LISTEN TO LUKE

Spring seems reluctant to en- cool days continue to keep the play-suits in the trunk. When the mesquite trees put out, then we will clean up our glasses and start looking for tourists. If only those who could really play would wear play suits!

Citizens of Terrell County will be called upon to go to the polls Saturday and select a school board member to serve for a 3-year term. There will be two candidates for the place and it is expected that every person having a poll tax receipt or exemption will exercise his right to its use and take full benefit of the privilege by voting in this election.

Hugh Rose, present incumbent, is one of the candidates and Walter G. Downie is the other. Both are county ranchmen. This election has no interest whatsoever in the campaign other than the desire to see an interest in school affairs expressed by all who have poll tax receipts.

Your school board is entrusted with a tremendous obligation — you are your representatives in matters that affect the school system of Terrell County. If you wish to express an opinion in the selection of the board members, you have no right to later criticize any actions of the board or responsibility of the office. It is remunerative only in the satisfaction of service rendered to the community.

According to old-timers, it has been some twenty years since a candidate for a position on the board has been opposed. The fact that two candidates are on the ballot this year is indicative of one thing: that there is an increased interest in the school affairs. So far as this column can determine there is no animosity or bitter personal fight in the contest. Too long the voters have been complacent in all public affairs and have gotten to the habit of "let George do it." It is now, if ever, for the voters to awaken to their responsibility.

Every office from school board members to the occupant of the White House. It is time for a thorough screening of the teachers to be employed. Our future leaders are now our school children. We are hoped that by having two candidates in this race it will be a means of an awakening in all political responsibilities.

Any questions concerning the school board race or policy or anything of the board should be directed to responsible parties who are in a position to know the facts. Each voter should be well acquainted with all questions pertaining to such matters before voting themselves eligible to be considered as intelligent voters.

Where is this issue a paid advertisement in which Downie outlines his reasons for entering the school board race this time. Mr. Rose was contacted for a statement and his opinion was that he was well known in Terrell County and was in for that place three years ago and if re-elected he would endeavor to do the things that would be for the best interest of the school. This campaign has aroused some interest and in fairness to both candidates both were contacted for an expression of opinion.

Harold Ickes wants to the government steal Texas schools so it can be used to force schools over the country. The socialistic scheme to get government's finger in the pie of our free public school system of today. Sam Rayburn has the "steal" put in his lap and present he has done nothing for the people in the deal. He has upped a compromise which would do nothing more than a change of turnover and take all the money from Texas and deprive school children, ignore their needs and sacrifice their interests for the sake of "the party." This column has the right and continues to fight socialism in Washington and elsewhere until the people are awakened to the situation and get the rascals out of our government affairs. We can say

TWO CANDIDATES ON BALLOT FOR ELECTION SATURDAY

The names of two candidates will appear on the school board election for Terrell County Saturday.

Hugh Rose, incumbent, is seeking re-election as his term of office comes to a close. He is being opposed by Walter G. Downie, whose name was ordered placed on the ballot after a petition by voters asked that his name appear for the school board election.

Both candidates are well known in Terrell County and have each expressed a willingness to serve, if elected, to the best of their ability. Other members of the school board are Jimmy Caroline and A. J. Hahn. Hahn was named this year by the county board to fill out the vacancy created when J. A. Mullins moved to Lafayette, Louisiana.

All qualified voters are eligible to vote in this election. A paid-up poll tax receipt or exemption will qualify voters living in Terrell County to participate. It is expected that a large number of votes will be polled Saturday.

Large Panther Killed On Woodward Ranch

Johnny Woodward reported Wednesday that a male panther seven feet long and weighing 123 pounds had been caught on the Woodward ranch probably Tuesday night. The panther was found Wednesday morning. Woodward stated that the panther was caught on a veiga on the Rio Grande River. The Woodward ranch is southeast of Dryden.

Woodward brought the cat into Dryden for display Wednesday and plans to have the hide tanned.

Methodist W. S. C. S. To Serve Mexican Dinner and Food

The ladies of the W. S. C. S. of the Latin-American Methodist Church are sponsoring a Mexican dinner to be served at the parsonage Saturday, April 7.

A Mexican plate lunch will be served for \$1 with enchiladas and tacos selling for 50c an order and tamales for 50c per dozen.

