

Wilshire Gasoline Plant To Open July 19

Rankin Citizens Prepare To Whip Polio Spread

Concerned Rankin citizens met in the District Court room at the Upton County court house Monday night in a town meeting called by Mayor Ivy to discuss ways and means of combating a potential polio epidemic in our community. Dr. Bredehoff, county health officer of Rankin, stated that the polio virus enters the body through the mouth and that the fly definitely is a carrier. He stated that it is imperative that the WHOLE COMMUNITY MUST HELP. THAT WE MUST START AT ONCE AND WORK QUICKLY, and that every repeat lot MUST be cleaned and KEPT CLEAN.

A county pickup has been cruising the town every day for the past week or ten days, spraying DDT on vulnerable spots where flies collect and will continue to spray definitely. The county's fogging machine had sprayed the town numerous times previously.

Tuesday morning workers were making a house to house canvass, advising all residents of the action taken Monday night in regard to the polio danger here and also advising that beginning Thursday morning, county trucks would make a house to house pickup of all trash which had been gathered. A roustabout gang from the Shell Pipeline Co. were to be in town that day to assist with the working with numerous other volunteers. Zone captains appointed to oversee this phase of the clean-up are:

J. F. Everett, B. E. Gray, Russell Morris, W. J. Price, O. R. Adams, W. J. Pollard, Stanley Kozimor, J. R. McSpadden.

Jo Ann Hood Attends Oklahoma Course

NORMAN—Jo Ann Hood of Rankin is one of 125 high school students from Oklahoma, Texas and Arkansas attending a two-weeks short course for Drum Majors and Twirlers at the University of Oklahoma.

The course which began Monday and ends July 5 is being taught by Bill Allen, Coral Gables, Fla., director of twirling standardization for the Florida Bandmasters' Association and the Southeastern commissioner for the All-American Drum Majors Association; Tom Brown Brittain, Vinita, former G.C. drum major, and Charles Scott, Tulsa, drum major of the University of Tulsa band.

Texas Girl Sails For Europe As Envoy To French Festival

En route to Europe as a special envoy to "Texas Week On the French Riviera," Miss Martha Jackson, of McAllen, Tex., is greeted in New York by Georges Tremel, of the French Government Tourist Office. Miss Jackson was named by Gov. Allan Shivers to be a special representative of the Lone Star State at the Riviera celebration, July 12 to 20, when gala festivities will be staged in Monte Carlo, Nice, Cannes and other resorts on the Cote d'Azur as a tribute to Texans. Miss Jackson is being accompanied to Europe by her mother, Mrs. Wilbur Jackson, of McAllen.

TO THE CITIZENS OF RANKIN

The crippling disease known as polio has assumed the proportion of an epidemic in our town.

A general cleanup has been ordered and cooperation is earnestly solicited. Special attention must be given to the moist, decaying waste where flies breed and grow so abundantly.

If we work as a unit and persist in our efforts, we can hope that no more of our little ones will have to suffer from this disease, now nor in the future, and perhaps be permanently crippled.

HEALTH DEPARTMENT AND LEGAL AUTHORITIES OF RANKIN.

Polio Strikes Twice In Rankin This Week

Two more polio cases were taken from Rankin to area hospitals for treatment this past week. Ronnie, son of Mr. and Mrs. R. J. Adcock, was taken to the Clinic Hospital in San Angelo last Thursday. Paralysis was evident in the little boy's face and throat. He is not quite 2 years old. The baby's father is a nephew of W. J. Price and is employed by the T. L. Stephenson Trucking Company.

Mr. and Mrs. Leon Jarrell who live north of the C. G. Taylor residence took a child to Midland Memorial Hospital late in the week where polio was diagnosed. The Jarrell child is a little 3-year-old girl and reports on Monday were that the paralysis was in the lower limbs.

