It Depends on How You Look At It!

We are making a public apology. We were not asked to do so. An error was called to our attention, and the apology is the result!

We feel that we could do no less. We don't know how we could do more!

The error occurred in a letter written concerning a valuation placed on a piece of property in Sanderson and it was the result of simply using the wrong fraction in computing the figure. We have corrected the error to the addressee of the letter.

There has been a lot of changing in our vocabulary - or efforts to do so, since the efforts to deny the difference - under some circumstances - between males and females - if I am permitted to use those designations.

The words "chairperson", and "committeeperson", for example, are used in some circles. And there are those who like the designation, and some who don't.

We got to thinking about another word that has not been touched yet by "women libbers" - cowboy. And another one that has escaped is "cowgirl".

If and when both are known as "cowperson", there is going to be some difficulty, we feel. The term is almost degrading, and leaves a lot to be desired from the standpoint of the one so named.

We doubt the words will catch on, but it gives us something to write about!

Terrell County is not the only place that is having problems connected with the up-coming election - or attached to an election just past! Other towns and counties in the state are having similar problems, or problems of a different nature!

But the most common problem that we see in other places is the question of residence, either of candidates or voters! Uvalde, Del Rio, San Antonio, Dallas, just to name a few -- and we get papers regularly from those towns and keep up - to some degree with what's going on!

Some residents here might think that this is a new problem here. It's not! The Terrell County Commissioners' Court set some kind of a precedent here not too many years ago in calling for the resignation of a sheriff who was not a resident of Terrell County because his family moved out of the county. The resignation came because the sheriff had reasons for not moving his family back to Terrell County.

Maybe there are no similar circumstances! Maybe there are! It just depends on how you continued to second page

Harrison To Lead Aggie Bands

Brad Harrison of Sanderson, Hal Richards of Garland, and Burton Owens of Channelview, have been named Texas Aggie Band drum majors for 1974-75.

Harrison will be head drum major. Richards and Owens will be drum majors of the Maroon and White Bands, respectively.

The trio will be responsible for the movement of the 300 member Aggie Band, from march-ins and football half-time drills to reviews, parades, and other marching appearances of the band.

They were chosen after band hall and on-field try-outs by a committee composed of Maj. Joe Haney, director, Lt. Joe McMullen, associate director, and bandmen.

Harrison, Richards, and Owens will raise Aggie Band

drum major batons the first time at the May 11 final review. They will officially assume the positions next fall.

As head drum major, Harrison will be a cadet major in the Corps of Cadets. Owens and Richards will wear the rank of cadet captains. They will become a part of the combined band staff, headed next year by Band Commander Jon Bullock of Houston.

Harrison, an agricultural engineering major, is drum and bugle corps sergeant. He is the son of Mr. and Mrs. Felix Harrison and a 1971 Sanderson High School graduate. He also is a member of the Ross Volunteers, elite honor military unit; the American Society of Agricultural Engineers, and Phi Eta Sigma, freshman honor society.

Owens is a journalism major and White Band athletic sergeant this year. Richards majors in political science and is band supply sergeant.

W. A. Banner, 76, Pioneer Rancher, Buried Saturday

William A. Banner, 76, died Thursday afternoon in an Alpine hospital where he had been a patient for the past two weeks.

Funeral services were in St. James Catholic Church Saturday morning at 10:00 o'clock with Rev. John Pierce officiating. Burial was in Cedar Grove Cemetery under the direction of the Geeslin Funeral Home of Alpine.

Pallbearers were Clarence Jessup, W.G. Downie, Pres Escamilla, Mike Wood, S.H. Underwood, James Caroline, R.S. Wilkinson, and Charles Hale of Ozona.

He was born in Stanton on February 9, 1898, the son of the late Mr. and Mrs. William Jacob Banner, and came to Terrell County in 1900.

He was married to Blanche Thomas in Sanderson on December 24, 1918. Until nine years ago when they moved to Sanderson on account of his failing health, they had resided on the ranch in the eastern part of the county near the Pecos River.

He was a veteran of World War I and had been a member of the American Legion for over 50 years. Banner was an avid baseball fan, having played on and managed several teams made up in this area, and was a scout for the St. Louis Cardinals for several years.

Besides his wife, he is survived by a daughter, Mrs. G. W. (Curly) Kyle; a sister, Mrs. Jerry Bell; three grandchildren, and four great-grandchildren.

