SANDERSON, TEXAS, FRIDAY, MAY 23, 1958

NUMBER 15

LISTEN TO LUKE

formation of the Terrell County Water District No. 1 had first step completed Monday hearing before the Commissioners' Court here.

feel this is definitely a step toward for this town and community.

There was some opposition expressed at the hearing, but no substantial was offered had any bearing on the feasibility or practicability of the plan.

The Commissioners have agreed to permit the confirmation after the two-hour hearing and named directors to serve an election in January or after the election if the is defeated.

Directors' terms of office will stagger so that two will be in one year and three the next January, thus assuring the continuity of the board.

There is a chance to vote on new directors in case there are some are not doing their job satisfactorily for the majority concern.

This column has been actively reporting this move from its inception and we will continue to do all we can to make the process a success — if that we can do or will have any bearing.

There were some named to the directorship who have heretofore expressed themselves as against the proposal. It is hoped that they will buckle down to the job and toward the best interest of the people within the proposed district.

Anything short of this way of intent or action, means a resignation on their part.

operating the business as it would be will require a great deal of time and effort and any director not willing to devote that time should tender his resignation so that he might be replaced by someone who will work. We do have all the confidence in the integrity and loyalty of each director named. As the organization needs there will be new information brought to light and by the time the people are called on to vote for the issuance of bonds there will be no reason for voters not being able to go to the polls and cast an intelligent vote. Figures and estimates will be available by that time so that one need be in the dark as to the expected expenditure and the time of operation.

This move will do nothing but it will at least put the water in the hands of the people who use the water and any profit from the operation will be turned to the water users in the form of lower rates or more water.

Showers, Rain Cover Most of Area

Rains of recent days have given beneficial moisture to area ranges, according to reports from ranchmen of the county.

Rains have covered almost all of the county, as far as is known, in varying amounts of moisture.

Probably heaviest moisture was in the far northeast part of the county where up to three inches was reported in one day.

Some damage was done to the Sheffield-Dryden FM1217, according to information received here. The damage was the result of washing and erosion on shoulders.

First showers locally during the past week were on Sunday night. Other showers fell Monday and Tuesday morning. The total was 5.3-inch according to the official rain gauge.

Heavy bursts of thunder and a severe electrical storm accompanied the rain Sunday night.

Ranchmen praised the effects of the rain at this time and the benefits it would have on parched vegetation. Some areas where light showers fell over a long period, the ground was said to be "plumb boggy".

Rev. K. T. Melugin is expected to arrive Friday night to begin his pastorate at the Sanderson Methodist Church. He has been in Socorro, N.M., for the past two years and was transferred there from Gainesville, Tex.

He will be accompanied by his wife and 13-year-old daughter and will hold his first service on Sunday evening.

They also have a son who is a student at Texas A&M.

Rev. K. E. Scott, Methodist Pastor, Moved To El Paso

Rev. and Mrs. Kelley E. Scott and children left Thursday for El Paso where he was assigned to the Mountain View Methodist Church at the annual Methodist Conference which convened in Roswell, N.M., for three days last week.

Rev. Scott came to Sanderson from Mobile, Ala., on sabbatical leave and was admitted to the New Mexico conference this year. He served the local church for one year.

Kelley Scott, Jr., who is a senior in the Sanderson High School, will remain in Sanderson until after graduation.

Thursday is the day for the graduation exercises for the seniors of the Sanderson High School. The candidates for graduation include Olga Alvarado, Charles Bentley, Joe Causey, Adalberto Cobos, Diana Duke, Press Escamilla, Rene Esqueda, Rebecca Flores, Gloria Gutierrez, Trudy Jones, Irma Martinez, Ramon Martinez, Jessie Mae McDonald, Jerry Monroe, Willie Pena, Irvin Robbins, Jr., Julian Rodriguez, Kelley E. Scott, Jr., Damon Spence, Tommy Werneking, and Weldon Werneking.

Dorsey B. Hardeman of San Angelo, state senator of District 25, will be the commencement speaker.

Thursday is the last day of the 1957-58 school term.

SANDERSON BUSINESSES TO CLOSE MEMORIAL DAY

The business houses of Sanderson will be closed on Friday, May 30, in observance of Memorial Day, according to an announcement made this week by Mrs. C. P. Peavy, secretary of the Retail Merchants Association. Cafes and service stations will remain open.

Thomas J. Werneking Valedictorian

Miss Diana Duke Salutatorian

Tommy Werneking, son of Mrs. Pat G. Harris Jr., will be the valedictorian of the graduating class of the Sanderson High School. Miss Diana Duke, daughter of Mr. and Mrs. D. L. Duke, is the salutatorian.

School Board Contemplates Independent County District

Members of the Terrell County Common School District and School Superintendent Matt F. Bader appeared before the Commissioners' Court Monday to offer suggestions for the formation of an independent school district in Terrell County.

The purpose of the proposal, according to the school board, is to secure additional financing for local school operation at the least cost to county taxpayers.

Superintendent Bader outlined the present situation in the local school as concerns crowded conditions, teacher shortages, and the immediate need for additional funds. The present state and local financing picture and how the local schools are affected by the financing system, were also explained.

The present tax structure of the county — allocation for school operation — and other pertinent facts were brought to the attention of the commissioners.

As was pointed out at the meeting, there is no necessity in the board going to the Commissioners with their plans. But since the Commissioners Court is the present tax levying institution in the county and funds for the school's operation came from that source to a great extent, any plans of the school board in the formation of an independent district should be given first to the Commissioners as a matter of courtesy as well as seeking their help and backing in the proposed new district.

According to the school board, any additional revenue at this time for school operation or expansion will have to come from an increased valuation of all real and personal property in the county. The tax rate at present is at the maximum on the assessed valuation.

An increase in valuations, to increase the revenue for the school would at the same time increase the amount of taxes paid to the county and state under the present type of school board and tax operation.

It was pointed out that an independent school district is a taxing organization which levies, assesses, and collects taxes independently from any other organization.

Thus, with the need for additional funds imperative, an independent school district could increase its revenue without the necessity of raising county and state taxes at the same time.

The county would, in all probability, be required to contribute to the independent district.

B-B No. 2 Cores At 11,757 Feet; Goode At 10,938

Latest reports from the Magnolia Petroleum Co. and Western Natural Gas Co. No. 2 Brown-reveal no recovery on a core cut between 11,757-59 feet. Operator is drilling ahead from that depth.

The Richardson & Bass No. 1 Goode was last reported drilling in sand and shale at 10,938 feet. The Brown-Bassett is on section 216 in Block Y and the Goode well is on section 6 of Block R.

