

## Arrington Statement on Air Force Announcement

Congressman Jodey Arrington (TX-19) released the following statement after Air Force Secretary Heather Wilson announced the Air Force had selected Dyess Air Force Base as the only base in the country to house both the operational test squadron and the weapons training school for the next generation bomber, the B-21 Raider.

"Having already secured the next generation bomber, the B-21 Raider, today the Air Force announced that Dyess Air Force Base will be the only base in the country to house the operational test squadron and the weapons training school for the B-21 bomber. In addition, Dyess will continue to serve as the sole training base for all B-1 pilots, as it has for decades," said Arrington.

"This selection by the United States Air Force is a testament to the quality of the airmen at Dyess and the unparalleled, award-winning support of the Abilene community. This decision not only secures the future of Dyess as a bomber base in the 21st Century, but it will also bring hundreds of new jobs and families to the Key City. Most importantly, it ensures the U.S. Air Force maintains air dominance into the future. No group of Americans believe more adamantly in the defense of this country and the mission of our military to keep us safe, strong and free than the people of West Texas." Arrington added.

## Two compete at state powerlifting championship

Juan Trejo (above) and Jeremiah Diaz (below) competed at the Powerlifting State Championship last Saturday at the Taylor County Expo Center in Abilene, Texas.

Juan was ranked #1 in Region 1 going into the meet. He finished 4th in the State of Texas in his weight class (114) with a total lift of 995 pounds (Squat: 415, Bench: 190, Deadlift: 390). The State Champion lift total in his weight class was 1070 pounds.

Jeremiah Diaz was ranked 2nd in Region 1 and finished 17th in the State of Texas in his weight class (148) with a total lift of 1065 pounds (Squat: 450, Bench: 230, Deadlift: 385). The squat and bench were personal records for Jeremiah. The State Champion lift total in his weight class was 1615 pounds.

## Three earn Feather in Your Cap honors

By APD Sgt. Carla Burr/Globe-News staff

The Amarillo Police Department recognized officers Justin Griffith, Jose Samarron, and Christina Harrison for its weekly Feather in Your Cap Friday honor.

On Jan. 6, 2019, officers were checking a residence on NE Sixth Avenue for a subject wanted for a domestic violence related aggravated assault with a deadly weapon.

The occupants who answered the door told officers neither the suspect nor the home owner, who was also the victim, were in the house. The officers asked to search the home and were denied, due to the homeowner not being there.

As Griffith and Samarron were talking with the occupants at the front door, Harrison was watching the back of the

house. Harrison saw a male subject who matched the description of the suspect exit the house and she pursued him on foot while notifying the other officers via police radio. Griffith ran to help Harrison, while Samarron stayed with the occupants of the house. Harrison was able to catch the subject and she and Samarron placed him in custody and brought him back to the residence.

The male subject was booked in jail for his aggravated assault with a deadly weapon warrant; the two occupants who answered the door were arrested for hindering apprehension of a known felon.

Because these types of assaults can sometimes result in homicides, APD and the other local law enforcement

agencies are trying to be proactive in working cases and making arrests involving serious injuries and threats that are domestic violence related.

**Editor's Note:** Jose Angel Samarron is the son of Jose Sr. and Marie Samarron of Friona. He is a 2012 graduate of Lazbuddie High School and a 2017 graduate of Wayland Baptist University with a degree in Criminal Justice and a minor in History and Spanish. Jose graduated from the Police Academy in December 2017 and has been serving as an officer with the Amarillo Police Department since graduation.

**DSEC holds 81st Annual Membership Meeting**

The Deaf Smith Electric Cooperative held its 81st Annual Membership Meeting on Tuesday, March 19th at the Hereford Bull Barn in Hereford, Texas. More than a 1,000 attendees enjoyed a catered meal of fish, chicken, and beef. The Hereford Junior ROTC presented the colors and Faith Diaz, a student at Hereford High School, sang the National Anthem. Chairman of the Board Donald Wright welcomed the crowd. All military veterans in attendance were recognized. The auditor said DSEC was strong financially with an 86% equity position and little outstanding debt. Next, Danny Hand of

Friona gave the secretary's report. DSEC President and GM Mike Veazey presented the annual Manager's Report. He said the cooperative had a really great year in 2018, and he couldn't see rates getting any lower than they were last year. He said the average cost in 2018 was 8¢/kilowatt hour, and the normal rate is around 10¢/kilowatt hour. He stressed that transmission costs are the only upward pressure on rates, and electricity prices should remain stable for 2019. Mr. Veazey also mentioned that DSEC lost around 75 utility poles during the big windstorm a couple of weeks ago,

and 52 employees worked on the repairs which included 4000 miles of transmission lines. Michael Carlson and Vick Christian were re-elected as directors with a total of 495 members voting. Deaf Smith Electric Cooperative members received capital credit refunds that totaled \$4 million dollars. DSEC employees were recognized and applauded for their outstanding service. At the conclusion of the meeting, a few lucky attendees received door prizes that totaled over \$1,500.00. Reyna Nunez won the grand prize of two Southwest Airline tickets.