Mr. and Mrs. Don Deaton and Mr. and Mrs. Jackie Deaton, all of Dallas, visited here for several days last week with their parents, Mr. and Mrs. Jack Deaton.

Absentee Voting Started Monday

Absentee voting for the Democratic Primary began Monday of this week in the office of County Clerk Ruel Adams during the regular office hours.

Voters must put an "X" in the box by the candidate of their choice in each of the offices listed, even if there is no opposition for a post or office. Scratch out the candidates for whom a voter is voting "against" is no longer the proper way to mark a ballot, according to information received.

Also included on the ballot is a referendum vote "for or against pari-mutuel betting on horse races by local option". This vote is only to secure opinions of voters and may or may not be reflected in action of the legislature.

Students attending Angelo State University who were here for the Easter holidays were: Blain Chriesman, Brenda Carter, Barbara Brown, and Jane Fisher. Steve Litton went to Stonewall and Miss Nancy Harkins went to Padre Island with a friend.

The dance program of Miss Sybil McKee (Mrs. W.H. Savage) is printed below. The front side was printed last week. The men "reserved" certain dances with certain young ladies, the name of the tune is printed at the left and the kind of tune (as some dancers were better at one kind of dance - they thought!). Some familiar names for some readers: Will Savage, Sambo Harrell, G.J. Henshaw (who also signed for the first dance as "George Washington") Max Bogusch, Lewis Lemons, Fred Yeates, and Theo Peace. The dance was at the air base near the site of the new home of Mr. and Mrs. John Whistler III. Mrs. Savage loaned the program.

Special Services In Spanish at Church of Christ

The members of the local congregation of the Mexican Church of Christ are having a series of special services on Friday, Saturday, and Sunday, April 26-28, with Burl Brockman of Fort Stockton bringing the sermons in Spanish.

Evening services will be at the local Church of Christ at 7:00 p.m. and the Sunday morning service will be at 10:30. A cordial invitation is being extended to everyone to attend.

Rev. and Mrs. Paul Tatum and Jill returned home Friday from a week's vacation spent in camping and sight-seeing in the Big Bend Park, Balmorhea, and other points of interest in this area. Jan Tatum visited friends in Corpus Christi.

look at it. And at about the same time there was a question of residence qualifications concerning a candidate for district attorney and he was disqualified because he did not meet the residential requirements. But maybe things were not the same, or maybe not even similar.

But the question has come up before, and there have been some decisions made before.

The more we use this heading and the idea, the more we like it. One reason is, it leaves room for disagreement without clash. The object assumes a different shape if you cover up either end of the whole, or either prong, but when you see the whole thing, you see something that defies belief and maybe even description.

And that's the way our own opinions are at times, we do not always see the whole thing, and when we do, it is difficult for us to believe, and when we don't see all of it, we just don't have all of the picture!

Nat'l Library Week To Be April 2-27

National Library week is April 21-27. The theme to be observed over the nation this year during the special week is: "Grow With Books -- Get It All Together At Your Library".

The theme for the state observance is: "Your Library Is An Warehouse of Information".

Mrs. Irvin Robbins, local librarian, announced that there would be no fines assessed for the return of overdue books returned during the special week and asked that every local user of the facility check their bookshelves to be sure that they have not forgotten to turn in any books.

A sidewalk book sale is also planned during the special week, and an art exhibit at the library of the works of local students of Lucio "Roscoe" Orzco.

The week is the focal point of long-range year-round program to help build a reading nation and to spur use and improvement of libraries of all kinds, according to the executive director's organization's handbook for National Library Week.

The program approaches the task of awakening under-

standing by trying to do three basic things: inspire, inform, and involve, says the report. People must first be aroused and made aware of their need for reading for information, and continuing self-education. They must be encouraged to believe that what they learn and think and contribute has meaning not only for themselves, but for their communities and nation, and they must be informed that libraries can and should be able to offer them a range of knowledge.

Miss Nelda Kay Sudduth and her grandmother, Mrs. H.D. Price, both of San Antonio, were visitors for four days last week with Miss Sudduth's parents, Mr. and Mrs. O.T. Sudduth.

Joe Sullivan, a candidate for U.S. Congress in the 21st District, with his two sons, was in Sanderson campaigning Monday.

Two SHS Grads Honored at ASU

Two students at Angelo State University, who were honored during the University's 7th annual Academic Excellence and Honors Program included two graduates of Sanderson High School.