New Truck Lines To Serve Rankin

Joe White, official for the Curry Motor Freight Lines, stated today that Curry has begun its overnight operating runs over its new route, which now includes Midland and San Antonio. The new certificate from the Texas Railroad Commission gives Curry authority to operate daily from San Antonio, Junction, Rocksprings, Sonora, Ozona, Barnhart, Big Lake, Texon, Best, Rankin and to all and from all points on its present operating points of Midland, Odessa, Brownfield, Lubbock, Abertathy, Hale Center, Plainview and Amarillo.

This is the first all-West Texas route from San Antonio to Amarillo serving the above points. This new route was made possible when the Railroad Commission gave Curry authority to purchase the Ponton Truck Line which operated between San Antonio and Sonora and also granted authority for a new extension from Sonora to Midland. Curry has purchased 14 units with which to start the new service and has added about 12 new employees over the new segment. Curry has also obtained identical authority from the Interstate Commerce Commission so that out-of-state freight could be handled to and from the points named. In addition to the new freight service to a growing West Texas, Curry can serve as a link between the Gulf Port States and the Rocky Mountain and Canadian points.

Mr. White stated that good tonnage is already being handled for irrigation supply firms, merchant shippers, and various airport depots and bases along the route.

RANKIN GIRLS ATTEND OKLAHOMA COURSE

FORT WORTH—Two students from Rankin, Misses Esther Clark, and Nola Boyd have been enrolled in the baton twirling class of the sixth annual Summer School Clinic of the School of Fine Arts at Texas Christian University.

The two-week "Clinic" has the largest enrollment that the University has registered. Nearly 400 high school students from 85 towns in Texas, Louisiana, and New Mexico signed up.

Twenty-two instructors are teaching courses in band, orchestra, speech-drama-radio, twirling and drum majoring.

1952 POLIO PRECAUTIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Seven-year-old Karen Blecha enacts 1952 polio precautions recommended by the National Foundation for Infantile Paralysis. When polio is around, the National Foundation cautions parents to watch for these signs: headache, fever, sore throat, upset stomach, tenderness and stiffness of neck and back. A person showing such symptoms should be put to bed at once, away from others. Then, call your doctor and follow his advice. If polio is diagnosed, call your local chapter of the March of Dimes for advice and assistance, including needed financial help.

Park Bonds Issue Rejected By Voters

Upton voters rejected by almost 3 to 1, a \$275,000 park improvements bond issue in a special county election Saturday.

According to unofficial returns, the vote was 320 against and 95 for the bond issue. Canvassing the votes will be done next week by the Commissioner's Court.

The money if the issue had been approved, would have been used to buy and improve county parks. Youth centers would have been built at both Rankin and McCamey, and Negro neighborhood buildings also would have been built at each place.

The boxes in Rankin were 31 for and 132 against while the McCamey vote was 63 for and 184 against. Absentee votes were one for and four against.

Divided into precincts the voting was as follows:

	For	Against
Box 1, Rankin	12	86
Box 2, Rankin	19	46
Box 4, McCamey	46	73
Box 5, McCamey	2	11
Box 6, McCamey	15	100
Absentee Box	1	2

Upton County Leads In Rotary Drilling

West Texas and Southeastern New Mexico counties had still fewer drilling rigs in operation than the previous two weeks. The overall figure was listed as 653 active rigs as of June 25.

This figure compares with 676 rigs on June 10th of this year and 613 on June 13, 1951.

Upton has once more taken the lead in Texas counties with 87 rigs, after having been in second place for a month. Midland County is second with 70 rotaries.

The top ten counties this week are listed below:

Lea, N. M.	128
UPTON	87
Midland	70
Andrews	41
Ector	32
Scurry	25
Glascock	16
Pecos	14
Ward	14
Crane	10

Shivers To Attend Formal Ceremony

Gov. Allen Shivers is scheduled to be at the dedication ceremonies for the McElroy-Wilshire Gasoline Plant, 20 miles north of McCamey in Upton County.

The ceremony will take place on Saturday, July 19.

The \$1,500,000 plant, designed to conserve natural resources, is located on a 30-acre site in the heart of the Wilshire Ellenberger Field. The Wilshire was discovered April 15, 1951.

Barbecue western style will be served to an estimated crowd of 1,500 at the plant site at noon.