Confirmation Election Okayed By County Commissioners For Water District In Sanderson

The Terrell County Commissioners okayed a confirmation election for a water district in Sanderson at a called meeting of that group Monday. The meeting was in the county court room at the court house.

After two hours of testimony, questions, and answers, the commissioners named Greene Cooke, Jack Hayre, Edward Kerr, Jimmy Caroline, and Don E. Anderson as temporary directors to serve until January 1, 1959, or until the voters rejected the formation of the district in the confirmation hearing.

The steering committee, that had ram-rod the formation of the district since its inception earlier this year, had obtained information, material, and assistance in the preliminaries to the hearing Monday. They also had secured the services of Robert W. Spence, Austin attorney; Frank C. Draught and Don E. Frator of a firm of consulting engineers of San Antonio; Carter Johnson, with a firm of bond brokers of San Antonio who came to Sanderson Monday for the hearing and answered all questions put to the group concerning various aspects in the formation and operation of a water district.

The steering committee consisted of Marion Batson, L. H. Gilbreath, J. R. Hodgkins, Lawrence James, and Anderson.

Anderson opened the hearing with statements as to the cause of and purposes for which the water district organization was sought. Other than meeting with FHA guarantee loan requirements, he stated that it was the opinion of the steering committee that water could be sold at a cheaper rate and possibly more water made available for local consumption. It was also brought out that the lack of water in any community usually was the prime factor in the lack of growth of that community.

Mr. Spence explained the order. Continued on Page 2

Railroad Commission Okays Abolishment Trains 5 and 6

Word was received this week from the Railroad Commission of Texas of their granting petition of T&NO Railroad to abolish passenger service from Houston to El Paso on Trains Nos. 5 and 6.

The letter is reprinted below: "After due notices the matter hereinabove identified by docket number and caption was called for hearing February 17, 1958, in San Antonio, Texas, and March 18, 1958, in El Paso, Texas, at which time evidence and statements were presented in favor of and in opposition to the application.

Applicant's Exhibit No. 4, explained by Witness H. L. Bell, Assistant General Manager, Texas and New Orleans Railroad Company, Houston, Texas, shows the various items of revenues and expenses resulting from the operation of Passenger Trains Nos. 5 and 6 between Houston and El Paso, Texas, month by month for the calendar year 1957; and the total loss, or direct expenses over revenues, for the period is shown to be \$181,267.09.

"Testimony and exhibits offered by the protestants appears to be based upon a general need for continued passenger service with little or no testimony having been given to indicate that the passenger service offered and reasonably to be expected will pay the cost of continued operation of Passenger Trains Nos. 5 and 6, plus a reasonable return upon the property employed in the rendition of such service, as set forth in Article 6479, Revised Civil Statutes, State of Texas, 1925, and the decisions of the Supreme Court of Texas relating thereto.

"In view of the foregoing the Commission is of the opinion and finds that the application should be granted.

Therefore, it is ordered by the Railroad Commission of Texas that Texas and New Orleans Railroad Company be, and it is, hereby authorized to discontinue operation of its Passenger Trains Nos. 5 and 6 between Houston and El Paso, Texas."

The letter is signed by the three Commissioners and bears the seal and attest of the secretary.

Band Concert Given Thursday

The bands of the Sanderson High School were presented in their annual concert Thursday evening in the high school auditorium.

Two numbers were played by the members of the beginner band and three by the intermediate band.

The senior band played ten numbers and graduating members of this unit were recognized. Philip Shafer is director of the bands.

W. S. Forths Moving To LaCoste

Mr. and Mrs. W. S. Forth and daughters, Yvonne and Janice, are moving to LaCoste the last of the month. They have been Sanderson residents for the past eight years.

Coming Events

Thursday, May 22—Legion. Friday—L.B.P. Club. Sunday—Baccalaureate Service. Monday—Aitar Society, Methodist W.S.C.S., Baptist W.M.U., Presbyterian Women. Tuesday—Tuesday Club. Wednesday—Bonhomie Club, 31 Club, 8th grade graduation. Thursday—Commencement program.

Deep Wildcat Spotted In East Terrell County

Texas Pacific Coal & Oil of Fort Worth will drill a 12,000-foot rotary wildcat in Terrell County.

Location of the well will be 14 miles south of Sheffield, which is about three miles north of Independence Creek. It will be known as the No. 1-A W. C. Dunlap.

Location on a 1,920-acre lease, is 660 feet from the north and west lines of George H. Hudson Survey. This is about three miles north of one mile west of the mouth of Independence Creek.

No additional information is available on the hole to be drilled on the Banner ranch in section 30 of Block 16L.

Rumors and reliable information are that a well will be drilled in that section soon.

Magnolia Crew Opens Office Here

The Magnolia Seismic Crew is opening offices in Sanderson next week. Location will be in the Brown Building next to the theatre. Gordon Gibb is party chief for the crew.

The crew has had offices in Ozona for the past two years and delayed opening the crew's office here for the convenience of employees who had children in school.

Among Our Subscribers

Mrs. W. D. Smith of Minneapolis, Minn., is a new subscriber to the Times. Renewals have come from Austin Nance, J. M. Corder, M. G. Northcut, Jr., Gene Thorn and B. C. Haggell.

Softball Team Wins Two Games

A team of Sanderson ladies played two games of softball played Sunday afternoon. The first was against the General Geological Crew ladies ended 12-8 in favor of the Sanderson Ladies.

They played the Latin-American team immediately afterward and won the nightcap 9-4.

Each game was for five innings. Martha Athas collected the only mer of the afternoon.

The players for the Sanderson ladies were: Athas, catcher; Sullom, pitcher; Maurine Bilbo, 1st base; Martha McCutcheon, 2nd base; Sandra Farrow, at bat; Opal Wood, shortstop; Doris Elrod, shortstop; Lillian Searcy, 3rd field; Becky Hibbert, right field; Lois Schmidt, center field and pitcher; Rita Martin, left field and pitched also.

The managers of the team are A. Melton, Lee Billings, and B. Haggell.

Mrs. J. W. Happle's Sister Dies Friday

Funeral services were held in McCamey Saturday afternoon for Mrs. Fred Gibson who died suddenly in that city Friday morning following a cerebral hemorrhage.

Mrs. Gibson was a sister of Mrs. J. W. Happle, who with her son-in-law and daughter, Mr. and Mrs. Web Townsend, attended the funeral services.

At the time of her death, Mrs. Gibson was a justice of peace in McCamey. A native of Fort Stockton, she moved to McCamey in 1928 and had served as justice of the peace for the past 12 years.

