Do you believe in dreams, or that they can predict the future at times? This month's Reader's Digest has a story about Jeane Dixon of Washington, D.C., who has been uncanny in predicting future events.

At least two residents of Friona are not the least bit skeptical about Mrs. Dixon's powers, because they had somewhat of a similar experience during the past week, and it left both wondering a bit.

Last Thursday, Denzil (Smitty) Smith of Benger Air Park crashed his crop dusting plane while working at the Ed Clark farm.

This wouldn't have been so unusual, except for the fact that Ed had told his wife that morning at breakfast that he had the horrible dream the night before in which the plane which was to come out that day crashed.

"I stood and watched it happen exactly like it did in the dream," said Clark, wonderingly.

Then, early this week, Frieda Floyd, who will be a senior this year in Friona High School, asked her mother "Where is Robert (W.) Taylor teaching

June explained that Taylor, who spent four years teaching locally, had been at Morton the past year. "Well, I dreamed he came back to Friona to teach," Frieda said.

Both were surprised to learn after Monday night's school board meeting that Robert W. Taylor had, in fact, been hired as an assistant principal and instructor in Friona's elementary school for the following year.

The officials of Conoco really know how to stage a grand opening, as many residents of Friona and the area found out last

District officials of Continental Oil Company converged men in all, to help Mack and Danny Bainum and Denver Smith and his crew at the new Conoco Station really launch their new

business in a big way. And, the way local residents lined up to try a tank of the "Hottest Brand Going," it was a good thing that there were a dozen extra hands around the place. It took them to keep things flowing well.

Jack Stalsby, district sales manager for Conoco, who was one of the hardest workers during the two-day grand opening, told us late Saturday that it appeared that Friona's new Conoco station was having a grand opening of which to be proud.

Stalsby was going to check into it, but he said he wouldn't be surprised if the new Friona station didn't pump as much gas (at least per capita) as any grand opening which the Conoco people have worked.

The Conoco officials were very impressed with Friona. and Frionans, apparently, were impressed with the new station.

In working up the local history of Bainum Butane Oil Company for the 12-page special insert which served to advertise last week's grand opening. we were impressed with one thing in particular.

Four employees at Bainum's office have been with the company over 36 years, an average nine years per employee. Joe Moyer has the most seniority, with 13 years; Lee Campbell has been on the job 11 and onehalf years; Bill Sims seven years, and bookkeeper Ometa Scott five years.

Mrs. Scott has continued to work locally even though she and her family moved to Farwell two years ago. So, the Bainums must be pretty good people for which to work.

The above figures on years of service do not, of course, include those of Mack or Danny Mac Bainum, Adding the time they have been actively engaged with the company here in Frione, the total comes to 66 years for six employees, or 11 years each.

There may be, and probably are, other companies with equally as impressive records in Friona, However, we just happened to know about this one, and thought it worthy of passing along to our readers.

NEW MANAGER. . . Robert Neelley, left, goes over office procedure with Wade Wright of the Production Credit Association office, Neelley, a former Friona resident, has returned as office manager to replace Wright, who has received a promotion in the company.

WRIGHT PROMOTED

Robert Neelley Is New Manager Of PCA Office

Wade Wright, who has served as office manager for the Friona branch of Plainview Production Credit Association since October of 1963, has left Friona to accept a promotion with the company, and has been replaced by Robert Neelley.

Neelley, who formerly lived in Friona and attended public school here, is the son of Bert Neelley, who published the Frione Star from 1950 through

Drill Rig Assistant Is Killed In Accident Here

A young drilling rig assistant was killed last Thursday while doing preliminary drilling work at the site of the new football stadium just off Grand Avenue in Friona.

David Austin, 28, who was a resident of Amarillo, was fatally electrocuted when his drilling rig came in contact with high-voltage wires which run north-south along Grand.

Another occupant of the rig, David Shuler, also of Amarillo, escaped unharmed. Shuler, the drilling rig operator, was seated on the driller and jumped clear after contact was made with the 7200-volt REC line.

