

# THE FRIONA STAR

VOLUME 39, NUMBER 41

14 PAGES

SECTION I

Something new hit Friona this week--door-to-door knocking without an outstretched hand. During the past year, I have lost count of all the drives of one kind or another which have sent people out knocking on doors--each time with an outstretched hand wanting some kind of donation.

Now for the most part, they were all good causes and were deserving to be considered. Still, the frequency and similarity between them was becoming almost unbearable.

This week, Ben Gorman, an assistant professor of Sociology at West Texas State, came to town to start gathering material for his doctoral dissertation. The work will deal with a number of opinions in four West Texas Counties including Farmer, Armstrong, Deaf Smith and Randall.

He and his two assistants have mapped out the town and hope to be through within the next ten days--if the residents cooperate.

He came into the office Tuesday and reported a high number of uncooperative receptions. This seemed somewhat curious to me. I thought it would be a pleasure not to have to explain why I didn't have another 10 per cent of my income left to give anyone. I know that it is a little trouble to answer a list of questions, especially if they are not questions on a quiz show where money or some such prize is offered, but even though they may seem quite absurd and without meaning or too personal, remember that in the case of Mr. Gorman, you may be contributing to the furtherance of the knowledge of people in this area.

I looked over the questions and decided that their meaning was not too apparent. (I know there was one though because all schools require one).

Who knows, you might even go down in history. If you refuse to talk to the man, you might go down as opposed to higher education--even if it is over your head--and mine too.

Exactly one week ago last Friday, the lights flickered, went out, came on, flickered, went out, came on, flickered and went out for good. (I suppose the flickering was meant to be a warning that the lights will be off for a good while.

I have been told--not by any public service official--that Friona is served by three different power source lines. Must have been a mighty big bug to have shorted out all three lines--one at a time--and not be vaporized before he completed the third.

I am sure it was just a bug in the power equipment somewhere. With this attitude I tried to call all the officials available--managed to reach one and then setback and waited for the return of power. While waiting I cultivated a budding crop of ulcers with the knowledge that I had a plate in the mill and three on the press and an hour to make a bus with the final papers.

What it really added up to was two hours work with one hour to do it in and no power to do any at all. Makes for a nice, restful afternoon.

Tuesday, the bug hit again. As usual, right smack in the middle of the busy time of the current deadline, thunder crashes, the building shakes and the lights flicker, go out, come on, flicker, go out, come on, flicker, and vanish for good. Within a few seconds, about twenty women and men come stumbling out of the production room muttering dark threats about kicking the SWPS man in the shins and letting him see how it feels. Meanwhile, they are rubbing sore hips or shins where they crashed into the corner of a desk or table on the way out of the pitch dark room.

I think that they (the crew) are in accordance with my hope that the high lines can escape the "bug" in the future--especially while the plant is in operation--20 out of every 24 hours.

DOG DAYS . . . Major, a local Cocker Spaniel, like most Friona residents found the weather too hot for much activity the past few days, so decided to take it easy with an ice bag and a hopeful eye on the thermometer.

## Council Appoints Board; Plans Mosquito Attack

In its regular monthly meeting Monday the Friona City Council appointed a board of equalization, an assistant fire marshal, approved an ordinance for improvements on the automatic pressure control wires for the city water plant, and voted special funds to help send four city firemen to firemen's school July 23-27.

The council also approved dusting for mosquitoes as often as was necessary to control the insects.

Appointed as a board of equalization were Jake Lamb, O. F. Lange and C. L. Lillard, with Bert Shackelford as alternate. The board is to meet in special session August 7 in the City Hall. Friona residents with any tax questions should keep that date in mind.

The council appointed Archie M. (Pete) Hollis as assistant fire marshal, to fill an existing vacancy.

The body approved an ordinance to install overhead lines for the automatic pressure control wires in the city's water plant. Low bidder, Roy Wilson of Friona, was awarded the contract on a \$160,40 bid.

It was explained that the system, which starts the pump when the water level reaches a certain point, is hindered in the winter by extreme cold weather, and also by the hot weather in the summer.

The council approved a request from Fire Chief Ralph Shirley for assistance to allow the Friona Fire Department to send four representatives to the school later this month at Texas A&M College.

Shirley explained that the school is for firemen and fire marshalls. Those who plan to attend besides himself are Clyde Fields, Glen Reeve, Jr. and J. C. Blankenship.

Also discussed, although no action was taken, was the possibility of aiding city employees with a social security program, and the need for better

## Troop 56 Plans Week Of Camping

Hayden Cason, Scoutmaster, was host to some 20 Boy Scouts, parents and committeemen Wednesday night for an ice cream and cake social.

Troop 56 is preparing for a week of camping July 15-21 at Camp Don Herrington, between Amarillo and Canyon.

The week of training will include such activities as swimming, camping, pioneering, nature, craft, archery, rope, rifle and other activities, according to Cason.

When the scouts return, a Court of Honor will be held, and merit badges and other awards will be given.

Assistant Scoutmaster Preach Collier also is to accompany the troop on its outing.

Committeemen for the troop include Bill Sheehan, Bill Phillips, Aubrey Rhodes, Robert Holder, Steve Messenger and Glen Reeve.

city street signs. City manager Jake Outland showed a sample sign to the councilmen and quoted them some prices on various models.

Outland's monthly summary of activities for the city showed that 78 notices were prepared for mailing to individual property owners notifying of increases in their property tax.

Seven building permits were issued for a total estimated worth of \$37,025.

A minimum reserve amount

## Pioneer President Answers Gas Users' Ultimatum

Ralph Shirley, local manager for Pioneer Natural Gas, presented the Star with a letter this week, from the president of Pioneer Natural Gas Company, C. I. Wall, to the Plains Irrigation Gas Users Association.

Wall, addressing David Burgess, president of the Gas Users Association, states that the proposal outlined in Burgess' letter of June 8 (published in the Star, June 21) would benefit "only the large users."

Wall said he was convinced the present rates for irrigation gas service to be "fair and reasonable," and voiced the hope that his company could sit down with directors of the Gas Users Association, and work out their "common problems."

Burgess had submitted a rate proposal in his letter of June 8, which he asked to be approved by Pioneer Natural Gas within 30 days, or if not the Association could prepare for legis-

lation to bring the rates under review of the Railroad Commission.

The text of Wall's reply follows:

Dear Mr. Burgess: Acknowledgment is made of your letter dated June 8, 1962 and received by us on June 13, 1962 wherein you propose that the rates charged for irrigation gas service by Pioneer be reduced in the high consumption brackets and incorporated in a five-year contract.

You state in your letter that the proposed rates would provide a return of 7.2 per cent on "fair value." We do not agree. Our rate consultants have made a test of the rates proposed in your letter. They found that the rates proposed by you fall far short of providing this rate of return on the fair value of facilities realistically and properly allocated to irrigation service. Previously, Mr. S. C.

## Temperature Climbs To Season High-101

Temperatures in Friona climbed to a new high for the season on Tuesday of this week, when the mercury hit 101 degrees, according to official figures recorded by the City of Friona.

Shows which totalled 1.08 inches during the week kept temperatures from climbing even higher. Rain measured last Thursday was .27 inches. A half inch fell Friday, and .31 inches of moisture fell Tuesday to cool things off a bit from the record high.

High readings were in the 90s four of the seven days, with 86 as the low maximum. The lowest minimum during the week was 63, ironically enough on Tuesday, the same day for the high for the year.

Readings for the week were:

the dates on which Lone Star Amusement Company will bring its rides to Friona. The Amusement company will be in Friona the entire week of September 10-15. Maize Days, as usual, will take up Thursday, Friday and Saturday of the week.

	Max.	Min.
Wed., July 4	95	64
Thurs., July 5	86	65
Fri., July 6	88	65
Sat., July 7	93	66
Sun., July 8	88	68
Mon., July 9	91	65
Tues., July 10	101	63

J. G. McFarland is chairman of the Maize Days committee this year.

The chamber was presented with the newly-printed Friona brochures which are being bought by Friona merchants for distribution to tourists and visitors.

Chamber president Frank Spring brought up the subject of holiday closing by Friona merchants. Spring stated that while the Chamber of Commerce recognizes certain legal holidays for its members to observe by closing, there is nothing it (the chamber) can do to force merchants to close.

The six holidays recognized by the Chamber of Commerce are New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Spring noted that most merchants closed up for the Independence Day holiday just past.

He said the closing was more general than in the past, probably because of the early harvest making for less activity.

The group heard a report from Bill Nichols about the sugar beet legislation. He pointed out that the recent legislation was very favorable to the area farmers interested in raising beets.

Nichols said that legislation raised the percentage of sugar which is to be bought domestically from 55 per cent to 59 per cent. Also, the government allotted a total of 50,000 tons of refined sugar to new growth areas.

It was his opinion that this area of the state stood a better than even chance of getting a sugar mill in the near future.

In other business, the chamber approved its financial report, and discussed the paving of alleys in downtown Friona.

The next meeting will be on the third Thursday in August, which is August 16.

## Friona School Opens Monday, September 3

Friona Schools will open on Monday, September 3. It was announced this week by Superintendent of Schools Alton Farr.

The approval of the school calendar was the top order of business at the Friona School Board meeting Monday night. In other business, the board received the resignation of vocational agriculture instructor J. C. Lane.

The board agreed definitely on July 28 as the date for the Board of Equalization to meet to hear complaints. The board will convene at 10 a. m. at the high school.

Superintendent Farm presented his regular reports on transportation funds and the school budget. June bills were approved for payment.

Also on the school calendar are the following holidays: Sept. 14--Maize Days; Nov. 22-23--Thanksgiving; December 22 to

January 1--Christmas Holidays; March 8--District teacher's convention day; April 12-15--Easter Holidays; May 22--Last day of instruction; May 23--high school graduation and May 24--Grade school graduation.

