

**LISTEN TO LUKE**

We received a lot of favorable comment on the ideas and views expressed in this column last week, and it is always gratifying to find out that someone thinks the same as you do about something.

As many of our readers knew all of the ideas, all of the sayings, and all of the expressions were not original with us.

We used one letter verbatim from one of our readers, and we used ideas from the other letters we had received, and some ideas we got from the dim recesses of our minds in remembering what we had heard someone say at one time or another.

We appreciate any and all interest expressed from all readers who are trying to build up our educational, moral, spiritual, and economic levels.

There has been a growing interest in the proposed and planned clean-up campaign for Sanderson. We hope that the interest will be continually stimulated.

We think that one thing that might be important in helping to give impetus to the drive would be for all of us to take the time and effort to get in our car and drive around over town, not staying in any one area or picking out particular houses or lots, but objectively look at the situation to try to see what all there is that needs to be done that each of us, as individuals, can do.

There is probably some litter around my trash barrel, or some weeds in my yard, some painting that is needed on the front or back fence, a ragged flower bed and all such clutter as this, but there is more to it than what's in my yard or yours.

There are several projects that will require a unified effort on the part of several people who realizing the need for such things, will get busy to see that they get done.

You will probably see some people out doing some work where you wonder "What business is it of theirs?" But we would like to see all of the citizens of the town working toward that one goal of beautifying our town.

The program has a great magnitude of possibilities once you get to looking at it, and our Chamber of Commerce could not have come up with a bigger project if they tried, probably.

But, because it is of such magnitude, and offers such pleasant rewards is all the more reason why it should be done.

We don't know that it's in the plans, yet, but we think that another tree-planting promotion in the fall would be worthwhile providing we have enough water to undertake such a project.

And speaking of water, our local water board passed another milestone at their regular meeting this week in accepting the low bids on the work of bringing

**LL Boosters Asked To Meet**

There will be a meeting of all persons interested in the Little League program in Sanderson at the Legion Hall Thursday night April 2, at 7:30.

All interested adults are asked to be present for organizational meeting for the program.

It was stated that the success of the venture depends on the interest indicated by the number present at this meeting. The previous meeting called for the same purpose took no action because of the small number of interested parents present.

**Contracts Let for Tanks, Water Pipe Lines and Pumps**

Contracts were let for the installation of pumping, transmission, storage, and boosting facilities for the Terrell County Water Control & Improvement District No. 1 at their regular meeting Monday night.

There were three separate bids

**Cong. Foreman Here Tuesday**

Congressman Ed Foreman

A group of Sanderson residents met at the Oasis Restaurant Tuesday at noon to hear Congressman Ed Foreman as he stopped here for lunch while touring the entire 16th District before returning to Washington.

The Congressman, accompanied by Jim Reed, his office manager, and R. F. Juedeman of Odessa, field representative for the Congressman, arrived in Sanderson at noon after a breakfast meeting in Sheffield and a short stop at the gas plant, then another at Dryden.

Mr. Foreman spoke to the group on several phases of pending legislation and stressed the need for constant vigilance to halt any moves that will lead to harm for the citizens who cherish the freedoms which have been supported for many years by the American citizens.

Foreman is a Republican candidate for re-election and has 19 counties in his district.

**Braves Lose To Piedras Negras In Double-Header**

The Sanderson Braves came out on the little end of the score in both games of a double-header here Sunday afternoon.

Celestino Fuentes pitched for the Braves in the opener which ended 4-2 in favor of the visitors from Piedras Negras, Mexico.

J. T. Herring went the full route for the second game when the Braves lost 5-2.

Both games were 7-innings. David Flores caught both games.

The Braves went into the two games Sunday afternoon with practically no work-outs and indications are that with practice the local team will be able to cope with most of their opponents. No future games have been booked.

**Methodists' Fourth Conference To Be Wednesday Evening**

The fourth quarterly conference of the Sanderson-Dryden Methodist Churches will be held in the local church next Wednesday evening with Dr. Buren Stewart of Carlsbad, N.M., district superintendent, presiding.

At 6:00 o'clock a covered-dish supper will be served in the Fellowship Hall, the WSCS to be responsible for the tea, coffee and bread.

accepted each on a separate phase of the work. The bids totaled approximately \$42,000.00.

Black-Sivalls and Bryan, Inc. was the low bidder on the installation of the tanks at the site of the McCue wells about three miles northwest of Sanderson on the Fort Stockton highway. The firm is in Odessa.