## FRIONA FLASHBACKS

From the Friona Star Archives

### March 19, 2015

Texas Water Foundation, a non-profit educational organization dedicated to optimizing water use throughout the state, will convey its annual Blue Legacy Award for manufacturing companies to Cargill's Friona, Texas beef processing facility at a state capitol ceremony in Austin on March 26. Cargill's Friona plant is the only manufacturing facility receiving a 2015 award for water conservation at the "Texas Water Day at the Capitol" event. The company was nominated for the award by the High Plains Water District based in Lubbock.

### May 2, 2013

Monday April 29 a one-of-a-kind event was hosted at Hi-Pro in collaboration with Elanco and Nutra Blend. The Chew on This tour visited Friona that featured two custom built trailers, one a high-tech movie theater on wheels and the other a BBQ kitchen on wheels. The unique road show is stopping at feed mills all around the country, spreading the word about world hunger and sustainable food production.

### April 19, 2002

A call to Friona police Saturday night, April 13, brought law officers to the Friona High School parking lot where citations were issued to about a dozen teenagers for possession and consumption of alcohol. The incident happened near midnight Saturday. Officers said 30-40 teenagers were gathered at the high school parking lot, several of them from Hereford.

### March 26, 1999

Friona Police Sergeant Mike Howard shows off Friona's new drug dog, Arno. Howard spent three weeks in Louisiana training with Arno, who is also trained to find missing articles and persons and as an attack dog. Arno cost \$7,000 and was purchased through private donations.

### March 30, 1980

Friona High School got off to a good start in the Spring UIL competition on Tuesday when their contest play was named co-district champion in competition at Dimmitt. Two plays are se-

lected annually to further represent the district in UIL competition. Winning in 1980 were Friona's production of "Livin' de Life," and Muleshoe High School's "Mother Courage and Her Children."

### April 16, 1970

Jack M. Huddleston of Amarillo, spokesman for High Plains Development Corp., which plans to eventually build 102 homes in the new Lakeside Addition in Friona, said this week that the company is anxious to get started with their project. He indicated that the first homes would range from \$13,000 to \$17,000, all with garages, and would be located on Etta Avenue.

### June 7, 1962

Don and Glen Rusk are proud to announce the Grand Opening of their new restaurant, The Aztec Drive-In. This new addition to Friona is located off W. Highway 60. There will still be catering to those who wish to dine outside. However, the new restaurant features the first ever drive-up speakers in the city of Friona.

## County Commissioners allocate permanent school funds

The Parmer County Commissioners Court met in regular session on Monday, March 11th at 10:00 a.m. in the County Courtroom of the Parmer County Courthouse in Farwell, Texas. The meeting began with prayer and the Pledge of Allegiance to the American Flag and the Texas Flag.

Parmer County Commissioners allocated \$4.5 million of Permanent School Funds to the four school districts using a newly developed formula required by the State of Texas. Friona ISD will receive \$2,204,100 (48.98%), Bovina ISD will receive \$1,101,150 (24.47%), Farwell ISD will receive \$958,950 (21.31%), and Lazbudie ISD will receive \$235,800 (5.24%). The funds will be deposited as CDs in the name of each school district and will be available by request under the current expenditure rules and regulations.

The Commissioners approved the disposal of microfilm camera equipment that was being stored in the County Clerk's office. Besides being over 30 years old, the equipment was non-operational and replacement parts were no longer available.

The Court also approved a motion stating that the County Election Precincts were in compliance with the Election Code. This determination is required to be made every two years. The Court reaffirmed its right-of-way easement on County Road A1. The existence of the easement was brought to the Court's attention by the Caviness company which had recently been granted permission to purchase an adjacent one acre plot.

The Farwell ISD requested \$25,623 from the Permanent School Fund for their Ag Farm and presented their receipts to the Court. The request was approved. The Bovina ISD requested \$25,000 from the Fund for their Ag Farm and barn. Action on the request was tabled until a full accounting of the total costs could be determined.

Approval was given for compensation to be given for additional work that was needed in the Treasurer's Office after last year's election. Retired former treasurer Altha Herrington had been working in the office to help newly elected treasurer Sharon May with the transition. The Court also approved moving the April 22nd meeting

to April 29th because Sharon will be attending a training seminar.

