52 Enter City Golf Tourney

While on our recent trip to Houston we were once again made to realize (or perhaps for the first time, fully) what a sprawling and diversified state we have.

On our way to Galveston where we spent a short time, we passed League City. This may not be a familiar-sounding city for Frionans, but its high school, Clear Creek, should ring a bell.

It was Clear Creek that the Friona Squaws faced last March in the finals of the girls state basketball tournament, and beat 45-40 for Friona's first state championship in a team sport.

We bring this up not so much as to say that we say the League City "city limits" sign as to point up the vastness of Texas. That city is only five miles off the Gulf Coast of Texas, while Friona is almost 700 miles from the Texas Gulf.

Here, then, last March were teams representing two Texas cities, almost 700 miles apart, with practically the only thing in common being each had a good girls basketball team. (Oh, yes, and both were in Texas.)

That was a thought that presented itself to ourselves in some of our encounters with people from downstate. We found in many cases that many of the newspapers from other parts of the state have very little in common with us.

For instance, the Houston area is an industrial area. The eastern and southeastern sections are interested in trees and lumber. The coastal region is a shipping, boating and fishing area.

Few of these people know what its like to be in the heart of an agricultural area such as we are.

All of this brings to mind something I have often thought about, Texas, you know, entered the Union with the right of dividing up (if it ever chose to) into as many as five separate states.

We don't think we're being a disloyal Texas by any means by suggesting that this would be a good thing, and especially for West Texans.

As we have pointed out, various sections of our state are as different as daylight and dark. All have their particular interests—most sections depend for their livelihood upon entirely different circumstances.

By dividing up into smaller states, we in West Texas would automatically get better representation, since the political area would be much smaller. For instance, rather than having our capital 500 miles away in Austin, we might have a capital in say Lubbock, Amarillo or Plainview. None of these would be as far as 100 miles from Friona.

With one of these cities as a state capital, and more state representatives, legislation would naturally be more meaningful, since "our" entire state would have agriculture as its prime support.

Other "state capitals" could then be established at such places as El Paso, Houston, Austin, Fort Worth, Dallas, etc.

Houston truly is an industrial center. We had known of this fact for many years, but had not realized just how industrialized it is until our recent trip. The Houston skyline is almost as impressive as such cities as Chicago, the mid-west metropolis.

Many national firms are locating in Houston. It has all the transportation advantages, plus plenty of room (which many Eastern cities are short on), and many other decided advantages. Only disadvantage as I see it is the humidity, but this always seems to go with a large metropolitan city.

Houston has at least one local tie-in with Friona, in that its mayor, Louie Welch, is the son of Friona's Nora Welch. Welch gave the official welcome to our Texas Press Association, and made a very good impression in his welcome address.

A total of 52 names have been entered in the third annual Friona City Tournament which is now underway at Friona Country Club. This is more than a 100 per cent increase over the 24 golfers who competed last year.

There are six flights in the tournament this year, compared to four a year ago. There are 12 golfers in the championship flight, eight in the first flight, eight in the second, eight in the third, eight in the fourth and eight in the fifth.

Vernon Scott, defending champion, now of Farwell, meets H. K. (Pudge) Kendrick in the first round of play. Rev. W. G. (Bill) Burton, winner of the first flight last year, has been paired against Dean Bingham in the first round.

The tournament will run through July 12. Match play will be used throughout the tourney. Players paired against each other are held responsible on arranging a time to play off the match, as no times have been set.

"We encourage everyone to get their first round match played as soon as possible, so that the pairings for succeeding rounds may be drawn," said Wayne Wash, Friona Country Club pro.

Scott, who held the course record for nine holes while a resident here, defeated John Renner in the championship finals last year, 1-up in 20 holes, having to sink a long (43-foot) birdie putt. Renner won the first City Tournament in 1962.

The pairings are as follows:
CHAMPIONSHIP FLIGHT
Vernon Scott vs Pudge Kendrick; Lloyd Mings vs Woody Fleming; Dave Carson vs Preach Edelman; Wright Williams vs Dwight Whitaker; John Renner vs Ray Owen; Wayne Stark vs Joe Owen.

FIRST FLIGHT
Jay Claborn vs Elmer Hargrove; Bill Burton vs Dean Bingham; Marty Martinez vs Glen Mings; Bedford Caldwell vs Van Nichols.

SECOND FLIGHT
Jay Beene vs Paul Hall; Billy Burton vs Truitt Johnson; Jake Outland vs Kenneth Neill; Raymond Cook vs Cotton Renner.

THIRD FLIGHT
Bert Shackelford vs Gary Shackelford; G. L. Mings vs Ralph Roden; Bill McGlothlin vs T. A. Sherry; Claude Spears vs H. J. Charles.

FOURTH FLIGHT
Tom Jarboe vs Lee Renner; Hollis Horton vs O. S. Lange; Bill Beene vs Ralph Shirley; Bob Owen vs John Bingham.

FIFTH FLIGHT
C. W. Tamahill vs Wade Wright; Allen Stewart vs O. J. Beene; L. D. Taylor vs J. B. Buske; Jack Tomlin vs James Brown.

Holiday Fete

The annual Fourth of July celebration will be held in Muleshoe Saturday, featuring a talent contest at the football field beginning at 7 p.m. This is to be followed by a giant fireworks display.

Families are invited to come out early, bring a picnic supper to the football field, and enjoy musical entertainment preceding the contest.

THE
FRIONA

STAR

VOLUME 42, NUMBER 40

18 PAGES

FRIONA FIRST . . . Charles Allen, Dean Shilling and George Taylor hold a sign proclaiming a "first" for the city of Friona. The trio this week announced that a Spudnut factory will be built in Friona, to serve Spudnut retail dealers in a 72-county

area. Shilling, a Clovis Spudnut dealer at present, will serve as factory manager. Taylor Construction Company will build the building.

FIRST HALF OF '64

Friona Construction Is Over \$1 1/2 Million Mark

Friona appears headed for its third straight all-time building record in 1964, according to mid-year figures released this week by City Manager Arley L. (Jake) Outland.

As of June 30, the city office had issued 38 building permits for construction valued at an estimated \$573,734. If the rest of the year progresses as it did last year, a building figure of over a million dollars in one year may be reached for the first time officially in Friona.

(The above figure does not include the proposed Spudnut factory announced for Friona this week, as the building permit had not been applied for as of June 30.)

With six months remaining in the calendar year of 1964, the mid-year figure is just \$299,741 short of last year's

total, which was an all-time record.

Of last year's record total of \$873,475 in construction, a total of \$558,475 of this came during the second half of the year. Thus, the building total for Friona in the past 12 months stands at \$1,132,209.

Anything approaching the total for the second half of 1964 would put the city over the million mark in construction for the calendar year. Last year, four of the top six months came in the second half of the year.

The 1964 building total already is more than that for the entire year of 1961, which rounded out at \$420,350 worth of construction. It also beats yearly totals for 1958 and 1959, and represents the highest mid-year figure since building per-

mit records have been kept in Friona.

The \$573,734 figure is an 82 per cent increase over the total for the first six months of 1963. That figure was \$315,000 or \$258,734 less than the first six months of this year.

Bulk of the construction started during the first half of 1964 consisted of new homes.

Eighteen permits were issued, for a total of \$432,200.

During the first half of 1963 eighteen permits were also issued although the total construction worth was estimated at \$271,150, or \$161,050 less than this year's figure.

In addition to the residential permits, two permits were is-

(Continued on page 12)

WESTERN AUTO

Grand Opening Is Today, Tomorrow

Friona's Western Auto Store is holding its grand opening through Friday. The store has been in its new location on Sixth Street next door to the Friona Star for the past couple of weeks.

The grand opening began yesterday, and will run today and tomorrow. The store will be closed Saturday, July 4, then will be open for "Dollar Day" values on Monday.

Mr. and Mrs. Ben McDonald and Jim Lancaster invite their friends to come in and visit their new store. Free coffee and Spudnuts will be served during the grand opening sale. Customers are invited to register for a Trutons coffee table-stereo set while at the grand opening. The stereo set is complete with four speakers. Those who register do not have to be present to win.

The new building is 50 by 70 feet. It was built by Taylor Construction Company of Friona. Some 1,000 square feet of the 3500 total in the building comprise the garage-storage room in the back. A parking area to the east

Plant To Serve 72-County Area

By Bill Ellis

A major "first" for the city of Friona was announced this week.

A Spudnut factory, which will serve as a central warehouse and supply center for 72 counties in a four-state area, is to be built in Friona.

It is a "first" from several respects. The enterprise will be the first of a

Monday Is Dollar Day In Friona

Monday is once again Dollar Day in Friona, and many Friona merchants are offering Dollar Day specials on that day.

Since Saturday is a holiday, most Friona stores will be closed, and invite their customers to shop Monday's Dollar Day values.

Those participating in Dollar Day, with advertisements in this week's Star, include: Hurst Department Store, Lu-Nora's, Bi-Wize Drug, Western Auto Store, Dorothy's Beauty Shop, Claborn Floral, Panciers Tire, Piggly Wiggly Super Market, M-Caslin Lumber, Harry's Supermarket, Houser Grocery, Johnson's Grocery, Reeve Chevrolet, White's Super Market, Ben Franklin Store and Foster Department Store.

Shoppers are urged to check with these merchants for Dollar Day values. Their advertisements are marked with the Friona "Dollar Scholar" (see below). Many of them have signs which proclaim "participating merchant," either on their doors or windows or throughout the store.

Contract Given By Hospital

Parmer County Community Hospital's board of directors met Tuesday night and awarded a contract for construction of a 10-room addition to the hospital. The bid was awarded to Taylor Construction Company of Friona, at \$104,000.

Taylor was low bidder in the previous bid-letting, which the hospital decided to decline. It is expected that construction will get underway in the near future for the needed addition.

Contributions are still being accepted by the Hospital Fund Drive. Approximately \$55,000 more is needed to finance the construction.

manufacturing standpoint for Friona. In addition, it will be the first factory of its kind located in the state of Texas.

Taylor Construction Company of Friona will build the new factory. George Taylor, contractor, will also serve as a partner in the business. Others with an interest in the company are Charles Allen and Dean Shilling of Clovis.

Taylor explained that the factory would employ 20 people when working full capacity, and would be in production 24 hours a day (three eight-hour shifts). Shilling, who has operated a Spudnut shop in Clovis, will manage the factory.

The Friona factory will be known as the "Golden Spread Spudnut Corporation." It is one of only 14 or 15 in the entire United States.

Friona's first industrial business will be located in the 900 block of Main Street, north of Piggly Wiggly Supermarket. Ground has been cleared, and construction is to begin immediately. Taylor says that the factory will be in operation by September 1.

"Flash frozen" Spudnuts will be produced in Friona for retailers in an area reaching to Liberal, Kansas, on the north, Albuquerque, N. M., on the west and Midland to the south.

The Friona industry is getting in on the "ground floor" of a newly-developed concept of producing Spudnuts. The factory will produce raw, frozen Spudnuts. Retail stores will then fry and glaze the Spudnuts as they take them from stock. It will take a retail Spudnut dealer only eight minutes to make a fresh batch of Spudnuts, instead of three hours as previously.

The Friona factory will be the most modern electronically-controlled factory of its kind in the United States. None of the ingredients are ever touched, but are all handled by machinery that is kept immaculately clean.

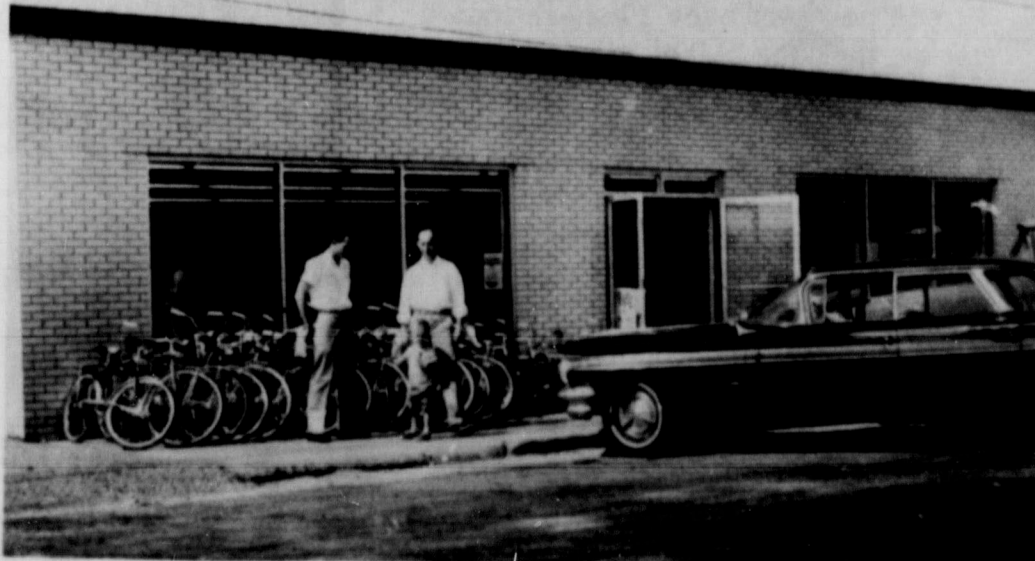

The nearest Spudnut factory to Friona will be located in Denver, which also is building a central warehouse similar to the local one.

A fleet "freezer" of delivery trucks will be maintained by the local business when it begins operation, to supply Spudnuts to retail dealers throughout the four-state area.

The Friona corporation has territorial rights to any other factory to be located in Texas, and is making plans of expansion nature even before the local factory is built.

A retail store will be maintained in Friona in conjunction with the factory. The retail store Shilling operated in Clovis was eighth in the nation from sales standpoint in 1963.

The new building, which will face the west on Main Street, will be of masonry construction with a pre-stressed concrete roof. The interior will be painted with a special paint to conform with Federal, state (Continued on page 12)

GRAND OPENING . . . Friona's Western Auto Store, located on Sixth Street just off Main, is holding its Grand Opening. The festivities started yesterday, and are continuing today and tomorrow. Ben McDonald and Glen Mayben are shown in front of the store, along with Mark McDonald.

Current Comments From . . .

HEREFORD . . .

Farmers who burn stubble have failed to realize the long term benefits obtained from returning these residue to the soil. Residues returned to the soil will give important benefits of increased moisture and fertility holding capacity, reduced soil and water loss, more organic material, and better soil condition. Mother Nature simply will not keep giving from the land unless something is given in return.

Burning crop residues violates every principle of nature and soil and water conservation. After burning, surface crushing occurs which seals off the top layer of soil and restricts water penetration from rainfall and irrigation. Soils dry out faster following burning because organic material has not been returned. Micro-organisms are destroyed by the intense heat as well as pheasant and other wildlife.