## Jennings Loses Plane In Crash

The plane which crashed near Muleshoe Sunday killing two persons belonged to Elvie Jennings of Friona's Benger Air Park.

The plane was a World War II Stearman or Boeing two passenger single-engine model. Killed in the crash were Joe Millsap, 22, of the Needmore community south of Muleshoe, and Walter V. McManhan, 40, instructor, of Muleshoe.

## Friona's First Pro-Am Golf Meet Is Monday

A field of 120 to 130 golfers is expected to participate in the first Pro-Am tournament to be held at the Friona Country Club next Monday, July 16.

Joe Coronado, club pro at Friona, says he expects about 20 professional golfers to enter the tournament, first of its kind at the new Friona course.

Golfers will tee off at 8 a. m. Registration will be from 8 a. m. until 1:30 p. m. Golfers may register up until the 1:30 p. m. deadline.

Coronado stresses that anyone may enter the tourney. Entry

fee is \$11 for the pros and \$4 for amateurs. Amateurs who play out of any club affiliated with the West Texas Golf Association are eligible.

The male amateurs will play at one-half of their handicap, while the women will play in the tournament at their full handicap.

"Once these visiting players try our course once or twice, they'll keep coming back," predicted Coronado, intimating that the local course, finished last summer, was tricky to par.

Par for the nine-hole course is 36. Coronado holds the course record at 32. He points out that area pros who have tried the course so far have found it difficult to card a par round.

Coronado has participated in "nine or ten" pro-am tournaments since April, trying to drum up interest in the local club's tourney.

In one of his more recent tournaments, Joe led his team to victory in the Huber Country Club's invitational pro-amateur tournament at Borger, and also was part of the winning twosome in the pro-pro matches.

The Friona pro teamed with Oran Back of Borger, Warren Sweet, Dumas and Carroll Hickson of Dumas for a best-ball score of 58.

In the pro-pro tournament, Coronado and Hart Warren led the field with a score of 66. "I shot sort of an erratic round," he modestly commented. "But the team as a whole did pretty well."

Friona will have a second pro-am August 28.

SET TO GO . . . Members of Boy Scout Troop 56 are to leave this weekend for a week's camping trip to Camp Don Herrington. Those pictured are (kneeling, left to right) Joel Osborn

and Bobby Holder. Standing are Charles Short, Randy Farr and Tim Rhodes.

(Continued from page 1)  
 uating demand and supplying such demand for a number of years which cannot be determined due to the probable partial or complete exhaustion of a natural resource and possible future economic changes in competitive positions is subject to greater risks than normal utility service and in my opinion is entitled to a higher Rate of Return."

Through the years Pioneer has worked closely with the farmers in our service area in a sincere effort to furnish them a more economical fuel than was otherwise available. All requests for the extension of our facilities have been thoroughly investigated and honored, if at all reasonable. The job of supplying and delivering gas for irrigation service, which often has a very radical change in demand from one day to the next, requires extreme flexibility of facilities and operations -- very much different from the handling of domestic and commercial service. The risks involved in the wide fluctuation in requirements from year to year are borne by Pioneer since there is not the compensatory annual minimum which is often charged by others. It is only reasonable and right that the earnings from irrigation should be sufficient to cover the risks incurred.

I have hoped that representatives of Pioneer and the Directors of your Association could sit down together and work out our common problems as was done with many of our irrigation customers in providing gas service to their wells, and, as is being done today, to provide service to wells and areas not presently served.

Your representatives have stated to us that our rates are too high for irrigation service and are too low in the cities we serve. As I stated to you and your Directors, it has been and will continue to be our policy to provide dependable gas service to our customers at reasonable rates and we are confident that our present rates for irrigation service and to other customers are fair and reasonable.

Sincerely yours,  
 C. I. Wall

Mr. and Mrs. Glenn Floyd, Frieda and Susan spent the weekend visiting relatives at Erick, Oklahoma. On Saturday they attended the Golden Wedding Anniversary reception honoring Mrs. Floyd's parents, Mr. and Mrs. A. R. McCown.

Miss Patsy Bender, daughter of Mr. and Mrs. David Bender of Friona, tied for third place alternate in the journalism scholarship winners of West Texas Press Association.

Miss Bender, a 1962 graduate of Friona High School, tied with Nedra Joyce Thompson of Ballinger. There were four applicants. Careful consideration was given to applicants of the 15 entries, all of which were of exceptional quality, the committee reported. Some of the schools having entries in the contest included some of the larger cities of the area of the Association such as Amarillo, Midland and Lubbock.

Mrs. H. A. Hyde went to Boise, Idaho by plane Monday to attend the funeral of her brother, J. Frank Green, a veteran of World War I. Mr. Green, 67, was survived by six children and 17 grandchildren. Services were conducted by Rev. Don Kimbrough from Parkland, Wash. He was accompanied by Mrs. Kimbrough and boys.

Mr. and Mrs. Mayo Phipps and boys were Wednesday evening guests of Mr. and Mrs. Harold Head and family of Hereford.

**Council Appoints--**

(Continued from page 1)

bringing the total number of meters installed to 854.

An electrical outage for one hour and forty-five minutes between 7 and 9 p. m. June 29 caused the overhead water tower to deplete the city water supply. It was reported. Although no actual hardship was involved, a fire emergency at that time may have been critical, the city manager pointed out.

Sewage records show that approximately 3,312,811 gallons of sewage were pumped, an average of 110,427 gallons per day for the month. Semi-annual sewage samples were forwarded to State Health Department, Austin, on June 1.

Six fire calls were made during June. Two of these were calls (called back to inform that the fire was under control before fire equipment could get out of town.) Only one call was within the city limits, that of C. M. Floyd, 404 Beech Ave. on June 29, which resulted in an estimated loss of \$1,500.

Three calls in rural areas netted an estimated loss of \$1,295.

Seven of the new arson reward signs were placed in public places in the city on June 27, in conformity with Ordinance No. 351.

The Police Department recorded 20 arrests during the month. Fifteen were traffic violations, three were for vagrancy, and two for drunkenness. There were seven man nights of jail occupancy.

Two vehicle accidents resulted in one minor injury with hospitalization overnight only. No vandalism was reported, although there were several complaints of bothersome fireworks during the latter part of the period.

In the street department, corner curbsings were painted yellow throughout main street, the post office and newspaper office areas. The project is to continue through the school areas before the summer ends.

Approximately 10 tons of gravel was spread on three different occasions along Grand Avenue and Sixth Street in order to assist in covering the hot "bleeding" tar.

The sanitation department reported that fly spray was

put into garbage cans during the month, with two mosquito dustings on June 29 and 30. Twelve gallons of 10 per cent dieldrin solution was spread into Friona Draw June 30 to assist in Mosquito control.

Mr. and Mrs. G. E. Shackelford, Terry, Dan and Molly from Perryton visited in the home of his parents, Mr. and Mrs. Bert Shackelford the past weekend.

# Ex-Frionan Helps Care For Korean Orphans

Howard White, grandson of Mr. and Mrs. H. G. White of Friona, who attended the schools here, is current spending furlough time in Ashland, Ore. with his parents. Mr. and Mrs. Charles A. White, White is stationed in Korea and is very interested in the youngsters at the Moel Children's Home in Korea. Abandoned babies, children

found wandering in the streets, and youngsters whose families cannot care for them are to be found in the home. Howard describes the home and the efforts of the men in his Army outfit, who are trying to make life a little easier and happier for the children.

Six faculty members care for the children who usually number about 120 at the Moel home. The home was originally located in North Korea but was vacated during the conflict and temporarily stationed on an island south of Seoul. After the war a farmer donated about 12 acres of ground to the home, White said. The farmhouse has been converted into a faculty residence and two harrack type buildings were constructed to house the children. These buildings include sleeping quarters, kitchen, dining area and classrooms.

Some of the land has been planted in grapes and some in rice and the children work with the crops. The home is government supported... the support consisting mainly of a little rice, some medical supplies and a few textbooks. Men from the U. S. Army unit stationed nearby have built a chapel on the grounds and are frequent visitors bringing candy, small toys, and so forth.

The Army men are now trying to raise enough money to build a bathhouse for the home. Some support comes from religious groups and organizations.

White said, but there is very little ready cash for upkeep and improvements.

The children live like a large family with the older ones training and caring for the younger. Few of them are ever adopted by families. There is some opportunity for the orphans to acquire a college education through scholarship grants. "The desire to advance is there," White said, adding that there is a definite trend toward Western ways.

White has been in the service for two years and has been stationed in Korea for the last 16 months. Although he is enjoying his furlough the orphans and the Moel home are not far from his thoughts. He says, "There are so many things that must be done."

### LOCALS

Mr. and Mrs. Pete Mace had as guests this week his mother, Mrs. Judith Ann Mace and sister, Judy, of Bowlegs, Oklahoma.

Visitors in the Ella Faye Holcomb home during the Fourth of July included Mr. and Mrs. Luke Wilson of Amarillo, Mr. and Mrs. Jerry White and Steve of Lubbock.

## The Big Difference may not show when you sign up for car or home insurance

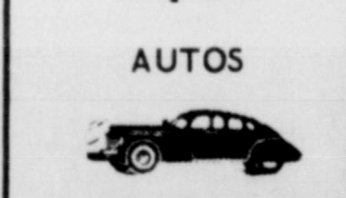

But you'll see it plain when you have a loss

The Big Difference in insurance is the continuing personal attention of an independent insurance agent. He's free to be on your side when you have a claim because he represents not one but several insurance companies. He'll help you get prompt, fair payment. Who will make sure you get paid promptly and fairly if you sign up with some companies that sell insurance through their own salesmen? As local independent insurance agents, we'd like to give you all the benefits of the Big Difference. Let us prove how much this can mean to you. Just give us a call.