Sheriff Randy Geris reported that he was currently housing 41 inmates and that 17 were from Castro County. The Law Enforcement Center received \$19,435.60 from Castro County to house inmates for the month of February.

In other business, the Minutes from the previous meeting were read and approved. Approval was given for payment of the accounts payables as presented by County Treasurer Sharon May. The Commissioners also reviewed the Treasurer's Report and approved the calculated payroll and disbursement for all county employees and elected officials. The next scheduled Commissioner's Court meeting is at 10:00 a.m. on Monday, April 8th.

All meetings are open to the public. The Commissioners Court reserves the right to go into Executive session at any time. Go to parmercounty.org to find meeting agendas. Information in this article is only a summary. Any questions concerning specific actions should be directed to the Court.

## Texas Weekly Fuel Update and Outlook

Texas gas prices have risen 8.3 cents per gallon in the past week, averaging \$2.40/g today, according to GasBuddy's daily survey of 13,114 stations. Gas prices in Texas are 26.3 cents per gallon higher than a month ago, yet stand 2.7 cents per gallon higher than a year ago.

According to GasBuddy price reports, the cheapest station in Texas is priced at \$2.09 today while the most expensive is \$3.19, a difference of \$1.10 per gallon. The lowest price in the state today is \$2.09 while the highest is \$3.19, a difference of \$1.10 per gallon. The cheapest price in the entire country today stands at \$1.12 while the most expensive is \$5.04, a difference of \$3.92 per gallon.

The national average price of gasoline has risen 6.5 cents per gallon in the last week, averaging \$2.62/g today. The national average is up 22.2 cents per gallon from a month ago, yet stands 2.1 cents per gallon higher than a year ago.

"Gasoline prices have increased in all fifty states in the last week as refineries continue working toward cleaner, more expensive gasoline and as oil prices have continued creeping higher," said Patrick DeHaan, head of petroleum analysis for GasBuddy. "There shouldn't be any surprises that prices continue to migrate higher given the warnings in the past few months, though that doesn't make it any easier for motorists to digest higher gas prices. Unfortunately as seasonal issues continue to weigh on markets along with higher oil prices, it's likely we'll continue to be in this pattern for at least a few more weeks."

GasBuddy is available on all mobile platforms. The app and website have the most accurate and real-time fuel prices at over 140,000 unique stations in the United States, and is the most comprehensive money-saving companion while on the road. **March Madness**

By Jeff Procter, Minister, 6th Street Church of Christ

Here we are. March Madness is in full swing. If you are a college basketball fan, you have entered the zone of brackets, busted brackets, buzzer shots and yelling at the television or cheering. Sometimes it is hard to tell the difference. Part of the draw of this tournament is the "do or die" nature of it. Sixty four teams focused on winning the next game. Sixty three of those teams will go home ending their season with a loss.

But March is maddening beyond sports. The transition to spring begins, which for us, means wind in abundance. Storms can become severe, the whole hot cold thing we

have been doing this whole year continues or not? We realize one-fourth of the year is history. Many resolutions have faded into memory and agriculture begins its yearly awakening. It came be a busy time to say the least.

A lot of life happens in March. It can easily overwhelm and often does overwhelm a few folks. So, where to turn when the madness of March shows up? Take a moment and breathe. We know that in life wind will blow, storms will come and most of us will end our season with a loss. Yet believers have a Savior who calms winds and storms and offers us eternal victory. He also has given us

of the blessing of living the first fourth of the year and shows us life can come after the cold of winter and it does. Sometimes when my focus is on the storm in my life or the loss I am facing, I lose sight of all that God is doing to show me He is still here.

It is then, that I stop to give thanks for His sustaining blessings, ask for strength for the road ahead, eyes to see the needs of others, courage to engage in life and a peace knowing we walk this journey not alone. So lean into the wind, weather the storm, overcome the loss and give Him praise in all of it, for He is our refuge in times of chaos.

**Psalm 119—Discovering Treasure**

Brett Hoyle, Pastor, First Baptist Church

Searching, looking, walking, peering ahead, behind and beside, overturning flint, scratching the dirt and a driving expectation are a huge part of hunting arrowheads. Have you ever hunted arrowheads? The joy of finding a good arrow trumps the countless steps that resulted in nothing, because discovering the treasure of a perfect, or near perfect arrowhead drowns out the dreariness of the hours looking. An arrowhead is about the closest earthly treasure I can confess to discovering, but in speaking of divine treasure, the Word of God is a vast mine that is sadly unexplored and undiscovered

in the lives of the population in general and sadly, most Christians.