THE SUNDAY BRAND

PERRYTON . . .

(Harold Hudson is writing his column from New York these days. We thought you'd like some of his comments about the World's Fair.)

The Texas pavillion is over in the amusement part of the fair grounds, and consists of a place to eat and a musical show. The Texas part of the fair reminds you a lot of Six Flags and that perhaps should be expected because the same guy has charge of both -- Toddie Lee Wynne of Dallas. The Texas concession stands are operated by college kids from Texas and the girls are right cute. We suspect these were recruited from the experienced help at Six Flags.

In fact, most of the help around this World's Fair appears to be college students, and their clean, wholesome look and courteous manner add a lot to the general freshness and appeal of the fair.

The area that is doing the poorest is the amusement area. Some of these places are closing down or threatening to because of lack of patronage. Seems that the builders of the fair miscalculated or misjudged the taste of the American people these days because they don't care for amusement of this type as much as they used to.

Maybe people are more intellectual or a different kind of person is attending the fair these days, but the biggest play is going to the educational exhibits. We had thought there would be a surplus of souvenir hawkers and carnival type tents selling all sorts of junk, but this sort of thing is at a minimum. You get the impression of high class construction, expensive attractions, clean, colorful exhibits that have something worth while to offer.

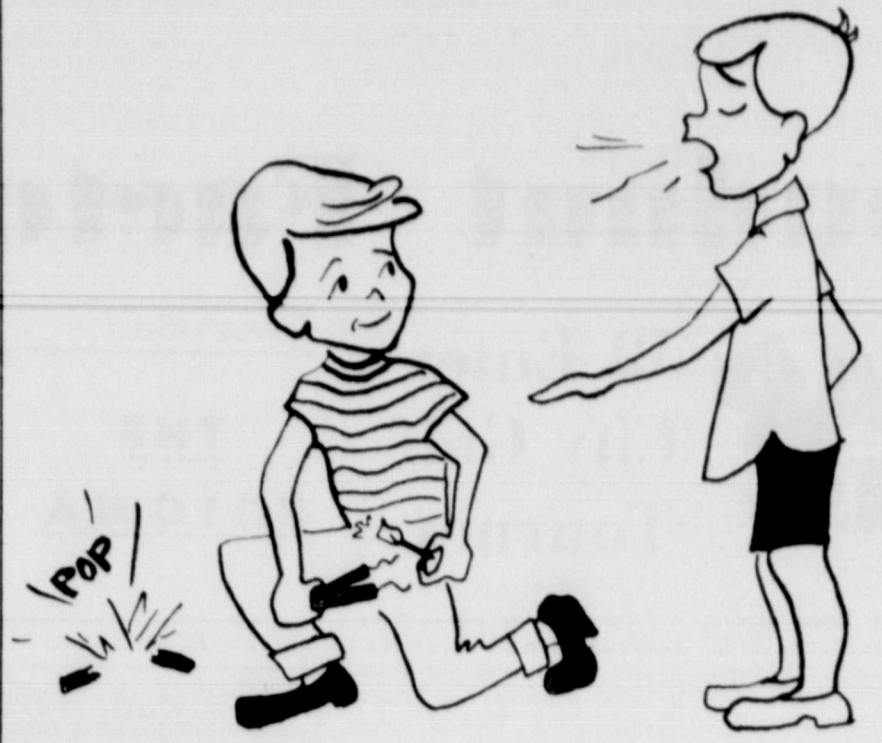

THE SUNDAY HERALD

SPEARMAN . . .

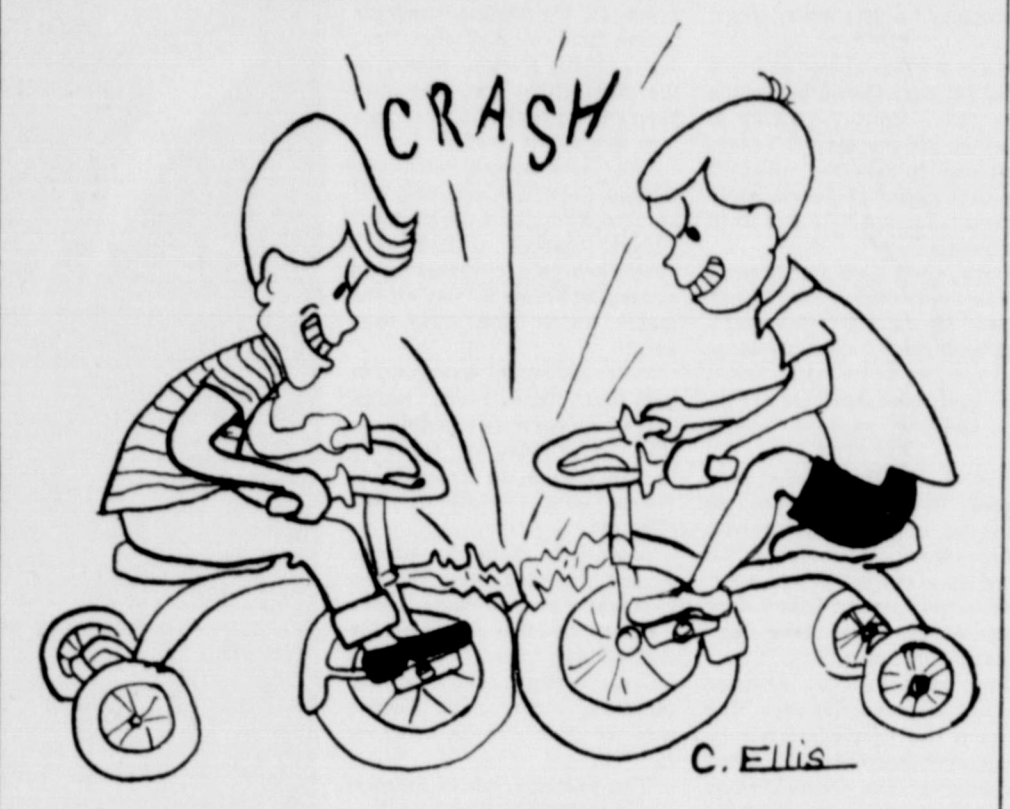

Mark Twain, in his reporting days, was instructed by an editor never to state anything as fact that he could not verify from personal knowledge. Sent out to cover an important social event soon afterward, he turned in the following:

"A woman giving the name of Mrs. James Jones, who is reported to be one of the society leaders of the city, is said to have given what purported to be a party yesterday to a number of alleged ladies. The hostess claims to be the wife of a reputed attorney."

THE HANSFORD PLAINSMAN

FREE BICYCLES

Star Offers Prizes In Subscription Drive

The Friona Star, in conjunction with Western Auto, is offering a free bicycle to the first 10 persons selling 12 new subscriptions to the newspaper, the Star's circulation manager, Pete Mace, announced this week.

While the promotion is geared toward the young set, anyone who brings in 12 new subscriptions is eligible to win a bicycle, Mace points out.

He emphasized that the subscribers must all be "new" (no renewals will be accepted on the bicycle promotion).

Western Auto Store in Friona is cooperating with the Star in the promotion, and is supplying the bicycles for the contest. The bicycles awarded will be "Western Flyer" models, available in either boy's or

girl's styles, size of the winner's choice.

Those interested in entering the contest should report to Mace at the Friona Star office immediately for details and to secure subscription data.

Subscriptions to the Star are \$4 for local residents, and \$5 for those living outside the area.

Enrollment Set For Swim Class

A second phase of swimming classes will begin at Friona Dive-Inn Swimming Pool on Monday, July 6, Baker Duggins, instructor of the classes, will enroll students Friday at 9 a.m. at the swimming pool.

Courses will be offered for beginners, advanced beginners, and senior swimmers, as well as senior lifesaving.

A total of 55 beginners and advanced beginners have completed the first phase of the summer program.

AN EDITORIAL

DPS Urges Caution In Holiday Travel

While the drivers of Texas are making plans for 4th of July trips, the Texas Department of Public Safety is getting ready for "Operation Motorcide," a three day vigil of tabulating all traffic deaths in the State. Major Harry Hutchison, Regional Commander of this area for the D.P.S., reported today the State is approaching the mid-point in the year amid definite indications that traffic deaths will hit an all time high again in 1964.

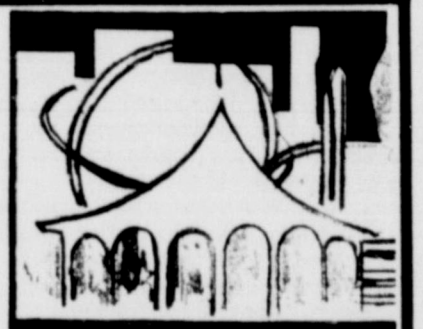

"If we continue to take lives at the present rate, 1964 will become the most deadly year in Texas history for traffic fatalities," he said. "Motorcides" at this time are over 150 more than at the same time last year, and considering the trend of increased accidents and casualties, we have every reason to expect that traffic deaths will exceed the previous all time high in Texas of 2,729 in 1963.

"Only 271 more deaths in 1964 than in 1963 will make a total of 3,000 lives lost on our streets and highways in one year, an increase for the year of ten per cent over 1963." Deaths in traffic this year have consistently been in excess of fifteen per cent over 1963, an indication that the 3,000 mark will be surpassed.

Hutchinson said that "Operation Motorcide" will be placed in effect from 12:01 a.m. Friday, July 3rd and continue through 11:59 p.m. Sunday, July 5, 1964. In order to focus attention upon the added dangers of holiday travel when traffic is at a peak and as an integral part of the operation, which calls for maximum enforcement,

additional personnel from other uniformed services of the D.P.S. will augment the regular Highway Patrol force. These patrolmen have been instructed to be extra alert for and direct their enforcement efforts toward those violations that are most often caused factors in traffic accidents. In addition every effort will be made to remove drinking drivers from the highway.

Highlights and Sidelights

AUSTIN -- Traffic accidents will kill 82 persons in Texas over the three-day July 4 weekend, if Texas Department of Public Safety estimates prove correct. DPS Director Homer Garrison Jr. urges Texans to make the July 4 holiday weekend the turning point away from a two-year upward trend in fatal traffic accidents.

Garrison describes the present traffic situation as "critical."

"Operation Motorcade" will be in effect from 12:01 a.m. on July 3 through Sunday, July 5, he announced. "In an effort to focus public attention on added hazards of holiday road traffic and to encourage safety consciousness among drivers."

Additional highway patrolmen from the license and weight and motor vehicle inspection services will supplement the regular patrol staff over the holiday period.

NEW AUTO INSURANCE RATES SET -- Texas automobile owners will pay less for auto insurance beginning August 1.

State Insurance Board and industry spokesman agreed on the new rates, which will average out 1.2 per cent cheaper statewide than last year.

Board estimated motorists will save \$3,000,000 in premiums compared with 1963. However, rates will vary from area to area.

Liability insurance rates reflect a statewide increase of 3.8 per cent, and medical payment coverage will increase about 8.7 per cent. Collision coverage will be reduced .5 per cent.

Overall reduction in rates is due primarily to a 15.5 per cent cut in comprehensive coverage, due to low wind and hail storm damages last year.

LAWMAKER'S FACE TOUGH JOB -- An already "tough" job faced by Texas lawmakers in the 59th Legislature will be complicated even more by "issues of high emotional content," Lt. Gov. Preston Smith feels.

These issues, according to the lieutenant governor, include: proposals to legalize pari-mutual betting on horse races, sale of liquor by the drink in eating establishments, control of oyster shell dredging on the Gulf Coast, an oil and gas "pooling" bill, further controls on water pollution, repeal of the poll tax and another proposed constitutional amendment to guarantee equal rights to women in property and business management.

"The Legislature will need a combination of many virtues if it disposes of all the important and controversial legislation laid before it," Lt. Gov. Smith told approximately 250 mayors and councilmen gathered in the capital city for an institute on municipal problems.

Three major "musts" confront the Legislature next year, Smith said. These include: deciding the future course of higher education, financing education and "other vital state functions," and congressional and legislative redistricting.

Legislators are busy with maps and population tables, trying to see how the new court rules on legislative apportionment affect them. One plan in

CC Stockholders Meeting Set

Friona Country Club will hold its annual stockholder's meeting on Tuesday, July 7, at 8 p. m. at the Club House.

The nominating committee has placed names of the following members on the ballot for the two places to be filled on the board of directors for the ensuing three year term: Deon Awtrey, Ross Ayers, Paul Hall and Lloyd C. Mings.

Directors whose terms will be expiring as of August 31, 1964 are Dr. Paul Spring and W. L. Edelman.

Chairman of the Parmer County Savings Bonds Committee, This brings the year's total to \$35,531, or 50.7 per cent of the 1964 goal.

Bond Sales Hit Half-Way Mark

U.S. Savings Bond sales in Parmer County totaled \$2,062 according to Frank Spring.

RAINFALL, TEMPERATURES

Weather Analysis Given For Past 12 Months

City Manager Arley L. (Jake) Outland this week released a weather analysis for the past 12 months, which showed that the city of Friona received a total of 12.33 inches of rainfall in the official city gauge in the past year.

The month of June turned out to be the banner month for moisture in the past 12 months, with 3.80 inches for a total. Last July was second at 3.16, followed by August with 2.28.

Outside of May's total of 1.07, the rest of the months (eight) failed to register as much as an inch in moisture. Lowest in the

12-month period was a trace in April of this year, and .03 in January.

Outland also compiled temperature averages for the year, which showed the average high temperature to be 71.4 degrees, and the average low to be 41.2 degrees, with a mean average temperature of 56.3 degrees.

The month with the highest average "high" was July, at 92.0 degrees, February was the month with the lowest average "low" reading, at 18.3 degrees. The mean average temperature ranges from 31.2 in February to 78.6 in July.

HIGHLIGHTS--

(Continued from page 3)

general circulation involves the Texas Senate. It envisions slicing up the four big-city counties of Harris, Dallas, Bexar and Tarrant and attaching the slices to present senatorial districts which touch them.

This plan would give all present senators except two a chance for re-election, if they can get the votes in the portions of the big cities assigned them.

EDUCATION STUDY GROUP --Gov. John Connally got a look at tentative recommendations of his Committee on Education Beyond the High School. But disagreements over financial details prevented the report from being a final one.

Committee members will meet again on July 13-14 to finish the job. Chairman H. B. Zachry promised the report will be presented to the Governor and Legislature by the August 31 deadline.

Lawmakers of the 58th Legislature appropriated \$175,000 for the study aimed at pointing the way to number 1 ranking for Texas colleges and universities. Less than half that amount has been spent to date.