Lane Texas Co. of Fort Worth was the low bidder on the two pumps to be installed at the gathering station about a mile northwest of town. The pumps will pump water into the mains and into the storage tanks on the side of the mountain. The chlorinating unit will also be at that site.

H. A. Nelson Construction Co. of San Angelo was the low bidder on the installation of about two miles of four-inch concrete-lined pipe from the wells to the gathering station.

The pipe will be buried 36 inches deep and will run in the highway right-of-way on the west side.

There were six bidders on each of the phases, according to water board officials, and five of the bids were within \$160.00 of one another, they stated.

Work is expected to begin immediately on the construction of the pipe line, pump installation and tank installation.

**Wool Sale Shows Price Trend Up**

An upward trend in the price of wool was noted Wednesday at a sealed bid sale of 347,70 pounds of wool by the Sanderson Wool Commission Co.

A top of 70 5-8 cents per pound was paid for 12-months wool and a low of 67 7-8 cents. On 8-months wool, a top of 61 3-4 cents per pound was paid, compared with a low of 52 1-2 cents per pound.

The largest buyer was Forte Dupey and Sawyer who bought 54,900 pounds. J. P. Stevens Co. bought 42,600; Emery Wool Co. 28,000 pounds, Marriner Co. 20,190; Nichols and Co. 20,100; Top Co. 17,900; DeLone, Tasney Co. Inc. 14,900, and Dennis Corp. 7,000.

J. T. Williams, owner of the wool company, stated that he was well pleased with the outcome of the sale.

Mrs. A. N. Farley and children were Easter holiday visitors in Houston with relatives.

**Calendar of Events**

Monday, April 6—Baptist WMC Tuesday — Band Boosters Ranch Club.

Wednesday—Rotary Club, Bon home Club, '51 Club.

Thursday—Duplicate Club, Kiwanis Club, Lions Club, Legion meeting.

AUSTIN — On hand when Governor John Connally proclaimed April as Cancer Control Month in Texas was the 1964 American Cancer Society State Crusade Chairman Attorney General Waggoner Carr. Gov. Connally's proclamation urged all Texans to observe and participate in Cancer Control month and to learn the facts about cancer as presented in the educational leaflet which volunteers will be distributing throughout the state.

**SCHOOL ELECTION SET SATURDAY**

Three school board members will be elected from a slate of five candidates at an election to be held Saturday.

The candidates for trustees of the Terrell County Independent School District are: Albert Weigand, Santiago Flores, Gene Thompson, Herbert Brown, and Ernest Harkins, as they appear on the ballot.

At the same time there will be balloting in all four precincts for county trustee-at-large, a post now held by John Harrison; and county trustees in precincts one and three, now held by G. E. Babb and G. K. Mitchell.

None of the latter three have announced for re-election and a write-in will be necessary to express an opinion in favor of any person for those offices.

Each voter in each precinct will get two ballots, one with the names of the candidates for the school district trustee post, and the other with no names, but appropriate places for the write-in vote.

Polling places will open at 8:00 a.m. and close at 7:00 p.m.

**Among Our Subscribers**

Renewal subscription to The Times have come from Mrs. C. P. Peavy and B. G. Maples of Sanderson; Pvt. Roland McDonald, Alaska.

**\$134,589.18 Paid Ranchers For 1963 Wool Incentive**

Clarence Jessup, ASC County Chairman, announced Wednesday that 101 shorn wool payments on April 1, covering 1,026,150 pounds of shorn wool sold in 1963 marketing year had earned

for producers a total of \$134,589.18 as incentive payment.

The net promotion deduction withheld was \$10,194.52 which is to be spent for the promotion of wool products.

On April 3, 73 unshorn lambs payments will be made covering 4,052,960 pounds of unshorn lambs sold by Terrell County producers during the 1963 marketing year. Net checks to producers on unshorn lambs total \$19,859.50 and deduction for the promotion of lamb was \$2,026.41, according to Jessup.

**Buslin Canon, Long-Time Resident Dies Wednesday**

Buslin Canon, a long-time resident and ranchman of Terrell County, died Wednesday afternoon in an Alpine hospital. He had been taken to Alpine earlier in the afternoon after becoming seriously ill at his home.

Mr. Canon had been confined to his wheel chair for many months since the amputation of both of his legs and was brought home from the hospital only last weekend after having been under treatment for about two weeks.

Mr. Canon was born in Sterling City January 1, 1893.

On June 3, 1920, he married Miss Lula Mae Hicks in San Angelo.

