

FitzGerald Named McCamey Superintendent

New School Head To Assume Duties July 1

Harold S. FitzGerald, former principal of the McCamey High School, was elected as the new superintendent of the McCamey Public Schools at a special meeting of the Board of Trustees Wednesday night.

At the time, FitzGerald held a position of high school principal in the Iraan Public Schools.

He succeeds Howard E. Stoker, who resigned the post last month. The new superintendent was given a one-year contract with the salary set at \$6,000 with a home and all utilities furnished.

FitzGerald is no stranger to McCamey, having served one year as high school principal in the school term of 1947-48. He has been recommended very highly during the past two weeks by McCamey people who knew him and his work in the McCamey school system.

The new school head has had 17 years of teaching, experience, including three years as administrator in Lamesa; one year in McCamey; two years in Seminole and one year in Iraan. He holds both a Bachelor of Arts and a Master of Arts degrees. At the present time, he is teaching Educational Administration at Texas Tech in Lubbock in summer school.

Under the terms of the contract, he will assume the duties of the post on July 1.

FitzGerald has been active in the affairs of public school teacher organizations, having been on the executive council of Texas State Teachers Association for the past two years, and is now on the Teacher Welfare Committee of TSTA of the executive council for this year. Also, he has served two years on the executive council of the Texas Association of Secondary Principals.

IN LEGISLATURE

In addition to the many posts he has held in the teaching field, he served four years as a member of the Texas Legislature. In 1950, he was included on the program of the National Association of Secondary Principals in Chicago.

HAROLD S. FITZGERALD

Other honorary post held included two years of service as chairman of the Joint Legislative Committee appointed by the Legislature; past president of District IV, Secondary Administrators in 1950; and a member of the House of Delegates of Texas State Teachers Association in 1945.

He holds memberships in Lions Club, Texas State Teachers Association, American Association of School Administrators, Texas Association of Secondary Administrators and president of Principals, group of Permian Basin Board Members and School Master Club.

TO MOVE SOON

Mr. FitzGerald is married and has two children. Upon his election Wednesday night, he told the Board that he would move with his family to McCamey as soon as possible.

At the present time, the superintendent's home is being repaired and refinished, and indications were that the home would be available around the first of July.

Mr. FitzGerald expressed his great pleasure in being named to the post and coming back to be associated with the people of McCamey.

Left to right, they are Ruthe Thomas, Martha Holmes, and Thelma-deane Hutchins. Not shown is Bonny Thomas, who will sing with them. The group will be in McCamey about 12:10 on June 22.

Three Men Sentenced To Penitentiary Monday

Three men were sentenced to terms in the state penitentiary on Monday by Judge Garland Casebier in the 112th District Court.

Johnny Cook and Raymond Harris, both of San Angelo, were given two year sentences on charges of burglarizing a residence. Charges were filed on the pair in connection with the entry of burglarizing the home of Hudson Hanks, located north of Rankin, on May 18-19. Both plead guilty to charges before the court and waived jury trial.

GETS THREE YEARS

Charles E. Perry was assessed a sentence of three years in the penitentiary by Judge Casebier, when he entered a plea of guilty on a charge of forgery. He admitted giving a forged check to McSpadden Gulf Station in Rankin on April 26. Two like charges are still pending against Perry on the docket.

Upton County Attorney John A. Menefee represented the state in the cases in the absence of Dist. Attorney Hart Johnson, while Steve Preslar was appointed by the court to represent the defendant in all the cases.

In other activity during the morning, Jane Brown Lambeth was granted a divorce from Bobby Jack Lambeth.

PETIT JURY DISMISSED

Judge Casebier announced that the petit jury had been dismissed until further written notice, and that the body will not meet next Monday, June 25, as originally scheduled.

On that date, court will be in session to hear uncontested cases on the docket.

Two cases were settled out of court the past week, the cases being suits filed by Frank A. Nickens, Jr., and E. B. Allison against the Santa Fe Railway Company. Terms of the settlement were not disclosed.

The cases of Thomas J. Jackson vs. Trebol Oil Co., and Security State Bank vs. E. G. Armentrout were dismissed by the court. It was also noted by Judge Casebier that seven cases that are on the civil docket, are also filed in Federal District Court.

McCAMEY MAN KILLED NEAR IRAAN WHEN TRUCK FALLS OFF MOUNTAIN

Cecil Elmo Lee, 30 year old McCamey employee of Dowell Chemical, Inc., was killed instantly last Friday night about nine o'clock, when the chemical truck he was driving plunged 400 feet off a mountain about six miles north of Iraan.

The body of Lee was only some 15 feet down the side of the mountain, but his head was badly crushed from rocks. It was reported

that he jumped from the truck as it started down the side of the cliff. The truck missed his body, but the injuries suffered in the fall were fatal.