Her husband, a retired service station owner, died about two years ago.

Besides Mrs. Happle, she is survived by four other sisters, Mrs. Rudolph Grosenbacher of McCamey, Mrs. S. C. Guyer of San Antonio, Mrs. C. J. Brown of Denver, Colo., and Mrs. New Teel of Junction, two sons, Charles F. Gibson of Odessa, and Roy Dan Gibson of McCamey; four daughters, Mrs. Nary Neomia Adams of McCamey, Mrs. Maxine Stark of Corpus Christi, Mrs. Leona Collins of Tucson, Ariz., and Mrs. Freddie Bodoff of Valentine.

Mrs. Noel James To Relative's Funeral

Mr. and Mrs. Noel James of Dryden attended funeral services in Mertzon last Wednesday for her brother-in-law, Oscar Teague, who died Monday in a San Angelo hospital following an illness of two weeks.

Born in Camp San Saba, Mr. Teague had been a resident of Irion County for 55 years.

He is survived by his wife, a son, two daughters, and two sisters.

Mr. and Mrs. Web Townsend and her mother, Mrs. J. W. Happle, returned home last Thursday from San Antonio where Mrs. Townsend had dental work. En route home they visited with Mr. Happle in Sublim.

Elmo R. Searcy Named Deputy To Sheriff Billings

Announcement is made this week of the appointment of E. R. Elmo Searcy as deputy to Sheriff Lee Billings.

Baseballers Lose Two to Merkel

The Sanderson High School baseball team lost two straight games and the regional championship to Merkel High School. The first game was played here and the second game in Merkel on Tuesday.

In the first game here last Saturday, Sanderson lost by a 4-3 score. Merkel had one hit to seven for Sanderson. Walks, errors accounted for the Merkel runs.

Sanderson had tied the game at 3 all going into the fifth but lost one in the top of the seventh and couldn't make up the difference. J. T. Herring pitched the one-hitter, with Monroe catching. Little at first, Bader on second, Rodriguez at shortstop, Martinez on third, Graham in left, Robbins in center field and Fuentes in right field.

In the game Tuesday in Merkel the score ended 4-2 with Merkel the winner.

Programs For Close of School Begin Sunday

Sunday marks the day for the annual baccalaureate services for the graduating class of the Sanderson High School. The services will be in the high school auditorium at 11:00 o'clock and the churches of the community will dismiss their morning services for the occasion.

Rev. Warren C. Capps, pastor of the Baptist Church, will give the sermon and music will be furnished by the high school choir.

The graduation program for the pupils of the eighth grade will also be awards night. The time of the program is 7:30 p.m. in the high school auditorium.

Supt. Matt Bader will present the diplomas and Thurman White, principal, the awards.

Thursday is the day for the graduation exercises for the seniors of the Sanderson High School. The candidates for graduation include Olga Alvarado, Charles Bentley, Joe Causey, Adalberto Cobos, Diana Duke, Pres Escamilla, Rene Esqueda, Rebecca Flores, Gloria Gutierrez, Trudy Jones, Irma Martinez, Ramon Martinez, Jessie Mae McDonald, Jerry Monroe, Willie Pena, Irvin Robbins, Jr., Julian Rodriguez, Kelley E. Scott, Jr., Damon Spence, Tommy Werneking, and Weldon Werneking.

Dorsey E. Hardeman of San Angelo, state senator of District 23, will be the commencement speaker.

Thursday is the last day of the 1957-58 school term.

SANDERSON BUSINESSES TO CLOSE MEMORIAL DAY

The business houses of Sanderson will be closed on Friday, May 23, in observance of Memorial Day, according to an announcement made this week by Mrs. C. P. Deavy, secretary of the Retail Merchants Association. Cafes and service stations will remain open.

No program or services are planned here for the day, as we go to gun.

ditions, teacher shortages, and the immediate need for additional funds. The present state and local financing picture and how the local schools are affected by the financing system, were also explained.

The present tax structure of the county — allocation for school operation — and other pertinent facts were brought to the attention of the commissioners.

As was pointed out at the meeting, there is no necessity in the board going to the Commissioners with their plans. But since the Commissioners Court is the present tax levying institution in the county and funds for the school's operation come from that source to a great extent, any plans of the school board in formation of an independent district should be given first to the Commissioners as a matter of courtesy as well as seeking their help and backing in the proposed new district.

According to the school board, any additional revenue at this time for school operation or expansion will have to come from an increased valuation of all real and personal property in the county. The tax rate at present is at the maximum on the assessed valuation.

An increase in valuations, to increase the revenue for the school would at the same time increase the amount of taxes paid to the county and state under the present type of school board and tax operation.

It was pointed out that an independent school district is a taxing organization which levies, assesses, and collects taxes independently from any other organization.

Thus, with the need for additional funds imperative, an independent school district could increase its revenue without the necessity of raising county and state taxes at the same time.

The county would, in all probability, be in a better position to handle the increased tax burden.

MRS. NOEL JAMES TO RELATIVE'S FUNERAL

Mr. and Mrs. Noel James of Dryden attended funeral services in Merzon last Wednesday for her brother-in-law, Oscar Toague, who died Monday in a San Angelo hospital following an illness of two weeks.

Born in Camp San Saba, Mr. Toague had been a resident of Irion County for 35 years.

He is survived by his wife, a son, two daughters, and two sisters.

Mr. and Mrs. Web Townsend and her mother, Mrs. J. W. Happie, returned home last Thursday from San Antonio where Mrs. Townsend had dental work. En route home they visited with Mr. Happie in Odessa.

B-B No. 2 Cores At 11,757 Feet; Goode At 10,938

Latest reports from the Magnolia Petroleum Co. and Western Natural Gas Co. No. 2 Brown-reveal no recovery on a core at between 11,757-39 feet. Operator is drilling ahead from that depth.

The Richardson & Bass No. 1 Goode was last reported drilling in sand and shale at 10,938 feet.

The Brown-Bassett is on section 216 in Block Y and the Goode well is on section 9 of Block R.

Confirmation Election Okayed By County Commissioners For Water District In Sanderson

The Terrell County Commissioners okayed a confirmation election for a water district in Sanderson at a called meeting of that group Monday. The meeting was in the county court room at the court house.

After two hours of testimony,

questions, and answers, the commissioners named Greene Cooke, Jack Hayre, Edward Kerr, Jimmy Caroline, and Don E. Anderson as temporary directors to serve until January 1, 1959, or until the voters rejected the formation of the district in the confirmation hearing.