INDIAN SETTLEMENT OUT --Cherokee Indians, run out of East Texas in 1839 by a Republic of Texas army, have failed in an attempt to "recapture" claims to lands they were forced to leave.

Atty. Gen. Waggoner Carr gave the "no" sign to a proposed settlement of their claim to 2,500,000 acres of land in Smith, Cherokee, Van Zandt, Gregg and Rusk counties.

Cherokee Indian Nation, through general counsel, Earl Boyd Pierce, several months ago proposed that Governor Connally set up a historical fact-finding commission to re-

view the claims. For each acre of land the commission might find the Indians were unjustly ousted from, Pierce recommended one dollar be allocated by the state to a trust fund for higher education of worthy Cherokees. This money would draw five per cent interest annually, and at the end of 25 years, the Cherokees would return the corpus of the fund to the state, releasing all claims.

Atty. Gen. Carr concluded: the plan of settlement would require an unconstitutional appropriation by the Legislature, therefore neither he nor the Governor is authorized to pursue it.

FUNDS ASKED -- Officials of the Attorney General Department have asked for more funds to prosecute cases involving slant-hole oil wells and Billie Sol Estes.

They reason that judgments already awarded in the suits have brought the state \$577,000, or \$3 for each \$1 spent.

In 1963 the Legislature provided \$82,000 to handle these suits in fiscal 1964 and 1965. Now, the department wants \$100,000 for 1966 and 1967.

HILL - BURTON REQUESTS --Texas cities which have requested a total of \$22,000,000 worth of Hill-Burton funds to finance community hospitals and health centers will have to wait until September for any action from the State Health Department. Even then some of them will be turned down.

Health Department won't decide which among the 39 projects to recommend until congressional action on renewal of the act is complete in September.

Hill-Burton allocation for Texas in past years has run just over \$13,000,000 a year. Health department officials do

not think it will be any more this year.

SHORT SNORTS Parks and Wildlife Department will open bids on July 1 for concession rights on the new Port Lavaca fishing pier.

Program for tracing brucellosis and qualifying for certification by backtagging is picking up, with 8,500 cows and culls backtagged in May plus the testing of 22,166 cattle at livestock markets, but current estimates are that Texas won't qualify for Modified Certified status until 1969 or 1970.

Fourteen cases of undulant fever have been reported to the State Health Department this year, compared to seven cases reported by this time last year.

UT's Bureau of Business Research reports Texas building declined to a new low for 1964 during May, but retail sales rose seven per cent above the year's low in April.

Parks and Wildlife Commission will consider regulations for fishing and hunting in 152 regulatory authority counties on July 10.

Texas Highway Department has appropriated \$1,500,000 for installing safety devices on the highway system during 1964-65.

Young Demos Hold Meeting; Set Another

Parmer County Young Democrats had a called meeting Friday at Hub Community Center.

Joe Bullock, president, presented special guests, Bunkey Stout of Fort Worth and Loyd Lusching and Jerry Rankin, both of Lubbock.

Further plans were made for the Young Democrat booth at the Fair to be held July 15 through 19 in Muleshoe.

Young Democrats plan to distribute literature on the Democrat candidates and sell donkey pens at the Fair.

Next meeting of the Parmer County Young Democrats will be an ice cream supper, Tuesday, July 14, at 8:30 p.m. at the Hub Community Center.

The public is cordially invited, Bullock says.

END OF LINE . . . This 1959 model automobile smashed into a tree just south of Friona on the Muleshoe highway where the road makes a sharp turn. A Hobbs man, George Ellis, was just slightly injured in the crash, which happened shortly before 10

p.m. Saturday night. The man refused medication at Parmer County Community Hospital, although the car was practically a total loss.

AT ANNUAL MEETING

All Directors Are Re-elected By Holly

All directors of Holly Sugar Corporation, one of the nation's major producers of sugar, were re-elected at the annual meeting of stockholders in New York.

Stockholders approved the appointment of the Corporation's independent public accountants, and also approved a By-Law amendment relating to indemnification of directors and officers. Stockholders rejected a proposal by certain stockholders to provide for pre-emptive rights for stockholders.

Following the stockholders' meeting, directors re-elected seven officers of the Corporation.

Directors re-elected are: Edwin F. Blair, New York, partner in the law firm of Hughes, Hubbard, Blair and Reed; Henry C. Breck, New York, partner of J. & W. Seligman & Company; John Evans, Denver, Honorary Chairman of the Board, First National Bank of Denver; B. Barrett Griffith, Colorado Springs, partner of Wood, Walker & Company; Dennis O'Rourke, Colorado Springs; Ben H. Slothower, Salt

Lake City, engineer with Kennecott Copper Corporation; Russell T. Tutt, Colorado Springs, President and Director, El Pomar Investment Company; Walter H. Ziegler, Woodland, California, farm owner and operator.

Officers re-elected are: Merrill E. Shoup, Chairman of the Board; Dennis O'Rourke, President and Chief Executive Officer; C. M. Nicholson, Vice President - Agriculture; Joseph A. Ash, Vice President - Agriculture; Joseph A. Ash, Vice President and Treasurer; E.

E. Corbin, Vice President - Sales; Guy Rorabaugh, Vice President - Operations; John B. Evans, Secretary and General Counsel.

Young People Attend Camp

A group of 18 young people and their sponsors are attending a Youth Camp at the Am- arillo Baptist Assembly, Northwest of Canyon this week. They are from the local First Baptist Church. The sponsors are Mrs. Ralph Taylor and Mrs. Bill Burton and Rev. Bill Burton.

The others attending are: Miss Cheryl Neill, Kathy Jones, Sherril Tannahill, Myrtle Latham, Glenda Mingsus, Kay Coffey, Lydia Buske, Jeannie Taylor, Pat Burton, Becky Turner, Danny Murphree, Joe Murphree, Billy Burton, Jerry Stephens, and Johnny Grant Mars.

Thieves Hit Super Market

Harry's Supermarket was broken into last Saturday night, with thieves taking an estimated \$1500 in cash, according to investigating officers.

Also taken were a number of blank money orders. The thieves made their entry through the back door.

Last June 3, Friona Consumers was robbed of \$924 in cash, making last Saturday's robbery the second in a month.

Beene Excels In Jaycees' Golf Tourney

Five Friona high school golfers participated in the regional Jaycee Junior Golf Tournament at Canyon last Saturday.

The five were Dwight Whitaker, Jay Beene, Gary Shackelford, Johnny Baxter and Billy Burton.

Jay Beene tied for second, and qualified for the Jaycees' junior golf state tournament.

The Friona Jaycees paid the entry fee for the local boys. Some 20 players took part in the regional meet.

Conventionites To Report For Legion Meeting

Friona's representatives to the Boy's State and Girl's State conventions will give reports to a meeting of the American Legion and the Auxiliary Friday at the American Legion Hall at 8 p.m.

Home-made ice cream is to be served by the Auxiliary. The public is invited to attend.

Chris Tannahill was the representative to Boy's State and Jeanne Taylor was the Girl's State delegate.

Sid Goodwin Buried Saturday

Funeral services for Sid Goodwin, former Parmer County land owner, were conducted at Sentinel, Okla., Saturday afternoon. He was the grandfather of Max Self of Route 2, Friona.

Mr. and Mrs. Max Self and children were in Sentinel for the services.

Mailbag

Dear Sirs: I am enclosing \$5.00 for the Friona Star for another year. We look forward each week for its arrival.

Thanks, Fred Helmke 1933 S. 16th Abilene, Texas 79602

WED THU FRI SAT SUN MON

ONE man's way UNITED ARTISTS

come to church Sunday

"Live life, then, with a due sense of responsibility, not as men who do not know the meaning and purpose of life, but as those who do. Make the best use of your time, despite all the difficulties of these days. Don't be vague but firmly grasp what you know to be the will of God."

--Very often we hear people say that there is so much to know about the Bible that they become confused. They also say that there is so much to know that they do not know that they become discouraged. A great many of our people pray like this. "Dear God, wherever you are, or whatever you are -- hear my prayer."

Paul says, "Don't be vague but firmly grasp what you know to be the will of God." Too often we try to understand the complete mind, thought, intent and purpose of God. To do this would make us equal to God. Wouldn't it be good if we would take that which we know to be the will of God and learn to live by this. We become excited sometimes by the things we do not know, but we know enough to make us twice as good as we are. We are instructed to not only love our neighbors, but also our enemies. We are still worrying about loving our neighbors we have not got around to our enemies yet. We are told to "seek God and his righteousness and all these things would be added to us." We haven't grasped this simple truth yet -- and yet we worry about some great unknown that only God knows about. Listen to Paul, "Firmly grasp what you know to be the will of God."

MESSENGER IS "BOSS"

New Officers Installed By Friona Lions Club

FOR PLAY DAYS — White cotton duck knee-knockers with detachable bib and suspenders are teamed with a checked gingham blouse for a versatile play outfit. By Fruit of the Loom.

Steve Messenger was installed as president or "boss lion" of the Friona Lions Club in the regular meeting last Thursday. Messenger will serve the club during the 1964-65 year.

Other officers installed were Jay Claborn, first vice president; Newman Jarrell, second vice president; Bill Sheehan, third vice president; Arley L. (Jake) Outland, secretary, and Dale Smith, treasurer.

Bill Lyles was installed as "tall Twister," and Gary Brown was made "lion tamer." Directors are Marty Martinez, W. L. Edelman, M. C. Osborn and Jimmie Smith.

Ed Skypala of Hereford, of the Hereford Lions Club, a district officer, served as installing officer.

Perfect attendance awards were awarded to Gary Brown, Alton Farr and Jake Outland for one year; Danny Mac Balmum and Porter Roberts, two years; Flake Barber, five; J. B. Williams, seven years; and Boss Lion Steve Messenger eight years.

Special awards were given to Lions who assisted with the annual Permer County Junior Livestock Show in March. These included Duain Menefee, M. C. Osborn, Jimmie Smith, Bill

Lyles, Steve Messenger, Porter Roberts, Gary Brown, Danny Mac Balmum, Newman Jarrell, Jr., Bill Beene, Hollis Horton, Wes Long, Deon Awtrey, Paul Hall, Jake Outland, Bill Ellis, Otho Whitefield, A. L. Black, Pete Buske, Marton Fite, Bill Flippin and Flake Barber.

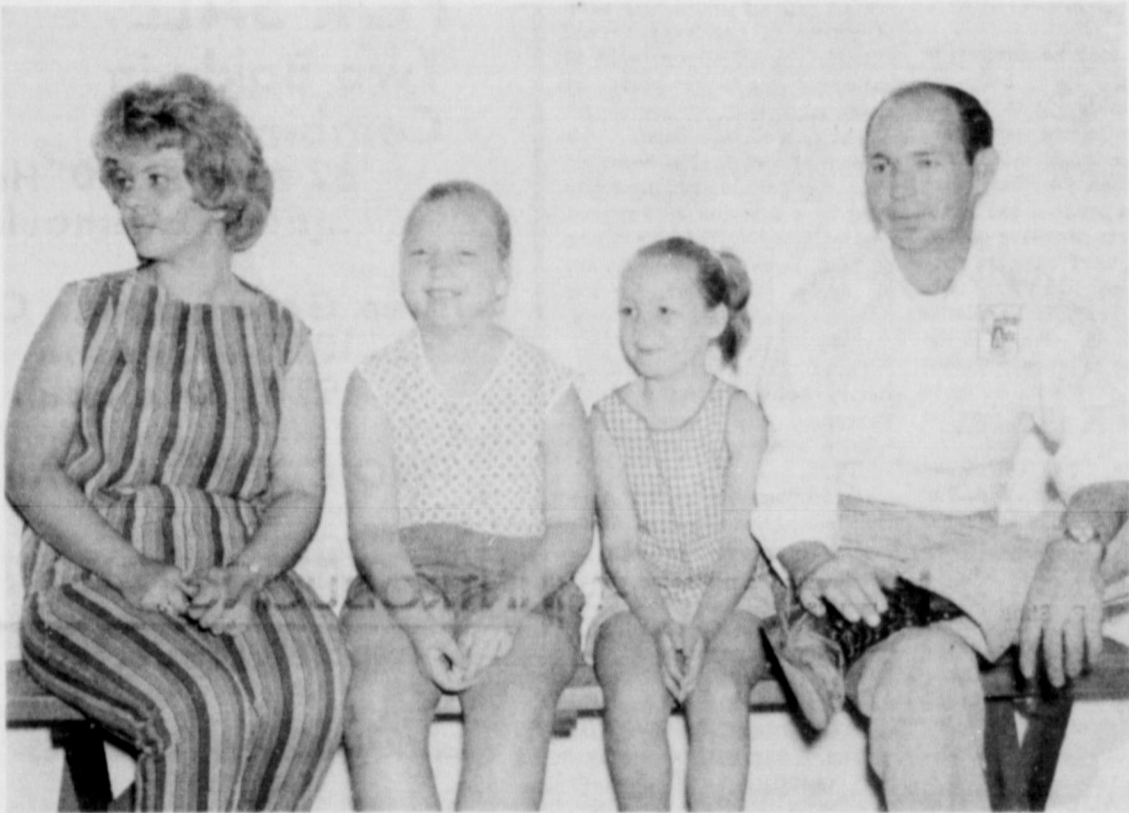

The Texas Safety Association has the following safety tips for bike riders: Ride with traffic and keep to the far right of the road; do not weave or stunt; obey all traffic signs, signals and regulations; and keep your bike in good condition at all times.

CHANGE OF GAVEL . . . Steve Messenger, left, accepts the gavel from outgoing Lions Club president, Flake Barber, at

Installation ceremonies last Thursday. In the center is Ed Skypala of Hereford, who installed the slate of new officers.

WELCOME TO FRIONA

Glen and Mary Lou Mayben have recently moved to Friona from Bovina. Glen is now employed by Western Auto as a television and radio repairman. Glen and his family including Betty Kathryn and Debeora Jeannene lived in Bovina for 2 1/2 years before coming to Friona.

Lazbuddie News

Mrs. C. A. Watson

Mrs. E. A. Parham accompanied Roberts, Paige and Dyke Gaston of Springlake to a Mayfield family reunion at Cobb Park in Abilene Sunday.

Several members of the Junior Sunday School class of Lazbuddie Methodist Church visited King's Manor at Hereford one afternoon last week. After touring the home the group had a watermelon feast in the park. Mrs. Roy Farley was sponsor.

David Tarter, a 1961 graduate of Lazbuddie High School, recently received a baseball letter from Texas Tech.

