, Walter Grigsby, Ted Baker, Ernest Jessup, W. H. Savage, Rose, Bustin Canon, Nance and Underwood.

## FROM TEXAS TO TOKIO

Pvt. and Mrs. Robert N. Allen, Jr., arrived here Tuesday from Camp Atterbury, Indiana, for a visit with his parents. Bob says he has been transferred to the field artillery as of the latter part of last month. He has been attending Vanderbilt University, Nashville, Tenn., where he has been studying engineering. Says that the army specialized training unit there has been closed and all the students transferred to other branches. Bob also states that the sunshine of West Texas is certainly fine, since they have been having snow and sleet in Indiana.

Pfc. Tommy Billings has just been promoted to that rank, and has also just been transferred to Camp Breckenridge, Kentucky, according to word received here by Mrs. Billings.

Sgt. Raymond Phillips stationed at Tucson, Arizona, enjoyed a pleasant visit from his mother, Mrs. Bob Phillips, and Miss Patty Billings during the past week-end. They returned from that place Tuesday of this week and state that Raymond says he likes his crew and the Arizona country fine. He is a tail gunner on a flying fortress.

Capt. and Mrs. Joe Mosley and children, Terry and Mike visited here Friday of last week from Lemarque, with Miss Nina Barger. Mrs. Mosley is a niece of Miss Barger.

Word has been received from Kenneth Litton that he has just been promoted to the rank of sergeant. His parents, Mr. and Mrs. E. B. Litton, state that Sgt. Litton is getting along fine and that he says he received five issues of the Sanderson Times at one mail call recently. Expressed his pleasure at receiving the Times and also that he enjoys the Texas to Tokio column more than anything else. Sgt. Litton is serving in the office of the Division Paymaster of the Marines, and is stationed on one of the South Pacific islands where they are giving the Japs a lot of trouble.

"Dutch" Halley, son of Mr. and Mrs. E. P. Halley, stationed somewhere in the Aleutians, has been promoted to boatswain's mate first class, according to information received here by them.

Pvt. Enrique C. Gutierrez left Monday to return to his station at San Diego, Calif., after spending several days here with his parents, Mr. and Mrs. Braulio M. Gutierrez.

Mrs. Lottie Miller has received word from her son, Leonard, that he is in a hospital in Long Beach, Calif. Leonard has been serving with the United States Navy.

Word has been received that Essary (Son) Haines, who visited here recently, has shipped out again for overseas duty.

Mr. and Mrs. Willard Bennett visited here Thursday with Mrs. Lottie Miller, informing her that he had gone across with her sons, Cherry and Terry, in March of last year. He reported that both boys were well and doing splendid work. They are pharmacists mate third class.

Mrs. Betty J. Bosworth has received word from her son, Lieut. Comdr. A. R. Bosworth, that he has been made press relations officer for Admiral Halsey's headquarters. In writing her, and his brother, D. O. Bosworth, he says:

"My orders were changed. I was all set to make my first trip as Commander Armed Guard and Commanding Officer of Troops, when Admiral Halsey's headquarters sent a dispatch to Washington asking for me as

No. 2, eastbound was late Thursday morning — just three hours behind schedule. But the blame was neither on the engineer nor the fireman. Here's why:

Leaving El Paso a well developed case of smallpox was discovered. The health brigade took charge, ordered the patient to the pest house, and Quarantined the coach until all who had been exposed were vaccinated. Amid a chorus of howls and groans the operations were performed, and it was three hours before the conductor could high-ball No. 2 on its way.

A light rain fell here Saturday night, and while not very heavy, was welcomed by the ranchers.

J. W. Downum and H. G. Holt were Del Rio visitors on Monday of this week.

Buck Pyle and John Reininger were business visitors in Marfa last Saturday.

Mr. and Mrs. John L. Newton

and children left last Saturday for Valentine where they are visiting relatives.

**Big Bend Sentinel, Marfa**—The giving of possession of their 60-section Rancho Mesquite Ranch, sixty miles southwest of Marfa, will be completed this week by Mr. and Mrs. R. L. Stevenson who sold the place recently to J. E. White, Jr., as trustee for White Bros. Del Rio ranching firm.