Serving will begin at 12 o'clock and will continue as long as the food lasts. The food may be eaten there or taken home. Orders for tamales, enchiladas and tacos may be placed by phoning Rev. Joe Salas at 239W.

Cemetery Assn. Officers Re-Elected

The annual meeting of the Cemetery Association was Monday evening in the courthouse. Officers who have served during the current year were re-elected and included W. E. Grigsby, president; Mrs. Austin Nance, vice president; R. S. Wilkinson, secretary-treasurer.

The group voted to maintain the same water rates and association dues but voted to restrict the sale of water to paid-up members.

lots of things about "reds" and get a pat on the back. If we say what we think of the rotten mess that would continue to see the democratic way of life down the river for a few votes, then some want to class us as being "aginers."

Micky Cohen claims to be going legit in operating a drug store in Arizona. Seems strange that one can be too poor to make a trip to Texas one week and enter the drug business the next. That gives us an idea!

Alarmed at the present shortage of paper? Drop in at this office and we will show you the bundles of paper used by various bureaus of government sent out weekly to get the papers to print their propaganda, free, of course. It takes a lot of taxes to keep the government bureaus operating effectively to keep down the cost of living which is going up day by day.

DR. JOHN A. GUINN

Inauguration ceremonies for Dr. John A. Guinn, new president of Texas State College for Women at Denton will take place April 27.

The program, according to the Board of Regents, will be modest. Doak S. Campbell, president of Florida State University, Tallahassee, Florida, will deliver the main address.

Pfc Harvey Nessmith left Tuesday for Albuquerque, N. M., after spending a ten-day furlough here with his parents, Mr. and Mrs. W. H. Nessmith.

Mrs. Walter Pauli received a letter this week from her husband, Pfc Pauli, of the US Marines. The letter was written on Easter Sunday aboard a transport bound for Korea.

Painting Underway At Courthouse

Work has begun on the interior painting of the Terrell County courthouse. Offices on the second floor are receiving the first coat of paint which will be a light shade of green.

The Kerr Mercantile Company was awarded the painting contract and Lolo Flores is doing the painting.

The painting is scheduled to be completed in sixty days.

JOE NICHOLS OVERTURNS PICKUP ON HIGHWAY 285

Joe Nichols, local ranchman, received numerous bruises, but no serious injuries when the pickup he was driving overturned on the Sanderson-Fort Stockton road at 1 p. m. Wednesday near the Bill Mitchell ranch. Mr. Nichols stated that he went to sleep while driving back from Fort Stockton and the car was out of control when he was awakened.

Most of the damage was done to the front end of the pickup but there was considerable damage.

Permit Given For Wildcat In County

BLT Company of Odessa filed application last Friday for a permit to drill a 4,000-foot wildcat with rotary rig in central Terrell County.

The operation will be No. 2 Madeline C. Goldwire, 1,195 feet from the north, 1,650 feet from the west line of section 95, block 1, Texas Central Railway Co. survey, approximately 9 miles northeast of Sanderson. Elevation is 3,540 feet and drilling is scheduled to begin by April 10.

The wildcat will be seven miles northeast of Skelly No. 1 Robertson, a 3,940-foot dry hole in section 190-D-MKT. It will be nine miles west and two miles south of a Sun Oil Co. wildcat in section 12-4-TC RR abandoned at 4,028 feet, and 17 miles southeast of Humble No. 1 Mitchell, in section 24-128-T&S FL which was plugged back last year at around 12,000 in black shale.

BLT No. 2 Goldwire will be 20 miles west and one mile south of Mid-Kansas No. 1 Goode, which struck several million cubic feet of gas around 5,600 feet a number of years ago and continued without further developments to around 9,500 in shale.

The well is approximately 3-4 of a mile south, east of the No. 1 Goldwire on which work was halted within the past few weeks.

N. M. MITCHELL'S STOCK IN TEST AT BALMORHEA

N. M. Mitchell, Terrell and Pecos County rancher was among the twelve breeders participating in the ninth Madera Station bull progeny test in Balmorhea where an estimated six hundred ranchmen and their wives were at the test station Saturday to review test results.