Charles Richards, Jayton, a former employee of Muleshoe Journal and Curry County Times at Clovis, was recently inducted into the army for six months training at Fort Polk, La. At the time of his induction he was an employee of United Press International at Albuquerque. He is a nephew of Mrs. C. A. Watson and Harvey Bass.

Donnie McDonald spent several days last week visiting in the home of the Preston Cargiles at Lariat.

Sunday guests in the Jack Templar home were Mr. and Mrs. Wayne Clark and children, Mrs. Irma Templar, Mr. and Mrs. Elton Riley all of Lazbuddie; Mr. and Mrs. O. G. York and Mr. and Mrs. Cloyce Cowen, Muleshoe.

Also Mr. and Mrs. Jerry Templeton, Clovis; Mrs. W. J. Stratton, Amherst; Mrs. Kyle Phippin and daughter, Mary Frances, and Mrs. Naomi Morris, Lubbock.

Mr. and Mrs. Harvey Bass, Carolla and Vina and Mr. and Mrs. Morris Nowlin, Muleshoe; and Mrs. C. A. Watson, Don, Benny and Leon of the Lazbuddie Community were Wednesday evening guests in the home of Mr. and Mrs. Joe Owen and family in Friona. Refreshments of homemade ice cream and cake were served.

Mrs. James Harvey and children returned last week after spending three weeks visiting friends and relatives in Houston.

Mr. and Mrs. J. L. Phipps and Gail spent Wednesday night of last week in the O. J. Hawkins home in Abilene. They visited several days in the home of Mr. and Mrs. Jim Smyth, Barbara and Linda and Mrs. J. B. Nowlin.

On Friday they drove to Arlington to get their daughter, Donna, and three other girls, Linda Griffith, Janice Stevenson and Linda Timmons, who had been attending twirling school.

Carolyn Nowlin returned Sunday after vacationing in East

Texas and visiting in the home of her sister, Mrs. Ronnie Shaffer and family. She visited Six Flags Over Texas before returning home.

Mr. and Mrs. Charlie Walton, who are moving from Lazbuddie, were honored with a going away party in Fellowship Hall of Lazbuddie Baptist Church Monday evening. Walton has been football coach at Lazbuddie High School.

Mrs. Leon Smith Sr. and Tony are in Denton visiting in the home of Dr. and Mrs. Jim

Sybert and children. Mrs. Sybert is Mrs. Smith's daughter.

Several girls who are members of Lazbuddie 4-H club are making plans to enter dresses in a countywide dress revue at Oklahoma Lane Community Center July 11. Leader of this group is Katie Blackstone, a senior in Lazbuddie High School.

The Lazbuddie Home Demonstration Club met Monday afternoon in the home of Mrs. Adrian Weir. Mrs. McKillip presented a program on "Basic

Principals of Freedom. Next meeting of this organization will be July 6 in the home of Mrs. Jack Refern.

The wine industry of Madeira was wiped out in 1852 when a white mildew killed all the vines.

Proceeds of the project were used to purchase a wheel chair for a free community service for Farmer County residents. Anyone needing to use a wheelchair is asked to contact Mrs. E. S. White at 2321 or Mrs. Raymond Adams at 2951. 40-1tc

INTRODUCING

VIRGINIA PARVIN Featurng 35.00 Wave \$12.50 25.00 Value \$10.00 Good Through July. **Dorothy's Beauty Shop**

"The Beauty Cycle" is a combined effort of laboratory research, manufacturer development, and your professional knowledge of application, coordinated to produce superior results in the beautification of hair. In a research testing laboratory the most phenomenal discovery becomes worthwhile without proper manufacturer's development. Frequently the finest products become useless tools in the hands of a non-professional. Only through the combining of all three factors can a successful professional treatment of the hair be produced.

BAG TRICKS

BABY'S BLOCK--Cut six 5 1/2 squares, three from print and three from solid cotton bag fabric. On solids, add appliques of letters or figures. Sew bias tape on one side of four squares and join these to form sides of block. Stitch tape all around sides of top and bottom squares. Attach top square by machine stitching, stuff block, then sew on bottom square by hand.

My Neighbors

There'd be fewer broken homes if more people did things together like us, Helen.

CARD OF THANKS

I wish to thank everyone for the flowers, cards, visits and other expressions of thoughtfulness during my recent stay in Farmer County Community Hospital. I especially want to thank Dr. Lee Cranfill, the nurses and other hospital staff members for all they did for me. Robert Schueller

P.S. I would also like to impress on the public that rattlesnake bite can be very serious. 40-1tp

KEEP JACK A TRANCE LOVE STORY

JOHN MAUREN WAYNE + Q'ARA McLINTOCK!

ONE man's way UNITED ARTISTS

come to church sunday

"Live life, then, with a due sense of responsibility, not as men who do not know the meaning and purpose of life, but as those who do. Make the best use of your time, despite all the difficulties of these days. Don't be vague but firmly grasp what you know to be the will of God."

--Very often we hear people say that there is so much to know about the Bible that they become confused. They also say that there is so much to know that they do not know that they become discouraged. A great many of our people pray like this, "Dear God, wherever you are, or whatever you are -- hear my prayer."

Paul says, "Don't be vague but firmly grasp what you know to be the will of God." Too often we try to understand the complete mind, thought, intent and purpose of God. To do this would make us equal to God. Wouldn't it be good if we would take that which we know to be the will of God and learn to live by this. We become excited sometimes by the things we do not know, but we know enough to make us twice as good as we are. We are instructed to not only love our neighbors, but also our enemies. We are still worrying about loving our neighbors we have not got around to our enemies yet. We are told to "seek God and his righteousness and all these things will be added to us." We haven't grasped this simple truth yet -- and yet we worry about some great unknown that only God knows about. Listen to Paul, "Firmly grasp what you know to be the will of God."

MESSENGER IS "BOSS"

New Officers Installed By Friona Lions Club

Steve Messenger was installed as president or "boss lion" of the Friona Lions Club in the regular meeting last Thursday. Messenger will serve the club during the 1964-65 year.

Other officers installed were Jay Claborn, first vice president; Newman Jarrell, second vice president; Bill Sheehan, third vice president; Arley L. (Jake) Outland, secretary, and Dale Smith, treasurer.

Bill Lyles was installed as "tall Twister," and Gary Brown was made "lion tamer." Directors are Marty Martinez, W. L. Edelman, M. C. Osborn and Jimmie Smith.

Ed Skypala of Hereford, of the Hereford Lions Club, a district officer, served as installing officer.

Perfect attendance awards were awarded to Gary Brown, Alton Farr and Jake Outland for one year; Danny Mac Balmum and Porter Roberts, two years; Flake Barber, five; J. B. Williams, seven years; and Boss Lion Steve Messenger eight years.

Special awards were given to Lions who assisted with the annual Permer County Junior Livestock Show in March. These included Dwain Menefee, M. C. Osborn, Jimmie Smith, Bill

Lyles, Steve Messenger, Porter Roberts, Gary Brown, Danny Mac Balmum, Newman Jarrell, Jr., Bill Beene, Hollis Horton, Wes Long, Deon Awrey, Paul Hall, Jake Outland, Bill Ellis, Otho Whitefield, A. L. Black, Pete Buske, Marlon Fite, Bill Phippin and Flake Barber.

The Texas Safety Association has the following safety tips for bike riders: Ride with traffic and keep to the far right of the road; do not weave or stunt; obey all traffic signs, signals and regulations; and keep your bike in good condition at all times.

FOR PLAY DAYS — White cotton duck knee-knockers with detachable bib and suspenders are teamed with a checked gingham blouse for a versatile play outfit. By Fruit of the Loom.

CHANGE OF GAVEL . . . Steve Messenger, left, accepts the gavel from outgoing Lions Club president, Flake Barber, at installation ceremonies last Thursday. In the center is Ed Skypala of Hereford, who installed the slate of new officers.

WELCOME TO FRIONA

Glen and Mary Lou Mayben have recently moved to Friona from Bovina. Glen is now employed by Western Auto as a television and radio repairman. Glen and his family including Betty Kathryn and Debeora Jeannene lived in Bovina for 2 1/2 years before coming to Friona.

Lazbuddie News
Mrs. C. A. Watson

Mrs. E. A. Parham accompanied Roberts, Paige and Dyke Gaston of Springlake to a Mayfield family reunion at Cobb Park in Abilene Sunday.

Several members of the Junior Sunday School class of Lazbuddie Methodist Church visited King's Manor at Hereford one afternoon last week. After touring the home the group had a watermelon feast in the park. Mrs. Roy Farley was sponsor.

David Tarter, a 1961 graduate of Lazbuddie High School, recently received a baseball letter from Texas Tech.

Charles Richards, Jayton, a former employee of Muleshoe Journal and Curry County Times at Clovis, was recently inducted into the army for six months training at Fort Polk, La. At the time of his induction he was an employee of United Press International at Albuquerque. He is a nephew of Mrs. C. A. Watson and Harvey Bass.

Donnie McDonald spent several days last week visiting in the home of the Preston Cargiles at Lariat.

Sunday guests in the Jack Templar home were Mr. and Mrs. Wayne Clark and children, Mrs. Irma Templar, Mr. and Mrs. Elton Riley all of Lazbuddie; Mr. and Mrs. O. G. York and Mr. and Mrs. Cloyce Cowen, Muleshoe.

Also Mr. and Mrs. Jerry Templeton, Clovis; Mrs. W. J. Stratton, Amberst; Mrs. Kyle Phippin and daughter, Mary Frances, and Mrs. Naomi Morris, Lubbock.

Mr. and Mrs. Harvey Bass, Carolina and Vina and Mr. and Mrs. Morris Nowlin, Muleshoe; and Mrs. C. A. Watson, Don, Benny and Leon of the Lazbuddie Community were Wednesday evening guests in the home of Mr. and Mrs. Joe Owen and family in Friona. Refreshments of homemade ice cream and cake were served.

Mrs. James Harvey and children returned last week after spending three weeks visiting friends and relatives in Houston.

Mr. and Mrs. J. L. Phipps and Gail spent Wednesday night of last week in the O. J. Hawkins home in Abilene. They visited several days in the home of Mr. and Mrs. Jim Smyth, Barbara and Linda and Mrs. J. B. Nowlin.

On Friday they drove to Arlington to get their daughter, Donna, and three other girls, Linda Griffith, Janice Stevenson and Linda Timmons, who had been attending twirling school.

Carolyn Nowlin returned Sunday after vacationing in East

Texas and visiting in the home of her sister, Mrs. Ronnie Shaffer and family. She visited Six Flags Over Texas before returning home.

Mr. and Mrs. Charlie Walton, who are moving from Lazbuddie, were honored with a going away party in Fellowship Hall of Lazbuddie Baptist Church Monday evening. Walton has been football coach at Lazbuddie High School.

Mrs. Leon Smith Sr. and Tony are in Denton visiting in the home of Dr. and Mrs. Jim Sybert and children. Mrs. Sybert is Mrs. Smith's daughter.

Several girls who are members of Lazbuddie 4-H club are making plans to enter dresses in a countywide dress revue at Oklahoma Lane Community Center July 11. Leader of this group is Katie Blackstone, a senior in Lazbuddie High School.

The wine industry of Madeira was wiped out in 1852 when a white mildew killed all the vines.

Principals of Freedom. Next meeting of this organization will be July 6 in the home of Mrs. Jack Refern.

\$ Dollar Day Buys Mean Savings To You \$

MONDAY IS DOLLAR DAY IN FRIONA SHOP AND SAVE DOLLAR DAY IN FRIONA

MAIZE PROGRESS . . . Sheryl Long, the 1963 Friona Maize Days queen, is shown checking an average field of maize near Friona. Most of the maize in the Friona area is looking

good. Parmer County has been the top maize producer in the entire nation in the past.

(Staff Photo)

According to the Health Insurance Institute, insurance companies paid an average of \$5.6 million a day last year to insure persons to help them pay hospital bills, including health insurance payments for other than hospital care. Insurance companies distributed benefits of nearly \$4.2 billion in 1963, a 10.3 per cent increase over 1962.

Railroad passenger travel in 1963 was equivalent to a 98-mile trip for every person in the United States. To put it another way, the railroads produced some 18.5 billion passenger-miles of service -- the equivalent of carrying 15,540 people from New York to San Francisco every day of the year.

YIELD, QUALITY

Wheat Crop Hailed As "Better Than Expected"

The wheat harvest was "all over but the shouting" for the most part in the Friona area this week. Most elevator operators reported just they expected the harvest to be complete by the end of the week. Jack Tomlin, manager of the West Friona Grain Company,

stated that his elevator lacked just two or three customers being through as of Tuesday. "The wheat is testing better than expected--it is high in protein content and also has a good sedimentation reading," Tomlin said. Preach Cranfill at Friona's

Continental Grain Company echoed Tomlin's estimate of remaining wheat. "There are just a few scattered patches," Cranfill said.

Cranfill stated that the 1964 wheat crop was better than the 1963 crop for a couple of reasons. First off, this year didn't have the hard dry freeze in the middle of winter that plagued the 1963 crop. Also, the hail this year didn't do nearly as much damage as last year.

In the outlying areas, the reports were much the same. At Black Grain Company, Paul Fortenberry stated that the harvest was virtually complete. "We had exceptionally good yields reported by some customers. There was a lot of 50 and 60 bushel wheat, and some as high as 80," Fortenberry said.

Fortenberry added that the 1964 wheat was a very good quality grain. Weldon Stringer at Hub Grain stated that the crop turned out "better than most people figures." There was some 60 and 70-bushel wheat in that area, Stringer said.

Stringer cited F. O. Turner as a farmer producing 64 bushel wheat.

At Lazbuddie, it was reported that possibly 50 acres were un-

harvested as of Tuesday. Most of the farmers in that area harvested good yields, although some were hurt by hail, it was stated.

A couple of the better yields mentioned around Lazbuddie included an average of 78 bushels by George Haskins and 62 bushels by Everett McBroom.

Joe Allen, manager of Rhea's Sherley - Anderson elevator, stated that there was quite a variation in yields in that community. "There was some good and some bad, it ranged all the way from 25 to 78 bushels," Allen said.

Allen joined the others in predicting that by the week's end the harvest should be virtually wrapped up.

Plan summer activities for youngsters with safety in mind. The Texas Safety Association reports that well-planned recreational activities include safety precautions. Don't spoil a memorable summer by forgetting to put safety first.

WIN A BICYCLE FROM WESTERN AUTO

On The Farm In Parmer County

BY JOE VAN ZANDT
County Agent

Our weather conditions have brought on a good crop of weeds in several areas of the county. 2, 4-D and other hormone-type herbicides must be used carefully in areas where cotton or other sensitive crops are grown.

Use only amine salt formulations, low volatile ester formulations or emulsifiable acid formulations to reduce the hazard of volatility.

