FOOTBALL PRACTICE UNDERWAY FOR EAGLE SQUAD

Football practice got under way for the 1950 Eagle squad September 1 with 25 boys reporting for practice. The team held two workouts daily on Friday, Saturday and Monday and will continue practices throughout the season.

No permanent assignments have been given the players as yet and it will probably be Monday before the players are assigned to their positions.

It has been announced that the Del Rio game here will be broadcast over the radio station at Del Rio. This is the first time that a football game has been broadcast from Sanderson.

Coach England stated that the football field is in excellent shape and assures fans of plenty of action on the cushioned turf during all the home games of the Eagle squad this year.

Superintendent Matt F. Bader stated this week that it is his opinion that the Sanderson school has one of the finest coaching staffs in the district this year and expects great things from the boys.

Congratulations, Neighbor Beall. Last week the Big Bend Sentinel-Maria's weekly newspaper, published a very large and interesting centennial Edition as its contribution to the celebration just ended.

Editor Beall, a newcomer to West Texas journalism, has taken himself and the area he represents an honor by the publication of the newspaper mentioned had pages full of historical data and old photographs that required much effort in compiling and editing.

BIG BEND DEDICATION POSTPONED; MEXICAN FLAGS TO BE RETURNED SUNDAY

The dedication of the Big Bend National Park which was scheduled to take place in October has been indefinitely postponed because of the present crisis and the flags of Mexico will be returned to that country Sunday. It was previously planned to present Mexican President Miguel Aleman the flags that had been captured by American troops and the Mexican government was to reciprocate. There were sixty-three Mexican flags captured by American forces to be returned.

The United States Army, Navy and Air Force will be represented in the escorting group led by members of the United States Military Academy. The party will go to Mexico aboard United States Army transports.

The ceremony is planned at the Mexican independence monument on September 13 with United States Ambassador Walter Thurston presenting the flags to Aleman.

No arrangements were made to include the flags captured by Texas Republic troops. There was no mention made of the completion of arrangements for the return to the United States of the flags of this country captured by Mexicans.

Further studies to determine the best deer tag for Texas big game hunters will be made this fall, according to the Executive Secretary of the Game Fish & Oyster Commission.

The tag system was adopted by the Legislature as a conservation measure since it is designed to restrict each hunter to two antlered deer in one season. Enforcement of this tag limit was difficult under the old law.

The 1949 Act stipulated that deer, when shot, must be tagged with a number and data showing the successful hunter's name, date and place the game was bagged, all corresponding with the name and data on the hunter's license.

Tags, presumably metal, were prescribed by the new law, but such self-destructible tags were found inadequate to contain the required data. Last fall two small detachable stubs were connected by a perforated link to the main license. Holes in the ends of the stubs were intended to facilitate tying on the tag.

Hunters complained that the paper markers came off in transit, particularly if they got wet, and that the eyes in the tags pulled out. Meanwhile, the game department studied systems used elsewhere. States using the metal tags reported difficulty in inseparably connecting the gadgets with the paper licenses and that license distributors had difficulty locating the metal markers with numbers corresponding to the main license.

The executive secretary said the new paper stubs are to be used without eyes for string. He suggested the 1950 hunters may find a minimum of trouble by placing the tags around deer horns at the base and sealing them on with Scotch tape. Thus, when the game warden checks the hunters bag, he will unroll the tag, inspect it, and then seal it back on with the original tape.

John Hardgrave, Terrell County ranchman, suffered a painful leg injury last Friday when he fell as he jumped a fence on the Don Allen ranch.

Hardgrave was helping Allen work sheep and as he caught hold of a board to jump a fence the board gave way with him and let him fall. Ligaments in his right knee were torn loose and his leg will have to remain in a cast for several weeks.

Mrs. W. M. Druse, Terrell County, suffered a stroke Thursday after her father, who resides there, had suffered a stroke.

He was able to be moved from a Uvalde hospital Sunday to the home of a son in Sabinal and his condition was much improved when the Druses returned to Sanderson Tuesday.

Magills contestants at Marfa rodeo. The Magill family was well represented at the Marfa rodeo last week end as contestants, Bill Magill entered the team tying, Fitchy Magill entered team tying, bull riding and calf roping and Miss Ginger Magill entered the barrel race.

TB Association directors to meet. The directors of the Terrell County Tuberculosis Association will meet Monday evening, September 11, at the courthouse at 7:30.