He finished high school in San Angelo and came to Terrell County during the early part of the century and began operating a ranch on the south side of Independence Creek and just west of the Pecos River until ill health forced his retirement from active ranching several years ago.

He was a veteran of World War I.

He is survived by his wife Mrs. Lula Mae Hicks Canon, one daughter, Mrs. Herbert Brown and three granddaughters, Miss Diane Brown, Barbara and Elaine Brown; a brother, Charlie Canon, San Angelo; three sisters, Mrs. George Bailey, San Angelo, Mrs. John Clegg, San Angelo, and Mrs. Ed Reynolds, Ruidosa, N.M.

The body will lie in repose in the sanctuary of the Methodist Church until the funeral service at 4:00 p.m. Friday.

Burial will be in Cedar Grove Cemetery in Sanderson.

**Jim Langdon Explains Place Of Oil In Texas**

Texas crude oil currently is selling for more dollars than any year since the Suez crisis in 1957, Railroad Commissioner Jim Langdon reports.

Langdon said this should be welcome news to the people of Texas because the Texas oil and gas dollar pays for 42 per cent of the state's cost of public education, and almost 60 per cent of the state's cost of teacher retirement, old-age assistance, blind assistance, and aid to dependent children.

He stated that oil production is up three per cent over the previous year, and "an even more encouraging" jump is expected for 1964.

Langdon said the fact that the Texas petroleum industry was in such a healthy state after more than half a century of intensive development could be laid to two factors: (1) there was a lot of oil to begin with; and (2) it has not been wasted promiscuously.

Critics of the way the Railroad Commission has regulated the oil and gas industries disregarded the Commissioners' duty to guard the public interest. When they talked about allowables and production, they ignored the fact that natural gas has in recent years become an important energy source replacing to some extent oil; and that Texas was more dominant in gas production than in crude oil production.

**Absentee Balloting Is Heaviest Ever In School Race**

Absentee balloting hit its peak in the school board race this year, according to all records immediately available. Absentee voting ended Tuesday.

There were 123 absentee votes cast in precinct 1; five in precinct 2; four in three, and seven in four, according to County Clerk Ruel Adams.

In the county trustee election only 11 votes were cast, with seven in precinct 1 and two each in precincts 2 and 4.

It was noted that this number of votes was more than the total cast in many elections of school trustees in the past.

The wide difference in the number of votes cast for the school trustees and the county trustees indicates the strong interest focal point is on the two issues, or choices in the two races.

Absentee votes will be tallied at the specified time Saturday by the special committee consisting of Edward Kerr, Jimmy Caroline, and Troy Druse.

**FHA To Observe Special Week**

The 50 members of the Sanderson Chapter of Future Homemakers of America will join with other chapters of the nation in the observance of National FHA Week April 5-11, according to Elizabeth Felts, president of the local group.

The week will be observed by: Members to be recognized at the worship services Sunday.

Monday an informative display will be in the window of The Kerr Mercantile Co.

Tuesday evening the members will entertain their mothers at a banquet.

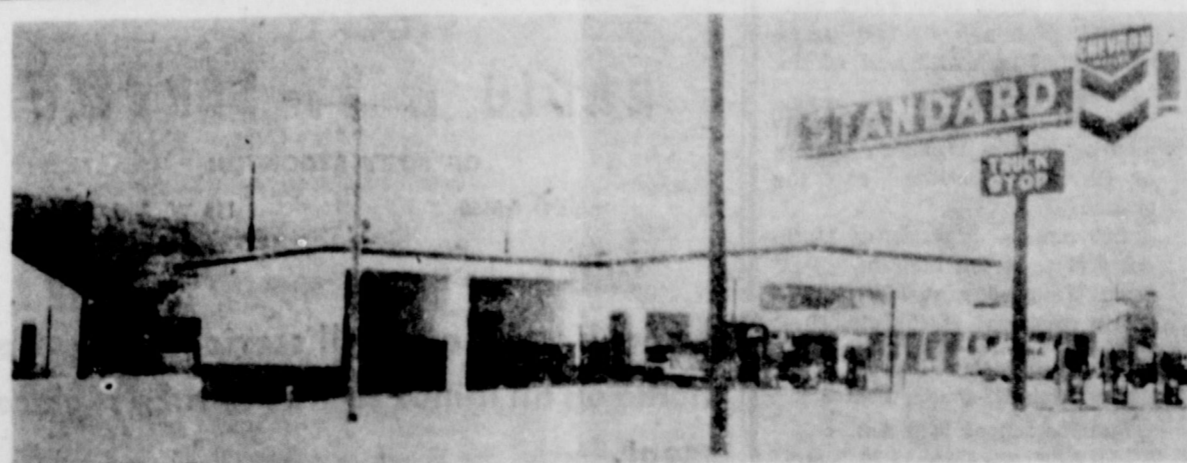

Wednesday at the school a panel of students will discuss: "Teenage Values and Morals".