Shuler told investigating officers that Austin had first jumped from the cab of the truck after contact had been made, Shuler indicated that he yelled "Get back, get back" to Austin, who may have thought Shuler meant for him to get back in the truck. At any rate, contact was made, and Austin

was electrocuted. Austin remained in contact with the truck with his right arm, and the rig remained in contact with the power line for some time after Austinhad been electrocuted, so that Austin's clothing had all burned and his body was badly burned by the

time contact was severed. For many frustrating

minutes, members of the Friona Police Department and Friona Volunteer Fire Department stood helplessly by, while calls were being made for someone to turn off the power. H. L. (Hank) Outland, local

manager for Southwestern Public Service Company was out of town with a Boy Scout troop. Original callers assumed the line was a Public Service line, so the information was relayed to the Hereford office. Bill Davis, lineman with the

SWPS company, was summoned, and arrived on the scene at about the time that the truck's rear wheels blew out, cutting off the contact with the power line,

Davis threw a synthetic rope over the line and held it back while the body was removed and the driller was lowered.

For the third consecutive year, postal receipts at the Friona Post Office showed a

UP, UP, UP- - - -

healthy increase over the preceding year, at the close of the post office's fiscal year June 18. The figures, released by Postmaster Wright Williams,

ending June 18, receipts at the local post office totalled \$54,-218.58, compared to a total of \$44,502.44 for the fiscal year ending June 20 of 1964.

This was an increase of \$9,-716.14 over the last fiscal year,

Bank Figures Collard Returning As Partner In Law Firm

Friona State Bank deposits on June 30 stood at \$5,854,137,92, according to the official report issued this week by the bank. The mid-year figure was the second-highest in the history of Friona State Bank.

Near Record

Total assets listed by the bank on June 30 stood at \$6,-417,828,11, which also came near the all-time record for a mid-year statement.

The all-time record amount of deposits for a June 30 statement came last year when there was a total of \$6,107,440 on deposit at the close of business June 30. The total assets figure last June 30 was \$6,650,035,81, and this is also the record for a mid-year report.

Some areas of the current even over last June's all-time record for a mid-year statement, For instance, loans stood at \$4,607,183,23 this year, comago, an increase of \$61,446,07. Otherwise, totals of various

departments compared favor-ably between the two reports, United States Government bonds sotalled \$613,192,97; CCC Richard Collard, 36, who was associated with William H. Sheehan in the law firm Sheehan and Collard from 1959 through 1961, is returning to Friona later this week and will again be Sheehan's partner in a local firm. He is a graduate of the law

school of St. Mary's University of San Antonio and has been employed in the legal department of the Veteran's Administration there since leav-ing Friona about four years

Collard and his wife, Jeannette, a former employee of Claborn Floral, plan to move to Friena as soon as possible.

Sheehan, who is now a part-ner in the McCown-Sheehan law firm at Dumas, plans to move his family to Dumas as soon as living facilities are avail-

Warren Conner, who has been associated with Sheehan here, and Mrs. Claude Edelmon, office secretary, plan to stay in Fri-

Conner's plans, which are indefinite at this time, will be anunced later.

HANDING OUT SUGAR . . . These Conoco officials were kept busy last Friday and Saturday handing out sacks of sugar with fill-ups at the new Conoco station. Shown are Jack Stalsby, district sales manager for Conoco, Lubbock, Mack Bainum, Denver Smith and Danny Mac Bainum.

Postal Receipts Stand

At Record For Period a whopping 21 per cent rise for showed that in the fiscal year

the year. This comes on top of a 12 per cent increase in the 1964 figures over 1963, and a 16 per cent increase in 1963 over 1962. The figures for the fiscal year just ended are an increase of

\$19,432.88 over the figures for just three years ago -- a healthy 55.9 per cent increase. Friona's office is right on the

verge of attaining for the first time the rating of a "first class" office, which is one of the pre-requisites of city mail delivery. Before a post offfice can

qualify for the first class rating, it must have a net adjusted postal receipts of \$40,000. Prior to last year, the figure used to determine the adjusted figure was 80 per cent of the total sales.