Mr. and Mrs. James Mabry of Lazbuddie are announcing the engagement and approaching marriage of their daughter, Margaret, to Dr. Jerry Don Gleason. Wedding vows will be exchanged at the Lazbuddie Church of Christ at 6 p. m. August 11. Invitations are not being mailed but friends of the couple are invited to attend the ceremony. Miss Mabry, a 1958 graduate of Friona High School, attended Lubbock Christian College and is a graduate of Harding College at Searcy, Ark. Dr. Gleason, son of Mr. and Mrs. T. L. Gleason of Lazbuddie, is a graduate of Lazbuddie High School and Texas A&M Veterinary School. He practices medicine at the Mule-shoe Animal Clinic.

## Of Interest To ★ THE WOMEN ★

### Mr. And Mrs. Cummings Observe Anniversary

Mrs. and Mrs. E. H. Cummings were honored with a reception in their home July 8. They were observing their 40th wedding anniversary. Hosts for the occasion were Mr. and Mrs. Doyle Cummings and Mr. and Mrs. Wayne B. Stark Jr. of Hereford. Assisting with hostess duties were Mesdames L. B. McClain, Burke Hand, Jimmy Buckley, Dot Craig of Hereford, James Procter, George A. Jones, M. B. Buchanan, John Hays, J. B. Taylor, Lucy Welch, John Blackburn, Ansel Renner, Rene Snead and Misses Janet Buckley and Dianna Taylor. Guests were registered during the evening by Terri Sue Cummings, Connie Stark and Brenda Blackburn. The registration table displayed early pictures of the honored couple and a scrapbook of events of the past forty years. The house was decorated with floral arrangements and the buffet centerpiece was a bouquet

of red roses flanked by white candles and white streamers inscribed with the years 1922-1962. Centering the refreshment table was a three tiered white cake decorated with red roses and topped with a miniature bride and bridegroom. Mints, nuts, coffee and punch were served with the cake. Attending were Mr. and Mrs. John Blackburn and Brenda; Mr. and Mrs. Newman Jarrell Sr.; Mr. and Mrs. Loyde Brewer; Mr. and Mrs. J. M. Watson; W. H. Jones; Mr. and Mrs. Charles Russell; Mr. and Mrs. Raymond Hughes; Mr. and Mrs. Carl Maurer; Mr. and Mrs. Wayne Stark Sr.; Mr. and Mrs. Cecil Floyd; Mrs. Harrison Gee; Mr. and Mrs. Ed Boggess; Mrs. Nora Welch; Mr. and Mrs. Otho Whitefield; Scott, Terri, Kirk, Lisa Cummings and Renn, Nate and Connie Stark. Also Mr. and Mrs. Charles Allen; Mr. and Mrs. Glenn Taylor; Mr. and Mrs. Ansel Renner and Kathy; Mr. and Mrs. Otey Hinds; Mr. and Mrs. Rosco Ivie; Mr. and Mrs. Grady Nelson and children; Mr. and Mrs. O. H. Nelson; Mr. and Mrs. George Treider; Mr. and Mrs. Steve Struve and Sheila; Mr. and Mrs. Jim Cocannouer; Mr. and Mrs. John Burrow and LaVoyce; Mrs. Pat Fallwell; Mr. and Mrs. James Procter; Mr. and Mrs. George A. Jones; Mr. and Mrs. M. B. Buchanan; Mr. and Mrs. John Hays; Mr. and Mrs. J. B. Taylor and Mr. and Mrs. R. E. Snead.

Daniel, Lazbuddie; Vic McRee, Lubbock and Mr. and Mrs. Bud Buchanan, Plainview.

### Dixon Conducts Women's Meet

The First Baptist Church was host for the local church women's Interdenominational meeting recently with Mrs. C. W. Dixon presiding in the absence of Mrs. Alvin Askins, chairman.

Mrs. J. T. Gee from the Friona Methodist Church presented the devotional and about 35 women answered roll call by naming her favorite hymn.

Rev. Alvin Askins, pastor of the Assembly of God Church, Houston, spoke on "How Great is God?" and Rev. Hudson Phillips, of the Union Congregational Church gave the benediction.

### Mrs. Russell Host To Club Members

Nine members of the Kinsley Past Matron's Club met in the home of Mrs. Charles Russell July 6 for their monthly meeting.

Mrs. J. T. Guinn gave the devotional and prayer and Mrs. Claude Miller read the obituary of the Grand Worthy Matron who died June 7.

Following the initiation of new members, Thank You cards were read and roll was answered by each one.

The next meeting will be in the home of Mrs. Claude Miller August 3.

Sunday guests in the home of Mr. and Mrs. Calvin Martin were Mr. and Mrs. J. W. Baxter, Mr. and Mrs. Louis Baxter and family, Mr. and Mrs. Clarence Martin and family and Willene Baxter.

### Shower Fetes Miss Baxter

Miss Ann Baxter, bride-elect of Jerry Rankin, was guest of honor at a lingerie shower June 30 in the home of Mrs. Ray Castleberry. Linda Castleberry was hostess for the occasion. Cookies, nuts, mints and punch were served from a table laid with a white lace cloth and centered with an arrangement of pink and white gladioli.

Attending and sending gifts were Betty Drake, Karen O'Brien, Pam Roden, Mrs. Harold Bails, Su-Zan Harper, Mrs. J. W. Baxter II, Mrs. Ronnie Castleberry, Brenda Collier, Mary Ann Boggess, Mrs. Jimmy Castleberry and James, Jim-

mette McLean, Jo Ann Altman, Sandra Hoover, Kay Burleson, Joy Ingram, Mrs. R. I. Castleberry, Mrs. Bill Baxter, Mrs. Billy Dean Baxter and Mrs. Ray Castleberry.

### Marriage Licenses Issued

July 2  
Billy Jack Strawn, Bovina, and Verna Marie Estes, Bovina.

"I wish I were 18 again, so I'd know all the answers."

### Ed Youngs Have New Daughter

Mr. and Mrs. Ed Young are the parents of a daughter born July 6 in the Northwest Texas Hospital in Amarillo.

She arrived at 4:20 a. m. weighing seven pounds and two ounces, and was named Janet Kay.

The baby has an older sister, Kim, who is five years old, and her grandparents are Mr. and Mrs. J. E. Young of Hereford and Mr. and Mrs. O. A. Hensley, Amarillo.

### Rebekahs Present Patriotic Program

Mrs. Addie Moyer and Mrs. Lauretta Brookfield presented the program for members of the Rebekah Lodge Monday evening at their regular meeting in the IOOF Lodge Hall.

Topics were: "The Stars and Stripes" and "Liberty, A Thing You Must Be Willing to Give Others"; and the quotation accenting the program was "A love of liberty is planted by nature in the breast of men."

Mrs. Joyce Wilkins presided as Noble Grand for the first time with eight members present. Nine sick visits were reported and seven cards sent. Refreshments were served by Mrs. Myrtle Deaton.

Increase sorghum yields with  
**Monsanto Anhydrous Ammonia**  
from  
**Friona Consumers**

Ph 2121 Or 9071

Grain sorghum residue is low in nitrogen. Decomposition is slow if no nitrogen is added. That's why farmers in this area have been applying Monsanto Anhydrous Ammonia to their soil. Because anhydrous ammonia is a liquid when under pressure, you don't have to wait for granules to dissolve. Monsanto Anhydrous Ammonia starts right to work. You get more nitrogen (82.2%) per pound than from any other carrier. No money spent on bags or bagging costs—not to mention the handling problem. Applicator tanks are filled quickly. And Monsanto Anhydrous Ammonia resists leaching... remains "locked" in the soil to work when your crops need it most. Improves moisture efficiency even during drought periods. Just watch your check strip... you can see for yourself. Let us help you build your fertilizer program around Monsanto Anhydrous Ammonia for top sorghum yields.

**E. S. Whites Have Guests**

Mr. and Mrs. Marvin Scott and children, Dianne, Marvin Jr., Sylvia and Steven of Fort Lauderdale, Florida visited in the home of Mr. and Mrs. Ed White and also with Uncle John White last weekend. Mr. Scott is the nephew of the Whites. The Scott family left Friona Sunday afternoon to tour points of New Mexico, Utah and Colorado, including Carlsbad Caverns and Hoover Dam, before returning to South Carolina in August. While in S. Carolina they will visit Mrs. Scott's mother and Dianne. They also plan to attend a Lutheran Convention in Maryland before returning to their home in Florida.

Other recent guests in the White home were Mr. and Mrs. Raymond White of Amarillo and Mrs. Roy Campbell, David and Audrey of Hereford.

Recent visitors in the home of Mr. and Mrs. Harry P. Hamilton were their granddaughters, Dianne and Terrie Hamilton of Dumas.

**Housewarming Honors Glenn Taylor Family**

Mr. and Mrs. Glenn Taylor and family were honored with a housewarming recently in their new home at 1209 Columbia. Hosts for the affair were Mr. and Mrs. John Hays, Mr. and Mrs. Loy Loafman, Mrs. Frances Hilley, Mr. and Mrs. D. L. Carmichael and Mr. and Mrs. Estes Beaton.

Assorted cookies, iced tea and coffee were served to guests calling in the evening.

Present and sending gifts were Messers, and Mesdames James Procter, Johnny Hand, Jim Cocannouer, Raymond Fleming, Orey Hinds, U. S. Akens, R. L. Bates, John Blackburn, Bill Wooley, Paul Smith, L. B. McClain, Rene Snead, John Renner, Hardy May, Newman Jarrell Sr., Ralph Taylor, Steve Struve, L. R. Hand, E. H. Cummings, Jim Stell, J. M. Watson and Eugene Boggess.