Thursday the members will take part in the local cancer fund drive.

FHA members are home economics students in junior and senior schools. They work toward the over-all goal of helping individuals improve personal, family, and community living.

A national program of work guides the activities of the individual members and chapters. Projects on the year's programs are: (1) you and your values, (2) focus on family friendship, (3) marriage calls for preparation, (4) stay in school, (5) action for citizenship.

Mrs. J. D. McDaniel is sponsor of the organization and officers are: Elizabeth Felts, president; Arabella Lopez, vice president; Carla Dunn, secretary; Catarina Picaso, treasurer; Pixie Mansfield, 2nd vice president; Lupe Mendez, 3rd vice president; Jannie Sanchez, 4th vice president; LaJuana McDonald, 5th vice president; Lupe Bustos, historian.

Above is pictured the service station opened on Wednesday of this week under the ownership and management of F. M. Weigand. The business is known as Frank's Chevron Truck Stop. The station is on the corner of Oak St. and Second Street just east of the old Loma Alta station site. The area from Harvey's cafe east to the corner and as far back as the property line is concreted to give ample driving area for both cars and trucks. An area south of the building is equipped and arranged for the servicing of large trucks and the front part of the station is for smaller vehicles. At a formal opening Wednesday coffee and doughnuts were served all day to visitors. Weigand is the local Standard Products consignee.

State Capitol NEWS

By Vern Sanford  
Texas Press Association

Top finance officials of the state now feel reasonably sure the next fiscal year for Texas governmental operations will dawn with an unfamiliar general revenue surplus on hand.

Texas' hard-pressed general fund has been in almost constant deficit for more than six years. As of March it still was \$36,600,000 in the red.

However, budget-makers are impressed with optimistic U.S. Treasury reports that the income tax is going to boom state and local revenues by putting more money in circulation. (Theory: more money spent, more sales taxes collected.)

"There will be a surplus. The question is how much," commented one veteran finance observer. Ideas on "how much" stretch all the way from a relatively modest \$35,000,000—estimated by the comptroller's office—to upwards of \$90,000,000.

While the feeling is general that the Legislature will begin its budget writing next year with prospects of money on hand, the surplus likely will not be big enough to avert a new tax bill.

Public school teachers are campaigning for a \$450 annual pay raise which would cost the state \$68,000,000 for the next biennium. Texas Commission on Higher Education has endorsed a program which totals \$86,000,000 additional spending for the college and university system for 1965-67.

Other state agencies are continuing to grow and few have known to ask for less money.

The surplus should provide a protective cushion. However governmental finance experts feel that taxpayers won't get by the 1965 legislative session unscathed.

First Texas Travel Ads Booked  
Texas begins its first official advertising of its vacation attractions in national publications on April 5.

Initial ad shows a pretty girl on a Texas beach and boast of Texas fishing, scenery, golfing and horseback riding. It will appear in the spring vacation and travel section of the New York Times. Same ad will run in the Chicago Tribune's travel section on April 12.

Texas Tourist Development Agency plans a number of advertisements in out-of-state newspapers and magazines this spring and summer.

Funds for the travel and tourist promotion, first ever appropriated to the state, were provided by the 58th Legislature.

Calculations on population growth made by University of Texas researchers indicate a fizzle in the population explosion.

YOUNG TEXAN FOR MARCH—Calvin Pawitzky, all-state football tackle at Pasadena High School, has been chosen by the Texas Optimist Clubs to receive the Troy V. Post Award designating him Young Texan of the Month. Versatile Calvin is also a prize-winning portrait painter and all-around tenor in the church choir. President of the senior class, he is also an honor student. Calvin is very active in South Main Baptist Church. The Pasadena youth will compete with other monthly winners for one of three valuable scholarships at the Young Texan of the Year banquet in early 1965. He was chosen Young Texan of the Month in competition with nominees throughout the state by a panel of state leaders headed by U.S. Supreme Court Justice Tom C. Clark.