However, that was changed to 70 per cent of the gross sales. Seventy per cent of the sales at the local office in the 12 months ending June 18 would amount to \$37,952,60. However, the U. S. Post Office Department will allow the addition of the fees collected for money orders. This amounted to \$2,327,40 during the past 12 months, giving an adjusted figure of \$40,280 --

just over the required total. However, the U. S. Post Office Department uses figures based on a calendar year, rather than the fiscal year. This means that should the receipts at the local office continue to rise in the remaining six months of 1965 as they have in the first six, a first class rating is

almost an assured thing. Receipts through the first six months (ending June 18) of this year totalled \$22,108,-91, an increase of \$2,692.10

OFF TO HOUSTON . . . Sheryl Long is shown as she packed her bags in preparation for her trip to suston this week, where she is representing Friona and the entire district as FFA Sweetheart in the state contest.

Area Residents Plan To **Attend Lubbock Meeting**

gregation of Jehovah's Witnesses is especially pleased to announce 24 of its local members will be attending the "Word of Truth" District Assembly, most of these attending at the Lubbock, Texas Fair Park Coliseum the last part of July.

Among those attending is Mrs. Minnie Tandy, of Route 3, Muleshoe. What makes this unusual is Minnie is 72 years of age and although having frequented such conventions for 30 years, is not about to miss this

Explaining why she was traveling so far to attend the convention, Mrs. Tandy said, "I've never missed one of these conventions before when I was much younger and do not plan to as long as I can get around. In fact, attending conventions keep me from getting 'rusty' spiritually and this is something I can control,"

Mrs. Tandy will not be the only elderly one from the Muleshoe - Friona Congregation planning to attend, others will be there too.

"These conventions of Jehovah's Witnesses always mean so much to me," Mrs. Tandy went on to explain, "There you will see youths as well as per-

sons of advanced years seated side by side taking in Bible instruction. Often you will see

The Friona-Muleshoe Con- entire families of several gen-

erations present." The convention will draw delegates from Texas, Oklahoma, New Mexico and Kansas principally with a peak of 6,-000 expected for the July 22-25 conclave.

Postal Receipts--

(Continued from page 1) or 13.7 per cent over the first half of 1964, which stood at

\$19,416,81. Comparing the receipts of the quarter just ended with those of the similar quarter a year ago finds the 1965 quarter with receipts of \$11,339.47, compared to \$10,356.56 a year ago. This is an increase of \$982.91 or 9.5

per cent for the current quar-

Included in the totals for the fiscal year just ended were stamp sales of \$35,885.11 and in postage meter settings. The local office has sold over \$180,000 in postal money orders during the past 12 months, Postmaster Williams stated. However, these figures do not count in the postal receipt reports; merely the small fees charged by the post

office for the money orders. Postal receipts, like other yardsticks of growth, have shown a steady increase in Fri-one over the past several years. Following are the total receipts for the fiscal year ending in June on the year indicated: Receipts

\$44,502.4

DEATH SCENE . . . Several poeple witnessed the gruesome scene last Thursday as an Amarillo man, David Austin, was

fatally electrocuted. Austin was working at the new high school football stadium site.

Glenda McClellan Plays In Girls All-Star Game

Friona will be represented at the annual Texas High School Girls Basketball all-star game for the fifth time in the last six years this weekend in Waco.

Glenda McClellan, all-state guard for Friona's state championship and runnerup teams of the past two years, was se-lected to play for the "North" team against a group of handpicked players from the south part of the state.

Miss McClellan is the seventh player from Friona High School to participate in the girls allstar game. The team has had one player in the game four times and one year, 1960, had

three players. Those who have been selected in the past from Frions are: (1960) Lawana Houlette, Jacquelyn Magness, and Charlotte Bock; (1961) Gayle Dodson; (19-63) Janet Buckley and (1964) Charlotte Nettles.

Friona has also supplied an all-star coach on three occasions, as Baker Duggins, for-mer coach, served as head coach is 1961 and 1964, andwas defensive coach in 1963.

Some of the other area girls who will be on "North" the team which local fans will remember include Alice Woolley and Dee Gregory of Roosevelt, Phyllis Patterson of Spearman, Jane Cleavinger of Dimmitt and

Diana Lewis of Trent, all of whom the Squaws played against The "North" will be out to

continue its superiority in the series, having won seven of the eight games played.