The accident occurred on the private road of the Stanolind and Gulf just behind the Stanolind Camp, about three miles off Highway 51.

The truck plunged down into the valley some 400 feet and was totally demolished.

He had worked in McCamey for about three months.

He is survived by his wife, who resides in McCamey, and his mother, Mrs. Hettie Lee of Drumright, Okla.

The body was carried overland to Drumright Sunday by Spalding Funeral Home of McCamey. Funeral services were held in Drumright Wednesday, with burial at the Oiltown Cemetery.

Mrs. Starley presented each council member a Girl Scout Pin in fitting ceremony following the installation.

Large Crowd Attends Youth Council Party On Saturday Evening

Thirty-seven young people attended a play party at the Rankin Park Building last Saturday night. Games were directed by Elbert Eckols of the Youth Council and Ted Hogan of the Adult Council. Community singing was led by Neva Rae Taylor.

The chaperones, Mrs. Ralph H. Daugherty and Mrs. Jack Smith, served refreshments. Announcement was made of a party for this Saturday night with chaperones, Mr. and Mrs. F. H. Goodwin and Mr. and Mrs. Al Schovajsa. At this week's party, Mr. and Mrs. Bill Martin will direct the square dancing in the auditorium and there will be games to play in the club room.

The Youth and Adult Councils are working together to provide recreation to meet the needs of all groups of Rankin teen-agers and junior high girls and boys. A good program of scouting is underway, including Brownie and Cub Scout troops. On each Saturday morning there is a story hour at the library for the small children up through grammar school age.

Powerglide Chevrolet Demonstration Set By C. W. Brown Motor Co.

If you want to drive a Powerglide Chevrolet, visit the showrooms of the C. W. Brown Motor Co. in McCamey from June 18 to 30.

Horace Carter, manager, has set aside special demonstrators for use of the public and the period will be devoted to giving as many people as possible rides in the cars.

Because of the customer demand for Powerglide automatic transmission in the area, Carter explains, he has been unable to set aside demonstrators. However, he will hold cars solely for this purpose through the demonstration period.

"Chevrolet has just built its 500,000th Powerglide and to observe the milestones it has requested all dealers to cooperate in mass demonstrations," he declared. Carter pointed out that Powerglide differs from other automatic transmissions on the market in that it represents a "package" improvement. Included, besides the revolutionary automatic shift, are a more powerful engine of 105 hp. and an "Economizer" rear axle.

"The opportunity for mass demonstrations here will show what owners have learned in more than a billion miles of driving," Carter declared. "Even a brief trial will prove that Powerglide-equipped

cars are easier and more restful to drive.

"With Powerglide, the car has no clutch. This means the elimination of hundreds of manual operations in the course of an average day's driving. The result is that a driver finishes the day more refreshed and relaxed. A person has to experience the effortless process of automatic Powerglide fully to appreciate its advantages.

"We urge everyone not acquainted with Powerglide automatic transmission to visit our showrooms during the special demonstration period to find out for himself all the features of Powerglide automatic transmission."

RETURN FROM VACATION

Enjoying a vacation trip to the Grand Canyon and other points of interest in Arizona and New Mexico last week were Mr. and Mrs. Lovie Burnett and son, Joyce Paul.

Also their daughter and son-in-law, Mr. and Mrs. Dale H. McCoy of Jal, N. M., and Mr. and Mrs. Sam Allred and son, Joe, of Alice.

Mr. and Mrs. H. H. Shiller left Monday for a week's visit relatives and friends in East Texas.

Mrs. Hershell Shaw has been visiting her sister in Austin the past ten days.

McCamey School Cafeteria Feed 65,000 Meals During Past Term

Do you think you could serve 65,197 meals to hearty eating youngsters, with a few scattered adults, for \$14,485.88?

This is the record as reflected on the final report made to the Board of Trustees last week by G. C. Pauley, secretary of the McCamey Independent School District.

With the above cost of food, the salaries and supplies, and USDA transportation cost, the total expense of McCamey School Cafeteria was only \$22,431.13. Total income from the lunches amounted to \$17,945.25, with the State Reimbursement amounting to \$4,329.45, leaving a net loss of only \$122.43 for the year.

GOOD RECORD

This is probably one of the top

records in the state, with most cafeterias operating at losses from several hundred dollars up to thousands of dollars.

This loss represents .0018c on each of the 65,197 lunches served. Last year, the Cafeteria fed 174 days.

At the beginning of the school term last September, the prices charged for meals were revised by the School Board, charging 25c for elementary students, 30c for high school students, and 40c for adults. In the previous year, there were only two prices—30c for students and 40c for adults. Had it not been for the revision, which actually amounted to a decrease in income, the cafeteria would soon show a profit as it did in the previous year. In last year's report,

it showed a net profit of \$866.08.