Also Messers, and Mesdames T. A. Williams, E. E. Taylor, Louis Baxter, David Carson,

Rosco Ivie, Glenn Floyd, Harrison Gee, Ralph Price, James Buckley, Glenn Stevick and Mrs. Willie Beaty, Miss Frieda Jackson, Mrs. Martha Allen, Mrs. Phil Gambill and Buford Hardwick.

**Party Honors Guest**

A backyard party at the home of Mr. and Mrs. Lester Dean and family Monday evening honored Mr. and Mrs. Reaford Shirley and family, who have been visiting here from

Ventura, Calif. Others present were Mr. and Mrs. Pat Busby and Donald, Mr. and Mrs. John Hand, Gary and Rex; Mr. and Mrs. Jack Shirley, Jesse and Judy; Mr. and Mrs. O'Neil Greeson and Todd; Gail Knight and Judy Meachem of Bovina.

**Tech Students Are Recent Graduates**

Wesley and Doris Barnett and Mrs. James Davis, the former Judy Barnett, graduates from Texas Tech this spring, were listed on the Dean's Honor Roll.

Mrs. Doris Barnett is the daughter of Mr. and Mrs. J. G. McFarland and Mr. and Mrs. Fern Barnett are the parents of Mrs. Davis and Wesley.

Doris, majoring in Elementary Education, was a member of Sigma Kappa; Wesley, a member of Pi Kappa Alpha, graduated with a major in math.

Mrs. Davis, received her degree in Home Economics, was a member of several H. E. clubs. She will teach Home Making in the Slaton High School this fall.

**Gleaners Class Has Meeting**

Members of the Gleaners Sunday School class of First Baptist Church met at Fellowship Hall Monday evening for their regular monthly business and social meeting.

During the social hour refreshments were served by hostesses Mrs. John L. Ray and Mrs. J. V. McMahan.

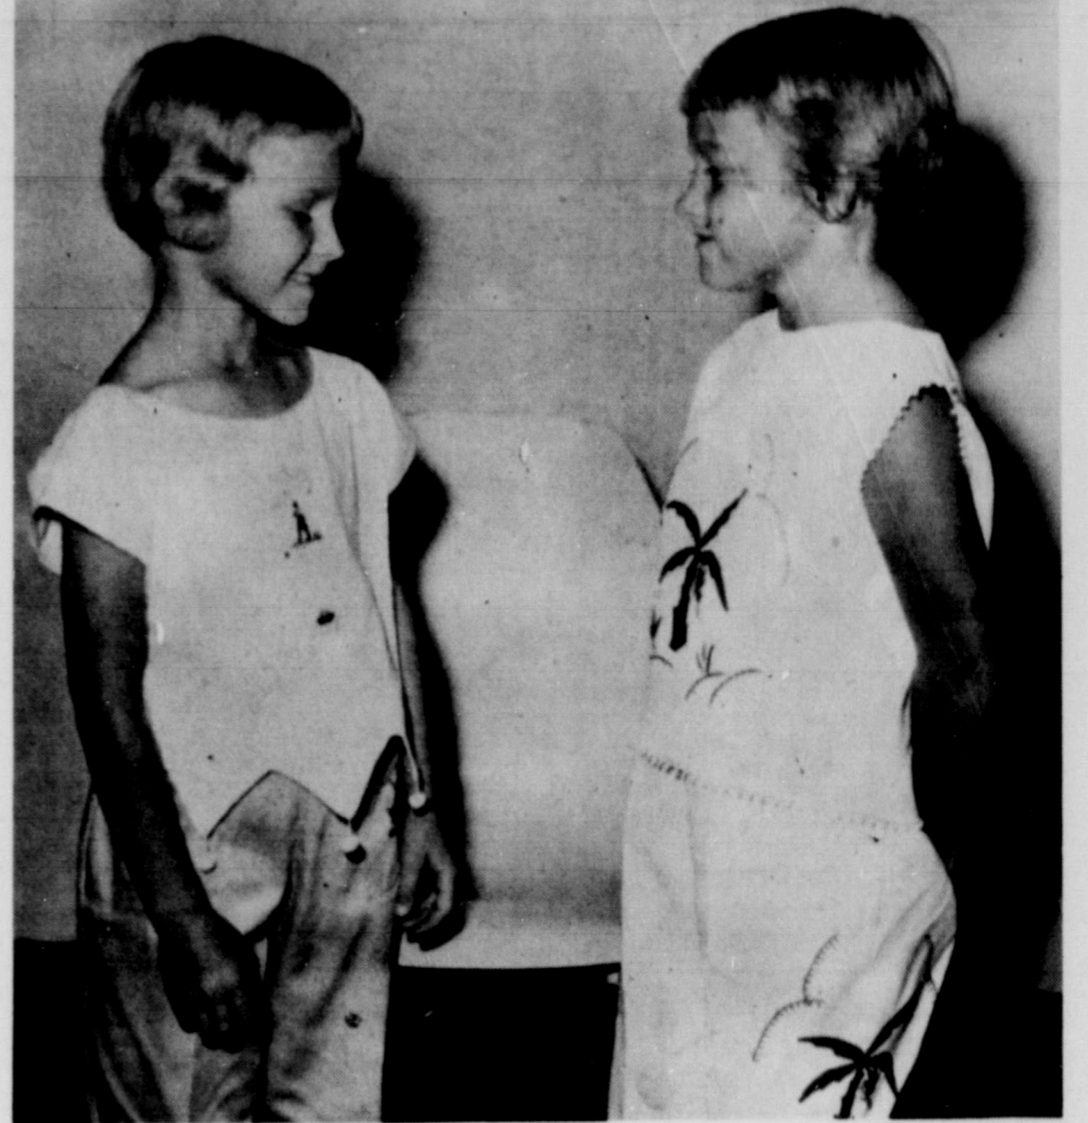

Others present were Marie Roberson and Mesdames Wesley Hardesty, Lucy Jones, Jim Maynard, T. E. Lovett, John Burrow, J. T. Carroll, Earl Chester, Clyde Hayes and Cordie Potts.

**Relatives Note July Birthdays**

The home of Mr. and Mrs. T. L. Houston Sr. was the scene of a birthday dinner honoring Mr. Houston, H. G. Houston and Mrs. Ruben Gandy, daughter of Mr. and Mrs. Houston, July 8. Each honoree had a July birthday.

All of the Houston children were present with the exception of Billy Jack of Bonham, Tex. and Jerry Don who is in the Navy and stationed at Memphis, Tenn.

Present for the occasion were Mr. and Mrs. Ruben Gandy, Theda, Inita and Kerry of Tahoka; Mr. and Mrs. Owen Houston and Robin of Canyon; Mr. and Mrs. T. L. Houston Jr., Toby and Gloria and Mr. and Mrs. H. G. Houston.

SURPRISES ARE FUN . . . Donna and Pamela Lewellen are thinking as they admire suits that were sent to them from Jamaica, W. I. Miss Maureen Chai of Kingston, Jamaica, who has been corresponding with Mrs. Delton Lewellen, mother of the girls, for about twelve years, mailed the package several days ago. Miss Chai who is employed by two firms in Jamaica, Mac Donald Engineering and Stony Hill Hotel, said in her last letter to Mrs. Lewellen that she hopes to be brave enough to make a trip and the Lewellens are hoping the United States will be her destination so that two good friends may meet.

**Bevel Families Have Reunion**

Relatives of Mrs. T. J. Bevel and the late T. J. Bevel of Anton met at the McKenzie Park in Lubbock Sunday for an annual reunion.

Attending from Friona were Mr. and Mrs. Dale Westbrook and Diane; Mrs. Hop Lewis and children, Ronnie and Jo Ann Altman and Mr. and Mrs. Bee Westbrook.

Others present included Mrs. T. J. Bevel; Mr. and Mrs. Leon Bevel and Gaylon; Mr. and Mrs. L. E. Bevel and children, Lavon and Gaylon Wayne; Mr. and Mrs. J. B. Westbrook, Wendell and Jack all of Lubbock; Mr. and Mrs. Earl Wampler and Bob Wampler of Crosbyton; Mr. and Mrs. Clyde Tidwell, Vallejo, Calif; Doris Lee of Hillsboro; Peggie Howell, Mueshoe; Mrs. Opal Harrison, Mr. and Mrs. J. H. Brown, Sandra, Sammy and Randy of Lubbock.

**Something To Think About**  
6th. Street Church of Christ  
Box 515 -- Friona, Texas

Most of us have at least one thing in common. We are all looking for something. Some know what they are looking for and keep diligently at it. But some are not so sure. They go in all directions, ever searching, but their objective is so ill-defined that they probably wouldn't recognize it if they found it. The Lord said concerning spiritual matters: "The kingdom of heaven is like unto a merchant seeking goodly pearls: who when he had found one pearl of great price, went and sold all that he had and bought it." (Matt. 13:46) All men who are truly seeking to please God and eventually enter that home of the soul would do well to read the eighth chapter of Acts, and make some observations. The man of Ethiopia knew what he was looking for and was making an honest effort to obtain it. Unfortunately, he differs considerably from the average religionist of our day. When Phillip preached Christ unto him, and explained the true way of salvation, he was not hindered by his former religious practices, nor was he offended by the truth of the gospel. His concern for salvation was so great that he was willing to do just exactly what the Lord required of him, regardless of his previous teaching and convictions. That, dear friend, is what all men need to do. It isn't enough to seek salvation, we must be willing to seek it according to God's plan, not mans.

"I DON'T UNDERSTAND IT," KHRUSHCHEV CONTINUED, "I DON'T MEAN JUST AMERICAN JAZZ, I DON'T UNDERSTAND OUR OWN RUSSIAN JAZZ EITHER." (ASSOCIATED PRESS)

NOW MR. KHRUSHCHEV BY YOUR ADMISSION, YOU DON'T DIG OUR COMPOSITION, COME MR. KHRUSHCHEV IS THIS TRUE? CAN THIS JAZZ BE HIP TO YOU? YOU DON'T DIG THE PEOPLE'S CHOICES, YOU DON'T SWING TO PEOPLE'S VOICES. OH, MR. KHRUSHCHEV THAT'S TOO BAD, YOU DID NOT DIG THE CHANGE YOU HAD.