Former postmistress visits relatives here. Guests of Mrs. C. W. Martin and Mr. and Mrs. Charlie Turk last week were Mrs. Tina East and Mr. and Mrs. Jack Ross East and children of Redlands, California, Miss Sidney Keaster of Albuquerque, N. M., and Mr. and Mrs. Ross Martin of Big Spring.

Lloyd Smith receives degree from A & M. Lloyd Smith of Dallas received his BS degree in biology at the August 25 graduation at Texas A & M College. Mr. Smith, a son of Mr. and Mrs. A. C. Smith of Sanderson, is a pre-med student at Southwestern University.

Mrs. E. J. Hanson and children, and Mrs. N. M. Mitchell spent several days in El Paso last week.

TEXAS FREEDOM CHIEF

Lieut. General Preston A. Weathered, Dallas, prominent attorney of the Southwest and retired former commander of the 36th Infantry Division, Texas National Guard, has been appointed Texas State Chairman of the Crusade For Freedom by General Lucius D. Clay, national chairman of the movement.

General Weathered said that he was pleased to take the post of directing the Texas program for the Crusade For Freedom, which will include an intensive nation-wide, six weeks campaign in September and October. Plans are being made now for a strong Texas executive committee to lead the campaign in every section of the state.

Designed to halt communism and to save freedom, the movement will enroll millions of Americans on "Freedom Scrolls" to be permanently enshrined in the base of a 10-ton, 8-foot high "Freedom Bell" to be erected in Berlin next October. It also will support a vigorous and continuous series of radio programs to pierce the Iron Curtain of Communist Russia and its satellite countries.

General Dwight D. Eisenhower and General Clay, who was American Military Governor of Germany during the Berlin airlift, together with a group of outstanding business, professional and civic leaders of the nation, are heading the National Committee For A Free Europe, the organization sponsoring the Crusade.

War Waged On Hookworms By Public Health Dept. A puny little parasite no more than a quarter of an inch long when it's full grown can turn a champion weight lifter into an anemic cream puff.

Even while it's still a baby, this pernicious parasite can make a wheezing weakling out of a top field hand, and turn a stout boy's muscles to the texture of soft butter.

It's a hookworm. State Health Officer George W. Cox, with understandable disdain, puts the finger on it as the cause of so-called toe itch, dew itch, ground itch and summer scratch.

Says he: "All these itches are provincial ways of saying hookworm."

Dr. Cox says his department has been waging a ten-year battle against hookworms in Texas, and that deep inroads have been made into its natural habitat, especially in eastern and southern sections.

Health experts know what it is and how it gets into the human body, but the big job is in convincing the people that they ought to do something about it.

Hookworms lead a double life, the health official says, half in the intestines of a human being and half in the soil around an open pit privy. The female lays eggs while attached to the intestine.

Eggs pass from the body and hatch within 24 hours. Then the young worms lie in wait for the first unsuspecting barefoot person—usually a youngster—to come by. It pierces the foot skin and slowly inches its way deeper and deeper into the body until it reaches the intestinal tract where the cycle starts again.

"It is a disease," Dr. Cox says, "that stunts the growth of children, causes skin discoloration, loss of weight, and anemia." Severe infestations often cause a morbid craving for such things as chalk or dirt, he added.

But it's easy to control—merely by building properly designed sanitary pit privies or septic tanks. That, and wearing shoes. A good many children in various rural sections have had light infestations all their lives and have never known what it means to feel entirely well.

546 STUDENTS ON HAND FOR OPENING

The Sanderson Public Schools opened Tuesday morning with the registration of 546 students locally, with eighty-three in the high school and 463 in the elementary grades, according to Matt F. Bader, superintendent. Mr. Bader said that he had not been able to visit the Dryden and Independence schools since their opening to ascertain the number of students enrolled but estimates Dryden to have twelve students and Independence to have seven, making the total for the county at 555 approximately.

The breakdown by grades locally is: seniors 9; juniors 15; sophomores 27 and 32 freshmen in the high school and in the elementary grades: eighth 24; seventh 49; sixth 55; fifth 62; fourth 61; third 74; second 60 and first 8.

There are four new students in the high school this year that did not attend the local school system last year. They are: Ruth Wennett, a senior who transferred from Dimmitt High School; Alinda Eastman, who attended Del Rio High School last year; Anna Edwards, a junior, who attended a high school in Mexico City last year and Gary Vasbinder, transferring from the Del Rio High School.

DRYDEN NEWS

By Peggy Wagner

Those who have moved to Sanderson for the school term are Mrs. Billy Holland and children; Mrs. F. M. Wood and children; Mrs. Vic Littleton and children and Mrs. Robert Gatlin and Kip have moved to Del Rio.