Special invitations are being mailed to more than 2,000 persons in Texas, Oklahoma, New Mexico and California interested in the oil and gas industry and its conservation program, according to E. F. Schmidt, Dallas, senior vice president of the Lone Star Producing Co., which shares ownership of the plant with the Wilshire Oil Co., Inc. of Los Angeles.

Acceptances have been received from R.R. Commission Chairman Olin Culberson and Commissioners E. O. Thompson and W. J. Murray, Jr., Schmidt said.

He pointed out that the public is invited to attend the dedication ceremony.

Master of ceremonies for the dedication program, to start at 11 a. m. will be L. T. Potter, Dallas, a vice president of Lone Star Producing.

Speaker include RRC Chairman Culberson, D. A. Huley, Dallas, Lone Star president and chairman of the board and immediate past president of the C. C. of the U. S., and M. A. Machris, Los Angeles, director and administrative consultant of Wilshire.

Oil and gas conservation leaders of Texas have commended Lone Star and Wilshire for early construction of this plant in a field which has been in production only 16 months. They point out that ordinarily such plants are not built until a field has been more nearly completely developed, usually three or four years after discovery.

During the next two years it is estimated that the McElroy-Wilshire gasoline plant will process and save some ten billion cubic feet of raw casinghead gas which otherwise would have been flared incident to the production of crude oil.

Contract to build the plant was made Dec. 1, 1951, construction was started a month later and the plant is to be placed in operation early in July, 16 months after the discovery well started producing. In October, 1951, the field contained three wells and now there are 30 producing in the field.

The gasoline plant is being built by Lone Star Producing Co. and will be operated by the firm, Mr. Schmidt stated. He said that initial capacity of the plant is approximately 16 million cubic feet of gas every 24 hours, with initial production to be 30,000 gallons of natural gasoline, butane and propane.

Facilities have been incorporated which will allow doubling capacity of the plant with the addition of more compressor horsepower.

The residue gas, after dehydration and desulfurization, will be purchased by the El Paso Natural Gas Co. for utilization in its transmission system which extends from the Permian Basin in Texas to California.

Yocham-Hays Rites Performed At Rankin

MR. AND MRS. KENNETH HAYES

Miss Joveta Yocham of Rankin became the bride of Kenneth C. Hayes of San Angelo June 21 at 9 a. m. in the First Baptist Church. The bride is the daughter of Mr. and Mrs. H. G. Yocham. Mr. Hayes is the son of Mr. and Mrs. B. J. Hayes of San Angelo.

The Rev. R. L. Shannon read the double ring vows before an archway of greenery flanked with baskets of pink gladioli. Miss Virginia Still played pre-nuptial music and the traditional wedding marches.

The bride was given in marriage by her father. She chose a ballerina length gown of nylon lace and net with a brief jacket of matching lace. The sleeves extended to points over her wrists. She chose a fitted wedding hat of orange blossoms studded with rhinestones and carried a white Bible topped with baby orchids and white satin streamers.

The reception was held in the home of Mr. and Mrs. W. M. Day, Jr. Miss Donna Jameson presided at the three-tiered wedding cake and Miss Betty Benge served punch. Miss Velma Hurley presided at the guest register.

For the wedding trip the bride wore an aqua linen suit with brown and white accessories. The couple are at home at 119 North Magdalen, San Angelo.

Miss Fannette Singler of Pecos was maid of honor. She wore a gown of pink nylon with matching accessories. Attending Mr. Hayes was Bill Key of San Angelo.

The reception was held in the home of Mr. and Mrs. W. M. Day, Jr. Miss Donna Jameson presided at the three-tiered wedding cake and Miss Betty Benge served punch. Miss Velma Hurley presided at the guest register.

For the wedding trip the bride wore an aqua linen suit with brown and white accessories. The couple are at home at 119 North Magdalen, San Angelo.

Mrs. Warren Carrol who remained unconscious more than two weeks following surgery was reported the first of this week as slightly improved. She is a patient in Midland Memorial Hospital.