ONE WEEK TO GO

# Only One League Title Decided In Kid Leagues

With one week of competition remaining after this week, only one league championship has been decided in the Friona Summer baseball program.

Friona Drilling and Pump clinched the championship of the Intermediate League Monday with a 12-2 win over McCaslin Lumber. Dan Carthel was the winning pitcher.

The league champs pulled away from the pack last Friday when they downed runner-up Brookfield Drilling, 6-4, behind the pitching of Joe Perez.

Other Intermediate League results were McCaslin Lumber 4, Friona State Bank 3, with Johnny McFarland getting the win, and Reeve Chevrolet 6, Star-Hurst 3.

In the latter game, Eddie Wood and Jay Potts combined for a one-hitter. Wood went the first three innings and gave up no hits. Potts worked the last three innings, and preserved the no-hitter until the last inning, when the losers broke it up.

The last remaining unheaten team finally lost a game, but it took a rainstorm to bring it about, as they were about to come from behind.

Aztec Drive Inn, leaders of the Pee Wee League, were trailing Farmer County Pump, 8-6 going into the fourth inning. In the top of the fourth inning, Aztec sent a total of 14 runs across the plate, but it started raining before Farmer County Pump could complete their turn at bat in the bottom half of the inning. Thus, the score reverted back to the last complete inning, and Aztec was

forced to take its first loss of the year.

Other Pee Wee results during the week found Aztec beating Friona Motors, 13-7 behind Zane McVey. McVey, the league's leading hitter, who had not been gotten out all season, finally had bad luck catch up with him last week, when he struck out, the first time this season.

Ethridge-Spring went on a rampage over Friona Consumers, 17-2, David Williams getting the win.

Aztec has to play a double-header against the Consumers Thursday night, with a makeup game and a regular game. These contests will determine the outcome of the league.

The Pony League is going right down to the wire. With two games left to play, only one-half game separates the four teams in the league.

Herring Implement and Farmer County Implement currently are tied with 4-3 records. Herring beat Hub Grain, 12-2, and Farmer Implement topped Chester-Fleming Gin, 7-5, to break the four-way tie for first.

S. D. Baize was the winning pitcher for Herring, while Jackie Clark took the win for Farmer County Implement.

A possible playoff for the league title will depend on the outcome of the Herring Implement-Chester Fleming game on Tuesday and the Hub Grain-Farmer County Implement contest Saturday.

Standings, courtesy Vernon Scott, are through games of Monday, July 9.

## Women Serve Lunch During Golf Tourney

The women of the Friona Country Club will serve a buffet luncheon Monday at the club during the pro-am golf tournament.

All members of the Country Club are invited to eat lunch at the club between 11 a.m. and 2 p.m. The charge will be \$1.50 per person, with all proceeds going toward the purchase of furnishings for the Club House.

The lunch menu will include: ham, crab apples, buttered new potatoes, beans, tossed salad, hot rolls, butter, coffee, iced tea and assorted pies.

WHO'LL GET 'EM . . . This quartet of baseball players look admiringly at the trophies to be presented to three lucky basebatters, and the medals for the winning team members which are on display at the Friona State Bank. In the back are (l) Tim Herring and S. D. Baize, in front are Mike Taylor and Butch Watkins.

# Friona Nine Plays Two Crucial Road Contests

Friona's Irrigation Belt League team, which stretched its winning streak to nine games last week, goes to Plainview Thursday, July 12, and to Springlake on Sunday for a pair of crucial road games.

Friona remained in contention for the league title with a rain-abbreviated 4-0 win over league-leading Umberger last Thursday, then scored a 10-9 win over Tulla in an 11-inning contest.

Conrad Clark hit a first-inning three-run home run in the Umberger tilt to give pitcher Darrell Read a quick lead. Read was setting the loop-leaders down easily until the rains came in the fifth inning.

Since Umberger had batted in the top of the fifth, the game had gone the regulation distance.

Sunday, John Renner came in to relieve starting pitcher Jimmy Collier with two men out in the ninth and the bases loaded and the score tied. Renner staved off the rally, and the game went extra innings. David Patterson led off the

eleventh for Friona with a hit, and was advanced by safeties by Renner and Clark. The Tulla pitcher then ended the game by hitting Neal Floyd with a pitch to force in the winning run.

Patterson was the leading Friona hitter Sunday with four hits in five times at bat, Friona outhit the losers, 19-9, but

"memory lapses" on the base-paths slowed the eventual winners down somewhat.

The team record for the year is now 12-6, having won their last nine ball games.

"We appreciate the support our fans have been giving us," said manager Duane Baize this week.

### BLACK NEWS

BY BRENDA DEATON

Vacation time is here! At least it is in our community. Mr. and Mrs. Tom Lewellen, Mr. and Mrs. Joe Lewellen and family, Mr. and Mrs. Delton Lewellen and girls, Mr. and Mrs. Gary Goetz, Mr. and Mrs. T. T. Kelley and Mr. and Mrs. Jim Matlock with their children of Plainview, Texas enjoyed a week vacationing in and around South Fork, Colorado. This group enjoyed fishing and sight-seeing while they were in Colorado. Returning home this week, some came by way of Red River and some returned by way of Antonito, Colorado.

Mr. and Mrs. Dick Rocky visited last week in McAlester, Oklahoma with Dick's brother and his family, Mr. and Mrs. Leslie Rocky. They also visited with his sister and her family, Mr. and Mrs. Charles Hiltbrand. While the Rockys were in Oklahoma the Marvin Rockys of Adams, Tennessee were also there on a vacation.

Mr. and Mrs. Ellis Tatum and Tommy, Mr. and Mrs. Jerry Houlette, Debbie and Mary Beth, Pammie Tatum and Joe Dillingham spent the week end in Ruidoso, New Mexico. Mr. Dillingham is from Albany, Texas. The Tatum returned home by way of Muleshoe, Texas and Mrs. Molly Dillingham, Mrs. Tatum's mother returned with them. Mrs. Dillingham plans to spend a week with the Tatum.

Mr. and Mrs. Gene Welch and family went to Ruidoso last Thursday. They went sight-seeing at Bonita Lake and Dam and visited White Oak, an old ghost town. The Welch's returned home Sunday.

Mr. and Mrs. L. A. Winingham visited in Wichita Falls this past week with her mother.

Mr. and Mrs. Clyde Hays visited in Hereford Sunday afternoon with Clyde's Dad and his sister, Mr. A. C. Hays and Mrs. Bookout. Mr. and Mrs. Wayne Hinds and family of Lubbock, Texas visited in the Orey Hinds home last week. Wayne Hinds is a music instructor at Lubbock Christian College.

Mr. and Mrs. Edward Bose of Clinton, Oklahoma and Mr. Jim Dixon of Fort WaChooka, Arizona visited with the T. J. Presleys Sunday. Mr. Dixon is the Presleys nephew.

Mr. and Mrs. Ivan Brilliant of Pasadena, California visited two days this week in the Dick Rocky home.

Recent guests in the Edgar Turner home were Mr. and Mrs. Boyd Smith and family from Phoenix, Arizona and the Willy Green family from Olton, Texas.

Guests in the Bill Carthel home Sunday were Mr. and Mrs. Douglas Cox from Plainview, Texas.

Mr. and Mrs. John Benger spent a few days in Oklahoma last week where they attended the funeral of Mrs. Benger's uncle, Mr. W. M. Bridges.

Mr. and Mrs. Roscoe Ivy visited with their son, Calvin and his wife in Lubbock recently.

Vea and Glenna Crow of Hereford, Texas are visiting with the L. L. Deatons this week. The girls are Mrs. Deaton's nieces.

Glenda Deaton celebrated her ninth birthday last Saturday. Cake and ice cream were served to Vea and Glenna Crow, Nancy and Billy Ray Nazworth, Phil Phipps, Brenda Deaton, the honoree's mother and the honoree Saturday afternoon.

Mrs. Charles Myers Jr. was honored with a coffee party last week. Refreshments were served to Mrs. Travis Stone, Ann Carthel, Mildred Welch, Christine Braxton, Mrs. I. T. Graves, Mrs. Tannahill, Mrs. Loanman, Mrs. C. A. Myers Sr. and Connie and Linda Stone.

Mrs. Alice Powell from Bradenton, Florida is spending this week with her sister, Mrs. John Benger. A family picnic was held in Elwood Park in Amarillo Sunday honoring Mrs. Powell. Mr. and Mrs. John Benger attended the picnic and Mrs. Powell returned home with them.

Miss Marie Roberson and Miss Kimmie Kirkland of Hereford spent Tuesday afternoon with Brenda and Glenda Deaton.

### Former Resident Died Thursday

E. B. McLellan, a former resident of Friona, passed away July 5, 1962, at Ringling, Okla. He was born in Texas December 31, 1880 and was engaged in farming while in this area. Survivors include two daughters, Mrs. Cleo Houston and Mrs. Marguerite Porter both of Ringling; two brothers; three sisters; 13 grandchildren and 24 great grandchildren.

Kenneth and Joe McLellan and Mrs. Betty Louise Rector of Friona are surviving grandchildren.

### Locals

Mrs. Clarence Martin, Mrs. C. D. Carter and Mrs. Harold G. White of Friona and Mrs. Ods Huggins of Farwell attended a pink and blue shower honoring Mrs. Kenneth Heady at the home of Mrs. Edwin White in Lubbock Monday.

Mr. and Mrs. Truell Hyde and family were guests in the home of Mr. and Mrs. H. A. Hyde, parents of Truell, the 4th of July. The Truell Hydies will move to Odessa soon where he will teach in the college there this fall.