Miss Barbara Brown and Miss Candace Cooksey were the two who were honored.

Miss Brown, a senior English major, received recognition for scholarship. A 1970 graduate of Sanderson High School, she is the daughter of Mr. and Mrs. Herbert Brown.

Miss Cooksey, a senior journalism major, received recognition for leadership. A 1970 graduate of Sanderson High School, she is the daughter of Mr. and Mrs. Bill C. Cooksey of Odessa, former residents of Sanderson.

Recognition for scholarship is given to juniors and seniors who have maintained at least a 3.25 grade point average throughout their university work and who have been nominated by the departments in which they are majoring.

Recognition for achievement and leadership is given those students who have outstanding contributions to their departments and who have maintained a 2.50 or better grade point average.

A reception for the honorees and their families was held following the program.

W. F. 'Pete' Frazor, Former Resident, Dies In El Paso

Wilbur F. (Pete) Frazor, 71, of El Paso died about noon Tuesday after a long period of failing health.

Funeral services were in Mountinside Methodist Church there Thursday afternoon and the body was flown to San Antonio for interment Friday afternoon following graveside Masonic rites.

He was born in Gonzales in 1902 and was married to Mary York in New Braunfels in 1923. After a long residence here they moved to El Paso in 1964 when he retired on account of ill health.

He was a yardmaster for the Southern Pacific Railroad.

Besides his wife, he is survived by a son, Don R. Frazor of San Antonio and a daughter, Mrs. David R. Grice of Atlanta, Ga.; four grandchildren, Dick and Missy Frazor of San Antonio, John and Charlotte Grice of Atlanta, Ga.; two brothers, C.D. and M.L. Frazor of San Antonio; two sisters, Mrs. Lillie May Storman of San Antonio and Mrs. Marie Wentzel of Corpus Christi.

The Frazors operated the Club Cafe at the present site of Terrell County Sales & Service, for a short time.

Mr. and Mrs. Dick Sullivan and Hanna made a business trip to San Angelo last week.

Mrs. Susan Gurley McBee was in Sanderson Tuesday in behalf of her campaign for state representative of this district. She was enroute to Alpine.

Historical Group Receives Awards

The Terrell County Historical Survey Committee held its regular monthly meeting Monday night in the Terrell County Public Library. Those in attendance were Frank Green, Jerry Wenmohs, and Mmes. C.C. Mitchell, W.H. Grigsby, W.H. Savage, A.H. Zuberhueler, and E.E. Farley. The meeting was opened with the reading and approval of the minutes of the previous meeting, and the treasurer's report, which included a statement that \$15.00 had been received as memorials during April.

Mrs. Grigsby read a letter from the State Historical Society, concerning the Distinguished Service Awards. The report deals with the various work that is carried on by the County Historical Societies on a state-wide basis. These works include items such as speeches and programs made, historical tours taken, dedication markers sponsored, and other related items of historical interest. The Terrell County Historical Survey Committee had a total of three Distinguished Service Awards, which were: two programs conducted and one dedication marker sponsored.

Mrs. Grigsby then read a communication concerning county landmarks and stated that the probable sites which are in Terrell County and which could be marked need to be turned into the state no later than June 1, 1974. The committee is presently discussing which items should

be designated as historical sites and it is hoped that they can be decided upon and reported before the deadline.

The only committee report heard was that of the place-mats project. It is planned to sell the place-mats as a fund-raising effort. The mat will consist of a map of Terrell County having the major draws and canyons named on it, as well as the plant and animal life of the county. Work is progressing and the map is nearly complete, and expected to be ready for the printer by the next meeting, and available for distribution by July.

The date for the next meeting was set for May 20 at 7:30 p.m. in the library. Anyone who is interested in the operation of the committee is urged to attend these meetings and learn firsthand what the committee is doing to help preserve the history of Terrell County.

Miss Smith and her fiance are students at San Angelo State University.

Legion Auxiliary Meeting Last Week

The regular monthly business meeting of the Legion Auxiliary last Tuesday evening in the Legion hall was opened with prayer by Mrs. L.H. Gilbreath, chaplain pro tem, with Mrs. Dalton Hogg presiding.

A report was given that the louvered door and the canopy at the repose room had been installed; also two broken windows in the hall had been replaced and protective screens put on. The group voted to send the second girl to Bluebonnet Girls' State if the quota was not filled by April 15, also to buy some more folding chairs for the hall.