Drift can be minimized by using a large volume of carrier per acre (10 to 20 gallons) and a low spray pressure (20 pounds per square inch). High pressure produces small spray droplets which are easily carried by wind.

Drift can also be minimized by keeping the spray boom as low as possible. This is usually about 20 inches above the top of the weeds. Sprays should be applied when the wind is less than 10 miles per hour and blowing away from sensitive crops.

2, 4-D is very toxic to cotton and even when the best precautions are followed damage may result. Also it is not a good idea to spray Wheatland hybrid sorghums as up to 1000 pounds of yield may be lost.

Under the State Herbicide regulations persons spraying their own land or crops must get a permit and pay a fee of ten cents per acre if he applies herbicides on more than 10 acres. Everyone using herbicides must have access to a wind gauge and comply with the wind velocity as outlined in the regulations. Copies of the permits and regulations are available at the County Agents office. SPRAYER CALIBRATION FOR ROW CROPS

For 40-inch rows measure

100 feet, (36 inch rows-113 feet, 32 inch rows-128 feet, 28 inch rows-146 feet, 24 inch rows-170 feet or 20 inch rows-200 feet). Then time the number of seconds it takes your tractor to travel the measured distance going the speed to be used on the sprayer.

Then collect fluid and measure in ounces from all nozzles used per row for the number of seconds required to travel the measured distance. If the spray is broadcast, catch spray from the nozzles used to widths of one row (usually 2).

The number of ounces collected is equal to the number of gallons applied per acre of crops. If gallonage is not suitable, small adjustments in gallonage must be made by changing tips.

When treating bands, the amount of chemical to be mixed with the gallons required per acre is a function of the area treated. For a 10 inch band on 40-inch rows, you would want to apply one-fourth of the recommended rate per acre.

SWINE SHORT COURSE
Texas Tech will have its annual Swine Short Course on Thursday, July 9 in the Agriculture Auditorium starting at 9:30 a.m.

Headlining this year's session is Mr. Bob Green of Ainsworth, Iowa, an outstanding producer of both breeding stock and commercial swine. The program will also feature a "producer's panel" of outstanding swine producers. Slides will be shown and management practices will be discussed. Time will be provided for questions and answers throughout the day's activities. The program calls for a 4:00 p.m. adjournment.

TW 900 Series Two-Way Spinner Plow

Heavy-duty frame and carrier provide strength for most severe plowing conditions. Frame is adjustable for 14" or 16" furrows. Main frame is a rugged steel box.

Head assembly and spinning mechanism are designed for rigidity and strength.

The turning or spinning mechanism is actuated by any standard ASAE 3 1/2"x8" stroke hydraulic jack. Plows are rotated with a high strength, easily adjusted chain.

Choice of spring trip beams or rigid beams--Spring trip beam allows bottom to pivot back when solid object is struck. Backing up resets the bottom. Ideal for rocky fields. Rigid beam is especially

suited for non-rocky soil. Shear-bolts protect the bottoms in case obstructions are hit.

Plow bottoms--either 14" or 16" bottoms are available with a choice of two types: General purpose 619 Nife Line or Texas bottoms. Covering boards are easy to attach and adjust.

"Mike" Readings To Be Officially Used In '64

At Home In Palmer County

By CRICKET B. TAYLOR
County HD Agent

Temperatures

DATE	MAX.	MIN.
June 25	88	55
June 26	87	57
June 27	90	58
June 28	90	59
June 29	92	60
June 30	94	62
July 1	96	65

From Public Service Magazine: "It is said of administrative law that no way has yet been discovered for carrying out modern governmental functions without the exercise of discretionary power. When discretionary power is granted to an administrative agency of government, there has been a delegation of legislative authority by the legislative body. Congress, in enacting laws, generally speaks in broad terms. The interpretation of the law is left, largely, to the administrative agencies, which 'fill in the gaps.' As a result, a law as passed by the Congress is not the law which will confront the citizen on the street."

Micronaire, or "mike", readings will join grade and staple as official measurements of cotton quality this year, reports the U. S. Dept. of Agriculture.

W. K. Palmer, in charge of the Agricultural Marketing Service's cotton classing office in Lubbock says that the classing office is ready to take a mike reading on all cotton samples they receive, and the mike read-

ing will appear on the classification card, along with the grade and staple.

Cost of the mike reading service has been reduced from 8 cents to 6 cents per sample, provided the ginners applies for this service prior to the time the samples are submitted; otherwise the charge will be 25 cents. Grade and staple information will be provided free, as before, under the Smith-

Doxey program.

Mike describes fineness and maturity of cotton fibers. It's measured on a scale from 2.4 to 8.0, in steps of one-tenth. It works like this: When compressed air is forced through a sample of cotton, an air-flow instrument registers the mike reading of that particular sample. Fine fibers permit less air to pass through. Thus, the finer the fibers, the lower the reading. Fineness and maturity affect the spinability and value of the cotton.

About six weeks ago, USDA announced that mike readings will be required for all upland cotton that goes under price support loan.

Included in the announcement was a schedule of premiums and discounts, based on mike readings. If the reading is between 3.7 and 4.8, a premium of 13 points per pound will be allowed when the cotton is placed under the loan. No premium or discount will be allowed if the mike reading is 4.9 through 5.1, or between 3.3 through 3.6. Also, cotton having a mike reading of 3.0 to 3.2 will be discounted 50 points, 2.7 to 2.9 150 points, and 2.6 and below 300 points.

Mr. Palmer says all ginners in the Lubbock territory have been provided with a new Question and Answer pamphlet,

ENERGY SAVING CABINETS-Have you ever wished that some one would design kitchen storage to save the energy of the average and shorter than average homemaker? Well that is exactly what housing specialists of USDA's Research Service has done.

The Pass-through dish cabinet of Grandmother's day has really gone modern and appears as one of the outstanding features of the new Beltsville energy saving kitchens.

One "pet peeve" that I have is the poor unplanned storage for kitchens and clothes closets, where shelves are too deep and too high and you have to move articles about in order to get what you need.

Here are some appealing features of the well designed kitchen.

Cabinets are placed at right angles to the sink counter, as a partial divider for the kitchen and dining areas.

The bottom shelf of the dish cabinet is at counter level so that heavy items, such as dinner plates and casseroles may be stored at a height that requires the least energy.

The top shelf-for light weight pitchers and table appointments is only 68 inches

from the floor, still within comfortable reach of the average homemaker.

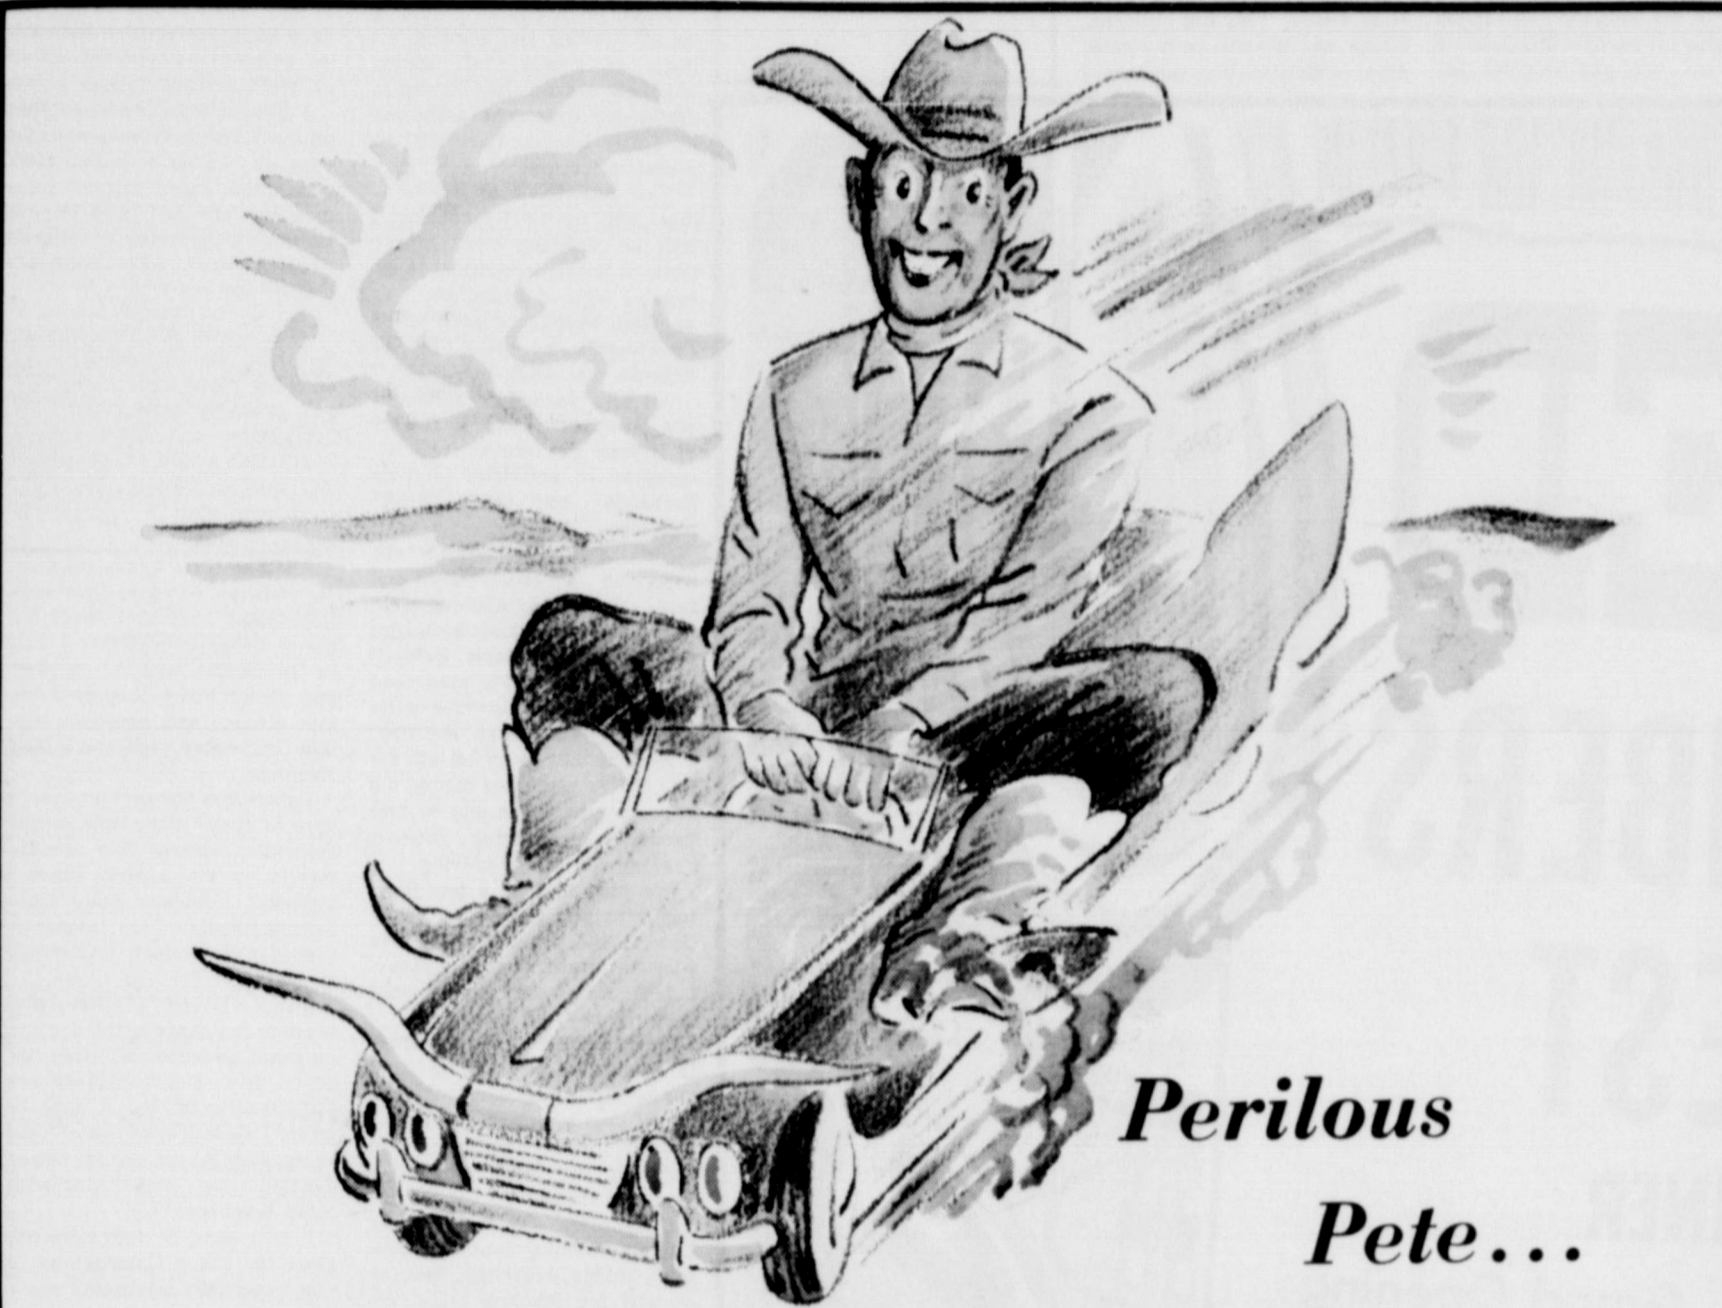

The cabinet itself - which stretches the entire length of the counter--is directly over the dishwasher. This allows the homemaker to put away freshly washed dishes without taking a step. Setting the table requires only a few steps since dishes can be removed from the cabinet on the dining area side. Corner space can also be reached from kitchen and dining area.

There are other good features too of the Beltsville kitchen. For information about energy saving kitchens you may want to see some plans that are available through Extension Service, planned with the main idea of energy - saving, convenience, and without waste of space.

Also house plans for retired Senior Citizens.

These are available without cost and may be had by calling or coming by our office in the Courthouse.

FIRST IN A SERIES

Summer Activities Are Reviewed By Teachers

(Editor's note: This is the first in a series of stories discussing Friona teacher's activities during the summer.)

Last month school was officially closed and teachers and pupils alike were, for the most part, "dismissed for the summer." Summer time is generally referred to as vacation time for teachers and pupils, but isn't really a vacation in the true meaning of the word for most of them.

In order to give readers a partial word picture of the activities of classroom teachers and other school personnel a Star staff member had done some research into plans and activities engaged in by a number of local teachers and a series of articles will appear in issues of the Star.