**Hudspeth County News**—C. M. Knight, county agent here is rejoicing over the fact that a Hudspeth county calf brought the highest price ever paid in El Paso for a prize winner, even though not awarded grand championship. The calf was entered in the Southwest Livestock Show in El Paso last week by Betty Joe Gurglardi, 4-H Club member of Esperanza. It weighed 1064 pounds and brought \$1,104.40 at the record price of \$1.10 per pound. Jake Miller of the White House department store bought the animal.

**Big Bend Sentinel, Marfa**—Liberty was not of very great duration for three German prisoners of war who escaped this week from the compound at Fort D. A. Russell.

The three, according to a Wednesday morning announcement by the Public Relations Office, Fort D. A. Russell, were captured that day and returned to the proper authorities in charge of the compound.

**Ozona Stockman**—Installation of a modern Frozen Foods Locker plant in Ozona seemed assured this week when the minimum number of users for a 200-locker plant and nearly enough to assure a 300-unit installation had been signed up by Hubert Baker, owner of Baker's Food Store, where the plant is to be installed.

**Uvalde Leader-News**—H. M. Waldrip of Sabinal is believed to have set some sort of a record for this part of the State in the killing of predatory hawks. Within a space of about ten days he accounted for a total of 87 of the birds on his farm, four miles northwest of Sabinal on the Leakey road.

**Fort Stockton Pioneer**—Pecos County 4-H Club youngsters "went to town" last week. They made a profitable, interesting and enjoyable trip to El Paso to

attend the Southwestern Livestock Show. Some of the boys came back with nice checks to show for the special care they've been giving some club calves, lambs and sheep during the past months.

County Agent W. T. Posey is justly proud of his youngsters, for among them are boys who showed winners in a number of classes.

Bryan Mills, light weight class calf won the championship in that class and then was judged the reserve champion of the show. Bryan got \$375 for his calf in the sales ring Monday.

Dippy Mitchell, the diminutive showman who grabbed off the grand championship at the Pecos County Club Show with a Southdown, took first honors at El Paso with his 80-pounder and got the good price of 70 cents a pound.

**AT THE PRINCESS**

STAR TREAT FOR ALL FANS IN "THOUSANDS CHEER"

A galaxy of stars, topping a liting musical romance of a soldier and the Colonel's daughter, photographed in gorgeous Technicolor, are only a few of the treats to be found in the prize package, "Thousands Cheer," showing at the Princess Theatre, Sunday and Monday.

The plot is the tender romance of young Kathryn Jones, played by Kathryn Grayson, who gives up a career as a concert soloist with Jose Iturbi's orchestra to be with her father, John Boles, and do morale work at his camp. Her ambition is to patch up things between Mary Astor, her mother, and her father who have been separated for fifteen years because Boles heart belonged first to the Army. Kathryn meets Gene Kelly, an ex-circus performer, who is so discontented with his army lot that he is the problem soldier of the camp, learns his difficulties and helps him to become a model soldier, but not before the two have fallen in love much to the consternation of her bewildered parents.

A highlight of the film is the hour-long USO show put on by Kathryn at the Army camp. Mickey Rooney as master of ceremonies does several of his famed impersonations. Judy Garland teams with Iturbi in a boogie-woogie number. Red Skelton appears in a skit with Donna Reed, Marilyn Maxwell, the M-G-M "Glamazons" and little Margaret O'Brien, and Frank Morgan impersonates Dr.

**Beware Coughs

That Hang On**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel gum laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly alleviates the cough, permitting rest and sleep, or you are to lose your money back. (L.S.)

Gillespie with Ann Sothern, Lucille Ball and Marsha Hunt as patients. Eleanor Powell contributes one of her outstanding tap routines and Lena Horne does wonderful things with "Honeysuckle Rose" to the accompaniment of Benny Carter and his band, Virginia O'Brien, June Allyson and Gloria DeHaven do a number with Bob Crosby and his orchestra, and Kay Kyser adds to the gaiety with his orchestra.