WHERE THE PROFITS GO

A preface to the annual financial report of one of the nation's leading oil companies pointed to a problem which is of ever-increasing concern to American enterprise. It said: "What worries oil company managements is that much of the oil being sold today is from fields discovered years ago, when exploration and development costs were much lower. The plants and equipment that are wearing out and having to be replaced were built and bought when you could get much more for your dollar. And yet, to keep on going, to stay in business, you have to find new oil deposits to replace the ones being used up, to build new refinery units and pipe lines, buy new tankers and delivery trucks, regardless of their cost. The pinch comes in that the write-offs, or deductions from earnings, for depreciation and depletion—which historically have provided funds for replacement of reserves, plant and equipment—have to be based on original costs regardless of their relation to what it takes to duplicate these assets today."

It is obvious to anyone that this original cost depreciation formula is totally out of accord with the realities. The cost of machinery and other physical facilities today is two or three times what it was in the pre-war era. The result is that more and more of the earnings of oil companies must be used for replacement, exploration and other such functions—rather than being divided among the stockholders in the form of dividends.

Remember that when you hear people kick about oil's "big profits." Nowadays, these profits are pretty much just a bookkeeping item. A very substantial percentage goes right back into the plant, in order that the industry can continue to give the American people the oceans of products they demand.

GRASS ROOTS OPINION

Oskaloosa, Iowa, Daily Herald: "The court's majority opinion is equally explicit on the legal procedure that is at hand. It says that Congress not only 'can authorize the taking of private property for public use' but 'it can make laws regulating the relationship between employees and employers, prescribing rules to settle labor disputes and fixing wages and working conditions in certain fields of our economy.' All this as the duty of Congress—not the executive."

Mansfield, Ohio, News-Journal: "Whatever other 'ceilings' may be established by government, there is no appearance of serious effort to find a stopping place for taxes. While chief complaint has to do with Federal income taxes, it is being gradually disclosed that it is really the so-called 'hidden taxes' that are taking the biggest bite out of take-home pay. According to the Tax Foundation, an organization that watches government spending and taxing, those 'hidden taxes' run to considerably more than double the amount of income taxes."

Philadelphia, Pa., Trades Union News: "Inflation cheapens our dollar and drastically cuts our savings, whether in banks, life insurance policies, or in pensions. As our voluntary savings shrink, the demand for larger government control and protection swells. Few want a planned economy with its elimination of the market place and sound competition, but in general, the public fails to realize how damaging and revolutionary a constantly increasing inflation can be."

San Antonio, Texas, Southern Messenger: "Americans built a strong, productive country because they were free to utilize those resources under a private-enterprise system that was not hamstrung by bureaucratic restrictions on energy and ambition."

BUY MORE U. S. SAVINGS BONDS

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The larvae turns into the moth, the ratter sheds his skin, and the Socialist dons his true colors.

A case in point is many articles currently appearing opposing the nation's anti-trust laws such as written by David Lillenthal.

Lillenthal was for years the head of the Tennessee Valley Authority, the first great government project in tax-supported Socialism.

Then, in the curious shuffle that is Washington bureaucracy, Lillenthal became head of the Civilian Atomic Energy Commission.

Confirmation of this appointment was long and bitterly fought in Washington. Curiously enough, sufficient reasons to account for all the fuss did not become public record.

Yet such is the interlocking of the Socialist-Communist cliques in Washington, it required seven long years to expose Alger Hiss.

Leaving aside the qualifications of Lillenthal to judge the merits of the anti-trust laws, he is merely following the pattern of many ex-socialists.

That is the lesson of contemporary history. Young Mussolini was an ardent Socialist. Aging Mussolini became front man for Italian monopolies. Young Nazis were Socialists. The aging Nazis allied with the great German monopolies.

And as a former young zealot for American socialism, Lillenthal has now emerged as the

aging champion for American monopoly.

Thus, inevitably, the Lillenthal career is completing the vicious circle from socialism to monopolism.

Lillenthal refers to the anti-trust laws, which despite enforcement, have prevented complete monopoly control of America on the European plan, as relics of the "horse and buggy days."