The steering committee, that had ram-rod the formation of the district since its inception earlier this year, had obtained information, material, and assistance in the preliminaries to the hearing Monday. They also had secured the services of Robert W. Spence, Austin attorney; Frank C. Draught and Don E. Prazor of a firm of consulting engineers of San Antonio; Carter Johnson, with a firm of bond brokers of San Antonio who came to Sanderson Monday for the hearing and answered all questions put to the group concerning various aspects in the formation and operation of a water district.

The steering committee consisted of Marion Batson, L. H. Gilbreath, J. R. Hodgkins, Lawrence Jones, and Anderson.

Anderson opened the hearing with statements as to the cause of and purposes for which the water district organization was sought. Other than meeting with FHA guarantee loan requirements, he stated that it was the opinion of the steering committee that water could be sold at a cheaper rate and possibly more water made available for local consumption. It was also brought out that the lack of water in any community usually was the prime factor in the lack of growth of that community.

Mr. Spence explained the organization of the water district.

Railroad Commission Okays Abolishment Trains 5 and 6

Word was received this week from the Railroad Commission of Texas of their granting petition of T&NO Railroad to abolish passenger service from Houston to El Paso on Trains Nos. 5 and 6.

The letter is reprinted below: "After due notices the matter hereinabove identified by docket number and caption was called for hearing February 17, 1958, in San Antonio, Texas, and March 18, 1958, in El Paso, Texas, at

which time evidence and statements were presented in favor of and in opposition to the application.

Applicant's Exhibit No. 1, explained by Witness H. L. Bell, Assistant General Manager, Texas and New Orleans Railroad Company, Houston, Texas, shows the various items of revenues and expenses resulting from the operation of Passenger Trains Nos. 5 and 6 between Houston and El Paso, Texas, month by month for the calendar year 1957, and the total loss, or direct expenses over revenues, for the period is shown to be \$181,257.09.

Testimony and exhibits offered by the protestants appears to be based upon a general need for continued passenger service with little or no testimony having been given to indicate that the passenger service offered and reasonably to be expected, will pay the cost of continued operation of Passenger Trains Nos. 5 and 6, plus a reasonable return upon the property employed in the rendition of such service, as set forth in Article 9479, Revised Civil Statutes, State of Texas, 1925, and the decisions of the Supreme Court of Texas relating thereto.

In view of the foregoing the Commission is of the opinion and finds that the application should be granted.

Therefore, it is ordered by the Railroad Commission of Texas that Texas and New Orleans Railroad Company be, and it is, hereby authorized to discontinue operation of its Passenger Trains Nos. 5 and 6 between Houston and El Paso, Texas."

The letter is signed by the three Commissioners and bears the seal and attestation of the secretary.

Band Concert Given Thursday

The bands of the Sanderson High School were presented in their annual concert Thursday evening in the high school auditorium.

Two numbers were played by the members of the beginner band and three by the intermediate band.

The senior band played ten numbers and graduating members of this unit were recognized.

Philip Shafer is director of the bands.

W. S. Porths Moving To LaCoste

Mr. and Mrs. W. S. Porth and daughters, Yvonne and Janice, are moving to LaCoste the last of the month. They have been Sanderson residents for the past eight years.

Mr. Porth, who has been a water service mechanic in the employ of the T&NO Railroad, will now be an automotive mechanic on the San Antonio division of the railroad.

Mrs. Marion Batson returned home last week from a visit with relatives in Roswell, N.M., for two weeks. Her niece, Debra Fay Pflie, accompanied her home.

Elmo R. Searcy Named Deputy To Sheriff Billings

Announcement is made this week of the appointment of E. R. Elmo Searcy as deputy to Sheriff Lee Billings.

The appointment is effective on June 2, 1958, and he replaces Buster Babb who resigned last week.

Searcy stated that he would appreciate the cooperation of the public in the fulfillment of his duties as deputy sheriff. He stated that he would try to the best of his ability to serve the county in that capacity.

Searcy has had no experience as a peace officer and at the time of his appointment was employed at the McKnight Motor Co.

Baseballers Lose Two to Merkel

The Sanderson High School baseball team lost two straight games and the regional championship to Merkel High School. The first game was played here and the second game in Merkel on Tuesday.

In the first game here last Saturday, Sanderson lost by a 4-3 score. Merkel had one hit to seven on for Sanderson. Walks, errors accounted for the Merkel runs.

Sanderson had tied the game at 3 all going into the fifth but lost one in the top of the seventh and couldn't make up the difference. J. T. Herring pitched the one-hitter, with Monroe catching. Little at first, Bader on second, Rodriguez at shortstop, Martinez on third, Graham in left, Robbins in center field and Fuentes in right field.

In the game Tuesday in Merkel the score ended 4-2 with Merkel the winner.

Julian Martinez pitched, with Herring playing first base and Dan Little switching to third.

Coming Events

Thursday, May 22—Legion. Friday — L.H.P. Club. Sunday — Baccalaureate Service. Monday — Altar Society, Methodist W.S.C.S., Baptist W.M.U., Presbyterian Women. Tuesday — Tuesday Club. Wednesday — Bonhomie Club, S.I. Club, 8th grade graduation. Thursday — Commencement program.

Deep Wildcat Spoiled In East Terrell County

Texas Pacific Coal & Oil of Fort Worth will drill a 12,000-foot rotary wildcat in Terrell County. Location of the well will be 14 miles south of Sheffield, which is about three miles north of Independence Creek. It will be known as the No. 1-A W. C. Dunlap.

Location on a 1,920-acre lease, is 960 feet from the north and west lines of George H. Hudson Survey. This is about three miles north of one mile west of the mouth of Independence Creek.

No additional information is available on the hole to be drilled on the Banner ranch in section 30 of Block 15L.

Rumors and reliable information are that a well will be drilled in that section soon.

Magnolia Crew Opens Office Here

The Magnolia Seismic Crew is opening offices in Sanderson next week. Location will be in the Brown Building next to the theatre. Gordon Gibb is party chief for the crew.

The crew has had offices in Ozona for the past two years and delayed opening the crew's office here for the convenience of employees who had children in school.

The crew will do seismic exploration work in this vicinity for an undetermined period.

Soils Established In Local SCD

By August Turner, SCS, Soil Scientist, Fort Stockton

An initial field review was held the second week in May to establish soils in the Rio Grande-Pecos River Soil Conservation District under Standard Soil Surveys. This field review was to identify and separate soils according to their inherent characteristics and problems under a national scheme of soil classification. The SCS is charged with the responsibility of soil surveys under the USDA. Bob Fox, D. W. Carson, and August Turner, soil scientists, conducted the field review with the assistance of Don Allison, area conservationist, Alton Wilhite, range conservationist, and L. D. Booker, soil conservationist.