Jose Iturbi in his first appearance on any screen is a delight to all theatre-goers. He accompanies Kathryn Grayson in several numbers and presents the United Nations Victory song "United Nations on the March" in a breathtaking finale.

**FASCINATING HUMAN DRAMA ENACTED IN 'CORVETTE K-225'**

A graphic new revelation of war on the North Atlantic is exhibited in "Corvette K-225," by all odds one of the most stirring documentary screen thrillers yet recorded by movie cameras. The Howard Hawks production presented by Universal. Shows Wednesday and Thursday at the Princess Theatre. It is the authentic saga of those big-little U-Boat smashers which keep dangerous sea lanes open for shipping between North America and Britain.

Counting the cooperation of the Royal Canadian Navy, "Corvette K-225" brings a sensational and heroic story to movie audiences for the first time. Every fascinating and hazardous detail of convoy protection seems to have been included and the actual encounters with German submarines and planes are tremendously impressive.

Intimate roles in the story are played by some of Hollywood's better-known players but the observer is rarely conscious of conventional cinema technique because the film is authentic. Much of it was photographed from the rolling decks of a real corvette tossing through perilous seas. Randolph Scott is starred as the Canadian Com-

mander. It is his finest achievement.

Featured importantly are James Brown, Noah Beery, Jr., Barry Fitzgerald and that genial comedian, Andy Devine. Others in the cast are Fuzzy Knight and Richard Lane. A stunning movie newcomer, Ella Raines, has the leading feminine role and is teamed romantically with Scott. Their scenes together are played with logical restraint and understanding.

Director Richard Rosson, said to have devoted an entire year including three months with his camera crews on actual North Atlantic convoys in the making of the film, has created a vastly important screen chronicle in "Corvette K-225."

**SONG TITLE MADE INTO HIT PICTURE**

Fun and uproar will dominate the Princess Theatre screen with the showing Friday and Saturday, April 21 and 22 of "Pistol Packin' Mama."

Any picture titled "Pistol Packin' Mama," has a lot to live up to, considering the phenom-

enial success of the song of same title, and Republic has left a stone unturned to im-

into their production the maximum of amusement value. Ruth Terry, an engaging comedienne, and a first-sungstress, has the feminine — that of pistol packin' V. Norris, who inherits a gamb club in Nevada and proceeds to make it famous through her dition of the robust, down earth song from which the ture takes its title.

Nick Winner, an eastern time gambler, meets up Vicki, and the pair of them to outsmart each other, that failing, decide to relax fall in love.

Most everybody but Zella knows that running a cleaner over pins, nails, coins and similar objects can damage the brush, dust bag or mechanism. It's something to be avoided if you want your cleaner to last. Here are some other tips that mean longer wear and better service:

- Empty and clean dust bag after each cleaning.
- Keep brush free of hair, threads and string.
- Don't yank cord from wall socket.
- Keep proper tension on belt.
- Don't pull cord tightly over handle hooks. Coil loosely.
- Avoid banging cleaner against furniture and baseboards.
- Oil cleaner periodically in accordance with instructions for your make.

### Lamar School Notes

In the March stamp sales the second grade led with a total sale of \$37.15. The total for all grades was \$108.55 and was distributed as follows:

1B, \$7.40; 1A, \$6.45; 2, \$37.15; 3, \$26.05; 4, \$10.50; 5, \$1.35; 6, \$13.00; 7, \$6.65.

Mrs. Eva Hernandez took some girls on a picnic Sunday afternoon. Those who enjoyed the picnic lunch, cold drinks and fresh air were Gloria Alvarez, Petronila Martinez, Delia Alaniz, and Graciela Hernandez.

Mr. and Mrs. Pedro Aguilar and children were called to Marfa Wednesday on account of the serious illness of Mr. Aguilar's mother, Mrs. Antonia Aguilar. Mrs. Aguilar's condition was improved by Sunday and the family returned home.

Miss Rosalie Mitchell took her low first grade on an Easter egg hunt Wednesday afternoon.

Loretta and Antonio Rodriguez of the high and low first respectively spent the Easter vacation in San Antonio.