Psalm 119 is the longest chapter in scripture, but it is also a cavernous treasure-trove depicting the blessings and benefits of following God's Word. One nugget is verse 11 that says, "I have stored up your word in my heart, that I might not sin against you." In your battle against temptation and sin, storing up the Word of God is a huge key to overcoming sin and living a life closer to the Lord. The Word of God stored in your heart and mind is like an upgrade to your spiritual armor, it strengthens your re-

solve, changes your mind, and infuses the powerful Word of God with His active Holy Spirit to help you overcome sin and temptation.

The problem, though, is that we often treat digging into the Bible like a salad that only a few freaky, spiritually healthy people enjoy, instead of treating it like a tender, delicious steak that will nourish your bones and your soul. As you consider getting into God's Word today, Psalm 119 might be a great place to start, and as you read through it, ask the Lord the change your heart and spiritual appetite so that you hunger for the truth in His Word.

**Llamados a Conocerle Friona Para Cristo**

By Pastor Aurelio & Cynthia Silva

Wow what an awesome time we had on Monday. We had 47 of the Seniors join us for the Senior Banquet along with Mr. & Mrs. Montana, Mrs. Berend, Mr. & Mrs. Jason Rector and Clint Mears. For us it was such a great honor to be able to serve all of these great youth. Just knowing that we were able to instill in them a word of hope and encouragement. To let them know that Jesus is the one who holds their future in his hands. To be able to share just a few hours with them and have fun listening to the music, to the word shared by Pastor Edgar Garcia from Renacer in Clovis New Mexico. And to play games with them and see them having a good time. We as a church wouldn't change it for the world. May the Lord bless each and every one of the Seniors and all of our student body in the Friona Schools. "Friona For Christ"!!!!

Wow que tiempo hermoso pasamos el Lunes. Tenemos 47 de los Seniors que nos acompañaron en el Banquete, juntamente con El Sr. Y Sra. Montana, la Sra. Berend, Sr. y Sra. Jason Rector y el Sr. Clint Mears. Para nosotros fue un gran honor de poder servir a estos gran juvenes. De saber que podimos darles una palabra de aliento, y de esperanza. De dejarlos saber que es Jesus Cristo que tiene su futuro en sus manos, De poder compartir con ellos un par de horas escuchando musica, la palabra que trajo el Pastor Edgar Garcia de Renacer en Clovis NM. De jugar unos juegos con ellos y verlos pasar un buen tiempo. Nosotros como congracion no cambiaria esto por nada en el mundo. Que El Señor les Bendiga a cada uno de los Seniors y todo los estudiantes en las escuelas de Friona. "Friona Para Cristo"!!!!

**God Moments are a Blessing**

By Teena Hughes

March is my month for physicals and checkups, so last Tuesday, I had an EKG in Lubbock. The lady doing the EKG started our conversation by saying we are the same age. Some how, some way, I started telling her the story of how I was saved. Right in the middle of the story, I told her I didn't know why I was telling her my story. She assured me it was just fine, because during the previous weekend, she had met a younger person with a story similar to mine. Then, she told me her story of how she was saved.

I don't even know the lady's name; I never asked. But, one thing for sure, we shared a "God moment" together--you know,

one of those moments where without a doubt you KNOW God is in the room orchestrating what is going on.

Her story was one that brought tears to both of our eyes, and all we could do was praise God and give Him every single bit of the glory for His saving grace and mercy. He is an amazing God, and I am so very thankful He chose me to be a part of this particular God moment.

When I started to leave, the lady told me we might not ever see each other again here on Earth, but we would see each other in Heaven some day. We hugged twice, and I left for my next appointment, knowing

God had blessed me more than words could ever say.

God really does work in mysterious ways. I could have had any number of people do my EKG, and I got this one particular lady. I do not know why or what was said that made me start telling her my story, but I did.

I just encourage you to let God surprise you with one of His moments. Surrender to Him and go with the flow, even when you don't know or understand what is going on. There is a blessing awaiting you, and you don't want to miss it. Take care, have a great week, and enjoy your God moment when it happens!!!

## Small Town Cookin' By Jeri Lynn White

### Shrimp

After the Houston stock show, our family enjoys making the quick trip down to Galveston for a few days to finish off spring break. A packing necessity is a large cooler we fill with fresh Gulf Shrimp when we come home. Then Bill furiously cleans and deveins shrimp for the next two days and fills the freezer with his rewards.

Although shrimping is foreign to those of us who live so far away from salt water, shrimp is a huge ag product in Texas. In fact, 83% of all US shrimp comes from the Texas Gulf. Americans eat an average of 4.10 pounds of shrimp per year. Shrimp are packed with essential amino acids, vitamins, and minerals. They are also a good source of protein. Twenty medium sized shrimp have about 140 calories and 25 grams

of protein.