After adjournment, the hostesses, Mrs. Greene Cooke and Mrs. Ruby McSparran, served German's Chocolate cake, lime sherbet punch, coffee, and mixed nuts.

Also present were Mmes. Mark Duncan, A.C. Garner, C.P. Peavy, W.H. Savage, and Ruth Geaslin.

Mrs. Charles Brown of San Antonio is visiting her cousin Mrs. Peggy Sullivan.

Mrs. Bob Henderson and son, Mike, of Del Rio visited here for several days with her parents, Mr. and Mrs. W.H. Dishman.

Mr. and Mrs. C.D. Perkins of Baytown visited her mother, Mrs. Ruby Frazier, last week.

Mr. and Mrs. Brucks Bader of Houston were weekend visitors with her parents, Mr. and Mrs. F.M. Wood, and family.

Mr. and Mrs. Pablo Ochoa Jr. of Austin were weekend visitors here and assisted his mother, Mrs. Josefa Ochoa, and his sisters, Misses Aurora and Ofelia Ochoa, in moving to Austin where they will

have a new mobile home located near the Pablo Ochoas. Mr. and Mrs. Pablo Ochoa III of Alpine joined them here for the visit.

Track Teams At Practice Meets

Steve Burleson took the Sanderson High School regional qualifiers in track - with the exception of Ricky Marquez - to Mason Friday last week for competition with other regional qualifiers of the state or area.

Bill Mott won the discus with a throw of 144'8".

The mile relay team - Kevin Phillips, Robert Kline, Chrisman, and Bernie Castro (substituting for Ricky Marquez), placed 6th.

Phillips was 4th in the 440-yard run; and 6th in the 220-yard run.

Sanderson placed 8th in team totals, finishing behind Hamlin, Rule, Rankin, Breckenridge, Sonora, Paducah, and Cisco.

Track Coach Willie Myers and Ricky Marquez were in Austin for the Texas Relays, competing there against the best in the state in all classes. Marquez qualified for the finals by placing second in his heat and the third-best time in qualifying runs: 4:23.

In the mile finals for high school boys at the Texas Relays, Marquez was one of 16 competitors and the only Class A school runner in the event. He came in 7th with a time of 4:23.7.

The best time in the race was 4:16., according to Marquez.

Marquez stated that the experience of this competition was most helpful to him, because even though he was started in the inside lane, he was boxed in with no running room which he felt kept him from running a better race.

There was nothing at stake in the Texas Relays or the meet at Mason, only to give experience and a stiffer competition to all of the contestants who had won the regional berths in their respective events.

Coach Myers and Marquez spent the night going and coming with his parents at Brady and his family accompanied him on the trip.

TSTA Offers Advantages of Region Office

A new source of assistance to teachers in Terrell County on school-related problems is now available from the newly established Region 3 office of the Texas State Teachers Association.

Terrell County will be served by the regional office at Abilene with Mrs. Jewell Harris as regional consultant to teachers in the area.

In the past, TSTA field representatives have operated solely out of the Austin headquarters office. This office will continue to serve members on a statewide basis.

Functions of the local office at Abilene, which will serve a 46-county area, will be to coordinate programs, supply information, help TSTA local associations with member services and benefits and assist in workshops.

Mr. and Mrs. Roger Rose returned home Tuesday from Corpus Christi where they had visited with their daughter, Mrs. Don Barber, and family.

The People Called Methodists

What sort of folks are they? Well John Wesley, the founder of Methodism has said, "A Methodist is one who has the love of God shed abroad in his heart by the Holy Ghost given unto him. - His heart is full of love to all mankind and is purified from envy, wrath, malice, and every unkind affection. His one desire is not to do his own will but the will of Him who sent him. - He follows not the customs of the world, for vice does not lose its nature through becoming fashionable. - He can no more speak evil of his neighbor than he can lie. He cannot utter unkind or evil words. He does good unto all men, unto neighbors, strangers, friends, and enemies. These are the principles and practices of our sect. These are the marks of a true Methodist. By these alone do Methodists desire to be distinguished from all other men."

This is the ideal which like a beckoning light John Wesley set before the eyes of the people called Methodists. In your community you will find a group of people who know their imperfections but who are striving to attain these goals of the Christian life. They meet at the United Methodist Church each Sunday. Why don't you look in on them this Sunday. You will find a friendly welcome and a warm hearted fellowship.