The Rio Grande-Pecos River Soil Conservation District includes most of Terrell and parts of Pecos and Brewster Counties. The district lies on the semi-arid portion of the Edwards Plateau. This region consists mainly of limestone hills where topography has a pronounced influence on soil formations. There is an apparent constant relation between surface forms and character of the soil. All soils are calcareous due to hot summers, mild winters and low rainfall, which impedes the leaching of soluble salts from the surface.

The major soils described on this initial field review are as follows:

Ozona Silty Clay, Shallow - These soils are 10 to 20 inches deep, underlain by limestone occurring on nearly level plateaus of limestone hills. These soils are more extensive in the northern part of the district on the higher elevations.

Rough Stony Mountains or Hills - These soils occur as rough broken limestone hills where the surface slope is greater than 25 per cent.

Ector Stony Loam - These are very shallow stony soils, less than 10 inches deep over limestone hills where the slope ranges from 5 to 25 per cent. Over 60 per cent of the soils in the district is comprised of this series.

Unnamed Gravelly Clay Loam

These are deep gravelly soils occurring at the foot of limestone hills as slope alluvium. The slope ranges from 1 to 3 per cent. Reagan Silty Clay Loam - These soils occur on broad level plains developed from outwash material from the surrounding limestone hills. The soils are deep and highly productive on slopes of 0 to 3 per cent. Frio Clay Loam - These are the deep, dark alluvial soils occurring in overflow draws.

Mrs. Max Bogusch returned home last week from a visit to relatives in Kerrville.

Mrs. Roy Harrell returned home Saturday from Ozona where she had visited with her daughter, Mrs. W. H. Chandler, and her son, Wade Harrell, and their families. Her granddaughter, Miss Billie Henshaw, brought her home.

Mr. and Mrs. E. J. Foley and children left Sunday for Houston to visit with friends for a few days before going to New Orleans where they left by boat for their home in Maracaibo, Venezuela. They had spent their annual vacation in the States.

W. H. Savage returned home last Thursday night from a Houston hospital where he had a medical check-up. After several months' absence following a heart attack, he returned to El Paso Wednesday to resume his duties as a T&N passenger conductor.

Mr. and Mrs. R. A. Gatlin were Del Rio visitors several days last week.

J. M. Corder visited in San Antonio the first of the week with

his sister, Mrs. Mary Mitchell, and his brother and sister-in-law, Mr. and Mrs. R. E. Corder, who are in San Antonio on business. Mr. and Mrs. C. C. Mitchell were business visitors in San Antonio this week, returning home Tuesday.

Mr. and Mrs. Louis Wilson Jr. and two children of Winslow, Arizona, visited here the first of the week with her aunt, Mrs. Grace Wheeler, and other relatives. They were on their way to the coast on a vacation.

School -

Continued from Page 1

ability, and of necessity, drop the school tax from their assessment and collection.

The school board, under an independent set-up, would consist of seven people, rather than the present three. They would be empowered to set valuations and assessments for tax purposes. The county collecting and assessing facilities might be used, they explained, but only if the county valuations were used by the independent school district. It was also brought out that the school district valuations on taxable property could not be lower than the county valuations.

Mr. Bader, in his introductory remarks, disclosed the crowded conditions now found in the second, third, and fourth grades, each grade having two sections; the coming students, by results of the school census, indicates even more crowded conditions in two sections. He stated that there was insufficient room for three sections of any one grade.

It was also pointed out that in the high school additional break-downs - and thus more teachers - would be needed because of additional requirements of the State Education Agency for compliance and affiliation with the state's colleges and universities.

The addition of sections in the history, and science departments in high school, were also pointed out.

Mr. Bader stated that the above shortcomings in facilities were not long-range and supposed possibilities, but actual and imperative needs for the present.

In the planning vein, Bader quoted a man in Midland who is in charge of placement of personnel and operations connected with drilling in the oil industry, who stated that present plans included the placement of some families in the area of the Brown-Basset gas field in eastern Terrell County. Bader was advised that a possibility existed of the

construction of an extraction plant in that vicinity and, with the completion of a gas line in that area, there was a strong possibility that several or many families would be living in that area. The children of those families it was brought out, would have to be furnished transportation to an existing school or have educational facilities provided for them near that location.

The school board stressed that their plans were merely in the formative stage and that more action would be necessary before any definite proposals would be submitted to the people for vote.

The board stated that they were in the process of gathering all information available on the matter and would try to present the information to the people through these columns for their enlightenment. They added that it was their purpose to try to serve the people of the county to the best of their ability and it was their opinion that the independent school district was the most economical way to obtain the revenue needed for the local school's operation.

It is the plan of the school board to have public meetings in Sanderson and Dryden - as many as necessary, they say - to give the people complete details of the proposal as well as the operation of the independent school board and district.

Mrs. J. Garner received word Wednesday that her sister, Mrs. Fee B. Riggs, who has been critically ill in a Brady nursing home, is slightly improved.

Harry Sharp has moved to the Clark apartments.

Water -

Continued from Page 1

organization of the water district from a legal angle, outlining the steps all along the way. He also explained the operation of selling bonds and their retirement.

He stated that it was customary for water districts to sell revenue tax bonds. These would be sold on the open market and the revenue from the sale of water then would be used to retire the bonds. He also brought out that a tax, if any, would be levied to make up the difference in the revenue from the sale of water and the amount needed for retirement of the bonds and the operation of the water district.

Mr. Spence brought out that the water district was a non-profit, non-taxable organization, but had the power to levy taxes, as mentioned in the paragraph above.

Mr. Draught explained the steps necessary from an engineer's problem in the formation of the district, explaining that a survey had to be made of the property to be included in the sale of the local water utility, an appraisal of the property, an accurate audit of the receipts and expenditures, and other aspects to determine the worth of the utility.

Figures submitted by the Community Public Service Co. as to receipts and expenditures of the utility for the past several years, showing an amount of net profit, was examined and those who examined the figures and seemed to be qualified for an opinion on the over-all picture, opined that such figures revealed a possibility of success in the operation of the water district.

There was little opposition to the formation expressed by those present, and no organized move in opposition was apparent.

Some questions by citizens were taken to be more fact-seeking than expression of opposition. About fifty were present for the hearing.

No date has been set yet for the confirmation election.

The steering committee asked the people to accept their thanks for their cooperation and attitude at the hearing. They stated that arrangements for the hearing had been made to find out the will of the people in the matter of the possibility of going into the water business.