They estimate that Texas experienced a yearly gain in population of 18 per cent between April 1, 1960 and April 1, 1963 which would amount to quite a slow-down from the 2.2 per cent annual gain during the 10 years from 1950 to 1960.

Even more significant, the researchers noted, was an evident brake in the population increase in Texas' 21 major cities. Where they gained 3.5 per cent a year from 1950 to 1960, they gained only 2.2 per cent a year in the three years prior to April 1, 1963.

Retail Sales  
February, usually a bright spot after drab January receipts, indicated a four per cent drop in retail sales, reports University of Texas Bureau of Business Research.

But the Bureau had good news for merchants. It reported that retail sales in February topped those of February 1963, by four per cent. So the state's accelerated economy continues the upward climb of the past three years.

Vocational School  
Although the State Board of Education has recommended that the Southwestern Vocational Educational School authorized last year by the U.S. Congress be located at the inactive Camp Gary Air Force Base at San Marcos several other Texas cities are making a bid for the \$4,200,000 program.

The City of Marshall has developed a presentation for the U.S. Commissioner of Education and some Valley groups also are making a try. They are all hoping to nab the school for Texas but are competing with neighboring states.

Faster Cars For Game Wardens  
State Parks and Wildlife Department is replacing some six-cylinder cars used by game wardens with modern motor mounts called "police specials".

Department executive director Weldon Watson, said the new V8s are faster and "will help to overcome a serious handicap to our warden force."

1964 RATES FOR ESTIMATING TAX  
New rates and provisions for estimating tax under the Revenue Act of 1964 were announced today by the Internal Revenue Service. These rates are for use in estimating tax for 1964, and are NOT to be used in completing tax returns which are due April 15.

Below are Schedules I and II of Form 1040-ES (Supplement) which show the new estimating rates. The complete Supplement is available at all IRS offices, and at most post offices.

Schedule I. SINGLE TAXPAYERS NOT QUALIFYING FOR RATES IN SCHEDULES II AND III, AND MARRIED PERSONS FILING SEPARATE RETURNS. Table with columns for tax amounts and percentages.

Schedule II. MARRIED TAXPAYERS FILING JOINT RETURNS AND CERTAIN WIDOWS AND WIDOWERS. Table with columns for tax amounts and percentages.

Generally, a taxpayer must file an estimated tax return, Form 1040-ES, if his total estimated tax exceeds withholding from wages by \$40 or more, or if he expects to receive more than \$200 from other sources not subject to withholding.

Mrs. C. P. Peavy was a week-end visitor in Balmorhea with her daughters, Mrs. Thurmat White and Mrs. Elliott Mendenhall Jr., of Abilene, and their families.

EXPLAINS WEST TEXAS BOY'S RANCH WORK  
Railroad Commissioner Jim C. Langdon, right, tells Attorney General Waggoner Carr about the West Texas Boy's Ranch (near San Angelo) program. Because of his interest in juvenile problems and how they can be solved, Carr is enthusiastic about the program. As a reward for his interest, Judge Langdon, who is a ranch director, gives him two tickets to the ranch's annual rodeo on Saturday, May 23. Carr plans to attend.

### Mrs. M. W. Duncan Entertains Club For Duplicate Bridge

The Easter motif was noted in the decorations on the table when Mrs. M. W. Duncan was hostess last Thursday afternoon to the Duplicate Bridge Club. She served blanc mange with chocolate sauce, also tea and coffee.

In the cards games, high score was held by three players. Mesdames Perry Martin, Roger Rose and H. E. Ezelle, each with eight points.

Also present were Mesdames S. H. Underwood, H. E. Fletcher, H. L. Richardson, and A. C. Garner

### Easter Motif Used At Bonhomie Club

Eleven members and one guest attended the meeting of the Bonhomie Club Wednesday afternoon in the home of Mrs. E. F. Pierson. The Easter motif was noted in the decorations and each guest received an Easter egg.

Refreshments consisting of cherry-nut and strawberry ice-box pies, tea, and coffee were served after an afternoon devoted to sewing and fancywork.

Those present were Mesdames C. I. White, Ray Caldwell, J. Garner, Marion Batson, J. W. Caruthers Jr., O. J. Cresswell, L. R. Hall, C. F. Cox, F. G. Grigsby, H. P. Boyd, and J. C. Halbert, a guest.

### Thompsons Have Homecoming

On Easter Sunday, all of the children of Mr. and Mrs. Sam D. Thompson, former residents gathered at their home in Yoakum for a homecoming.