Mrs. Hattie Snead left this week to visit her sister, Mrs. Emma Fondrant, of Midland. After leaving Midland Mrs. Snead will go to California to visit several weeks.

### Mrs. McKay Visits City

Mrs. Edward McKay of Amarillo, Republican candidate for the State Board of Education, 18th Congressional District, was a Monday visitor in Friona.

"We need a return to giving the teacher some status," said Mrs. McKay. She said she was concerned with grouping children into an "average," where no one excels.

Mrs. McKay is the area representative of the American Field Service, is the mother of four and has taught school. She said that while the recent emphasis on science is good, she was concerned with the basic fundamentals in the lower grades.

"If a student can't read, he can't be a scientist," she said.

### Return Home

Mr. and Mrs. J. W. Baxter returned home recently following a three weeks vacation. They were guests of Mr. and Mrs. Frank Clark at Elk City, Okla. before visiting relatives at Pierre and Blunt, South Dakota. They also visited relatives in Pampa before returning to Friona.

The rains that have fallen recently have been most beneficial and have made the entire Golden Spread very beautiful. Looks as if the whole country is dressing up as much as possible for our summer visitors. Tourists who pass through this section of Texas this month will surely be impressed by the beauty of the growing crops and grass.

When we look at all the modern conveniences, most of us wonder "what next?" Driving down the highway during the past weekend I observed the many many things that were not available at any price in any country a few short years ago. Most of the newer innovations have been brought about as a result of the constant rush most of us go in daily.

Most travellers invariably hurry from one place to another—sometimes because of habit rather than necessity. Surely in the not too far distant future some owner of eating establishments will have drive in telephones set up a few miles from each town so we can stop and call in our orders and not have to wait for food to be prepared three times a day.

If any of us want anything except a cup of coffee or cold drink, we never want to wait for it to be prepared. A few well placed signs advertising the "call ahead" food service would make the eating establishment offering such a service the most popular place in any town.

Soon the new tire store down on the highway will be open for business. Right now it seems that more new business firms prefer highway locations. It's beginning to look as if Friona Star-Plains Publishers will never have any new neighbors.

Our section of town will soon have dividers for parking places

on the parking lot across the street from us. It is interesting to note the number of shoppers who use the all weather parking facilities during or after a shower.

At least two ex-students of Friona High School will be working on master's degrees at Kansas State University at Manhattan this fall. Jimmy Mabry, son of Mr. and Mrs. James Mabry of the Lazbuddie Community and John Hamilton, whose parents are the Harry Hamiltons of Route 2, both plan to enroll at KSU for the fall semester.

Little Kim Young, who is five, was somewhat disappointed upon the birth of her baby sister last week. It seems that Kim, whose parents are the Ed Youngs, was planning on a baby brother. However, after having several offers from friends and relatives to take young Janet Kay, Kim has decided a baby sister is just what she wanted.

Dates have been set for the 1962 version of Maize Days. Success of this event depends upon you and you and you and me. There is something each one of us can do to promote the affair and by doing it we will derive more pleasure from it. None of us receive anything from any endeavor unless we put something into it.

Members of the Parmer County Home Demonstration Clubs are sponsoring a very worthwhile project and nothing would be finer than for each family in the county to cooperate with these ladies.

Individual cards, which have been prepared by American Medical Association, are available at Miss Musil's office in Farwell or Parmer County Community Hospital. These cards have spaces for

MAKING PLANS . . . Summer baseball director Vernon Scott and President Jay Claborn go over plans for league all-star games, as the regular season nears its end. Managers meet Monday to pick the all-star teams.

### Girl Scouts Have Summer Meetings

Girl Scout Troop 93 met June 29 with their leaders and guests to continue working on bird badges they had started while camping at Camp Rio Blanco earlier in June. They built and painted bird houses, shelters and feeders. The leaders prepared and cooked an outdoor meal for troop members while they worked on their project.

The group met July 6 and visited several farms in the Rhea community to observe domesticated fowls. Mrs. Helen Potts health information and would be most valuable in the event a person was involved in an accident when he was away from home. There is no charge for the cards. All sponsors are asking residents of the county, is that they cooperate.

If there is a child in your family who will be entering school for the first time this fall, keep in mind that he will have to have a smallpox vaccination and that the opening of school is less than two months away.

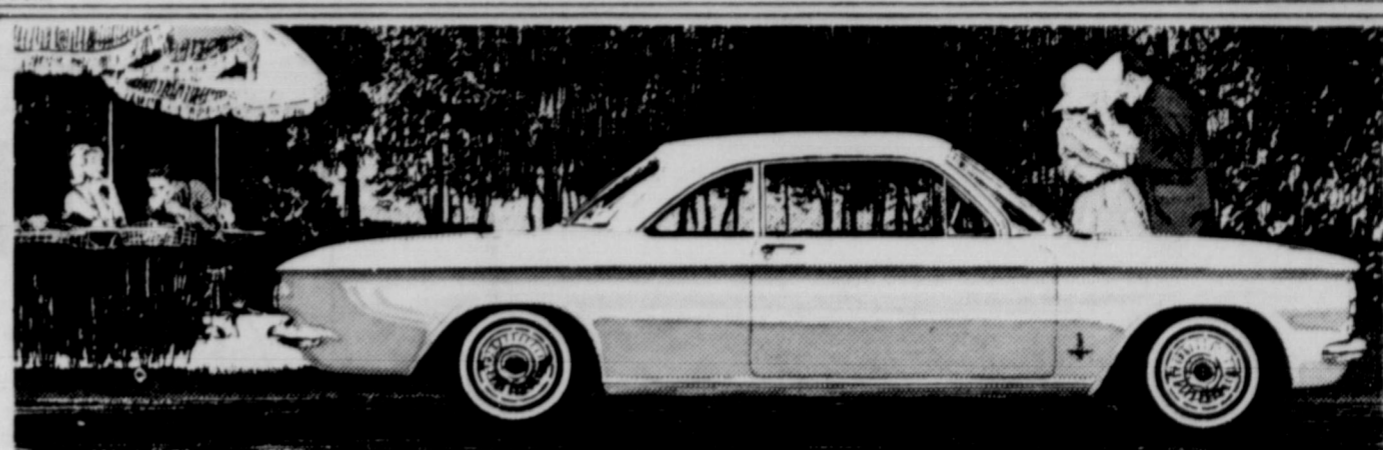

guided a tour of the farmyards of Melvin Sachs, Mrs. Melinda Schlenker, Carl Schlenker, Edward Spring and the Pott's farm. Birds they observed included pheasant, wild duck, tame duck, several breeds of chickens, geese and other birds.

Nosebag lunches and watermelon were eaten at noon under the shade trees at the home of Mrs. Melinda Schlenker. Mrs. Schlenker continued the tour with the scouts. A number of the girls decorated a window in the Bi-Wize Drug store with bird houses, shelters and feeders.

The next meeting is planned for July 27 with a trip to Clovis where they will visit the zoo and observe the birds located there. A picnic lunch and skating party is also scheduled.

### Funeral Friday

Funeral services for Mrs. J. W. (Tilda) Ashcraft, who died at Lubbock at 7 p.m. Tuesday, will be conducted at Friona Methodist Church at 2:30 p.m. Friday.

## REEVE CHEVROLET COMPANY

Friona

## Here's how Gas heat COOLS your home!

Cooling with a Gas flame combines four simple laws of nature. The ARKLA-SERVEL Sun Valley GAS air conditioner employs them to produce the finest air conditioning science has yet devised!

First, BOILING, as in a percolator, moves the liquid refrigerant to the top of the unit in the form of vapor. Secondly, CONDENSATION, as on a glass of cold water, occurs, converting the vapor back to liquid. Next, EVAPORATION provides the chilling effect, just as blowing upon your hand, when wet, makes it feel cool. Last, is the ABSORPTION of the vapor by a salt solution called lithium bromide, in the same manner as table salt absorbs liquids. The liquid then returns to the "percolator" to start the cycle over again.

This is why an ARKLA-SERVEL Sun Valley GAS air conditioner has no moving parts to wear out or

break down, and why it 1) has a life expectancy of three-to-four times that of an ordinary air conditioner, 2) does not lose its efficiency with age, 3) operates with a minimum of service or repair, and 4) maintains its low operating cost throughout the life of the unit.

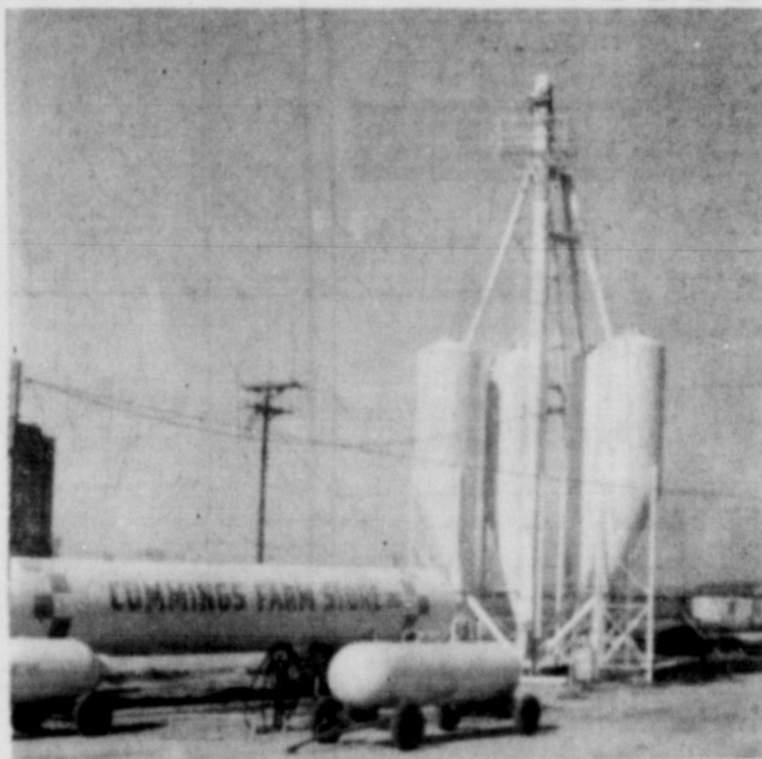

All these reasons add up to LOWEST OWNER-SHIP COST . . . and make ARKLA-SERVEL Gas air conditioning truly the wisest investment you'll ever make for your home.