Mrs. Ruel Adams returned home from San Angelo where she had been hospitalized for ten days. Her condition is improved. Mr. Adams went to San Angelo for his wife Tuesday.

Former Residents Celebrate 50th Wedded Year June 4

Dr. and Mrs. B. M. Stradley of Phoenix, Ariz., will celebrate their golden wedding anniversary on Wednesday, June 4.

Dr. Stradley served the Sanderson-Dryden charge for five years, from 1927 through 1932. He went from here to the First Methodist Church in Walsenburg, Colo. Other churches he has served during his 20 years in the New Mexico Conference were Grace Methodist Church in Alamogordo, N.M., and First Methodist Church in Gallup, N.M. Prior to his retirement from the active ministry in October of 1944, he served as pastor of Center Street Methodist Church in Tucumcari, N.M., for four years.

He was chairman of the Board of Evangelism of the New Mexico Conference of the Methodist Church and held successful visitation and preaching evangelistic campaigns throughout the bounds of West Texas and the New Mexico Conference.

Wednesday Club Meets In Riggs Home

The Wednesday Club met in the home of Mrs. Jack Riggs this week. She served sandwiches and a salad plate before the bridge games, with four tables of play-ettes. Bouquets of Spring flowers decorated the party rooms.

High score was held by Mrs. John Reining, second high by Mrs. Jim Kerr with Mrs. Vic Littleton and Mrs. F. M. Wood holding slam prizes.

Also present were Mesdames R. S. Wilkinson, J. T. Williams, S. L. Stumberg, Herbert Brown, Fred Barrett of Dryden, Earl Davenport of Pumpville, J. A. Gilbreath, Mary Lou Kellar, M. F. Bader, Edward Kerr, and W. W. Sudduth.

Mrs. Robert Wilkinson and Mrs. A. D. Brown were luncheon guests.

METHODIST WSCS TO MEET MONDAY

New officers will be installed when the Methodist WSCS meet in Fellowship Hall Monday, 3:00 p.m.

All members and women of church are urged to attend meeting.

WASHATERIA AND DRYERS JAMES & MAGILL

TELEPHONE TALK by Randy Cooper, Manager

With the warm weather on us, the folks here in Sanderson, both young and old, are thinking about all the fun and good times to be had in the summer months. June brides, 4th of July, baseball, swimming, fishing, and just plain old relaxing make each summer an awaited time of each year. I hope each and every one of you has the best summer yet.

Where Are You Going On Vacation? It's high time to be thinking about or planning a vacation. And when a family plans the vacation together, the planning can be almost as much fun as the "going".

To help plan their vacations better, more and more families nowadays put some dependence on the telephone. A telephone call to a favorite vacation spot confirms reservations. Another call to an overnight stopping point guarantees accommodations for the family, permitting an extra hour or so of driving.

In the midst of the vacation, these same folks often answer the question of "wonder how everything is at home?" with a telephone call - the personal way to keep in touch.

So, this year, why don't you count on the telephone when planning and enjoying your vacation?

Remember, too, that station-to-station calls cost one-third less than person-to-person calls. And when you call by number, you, calls go through twice as fast.

Color Is Here To Stay I'm betting that I don't run into much of an argument when I say that people like color. And just look at the bright array of color telephone we have to offer you.

You can choose from Cherry Red, Pastel Yellow, Ivory, Rose Pink, White, Moss Green, Light Beige, Aqua Blue, and Light Gray - colors to fit any color scheme!

A color extension telephone is practical as well as good looking, too. Here in Sanderson, an extension costs just \$1.00 a month plus a one-time installation charge of \$2.50. If you order yours in color, there's an extra one-time only charge of \$10.

Call by number. It's twice as fast. SOUTHWESTERN BELL TELEPHONE COMPANY

Hobbies, Projects Of Culture Clubbers Displayed at Meet

The Sanderson Culture Club met Thursday afternoon in the home of Mrs. H. A. Smith for the first meeting of the club year. After singing the song "God Bless America", Mrs. E. H. Jessup, president, led in prayer. Reports were given by the officers and chairmen of standing committees. Mrs. Jessup gave a report of the annual meeting of the Eighth District of Texas Federation of Women's Clubs in Alpine last month. She went as a delegate on the local club. Mrs. C. F. and Mrs. H. E. Ezelle also attended. Mrs. H. C. Goldwire gave an interesting discussion on hobbies. She then took the members to the sun porch where an exhibit of hobbies, projects, and scrapbooks had been arranged. The members explained their hobbies and projects which included the collection of Indian jewelry, despatch glass, ceramics, Christmas tablecloths, copper tooling, jewelry, enameled copper, painting, aprons, etc., and scrapbooks of Texas lore and legends. Refreshments of punch, cocoa, cake, mints, and salted nuts were served from a beautifully appointed tea table covered in a yellow cloth. The centerpiece of ring flowers in purple and yellow shades with white stock and bells of Ireland was flanked by white candles in silver holders. Mrs. John W. Byrd was co-hostess with Mrs. Smith. Members present were Mmes. D. Brown, J. W. McKee, J. H. Behausen, L. H. Gilbreath, H. Goldwire, L. G. Hinkle, H. E. Belle, E. H. Jessup, E. E. Farley, B. Moseley, also three guests, Mrs. Clyde Higgins, Mrs. J. Gardner, and Mrs. E. J. Foley of Veneta. Mr. and Mrs. W. E. Grigsby spent the week-end in Sterling City with relatives.

Mrs. Hal Tyler will serve as secretary; Mrs. Charlie Murray, treasurer; Mrs. M. H. Goode, Jr., conductress; Mrs. Jack Turner, associate conductress; Mrs. E. P. Halley, chaplain; Mrs. Lee Grigsby, marshal; Mrs. Walter Kessler, organist; Adah, Mrs. Monte Goode; Ruth, Mrs. Emmett Young; Ester, Mrs. Clarence Chandler; Martha, Mrs. Ruel Clark; Electa, Mrs. Billy C. Hibbert; warder, Mrs. M. G. Northcut; sentinel, Emmett Young. The officers will be installed in June. Mr. and Mrs. Dalton Hogg are the retiring worthy patron and worthy matron.

Mrs. R. S. Wilkinson Presents Pupils In Recital Friday

Mrs. R. S. Wilkinson presented her music pupils in a piano recital Friday evening in the high school auditorium. Miss Peggie Cooke and Buddie Joe Hahn opened the program with a piano duet, "Hungarian Dance No. 5". The closing number on the program was an octet of young ladies singing "I Would That My Love", Mendelssohn, with Mrs. Wilkinson playing piano accompaniment. The octet was composed of Judy Denson, Betty Jane Robbins, Susan Harkins, Melinda Gilbreath, Bonnie Scott, Joan Wood, and Peggie Cooke, and Mrs. Robeta Wilkinson. Robie Lee Harrison gave a reading. Also appearing in the recital were Jon Stavley, Beverly Farley, Tommy Hayre, Betty Jane Robbins, Stephen Harkins, Kay Hatchel, Judy Denton, Susan Harkins, Bobby Allen, Joan Wood, Vicki Allen, Eloise Farley, and Melinda Gilbreath.