Mr. Mitchell's pen of five bulls out of N. M. Real Domino 36, gained an average of 2.35 pounds daily and another pen out of Domestic Mischief 53, showed a gain of 2.13 pounds daily. Gains of his pen of heifers was 1.76 pounds per day.

Purpose of the 139-day feeding study, the ninth, conducted in Balmorhea, is to find bloodlines which increase the ability to gain aver-doups.

The experiment is meant to prove sires by showing the rapidity of weight gain in their offspring. Young bulls and heifers out of given sires are placed on feed under similar conditions to determine which make the most economical gain.

Although practically all the cattle in the test are of registered blood, test sponsors declare the experiment is designed to help all cattlemen. It shows registered breeders the bloodlines they need to improve their cattle. Improved registered herds will be reflected in improved bulls sold to commercial cattlemen.

Characters Named For Senior Play

The person who will play the character of "Ben" in "Spooky Junction," the senior play, will remain a mystery until the evening the play is presented, Friday, April 20, in the high school auditorium.

Mrs. W. H. Savage, who is directing the play has announced the cast of characters to include Barbara Clark as Fran Frazee, a fiancée; Gene Chandler, Jack Kaiser, an eloper; Kathleen Connor and Mary Connor, entertainers, will be played by Tome Yturbe and Betty Sullivan. Shirley Thompson has the role of Della Delmonte, a colored lady. Cy Banner as Rex King, a man of mystery; Bobby Joe Hill, Zeb Webster, a stationmaster and Eulalia Escamilla as the "Woman in Black," a stranger.

The three-act mystery comedy is packed with thrills and hilarity in moments.

GLORIA YBARRA BORN APR. 1

The first birth recorded in Terrell County for April was Gloria Falcon Ybarra, the infant daughter of Mr. and Mrs. Eulalio Ybarra. She was born Sunday, April 1, and weighed nine pounds. The couple has three other children. Ybarra is a sheep shearer.

Six Indicted As Grand Jury Ends Theft, Forgery Inquiry

The Terrell County Grand Jury in session here Wednesday issued indictments against four persons. District Judge Roger Thurmond, District Attorney Doug Newton and Court Reporter Belle Sutherland, all of Del Rio, were here for the grand jury session Wednesday.

Charges of robbery by the use of firearms and two separate charges of theft of over \$50 were brought against Johnny Singleton, Shelby James Mitchell, Miss Betty

Jo Britt and two male accomplices after the alleged robbery of a sum of money reported at over \$900 and a 1951 Packard automobile from Lester Iverson of Alamo, Texas. The account of the victim and admitted story of the three accused is as follows:

Iverson, en route to California stopped on the highway to give aid to the accused when he saw them stopped and working on an old model DeSoto. Two of the five occupants of the car got into Iverson's car and at the point of a gun took him approximately 25 miles down the Bulls Gap road where they left him after taking approximately \$900 and the automobile. Then the accused, in both cars, headed west and later abandoned the DeSoto about 10 miles east of Marathon.

Iverson was picked up by Lat-

Final Drive Launched For Red Cross Funds

The Red Cross drive was supposed to close on March 31 but with the drive far short of the quota expected from the county, the drive will continue until ample funds are raised, according to R. V. Spears, drive chairman.

This week a committee of women has been canvassing the residential areas to solicit donations from local residents and a worker was assigned to the business district also.

To date only \$606 of a quota of \$1,107 has been raised. Residents of the county are urged to make their contributions at the earliest possible date so that the drive may be closed.

Mary Lou Cargile Wins First In Alpine Declamation Event

The declamation events of the Interscholastic League meet were held in Alpine last Friday. Several students from the Sanderson schools attended the meet and were accompanied by Mrs. W. E. Grigsby and V. E. Wattner.

Mary Lou Cargile won first place in the senior girls' declamation events and Bobby Joe Hill, third place in the senior boys' event. Sarah Pat Grigsby placed third in the ward school events.

A large group of students will go to Alpine and Marfa this week end for the literary, track and field events.

The tennis events will be Thursday and Friday in Alpine. The literary events, including ready writing, spelling and story-telling are scheduled for Saturday morning. Preliminaries for the track and field events will be in Marfa Saturday afternoon with the finals scheduled for Saturday night in Marfa.