MORE LUNCHES

During the year just ended, the cafeteria served 20,672 more lunches than in the prior year, which indicated that many more students used the facility than in prior years, as the school enrollment remained about the same as the year ending in 1950.

Also, the expenses include small raises granted by the school board last year, as well as higher costs for supplies than in the prior period.

All in all, the cafeteria had a remarkable record during the year just ended.

Mrs. Don Cook is dietician and in charge of the facility.

TEXAS ESTABLISHES ANOTHER FIRST; ONE FOR ALL TO BE ASHAMED

AUSTIN, June 11.—Texas established another "first" last year but it is one in which the State's citizens can find little to be proud of. The "first" was officially announced in the Texas Motor Vehicle Traffic Accident Summary for 1950, just released today by Homer Garrison, Jr., Director of the Texas Dept. of Public Safety. Entitled "Their First Time—and Last," the annual booklet does an exceptionally fine job of traffic accident analysis, breaking down the subject into every conceivable category from age of drivers and autos involved to the causative factors contributing to accidents. The "first" was the all-time high of 2,410 lives lost in traffic accidents in the state last year. These represented the more gruesome aspects of the 12 months period that saw a total of 202,941 accidents and 68,801 personal injuries on the streets and highways of Texas. Total economic loss resulting from these accidents was reported in excess of \$96 million. Texas can find even less to boast about in the fact that N. K. Woerner, chief of the Public Safety Department's Statistical Division, indicates that the all-time traffic fatality toll of last year is due to be replaced this year by an even higher figure. "Precluding the adoption of a rationing program affecting gasoline and tires, and more rigid controls governing the manufacture of motor vehicles, all of which would result in a reduction of traffic accidents through the curtailment of vehicular travel," Woerner stated, "we estimate that traffic deaths in 1951 will exceed 2,500."

JUNE BRIDES

"I just knew this would happen!"

THIS YEAR about 18 million couples are getting married and setting up homes of their own. The brides of today want modern homes, modern conveniences. They demand the best... they're insisting on cool, clean, thrifty electric cooking... on the safety and economy of electric refrigerators that make once-a-week shopping possible. Yes, these modern brides want the many electric servants that make life comfortable and convenient.

Here in West Texas, they'll have them, too! For power lines and power plants are ready in advance. Your business-managed electric service company plans things that way. There's ample electric power to make all these new homes comfortable and convenient — as well as power for industry and defense as needed.

In fact, the West Texas Utilities Company has increased by 63% its generating capacity since 1946. Actually added more than 70,000 horsepower capacity during the last five years... and has scheduled for the near future installation of additional power units.

Deadline Set July 10 For Highway Patrol Job Applications

AUSTIN—Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that the closing date for receiving applications for appointment as Texas Highway Patrolmen is July 10.

Young men who are citizens of the United States and who have resided in Texas for at least one year immediately preceding the date of their applications and who are between the ages of 21 and 35 years, inclusive, with a minimum height of 5 feet, 8 inches; and who meet the other necessary physical and character qualifications may secure application blanks from their nearest Texas

Highway Patrol District Office or by writing directly to W. J. Elliott, Chief, Texas Highway Patrol, at Austin.

Garrison pointed out that the Patrol offers excellent advantages in working conditions to young Texans who are interested in career law enforcement.

Applicants who successfully pass the exhaustive character investigation and field examinations will be thoroughly schooled at the Department's headquarters in Austin early this Fall before assignment to duty posts over the State.

Judges, Commissioners Praise Legislature

The Texas County Judges and Commissioners Association this week praised the recently-adjourned Texas Legislature for saving the farm-to-market road program and placing a pipeline tax on natural gas.

County Judge O. F. Dent of Littlefield, president of the Association and Commissioner L. W. Gardner of Itasca, vice-president, issued a joint statement expressing the Association's appreciation to "A courageous majority of the Legislature for their accomplishment in behalf of the people of Texas."

The Association listed these accomplishments:

1. The rural road bloc in the Legislature defeated efforts of the Administration and the so-called Good Roads Association, which, in our opinion, would have crippled our farm-to-market road program through passage of the Graham bill.

2. The Colson-Briscoe farm-to-market road program has been retained at the full amount of \$15,000,000 a year, despite the open proposal of the administration that it be abolished.

3. The principle of the gas gathering tax on the pipeline which are taking gas out of Texas has been established, through the acceptance of the tax plan proposed by Rep. Jim Sewell.

4. The trend toward a general sales tax has stopped, by the defeat of the administration plan for an increase in the gasoline sales tax, another of the "creeping sales taxes."