HAS BIRTHDAY . . . Calvary Baptist Church, Friona's youngest church, celebrated its second birthday this week. The pastor, Rev. Audye Wiley, reported on the church's unusual growth in his message last Sunday.

## Calvary Baptist Begins Unique Revival Friday

The Brotherhood of Calvary Baptist Church is sponsoring a Layman-led Revival beginning Friday night, July 13 at 8 o'clock. Jimmy Castleberry will speak Friday night and John Payne will speak Saturday night.

The Sunday services will be conducted at the usual time with Sunday School at 9:45 and morning worship at 10:50.

Sunday evening, Training Union at 7 p.m., and evening worship at 8 p.m., will feature Dale Westbrook and Clarence Monroe bringing the messages. Herbert Day will be leading the singing while Wayland Ethridge will accompany at the piano.

The Layman-led Revival effort is a unique feature in modern day evangelism. The last few years Christian laymen have seen the need and are now making an effort to meet that need in sharing the responsibility of evangelism.

Audye Wiley, pastor of the church assures the people of the Friona area that everyone is invited and urged to attend.

The church observed its second anniversary this week. In his message last Sunday, Rev. Wiley reported that a total of 193 additions have been made to the church since July of 1960.

In addition, there has been \$51,792.46 given through the church, supporting all of the missionary activities of the church. Value of the church

property is now estimated at \$75,000.

### Commissioners Hold Routine Meeting Monday

The Parmer County Commissioners' Court took care of routine business in its meeting Monday in Farwell.

All June bills were approved for payment, and the County Treasurer's report for the April 1-June 30 quarter was approved. Minutes of the last meeting were read and accepted.

# Potatoes Begin Rolling To Parmer County Markets

Potato harvest got underway in Parmer County last week, and indications are that this year's crop will make a good yield, and so far, the market

price is very attractive. The first potatoes were processed at Gregory Produce Company in Lariat last Monday, July 2.

"We've been going slow, in order to allow the potatoes to mature ahead of us," said Buck Gregory, who has about 275 acres to be harvested, with 100

acres of fall potatoes. He said his plant had processed from 12,000 to 14,000 sacks of potatoes as of Tuesday.

Gregory said that the quality of his potatoes looked good so far. The price started off at \$4 per hundred, but has dropped to about \$3.75.

Harvest in the Friona area got underway on Friday, when John Renner began harvesting his 45-acre plot. He began digging the early Norland variety, and the red-jacketed spuds appeared to be averaging around 180 sacks per acre.

Kenneth Neill, of Friona Growers and Shippers, was to begin digging his potatoes Tuesday. There are approximately 450 acres of potatoes around Friona this year, Neill estimated. There are little or no onions this year, however, Neill said Friona Growers had handled none this year, and none were expected.

Early price for potatoes in Friona was \$3.90, which would indicate a good return to the farmer if the price holds up. Renner, who is one of the area's foremost vegetable producers, said he had had a good break from the weather with the harvest, in that rain had not intervened.

Gregory, who said his potatoes were averaging from 175 to 225 sacks per acre, has finished with his Norland variety, and has begun digging the Red Lasota type. He indicated that the Early Gem, a white Russet-type potato, will be ready to harvest by next week.

Hail slowed down Gregory's crop to some extent, but it came back and did well, he said.

THE POTATOES come rolling out of the soil at the John Renner farm south of Friona. Potato harvest was begun there last Friday. Potatoes were delivered to Gregory Produce in Lariat four days earlier, on Monday, July 2.

## Farm Bureau Holds Training Institute

The 14th annual Texas Farm Bureau Institute, a training school for county Farm Bureau leaders, will be held here at the Robert Driscoll Hotel July 24-27, according to J. H. West of nearby Bishop, TFB president.

"Purpose of the Institute is to provide basic information and training to county leaders so that they can better fulfill their responsibilities in their leadership positions," West explained. "Specific training will be provided for leaders in the county organization, with additional courses designed to provide better understanding of citizenship responsibilities, agricultural problems, and economic forces," he added.

Special general assembly programs will be conducted by Dr. Harry M. Love, Department of Economics, Virginia Polytechnic Institute; and Dr. C. L. Kay, vice president for Public Services, Lubbock Christian College. Dr. Love will lead a discussion on "opportunity versus security," dealing with economics. Dr. Kay will speak on "Challenge of the Sixties," pertaining to citizenship.

Guest instructors include Dr. Earl H. Knebel, College Station, head of Department of Agricultural Education, Texas A. and M. College; and Warren Newberry, Vernon, American Farm Bureau Federation field representative. George McArthur, assistant county agent in Victoria County, will be in charge of recreation events at the institute. Other instructors are staff members and officers of the TFB.

Classes will be taught on membership acquisition, motivation of people, policy development and execution, Farm Bureau history and philosophy, information and public relations, economics, safety, services to members, and Farm Bureau structure.

# THE HIGH PLAINS FARM AND HOME

## FHA Loans In County Total Over \$600,000 For The Year

A total of \$642,720 was loaned during the past fiscal year to farmers served by the local office of the Farmer's Home Administration at Farwell, according to W. D. Buske, chairman of the Agency's Parmer county committee.

The loans were made to local farm families after they were declared eligible to receive credit by the county committee. One hundred sixty seven applications were reviewed by the committee.

Operating loans accounted for

most of the loans made. These loans were used to purchase stocker calves, machinery and to finance the farm and home operating expenses.

Borrowers repaid a total of \$777,793 on loans previously made, some of which were amortized over several years but repaid ahead of schedule. During the fiscal year, 31 farmers repaid their loans in full to the Farmer's Home Administration and now obtain their credit needs through the Banks and other local lenders.

Farmer's Home Administration supervised credit is designed to help each farmer establish a sound farming operation, raise his income and make a full contribution to the strength of our nation's economy.

Local farmers can apply for loans through the office of Billy R. Boling, County Supervisor at Farwell.

## WITH THE COUNTY AGENT

DERYL COKER

Several 4-H members and their parents have been wanting to know where they could buy livestock that would make suitable projects.

On Monday, July 23 at 5 p. m.

there will be a Swine Sale at Earth, Texas. Three breeds of hogs will be sold: Hampshire, Berkshire, and Poland China. The sale will include bred sows, open gilts, and boars. It might be possible that you could find something you would like if the prices are within reason.

I have always heard that you can tell how prosperous a county is by its paint and landscaping. Last year 2150 trees were ordered from the Forestry Service and planted in Farmer County. This number was made up of Loblolly pine, Austrian pine, Ponderosa pine, and red cedar. We should continue to improve our landscaping so that Farmer County will be a pretty place in which to live in the future.

Here lately, mosquitoes have made it nearly impossible for people to be out late in the evening. Mosquito control should involve at least these four areas:

1. You should take a survey around your home or farm to see if both adult larvae are present. Even where capables are limited a brief survey of premises to be treated may provide helpful information concerning breeding sites, etc.

2. Whenever possible the removal of water available for larvae development should be done away with. Mosquito larvae can breed and multiply in any container that can hold water

## Farm Legislation Referendum Is July 24

The Secretary of Agriculture has designated July 24 as the date for the 1963 wheat marketing quota referendum and has announced that the national wheat allotment for 1963 is to be 55 million acres, the minimum provided for under the law.

Prentice Mills, office manager of the Farmer County

ASC, pointed out that unless Congress passes some sort of farm legislation in the meantime, the farm program will revert back to the 1958 provision.

This means, Mills said, that each individual farm allotment would then be established in accordance with the provision of the 1958 Agricultural Act.

Generally, this means that the wheat allotment on each individual farm will be approximately the same as it was in 1961—taking into account any increase or decrease in the county allotment.

The support price for 1963 wheat has been established by the Secretary of Agriculture at \$1.82 per bushel national aver-

age. "Of course, there will be no diverted (lay out) acreage for wheat this coming year," emphasized Mills, stating that this was provided for under the 1962 Wheat Stabilization Program.

The Farmer County Wheat allotment has not been received as yet, however individual farm allotment notices will be mailed.

## HD Agent's Notes

BY MISS ETTIE MUSIL

Last week was an eventful time for Miss Celia Patton during her first week in the county. She will receive one to three months of training before she is assigned to a county in this district as county home demonstration agent.

To start her first day in training we accompanied Mrs. J. D. Sanders, Mrs. Ralph Price, Mrs. H. R. Cocanougher, Mrs. Herbert Schueler, Mrs. Vernon Symcox, and Mrs. T. J. Presley to Hereford for an all day meeting.

Miss Bonnie Cox, Extension Organization Specialist and Miss Edith L. Wilson, District Agent, led a discussion on planning programs for the home demonstration clubs. We learned that the committees of the County Program Building Committee makes up the hub nucleus of our programs in the county according to needs and wants of the people.

Tuesday we stayed in the office at which time Miss Patton read background history and information about Farmer County. Thursday proved to be a full day for both of us as we started the advanced class of the 4-H clothing workshop. This all-day workshop was conducted in our office in the courthouse.

You should have seen the fabrics and patterns the five girls brought. Most of the girls are sewing shirtwaist dresses. Several of the girls thought they had chosen fabrics that did not have to be matched. What a surprise when we found stripes, plaids, and definite designs in prints. All fabrics had to be matched in some way.