The annual event starts on Thursday with a clinic and winds up Saturday at 8:15 p.m. with the all-star game.

Superhighway Driving

Some women are frightened by the thought of freeway or turn-pike driving. But, you'll have a safe journey, if you'll follow the rules of the road.

Concentration on your driving is absolutely necessary on freeways, as faster-than-usual traffic adds to your driving responsibil-

out for changing conditions; expect the unexpected.

Speed control is important.
Freeways are not race tracks and posted limits should be respected and not be exceeded. Check your speed often. On freeways, you can gradually increase your speed to a point far higher than you intend without realizing it.

Because of your higher than usual driving speed, longer stopping distances must be allowed for. For each 10 miles per hour of speed, stay at least 20 feet (a little over 1 car length) back of the car you follow. Or, multiply

your speedometer reading by two
and stay that many feet behind
the car you are following.

In case of a flat tire give a stop
signal and pull completely off the road pavement as far as the shoulder permits. At night, use flares or reflector.

Highlights and Sidelights From Your State Capital

AUSTIN. -- Texas Research League warns that another fiscal "crisis" looms for state government in 1967, when new taxes of \$40,000,000 a year may be necessary.

Simple arithmetic points to a "stzeable" money problem, says the League. It notes that while Texas' new fiscal period will begin September 2 with a general revenue surplus of some \$97,800,000, it will end August 31, 1967 with little more than \$1,000,000 in the fund. Gov. John Connally's budget staff has estimated a balance of about \$4,200,000.

Comparing the shrinking surplus with some non-recurring rates in Texas. revenue measures agreed on by the 59th Legislature, TRL rein 1967 may have to pass a \$107,200,00 new tax bill.

League admits the figure may be higher or lower. Its staff achknowledges that sales tax revenues are running well ahead of official estimates this year and if it keeps up, the new tax requirement may be reduced to

collections this year are "much governor made three principal higher" than in 1964, Comptrol- points: fiscal year began last September 1 total \$164,200,000, compared with \$150,600,000 for the corresponding period a year

ter, but neither is it a really serious crisis for a state with for public scrutiny. the untapped tax resources and

growth protential of Texas. This to give "little support" to is, of course, an optimistic -as well as an unofficial -- estimate and the tax required might well be higher if revenues do not come up to these expectations, or if expenditures sub-

stantially exceed them," League suggests that the Committee on State and Local Tax Policy "look at many available revenue-raising possibilithe cours of its

SPECIAL SESSION RE-JECTED -- Governor Connally has rejected requests for a special legislative session to deal with rising car insurance

State Representatives Carl A. Parker and J. D. Weldon, searchers conclude lawmakers both of Port Arthur, requested such a session to investigate the rate increases averaging 13.4 per cent which were authorized by the State Board of Insurance to take effect August

Connally said he doubts any practical benefits would be gained from a special session at this time, although he shares Actually, general sales tax concern over the increase, The

the August increases will be lower than those of 34 states and the District of Columbia,

quiries already have been conducted on rate-making methods and have determined no fault with the Insurance Board's

Friona Country Club will hold a Club tournament July 24-25, for members only,

Members of the Friona Womens Golfers Association are meeting today for a day of golf, bridge and a noon luncheon at the clubhouse.

Attend Funeral

Mr. and Mrs. Newman Jarrell Sr. and Mr. and Mrs. Hardy May attended funeral services for W. F. Shotts of Tipton, Okla, Friday, Shotts, who would have been 100 years old in September, was an uncle of Mrs. Jarrell and Mrs. May.

Cowart Funerals

Mrs. R. L. Fleming and Mrs. Ray Dean Fleming attended the funeral Thursday of Earl Cowart, a former Amarillo banker. Cowart was a cousin to Mr. R. L. Fleming.

Then on Monday, the Flemings attended the funeral of Cowart's mother, Mrs. Ida Cowart, who was 95.

Church Plans Bible School

Plans have been completed for Vacation Bible School at Redeemer Lutheran Church, Thirteenth and Virginia Streets in Friona, to begin at 8:30 a.m. Monday, July 19. Sessions will begin at this same time each morning, Monday through Friday, and will continue until 11:45

Registration will be held for all persons between the ages four and fourteen, who are interested in attending, at 2:00 p.m. Sunday, July 18 at the church building.