Deductible Clause Now Optional On Insurance Policies

The standard \$100 deductible clause applicable only to hail, hurricane and windstorm losses on buildings, now mandatory, became optional April 1, according to a new ruling issued by the Texas Board of Insurance Commissioners.

Elimination of the \$100 deductible may be purchased for an additional premium after April 1 for both new policies and old ones, with the premium on a pro-rata basis for the latter.

The new ruling replaces one in effect since 1946 which called for \$100 deductible clauses for suburban city structures and \$50 deductible for farm structures. The deductible clause applies only to the buildings and not the contents.

Full coverage, for example, eliminating the \$100 deductible clause, may be purchased for an additional premium of \$56 on a frame dwelling carrying a three-year term \$5,000 policy.

GIRL SCOUTS TAKE TWO-MILE HIKE TUESDAY

The intermediate and tenderfoot Girl Scouts met at the Scout Hut last Tuesday and took a two-mile hike. Each Scout carried her lunch and after they stopped to eat, pictures were taken of the group.

Visitors were Mrs. T. H. McDonald, Mrs. H. W. Chamberlain, Mrs. Bill Goodwin, Peggy Teenor, Darlene McDonald, Mrs. J. T. McDonald, Mrs. Fritz Thorn and Mrs. Olaf Hoggard are the leaders.

Baseball Game At Eagles' Field Tuesday

Baseball season gets under way locally next Tuesday, April 10, when the Alpine Bucks baseball team will play the Sanderson Eagles on the local diamond west of town.

The Sanderson team, under Coach C. W. Snowden, has been working out for several weeks and is developing satisfactorily, according to Snowden. The team is strong enough on the pitching side but needs some polish yet on defensive play.

All local fans are urged to be on hand for the ball game next Tuesday and witness some good competition between the two teams.

Kerr Mercantile Co. Stock Being Moved In Remodelling Work

Work on remodeling the interior of the Kerr Mercantile Company's general merchandise department is progressing as stock is being moved this week to allow room for the workmen as well as go into the new arrangement of stock.

Workmen are going forward with the complete renovation of the basement space while shelves are being filled with the paint and hardware stock from the first floor. Floor covering has been laid in the new section of the basement and small hardware and paint stock is being shelved behind the progress of the workmen.

Store manager, Joe Kerr, Jr. stated that everything is progressing as was anticipated and the entire arrangement will be opened for inspection of the public when the work nears completion. Mr. Kerr said that he appreciated the tolerance of patrons while the stock is torn up but promises that everything will be in order soon and he hopes the disruption will not inconvenience buyers too much.

Added facilities for better service will more than compensate patrons in future service, he says. When completed the store will be one of the most modern in design to be found anywhere in this section of the country.

The dry goods and grocery sections will occupy the entire first floor when the re-arrangement has been completed.

Girl Scout Council Approves Projects

The Girl Scout Council met at the Scout House Tuesday evening in regular monthly business session with Mrs. L. S. Vasbinder presiding.

With the resignation of Mrs. C. C. Mitchell as a Scout leader, her troop was divided and Mrs. Olaf Hoggard and Mrs. Fritz Thorn named as leaders.

The group voted to cover the floors at the Scout House with asphalt tile and also voted to buy a first-aid and snake bite kit to keep at the Scout House for all troops. Eight members were present.

in-Americans on the Bulls Gap road the day following the alleged robbery and was returned to Sanderson when and where he reported the theft of his auto and money.

The local sheriff's department put out a pick-up call for the quintet and the three named persons were apprehended in Phoenix, Arizona, on Monday, March 26. Iverson reported that the robbery had occurred on Thursday, March 23. The trio were returned to Sanderson by Sheriff Jim Nance and Ranger F. G. Hardin.

A fourth suspect, Jimmy Sarrett, was apprehended in Little Rock, Arkansas, and is being held for local officers. The fifth person charged in the alleged crime has not been apprehended.

Singleton, Mitchell and Miss Britt were held over for grand jury action under \$2,500 bond following the examining trial Monday.

A bill of indictment was returned against D. H. Tidmore charging him with forgery and passing a forged instrument after he was picked up as a suspect in passing a forged check on a local business man.

Tidmore was held over under a \$750 bond for grand jury action.

W. T. SHURLEY, SR., DIES IN UVALDE

Walter Thomas Shurley, Sr., former Uvalde County tax assessor and collector, died in a hospital in Uvalde Monday. Death was attributed to hemorrhage, according to reports.