Over one hundred species of shrimp are found throughout the world. However, the two main species that make Texas home are the brown shrimp and white shrimp. Pink shrimp can be found but not in large amounts. The brown shrimp are harvested at night in deeper waters. They can grow up to 9 inches long. They are best identified by the grooves on the top side of their head and the last segment on their tail. Their flavor is bold and hearty. White shrimp, on the other hand, are lighter and sweeter. They grow to about 8 inches and are grey in color. They are harvested in the shallow waters just off the coast.

When shopping for shrimp be sure to look for a firm and translucent shrimp. The shells should

be shiny and in tact without any damage. The shrimp should smell fresh and mild, like the ocean.

Without a trip to Galveston, it is hard to come by fresh shrimp this far north, but frozen shrimp are a nice alternative. They can be prepared just like fresh shrimp after defrosting them. In fact, the job is a little less work since you probably don't have to clean them yourself. Just remember that every time you freeze and thaw shrimp, you are diminishing its flavor and texture. It's important to thaw your shrimp the correct way as well. For a small amount of shrimp, you can defrost in the fridge overnight. For a speedier method, immerse shrimp sealed in a plastic bag in cold water. You can also thaw them in a colander under cold running water.

### Light & Lemony Scampi www.tasteofhome.com

#### Ingredients

- 1-pound uncooked shrimp (26-30 per pound)
- 8 ounces uncooked angel hair pasta
- 1 tablespoon butter
- 1 tablespoon olive oil
- 2 green onions, thinly sliced
- 4 garlic cloves, minced
- 1/2 cup reduced-sodium chicken broth
- 2 teaspoons grated lemon zest
- 3 tablespoons lemon juice
- 1/2 teaspoon freshly ground pepper
- 1/4 teaspoon salt
- 1/4 teaspoon crushed red pepper flakes
- 1/4 cup minced fresh parsley
- Grated Parmesan cheese, optional

#### Directions

Peel and devein shrimp, removing tails. Cut each shrimp lengthwise in half. Cook pasta according to package directions. In a large non-stick skillet, heat butter and oil over medium-high heat. Add shrimp, green onions and garlic; cook and stir until shrimp turn pink, 2-3 minutes. Remove from pan with a slotted spoon. Add broth, lemon zest, lemon juice, pepper, salt and pepper flakes to same pan. Bring to a boil; cook until liquid is slightly reduced, about 1 minute. Return shrimp to pan; heat through. Remove from heat. Drain pasta; divide among four bowls. Top with shrimp mixture; sprinkle with parsley. If desired, serve with cheese.

### Fried Shrimp

by Bill White

#### Ingredients

- 1 1/2 pounds uncooked shrimp with or without the tails
- 1/2 bag of Louisiana Seasoned Crispy Fish Fry seafood breading mix

#### Directions

Roll shrimp in the seafood breading mix until well coated. Deep fry shrimp at 350oF until internal temperature is 145oF and the shrimp is golden brown. Tip: The shrimp will begin to float when they are fully cooked.

## Book Shoppe News

The Friends of the Library Book Shoppe is located at 119 West 6th Street in Friona. Good quality used books are offered for one dollar a bag. The shop is open Wednesday afternoons from 3:00 p.m. until 5:30 p.m., October through May. Summer hours are Thursday mornings from 10:00 a.m. until 12:00 noon, June through September. All proceeds benefit Friends of the Library projects such as free ESL classes, summer reading programs, veterans' breakfast, scholarships and more. Books are donated by individuals or families and by the Friona Public Library. The book shop recently received a large donation of inspirational fiction and large print Reader's Digest condensed novels. Other items available include non-fiction, cookbooks and craft books, novels by popular authors, classic literature, vin-