Elementary Principal J. T. Gee summed his summer plans up as follows: "I will spend a few days after school is out finishing up work of the school

year and then in the fall it will be necessary for me to spend a couple of weeks in the office getting ready for school to open.

Between times I will be busy with my livestock farm and will probably spend a few days in August really vacationing at Red River, N. M.

Maybe I will find time to spend a few days doing just what I want to when I want to. Of course, I will be serving as a principal this summer, too. A principal character caught

in the act of enjoying my granddaughter and grandson, who will be in Canyon until August first and then will be living in Morton."

Three of the six first grade teachers are including summer study in their plans. Mrs. Maurine Dunn reports, "I plan to continue work on my master's degree at West Texas State the first six weeks. The rest of the summer I will spend visiting my parents in Oklahoma and my son and daughter-in-

law in Dallas."

Mrs. Mabel Jones spends most of her time at home doing yard work and home beautification, but plans to spend one month with her mother before school re-opens.

Mrs. Betty Barclay and her husband, Thomas, are living in Brownwood and attending Howard Payne College.

A report from Mrs. Vicky Neal reads, "My two children, Glenn and Joy will be my principal activities this summer. I

also plan to help in Vacation Bible School at First Baptist Church and then to spend some time with my parents in Keerville, Texas.

If time permits, I would enjoy teaching swimming later

in the summer."

Mrs. Declmae Beene's plans leave almost no loafing time and go like this, "My summer is pretty well "fixed." The first six weeks after school is out I will be enrolled at West Texas as continuing my work on a master's degree. During one week I will assist with the Vacation Bible School at the Mexican Mission.

I plan to spend a "mother's time" making and serving hot dogs at Reeve Field during baseball season. Not having to divide my time with activities at Little League Park will be a change for me.

The remainder of the summer will be mostly routine. I will be devoting most of my time to family activities. However, I hope to attend the Texas State Teacher's Association President's workshop in San Antonio one week in August."

All five second grade teachers are permanent residents of Friona and are actively interested in activities of their husbands and other family members.

Mrs. Grace Whitefield, who lives on a sheep ranch and farm, gives the following plan. "I will be home doing the things that come with farm living."

Mrs. Troy Ray's plan read like this: "My summer activities are not very exciting. I plan to catch up on all the things I've neglected during the school year. Then add to that yardwork, gardening, cooking reading and bridge playing.

We plan to take a few fishing trips and perhaps a vacation to the mountains. I also want to attend two workshops. I feel sure these things will keep me busy all summer.

Mrs. Velma Lovett's report is as follows: "I will be home during the summer and will attend some in service workshops. I will also help with work on the farm and in the yard and garden."

"My plans for the summer include sleeping late and being lazy, bridge, bicycling, keeping up with my favorite television serial, "As The World Turns," and visiting with my sister and her new baby boy in Hous-

ton. Later in the summer I will possibly make a trip to Mexico City and Acapulco with my parents." Is the report Mrs. Travis Harell made.

"My plans for this summer are rather indefinite at this date," reports Mrs. George Treider. "However, I think I'll enjoy a short respite from schedules, for a while at least. Hope George and I will be able to visit some of our three children and their families and know we will enjoy having any or all of them visiting in our home.

I like to try out new recipes on them and on friends who may visit us. As far as hobbies are concerned, I plan to finish some mosaic work and hope to have time for some water coloring and reading which I have been putting off for some time."

Mrs. David McVey, one of the third grade teachers outlines her plans as follows: "We will probably attend the FFA Convention and Ag Teachers Convention with my husband and this will be our vacation. I also plan to visit my parents in Riesel, Texas."

Another third grade teacher, Jo Phillips reports: "No definite plans have been made for the summer except that I will be in Denton with my mother and sister and will be enjoying my nieces and nephews who live in Denton, Seagoville and Kaufman.

Before the summer is over, I hope to spend some time in cool colorful Colorado. No schooling is on my agenda since I attended Colorado State College at Greeley, Colo. last summer for a modern arithmetic workshop."

Mrs. Loyde Brewer, who teaches one class of third grade students gave the following report: "My summer plans are still indefinite, but I hope to attend West Texas State University at Canyon one six weeks session by commuting with other teachers.

I will also be a representative for Field Enterprises in our community again this summer. There are always many home responsibilities which I hope to catch up with before school re-opens."

Mrs. Aubrey Rhodes, another third grade teacher, doesn't plan to be idle as can be seen from her report. "My what a short, busy, successful year we've had. In fact, I've been

Spudnut--

(Continued from page 1)

and county health laws. The building, along with equipment for the factory, will occupy 4,000 square feet of space.

Friona's first factory will require women as a prime source of labor. Schilling will be ready to accept applications for position in the near future.

The national headquarters for the Spudnut Corporation is in Salt Lake City, Utah. Taylor and Allen visited the national offices two weeks ago, in their efforts to secure the "metropolitan franchise system" headquarters for Friona.

The new "flash frozen" process, which represents the culmination of three years research and pilot operation, not only has revolutionized the present Spudnut operation, but eventually the entire doughnut industry as well, the local group believes.

In the past, it has taken three hours to manufacture a spudnut and the product had a shelf life of only ten hours. The franchise operator was forced to estimate their sales and if this estimate was wrong, they either had to throw away product at the end of the day or ran out before closing time.

Now, with the frozen product, the dealer simply cooks what he needs as he needs it. Special orders, for example, can be prepared while the customer is on the way to the shop.

The new process has been completely tested over several months in the company-owned test shops in the Salt Lake City area and has proven successful.

There are over 300 franchise dealers throughout the United States and Canada. Since 1947, over one and one-half billion Spudnuts have been sold.

Friona's new industry is expected to add extensively to the city's economy.

Construction--

(Continued from page 1)

sued for construction of two three-unit apartment buildings by George Taylor. Total value of the apartment project was listed at \$70,000.

Three permits have been issued for new or additions to present commercial buildings. The total value of this commercial construction is estimated at \$48,500, included in the total was \$35,000 for the new Western Auto building.

The \$48,500 figure for commercial buildings compared to \$33,000 for this date a year ago.

Sixteen permits have been issued for additions or alterations to residential buildings. The total estimated value of this construction is \$23,034. This is compared to five permits for \$9,350 in construction in this division at this point in 1963.

Not included in the building figures is construction outside the city limits. This would include the new home being constructed by David Grimsley just west of the city limits on FM 1731. Also in this category would be the new warehouse built by Farmer County Implement Company.

Of the residential buildings, several fall in the "Above \$20,000" class. These include a new home just begun for Raymond Cook at 1501 W. Seventh, estimated at \$50,000; one for Elvin Wilson in the Drake addition, valued at \$45,000; and a new home for Ross Ayers at 1301 W. Seventh, at \$35,000.

Others include a house built by Raymond Fleming, contractor, at 1308 W. Seventh, \$35,000; E. M. Jack, \$28,000; Earl Darke, \$24,000; and A. L. (Jake) Outland, \$23,000.

Included in the permits for additions to commercial buildings is a figure for \$13,500 for additions to LuNora's and the coin operated laundry next door.

JO BETH BRUMMETT

Miss Congeniality Jo Beth Brummett

In the recent Miss America contest in Clovis Jo Beth Brummett was chosen Miss Congeniality and runner-up for the title Miss Clovis. She is the 17 year old daughter of Mr. and Mrs. Joe Brummett, former Friona residents.

Miss Brummett is a 1964 graduate of Clovis High School and will attend Eastern New Mexico University at Portales this fall on a full academic tuition scholarship. She was in the upper 5% of her graduating class, which numbered 275.

Others she has received have been Girls State representative

Mrs. Owen Conducts Story Hour Tuesday

Mrs. Bob Owen was guest conductor of the Tuesday morning Story Hour program at Federated Club House. Fourteen children were present.

The meeting began with a story told by Mrs. Owen. A game of musical chairs followed. Concluding number on the program was the story of "Cinderella" by record.

Mrs. Owen was assisted by Ann Ayers, Mrs. Bill Sheehan will conduct the next story hour Tuesday, July 7. Her stories will be illustrated with sketches.

Certificates Awarded To Two

Two members of Friona Rebekah Lodge #308, Mrs. Joe Moyer and Mrs. C. B. Eddins Jr., were presented certificates of perfection by Lodge Deputy Mrs. Floyd Brookfield at the Monday evening meeting in Odd-fellows Hall.

Reports were made of 14 cards being sent and 15 sick visits being made. Mrs. Cecil Foster, Dallas, underwent eye surgery in New York City and is reported to be making satisfactory progress.

A school of instruction was presented by Mrs. Brookfield. Mrs. G. E. Reed reported that seven lodges were represented at a recent meeting in Clovis.

Mrs. Brookfield read a poem, "It's All In Your State of Mind." She and Mrs. Joe Moyer honored Mrs. E. S. White, who was observing a birthday, by serving coffee, cold drinks and a birthday cake.

Twelve members were present.

J. Foster Watkins of West Bend, Wisconsin, spent last week visiting in the home of Mr. and Mrs. Kenneth Watkins and Butch. He also visited relatives at Clovis and Farwell.

WIN A BICYCLE FROM THE FRIONA STAR

Of Interest To THE WOMEN

New Members Added To Reading Club

Twenty-eight new members were added to the reading club during the past week. They were Denise Buske, Lydia Buske, Phillip Duggins, Mary Beth Bennett, Larry Johnston, John Hoover, Trip Horton and Kathy Horton.

Also Kay Riehmayer, Ann Spears, Don Spears, Fontella Cox, Sharon Sue Smith, Betty Ann Sachs, Scott Lillard, Amy Sue Renner, Karen Agee, Dean Agee, Brad Bandy, Bruce Bandy, Phillip Bandy, Clinton

Schueler, Terri Schueler, Glenda Reeve, Byron Grant and Rock Banks.

Several requests have been made by boys for any of the Hardy Boys books. Mrs. Birgit Zeman, a member of Modern Study Club's library committee, invites anyone with copies of these books to donate to the library to call her.

Ann Hurst recently donated 13 books, including "The Ghost Town Creature" by Bulla and "The Five Chinese Brothers" by Bishop and Wiese. Mrs. Jack Gilliland of Route 5, Hereford contributed 35 books to the library. Two of them are "Silent Spring," by Rachel Carson and "A Shade of Difference" by Alan Drury.

Mrs. Zeman reports that interest in reading is steadily increasing. On June 23, 15 persons registered and 27 visited the library and checked out books. Then on June 27, 4 more registered and 45 checked out books.

There are now 65 registered members of the club.

Kristi Kaye White Honored Wednesday

A gift coffee honoring Kristi Kaye White and her mother, Mrs. Jimmy White of the West Camp Community in Bailey County was held in the home of Mrs. Jarrell Wright Wednesday morning.

An arrangement of pink rosebuds, miniature baby bottles and rattlers centered the serving table, which was covered with a pink lace cloth. Appointments were of silver and crystal.

Coffee, punch, mints and bonbons were served by the hostesses Mesdames Jarrell Wright, Larry Moyer, O. B.

Moyer, and John Wright.

Guests were Mrs. Joe B. Douglas, Mrs. Joel Landrum, Mrs. Paul Coker, Mrs. Jim Roy Clements, Mrs. Leon Massey and Doug, Mrs. Claude Osborn, Mrs. J. L. Shelton, Mrs. Dale Hart, Evelyn, Karene and Holly, Lois Moyer, Mrs. Gary Hicks and Ray Ann and Max White.

Special guests were Mrs. L. R. White, Friona, and Mrs. Virgil Nowell, Muleshoe, grandmothers of the honoree and Mrs. Monroe White, Friona, who is her paternal great-grandmother.

Former Frionan Joins Wayland Baptist Staff

Mrs. Lila Robason Wall, Stratford, will be on the teaching staff of Wayland Baptist College at Plainview as instructor in physical education in September, according to President Roy C. McClung.

Mrs. Wall will be in charge of women's athletics and will coach both the intercollegiate tennis team and the volleyball team.

Mrs. Wall goes to Wayland after a teaching career in elementary and high schools in West Texas and New Mexico, including Olton, Hart, Amarillo

and Estacado Junior High School in Plainview, Eunice and Clayton, N. M. For the last two years she has taught physical education in Stratford, where her husband, Easton Wall, has also been a teacher.

When Mrs. Wall attended Wayland Baptist College in 1947-48 she played basketball with the team that was the forerunner of Wayland's famous Hutcherson Flying Queens the "Harvest Queens," who were then sponsored by Harvest Queen Mill of Plainview. She holds the B. S. and M. Ed.

degrees from West Texas State University. She is a member of National Association of Health, Physical Education and Recreation and of the Texas Association of Health, Physical Education and Recreation.

Mrs. Wall, daughter of Mr. and Mrs. D. O. Robason, Siloam Springs, Ark. is a graduate of Friona High School. She and her husband are parents of Capple Cheryl, 9, and Gail Lynn, 6.

She is the granddaughter of L. M. Crow of Friona and a sister of Mrs. Calvin Talley.

In And Around Friona

with June Floyd

Grady and Billie Dodd and their daughter, Fran, attended the World's Fair in New York City recently. An incident occurred on a side trip which would have strengthened the Dodd's faith in the honesty of humanity had it ever been weakened.

On the grounds of the White House several keys on a holder bearing the signature of Chester-Fleming Gln and Grady's name parted company with their owner.

This incident happened June 12 and was reported to several persons with whom the Dodds came in contact. There were probably as many different opinions expressed about the possibility of recovery as there were persons who knew about the incident.

Several took the stand, "You will get them back since they had a name and address on them." Sure enough the keys got home almost as soon as the Dodds did.

They came via United States mail and were attached to a note which read, "The enclosed keys were found by the undersigned in Washington, D. C. over the weekend. You are welcome. Victor R. Maglio, Sterling Drug, Inc., 1450 Broadway - R 908, New York, N. Y. 10018."

If there is a moral to this story, it is probably, "Always carry your keys on holders with your name and address."

Now we know that all the honest people do not live in Texas.

It is always a pleasure to

have J. Foster Watkins visit the Star office. Even though he has been gone from our city about ten years, he keeps his subscription paid when he visits relatives here.

He works as a stock handler for West Bend Co., one of the world's largest manufacturers of kitchen appliances and utensils.

Charm bracelets are very popular with ladies of all ages at the present time. Someone at Reeve Chevrolet apparently decided to capitalize on the popularity of these costume jewelry items.

Customers of Reeve's are being given bracelets with different models of cars for charms. Addition charms may be secured by making purchases at Reeve Chevrolet.

Members of the younger generation will probably learn a lot about past models of cars from these bracelets and charms.

During a brief visit with Mrs. Archie Adams of Seattle, Wash. Monday morning I learned more about the logging trade in the Pacific Northwest than I had ever learned before.