Theme of the school will be "God's Children Pray."

Pastor Beversdorf will have charge of the junior high department. Other workers will be Mrs. Melvin Sachs and Mrs. Carl Schlenker, junior; Mrs. Leon Noack, primary, Mrs. Floyd Schueler, kindergarten; precious than they are gaining. and Mrs. Bill Brandt, nursery.

Hursts Back From Canada

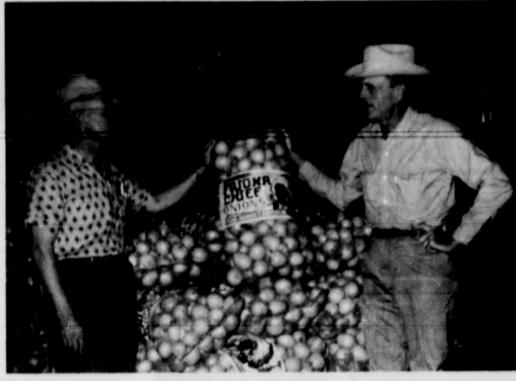

Mr. and Mrs. Andy Hurst returned this week from a trip which took them to Montreal, Canada. Sponsored by the International - Harvester Company, the trip was awarded to Hurst and his wife after the local I-H dealership, Parmer County Implement Company, was one of the leading tractor sales outlets in the district for the past six months.

Company tied with Hereford for second place in the contest. The Lubbock dealership placed Mr. and Mrs. Hurst came

Parmer County Implement

back via Chicago, where they Mr. and Mrs. Owen Houston

and children, Robin and Jay, Morton, were weekend visitors in the home of Mrs. Houston's ning, Health and Safety plus so parents, Mr. and Mrs. J.T. Cee.

SACKING 'EM UP ... John O'Haugherty, left, and Kenneth Neill of Friona Growers and Shippers are shown with a sack of "Friona Chief" brand onions as the onion and potato harvest is underway locally. Chief drawback, according to Neill, is the lack of field workers, as the market, especially for potatoes, is the best it has been for 10 years.

Milton Walling To State Horse Show

In the District 1 4-H Horse Show Saturday held in Dumas, Milton Walling, 14 year old son of Mr. and Mrs. Mitz Walling of Farwell earned a trip to the State 4-H Horse Show,

The State Show will be held in the State Fair Coliseum, State Fair Park, Dallas, August 12 and 13. Entries in the State Show are determined by District quotas and there should be 311 entries in the State Show. The top 16 contestants in the District I Show earned trips to the State Show.

Young Walling placed fourth in the Reining class and this earned 7 points which placed him as 15th high individual in the show. There were 54 contestants in the reining class.

There were 12 contestants trict Show which had 101 total older. contestants. Other winners from Parmer County follow: Rusty Linderman from Friona earned 6 points by placing 2nd in his halter class of grade geldhad 33 entries. Rusty is 5th being 21st high individual.

Derek Garner placed 9th in the Western Pleasure class honors with 18 points each and to earn 2 points. This was the another member was third high

Several members of Friona's FFA chapter are attending the state FFA convention this week in Houston, They include Mike

Smith, Dewayne Garth, Bob Carothers, Mike Garth, Mike Riethmayer, Mike Wooley, Steve Wagner, Roger Nelson, Jim Grimsley and Bobby Jor-

One of the high points for the local group will be the conferring of the Lone Star Farmer degree on two of the boys, Wagner and Nelson.

Also, the state sweetheart contest on Friday, in which Friona's chapter sweetheart, Sheryl Long, will be entered, having won the district and

AMMO **NOTES**

By W. F. "Bill" Bennett Agronomist

Western Ammonia Corporation

Cotton is off to a good start this season in some areas. It has been hit by wet weather and blight in some areas. This past week of warmer weather and higher soil temperatures has caused cotton to start growing faster. The question comes up

as to whether to sidedress. If your cotton is off to a good start and a good stand, yield potential or cotton is good. This says that possibility of profit

from fertilizer looks good. First, lets look at nitrogen. If cotton follows grain sorghum, nitrogen is definitely needed. A good rate is 80# ammonia per acre on heavier textured soils. If cotton follows cotton or wheat, 50 to 60# ammonia should be sufficient on heavier textured soils. On light textured sandy loam soils, increase

Phosphorus can still be applied. The most convenient way to apply it now is as a liquid with a dual applicator. Sidedressed phosphorus by 4-6 leaf

these rates by 20# nitrogen.