Hilton North has sold all of his stock and moved to Ozona to live with his family.

Carroll Hames of Farmersville is visiting Mr. and Mrs. Ira Rutledge and Rosalie.

Mr. and Mrs. Herbert Winston and Molly were recent visitors in Evening Shade, Arkansas.

Mrs. R. J. Ross and Benny Ray and Mrs. Alice Ross were in Del Rio last week shopping and for dental work.

Mr. and Mrs. Jim Condra and children have moved to McCamey.

Mr. and Mrs. John Baker and Charles were in Abilene visiting Mr. Baker's father who is ill in the hospital there.

Mrs. Freeman and Jodie Mae are moving to Big Lake where Jodie Mae will attend school.

GIRL BORN TO THE GENE MSPARRANS. A little daughter weighing six and one-half pounds was born to Mr. and Mrs. Gene McSparran Wednesday morning in Sanderson. This is the second child for the couple.

Mrs. E. McSparran is the paternal grandmother.

Current Events and Business For Baptist Woman's Society. The Baptist W. M. S. met at the church Monday afternoon for a business meeting and current events program. After the hymn "Give of Your Best To The Master" had been sung by the group Mrs. A. D. Brown led the opening prayer.

"House Treasures of the Lord" was the subject of the devotional read by Mrs. Maude Sullivan. A diet, "Live For Him" was sung by Mrs. C. Spencer and Mrs. B. E. Carr.

PRIME COAT ADDED TO PORTION OF HIGHWAY 285

A portion of the highway construction of the new route for Highway 285 between Sanderson and Fort Stockton has been given the prime coat from the junction of Highway 90 north approximately 5 miles. This is the first prime coating to be made to the new section and the farthest progress to date on the approximately 12-mile stretch.

Work was delayed on the construction project by a breakdown on the rockcrusher, but work has been resumed and men and machines are working at full speed to catch up with the delay caused by the breakdown.

Base is being laid north of the portion of the road receiving the prime coating so that work will progress north during completion.

SIX TOLL CIRCUITS TO DEL RIO READY FOR PHONE USERS

Further expansion was made by the Del Rio and Winter Garden Telephone Company in Sanderson last week with the completion of three new toll circuits to Del Rio. Heretofore, there were two direct toll circuits to Del Rio and a direct from Sanderson to Comstock making virtually three circuits to Del Rio from Sanderson.

Last week a new toll circuit was made between Marathon and Del Rio and also Fort Stockton and Del Rio, making six circuits available after a new one was added from Sanderson to Del Rio.

Some changes have been made in the switchboard operators this week with three of the girls resigning to attend college. Mrs. Maurine Terry is now employed as an operator and Ruth Winnett, a high school senior will work part time. Regular operators are Miss Janie Turner, Mrs. C. P. Finley, Mrs. Anita Grigsby and Mrs. Clarence Chandler.

Funeral Saturday For Mother of Mrs. J. W. Happle

Funeral services were held in San Angelo Saturday afternoon for Mrs. Homer Powers, 86, who died Friday at the home of a daughter in that city following a lengthy illness. Burial was in Fairmont Cemetery.

Mrs. Powers had made her home with her daughter, Mrs. Rudolph Grossenbacher, for approximately fifteen years following the death of her husband, Dr. Homer Powers, in 1935. Survivors include six daughters, including Mrs. J. W. Happle of Sanderson, a brother, fifteen grandchildren; twenty-one great-grandchildren and one great-great-grandchild.

A granddaughter, Mrs. Webb Townsend, was unable to attend the funeral services.

Mrs. Happle had been at her mother's bedside for about ten days, returning home Wednesday with her sister, Mrs. Speed Guyer, of Los Angeles who will visit here for several days. R. S. Wilkinson brought them to Sanderson.

LOCAL RESIDENTS TO ESPY REUNION IN FT. DAVIS

Mr. and Mrs. J. W. Espy of Fort Davis were honored with a reception at their home Tuesday evening the occasion being the couple's golden wedding anniversary.

The reception was given by the couple's children including Mr. and Mrs. J. T. Williams of Sanderson, Mr. and Mrs. Worth Evans of Fort Davis, Mr. and Mrs. Gay Howard and Mr. and Mrs. Frank Jones of Marfa, Mr. and Mrs. Clay Espy of Fort Davis. Attending from Sanderson were Mrs. Jettie Peavy, Mrs. Tol Murrach, Mrs. Mary Mitchell and Mr. and Mrs. S. L. Stumberg.