Clean Yards Noted In Local Effort By Science Class

The Sanderson Junior High School science classes have announced the winners of the clean-up campaign as follows:

The best kept yard: Irvin Grigsby, Mrs. Jim Kerr.

Most-improved yard: the courthouse, first; the Terrell County Public Library, second.

Mrs. Charles Stavley, Mrs. Eutimio Rodriguez, and Jerry Wenmohs were the judges.

The science class expressed their appreciation to everyone who cooperated, especially those who gave contributions. They stated that the cooperation of the residents was good but hoped that in the future there would be more cooperation.

EASTER SUNRISE SERVICE HELD AT SCHOOL SUNDAY

The community's Easter sunrise service was at the elementary school Sunday morning, starting at 6:30.

The early time was to permit members of the St. James Catholic Church to attend the service and also attend the regular 8:30 mass. Rev. John Pierce, priest at the church, was also a participant in the leading of the sunrise service.

The offering taken semi-annually for the indigent and needy fund for transients going through Sanderson, to take some of the load off of the local ministers, amounted to \$43.75.

About Your Social Security

People who earned over \$2100 in 1973 and got one or more monthly social security retirement or survivors checks must submit an annual report of their earnings to social security by April 15, according to the social security office in Odessa.

The report shows how much was earned in wages and self-employment income last year by people who got social security payments -- as well as how much they expect to earn this year.

"The report will be used to determine if people were paid the correct amount of social security benefits for 1973, and to adjust their monthly social security payments for 1974 according to their estimated earnings," officials stated.

Full social security benefits could be paid to eligible people in 1973 if they earned \$2100 or less for the year. No matter how much they earned for the year, they could be paid their full social security benefits for any month they earned \$175 or less and didn't do substantial work in their own business.

For 1974, the figures are \$2400 for the year and \$200 a month.

The annual earnings report should not include income from other retirement plans, dividends, rent, or sale of property unless the income was received by a real estate dealer.

It was also revealed that people who file an annual report late or don't file one that's due may be penalized. A penalty means loss of social security benefits.

People who were over 72 in all months of 1973 do not need to make an annual report for social security.

Mail Registration For 18-Year-Olds Is Now Possible

Colonel Melvin N. Glantz, the State Director of Selective Service for Texas, has announced the use of "registration by mail" in Texas.

Although induction has ended, young men are still required by Federal law to register with Selective Service at age 18. Failure to register makes the young man liable for an extreme penalty of five years in prison and \$10,000 fine.

Recent reorganizations in the Selective Service System have left considerably fewer local board offices open in Texas. As a result, many registrants live a considerable distance from the nearest registration place. To make the requirement of registration more convenient for those men who are a great distance from a Selective Service Registrar, the forms for "registration by mail" will be used.

"Registration by mail" is not intended to replace the established procedure of appearing in person before a duly appointed Selective Service Registrar. It is designed only as a supplemental measure to accommodate the young man who lives so far from a place of registration that going before the Registrar would be an inconvenience.

To accomplish registration by mail, the young man can simply write to his nearest Selective Service System area office requesting the new form for registration by mail. The form will be forwarded immediately, and when completed and returned to Selective Service, the young man will have complied with the requirement of Federal Law to register with Selective Service.

Glantz said: "Since inductions have ended, many people think it is no longer necessary for young men to register, but the law still requires each young man to register within 30 days before or after his 18th birthday."

Straight From The Horse's Mouth

Every horse has six teeth above and below. Before three years old he sheds his middle teeth; at three he sheds one more on either side of the central tooth; at four he sheds two corner and last of the fore teeth. Between four and five, the horse cuts the under tusks; at five will cut the upper tusks, at which time his mouth will be complete. At six years, the grooves and hollows begin to fill up a little; at seven the grooves will be well-nigh filled, except the corner teeth, leaving little brown spots where the dark brown hollows formerly were. At eight the whole of the hollows and grooves are filled up. At nine there is very often seen a small bill to the outside corner teeth; the point of the tusk is worn off, and the part that was concave begins to fill up and become rounding; the squares of the central teeth begin to disappear, and the gums leave them small and narrow at the top.

Illegal Aliens Arrests Noted

During the morning of April 4, 1974, six Border Patrol Agents from Fort Stockton, assisted by one agent from Marfa, travelled to the rural community of Crane. In less than three hours, 68 illegal Mexicans were arrested. Sixty-seven of the aliens were adult males, employed in the well servicing and pipeline crews in the area. Considering that Crane is a town of some 3,000 people, 67 jobs taken by illegal aliens is a significant economic factor. Not only were 67 Americans denied employment, but the large percentage of the salary earned by the aliens had been sent directly to their families in Mexico, thus economically depriving the entire community of Crane.