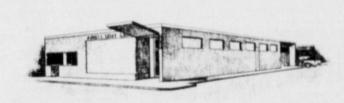

Implement Co. - O.L. Parker- ents could really handle it.

stage should be as beneficial as preplant. Sidedressed phosphorus could still be profitable up to first square. It should be applied soon, however, A suggested rate of phosphorus for cotton is 110 to 135# 11-37-0 or 200 to 250# 11-20-0-11S oer acre on clay loam soils and 135-165# 11-37-0 250 to 300# 11-20-0-11S per acre

on sandy loam soils. When sidedressing cotton, be careful not to prune roots. It would be desirable to apply fertilizer, particularly phosphorus, just ahead of new root growth. Applying it on 20 inch centers is still satisfactory for most cotton but it may be necessary on taller cotton to place it in the middles.

BLAME - Rep. D. G. Hall (R. Mo.) introduced poll of Southwest Missouri Youth Advisory Council students which showed only 9 per cent thought problem of high school drop-outs could be solved by federal ac-Abst. Judg. - Parmer County tion. Most believed only par-

SHURFINE YELLOW CLING PEACHES

Great with ice cream . . The fruit for easy-to-fix salads families adore. Your favorite peaches in rich, heavy syrup.

the 100% pure, all vegetable-oil shortening. Lest for cooks and families on a diet. For cokes that are tail, light and tasty use Shurfine shortening and be sure.

A Note Of Appreciation:

TO THE PEOPLE OF FRIONA AND PARMER COUNTY

The Carl McCaslin Lumber Co., which has served the Friona area for the past 10 years, has recently sold to Mr. Bill Nunn, who has been managing the business since we have been operating in your city.

ALSO FRIGIDIARE

To Bill Nunn, we want to wish continued success in the Lumber business.....

To the people of Friona and trade territory, we want to express our appreciation for the many years of patronage and friendship that you have brought our way. The business you have afforded us has been gratifying. . .we sincerely appreciate it. And most of all, we appreciate the many friends that we have made over the past years.

Carl McCaslin Lumber Co. will continue to operate in Hereford, Texas -- our home base. We will continue to carry a complete line of building materials, including plumbing supplies, builders hardware, floor covering. . .in fact everything you need in the building trade. And we'll be happy to serve you. . .at any time. Again, may we say Thanks for the wonderful patronage that you have brought our way. . .and again, may we say "Congratulations" to Bill Nunn. . .with you goes our best wishes for continued success.

COMMUNICATIONS — Your Tool for Progress

this telephone rings the alarm

In many of our towns, fire protection comes from a volunteer

fire department. An effective communications system sum-

mons these volunteers by ringing all members' telephones

at the same time. What's more, it is a distinctive ring which

means "FIRE!" and brings firemen on the run. Here is

another example of how Communications becomes a Tool

for Progress -- a communications service of great value to

every town with a volunteer fire department. For full infor-

mation about our many communications services, please

local library Project Adds Books, Readers

According to the most recent report of the library committee of Modern Study Club, sponsor of Friona Public Library, 80 books have been donated since the first of July.

Donors include the J. G. Mc-Farlands, Bill Stewarts, Kara Beth Sides, Mrs. Flake Barber, John and Gary Chandler, Mrs. Harold Taylor, the David Eddingtons, Deon Awtreys and E. L. Fairchilds.

Also Alan Zeman, Barbara Bass, Susie Spring, and Sally Kendrick.

Most of these books were for beginning readers and juniors and included, "If I Ran The Circus," "Eli Hue The Musical Gnu," "Aesop's Fables," "The Story of Helen Keller," "The Mercer Boys With The Coastguard," and "Circus Stories."

The summer reading club now numbers 148 readers. Fifteen new members have been added since July 1 and interested persons may continue to join the club through July 31.