Luncheon Honors Past Presidents Of Evening Study Club

A luncheon given by the Evening Study Club last Saturday honored the past presidents of the club. The luncheon was served by the ladies of the Methodist W. S. C. at 1 o'clock in Fellowship Hall. A large arrangement of pink gladioli was on the speaker's table at the end of the long T-shaped table which was covered with a white cloth and smaller arrangements of gladioli were placed at intervals.

Mrs. J. W. Pate, president, introduced the past presidents, including Mrs. C. F. Pickard of Eagle Pass and Mesdames Roy Deaton, W. Sudduth, W. H. Grigsby and Harland Inmon of Sanderson. Each gave a brief resume of the events during her term of office. Mrs. Pate presented a corsage to each of the past presidents.

Miss Myrtle Harrell played two piano selections, "Indian Love Call" and "September Song."

Mrs. Pate discussed union among women's clubs to conclude the program.

The luncheon menu consisted of tomato juice cocktail, baked ham with buttered beets and potatoes, vegetable salad, hot rolls, iced tea, and lemon ice box cake.

Guests were Mesdames E. E. Wiley, Vic Littleton, Austin Deaton, Roy Deaton, J. W. Pate, W. Sudduth, W. H. Grigsby, M. F. Baker, Dick Sullivan, F. T. Baker, the Seannell, H. A. Finger, Garland Inmon, Wylie Cox, E. J. Haney and Mrs. C. F. Pickard of Eagle Pass, Mrs. S. S. Blaydes and Mrs. Russell Walker of Fort Stockton and Miss Myrtle Harrell.

Preceding the luncheon, Mrs. Pate was hostess for an informal coffee at her home at ten o'clock with the past presidents as honor-guests.

Mrs. Pate used gladioli and ranunculus to decorate the party rooms in her home.

Members of the Sanderson Club were also invited guests of about twenty-five ladies called during the hours of the coffee.

Stars In My Crown' Due Ribbon Picture, Opening Wednesday

"Stars in My Crown", new M-G attraction at the Princess Theatre, is a tenderly-unfolded, heart-warming story of a small Southern town at the close of the Civil War and of a two-fisted preacher who leads the way in making his community a better place in which to live.

Bel McCrea enacts Josiah Gray, a cavalryman who comes to the village of Walesburg, and tries the community to build its church, marries the pretty or-

giant and becomes a second father to their little ward, John. The parson's steadfast courage and honesty make themselves felt on almost every member of the vil-

failed. Only one man proves stubborn in his resistance to Josiah's precepts of honor and humility. He is Lon Backett, the town's richest man, who tries to exert his own authority over that of the law, but who, in the picture's stirring climax, is forced to bow to the stronger will of the indomitable preacher.

Although "Stars in My Crown" has its share of rugged action, it is the atmospheric details of a small, growing village, the homely humor and the vivid naturalness of characterization which give the picture its warmth and color. There is the glowing sequence, for instance, in which the experienced Uncle Prill, and the neophyte John go fishing, or the uproariously funny medicine show scenes, or the episode in which Doc

Harris removes a fish hook from a young victim, or that in which Josiah backs the town bully into a pool of mud. Then there are the various moments in which old-fashioned ballads and folk tunes of the period are sung in choral groups, an authentic as well as charmingly melodic touch.

MRS. P. P. COURTNEY HOSTESS FOR SEWING CLUB

The Stitch 'n Chat Club met Tuesday afternoon at the home of Mrs. P. P. Courtney for a period of fancy work and conversation.

The hostess served doughnuts and coffee to Mesdames G. D. Vincent, H. E. Fletcher, Weldon Cox and Gene Litton.

Mr. and Mrs. Johnny Lord of Houston were week end guests in the home of Mr. and Mrs. F. H. Talbot.

Bill House, son of Mr. and Mrs. James F. House, has enlisted in the U. S. Navy and reported to San Diego for boot training.

CARD OF THANKS

We wish to express our sincere appreciation to all of the good people of Sanderson who were so kind to us on the occasion of the death of our father. Your expressions of sympathy and thoughtful deeds went far toward lightening our burden of grief and we shall always remember you. The Willis Carter Family

Thinking of the Long Pull?

Better Buy Buick!

IF that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it. And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons. For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes. For another, it's built with typical Buick ruggedness through and through — a husky that can take a lot of years without crying "Uncle!" Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort. It even comes with Dynaflow Drive* if you like—and Dynaflow means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum. Of course, you can't see all of this in the brief span of a trial drive. But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflow, the quick surge of Buick's Fireball power. All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean. Why not call on him soon to talk about signing up?
