## LISTEN TO LUKE

In our opinion, a sad and pitiful item is reported in this week's paper.  
It is not to our liking that such an event is reported, or happens. And if anyone thinks that we are printing it for sensationalism when they could never be more correct.  
Our one and only purpose in publishing the story is to call attention to a condition which exists in Sanderson — as well as in many other places — which might possibly be improved or removed if enough people know about it and want to do something about it.  
In our humble opinion, it is a sad thing when a 14-year-old child lives in circumstances and in an environment and background, examples, teachings, morals, and phases of the community's life that would result in things working like they did for her.  
She is cows, mares, and ewes that get more attention prior to delivery than did this child.  
Well, she should have known her, you say! And you are absolutely right!  
We will not attempt to guess what thoughts meshed in the mind of that child during the several months, or what fears and anxieties came forth and were repressed or withheld. Nor do we know what thoughts, if any, passed through that child's mind during the trying ordeal which she underwent and which she endured so bravely and alone. And we do not believe that there is a possibility that her thinking a few minutes — whatever it was — was not the result of a quiet and calm attitude and understandable circumstances.  
We are in no sense, attempting to try any kind of a criminal inclination nor ability to do so, but are putting all of us on guard to try to remedy the situation we can, to try to see that things like this happens again. And it was not the result of a single incident, at a specific time, but our opinion, but the result of a long string of circumstances, incidents, examples — or the lack of them, and many other things too numerous to mention. Many have spent a lot of time, weeks or months working whether or not we are going to vote for this man or that and other of our daily trials and tribulations, when there may be more important things that could be getting our thoughts and actions.  
And we can well imagine that a child thinks that life can indeed be cruel.  
To the best of our knowledge, we believe that the past Halloween was one of the quietest in many years. When we came down Saturday morning and there was one bit of soap on our windows. At The Times, our first thought was that maybe the kids don't like us any more and that a sobering thought. Then we learned that there was little soap on the windows downtown — or we thought we were — or the good graces of the young-uns.  
We had a lot of "trick or treat" again this year and we are very glad to get a visit from — Continued to Page 4

## Heavy Vote Shown In All Four Precincts

Voting in Terrell County in the general election Tuesday followed the trend of balloting over the district and state.  
In the hotly-contested U.S. Representative race between incumbent J. T. Rutherford and Ed Foreman, Foreman carried all four precincts, but failed to carry the county.  
In precinct 2 a write-in campaign for Roy Deaton unseated County Commissioner John Harrison, incumbent, and unopposed in the primary.  
Another write-in campaign in precinct 4 elected Charlie Turk as commissioner. He is the incumbent and was defeated in the primary by Cy Banner.  
There were some scattered write-in votes at many places on the ballots in all precincts which do not affect the outcome of any race and are not listed in the tabulation below.

Precinct and absentee votes are listed below for the information of our readers:

## Free Polio Vaccine Due This Weekend Here

Terrell County will join other towns and communities of this area in the observation of "Polio Sunday" on November 11 when doses of Type I Sabin oral vaccine will be made available to everyone six-weeks old and over.

Types II and III will be given six and twelve weeks later.

To better meet for any reason situations locally, the American Legion, the sponsoring organization for the project, will give the vaccine on both Friday and Sunday. Forms have been printed in The Times for two weeks and have been given to every school child to take home, and by having them filled in, movement through the lines will be facilitated and delays prevented at the time of the giving of the vaccine.

Friday at the high school building, the vaccine will be available from 1:00 to 5:00 p.m. Sunday it will be available at the same place from noon to 5:00 p.m.

Regardless of having had the Salk vaccine, any or all three doses of that, everyone is urged to take the Sabin vaccine which is supposed to give immunization to all three types of polio and is regarded as having a higher level of effectiveness than the Salk vaccine.

Any adult who is diabetic or a small child who for any reason cannot eat the small cube of sugar on which the three drops of vaccine will be put, is urged to avail themselves of the vaccine also as it may be given from a dropper on the tongue. It is tasteless and odorless. The vaccine will be taken to anyone physically unable to come to the school if word is gotten to the committee working there.

If everyone will take all three doses of the Sabin vaccine, it is believed that polio would soon be stamped out. It has been found that some persons are carriers of the polio germs, although they never develop the disease, and so that is why it is urged that everyone take the vaccine.

There will be no charges for the vaccine but everyone who can is asked to make a contribution of twenty-five cents for each dose and in that way funds will be available to furnish vaccine for everyone, even those unable to pay for it.

L. E. Muller is general chairman of the arrangements for the Sabin vaccine project and is joining members of the committees in urging that Terrell County residents respond wholeheartedly to the project by taking their first dose on Friday or Sunday.

## This Saturday Is 'Poppy Day'

Mrs. M. W. Duncan, American Legion Auxiliary Poppy chairman, has announced that Saturday, November 10, will be Poppy Day since Veterans' Day, November 11, falls on Sunday this year.

Coffee and doughnuts will be served at the office of the Community Public Service from 9:00 a.m. to 3:00 p.m. Everyone is invited to come by and make a contribution to the project and wear a poppy.

The members of the Junior Auxiliary will be on the streets to invite everyone to wear a poppy.

The poppies to be sold here were made by disabled veterans in Texas hospitals, the poppy-making aiding them both financially and psychologically.

"We in this country wear the poppy once a year to signify the feeling of reverence in our hearts for the service men and women who died for America during the two World Wars and the Korean War. Making the poppies helps to lighten the burden carried by the men who returned disabled in mind and body", stated Mrs. Duncan.

All contributions received from Poppy Day sales go directly to aid disabled veterans or members of their families.

the town "spooks" and enjoy seeing their costumes, their enthusiasm, and their youthful fun.

We did not see any, but we heard of some rather large "kids" "tricking or treating" not for a token of sweets, but for some eggs.

If this is true, it seems a little ridiculous to us. Maybe some people don't know when they cease being children.

By the time this is read, the actions of the people at the polls will be final for at least four years in most cases, only two in some.

We hope that we can all bear whatever actions are the results of our voting on Tuesday.

Most of the people are pleased with the outcome of the elections so those who are on the losing side will have to find encouragement from some source for their next chance at the polls.

We have always lost some votes and won some votes, and this election is no exception.

Mr. and Mrs. Lymon Benson and son, Gray, of Shamrock were weekend visitors in the home of their daughter, Miss Sue Benson. Mrs. George Escobar took her father, Jesus Calzada, to Odessa Thursday to have his eyes checked by an ophthalmologist.

Card of Thanks To the voters of Precinct 2 I wish to express sincere appreciation for your support in my election as Justice of Peace. Bea Merritt

Card of Thanks The confidence expressed in me by the voters of precinct 4 will always be appreciated. C. M. Turk.

Card of Thanks May we take this means of expressing to each thoughtful friend our sincere thanks and appreciation for the flowers, cards, and other expressions of your love and sympathy at the time of our recent bereavement. Mr. and Mrs. F. A. Weigand.

Card of Thanks The junior class would like to thank the people who helped them in their magazine sales campaign. Through your subscriptions we were able to add approximately \$133.00 to our class treasury. The magazine orders have been sent to the company and you should be getting your magazines within six weeks or two months. If you have not received your magazines within two months, please inform some member of the junior class.

The junior classes will be using this as a money-making project each year and will appreciate anyone saving their orders for them. If you receive special offer notices with magazines next year near time for the sales campaign, be sure to save them. The juniors can give you the advantage of the special offers and still collect their percentage of profit from them.