Oscar D. Stevens, Chief Patrol Agent of the Marfa Sector Border Patrol, points out that as the illegal alien population increases, the number of American workers displaced significantly increases. During January, February, and March of 1974, 878 illegal aliens working in industry were arrested in the Marfa sector. Compared with the same period in 1973, there was almost 100% increase of aliens found while employed in agriculture; however, during the first quarter of this year, the number was only 1422, thereby supporting the evidence of more and more illegals seeking work in factories and trades, which directly decrease the job market for non-agrarian American laborers.

Mr. and Mrs. Charles Stavley and boys were in Odessa Thursday.

T.O. Moore, who was a medical patient in an Alpine hospital for several days, was brought home last Thursday night and is convalescing satisfactorily. He returned to Alpine Thursday for a check-up.

Mr. and Mrs. Greene Cooke went to Friendswood Friday for a visit with their daughters, Mrs. James Cahppee and Mrs. Brooks Hickerson, and their families for a few days. Mrs. Hickerson, who is a counselor in the Clear Lake school, was sent to New York City for a 3-day symposium, and Mrs. Cooke accompanied her on the trip. Mr. Cooke returned home Monday.

Mrs. Larry Heinatz and boys of San Angelo visited here last week with her parents, Mr. and Mrs. T.O. Moore, and her brother, T.O. Moore Jr., and family. Mr. Heinatz joined his family here for the weekend and all returned home Sunday.

Mr. and Mrs. Tommy Gray visited in Irving with her relatives during the holidays.

Tomatoes Will Thrive In Hanging Baskets

AUSTIN—Hanging baskets of tomatoes are educational, decorative and their contents taste good too.

"They are a wonderful way to teach small children who have never been near a farm to appreciate growing the food they eat," said Agriculture Commissioner John C. White.

Hanging baskets take care, White said, but there is no threat of serious insect or disease problems. Artificial sterilized soil is used and the plant, in its hanging basket, is removed from easy contamination.

Though tomatoes can be started from seed, it is best to buy young plants and transplant them. Small fruited varieties are best. They should bear fruit in 45-60 days.

The U.S. Department of Agriculture gives the following tips for a flourishing plant.

Use any container that will hold at least two quarts of potting soil. Plastic bottles or gallon-size milk containers will do. Cut the tops off if necessary and punch four or five holes in the bottom for drainage. Tie a cord or hemp bag around the container to make a hanging basket. Attach a pie pan or a commercially available drip

catcher to the bottom to keep excess water from dripping on the floor.

Use bagged potting soil, adding to each bushel of mix four ounces of pulverized dolomitic limestone, four ounces of 20 percent superphosphate and two ounces of 5-10-5 fertilizer. Mix thoroughly. Add enough water so that the soil crumbles in large masses but is not soggy.

Cover the drainage holes with coffee filters or some similar porous material to hold soil place. Line the container bottom with two inches of coarse material washed cinders, crushed rock, shredded plastic containers—to permit easy draining. Cover with a half-inch layer of a finely crushed substance. Fill container with moistened soil mix to within an inch of the top.

Hold the potted tomato plant on its side and tap gently until the soil ball and plant fall out. Remove the network of roots on the bottom of the soil ball. Place the soil ball into a freshly-dug hole and firm it into the surrounding media to insure adequate water movement and knitting in of the root system.

Place the plant wherever it will get at least six hours of direct sunlight daily. Water immediately after planting with a solution containing one-fifth the fertilizer recommended for houseplants. Wait to water again until the leaf color changes from dark to pale green and the plant begins to wilt. Each time you water—every three to seven days—wait until the plant wilts and use the same amount of water and fertilizer.

Pick off yellowing or damaged leaves. As the plant develops, remove some branches to prevent crowding and to promote development of new flowering shoots. Turn the container every week so the plant develops symmetrically and all tomatoes receive equal light.

"Your bonus for this effort will be delicious vine-ripened tomatoes," said White, "plus some new understanding of what it takes to raise them."

Mrs. L.G. Hinkle went to Abilene Wednesday and returned home Saturday bringing her mother, Mrs. Clyde Higgins, who had been visiting there with her granddaughter, Mrs. Robert Waggoner, and husband for two weeks.