Miss Patton and I had to fit the patterns to the girls to shorten or lengthen waist lines or change position of darts. Finally the girls cut out their garments after stretching fabric and placing patterns accurately.

Of course, the girls pre-shrunk their fabric before the workshops. To pre-shrink the fabric the girls soaked the folded fabric in warm or hot water for thirty minutes making sure all fabric was wet. The folded wet fabric was removed from the water and hung on a towel rack to drip above a bath tub or shower. The fabric remained folded to dry. The

girls turned the folds only occasionally as the top side dried. No pressing was needed.

We shall be supervising these girls in workshops every day this week from 9 a. m. to 4 p. m. Making dresses in these advanced workshops are Reba and Viane Lesly, Katie Blackstone, Mary Coffey and Judy Koelzer.

We hope to meet you sometime during Miss Patton's training in the county. She will write newsletters and individual official letters as she is trained. We shall make home and demonstrator visits to homemakers who invite us. At first she will accompany me on these invited visits, but later she will plan for and make the visits alone.

Telephone calls and office visits are an important part of our teaching you information you request. You may hear a new voice answering from time to time that will be Miss Patton's. We have been invited to 4-H and HD Club picnics and meetings. These are all important to become acquainted with similar meetings she will have as an agent in her county. Come by to meet her.

## Treider Replaces Glasscock On FHA County Committee

Ted J. Treider, Lazbuddie farmer, has been named to the Farmers' Home Administration, according to Billy R. Boling, the agency's county supervisor here. The appointment is for three years beginning July 1.

The purpose of the county committee is to review applications for FHA loans. Composed of three members, the committee is set up on a rotation basis with one new member appointed each year. Treider succeeds M. T. "Mose" Glasscock of Farwell who has served on the committee the past three years. Other committee members are Harold Carpenter of Oklahoma Lane and W. D. Buske of Friona, Texas.

The Farmers Home Admin-

## 4-H Youths Make Safety A Practice

The impact of 660,000 dedicated boys and girls working for safety is bound to make a stable dent in accident statistics. These safety-minded youths are 4-H Club members representing just about every county from coast-to-coast.

Based on last year's statistics, it is estimated that around 5,000 members will qualify for a 1962 safety medal award. One 4-H'er from the state will be selected to be the safety delegate to the National 4-H Club Congress opening in Chicago, Nov. 25.

The trip plus eight \$400 college scholarships will again be sponsored by General Motors, donor of the national 4-H safety program awards for the 19th straight year.

Activities in virtually every kind of safety are undertaken by the 4-H'ers. For example, Jefferson County, Colo. is credited with pioneering rifle safety in the state with the cooperation of several state, county and national agencies. Residents of Rock County, Ill., benefited from stepped up

information on the Civil Defense program brought about through the efforts of local 4-H Clubs. Safety tips on use of power lawnmowers reached about 4,000 residents of Portage County, Ohio. Club members personally delivered and explained the bulletins to neighbors.

Obedient safe driving rules is urged, especially during vacation months when thousands of cars throughout the state take to the open road. Safe operation of automobiles and tractors is another facet of the 4-H program.

In 1963, special emphasis will be placed on fire prevention, including fires likely to start from faulty electrical wiring or appliances, according to the national 4-H safety development committee.

## Delegates Selected For State HD Association Convention

Farmer County Home Demonstration Council met Friday, July 6 at 2 p.m. in the Community Room of the Friona State Bank in Friona. Six members representing five of the eight home demonstration clubs attended. Also attending were council chairman, Mrs. J. D. Sanders, and THDA chairman, Mrs. Ralph Price, County Home Demonstration Agent, Miss Etie Musil, and Junior Assistant Extension Agent, Miss Cella Patton.

The meeting had been previously postponed. Mrs. Floyd Brookfield served in the absence of the secretary. Folding chair relay was led by Miss Musil as opening exercise.

Finance chairman, Mrs. Brookfield, reviewed expenses for the state meeting of the Texas Home Demonstration Association in Dallas, September 19-20. Delegates who will represent Farmer County are Mrs. Elmo Dean, Mrs. Vernon Symcox, and Mrs. C. A. Weir. Alternate delegates are Mrs. H.R. Cocanougher and Mrs. W. E. Stringer.

Mrs. Herbert Schueler, year-book chairman, reported on the special program organization meeting in Hereford Monday, July 2. Attending from the county were yearbook committee, Mrs. Schueler, Mrs. T. J. Presley, and Mrs. H. R. Cocan-

ougher. Also THDA chairman Mrs. Ralph Price, council chairman, Mrs. J. D. Sanders, Mrs. Vernon Symcox, Miss Musil and Miss Patton.

For the Health and Safety Committee, Mrs. Price announced the promotion of everyone in the county carrying Personal Health cards. Five thousand cards have been received

for everyone to use in case of health emergencies. These cards are available in the Extension Agent's office and Farmer County Community Hospital at Friona.

Council voted to send Miss Musil to represent District 1 at the state THDA meeting in Dallas, September 19-20. It was voted that each delegate

and visitor attending state meeting is to pay her own fare if she attends Six Flags Over Texas.

Everyone is invited to the County 4-H Dress Revue to be held Tuesday, July 24 at 8:30 p.m. in the Hub Community Center. Miss Musil also announced that the Farmer County Farm Bureau contributed \$80.00 for

the expense of the 4-H boys and girls who participated in the Texas 4-H Roundup in College Station, June 5-7.

In conclusion of council meeting Miss Musil explained the training of Miss Patton in the county. The training will be one to three months in all phases of home demonstration work.

Attending Council besides the above mentioned officers and agents were: Mrs. T. J. Presley, Mrs. Walter Cunningham, Mrs. J. B. Williams and Mrs. Bill Dollar.

## New Booster Is Discovered To Supplement Weed Killer

A booster can be added to "Karmex" diuron weed killer for lay-by weed control in cotton this year as a result of discoveries which may prove as valuable as the introduction of a new family of weed-killing compounds, according to the Du Pont Company.

Use of the booster compound, Du Pont Surfactant WK with "Karmex" diuron weed killer supplements, rather than replaces, earlier recommendations for "Karmex" alone applied in cotton fields at lay-by time. With the surfactant added, "Karmex" which has previously worked primarily through the roots of weeds, becomes an effective foliage herbicide.

The new recommendation

provides control of emerged weeds up to four inches tall (as may be necessary in a wet year), and rainfall is not needed to activate the chemical. Previously, the common methods for killing emerged weeds were cultivation and oil treatment.

Effectiveness of surfactants as weed killer boosters was discovered in cotton trails at the Mississippi Delta Branch Experiment Station in Stoneville and at the U. S. Department of Agriculture Research Center at Beltsville, Md.

The combination is presently approved only for lay-by application in cotton, but it appears promising for selective weed control in some other crops and for soil sterilization on industrial sites and railroads. Many combinations of surfactants weed "Karmex" diuron weed killer and other herbicides will be tried this season for selective weed control in corn and other crops and for other vegetation control problems.

Experimental results indicate that the addition of the proper surfactant to a weed killer spray mixture may reduce the amount of weed killer required; reduce the waiting period for planting certain crops in treated fields; or im-

prove the weed control effectiveness of certain compounds without increasing the risk to desirable plants. Field tests have demonstrated that directed sprays of the combination at lay-by are as safe to cotton as "Karmex" used alone.

The standard recommendation for lay-by weed control with "Karmex" is one to one and a half pounds of "Karmex" to the acre (going up to two pounds in California and Arizona), applied in 25 to 40 gallons of water per acre, immediately after the last cultivation but not before the cotton has reached a height of at least 15 inches. If Du Pont Surfactant WK is used, it is simply added to the spray tank after the "Karmex", at one to one and a half pints of Surfactant WK per acre.

Applied as a directed spray under the foliage of cotton plants, the combination of "Karmex" plus Du Pont Surfactant WK controls certain emerged annual weeds up to four inches tall, and also gives residual control of weeds which germinate later.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Texas Farm Bureau has consistently opposed the so-called "Merit Rating" plan for automobile insurance on the basis that it was unfair to those who had never had a claim but who had been caught speeding, etc. and also because the cost of bookkeeping was increased to such an extent that rates naturally went higher for everyone, including those with no points.

The fact of the matter is, after only two and one half years of the experiment, those who were paying the premium showing a 20% discount were paying just about the same as they were the day before the plan went into effect. So even though the cost for the "preferred driver" will be about 3 or 4 per cent higher after August 1, it is our opinion that it will be less, in a year or two, than it was under the merit system.

We are, however, in favor of a plan that would actually consider those without any claims whatever over a period of time. Claims, not speeding tickets, are what effect the cost of insurance. Now that this experiment is over, Farm Bureau still favors a flexible rating plan that would allow each company to set its own rates, with the approval of the commission.

Competition is what keeps the business world going 'round. Farm Bureau has never believed insurance laws should be set up in the interest of the companies beyond the extent necessary to provide protection for the policy holder.

Defeat of the National Marketing Order for Turkey Growers is hailed by Farm Bureau as a major victory against this type of government regimentation in all live animal industry. Fifty per cent of the marketing volume produce voted, and only 43.4 per cent of those favored the order.

The wheat referendum will be voted upon again on July 24th. Texas Farm Bureau is holding three area meetings to discuss the involvement present in this referendum so that the voters will be more aware of what they are voting for or against. One of the meetings was to be in Amarillo Wednesday of this week. We hope several wheat farmers attended this meeting.

Your office secretary and her husband, Buster Davis are taking a week's vacation in Grand Canyon and other western points this week, so your service agent will spend most of seven or eight hours in the office serve you.

CONSIDER THIS: The lips of the wise disperse knowledge; but the heart of the foolish doeth not so. Proverbs 15:7