Twenty years ago the gang of Washington Socialist schemers with which he traveled were referring to the Constitution, the Supreme Court, and other sound American institutions as hailing from horse and buggy days.

In the meantime, official Washington, so concerned about freedom abroad, is little concerned with the move by the Canadian newspaper monopoly which threatens the existence of hundreds of free independent American newspapers.

With the recent \$10 per ton increase in newsprint, independent publishers now pay 150% more for newsprint than before the Marshall Plan started.

State Department has clamped down hard on officials who would take strong measures to force newsprint monopoly to be reasonable. State Dept. claims Canada needs the extra U. S. dollars.

But Marshall Plan and MSA figures show Canada has received 10% of billions given Europe in form of products bought in Canada by American taxes to give way, including \$80 million in pulp and paper alone. Thus, it is easy to see that cessation of MSA purchases in Canada would go a long way toward lowering the cost of newsprint to U. S. publishers.

The Low Down From Hickory Grove

Fellow citizens, nice people. I come to you now with the platform I would choose, if I was to shy my sombrero into the ring. I would have just one plank—it would say, "George Washington's and Franklin's and Jefferson's ideas on Govt. are right up my alley, so I go along with them"—end of the plank. I would not need pussyfoot, carry water on 2 shoulders, deny I was a this or that or used to be—I would stand there on my own plank. I would not need to do a double-shuffle from plank to plank—get a foot caught in a crack maybe, and look ridiculous.

For the record, my "one plank" endorses to the hilt, horse sense, honesty and original Americanism. It is not cluttered with amateur do-goodness, or camouflaged socialism or worldwidism. The Govt' would have plenty to do with just the Army and the Navy and the Marine and the Courts. Anything else is fumididdles and not good for this grand land.

Any candidate, right now, if he chooses, he can throw his old platform on the scrap heap and climb onto my "one-planker" and take off. I will not be usin' same this season, and not being jealous of the idea, he is welcome—if he is a square shooter and on the up and up.

Yours with the low down,

JO SERRA.

Midland Live Stock Auction Sale Report

The market was considerably stronger than a week ago and active at the Midland Live Stock Auction Co. sale Thursday, June 26. But choice cattle offerings were scarce in total sales of 365 head.

Medium to good butcher calves and yearlings drew \$23 to \$32, commons and culls \$20 to \$28. Medium cows sold for \$16 to \$18, canners and cutters \$10 to \$16. Bulls moved at \$18 to \$23.50. Stocker calves were too scarce to test the market. Common and mixed breed stocker steer year-

lings brought \$17 to \$21. Plain to medium grade cow and calf pairs cleared at \$165 to \$190.

A DEPENDABLE market!

Precaution Will Prevent Much Vacation Worry

AUSTIN—Take a few precautions before you leave home on that summer trip and you will have a better time while you are away, and when you get back, too. That is the advice of P. R. Kulp, manager of the Texas Division of the American Automobile Assn.

"Too many holidays have been ruined," the AAA official warned, "by the haunting fears that the gas was left burning, the electric fan or iron connected, or the cat locked up in the house."

Kulp listed these items as worth checking and double-checking before setting out from home:

1. Notify the milkman and the newspaper delivery boy to discontinue service. In fact, take every precaution possible to make sure there are no papers or circulars stacked in front of your door—that is a sure sign to burglars the coast is clear. Advise one of your neighbors you'll be away and ask him to check your door regularly.
2. Check your water faucets and gas stove to make sure they are turned off. Make sure all your electrical equipment, irons and

"Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute a new Government..." (From the Declaration of Independence now 176 years true)

... and the fight for Freedom must never cease!

Absolutism Government is no respecter of person or place. It can and does raise its ugly, ungodly standard over traditionally free soils as it does over England and the land of the Czars. None of the real, pretended, or promised benefits of Absolutism Government can in the end justify its existence.

The freedoms for which generations of Americans have fought and died are slipping away from us... centralized government and bureaucratic directives are nibbling away at our American heritage.

Freedom is not free—it had to be fought for, and you will have to fight to maintain it. Now is the time for everyone to come out, stand up, be counted, and vote the way he desires to vote, regardless of those who would perpetuate power politics.