Edelmira Coronado spent a part of her vacation in Houston visiting her sister, Lupe. Her sister returned here for an extended visit with Edelmira and her parents.

Pilar Garcia and Maria Ozuna went to Del Rio to visit their respective parents.

This week we list the lives of two more of our seventh graders:

**MARY NIETO**  
Mary is a thirteen-year old member of the seventh grade. She was born in Sanderson on March 14, 1931. She entered Lamar Ward School at the age of six years and she hopes to go to Sanderson High School next year. Her favorite subject is arithmetic; her favorite sport is volleyball; her favorite song is "You'll Be Sorry"; and favorite library book is "Five Little Peppers and How They Grew."

**PETRONILA MARTINEZ**  
Petronila was born in Sanderson, May 31, 1930. She entered

Beans

So long as a soldier can eat and think up disparaging names for his equipment the Army will do all right. Food is either "beans," or "chow."

"Chow" may consist of a well cooked meal or if circumstances demand our fighting men have learned to subsist on "Ration K," the concentrated food that all of them carry into battle.

With millions of men and women in the services it will require a lot of War Bond buying on our part to keep them happy.

### SEEING THE SENIORS

This week I present to you the only Latin American Senior girl, Frances Nevarez. Frances was born on October 9, 1925, in Fort Stockton. She has black hair and dark brown eyes and is the daughter of Bernorda P. Escamilla.

Frances has as a hobby the collecting of match covers, and her ambition is to be a bookkeeper and we know she'll succeed because she's an A student in bookkeeping.

Frances started her education in the Sanderson schools and she is still with us and we're proud to have her with us.

For favorites, Frances takes dancing for pastime, fried chicken for food, and "Ivanhoe" for her favorite book. She likes to see Bette Davis act on the screen and her favorite song is "You'll Never Know". Volleyball is her favorite sport and navy blue her favorite color. She likes bookkeeping better than any other of the courses she takes. Her pet peeve is people who gossip. Frances has been in the H. E. Club two years and was a very faithful member. After graduation she plans to enter business college to become a bookkeeper. Good luck, Frances.

It's really been swell having you with us Frances, and when you leave us, all of our best wishes go with you into the future.

school at Lamar Ward and intends to continue her studies at Sanderson High in the fall. Her favorite subjects are language and history, and her favorite sports are volleyball and baseball. Her favorite movie star is Deanna Durbin.

The keys to the Bastille, which are now at Mt. Vernon, were sent by Lafayette to George Washington.

### WAR BONDS in Action

Your money goes into battle every time you invest in War Bonds—goes up to the German lines in the form of tanks, planes, assault boats as pictured here in the Mediterranean area.

Success of our troops depends upon the help they get from the home front. Bullets fired yesterday won't win tomorrow's battle. War Bonds bought last month won't pay for our next offensive. Give your dollars action: Buy More War Bonds.

### HAVE YOU NOTICED

That Miss Kinkler is back?

That we have fresh flowers in the library almost every day?

That the Bradfords are walking to school?

That the Seniors are working on their play?

That the Juniors are working on the banquet plans?

That Miss Lattimore is absent with Mrs. Savage taking her place?

That the students are really working hard? No? Neither have we.

### COMMENCEMENT SPEAKER

Cpl. Taft Holloway, former pastor of Sanderson Baptist Church has accepted the seniors' invitation to make their Commencement address on Friday night, May 19, at 8:30 p. m.

### Matt Doorly Versus the Tomato

Matt Doorly's skin broke out in a rash last week. He finally admitted to Doc Hollister he'd eaten twelve tomatoes in a row just the day before.

"Shucks," said Doc. "That's all that's the matter with you. That kind of eating would turn anybody red."

So now Matt has not only cut out all tomatoes for himself, he's forbidden his family to eat tomatoes. And won't even have them in the house. Says tomatoes are anti-social and ought to be prohibited by law.

Funny how some people rush off to extremes like that. They take a wholesome thing and overdo it till it disagrees with them—or maybe find they don't happen to like it—and then they want it banned for everybody.