Mrs. Adams, a cousin of the late A. O. Drake, and her husband spent several days visiting Friona relatives. Adams recently retired after spending 44 years working with a logging firm in the vicinity of Seattle.

Pictures of the business in every phase from the putting out of small seedlings through the making of buildings were

REPRESENTS AREA...Carolla Bass, daughter of Mr. and Mrs. Harvey Bass was recently chosen to represent this area in the National FHA Convention in Chicago. She will leave Amarillo July 11. Carolla is a junior in Muleshoe High School.

brought to Texas by Mrs. Adams and I enjoyed looking at them. The Adams home, which is located on ten acres on the sound, was built by Mr. Adams and he did much of the lumber preparation in addition to the building of the ten room house.

Colored pictures of beautiful flowers in bloom, shrubbery, snow on the mountain peaks and other scenic wonders were in the Adams collection.

Even though Mr. Adams knows every angle of buying and selling timber, lumber, etc., he had never attended a livestock auction, so accompanied a relative, Bud Minor of Hereford, to Amarillo Monday to attend one.

Mrs. Adams was a very charming person and I thoroughly enjoyed visiting with her and learning more about Washington State. The couple planned to visit a son and his family in Oklahoma City then go to Iowa for a visit with relatives before returning home about August first.

Progress is impossible without change; and those who cannot change their minds cannot change anything.

ONCE UPON A TIME... Mrs. Bob Owen is pictured here reading a story to a group of pre-school age children at Federated Club House Tuesday morning. Children in the picture are Brian Witten, Lisa Mercer, Tammy Fairchild, Mike Blackburn, Sherry Grant, Cathy Cunningham, Bron Euler, Lorri Euler, Joanie Claussen and Angela Horton. Those not pictured are Julie Owen, Rodney Owen, Glenn Adkins and Danny Adkins.

Book Reviewed At Circle Meet

Highlight of the Wednesday morning meeting of Woman's Society of Christian Service of Friona Methodist Church in the home of Mrs. Russel O'Brian was a review of "Angel at Her Shoulder" by the hostess.

This book, which is a story of the life of Lillian Dickson, missionary to the island of Formosa, was written by Ken-

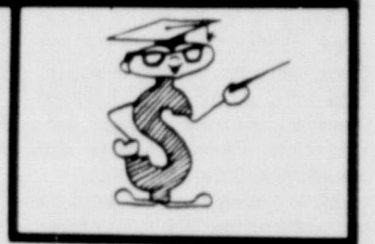

neth L. Wilson.

During the business session, which was presided over by Mrs. O'Brian, chairman, the following officers were appointed for the year:

Mrs. Dorothy Hough, vice-chairman; Mrs. Bill Baxter, treasurer; Mrs. Homer Lindeman, reporter; Mrs. C. M. Phipps, membership; Mrs.

Mack Bainm, spiritual life; Mrs. Mack Ragsdale, literature and publications; Mrs. Clyde Fields and Mrs. H. C. Kendrick, telephone.

Refreshments were served to Mesdames J. W. Baxter II, H. C. Kendrick, Mack Bainm, Bill Spencer, Earl Hawkins, Clyde Fields, Joe Collier and Dorothy Hough.

Young Homemaker Officers Elected

Mrs. W. D. Buske was elected to head the Friona chapter of Young Homemakers of Texas at an organizational meeting in the homemaking department of Friona High School Thursday afternoon. Officers elected to serve with Mrs. Buske were Mrs. Jerry London, vice-president; Mrs. Leon Massey, secretary-treasurer; and Mrs. Bill Spencer, reporter-historian.

Each officer was elected to serve two years. Officers yet to be elected include parliamentarian, sergeant-at-arms, song leader and pianist, Mrs. David Brumley, Hereford is the Area I president.

Membership of the club now stands at 18. However, there are several prospective members. Anyone interested in becoming a member should contact Mrs. David Eddington or any member of the club for information.

Other members of the club include Mesdames Don Spring, Gladel Jones, Jim Roy Clemons, Richard Adkins, Leonard Johnson, Larry Moyer, Bill Brandt, Velden Carroll, Joel Landrum, Charles Hough, Lewis Gore, Jerry Fambler, Harvey Garrison, and Keith Brock.

Members of Friona's FHA

chapter assisting by serving as baby sitters for young children were Martha Martin, Glenda Mingus, Susie Carmichael, Lou Cochran, Lydia Buske, Gay Wily and Diann Gibson.

Girl Born To Charles Walls

Mr. and Mrs. Charles R. Wall became parents of a baby girl at 1:00 a. m. Wednesday, June 10 at Parmer County Community Hospital. She was named Kathy Michelle and weighed 7 lbs. 4 ozs.

She has a brother, Harlan Keith. Her grandparents are Mr. and Mrs. J. L. Bell, Hereford, and Mr. and Mrs. J. R. Wall, Friona.

COOL—Cotton pique looks fresher than ever for summer. Here it blossoms out in a lilac and blue petunia print, skillfully shaped into an easy-fitting sleeveless style. For pretty contrast, the miniature pink belt has twin bows. By Dorothy Cox for Tanner.

ONE OF PRIZES . . . Ben McDonald and Jim Lancaster of Western Auto pose with one of the "Western Flyer" model bicycles which will be awarded to contestants selling as many as 12 new subscriptions to the Friona Star. Details of the contest are to be found elsewhere in this issue.

Jimmy Smiths Have Visitors

Mr. and Mrs. Jess Smith and children, Jackie and Janice, of Roscoe were weekend visitors in the home of Mr. and Mrs. Jimmy Smith and sons, Steve and Randall.

Steve and Randall went to

Roscoe with their grandparents for a visit.

Mrs. Calvin Ivie and son, Shawn, of Irving are visiting in the home of Mr. and Mrs. Rosco Ivie.

Tulia Celebration Scheduled July 17

Bailey Reece, Special Activities Chairman, has procured the Navy "Blue Angels" for this year's Swisher County's 74th annual celebration. The Angels will perform at the Tule Lake site, 10 a.m., Friday, July 17.

Tulia's annual rodeo will again be produced by Ratjen Brothers of Happy. Four big nights have been scheduled; July 15, 16, 17, & 18. All-weather stands are available for Rodeo fans.

Many other events have been scheduled for the Swisher County Founder's Day Celebration and announced recently by Boyd Vaughn, Picnic Chairman. They will include Air Port Dedication, fireworks display, fly-in breakfast, parachute exhibition, boat races, water skiing exhibition, parade, all-star baseball game, dances, and of course the "on the square carnival" that has highlighted the celebration for many years.

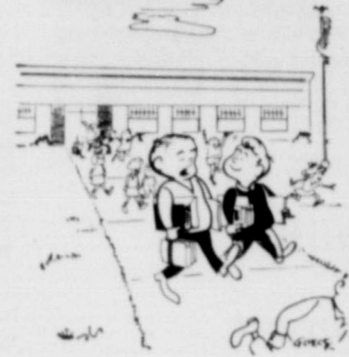

Scouts Invited To Ceremony

All Friona Girl Scouts are urged to be present at the flag-raising Saturday morning by the Friona American Legion. Those girls who have uniforms are requested to wear them.

Hydes Have Guests

Recent visitors in the home of Mr. and Mrs. H. A. Hyde have been Rev. Omer Hyde and children, Paula, Richard and Treva of Olympia, Wash. Rev. Hyde, son of the H. A. Hydes, attended camp at Glorieta, N. M., and will return later this week to accompany the children to Oklahoma to visit their maternal grandparents.

My Neighbors

"I'm glad its over—I feel I know all there is to know, don't you?"

Frionans Attend Funeral

Mr. and Mrs. Bill Wooley and sons, Mike and Scotty, and Mr. and Mrs. Glenn Floyd attended funeral services for Mrs. S. F. McCown of Erick, Okla. at the Church of Christ there Thursday afternoon.

Mrs. McCown, a pioneer resident of Beckham County, was 89. She was the grandmother of Bill Wooley and Mrs. Floyd.

SUMMER SAILOR—The A-line dress takes on a nautical air in this practical double knit cotton. Red and white candy stripes are combined with navy blue for summer magic. By Tricia.

Drakes Have Visitors

Recent visitors in the homes of Mrs. A. O. Drake, Mr. and Mrs. Arthur Drake and Mr. and Mrs. Earl Drake have been Mr. and Mrs. Archie D. Adams of Seattle, Washington, and Mr. and Mrs. Gordon Adams and daughters, Oklahoma City.

Mrs. Archie D. Adams is a cousin of the late A. O. Drake and Gordon Adams is her son.

Sunday the visitors and members of the Drake families were dinner guests in the home of Mr. and Mrs. Bud Minor and children at Hereford.

Mrs. Frances Howard and Mr. and Mrs. Josh Howard and son, all of Abernathy, were also Friona visitors during the weekend.

Mrs. Charles C. Gray of Albia, Iowa visited her mother, Mrs. A. A. Crow last week. James Crow, son of Mr. and Mrs. J. B. Crow, Amarillo, returned home with Mrs. Gray for a visit.

Use of "abracadabra" as a "magic" word began in the second century when it was recited to expel fevers, inflammations and aches.

Summer Activities Are Reviewed By Teachers

(Continued from page 12)

so busy I haven't had time to think about vacation.

I plan to clean house, take a few short trips and attend one or two workshops.

I'm sure I shall be ready for school next September."

Mrs. Benny Pryor's report of planned activities read, "My plans for the summer are to be a full time homemaker and enjoy the new home we recently purchased.

Some proposed projects are to assist with Vacation Bible School, enroll my children in swimming classes and do some sewing for Vicki and myself. I enjoy doing yard work and some kinds of hand work and have a quilt to finish cross stitching that I started last summer.

I will attend at least one workshop in the teaching field and we hope to have a short vacation in the mountains before school starts again in September.

Mr. and Mrs. Thomas A. Bandy, who moved to Friona just about a year ago, have purchased a home here and plan to spend some time beautifying their premises.

Mrs. Bandy gave the follow-

ing report: "This summer I plan to do a lot of things I've been needing to do all winter and haven't had time for. I hope to work in the yard, finish decorating our home, sew, play with the children and catch up on my reading. In short, I am looking forward to a very enjoyable summer."

Her husband included some schooling in his plans. He wrote, "I plan to return to the Friona school to teach in the fifth grade. This summer I will be attending West Texas State University for a course in modern arithmetic and a science course. I will probably be working part time in afternoons after classes are over."

"I plan to spend a rather quiet summer, mostly in Friona, just being a homemaker and mother and getting to help love and care for four favorite great nieces and nephews.

We hope to visit some in Greenville and Fort Worth and then in August our family is looking forward to having a few days of vacation in Colorado.

Of course, I am very interested in our new home being built in the Drake addition. No

doubt I will be seen around there at various times.

When summer is over, I will be looking forward to another good school year in the Friona school system." The above report was written by Mrs. James Hamilton.

Mrs. Grady Dodd, who has already realized part of her summer plans, outlined them as follows: "If all goes well, we are looking forward to attending the World's Fair with my mother, brother and his family.

I am also planning to attend a summer workshop.

After that, it will be the usual household routine . . . once - a - year housecleaning, mending, sewing, etc."

A permanent resident of Friona, Mrs. W. L. Edelman, wrote the following: "My plans for the summer are not very exciting. I plan to get up each morning by ten o'clock whether it is daylight or not.

For several days I plan to keep my three grandchildren during which time I'm sure I shall be rather active. My yard will need much care and I may do some sidewalk supervision on the new school building when it is started since it will be only two blocks away."

Mrs. R. L. Bates reports: "After going to school for the past three summers, I am anticipating letting the sun rise before I do, sewing, gardening, reading, doing some much needed housecleaning and just relaxing."

A trip to the East Coast was on the planned agenda of Mr. and Mrs. Bailey Clements. The rest of the time they planned to spend in Friona.

Pattison Foster, a native of Friona and a 1960 graduate of Friona High School, taught public school music during the past school term but doesn't plan to return this fall.

She reported: "My summer plans include two pleasure trips and summer school. I hope to make one trip to Memphis, Tennessee and one to Scottsdale, Arizona.

I will be attending summer school at Arizona State University in Tempe, Arizona and shall continue my schooling there this fall, also."

J. L. Witten planned to do some graduate work at West Texas State University and is at the present time conducting evening classes in shorthand and typing for adults at the high school building.

Mrs. Fay Reeve, a farm homemaker, wrote: "I am look-

ing forward to being at home this summer and doing the things I don't have time to do during the school months.

I also hope to take a vacation with my family some time during the summer."

Mrs. Ruth Carter outlined her plans as follows: "Most of my summer time will be spent at home. I will probably do some canning and food freezing. A vacation to California is also being planned.

Some time before the fall term begins I plan to attend a workshop at Eastern New Mexico University or West Texas State."

Mr. and Mrs. Skipper McNeal, who were here last year, have moved to Oklahoma, but Mrs. McNeal made the following report before they left: "We plan to make our home in Ada, Oklahoma this summer.

Skipper will be attending East Central State College where he will be doing work on his master's degree. I plan to stay home this summer and will spend most of my time reading and sewing.

This fall we will move to Fort Worth and Skipper will begin his seminary work."

Mrs. Lois Miller included schooling in her plan. She wrote: "I plan to spend the summer attending school at West Texas State University working on my master's degree."

John Morrow, one of the newest teachers in the system, wrote: "My wife and I plan to spend the summer in Friona."

Wayne Hodgson planned to spend the summer in Friona but didn't have anything definitely outlined.

Mrs. H. E. Barnett outlined her plans for summer activities as follows: "No definite plans have been made for summer as yet. Part of my time will be spent with my "boy" in other words, my grandson, who lives in Fort Worth.

Tentative plans are also being made to spend some time on a boat in Canada fishing."

Robert Taylor, junior high coach, who resigned before the close of school, wrote the following: "Even though I do not plan to be in Friona next year, I do plan to spend most of the summer here.

I'm going to commute to WSU and try to complete work on my master's degree. Then I'm going to try to find an administrative position in a community in which I will enjoy living as much as I have enjoyed Friona the past four years. This will certainly be no easy task."

Tom Jarboe, junior high principal, reported, "I will spend most of the summer teaching driver education and working at Hurst's. I certainly hope to find some time to spend golfing, fishing and working in the yard.

I am also looking forward to spending more time with my son, Jay, than I have been able to spend. Then our family would like to be able to work a short vacation into the summer's activities."

PICKUP HIT . . . A pickup truck owned by Joe Moyer was struck last Tuesday as it was parked in front of Moyer's residence. A car driven by Richard Fortenberry hit the back of the pickup, knocking three wheels of the pickup over the curb. The pickup had slight damage, but the front end of the car was heavily damaged.