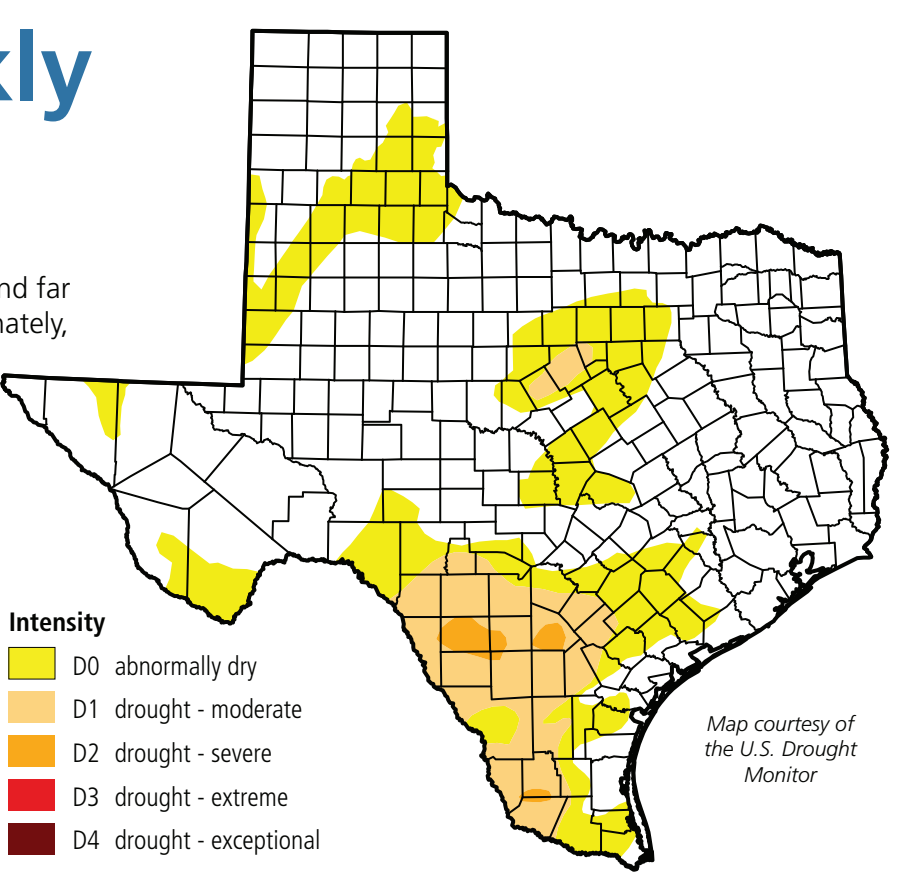

tage books for decorating, children's books, big books, and western paperbacks. All magazines and audio/visual materials are free. Other recent book shop activities include assisting the National English Honor Society with sending gift cards to a Panama City, Florida, school ravaged by Hurricane Michael and the donation of a literary basket based on Harry Potter for the Friends' main fundraiser of the year. Patrons can drop by the library to buy chances on several literary baskets or to pick up a membership form for Friends or the yearly newsletter. Apologies go to Jim Bob Jones, whose name was incorrectly stated in the newsletter. Donations of children's books and books written in Spanish are always needed. Thanks to customers, donors, and volunteers.

## Air pollution from tank fire sparks lawsuit

AUSTIN — Images of a stream of billowing dark smoke drew the nation's attention last week to a fire that engulfed 11 petrochemical storage tanks at the Intercontinental Terminals Company about 15 miles southeast of Houston in Deer Park.

On March 17, Gov. Greg Abbott ordered that all state resources be made available to local and industry officials and urged residents to heed the warnings of local officials. Governmental bodies in nearby affected areas ordered residents to shelter in place because of concerns about unhealthy air quality. Deer Park Independent School District and other districts canceled classes for several days.

The fire was extinguished on March 20. Texas Attorney General Ken Paxton on March 22 announced that his office, acting on behalf of the Texas Commission on Environmental Quality, had filed a lawsuit naming the tank storage company as the defendant. The lawsuit alleges that the fire caused air pollution from benzene, xylene, toluene and other contaminants, in violation of the Texas Clean Air Act.

In a statement accompanying the lawsuit, Paxton said, "No company can be allowed to disrupt lives and put public health and safety at risk."

The Chemical Safety Board, an independent federal agency charged with investigating industrial chemical accidents, announced March 21 that an investigation into the fire would be opened.

## Jobless rate stays low

Texas' seasonally adjusted unemployment rate held at 3.8 percent in February, according to a March 22 news release by the Texas Workforce Commission.

The Midland Metropolitan Statistical Area recorded February's lowest unemployment rate with a non-seasonally adjusted rate of 2.2 percent, followed by the Odessa at 2.7 percent and Amarillo at 2.9 percent.

Growth in the Texas economy continued in February, with 17,700 seasonally adjusted non-farm positions added over the month.

TWC Chair and Commissioner Representing Employers Ruth R. Hughs said her agency "is committed to engaging with all employers across Texas to strengthen our economy and to create and expand opportunities for all."

TWC Commissioner Representing Labor Julian Alvarez added, "To ensure positive growth, we must continue to invest in necessary training and education for subsequent generations."

## Ticketing system targeted

Photographic traffic signal enforcement systems would be banned under Senate Bill 653 by Sen. Bob Hall, R-Edge-

wood. Hall seeks to prohibit municipalities and other local jurisdictions from using red-light cameras as a means of issuing traffic tickets.

In laying out his bill before the Senate Transportation Committee, Hall said that under the red light camera enforcement, "the innocent owner has then the burden of proof and often great expense of proving that they did not commit the alleged violation. This turns our judicial system completely and utterly upside down by requiring the accused to prove their innocence."