**Highway 67 May Be
Link In Big Bend
Park Tourist Route**

Two men made a whirlwind trip into McCamey last Wednesday to discuss Highway 67 in the interest of the Big Bend Trail Association. They were Curtis Hancock, retired Dallas attorney and first commissioner of the Texas Highway Department, and Claude Meadows, the Trail Association president of San Angelo. The two are visiting chambers of commerce along this route, requesting Highway 67 towns to join in the promotion of the Big Bend National Park.

Specifically, said Meadows, they seek sustaining memberships from the various towns like McCamey and ask if the towns care to take part in a Big Bend exhibition at the State Fair in Dallas. This non-profit association was formerly the Highway 67 Association. Its main objectives now are to promote the national park and to promote building an extension of Highway 67 from Presidio to Chihuahua, Mexico. Building this short strip of road between Chihuahua and Presidio would save tourists having to go all the way to El Paso to reach the highway to Chihuahua. Meadows says the Association expects 450,000 to 500,000 tourists a year if and when this Highway 67 route is completed and publicized.

Mr. and Mrs. Howard Bell and children of Houston are visiting in the R. L. Bell home.

**Three Arizona Youths
Injured In Car Wreck**

Three Arizona youths were injured Tuesday when their automobile crashed into a culvert near McCamey. They had swerved to avoid striking a truck of the C and R Construction Company, driven by Edwin Farris of McCamey. The injured who were in a San Angelo hospital Tuesday night are Ronnie Rainey, 20, and Wayne Rainey, 20, both of Phoenix, and Miss Lorraine Baloot, 17, of Buckeye, Ariz. Two other persons in the car escaped injury. Ronnie Rainey, driver of the vehicle said they were about five miles east of McCamey on U. S. Highway 67 when the accident happened. He said the truck was about to make a left turn and in order to avoid colliding with the vehicle, he turned his car off the highway. The five were en route to their homes from Biloxi, Miss. Spalding Funeral Home ambulance took the injured to San Angelo.

NEW DRIVE-IN MANAGER

Harold Ray Haws is the new manager of the Ford Drive-In Theatre in McCamey.

**Maribette Thomas
Places 2nd In Revue,
'Little Miss W. Texas'**

Pretty little Miss Maribette Thomas, age 2, daughter of Mr. and Mrs. Curtis Thomas of McCamey, won second place in a bathing revue contest for "Little Miss West Texas," Saturday afternoon, at the formal opening ceremonies of the Ranchland Hill Country Club's new swimming pool in Midland. Jessie Ann Acklen, daughter of Mr. and Mrs. W. T. Acklen of Midland, was crowned "Little Miss West Texas." About 20 "small fry" entries participated. The youngsters paraded around the edge of the pool in the usual manner. Competition was so keen that the beauties had to parade around the pool twice before the judges could select the winners. A barbecue and dance followed the ceremonies.

Mr. and Mrs. Leonard St. John of Fort Worth, formerly of McCamey, are parents of a baby boy, born Saturday, June 21. The baby has been named Donald Robert. Mrs. St. John, the former Ann Gentry, is the daughter of Mr. and Mrs. J. G. Gentry of McCamey.

**VOTING INFORMATION FOR
MEN And WOMEN IN SERVICE**

You may vote in the Primary elections (July 26 or August 23, 1952) if you will be 21 years of age on or before date of election, if you are a member of the service, a selective service draftee, member of the National Guard, whether on active duty or not, or retire from regular or permanent military establishment, if you meet residence requirements.

To meet residence requirements you must have been a resident of Texas for one year and of the county for six months prior to date of election, with time in service counting toward these minimum periods.

You may vote without payment of poll tax if you are a member of the armed forces (as above mentioned) at the time of the election or within 18 months prior to date of the election were on extended active duty as a member of any of the reserve components of the armed forces, a selective service draftee, a member of the National Guard, the United States Maritime Service, or the United States Merchant Marine. (Temporary active duty—a week-end or few weeks in summer does not exempt you from need of poll tax payment as a requisite to vote).