The Texas Safety Association urges Texas drivers to display courtesy to tourists in our state. Many of them will be driving on our streets and highways for the first time and frequently slow down in traffic to check road signs and street markings. Be patient and courteous to these drivers - you may be traveling in their state some day and need the same kind of courtesy.

The population of Texas is about 10 million persons. Approximately one-half of this number are licensed drivers. So, the Texas Safety Association says, remember, you are not the only driver on the road. Drive the best you can and respect the rights of other drivers.

Some species of wasps live in social groups while others lead a solitary way of life.

Colorado is called the Centennial State because it was admitted to the Union in 1876, the 100th anniversary of American Independence.

BUCK GARNER

Former Friona Man Dies In Amarillo

Marshall R. (Buck) Garner, 62, a Friona blacksmith for 10 years, died of a heart attack last Friday in Amarillo.

Garner had just established a new shop in Plainview, and was on his way to Plainview with a brother-in-law, Jisc Holloway when the attack struck.

Garner moved from Friona about a year and one-half ago. He is survived by his wife, Dora, three children, Floyd of Amarillo, and daughters Mrs. Joe P. Weatherford of Dimmitt and Mrs. Gene Hunter of Arvada, Colo. Also, a stepson, Duane Truman, Amarillo. His mother, Mrs. J. R. Garner of Amarillo, also survives, as well as 12 grandchildren.

Brothers surviving are Wendell H. Garner, Amarillo; Jack C. Garner, Los Angeles; and Dick Garner, Plainview, and a sister, Mrs. Jisc Holloway, of Amarillo.

Keith and Wendell Garner, both nephews, and Mrs. D. T. King, a niece, live in the Friona area.

Mrs. Ted Prosser, a sister, resides with the Kings.

Funeral services were conducted at N. S. Griggs and Son chapel in Amarillo Monday afternoon.

Bill Sheehan and Smiley Fulk of Friona served as pall bearers.

The boating season is here again. And good manners and common sense can prevent most of the accidents that have marred past years. The American Medical Association offers some simple rules: Don't overload the boat; have life preservers for each occupant; don't stand up or change seats in a small boat while underway; keep a watchful eye out for other boats, swimmers and fishermen, and give all a comfortable wide berth.

Cash dividend payments by companies listed on the New York Stock Exchange topped \$5 billion during the first quarter of this year. That was an 8.8 per cent increase over disbursements made by the same companies in the equivalent period of 1963 and represented a new record. It also was the 22nd consecutive year in which first quarter dividends reached a new high.

Estimated federal defense spending for fiscal 1965 will mark a 35 per cent increase over 1955. By way of contrast, other federal spending has increased 128 per cent in the same 10 year period.

Samuel F. B. Morse, inventor of the telegraph, was a painter and sculptor before he became interested in electrical experiments.

Research Proves "Topping" Profitable

Research results from mechanical topping of semi-open boll varieties of cotton indicate that the practice can be profitable to cotton producers in the High Plains of Texas, according to James Valliant, Water Engineer at the High Plains Research Foundation. Increases in net returns have approached 50 dollars per acre when compared to standard grown stormproof varieties of cotton.

The staple length was increased by topping, which may help expand the cotton market of the High Plains. Fertilizer response was increased when the cotton was topped. Other benefits obtained from mechanical topping are the elimination of the top foliage and small immature bolls which furnished food and shelter for insects. There is also uniform crop height for harvest.

Research tests indicate that topping of stormproof cotton is not considered profitable, Valliant said. Details of the cotton topping results on Gregg, Lock-

Members of the First Legislature of the State of Texas were paid three dollars per diem for attendance and three dollars for each 25 miles traveled to and from the capital.

Early Greek literature reveals little about the practical techniques of manufacturer, since Greek citizens did not engage in work and non-citizens were ignored in contemporary literature.

HAPPY BAZE . . . S. D. Batze grins broadly as he crosses home plate after socking a three-run home run against Tulla here Monday. The blow turned out to be the winner margin in

the Friona American Legion team's 14-11 win. Batze is congratulated by his team members as he crosses the plate.

AFTERNOON CONTEST

Legion Team Is Host To Nazareth Saturday

Friona's American Legion baseball team, with a 3-3 league record, will play two games this weekend, at Nazareth Friday night, and here Saturday afternoon (July 4) in a game beginning at 2:30 p. m.

The Friday game is a make-up of a contest rained out early in June. The local nine kept its record in league play even during the past week, dropping a 6-5 contest to Hereford at Hereford Saturday, and then outlasting Tulla, 14-11 in a game here Monday.

In the Hereford game, Friona took a 2-0 lead in the top of the first inning. Eldon Long walked, and after two were out, S. D. Batze socked a home run. Hereford grabbed the lead, however, with three runs in their half of the inning.

In the second, Danny Carmichael walked, and was brought home by Danny Batze's single, to tie the score.

Hereford took a 4-3 lead in the bottom of the third, scoring a run on two singles. The Whites-faces added a run in the fifth, on three singles.

Friona once again tied the score in the top of the sixth as Ronnie Brookfield singled and S. D. Batze powered his second home run of the game, making the count 5-5.

However, Hereford came back with the tie-breaking run in the bottom of the sixth. Jackie Clark singled to open Friona's seventh, but the tying run died at second. Friona jumped off to a 10-2 lead in their contest against Tulla Monday, then had to stave off a late-inning Tulla rally for the win.

The locals grabbed five runs in the first inning, helped along by three Tulla errors. Danny Batze singled, Gene Weatherly singled, and Jackie Clark doubled to spark the outburst.

Friona added five more runs in the second. Gene Pruitt and Danny Batze walked, S. D. Batze reached base on a fielder's choice. Gary Renner singled home a run, and then Clark drove home a pair of runs with a home run.

Tulla countered for single runs in the first and second, and three in the third off Friona starter Gene Weatherly. Friona made its lead 11-4 in the bottom of the third, on back-to-back doubles by Weatherly and S. D. Batze.

Three insurance runs were added by the Friona crew in the fifth. Danny Batze singled, Weatherly doubled and S. D. Batze hit a towering three-run homer over the left-field fence.

Tulla batted around in the sixth inning, and S. D. Batze was called upon to get the third out. He also pitched the seventh and retired the side without any more scoring. Tulla picked up six runs in the sixth, to cut Friona's winning margin to 14-11.

Ted Renner Enrolled In Baseball Camp

Ted Renner of Friona is currently enrolled in the second session of the West Texas Baseball Camp at Lubbock Christian College, Lubbock, under the direction of Monterey High School's Bobby Moegle.

"We're quite pleased with the second session turnout," explained Moegle. We had 46 for the first session and have approximately 41 for this one."

All phases of baseball instruction are being covered in the two-a-day workouts. Players are divided by position for the morning work and then work by age groups in the afternoon. Assisting Moegle with the baseball instruction are Kal Segrist, former New York Yankee; Earl Parker, head baseball coach at Lubbock High; Bill Dean, local Colt League coach for nine seasons; and

Doug Gibbins, freshman baseball coach at Texas Tech.

Over-all camp director is Dr. Herman Segrest, who supervises recreational activities in the huge LCC Fieldhouse. Inside the fieldhouse boys may participate in ping pong, badminton, tennis, volleyball, basketball, track and trampoline work. A tournament by age groups is conducted in each of these sports with the winners being awarded trophies.

Renner, son of Mr. and Mrs. John Renner, will be a freshman in Friona High School this fall.

WIN A BICYCLE FROM WESTERN AUTO

INTERMEDIATE LEAGUE

Star-Hurst Pulls Upset Win Over McCaslin, 11-10

Friona Star-Hurst Department Store pulled the upset of the week in the Intermediate League on Monday, topping previously unbeaten McCaslin Lumber Company, 11-10, and knocking McCaslin from the league lead.

The loss by McCaslin allowed Friona State Bank and Brookfield Drilling to move into a first-place tie. Both have 3-1 season records, compared to 2-1 for McCaslin.

Star-Hurst came up with five big runs in the fifth inning, and had two runs in each of the fourth, two in each of the sixth and seventh in winning the extra-inning scoring duel from McCaslin.

Danny Kendrick, who singled in the first extra inning, scored the winning run. Kendrick and Ronnie Meason pitched for the winners. Billy Ross Procter and David McFarland hurled for McCaslin.

Kendrick had three hits, including two doubles, to lead the Star-Hurst attack. Richard Dickson had two hits for McCaslin.

In other action during the week, both Brookfield Drilling and Friona State Bank posted wins to forge into a first-place tie. Brookfield downed Friona Drilling, 12-2 on Monday, after the Bank had edged Reeve Chevrolet, 8-4 on Friday.

Brookfield came up with six runs in a big sixth inning to dump Friona Drilling, 12-2 on the 10-run rule. The score was 6-2 going into the bottom of the sixth, and with two out, six straight Brookfield players reached base and eventually scored.

Leading the Brookfield attack were Ray Peace and Jeff Price with two hits each. Price was the winning pitcher. Singles by Price, Roger Dorrell and Zane McVey spraked the winners' big sixth inning.

In last Friday's game, Friona State Bank scored four runs in the top of the fifth to break a 4-4 tie, and went on to down Reeve Chevrolet, 8-4.

Winning pitcher Grant Dukes started the fifth-inning rally for the Bank, with a double. Bill Bailey and James Weatherly also doubled before the inning was over. Butch Watkins had two hits in two official trips for the winners.

Dukes pitched a four-hitter and struck out nine men.

None Unbeaten In Pony League-Motormen Fall

Hub Grain knocked Friona Motors from the unbeaten ranks Tuesday night, with an 8-5 Pony League victory at Reeve Field.

Johnny Barker went the distance for the winners, and was touched for six hits, Hub Grain scored two runs in each of the third, fourth and sixth innings. Mike Dukes had two hits to lead the hitting attack.

In other Pony League games the past week, Herring Implement scored an 11-0 victory over Charles Oil of Bovina, and Friona Motors topped Sherry Grain at Bovina, 8-4. Both of these games were played on Saturday.

Tuesday's game saw each team score once in the first inning. Hub Grain tallied two in the third on a double by Jim Grimsley, a walk and a single by Johnny Claborn. They added two more in the fourth, aided by singles from Mike Smith and Billy Burton.

The winners salted the game away in the sixth with two more runs, with Brian Jameson's single being the only hit of the rally.

Larry Graves and Bobby Jordan pitched for Friona Motors. Herring used errors and bases on balls to good advantage

in blasting Charles Oil, 11-0. Danny Baize set down the others on just two hits, and struck out 17 men in the process.

James Schlenker led Herring's hitting attack with two singles. Herring scored five runs in the sixth on hits by Randy Baize, Danny Baize, a walk and three errors.

Don Ready pitched Friona Motors to its third win last Saturday at Bovina, as Sherry Grain fell, 8-4.

MABLETON, GA., MAIL: "The Administration's war on poverty should not blind us to the need for another assault -- an all-out war on federal prodigality. Wasteful spending of taxpayers' funds is the arch enemy of national well-being and we strongly recommend that the Congress mount a hard-hitting, unrelenting campaign to rout it."

Probably the first incendiary weapon was invented by ancient Romans who mixed brimstone with tar, rosin, bitumen, or similar combustible materials.

McMURRY ADDED

Raiders Complete 1964-65 Cage Slate

McMurry College has been signed by Texas Tech to complete the Red Raiders' 1964-65 basketball schedule.

McMurry's Indians open the Texas Tech slate in the Lubbock Coliseum Dec. 2. Other non-conference games this season will be with New Mexico, Arizona, Wyoming, Oklahoma, Nebraska, Colorado, the Phillips 66ers and two foes in the Sugar Bowl tournament. Other

teams in the New Orleans classic are Georgia Tech, Vanderbilt, and Louisville.

Only One Team Left Unbeaten

Ethridge-Spring has emerged as the only unbeaten team in Friona's baseball program after games of last week.

Winning over the B-J Bees 9-8 gave Ethridge-Spring a 3-0 record as leaders of the Pee Wee League.

Jackie Batnum and James Sims pitched for the winners. Sims also socked a home run. Randy Terry pitched for the B-J Bees.

In a game last Friday, Batnum Butane scored its first win of the year, 14-2 over the B-J Bees. Oberlin DeLeon pitched for Batnum, and Willie Bailey hurled for B-J.

Batnum and Ethridge-Spring meet in a Friday game.

BIG BIG POWER

For High Speed Farming

110 HORSE POWER

Hydraulic Power Brakes: It's amazing how easy it is to apply 110 brakes on this big tractor. Self-aligning, self-equalizing for high-way travel. Work when engine is shut off.

Hydraulic Power Steering: Fingertip ease plus safe, sure control. Road shock is reduced to the minimum because there is no mechanical linkage between steering wheel and front wheels.

Power Shift TA: Gets the job done faster because you shift on-the-go in 45% more pull power. No need to throttle down in deceleration. Automatic braking with engine power, too.

23" Axles: Extra large diameter for extra strength. Built-in integral axle key does away with key grooves.

Let's Go Fishin'
BY BOB BREWSTER
Outdoor Editor, Mercury Outdoors

THE MAGNUM LINES
When you "gotta go deep" nothing beats a metal line. The use of solid and braided wire lines for deepwater trolling seems to be a neglected phase of fishing except in northern areas for lake trout and around certain southern impoundments for catfish. Yet metal lines can figure prominently in the angling schemes of almost anyone who trails a bottom thumper behind a boat, comment the Mercury fishing authorities. In depths of up to 20 feet, and where fish-finding is the primary purpose, regular spinning or casting gear performs satisfactorily. Below 20 feet, however, monofilament's natural buoyancy becomes a handicap—both because it bellies far out and down, and because its elasticity causes many missed strikes. When the depth ranges from 20 to 60 feet, the use of a length of rapid-sinking wire attached to monofilament is suggested. Generally 15 to 30 feet will do the job. Many trollers prefer to tie on wire slightly longer than the depth to be fished; should the lure hang up, there is no splicing of lines which might part when shaking the plug free. Below 60 feet, all-metal line is recommended. Monel lines can be obtained in both solid and braided styles. While the braided is more pliable, it tends to trap tiny air bubbles among the strands and become slightly buoyant. They cost about 2 1/2 times as much as solid wire. For best results, the Mercury folks suggest obtaining a large capacity, single-action reel and a short, stiff boat rod. The reel may appear old-fashioned, but its narrow width keeps the springy metal line under control. Total cost for a complete rig runs about \$15. Such tackle and tactics may seem unsporting. But when bass or 'bows, pike or pickerel, are deep, little short of a window sash weight will stretch down to the required depths... except, of course, wire lines.