Mr. Shurley, a former resident of Rocksprings where he was in the ranching and mercantile business, was in the real estate business at the time of his death.

Mr. Shurley was well known in Terrell County. His mother, Mrs. M. J. Shurley, his sisters, Miss Clara Shurley and Mrs. Joe F. Brown, and his son, W. T. Shurley, Jr., all of Uvalde, are all former residents of Terrell County.

T. E. C. Representative To Interview Local Ranchmen Next Week

Representatives from the San Angelo office of the Texas Employment Commission will be in Sanderson next week for conferences with ranchers of the county in regard to the renewal of their bracero contracts.

All ranchers interested in signing up for the renewal of their contracts are requested to confer with the representatives while they are here.

The representatives will be in the county court room at the court house in Sanderson on Tuesday, April 10, during the afternoon after one o'clock. The next morning, Wednesday, they will have to leave by 11 o'clock but will be available for morning conferences until that time.

Sheep To Eat and Re-Seed Range

Walter T. Miller and James McKenzie of Phoenix, Arizona, are inventors of a new gadget, according to the National Livestock Producer, which will force cattle and sheep to work for a living as well as eat.

According to the magazine article, the device hangs from the animal's neck like a cowbell and is filled with grass seed. As the animal raises and lowers his head while grazing, seed are dropped one to three at a time from holes in the gadget formed by movable disks.

MRS. MAGGIE BANNER MOVED FROM HOSPITAL

Mrs. Maggie Banner was moved Sunday from a San Antonio hospital to the home of her daughter, Mrs. Jerry Bell, in that city.

Mrs. Banner is reported to be making satisfactory recovery from a major operation almost three weeks ago.

Regan States Views On Socialistic Trend In Democratic Bloc

Washington April 2 — A wide "diversity of views" exists within the Democratic party, Rep. Ken Regan, said here this week in addressing a report to the approximately 400,000 people in the 16th district which he represents. He said there are two main diversions in the party.

Regan has begun a series of radio reports to his constituents, during which he will discuss the state of the nation as he sees it and primarily what affects West Texas.

"As you know, I am a Democrat and was so elected, but right here I want to say that I have found a wide diversity of views within the Democratic party. Many of us from the south and west are not in accord, nor do we share some of the views of other members of our party from the north and east. Therefore, it has been my opinion for some time that we have two major classifications with the Democratic ranks: the conservative Democrats and the Socialist Democrats.

"During my time here many socialistic proposals have been advanced and might easily now be the law of the land and a part of our centralized government has it not been for the opposition of the conservative Democrats of the south and west.

"One was socialized medicine, a scheme that would permit the government to control health and well-being of our people, direct them to a doctor, dentist, surgeon, oculist or other professional service without choice of selection by the patient, or a personal interest on the part of the doctor. A sort of assembly plant operation, or a plan akin to sheep dipping. "England has tried this wild scheme under their labor government for the past several years with appalling and tremendously expensive results. I do not believe the people of West Texas wish to be so regimented and I have opposed, and shall continue to oppose, socialized medicine.

"Second, Federal Aid to Education. It sounds good to many people at first flush and many in our teaching profession were led to

believe it meant a higher rate of pay for them. It had no such purpose.

"I will realize that our teachers perform a service far beyond their financial reward. Their importance in the educational formulation of the youth of America cannot be measured by dollars. There is the most honored of professions and I am confident that they earn and have the respect of all our people. But I repeat, Federal Aid to Education would do little more than to place them in a regimented governmental bureau with their hours, their station, their pay, and their texts all directed by a centralized government.

"It is true that the school lunch program has had no apparent ill effects but that was a program set up during the depression period of the early 1930's when our country was going through a period of unprecedented unemployment and vast stores of surplus food were available at a sacrifice by the farmer. Federal Aid to Education is a much different and a more far-reaching scheme.

"I will continue to oppose the socialization of our educational system. I assure you that all such measures that I consider to be against the interest of our people with a lessening of our freedom, and individual rights, will be consistently opposed by me as your representative."

MISS BETTY LOU FRAZOR TO NURSES' CONVENTION

Miss Betty Lou Frazor is to El Paso this week to attend the annual meeting of the Texas State Nurses' convention.