Servicemen may make application for absentee ballot at any time to the county clerk in the county of residence of the servicemen. He should indicate age and whether or not a member of the regular or permanent military establishment. Ballots are now ready and may be mailed by the county clerk at any time—but they cannot be marked sooner than 20 days nor later than 3 days prior to the day of election, and the completed ballot must be received by the county clerk by 1 p.m. on the day of election. THE BALLOT MUST BE MARKED BY THE VOTER IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER PERSON QUALIFIED UNDER THE LAW TO TAKE ACKNOWLEDGMENTS, AND THE AFFIDAVIT ON THE BALLOT ENVELOPE MUST BE FILLED OUT, SIGNED, AND SWORN TO BY THE VOTER AND CERTIFIED BY THE OFFICER.

Send Your Application For An Absentee Ballot To:
NANCY K. DAUGHERTY
County and District Clerk
Rankin, Texas

(It should be noted that absentee voting will start Sunday, July 6, and close at midnight Tuesday, July 22. Those persons unable to vote during office hours can contact the County Clerk and she will make arrangements to receive their vote at their convenience.)

NOTICE TO CREDITORS OF ESTATE OF WILLIAM E. HUSTON DECEASED

Notice is hereby given that ancillary letters testamentary upon the estate of William E. Huston, Deceased, were granted to the undersigned John T. Huston and The Colonial Trust Company, Executors, on the 30th day of April, 1951, by the County Court of Upton County, Texas.

All persons having claims against said estate are hereby required to present the same to us or either of us within the time prescribed by law. Our residences and post office addresses are: Austin, Tra-

vis County, Texas; Post Office Box No. 1123.

JOHN T. HUSTON,
The Colonial Trust Company,
Executors of the Estate of
William E. Huston, Deceased.

Mr. and Mrs. Fred Sigenthaler of McCamey are parents of a baby girl born at 3:01 a. m., Tuesday, July 1, in the Crane Memorial Hospital. The young lady weighed seven pounds, four ounces.

Mr. and Mrs. J. W. Jernigan are the parents of a baby girl born June 26 in the Cooper Hospital. The baby weighed 7 pounds, 7 ounces and has been named Linda Sue.

Nation's Auto Deaths Top War Casualties

NEW YORK.—The nation's military deaths in all wars since 1775 had reached a total of about 1,005,600 at the end of two years of war in Korea, where approximately 19,350 American combat deaths have occurred since the invasion of South Korea on June 25, 1950, the Association of Casualty and Surety companies estimated today.

The Association's continuing comparative study of war and traffic deaths showed, however, that the total of highway fatalities since the first automobile accident vic-

tim was killed in New York City 52 years and nine months ago is now far ahead of the all-time war total. Since February, when the total of lives lost in highway accidents equaled military fatalities for the first time, the historic toll of 1,018,500 traffic deaths has surged 13,000 above the nation's war fatality toll of 1,005,600.

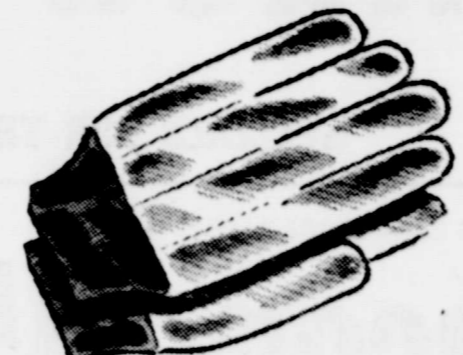

In the four months since the automobile outpaced war as a killer, highway deaths have climbed 6,500. This is more than 100 times greater than the increase of 600 in the number of American lives lost in Korean fighting while the

truce talks were being held Panmunjom during the same period.

With the automobile now far pacing war as a mass killer, Americans, the Association says, there is little likelihood that military casualties will ever overtake highway fatalities in the grim battle between the two killers, unless military forces were to be destroyed wholesale in any future fighting.

Mrs. J. S. Little of Hobbs was guest Wednesday in the P. M. Fadden home.