Mrs. Lloyd Cowan Leads Program For Baptist W.M.U.

The Baptist W.M.U. met in the home of Mrs. T. O. Moore Monday afternoon for a Royal Service program and social. Mmes. L. H. Lemons, Clyde Whistler, H. G. Cates, A. D. Brown, and W. C. Pearce assisted Mrs. Lloyd Cowan, leader, in presenting the program titled, "Doors To The South". The meeting opened with the singing of the hymn, "We've A Story To Tell" and prayer by Mrs. R. T. Keys, Jr. Mrs. Cowan gave the devotional thought after reading Matthew 28:18-20. Mrs. Warren Capps led the dismissal prayer. The hostess served lemon cheese cake, coffee, mints, and nuts.

Irvin Robinses Entertain Seniors

Mr. and Mrs. Irvin Robbins entertained the members of the senior class at their home Thursday evening following the band concert. Snapshots made of the class on picnics and other outings since they were in the first grade were shown to the guests. Refreshments of sandwiches, cookies, and cold drinks were served to the seniors and to Mr. Mrs. W. H. Savage, Philip Shafer and Herbert Ueckert.

Mrs. H. E. Ezelle Is Bridge Hostess Tuesday Afternoon

Mrs. H. E. Ezelle entertained with a bridge party Tuesday afternoon in compliment to the Tuesday Club and additional guests. Those present were Mmes. W. W. Sudduth, Mary Lou Kellar, M. F. Bader, Jack Sexton, S. H. Underwood, J. O. Little, and M. W. Duncan. Mrs. Duncan held high score.

FRIDAY, MAY 23, 1958
THE SANDERSON TIMES
PAGE THREE
Mrs. Kellar was second high, and Mrs. Little was low. A dessert of pineapple-cocoanut chiffon pie was served with tea and coffee. A large arrangement of pink carnations in a silver bowl formed the centerpiece on the dining table which was covered in a hand-crocheted cloth over pink. Mr. and Mrs. Roy Eaton of Hobbs, N.M., spent the week-end here with her mother, Mrs. Manuel Garcia, and Danny.

Mrs. Jack Riggs Hostess Thursday For Bridge Club

Mrs. Jack Riggs entertained four tables of bridge players when she was hostess to the Thursday Club last week. The guests included Mmes. G. E. Babb, Thurman White, James Kerr, M. F. Bader, Jack Sexton, C. H. Stavley, M. W. Duncan, M. H. Goode, Jr., O. T. Sudduth, A. J. Hahn, W. E. Stavley, J. A. Gil-

breath, John Reining, Roger Rose, Vic Littleton, and Bustin Canon. Mrs. C. H. Stavley held high score, Mrs. Rose, second high and Mrs. Stavley and Mrs. Reining holding the slam prizes. Mrs. Goode was low. The hostess served fresh apple cake with home-made ice cream. Roger Johnson and Henry Ehrlich are occupying the apartment at Mrs. Mary Mitchell's home.

From new Safety-Twin headlights to new windshield wiper deck, every gleaming line of this Fairlane Club Victoria says "fine car!"

Look what you've been missing if you haven't driven a 58 FORD

You just can't appreciate all the wonderful things that have been done to make driving more fun... until you've checked out in a shiny 58 Ford!

The fun begins with the simple act of getting into the car. Only "yesterday" it was stoop down or knock off your hat. Now that has been changed. There's room for you and your hat inside the 58 Ford.

Even before you start the engine, notice how much more you can see. Full-Circle visibility lets you see where you're going... see what's coming... see to park!

New touch the starter. Observe how smoothly your engine idles. That's because each Ford engine is built with painstaking care. Each V-8 is electronically balanced while operating under its own power. No other car in Ford's field goes to such lengths to bring you an engine that will operate smoothly... dependably... efficiently. (If your pick is a thrifty Six, you can't buy a more powerful, more modern 6-cylinder passenger-car engine than Ford's 145-horsepower Mileage Maker Six.)

Ease down now on the throttle and you'll take off with all the dash and verve of a Thunderbird! For after all, the 58 Ford offers you the Thunderbird's own transmission and engine! Team Ford's Cruise-O-Matic Drive with a Thunderbird-powered V-8 engine, and save up to 15¢ on gasoline. It's like getting back 15¢ on every gas dollar!

Next hunt up the roughest roads you can find. Notice how bumps lose their bounce with Ford's softer riding suspension system. Notice how Ford's exclusive Automatic Ride Control combines Angle-Poised Ball-Joint front suspension with long, tailored-to-weight rear springs so that you ride level... corner level... enjoy a "big car feel."

And Ford gives you more—much more in the way of riding comfort. Ford seats are wide—sofa-wide. You sit in a relaxed, natural position with Ford's Automatic Posture Control.

Always a leader in safety, Ford again has pioneered new features to protect you. New Safety-Twin taillights, for example, keep you safer because they give better warning to cars behind you. And only Ford offers you the Lifeguard Design—the whole family of safety features designed to protect you should an accident occur.

Then there are the hidden values that are yours when you choose Ford. The car is put together with fine-car precision. The finish is durable enamel-baked enamel that helps Fords keep that new-car shine. On the inside, too, Ford cars give you more insulation than any other cars in Ford's field.

Why not discover all you've been missing if you haven't driven a 58 Ford? See your Ford Dealer and find out firsthand all the wonderful things that have happened to Fords. And remember: a comparison of manufacturers' suggested retail delivered prices shows that Ford is lowest priced of the "low-price three" in 17 out of 19 comparable models!

So why not make tomorrow your day to drive a Ford? The keys are waiting for you at your Ford Dealer's. See him and discover all the fun a Ford can be!

Former Resident Breaks Hip

Mrs. H. D. Williams fractured her hip in a fall at the home of her son, McDuffey Kessler, in Seymour on Sunday, May 11. She underwent orthopedic surgery in that city.

Mrs. Williams, who now resides in Houston, was formerly owner and manager of the Sanderson Courts and is remembered by many of the older residents. She had spent a month in El Paso with Mrs. W. E. Lea and had been in Seymour with her son for two weeks when the accident occurred.