During the month of July 641 books have been checked out. This figure added to the 1216 checked out during June makes a total of 1857 books checked out since the reading program began the first of last month.

Gene Stocker and son, Eugene ers and Dorseys are former

munity.

Your AMMO-PHOS fertilizer dollars pay off in high returns per acre. High analysis, water-soluble and non-leaching AMMO-PHOS fertilizers come to you in uniformly concentrated pellets. You benefit from easy storage, handling, and spreading. Results are consistently higher yields of better quality throughout your fields—your profit payoff with AMMO-PHOS fertilizers:

FASTER STARTS Experimental results indicate more phosphorus is absorbed from monoam-monium phosphate (the AMMO-PHOS kind) than from other orms of phosphorus.

Young plants use phosphorus get off to a fast, vigorous start. AMMO-PHOS fertilizers provide them with available phosphorus in abundance—early, when they need it most. (This is particularly important in starter fertilizers.)

The unique properties of AMMO-PHOS ammonia nitrogen, chemically combined with water-soluble phosphorus, increase phosphorus uptake during early plant growth when phosphorus in most properties are properties. growth when phosphorus is most

CONSTANT GROWTH AMMO - PHOS fertilizers feed plants right through to full maturity. Pelletized AMMO-PHOS retains maximum availability of phosphorus longer. Also, its ammonia form of nitrogen not only gives plants a quick start, but also combines with clay particles in the soil to furnish leach resistant, long lasting nitro-

EARLY MATURITY Plants mature earlier with AMMO - PHOS fertilizers because they not only get off to an earlier start but are fed uniformly through to a faster finish. This is particularly important when early frost or storms threaten. Just enough of the right kind of nitrogen—but not too much!

Plenty of instantly - available
phosphorus — and the right
amount of potash, if needed, for
your soil and crop conditions.

That's the way to beat early frost
with AMMO.PHOS! with AMMO-PHOS!

HIGHEST YIELDS

Quality spells more money with any crop. High yields cut your unit costs and in-crease your profits. Put both advantages together and you have the perfect combination for extra profits. Nitrogen in chemically compounded AMMO-PHOS fertilizers stimulates phosphorus up-take, and the water-soluble (but non - leaching) phosphorus im-proves nitrogen efficiency too. These are twin benefits you get from AMMO-PHOS fertilizers.
"That's why we say: "The payoffs are better with AMMO-PHOS!"

TRAVEL FAIR

By Betty Wason

Roadside Picnics important part of many vacations is a picnic along the way. To make picnic even more enjoy-able, here are a

few hims from my new book "Travel Fair," (Random House \$1.00). This handy, glove compartment - size paperback was red with the help of How

d Johnson's and may be found all restaurants and motor iges of the nationwide chain as ell as at leading bookstores. The basic rule is for plain foods that can be eaten with your ingers, with little to pack up ifterward but paper for the

Tash can. Sandwiches are the picnic's nainstay. Try combining peanut putter with honey, applesauce, ottage cheese or horseradish (for the daring!) for exciting variations on the peanut butter and jelly theme. Most sand-giches if wranged properly will and jelly theme. Most sand-wiches, if wrapped properly, will ep fresh up to two hours with ut refrigeration. Of course, fillngs of meat or fish are more erishable than cheese or peanut utter and on a very hot day hould be kept in a cooler or efrigerator unit right up to

In addition to the sandwiches erve carrot sticks, celery, or cherry tomatoes as a vegetable; apples, bananas, or oranges for your fruit. Children like to suck branges; "roll" the orange to nake it juicier, then cut a hole one end. It's easier than havng to peel off the rind, and not

Most picnicking is done in warm weather, but on crisp fall lays or the first tantalizing days of spring, you may feel the urge take off for the great open page. Just add to the basic ove menu pattern a thermos of hot beverage, such as cocoa, or hot soup that can be drunk om paper cups, and you're set

Visitors in the home of Mr. nd Mrs. H.A. Hyde and Rev. nd Mrs. Don Kimbrough and hildren, Sherlyn, Phyllis, Max, Cip, Tip, and Chris, of Olynia Washington. Mrs. Kim-brought is a daughter of the tydes.