Miss Frazor, acting president of the student council of Baylor University School of Nursing where she is a senior student, was chosen by the student council of four schools of nursing in Dallas to go as the delegate to the convention.

She is the daughter of Mr. and Mrs. W. F. Frazor.

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B1, B2, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children.

And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should do something about it. Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B1, B2, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL is so effective. An important thing about HADACOL is that you get Vitamins B1, B2, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when Iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

What My School Means To Me —

By Jack Savage (Ed Note:— Another in a series of themes chosen by teachers as most representative papers written during Texas Public Schools Week.)

When I was younger, I could not see the importance of school, but my whole outlook is now changed. In reading and studying history and world events, I see how we Americans have the advantage over the rest of the world. Take Russia for instance. The teachers ever there cannot instruct their pupils the way some of them would like to. They must follow the strict rules of the Communist regime. In many countries there is no universal education. A person in one of these countries must pay for his education or live an illiterate life. Here in America we have universal education and the teachers may teach any way they please without having to fear the government.

Becoming a better citizen and learning to love ones country are also taught in the public schools. With education, one can not only better himself but do more for his country. In the public school, a person comes in contact with many different personalities and classes of people. This contact prepares a person for the future by giving him experience in getting along with people. In school life we meet and make many friends. One also learns to give and take in sports. Moreover, everybody in the public school has the same opportunity regardless of mental qualifications or financial advantages. Finally, a person gets as much out of public school education as he puts into it.

Mrs. Walter Kessler is employed as a checker in the grocery department at The Kerr Mercantile Company. Mrs. Billings, a former employee, and her daughter, returned to Del Rio.

'Stewardship' Program For Baptist W. M. S.

A stewardship program was presented when the Baptist W. M. S. met at the church Monday afternoon. Mrs. V. E. Keyes gave the opening prayer after the hymn "Jesus Calls Us" had been sung by the group. Mrs. T. O. Moore gave the devotionals.

The secretary-treasurer report was given by Mrs. H. G. Cates; the benevolence report by Mrs. S. D. Thompson; community missions by Mrs. Moore.

The members went to the building being used for the mission church among the Latin-Americans and planned to meet there Tuesday afternoon to clean up and paint the house.

Those present were Mesdames E. P. Halley, V. E. Keyes, H. G. Cates, A. C. Smith, T. O. Moore, Maude Sullivan, Hal Tyler, O. H. McAdams, S. D. Thompson and Lloyd Cowan.

Miss Rosa Heyder To Wed Colorado Man In Rites Saturday

The Holy Trinity Catholic Rectory in Trinidad, Col., will be the scene of a simple double-ring ceremony at 8 o'clock Saturday morning when Miss Rosa Heyder of Sanderson and Benjamin Garcia of Trinidad will be united in marriage.

A wedding breakfast will be served after the ceremony at the home of the groom's parents and the newly-weds will leave immediately on a wedding trip to Midland, Texas. Upon their return the couple will reside at 1006 East First St. in Trinidad.

The bride is the daughter of Mrs. Bernarda Posta Heyder of Sanderson.

Mrs. Jack Hinton, Mrs. Coy Boatner and son, Coy Lee, were Fort Stockton visitors Sunday.

Do you know how to "frost" a molded salad? Blend three 3-ounce packages cream cheese with 6 tablespoons real mayonnaise and spread like icing on a cake. For a blander frosting, dissolve 1 teaspoon gelatin in a cup of cold water and fold into 1 cup real mayonnaise.

A blouse and skirt become a more integrated ensemble when finished off with a belt. Invest in one that's made of good leather and keep it scratch-resistant with a protective coat of the ol' shinola.

Ever wonder what causes that unsightly discoloration on the inside of some tin cans? It's sulphur from the canned food. It discolors tin just as sulphur in cooked egg discolors silver. Perfectly harmless!

Hosiery colors are lighter than ever this Spring. So if your gaskins are a little on the dark side, use a good color remover and retint them a more fashionable shade with all purpose dye.

In accordance with the rule, "Never handle pastry dough too much," you shouldn't roll up leftover pieces of pastry into a ball. Pick up the strips, place them one on top of the other and then roll them out.

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.