Those present were Mr. and Mrs. H. L. Thompson, San Antonio; Mr. and Mrs. G. J. Thompson and children, Ella Fay, and Sammy, Yoakum; Mr. and Mrs. Sam D. Thompson and children, Cavell, Jean, Wayne, and Jane, Richmond; Josiah Thompson and sons, Bruce and Gary, of Eagle Pass; Mr. and Mrs. Ray Thompson and sons, Leslie and Lloyd, San Angelo; Mr. and Mrs. Gene Thompson and children, Vernon and Raylene, Sanderson; U.S. Marine Capt. David F. Thompson and wife and children, Vicki, Virgil, and Victor, Camp Pendleton, Calif.; Mr. and Mrs. J. D. Thompson and daughter, Cindy Lou of San Antonio; Mr. and Mrs. James Johnson and daughters, Joyce and Jerrilee, San Antonio.

Miss Terry Hodgkins, A&I student, visited in Houston with a girl friend during the Easter holidays. She spent the previous week-end here with her parents Mr. and Mrs. J. R. Hodgkins, and family.

### Ranch M-D Club To Meet Tuesday Morning

The Ranch Home Demonstration Club will meet Tuesday morning in the Legion Hall with members requested to bring sandwiches.

Mmes. Jack Hardgrave, H. E. Ezelle, and Lee Dudley will serve as hostesses.

In the afternoon, Mrs. Paul Hatem will show colored slides "Come Catch A Rainbow" emphasizing attractive methods of serving food.

### Personals . . . .

Mr. and Mrs. Bob Wilkinson and family made a business trip to Sanderson last weekend and visited his parents, Judge and Mrs. R. S. Wilkinson.

A. H. Zuberbueller is in an Alpine hospital for medical treatment. Mrs. Zuberbueller has been with him.

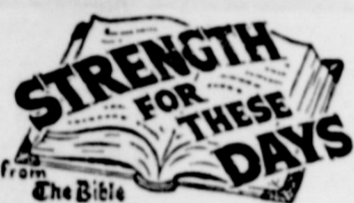

Pablo and Eddie Ochoa have returned home from a Fort Stockton hospital where they received medical treatment for several weeks. Their brother, Longino Ochoa, and his wife of Houston and their sister, Mrs. Luisa Ochoa, visited here. Mrs. Luisa Ochoa remaining for a longer visit.

Work was begun Monday on the addition of another bedroom and bath to the home of Mr. and Mrs. H. E. Ezelle.

### COOKS RINGS AROUND THE REST!

Utensils stay bright and new-looking

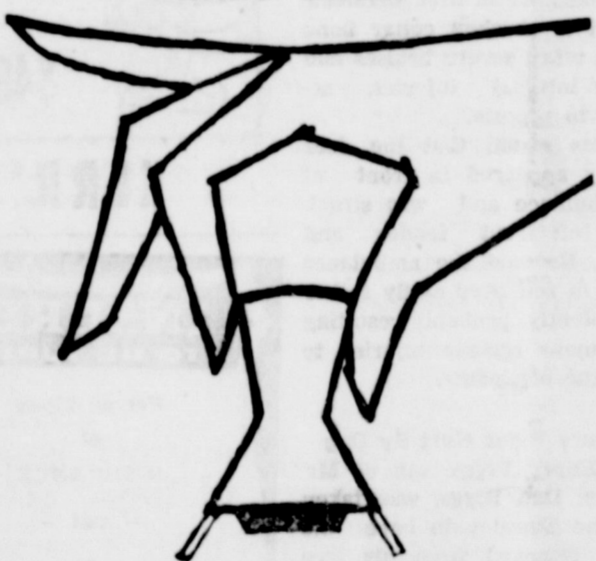

with CLEAN electric cooking

Since an electric range cooks without flame, all your pots and pans stay cleaner. So does the range — and your kitchen walls and curtains — which is pretty wonderful when it comes time to do dishes or clean house. Cuts down on scrubbing and scouring. Another nice thing about electric cooking is that it's degrees cooler in summer. No flow of air through the oven is needed for combustion. See the new electric ranges at your dealer's soon. Get details on the liberal wiring allowance for CPS customers.