More than two dozen people testified for or against the bill in a March 20 Senate Transportation Committee hearing.

## Regents to examine policies

Gov. Abbott on March 18 sent a letter to all Texas public university boards of regents following the U.S. Department of Justice's investigation into an alleged college admissions bribery scheme.

In his letter, Abbott called for governing boards of Texas' institutions of higher education "to examine and investigate admissions policies and procedures to ensure that no university employee engages in fraudulent schemes, quid pro quo arrangements or improprieties of any sort." He added that Texas parents and students "must have confidence that the system is not rigged."

## Busby joins high court

Brett Busby of Houston on March 20 was confirmed by the Texas Senate and sworn in as the newest member of the Supreme Court of Texas for a term set to expire on Dec. 31, 2020.

Gov. Abbott nominated Busby on Feb. 21 to fill the opening left by Justice Phil Johnson of Amarillo, who retired at the end of December.

Busby is a former justice of the Fourteenth Court of Appeals, having served from June 2012 through December 2018. He previously was a partner at Bracewell & Giuliani LLP, an adjunct professor at The University of Texas School of Law and a U.S. Supreme Court law clerk.

## New lawmaker sworn in

State Rep. Christina Morales, D-Houston, was administered the oath of office on March 17.

Morales won a March 5 special election runoff to fill the vacancy created when former longtime Texas House District 145 Rep. Carol Alvarado was elected to the Texas Senate to succeed Sen. Sylvia Garcia, who was elected to the U.S. House of Representatives in November.

## Comisión de Calidad Ambiental del Estado de Texas

AVISO DE RECIBO UNIFICADO DE SOLICITUD E INTENCIÓN DE OBTENER PERMISO Y AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR ESTÁNDAR

Registro propuesto No. 77585L019 de permiso estándar de calidad de aire para plantas de lotes de concreto

Solicitud. Hereford Concrete, Inc., ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ por sus siglas en inglés) un Permiso de Estándar de Calidad ATMOSFÉRICA, NÚM. De Registro 77585L019, el cual autoriza la construcción de una Planta de Lotes de Concreto ubicada en 1380 Highway 214, Frióna, Parmer Condado, Texas 79035. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=34.492377&lng=-102.72676&zoom=13&type=r>. La planta que se propone emitirá los siguientes contaminantes atmosféricos: material particulado incluyendo (pero no limitado a) agregados, cemento, polvo de caminos y partículas menores a 10 micrómetros de diámetro y menores a 2.5 micrómetros de diámetro.

Esta solicitud se presentó a TCEQ el February 21, 2019. El director ejecutivo de la TCEQ ha concluido las revisiones técnicas y administrativas de la solicitud y ha determinado que la solicitud reúne todos los requisitos de un permiso estándar autorizado por 30 TAC § 116.611 (Título 30 del Código Administrativo de Texas, Sección 116.611), lo cual establecería las condiciones bajo las cuales la planta debe operar. El director ejecutivo ha concluido la decisión preliminar de otorgar el registro porque reúne todas las normas relevantes. La solicitud del permiso, la decisión preliminar del director ejecutivo, y el permiso estándar, estarán disponibles para ser revisados y copiados en la Oficina Central de la TCEQ, en la Oficina Regional de Amarillo de la TCEQ, y en la Frióna Public Library, 109 West 7<sup>th</sup> Street, Frióna, Parmer County, Texas, empezando el primer día de la publicación de este aviso. Los archivos de cumplimiento de la ley de la instalación, si existen, están disponibles para la revisión del público en la Oficina Regional de Amarillo Regional Office, 3918 Canyon Drive, Amarillo, Texas de la TCEQ. Visite [www.tceq.texas.gov/goto/cbp](http://www.tceq.texas.gov/goto/cbp) para revisar el permiso estándar.

**Comentarios Públicos/Reunión Pública. Usted puede presentar comentarios públicos o una petición para reunión pública.** Véase la sección de contactos. La TCEQ tomará en cuenta todos los comentarios públicos en la decisión final de la solicitud. **La fecha límite para presentar comentarios públicos es 30 días después de que se publique el aviso en el periódico.** Cuestiones tales como valor de la propiedad, ruido, seguridad de tráfico y zonificación no están dentro de la jurisdicción de la Comisión para abordarse en este proceso judicial.

El propósito de la reunión pública es proporcionar la oportunidad de hacer comentarios o preguntas acerca de la solicitud. Si el director ejecutivo determina que existe un importante grado de interés público con respecto a la solicitud o si lo solicita un legislador local, se llevará a cabo una reunión pública. Una reunión pública no es una audiencia de caso impugnado. Si se lleva a cabo una reunión pública, la fecha límite para entregar comentarios públicos se prolonga hasta el fin de la reunión pública.