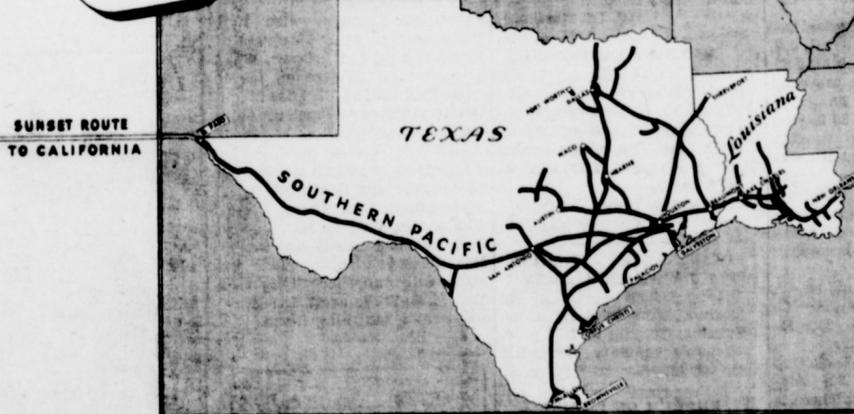

From where I sit, folks ought to realize there's a middle ground in everything—a middle ground of moderation on the one hand... and tolerance for our neighbors on the other.

No — THAT'S NOT the number of a Southern Pacific locomotive — tho' it could be. It's the number of communities served directly by SOUTHERN PACIFIC LINES' rails in 89 counties in Texas and 21 parishes in Louisiana.

We prefer to call them "communities" instead of stations, towns, or cities because there is a close community of interest between our business of providing railroad transportation and the needs of the people who live and carry on their business activities in these 989 locations.

Adequate transportation is vital to every community, large or small. Experience shows that

substantial industrial development and growth is dependent to a large extent upon good rail transportation; hence we feel that "SP" is an important part of your community's business life and is likely to be even more important as time goes on.

Wigwag

Frequently the Navy, the Coast Guard and the Signal Corps finds it expedient to relay messages without benefit of telephone, telegraph or radio. That is when the semaphore system is employed.

Like a single flag in the "Wigwag" system, the purchase of a War Savings Stamp or Bond, in itself has an infinitesimal effect upon the entire war effort, but when 130 million determined people set their minds to make our War Bond drives successful, the result is anything but infinitesimal. U. S. Treasury Department

Mr. and Mrs. R. V. Raney and son, Sam, spent the Easter holidays in San Antonio.

Joe S. Farley arrived here Saturday of last week from Hollywood, Calif., for a visit with his parents, Mr. and Mrs. B. C. Farley, and with other relatives.

### MODERN LULLABY

Rock-a-bye baby, why do you fret:  
 Are you aware of the national debt?  
 Father has gone 'round the corner to vote  
 Millions in bonds for his snookums to tote.  
 Are you suspicious? Sleep while you can.  
 You can squirm later, dear, when you're a man.

## AMERICAN HEROES BY LEFF

Seriously wounded by an exploding grenade, Marine Gunner Angus R. Goss of Tampa, Florida, braved point-blank enemy fire to charge an enemy machine gun emplacement in a cave. Single handed, he wiped out Japanese gunners and snipers with a sub-machine gun, saving the lives of his unit. Angus Goss is dead—leaving a Navy Cross for "indomitable fighting spirit and extreme courage." If such heroism doesn't deserve an extra War Bond, what does? U. S. Treasury Department

## What You Buy With WAR BONDS

No More Brass

On land or at sea our fighting men do their many chores by the sound of a bugle. All sorts of uncomplimentary epithets are used to designate the bugler, but nobody has yet been able to provide a satisfactory substitute for a bugle although recordings are used at some permanent bases.

Aboard ship the men fall in at the order of "Pipe muster." On land the bugler sounds "Assembly!" But no matter where the bugle is used thousands must be bought out of the money we are investing in War Bonds. Back the attack with an extra \$100 Bond in the 3rd War Loan.

We have an ample supply of pre-war Shampoos and Tonics for proper care of your hair.
