Imagine! No more rubbing and scrubbing. No more soaking and soaping. No more filling and emptying. No more feeding clothes into a wringer. No more mopping of water-soaked

That's the kind of freedom you get when Reddy Kilowatt does your washing with an automatic washer. It does ALL the work of washday—from start to finish—AUTOMATICALLY. You just put in clothes and soap, set a dial and the washer does the rest-even to emptying and cleaning itself.

And at Reddy's low wages you can enjoy this washday freedom for just a few cents per washing. Why not ask for an automatic washer demonstration today!

# Smart Buy's Products

IT started the day the 1951 ROADMASTER I made its first appearance—and has been building up ever since.

Folks looked at the fresh new styling-the power-the features-the fabrics-the cloudsoft cushions - and the prices - and said, "Here's the smart buy in the fine-car field."

Why don't you come and see for yourself what a sensational buy this proud beauty really is?

It's a honey to handle-a joy to ride in-and just about the handsomest thing on wheels.

It has room, and poise, and a level-going gait that comes from coil springs front and rear.

There's a triumphant thrill in the willing obedience of its Fireball power and the luxurious ease of its Dynaflow Drive, which doesn't cost you a penny extra.

tter automobiles are bulk Dylck will build them

There's a sweeping view fore and aft through broad and uncluttered glass areas, and the new clarity of an instrument panel with high visibility at night.

Even the brakes are new, self-cooling, with a grip that takes hold like steel fingers in a velvet glove.

Here indeed is a car that is fine in bearing, in action, and in the precision of every structural part - a ROADMASTER custom built by Buick. When will you try one as our guest?

Equipment, accessories, trim and models are subject to change without notice.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening-