Mr. and Mrs. B. G. Hill and children who have been residing in Truth or Consequences, N.M., visited here last week with her aunt, Mrs. Herman Couch, and family. They were enroute to Brackettville, their former home, to reside.

Mrs. Notley Scott of San Angelo arrived in Fort Stockton by plane Friday and her sister, Mrs. Bustin Canon, met her there for the trip to Sanderson for a visit.

Monte Goode spent the weekend in Clovis, N.M., with his family who is visiting Mrs. Goode's relatives.

Bob Herring, son of Mr. and Mrs. George Herring of Uvalde, was among the graduates of the Uvalde High School this week. The Herings are former Sanderson residents.

Mrs. Pink Carta of Del Rio had orthopedic surgery on her knee Wednesday in a hospital in that city. Her condition is reported to be satisfactory. She is the mother of Mrs. Tom Herring.

FOUND — Eye-glasses. Owner can identify at Times office.

Navy Film Of Aleutian Rescue Coming Sunday

Alan Ladd as Lt. Alec Austen, the most exciting role of his career, arrives at the Princess Theatre Sunday. The name of the film is "The Deep Six".

The handsome actor, one of the all-time favorites of the screen world, portrays the part of a naval officer on combat duty in the Aleutian Islands during World War II. Although of Quaker upbringing, he is assigned as gunnery officer aboard a destroyer on a hazardous mission to rescue trapped American fliers on a Japanese-held island.

The conflict between the character's moral obligation and his duty and honor to country and ship make for some memorable moments.

The filming was in color and beautiful scenery, a good story and clean entertainment is promised by the theatre manager, Carlton White.

Oscar C. Heuser Dies May 13

Ward received this week of the death of Oscar Heuser on May 13 after a lengthy illness. He resided in Culver City, Calif., and has several friends in and near Sanderson.

The Heusers have been subscribers to The Times for several years and have manifested much interest in the town and developments here and over the county.

Mr. and Mrs. Lloyd Cowan took their son, Don, to Odessa Saturday to an orthodontist.

Political Announcements —

The Times has been authorized to announce the candidacy of the following individuals, subject to action of the Democratic Primary:

For State Representative, 100th Legislative District: Roger Thurmond, Jr.

For County Judge: R. S. Wilkinson (re-election)

For County and District Clerk: Ruel Adams (re-election); L. H. Lemons

For County Treasurer: Ben F. Dawson (re-election)

Continued from Page 1

this proposal is favorable.

The school board initiated the action on the proposal in order to give the idea a little more weight. They went first to the Commissioners' Court — the taxing body in the county, and present source of income for the school — to try to get their support.

These two groups of men make up the bodies responsible now for the financing and operation of the school, and we feel them to be qualified in their opinions.

There will be more information on this as time goes by. But the main thing is — the school board says they have to have some additional funds — and the formation of an independent district is the most feasible and economical way to get the money.

Nuf sed for us right now!

There is not much to interest the average voter in state politics. I consider myself about average, and there's not much interest on my part.

In the governor's race, there's a choice between the best of the least, and the U. S. Senatorial race is already over. The places where we wanted opposition most, is not there. So the race is practically over for us. It's just a matter of posting the winners.

Mrs. L. D. Booker, Jr., accompanied by her mother, Mrs. D. L. Duke, was in San Antonio the first of the week to have a medical examination.

Dr. and Mrs. D. W. Jordan of Brady arrived Wednesday to visit Mr. and Mrs. J. Garner on the ranch.

Albert Wharton, who was employed by the Magnolia Geophysical Co. has been inducted into the U. S. Army. His mother, who made her home with him here, has returned to San Antonio. They were residing in Mrs. Mary Mitchell's apartment.

Mr. and Mrs. Thurston Smith of Colorado City spent the weekend here with their daughter.

Mrs. Don Allen, and family, children have moved to Abilene, Texas.

Mr. and Mrs. E. V. Gibson occupying the Pierson rental home on E. Richard.

Lawrence Jones, who is attending a mortician's school in Houston, spent the week-end with his family.

Luther Billings of Uvalde, who ed here last week-end with his mother, Mrs. Lizzie Billings, his sister, Miss Eva Billings.

Frank Turner, pastor of a Baptist Church in Mirror, Loma, California, visited here this week with his brother, Jack, and George Turner, and their families. He was enroute to Southern Baptist Convention in Houston and will also visit his mother, Mrs. Alice Turner, and his sister, Mrs. Perry Turner, and family in San Antonio.

Mr. and Mrs. H. E. Fritch, who are on vacation, spent several days in San Antonio last week.

Mrs. Landon Rose is vacationing here with her son and daughter, Hugh Rose and Mrs. Tolmie, and their families. Her son, Draper, of Del Rio brought to Sanderson and spent the weekend here.

CARD OF THANKS

The cards, flowers, and expression of friendship and interest that has come while I have been ill has been appreciated more than words can express. John Hayre.

PLYMOUTH SAVES YOU MONEY ON GAS... MOBILGAS ECONOMY RUN VICTORY PROVES IT!

New "Fuel-Saver" Choke that helped clinch title is standard equipment on all Plymouth V-8s

Pound for pound, Plymouth uses less gasoline than either of the "other two" cars in the low-price "3"! This was proved beyond doubt when a 1958 Plymouth V-8 was officially declared winner of the low-price car competition in the 1958 Mobilgas Economy Run. Plymouth's competitors also entered cars with 6-cylinder engines (supposedly more economical) but Plymouth beat every car in its class — V-8s and 6s alike!

This title-winning Plymouth is exactly the same Belvedere V-8 with TorqueFlite Automatic Transmission that you can buy right off your Plymouth dealer's floor.

These tests prove that every Plymouth has built-in economy features not found in the "other two". For instance — one of the most important factors in Plymouth's smashing win is the new "Fuel-Saver" Choke that you get at no extra cost on all Plymouth V-8s. This ingenious device employs a triple-stage vacuum piston and a new thermostatic element to reduce the amount of fuel you use in warming up the engine. So it can save you even more on short-distance drives — the kind most people make.

Among the many other savings Plymouth gives you is the \$140 you save on standard-equipment Torsion-Aire Ride. The "other two" charge up to that much extra for their best suspension systems.

So if you are dollar-conscious, better hustle over and talk terms and trade with your Plymouth dealer. He wants your business, and he'll go all out to get it!

COMPLETE THE CIRCLE OF SAFETY . . . CHECK YOUR CAR, CHECK YOUR DRIVING, CHECK ACCIDENTS

TODAY'S BEST BUY... TOMORROW'S BEST TRADE... *Plymouth*