### PERMA-STAMP HAND STAMP

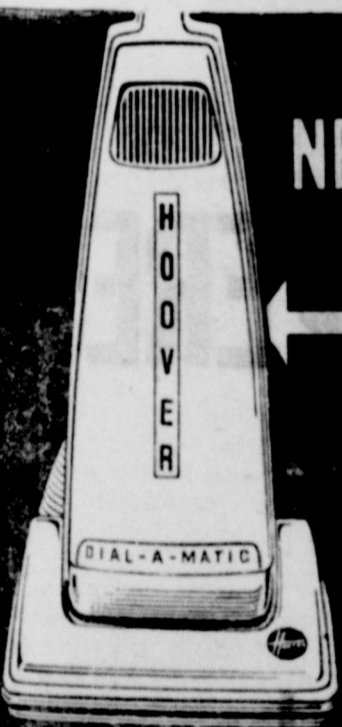

Delivers 25,000 Perfect Impressions WITHOUT INKING

PERMA-STAMP never needs an ink pad! And PERMA-STAMP can't leak . . . or dry out. Impressions are always perfect — never over-inked, never under-inked. PERMA-STAMP accurately reproduces fine line cuts, small type faces, logotypes — even photographs. Perfect for banks, offices, shipping rooms and other industrial use . . . as well as endorsement, signature, name and address stamps and other personal applications. For surprisingly little cost we will make a PERMA-STAMP to your specifications . . . or you may choose from the many stock wording stamps we carry. PERMA-STAMP Hand Stamps also are available with conventional holders as knob handle stamps, moulding stamps, peg stamps, pencil cap stamps, flexible handle stamps and rocker mount stamps.

water to town from the McCue well to the north of town. Our humanness prevents us from knowing what will be happening in the fall, but we would not be human if we did not prepare ahead a little bit.

Saturday is the day for the election of three school board members, and this fact should warrant some of our closest attention to the issues at hand.

Chances are real good that if there were no differences of opinion, there would be no opposition in the race, since there is no money involved. And the differences are the things that the voters should be concerned with.

The popularity of one man in comparison with another has no place in the considerations - in our opinion, rather, what can and would each do for the betterment of our schools.

As we have seen recently a difference exists as to how the schools could be bettered.

One of the most important aspects of the election, as we see it - is that the people voice their opinions at the polls and do not stay at home hoping that the vote will turn out right for all concerned.

**GO OUT AND VOTE -**

E. E. HARKINS JR.  
SANTIAGO FLORES  
GENE THOMPSON  
ALBERT WEIGAND

**Cancer Crusade Gets Under Way**

The annual American Cancer Society Crusade to save more lives through research, education, and service, was launched in Sanderson Thursday. Mrs. Web Townsend is chairman of the crusade.

A coffee was held at the Oasis Restaurant Thursday morning for all of the Crusaders who will be working with the drive.

Mrs. L. W. Welch and Mrs. Olivia Salinas are chairmen of the door-to-door canvassers; Mrs. K. H. Stutes, educational chairman; Mrs. C. P. Peavy, treasurer and memorials chairman; Mrs. P. G. Harris, chairman of the Crusade in the business district.

Mrs. Townsend listed the primary objectives of the April drive. "Through our educational message we expect to save lives from cancer today," she said "and through our fund-raising appeal we expect to save lives tomorrow."

The Crusade's educational message urges everyone to have an annual health checkup by a physician and to learn the several danger signals that may mean cancer. The fund appeal provides support for research, education, and service programs.

The chairman said she was confident that all of Sanderson will respond to the Crusade, and will give a neighborly reception to the volunteers who will call with life-saving literature." She said that knowledge of the facts contained in the Crusade literature "may help save a life in your family. A generous contribution would help save other lives now as well as in the future.

"One cancer patient in three is saved today," she said, "but we have the medical know-how to save one in two today - without making a single new research discovery. The difference in needless cancer deaths - amounting to more than 90,000 persons each year - can be made up if we persuade people to get to their doctors in time for prompt and proper treatment. This is why the life-saving educational phase of the Crusade is so important."

In addition, she said, "Half of all patients and potential patients must rely on new research breakthroughs for hope against the disease." She pointed out that some forms of cancer, notably leukemia, are still incurable, although "life-extending progress has been made in these areas, too. "To support and expand the Society's research program is a key objective of the Crusade's fund appeal," she said "I hope that each family in this community will open its door and its heart and make the kind of donation required by the urgency of the cancer problem when a volunteer rings your bell." Mrs. Townsend concluded

**Brick Veneer Added To Caroline Home**

**Ballots For Primary To Be Ready Soon**

Ballots for the Democratic Primary will be ready when absentee voting begins April 12. County Democratic Chairman Carlos Dunn stated that the executive committee of the county met Monday night and drew for positions on the ballot which is now in the process of being prepared.