**Oportunidad para una audiencia de caso impugnado. Usted puede solicitar una audiencia de caso impugnado.** El solicitante o el director ejecutivo pueden pedir que la solicitud sea remitida directamente a una audiencia de caso impugnado después de la revisión técnica. **La fecha límite para presentar audiencia de caso impugnado es 30 días después de que se publique el aviso en el periódico.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado. **A menos que se presente una solicitud para una audiencia de caso impugnado dentro de 30 días de esta notificación, el director ejecutivo puede autorizar la solicitud. Si no se recibe una solicitud para audiencia dentro del período de 30 días, no se dará otra oportunidad para audiencia. Si una solicitud para una audiencia es recibida dentro del plazo de 30 días, entonces el período para solicitar una audiencia de caso impugnado sea prolongado a 30 días después del envío por correo de la respuesta a comentarios del director ejecutivo.**

**Una persona que pueda ser afectada por las emisiones de contaminantes atmosféricas de la instalación tiene el derecho de solicitar una audiencia. Para solicitar una audiencia de caso impugnado, una persona debe vivir actualmente en una residencia permanente dentro de 440 yardas de la instalación propuesta. Para solicitar una audiencia de caso impugnado, usted deberá proporcionar lo siguiente: (1) su nombre (o para un grupo o asociación, un representante oficial), dirección y número de teléfono; (2) el nombre del solicitante y número del permiso; (3) la declaración "[yo/nosotros] solicito/solicitamos una audiencia de caso impugnado"; (4) una descripción específica de cómo se vería afectado negativamente por la solicitud y las emisiones atmosféricas de la planta de manera que no es común para el público en general; (5) la ubicación y la distancia de su propiedad con relación a la planta; y (6) una descripción de cómo usa la propiedad que pueda ser afectada por la planta; y (7) una lista de todas las cuestiones de hecho en disputa que usted presenta durante el período de comentarios. Si la petición la hace un grupo o asociación, uno o más miembros que tienen derecho a solicitar una audiencia deben ser identificados por su nombre y dirección física. Los intereses que el grupo o la asociación busca proteger también se deben identificar. También puede presentar sus modificaciones propuestas a la solicitud que satisfarían sus inquietudes. Véase la sección de contactos.**

**Acción de la TCEQ. Después del plazo final para comentarios públicos, el director ejecutivo tomará en cuenta los comentarios y preparará una respuesta para todos los comentarios públicos pertinentes y materiales, o significativos.** Si no se recibe una petición oportuna para una audiencia de caso impugnado, o si todas las solicitudes para una audiencia son retiradas, el director ejecutivo puede emitir la aprobación final de la solicitud. Si todas las solicitudes oportunas no son retiradas, el director ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y las peticiones a los Comisionados para su consideración en una reunión programada de la comisión. La Comisión solo puede conceder una solicitud para una audiencia de caso impugnado sobre asuntos que el solicitante entregó en sus comentarios oportunos que no fueron remitidos posteriormente. **Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o preguntas mixtos de hechos y ley relacionados a preocupaciones pertinentes y materiales de calidad de aire entregado durante el período de comentarios.** Cuestiones tales como valor de la propiedad, ruido, seguridad de tráfico y zonificación no están dentro de la jurisdicción de la Comisión para abordarse en este proceso judicial.

**Lista de Correspondencia.** Aparte de presentar comentarios públicos, puede solicitar que lo incluyan en la lista de correos para recibir avisos públicos en el futuro para esta solicitud específica. Véase la sección de contactos.

**Información disponible en línea.** Para detalles sobre el estatus de la solicitud, favor de ver la Base Integral de Datos de los Comisionados (CID, en inglés) en [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Una vez que haya obtenido acceso a la CID usando en el enlace, entre el número de registro al inicio de este aviso.

**Contactos.** Los comentarios públicos o peticiones para una reunión pública o audiencia de caso impugnado se deben presentar a la Oficina del Secretario Oficial, MC-105, TCEQ, P.O. Box 13087, Austin, Texas 78711-3087, o por internet al [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/). Cualquier información privada que usted presente a la TCEQ formará parte del registro de la agencia; esto incluye direcciones de correo electrónico. Para mayor información sobre esta solicitud o el proceso de permisos, favor de llamar gratis al Programa de Educación Público de la TCEQ, al 1-800-687-4040.

Puede obtener información adicional de Hereford Concrete, Inc., P.O. Box 1070, Hereford, Texas 79045-1070, o al llamar Ms. Erma Vasquez, Accounts Receivable al (806) 364-1018.