BARCLAY HENDERSON TO WORK AT ALAMO LUMBER CO

Barclay Henderson began his employment at the Alamo Lumber Co. Monday morning. He moved his wife and two children here from Bay City last week end and the family is residing in the Burdett apartment.
Henderson has been previously employed by the Alamo Lumber Co. at other yards and is thoroughly familiar with the lumber business in all departments. H. A. Finger, manager of the local yard, invites his friends and customers to come by and meet Mr. Henderson.

LOCAL FIREMAN ANSWER ALARM SATURDAY

The Sanderson Volunteer Fire Department was called out Saturday afternoon to go to a fire in the car belonging to Henry Werneking. Mrs. Werneking got into the car and upon starting to leave she noticed smoke coming from under the front seat.
Origin of the fire was thought to be from a match ignited by the movement of the divided back of the front seat. There was no damage to the car or upholstery.
Chances are he's a doctor if he still has his tonsils and appendix.

TO THE VOTERS OF TERRELL COUNTY:

I am a candidate for the position of school trustee in the Terrell County Common School District.

In order to counteract and deny certain false rumors concerning my opinions and beliefs, and to let you know what my opinions are, I am making this public statement.

Denial of Rumors:

(1) I am not an advocate of an independent school district for the Sanderson schools. I believe that the Terrell County Common School District, through its trustees, and in close cooperation with the Terrell County Commissioners' Court, can solve all our school problems without the formation of an independent school district. Moreover, I want to remind those persons responsible for the false rumor concerning my feeling on this question that it is not up to their school board to decide on it; an independent school district would have to be voted in by the voters in a special election. The board of trustees in our common school district would have no power to bring about the formation of an independent district.

(2) I have no personal axe to grind in seeking election to your board of trustees. Every citizen is entitled to his own opinion. It is my opinion that our schools could be improved under the present setup, and I would like a chance to try to help improve them. I asked some of my friends to place my name on the ballot, hesitating to do so myself, lest I should appear presumptuous.

Statement of Opinions:

(1) I believe that anything worth having in our schools is worth paying taxes for. This includes band uniforms, scoreboards, football fields, library books, etc. The citizens of Terrell County are overburdened now with charity drives and requests for donations. They pay school taxes gladly, but are being asked constantly for donations to buy some necessary item of school equipment. I do not believe the superintendent and the faculty members should have to beg donations for the schools. The civic and service clubs, both men's and women's, have been very generous with their donations, as have individual supporters of the schools. However, I believe that we would all rather see these things paid for out of school funds, so that each taxpayer would bear his equal share of the cost of necessary equipment.

(2) The Terrell County Commissioners' Court is the fundraising body for the Terrell County schools. Individually and as a group, our commissioners are vitally interested in the welfare of the Terrell County schools. They cannot know what the schools actually need, however, unless the board of trustees keeps them informed along these lines. I believe that the school board should work closely with the commissioners' court, meeting with them and discussing with them in detail the financial problems of the schools. It is my understanding that this has not often been done in the recent past.

(3) I believe that the taxpaying public and the patrons of our schools should be invited and urged to attend meetings of the school board, and should take an active interest in what goes on at these meetings. I feel that a board that does not urge and encourage public attendance at its meetings is not doing its duty to the schools nor to those who are financing the schools through payment of taxes.

(4) I believe that a certain amount of discipline is necessary to the smooth functioning of any school system. I feel that parents should recognize this fact and accept it. I believe that the school board should back up the faculty on any reasonable disciplinary actions deemed necessary by the faculty. We pay our teachers to teach; they cannot teach without discipline. We want our children to learn; they cannot learn without discipline. I believe that the board of trustees should make every effort to see that all reasonable regulations are enforced, and that the faculty have the opportunity through discipline to command attention without fear of reprisal.

(5) I believe that these objectives and more can be accomplished under our present Common School District. I am not in favor of trying to establish an independent district. Even if I were, that would not be an issue in this election; that is a question to be left up to the voters, who would have to petition for a special election on the matter.

(6) I believe that it is the duty of every citizen to vote in local elections, especially in those affecting our schools. Whether or not you agree with the platform set forth above, I urge you to vote on April 7th. Win or lose, I shall continue to be interested in the welfare of the Terrell County schools, and to urge the improvement of our school system along the lines discussed above.