"These things have been accomplished by a courageous majority of the Legislators, for the people of Texas, despite the opposition of the Governor, simply because the legislators had the courage to take bills away from committees stacked by the Lieutenant Governor and Speaker of the House, and bring them to the floor where democracy could rule, the officials declared.

"We, as officers of the County Judges and Commissioners Association, are grateful to have had a small part in this great victory for the people of Texas which means that for the next two years the State Highway Department will have more money to spend for construction of farm-to-market roads than ever before. It accomplishes all we hoped to do when we were forced to defend the rural roads program from the attack begun on it by the administration-supported Graham Bill, House Bill 226."

NOTICE OF BOARD OF EQUALIZATION MEETING RANKIN INDEPENDENT SCHOOL DISTRICT.

In obedience to the order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at the Upton County Courthouse in the City of Rankin, Upton County, Texas, at 9 o'clock A. BILLY THE KID ... AGAIN

"Quien es?"

"Dropping over sideways from the chair toward the floor in a tricky, dodging movement, Garrett answered the question with a shot. A flare of lurid flame lighted up the darkness for an instant, the room shook with a sudden crashing explosion, and Billy the Kid fell dead with a bullet through his heart."

This bit of dramatic action is the Walter Noble Burns version, and the popularly accepted story, of how William H. Bonney, or "Billy the Kid," was killed one night in the spring of 1881 at the Maxwell ranch house in Lincoln, N. M.

However, William V. Morrison, El Paso, Texas, businessman, has taken loud exception to this legend, and claims he has proof to back up his story.

Morrison has spent many months of travel and research on the subject and has collected an amazing file of documents and statements which indicate that Mr. Burns' romantic tale of the demise of the fabulous "Kid" may be just so many words.

And not only is Morrison trying to prove that the "Kid" was not killed on that night in 1881, but that he actually was in contact with the legendary man.

Morrison's man, going under the name of William Henry Roberts, died this past winter at a ripe old age of over 90.

Last fall, Southwestern papers were jammed with stories of Morrison and the old man he claimed was Billy the Kid. The most sensational of these was concerned with a trek the duo made to Santa Fe in an attempt to obtain a full pardon for Roberts from the Governor of New Mexico.

The interview ended in bitter failure for Morrison and his ward when the governor refused to consider the request. At that time Morrison claimed that the governor was completely unfair and did not pay proper attention to the details of the request.

At any rate, far from dropping the subject with the death of the colorful nonagenarian, Morrison has doubled his efforts to prove that the "Kid" was not killed by Pat Garrett.

He feels that he now has sufficient evidence to present to the public, and Dr. C. L. Sonnichsen, professor of English at Texas Western College and recognized authority on Southwestern history, will compile all of Morrison's research into a novel form in the near future.

"In my opinion, the evidence Morrison has turned up indicates that the whole case of the "Kid's" death or survival needs to be re-examined," Dr. Sonnichsen said.

Dr. Sonnichsen, who has authored many books on Southwestern history and lore, said that he expects to commence work on the book sometime this summer.

OPS Fuel, Chemical Expert To Visit In McCamey Monday

OPS price specialists, in their tours of the district next week, will emphasize to merchants that if they have not complied with the regulations, they should do so immediately in order to continue to operate legally.

Many of the compliance deadlines have already passed and firms which are delinquent should take steps to insure complete compliance, C. J. Taylor, district price executive, said. Still other deadlines will be falling due soon.

Every merchant with questions on how to comply should take advantage of the price clinic day program to bring himself up to date with the regulations.

To help business men of this area to comply, W. C. Reynolds, price specialist in the Fuels and Chemicals branch, will be in Mc-

Goose Pelts Are Newest Luxury

Marcy Sullivan shows the newest, most luxurious pelts known to the fashion world—goose skins. Powder puff made from goose skin appears at right.

GETTYSBURG, OHIO—Today it is the goose skin, rather than the egg, which is "golden." Through an exclusive new process goose skins are cured and the down dyed. The result is an incredibly soft, warm pelt which has captured the interest of the fashion world and given a boost to goose raising. Colors of pelts range from black through many pastel shades. Possible uses include powder puffs (already being made), trim for negligees, dresses, baby shoes, hats, and swim suits.

Profitable raising of geese for their pelts, as well as meat and fat, has been assured by the development of a special goose-hatching incubator by the Petersime Incubator Company located here.

Camey next Tuesday, June 6 While here he will maintain offices in the Chamber of Commerce.

Although a specialist in one field, he will be able to answer most questions concerning other businesses, and in any event will help the merchant get the necessary information from the regulations or from the Lubbock Dist. Office.

The price clinic day program is co-sponsored by the OPS and local Chambers of Commerce and other civic and community groups and organizations. The price clinic program schedule will continue through July, with the specialist visiting this town on the same day of the week through this month and next.