In district and lower offices the candidates on the ballots will be as follows:

For U.S. Congressman, 16th Congressional District of Texas: Malcolm McGregor, Richard C (Dick) White, Betty Dooley.

For State Senator, 25th District: Dorsey B. Hardeman, Juanita Camfield.

Representative of the 71st Legislative District of Texas: Roger H. Thurmond Jr.

Judge of the 63rd Judicial District of Texas: Roger Thurmond District Attorney, 63rd Judicial District: Douglas A. Newton For Sheriff, tax assessor-collector, Bill C. Cooksey.

County Attorney: J. M. Hayre Justice of Peace, Pct. 1, J. A. Gilbreath, Lewis Lemons.

County Commissioner, Pct. 1 F. M. Weigand, Wilton H. Dishman.

Constable, Pct. 1: George Gann.

County Chairman, Democratic Party: Carlos Dunn.

Precinct Chairman, Democratic Party: Bess Ezelle.

Dunn stated that write-in lines would be listed on ballots in the other three precincts for the office of Precinct Democratic Chairmen, since no one had filed for the office in either of the other three precincts.

The county executive committee, made up of the county chairman and the four precinct chairmen, now consists of Dunn, Mrs. H. E. Ezelle, Dan Riggs, David Mitchell, and Monte Goode, who held that office in precinct four prior to his moving from the county.

**Ambulance Hits Deer, Overturns**

The Terrell County ambulance hit a deer early Monday morning en route to Fort Stockton and overturned causing extensive damages. Joe Fuentes, driver of the ambulance, received only minor scratches and bruises as a result of the accident.

Armando Ponce and Jesus Lomas, who were being taken to a Fort Stockton hospital following an accident, were believed to be further injured as a result of the ambulance turning over.

In the accident in which Ponce and Lomas were first involved one had a broken collar bone and the other severe bruises and possible internal injuries, according to reports.

Fuentes stated that the deer suddenly appeared in front of the ambulance and was struck by the left front fender and bumper. He said the ambulance seemed to roll over easily rather than violently, probably resulting in no more serious injuries to any of the occupants.

**Dan Henry Riggs Hurt By Dog**

Dan Henry Riggs, son of Mr. and Mrs. Dan Riggs, was taken to Alpine Tuesday to have the stitches removed from his face where he was scratched by a dog. The little boy was playing with his pet last Wednesday when he was clawed.

**Easter Visitors Flock To Park**

The Easter holidays brought many visitors into Big Bend National Park as favorable weather conditions cooperated with ideal temperatures. More than 4,360 people entered the park during this long weekend, Superintendent Perry E. Brown reported.

This year's visitation to the park established a new record for the 3-day period surpassing by 11 per cent the figure for the same period in 1963. Since the average length of stay for the visitor to the park is more than two days, there were 715 visitors accommodated during the three nights in cabins and 400 people camped at various campsites. 170 people utilized various back country wilderness camping areas, and 17 parties totaling 56 people made boat trips on the river. The continued development of additional campgrounds and other facilities under the National Park Service MISSION 66 program provides for the use of the park by a greater number of visitors each year. These new developments are designed to make visitors' stay in the park more enjoyable year after year.

A campfire program outlining the history of the Big Bend country was presented in the Basin campfire circle and was attended by 200 visitors.

The roadside was ablaze with color as bluebonnets and dalea reached their blooming peak this weekend. At the lower elevations spanish dagger, yucca, and ocotillo, creosotebush, and a few of the cacti were blooming profusely.

**SS Law Changes May Affect You**

The amount of work needed to get social security payments has been changed twice in recent years, according to H. P. Thomas, district manager for social security in Odessa. So, if you are over 65 and have not checked your social security in the past two years, get in touch with your social security director today. Find out if you are now able to get payments. If, in the past, you were told that you could not get social security payments because you had not worked long enough, check again - you might now be able to get monthly payments.

The social security office in Odessa is located at 1428 East 8th and the telephone number is FE 2-9423.

Mr. and Mrs. H. A. Smith have returned home after spending the past four months in San Antonio.

Mr. and Mrs. T. L. Richardson and children visited relatives in Brownwood and Comanche, returning home Monday. His mother, Mrs. Elmer Richardson, of Comanche accompanied them to Sanderson and they toured the Sonora Caverns en route home. Their son-in-law and daughter Mr. and Mrs. Richard Thompson of Austin joined them in Comanche for a visit Sunday.

Mr. and Mrs. Jack Laughlin were in Arizona for several days last week on a vacation.
